

A SUCCESSFUL TENNIS MEET

Northeast Nebraska Association Closes Best Meet in History at Wayne. Fast from Firsts to Finals.

GREAT INTEREST IN THE GAMES

Last evening when the sun went down the 19th annual tournament of the Northeast Nebraska Tennis Association finished the finals, and the visitors were awarded their well-earned prizes. The attendance was the largest in the history of the organization.

Tuesday evening the local association tendered a banquet to those participating in the games, and a social hour was passed about the tables at the Vibber Cafe. L. A. Kiplinger made a happy address of welcome to the visitors in which he gave and sought "consolation." He was responded to by several of the guests in a happy manner. At the business meeting which was held at that hour, Norfolk was named as the place of holding the next annual meeting. Rev. Pearson of Schuyler was re-elected president and Sam Erskin of Norfolk secretary-treasurer. The following resolution of thanks was unanimously adopted by a rising vote by the visitors:

"We, the visiting players of the Northeast Nebraska Tennis Association, wish to express our appreciation and gratitude to the Wayne tennis association, to the merchants and to other citizens of Wayne for their hospitality and royal entertainment, who have made this 19th annual tournament a pronounced success.

Therefore, we extend a vote of thanks to the Wayne Tennis Association, to the merchants of Wayne and all others who assisted in our entertainment."

The Winners

Singles—Championship Cup, F. M. Druliner, Madison. Championship Round, F. M. Druliner, Madison. Runner-up Championship Round, Sam Erskin, Norfolk.

Doubles—Championship Cups, Frank Morgan and Fred Pile, Wayne. Championship Round, Roy Grosvenor, Walthill and W. F. Wenke, Pender. Runners-up Championship Round, N. A. Huse and J. S. Mathewson, Norfolk.

Junior Championship Championship Cup, Victor Henry, Wakefield.

Consolation Singles—Ray Grosvenor, Walthill. Runner up, Arthur Schmidt, Madison.

Consolation Doubles—Harry

Fisher and Paul Mines, Wayne. Runner up, E. F. Pearson and Dr. Johnson, Schuyler.

DOUBLES

First Round

Balzell and Pearson of Stanton defeated Pearson and Johnson of Schuyler, 4-6, 6-3, 6-3.

Eby and Robinson of Hartington defeated Carlson and Henry of Wakefield, 6-4, 6-3.

Druliner and Hobbs of Madison defeated Garlock and Tweedy of Rosalie, 6-1, 4-6, 7-5.

Rosewalk and Erskine of Norfolk defeated Kemp and Beebe of Wayne, 6-2, 6-2.

Huse and Mathewson of Norfolk defeated Kiplinger and Main of Wayne, 6-3, 6-3.

McClenanah and Schmidt of Madison defeated Ellis Brothers of Bloomfield by default.

Second Round

Wenke and Grosvenor defeated Bolzell and Pearson, 6-4, 6-3.

Druliner and Hobbs defeated Eby and Robinson, 2-6, 6-4, 7-5.

Huse and Mathewson defeated Erskine and Pasewalk, 2-6, 7-5, 6-0.

McClenanah and Schmidt defeated Fisher and Mines, 3-6, 6-3, 8-6.

Third Round

Huse and Mathewson defeated McClenanah and Schmidt, 6-2, 1-6, 6-0.

Menke and Grosvenor defeated Druliner and Hobbs 6-8, 6-3, 6-4.

Finals

Championship Round

Menke and Grosvenor defeated Huse and Mathewson 8-6, 6-3, 6-3.

Challenge Round

Morgan and Pile defeated Wenke and Grosvenor 6-3, 6-2, 6-3.

CONSOLATION DOUBLES

First Round

Pearson and Johnson defeated Mathewson and Summers, 6-0, 6-1.

Fisher and Mines defeated Kemp and Beebe, 6-3, 6-4.

Kiplinger and Main defeated Carlson and Henry by default.

Second Round

Fisher and Mines defeated Kemp and Beebe 7-5, 6-4.

Finals

Fisher and Mines defeated Pearson and Johnson 6-3, 6-4.

McClenanah of Madison defeated Mathewson of Walthill by default.

Robinson of Hartington defeated Mackenstadt of Winnebago by default.

Pearson of Schuyler defeated Summers of Walthill 6-3, 6-1.

Racely of Pender defeated N. A. Huse of Norfolk, 6-2, 6-4.

Henry of Wakefield defeated Fisher of Wayne 6-4, 7-5.

Garlock of Rosalie defeated Woicneck of Bloomfield by default.

Druliner of Madison defeated Main of Wayne 6-1, 6-1.

First Round

McClenanah of Madison defeated Robinson of Hartington 7-5, 1-6, 6-0.

Erskine of Norfolk defeated Pearson of Schuyler 6-0, 6-0.

Wenke of Pender defeated Dr. Johnson of Schuyler 6-0, 6-4.

Dr. Eby of Hartington defeated Schmidt of Madison 6-0, 6-1.

Pasewalk of Norfolk defeated Ellis of Bloomfield 6-0, 6-0.

Bolzell of Stanton defeated Pearson of Stanton 6-0, 6-0.

Pile of Wayne defeated Grosvenor of Walthill 6-1, 5-7, 6-4.

Kemp of Wayne defeated Hobbs of Madison 2-6, 6-3, 7-5.

Henry of Wakefield defeated Racely of Pender by default.

Druliner of Madison defeated Garlock of Rosalie 6-0, 6-1.

C. Ellis of Bloomfield defeated Kiplinger of Wayne 7-5, 6-1.

Carlson defeated Beebe 6-4, 6-2. Morgan defeated Bosse by default.

Third Round

Erskine defeated Wenke 7-5, 7-5. Pasewalk defeated Pile 6-4, 4-6, 6-4.

Druliner defeated Mathewson 3-6, 6-1, 6-1.

Carlson defeated Morgan 8-10, 6-3, 6-3.

Semi Finals

Erskine defeated Pasewalk 6-3, 2-6, 6-3.

Druliner defeated Carlson 6-3, 2-6, 6-3.

Finals

Druliner defeated Erskine 6-4, 3-6, 9-7, 6-4.

CONSOLATION SINGLES

First Round

Hobbs defeated Tweedy 6-3, 6-2. Morgan defeated Johnson 6-2, 6-2.

Huse defeated Pearson by default. Grosvenor defeated Mines 6-1, 6-8, 6-1.

Summers defeated Robinson by default. Fisher defeated Garlock by default.

C. Mathewson defeated Main 6-4, 6-4.

Schmidt defeated Kiplinger 6-4, 6-4.

Second Round

Morgan defeated Hobbs 6-1, 6-2. Grosvenor defeated Huse by default.

C. Mathewson defeated Summers 7-9, 13-11, 10-8.

Schmidt defeated Fisher by default.

Semi Finals

Grosvenor defeated Morgan by default.

Schmidt defeated Mathewson by default.

Finals

Grosvenor defeated Schmidt 6-4, 6-0.

JUNIOR CHAMPIONSHIP

First Round

Hobbs defeated Main 6-0, 6-0.

Finals

Henry defeated Hobbs 4-6, 6-2, 6-1, 6-1.

Gettman-Witten

At the German Lutheran church at three o'clock, Friday, July 12, 1912, will occur the marriage of Miss Anna Marie Gettman and Mr. Henry Angelus Witten of Douglas, Washington, Rev. Karpenstein will officiate.

The bride is the daughter of Mr. and Mrs. Hiltrich Gettman of this city and is most favorably known to a large circle of friends. The groom is a young man who has made his home in Washington for a number of years, but who formerly lived in Nebraska. He is a successful farmer, and has the qualities of a true man. After visiting in this and states east of here for a month or so the bride and groom will depart for their home in the state of Washington. They will have the best wishes of many friends here and in their western home, where both are known.

Stock Shipments

The past week has been a lively one in stock movements from here but there are now but few cattle in this vicinity ready for market, and the feeders are beginning to gather in some younger animals to fatten next fall and winter. Ted Perry brought in two loads from Sioux City the first of the week.

The outgoing shipments were all to Sioux City, and consisted of 7 cars of cattle by John Shannon on the 4th and 4 cars on the 7th. On the latter day F. M. Griffith shipped 5 cars and Ted Perry 6, making a total of 22 cars of cattle. Of hogs Strahn & Kingsberry shipped 2 cars, Stemon Goeman 2 and W. Beutow, A. M. Jacobs, Ed Hageman, Perry & Gildersleeve and D. A. Jones each one car, total of 10 cars.

Gun Club Score

Following is the official report of the preliminary shoot held Wednesday, July 10th.

Berry.....23
Miner.....21
Lowry.....16
Wiley.....18
Reetz.....16
Baker.....47 out of 50

Mr. Baker representing the U. M. C. Cartridge Co., dropped in town and gave the boys a few pointers. Mr. Baker states that we have one of the best clubs in Northeastern Nebraska.

The Birthday Celebration

It was a very well-behaved birthday party of several hundred people who gathered at the court house yard last Thursday in honor of the 136th anniversary of our beloved old Uncle Sam. It was a safe and sane party, divided into numerous small groups while rations were being served. When this part of the picnic was over all gathered on the spacious lawn in front of the Herman Henny home and listened to a program of music by the Choral Union and the Normal quartette and of speaking by several citizens.

Rev. Gorst offered an eloquent prayer, Judge A. A. Welch spoke of the freedom of today, comparing it to what the people thought was a great grant of liberty but a few generations ago, and showed conclusively that there were progressives who preceded the progressives of this day, blazing a path from the dark ages down to the present. Prof. I. H. Britell spoke for a short time, directing the thought of those listening to the educational and patriotic side of the questions of today.

The committee had a very neat program, which was not all put on for want of time, but they had some very interesting races, and amusing to spectators, and enjoyed by the boys participating. There were about a dozen entries in each event, and no one had a cinch on the prizes. In the potato race, R. B. Berry won first place and Raymond Gildersleeve second. First money in the sack race was earned by Parke Taylor and John Marsteller was a close second. The 3-legged race was amusing, and was won by Denver Perry and Joe Ringland first and Parke Taylor and Harry McIntosh next. The first place in the 50 yard dash was won by Raymond Gildersleeve with Harry McIntosh second.

Nearly all then went to the ball park to see the national game, which was played by Wayne and Winside. It was very closely contested from start to finish and was won by Wayne in the last half of the 9th, when they made one score, breaking a tie of 3 to 3. In the evening there was a grand display of fireworks which was witnessed by a great crowd of citizens, a fitting close for a sane Fourth of July celebration. There was not the crowd nor the fuss and hurrah of a great celebration; nor was there so much of that tired feeling the next day. Whether the Wayne celebration was a success or not depends upon what one considers a successful observance of this big day.

Another Villisca Suspect Arrested

No one who was at or near Villisca on the fatal night when the Moore family was murdered is being overlooked, as the following dispatch from Chicago shows:

Chicago, July 10.—Otto Mattushek, 25 years old, was questioned today by the police concerning his knowledge of the Villisca, Iowa, murders when eight persons in the home of J. B. Moore were killed by an unknown assailant early in June. Mattushek was taken in custody on dispatches from E. F. Karnes, marshal of Villisca, to arrest and examine a man who would call for a valise checked to Chicago.

When questioned by the police Mattushek declared that he was employed as a telegraph lineman 10 miles distant from the Moore house when the crime was committed.

"I had nothing to do with the murderers," he declared. "I was 10 miles away at that time. I'll go back if they want me, but they can prove nothing against me."

The police were informed that an officer from Villisca would be sent for Mattushek.

Could Not Hold a Rocket

Carl Noelle had his right hand quite badly injured the evening of the Fourth while shooting some fireworks at the home of C. Nuss in this city. He thought that he could hold a rocket in his hand and fire it, but learned his mistake too late. The rocket shot down and tore his hand and burned his arm quite badly as far up as the elbow.

He had the arm dressed by a physician immediately, and it is getting along nicely, but he will not be able to work for several weeks yet.

About Base Ball

And the winning streak keeps up. Eleven out of the last twelve games to our credit. We lost to Carroll Tuesday but the team was badly crippled that day, Carey being under the doctor's care and Shellington having to retire from the game in the third inning on account of a bad wrench sustained by his ankle. The hardest game we have had this year, against the strongest all-round ball team we have met, was the one played at Pierce yesterday. For eleven innings the score stood one and one with both teams going the limit to avoid any slip which might cost a single score. In the eleventh Knight got a clean two-bagger, Depew scored him with a well placed hit; Hunter advanced Depew to third and Cress brought him home with a sacrifice fly. Pierce made a desperate attempt to overcome this lead of two scores and did get one but with men on third and first the last batter hit a grounder to Cress who slipped over to first for the third out and we won, 3 to 2.

Pierce will be here next Thursday and you'll see two real ball teams and a real game. Don't miss it.

The game with Winside July 4th was exciting enough to please everyone. Both teams played good ball, and it was anybody's game until Cress and Carey hit safely in our last half.

Randolph comes down Friday and we hope to dispel the old hoodoo which has kept us from winning the majority of games from this club during the last three years. They seem to play better ball against us than any club they meet, but we don't believe their best will be half good enough this year.

Don't miss the Indian game Saturday and again next Tuesday. The Walthill management is trying to get Walker and Johnson as a battery for that day. Walker is a catcher most of us have seen and he is a star. Johnson is the pitcher who has been getting so many favorable press notices for his pitching this season. They are both Indians and will be supported by an able team of Indian ball players. They play Saturday and return next Tuesday for another game, so that the business men will have a chance to see them.

Remember, only two games at home next week, Tuesday against Walthill, Thursday against Pierce, both crackerjack games. There will only be twelve or fifteen more games on the home grounds. If you enjoy this great sport, better get out to all the games now while the team is going at its best.

The game with Carroll Tuesday was played under the supervision of one of the tennis cracks who were with us this week—Mr. Summers of Walthill. In our estimation, this gentleman is a very capable umpire, having perfect con-

trol of the players and his brier pipe at the same time. His influence over the spectators was not quite so strong, however, there being several in the grand stand who were endeavoring to incite the audience to go and support Mr. Summers from the field on a stretcher. These rooters were visiting tennis players, and Mr. Summers informs us that they were not taking exceptions to his umpiring but were revenging themselves for the defeats they had suffered at his hands in the tennis tournament. Mr. Summers refrained with great dignity from exhibiting any displeasure at their reprehensible conduct. The incident leads we base ball fans to regard tennis as a very rowdy pastime.

METHODIST CHURCH

(Rev. Wm Gorst, Pastor)

A goodly number of people have responded to the call for our annual Benevolences sent out in June. A very few responding have given less than the quarter asked, about an equal number have given more and if all will make their subscriptions at once in like manner we shall soon be ready to report to Conference in September.

The Women's Missionary societies will meet with Mrs. Crossland at 2:30 p. m., tomorrow (Friday).

Next Sunday morning District Superintendent Hosman will preach at the church and in the evening he will preach at the union services on the court house lawn. While in the city Mr. Hosman will be the guest of Mrs. Phillips at the Eph Cunningham home.

Mrs. Edith Smith Davis, superintendent of Scientific Temperance Investigation and of Scientific Temperance instruction—World's and National W. C. T. U., will speak on the court house lawn at 6:30 p. m., Sunday evening, July 21. She is one of America's greatest women. Don't fail to hear her.

Democratic County Convention

The democratic and progressive voters of Wayne county, Nebraska, are hereby called to meet in mass convention at 3 o'clock p. m., at the court house in Wayne for the purpose of selecting eight delegates to the state convention which is to meet at Grand Island July 30, elect members of the county central committee and transact any other business that may properly come before the convention. You and each of you are urged to attend that every precinct may be represented.

H. C. BARTELS, Chairman.

F. M. PILE, Secretary.

The Cradle.

BECKENHAUER—Tuesday, July 9, 1912, to Eph Beckenhauer and wife, a daughter.

Old papers for sale at this office.

The Nicest Tooth Paste

we ever saw

Nyidenta Cream is the most delightful and effective tooth cleanser and preservative you can possibly use.

Nyidenta enters the crypts and crevices of the teeth—even where the bristles of the brush fail to go—prevents fermentation and inhibits the growth of disease germs upon the mucous membranes of the mouth.

Nyidenta Cream is a prophylactic and preservative—it supplies the cleansing elements necessary to tooth preservation, elements that are found in the normal secretions of every mouth but always absent in the presence of decay.

It hardens the gums, protects, whitens, and polishes the enamel of the teeth—sweetens and perfumes the breath.

There is absolutely no waste to Nyidenta—it is clean and economical.

The man who ate the first raw oyster, or the first man who ate a raw oyster, is described as a hero.

Norfolk's mayor will soon circulate a petition asking that an election be called to vote on the commission form of government for that place.

Fred Schmidt accompanied by his son Otto, both of Pender, were here last week visiting at the home of his brother-in-law, Wilhelm Brummund.

Mrs. Carrie Hickman was out from Omaha to spend the 4th at the home of her father-in-law, Prof. Hickman and wife. She returned Thursday.

B. F. Cozine was home from Sioux City over the 4th. He is taking treatment at a sanitarium there and is slowly improving in health. He returned Friday.

Wm. Gildersleeve is having one substantial improvement made on his farm in the shape of a 10-foot concrete drinking tank for his stock, which C. Clasen is constructing there.

I want some of the best judges of lands and locations to go with me to Sidney, Neb., to see land—then tell the people about it when they get back. J. C. Sparks, Concord, Neb.

Frank Weisenstine of Battle Creek was drowned in the Blue river at Crete last week. He was a bright companionable boy of 18 years, and his death will be mourned by many friends.

Nebraska State Fair will be held September 2 to 6 this year, and a good program of races is being planned.

Savidge Brothers made successful flights at Ewing on the Fourth, when great crowds gathered to witness them.

Prof. C. H. Bright took advantage of the Friday holiday at the Normal to go to Sioux City on a business mission.

Ballplayers Depew, Gurness and Knight of the Wayne team went to Winside Sunday where they assisted that team in a game with Randolph.

Mrs. Elizabeth Roberts, better known as "Grandma Roberts," went to Laurel Saturday to visit for a time at the home of Clarence Auker and wife.

Next Monday Carroll people will vote on the question of bonding the school district for money to build an addition 30 x 30 to the present school building.

The Wayne Flouring Mills may have to again increase their capacity. The quality of the flour they make is such that the circle of trade is extending as the goods become known, and now the entire output of the mill is taken. Put on a night shift, gents, and don't let the public suffer.

There is no difference in the composition of the yellow and the white corn. It is commonly thought that yellow corn is a much richer feeding stuff, but chemical analyses and feeding experiments have shown that both kinds of corn are of equal feeding value, says Hoards Dairyman.

G. W. Hutton of Orchard is making an extensive investment in alfalfa near Crawford, Nebr. He is having 1000 acres seeded down to it and as the yields of seed are exceptionally good in that part of the state he believes the returns each year will give him a steady and substantial income.

John Neu, a farmer near Hartington was drowned Saturday night while fishing in a creek near that place. He was alone when the accident happened and there are no particulars. Two other men were on the same expedition, but both were some distance away from where his body was found.

Wm. Forbes who has just finished a course in the state agricultural school at Lincoln was here visiting his parents, J. C. Forbes and wife, and many friends last week. He left Friday for Washington, D. C., to begin work for Uncle Sam, and will be assigned to work in some department of dairy testing work.

The Nebraska Telephone Co., at Omaha has purchased the Independent company at that city paying therefor \$995,000, at receiver's sale. The Bell people promise that there will be no advance in rates. Seems that there should be a reduction, for cannot one company handle the business cheaper than two? It certainly appears that way.

Some of these days Wayne people will take a forward move on the building and loan association and then it will be an assured thing. The sooner the better, we believe. Last winter they started in one morning for a stock sale pavilion, and almost before it was known \$3,000 needed was subscribed. The building was put up, and made good use of during the sale season. This fall it will come into play again. Seeing how this move was made we know that when the spirit moves just right a building and loan will be doing business here.

Printing that pleases—Democrat.

Last week the Madison Post suspended publication, the Star-Mail and the Chronicle taking over the list of unexpired subscribers. Three papers were too many for Madison, and the Post being the youngest, yielded to the older competitors after a life of about three years. It was an able paper, and we hope that it may be established from the plant in a less crowded field.

Nancy Wells, the Santee Indian woman who was charged with throwing her newly-born babe into a privy vault near Emerson, on May 18th, 1912, thereby causing its death, was arraigned in district court at Pender last week and entered a plea of guilty to manslaughter, which was accepted, and the court sentenced her to an indeterminate term of from one to ten years in the penitentiary.

Dr. and Mrs. Hess of Wayne stopped over in Battle Creek Wednesday enroute home by auto from Holt county and spent a few days with friends at this place. The doctor is enjoying a splendid practice at Wayne and says that while he regretted to leave Battle Creek the change in many respects was for the better. Mrs. Hess' health has materially improved during the past six months.—Battle Creek Enterprise.

Warren J. Gardner, who runs the Boomer at Dunning in Blaine county, was hauled out of bed and shamefully beaten one night last week because he was too active, in the opinion of some, in having the town clean up and appear respectable. It was going to cause some property owner a little extra expense. As Mr. Gardner is an old gentleman the rough usage was rather hard on him, and may be followed by serious consequences.

J. W. Nichols, who was at Wynot when the residence he was living in burned Sunday evening, came down to spend the 4th with home folks, only to find that he had no home. He states that their greatest loss was of clothing. A wardrobe in a bedroom containing nearly all of his and his wife's apparel, was so placed that when the bedroom door was open it hid the wardrobe, and this accounted for it not being found and taken out with other things. He estimates his loss at more than \$100, and it will probably prove to be nearly twice that amount before he gets through invoicing the things he cannot find. He is grateful to the people who rescued so much of their belongings.

The Democrat for job printing.

Miss Alyce M. Levernz of Hartington, was the guest of Miss Pauline Biegler from Wednesday till Friday and the two ladies spent the fourth with friends at Randolph.

A. J. Mason of the Tribune-Journal of Columbus, was a caller at the democrat office the 4th, while on his way to visit his mother and his son who are stopping near Carroll, where he formerly lived.

Judge Moses and his son, F. E. Moses and his wife, departed Monday to visit at Michigan City, Indiana, with Mrs. C. M. Chubb and wife, a daughter of Mr. and Mrs. F. E. Moses. They expect to be absent a month.

W. J. Bryan was given a greater ovation when he returned home from Baltimore last week than when he came from Grand Island two years ago. He is a growing man, and more and more people are coming to know that fact.

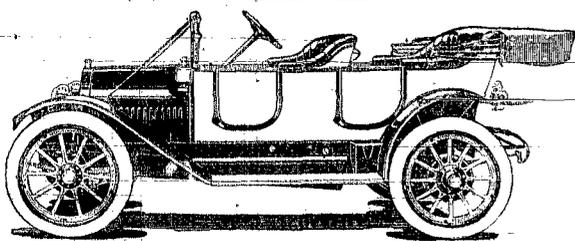

Mrs. Carrie Hickman was out from Omaha to spend the 4th at the home of her father-in-law, Prof. Hickman and wife. She returned Thursday.

B. F. Cozine was home from Sioux City over the 4th. He is taking treatment at a sanitarium there and is slowly improving in health. He returned Friday.

Wm. Gildersleeve is having one substantial improvement made on his farm in the shape of a 10-foot concrete drinking tank for his stock, which C. Clasen is constructing there.

I want some of the best judges of lands and locations to go with me to Sidney, Neb., to see land—then tell the people about it when they get back. J. C. Sparks, Concord, Neb.

Frank Weisenstine of Battle Creek was drowned in the Blue river at Crete last week. He was a bright companionable boy of 18 years, and his death will be mourned by many friends.

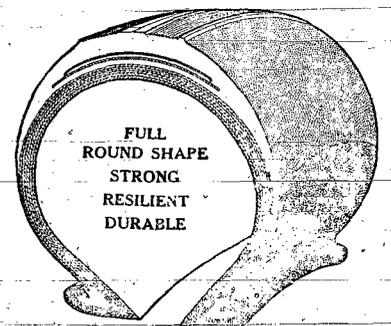

Speed with safety—power with easy control

The Carterear has speed for the good roads and plenty of power for the bad—with such easy control and comfortable design—that it rides and drives easily at all times. A tremendous pulling power is provided by the friction transmission. It has no gears and is jerkless and noiseless. You also have any number of speeds—controlled with one lever. This adapts the car especially to country conditions. The self starter makes driving very delightful—especially for ladies. Full floating rear axle, chain-in-oil drive, three strong brakes and many other features combine to produce the remarkable Carterear efficiency. Five splendid models, touring cars, roadsters and coupes. Priced at from \$1200 to \$2100. Let us send you complete information.

Mrs. Wm. H. Eichenkamp visited relatives at Arlington returning last week.

Mr. Lass, aged about 60, hung himself at Orchard Sunday, and no one knows why.

Mrs. Frank Coleman is here from Carson, Iowa, visiting at the home of her sister, Mrs. I. E. Ellis.

A. C. Dean and wife and Mrs. Pile autoed to Randolph the Fourth for a little lookin at the celebration.

The plant of the Fremont Carriage company was destroyed by fire Monday, entailing a loss of \$60,000.

Miss Mabel Oleson returned to her home at Hoskins Sunday, after a visit at the home of Andrew Stamm and wife.

Miss Alger, who has been here for a month past, the guest of her sister, Mrs. Fisher, returned to her home at Omaha Tuesday.

Report comes back from Boulder, Colorado, that John Larison and family reached that place in safety. They went through by car.

Henry Schroer left here Saturday evening for a visit and vacation which he is spending in the vicinity of Valentine and Gordon.

Mrs. M. F. Eade and little daughter, Leona May, arrived Monday evening from Tindell, South Dakota, to visit her parents, E. L. Griffith and wife.

Mrs. G. W. Killinger of Inman has been here visiting her brothers, G. L. and Roy Tharp, and a sister, Mrs. Gemel at Carroll, returning home this week.

Anton Lerner has sold his residence in the east part of Wayne to John Krei and will, we understand, try to move away from the rheumatism which afflicts him here.

Mrs. Oscar Jonson, who has been undergoing treatment in the hospital at Omaha, is able to return to her home, and Mr. Jonson went down last week to accompany her home.

Theo. Duerig leaves today for a visit of two or three weeks at his old home in Bellmont county, Ohio. He will also visit at Wheeling, West Virginia, and possibly other points in the east.

Lambert Roe went to Sioux City Sunday to spend the day with his son, Frank, who is at the hospital yet. He reports that the young man is now considered out of danger, and on the road to rapid recovery.

C. R. Witter and wife left Tuesday to visit the lady's sister at Longmont, Colorado. From that place they plan to go to Steamboat springs and other places in the Centennial State, combining pleasure and business.

William Frame is dead as a result of lack of confidence in the man who was driving an automobile in which he was riding. They were passing a bad place when Frame reached over and grabbed the steering wheel, overturning the car. He was killed and the four or five other occupants of the car are in a hospital. Frame was a citizen of Dixon.

Misses Ruth Fortner and Lillian Rennick visited Sioux City Saturday, and called on Frank Roe to break the monotony of hospital life for him.

Miss Mazy Schauer arrived here Tuesday from Mapleton, Kansas, for a visit at the home of her uncle and aunt, Theo. Duerig and wife for a short time.

C. A. Artz and wife of Omaha returned home Monday after spending a few days here at the home of their son-in-law and daughter, Frank Whitney and wife.

Miss Nellie Fulton, who has been visiting at the home of her uncle and aunt, A. J. Ferguson and wife, left for her home at Walker, Iowa, Tuesday. Mr. and Mrs. Ferguson accompanied her as far as Sioux City.

Mrs. C. A. Chace, accompanied by her daughters, Misses Margaret and Goldie, and Miss Neva Orr, of this place, and Miss Ethel Chace of Stanton, left Tuesday morning to spend a fortnight at Lake Okoboji, Iowa.

Fred Hasman has sold his residence in the west part of town to Klaus Otte, who is to move in and take possession next March, at which time Mr. and Mrs. Otte plan to leave their farm in the hands of a tenant and retire from active farm work.

John T. Bressler and family and Mrs. O. A. Harker, who has been visiting here, have gone to Spirit Lake, Iowa, a month's outing. Mr. Bressler has had a fine launch built here during the past winter and spring and it will doubtless be made use of on the beautiful Iowa lake.

John Short and family left Tuesday morning for their new home at Colorado Springs, where they hope that Mrs. Short will be restored to health again. They lived at Wayne about 14 years, and many were the friends who regretted that they must leave their Wayne home. The best wishes of all go with them.

Homer Wheaton is the champion potato grower, according to the report that comes to the Democrat from his neighborhood. Being potato-hungry he went to his garden patch and extracted a hill of the famous Irish fruit, and when the count was finished he found that the one hill had produced 40 potatoes that had this early attained table size.

G. A. Wade went to Omaha Sunday evening to meet his mother and niece, Mrs. Margaret and Miss Josie Wade, who have been visiting at Villisca and Carson, Iowa, since the first of June. They returned Tuesday. While at Omaha Mr. Wade enjoyed a day with the Nebraska newspaper men who were entertained that day by the Omaha Commercial club and the Knights of Aksarben.

County Superintendent, Mrs. Elsie Littell, went to Chicago the first of the week to attend the annual meeting of the National Teachers association. The rural schools are receiving a fair share of the attention of the national educators. Some favor a national supervision of the rural schools, in the interest of better and more uniform education of the rural citizenship, and the matter has been referred to a committee appointed to especially investigate this subject.

Printing that pleases—Democrat.

Mrs. C. W. Hisecox visited at Norfolk and Battle Creek this week.

Mrs. Price and her daughter returned to their home at Beemer Tuesday after a short visit at the home of Carl Guss, where they were called by the sickness of Frederick Guss an uncle of Mrs. Price. When they left Mr. Guss appeared slightly better.

June Conger gave the editor a little bundle of winter wheat that he had gathered from a field just west of town. The heads are not very long, but are well filled to the top with good plump grains, and if this is a fair specimen of the winter wheat in this county there will be no lack of good bread timber next year.

Mrs. Hahn and Miss Magdeline and Master Waldo, arrived last week from Critersville, Illinois, where they have been camping for a few weeks, near her former home. Prof. Hahn, who with his family spent a year in special study at New York city, came on several weeks ahead of the family to begin his school work here. They are now at home in the Beebe house.

Jos. Wildman and wife of Charleston, West Virginia, departed for their home Tuesday morning, after a week's visit with their son-in-law and daughter, A. M. Helt and wife. They were accompanied here by their daughter, Miss Wildman, who will remain at the home of her sister for a time. Miss Wildman has visited Nebraska twice before this trip and likes our state, though it is very different from her own mountainous country.

Last Wednesday evening J. M. Ross, accompanied by his son-in-law from Emerson, went to Hot Springs, South Dakota, to enter a sanitarium there for treatment for a cancerous growth which recently made its appearance on his cheek. Word came back from him that the treatment promises to be a success. The doctor is confident that the growth will yield to his treatment, and he speaks with the authority of a man of long experience. He removes and kills cancerous growths with a plaster applied to the afflicted part. Mr. Ross has now been under treatment several days. His Wayne friends will be glad to learn of his prospect of a cure.

The city clerk has a notice in this issue that those who are using the city water for sprinkling purposes will do well to read, as it may save them trouble. The question is just this way, the pumping capacity is not sufficient to keep water in standpipe for fire protection if needed and allow all of the people to run open hose on lawn and garden all of the time. There are hours fixed for such use of water, and the council promises trouble for those who violate the rules. It is largely a matter of thoughtlessness that makes this complaint necessary. One man lets the water on is lawn when he has no right to, and the neighbor says "they all do it, and so I will." Start the other way, please, do the right thing and that may prove as catching as the wrong thing—but it is not usually so.

Never has such a number of great attractions been gathered together on Nebraska soil as will be seen at the State Fair, Sept. 2-6. Beside the exhibits, aeroplane flights, Liberati Band and Grand Opera company, the races and smaller attractions, the management have secured the entire Cheyenne Frontier Days Show to move bag and baggage down to Lincoln. That includes a tribe of real Sioux Indians, Champion Lady Rough Riders, Real Cowboys, 70 of the greatest Outlaw horses of the World, the only team of Buffalo broken to drive, etc. This will all be given in front of the grand stand afternoon and evening each day.

The farmers in this part of the country, it appears, are awakening to the fact that a little irrigation is a mighty good thing to have handy on a farm. Several have and others are going to put in a pumping plant—that is, a gasoline engine and a well. Those who have tried the system are well pleased with the results obtained and it is probable that others will also put in plants. The distance to water in the valley ranges from ten to fifty feet, and the cost of a plant, we are informed, is about \$1,000. This estimate is based upon the cost of the plant operated by E. A. Knight, two miles north of Lexington. He has a twelve-horse-power engine and a well forty-eight feet deep. With this outfit he thinks he can properly irrigate about forty acres. It is a matter that is bound to claim the attention of nearly every farmer on the Platte valley, not only in Dawson county, but in many other counties in the valley.—Lexington Pioneer.

The Fire Whistle Blew Monday

With a strong wind from the south and everything dry as tinder, there was terror in many a strong heart when the piercing shriek of the fire alarm sounded Monday afternoon. Fire had caught from an oil stove in the house belonging to Mrs. Rebekah Hunter on 1st street two blocks west of Main, and occupied by Roy N. Tharp and family. Mrs. Tharp had been in the kitchen but a few moments before and started a fire to prepare the evening dinner, they having a late dinner or early supper on account of Mr. Tharp's work, he carrying a rural route is away at the noon hour. Mrs. Tharp was called from the kitchen a moment or two, and returning, found the place filled with flames. She closed the door tight between this room and the remainder of the house and ran round to the outside door to fight the fire from that point. She entered the room and was badly burned about the face as a result. Her face was badly blistered, but the burns are not considered extensive enough to prove dangerous.

The firemen responded promptly and as the locality is amply protected, soon had several streams of water playing, and in a few moments the fire was out. The blaze was almost wholly confined to the kitchen, which was thoroughly charred all over the inside, and in a few places the fire made its way through the sides and roof. The house just north of the burning one was in great danger for a time, in fact, only prompt work saved the house in which the fire started and several others.

The loss to the house will be perhaps \$200, fully covered by insurance. Mr. Tharp estimates his loss in kitchen furniture and other things at about \$150. Two rooms were leased by Morris Thompson, who is now at Omaha. His goods were all taken out, and returned after the fire was out, and his loss will be some breakage, but nothing extensive. We do not know whether or not they were insured. The bursting of one of the old hose sections demonstrates the need of a few hose menders, so that an accident of that kind will not reduce pressure or make it necessary for the water to be shut off for a new section of hose to be inserted.

When to Cut Clover

Clover should be cut for hay when in first bloom. If left much longer than this, the seeds form and weaken the plant, and there is also a loss, due to the shattering of dry leaves. A very good method of producing a high quality of hay is to mow the clover in the morning, rake it up by two or three o'clock in the afternoon and then put into cocks to contain about 75 or 80 pounds. To obtain the best quality of clover hay it is well to cover the cocks with hay caps. The hay should be left in the cocks for three or four days in favorable weather and then an hour or two before hauling it to the barn, they should be opened to the air and sun. In this way all foreign moisture is taken up and the hay thoroughly dried. The tedder is a very good way of drying hay but this method destroys the leaves, for those that are on top soon become crisp and brittle and break off when the tedder strikes them. There is no danger of mold when hay is put up in the way we have described.—Hoard's Dairyman.

Oftentimes motorists seem to think that no care is necessary in carrying spare tires, says a Michelin expert. Uncovered envelopes are tossed on roofs of limousines where sun and rain beat upon them. Unprotected inner tubes are thrown carelessly into tool boxes where they come in contact with sharp tools.

Needless to say, such practices are destructive. Strong light is very injurious to rubber. Likewise is heat. For these reasons, if no other, spares should be kept in cases.

Moisture and oil are also injurious to tires. Waterproof wrappers which keep out light, moisture and oil and at the same time protect spares from injury by contact with sharp substances, can be had of any accessory dealer. Every motorist should use them.

Cardboard boxes are never satisfactory for carrying tubes in a car. Every vibration of the car causes chaffing between the box and tube and since cardboard is harder than rubber, the tubes will inevitably be injured. Covers for inner tubes should take the form of bags which will fit snugly around the tube.

Concert and Social

There will be a band concert and Ice Cream social on the lawn of the Presbyterian church next Friday evening. Ice cream and cake 10c. Free seats provided. All welcome.

Save Money on these three items

Any Egyptian Tissue or Fine Voile in our stock, worth up to 25c, will be found on a bargain table this week. Some of the very best patterns of the season are still in stock and there are no poor patterns in the whole lot. **Special, per yard 18c**

Any of the Silk Mulls or Jub Silks Among which are nice mulls for dainty dresses and especially good tub silk patterns for waists and shirts. These are fabrics which are worth and have been selling for 35 to 50c to satisfied customers. **Special, yard 27c**

Another Drop in the Price of Waists You can find a large number of real bargains among these waists. There is not a single waist in the lot that did not sell for \$1.25, and many of them were worth as much as \$1.75. They come in embroidered patterns, with collars or low neck, and are certainly the best bargains you will see. **Special--Your Choice 89c**

Our grocery business is growing every day. The reasons are the quality of the goods and the prices are the lowest. Our stock of fancy groceries has been added to until it is the most complete in Wayne.

- Some Seasonable Suggestion:**
- Teas—all kinds, priced per pound 50 to 80c
 - CANNED FISH OF ALL KINDS
 - Sardines, per can, from 5 to 15c
 - Salmon, per can, from 15 to 30c

BOYS AND GIRLS AT CHAUTAUQUA

A Big Time is Planned for The Little Folks on a Playground.

HELEN B. PAULSEN IN CHARGE.

This is a talk about the boys' and girls' Chautauqua. It is written by Helen Bradford Paulsen, general supervisor of the Junior Chautauqua under Redpath-Horner management.

Mrs. Paulsen took her first degree from the University of South Dakota—a Western woman, you see. And then she taught for a while. She taught first in public schools—in primary work, of course—then she became an instructor in a normal school—teaching others how to teach. She filled such a position in the state normal school of Oklahoma.

She studied to become a great specialist. She went to Columbia University in the City of New York and took everything they had in the various phases of boys' and girls' work.

Helen Bradford Paulsen work. She studied under such eminent authorities as Patty Hill, Susan Blow, Dr. John Dewey, Dr. Henry Suzzillo and finally under Caroline Crawford, the greatest authority on games and folk-dancing in the world. She is a graduate in kindergarten work of the University of Chicago. She has had eight years of Chautauqua experience and of all the noted exponents of boys' and girls' play she is the most familiar with this particular phase of this work and unquestionably the best that could be found for the work she is doing.

She is known at many of the oldest and largest Chautauqua assemblies in America.

BY HELEN BRADFORD PAULSEN
There will be no morning work in this Junior Chautauqua. Simply because enough's enough. The boys and girls will all be tired in the afternoons. As it is, the plan is to keep them as busy as bees after noons and whole evenings.

Children less than six years come in the kindernook company. They are admitted into the Junior Chautauqua if either or both of their parents hold season tickets. The age limit on child's season tickets is from 6 to 12 years. If boys and girls older than 12 years wish to participate in the Junior Chautauqua—as many will and should—they may be admitted with the regular adult season ticket if a child attends the Chautauqua or a single admission ticket, he may be admitted to the Junior Chautauqua for that one day.

A supervisor will be in the day the Chautauqua starts to be on the job at week.

companies are divided according to ages: Here they are:

- Girls Company A—age 12-on-up
- Girls Company B—age 10-12
- Girls Company C—age 8-10
- Girls Company D—age 6-8
- Boys Company A—age 12-on-up
- Boys Company B—age 10-12
- Boys Company C—age 8-10
- Boys Company D—age 6-8

A captain of each company will be elected by a vote of that company from its own number. These captains have certain duties, of course. The Junior Chautauqua attends certain features of the Chautauqua program in a body. The captain sits at the head of his company and carries the pennant of that company. This is a 9x18 inch felt pennant bearing the company's letter (A, or B, etc.) and the words "Junior Chautauqua." The boys' and girls' pennants differ in color so they can be easily distinguished.

Plan Has Merit System.
The whole plan has a sort of a merit system to it. That must be, to keep order; to teach the little folks good behavior.

Every girl or boy who buys a season ticket and every member of the kindernook company is given a celluloid badge. This has the words "Junior Chautauqua" and the monogram, "H C" in the center.

Those admitted to the Junior Chautauqua for one day on single admission tickets are not given badges.

The badge is worn on the left side until you have done some good deed when it is brought over to the right side. If you do some thing of direct benefit to the Chautauqua, the badge is switched to the right shoulder. It may be lowered again, however, if disorderly conduct is reported.

The Talent men on the crowd and folks in general are asked to note the position of these badges in talking to the little folks.

They must start each day with the badge on the left side. If they have been able to raise it to the right shoulder and keep it there each day of the Chautauqua, on the last day, they are awarded a white honor ribbon. This is presented to them with a good deal of ceremony the last afternoon or evening.

Going back again to the captain's duties: He must make reports to the supervisor on the conduct of those in his company and is responsible for the conduct of each child in his company. The honor roll is made up at the end of the week by the supervisor, from these reports.

There are two other local officers of each Junior Chautauqua: a boys and girls' president of all the companies.

Much more can be accomplished if some of this work of organization can be looked after before the Chautauqua starts. Presidents should be twelve years of age, at least, and not over eighteen. They should have the names of all children holding season tickets (the boy president, the boys names; and the girl president, the girls' names). They should also have the children divided into companies before the Chautauqua starts, where this is possible, so the regular work may begin upon the arrival of the Look After Kindernooks.

supervisor.
The older girls of the Junior Chautauqua—the girls in Company A—will have charge of the little folks in the kindernook company. One, two or three of the older girls (the number depending upon the number of little folks) will be assigned to have charge of this kindernook company, and this will be made quite an honor, which in some way will be recognized in the distribution of honors at the end of the week.

There will be a sand pile for the amusement of these little kindernook folks. The plan is to stretch a canvas awning out from the dog tent (the small tent within the canvas wall enclosure the crew men occupy) and fix up a place there for the kindernooks.

The Junior Chautauqua may absorb any local boy scouts organization or girls' camp fire.

You may have been wondering about the costumes. We haven't any, nor

even a pattern for one. We are only asking that you urge that the boys and girls be dressed in a good play suit—not white lingerie, you know—but something they can have a good time in, and something that's cool. Next year we may have a special suit of some kind.

The supervisors will direct the play and amusements somewhat according to the weather. Strenuous games won't be played on hot, stifling days. Stories will be told when it's too hot to run. There will be athletic work, baseball and kindred amusements. Bancroft's Game Book is the accepted authority. Its rules have been adopted by the American Playground Association and in places where there has been a boys' and girls' directed play, the boys and girls will be familiar with these almost universally accepted rules.

The entertainment the last day will be the biggest laugh of the week and a "puller" for interest. We mustn't tell just what this will be; that would spoil the fun. But if you can imagine a lot of girls in a field-meet on a Chautauqua platform, running mile races, high and low hurdles, throwing the hammer and pole vaulting, you have it. Besides, the boys will participate in these things.

System And Sense.
Everything in the handling of the boys and girls, Chautauqua week—even the little tots—is SYSTEM and SENSE.

Why do boys and girls, sitting up in front, annoy speakers by laughter and whispering?

Either they are crowded—herded, we might say—together and are COMPELLED to give more attention to one another than to the speaker (they'll pinch each other for more room on the seat) or the speaker isn't in their class—He doesn't interest them.

We can avoid these difficulties. We can see that they are seated comfortably. And we know of certain features of the Chautauqua that are not intended for the boys and girls, and we can see that their time is more profitably employed on the playground.

I have said that the Junior Chautauqua will attend certain features of the Chautauqua program, ALWAYS in a body.

Those features will be particularly the music and novelty numbers we know will interest them.

Each lecturer and entertainer who will not present his masterpiece to the boys and girls has been asked to make a five or ten minute talk to the boys and girls BEFORE he goes on with his regular stunt.

Then—here's the pretty part—before the "dry" program starts, the boys and girls will march out in beautiful order during a little recess.

Now—again.
Why does a baby cry in a big tent when everything is supposed to be still and quiet?

It is because his father and mother—folks who ought to know better—carry him way down into the very center of the tent and there the father (it ought to be the father, of course) holds the child on his lap, three feet below the zephyr breezes that pass directly over the heads of the audience and that THEY get the benefit of, but the poor little kid is almost smothered. Of course he cries.

We put him in a sand pile off in the shade where he has his own music and his own Chautauqua.

The Permanency.
I have one other thing, and then I'm done.

WE MUST GET THE CUMULATIVE EFFECT OF THIS YEAR'S WORK NEXT YEAR.

We want a permanent organization in every town. Right now, we must find the man or woman in each town who will help us get this thing lined up this year and next.

The Junior Chautauqua that this year is best in conduct, that is largest in enrollment (as good chance there in the small towns as in the large towns) whose members sell the most season tickets (whether child's tickets or adult tickets) and that has the largest honor roll will be awarded a beautiful felt wall pennant 30 inches by about 5 feet which bears this inscription:

FIRST IN HONOR
Junior Chautauqua
(Town's name and the year)
Redpath-Horner Chautauqua.

The Junior Chautauqua that wins this pennant three years in succession, or three years out of five, may keep it. It is to be hung in some school building or public place of that sort and will be a credit to that community.

This pennant is awarded from records made of ticket sales, the supervisors' records of conduct and a vote among Talent folks who have the best opportunity of watching the behavior of the boys and girls during the Chautauqua programs.

This pennant will be awarded to the record Junior Chautauqua on our 5 and on our 7 day lists. They will not be competing against one another.

Council Meeting

The city fathers met in regular session Monday evening, the 8th, John Larson and Mayor Kate present. After the record of preceding meeting had been read and approved the council by unanimous vote, gave the city engineer and firemen each one week vacation on full pay. The gun club was next granted permission to maintain and operate trap shooting at the fair grounds, within the city limits.

They next passed ordinances Nos. 209 and 210 to their final reading and vote.

Ordinance No. 209 makes the tax levy for 1912. The total levy amounts to 25 mills on the assessed valuation, and is divided as follows: 10 mills for general revenue, 5 for light, 1.5 for parks, 2.5 for library, 2 for interest on city hall bonds, 2 for refunding bonds and 2 for sewer.

Ordinance No. 210 creates an improvement district of blocks 28, 28, 20, 21, 12, 13, 9 and 4 in the original townsite of Wayne.

The following claims were examined and on motion allowed and warrants ordered drawn on the general fund:

W. H. Hoguewood, dray, \$2.00.

F. H. Jones, supplies, \$4.82.

W. H. Barnett, dray, .25.

Hook & Ladder Co., Creamery fire, \$4.00.

Hook & Ladder Co., Roosevelt fire, \$3.50.

Hose Co. 1 & 2, Roosevelt fire, \$3.00.

Hose Co. 1 & 2, Creamery fire, \$2.00.

Jas. H. Pile, Roosevelt fire, \$4.

Graves & Lamberson, oats, \$5.50.

John Short, dray, and Meter returned, \$17.50.

C. A. Reise, repair Hose Cart, 50c.

Glenn Miner, burying dogs, \$2.

Hose Co. 1 & 2, Hunter fire, \$4.00.

Hook & Ladder, Hunter fire, \$4.50.

On The Light Fund:
L. A. Fanske, clock, \$5.00.

J. S. Liveringhouse, labor, \$8.25.

On motion the claim of I. H. Britell et al, for constructing 183 feet 4 inch water main extension on Nebraska street, north of the N. E. corner of block 2 Lake's addition at 69 cents per foot \$126.27 was examined and on motion allowed, and the clerk ordered to credit same to the water accounts of the several parties on their accounts for water rent as follows:

Lot 7 Conn & Britell addition, \$37.10.

Lot 6 Conn and Britell addition, \$37.10.

Lot 5 Conn and Britell addition, \$37.10.

Lot 12 and n 1 lot 11 blk 3 Lake's add \$5.00.

Lot 10 and s 1 lot 11 blk 3 Lake's add, \$5.00.

Lot 9 and n 1 lot 8, blk 3 Lake's add, \$5.00.

On motion Council adjourned.

Ordinance No. 209.

An Ordinance making the annual 1912 tax levy.

Be it ordained by the Mayor and City Council of the City of Wayne, Nebraska:

Section 1: There is hereby levied for the fiscal year of 1912, a tax of ten mills on the dollar on all taxable property in the City of Wayne, Nebraska, for general revenue purposes.

Section 2: There is hereby levied for the fiscal year of 1912, a tax of five mills on the dollar on all taxable property in the City of Wayne, Nebraska, to maintain and improve the electric light system.

Section 3: There is hereby levied for the fiscal year of 1912, a tax of one and one-half mills on the dollar on all taxable property in the City of Wayne, Nebraska, to maintain the parks.

Section 4: There is hereby levied for the fiscal year of 1912, a tax of two and one-half mills on the dollar on all taxable property of the City of Wayne, Nebraska, to maintain library.

Section 5: There is hereby levied for the fiscal year of 1912, a tax of two mills on the dollar on all taxable property in the City of Wayne, Nebraska, to pay interest on City Hall bonds.

Section 6: There is hereby levied for the fiscal year of 1912, a tax of two mills on the dollar on all taxable property in the City of Wayne, Nebraska, to pay interest on the re-funding bonds.

Section 7: There is hereby levied for the fiscal year of 1912, a tax of two mills on the dollar on all taxable property in the City of Wayne, Nebraska, to maintain and repair the sewer.

Section 8: This ordinance shall take effect from and after its passage, approval and publication as required by law.

Passed and approved this 8th day of July, 1912.

J. H. Kate, Mayor.
(Seal) J. M. Cherry, Clerk.

Notice

The City Council will receive sealed bids for furnishing insurance on the new City Hall, situate on lots 1, 2, 3, in block 21, of the original town of Wayne, Nebraska, as follows:

\$6,000 Fire and Lightning on building.

\$4,000 Tornado on building.

\$500 on Fire and Lightning on furniture and fixtures.

\$1,000 Fire and Lightning on fire apparatus, while in building.

Permission granted to complete building.

Permission granted to use electricity for lighting.

All to be written in some good reputable insurance company, Standard policy, beginning July 23, 1912, and expiring July 23, 1917.

All bids to be for a lump sum, sealed and filed with the City Clerk on or before noon, July 22, 1912.

By order of the Council,
J. M. CHERRY,
City Clerk.

The Skin and Not The Blood

Until recently it has been a generally accepted theory that eczema was a disease of the blood. Scientific investigations have taught us that eczema is positively a skin disease and curable through the skin alone. Meritol Eczema Remedy is applied directly to the skin, the effect is marvelous and its results permanent. Do not delay trying Meritol Eczema Remedy. For sale at Leahy's Drug store, sole agents.

Bryan and Roosevelt Policies
Some weeks before the national conventions when the Ex-President was claiming that he would be the nominee of the Chicago convention, and many believed that he would receive that nomination, and that the Ex-candidate of the democrats would again be named to lead the hosts of democracy the Sioux City News asked and received from Bryan a letter giving the difference in the views of the two men on a number of leading questions. Neither of the two men received the nomination which the News thought was going to them; but the democratic nominee stands on the Bryan platform and Teddy is promising to be a candidate on his own platform, so the letter written by Mr. Bryan at that time will serve to let our readers know something of the points on which they agree in a measure and where they differ. This is Bryan's letter:

"Complying with your request, I beg to say that I was first inclined to ask you to change the wording of your question so as to permit me to show the difference between Mr. Roosevelt and the democratic party, together with the points of agreement between him and our party, but as we shall not know until the platform is written at Baltimore just what language our party will use in defining its position, as compared with his, rather than attempt to speak for the party, I shall content myself with setting forth Mr. Roosevelt's position on 12 subjects and my own upon the same; six upon which we differ and six upon which we are now in substantial agreement.

Where We Disagree
First: He believes in a third presidential term, and he has not yet announced any limitation to the number of terms a president should be permitted to enjoy. I am not only opposed to a third term, but I favor an amendment to the constitution limiting the president to a single term.

Second: He desires international peace, but believes it can be secured by such an increase in the navy as will make other nations fear us. I believe in securing it by a policy of justice to all nations, and have faith in the persuasive influence of a good example.

Third: On the tariff question I do not know what Mr. Roosevelt's position is. During his seven and a half years as president he never discussed the subject. He cannot have much objection to the existing law or he would render some assistance to those who are trying to secure a reduction. I favor a tariff for revenue only and regard the principal of protection as wrong. I favor an immediate reduction of the tariff along the lines of the last democratic national platform.

Fourth: On the trust question, Mr. Roosevelt stands for regulation rather than prevention notwithstanding the fact that he had seven and a half years in which to test regulation, with the result that we had more trusts when he went out of office than when he entered the white house. He has recommended the national incorporation of large industrial enterprises, the very thing the trusts desire, and he has endorsed the decision of the supreme court amending the anti-trust law in the interest of the trusts.

I believe that a private monopoly is indefensible and intolerable, and I favor laws, state and national, making it impossible for a private monopoly to exist. I am opposed to federal incorporation and believe that national remedies should be added to state remedies, not substituted for them.

Fifth: Mr. Roosevelt believes in imperialism. I am opposed to imperialism, and believe that the holding of colonies is antagonistic to the principles of a republic.

Sixth: Mr. Roosevelt is Hamiltonian in his ideas on government believing in a highly centralized organization. I am Jeffersonian, believing that the reserved rights of the states should be preserved and protected, on the theory that the people can decide best those questions with which they are most familiar, and in which they have the largest interest.

Questions Upon Which Roosevelt and I Now Agree

First: We have differed upon the election of senators by the people. I began advocating this reform 22 years ago, and secured an indorsement of it in our national platform in 1900. Mr. Roosevelt, though president for seven and a half years after 1900, never referred to the popular election of senators in a message to congress or in a public speech until about two years ago.

Second: I have been advocating an income tax for many years. He began towards the close of his second administration.

Third: I have for a number of

years advocated publicly before election, as to campaign contributions, and I secured the indorsement of the reform in the Denver platform of 1908. Mr. Roosevelt, at that time, opposed publicly before the election. He has since come around to the advocacy of publicity before election.

Fourth: I have favored the initiative and referendum for 16 years. He has opposed both until within the last two years.

Fifth: We both believe in the primary. I cannot fix the date when he first began to advocate it; I have been advocating it for a number of years.

Sixth: We both believe that there is a "Wall street influence" and that there are "subsidized newspapers," but I discovered both many years before he did.

In differing from men I do not often find it necessary to question their motives. Difference of opinion on political questions can usually be accounted for by difference in bias, except when accounted for by difference in information and interest. The most fundamental bias found in man is the bias towards aristocracy on the one hand and towards democracy on the other. Hamilton had the aristocratic bias. Jefferson had the democratic. They were equally honest. Hamilton in distrusting the people, Jefferson in trusting them.

Until within a few years there has been nothing in Mr. Roosevelt's speeches or action to indicate agreement with Jefferson in this respect. I have lately been gratified to note some change in him, but I am not yet able to judge how complete it is or how extensive an application he would now be willing to make of Jeffersonian principles.

An Editor at the Convention

Mark W. Murray, editor of the Pender Times, who attended the democratic convention at Baltimore sends a few lines home to the paper giving his impressions of the convention. They were written before the nomination was made, but not before the minority saw the hand writing on the wall. He says: "I am not sure whether this letter will arrive in time for publication this week or not but there is no time here to write. In fact we don't get time to eat, grab a sandwich and buy five cents worth of ice water and gulp it down. As to sleeping no one sleeps."

You may not know it, but Nebraska is on the map down here. Mr. Bryan is more feared than Boss Murphy and his ninety votes and I might say more intensely loved and hated than any mortal hereabouts. I attended the great convention of 1906, and cheered the "Peerless Leader's" great "cross of gold" speech. No effort of his here equals that occasion but it isn't necessary. In '06 he was unknown, today he is by far the biggest man in the party and flashing, startling periods of speech would add nothing to the effectiveness of his efforts. The most dramatic scene in which Bryan has participated here was when he changed his vote from Clark to Wilson. The Nebraska people here regretted this move, but were surprised that Bryan held off so long. Champ Clark himself was not to blame, every one believed that but his interests here are handled by Senator "Gumbo Bill" Stone and several others of like type who have been flirting with Tammany Hall from the very start. This bunch of political free booters knowing Nebraska to be instructed for Clark, figured they had her sold, and as a sample of their arrogance delivered 4 of her 16 votes to Judge Parker for temporary chairman, as against Bryan, a neighbor and a progressive. I do not think old Champ Clark favored this move, but its managers did, and no matter what were Clark's sentiments regarding the matter, the goods were delivered to Wall street, and if the Missouri is defeated for the nomination, which appears evident this morning, he has only his own political household to thank. Under the Clark progressive banner are a couple of hundred of the rankest reactionaries in the convention. They came here to get Bryan's scalp and they have been whetting their knives ever since, but with the exception of the temporary chairmanship incident they have done little but grind their teeth, curse their luck and damp the Nebraska. Before this letter reaches you a nomination will have been made. Most of the Nebraska delegation expect to leave here tonight for New York via the ocean route. John Daggett of Rosalie is the only other Thurston county man here. If John's republican friends could only see him shouting his head off for democracy they would think the end of the world was not far away.

A Dairy Farmers Conclusions as to a Milking Machine

J. B. Carney of Morrystown, Ind., who is a thoroughly practical dairy farmer, gives quite a long account in the Indiana Farmer of his experiences with a milking machine. At the close he sums up his conclusions as follows: -

"After using the machines on forty to forty-five cows for a year we have come to the following conclusions and had the following results:

Labor of milking was reduced about one-third.
Time of milking was reduced about one-half.

A more sanitary milk produced, contained no dirt, bad taste or odors.

All the drudgery of hand milking removed.

The labor problem solved, as it is much easier to get help if you use the machines.

A larger number of cows can be kept with the same amount of labor.

Do not have to sell some of your best cows because of short teats hard to milk or mean to kick.

By comparing records the cows do equally as well as by hand milking.

Can see no effects physically upon cows.

The cows like the machines and stand better while being milked.

During the hot weather we were comfortable while milking, as we were not stuck down, under and between cows where we could get no refreshing breeze.

With the proper precaution and care the machines work well during extreme cold weather. It is not necessary to commence milking as early in the morning or evening and still get through as early or earlier than we used to.

In a pinch one man can milk fifty or sixty cows by himself, therefore he is not so dependent upon the hired man.

The owner, if he operates the machines himself, will become a better dairyman, will care for and feed his herd better, will improve it by weeding out the unprofitable ones and breeding up from the good ones, because, if he is to succeed with the machines, he must give his attention and make a close study of each animal and will therefore learn which are unprofitable and why.

That Third Party

The announcement from Oyster Bay that Colonel Roosevelt and his friends are going ahead with the organization of a new party in spite of the outcome of the Baltimore convention surprises and rather mystifies the country. It is the consensus of public opinion, as revealed in interviews and newspaper expressions from widely separated localities that the outcome at Baltimore makes the third party a logical absurdity. Had Clark been the nominee a genuine demand would have arisen for some refuge for the republicans who might wish to rebuke the Chicago convention and yet could not allow their rebuke to take the form of a vote for so colorless a statesman as the man from Missouri. The nomination of Wilson gives them a chance to vote for an admittedly respectable candidate if they are determined to take independent action. The demand for a third party is thus reduced from the high plane of patriotic necessity to personal or political expediency.

To go ahead with the plans for a third party now can be justified only on the ground that the republican party can never be taken away from the grasp of the national committee and the patronage dispensers who were so prominent at Chicago. That job can be accomplished in short order, now that the real sore in the party management has been exposed. It would have been done at Chicago had it not been for the state of hatred developed here by a peculiar and unprecedented situation. - State Journal.

A Co-Operative Company

At Rosalie the farmers who are managing the shipment of their own grain in the name of the Farmers Grain Company, held a meeting and drew their dividends. The report says: "They had been doing business for 19 months when business closed up on April 30, and the net earnings in that time is \$8,083.49, with a paid up capital of \$5,000. The net earnings for the last twelve months of that time was \$5,200, or 104 per cent. They handled over 340,000 bushels of grain during the year. When the "melon was cut," it was found that dividend checks were issued for about \$1850, over 36 per cent of the paid up capital, leaving the balance of the year's earnings, over \$3,350, in the surplus fund for working or operating funds.

One of the secrets of their success is the manner in which they distribute the profits. The members own \$100 each in the plant and every share holder drew 12 per

"New Progressive Party"

Parties May Come and Parties May Go
But the Mill Goes On Forever

Remember that there is a new Flour introduced every week or so. You have the same experience in finding out just how to use it to get the best results. WEBER BROTHERS

cent on his stock, and the balance of the dividend was apportioned among the members in proportion to the amount of business done at the elevator—counting both the grain sold and coal purchased. In this case it amounted to one and one-half per cent on the volume of business each member had with the company, besides the undivided surplus of \$3,350. The trade dividend ranged from 24 cents to \$57.58.

Democratic State Convention

The democratic electors of the state of Nebraska are hereby called to meet in delegate convention in the city of Grand Island, Tuesday, July 30, 1921, at 2 o'clock p. m., for the purpose of drafting a democratic state platform, the election of a democratic state committee, and the transaction of any other business which may properly come before the convention.

The representation in said convention will be based upon the vote cast for presidential electors in 1908, and each county will be entitled to one delegate for each 150 votes, or major fraction thereof, cast at said presidential election, and one delegate-at-large from each county, giving the several counties representation as follows:

Cuming, 12; Dixon, 8; Stanton, 6; Wayne, 8; Total of state 978.

It is recommended by the state committee that no proxies be recognized by the state convention, but that the delegates actually present from each county be authorized to cast the full number of votes to which the county is entitled under this call.

J. C. BYRNES, Chairman.
LEO MATTHEIS, Secretary.

When before in American political conventions have we seen such a magnificent spectacle as Bryan presented at Baltimore? His resolution reading out of the Democratic party the tools of Morgan, two of whom, Ryan and Belmont, he named, was an act of courage too rarely seen on such occasions. His denunciation of Murphy, the Tammany boss, was of the same order.

When it is considered that party politics, as usually conducted, demand a large "barrel of coin," and that it is such men as these who are always the ones to "raise the coin," always, however, with a string attached, Bryan's determination to purge the Democratic party of such contaminating influences becomes commendable in the highest sense. For let no one forget that when such men as the Morganites, as these men are, and all the others who have debauched both the leading political parties of this country, raise money to carry on campaigns, they do not do it from any worthy motive. - The Chancellor.

Beautiful Women

Nothing adds more to the beauty of women than luxuriant hair. The regular use of Meritol Hair Tonic will keep the hair healthy, promote its growth, keep it clean and bright, and gives it that wavy appearance so much desired. For sale at Leahy's Drug store, sole agents.

WAYNE MARKET REPORT

Following are the market prices quoted us up to the time of going to press, Thursday

Table with market prices for Oats, Corn, Barley, Spring wheat, Wheat, Eggs, Butter, Hogs, Fat Cattle.

Senator Dillingham made great talk in defence of Lorimer; now who will defend Dillingham when the people get a whack at him?

If ill, take the Lyons Mirror—it contains a larger and greater variety of patent medicine advertisements than any exchange on the list.

Three members of the President's cabinet have announced that they will retire from the cabinet March 4, 1913. We think they will not be the only ones to retire from the cabinet at that time.

After a hard struggle to find some one who would make the sacrifice, the republican national committee finally nailed Chas. D. Hillis, the President's private secretary to the chairman's job.

The next three years will see the United States senate largely freed from the standpat senators who have been representing the big money interests in that "deliberative" body. No tears will be shed by the people.

The third party made one great gain this week when it got rid of Senator Cummins of Iowa. The Senator should be extended a vote of thanks for leaving the party. They should do their best not to let him come back.

The new party call does not flatter the man who was for seven years president as a party leader where it says that the "party is being formed as a haven for the people who have so often been betrayed by the old parties" of which the present leader was the leader. Can the leper change his spots?

And the call to convention extraordinary has been issued and Nebraska not on the list. Aldrich, why is this? Norris, was you sleeping? Shall the battle be fought and no Nebraskan there? Only 8 of the 48 states were not represented in the call for a progressive convention at Chicago August 5.

The Prohibitionists are likely to have to answer to Teddy for breaking his commandment, "Thou shalt not steal." These cold-waterites are seriously advocating changing their name to the "Progressive." That would indeed be a calamity to leave the third party without a name. But perhaps they would do as well to be known by number.

Everybody appears to be satisfied with the result at Baltimore—that is all of those people directly interested as are the democrats. The Bryan forces are smiling, and now comes the New York Evening Post and quotes Governor Dix of New York as follows:

Mr. Bryan is eliminated as a factor in division of party strength. The democratic party is now united. Men of sober mind always believed Mr. Bryan was dominated by his own selfishness. At the Baltimore convention Mr. Bryan was repudiated.

The American Economist of recent date, a publication in the interest of and by the beneficiaries of a protective tariff says that the pay roll of American laboring men is in danger, because of the prospect of tariff reduction in the steel schedule. These are the same bunch of interests that have for years been importing foreign labor to break the price of American labor—the same who have been resisting strikes for living wages and boycotting and blacklisting union labor—and if they thought for an instant that the effect of lower tariff would be an aid to them in securing labor for less money they would be for it.

The high cost of living does not matter so much, says an Iowa exchange, so long as there is plenty of employment at good wages. Certainly not, all that the laboring man or woman needs is the exercise, something to keep their blood circulating and keep their appetite good, even though they cannot earn enough to have an occasional holiday without going hungry.

The progressive people of all conditions and parties are rapidly uniting under the leadership of the nominees at Baltimore; but there will be the greatest political battle this fall in the history of this nation, for no one need think that the great interests that have been in control in this country for so many years are going to yield their power to absorb the life-earning of the people without a struggle.

The Omaha Bee facetiously points an excellent reason for a new third party. It says "One could not scan the list of field marshals at the Baltimore national convention without appreciating the force of the democratic boast that it is 'the party of the plain people.'" First came "Boss" Murphy of Tammany, with New York's ninety votes in his vest pocket. Then came "Boss" Sullivan of Illinois, "Boss" Taggart of Indiana, "Boss" Hearst of everywhere, to say nothing of a few hefty leftenants like "Boss" Thomas Fortune Ryan, sitting as a delegate from Virginia, to see that the "masses" got a square deal. Nor should we overlook August Belmont of Wall street, DeLancey Nicoll of Wall street, William F. Sheehan, Tammany's late defeated choice for Senator in New York; Clarence H. Mackey, the Postal telegraph magnate. The relentless vigor with which these patriots fight for the "plain people" was nothing short of heart-rending.

Yes, they were part and parcel of the same gang that ran the steam roller over all opposition at the republican convention at Chicago, but they were defeated in their attempt to control the democratic convention at Baltimore, largely through the dauntless fight made a by delegate from this state, who was run over by their steam roller, but did not stay rolled. Backed by the people from every state in the Union the truly progressive delegates at the Baltimore convention defeated the Hearsts, Murphys, Ryans and the like as they have never before been defeated, and they will not be found up on the front seat driving the democratic band-wagon in the coming campaign, but more than likely trying to defeat the progressive cause by secretly supporting Wm. H. Taft whom their partners were successful in naming as the republican nominee in spite of the wishes of the rank and file of that party.

The Lessman Neighborhood.

A large crowd of young people attended a dance given at Otto Hennrich's last Saturday night.

Mr. and Mrs. Jas. Hank of Concord and Mr. and Mrs. Herbert Lessman visited at the Fred Flegle home Sunday.

Word has been received that Mrs. Oscar Johnson who is at the St. Joseph hospital in Omaha is on the road to recovery.

It is reported that Herbert Lessman ran into a new buggy while driving his auto a week ago Sunday night and broke the wheel of the buggy, also doing considerable damage to the fenders on the car. Herbert says he is as yet unaware of the fact and has yet to find the fellow he ran into and that the fender on his car is just the same as when new and always have been. Mr. Lessman has driven a car long enough to understand the machinery and we feel certain that he can avoid such accidents. Such reports are not much appreciated by experienced auto drivers.

A Satirical Reward.

There was perhaps more satire than gratitude in the reward bestowed by a French lady on the surgeon for bleeding her—an operation in which the lancet was so clumsily used that an artery was severed and the poor woman bled to death. When she recognized that she was dying she made a will in which she left the operator a life annuity of 800 francs on condition "that he never again bleeds anybody as long as he lives."

The Hunters.

"I'm going off on a hunting trip with Binks, Dawson and Bildad," said Hickenlooper.
"Fine," said Wigley. "Big game or small?"
"Oh, we never go beyond the ten cent limit," said Hickenlooper.—Harper's Weekly.

Nobody can help being born stupid, but anybody can help becoming stupider than he was born.—Lady Helen Forbes.

Fine job printing—the Democrat

THE MANAGER'S COMMENT ON THE CHAUTAUQUA

Chas. F. Horner, Manager of One Hundred and Thirty-five Chautauquas, Says a Word About the One He is Putting On Here.

The Chautauqua is an institution that indicates progress. It could not exist in communities where moral and intellectual standards are not high. It is performing a big portion of the world's work in two most important respects.

First. It is promoting individual thinking. When there is a general intellectual apathy over the land—during periods of great prosperity—during times when the minds of the people are entirely wrapped up in their own individual affairs—great national wrongs begin.

Political and social evils do not develop to any great extent when the people generally are watching the course of civilization and are keenly alert to its progress.

But however great may be any evil in this country, means for its eradication may be found almost instantly when the thoughts of the major part of the population are turned towards it. Because if the people think at all, the chances are favorable that they will think rightly.

It matters little whether or not the people of this community entirely agree with the lecturer upon this Chautauqua platform. Is he succeeds in starting them to thinking for themselves he has accomplished much.

Second. The Chautauqua furnishes clean entertainment. The people are going to have a certain amount of amusement and it is during their leisure hours, when their minds and bodies are relaxed, that they are most susceptible to impressions. Therefore, bad, unclean, suggestive entertainment has a tendency to undermine character. Good, clean, wholesome inspirational entertainment is uplifting. It develops character.

This Chautauqua does not offer one thing but that is morally fit. There is not one feature of it but that is a credit to the community. Not one man connected with it but that would be a valuable addition, as a citizen, in this town.

It is bound to stimulate moral and intellectual progress.

You, yourself, may go, and feel well repaid for your time. You may send your children and feel sure that they will find good influences there.

You may invite your friends with confidence, and if you persuade the farmer who lives twenty miles away, or your acquaintance in a neighboring town to come, both will find their visit worth while and both will declare the Chautauqua is a credit to the city.

The individual cost is only a few cents. The whole Chautauqua will cost the entire community for one week, not nearly as much as a circus would receive in one day.

No wonder the Chautauqua has succeeded. Why shouldn't it succeed? It is worth while.

CHAS. F. HORNER.

BROUGHT HIS MAGIC FROM EAST INDIA.

Laurant, Illusionist

Eugene Laurant, Chautauqua-illusionist, carries the largest amount of accessories ever used by an illusionist. He has two assistants, a pianist, who contributes catchy music for the different features, and a stage manager, under whose direction the mass of properties are arranged and set for the various parts.

Albert L. Blair, Boston journalist and Chautauqua lecturer, thirty-five years ago was a cub reporter on the old Troy Free Press. He has been reporter, covering everything from a prize fight to a church assemblage; special and political writer; paragrapher; editorial writer, city editor and managing editor. There are few men who are as familiar with every phase of journalism.

Mrs. McIntyre, of the Harmony Concert Company, was last winter engaged to fill a series of engagements as soprano with Victor Herbert's Orchestra. She will sing here Chautauqua Week.

GRACE LEWIS, READER AND ACCOMPANIST.

Grace Lewis

Grace Lewis, reader and accompanist with the Harmony Concert Company, studied under Lulu Tyler-Gates in Chicago. In her Chautauqua recitals she is presenting a class of work quite different from any other reader. She has a program especially arranged for the hot summer months. It is largely a miscellaneous program made up of "light" and popular numbers that might be classed as the "best sellers." Some of these are her own. She is a very clever reader, pianologist and accompanist.

Belle Kearney's voice can be heard to the farthest edges of a Chautauqua tent. She is a large woman of striking appearance. She has written many books and traveled more widely than any other woman lecturer. Her home is in Mississippi. She was born and reared on a large Southern plantation. She met Count Tolstoy in Russia and spent an afternoon with him. She has made exhaustive study of the sociological conditions of every civilized country. She is a refined, cultured, scholarly Southern woman, with a world-wide experience and acquaintance. She will speak here one day Chautauqua Week.

Helen Bradford Paulsen, in charge of the Junior Chautauqua, Chautauqua Week, is the head of a large school in which playground instructors are trained. She is one of the greatest exponents of children's play as placed on an intelligent and not an altogether scientific basis. She believes that with a little care, boys' and girls' play can be directed in a way that will be of great benefit in after years. And she believes in more fun for boys and girls; not less fun. The junior department will be a big feature of the Chautauqua.

Ruth Bowers is the greatest Chautauqua violinist. She will make her first Chautauqua tour in the West this summer. Her home is in Philadelphia, but she has studied most of her life in New York. She has been doing concert work since she was seven years old. She will be here, with Cella Fox as accompanist, one day Chautauqua Week.

The Fraternity Glee Club play as well as sing. It is a male quartette, with a lot of action songs just off the campus. It is one of the Chautauqua's extremely popular numbers. The company was organized by Mr. Ralph Dunbar, the greatest organizing genius in the Chautauqua and Lyceum.

CHIEF RAWIE, PULPIT ORATOR OF ABILITY.

Member of Rawies Co.

Chief Rawie, the head of the New Zealander Company which appears here Chautauqua Week, has made a long jump from an environment of savagery. He is not only a scholarly lecturer, but is said to be one of the most able pulpit orators that could be found.

Cella Fox, saxophonist with the Ruth Bowers Company, a Chautauqua attraction, was once a choir girl.

Mrs. D. M. Davis of Carroll was here this morning on her way to visit her old home at Red Oak, Iowa.

Miss Minnie Carlson of Hartington was here last week visiting Mrs. Swanson and Sunday went to Wakefield to visit.

F. Gamble left the first of the week for a trip in the west, and is now supposed to be enjoying life in Montana and the Yellowstone Park.

Geo. Lambertson of this place and Henry Tietgen of Carroll proved to be the best and second best guessers on July Fourth in the Blair & Mulloy guessing bout.

It was a great rain that fell here this morning, not great in quantity, but just right to soften the top of the ground for another rain that will doubtless come soon.

W. H. Beutow, wife and twin daughters left Wednesday to visit at Denver and other places over the range in that state, and may possibly extend their trip to Salt Lake City.

Sid Swanson and his mother, accompanied by C. E. Tweed and wife went to Hartington to celebrate the fourth and visit friends. Mr. and Mrs. Tweed remained until Monday.

Mrs. Linebach from Winner, South Dakota, was here last week visiting friends and her daughter, Gertrude, who has been attending Normal. They returned to their home last week.

Mrs. Elizabeth Mason and her grandson Master Elmer, from Columbus, have been visiting at the home of Henry Jones at Carroll and with relatives here, left this morning to visit at Red Oak, Iowa.

Miss Alice Francis arrived here from Boston last week to visit her brother, Perry Francis, and the James F. Jeffries home. The first of the week she went to Burwell with Mr. Jeffries to visit other relatives.

The German Store has added to their equipment one of the very latest and best makes of computing scales. It is adjusted so close that a feather weight will show on the beam. It is calculated to give exact measure.

John Harrington and wife returned to their Wayne home last week from Tekamah, where Mrs. Harrington was so long caring for her mother who had the misfortune to fracture a hip last winter. The death angel came July first to take her from a bed of suffering.

Fred Benschhof has been trying the metal of his automobile. It is one of those high-heel kind that looks like an open top buggy without tongue or shafts. He came in with the axle sprung, and the fender missing yesterday, explaining that he ran into an old sow that did not know enough to get out from in front of the procession.

Mrs. W. S. Slaughter and daughters arrived here Wednesday from Herrick, South Dakota, to visit her parents here for a time. She reports that crop prospects are bright in that country except a small strip that was hailed out a few days ago. Rains have been plenty there the past two weeks.

Rev. Alexander Corkey returned Wednesday from a trip to Sidney in Cheyenne county. He reports plenty of rain in that county, and fine crops. He brought home with him samples of the soil product from that land. They have had a rainfall of four inches this month. The Democrat has been advertising the lands of that country for J. C. Sparks, of Concord, and he said so many good things about the land that we could scarcely believe it, but every outside report confirms his story.

Has any one seen a swarm of bees? If so, report at once to Mr. James. He took great pains to gather in a bunch of honey makers the other day, carried the carefully home in the cool of the evening and got up the next morning expecting to find them bringing in sweets from every flower that blooms, only to discover that riches may fly away on the wings of the morning. The bees were gone, and they left no trail. In fact, the bees left the hive before he carried it home.

The Union Bible Study Circle had a very well-attended and interesting session at the home of Mrs. John Scofield Wednesday afternoon. To add to the interest there were fresh messages from a number of absent members. The class enjoyed some large sweet cherries from White Salmon, Washington, with compliments of Mrs. S. A. Lutgen who is visiting relatives there at present. The parable on the "Four Kinds of Soil" was discussed and many helpful thoughts advanced. The next meeting will be at the home of Mrs. Barker in the north part of town and as this is the last meeting before Mrs. Barker and sons leave for their old home at Long Pine all the friends are cordially invited to attend this session of the Circle.

COUNTY COMMISSIONERS.

Wayne, Neb., July 9, 1912. Board met as per adjournment. All members present.

The following claims were on motion audited and allowed and warrants ordered drawn:

Ahern's

Now for the Summers' Greatest Bargains

For July is the month when we hold our Clearing Sale of Summer Goods. Price is now the last consideration---stocks must be reduced and all broken lots disposed of regardless of cost or profit. On account of the late, cold spring, the overstock in many lines is so large that prices have been cut to the lowest point at which we have ever sold new goods. Every item listed on this circular you will find exactly as described. You will not be disappointed when you come---there are many more money-saving bargains in goods you'll need, that are not listed here, which you will find on display at the store with the reduced prices plainly marked. Not for another year will you have an opportunity to save so much on Summer Goods :

\$1.50 White Waists, this season's styles, only \$1.00 EACH

A big assortment to choose from, as this season's stock has not been half sold. They are all as fresh and clean as when they came from the factory in May. The late spring cut the sale of thin waists in half---that is the reason you can buy them now at such a great reduction.

\$2.25 Waists Reduced to \$1.50 **\$3.00 Waists Now \$2.00**

Ladies' \$2.50 to \$4 Low Shoes, about 200 pair Now \$1.50 pair

These are mostly one, two and three strap pumps which sold last season at \$2.50 to \$4.00. Many of them are "Queen Quality" make--the best \$3.50 to \$4.00 shoe value it is possible to buy. The toes are not so broad as they are wearing this season, otherwise these low shoes are just as desirable as this season's styles for which you pay \$2.50 to \$4.00. At \$1.50 they cost no more than the cheapest house shoe. They come in sizes 2½ to 8, all widths, high and low heels. You will find about 50 pair of gun metal and tan low shoes, this season's styles, in the lot.

50c Silk Tissue and Mull Dress Goods Now On Sale At... 30c yd

These goods are half silk and half cotton. They are the daintiest, coolest, best wearing and most washable materials to be had for thin summer dresses and party-dresses. As Pretty as Silk and Better Wearing Qualities at One-Third the Price.

Reduced Prices on Ready-Made Dresses OF LAWN AND GINGHAM

\$1.50 will buy a neat house dress of plain blue gingham or light percale. \$2.65 is the reduced price on all the fancy gingham and lawn dresses that formerly sold at \$3.00. \$3.95 for your choice of the fine lawn dresses that were marked \$5.00. The white lawn and voile dresses are also on sale at one-third less than formerly. There is a big assortment to choose from and every dress is a new, this season's style.

Every One of These Bargains Means a Saving Well Worth While

There are so many offered and the savings are so substantial that you will find it a good idea to take your pencil now and make note of the goods you need so as not to miss them when you come

Muslin Night Gowns, embroidery trimmed	75c	25c Boxes Mennen's Talcum Powder	Each 15c
Children's Muslin Pants, trimmed with tucks	2 for 25c	25c Sunbonnets and Sun Hats, shipped from handling	10c
Light Calicoes, sold elsewhere at 6 to 8c yd	4c yd.	Men's 35c Summer Underwear, shirts or drawers	each 20c
White Handkerchiefs, slightly mussed	4 for 5c	Men's 25c Fancy Sox, neat patterns	2 pair for 25c
10c Linen Laces, suitable for underwear, pillow slips, etc	5c yd.	Remnants of Gingham, Percales and Calicoes at Low Prices	
\$3 Hand Crochet White Handbags	\$2.25	Remnants of White Lawns, Fancy White Goods Embroideries	

Economy Fruit Jars and Jelly Glasses at Below Wholesale Cost

JELLY GLASSES, VERY BEST 80c GRADE, PER DOZEN 20c

Economy Fruit Jars--the safest and in the end the cheapest jar. Easy to use and fruit never spoils. No threads to fit with covers; no rubbers to buy.

These are jars and glasses which were bought at 67c on the dollar from the Clinkenbeard stock, hence these very low prices. The peach season is coming---Get your jars now at a saving.

Trading Stamps with all Purchases. Double Stamps Thursdays. New Premiums Received Weekly.

783.12, but no warrant ordered drawn, was on this day re-examined and warrant ordered for \$1,783.12.

E. J. Hunter is hereby appointed county surveyor to fill vacancy and bond approved.

E. W. Spittgerber is hereby appointed overseer of road district No. 53 and bond approved.

Whereupon board adjourned to July 23, 1912.

Killed Him With Kisses.
M. de Langy was a courtier of the time of Louis XV., whose supreme conceit so irritated certain ladies of the court that they resolved to inflict upon him a novel punishment. Feigning one day to be overcome by the beauty of his face and person, they fell upon him en masse, hugging and kissing the wretched dandy until he cried for mercy. Due to his entreaties, the ladies continued their merciless caresses until the object of their mock love, who indeed was but a sorry weakling, in endeavoring to break away from their clutches broke a blood vessel and died a few days later.

A Mob:
A mob is usually a creature of very

mysterious existence, particularly in a large city. Where it comes from or whither it goes few men can tell. Assembling and dispersing with equal suddenness, it is as difficult to follow to its various sources as the sea itself, nor does the parallel stop here, for the ocean is not more fickle and uncertain, more terrible when aroused, more unreasonable or more cruel. --Dickens.

Thin as the Mist.
Scene, a town in the north on a very misty day.
Sandy McKay (coming out of a public house and meeting his minister face to face)--Losh, sir, it's an awful, delectable thing, this mist. D'ye ken (impressively) I wandered in there the

boo, thinkin' it was the grocer's?--London Telegraph.

Ambiguous.
"Papa Arthur or Mr. Hinx is in the parlor and asked me to ask you if you would mind stepping down there for a few minutes; he has something important to ask you." "Sure! Tell him I'll have my boots on in just a minute."--Houston Post.

Made to Order.
"I just know I'm going to have a fearful headache."
"Feel it coming on?"
"No, but my husband has tickets for a concert that I don't want to go to."

WILSON AND MARSHALL ARE NAMED

Democrats Select Standard Bearers.

UNDERWOOD DROPS OUT

He is Followed Soon by Clark, Foss and Harmon.

MISSOURI DEMANDS ROLL CALL

Finally Moves to Make Nomination Unanimous.

Governor Woodrow Wilson of New Jersey was nominated for president and Governor Thomas R. Marshall of Indiana for vice president by the Democratic national convention at Baltimore.

Wilson jumped from 494 on the forty-second ballot to 602 on the forty-third. The figures told their own story. The Wilson delegates were jubilant as Chairman James directed the second call of the day, the forty-fourth of the convention. The most important change on this ballot was in the Colorado delegation, which had been voting eleven for Clark and one for Wilson. This time Colorado divided ten to two in favor of Wilson.

Altogether the ultimate nominee gained twenty-seven votes on this ballot. Then came the forty-fifth. It was disappointing in a way, for Clark held his own and Wilson made a gain of only four.

There were few in the hall at this time who did not believe Wilson would win, but they feared it would take a long, long while for him to attain the

© 1911, by American Press Association.
WOODROW WILSON.

725 1/2 votes necessary to nominate. It was realized that there must be a decided break in the Underwood vote, which had held firm from the beginning, before any man could win.

Underwood is Withdrawn.

The forty-sixth ballot had been ordered when Senator Bankhead of Alabama was seen making his way to the stage. Word flashed over the great armory that his purpose was to withdraw Mr Underwood from the race, and release his delegates to vote for whom they saw fit. The delegates, wearied by the long sessions of the last week, realized all at once that this was indeed the climax. There was a confusion of cheering, applause and calls from one delegation to another. The galleries caught up the disorder and added to the din. Senator Bankhead stood for a long while before he could proceed. He had uttered but a few words when the meaning of his remarks became clear and there were frequent interruptions of applause and noisy demonstrations.

The only display of temper marking the nominating session came from the Missouri delegates. They demanded to know of Senator Bankhead why Mr Underwood had not withdrawn when Clark appeared to have a chance for the nomination and accused the Underwood delegates of "faking." Senator Bankhead paid no heed to the questions hurled at him. He said Mr Underwood desired the success of his party above everything else and would not lend himself to any plan to prevent a nomination.

From the moment Senator Bankhead reached the platform the heavy dragging wheels of the convention machinery, which had been slowly turning over and over again, accomplishing nothing, began to revolve with an energy that meant results.

Stone Talks for Clark.
When Senator Bankhead concluded, Senator Stone of Missouri went to the platform and asked unanimous consent to be allowed to make a statement.

speaking for Speaker Clark, said Senator Stone, "I will release—if release be necessary—any delegation instructed for him. I would not have a single delegation stay with him for a single roll call under any sense of obligation to him."

"I need not tell this delegation, or the friends of old Champ Clark that he will stand by the nominee of this convention loyally to the end."

When Senator Stone finished, Mr. Fitzgerald of Boston mounted the platform. He withdrew the name of Gov-

THOMAS R. MARSHALL.

ernor Foss of Massachusetts and announced that the Massachusetts delegation would vote for Wilson.

Uproar greeted this announcement, for the nomination of Wilson had now become a practical certainty.

When the disorder subsided Representative Fitzgerald, who had just finished a conference with Murphy, took the stage. His advent marked the end of the opposition to Wilson as an organized body.

Fitzgerald made a plea for harmony. He said: "We want to leave this hall a united democracy, with victory in November assured."

In conclusion, he said: "I move that the roll call be dispensed with and that the convention proceed by acclamation to nominate that distinguished Democrat, Governor Woodrow Wilson."

Convention in an Uproar.
The weary delegates stood on their chairs and shouted wildly. Missouri and New York alone sat unmoved throughout the demonstration.

Wilson adherents dashed about the hall, shaking hands, hugging each other and dancing with glee. The aisles were jammed and the sergeants-at-arms and police fought in vain to quiet the throng.

The stolid mass of men who had sat through ballot after ballot until they had almost gone into a stupor of routine, greeted the relief with an outburst of jubilation and became as noisy as a crowd of school boys. It took fifteen minutes to quiet them. Finally Chairman James announced that a plan, proposed by Representative Fitzgerald, to nominate by acclamation, could be carried only by unanimous consent.

Senator Reed of Missouri took the platform to object to this scheme, and said:

"Without the slightest desire to express any resentment or rancor, I object because Missouri wants to be recorded on this ballot for old Champ Clark," and the Clark forces cheered.

F. H. McCullough of Missouri asked and received permission to make a brief statement. He said the people of Missouri "Love old Champ Clark."

The regular order was demanded and the forty-sixth ballot and final roll call of the states was begun.

Landslide Continues.

"Alabama, twenty-four votes for Wilson."

"Arizona, six for Wilson."

"Arkansas, eighteen for Woodrow Wilson."

It was difficult for the clerk to proceed on account of the applause that greeted each response.

California was passed and Colorado gave its twelve votes to Wilson. Connecticut did likewise with its fourteen. Delaware, always consistently in the Wilson column, cast its votes there again amid applause.

Florida voted seven for Wilson and five for Clark—Underwood's twenty-eight in Georgia went to Wilson. A cheer greeted Illinois' fifty-eight as it was cast for the New Jersey governor. Indiana and Kansas also supported Wilson without a dissenting vote.

Louisiana gave Clark two of its twenty votes. Maine's twelve were cast in a block for Wilson. Maryland's sixteen and Massachusetts' thirty-six were likewise given to Wilson. Michigan's thirty climbed into the band wagon beside the twenty-four men from Minnesota, who had seats from the beginning. Underwood's twenty in Mississippi was announced for Wilson by Governor Brewer in his best baritone voice.

When Missouri was called, Senator Stone, in a voice that could be heard throughout the hall, announced: "Missouri casts thirty-six votes for Champ Clark."

The Missourians cheered and they were given a round of applause. Montana and Nebraska went solidly for Wilson and all of Nevada's eight was cast for Clark, followed by New Hampshire, which gave eight to Wilson.

The four Clark votes in New Jersey remained firm and the vote of the state was recorded, Wilson 24, Clark 4. New Mexico gave Wilson its eight votes.

Another outburst occurred when Charles F. Murphy rose in his place to announce:

"New York casts ninety votes for Woodrow Wilson."

North Carolina gave Wilson its full twenty-four votes and North Dakota's ten got into line. Then Ohio was reached, and Ed H. Moore of the Harmon forces took the stand to release the Ohio delegates from any obligations to support Harmon. Ohio was passed.

Oklahoma's delegation, so long divided, ten and ten, cast its entire twenty for Wilson. Oregon's ten and Pennsylvania's seventy-six remained in their accustomed place behind Wilson. Rhode Island's ten came into line. South Carolina voted its eight for Wilson. South Dakota gave Wilson ten. The badly split Tennessee delegation for the first time in the convention was united and gave its twenty-four votes to Wilson.

When Texas was called a little girl, Frances Bail, was lifted to the top of a chair to cast the state's vote. She was cheered as she chirped: "Texas votes forty for Wilson."

Utah, Vermont and Virginia went to Wilson. Then Washington, which had stood solidly for Clark, was reached. "We stayed by Clark until he went down to defeat," announced the Washington chairman, "and we'll stay by Wilson to victory."

West Virginia, Wisconsin, Wyoming, Alaska, Hawaii and Porto Rico supported Wilson, but the six votes from the District of Columbia stayed with Clark to the end.

California, which had been passed, was called and Theodore A. Bell asked unanimous consent to make a brief statement. Objection was made. Thereupon Bell rose to explain his vote and finally secured quiet. He went to the platform and said that he would support Wilson. He announced his intention of moving to make Wilson's nomination unanimous, but recorded the vote of California as Clark 24, Wilson 2. Ohio gave Clark 1, Harmon 12, Wilson 33.

The total vote for Wilson was 990. Clark received 84 and Harmon 12. Two were absent.

Before the result of the forty-sixth ballot was announced Senator Stone of Missouri moved to make the nomination of Woodrow Wilson unanimous. As Chairman James put the motion a chorus of "ayes" broke all over the hall.

"They have it," said Mr. James "and I declare Woodrow Wilson the nominee of this convention."

The demonstration began at once. Soon the aisles were choked with a struggling mass of delegates, shaking hands and greeting friends and enemies with the slogan: "We'll win with Wilson."

For ten minutes the sergeants-at-arms labored to restore order.

No. 1
Come to Benton County

Central Eastern Minnesota

The soil is a rich warm timber and leaf loam with good clay subsoil; no stumps, stones, rivers and lake in abundance, good hunting and fishing, water of delicious coolness and absolute purity easily obtained. Corn and small grains yield heavily, clover and timothy and other tame grasses are at home here. A great stockraising and dairying country; Minnesota creamery butter received highest awards at Pan-American and St. Louis exhibitions. Every vegetable and root crop does well here; great small fruit country, apples do well; fuel is cheap country is well settled; rural mail delivery and telephone lines. Improved farms \$35 to \$60 acre, wild land \$15 up. Write to us for bargains.

LIVE STOCK PRICES AT SOUTH OMAHA

Beef Supply Meager and Prices Fully Steady.

HOGS STEADY TO 5c LOWER.

Sheep and Lambs 10@15c Higher—Desirable Killers in Good Healthy Demand—Bulk of Offerings Changed Hands in Good Season.

Union Stock Yards, South Omaha, July 9.—Another very light run of cattle showed up today, about 1,800 head being received. The few fat cattle that were here sold in about the same notches as Monday. The offerings did not include anything like the \$9.50 beeves Monday, but very good 1,350-pound beeves brought \$9.25. The small supply of cows and heifers found a ready outlet at steady to strong figures. Veal calves were in the usual vigorous demand and notably firm, and there was a fair outlet and substantially a steady market for bulls, stags and rough stock generally. Business in stockers and feeders was very quiet and small in volume, which changed hands readily at steady figures.

Cattle Quotations: Choice to prime beeves, \$9.00@9.50; good to choice beeves, \$8.50@9.00; fair to good beeves, \$8.00@8.50; common to fair beeves, \$7.50@8.00; good to choice heifers, \$6.50@7.50; good to choice cows, \$5.25@6.25; fair to good grades, \$4.25@5.25; canners and cutters, \$2.75@4.25; bulls, stags, etc., \$4.00@6.25; veal calves, \$1.00@1.75; choice to prime feeders, \$6.00@8.50; good to choice feeders, \$5.00@5.75; fair to good feeders, \$4.50@5.00; common to fair feeders, \$3.75@4.50; stock cows and heifers, \$2.25@4.75.

About 11,500 hogs were received today and prices were steady to 5c lower. The bulk of all the hogs was at \$7.15@7.25, the same as Monday, with a top of \$7.30, as compared with Monday's top of \$7.35.

Sheep and lamb receipts amounted to about 6,200 head. The general market was 10@15c higher. The trade was reasonably active and the bulk of the offerings changed hands in very good season. As of late, the bulk of the supply is made up of western range stuff.

Sheep and lamb quotations: Good to choice lambs, \$7.50@8.00; fat range yearlings, \$5.50@6.00; fat range wethers, \$4.50@5.00; fat range ewes, \$3.75@4.25.

Notice to Water Users

Notice is hereby given, that the Ordinance of the City of Wayne, regulating the use of water for sprinkling, will hereafter be rigidly enforced. Water may be used for sprinkling and wetting lawns, ONLY between the hours of 7 and 9 a. m., and between 5 and 8 p. m. By adhering strictly to this rule, you will avoid the expense and annoyance of having your water cut off, especially during this hot dry weather. Any violation of this rule will be dealt with according to law.

By order of the City Council,
J. M. Cherry,
Water Commissioner.

Bert Brown and wife are spending a little time at Crystal lake, having rented the old Goldie cottage for the hot season.

Among The Churches of Wayne

BAPTIST CHURCH
(Rev. B. P. Richardson, Pastor)
At the communion service last Sunday the hand of fellowship was given to three young men. We are pleased to see young men connect themselves with the church, not only because of what the church can do for them, but also because of what they can do through the church.

An excellent crowd was present last Sunday, despite the warm weather. Through the kindness of one of our business firms, we are well supplied with fans, which are highly appreciated.

Sunday morning the pastor will speak on "The Firing Line."

We appreciate the faithful service of our Sunday school workers during the summer months.

Wednesday evening at 8 o'clock our prayer meeting convenes regularly. We endeavor to make each meeting significant to each one present.

Sunday evening at 6:30 we meet on the court house lawn. A very appreciative gathering greeted us last Sunday. Next Sunday the Rev. M. Hasman of Norfolk will preach. You will enjoy being present at these vesper services.

PRESBYTERIAN CHURCH

(Rev. Alexander Corkey, Pastor)
The Sunday school begins at 9:50 a. m. Preaching service at 11 o'clock. In the evening the congregation unites with the Union Open Air meeting on the Court House lawn.

"Our Best Friendship" will be the subject of the morning sermon at the Presbyterian church next Sunday.

The Missionary Society will meet with Mrs. Henry Schroer this week on Thursday afternoon.

The Ladies Aid enjoyed a social meeting at the country home of Mrs. W. H. Gildersleeve on Wednesday afternoon of this week.

There will be a band concert on the church lawn on next Friday evening, July 12th. Ice cream and cake will be served for 10c. Everybody is invited.

ST. PAUL'S LUTHERAN CHURCH

(Rev. Floyd Blessing, Pastor)
Services next Sunday morning at 11 o'clock. Subject of sermon, "The Revelation of the Father in the Son"

Sunday school at 10 o'clock. If there are any of the Benevolence envelopes which were not returned last Sunday, please return them as soon as possible, as the pastor desires to make up the apportionment as soon as possible.

The Ladies Aid society will meet this week at the home of Mrs. Victor Carlson.

Choir practice on Thursday evening at 8 o'clock

GERMAN LUTHERAN CHURCH

(C. H. Karpenstein, Pastor)
There will be Sunday school at 10 and services at 11 o'clock a. m. After the services the quarterly congregational meeting will be held.

The ladies of the German Ladies Aid society will hold a Bazaar in the store building vacated by Mr. Clinkenbeard one door south of the Shulthess Dr g store. They will also sell ice cream and cake and coffee and sandwiches on Saturday evening, July 20th.

State Normal Notes

Only two more weeks of this term.

President Conn is attending the National Educational Association at Chicago.

School will be in session next Saturday to make up for the loss of July 5.

A special teacher's examination will be held at the Normal at the close of the summer term.

Henry Schultz of Stanton was a chapel visitor Tuesday morning and favored the school with two vocal solos.

Miss McBeth has been at Osceola, Nebraska, since Wednesday of last week, called there by the serious illness of her sister-in-law.

On Wednesday morning C. B. Craven grouped the summer students on the campus and took a picture with his new panoramic camera.

Mrs. G. A. Berg of Wausau enrolled Monday and will take review and method work for the remainder of the term. Mrs. Berg will teach at Magnet next year.

Miss Grace Hall of Pender is the guest of Miss Beechel. Miss Hall was formerly a student of the Nebraska Normal College and was graduated from the state normal school at Peru in 1911.

The last number of the summer school lecture course will be given in the chapel on Monday evening, July 15. This will be an entertainment by the Normal Male Quartette assisted by Miss Olive M. McBeth.

The Philomathean literary society will close the work of the year by giving a program in the chapel on the evening of Friday, July 19. Under the direction of Miss McBeth they will present the drama, "The Silent Detective."

Charles L. Culler has received notice of his election as director of manual and physical training in the schools of Glasgow, Montana. Mr. Culler is a graduate of the Nebraska Normal College and of the Wayne State Normal School. He has had a number of years of successful experience in public school work, and during the past year made special preparation for the teaching of manual training. We doubt if the Board of Education at Glasgow could have made a better selection for this place.

Students and members of the faculty regret the departure of J. N. Short and family. Mr. Short has looked after baggage and express in connection with the school for years. An order placed with him always received prompt and careful attention. Courteous, obliging, dependable, students coming to Wayne in the future will miss the spirit of helpfulness always shown to them by J. N. Short.

Commissioners' Proceedings.

Wayne, Nebr., July 2, 1912.
Board of Equalization met as per adjournment. All members present.

Personal property assessment was left as returned by the Assessors. Protest on improvements on west 50 feet of lots 7-8-9, block 4 B & P's 2nd addition to Winside, was considered and reduced \$100 on the assessed valuation.

Protest on land and improvements on lots 7 and 8 block 5 of the original town of Wayne, and lot 5 of block 9 of Crawford & Brown's addition to Wayne, was considered and on motion the assessment of improvements on lot 8 block 5 of the original town of Wayne was reduced \$60 on the assessed valuation.

Protest on assessment of improvements on lot 3 block 2, 1st addition to Carroll, was considered, and on motion was reduced \$10 on the assessed valuation.

Protest on assessment of a part of n w 1/4 of 18-26-4 19 acres, on both land and improvements as too high, compared with lands adjoining was considered, and on motion rejected.

Protest on assessment of w 1/2 n e 1/4 of 7-26-4 as too high compared with land adjoining, was considered and on motion rejected.

Whereupon Board adjourned to August 2, 1912.

CHAS. W. REYNOLDS,
Clerk.

Mrs. A. P. Gossard and daughter Mabel and son, Ted, left Wednesday to attend a family reunion of Mrs. Gossard's family at Craig this week. The children and grandchildren are invited in from their far-a-way homes for a happy week.

P. L. Walker, who has been at the Beaman grocery for the past year has gone to work at his old trade of carpentering. Delos Reynolds and Paul Mildner are now at the Beaman grocery.

LOCAL NEWS

Wm. House is looking after business at Pierce this week.

Miss Gaffney left Wednesday morning to visit home folks at Omaha.

Mrs. B. J. Gossard has gone to Radcliff, Iowa, to visit the home of her parents.

Jas. Bosteder went to lake Okoboji Wednesday morning to remain for a month.

"Let the people rule" says Father Temple, "by-dad," and so say we, all of us.

Peter Pryor was looking after farm matters in Chapin precinct part of this week.

J. M. Roberts is driving a new Buick car recently purchased from the Reetz-Jones Auto Co.

Frank Pryor and wife came down from Creighton and spent Sunday with his parents at this place.

Phil H. Kohl and family left early Wednesday morning for an outing at Lake Okoboji, Iowa.

Wm. VonSeggern and family are among those who left Wednesday to spend summer vacation at Lake Okoboji.

Mrs. Palmer, who has been here from Sioux City visiting her mother, Mrs. Heady, returned home Wednesday morning.

Misses Ella and Lena Lush were called to Fountenelle, Iowa, Wednesday by a message telling of the death of an uncle at that place.

Misses Reba Nangle and Florence Welch have gone to Austin, Minnesota, where they will visit relatives and friends a week or two.

Henry Ley and wife are home from Crystal lake, where they have been staying for a time. U. S. Conn, wife and daughter were their guests at the cottage the first of the week, going over by automobile.

Mrs. Ada Rennick and children, accompanied by Miss Margaret Pryor went to Lake Okoboji this morning for an outing. Mrs. Rennick plans to remain until September, but Miss Pryor is expecting to return in about two weeks.

August Lohberg of Carroll was in Wayne Wednesday on his way home from Sioux City, where he had been with a car of cattle, the last of the season from his feed yards. He says he struck a good market, and feels well satisfied with results.

A stranger passing through our city tells strange stories of our citizens when away from home. He accuses them of not being able to turn their automobile around in the streets without bumping into the vehicles at the side of the street, and the women were not permitted to remain in the car when the turn was made. That man should carry a little turn-table with him or else drive around the block when he is ready to start home.

Mrs. Guy G. Stockton Drowns

A drowning tragedy marred Norfolk's fourth of July. Mrs. Guy G. Stockton, wife of a local photographer, had gone to the mouth of the Northfork river at a point where it empties into the Elkhorn, early in the day with her family for a holiday picnic. While wading with others in the river she stepped off into a hole fifteen feet deep and lost her life. Her husband and Mr. Weaver were both near at hand and both leaped into the whirlpool in an effort to rescue the drowning woman. Mrs. Stockton tore Weaver's shirt almost off his body and clutched her husband's ankles in her desperate attempt to save herself, but to no avail. Both men nearly lost their lives in the attempt to save her.

Mrs. Stockton was well known to many Wayne people who mourn her untimely death.

Gun Club Score

Wind was blowing a gale and birds went fast and furious.

Mr. Berry had his shells loaded with gasoline and won with plenty to spare. As he expects to be away from the city for a few days, the boys thought his stories would sound better to let him wear the medal while away.

A challenge was received from Meadow Grove Gun club which will be accepted. One day's shoot over traps at Meadow Grove and one day at Wayne. The five men having high averages will represent the teams. Date will be announced later. Watch for it.

WILL O. FERGUSON - HOT SPRINGS, S. D.

There seems to be a serious idea of petitioning President Taft to decline his nomination tendered him at Chicago. One paper says in the headlines, "too heavy a load to carry." We suggest that the President take anti-fat as the easiest way to reduce the weight. But with such an unheard of thing seriously discussed we must admit that the interests are in a sorry plight. The fact appears to be that it is the republican nomin-

Old papers for sale at this office

Yes—you buy something more than a marvelous automobile when you buy the Ford. No matter where you are—nearby you'll find a Ford service station. There's something better than a guarantee back of the Ford--and we'll sell seventy-five thousand of them this year.

All Fords are Model T's—all alike except the bodies. The two passenger runabout costs \$590—the five passenger touring car \$690—the delivery car \$700—the town car \$900—f. o. b. Detroit, completely equipped. Get latest catalogue from Von Seggern Auto Co.—or direct from Detroit factory.

Beauty depends on Toilet Preparation

to a very great extent. The fairest skin will roughen, the whitest teeth turn yellow, and the most luxuriant hair fall out, if neglected.

You cannot overlook your toilet if you would become beautiful or retain your beauty. Moreover you must use only the purest and best toilet preparations—poor toilet preparations are worse than none.

We can supply you with pure, fresh and wholesome toilet goods of every description. We are convinced of the superiority of REXALL Toilet Preparations for we know their ingredients.

REXALL TOILET CREAM will keep the skin clean, soft and fair, giving a beautiful complexion.

REXALL TOOTH POWDER insures pearly teeth, kills all germs and sweetens the breath.

REXALL '98' HAIR TONIC preserves the hair full, long and silky, free from dandruff.

A Crippled Mind

Many strong minds, giant intellects, are held down and starved out by crippled digestive power, dyspepsia and the poison absorbed as a result of chronic constipation. If your stomach lacks digestive power the natural and simplest thing to do is to put into it the agents it lacks. Above all things avoid strong drugs that paralyze and irritate the stomach and bowels. A sound, healthy stomach contains the same digestive agents Spruce Pepsin tablets contain.

Spruce Pepsin tablets will digest fermenting, decaying food that lays like a lump in your stomach. We have proved this thousands of times or we would not dare spend thousands of dollars to prove it to every sufferer from stomach trouble. We will send you a trial box FREE. Spruce Tablet Co., Heron Lake, Minn. 50c sizes can be had at

NEBRASKA NEWS

State Veterinarian Finds Cases of Glanders and Anthrax.

MAKES TRIP INTO NORTHWEST

Secretary Mellor Completes Contract With Aviator to Do Some High Flying in Monoplane at State Fair, Rail Commission Schedule.

Lincoln, July 10.—Dr. Bestrom of the state board of veterinaries left for Valentine and other points on the Northwestern railway in that section of the state to look up rumors as to glanders and other diseases which have come to him. In his trip west of Omaha last week he discovered a few cases of anthrax in cattle and sixteen were killed. The department is somewhat short of funds and a thorough examination cannot be had in consequence, and it is only in extreme instances that precautions are taken.

Applications for Pardons.

Application for pardon or commutation of sentence has been filed with the state parole board by the following persons, who will be given a hearing before said board at its meeting, beginning today: John P. Ernsdorff, Adams, Jan. 23, 1912, one to seven years, larceny; Charles Allen Whiting, Cass, April 2, 1912, one to seven years, bigamy; Andrew Tucker, Douglas, Jan. 17, 1904, fourteen years, murder; John Lieb, Thurston, April 12, 1911, two years, criminal assault; Arthur Frenchy, Richardson, Feb. 30, 1911, one to ten years, burglary; J. W. Connell, Douglas, Feb. 25, 1911, eight years, robbery; John K. Thomas, Douglas, Nov. 26, 1905, life, murder; Howard Bailey, Dodge, Sept. 27, 1904, twenty years, statutory assault; Calvin Wain, Douglas, June 25, 1906, life, murder.

Mellor Engages Aviator.

Secretary Mellor of the state fair closed a contract with the air ship people and will have an especially good bill for the fair in this line. The machine will be a monoplane and the flyer will be H. Kautner, the daring Frenchman. He will make from two to three flights every day, the distance to be not less than three miles and the height not less than 500 feet. Mr. Mellor thinks with the immense crowds which always attend the state fair that Kautner will probably get the inspiration to do some spectacular stunts in monoplane flying, as this will be the first appearance of a monoplane here.

Gideons Hold Meeting.

The Nebraska Gideons, an organization of traveling men, held their annual meeting in this city. The retiring president in his report stated that the organization had placed nearly 2,000 bibles in the hotels of the state during the year. The report of the secretary showed the largest paid membership since its organization in the state. The new officers are: G. M. Barnes of Omaha, president; T. C. Barner of Lincoln, vice president; F. H. Orcutt of Omaha, secretary-treasurer, and H. J. Steinken of Lincoln, chaplain.

To Take Movies of Football Games.

If the consent of university authorities can be secured a Kansas firm proposes to take moving pictures of the Kansas-Nebraska football game next fall for purposes of producing them in moving picture houses.

Coach Ewald O. Stehm of Nebraska has received a letter from the company, inquiring as to whether the university authorities here would have any objections to taking the pictures. Stehm will place the matter before the athletic board.

Request by Northwestern.

The Northwestern Railway company has asked permission of the railway commission to guarantee payment of \$1,120,000 worth of refunding bonds of the St. Paul, Eastern and Grand Trunk Railway company and to guarantee \$2,500,000 worth of bonds for the construction of the Des Plaines Valley Railway company in Illinois. The Northwestern company operates the Grand Trunk line and has an option on it, and is furnishing the funds to construct the Illinois line.

Rail Commission Schedule.

The state railway commission will take up a continuance of the hearing on the valuation of the Union Pacific railway on July 30, and the following cases will follow in this order: Burlington, Aug. 1; St. Joseph and Grand Island railway hearing, Sept. 10; Omaha Bridge and Terminal hearing, Sept. 12; Chicago, Milwaukee and St. Paul, Sept. 13; Great Western, Sept. 14; Wabash and Santa Fe, Sept. 15.

Wymore Phone Troubles.

The Lincoln Telephone and Telegraph company has asked the approval of the railway commission for a consolidation of the two Wymore companies, which recently passed into their hands. The Nebraska-Telephone company, with 460 phones, and the New Home company, with 240, are the companies mentioned. Permission was given for consolidation subject to complaint.

Tim Farrell Injured.

Tim Farrell, a clerk in the auditor's office, met with a severe accident while returning from Omaha, where he had accompanied the Lincoln club for the ball game. While passing into the coach, the door was blown shut, catching his hand and nearly cutting off all his fingers.

FUNERAL OF W. W. LATTA

Body of Burt County Pioneer Laid to Rest at Tekamah.

W. W. Latta, whose funeral occurred at Tekamah, was a pioneer settler and prosperous citizen of Burt county.

Mr. Latta, during his thirty-five years' residence in Tekamah, was an active factor in municipal affairs. For some years he was interested in the hardware business and in later years was connected with the First National bank of Tekamah, of which he was president since the death of his cousin, Congressman Latta, nearly a year ago. During all these years Mr. Latta still carried on his farming and live stock business with his son, Bud R. Latta.

Mr. Latta's estate is estimated to be worth \$1,000,000.

TENNIS "SHARKS" BARRED

State Tourney at Norfolk Next Week Open to Nebraskans Only.

Professionals are at work on the clay courts at the Norfolk Country club grounds, putting the grounds into condition for the coming Nebraska state tennis tournament, which will be held in Norfolk during the week, beginning Monday, July 15.

Beautiful trophies have been selected, as well as a choice lot of prizes for winners, runners-up and consolation winners in both singles and doubles.

One vital point which directors of the state association wish to impress upon all tennis men in Nebraska is that this is a "closed" tournament. No outsiders will be permitted to come in and gallop away with the prizes. Only Nebraskans may enter.

GUARD GOING TO MANEUVERS

Adjutant General Sends Telegram Accepting Conditions.

Adjutant General Phelps sent a telegram to the war department, as follows:

"The First regiment of infantry, Nebraska, will participate in the maneuvers at Pole mountain, Wyoming, July 28 to Aug. 6, inclusive, subject to these conditions:

"That the vacancies of two companies in this regiment be filled by assignment of like number of companies from the Second regiment.

"That where companies are below minimum strength enlisted men from the Second regiment be detailed thereto, and that the aggregate allotment to the state be \$20,000, as set forth in your letter of June 10."

NEW RECORD FOR FAT CATTLE

Long Fed Stuff Sells at South Omaha for \$9.50.

Omaha, July 9.—A new record for cattle was made at the stock yards when two carloads of thirty-seven Shorthorns and Hereford cattle were sold for \$9.50, 30 cents above the previous record. The cattle were long fed stock, fattened by Ed Graham of Creston, Neb., who has acquired the habit of late of topping the market, according to the stock yards management. The shipment averaged 1,457 pounds.

Spring lambs are beginning to arrive and bring a high price. Range cattle are also starting for the South Omaha market, which is the leader in this class of stuff.

Water Application Up.

The state board of irrigation decided to have a hearing in the Boggs application for water from the Loup river for power purposes some time within the next thirty days. The applicant, C. T. Boggs of Lincoln, proposes to take water from the Loup west of Columbus at a point where the A. C. Koenig project proposes to return water to the same river. Mr. Boggs proposes to return the water to the Platte river near Schuyler, and will therefore in no way interfere with the Koenig rights.

Sutherland Has \$50,000 Fire.

Sutherland, Neb., July 9.—Fire destroyed all the business places on East Front street for a block, with the exception of the State bank and Burkland's general store. The losses are: C. G. Wood, hardware; William Garman, general store; D. Love, furniture; Pordyce, millinery; Lee Case, livery; and A. B. Yates, clothing. The loss will aggregate about \$50,000, partly covered by insurance.

Mrs. Stockton Buried at Fort Calhoun.

Blair, Neb., July 9.—The body of Mrs. Guy Stockton, who was drowned while wading with her husband in the river at Norfolk, was brought to Blair and the funeral services were held at the home of Mr. Stockton's aunt, Mrs. A. O. Ponnard. The body was taken to Fort Calhoun for burial.

Fremont Carriage Factory Burns.

Fremont, Neb., July 9.—Fire destroyed the entire plant and stock of the Fremont Carriage company and threatened for a time the destruction of adjoining buildings. The loss, \$80,000, is covered by insurance. The plant was one of the largest of the kind in the west.

Taken With Cramps and Drowns.

South Omaha, July 9.—While swimming in the river at the foot of Y street Cornelius Jones, colored, seventeen years old, was taken with cramps and drowned before his companions could reach him.

Farmer Drowns While Fishing.

Hartington, Neb., July 9.—John New, a Cedar county farmer, was drowned in the Bay creek while bathing.

CONDENSED NEWS

General Federation of Women's Clubs chose Mrs. Pennybacker for president.

America celebrated its sanest Fourth of July, 17 dead and one, 123,456 345 of July; 17 reported dead and 326 injured.

Henry T. Legler, librarian of the Chicago public library, was elected president of the American Library association.

The railroad between Tacna and Arica, in Chile, has been destroyed by a storm. A large number of people were injured.

Jack Johnson was declared the winner over Jim Flynn in the ninth round, when police stopped the fight at Las Vegas.

Five persons were killed and seven injured when an interurban car crashed into a "dead" gasoline car near Tulsa, Okla.

Omegia, a collie dog, saved the life of its mistress, Mrs. Van Daggett of San Francisco, by dragging her unconscious body from a burning bungalow.

Colonel Roosevelt conferred with leaders in the third party movement and later announced that the fight will go on regardless of the Baltimore result.

Three persons were killed and more than a dozen seriously injured in an interurban wreck on the Indiana Union Transit company's line at Marion.

The house chemical revision bill, amended to place dyes used in coloring cheaper cotton goods on the free list, was defeated in the senate, 32 to 26.

A yawn killed John Cooney of Sidney, Neb. Cooney stretched so vigorously that he forced a gallstone through the abdominal wall and died a few hours later.

Enemies from ambush are believed to have shot Guy F. Reed, a farmer who lived five miles south of Galena, Mo. His body was discovered half a mile from his home.

James N. Hill, son of J. J. Hill, and vice president of the Northern Pacific railway, retired from the vice presidency. He will be succeeded by Colonel William P. Clough.

Four men were killed and four seriously wounded in a pitched battle between union and nonunion timber workers and guards employed by a lumber mill at Grabow, La.

Judge Heap of Chicago denounced "divine healing" as practiced by Mrs. C. J. Eck as a "palpable fraud," and held her and her husband to the grand jury for operating a confidence game.

Mrs. Theresa Parri, twenty years old, was shot and fatally wounded by her husband, Peter, Parri, a tailor, in front of the entrance to an elevated railroad station at Chicago. She died in an ambulance.

Mrs. Nellie Grant Sartoris, only daughter of the late General U. S. Grant, was married to Frank H. Jones, formerly first assistant postmaster general of the United States, at her country home at Coburg, Ont.

Stirred by the two recent disastrous railroad wrecks at Latrobe, Pa., and Corning, N. Y., in which nearly seventy lives were lost, members of the house talked of a legislative program to strengthen the laws governing safety appliances.

The disappearance of two pouches of registered mail from a special car while en route to the Union depot from the postoffice is puzzling government inspectors at Kansas City. The mail was addressed to New York, Omaha and Ogden, Utah.

The new national flag, bearing forty-eight stars, emblematic of all the states, including the recently admitted Arizona and New Mexico, was flung from all federal structures in the country and from the American navy throughout the world.

Seized with a murderous mania, Sergeant John Proctor of the One Hundred and Twenty-sixth company coast artillery at Fort Worden, Port Townsend, Wash., shot and killed his former wife, his son and daughter, then turned the gun upon himself.

Mrs. Mary E. Wehrkamp and her daughter, Katherine Wehrkamp, were found dead from asphyxiation in a fashionable section of Washington. It is believed the daughter turned on the gas while her mother slept and then lay down to die from the fumes.

A three-year-old Chicago boy got hold of his mother's pocketbook and fed \$36 in bills—his father's wages—to his pet guinea pigs. The father sent the remnants of the pig's meal to President Taft with an appeal to the government to redeem the entire roll.

The new officers and directors of the General Federation of Women's Clubs held two meetings at San Francisco to discuss with outgoing officials subjects pertaining to the work of the organization. Mrs. Pennybacker of Texas, the new executive, presided at both meetings.

Physicians exploded a giant firecracker at the bedside of James McGowan, at a Logansport hospital, in the hope that the nervous shock would stop his hiccupping, from which he had been suffering for five days. It quieted him, but he soon died of exhaustion.

The first meeting of the National Association of Chiropodists adjourned at Chicago to meet at New York in July, 1913. The delegates were entertained with first hand knowledge of a perfect foot, made so by careful attention to its preservation, the model being Mrs. Nellie Shaw of Chicago.

Above table shows the state registration in Nebraska of the different cars for 1912 up to July 1.

You will notice
Buick Stands at the Head
of the list of high-grade cars.

There is a reason why we are getting the business. Because Buick Value for Price, Buick Design, Buick Einish, Buick Equipments, Buick Hill Climbing Power, Endurance and Service are VASTLY SUPERIOR

Every Buick is a Buick through and through because every part (except the carburetor, magneto and tires) is made at the great Buick plant, the largest automobile factory in the world. The Buick organization is a unit which represents the highest degree of efficiency in motor car production, and the public proves this statement by buying more Buick cars than any other make of high-grade cars.

Well Drilling Machinery

You can make big money making wells. This is one of the few lines of work that are not saturated. The demand for wells is far greater than can be supplied by the machines now at work. Best Drillers command their own prices. We build the celebrated HOWELL Line of Well Machinery, for making deep or shallow wells of all sizes, for all purposes and in all kinds of ground. Our machines are the most up-to-date on the market, contain all the latest improvements, are extremely strong and simple, do perfect work, are easily operated and are very durable. Write today for our free Catalogue.

DEMOCRATIC PLATFORM

We, the representatives of the Demo-
cratic party of the United States in
national convention assembled, reaffirm
our devotion to the principles of
Democratic government formulated by
Thomas Jefferson and enforced by a
long and illustrious line of Democratic
presidents.

Tariff Reform.

We declare it to be a fundamental
principle of the Democratic party that
the federal government under the con-
stitution has no right or power to im-
pose or collect tariff duties except for
the purpose of revenue, and we de-
mand that the collection of such taxes
shall be limited to the necessities of
government honestly and economically
administered.

The high Republican tariff is the
principal cause of the unequal distri-
bution of wealth; it is a system of
taxation which makes the rich richer
and the poor poorer. Under its opera-
tions the American farmer and labor-
ing man are the chief sufferers; it
raises the cost of the necessities of
life to them, but does not protect their
product or wages. The farmer sells
largely in free markets and buys al-
most entirely in the protected mar-
kets. In the most highly protected in-
dustries such as cotton and wool, steel
and iron the wages of the laborers are
the lowest paid in any of our in-
dustries. We denounce the Republican
pretense on that subject and assert
that American wages are established
by competitive conditions and not by
the tariff.

We favor the immediate downward
revision of the existing high and, in
many cases, prohibitive tariff duties,
insisting that material reductions be
speedily made upon the necessities of
life. Articles entering into competi-
tion with trust controlled products and
articles of American manufacture
which are sold abroad more cheaply
than at home should be put upon the
free list.

We recognize that our system of tar-
iff taxation is intimately connected
with the business of the country, and
we favor the ultimate attainment of
the principles we advocate by legisla-
tion that will not injure or destroy leg-
itimate industry.

We denounce the action of President
Taft in vetoing the bills to reduce the
tariff in the cotton, woolen, metals and
chemical schedules and the farmers'
free list bill, all of which were desig-
ned to give immediate relief to the
masses from the exactions of the trusts.

High Cost of Living.

The high cost of living is a serious
problem in every American home. The
Republican party in its platform at-
tempts to escape from responsibility
for present conditions by denying that
they are due to a protective tariff. We
take issue with them on this subject
and charge that excessive prices result
in a large measure from the high tariff
laws enacted and maintained by the
Republican party and from trusts and
commercial conspiracies fostered and
encouraged by such laws, and we as-
sert that no such substantial relief can
be secured for the people until import
duties, on the necessities of life are
materially reduced and these criminal
conspiracies broken up.

Anti-trust Law.

A private monopoly is indefensible
and intolerable. We therefore favor
the vigorous enforcement of the crim-
inal as well as the civil law against
trusts and trust officials and demand
the enactment of such additional leg-
islation as may be necessary to make
it impossible for a private monopoly
to exist in the United States.

We favor the declaration by law of
the conditions upon which corpora-
tions shall be permitted to engage in
interstate trade, including among oth-
ers the prevention of holding compa-
nies of interlocking directorates, of
stock watering, of discrimination in
price and the control by any one cor-
poration of so large a proportion of
any industry as to make it a menace
to competitive conditions.

We condemn the action of the Re-
publican administration in compromis-
ing with the Standard Oil company
and the tobacco trust and its failure
to invoke the criminal provisions of
the anti-trust law against the officers
of those corporations after the court
had declared that from the undisputed
facts in the record they had violated
the criminal provisions of the law.

Income Tax and Popular Election of Senators.

We congratulate the country upon
the triumph of two important reforms
demanded in the last national platform
—namely, the amendment of the fed-
eral constitution authorizing an income
tax and the amendment providing for
the popular election of senators—and
we call upon the people of all the
states to rally to the support of the
pending propositions and secure their
ratification.

Presidential Primaries.

The movement toward more popular
government should be promoted
through legislation in each state which
will permit the expression of the pref-
erence of the electors for national can-
didates at presidential primaries.

Campaign Contributions.

We pledge the Democratic party to
the enactment of a law prohibiting any
corporation from contributing to a
campaign fund and any individual
from contributing any amount above
a reasonable maximum.

Term of President.

We favor a single presidential term
of and to that end urge the adoption of
an amendment to the constitution mak-
ing the president of the United States

ineligible to re-election, and we pledge
the candidate of this convention to this
principle.

Democratic Congress.

At this time, when the Republican
party, after a generation of unlimited
power in its control of the federal gov-
ernment, is rent into factions, it is
opportune to point to the record of
accomplishment of the Democratic
house of representatives in the Sixty-
second congress. We endorse its ac-
tion, and we challenge comparison of
its record with that of any congress
which has been controlled by our op-
ponents. We call the attention of the
patriotic citizens of our country to its
record of efficiency, economy and con-
structive legislation.

It has among other achievements re-
vised the rules of the house of rep-
resentatives so as to give to the rep-
resentatives of the American people
freedom of speech and of action in ad-
vocating, proposing and perfecting
remedial legislation.

It has passed bills for the relief of
the people and the development of our
country. It has endeavored to revise
the tariff taxes downward in the in-
terest of the consuming masses and
thus to reduce the high cost of living.

It has proposed an amendment to
the federal constitution providing for
the election of United States senators
by the direct vote of the people.

It has secured the admission of Ari-
zona and New Mexico as two sordid
states.

It has required the publicity of cam-
paign expenses both before and after
election and fixed a limit upon the
election expenses of United States sen-
ators and representatives.

It has passed a bill to prevent the
abuse of the writ of injunction. It has
passed a law establishing an eight hour
day for workmen on all national pub-
lic work.

It has passed a resolution which
forced the president to take immediate
steps to abrogate the Russian treaty.

And it has passed the great supply
bills which lessen waste and extrava-
gance and which reduce the annual ex-
penses of the government by many mil-
lions of dollars.

We approve the measure reported by
the Democratic leaders in the house of
representatives for the creation of a
council of national defense which will
determine a definite naval program
with a view to increased efficiency and
economy.

Republican Extravagance.

We denounce the profligate waste of
the money wrong from the people by
oppressive taxation through the lavish
appropriations of recent Republican
congresses, which have kept taxes high
and reduced the purchasing power of
the people's toil. We demand a return
to that simplicity and economy which
befit a Democratic government and a
reduction in the number of useless
offices, the salaries of which drain the
substance of the people.

Railroads, Express Companies, Tele- graph and Telephone Lines.

We favor the efficient supervision
and rate regulation of railroads, ex-
press companies, telegraph and tele-
phone lines engaged in interstate com-
merce. To this end we recommend the
valuation of railroads, express compa-
nies, telegraph and telephone lines by
the interstate commerce commission,
such valuation to take into considera-
tion the physical value of the property,
the original cost, the cost of the pro-
duction and any element of value that
will render the valuation fair and just.

Banking Legislation.

We oppose the so called Aldrich
bill or the establishment of a central
bank, and we believe our country will
be largely freed from panics and con-
sequent unemployment and business
depression by such a systematic re-
vision of our banking laws as will render
temporary relief in localities in which
such relief is needed, with protection
from control or dominion by what is
known as the money trust.

We condemn the present methods of
depositing government funds in a few
favored banks, largely situated in or
controlled by Wall street, in return
for political favors, and we pledge our
party to provide by law for their de-
posit by competitive bidding in the
banking institutions of the country,
national and state, without discrimina-
tion as to locality, upon approved se-
curities and subject to call by the gov-
ernment.

Waterways.

We renew the declaration in our last
platform relating to the conservation of
our natural resources and the devel-
opment of our waterways. The pre-
sent devastation of the lower Missis-
sippi valley accentuates the move-
ment for the regulation of river flow
by additional bank and levee protec-
tion below and the diversion, storage
and control of the flood waters above
and their utilization for beneficial pur-
poses in the reclamation of arid and
swamp lands and the development of
water power instead of permitting the
floods to continue, as heretofore,
agents of destruction.

Post Roads.

We favor national aid to state and
local authorities in the construction
and maintenance of post roads.

Rights of Labor.

We repeat our declarations of the
platform of 1908.
We pledge the Democratic party, so
far as the federal jurisdiction extends,
to an employees' compensation law
providing adequate indemnity for in-
jury to body or loss of life.

Conservation.

We believe in the conservation and
the development for the use of all the
people of the natural resources of the
country. Our forests, our sources of
water supply, our arable and our
mineral lands, our navigable streams
and all the other material resources

with which our country has been so
lavishly endowed constitute the foun-
dation of our national wealth. Such
additional legislation as may be nec-
essary to prevent their being wasted
or absorbed by special or privileged
interests should be enacted, and the
policy of their conservation should be
rigidly adhered to.

Agriculture.

We believe in encouraging the devel-
opment of a modern system of agricul-
ture and a systematic effort to improve
the conditions of trade in farm prod-
ucts so as to benefit both the consum-
ers and producers. And as an efficient
means to this end we favor the enact-
ment by congress of legislation that
will suppress the pernicious practice of
gambling in agricultural products by
organized exchanges or others.

Merchant Marine.

We believe in fostering by constitu-
tional regulation of commerce the
growth of a merchant marine which
shall develop and strengthen the com-
mercial ties which bind us to our sis-
ter republics of the south, but with-
out additional burdens upon the people
and without imposing bounties or sub-
sidies from the public treasury.

We favor the exemption from tolls
of American ships engaged in coast-
wise trade passing through the Pana-
ma canal.

We also favor legislation forbidding
the use of the Panama canal by ships
owned or controlled by railroad car-
riers engaged in transportation com-
petitive with the canal.

Pure Food and Public Health.

We reaffirm our previous declara-
tions advocating the union and
strengthening of the various govern-
mental agencies relating to pure foods,
quarantine, vital statistics and human
health. Thus united and administered
without partiality to or discrimination
against any school of medicine or sys-
tem of healing, they would constitute
a single health service, not subordi-
nated to any commercial or financial
interests, but devoted exclusively to
the conservation of human life and ef-
ficiency. Moreover, this health service
should co-operate with the health
agencies of our various states and
cities, without interference with their
prerogatives or with the freedom of
individuals to employ such medical or
hygienic aid as they may see fit.

Civil Service Law.

The law pertaining to the civil ser-
vice should be honestly and rigidly en-
forced, to the end that merit and abil-
ity shall be the standard of appoint-
ment and promotion rather than ser-
vice rendered to a political party, and
we favor a reorganization of the civil
service, with adequate compensation
commensurate with the class of work
performed, for all officers and em-
ployees; we also favor the extension
to all classes of civil service employes
the benefits of the provisions of the
employers' liability law.

We also recognize the right of direct
petition to congress by employees for
the redress of grievances.

The Philippines.

We reaffirm the position thrice an-
nounced by the Democracy in national
convention assembled against a policy
of imperialism and colonial exploita-
tion in the Philippines or elsewhere.
We condemn the experiment in im-
perialism which has involved us in enormous
expense, brought us weakness instead of
strength and laid our nation open to
the charge of abandonment of the fun-
damental doctrine of self government.
We favor an immediate declaration of
the nation's purpose to recognize the
independence of the Philippine islands
as soon as a stable government can be
established, such independence to be
guaranteed by us until the neutraliza-
tion of the islands can be secured by
treaty with other powers. In recog-
nizing the independence of the Philip-
pines our government should retain
such land as may be necessary for
coaling stations and naval bases.

The Russian Treaty.

We commend the patriotism of the
Democratic members of the senate and
house of representatives which com-
pelled the termination of the Russian
treaty of 1832, and we pledge ourselves
anew to preserve the sacred rights of
American citizenship at home and
abroad. No treaty should receive the
sanction of our government which does
not recognize the equality of all of our
citizens irrespective of race or creed
and which does not expressly guaran-
tee the fundamental right of expatria-
tion.

Parcels Post and Rural Delivery.

We favor the establishment of a
parcel post or postal express and also
the extension of the rural delivery sys-
tem as rapidly as practicable.

Pensions.

We renew the declaration of our last
platform relating to a generous pen-
sion policy.

Rule of the People.

We call attention to the fact that the
Democratic party's demand for a re-
turn to the rule of the people expres-
sed in the national platform four years
ago has now become the accepted doc-
trine of a large majority of the elec-
tors. We again remind the country
that only by a larger exercise of the
reserved power of the people can they
protect themselves from the misuse of
delegated power and the usurpation of
governmental instrumentalities by spe-
cial interests. For this reason the na-
tional convention insisted on the over-
throw of Cannonism and the inaugura-
tion of a system by which United
States senators could be elected by di-
rect vote. The Democratic party of
fers itself to the country as an agency
through which the complete overthrow
and extinction of corruption, fraud
and machine rule in American politics
can be effected.

Notice

Notice is hereby given that
sealed bids will be received at the
County Judge's office in Wayne
county, Nebraska, for the con-
struction of concrete bridges and
arches as follows:

One 32 foot re-enforced concrete
arch, to be located near the south-
east corner of section 66, township
26, range 5 east, Wayne county,
Nebraska, or 4 miles southeast of
Wakefield, the nearest point.

One 18 foot re-enforced concrete
arch, to be located near or just east
of N. E. 1/4 of section 20-26-2, Win-
side, the nearest point.

One 16 foot re-enforced concrete
arch, to be located south of S W 1/4
of section 17-26-2, Winside, the
nearest point.

Two sets of plans are on file for
the 32 foot arch, one a plan on the
Luten arch upon which there is a
royalty.

Bidder to furnish all material
therefor and construct such bridge
in conformity with the plans and
specifications on file in the office
of the county clerk of Wayne coun-
ty, Nebraska, said bids to be depos-
ited with the county judge of said
Wayne county, Nebraska, on or be-
fore 12 o'clock noon of the 26th
day of July, 1912, and said bids
to be opened by the county judge
in the presence of the county com-
missioners and county clerk of
Wayne county, Nebraska, at one
o'clock p. m., of the 26th day of
July, 1912, and thereupon filed in
the office of the county clerk of
Wayne county, Nebraska.

No bid will be considered unless
accompanied by cash or a certified
check to the amount of ten per cent
of the bid, made payable to Chas.
W. Reynolds, county clerk of said
county, to be forfeited to said
county in case the bidder refuses
to enter into contract with said
county, if same is awarded him.
The contractor to tear down or re-
move old bridge, and remove or
pile all old lumber in such bridge
and to deposit the same safely near
the site thereof, such old lumber
of which the old bridge is con-
structed to remain the property of
the county. The successful bidder
will be required to give bond to
the county with good and sufficient
sureties in the amount of \$500,
conditioned for the faithful per-
formance of the contract awarded
him.

It being further understood that
the party to whom the contract is
let are to construct a temporary
bridge, so that the construction of
the arch will in no manner retard
or impede travel.

In order to obtain these plans
and specifications it will be nec-
essary for the applicant to deposit
the sum of \$10.00 for the return
of the plans, either by cash, cer-
tified check or draft.

Bids will also be received at the
same time and place and under the
same conditions for the removal
of dirt and the making of a fill at
the following places:

800 yards of dirt at the 16 foot
arch.
1200 yards of dirt at the 18 foot
arch.

400 yards of dirt at the 32 foot
arch.

The Board of county commissioner-
ers reserve the right to reject any
and all bids.

Dated at Wayne, Nebraska, this
25th day of June, 1912.

J. F. Stanton,
Geo. S. Farran,
Eph Anderson,
County Commissioners.

Attest: Chas. W. Reynolds,
(Seal) County Clerk.

A Snap

In order to close an estate, we
are offering 120 acres of the best
raw land in Cheyenne county, Ne-
braska, for \$23.00 per acre. Other
lands in the same neighborhood are
selling for \$30.00 per acre. If
you want a snap, look this up at
once. BENTLEY LAND CO.
Sidney, Nebr.

Notice

Of estimate of expenses for the
city of Wayne, Nebraska, for the
fiscal year, beginning May 6, 1912,
as reported by the Finance Com-
mittee and adopted by the City
Council.

Expense of operating the electric light sys- tem	4,850.00
Expense of operating the water system	4,600.00
Expense of maintaining parks	600.00
Expense of maintaining City Library	900.00
Interest on Bonds	1,000.00
Salaries and General ex- penses	9,064.00
Grand Total	\$21,014.50

Revenue for the fiscal year, end-
ing May 6, 1912 \$21,014.50.
J. M. CHERRY,
City Clerk.

No place I know of is there an
around land chance equaling this
specially located Nebraska tract.
J. C. Sparks, Concord, Neb.

"I Suffered Intense Pains in My Left Side."

Do you realize it is better to be
safe than sorry, that it is the best
policy to lock the stable door before
the horse is stolen?

Dr. Miles' Heart Remedy

cured Mrs. C. C. Gokey of a stub-
born case of heart disease, such as
thousands are now suffering with.

Read what she says:
"Before I began taking Dr. Miles'
Heart Remedy I had been suffering
from heart trouble for over five
years. I had grown so weak that it
was impossible for me to do thirty
minutes work in a whole day. I
suffered intense pains in my left side
and under the left armpit blade, I
could not sleep on the left side, and
was so short of breath that I thought
I should never be able to take a full
breath again. The least excitement
would bring on the most distressing
pains. I had scarcely taken a
half-bottle of the Heart Remedy be-
fore I could see a marked change in
my condition. I began to sleep
well, had a good appetite, and im-
proved so rapidly that when I had
taken six bottles I was completely
cured."
MRS. C. C. GOKEY, Northfield, Vt.

If you have any of the symptoms
Mrs. Gokey mentions, it is your
duty to protect yourself.

Dr. Miles' Heart Remedy.

is what you need. If the first bot-
tle fails to benefit, your money is
returned. Ask your druggist.

County Correspondence

Winside Notes

John Gabler returned from Omaha Tuesday.

Attorney Siman transacted business in Wayne Monday.

Rev. Fetzner was on the sick list the latter part of last week.

Wm. Brune and family visited at Carroll Wednesday night.

Dr. Herron of Carroll was a Winside visitor Sunday morning.

Herbert Lound is still improving his property by building a barn.

Glen Green of Hoskins paid his usual Sunday visit here this week.

Sornie Peterson left Sunday for South Dakota to remain all summer.

Dr. Mabel Cleveland celebrated in Winside, in a professional way, however.

Mr. and Mrs. L. W. Needham spent the Fourth with relatives at Emerson.

Carpenters commenced work on the Fred Bright residence Monday morning.

John Jaszowski and wife attended church at Carroll last Sunday morning.

Misses Ida and Clara Heyer were in Wayne Tuesday getting dental work done.

G. A. Mittlestadt built a sleeping porch on the west side of his residence this week.

Mrs. Henry Walker went to Sioux City yesterday where she will submit to an operation.

Miss Olga Johnson has gone to Gordon, to visit her sister, Mrs. Ed Brugger for a few weeks.

Miss Marie Dougherty of Dixon is visiting at the home of her aunt, Mrs. George Mannion.

Tom Prince moved the first of the week into the new home he recently bought of Mrs. McGlusky.

Chris Nelson went to Onawa, Iowa, Sunday, to visit the Hyatt family, returning Monday evening.

Mrs. A. T. Chapin and daughter, Tot, left for Sioux City Sunday afternoon to be absent for several days.

Henry Pockrandt and wife and Ed Mittlestadt were in Winside from Laurel Sunday visiting relatives.

Mr. and Mr. Halsey Moses arrived home Wednesday evening from their wedding trip out in Colorado.

"Neno" the base ball player who played with Wayne last season, was in Winside two or three days this week.

Chester Jones and wife of Allen arrived in Winside Wednesday night to visit her parents who reside southeast of town.

G. E. French left Winside Wednesday for a vacation of about three weeks. He will visit in Colorado and in California.

Dr. McIntyre is building a fine barn for his automobile and is fixing up a bath room and other conveniences in the building.

Cherries are so plentiful in Winside that it is a difficult matter to give them away. There will be hundreds of bushels go to waste.

Floyd Tidrick and wife, of Omaha, arrived Saturday morning to visit at the home of Floyd's parents, Mr. and Mrs. S. L. Tidrick.

Wm. Brune went to Sioux City Tuesday to see his sister who is in a hospital at that place. He found the young lady getting along nicely.

Hans Gosch and wife of Davenport, Iowa, returned home the last of the week after a visit with relatives near Winside for several days.

A field of oats belonging to Frank Bronzynski, who lives west of town, was set on fire Monday by a railroad engine and entirely destroyed.

Mr. and Mrs. G. A. Mittlestadt and children leave today for a visit of two or three weeks with Mrs. Mittlestadt's parents at Boscobel, Wisconsin.

Mrs. W. H. Kocker, a niece of Walter Gaebler's, who has been visiting relatives here for some time, returned to her home in Omaha Sunday.

Evening services at the M. E. church have been discontinued on account of non-attendance. Presumably the hot weather has something to do with it.

G. E. Shaw and family went to Norfolk Sunday where they were joined by Ralph Waddell and family and all went to Clearwater to camp out for a week.

Quite a number of Winside families are sleeping in tents since the weather has been so hot and sultry, some streets having the appearance

of the "White City."

Miss Nannie Schrupf returned to her home at Lyons last Sunday after a visit of several days here with relatives. Miss Schrupf will teach again the coming year in the schools at Decatur.

The Home Department of the M. E. Sunday school had an interesting meeting at the home of Mrs. Wheeler Tuesday afternoon. Light refreshments were served.

Miss Sopha Brune, sister of Wm. Brune of this place was operated upon in a hospital at Sioux City last week for appendicitis and at last report, was getting along nicely.

The base ball boys made themselves popular Monday when they volunteered to turn the hose on Main street so as to settle the dust. What has become of the street sprinkler?

A number of people belonging to the Savidge carnival company drove across from Randolph Sunday to take the train here for different points and joined their company at Ponca Monday.

Frank Heyer of Omaha visited his mother, sisters and brothers at this place over the Sabbath. Frank is a telegraph operator, having learned the business at the depot here in Winside.

Eddie Weible went to Omaha Sunday to see his wife who is in a hospital at that place. He returned Monday and reports that she is much improved and will be able to return home soon.

Messrs. Henry Brune and Doctor Victor Siman and the Misses Loretto Cullen and Edith Prescott went over to Randolph on the evening of the Fourth to help the people over there celebrate.

Mrs. S. R. Rew is said to be recovering nicely in a hospital at Des Moines and will be able to return home soon. Her condition for a permanent recovery remains the same.

The Render family, who have been quarantined for diphtheria for several weeks, were released last Sunday. Two members of the family had the disease but in a mild form. There are no new cases.

Mrs. John Jaszowski left Monday morning for Washington county this state, to visit Mr. J's. mother and assist her to get ready to move. We understand that the old lady will build a residence just north of her son's place and make Winside her home.

There is joy and gladness in the I. D. Brugger home because of the advent of a nice little girl into their family. The little Misses arrived in time to celebrate the fourth with them and any unusual patriotism indulged in by Mr. Brugger on that day, may be accounted for on account of the new visitor.

The Commercial club held a meeting Monday night to consider the proposition of having a carnival and base ball tournament. A proposition for sprinkling the streets was also considered and the railroad company was to be notified to repair the fence between the depot and park.

About a dozen families ate supper on the lawn at the A. T. Chapin home on the evening of July 4th. After supper a general good time was had visiting. Mr. and Mrs. Chapin had the grounds decorated in red, white and blue and two large swings afforded amusement for the children and some of the older people too.

"Slightly disfigured, but still in the ring," might be applied to Frank King, son of Wm. King who lives a few miles northeast of Winside. While playing catch with the boys in town last Saturday, the ball struck him in the face and broke his nose. Dr. McIntyre dressed the wound and he is getting along nicely.

The village board has been considering a proposition to build a library building. The Winside public library has become a permanent fixture and seems to be gaining in popularity all the time. It has nearly a thousand books and while the present location is all right, a nice commodious building of its own would not only be an acquisition to the town, but more economical in the long run. Let the good work go on.

The Winside base ball boys played the Omaha Giants, a colored aggregation, last Wednesday on the home grounds with a score of 10 to 1 in favor of Winside, and on Thursday met defeat at Wayne by a score of 3 to 4. In the game at Laurel Saturday, the score was 10 to 7 in favor of Laurel and Sunday the boys won a game on the home grounds from Randolph the

score being 6 to 7. Yesterday they went to Norfolk for a game and will play Pierce on the home grounds today.

Sholes Items

Will Clark shelled corn Wednesday morning.

Miss Ida Clark was a Wayne visitor Friday.

Mrs. Guy Root was a Wayne visitor Tuesday.

H. A. Senn of Omaha transacted business here Saturday.

Anna and Ida Closson were Randolph visitors Tuesday.

Paul Wholhel took in the carnival at Randolph Wednesday.

Thos. Shutt hauled hogs to E. W. Closson Tuesday morning.

E. W. Marshel of Lincoln was a business visitor here last week.

Bert Robinson and men are doing carpenter work for Jim Eddie this week.

This part of the country was visited by a fine rain Tuesday morning.

Quite a crowd from here attended the big circus at Randolph Saturday.

Anna Closson and Alice Root were Randolph visitors Tuesday evening.

The post office will hereafter be open only from twelve o'clock until one on Sunday.

Henry Stoltenberg departed Friday morning for Omaha for a short visit with friends.

Mrs. B. Stevenson and Mrs. C. Beaton were shopping in Randolph Wednesday evening.

Ethel Stevenson was shopping in Wayne Tuesday afternoon. She returned in the evening.

Warnie Closson was a passenger to Randolph Saturday morning. He returned on the noon train.

Charlie Boughn and wife of Walthill were callers at the M. E. Fritzon home one day last week.

Mr. Gillette of Creighton is spending a few days with his daughter, Mrs. B. F. Robinson of this place.

Mrs. Richard Closson departed Saturday afternoon for Webster City, for a few weeks' visit with her parents of that city.

Bert Robinson and family returned Saturday evening from a week's outing near Page. They had a splendid time fishing.

Homer Fitzsimmons, traveling salesman for the Acme Harvester Co. was a Sholes visitor Thursday. He left for Winside Friday.

R. E. McEachron of Omaha, vice-president of the Occidental Loan and Building association was a business visitor here Tuesday.

E. Svoboda of Abbie, a member of the board of bank examiners was in town Tuesday. He was well pleased with the work that the bank of this little town is doing.

During the storm Tuesday morning, Joe Meinks house was struck by lightning. Several of the family were slightly stunned, but aside from that all is well. Very little damage was done to the house.

Erma, Zelpha and Mac Closson returned Tuesday noon from Omaha, where they visited a month with their uncle, E. Closson, of that place. They were accompanied home by their cousin, Irene, who will spend a few days here.

E. W. Closson was a passenger to Omaha Monday morning. He returned Tuesday afternoon and was accompanied by Irma, Zelpha and Mac Closson who have been visiting in Omaha. Many persons from here attended the Old Soldiers Reunion and Savidge Bros., carnival at Randolph last week.

Wilbur Precinct.

Miss Rosa Cross spent a few days last week at home.

J. W. Mason of Wayne called in this vicinity Saturday.

Mr. and Mrs. Leland Mason of Carroll were in this vicinity Sunday.

L. D. Bruggeman and family spent Sunday at the H. C. Bartells home.

Most of the young folks of this vicinity spent the fourth at Randolph.

Mr. and Mrs. J. L. Kelley and son, Glenn, spent the fourth at the A. E. Halladay home.

Guy Halladay from south of Wayne spent Saturday night and Sunday with Alvin Young.

Mrs. Cleve Boling and children are spending this week with Mrs. Boling's sister, Mrs. Wm. Phillips, near Carroll.

The Epworth League will have an ice cream social at the Danielson home Thursday evening, July 18. Everybody welcome.

Dora, the youngest daughter of Mr. and Mrs. D. A. Michels, passed away Sunday evening at 8 o'clock. She leaves two sisters and her parents to mourn her loss.

SOME GOOD ROAD POINTERS.

Suggestions to Supervisors on the Care of Highways.

SIMPLE BUT USEFUL DON'TS.

- Expert Tells How to Keep a Road in Good Condition and Avoid Trouble. Don't Be Satisfied, He Says, With Anything but the Best.
- Excellent advice on the care and construction of roads is contained in the following set of suggestions to road supervisors, which were compiled by Robert A. Meeker, state supervisor of roads in New Jersey.
- Don't leave grass and weeds on the shoulders and in the gutters.
 - Don't dig the mud out of the gutters and throw it upon the road.
 - Don't leave dirt in piles on the road.
 - Don't throw grass and weeds upon the road surface.
 - Don't dump stone or gravel on an old road without first preparing the surface to receive it, because you thereby cause willful waste and woeful want.
 - Don't place new material on the road without leveling and shaping it so that the grade and cross-section of the road will be unchanged.
 - Don't expect travel to spread and roll the new material. One-half of the money spent is wasted by this method.
 - Don't put new material on an old hard road surface before first picking or loosening the old covering. It is
- good for the quarryman and gravel owner, but bad for the taxpayer and road user.
- Don't try to do work without proper tools.
 - Don't leave your scarifier in the shed.
 - Don't forget to use your sprinkling wagon.
 - Don't let your steam roller be idle.
 - Don't think any old tools are good enough for road work.
 - Don't use dull picks, broken shovels, dull scraper blades or broken and leaky steam rollers.
 - Don't waste your rainy days.
 - Don't let water stand on your road.
 - Don't try to repair a road in dry weather without a liberal use of water.
 - Don't allow culverts or pipes to become choked up.
 - Don't allow the outlets of under-drains to become stopped up.
 - Don't let water get under a road.
 - Don't let ruts form.
 - Don't let the road lose its original cross section.
 - Don't let the shoulders get higher than the center of the road.
 - Don't fail to widen your fills at every opportunity; no better place for the mud, grass and weeds taken off the road than on the sides of high embankments.
 - Don't use guard rails if you can get dirt to widen your road.
 - Don't bury a stone road under mud.
 - Don't crown your road so high that no one will travel on the sides.
 - Don't forget that the entire width of the road is intended for use.
 - Don't expect a road to take care of itself.
 - Don't fail to locate all good repair material lying on or near the road.
 - Don't let experienced men go simply to give some one a job.
 - Don't lose sight of the fact that road repairing is a trade and must be learned.
 - Don't guess at the amount of material required. Measure and know.
 - Don't depend on some one else to tell you what the condition of your roads is.
 - Don't fail to visit every road under your care at least once a week.
 - Don't refuse to try any new material that may be offered unless the same has been proved bad.
 - Don't think there is nothing more to be learned about road building.
 - Don't forget that nobody knows it all.
 - Don't think because you do not hear the comments that your work is not being praised or criticized, as the case may be.
 - Don't look down on your work.
 - Don't lose sight of the fact that good roads are one of the greatest factors in the development of any country.
 - Don't be satisfied with anything but the best.

The Cost of Good Overalls

is not fixed by the price you put into them, but by the service they render. Perfect service means most comfort as well as most wear. It also includes good appearance. To secure greatest service, every workingman should insist upon

Gloveralls

These working clothes give an unusually large amount of service, due to the way they are made.

There is more cloth in them than most manufacturers care to use. They have extra length and width in the seat and extra width in the hips and legs.

The severe strain at certain points is therefore done away with—and one of the biggest causes of dissatisfaction and discomfort removed.

Glover Overalls are better made and fit better than any you probably ever wore. They are better looking, too.

Hereafter ask for Gloveralls.

Come in and compare them with others you have seen.

Ahern's

EXPERIMENT WITH A SAND AND OIL ROAD.

One Highway at Falmouth, Mass., Standing Traffic Well.

Macadam roads have now found their way into many localities where there is little or no stone. This scarcity of stone and the resulting high cost of macadam would naturally suggest the question, is there local material available that is suitable for the construction of a highway that will withstand modern traffic? This question seems to be answered, at least in localities where sand is plentiful by the construction of the sand oil road.

During the summer of 1910 a road was constructed in Falmouth, Mass., and at present its wearing qualities are attracting much attention. The road is the main thoroughfare connecting Falmouth with lower Cape Cod and carries a heavy traffic during the

horse roller and the ordinary hand tools. Many ways for mixing the sand and oil were tried, but it was finally decided that the following was the quickest and gave the best results: A bottomless measuring box that would hold fifteen cubic feet was placed on the platform, and while one man continually shoveled in sand from the front of the oven another dipped oil from an oil carrier. Two men, one at each end of the box, constantly raked the sand and oil. After about fifteen cubic feet of sand and ten gallons of oil were mixed the box was lifted and the whole mass was turned with shovels until each particle of sand was coated with oil and the mixture was black.

The road is now one year old, and the maintenance cost of the successful portion has not exceeded that of a new macadam road. A sample taken from this part of the road shows that a hard crust has formed on the outer surface. The rest of the sample shows that the binder is still adhesive and has not become brittle.

The success of this part of the road shows that if sand is mixed with a proper binder it will make a surfacing that is cheap, durable and dustless and will probably become the most popular road surface in sandy districts, where a scarcity of stone and the distance from freight depots would prevent successful macadamizing.

SAND AND CLAY ROADS BEST.

Florida Authorities Impressed With Low Cost and Excellent Condition.

There is a rapidly growing sentiment among the good roads enthusiasts of Jacksonville, Fla., to have highways constructed of sand and clay material. Many who are able to speak authoritatively on the subject believe that no better roads, cost and traffic conditions considered, can be found than those built of this material.

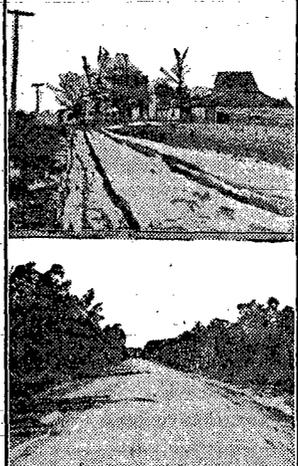

The state geologist of North Carolina is said to have stated that the best highways of that state were the sand and clay roads.

Members of the special board of trade committee recently made a trip through the counties of Orange, Lake and Marion in Florida and were greatly impressed with the sand and clay roads, besides being amazed at the practicability, cheapness and ease with which they can be repaired.

Machinery

Money making calls. This is one of the truest of all. The demand for well made machinery is now at work. We build the complete line of Well-Mechinery, for making deep or all sizes, for all purposes and in all kinds of sizes. We are the most up-to-date on the market. Our improvements are extremely strong and are well operated and are very hard to-day for one from Catalog A.

L. L. & CO., Minneapolis, Minn.

THE DIFFERENCE. (Both these roads are in the same state. One is well taken care of, the other neglected.)

SECTION OF THE ROAD BEFORE BEING REPAIRED.
