Teachers Have a Successful Meet.

The Northeast Nebraska Teachers' Association held its ninth annual meeting at Emerson, October 8. The meeting was one of the best ever held, there being about 400 teachers and school people present. Many well known school men of the state outside of the district were in attendance.

In the forenoon sectional meetings were held in the high school building. Music was furnished by the Emerson schools for each of these morning sessions. Every teacher whose name appeared on the program was present and prepared. Teachers taking part from Wayne county were Alice Brown of Winside who read a paper in the Rural section on "Some Difficulties and Their Remedies" and Blanche Young of Carroll who read a paper in the Primary section on the "Reigning Influences of Stories and Poems."

In the Rural section which met in the large assembly room of the high school there was scarcely standing room. Much discussion was induced by the paper on the "Spirit of the School," some teachers refusing to be responsible for "everything that is lacking" in a school. Superintendents Teed of Dixon, Miller of Cedar, Tarrant of Thurston, ex-superintendent Ritch of Cheyenne and others, defending the position taken by the writer of the paper.

In the afternoon a general session was held in the Opera House, presided over by W. D. Redmond of the State Normal. Superintendent Graham of South Omaha was the first speaker, and announced the state teachers association, which meets in Lincoln in November. Superintendent Dixon of Tekamah spoke on "Attention, How to Get and Keep it." He made it clear that a teacher or speaker is responsible if he does not get the attention of his class; that it is something that cannot be commanded by will but must be secured involuntarily. He developed the idea that we are largely what we are by the things to which our attention has been called. Mr. Redmond next introduced Dean H. H. Hahn of Wayne, who spoke on the "Law of the Gang." He made the point that we cannot overlook or entirely overcome this law but that we can direct and work with it until it becomes a help in developing the child.

Before the next speaker was introduced Mr. Herbert Welch, a senior in the Wayne high school, rendered two very fine base solos. Deputy Superintendent Perdue gave a fitting close to the program in his description of the ideal country school. That this is not so visionary after all is indicated by the fact that Dixon county has several at the present time. The consolidated Scholes district was also given as an example. Before adjourning Superintendent Kemp introduced the following resolution which was adopted by the assembly:

In view of the increasing cost of living to teachers and the cry of insufficient funds to pay more, be it resolved "That it be the sense of the teachers of this association that we favor a revision of the present law in such a way that a separate levy be made for teachers' salaries and a distinct and separate levy be made for other expenses of the school. Resolved also, that we favor a maximum of at least 25 mills for teachers' salaries, and a maximum of not less than 15 mills for other current expenses.

Resolved further, that we, as teachers use all honorable means to have such a measure enacted into a law at the coming session of the legislature.

John Calvin—Democrat.

Many thoughtful persons have inwardly wondered and outwardly expressed surprise at the dominance, power and popularity of the Presbyterian church.

Year after year, and throughout all the world, they have seen people of matured intelligence, uninfluenced by emotional or mental frenzy, calmly and deliberately ally themselves with an organization, some one or more of whose tenets they must have deprecated if they have not despised.

When John Calvin, the French lawyer, scholar, teacher and preacher, aged 24, gave to the world his "Christian Institutes," there was then for the first time seriously enunciated the doctrine of personal liberty, spiritual and mundane.

Historians and scholars may and do contend that Calvin fought with his last breath for a Theocracy on earth, but whatever his intent, he breathed the breath of life into that first, greatest and purest of Democracies, known to the world as the Presbyterian church.

The third article of the "Institutes" declares for congregational rule, local self-government, the whole of democracy in a nutshell; for if man is the keeper of his own conscience, a free agent and a custodian of God's power in spiritual things, why is he not the controller of his own personal liberties?

By this declaration of spiritual liberty, Calvin inspired Jean Jacques Rousseau to write his "Social Contract," in which he proclaimed: "no laws can be binding unless agreed upon by all the people," and his "Liberty, Equality and Fraternity" became the battle cry of the French Revolution.

The seed sown among the rocks of Switzerland took root in the fertile brain of the deist, Thomas Paine, and gave the world "Common Sense" and "The Age of Reason."

The compass of this article will no more than permit the pointing of the parallel between our earthly and this spiritual democracy.

First Congregational rule and representation in synod, convention or conference; a senate of the elders; judges; executives; appointment and recall; civil service for those in the service of the church; taxation apportioned to incomes; free and compulsory education; colleges and universities maintained by the state and state care of the incapacitated.

Why do we go to Switzerland for the initiative and referendum? But enough. Into a Presbyterian family William J. Bryan was born, of a father learned in theology and the law. Natural enough that this son, of an inquiring and vigorous mind, should be both a Presbyterian and a Democrat.

Now the Presbyterian church has

carried in its Constitution or Articles of Faith, several declarations open to debate and in convention some of these declarations have been fought for nearly 400 years. But however acrimonious the debate, even when infant damnation was under discussion, the majority, as represented in the convention has ruled, and the striving factions have returned with loyalty to work together for the common good.

To a friend and admirer it is difficult to consistently reconcile Mr. Bryan's practice with his precepts, in the attitude he has assumed toward James C. Dahlgren. Mr. Dahlgren has been honestly named by a majority of the voters, of his party, to be the exponent of doctrines which that party by a majority decreed.

Why, then, should Mr. Bryan, with his great personal following, which James C. Dahlgren has been no small factor in building up, set himself not only against his friend, but against the party which has never failed in its allegiance to him?

Has not Mr. Bryan in the past been an earnest advocate of party loyalty?

Have we not again and again responded to his call to forget our personal preferences and to subordinate our own opinions to that of the majority?

Has Mr. Bryan ever before had so good an opportunity to put into practice the precepts he has so long promulgated?

Perhaps Mr. Bryan can justify himself by calling to mind the fact that John Calvin insisted on, and succeeded in, having his rival and one time friend, Dr. Servetus, burned at the stake because he differed with him on the doctrine of predestination; but Mr. Bryan should remember, that like himself, Calvin is not loved for his doctrines, but for his democracy.

Is the option question debatable? If so who is likely to bet for Bryan or Dahlgren?

Mr. Bryan, himself, says Dahlgren is a capable, upright man, and he knows from the bottom of his heart and from the rigid test of experience, that he is first, last and all the time a loyal friend.

Mr. Dahlgren's principles and practices are and have been as open as a book and we have failed to hear that Mr. Bryan refused Dahlgren's support on the ground that it was tainted, as he did when acting as trustee of a college, of which he is an alumnus. Why, then, should he refuse Mr. Dahlgren a meagre return of his consistent loyalty?

Is there something more than a difference of opinion?

We have heard of people who would rather ruin than rule, but surely our silver idol is not built of that kind of clay.

As to a difference of opinion on the liquor question; that there is an honest difference no one will dispute except the theorists, who see only the surface indications.

We have all heard of the New England farmer and his first bananas, where he complained to the newsboy that "the peasy things 'er mighty nigh all cob." You see he had not looked beneath the surface for the real fruit of the banana, but had swallowed the skins. So with the theoretical reformers, starting from surface indications they establish the false hypothesis, "that to license an evil is to double the wrong." As well might this be said of a small-pox hospital.

Sociologists are almost unanimously agreed that segregation and control are about the only safe and sure ways to minimize the evils which result from use or rather abuse of intoxicants.

The long, dreary and futile experience in Maine, now about to be brought to a close, would discourage any but the fanatical.

In place of the orderly, well regulated Inn and Saloon, it has encouraged the brothel, the bootlegger and the hole-in-the-wall. The passing stranger in Portland can buy at the unlicensed fruit stands, rather high-priced coconuts, from which the milk of human kindness has been drawn and something more like the "creme de mente" of commerce substituted.

But all this controversy leads no where; it's like betting on the date of the next return of Halley's comet: we'll all be dead before it is decided.

Now, Mr. Bryan, as we have been led to believe, is theologically in favor of congregational rule, not in favor of rule by canton or county, in which there might be forty or more congregations; and politically he is in favor of rule by districts, or in other words he favors rule in church government diametrically opposed to that which he favors in civil government.

It is something too awful to contemplate, but is it possible that Mr. Bryan is inconsistent?

And that isn't the worst of it. Mr. Bryan is opposing a candidate of his Party the very first time the party in his state has ventured to disagree with him.

Is his next trumpet call to party loyalty to fall on deaf ears, or are we to forget his disloyalty and respond to any vagary with which he may be temporarily obsessed?

"Subtract from a Great Man all that he owes to Opportunity, all that he owes to Chance, and all that he owes to the Zeal of his Friends, and what have we?"

Card of Thanks.

We desire at this late date to sincerely thank our many friends for their kindness and sympathy, in the loss of husband and father. Everybody was kind to us and we deeply appreciated their goodness.

WHY NEW ORLEANS

CITY IS LOGICAL POINT FOR WORLD'S PANAMA EXPOSITION.

Its Geographical Position and Many Other Considerations Mark It as Most Suitable Spot for Dedication of Great Work.

Public sentiment has decided that the completion of the Panama Canal in 1915 shall be celebrated with a great International Exposition in which all the nations of the world may participate, and the question of where this Exposition is to be held will be settled by Congress at its approaching session.

New Orleans and San Francisco are contending for the honor of holding this Exposition, and both cities have guaranteed immense sums of money as an evidence of their ability to finance so great an enterprise.

An Exposition worthy of the term "World's Fair," such as New Orleans proposes to build, will be a great educational movement. Its success as such, however, will depend entirely upon the percentage of its educational advantages, this in turn, depends upon its location, as the time in traveling to and from the Exposition, and the cost in railroad and Pullman fares, are the most important factors.

Considering these matters, New Orleans' claims to being the "Logical Point" for this Panama Exposition, seem to be fully substantiated by the following facts:

New Orleans is 500 miles from the center of population in the United States. San Francisco is 2,500 miles distant therefrom.

Within a radius of 500 miles from New Orleans there are 17,500,000 people. Within the same radius from San Francisco there are only 2,000,000.

At an average of 900 miles from New Orleans, there are 70 of our principal cities with a combined population of 20,000,000.

Over 75 per cent. of the people of the United States could go to an Exposition there at an average expense for railroad fare of \$12.50, as against an average of \$37.50, as against an average of our people, the Pullman fare and Dining Car expenses alone, for a trip to San Francisco, would amount to more than all their transportation expenses for a trip to New Orleans.

This is an important public question to be settled by Congress at the session which convenes in December.

Many of our readers will wish to visit this World's Panama Exposition, and if held in New Orleans a great many more could spare the time and money for the trip than could go to San Francisco.

She Has Changed Her Opinion. "I hear your maiden aunt is visiting you."

WOMAN TRIES TO KILL A PROMINENT NEW YORK BANKER

Much Mystery is Preserved About Attempt on Life, but Case is Given to Police.

New York, Oct. 11.—It has developed through the appearance of an attorney in a police court asking for an attempt upon the life of Jacob Schiff, the famous Jewish philanthropist, ruling spirit of the great banking firm of Kuhn, Loeb & Co., a rich man.

The lawyer who got the warrant was Isadore Kresel, former assistant district attorney and member of the firm of Jerome, Rand & Kresel, of which William Travers Jerome is the head.

A short and rather excited conference with Mr. Appleton, magistrate, followed, and the magistrate issued a warrant authorizing the chief of police to arrest Kresel at his home.

Efforts were made to keep the case a secret, but it was learned from an authoritative source that for two weeks a woman had been making threats against Mr. Schiff's life.

It is said that probably about noon she attempted to harm Mr. Schiff or made demonstrations which showed such a purpose. Whether this occurred at Mr. Schiff's office, at his home, or somewhere else could not be learned.

NEW REPUBLIC IS FEELING ITS WAY

Quiet Apparently Prevails in Portugal and Government Gets Down to Business.

Lisbon, Oct. 11.—The hoisting of the British flag over the Jesuit monastery in the Ruada Queilhas saved the occupants from the attacking republican troops last night. One priest was killed and others arrested.

Lisbon, Oct. 11.—Provisional President Braga and his associates, each day feeling more secure in their newly assumed authority, are drawing tighter the reins of government and began actively today to put into practice the principles for which they have stood and which they have promised shall be the basis of the new republic.

The first step was the publication of an official decree ordering all religious bodies to leave the country within 24 hours.

The government had promised the separation of church and state and the suppression of the religious orders. Almost at the moment of the appearance of Marquis de Pombal was placed under arrest charged with having sheltered members of the religious bodies, and having concealed arms in his home.

Dr. Costa visited the republican soldiers and personally congratulated those who had distinguished themselves in the recent fighting. These included two women who had taken part in the battle and participated throughout the combat.

BRADSTREET AND DUN REPORT ON BUSINESS

Improvement in Tone of Trade Is Found to Be Existing Condition

New York, Oct. 11.—Bradstreet's Saturday said: "Improvements in tone, rather than enlargement in general demand, is the notable feature this week.

Marketing of crops and good crop results helped sentiment, but political discussion and price uncertainty have repressed demand. In one line, however, that of cotton manufactures, past curtailment, an absence of any apparent weight of stocks and higher prices for raw material, caused by offsetting reports of a heavy surplus in September, have made buyers more eager. Higher grade fabrics note slight strength.

OBITUARY.

The passing away of Mrs. Rachel Louise Penrose-Richardson at her home three miles southeast of Wayne marks the demise of one of Wayne county's earliest and most highly esteemed pioneers. The death summons came in the forenoon of Tuesday, October 4, 1910. The funeral services were conducted by Rev. Wm. Gorst, at the M. E. church on Thursday, and attended by many of the older settlers, who have for so many years known this most exemplary woman, and though grieved over death's heavy toll were there to pay her memory a last and merited tribute.

Rachel Louise Penrose was born in Canada, April 5th, 1825, and was therefore 85 years and six months old at the time of her death. She was married on January 1, 1842, to M. B. Richardson, and in 1856 the family moved to DeKalb, Ill., where they resided until coming to Wayne county, Nebraska, in 1870, forty years ago, homesteading the farm which has been her home continuously since that early date in the county's history. Her husband died in 1892, since when deceased has had a comfortable home with her only son, I. O. Richardson, on the old homestead. Two daughters, Mrs. Austin Hines, of Jackson, Tenn., and Mrs. Chas. Nellis, of Whittemore, Iowa, also survive their aged parent.

Mrs. Richardson was one of the most interesting as well as beloved characters of Northeast Nebraska. She was a member of the Advent church and frequently preached, in earlier days, as well as putting her preachments into practice; giving help and rich sympathy to the sick and afflicted, and a guiding star to the depressed in spirit. She was a woman large in her observation and conception of life; her mission being to do good rather than be weary over the petty annoyances incidental to the average community. Her indomitable will and sturdy character had much influence for the betterment of her neighbors and acquaintances and her memory will long be revered in the community which she has left the richer and better for her many years service in it and earned for her the greatest blessings in eternity.

Mr. U. S. Conn was in Sioux City Friday.

About the most amusing reference to Senator Burkett comes from the South Dakota Record, as follows: The Senator is in great demand all over the state and his speeches are meeting with immense satisfaction. So far in the campaign he has been receiving the greatest of success and at every point large numbers greet him and assure him of their support.

It looks as though Victor Rosewater and Edgar Howard would "go up" in the same balloon.

The most amusing thing we have heard of is how Herman Milder talks to the eggs, particularly when he happens to drop one. It's all right, Herman; keep a stiff upper lip and your eggs will be chicken by an' by.

Kids came home from school the other day and announced a wedding, the "wedgeboard" said so. Dec. 15th, two popular Wayne people, teacher, of course, and a man who makes his living on other people's faces.

In commenting on the remarkable attainments of Senator Burkett the South Sioux City Record states: "He has stood for the best things in republican principles." No doubt about it. The best things in republican "principals" today are Taft, the tariff, Sunny Jim Sherman, Joe Cannon, Ballinger and as the Dakota City Eagle puts it, Beautiful Sunshine.

This is certainly a funny world. Just one damn thing after another. For years we have looked upon Edgar Howard, editor of the Columbus Telegram, as an ideal newspaper man, wished we possessed only an essence of the rich talent that flows from Edgar's pen. And today—we wouldn't change places with him. Howard is simply a contemptuous traitor, a cheap sorehead and buoy for dead fish.

The doctors' bills in the Gaynor shooting case, it is said, will be \$34,000. It is pretty expensive to be great and get half shot. Looks as if the mayor had died he would have been Gaynor.

An Omaha man has paid a Des Moines man \$500 to quit an Omaha woman both were sparking. Pretty soon he may be willing to pay him for taking her away from him.

The southward flight of ducks is earlier than usual this year, the down of fowls and the fur of animals is heavier, houses have already been built by muskrats, and squirrels and other provident animals have laid in their stock of winter food. All of which is to say, "Look out for a hard winter." Then if we happen to have a real nice winter you will be just that much happier.

Iowa City is advertising the "first aviation meet in Iowa" to take place in that city October 12th. We have had suspicion all along that what they had in Sioux City wasn't an aviation meet.

Mr. Hearst announces that he will oppose Dix. Good luck seems to be pursuing all the democrats this year.

Down in Louisiana Pierre Gross, aged 18, declined to enter a card game and a moment later was struck and instantly killed by lightning. The card players received slight shocks but were uninjured—bodily. If they stick to the pasteboards they will get plenty of shocks that will hurt.

Men should at least be given credit for being brave when they stand up and get "whipped to a frazzle."

Cheer up, doctor, they say now that there is no difference between the new and the old football.

In commenting on why Slippery Elmer should be re-elected the Hartington Herald—or rather Burkett's press bulletin—states that he enjoyed the confidence of President Roosevelt. Now, what was the matter with the confidence of President Taft?

This year of the comet appears to have been also a creator of freaks as well as freak weather. Following the rats that escaped from Bryan's peltory comes a heavy growth of warts on the editorial page of the Columbus Telegram. Thank goodness such displays of paresis is only hitting the high places. No danger of by bad getting baty unless Jim Dahlman is elected and we all have to get drunk.

Fred Pratt of the Humphrey Democrat puts a poser to Metcalfe. He asks: "In the event that Mr. Metcalfe had received the democratic nomination for United States senator, along with the present nominee for governor, would he have bolted the nomination of Dahlman?"

Pittsburg is trying to adopt an anti-sweating ordinance. "If they get it through a good many people compelled to live there will have to be supplied with air ships, so they can go up once in a while and relieve their feelings."

In some parts of the state farmers are said to be gathering enough seed corn for two years' planting. Nothing like "making hay while the sun shines."

A Clarinda, Iowa, paper complains that at a recent opening of their opera house they were supposed to have a high class opera in full dress, but that it proved to be a no dress affair called sometimes a leg show, and some of the men were so shocked that they sat looking straight ahead at the stage all the evening, being so embarrassed that they dare not look around at their neighbors. They didn't intend to have the calf exhibit till the county fair and it agitated them to have to judge the veal entries off-hand before such a crowd.

E. W. West, a farmer residing southwest of town, took his little son to Sioux City Saturday to see what could be done about straightening out the lad's left knee. The windows invariably contain his pictures and it is hard to find a voter who is not enthusiastic for the Omaha mayor. Mr. Owen, being a life-long republican, and a square, truthful man, his word may be taken a long ways ahead of Dahlman's detractors, who bandy backbiting from tongue to tongue like a lot of old women. One voter out there offered to bet L. M. \$100 to \$10 on Dahlman's election.

District Organizer Davis of the W. O. W. was in Wayne Saturday night enroute to Randolph. Mr. Davis was formerly a preacher, M. E., we believe, and he is a Dahlman republican; says that between Dahlman and Aldrich the former is the better man, although not in love with either.

SECOND ANNUAL

CORN SHOW

Bigger and Better Than Ever

The interest the farmers took in our corn show last year is what made it the success it was, and the Wayne Commercial Club earnestly hopes that they will show even more interest this year, as with the co-operation of the farmers with us in this movement we can have one of the best corn shows, in Wayne, to be seen in Nebraska.

The Commercial Club and Merchants of Wayne are giving liberal prizes, and are willing to do all the work in connection with the show. All we request of you is that you make an effort to have an exhibit in at least one of the classes we have, and, with the quality of grain raised here this year, you ought to be able to enter two or three classes.

Hitchcock Takes Howard's Measure

Omaha, Neb., Oct. 11.—"Yes," said Gilbert M. Hitchcock in reply to a question, "I have read Edgar Howard's insinuation that I had borrowed state funds 15 or 20 years ago and that I still owe money to the state. I have also read his statement that the insinuations he makes will force me to retire from the ticket. Both statements are false. I never borrowed state funds and do not owe the state treasury any money. Howard may or may not be sincere when he gives utterance to this false insinuation. When, however, he says that I will retire from the ticket, he utters what he knows to be false. Six weeks ago, after the primaries, he wrote me complaining that I had branded him as a liar and insinuating that I would withdraw the statement that he would support and defend me from the very charges he now publishes. His offer of defense was in these words: 'Do you not realize that by advertising me as a falsifier, you have done much to detract from the power of my appeals when I shall ask the people to believe not at all the wicked charges which may be laid at your door during the campaign?' 'Knowing Howard as I do, I rejected his proposal of support in the following letter: 'Omaha, Neb., Aug. 23, 1910. 'Mr. Edgar Howard, 'The Telegram, 'Columbus, Neb. 'I am sorry that you have been so misled. Your support is not want-

BY DAD

It looks now as if Armour & Co. would be able to pull through this year without making an assessment. The profits during the past year were thirty-five per cent, or a total of \$10,582,000. The railroads of the country, made a profit last year of only \$110,306,000, according to official reports. That looks like a small item to them and they are now contending for a raise in freight rates. Isn't it too bad to see a young girl, naturally good looking and attractive, out on the streets with her face daubed over with powder? The young man who can go up against one of those daubed and drugged faces must necessarily have a strong stomach or be blind with alleged love. Frogs are now quoted at 12 1/2 cents in Minneapolis. There are a few croakers in Wayne who would go high at half that price. The Christian science, thought suggestion, hypnosis, mesmerism, faith healing is all right, more than anybody thinks for, as this story from an exchange shows: A prominent young doctor took his best girl to the opera house not long since. The curtain was late in rising and the young lady complained of feeling faint. The doctor smiled sweetly upon her, took something out of his vest pocket and whispered to her to keep the "tablet" in her mouth, but not to swallow it. She shyly placed it on her tongue and rolled it over and over but it would not dissolve, she felt however. When the show was over she slipped the tablet in her glove, being quite curious to examine at home this tasteless, indissoluble substance which had given her so much relief in the opera house. When alone in her room she pulled off her gloves and out came a—pant's button. The Sultan of Sulu, who has had as high as fourteen wives at one time, is now afraid to ride in an elevator. Something wrong with that old chap. October 30 far has given good killing weather for the auto racers. The opening of the deer hunting season in Colorado was not very exciting. Only two men were killed by mistake the first day. This is certainly far from being one of Temp's "spell of weather." E. W. Closson was a visitor from Sholes this morning. Mr. Closson says next time he has a private conversation with a friend in the alley for his friend in the alley for it. We are not aware that an argument on politics, so loud that it can be heard across the street, is "private," but if we were stand-pat, by dad, we'd want to do our talking in the alley. Now, will you be good, E. W. ed and your attack is not feared. You have posed as a purist, but there are enough people who know your real life to appreciate your hypocrisy. Start the attack if you want to. My life, private as well as public, is an open book. Yours truly, "G. M. Hitchcock, M. C."

"He therefore knew six weeks ago that I did not fear his false charges. He knew that I would make no terms with him. He knew that I would continue my campaign whatever he did or said. He therefore lies when he expresses confidence that I will retire from the ticket. "His attack on me is personal, just as his attacks on Judge Holcomb, Congressman Latta and others in times past have been, and his assertion of devotion to public duty is a pretense. He has been a hypocrite for so many years in both public and private life, that he cannot escape from the habit. He is one of the breed of sanctimonious reformers who open a poker game, with prayer and wind up by failing to pay their poker debts."

Frank Leuck was over from Wakefield Saturday to visit friends in and around Altona. A baby girl was born Friday to Mr. and Mrs. Fred Alvers Jr., and you ought to see the smile on "daddy." Wm. Benning moved into Geo. Thies's house last week, having leased his land for the coming year. State Normal Notes

President Conn visited the State Normal at Kearney Wednesday. Mrs. Conn and Mrs. Britell went to Sioux City, Iowa, Friday on business. Mr. A. Lansing of Omaha visited the Normal last Friday and sang at the chapel period. Mr. A. L. McLauchlin, representing D. C. Heath & Company, made the school a short visit last week. The students and members of the faculty were glad to have a call from Dr. Gorst Tuesday morning. His talk to the students was one of inspiration and helpfulness. Professor Huntmer has worked up a good interest in athletics and he hopes that on Saturday, October 22nd, a game of foot-ball can be arranged between the Normal and some other school. Mr. Earl Moles, formerly of Wayne, but now residing at Billip, South Dakota, has written for information regarding the course of study in the State Normal School. Mr. Moles is especially interested in the commercial course and hopes to return soon and complete the work of this department. A Glee Club of young ladies of the Normal has been organized and special music has been set for it. It is certain that there is some good talent among the members of the club and that they will be able to furnish some good music before the close of the semester. This work is under the direction of Professor Lewis. The class in writing and speaking are beginning to choose subjects for the prize oration. A good deal of time will be consumed in the preparation of these. The contest will not occur until winter. Meanwhile all the great models of oratory from the speeches of Patrick Henry to those of Bryan and Beveridge are being studied. In a letter from Professor J. H. Wiley, he states that he will reach Wayne about October 14th. Professor Wiley will have charge of the Commercial course and this department will be greatly strengthened under his leadership. Professor Wiley comes to us from Shenandoah, Iowa, where he has had charge of the department of commerce in the Western Normal College. Miss Rose Bartosh of Dodge, Nebraska, enrolled as a student in the normal school Monday morning. Miss Bartosh completed a three-year high school course and has entered the teachers' training course of this institution which leads to an elementary state certificate. The school has just issued a 12-page bulletin which will be mailed this week to all the teachers of northeast Nebraska and to others interested in education. This bulletin is the first of a series to be published this year, and anyone desiring a copy may secure one by addressing President Conn. The class in Hamlet has found a new hypothesis as to Hamlet's sanity. It is that Shakespeare himself may not have had a fixed opinion on that point. This is at least as intelligible as a great deal that has been written on Hamlet's sanity. Both the Shakespeare and the Browning class are this week considering the question of what constitutes a fitting theme for great literature. The Normal was well represented in the meeting of the Northeast Nebraska Teachers' Association held at Emerson on last Saturday. There has been much favorable comment on the excellent address given by Dean Hahn at the general session, his subject being, "The Law of the Gang." Superintendent N. M. Graham of the South Omaha school and President of the State Teachers' Association, was present and through him Professor Hahn has been invited to deliver the same address to the teachers of South Omaha. The Browning Class held its first session in the high school building Monday evening, October 3rd. The next meeting will be in the Model school building Saturday morning at 9:00 o'clock. If desired there will be two sections hereafter, one to meet Saturdays in the morning, the other some evening during the week. It is believed that in this way both teachers and housekeepers may be accommodated. Any interested are asked to visit the class whether fully determined to join or not. The prospects of the Y. M. C. A. for the year 1910-1911 are very bright. Every young man member of the faculty, every young man in the dormitory, and also many students from the city, are members of the association. President Conn addressed the first Sunday afternoon meeting, and was followed the next Sunday by Dr. Gorst, pastor of the M. E. church. The Bible study will also be made an important feature. A meeting will be held every Wednesday evening, led by some member of the faculty. The Catholic Club of the State Normal School has an excellent organization and will hold two regular meetings every week. These young people have a mid-week service at 6:15 Wednesday evenings and a service at 2:15 p. m. Sunday.

The officers for this semester are: President, Anna M. Kohls; vice-president, Edward W. Hesse; secretary, William Crevier; treasurer and librarian, Florence Bernar. Mrs. E. B. Young led the Y. W. C. A. devotional meeting last Sunday afternoon. Her invitation to the girls to call at her home from 4 to 5 o'clock every Saturday afternoon, very much appreciated, and Mrs. Young has become a great favorite with the young ladies of the Normal School. The class in Physical Geography is very large and the majority of the students are doing excellent work. The relief features of the earth, the work of the atmosphere, of ground water and running water have all been carefully considered. Professor Hickman feels justly proud of the results so far accomplished. Country life and farming, air and sunlight, the soil, and drainage and ventilation are some of the topics that have received the attention of the class in Agriculture. The students taking this subject find it not only interesting from a scientific standpoint but intensely practical, and they are entering into the work with a zeal and enthusiasm which can mean nothing but success. The Y. W. C. A. has outlined a very excellent plan of work for this year. Devotional meetings are held Sunday afternoon at 3:00 o'clock and Wednesday evening at 6:30. The Bible study class meets at 9:00 a. m. on Sunday. Miss Piper, teacher. The Mission study class will meet jointly with the Y. M. C. A. at 7 o'clock Friday evening of each week. Welty in Trouble. Harry J. Welty, a former resident of this place and of Ponca, is now on trial at Belting, Wash., for wrecking the Home Security Savings bank of that place while serving as cashier of that institution. His shortage footed up to about \$50,000.—Dakota City Eagle. Harry J. Welty served Thurston county as county attorney by appointment. He was also county surveyor for a few months.—Hartington Herald. Wells-Fanske. Sioux City Journal: An attractive home wedding took place last night at 7:30 o'clock, when Miss Mary Ellen Wells and Mr. Louis A. Fanske, of Wayne, Neb., were married at the home of the bride's parents, Mr. and Mrs. C. Wells, 1360 Jennings street. Miss Allice Iverson and Miss Rena Hornby, who acted as bridesmaids, were the attendants. Rev. E. S. Johnson, of the First Methodist Episcopal church, performed the ceremony in the presence of relatives and a few intimate friends. Miss Wells wore a dainty lingerie gown, trimmed with baby Irish lace, and carried a shower bouquet of rosebuds and lilies of the valley. Mr. and Mrs. Fanske left for Chicago, and after November 16 will be at home at Wayne, Neb. Among the out of town guests were Mr. August Fanske, of Cedar Rapids; Mr. and Mrs. Charles Hoover, of Tama, Ia.; Mr. Charles Hanson and Mr. and Mrs. W. F. Ison of Chicago; Mr. and Mrs. Ed. Fanske, Miss Jewel Fanske, Geo. Drebert and wife and Mrs. John Drebert of Pierce, Neb.; Mr. and Mrs. J. McDonald of Jewel Junction and Mr. Sausbury of Wayne, Neb. Bert Norton Robbed. Sioux City Tribune: Notes to the sum of \$11,000 and cash in bills to the extent of \$2,720, it now develops were secured by the unknown man who yesterday entered the home of Mrs. Jennie Gusloff, 2780 Court St., and overpowered and chloroformed Egbert Norton. All events in connection with the affair are mysterious and tinged with reality. Some even went so far as to assert that it would have been impossible for a man to have entered the house in broad daylight and perpetrated the alleged deed. The name of J. C. Maxwell has been placed in the hands of the police as the man suspected of the robbery of yesterday and also that of the night of September 12, when some one is alleged to have entered the home and stolen \$100 and turned on the gas jets in an attempt to asphyxiate the occupants. Pinned down by reporters at his home today, Norton contradicted himself time and time again. He said he had known the mythical Meyers 20 years, but still could not tell where he did business or where he lived. He says Maxwell has been handling money for the last five years and that the \$11,000 worth of notes that were stolen were notes given him by Maxwell on deals which he had made by speculation. He always gave Maxwell cash, then Maxwell would invest the money and after he had realized on the investment would give Norton a note for the sum. He says he has been trying to get a settlement for a long time and one week ago last Monday was given \$2,750 in cash. Later accounts from Sioux City are to the effect that Norton lost his money to the same fortune teller as a farmer named Carman, of Emerson lost some \$3,800. Anyway it is evident that the seer got the coin.

LOCAL AND PERSONAL. Brass for Piercing and Outfits. LEAHY'S DRUG STORE. A telegram was received yesterday from Twin Falls, Idaho; stating that Ted Philled was critically ill and not expected to live. Jas. Ahern, who got home this morning from Chicago, says Fred and James Pile are having a big time in the Windy City. He also was surprised upon dropping into a cigar store for a weed to have Fred Berry wait upon him. A bunch of ill-bred boys were seriously annoying Wm. Broschert, who was at work on his brick building north of the German store, last Saturday evening, when Mr. Broschert, losing all patience with the invidious scamps, shied a brick at them which hit Irvin Sears, cutting a gash in the lad's head, that required sewing up by a physician. Geo. Martin & Co. have just finished a well for Carl Frevert south of town that is a better gusher than any wet spot in Winside. George says they hit a sort of subterranean ocean, and that he was nearly drowned before his partner could pull him out. The prohibition question doesn't bar George from finding the juicy, damp places when it's water you're wanting. The Democrat man accompanied Congressman Latta and P. E. Kohl, in the latter's car to Winside Monday afternoon. Aside from the voters interviewed we found Bill Schuitz of near Hoskins and Dave Surber of near Wayne marketing their grain at Winside because the prices were higher. Mr. Surber said he could only get 88 cents in Wayne for wheat that brought 91 cents in Winside. Congressman Hitchcock will be in Wayne Oct. 31st. A. Anson left this morning for the Soldier's Home. Arthur Weirheiser, cousin of O. E. Graves, from Galena, Ill., is a guest of the latter. Joe Jones left today for his home at Cedar Rapids, Ia. Electric Liniment for Sprains. LEAHY'S DRUG STORE. Donald Rains, an employe at the City restaurant, was taken to Sioux City this afternoon, ill with probably typhoid fever. Miss Sophie Smith, of Pender, who attended the Hanson-Buetow wedding last week, returned to her home Saturday. Buy where a dollar gets most value. The Wayne Variety Store merits the attention of those buyers who want to save money. Miss Minnie Cones of Carroll, who has been visiting at the W. H. Buetow home, returned home Monday morning. Mrs. O. B. Tegelberg and child were arrivals from Mead last night on a visit to her parents, Mr. and Mrs. Ted Perry. The Crystal will give a Saturday matinee heretofore, show commencing at four o'clock. Harvey Mason of the Bank at Meadow Grove reads the riot-act to the Norfolk police. Mr. Mason says that all the crackmen who broke into his bank might have been captured had the Norfolk police been alive to the situation, instead some of them were drunk. The one burglar captured has told the whole story on his pals and they may yet be found in Omaha or Sioux City. Mrs. Joe Root and children returned to Fordyce today after a visit with Wayne friends. Mrs. Huff and son of Marshalltown, Iowa, who have been visiting at the home of her father, D. Moler, left for their home this morning. Mr. and Mrs. Chet Witter arrived home last week from a three weeks' outing in Cherry county where they camped in a wagon and had a delightful time hunting and fishing. Mrs. J. T. Bressler and daughter are in Sioux City today. Mrs. R. B. Crawford went to Sioux City this morning. She says the doctor is very poorly since going to the mud baths in Indiana, being now unable to walk about because of weakness and that the treatment is doing him no good. Miss Nettie Craven was a passenger to Sioux City this morning. County Atty. Davis went to Center last night to attend court. Just received a new invoice of hats in the large shapes; satin and velvet, and tailored and trimmed turbans. THE MISSES VAN GILDER. Card of Thanks. I desire to thank the old friends and neighbors for the tribute and honor so many of you paid to the memory of my departed mother, and for the many kindnesses shown us in the hour of our bereavement. I. O. RICHARDSON.

Society Items, Etc. They are the latest—Those beautiful new satin and velvet and tailored turbans at THE MISSES VAN GILDERS'. Mrs. Blair gave a one o'clock luncheon to the members of the Acme Club on Tuesday afternoon Mrs. Chas. Smith, of Colorado Springs, being an out of town guest. The luncheon which was an elaborate affair, was served in four courses and preceded the regular meeting of the club. The order of O. E. S. will have their dish shower and "hard times" party on Friday the 21st of October. Mrs. Moran attended the wedding of Miss Helen O'Neal at Jackson yesterday. Miss O'Neal is a niece of Mr. Moran. The Misses Mary and Zoe Moller gave five course six o'clock dinner last evening complimentary to Miss McGurk of David City. The table was beautifully decorated with carnations and ferns, while the guests found their places by pretty placed cards in the shape of baskets of flowers. An evening of music followed. At the regular session of the city library board which met last Tuesday, Mrs. Wilson, in behalf of the Federation of Women's Clubs, presented the Federation library consisting of more than 1500 volumes, to the library board. The library board appreciated this generous gift and in behalf of the city, wish to thank the Federation. There are about 100 patrons each Saturday and if the library were open each day there is no doubt but that the students of the High School and Normal would use it freely for reference. There is an adjourned meeting for Thursday evening. Buy where a dollar gets most value. The Wayne Variety Store merits the attention of those buyers who want to save money. "The Devil, the Servant and the Man," at the Crystal tonight is a real alone worth the price of admission. Presbyterian Notes The subject of the morning sermon at the Presbyterian church next Sunday will be "Turning stones into BREAD." In the evening the subject of the sermon will be "Christianity's Unanswerable Argument." The Synod of the Presbyterian church in Nebraska meets this week in Beatrice. Evangelistic Services will begin in the Presbyterian church on Sunday, November 6th. The pastor will be assisted by his brother, Rev. James S. Corkey of Winterset, Iowa and by Mrs. Emily Collins of Keokuk, Iowa. An accomplished evangelistic leader in singing. A special hymn book will be used and the music will be a feature of the services. Rev. J. S. Corkey was here at the installation services last spring and his methods in preaching were at that time much admired. He is straight-forward, down-right, upright and uncompromising in his denunciation of evil and in his application of the good. His preaching is essentially virile, and appeals especially to men and boys, although he does not omit the more tender side of the Gospel, which endears it to all. Lecture on Ireland. The C. E. Society of the Presbyterian church has arranged for a Lecture Course this winter, and have been enabled to make the price of the Season Tickets so low that everyone can afford to enjoy it. There are three entertainments and the price for all is 50c. The first lecture in the course is to be given on Friday of this week, October 14th, and will be delivered by Alexander Corkey. The subject of his lecture is "The Truth about Ireland." The single admissions to the different entertainments will be 25c on each occasion. Just received 1,000 dozen of the famous "Stott" Husing mittens. They fit better—they wear better than any other kind. Try a dozen. DAN HARRINGTON. Report of Base Ball Committee for Season of 1910. Total receipts.....\$1751.50 Total expenses.....1764.94 Shortage.....13.54 The base ball committee has made up this shortage and all claims that have been presented have been paid in full and so far as we know there are no outstanding bills. Games played 38, games won 27, games lost 11. We believe this is the best record made by any team in Northeastern Nebraska for the season. DePew caught all the games and by his experience and ability as a player much of the success of the team can be credited. Our three pitchers, Sabs, Siman and Morgan did splendid work. Sabs pitched 21 games, won 12, lost 9. Siman pitched 12 games, won 9, lost 3. Morgan pitched 5 games and won all of them. Outside pitchers were used in only two games. Friendly relations at all times were maintained between the players and managers and we wish to thank each of the players for their splendid efforts and the public for their patronage. The managers retained none of the receipts for their services. All the property of the team is in possession of us and will be turned over to our successors at the proper time. GENERAL MILES HITS HIS ANCIENT ENEMY

Former Commander of Army Raps Roosevelt Fiercely in Denver Interview.

Denver, Colo., Oct. 8.—General Nelson A. Miles had a few severe remarks to make about Colonel Theodore Roosevelt in his interview with the Denver Post. In the course of his narrative he said: "It is disgusting and criticizing the decision of the supreme court of the United States and its venerable bench Theodore Roosevelt is guilty of treason. Look at his political tracks since he returned from the African wilds. It is a trail of discontent, bombast, disaffection and even treason. And without one word of commendation for the existing administration, which, in my opinion, has been eminently proper and dignified and a great improvement on the administration that preceded it, this politician starts on a one-man tour, a personal political campaign, haranguing the people in their discontent, making the administration embarrassing those in authority and power, without an excuse of reason for such unprecedented conduct.

"It is disgusting, this constant vulgar exhibition of a former president running loose over the country surrounded by newspaper men for whose education he walks, talks, eats and sleeps, hungrily swallowing calcium at its strongest pressure and reveling in the concentrated rays of the light of what should be to a sane man undesirable publicity. But that is what he lives for, and the real people are getting wise."

REWARD REDUCED FOR DYNAMITERS

Los Angeles, Cal., Oct. 8.—Rewards offered for the apprehension of the dynamiters who blew up the Los Angeles Times building early last Saturday morning, were reduced today from an aggregate of more than \$100,000 to \$35,000, following the arrest of those men. It is in his opinion the total had reached far too large a figure.

"The Merchants' and Manufacturers' association," through its secretary, E. J. Zeehandelaar, announced that it had decided to cut its offer down to \$15,000 and devote the balance of the \$50,000 originally posted to other purposes.

It was learned from the police today that at least eight men were believed to have been implicated in the plot to destroy the Times plant and the homes of General Otis and F. J. Zeehandelaar.

BRODERICK DENIES PAYING OUT BRIBE

Her Alleged Wealthy Suitor Turns Out to Be a Waiter, and She Plunges Into Ocean.

Chicago, Oct. 8.—State Senator "Big John" Broderick, who is under indictment at Springfield on a charge of bribery, in connection with the election of Senator William Lorimer, took the witness stand in the senatorial investigation today and entered a general denial of the charges.

Broderick was questioned on direct examination by Attorney Haneey, representing Senator Lorimer. The legislator denied he had promised to give or had given any money or other valuable thing to State Senator Holstlaw, or any other person in connection with the election of Lorimer.

He admitted Holstlaw had been in his West Side saloon in June, 1909, but denied the visit had no significance. Holstlaw, who is a prominent Baptist, has confessed that Broderick bribed him.

Attorney Haneey's first question was: "Did you ever write to Holstlaw on Oct. 10?"

"I refuse to answer," was the reply.

"On what grounds?"

"I might be giving testimony against myself," replied the witness, availing himself of his constitutional privilege. He returned the same answer to a number of questions touching the alleged letter to Holstlaw. Broderick, in admitting that Holstlaw had called on him at his saloon, denied that Holstlaw had ever given him any note of receipt.

Answering questions put by Senator Frazier, Broderick said there was no caucus or conference of democrats on the Lorimer vote.

"How did it happen that all these democrats reached the conclusion it was the right thing to vote for Mr. Lorimer if there had been no conference or agreement?" asked Senator Frazier.

"How did you reach the conclusion to vote for Mr. Lorimer?"

"Mr. Lorimer asked me that morning for his name that day."

"Who was present while Holstlaw was in your saloon?"

"I refuse to answer."

"Would not the persons who were there be able to corroborate your statements here and thus help this hearing?" continued Senator Frazier.

"Yes, I know that," replied the witness, "but there might be bad results."

Replying to interrogations from Senator Burrows and Attorney Austrian, Broderick said that he did not leave the saloon until the witness was present. He declined to say whether he had introduced State Senator Holstlaw to any person in the saloon.

GIN RICKEYS CAUSE WOE FOR PREACHER

Quaker City Parson Is Likewise Accused of Attending Improper Shows.

Philadelphia, Oct. 8.—Members of the special judicial commission appointed to take evidence in the case of the Rev. Dr. William H. Pheley, charged with drinking gin rickeys and with visiting a burlesque theater, have spent many hours in their deliberations without concluding the hearing. All members of the commission had sworn on both sides were pledged to secrecy concerning the transactions during the trial, but at the time of adjournment the attitude of the jurors and of the accused minister himself did not seem to indicate that a verdict of guilty would be forthcoming.

Doctor Pheley was formerly pastor of the Huntingdon Valley Presbyterian church, and at the time the accusations of misconduct were lodged against him he was secretary of the Interdenominational Brotherhood of Andrew and Philip. From this latter position he resigned as soon as the charges were aired.

These charges set forth that detectives traced the minister to saloons, saw him drink gin rickeys, and later on saw him visit the Trocadero burlesque house. Doctor Pheley has admitted that the charges, as above outlined, are true, but he declared that he drank the gin rickeys as a medicine and that he went to the burlesque show to gather sociological data.

UNEASINESS IN SPAIN OVER THE PORTUGUESE REVOLUTION

Valencia, Spain, Oct. 8.—Marked uneasiness is felt here following the proclamation of a republic in Portugal. Today civil guards patrolled the streets and a strong contingent was held in front of the quarters of the republican club.

The governor of Valencia ordered the removal of the republican flags suspended from the windows of the many republican and similar organizations. Troops were held in readiness for any emergency.

BRITISH MINISTER SAYS REVOLT WAS SUCCESSFUL

London, Oct. 8.—Sir P. Villiers, the foreign office early today that the republican revolution apparently had been accomplished and there seemed to be no reason to fear further violence.

The minister states the whereabouts of King Manuel are unknown to him, but he is assured that the monarch is safe. He is not, however, the minister adds, on a British ship.

A special dispatch from Lisbon says the fighting in that city lasted 40 hours, both parties showing extraordinary courage. There were many casualties before the monarchists finally joined the winning side.

ROYAL FAMILY IN FLIGHT WHILE THE REPUBLIC IS FACT

Monarchists Yet Have Hopes That They Will Be Able to Regain Control of Country.

King Manuel of Portugal, is today an exile from his capital, which remains for the moment, at least, in the undisputed control of the revolutionists.

Public order has been restored at Lisbon, and the populace are peacefully celebrating the advent of the republic proclaimed. Premier Teixeira De Sousa this afternoon formally relinquished the reins of government to Provisional President Theophile Braga and his associates.

This much is known from the few cable dispatches that the censor has permitted to go out of the capital and from wireless messages sent from vessels in the harbor. Of other events throughout Portugal little definite has been learned. Intense interest centers in the whereabouts of King Manuel and in the question whether the republic will endure.

His majesty is variously reported at Cintra and Casias and on board the royal yacht Queen Amelia, bound for the protecting shores of England. It is certain that the queen mother, Amelia, and the king's grandmother, the Dowager Empress Maria Pia, are on this vessel enroute for Gibraltar.

Communication between Lisbon and the provinces is severed and the attitude of the people in the country is in doubt. There are rumors of capitalist forcing civil war.

These cannot be confirmed, but the loyalists are said to cherish the hope that an uprising in the country districts will restore the monarchy.

WILDCAT BROKERS SWINDLE VICTIMS OUT OF MILLIONS

Mrs. Lafell Admits That She Is the "Pal" of the Alleged Brains of the Bunch.

New York, Oct. 8.—The federal authorities say that George Graham Rice, whose real name is Jacob Simon Herzog, an ex-convict and manipulator of wildcat mining stocks, was the genius and backer of R. H. Scheffels & Co.'s brokerage house, with offices here and in other cities which were raided a few days ago on warrants charging conspiracy to use the mails to defraud. These officials say the firm has taken more than \$5,000,000 from the gullible investing public.

Some of the remainder of the money taken from the public is being made by federal agents. It was said today that Rice had expended large sums on a woman of fine appearance who is known as the "pal" of the bunch. Rice was arrested last week and his husband of Edna Goodrich from his partnership with Rice. Goodrich allowed his name to be used in promoting the "Coalition," one of the Scheffels' stocks.

Rice had the brains. George Graham Rice, whom Government Agent Scarborough says is the brains of the concern, saw the throne, and made himself a king, and learning that there was a raid, jumped into his car and was whirled uptown to the residence of Mrs. Elizabeth or Bessie Lafell, who lives in luxurious apartments near Central park west.

Rice was arrested later, and according to federal agents, will be held in prohibitive bail.

"I freely admit I am a friend, rather a pal of George Graham Rice," said Mrs. Lafell to a reporter. "I am not in love with him, but I know him to be a splendid fellow.

"I don't care what any one says," cried the well-dressed woman to her eyes. "It is a shame to say I have received any of this money from him. I know that his wife, with whom he has been very unhappy, has received \$100,000 in stocks and bonds from him. He gave them of his own accord, I am sure. Any one can search my bank accounts and they will find I have only a little money."

Only Admit She Got Stocks.

Mrs. Lafell admitted she had bought several of the Scheffels' stocks, but only as an investor.

"No matter what happens," she continued, "I shall continue to hold what a good friend I have worth while. What little I have I'll want to help him out of trouble.

"I wonder what Nat Goodwin is doing. He is a good fellow. I wonder if he is helping his friend Rice. Goodwin got out of the partnership with Rice because Edna Goodrich was afraid he might lose some money, as he had a few shares of the stocks."

Bernard H. Scheffels, president of the firm here, hooked up with Rice, coming to New York and starting B. H. Scheffels & Co. In connection with this operation, Nat Goodwin, president of the firm of N. C. Goodwin & Co. Nat Goodwin of this firm is the actor. He came out in page advertisements, boasting of his success in getting into the market. Then the firm of B. H. Scheffels & Co. was incorporated with a capital of \$100,000. The treasurer was George Bowles, a race-track tout, who was associated with Rice in his race-track schemes.

Had 40,000 Dupes.

They began a career of advertising that was unprecedented, their principal operations being in Ely Central and Church, and the Ely Engineering and Mining Journal, at one time exposed the Ely Central as valueless. Rice started a libel suit which has not gone to trial. The firm had control of the market through Scheffels all the time.

Never did Scheffels suggest the sale of stocks for a down turn. There was a marked rise in the price of the stocks that the buying Scheffels would report purchases without having made any purchases and as these orders were accepted on small margins and in stocks which the firm had control of the market Scheffels would go out on the curb among his own trades and run the stocks down to a price which exhausted the margin.

George Graham Rice, or Herzog, is a son of one of the members of the firm of Herzog Bros. A year ago the father sent the son to Lima reformatory for the sale of stocks. Later LaFollette became a follower of the race tracks and established the firm of Maxin & Gay. They sold tips on horse races which were clearly fraudulent. The scheme was stopped when the postoffice department and Herzog was sent to Sing Sing.

REPUBLICAN LEADERS ARE NOW CENSURING THE NEWS

Madrid, Oct. 8.—Adventures of Portuguese capital the authenticity of which can be safely assumed, are meager. The report of continued fighting, however, is from a new source and may have escaped the notice of the intelligence is significant as putting a new light on the situation. Practically all of the dispatches from Lisbon last night conveyed the impression that the revolutionists were in complete control and the populace had accepted the republic as an accomplished fact.

is borne in mind, however, that just as the monarchy exercised strict censorship over outgoing dispatches previous to the outbreak of the revolution, the revolutionists, being in control of the cable and telegraph wires, are exercising a similar censorship of the present situation shall be made known to the outside world. Accordingly, further advices that may reach this city by the way of messenger are awaited with interest.

One dispatch, which came today by way of Vigo, declared troops faithful to the king still held important points last evening and the continued fighting during the night was expected. It was admitted, however, that the republicans had gotten the upper hand after 30 hours of fighting.

DEMOCRAT PRINTERY:
"The Work That's Different"

Buetow-Hanson.

On Tuesday, Oct. 4th, at high noon, occurred the marriage of Esther Buetow to Laurence D. Hanson, at the home of the bride's parents, Mr. and Mrs. Wm. Buetow.

Before the ceremony "O Promise Me" was sung by Mrs. W. H. Morris. While Lonegrin's wedding march was played by Mrs. C. W. Lindvall of Platte, S. D., and sung by Mrs. A. R. Davis, little Florence Grier, carrying the ring in a white-rose, and Helen and Blanche Grier as flower girls, marched down the stairs followed by the bride and groom, and the bride's sister, Miss Gertrude Buetow and cousin of the bride, Mr. Oscar Buetow, and took their places in the parlor, Rev. Corkey performing the ceremony.

Immediately after the ceremony the guests sat down to four course dinner, prepared by the bride's mother. The Misses Sophia Smith, Winnie Jones, Hazel McIntosh, Mary Grier and Marie Sutherland were table waiters.

The parlor was decorated with green and white, and the dining room with pink, white and green. The bride's costume was a blue princess gown of crepe de chine and she carried a bouquet of white carnations. The bride's maid was dressed in white and carried pink roses.

The Postmasters.

We really hate to publish the following, and if it emanated from a democratic source should refuse to do so. But since it is an editorial taken from the Dakota City Eagle, a republican newspaper, and one of the leading republican newspapers of Northeastern Nebraska, we feel that it is only a friendly act to call Senator Burkett's attention to the fact that his fences are out of repair in that direction.

The Eagle says:

The Burkett press bureau is keeping the postmaster-editors well supplied with editorial reading matter on what a great (?) representative of the people Slippery Elmer has been in congress. And the postmaster-editors each week publish this B-eautiful S-unshine because they are indebted to Senator Burkett for their jobs as P. M's.

We think that the Eagle's apologies are due to our esteemed friend Ross Hammond of the Fremont Tribune. He is not a postmaster. He is only an ex-postmaster and present collector of internal revenue. Also Frank Helvey, of press bureau fame, is not a postmaster, but an ex. He is also, by the way, superintendent of the census for the First district, and for certificates of his efficiency, as well as of his loyalty to Mr. Burkett and High Tariff, we refer all inquirers to the citizens of Lincoln.

And as to the general-in-chief of the Burkett brigade, those eminent reformers, Postmasters Thomas of Omaha and Sizer of Lincoln, they aren't even editors at all.—World Herald.
