SUICIDE WAS DUE TO ILLNESS

Post Mortem on Body of E. B. Philleo of Twin Falls Discloses Cause of Act

Was Suffering From Intestinal Disorder Which Would Have Been Fatal in Time

Idaho Statesman: "The post-mortem examination of the body of E. B. Philleo, the Twin Falls man, whose life ended so tragically Thursday, revealed the fact that he had been suffering from an acute abdominal malady, which, by its sudden severity Wednesday morning, drove him into a state of temporary mental aberration. It was during this period that he committed suicide."

"Karl H. Dixon, the new owner and editor of the Twin Falls News, with whom Philleo had become connected, was in Boise Friday evening and stated that Doctors Clouchek and Wilson, who had been called in the case, found upon investigation that a serious intestinal disease had been growing upon him for some time and that the canal had become closed in two places which meant ultimate death."

"Mr. Philleo was a person of the most happy sort of disposition," said Mr. Dixon last evening, "and the investigation of the physicians throws light upon an incident which otherwise would have been unexplainable to me."

"Mr. Philleo, together with his father, R. Philleo, of Wayne, Neb., had purchased a minority interest in the News from me a few days before, and it was the expectation that the former would assume the business management of the publication. He barely had entered upon his new duties when his sudden demise took place. He was taken to the Twin Falls hospital, where every effort was made to save him, abetted by a dogged determination upon his own part to recover. Just before his death he assigned all his property to his wife, except his stock in the Twin Falls Publishing company, which he transferred to his father. The senior Philleo will retain his interest in the newspaper, and will probably become even more closely identified with it. He is one of the directors of the new corporation."

Twice a Week Paper

"The News will be issued twice a week, beginning Tuesday, and will be developed into a daily within a short time. Improved services and facilities have been installed, and it was during this re-organization that the tragedy occurred. L. L. Spafford, formerly of the Statesman staff, has since been secured to act as business manager. The original plans for the enlargement and extension of the paper will be pursued."

"The father, wife and two children, accompanied the body which was shipped to Nebraska yesterday. The elder Philleo will return to Twin Falls within the month."

Superintendent Miller Was Bad

Interested parties at Hartington had Mrs. Miller and Miss Alta Miller mother and sister of County Supt. W. E. Miller, return from the west, and Miss Miller swore out a warrant for her brother's arrest, he pleading guilty to assault and paying a fine of \$75 and costs. It appears that W. E. Miller was supported by his father, and the girl by her mother, but the testimony of the women is undoubtedly correct and brands the brother as a coward and bully and a fit subject for the reformatory instead of showing the teachers how to direct the young ideas. Miller, you ought to go and hide yourself in a sewer.

Letter From the Auto Tourists.

Chicago, Ill., Oct. 14 1910

My dear Goldie:— In obedience to my promise made to you before we left Wayne, I will write you a few lines to give you and our many Wayne friends some information as to our trip to Chicago by automobile.

We left Wayne Wednesday morning and arrived in Omaha late that afternoon. We spent the most of the next day looking after some business matters. We got everything cleared up so that we were able to get away from Omaha about four thirty in the afternoon. We traveled as far as Logan, Iowa, where we stopped for the night. The hotel and garage accommodations were not of the very best, but we concluded it would be a wiser plan to remain there all night rather than travel over roads and country with which we were not familiar.

The next day I run took us to Ames in coming into the city, we passed the Ames College buildings. During the trip, we passed through a great many college towns and in most cases, a route led directly past the campus.

In addition to our route book, we had another means of keeping on the right road by following what is called the Iowa Trans Continental Route. A very good road of where it was necessary to take another road from the one on which we were traveling, we would find a sign of a telephone pole showing us the correct road.

Our route from Logan to Ames took us through a coal mining section and we met many miners on the road going to and from their work. Before reaching Boone, we came upon a broken down automobile over which two men were working. We stopped and gave them all the advice we had in stock but the four of us could not make the engine go at all. Jim took out a rope we were carrying in our truck, tied it to their machine and we pulled them into Boone, a distance of about three miles. By the time we reached the garage quite a few spectators had gathered around us. We were getting quite used to being stared at a great deal, so did not stop to answer many questions. When we would tell people we were on our way to New York, they would look at us with a feeling of awe and occasionally I thought it was with a feeling of sympathy and pity for us.

The only other incident to mar the day's journey or rather to break the monotony of the journey was the injurious finish of a dog that tried to bite a piece out of our machine. As near as I can determine we just about bisected that dog but, needless to say, we did not stop to learn the extent of the damage we had done. As a usual thing the animals were pretty well educated to automobiles and we met very few "road hogs" on the trip.

Our Saturday run was the best during the entire trip. For the most part the roads were in splendid condition and the weather conditions were ideal. One stage of the road was a 27-mile stretch of road running east for the entire distance over a splendid road bed. During the day or from eight thirty in the morning until a corresponding time at night, we had covered about 235 miles when we pulled into Clinton, two dusty, dirty and thoroughly tired tourists.

It was our intention to start out at about six o'clock the next morning, so that we would get into Chicago early in the afternoon. However, we discovered we had a broken spring at Clinton and found it necessary to spend two hours or more in getting this repaired. I might mention here that this was the only trouble we had during the trip. We ended up at Chicago with Nebraska wind in all four of our tires. We finally got started about nine o'clock and reached Chicago at six thirty in the evening. The day's run was over the worst roads we had encountered since leaving Omaha, but at that, our mileage for the day was over 150 miles.

I do not know of any more pleasant way to travel across the country than the method we used. I had thought that we would become very tired and completely exhausted after a day's run, but such was not the case. We saw so many interesting people and with different communities coming up, the journey is not at all monotonous. Of course the conditions as to the weather and roads were favorable for us. If we have as good luck the remainder of our trip from here to Rochester, we shall indeed consider ourselves very fortunate. We intend to leave here a week from Saturday for Rochester. If we reach there safe and sound I shall endeavor to drop you a letter, describing that part of the journey.

Jim joins me in best wishes to yourself and our Wayne friends.

Very Sincerely,
Fred M. Pile.

VERY WOMAN

Wants the Best

Don't be misled in regard to the quality of the suit you buy. When some one tells you that they sell just as good suits as the Wooltex suits just find out if they will gladly do these things if your suit does not prove satisfactory.

Will the suit be re-lined if the lining should wear out in two whole season's service?

Will the suit be replaced with a new one if it should fade?

Is the style guaranteed and the shapeliness permanent?

Not a sort of evasive promise, but a specific guarantee should be demanded. LOOK FOR THE **Wooltex** LABEL and you will have all these specific guarantys.

A Favorite Base Burner

Made The Favorite Way—good enough to bear this Mark—

It takes Experience to Make Favorite Stoves and Ranges

All the Name implies

It takes the most complete stove and range plant in the world—this is a recognized fact.

It takes the very best of materials and manufacturing methods.

It takes the most expert workmen—every man is a specialist in his line.

It takes originality and initiative—the makers of Favorites have set the styles. Others follow as close as they can.

It takes special machinery. There are many machines in the Favorite Stove and Range plant that are to be found in no other factory of its kind in the world.

It costs more to make patterns because the very best of material is used, and the highest-priced pattern makers are employed.

It takes expert skill and constant endeavor to keep Favorites in the lead—and there's where the makers have always kept them.

Come and see our Favorites, and when you have learned how good they are, and have compared them with other makes, they will be your Favorites too.

The Sperry & Hutchinson Green Trading Stamp Co., who operate the Premium Parlors at AHERN'S have combined with us in making a series of special stamp offers in connection with our bargain offers in Winter Goods that will make next week the busiest, biggest week AHERN'S have ever had. The S. & H. Co. will distribute thousands of free stamps among those who visit the premium department next week. They will have a special demonstrator here to explain their stamp-giving system to you and display the many new premiums that will be shipped in. AHERN'S will make scores of special offers of extra stamps and double stamps and special prices on many items in new winter Dry Goods, Shoes and Groceries. The new goods bought in Chicago last week will also be on display. You will save big if you do a big share of your winter trading at AHERN'S next week.

Start Now! Collect S. & H. Green Trading Stamps at Ahern's

Hundreds of thrifty families are collecting them now and securing innumerable valuable premiums absolutely free. YOU CAN DO THE SAME. Come in any day next week, a special demonstrator will explain the system to you and give every caller at the store a new book with 30 free stamps to start you. Examine the many beautiful and useful premiums on display. The fact that you can furnish a home complete with our premiums is the reason for the great success of the S. & H. green trading stamps.

Here are the Free Stamp Offers. This is How They will be Given Out:

30 S. & H. Stamps Free to Start New Book

Everyone visiting the store next week will receive free a stamp book with 30 free stamps on the first page. This offer is made to induce you to start a new book. If you have a book partly filled take advantage of this offer anyway—you'll be able to fill more books than one this fall.

10 New Stamps Free on Wednesday

Clip this Coupon and bring it to the store any time before November 15 and we will give you 10 S & H stamps for it.

ALL ABOUT TRADING STAMPS AND PREMIUMS

We give them to encourage you to do the biggest share of your trading at this store. If you and your family come here to do the big share of your buying I am ready to show my appreciation of your patronage by giving you a useful and valuable premium. All you have to do is think of and go to Ahern's first and oftenest to do your buying and I will give you a premium worth while. And in order that every one may be treated exactly right in receiving of these premiums I have adopted the trading stamp method of giving them but because the trading stamp system is the fairest way of regulating the giving of these premiums that has ever been found. By this method every family gets a premium just as valuable as their trade merits. There can be absolutely no favoritism or partiality shown. The family who trades \$100 worth will get premiums just exactly twice as valuable as the family who trade \$50 worth, etc.

And besides this guarantee of fairness to all there are several other reasons why the trading stamp system is much better for you than the ordinary way of premium giving.

FIRST—When you get your required amount of stamps you don't have to take a chair, or a set of dishes, or a rug or some premium for which you have no use—instead you bring your book in and take your choice from hundreds of fine premiums among which you are sure to find something you need and want. You can furnish a home complete with the premiums we give. You can see hundreds of these articles here at the store and we have a catalogue of many others any of which we will gladly order for you.

You are not asked to pay any money when you come to get your premium. Many stores give premiums for a certain amount of trade and a certain amount of cash to be paid when you get the premium, and the cash payment often is equal to the value of the premium you get. That is not

our way; we give the premium absolutely free, all you do is bring in your book of stamps and exchange it for any premium you select.

It sometimes happens that when you are working for a premium the store gives up the premium giving plan before you get the required tickets or punches on your card, or you move away and thus lose your chance. These disappointments are all overcome in giving the S & H Green stamps which we give because these stamps can be presented for premiums at any S & H Premium Parlor in the country and these parlors are to be found in thousands of towns and cities in every state of the Union. The Sperry and Hutchinson Co., are a million dollar corporation—they are the only successful trading stamp concern in the country and their pledges, and their stamps are just as good as gold. We have given premiums to many people who began saving stamps in other towns and who moved to Wayne before their books were filled. They finished filling their books by getting stamps at Ahern's and we gave them the premiums. If this store quit business next week your stamps would be just as valuable as ever because you could redeem them at any parlor. So there is no danger of ever losing your interest in any premium you are working for.

SECOND—The premiums which we give are much more valuable than those offered generally. This is possible because the S & H Co., who conduct the premium parlor in our store buy premiums in car load lots, in lots of a thousand and ten thousand for the parlors they operate all over the country and on account of their great purchases they buy at prices which I or no other merchant buying his own premiums could possibly get. You can see for yourself how much nicer and better these premiums are than

Double S & H Stamps With Ladies' Tailor Made Suits

Our stock of Ladies' Tailor Made Suits is now at its very best. Every new cloth and stylish shade is represented and the size assortment is complete. We can fit you and please you in a suit especially well just now. In order to induce you to buy your suit next week, while we are best prepared to serve you, we will give double stamps with every suit sold. Here is an opportunity to more than half fill your stamp book at one purchase. Fine suits at \$20 to \$25—cheaper suits at \$12.50 to \$17.50.

50 Extra Stamps With Every Pair of Shoes

The time is here for buying your fall footwear and just to get your special attention for our Fine Shoe Department, we will give 50 extra stamps with every pair of shoes sold next week. Our shoe department is a complete shoe store. We have shoes for women, children and men. Dress shoes, comfort shoes, work shoes, school shoes, storm shoes, and every pair guaranteed to give full satisfaction in style and wear or bring them back and permit us to make them good. The travelling public who look over our shoe stock say we show the most styles and the most up-to-date styles in footwear of any store in Northern Nebraska. Queen Quality shoes for women, Julian Kokenage shoes for young ladies', Kreider's shoes for children, Packard shoes for men. The best shoes at no higher price than you pay for ordinary kinds. Remember—50 extra stamps with every pair.

Double S & H Stamps With Every Pair of Blankets

Blanket time is here—these cool nights mean more covers and you will undoubtedly need a pair or two of blankets within the next few weeks. Buy them next week and get double stamps. In addition to getting the extra stamps you will get the best blankets and get them cheaper than you can buy them anywhere. There is a reason for this. These blankets are road men's samples which I am fortunate enough to secure on account of having travelled for the blanket department of the J. V. Farwell Co., for several seasons. These blankets are the pick of the whole stock and simply on account of having been carried in trunks as samples by the Farwell road men they are sold at a good discount to a few favored customers of the House. They are in perfect condition and they are genuine bargains. You can buy 11-4 all wool blankets for me for the same price you pay for a 10-4 size, elsewhere. The cotton blankets are proportionate just as cheap and they are all extra good blankets just as all samples are. There are hundreds of pairs to choose from and whenever you are ready, remember what a saving you can make by buying here. And remember double stamps next week with every pair.

Extra Stamps With Groceries

Our grocery department is now in charge of Mr. Benson, an up-to-date groceryman of several years experience. Your orders will get prompt, careful attention and there will be plenty of bargains for you every week. Get in the habit of buying groceries at Ahern's. You'll get them just as good and just as cheap, or cheaper, than elsewhere and you'll get trading stamps at a surprising rate.

10 free stamps	Lemons 30 cents a dozen
10 free stamps	Gallon Table Syrup 35 cents
10 free stamps	Baker's Chocolate 20 cents a cake
5 free stamps	Best White Tip Parlor Matches, 7 boxes for 25 cents
10 free stamps	Eagle Lye 13 cans for \$1.00
10 free stamps	1 case, 24 cans, Standard Peas, Corn and Tomatoes, assorted any way you like, per case of 24 cans \$2.25

ALL ABOUT TRADING STAMPS AND PREMIUMS

(Continued from opposite column)

the ordinary kind by coming into the store and looking over the hundreds of fine articles on display in our premium parlor. You will conclude just as hundreds of others have decided, that these premiums are mighty fine useful gifts well worth saving for.

THIRD—By the stamp system several families or friends can put their stamps together in one book and get a premium together. Members of churches, societies and lodges often take advantage of this feature of the stamp system to get furnishings for their church or lodge room or for gifts.

FOURTH—In the saving of trading stamps you get many chances to collect free stamps and double stamps and extra stamps if you will just watch the advertising of the Ahern Store and take advantage of the many special offers made. You will be surprised at how quickly you can fill a book, and get a premium, if you watch your chance at these special offers.

And it is worth while—don't forget that.

From the foregoing explanation of the trading stamp and premium system which Ahern's operate you can readily see what pains have been taken to make our giving of premiums fair to everyone—absolutely safe and well worth your attention.

Every customer of ours is going to get fair, just and liberal treatment in this plan just as we guarantee in all our business dealings. We are constantly alert for any good honest advertising scheme that will bring more people to our store—we have tried many but have never found one that pleased our customers better or brought us such a large share of their trade as the simple plan of giving them a good useful premium in appreciation of their business. If you will come in next week and get a stamp book we will put in 30 stamps free to start you out and take pleasure in showing you what a nice premium

you can get when you have filled your book.

Always ask for the stamps if we forget to give them. We are glad to give them but sometimes we forget. Regard them just as you would your change, they are valuable and you should have them.

You are entitled to a stamp with every 10c purchase whether you pay cash or produce. Customers having charged accounts can get stamps by paying their account every 30 days. We will give stamps at the time of settlement.

You are entitled to double stamps for all purchases made on Thursdays of the week. We give these extra stamps in order to induce as many as possible to trade on Thursday instead of Saturday, thus enabling us to wait on all better.

You are entitled to ten free stamps the last Wednesday of each month. The S & H Company give these stamps in order to get you to come to the premium display at least once a month and see the new premiums which are coming in all the time.

It is easy to fill a book of stamps if a family will just get the habit of collecting them. Every family spends enough money for groceries, dry goods, shoes and men's furnishings in a year to fill several books of stamps if they would just remember to concentrate their purchases at one store. Get the habit of coming to Ahern's first and see how well it pays. You are not requested to buy a dollar's worth of goods here that you can't buy just as good and just as cheap, or cheaper, than you can anywhere else.

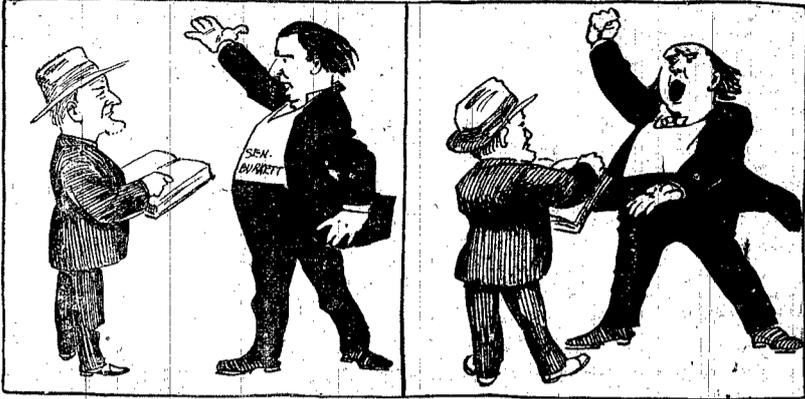

A shipment of new premiums are expected this week—mission rocker with upholstered seats, mission style hall clocks, new chiffoniers, new parlor clocks, beautiful big Xmas dolls, electric reading lamps and new cut glass pieces are among the good things coming.

AHERN'S

We want your Butter, Eggs, Lard, Chickens, Potatoes, Honey
We will pay you every cent they are worth and give you trading stamps with the goods they buy just the same as for cash

AHERN'S

Unanswerable Logic.

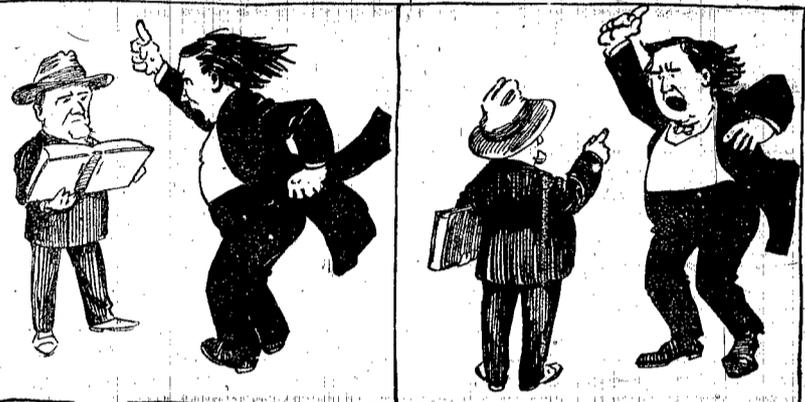

Farmer—Senator, I have here the congressional record for the extra session of 1909. On June 28 Senator Cummins introduced an amendment to the tariff bill reducing the tariff on barbed wire to \$3.00 per ton. You are recorded as voting against that amendment. Why did you do it?

The Senator—You star spangled banner floats over the land of the free and the home of the brave! Unsullied and unsmirched it flutters in the breeze and I dare any democrat to haul it down!

Farmer—On May 24 I see that you voted against an amendment proposing to put lumber, building material, tools and white lead on the free list. What were your reasons for this action?

The Senator—The boys of '61 freely gave their life-blood that this glorious nation might live and shall we stand silent while the ignoble democrats trample our liberties, thus dearly bought, in the dust? No! No! Thrice no!

Farmer—On page 2129 it says that you voted against an amendment putting farm implements of all kinds on the free list. How about it?

The Senator—The other day I stood on Ellis Island and saw 4,287 souls waiting at the gate of this mighty republican nation eager, trembling with impatience to be wrapped in the protecting folds of this glorious flag!

Farmer—A summing up of your votes for the extra session shows that you voted 70 times with that great agent of the interests, Senator Aldrich, and 88 times against him. How do you explain that half-and-half attitude?

The Senator—And what have the democrats done for the old flag? Nothing! Absolutely nothing! Except pay taxes to support it. And I dare any democrat to put his foot on the dear old flag. The dear old flag our fathers fought to save! The dear old flag!

State Normal Notes

Miss Lillian M. Jewell spent Sunday with friends in Randolph.

Miss Florence Bernard of Jefferson, South Dakota, was at home Saturday and Sunday.

Miss Vivian Campbell and Miss Mabel G. Butler, of Emerson have registered for work in the Normal.

The Seniors have organized for the year, and have selected Mr. August Nordgren, of Newman Grove, class president and Miss Alwine Luers of Columbus, secretary.

President Conn has appointed a committee from the faculty to make arrangements for a lecture course. It is thought that with the support that will be given from the city a good strong lecture course can be offered.

Mr. Fred J. Dimmel, of Winside, registered for work in the Normal last Monday. Mr. Dimmel is very highly recommended by Principal Bicknell of the Winside high school.

Mr. Arthur Hughes who is teaching his first school will enroll as a student at the close of his present term. Mr. Hughes will be remembered as a student in the commercial department of the Nebraska Normal College last year.

Miss Edith Beechel, a teacher in the primary department of the schools at Laurel, Nebraska, writes that she is planning to enroll in the Normal next year and complete the work of the advanced course. Miss Beechel graduated from the teacher's course of the Nebraska Normal College two years ago.

Professor J. M. Wiley took charge of the work in the commercial department Monday morning, and those who are interested in that line of work are assured of excellent instruction in shorthand and typewriting and other commercial subjects. Professor Wiley has had several years of very successful experience as a commercial teacher and he is regarded as one of the best penmen in the west.

The work in athletics is under as strict supervision as that of any other department of the school. No student will be permitted to take part in a game with any other institution who is not carrying a full program of work in the school and doing creditable work in at least three subjects.

Mrs. Bright is now busy getting the new reference books which are being received for the library, ready for use. President Conn has given the order for the periodical subscription list to the Grumiaux Subscription Company and the students now have access to all the leading magazines of the day. The five dollar entrance fee required when a student first enters school is used exclusively for the purchase of reference books, which means that the library fund of a state normal school is the best fund in the institution.

Professor Huntmer has arranged to have the Normal foot ball team meet Pender high school for a game at Pender on next Friday afternoon. This school will be represented by the following: Archie Mears, Milo McGee, Edmund Doering, Arthur Shultzeis, Cecil Graves, Clare Lamberson, Ed. Hesse, August Nordgren, J. A. Christensen, Kelly Gossard, Chester A. Foster, Waldo Hahn, Lloyd Gildersleeve, Axel Erlanson, Clyde Gahn.

The following item from the Ontario (Calif.) Record shows that it is hotter than usual in that warm country: 'Apple blossoms in October are not a common thing even in California. Geo. P. Goldie, of East A. street, however, has them in abundance. A few weeks ago a large limb broke off an apple tree in the Goldie yard and has been blossoming ever since.'

'Another victim of alcohol,' was the comment of a Washington D. C. correspondent, on the death of Senator Dooliver, last Sunday. The speaker was a member of the staff on a Sioux City paper and spoke as though he knew what he was talking about, that when in Iowa, Senator Dooliver was temperate in his habits, but that in Washington he worked day and night and was long on the booze.

W. H. Green, of Creighton, who was a candidate for lieutenant governor, and one of the most disgusted democrats in the state because Shallenberger was not renominated, and who has not been supporting Dahlman, publishes the following editorial in his last week's Creighton Liberal:

Opinions differ widely among those who went to hear the republican candidate for governor last week. The republican nominee gives four-fifths of his time to the democrats, and plainly says that if he is elected it will be democratic votes that will elect him.

Many people know very little about this mooted question, County Option, and if Mr. Aldrich had ended his speech when he got through with that feature he would have left a better taste in the mouths of his audience than he had when he had assured them that every booze fighter, gambler and other disreputable was supporting Mr. Dahlman.

To some of us who know that Dahlman did not carry the red light district of the 3rd ward in Omaha at the primaries, and who know that Tom Dennison, the worst gambler and all around law-breaker between the Mississippi and the Rocky Mountains is supporting Mr. Aldrich, it smacks of those fly-by-night religious exhorters, who are sure that they have a parlor car reservation straight through to Paradise, while those who refuse to come forward and ring up the ecclesiastical cash register are condemned to a box car ride to eternal damnation.

Invitation

Your presence and co-operation are requested for Our Second Annual Corn Show to be held at the Wayne Opera House, Nov. 9, 10 and 11. While we have named it Corn Show the exhibits will not be confined to corn alone but will include all the important products of the farm, and liberal premiums have been provided for the best exhibits in each class. Rewards will also be made for the best work in sewing and cooking by the girls of school age thus making our show an instructive and entertaining event for the whole family.

In order that the Corn Show may be a great success and that it may become a yearly institution your active co-operation is necessary. While the Commercial Club has provided a very liberal list of premiums and will do all the work necessary to have your exhibits well displayed, the real success of the show depends upon how many exhibits are brought in, and that depends on you. We ask you to read this premium list over, select one or several classes in which you can exhibit and then bring in the very best you have in these classes. We will take good care of your exhibit, have it well displayed and fairly judged and promptly deliver any premium which you win.

The list is so large and varied that every family should find at least one class in which they can make an exhibit. It is upon your exhibits that the success of the whole show will depend so bring in at least one exhibit and more if you can.

This Corn Show can be developed into a great educational and entertaining yearly event.

Good ideas for improvement in agricultural work are bound to come from observation and comparison of the exhibits and from the exchange of information which can be made so conveniently at such a time. Lectures by men and women trained in this work at our State University will also add greatly to the educational value of the show.

The success of such a worthy undertaking is worth a good effort by everyone of us. If you can possibly make an exhibit bring it in and we will do the rest of the work necessary to make the show a fine successful exhibition.

More Than One Member of the Same Family Cannot Contest for the Same Premium.

For Example—One member of the same family can compete for the prizes for the best 10 ears of corn, another member can contest for the prizes for the best 10 ears of popcorn, but both members of the family could not make entry for the best 10 ears of corn or popcorn, etc.

How To Get Your Premiums.

If you win any of the premiums listed in this book, the secretary will give you an order upon the business man who donated the premium and he will deliver it to you promptly upon presentation of your receipt at his place of business after the show.

How To Re-Claim Your Exhibit.

The Secretary and his force will remain in charge of all exhibits after the show and upon presentation of the receipt which was given to you when you entered your exhibit they will look up and return it to you. Except that all exhibits of grain, fruits, vegetables and cookery becomes the property of the Club and will be auctioned to the highest bidder on Friday afternoon, Nov. 11th, immediately at the close of the lecture.

When and Where to Bring Your Exhibits.

The opera house will be open all day Wednesday, Nov. 9th, and the secretary with his force of helpers will be there to receive your exhibits and place them in proper place.

For the convenience of those who will find it difficult to come on Wednesday, Nov. 9th, with their exhibits, the Commercial Club will arrange for a place to take in your exhibits any time from Saturday Nov. 5th, until the first day of the show, and any one bringing in exhibits prior to Nov. 9th will leave them at either Secy. F. A. Berry's office or at Hufford's Book store, and the Commercial Club will see that your exhibits are taken to the opera house and placed in proper place on exhibition.

Judge Moses Gives a Big Banquet.

One of the nicest, most enjoyable and intellectual social feasts given in our city was the banquet given by Judge H. H. Moses to "His Neighbors," at the Union hotel last Monday evening. The function was a return compliment for the big surprise party given the venerable judge the 12th of last July in honor of his 80th birthday.

The dining room and tables were gorgeously decorated in flowers, and bouquets for each guest at the place cards. An orchestra composed of Messrs Saulsbury, Crayen and Miss Voget furnished appetizing music as the guests assembled to partake of a delicious five-course dinner, which reflected great credit on the culinary ability of Landlord and Mrs. Bohner. W. H. Morris was toastmaster and toasts were given by Judge Britton, Dr. Wightman, Rev. Corkey and Judge Moses. These toasts were rare gems of speechmaking and delighted the listeners beyond expression. The guests present were Messrs. and Mesdames Dan and John Harrington, W. H. Morris, J. J. Williams, J. T. Bressler, Jas. Britton, H. Wilson, C. E. Smith, A. J. Ferguson, Frazz Moses, W. C. Wightman, Rev. Corkey, H. B. Jones and Judge Moses.

The matter of the petition, praying for the establishment of a public road on county line commencing at southeast corner of section 34, township 25, range 2 east, running thence west on section line four miles and terminating at the southwest corner of section 31 in same township and range, came before the Board for hearing. After hearing the facts and being fully advised in the premises the said Board finds; that the report of the appraisers, appointed to fix the amount of damages occasioned by the establishment of said proposed road, to be true. The said Board further finds that there are no damages to the property abutting on said proposed road, because of the fact that said road has been opened and traveled continuously for a period of more than ten years, thereby making the same a lawful road, and the Commissioners hereby reject each and all claims heretofore filed for damages occasioned by the establishment of said road, to-wit:

The Democrat is in receipt of an invitation to attend a musical jubilee given by advanced pupils of Instructor Otto Voget at the Auditorium, Norfolk, tomorrow evening. Miss Mary Mellor of Wayne is on the program for a piano solo.

Sheriff Mears was called to Hoskins last Thursday evening to take a couple of suspected bank robbers. Grant made a record drive in his auto and when he found his quarry had to hold them up at the point of his gun. Their description was similar to that of the two yegg men who blew up the Meadow Grove bank and who eluded the Norfolk police but after a little investigation they proved to be not the men wanted and were released. The two suspects arrested in Omaha were also found to have had no hand in the Meadow Grove attempted burglary.

Ben Elliott went to Omaha this morning to confer with the Guarantee Life Ins. Co. as to becoming an agent.

A letter from Wm. Skadden, Scotts, Neb., where he has been farming a year or two, says crops are not so badly dried out as was expected some time ago. Oats are turning out 15 to 25 bushels per acre and wheat 10 to 25, while corn is from 20 to 40. Fall wheat looking fine. Billy enclosed another year's subscription so that western country hasn't got him anywhere near broke yet.

John Eberhardt, of Stanton, was in Wayne Monday.

A number of the Wayne people have received invitations to attend a Musical Evening given by a number of the advanced pupils of Otto Voget at Norfolk on Friday. Mrs. Mellor and Miss Mary Mellor will attend, the latter being on the programme for a piano solo.

Mrs. James Ahern entertained a number of ladies Tuesday afternoon, complimentary to her sister, Miss Fride, of Kawanne, Ill.

Domestic Science Exhibits

NOTE:—The exhibits in Domestic Science must be made by girls of school age in order to conform to the regulations of the State Boys and Girls Association who will co-operate with us each year in giving this show. They are doing valuable work in this and a representative of the association will be present to explain this work on Friday, Nov. 11, when all the girls are urged to be present.

Requirements:—Only girls 18 years of age or under may exhibit in cookery. The exhibit must be the work of the exhibitor. She may have the assistance and instruction of anyone when practicing for the exhibit, but the bread, corn-bread, cookies or pies brought to the show must be entirely her own work.

Valuable assistance may be had by consulting the pamphlet issued by State Association. These pamphlets may be had from the teacher of your town or district school.

How To Enter Your Exhibits.

Take your exhibit either to the opera house Wednesday, Nov. 9, or to the office of Secy. F. A. Berry, or to Hufford's Book Store on Saturday Nov. 5, and the secretary will attach a numbered card to it. A receipt bearing the same number will be given you so that you can claim your property when the show is over. The number of your exhibit and your name will be entered in the secretary's book thus insuring the utmost fairness in judging as your exhibit will appear at the show with only a number attached and no other mark to give a clue as to the owner.

How The Exhibits Are to be Judged.

A judge from the Agricultural School at Lincoln will judge all the entries in agricultural products. A judge from the Domestic Science Department of the State University will judge the exhibits in sewing.

Admission.

In order that the opera house may be reserved for those interested, a small admission of 10 cents will be charged. All exhibitors will be given a pass which will admit them free to the show. This pass will be given when you enter your exhibit.

Where To Get The Pamphlets On Corn Growing and Domestic Science.

The State Association of Boys and Girls Clubs publish a pamphlet on corn growing which gives valuable information on how to select your corn and on what points corn is judged. Every boy of school age is urged to get this book. Call upon your district school teacher, or address a card to the County Superintendent and the book will be sent to you.

A book for the girls on cooking and sewing is issued by the same association. The girls will find receipts for bread, corn-bread, etc. also instructions as to how to make the aprons, shirt waists, and pillow tops which are to be given premiums at our exhibition.

The girls may get these books from their school teacher or by writing to the County Superintendent.

The Commercial Club urges you to get these two books. By following their suggestions you will aid us in getting our corn show in line with the work of the State Association and put us in shape so that next year we can get the benefits for you of their work along these lines.

To Our Farmers

The success of our Corn Show last year was due to the co-operation of our farmers with the Commercial Club. We want the Corn Show this year to be bigger and better than last year's. This can be done if our farmers will co-operate with us in this movement.

Your prosperity and our prosperity depends entirely upon the production of the land.

We are interested in increasing this production and raising the qualities of our products.

The Corn Show is one of the greatest helps to accomplish this end. You will inspire your neighbor to improve his crops by exhibiting some product of your farm which is better than his farm produced. You will be influenced to improve your own farming when you attend the Corn Show and see some farm products better than your own.

No one thing, tends to improve the quality of grains, than a comparison with that of other farmers, and an exchange of methods in the production of same, and this is the purpose of holding these holiday Annual Corn Shows.

Co-operate with us to make these Corn Shows a successful and permanent institution. You can do this by bringing in some of your best products to exhibit. The list of exhibits is very large and you surely can find at least one class in which you can enter, and a good lot of exhibits is what makes the Corn Show a success.

Winside News
From our Correspondent.
J. H. Prescott went to Sioux City Friday.
William Prince was in Wayne Saturday.
Sheriff Nears was on our streets Monday.
County Commissioner Farran transacted business in Wayne Friday.
H. E. Siman was a passenger for Sioux City this morning.
Jerry Marvin of McClusky, N. Dakota, arrived in Winside Thursday night.
Mr. and Mrs. L. S. Needham and Mr. and Mrs. F. S. Tracy automobilized to Sioux City Friday, returning the same day.
One of the indications of Winside's prosperity is the fact that within the past two weeks four carloads of apples have been shipped in and still it takes the price of a straw hat to buy three.
Mr. and Mrs. A. M. Hyatt left for Omaha the first of the week for the purpose of consulting a specialist on behalf of Mrs. Hyatt, whose health has been poor for some time.
The show Monday night was well patronized and gave satisfaction. The same company will present "The Girl of the Sunny South" here tomorrow night.
Sunday night considerable excitement was caused by the catching afire of one of the automobiles at the livery barn. After the car was afire, the boys succeeded in backing it out of the building into the street, where the fire department quickly extinguished the flames. The machine was not seriously damaged and will be in commission again in a few days.
From the Tribune.
Henry Smith and S. Olsen started for Canada last Monday where they will look over the land in that far north country. They expect to be gone about ten days.
Fritz Weible, who has been suffering very much from rheumatism again for the past few weeks, left on Tuesday, accompanied by his father, for some hot springs in a yearning to see if he could not get relief.
Wm. Kallstrom returned last Thursday from a trip to Bozard, this state, where he went to see his 12 year old boy, who is confined to the home for the feeble minded at that place. Mr. Kallstrom says that the boy is exceptionally healthy but does not grow at all and his mind is the same as it was three years ago when he placed him there.
Mrs. C. E. Long and children went to Norfolk Thursday to visit her mother for a few days, and where Mr. Long joined her later and they all left for their new home in Colorado. The many friends of the family in this locality earnestly hope that Mrs. Long will receive much benefit by the change of climate and regain her usual good health again.
Rev. Karpenstein will preach in the new Lutheran church in Winside next Sunday afternoon.
The Tribune received the wedding announcement of Mr. LeRoy Overman and Miss Cornelia Loyd, the happy event taking place Tuesday afternoon, Oct. 18. LeRoy was a resident of this county until he moved to White Lake, S. D., and favorably known. He is an honest and industrious workman and of good habits. The Tribune takes pleasure in extending best wishes for a prosperous and happy life.
Three Wayne boys, hardly out of their knee pants, came to Winside last Saturday night and some person (no doubt some one who shouts for an open saloon claiming it prevents bootlegging) got them two bottles of beer each. The boys then commenced a promenade of the streets displaying the booze with the result that they were quickly surrounded by a crowd of citizens who forcibly removed the beer from their persons and the marshal gave them the "get away" sign and they got.
Mr. and Mrs. Geo. Philleo are in Carroll today.
Harvest your bargains now. The crop is a big one at the Wayne Variety Store. A harvest home service will be held at the St. Paul Lutheran church next Sunday morning at 11 o'clock.
For Sale—4 business lots in Carroll, Nebraska, good location for livery barn, must be sold at once. For price and terms write, Alfred Moore, Stanton, Nebraska, or W. H. James, Carroll, Nebraska.
I will be in my new market on Main street about Tuesday, Oct. 25. Big opening sale on Saturday, Oct. 20, when free lunch will be served. Look for ad. in next week's paper, and don't forget to call the 29th.
Respectfully,
W. O. Hausen.
Harvest your bargains now. The crop is a big one at the Wayne Variety Store.
Mrs. Tegleberg and little daughter returned to Mead today.
Mrs. Morrison of Lincoln and Wood Jones are looking after their farms near Winside today.

OMAHA BOOSTERS
COMING TO TOWN
One Hundred on Trade Excursion
Covering Eastern Nebraska.

These are the members of the Omaha party coming here next week and the business firms they represent. They control a very large amount of capital and, while out to boost their own business, it will be noticed from checking up the list that they are men who are interested in many enterprises. Some of them are big Nebraska land owners; many own creameries, grain elevators and other industries in different parts of Nebraska. Thus the men who are to visit this city are closely identified with the big business enterprises of Nebraska and among those who either take the products of the farm and convert them into finished products for the markets of the world or are the sellers who supply the necessities and luxuries of life to the vast population out here beyond the Missouri.
The party will spend sufficient time in each town to meet the business men and the slogan of the party is "out to meet old friends and make new ones."
DeForest Richards, Omaha National bank.

Death of E. B. Philleo.
The sad death of E. B. Philleo, of Twin Falls, Idaho, was a great shock to his many friends in Wayne, as he had lived here from boyhood and was one of the most popular of our younger business men until his removal to Idaho a few months ago. For several years he was manager of the local telephone exchange. Having sold out this business, he went west on April 15th last, and on May 18th located in the growing and prosperous city of Twin Falls, Idaho. He was at first connected with the telephone company of that point, but had recently decided to enter the newspaper business, and on October 10th he entered the office of the Twin Falls News, as secretary and treasurer of the company.
On October 11th he returned from his work more cheerful than usual, but on retiring for the night he was very nervous and found himself unable to sleep. After unavailing efforts to find rest all through the night about 5:00 o'clock in the morning, he arose and entered an adjoining room where his two children, Rialto and Esther were sleeping, and brought his little daughter into her mother's room, saying he thought he could sleep better in the other room with the little boy. Early the same morning Mr. Philleo was buried to a local hospital where he died October 13th. A post-mortem examination revealed the fact that he had suffered from an intestinal contraction of long standing, which was indirectly the cause of his death.
Accompanied by his family and his

father, Mr. R. Philleo, who was in Twin Falls on business at the time, the body was brought to Wayne, arriving on Sunday morning, and the funeral was held on Sunday afternoon at his father's residence. The interment was at Greenwood cemetery. Ted, as he was familiarly known, was born in Blair, Nebraska, on September 26th, 1879, so that he was just a few days past 31 years of age. While he was still a child, in 1881, his parents moved to Ponca, and later, in 1887, to Wayne. Here he was brought up to manhood, attending the Wayne Public Schools.
On June 24th, 1903, he was married to Miss Alice C. Hyde at Brookings, S. D., and to them were born two children, Rialto and Esther. He united early with the Presbyterian church and always a faithful and earnest church member. On removing to Idaho, he transferred his membership to the Twin Falls Presbyterian church.
He leaves to mourn his loss his father and mother, Mr. and Mrs. R. Philleo; two brothers, Fred and George, and three sisters, Mrs. Epler of Wayne, Mrs. Norris, of Washington, D. C., and Mrs. Wilbur, of Hood River, Oregon. The relatives and his family have the sympathy of the entire community in their affliction, as Mr. Philleo was a kind husband and father, a loving son, and an energetic young business man with a life of the richest promise and with prospects of wide usefulness.
A delightful evenings entertainment—"The Man on The Box" at the Opera House on Thursday night, Oct. 27.

This Couple Long Married.
Savanna, Ill., has a venerable couple within its borders who Aug. 14th of this year, have rounded out 70 years of wedded life.
Mr. Roberts was born in Lockport, Kentucky, and Mrs. Roberts in Maine. They were married in Fulton county, Aug. 14th, 1845. Four children were born to them, one of the number still surviving, being Wm. Roberts, 8 months northwest of Wayne, who is 58 years of age, and in good health. This old couple have twenty-seven grandchildren, 57 great-grandchildren, the oldest being 10 years of age.
Mr. and Mrs. Roberts have resided in Carroll county, Ill. about 44 years. They came from Fulton county on the river and landed on the prairies where the Indians had a camp, and when they came to Savanna, Ill., there were but twelve houses there. The first railroad the couple ever saw was the Illinois Central, the rails were of wood with iron straps on them. This was 70 years ago. Mr. Roberts is 92 years of age and his wife 88. Both are feeble but apparently in good health and can give some interesting facts of the early days.
John Harrington went to Tekamah this morning.
"The man on the Box" is a success in every particular. The cast is excellent, the play is fine and the scenery seldom if ever equaled. At the Opera House, Thursday night, Oct. 27.
Herman Mildner went to Norfolk this morning.

James Ahern says that the great success of the trading stamp as a business getter illustrates one important fact, namely, "that it pays to give a customer a nice worth while premium in return for their liberal patronage. Of course I might do away with the trouble of handling the stamps and just send them all a nice present once a year, but with the business done here, I can't keep tab on everyone that trades with me and I might miss a good many of my best customers and that would hurt. By the use of the stamps everybody gets exactly what their trade deserves in the way of a present and as a result everyone is pleased." Two representatives of the S & H Green Trading Stamp Co. are in town this week to assist in making "special stamp week" at Ahern's a big success. The popularity of the stamps seem to depend solely upon getting people acquainted with what a good thing they are and these two gentlemen are here to help Mr. Ahern get them advertised.

Aug. Wittler went to Pierce last Friday on a few days business trip.
C. B. Thompson, Bev Strahan, Rudolph Wills and LeRoy Ley went to Sioux City Friday to see the auto races.
C. D. Perrin, superintendent of the Nebraska Telephone Co., was in Wayne last Friday, figuring on local improvements for the long-distance service. The switchboard will be enlarged and the general capacity made to correspond to the demands. The Nebraska Telephone Co. is evidently a differently managed corporation than most of them. The management apparently aims to please the public as well as reap a profitable business.

Mrs. J. M. Pile left Saturday morning on a visit to her daughter in New York.
The Democrat is getting out the Corn Show Premium list and it will be ready for the public Saturday.
Bur Cunningham of Bloomfield was a Saturday passenger for Omaha. Mr. Cunningham has leased his farm and moves to Bloomfield to reside, where he has property. He says he has as good a farm as there is in Wayne county and he certainly looks prosperous and mighty well fed. But perhaps that's because he has gotten on the Lord's side in politics.
A. B. Nichols went to Norfolk Friday night. This week he made his last trip for the King Solomon Co, going over to Iowa, and in a few days he and Mrs. Nichols will leave for Colfax Springs, Iowa, for the benefit of her health. Mr. Nichols expects later to go into the real estate business.
Ed. Ellis is going to open up his cafe Saturday. The restaurant will be in the rear room of the pool hall and will no doubt catch much trade.

BY DAD
To drive away the blues, a little booze might infuse, a new resolve to dare and do, things that a Dahlmanite goes through. However, temperance is the best, with which humanity is blest; the test of temperate thoughts to be, do good yourself, but don't "show me."
A special from Nellig to the Norfolk News says: "Boyd sentiment is growing." Same here in Wayne, only it is a sentiment that Boyd will not be even in wireless distance at the finish.
An exchange remarks that if Roosevelt had better eyes in his head, and fewer I's in his mouth his throat would not bother him nearly so much.
The Nebraska Liberal last week contained an account of a farmer who committed suicide; "found hanging to a windmill, was comfortably fixed."
Hartington Herald: Cheer up! If the quantity of Cedar county's population doesn't suit you, just think of the quality.
By dad, if the quality is all like the Miller family, whom you air-up two or three columns, worth, it is well you are short on quantity.
Shallenberger, it appears, is not boasting any for Jim Dahlman. No boost is a knock, and a knock is a boost, so there you have it.
Here's the way Bixby of the State Journal sings over the dry, dead bonyard of the capital:
Today my heart is sick and sore,
My soul is sad and wan;
There are no bright spots any more,
John Barleycorn, my John.
What scheme can mortal man invent
To straighten my drawn face,
When all the houses are for rent
In this unhappy place?
No life, no light, upon my word—
You know I wouldn't lie—
Our streets have narrowed by a third
Since Lincoln voted dry.
And John B. Wright, and Barwick, too,
And grand old David E.,
And other saints are feeling blue,
But none so blue as me.
The sun itself has ceased to shine
With its accustomed glow,
Which makes this sad old heart of mine
A wilderness of woe;
A barren place it doth appear
When David's bars are gone,
And not a damning thing do run,
John Barleycorn, my John.
If such a grand, moral majority of the people want prohibition why is it that W. J. Bryan can't find a speaking date?
There are more new automobiles in Wayne now than there are standpatters.
Editor Edgar Howard apparently feels much worse over the "shame" he has heaped upon Congressman Hitchcock than the latter does. Edgar is certainly a prolific penman when it comes to writing "obituaries."
Almost before we got over the effects of the drought inaugurated by the anti-saloon league, here comes the dry city council and doubles the price of water on us. Looks like back to the simple life for the Waynettes. Wonder if these wise men of the administration would permit us to dig wells? More likely they will make us drink gasoline. And that would serve us right, by dad.
The Madison Post says: "A girl always feels the need of higher heels before she notices any symptoms of a demand for higher thoughts."
Well, won't her higher heels raise her thoughts?
An estimate based on national expenditures shows that each one of us pays an indirect tax of \$11 annually. Just ask them, and some of those cheap skates over at Washington will make an 11-dollar bill, so you can pay it all at once if you want to.
Some of the women ought to wear their hobble garters lower down, to protect their ankles these chilly mornings. We have to advise them that the peckaboo season is past.
The high cost of living is getting severe jolts these days. Even the price of radium has been lowered so that you can now buy an ounce for \$56,306,009.32.
Dietz, the outlaw of Cameron dam, made a "damn good fight," anyway. Through fear of being considered lawless we refrain from making further remarks.
This is going to be a bad year for the democrats. Everybody is going to vote the democratic ticket and then lay all the trouble to the party.
One place where they made the auditorium too large. At Atlanta, Georgia, it was only half filled when Teddy made his speech.
Tama Jim's daughter is going to sing to help the republican ticket in Iowa. A different sort of notes might cut more figures.
Even Portugal may be sorry after it gets a republican party.
One hundred and twenty-three million, seven hundred and fifty-four thousand and railroad ties, worth \$60,321,000, were used by United States railroads last year. That's what a newspaper report says. Now, where in hades is the manager of the show troupe that counted them?
An automobile has been brought out in Europe light enough to be carried by two men. Just now the craze is for the kind that can climb a telegraph pole without any assistance.
When last Saturday's dailies arrived, containing the fac simile records of Congressman Hitchcock's dealings with Jos. Bartley, it looked as though it was all for the Omaha editor, and a substitute candidate for the United States senate was generally discussed. However, on Monday Mr. Hitchcock "came back" and most effectively, and taking all circumstances into consideration it appears that this whole matter was a black-mailing scheme of Bart-

ley's and Howard's. Take the letter from Howard to Hitchcock, in which the former agrees to keep silent under certain circumstances or considerations; then Howard's evident connection as a pal of Bartley's to procure his "evidence." Again, Congressman Hitchcock's bitter rejoinder to Howard's suggestion; something the World Herald man would never have dared been so emphatic about were he not sure of his ground. Mr. Hitchcock also states that he had heard of these plates being engraved, etc., and knew the dirtiest that Howard could do. The whole thing looks to the Democrat like a dirty conspiracy to ruin one of the best men in the country; a man who has "been up against it," nearly forced to the wall a number of times; got money from about every conceivable source to tide over the days of bankruptcy; but whose paper, the World-Herald has always been right. If it wasn't right in those dark days how was it that Edgar Howard's man, Metcalfe, who dominated every nook and cranny of the business, didn't give up his job and get into something decent in journalism—after Howard's pattern? The general impression and belief among all classes of people in the state—aside from the Omaha Bee and stand-patters back of Burket—is that Congressman Hitchcock has vindicated himself—what a miserable damphule he would be, now, if he hadn't been sure that he could—add that the whole scheme will fall back on the Burket crowd, the senator being one of the parties who succeeded in obtaining a pardon for the notorious Jos. Bartley.
The Cherokee Democrat is sorry there are only 80,000 people in jail when about 8,000,000 ought to be. If the cold snap, the ice man and coal man all hit us at once let's break in.
They have a new religion in Chicago, a kind with no hell in it. They don't need any hell—in Chicago.
If Roosevelt's throat is worn out it has probably been caused by the air escaping as well as too much "washing."
"It is time for the consumer to organize against exorbitant prices for the necessities of life," says an "exchange." That might be all right, but he can do better by hustling to get the price.
You can get ready for a clean sweep by the democrats Nov. 8th, but the republicans will join in the closing hymn and "stay for dinner." This is no party year, but one when the people get through being bamboozled by the Burket's and Browns.
School Notes
A few absent on account of sickness.
Newly enrolled pupils are Earl Rimel in the 8th grade, Herbert Barnett in the 7th grade, Ada and Eunice Phillips in the 4th grade, Eva Hughes in the 2nd grade, Bialto Philleo and Merlin Hughes in the 1st grade and Esther Philleo and Donald Wollert in the kindergarten.
Among the visitors within the last week were Mesdames Wightman, Orr, Norton, Mines, Beebe, Reynolds and Miller and the Misses Roberts.
The 9th and 10th grade girls realized over \$8.00 from their candy sale last Saturday.
The foot ball game between our high school boys and the Pender high school resulted in a 5 to 0 victory for Pender, but we are confident that if we could have had our strongest line up the victory would have been Wayne's. Our boys will have another game with Pender on Nov. 19th.
Examine the report your child brings home this week. Show the child you are interested in his school.
On Friday morning the 9th grade gave the following program with Hays Main presiding—Vocal Solo, Henrietta Moler; Gene Payne read Mark Twain's "Whitewashing The Fence"; Earl Schroeder recited Edmund Vance Cook's "How Did You Die?" and Esign Young played a violin solo.
On Wednesday morning Rev. Ringer spoke to the high school on the recent discoveries of 2000-year-old literature in northern Egypt. This literature is in the form of papyrus and teaches the investigator that Labor Unions, Strikes, Monopolies, Short-hand writing and Tariff laws existed over 2,000 years ago. The discussion of all this by Mr. Ringer was very interesting as well as instructive.
Foot ball next Saturday afternoon at 3 o'clock, at the fair grounds. Norfolk vs. Wayne. This will be a good game. Everybody come out and see it. Come out and root for our team. We have a good team and they merit encouragement.
Presbyterian Notes
"A Religious Awakening" will be the subject of the sermon at the Presbyterian church next Sunday morning. In the evening he will speak on "The Risen Christ."

Old Violins
And How They Are Made
It is claimed that the violins of the 17th century are the finest the world has ever known for tone quality. Why? The old violin makers selected trees from the upper Alps in Switzerland. After cutting the logs in proper lengths, they dropped them in sidways sliding down for two or three miles. The friction created from contact with the sidway caused the logs to become heated to such an extent that when they dashed into the water at the bottom the sudden change in temperature completed the preparation of the timber to be cut into thin strips for violin making. The claim is that this is what gave the tone to the timber or material from which they are made. Now a few words about
Wayne Flour
And How It Is Made
The most essential thing about the manufacture of flour is to procure raw material of superior quality. This we have done. The best KIND of wheat. The best QUALITY of wheat. The MOST PERFECT berry. Having all the necessary material with which to make flour, we proceed by thoroughly separating, cleaning and washing the wheat before grinding, after which it is bolted, dressed and ready for the packer. The flour is pure pearly white, having no superior and few equals. It makes flaky bread, splendid rolls, fine grained cake. Try it now.
We will give each newly married couple a sack of Superlative flour with the compliments of the Mill. Application must be made in person at the Mill.

If you are interested in a HOME we want you to write us.
There are a few free Government homesteads left but they have been picked over and are quite a ways from town. We have several fine, cheap, relinquishments, both in Dakota and Nebraska.
Over 500 hundred homesteads have been taken here in the last two years so you can see that this is to be a genuine farming country in the very near future. We raise Oats, 25 to 50 bu.; Wheat, 20 to 30 bu.; Rye, 30 to 50 bu.; Speltz, 30 to 40 bu.; Corn, 25 to 45 bu.; and Flax, 10 to 20 bu. Our Alfalfa is second to none in quality and yield. Small Fruit of all kinds yields enormously. We also raise large fruit. Potatoes yield from 150 to 300 bu. per acre. We do not irrigate and although this has been a dry year we have raised some fair crops. The average rainfall for the past five years, this year excepted, is 26 inches. Write us, we will be glad to give you all the information at our command.

National Light Kerosene

Is just as good as ever. The demand for high grade oil increases as the season advances. The unsatisfactory results of using cheap, low-grade oil, it's users can best explain. Use a product for which you will have words of praise. National light is an oil of merit. No smoky chimneys or bad odor—just a clear, steady light. Sold in any quantity from one to 50 gallon. 8,000 gal. to arrive in 10 days

Fairy Crackers

Iten's Fairy Crackers have solved the cracker problem. New, crisp and wholesome; packed in 7-lb cans for family use. Arrive fresh from the bakery every three days. It's the safe kind to buy—always fresh and cost less than the ordinary kinds.

Cash Specials

Bold Hold-Up Last Night.

While on his way home last night near the German Lutheran church, having escorted Miss Baker to her home, Geddes Sherban was held up and robbed by a strange man, the amount taken being a dollar in silver. The footpad stopped Geddes and went through his pockets but overlooked one containing a larger sum. The best description the young man can give of the highwayman is that "he looked like Fred Bear shoot," which is worth a dollar on Fred.

Fake Veterinary Slaughtering the Horses at Winnebago.

Hellsapping down at Winnebago, according to W. L. Ross, who returned from there last Wednesday, Mr. Ross was called to Winnebago by his son who farms near that town, to help investigate an alleged veterinary who had condemned and shot a fine four-year-old horse belonging to the young man; and who likewise had shot ten other horses for neighbors and had thirty more animals condemned for slaughter before he, the veterinary, was stopped in his wild career. The authorities at Washington were called into action and the state veterinary ordered to investigate and not one of the condemned horses were found diseased, and three of the carcasses were dug up and no signs of glanders or infectious disease, found. The alleged doctor was locked up and there was talk of great violence and most anything in the nature of a riot expected to happen when Mr. Ross left for home, and he has been wondering why there has been nothing in the papers as to the outcome of the affair.

Jumps From \$85 to \$175 Per Acre in Four Years.

The biggest speculation in a piece of Wayne county land that the Democrat has heard of is the 320 acres south of town purchased four years ago by W. O. Miner from John Beal at \$85 an acre. This is one of the best and most productive farms in the state and last week Mr. Miner had a bona fide offer of \$175 an acre for it, which he refused, as he and his son, H. J. Miner, consider it worth two hundred plunks. What do you know about these "suckers" from Illinois coming out here and beating the old pioneers to it in that manner.

Altona News.

J. G. Bergt returned from his Texas trip and says Nebraska is good enough for him.

Chris Gosh went to Blair Wednesday on business and from there to Omaha.

Mrs. Treudler moved her stock back on her farm, after having lived with her son-in-law, Chris Holst, awhile.

Mrs. W. Luecken and daughter Elsie returned from a visit to Dodge county Saturday, and immediately upon arriving home, the little girl fell and broke her arm.

Peter Matz was in town Thursday, getting the belongings of Amille Moselman from the Hogreife house. He says that Amille and he will get married very soon.

Mr. and Mrs. Geo. Berres and Miss Bertha Thies visited Mr. and Mrs. William Joseph in H. Milton county last week. Mrs. Joseph will be remembered as the former Mrs. Rev. Shillz, of the German Lutheran Church near Altona.

W. B. Vail was in Worthington, Minn., Monday and sold a 240 and a 160-acre farm in that vicinity.

Swell is no name for those beautiful new shape hats just received at the Misses VanGilder parlors.

Perry Hughes and Art Garwood are also among the very sick, the latter having typhoid fever and a professional nurse being here from Sioux City to care for him. Last night his fever was up to 104.

Some of these pure food experts could find a prolific field here in Wayne, determining whether it is eggs or spring chickens the farmers are bringing in for hen fruit. In a 2-dozen package the other day we found six that had evidently been laid by a polecat. Heavy fines have been laid on egg dealers in various towns of late and we need eagerly the same punishment here.

Just received a new invoice of hats in the large shapes; satin and velvet, and tailored and trimmed turbans.

THE MISSES VAN GILDER.

Phil Sullivan was a passenger from the west to Sioux City yesterday. Phil looks blue and is having his early.

Miss Grace Howser, daughter of Mr. and Mrs. A. L. Howser, was married yesterday at the home of her parents in Witten, S. D., to Walter Blazer of this county.

Harvest your bargains now. The crop is a big one at the Wayne Variety Store. Mrs. Dan Harrington and Mrs. John Sherbahn were among passengers to Sioux City this morning.

Atty. Siman and Harry Prescott were Winside passengers to Sioux City this morning.

Geoff Hoguewood went to Sioux City yesterday.

Emil Sydow and Louis Thies went to Omaha this morning to buy a bunch of cattle.

Dr. Miner, who visited his father and other relatives here, returned last week to Independence, Kans.

W. O. Miner and son, H. J. left this morning for Monroe county, Wis., where they have a 400 acre farm that they expect to dispose of.

Notice the great ad of Ahern's? They are certainly preparing for a big week next week. Bargains, new goods, double stamps, free stamps. If you appreciate such attractions you'll surely be there next week.

Mr. and Mrs. L. A. Fanske were arrivals last evening. Mr. Fanske probably thought he had landed in a mule market, from the treatment accorded him, but the boys—tack-heads—had to have what they consider their fun.

The young son of Mr. and Mrs. Herman Henny was been seriously ill since last Sunday evening with severe stomach trouble. Last night Dr. R. E. Coniff came up from Sioux City to consult with Dr. Williams on the case. Mrs. Henny's sister, Mrs. Chas. Flaughter of LeMars, was also an arrival last night. Dr. Coniff said this morning that the patient was a very sick boy, and not being very strong his sickness will go hard with him.

J. J. McCarthy and J. C. Ecker were east-bound passengers this morning. These eminent politicians were of the opinion that Edgar Howard had eliminated himself from state politics and that Hitchcock had not been injured in the least, although the Ponca statesman said it would have been better for the World-Herald editor had he not made his denial to Howard's first charge quite so emphatic or Rooseveltian in speech.

Mr. and Mrs. M. S. Davies surprised relatives and friends by coming home from Rochester, Minn., last Saturday. Prof. looks like his old self again and is a pretty good demonstration of how Mayo Bros. rebuild the body so that a man can "come back."

There is considerable sickness in town which is probably due to the extremely warm weather of the past two or three weeks. The younger members of the Frank Powers family are ill with what threatens to be typhoid fever. The J. Dornberger family have several sick members. Dr. Lutgen has been seriously ill but reported a little better. The only child of Mr. and Mrs. Henny is giving his parents serious concern.

We hope readers of the Democrat will not be disappointed because we have not gone into the distressing details of the tragedy that befell a prominent Wayne family the past week. Surely such an affliction is enough for a sorrowing wife, children, parents, brothers and sisters, without newspapers making such matters harder to bear, simply to satisfy the curiosity of the public. In the everyday events of our existence we may fight and abuse each other to little or no purpose, but in the presence of a death so shocking and so full of bitterness to the living, it's a cold-blooded, unfeeling individual who would add to their grief instead of doing what little is possible to alleviate it.

When you "eat at Ed's" you get that well fed feeling.

Mrs. P. H. Kohl and daughter were in Sioux City Saturday.
