The wrestling match last Saturday night was a disappointment to the boys who bet their money on Maynard, the Philadelphian. It looked to the DEMOCRAT man, who is a novice in the art, that the poorest wrestler won the match, but then—didn't get a copper on the result. Too much like feet races, etc.

There were no lucky Wayne county applicants in Uncle Sam's land lottery of the Lower Brule reservation. Randolph and Wausa parties were in on the first floor. A. G. Powers, who claims to know all about it, says there is better land open to homestead entry than the lower Brule, and it costs much less, the lands drawn not being worth the price of \$2.50 per acre.

The DEMOCRAT was informed last week that Auctioneer Cunningham would "be home the 13th," and took it to be Oct. 13th instead of Nov. 13th. Mr. Cunningham expected to be here in time to cry A. B. Clark's cattle sale Nov. 13th, but Mr. Clark has changed the date to Nov. 27th, which may change Eph's plans somewhat.

HUSBAND FAVORED ANOTHER.

So Mrs. Bonnie Hallett Winterburn Told The Judge Her Troubles.

Because her husband took another woman to the theater, Mrs. Bonnie Winterburn filed a petition for a divorce from Merton C. Winterburn, and yesterday the decree was granted in the district court.

Mrs. Winterburn said they were married in November, 1906, and lived together seven months, when he deserted her. She said that she and her mother went to the theater and saw him there in company with another woman.

The plaintiff's mother, Mrs. Hallett, testified that when she confronted him with the fact that he had been attentive to another woman, Winterburn declared that he would not give her up, saying that he cared more for her than for his wife.

The plaintiff was granted a divorce and her maiden name, Bonnie M. Hallett, was restored to her.—Sioux City Journal.

### Very Few Bad Boys in Wayne

But a great many boys that need the BAD BOY'S shoe. Your boy may be the best boy in Wayne, but is bad about wearing out his shoes. We have the kind he can't wear out. Now, to most parents, this will sound like a fairy

tale, to think of a shoe a boy can't wear out, but if your boy has not stopped growing, we have the shoe he can't wear out before he will outgrow them. If you have had trouble in getting shoes for your boy that will wear, try a pair of BAD BOY'S shoes and you will get satisfaction. **BY DAD**

That Very Rev. Mr. Ferguson of Lincoln has a heavy cross to bear. This is the time of the year when Nebraska digs up some real California weather. Prunes being the one cheap fruit of course those dear Pierce girls had to glom onto it. The DEMOCRAT has no disposition to dig up old sores. It is only put up as a lesson that he who reads may learn, by dad. From \$74 to \$24 per share is surely

at the depot Monday, the badly battered one taking the 2:15 train out of town. Ed. Ellis has sold out at Gregory, S. D., and is now looking up a new location. Always remember to call up 289 if you want to make a date—meat her, of course. W. F. Lowery of Winside has taken a winter's job with Roy Jeffery in the barber shop. Grandma Davies went to Sioux City Wednesday to visit an old friend who

east of Wayne. The purchase price was away under \$30 per acre and the deal ought to make the investors all colors of money. Mr. Deets, whom the DEMOCRAT understands is in very bad health, has now closed out all his holdings in Wayne county. **It is a Play of Today.** Probably no play is meeting with greater favor from the public this season than "My Boy, Jack," and why should it be otherwise. Mr. Edwin Milton Boyle, the author, is a writer of unquestioned popularity and ability.

**This is the ad it will pay you to read**

a dull, sickening thud of a drop in United Copper stock for the poor devils who had "margins." Over in Iowa a Presbyterian minister spent last Sunday in jail instead of in his pulpit, because he used the mails to write bad language to the females. Another Court has found an account on this side of the water. It isn't Glady Vanderbilt who is at stake, although the rich woman may find that she had better landed there. A Pennsylvanian spanked his 35-year-old daughter and now the women's rights club will take the subject to a higher court. Probably if he had done the job twenty years ago there would have been no paragraph made of the occurrence at this time. Rev. E. C. Horn preached his last sermon last Sunday evening, not only in the M. E. church but he has resigned the charge given him away up in the wilds of Minnesota. The DEMOCRAT man did not hear his last spiel in Wayne, but we are told it was a very bitter sermon, etc. Rev. Horn no doubt had a high purpose and ambitious ideals when he came to Wayne, but he made as dismal a failure as possibly could be conceived. The DEMOCRAT has always conceded him the credit for the nasty fight stirred up in Wayne last spring. Then, after defeat at the spring election he informed the publisher of the DEMOCRAT in a personal talk on the subject, that he was satisfied the people of Wayne, and a majority of them, wanted saloons and they ought to have them, intimating that his active interest in the fuss had ceased. Wayne people do not need any information as to the gentleman's connection with the affair after that. Then when it was apparent that the church here did not want him returned, he got awfully busy and had it thoroughly reported about (through the DEMOCRAT) that he was much in demand here by the M. E. church people. Later, when this point was accomplished, he was "not coming back to Wayne." But while having accomplished nothing in the displacement of the saloon, there is also to be taken into account the nasty feeling many Wayne people still harbor over the affair of last spring, a bitterness that only years will eradicate. There is also, to be taken into account, the fact that the M. E. church, and possibly some of the others have dwindled from big congregations in attendance to such a beggarly few that many a man would decline to waste words on the empty pews. Personally the DEMOCRAT has no differences to discuss with Dr. Horn. We believe he could have accomplished a great good in Wayne, and at this time it all looks bad to us. It only proves that for a pastor to go into a strange, new town, and endeavor to force people to his way of thinking and doing, is, to say the least, very ill-timed and certain of defeat. As a worker for temperance, good morals and a great, big, broad christian administration of social and civic affairs he could, and has the ability, to have worked a master stroke. Good by, Dr. Horn, we wish you well in the future, but speaking for the DEMOCRAT alone, have no desire to again become entangled in any of your anti-saloon crusades, much as we may wish to see the saloons in hades and their proprietors in Heaven.

Although, by dad, I have made it as plain in print as it could be written, some people do not understand that the price of the DEMOCRAT will not be \$1.50 until after Dec. 1, 1907. If you want the paper now is the time—until Dec. 1st—to pay for it in advance from one to ninety-nine years at the \$1.00 rate. The funeral of the late Peter Norrell was held in Wakefield Tuesday. Mr. Norrell died very suddenly at his home in Matlock, N. D., last Friday, being sick only a few hours. Mrs. Norrell is a sister of C. J. Lund, and left yesterday for her home in North Dakota. Mr. Lund, Miss Anna Lund and Miss Anna Lund, a son-in-law of deceased, attended the funeral. Through the efforts of some of our musical people, Mr. Wendell Heighiton of Des Moines, Io., has been secured for a violinello recital, Friday evening, October 25th, at the Presbyterian church. Mr. Heighiton is editor of the Western Musical Herald and is credited with being the leading cellist of his state. This recital promises to be a rare treat for lovers of good music. Asher Hurlburt says he has a crop of flax that will run at least 18 bushels per acre or make 3500 bushels, worth from \$1.10 to \$1.20 per bushel, 200 acres of corn that is good for better than 40 bushels per acre, at 50 cents per bushel. Asher has some 500 acres of land leased at \$1.25 per acre. Gew-wizz! think of how a printer has to go to make a fraction of it! C. A. His "Molly Moonshine," "Captain Impudence," "Cleo" and the "Squawman" have given him an international reputation. "My Boy, Jack," has been produced by Mr. Eugene Moore, in Milwaukee, Nashville, Philadelphia, Columbus, Chicago and Pittsburg, where it has always delighted and charmed the theatre patrons. It is a play of today. It depicts the most trying moments in a young man's life who starts out to carve for himself a career. He quarrels with his father, he leaves home, he fights poverty, he falls in love with a charming girl and gives her up to his best friend, he outwits her enemies, and proves himself a man. He never loses his good spirits and enthusiasm, but keeps on his way, leaving a path of sunshine behind him until his father recognizes his worth and begs him to come home and be "My Boy, Jack" again. This play is under management of Fred G. Conrad, and will be presented here at the opera house, Wayne, Thursday, October 31st, by Eugene Moore, and a company whose refinement and artistic work is the subject of much comment. **Reddick-Garwood** Miss Dimple Reddick, grand daughter of Mrs. R. Mick, and Orrin Garwood, were happily married at Sioux City last Tuesday by Rev. Beatty of the First M. E. Church, at the M. E. parsonage. The young couple arrived in Wayne Tuesday evening and were the recipients of congratulations from their many friends. Mr. Garwood has the past few months been employed with a lumber firm at Washta, Io., where they go today to make their home. No matrimonial sun, ever arose over a more promising future than for Mr. and Mrs. Garwood. The groom possesses all the good, temperate qualities to make a most estimable husband, and the bride fairness of face and beauty of character that shall live forever. The DEMOCRAT heartily congratulates. **Mrs. Moler Wants a Divorce** Through her attorney, A. R. Davis, Mrs. H. A. Moler today filed a petition for a divorce, the petition being taken from the clerk of the courts' office by Atty. Davis. Mrs. Moler left this afternoon for Lincoln. The parties to the suit came to Wayne about last January, from Texas. The DEMOCRAT understands this is the second matrimonial venture for both. They have no children. As manager of the Wayne power plant Mr. Moler is considered one of the best electricians in the country, and as a vocalist and music teacher Mrs. Moler had few equals. With all these apparent advantages however, we understand married life was not what it is cracked up to be. It will cost the sixteen daily newspapers of New York \$3,000,000 more this year to publish their papers, without the addition of a single man to their pay rolls or augmenting in any way their consumption of paper. Of this amount, John Norris of the New York Times, has just estimated, \$2,160,000 will go for white paper, due to the advance of \$12 a ton over 1904. This is striking, simply because the New York papers are great institutions. Every publisher of a weekly paper must meet an increase in expenses fully as great in proportion to receipts. This is justification for the \$1 weeklies in increasing their subscription rate to \$1.50.—Sioux City Tribune. Everything points to the election of Miss Rayburn, county treasurer; Henry Kloppe, county assessor; Ed. Carroll, county commissioner, but the friends of these parties do not want to be too sure and thereby lose out. We need these parties in these offices; the welfare of the county, and particularly the last two named, demands it. Mrs. McManigall comes in pretty late to make a winning campaign, aside from going on the ballot by petition. The DEMOCRAT has always liked County Superintendent Littell, and believes his only fault is perhaps too strenuous a labor for the good of the schools; if any errors made they are of the head and not the heart, and he means to do all in his power for the cause the county pays him. Mrs. McManigall, so Supt. Littell tells the DEMOCRAT, is one of his very best teachers, so all you who are not satisfied with one can take the other, and the lucky one gets the persimmons. **Free Teddy Bears.** To all school girls. Levi Diltz has withdrawn his name as populist candidate for county assessor and the same will therefore not appear on the ticket. J. M. Cherry has also refused to be a candidate for judge, leaving the field to E. Hunter. Nobody appears anxious to run against the judge and it probably is good judgment unless defeat at the polls is not detected.

John Kate has a new invention, something that beats an incubator a hen and a half for hatching out the gold. It is a lamp burner so made that the blaze can be turned down to about one sixteenth ordinary flame, and back full again, with one turn of the thimble-rigger, and it can't be turned any so far either way. It is one of those simple, little inventions that sometimes make millions for the inventor; an invention that goes into use the world over. Mr. Kate was offered a big farm for the thing the first time he had it on exhibition, but would be foolish to sell without retaining a royalty as it will make him independently rich.

### Winside News

From the Tribune.  
Mrs. A. E. Littell of Wayne attended the "pow wow" at the home of Mrs. A. T. Chapin last Thursday afternoon.

The Tribune extends congratulations to Hans Jorgenson and wife over the safe arrival of a 13 pound boy at their home last Saturday.

Miss Roxie Miller, a niece of Mrs. Dr. Cherry's and Mrs. D. Shaw's, arrived from Montana Monday afternoon to make her home here among relatives.

Herbert Lound returned from Phillips, S. D., Saturday night. He was not very much impressed with the country and therefore did not file on a claim.

B. Ramsey departed last Friday for Phillips, S. D. Claud remained and will assist the family in packing their household goods to move to their new home some time next week.

A grand ball will be given in the Winside opera house, Friday evening, Oct. 18, 1907. Music will be furnished by the Emerson orchestra. Dance tickets \$1, spectators 25c. Everybody cordially invited.

A. C. Goltz and family got away Saturday morning for Laurel where Mr. Goltz has built a beautiful residence, and where they will make their future home. Mr. Goltz has been identified for so long as one of Winside's solid business men that the town will hardly seem natural without him.

A little girl only two and a half years old belonging to Walter Dean, a farmer living east of Winside, was badly injured yesterday afternoon by being run over by a wagon loaded with hay. It seems that the child was standing behind the wagon and her father backed up the horses, not knowing she was there.

### Notice! Notice!

I invite all brother farmers to come and inspect my herd of Poland China hogs and at least some of them; do not wait until you get the money, a bankable note is just as good to me as the cash. I guarantee every hog a breeder or money refunded. I have as fine hogs as you can find in the land. My breeding stock is excellent my sows weigh from five to six hundred pounds, my herd boars are perfect. Dude, the Iowa State Fair winner, Peter Sterling 22, the eight hundred lb. hog. For reference, Merchants State Bank, Winside, Nebr. FRANK KAUFF.

### Phenix Insurance.

One of the Oldest, Strongest and best in the world.  
GRANT S. MEARS, Agent.

### College Notes.

Mr. and Mrs. Haskins of Madison spent Saturday and Sunday visiting their daughter Nora who is a member of the Commercial graduating class.

Joe Chicago of last year's class came down from the Emerson meeting to visit college boys. He is teaching at Winnebago agency and is doing well.

Mr. Williams of Lincoln took dinner at the College Friday. He is state representative for Silver, Burdett & Co., and wished to see some of the faculty about new books.

Miss Beechel gave the students a very interesting talk at the one o'clock Saturday meeting. Her subject was the "Islands of the Pacific," their geography, history etc.

The college got Miss Laura Lundberg to accept the place of the 7th grade teacher at Tekamah. She began teaching there Monday and has charge of the 7th grade only.

Mr. Lister, the new editor and proprietor of the Herald, visited at the home for an hour Friday evening. He was a college visitor last summer and became acquainted with the folks.

Mr. Roy Hutchins spent Saturday and Sunday with his brother at Clearwater. This young man has completed his work in the Scientific course and will go to teaching after the close of this term.

Miss Kingsbury, Miss Bellows, Fred Pile, Prof. Buchanan, Prof. Saunbury and Pres. Pile attended the Emerson Association Saturday. The latter addressed the teachers in the afternoon on the subject "Experimental Life."

Miss Simonds of Lincoln, state secretary for college Y. W. C. A., came on Thursday and remained till Monday morning. She spent her time with various committees and got everything moving nicely for a successful year's work.

Supt. Pilger of Pierce sent out last week a neat supplement to his "School News" which was filled with interesting reading concerning the Normal and former students from that county. He puts out a splendid four page school paper.

The outside work on the grounds is crowding the five men employed. Three cars of coal came in, hundreds of bushels of potatoes from farmers, 1500 raised by the men, cabbage, tomatos and various other products are rapidly being put into winter quarters.

Never has more diligent work been done in a term than the one closing next week. Great care has been taken to get all members of graduating classes in good shape for the work of the year and faculty committees feel that the work is better in hand than ever at this time of the year.

### Piano Tuning.

Mr. J. A. Page, of Omaha, will be in Wayne shortly after Oct. twenty-first, tuning pianos, cleaning and repairing organs. Mr. Page is a graduate of the Nebraska State School for the blind; where he completed a course in this particular line of work. Mr. Page wishes to state clearly that in case the work is not satisfactory, no charges are made for time or labor. Have done work in Wayne before and have given excellent satisfaction to some of its best musical people. Persons wishing work done of this kind may leave orders with Fleetwood & Johnson, at the furniture store.

### Notice To Subscribers.

The subscription rate on the DEMOCRAT in past years has been \$1 per year in advance or \$1.50 per year if paid as delinquent. On and after December 1, 1907, it will be \$1.50 per year in advance. Until December 1st all back subscriptions may be paid at the \$1 rate, and from one to ninety-nine years may be paid in advance at same figure. Now is the time to straighten these little accounts up to your advantage. Positively nothing but the \$1.50 rate goes after December 1, 1907. Stand up for—prosperity.

### To Try a New System.

The city dads pondered long and deeply Monday evening over various perplexing municipal problems. The matter of making people who do not use electric lighting in their homes or business houses pay their share of the expense of lighting the city, was one proposition solved, it being decided to levy a tax of \$1000 per year to pay for the street lamps, thus equalizing the public expense. The proposed extension of the water district will argue for an hour or two but nothing definitely ascertained, although if the city had the means to build the water mains it probably would not take long to find a lawful method of putting them in.

A few bills were allowed as follows:

court is held in the state.  
"Next Question" No. 8.—Does the Bee stand by its indorsement of Judge Reese? when it said:  
Work ngman, remember that a vote for Reese is a vote for Boss Stout and contract labor  
If the Bee still stands by these, its various "indorsements" of Judge Reese in another campaign, how can it have the gall to come before the people of Nebraska and urge them to elevate M. B. Reese to the supreme bench?  
If, on the other hand, the Bee repudiates these "indorsements" what is it that has led the Bee to change its mind regarding Mr. Reese?  
Is it the fact that, when he was elected supreme judge, he took the sum of \$4 a day and voted him for "stenographic help" and divided it between his wife and his son, certifying to their vouchers as Judge, and as head of the Reese family exchanging the vouchers for warrants, the warrants for cash putting the cash into his own pocket?  
Or is it the fact that, more recently still, he has seemed to have better success peddling cheap mining stock among his friends than in attracting clients to his law office?  
If the Bee will oblige an expectant public with its answers to these questions which it has so jauntily invited, perhaps it might be possible to propound yet others, gleaned from its own storehouse of Reese lore, for its future considerations.—World-Herald.  
The report that John Beebe had dropped \$3000 on a relinquishment he bought near Presho, S. D., is denied by Mr. Beebe; says he had paid \$200 on the property when a squatter squatted on it, and the relinquisher had to pay the squatter to get off, but he, Beebe, got the land.  
Nothing is spared, quality of material, workmanship or finish, and with the many new patent improvements, it exceeds all others made, and stands in the market today without a rival. Be sure you get the Genuine, they are branded T. G. Mandt on side of box and hind axle. Sold by, MEISNER & BLUECHEL.  
About the 1st of November the electric light plant will run all night, making a service from dusk until daylight. The all-night run is almost as cheap as banking the engine fires for a few hours, and the street lamps will be on all night, which will be an accommodation, as well as having the light in residences.  
Eight bars of soap for 25c; 2 sacks of salt for 5c; lamp chimneys at 5c, each; Gold Dust at 20c package; jelly glasses at 20c dozen; Baking Powder at 20c can, etc. etc. surely ought to remind you that James Ahern sells groceries as well as Dry Goods. He has employed a cracker-jack grocery man with 15 years of experience to handle the groceries and they have fixed up a mighty attractive little grocery department in the rear of the store.

That we may more fully introduce Seal of Minnesota Flour in this vicinity we offer the following:

"We oppose Loomis because he is a railroad lawyer who was one of the six fusion members who on the part of his unscrupulous friends. But he will not profit. The manner in which Judge Reese's cheap slander—slander cheaper even than the ruling stock Reese himself has peddled—will recoil on the head of their candidate. Judge Loomis is too honorable a gentleman, he is too well known and trusted in Nebraska, his record is too clean, to make it possible for political jackals and scoundrels to injure him by resorting to deliberate and premeditated falsehood.  
That these methods are adopted indicates merely that the Reese campaign has grown desperate and that there is nothing in Judge Loomis' record, public or private, on which he can be legitimately or truthfully assailed. With heightened confidence Judge Loomis' friends in all parties can continue their efforts in his behalf, in behalf of clean and reputable politics, and in behalf of a non-partisan judiciary and a stronger and able supreme court.—World-Herald.

Notice To Subscribers.  
The subscription rate on the DEMOCRAT in past years has been \$1 per year in advance or \$1.50 per year if paid as delinquent. On and after December 1, 1907, it will be \$1.50 per year in advance. Until December 1st all back subscriptions may be paid at the \$1 rate, and from one to ninety-nine years may be paid in advance at same figure. Now is the time to straighten these little accounts up to your advantage. Positively nothing but the \$1.50 rate goes after December 1, 1907. Stand up for—prosperity.

"Next Question."  
If it will ease the mind of Edgar Howard he may accept as authentic the information that the Bee stands by its indorsement of Judge Reese when he ran as the republican nominee for supreme Judge in 1899. Next question?—Omaha Bee  
"Next Question" No. 1.—Does the Bee stand by its indorsement of Judge Reese? when it said, "Reese is a scoundrelly liar?"  
"Next Question" No. 2.—Does the Bee stand by its indorsement of Judge Reese? when it said: "Mr. Reese's nomination was a blunder, his election would be a crime."  
"Next Question" No. 3.—Does the Bee stand by its indorsement of Judge Reese? when it used the language concerning him:

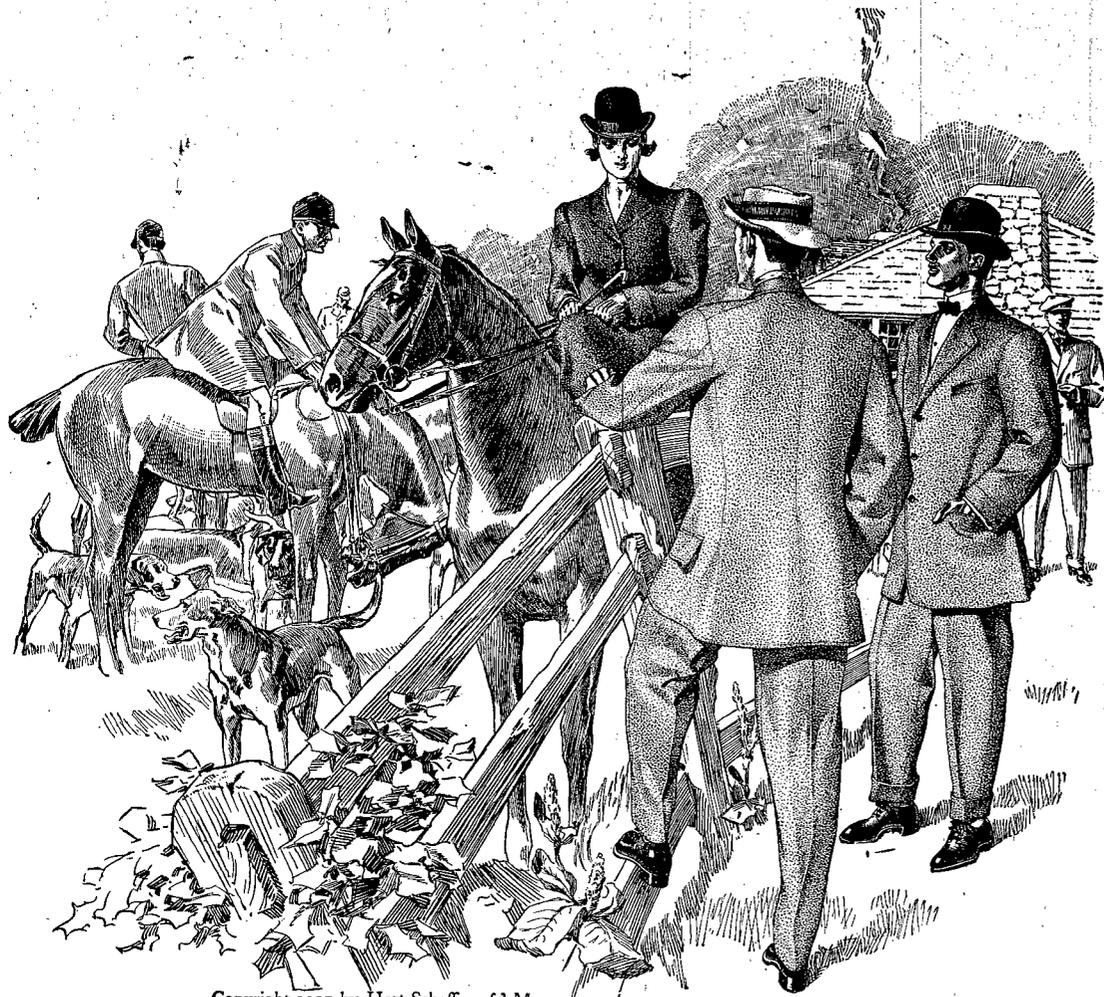

Do not misrepresent, if you please. Quote the Bee correctly or not at all. We have never said Mr. Reese was an honest man. We have never said that he is a clean-handed candidate. But we have said that he was an Union Pacific attorney, and was employed by that corporation in fighting the righteous claims of Saunders county homesteaders against the hand-grabbers.  
"Next Question" No. 4.—Does the Bee stand by its indorsement of Judge Reese? when it said of him:  
Were he not so utterly unfit for the position as he is admitted to be, his defeat would be necessary in order to teach the Church Howes, and Yosts, and Geres, and Hascalls, the agents of corporate monopoly in Nebraska, that the people propose to select, and elect their own candidates, with a regard only to their honesty and competency, and not to the orders of the

railroad managers.  
"Next Question" No. 5.—Does the Bee stand by its indorsement of Judge Reese? when it said:  
Keep it before the people that the record made by M. B. Reese in Cass county, where he first resided and held office, was decidedly unsavory, and that his career there does not reflect much credit to his integrity.  
"Next Question" No. 6.—Does the Bee stand by its indorsement of Judge Reese when it said:  
Keep it before the people that M. B. Reese is a second-rate lawyer, who has been mainly retained for his political influence.  
"Next Question" No. 7.—Does the Bee stand by its indorsement of Judge Reese? when it said:  
Keep it before the people that the election of M. B. Reese will weaken the estimation in which our supreme

"In a family there are five children, and mother has only four potatoes. She wants to give every child an equal share. What is she going to do?" asked the teacher.

Silence reigned. Finally a little boy exclaimed:

A club woman has fixed the birthday business for her husband like a grafter of the Pennsylvania type. She took a cigar out of his case every time she got a chance and when it was his birthday presented him a box of a hundred of

them and he thought her judgment of cigars was first rate.

Irm Jastram now has it all over the jovial traveling men who were wont to quiz him as to when the trains go and come, or come and go. Irm has a card hung up in the hotel office and he simply points to that when the mean men of the grip listen for the fun of hearing him talk.

At Sioux City another baby, the offspring of Christian Scientists, died of infantile summer complaint and neglect. At least that is the verdict of the coronor's jury, and it seems to be a clear case of murder. One is constrained to hope that these Christian Science "heelers" may have to do some real suffering before the final dissolution comes.

Rev. John Long, who was accused by Roosevelt of being a nature faker, hopes the president will omit either killing or poaching during his hunting trip. He says the only faker in the whole controversy is the "big faker" in Washington. He said the last time Roosevelt went hunting it was in the spring, when the mother bears and cubs were weakened by the winter's fast and according to Roosevelt's own account, he killed 11 bears and cubs after the dogs had treed the creatures.

A very amusing incident occurred at Temp's cigar store last Friday. A ventriloquist, a stranger, being in the place with the usual quota of loafers, kept calling Charley Baggart from without, and Charley kept continually going to the door, rubbing up and down the street, and several times yelled back, "what in—do you want?" etc. Then P. L. Miller came in, and the ventriloquist being given his name on the q. t. P. L. soon became engaged in a wordy war with an individual who was apparently in the next room; finally telling the unseen talker that if he would come into the cigar store he "would talk to him."

Ackley World: Eighty-five per cent of the people "drink" according to a learned professor who figures that he has made a startling discovery. He might increase the estimate by ten per cent and be more exact. Because, while he may have reached his conclusion by "surface examination," he did not peer into the cellars of the sycophants who never touch it—in company. This professor made his guess by looking in at a saloon. He would have further occasion to change his figures by going into any country town in Iowa, by passing along the highways as well as byways, into the alleys, sheds, barns and "just around the corner." Less than a fortnight ago in this village where "liquor is not for sale!" not less than two carloads was consumed, and the day after from a private business house, where men feel licensed to go and "take somethin'," two grain sacks full of empty whiskey

bottles were gathered up by little boys. Verily, prohibition is a beautiful thing to dream about, but men of common sense who are not blind to facts know that it is a farce.

A little boy of the town was given the task by his father of writing an essay on editors the other day, and the following was the result of his efforts:

"I don't know how newspapers come to be in the world. I don't think God does, for he ain't got nothing to say about them and editors in the bible. I think the editor is one of the missing links you read of and stayed in the bushes" until after the flood, and then came out and wrote the thing up and has been here ever since. I don't think he ever dies. I never saw a dead one and never heard of none getting licked.

Our paper is a mighty poor un, the editor goes without underclothes all winter, don't wear no socks and paw hain't paid his subscription in more than five years.

If the editor makes a mistake he has to apologize for it, but if the doctor makes a mistake he buries it.

If the editor makes one there is a lawsuit, swearing and the smell of sulfur, but if the doctor makes one there is a funeral, cut flowers and a smell of varnish.

A doctor can use a word a yard long 'thout knowing what it means, but if the editor uses it he has to spell it.

If a doctor goes to see another man's wife he charges for the visits, but if the editor goes he gets a charge of buckshot.

When a doctor gets drunk it's a case of 'overcome by the heat' and if he dies it's 'heart trouble.' When an editor gets drunk it's a case of too much booze, and if he dies, it's a case of delirium tremens.

Any old college can make a doctor. You can't make an editor, he has to be born.

Richard L. Metcalf.

I can assure you that Judge Loomis will have the hearty support of all Democrats in this corner of the state. Personally I am deeply interested in his election as our supreme court is sadly in need of not only a democrat and a lawyer of the integrity and ability of

Mr. Loomis. Guy T. Graves.

I am anxious to do everything I can to assist in the election of Judge Loomis and will take pleasure in doing everything I can to forward furthering his candidacy. C. J. Smith.

I certainly feel friendly to Judge Loomis and will do everything I can to help him. I want to see him elected. Geo. W. Berge.

Geo. L. Loomis possesses the qualifications, the mental and moral courage the democratic spirit and stamina of character so greatly needed on the supreme bench. The people of Nebraska will make no mistake in electing him Supreme Judge. He should have the united support of democrats and populists. O. W. Meier.
