ESTABLISHED 1884

WAYNE, WAYNE COUNTY, NEBRASKA, APRIL 24, 1913

\$1.50 PER YEAR

WARD McVAY UNDER ARREST

Charged With Statutory Rape, His Step-Daughter, Ella Davidson, Being the Alleged Victim

Charge of statutory rape was filed by the county attorney before Judge James Britton in the county court a few days ago against Ward McVay, his wife being the complaining witness. The complaint alleges that these assaults had been made at various times during the past two years, upon his step-daughter, Ella Davidson, the first alleged assault occurring when she was but twelve years of age.

Steps were being taken to have Mr. McVay brought from Gregory, South Dakota, where he had been for several months, when he came here Tuesday afternoon and was soon after placed under arrest by Sheriff Porter. He appeared before Judge Britton Tuesday evening and a hearing was arranged to take place Saturday forenoon, and his bond was fixed at \$2,000, which he has not furnished, and is in custody of the sheriff pending the time for the hearing.

J. F. Clinkenbeard in Trouble.

The following taken from the Council Bluffs page of the World-Herald tells of the misfortune that has overtaken a former Wayne citizen:

"Sheriff Lindsay yesterday went to Malvern and brought back J. F. Clinkenbeard, who is wanted on an indictment in Sioux City on the charge of obtaining money under false pretenses. It was stated that Clinkenbeard was in business in Wayne, Neb., and took advantage of the bankruptcy laws. Sioux City merchants had him indicted in connection with deals emanating from the bankruptcy proceedings. The sheriff took Clinkenbeard to Sioux City last night, as the sheriff up there was unable to come for him at this time. Clinkenbeard was running a hotel in Malvern."

We hope that when the hearing is had Mr. Clinkenbeard will be able to prove that he is not guilty.

Advertised Letter List.

Letters: Mr. and Mrs. A. W. Gibbs, William Morehouse, Fred C. Roll, Richard Taylor. Cards: Jay Applegate, Chas. Colsden, Mrs. Jane Edwards, Lewis Kear, Miss Tina McDowel, 2, Mr. and Mrs. Fred Meyer, Oren Evert Roberts, John Suhl, Miss Melba Thompson, Mrs. Clint Troutman.

W. H. McNeal, P. M.

Mrs. J. J. Williams returned home Wednesday evening from a month's visit with her parents at Iowa City.

ASK US ABOUT PILO

All the pain, itching, and other discomforts associated with blind, bleeding, or itching piles are quickly banished by the use of Nyal's Pilo. It is sure—positive in its action.

A few applications of Nyal's Pilo will afford instant relief

The contents of one or two boxes used regularly according to directions will absorb the tumors, soothe the inflamed and irritated parts surrounding the tumors and do it so that you are not inconvenienced in any way.

Do not put off treatment—and do not worry about the result. You can place your entire confidence in Nyal's Pilo—it will do just as we state.

Be sure and ask us about it.

Fifty cents a box.

When we had a chance to get the exclusive selling agency for Nyal Family Remedies we jumped at it. They are shown among all druggists as the highest quality line on the market, and are prepared by a great firm of manufacturing chemists, famous for fifty years.

Home From California

Tuesday morning A. J. Ferguson and wife returned from a winter in the southern California. That they had a good time goes without saying for the Colonel always has a good time—he seems to be built that way. Pomona was their headquarters and in and out from there in different directions they took in the sights. The freezing of the fruit crop, Mr. Ferguson says, has cost the people of California many millions of money. Some orchards were not gathered at all. Some were from 40 to 80 per cent marketable. Various devices were put to work to separate the good from the bad, for they all look alike, but the orange which was injured seriously by frost is light in weight, and working on this fact a common method of separation was to float the oranges through a water trough so arranged that the heavier oranges would float under the screen while the lighter and worthless fruit went over the top; those under being carried out to one side and those above out on the other side.

They saw many former Wayne people and carried many a message from Nebraska friends to relatives in California. Both returned in as good health as they usually have at least, and from now on Mr. Ferguson is expected to devote much of his time to making Old Settler's Day a success here this fall—and perhaps arrange for a homecoming week.

Some Things to Think Over

The X-Ray incubator people recently received an order for a hatching machine and a lot of eggs to be sent to some city in South America. This week they received a request for catalogue and prices on machine from China. It was the flow of printer's ink which brought these communications from the uttermost parts of the earth. Many machines go to Canada, a number are ordered for different European countries, and no state in the union has failed to respond to the advertising sent out of this machine.

A car of merchandise may be four times as long in transit as it should be, and if it is not perishable goods—no matter how great the inconvenience of delay, or how negligent the railway may have been, there appears to be no redress. But once the car reaches its destination there must be prompt action in unloading or the company exacts toll for each day of delay. Why not provide for a little compensation when the delay is caused by the company?

Commercial Club Banquet

Following is the program to be held at the banquet of the Commercial Club, Tuesday evening, April 29, 1913, at the City Hall: Fred S. Berry, Toastmaster.

Music—Orchestra.
Selection—Normal Male Quartette.
Sidelights—L. A. Kiplinger.
Wayne in Retrospect—John H. Kate
Wayne in Prospect—C. A. Chace.
Reminiscences—James Britton.
Duet—Professor Davies, Mr. Rogers
Wayne's Greatest Need—Phil H. Kohl.

Relation of the State Normal to the City—U. S. Conn.
How to Build Bigger and Better—F. L. Wright.
Music—Orchestra.

At the close of the program a supper will be served to those who remain at 50c a plate.

Library Notes

Magazines on the table in the library are: Monthly—The American Review of Reviews, The World's Work, Technical World, Ladies Home Journal, St. Nicholas, National Magazine, (Presented to the Library by Sam Davies).

Simj.—Monthly—Scientific American, (Dr. Heckert.) Literary Digest, (M. S. Davies.)

Saturday Post, city library.
Weekly papers presented to the library: The Nebraska Democrat, The Wayne Herald.

Daily Papers—Omaha Daily Bee, City Library. Sioux City Tribune, City Library. Librarian.

Marriage license was granted Tuesday to Fred Tarrant of Omaha and Miss Belle Killion, daughter of Chas. Killion and wife of Leslie Precinct, where it is reported the young people were to be wed Wednesday.

BANKERS AT WAYNE IN 1914

The Next Annual Meeting of Northwestern Bankers at Wayne. Henry Ley Elected President. Meeting at Wakefield Well Attended.

Wayne was well represented at the annual meeting of the Northeast Nebraska bankers at Wakefield Tuesday, and captured the next annual meeting and the offices of president and secretary, Henry Ley of the State Bank being named for former place and H. S. Ringland of the First National was elected secretary. The Norfolk News contained the following account of the meeting:

Two hundred bankers arrived in Wakefield Arbor Day to be present at the Sixteenth annual convention of the Northeast Nebraska Banker's association.

The morning session, beginning at 10:30 o'clock, was devoted to the address of the president, reports of officers and other business.

At 2 p. m. the bankers posed for a picture in front of the Presbyterian church.

J. A. Linkhart of Coleridge addressed the convention on "Farming Farm Lands," and John Rush of Omaha discussed "Mistakes in Credits." Halleck Rose, a prominent lawyer of Omaha, was to give an address on "Negotiable Instrument Law and Protest Item," but was unable to be present.

The banquet was given in the auditorium at 6:30 by the Ladies Aid society of the Presbyterian church, Dr. Corkey of Wayne acting as toastmaster. The toast list was as follows:

"The Banker's Duty as a Citizen," George W. Wiltse, Randolph; "Sound Principles," P. L. Hall, Lincoln; "Government Ownership," E. R. Gurney, Fremont; "Old Times," W. P. Manley, Sioux City; "Sugar Coated Pills," William B. Hughes, Omaha.

The next place of meeting will be Wayne.

The following officers were elected for the ensuing year:

President, Henry Ley, Wayne; vice-president, W. S. Weston, Hartington; secretary, H. S. Ringland, Wayne; treasurer, W. L. Mate, Plainview; trustees, T. A. Anthony, Wausa; G. W. Little, Lyons; J. F. Whittemore, New Castle; F. W. Steinkraus, Pierce; Guy Wilson, Laurel.

Death of Mrs. Catherine Hayes

Mrs. Catherine Hayes died of pneumonia, Thursday, April 17, 1913, at the home of her son, John Hayes, at Ft. Steele, British Columbia. She left Winside last winter to accompany Mr. and Mrs. E. W. Cullen on a trip to the coast to spend the winter sight seeing and visiting relatives, and toward the close of the trip, except the home journey, contracted a cold which she was unable to withstand.

Catherine Manning was born in County Cork Ireland, in 1835, and there united in marriage to John Hayes in 1858, and four years later came to America, settling first in Bureau county, Illinois. In 1880 they came to Hamilton county, Iowa, and after three years there to Colfax county Nebraska, in 1883, where they remained until 1893 when they moved to Winside. Here Mr. Hayes died in 1906, and was buried in the cemetery at Wayne where her body was laid to rest today after a funeral service at the Catholic church.

Mrs. Hayes is survived by three sons, and a daughter, John Hayes, Ft. Steele, B. C., Jeremiah Hayes, Cheyenne, W. S., Colorado, Patrick Hayes, Omaha and Mrs. E. W. Cullen of Winside.

Among those from out of town who were present at the funeral of Mrs. Hayes were Leonard Needham and wife of Norfolk, Mrs. Miller of Winside and her daughter, Mrs. Lute Carter of Carroll, John Jaskowiak and wife and his mother, Mrs. Geo. Gabler. Mrs. B. M. McIntyre, Mrs. Chas. Needham, Mrs. A. H. Carter, Thos. Pryor and Walter Gabler.

Daily Drift

It is a shame and pity

To live where filth abounds,

So let us clean the city

And tidy up the grounds.

Plant phlox and honeysuckle,

And other cheerful flowers,

Then we can rest and chuckle

The long, warm summer hours.

Social Notes

The Westminster Guild had an interesting session at the home of Mrs. P. H. Kohl Monday evening with Miss Killen as hostess. The subject of the lesson was "Mormonism," with Miss Helen McNeal as leader. Miss Case of Omaha, the Synodical secretary, was present and spoke to the ladies at the close of the program, explaining the workings of the Chapters and the objects for which the Guild worked. Her presence brought out a full attendance. Light refreshments were served by the hostess.

Mrs. E. S. Blair was hostess to the Acme club Monday afternoon. It being Education Day, a very interesting program was carried out: Following are the papers presented: "The Relation of Moving Pictures to Education", Mrs. Blair; "What Children are Reading" and "The Influence of the Public Library", Mrs. Davies; "School Room Art", Mrs. Jacobs. An interesting discussion followed the reading of these excellent papers.

The Monday club met with Mrs. C. A. Chace this week. It being Music Day, the afternoon and evening was made very enjoyable, various members giving choice selections. At six o'clock Mrs. Chace served a delicious three course dinner, her daughter, Miss Goldie, assisting. The next meeting will be held with Mrs. H. H. Hahn. Guests of the club were Mesdames Corkey, Murphree and Philleo.

A number of young people of Wayne and the State Normal attended the box supper and school entertainment at the Mt. Hope school house last Saturday evening. The proceeds from the sale of boxes amounted to \$24.50 which will be used for the benefit of the school. The program was well rendered and showed much work on the part of the pupils and teacher.

The Junior Bible Circle met with Mrs. Martin last Friday evening, twenty-two being present. The next meeting will be at the college next Saturday evening. They will meet at Mrs. Young's and from there all will go in a body. Miss Iva Laase will lead the lesson.

The Rural Home society met with Mrs. Frank Spahr last Thursday. After an elegant three course dinner the ladies devoted the afternoon to needlecraft and sociability. A delightful as well as profitable afternoon is reported. About fifteen ladies were present.

The Bible Study Circle met with Mrs. E. B. Young this week and had for its lesson "The Light of Joseph" which was ably led by Mrs. Coleman. The next meeting will be held with Mrs. Heldt.

Mrs. Wm. Bonta entertained the Sewing Circle at her home six miles south of town last Thursday. Sewing and visiting occupied the afternoon at the close of which refreshments were served.

The P. E. O. had a business meeting at the home of Mrs. E. S. Blair Monday evening. Plans are being made to entertain their state organizer on her visit to Wayne some time in May.

The W. C. T. U. had a mother's meeting at the home of Mrs. S. A. Wright last Friday afternoon and in the absence of Mrs. Porter, Mrs. Dayton led the lesson.

The E. H. club will meet with Mr. and Mrs. Salisbury on Friday evening because of the entertainment at the opera house Thursday evening.

Miss Sarah Killen will entertain the Shakespear club at the A. M. Helt home next Tuesday evening when the lesson will be on Art.

The U. D. club had no meeting this week and will carry out the same program next Monday at the home of Mrs. Dr. Green.

Miss Emma Hughes entertained the Bridge Whist club last evening. Light refreshments were served.

Mrs. Wm. Mellor will be hostess to the Auction Bridge club next week.

Notice

Pay foal bills for my horse to George Noakes at Gamble & Senter's or at First National Bank. C. H. BROOKS.

THE LEGISLATURE UNLOCKED

Nebraska Solons Conclude Their Work and Adjourn. Were in Deadlock Several Days. A Few of the Laws Passed.

When the Democrat went to press last week, from this distance it looked as though the session was about to come to a close within a few hours. But the two houses were unable to agree upon some of the appropriation bills, which involved more than the mere money for maintenance of the University, and its removal to the state farm and the improvement of the present university grounds were sought to be favored by the opposing interests. Finally, as all hope of an agreement was about abandoned, the two houses agreed upon a compromise which provides for the necessary funds to run the schools, and leaves to the people the question of removal of all of the university to the state farm except the medical school or the retaining in Lincoln, by adding to the present grounds, all of the university except the agricultural school.

It will now be up to the voters to carefully study the two sides of the question and instruct the next legislature what to do with the university.

Important Bills Passed

Ratified constitutional amendment providing for direct election of United States senators.

Provided an annual tax on corporations based on their capital stock.

Physical connection of rival telephone companies for convenience of subscribers.

Created a new insurance department, by taking it largely out of the hands of the state auditor.

Passed a workmen's compensation bill.

A nine hour work day for women, making fifty-four hours a week the maximum for female labor.

Increased salaries of executive officers, making that of the governor \$5,000 a year, instead of \$2,500, as at present. (This is a proposed constitutional amendment, which must be ratified by the voters.)

Legalized Sunday baseball, but permits any municipality to vote on prohibiting or permitting it.

Provided for non partisan judiciary.

Prohibited marriage of whites and Japanese, Chinese and negroes of one-eighth blood or more. Indians are exempted.

Outlined duties of state board of control and clothed it with considerable power.

Provided for executions by electrocution in the state penitentiary rather than by hanging.

Abolished the contract system of convict labor.

Created an intermediate reformatory for first offenders convicted of felonies.

School Notes

CALENDAR

April 25—Junior-Senior Reception.

May 2—State Declamatory Contest.

May 5—Musical at Opera House.

May 16—Field Meet at Creighton

May 18—Baccalaureate Services.

May 21—Class Play.

May 23—Commencement.

Fitzgerald, McKendree and Rutherford Glatfely entered the fifth, fourth and first grades respectively this week.

The Acme club presented three good books to the grade school library recently.

A brief Arbor Day program was given by each of the grade schools on Tuesday.

All the pupils and teachers will enjoy the moving picture treat tomorrow afternoon at 3 o'clock at the opera house. Everyone has his ticket and the regular school work will be supplemented with Marshall Field and Co.'s motion picture exhibit of cotton textile manufacturing. This is the treat of S. R. Theobald and Company.

The physical culture demonstration given by Miss Hardy and the high school girls in the gymnasium last Friday afternoon was witnessed by a goodly number of visitors as well as by the high school and the eighth grade. The demonstration was a great success and well received.

Every pupil and teacher heard Miss Frances M. Richardson, "The Flag Lady" give her lecture, "The Growth and Triumphs of the American Flag" on Monday afternoon. It was an excellent lecture on an excellent subject and it was presented in language that all could comprehend. The beautiful story of our beautiful flag cannot help but make better citizens of all who heard it.

On Wednesday morning Dr. Corkey spoke briefly to the high school. The Dr. referred to the inauguration scenes at Washington and spoke of several of our presidents, pointing out characteristics of each. Speaking of President Wilson's inauguration speech he cited the sentence "This Is Not A Day of Triumph But of Dedication" and recommended it for the careful consideration of the Senior class.

On Friday morning the ninth grade gave the following Arbor Day program with LeRoy Owens presiding: "The First Arbor Day" by Olive Huse; Reading by Grace Nettleton; History of Arbor Day by Hobert Aucker.

On Saturday afternoon, the third day of May, there will be sold at auction, on the vacant lot adjoining Dr. Blair's office, an assortment of desirable household furniture. Side board, bed room sets, chairs, rockers, book-cases, desk, etc. Don't forget the date, Saturday, May 3rd.—adv 17-2.

Edison's Masterpiece

The Edison Disk Phonograph shown for the first time at

Jones' Bookstore

A successful culmination of thirty-five years spent by Mr. Edison in his endeavor to perfectly reproduce sound.

In 1878 Mr. Edison invented and patented the first disk phonograph, but not until this 1913 has the great master permitted a disk phonograph to be offered to the public in his name.

Mr. Edison has discovered the secret of recording and reproducing tone and tone color, a new and superior method of recording only known in the Edison Recording Laboratory.

Until now the delicate beauties of music have baffled reproduction as were either lost in recording or so weakly reproduced as to be entirely lost in noises common to disk records.

This wonderful musical instrument can be heard at JONES' BOOKSTORE. Come in and listen. You cannot help but marvel and applaud.

Mr. Edison said: "Let the public hear and decide."

LOCAL AND PERSONAL

Geo. Eich was a visitor at Norfolk Monday.

Morris Thompson was an Omaha visitor the first of the week.

Dr. J. J. Williams was an Emerson visitor Monday afternoon.

Prof. I. H. Britell and wife were visitors at Sioux City Saturday.

Miss Teich spent Saturday and Sunday with friends in Sioux City.

Miss Emma Hughes and Katherine Lewis visited Sioux City Saturday.

R. N. Donahey spent Sunday and Monday at Omaha, visiting his mother, we hear.

Mrs. Henry Ley went to Dakota City Saturday morning to look after the cottage by the lake.

Mrs. F. E. Strahan returned from a visit with her sisters at Sioux City, Saturday evening.

Miss Ruby Hughes came down from Oakdale Saturday morning to spend Sunday with home folks.

Miss Montana Hans came Friday from Ainsworth to visit at the home of Noah Williamson and wife.

Mrs. D. A. Jones and daughter, Dorothy, went to Hartington Saturday to visit at the home of her son.

Mrs. U. S. Conn and her mother, Mrs. H. Baun, went to Fargo, North Dakota, Monday to visit relatives.

Miss Tillie Newman from Chariton, Iowa, who has been here visiting at the John Newman home, left for home Monday.

Mrs. Buskirk returned to her home at Pender Friday after a visit here at the home of her daughter, Mrs. Sonner.

Mrs. Sorenson of Harlan, Iowa, departed for home Monday after a visit here at the home of her daughter, Mrs. C. M. Christensen.

F. E. Lark of Onawa, Iowa, for many years superintendent of schools of Monona county, was the guest of his friend, Prof. H. H. Hahn over Sunday.

Fred Sebald is smelling around to find who stole a number of bunches of onions from his morning delivery the other day. If the fellow ate them Fred should be able to scent the thief.

Mrs. Ed. Murrell was called to her home at Bloomfield Friday by news of the death of her brother, John Hesch, which occurred that day. He was a single man about 33 years of age, and the funeral was held Sunday.

Walter Savidge went to Leavenworth, Kansas, where he is purchasing a lot of new material for the coming carnival season. He is preparing to start this season with a much larger and better aggregation than ever before.

The Odd Fellows dedicated a new hall at Lynch last week and conferred the Grand Lodge degree upon the past grands present, took in a class of 22 and had a jolly good time—making a night of it. The new hall and site have a value of \$11,000 and about half of this sum is paid. It is a combination opera house and lodge home, both departments very complete.

Miss Elsie Piper was a Sioux City visitor Saturday.

Mr. and Mrs. I. H. Britell were Sioux City visitors Saturday.

Nels Orcutt returned Monday from a visit with his daughter at Sioux City.

Firemen's dance Friday evening, April 25th. Good music, good order.—adv.

Chas. Thompson was at Sioux City last week with a bunch of horses for sale.

Don't forget the Firemen's dance at the city hall tomorrow night. A good time assured.—adv.

John Russman went to Herrick, South Dakota, Monday, to be absent a few days, looking after property there.

J. Rippon and wife went to Page Saturday to visit at the home of Gus Hanssen and wife and with other friends there.

Misses Esther and Edith Lundberg came from Wakefield Saturday to spend Sunday with their cousins, C. L. Cleberg and wife.

A. Kiplinger and his mother were called to Kansas last week Friday by a message telling of the sudden death of a nephew of Mrs. Kiplinger. Mrs. K. had returned from a visit in Illinois but the day before.

Misses Mary and Lucinda Pannabaker, who have been visiting relatives at Wayne since the Omaha tornado, returned to Omaha Sunday. They were accompanied as far as Emerson by their uncle and aunt, L. C. Panabaker and wife.

At Cherokee, Iowa, the cemetery association has given notice that the cemetery will not hereafter be opened for a Sunday funeral. This is equivalent to serving notice on the people to manage to shuffle off in the early part of the week or wait until the next week.

Do not fail to let the little folks see the real live Teddies free with the Savidge Brothers' Amusement Co. These Bears roll globes, waltz, roller skate, dance, wrestle and do the same tricks as trained dogs. Bring the children to see the Teddies Free every day, starting May 7th.

W. F. Reetz delivered Hays Atkins a fine 5-passenger 32-horse power 1913 model Buick automobile last Saturday. With the reputation back of the Buick car for power and durability is the reason why Mr. Atkins chose a Buick to use over all kinds of roads in his lively business.—adv.

Mrs. J. L. Payne went to Sioux City last week, and met her husband there upon his return from Minnesota, and they returned together Sunday. Mr. Payne visited a number of places in central Minnesota, and while he does not think it equals Wayne county in some respects, thinks it a very nice country.

The cost of bad roads are much greater than the cost of good roads, if road money can be honestly and efficiently expended and the good results of good roads credited to the account. Suppose the good road enables the average haul to be made at a saving of 10 cents per ton over the cost of poor roads, how much will be saved in this county in one year? We venture to say that it would be many times what the road work would cost.

Attend the Firemen's dance at the city hall, Friday evening, April 25th.—adv.

Henry Evans went to Bloomfield Saturday morning to visit a time with his son at that place, where he makes his home part of the time.

Mrs. Wm. Sears left Saturday morning to visit her daughter, Mrs. Wright-Meier, who is reported quite ill at her home in Kersey, Colorado.

An ice making plant has been installed at Devil City. Up here, if some one will corral the water the weather man makes the ice gratis—but the consumer pays the freight.

Miss Gertrude Stodden went to Sioux City last Saturday and visited with friends until Sunday evening, when she left for Mapleton, Iowa, to attend the wedding of her cousin. She returned today.

Last week A. C. Dean was called to Ashland to attend the funeral of his mother, who died there after a lingering illness of several years' duration. When he returned his father, Ira Dean, accompanied him, and will remain here with his son for a short time.

Last Friday W. A. Hiseox went to Sioux City to ride home in his car which he left there a while ago for some work. He was accompanied by his wife, Mrs. Geo. Lamberson and daughter, Hallie, and Miss Neva Orr, who went for the pleasure of an auto ride home.

The Democrat is yet of the opinion that a building and loan association properly organized and managed would be the very best thing that could happen to Wayne, that is in the range of reasonable possibilities. To be sure a north and south line of railroad of some competing line would be nice, but we are not expecting that this year.

At the meeting of the W. O. W. Friday evening, J. M. Wiley was elected to the office of Council Commander, to succeed J. E. Marsteller who resigned because he will be absent from Wayne so much this summer. He left Friday evening for Harrison, near which place he has a large stock ranch, which he is putting in shape for the summer business.

Henry Vanderbilt and wife of Belden were here last week visiting at the home of his old comrades of fifty years ago, S. Taylor and A. J. Hyatt. When several of these old soldier boys get together, there is always something to talk about. They had an experience in their few years of service that does not fade away in less than a life time.

The Democrat would like to build a new office building this year, but to do so would have to borrow money and pay interest thereon; then when the building is completed, the assessor would come, and in the name of the state of Nebraska and the county and city of Wayne fine us for making an improvement in the city of Wayne, for we could not plead "not guilty" if the building stood where all could see.

J. M. Roberts hitched the road drag to his automobile one day last week and dragged the road leading from the public highway to his house, it having been badly cut up because of having some heavy hauling to take over it while soft. The auto is all right for motor power, but the man who was riding and handling the drag says it is pretty swift for a rough road the first time or two over. The automobiles do best on good roads, and from this it appears that they may be able to help make them good.

The season of the year for the professional beggar to appear is at hand, and the city council or the commercial club should name a committee to whom such people must present their case and submit to investigation as to whether worthy or not before being allowed to beg in this place. We would not have any worthy poor suffer; nor would we have an imposter or professional beggar ply his vocation on our worthy poor—for it is the poor who divide their meagre herd most readily.

A Nebraska farmer writing of his experience in The Nebraska Farmer tells of his satisfaction and profit when using silage in the ration for dairy cows. He then comments that "there is no excuse for not finding a silo on every quarter section in the central and eastern part of our state. Knowing that forty per cent of the corn crop can be saved, that it costs approximately \$2.25 per ton to put up a feed worth \$6 per ton, and that all silage feeders are well pleased with this feed, and in many instances put up additional silos, it seems hard to realize that there are still dairy and other live stock farms not equipped with a silo."—Hoard's Dairyman.

Smart Spring Styles

...IN...
Peters Shoes

THERE is a style, a distinctiveness and individuality about our "DIAMOND BRANDS" that you cannot get in the ordinary run of shoes. It's in the way they are made. This excellence of manufacture gives the Peters Company their undisputed right to their slogan, "We make more fine shoes than any other house in the West," and it's the same difference that gives us the right to say—

We are Headquarters for Fine Shoes

We have a style for every occasion, a fit for every foot

EACH PERSON CAN OBTAIN BUT 1 BOTTLE

Rexal Specific and Alerative compound has been devised for the special purpose for treating those diseased conditions which have their origin in the so called "Blood Infections." Scrofulous Individuals exhibit characteristic evidence the fact that the body tissues are not performing their functions in the normal way.

Other obscure infections give rise to chronic skin affections, Anemia, General Debility, etc., or Neuralgia, Breaking down of Glands and in General Catarrhal conditions this preparation should be faithfully used.

Guarantee

The United Drug Company and the Rexall Store selling this preparation guarantees it to give satisfaction; If it does not, go back to the Rexall store and get your money. If it belongs to you we want you to have it.

Phone 137

Carnival to Open Here May 7th

The Savidge Brothers open their Carnival at Wayne for four days, starting May 7th and have added many new features, being one of the best on the road this season. The Free acts will include the Five Flying Moores and Helliotts Trained Bears, and Imperial Concert Band. The Plays in the large canvas theatre will be all new and many new Players. Change of play every night.

The Iowa legislature which adjourned about the same time which the Nebraska solons were supposed to quit, showed their great wisdom in appropriating \$2,000,000 to beautify the capitol grounds and refusing to vote \$100,000 for good roads. Some road boss might have shirked while he was supposed to be working for some of that money and beat the taxpayer—and it is certain that the taxpayer got it in the neck when they are made to cough up so much for a "beauty spot" in Des Moines.

J. K. Ramsey, a farmer living near Bradshaw, has devised a pulverizer that he recommends as doing better work than the ordinary drag, says the Butler County Press. Here's what he says about making it: "Take three logs about six inches in diameter and six or seven feet long; get two 5x8-inch pieces of timber 3 1/2 feet long to use for end pieces. Bore three holes in each end-piece and one hole in each end of each log. Attach the logs to the end-pieces by bolts driven into the holes in the logs, leaving the logs so they will roll."

Why not tell how to hook to it?

The International Harvester Company has a big twine factory in New York employing several thousand hands. Their employees are on a strike and the company has concluded to close down the plant and move it to Germany. At Yonkers, New York, Spreckles have a big sugar factory employing 1,200 workmen who are also on a strike, and the company has closed its doors. Here are two of the highly protected industries—protected on the presumption that their labor gets the benefit. Every user of twine and every consumer of sugar is taxed to protect these industries so they can pay good wages, and yet the laborer is kept on starvation wages. Does protection protect the laboring man?—Adams County, (Iowa) Free Press.

NO CHARGE

Although the service this bank performs for its checking depositors is of great value to them, it makes no charge whatever for this convenience.

A checking account here will provide security for your funds, conserve your income, systematize your business, give a written record of your receipts and expenditures, and acquaint you with the officers of a strong bank, who will be glad to serve you in matters pertaining to your finances.

Among The Churches of Wayne

Presbyterian Church

Rev. Alexander Corkey, Pastor.

"Good News about Good Things for All" will be the subject of the morning sermon at the Presbyterian church next Sunday morning. In the evening the Junior choir will lead in the singing, and the sermon, which will be illustrated, will be on the different kinds of hearers, sieve hearers, funnel hearers, and sponge hearers. The Junior choir is under the leadership of Mrs. Murphree.

The Sunday school begins at 12, immediately following the morning service. The C. E. prayer meeting meets at 7 p. m.

The morning service of the church on Sabbath begins at 10:30 and the evening service at 8 o'clock.

The Westminster Guild met at the home of Mrs. Kohl, Miss Killen hostess, on Monday evening of this week, and there was a full attendance of the members. The subject of the evening was "Mormonism", Miss Helen McNeal being the leader. Miss Case of Omaha, who is the Guild's Synodical secretary, was present, and spoke to the Guild at the close of the program explaining the workings of the chapter, and the objects for which the Guild worked. Light refreshments were served before the company separated and were much enjoyed.

"Bible Work at Home and Abroad" will be the subject of the C. E. prayer meeting next Sunday evening.

Miss C. White and Mrs. J. G. Mines attended the Presbyterian meeting of the Women's Societies at Norfolk this week as delegates from the local society.

At the morning service last Sunday the pastor announced that the Wayne church had been placed on the High Honor Roll at Presbytery this year on account of its liberality in benevolence.

The Young Men's Brotherhood Class met for the first time last Sunday and the new members were enrolled. Mr. A. R. Davis is the teacher of the class which will meet at the Sunday school hour in the study room of the church.

St. Paul's Lutheran Church

(Rev. J. Kuhn, Pastor.)

Owing to the busy season the Ladies' Aid Society held no meeting this week.

The parsonage is being treated to new interior decoration. It is looking fine.

Many of our people were storm stayed on last Sunday. The audience was small, but a very attentive and much interested.

With next Sunday pastor Kuhn finishes his engagement with the Wayne pastorate. The people have given him a fine reception and hearing.

In this connection he desires to thank the members and friends of the church, the citizens in general and the city papers for their kind treatment of him. He expects to leave Monday for his home in Atchison, Kansas, supplying a church in one of the nearby towns for the summer.

The services for next Sunday will be as follows:

Sunday school at 10 a. m., preaching at 11 a. m. At this time, by the request of the board of the Church Extension, a special offering will be given for the benefit of the churches destroyed by the tornado and floods. There will also be special music. As this is his last regular sermon at St. Paul's church, the pastor desires the presence of all the members and friends of the church. Come and bring your friends with you. All are welcome.

Baptist Church

Rev. B. P. Richardson, Pastor

"The Restoring God," will be the subject of the sermon on Sunday morning. It will be an effort to interpret God's sovereign, yet compassionate dealing with man. The pastor prepares some message for your individual good and his purpose is defeated if you are not present. One of the conditions of spiritual growth is having the habit of regular attendance upon public worship. Let us be true here.

On Friday (tomorrow) at 3 p. m., the Woman's Missionary Society meets at the home of Mrs. McVay. Mrs. W. M. Christensen will be the leader.

The young people's study Sunday evening at 7 o'clock will be a missionary lesson. The subject "Baptist Bible Work." Leader, C. E. Sprague.

The choir, under Prof. Davies, last Sunday evening rendered a number of choice selections. Our desire is to have good music at each evening service. The pastor will speak Sunday evening on the subject "The Entrusted Treasures."

On Tuesday evening at 8 o'clock, the regular monthly meeting of

the Advisory Board will be held in the study.

Wednesday evening will be our covenant meeting. Some important items of business will come before the church at this time.

Let our members be present. We cordially invite strangers and newcomers to worship with us.

Methodist Church

Rev. P. R. Clotfelter, Pastor

Two splendid congregations greeted us on our first Sunday in Wayne and made us feel welcome to your midst.

Next Sunday we begin the first of a series of six sermons on Matt. 6:10. Get the first one and you won't want to miss any of the series. 10:30 a. m. Sunday.

Sunday school delighted us with its interesting and interested classes. How about that average attendance? Could it not as well be ninety per cent or better?

A real live Epworth League service at 7 p. m. What a fine lot of talks and references. Next Sunday "The Italian in America." Eph. 2:18-22 will interest all who attend. Let us all see how much help Miss Forney can receive from us.

The Ladies' Aid society have a tea and talk at the church Thursday the 24th. Business before and tea at and after 5 p. m. A good opportunity to get a little acquainted with the new pastor and family.

Hear our choir next Sunday at both services. Fine last Sunday. Better, next Sunday and better still if every pew is occupied. Remember to pray and then pray again.

Sacred Concert

Last Sunday evening a sacred concert was given at the Presbyterian church under the auspices of the Junior Choir which now has charge of the music during the evening services. There was a large congregation present, and the singing of the choir was much enjoyed, the choir rendering two special numbers themselves. The other numbers by the older ones were also much appreciated, and the service was altogether a success. The following program was rendered:

Singing by the Junior choir and congregation.

Selection by the Junior choir.

Scripture reading by the pastor.

Spring Song by the Junior choir.

Cornet Solo, "Calvary," by Paul Young.

Vocal Solo, "He Leadeth Me," by Mrs. A. R. Davis.

Prayer by the pastor.

Announcements and offerings.

Violin Solo, "The Holy City," by Prof. Johnson.

Illustrated Talk by the pastor.

Closing hymn by choir and congregation.

Mrs. Murphree had charge of the choir and the accompanists were Miss Edna Neely, Mr. Ensign Young and Mrs. H. Theobald.

The local Firemen will give another of their popular dances at the city hall Friday evening, April 25th. Collins Bros., will furnish the music. Tickets \$1.00.—adv.

Postmaster Elections

Congressman Dan V. Stephens is out in a long letter defending his position in the matter of allowing the people to name their own postmaster from among the democratic candidates. He explained the matter at Hooper, his statement corresponding very nearly with the account published in this paper. Where the candidates are agreed to have a democratic primary he does not insist on any other being allowed to vote; but he prefers that the patrons of the office shall all unite in naming a democrat—and allowing none—but democrats to become candidates. He argues for the election plan against the civil service plan, saying that the civil service plan would place the matter in the hands of an inspector boss instead of a political boss as has been the case in the past; and he rightly thinks that the man who is made responsible to the people on one hand and the higher postal authorities on the other hand is apt to serve both better than the postmaster who is obligated to some political boss on one side and fellows who boss him for the higher authority on the other. He makes a good case for his side, and we would be glad to print the letter in full but for the length. Any who are interested may see a copy at this office, or there is no doubt but that Mr. Stephens will forward a copy upon request.

Real Estate Transfers

For the week ending April 21, 1913, as reported by I. W. Alter, bonded abstractor, Wayne, Nebr. B. W. Ashley to Chas. W. Reynolds, lots 10, 11, 12, blk 26, College Hill add to Wayne, \$225.

Anna Kjeldgaard et al to Andrew Kjeldgaard et al, s w 1/4 25-3, \$1.

Can the average Nebraska farmer secure five bushels more wheat per acre each year by some simple treatment that is rather inexpensive? If he could, there is no question but what he could give his wheat field that treatment.

At the Nebraska experiment station at Lincoln, the rolling of winter wheat has been tested for a number of years, and has given on an average over five bushels per acre. Harrowing did not pay in most instances and rolling to be the best must be done by a heavy corrugated roller. In Press Bulletin No. 30 issued by the Nebraska Station, which will be sent free to any address, the following statement is found: "Rolling winter wheat in the spring has not failed to give an increased yield, the average increase being 5.1 bushels per acre. The rolling was given early in the spring, soon after the frost was out and about the time growth started."

Are You Interested In Those?

For Next Saturday We Have a Few Specials in Which the Ladies Ought to be Interested

There is first a 10c line of Ladies Neckwear. Under ordinary circumstances you cannot expect very much in the neckwear line for a dime, but in this instance it is different. Don't think for a minute these goods are cheap because the price is. They are all good new articles, lace or embroidery trimmed lingerie and made according to the latest whim of Dame Fashion.

Then there are some big bargains in PRINCESS SLIPS. This undergarment is not only very popular but also very convenient. It is made of good lawn in different styles. The yokes are trimmed with lace or embroidery, so are the neck, armholes and skirts. Pearl button backs. Our price is way under the prevailing market price. We bought those slips special and sell them the same way. \$1.00

WOMEN'S AND GIRLS WASHDRESSES is a new article with us, which rightly belongs to a Variety stock, and you may have noticed before that whenever we put a new article in, we put it in at a new price. Our wash dresses are made of excellent quality percale or chambray, full cut, well tailored, assorted colors—neat, practical, every day dresses, which you will like as quick as you see them and which you will buy because you can save money on them. Price \$1.00 and \$1.25

Our new ADJUSTABLE WINDOW SCREENS are here now. More practical and convenient than any other window screen. Extends 33 inches. Perfectly fly proof, is put in or out in a jiffy and has given satisfaction year after year.

Drexell Latest, Improved, Scientific, Sure DRINK and DRUG Treatment

WE CAN PROVE two established facts to you. FIRST—that alcohol is a poison, destroying the health and lives of the civilized world at the rate of half a million every year, one a minute, and there are over 50,000 now in U. S. Insane Hospitals due to alcohol.

SECOND—We CURE THE DRINK HABIT removing the CAUSE and all DESIRE, and obtaining PERFECT RESULTS by the best methods known to science and experience.

The people of this territory are extremely fortunate that there is now such an institution of known worth as the DREXELL SANITARIUM.

The TREATMENT was not offered to the public until it had cured hundreds in an experience of eighteen years who have remained permanently cured. The patient is put in the finest physical condition and all appetite for liquor entirely removed.

HOW MUCH or HOW LONG a man may have drank makes no difference. He will find complete relief. Don't confuse this with other "cures."

This is the latest improved treatment. Not like any other. Wonderfully successful with even the hardest cases. Investigate. Highest endorsements. You may pay more but you cannot buy better.

Also, universally successful home treatment for Tobacco Habits. Write for full information. Simply address Drexell Sanitarium, Sioux City. It will change a man's whole life to spend a few days at this pleasant club like sanitarium, which is equipped with every convenience for comfort and privacy.

Delay is dangerous. Don't put it off. Come to

Drexell Sanitarium Corner 6th and Jennings St. SIOUX CITY, IOWA

Mrs. C. F. Perkins and daughter, Mrs. H. V. Stone of Marion, Kentucky, and Mrs. H. Irving Millard of Los Angeles, California, and Mrs. W. D. Hammond of Blair, Nebraska, will arrive in the city this evening to visit at the homes of A. T. and C. R. Witter. Mrs. Perkins and Mrs. A. T. Witter are sisters and this is their first meeting in thirty years. Mrs. Millard is a niece of A. T. Witter.

Here it is

—the very glove you want

The new Grinnell "Grip-Tite" glove is just the thing for Auto-mobilists or Motorcyclists. A double, re-inforced, corrugated palm gives twice the wear to the glove, and insures a safe, easy, sure grip on steering wheel or handle-bars, and at the same time gives absolute comfort.

If you were trying to think of a glove in every way ideal for your purpose you couldn't get anything to beat

Grinnell "Grip-Tite" Gloves

They are in every way real service gloves. When the double palm wears out it can be ripped off, leaving a practically new pair of gloves. Grinnell "Grip-Tite" gloves are washable in soap and water or gasoline, always dry out soft and pliable—never harden, peel or crack from usage.

These gloves are the latest feature of a stock that always presents the best—call at once, and say "Grip-Tite."

Mrs. I. C. Duncan of Craig returned home Tuesday following a visit of several days at the home of her brother-in-law, E. Q. Sala and wife.

The school children will all see how Gingham, Bankets, Laces and Hosiery are made at the opera house Friday afternoon. Parents should come in the evening. Tickets free at S. R. Theobald & Co.—adv.

Earl Cooper of LeRoy, Kansas, came last week to visit relatives at Wayne and vicinity. He is a nephew to Mrs. A. J. Hyatt, and is making headquarters there and at the home of Bert Hyatt in the country.

L. D. Richards, for the past 20 years one of the prime movers in the Fremont Canal, declared in an address before the Fremont Ad club that nothing short of a serious panic can stop the project at this time.

The \$10,000 damage suit brought in district court at Fremont by Charles Marek of Dodge against Frank Stecker, former marshall, has been decided in favor of the defendant. Stecker was charged with using undue force in making the arrest.

The beautiful home of Mr. and Mrs. E. Mullally at Jackson, has been purchased by the Catholics of Jackson for a home for the parish priest. A new church will be built on the tract adjoining the residence to replace the one destroyed by fire several months ago.

FOR SALE—At a great bargain. Must be sold before May 1st, 160 acres of good level land all broke, four miles from good town in Southeastern South Dakota. This land is as good as anything in Wayne county and you can buy it at specially reduced price. Positively must be sold before May 1st. Inquire at Leahy's Drug Store.—adv.

No doubt about it—spring is here. The early Easter sign failed, the robin came to be snowed under, the wild ducks and geese were caught in winter blizzard, and some who had been in sunny climes for the winter strayed back in time to shovel snow, but the other day the sure sign came. A group of traveling horse traders put in an appearance, and who ever knew this sign to fail?

Theo. Dockendorf, who has been spending the winter in California, arrived here Sunday and is stopping at the home of his daughter, Mrs. Sprague. He spent the winter at various points, stopping at Long Beach, Los Angeles, the Redlands and at Chico. It was a hard winter for that country, and while such a winter here would not be counted winter it was a hardship to the people of that land.

A gold medal to the school boy or girl between the ages of 10 and 15 who writes the best composition, not to exceed 800 words, on the repair and maintenance of earth roads, is to be awarded by Logan Waller Page, Director, Office of Public Roads, United States Department of Agriculture, Washington, D. C. All compositions must be submitted to Mr. Page before May 15, 1913, and the medal will be awarded as soon thereafter as the composition can be graded. The composition may be based on knowledge gained from books and other sources, but no quotations should be made.—Ex.

Wayne streets have again been dragged into very good condition. Following the snow of two weeks ago they were left rough and rutty, for there was nearly four inches of water to make mud. While Main street was a slush of snow and water the drag was run along the center of the street, throwing the slush to either side, and the following day the track of the drag was almost dusty before night. Then as soon as dry enough the team was put to work, and now the streets are in very good shape. Some arrangement should be made whereby the country roads between Wayne and the neighboring towns may have prompt attention after each rain. Some of the farmers have done good work, but it is not fair for them to continue to do this work without some pay. In Iowa—at least some parts of the state, there is a fund raised from which the farmers are paid 50 cents a mile for dragging road near or adjoining their home place. This is not a large wage, but the farmer gets part of the benefit, so he is really paid more than the cash he receives.

This is Most Quiet of All Starting Devices

Rambler

Motor Cars

Have you seen the Cross Country with the U. S. L. starting and lighting system? It's the simplest, quietest and most effective device yet designed for the purpose.

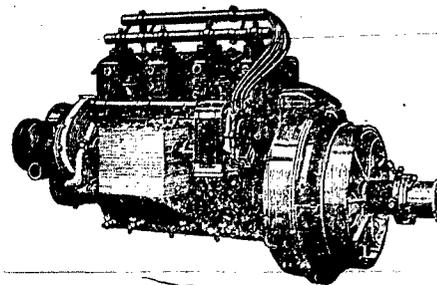

It saves weight, bearings, chains, gears, complicated wiring, and operates silently.

The usual cast-iron fly-wheel of the ordinary engine is left off. Parts forming the electric motor generator take the place of the fly-wheel.

The only wearing parts, other than those of all gasoline engines, are the motor generator brushes, which are made much larger than necessary—ample for mileage of three seasons of ordinary use.

You start the Cross Country motor with just a single operation. Press a button—that's all. Press another—the lamps are lighted.

Have you seen the new Cross Country at \$1875?

The Cross Country engine combined with U. S. L. motor generator. Electrical parts enclosed and protected.

LOGAN VALLEY MOTOR CO.
Wayne, Nebraska.

College Hill Notes

Miss Elsie Piper made a business trip to Sioux City last Saturday.

President Conn left on a business trip to Lincoln Sunday evening.

Miss McBeth returned to her school duties last Thursday morning.

Miss Rose Kost of Norfolk visited with her sister, Florence over Sunday.

Miss Leala Weaver of Kingsbury Hall is unable to attend her classes at present.

The Philomathean Literary society held a closed meeting last Friday evening.

Prof. Lackey and his class in agriculture made a trip to the fields Monday.

A new fire escape is being built on the rear of the auditorium building this week.

Df. Alexander Corkey gave a very interesting address in chapel Tuesday morning.

A.-E. Herring had the misfortune to injure one of his knees last week while vaulting.

A table has been set apart from the rest in the library for the exclusive use of the debaters.

Misses Edith Beechel and Anna Anthony visited at the home of Mrs. Harry Bessire over Sunday.

Some very intelligent and well composed essays are being given in the U. S. History class this week.

Miss Bertha Knutson went home last Saturday. She will not return to complete the semester work.

Miss Francis Richardson, the Flag Lady, arrived here Sunday evening and was entertained at Kingsbury hall.

Miss Olive McBeth took part in a recital at Carroll Monday even-

ing. Mr. Alexander and Mrs. Johnson were also on the program.

A number of students have arrived and are taking up the remaining semester work. Most of them expect to stay during the summer term.

The appearance of the streets in faculty row is being improved daily. Large trees are being set out, the parkings made level, etc., showing effort and pride on the part of the faculty.

F. E. Lark of Onawa, Iowa, gave one of the most interesting talks ever delivered in Chapel last Monday morning. Mr. Lark is and has been greatly interested in school work for years.

A number of students attended the box supper at the school house about two and one half miles northwest of town last Friday. A good time is reported, but those who walked made frequent mention of weariness.

The Y. W. and the Y. M. Christian Associations held a joint meeting in chapel Sunday afternoon. Sidney Johnson was leader. Mr. Kemp gave an interesting talk and special music was given by Paul Young.

The members of the Catholic club with a few invited friends met in the gymnasium Saturday evening. Many lively games were played and at a late hour refreshments were served. All present report a very enjoyable evening.

The ball game between Wakefield and the college team Saturday did not terminate with victory in Wayne's favor as many had anticipated. The game was a good one however, the first half was a fast one and almost a tie but in the latter half the Wakefield team came to the front and won the goal.

Last Tuesday seemed the day set for "sneak day" among the Seniors. Great plans were made for taking the early train to Wakefield, but in some unknown manner the Juniors got wise to the fact and every effort was exercised as a preventive of their making a getaway. Two or more of the Seniors were tied hand and foot and the remainder of them did not appreciate the company of the Juniors. They were way laid in a box car until the train pulled out, then the Juniors returned to their classes, leaving the Seniors to carry out their defeated plans in another way.

Notice of Dissolution

Drs. Cleveland & Jones, to take effect May 1st, 1913. All persons indebted to the above please make settlement on or before May 1, 1913.

Our Query and Reply Department

What is the principal crop in Panama?

Bananas, and other products raised in small quantities are sugar cane, cacao, coffee, rice, corn, yams and sweet potatoes. There are also mineral deposits, but mining is little developed.

Which is the preponderant single power of Europe today? Which is the stronger of the two combinations, Germany, Austria and Italy on one side and France, Russia and England on the other?

Only a war costing fortunes could conclusively decide. Much would depend on the advantages and disadvantages of position.

What is the "Drago" doctrine?

The "Drago" gets its name from the celebrated jurist of Argentina, Dr. L. F. Drago. In the winter of 1902-3 Great Britain, Germany and Italy blockaded the ports of Venezuela in an attempt to make that country pay its debts. It was then that the "Drago" doctrine was announced, contending that force cannot be used by any power to collect money owing to its citizens by another power. Prominence was given to the contention by the fact that it was officially upheld by Argentina and favored by other South American republics. The principle embodied has become known as the "Drago" doctrine.

Is tea grown in the United States? Yes—in South Carolina.

Who wrote "Cheerful Americans"? Is the author still alive?

Charles Battell Loomis. Died Sept. 23, 1911.

Did the army engineers who raised the battleship Maine discover whether the explosion which caused its destruction was from the inside or the outside?

The official report reads: "The board finds that the injuries to the Maine were caused by the explosion of a charge of a low form of explosive exterior to the ship."

Is there a place in England famous for the production of Christmas cards? Yes. It is estimated that more than 30,000,000 Christmas greetings are produced annually in Bradford.

Is it true that the pope recently left the Vatican to visit the home of his dead sister?

Stories to that effect were sent to America, but were later denied.

Please inform me whether government employees have ever gone on strike?

Some employees on the Panama canal have struck, and certain departments of the postal service have been known to walk out, but such occurrences are exceedingly rare.

Why is Serbia so anxious to have a port on the Adriatic sea? Why does Austria object?

Serbia has no seacoast and can reach the ocean only by permission of the countries around her, and these countries are able to impose such duties and taxes on articles carried through their territory as practically to regulate the export trade of Serbia. To escape the domination of her neighbors in the matter Serbia's one ambition in the war is to obtain a seaport of her own, free from outside influence. To accomplish this Serbia would be obliged to cross the path of Austria in her advance southward toward Saloniki. There is therefore a clash of interests as to the ownership of the territory desired by both.

Which is the correct way to address an envelope to a physician—Dr. John Smith, M. D., or John Smith, M. D.?

The former way is never correct. It should be either Dr. John Smith or John Smith, M. D.

Who is the richest man in the United States?

It is generally accepted that it is John D. Rockefeller, Sr., whose wealth is variously estimated at from \$500,000,000 to a billion.

Is it true that the department of agriculture has produced a new animal to take the place of the mule?

The department has been experimenting with a hybrid of the mule type, using the zebra in place of the jack.

What is the length of the Panama railroad?

Forty-eight miles from Colon to Panama, with a branch three miles to Balboa.

The postoffice election for Laurel is to be held at that place Saturday. The time for filing closed Tuesday, and none but democrats were permitted to enter the race.

The Odd Fellows are raising funds for their building at Laurel by soliciting subscriptions to a fund drawing 4 per cent interest. This plan has \$10,000 pledged to it, and in this way they hope to secure all of the funds necessary to complete the building.

The Cedar County News has a bid for a bunch of culverts for the county which is more than 30 per cent lower than the county commissioners paid for the goods. If the commissioners of that county would try to see how cheap they can buy, they would not exclude home competition, as it is claimed they did do. The saving of nearly \$1,000 is worth considering.

Bloomfield went wet at their special election last week—real wet. In fact it has always been wet, and it takes about six saloons to keep them wet. The dry crowd looked like 90 cents when the election was over, for 90 dry votes to 199 wet. Well, it is not very encouraging for the dry people, but they showed that not all of the people want the saloon.

At Hartington they have organized an amateur base ball team among the young men of the town, and it is not to be a paid team or professional team. They propose to finance it for uniforms and equipment by selling ten-game tickets at \$2 each, and agree to refund 25 cents for each game of the ten proposed not played, if any there be. This looks to be a move in the right direction. Professional base ball is expensive for a small place.

At West Point it has been said that the candidate for postmaster had been selected without a primary and that the matter was settled, but now a different aspect is put on the situation. It is reported that Congressman Stephens has said that West Point, like every other point, will have to carry their case to the people, and when they have spoken he will recommend. J. A. Stahl of West Point is most competent, we believe, and worthy to have this position handed to him by the people—for he does a vast amount of good work for the party just for love of the cause—and that is the manner of man who should be recognized for the good of the party and the people.

AVERTED A WRECK

Thrilling Railroad Experience on Horseshoe Curve.

SAVED BY A WEIRD WARNING.

The Remarkable Signal Light That Summarily Stopped Two Trains That Were Rushing on to Certain Destruction in a Head-on Collision.

Once upon a time if any man had asked me if two locomotives rushing toward one another head on and with no human agency between could avoid a collision I would have replied, "Not by any earthly power." Since I have had my ting at railroading as a Grand Trunk brakeman in Canada, however, I do not feel so cocksure about impossibilities. I venture to say that any man who passed through that affair at Sandy curve, in western Ontario, finding himself as suddenly rescued as he was suddenly in peril, would not be too glib in future regarding what can and what cannot happen.

On one section of my run lay what was probably one of the most dangerous curves on any railroad route in America outside the Rocky mountains. They called it by many names—Sandy curve, the Horseshoe, the Devil's elbow and the Switchback—but of all descriptions none fitted it so well as the Horseshoe, for the track formed exactly that shape. In order to save the cost of a tunnel the construction engineers had taken the road around the head of a mountainous cliff that jutted out into the lake and then back 300 yards to the mainland. Between the points of the curve loomed an ugly wall of granite 300 feet in height, a barrier absolutely impenetrable to light and sound. The curved roadbeds forming the two sides of this curious piece of pioneer construction had their point of contact, of course, at the toe of the shoe, beneath which lay the glistening waters of the lake. The Horseshoe curve was notorious for a long series of nasty accidents.

It was the 7th of November, and miserably dark and foggy. Five miles from the curve I was passing across an open platform between two coaches when I heard our whistle shrieking. In the forest of spruces and those ugly galleries of granite the sound echoed and throbbled until it fell to a murmur. At that moment it seemed to me that I caught the glare of another whistle, a trifle louder than our last echo. A shudder ran down my spine, and I leaned far out on the steps, but nothing could be seen, and the sound was not repeated. I mentioned the incident to the conductor, but he only laughed at me. That did not make me forget the blast I had heard sifting out of the spruce trees, and I knew in my heart that it did not come from our locomotive.

To keep my mind off my fears I went forward to the baggage car and chatted with the "newsy." Then I fell asleep on a bench.

"Crunch, click" and then a final series of crunches. I knew that meant the air brakes, and jumped on to the limit. In an instant I was up and, grabbing my lantern, tumbled through the door after the news agent. The long train was swinging far out on the Horseshoe curve. The lurching and grinding of the brakes were like the torture of a nightmare. With a last painful grating of the buffers the train came to a standstill. Passengers, conductor and train crew were coming forward in great alarm, but before we could reach the locomotive the engineer loomed out of the darkness, his face glowing with a fearful excitement. "Did you see?" he cried vaguely, and I never saw a railroad man more overcome. "Look yonder!"

We all stared where he pointed. Above the dismal lake, about a hundred yards from shore, there hung suspended a ball of brilliant, snow white fire, as if the moon had lost her bearings and had tumbled toward the earth. We were deathly silent at the sight. No one volunteered an explanation.

"Don't you understand?" yelled the engineer. "Don't you people understand? There is a train on the opposite side of the Horseshoe, and it was coming up to meet us at twenty miles an hour. We missed each other by an act of God!"

Then I saw what he meant. That strange ball of light suspended out there in the darkness was the focus of the two headlights, and both engineers had seen it in the nick of time.

We stood there like statues. I know my heart was beating like a hammer and my comrades were pale faced and open mouthed with wonder.

When we had in some measure recovered ourselves we all marched forward to shake hands with the fellows on the other train. An inquiry, of course there was, and our conductor was "fired" for disobeying instructions. The fact is we should never have approached the curve until the other train had passed us on a switch several miles this side of it.—Wide World Magazine.

A Hint Taken.

"These opera glasses were given to me a year ago," she said sweetly. "Aren't they beautiful?" he replied. "Yes," she answered, "but I discarded this afternoon that they're beginning to rust from lack of use." Whereupon he tumbled to himself and invited her to go to the theater.—Detroit Free Press.

Prosperity is not without many fears and anxieties, and adversity is not without comforts and hopes.—Lord Bacon.

"Pittsburgh Perfect" Fence

Save Money on your Fencing by Putting up the Style Made to Meet your Requirements

It's downright foolishness to buy light chicken wire to put around your bull pasture—and you know it.

But some people do it because they don't think beyond the price-ticket on the roll of fence—at least not until they've had to patch the chicken wire a dozen times or so where that bull went through.

Then they put up a brand new stock fence.

There's no economy in that kind of fence-buying. The right fence in the first place costs less.

Our free catalogue tells how to buy fencing economically, effectively, wisely. Get it today and save money.

Made in Different Styles for FIELD, FARM, RANCH, LAWN, CHICKEN, POULTRY and RABBIT YARD and GARDEN

Every Rod Guaranteed

Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade you that some other fence is just as good. If he doesn't sell it, write us direct.

"Pittsburgh Perfect" Brands of Barbed Wire, Bright Annealed & Galvanized Wire, Twisted Cable Wire, Hard Spring Coil Wire, Fence Staples, Poultry Netting, Regular Wire Nails, Galvanized Wire Nails, Large Head Roofing Nails, Single Loop Baling Wire, "Pittsburgh Perfect" Fencing. All made of Open Hearth material.

If you are interested in Wire Fencing, write for FREE copy of our ALMANAC, 1913—

Pittsburgh Steel Co. Pittsburgh, Pennsylvania

"LEND A MILLION."

Method of Negotiating Loans in New York's Stock Exchange.

The machinery of lending money on the New York Stock Exchange is very different from the machinery of making individual loans. On the Stock Exchange all loans are handled by brokers, members of the exchange, who represent the banks. These brokers form what is known as the "money crowd," which on a day of 50 per cent money becomes rather animated. Ninety-tenths of the money loaned on call by banks is loaned by these brokers. When a bank has \$1,000,000 to lend on call the cashier calls up his money broker on the exchange and says curtly to the telephone clerk, "Lend a million." The clerk rushes the order to the broker, who offers the \$1,000,000 to the highest bidder in the "money crowd" in much the same way as a broker on the Chicago board of trade would offer 1,000 bushels of wheat.

In an active money market the \$1,000,000 will be snapped up in a minute. In that case the cashier will be called up on the telephone, to hear the money broker's clerk say hurriedly, "Loaned a million for you to John Smith & Co. at 6 per cent." The giving and billing of such an order take only five minutes. In an 80 per cent money market, when brokers are clamoring for money, it may be done in two minutes.

The broker's connection with the transaction ends when he has notified the bank of the borrower's name and the rate agreed on. The borrower takes his collateral to the bank, where an officer passes upon it after it is properly checked up by the loan clerk, and a cashier's check is then given for the amount of the loan. Whether the borrower pays 2, 6, 20 or 80 per cent for his money depends wholly on the amount there is to lend and the extent of the demand. If \$25,000,000 has been sent to the "money crowd" to put out and speculation is so dull that only \$10,000,000 is required to carry the stocks bought it is safe to say that the borrower will pay only 2 per cent.

During a period of extremely easy money rates thousands of loans are made on call at 1 per cent and sometimes one-half of 1 per cent. If, on the other hand, the Stock Exchange members wish to borrow \$50,000,000 and the banks offer that day only \$10,000,000, as they often did in panic times, the borrower may have to bid as high as 80 per cent for his money. At that rate he would pay \$2,222 a day for the use of the \$1,000,000.—New York Post.

Faint Heart Lost a Royal Lady.

Fifty years or so ago the Grand Duchess Olga, the beautiful favorite daughter of Czar Nicholas I., was on the point of eloping with a handsome young lieutenant, Barlatinski, when at the last moment her swain's heart failed him. Dreading the emperor's anger, he made a clean breast of the whole affair to his majesty, with the result that the impulsive young princess was married posthaste to the disreputable Prince Charles of Wurtemberg. While the faithless lover was rewarded by such rapid promotion that he was a field marshal before he reached his fiftieth birthday.

Many Kinds of Days in One.

A mean solar day is the average or mean of all the apparent solar days in a year. Mean solar time is that shown by a well regulated clock or watch, while apparent solar time is that shown by a well constructed sundial. The difference between the two at any time is the equation of time and may amount to sixteen minutes and twenty-one seconds. The astronomical day begins at noon and the civil day at the preceding midnight. The sidereal and mean solar days are both invariable, but one day of the latter is equal to 1 day, 3 minutes and 56.555 seconds of the former.

Her Grief.

He—Why don't you give me a dance before midnight? Young Widow—Well, you see, at 11:30 tonight it will be a year since my husband died. I must honor his memory properly and not dance with you before the year is up.—Chicago Tribune.

Gleaned From Democrat's Exchanges

The fair at Pierce is to be discontinued because it was not a success, and the buildings are to be sold. Had the people patronized the fair this would not have been, says the Leader.

Many places in the Third congressional districts will not so seriously miss the election which is not to be held this fall, for they can have a postoffice election now and then to break the monotony.

The laundry at Hartington, after a struggle of several months, closed up for lack of being able to secure help to properly turn out the work and work enough to pay the bills and leave a profit. Don't blame them for jumping the job.

Bloomfield has let a contract for a public library, to cost \$4,458 without the heating plant. Carnegie donates 5,000 and the city pledges \$500 annually for maintenance. A lot valued at \$1,200 was donated for a site by W. H. Harm.

S. B. Coon, a traveling salesman of Norfolk has been elected secretary of the commercial club of that city at a salary of \$1,500 for the year. Should Wayne's club pay a salary of that size there would not be money enough left in the treasury to finance a base ball team.

Hans Iverson, a Bloomfield saloon keeper until a few days ago, put himself out of business for a time by violating the law against selling liquor on Sunday. He was fined \$100, and the council revoked his license, but he is supposed to have a new one the first of May, so it is but a vacation of two weeks for him.

The Cedar county commissioners are considering the matter of ordering an investigation of the affairs of the county from top to bottom, and they should do it. That is the proper thing where graft is suspected. It won't injure an honest man to be investigated and if not honest he should have to stand for an expose. In fact, the Democrat believes that there should be an annual investigation of the accounts and transactions of every public official by competent authority, whether it is needed or not.

Forty years ago at Sioux City it was cold enough to call for overcoats and overshoes. Well we are not so far behind the times here this year, for we need the addition of an umbrella.

The recent special election in one district in Massachusetts for a congressman to fill vacancy shows that the people are with the present administration. A republican majority of 2000 last fall changed to 4000 democratic majority.

One remedy for the high cost of meats will be law against the slaughter of heifer calves as soon as they are old enough for veal. The high price looks tempting, but when the herd has ceased to increase the high price will not bring much return, for there will be none to sell.

At Sioux City twenty years ago the democrats were trying to settle the question of who should be postmaster, and we note that one candidate expected a personal pull he had with the senator from Wisconsin was going to bring to him the job. Really, now how is a man living in Wisconsin supposed to know who the people of a city in western Iowa want for postmaster? We believe that the proposed election plan is better than that.

Since Senator Tillman quietly submitted to the will of his party associates in retiring gracefully from a coveted position which belonged to him according to the rules by which the game had been played in the past, and Secretary Bryan and Speaker Clark have settled the trouble which has long worried their republican friends it is safe to predict that the republicans now have little to worry them except the tariff question. We have faith to believe that the progressive democrats will meet that question as it should have been met when Grover Cleveland was first elected.

Henry Waterson, who has been posing as a democrat since we can remember much about the party leaders can hardly be classed a democrat since the new standard of democracy has come to be recognized as the real article. But why should he be called a democrat. He was antagonistic to Cleveland, he openly opposed Bryan twice out of three times that he ran, and did not give hearty support the other time, he failed to elect his candidate Parker—in fact he was almost as badly beaten as Taft, and now he is growling about the conduct of the present administration. If Henry is a democrat, there are a lot of fellows in that party and voting with it who are not democrats.

World-wide peace received a healthy stimulus recently when the ruler of Germany, having taxed the common people until there was nothing more to tax—turned to rich and assessed them for the cost of extensive navy increase. Thus the rich realized that it costs some one to prepare for war and that war will cost, and they are for peace and economy in the affairs of government. So, in this country, when we enforce a system of taxation which compels the money bags to pay their share of the cost of government, then will government be more economically administered. But while rich men are piling up more riches with fat contracts which the common people pay, economy will come slow.

A lady in the south recently underwent a slight operation for some little trouble, so says a news report, and when she came from under the influence of the drug used to deaden the pain she regained her senses and memory of which she had been deprived 19 years for some unknown cause. This reminds us of the conviction of some of our Iowa republican friends, who have been groping along as standpatters for the past twenty

years. Now that the operation is about completed, and a downward tariff revision under way in spite of themselves they are beginning to remember how nice it once was to have a little competition instead of being completely under control of monopoly.

In Belgian a great strike has been won, and won by peaceable means. The common people of that country demanded the ballot—that it be given to the citizens as individuals; and that each man count alike, doing away with the plural ballot. To obtain this recognition a general strike order was issued, and 250,000 workers responded to the first call, and in a few days the number was doubled. No disorders were reported, but the wheels stood still at a financial loss of over \$2,000,000 daily. It did not take many days of this drain to convince the ruling class that it was wise to compromise, and the reform asked has been agreed to and the people have returned to their work. In the matter of order and obedience to law the Belgian strikers have set a very good example to the female candidates for the ballot in England. Surely, the orderly, forceful way is far the best.

While the Lamp Holds Out to Burn

No spectacle is more edifying than that of a sinner coming to repentance.

The Republicans in congress have decided to hold open-door caucuses.

To be sure, this exhibit of deference to public interest in government comes somewhat late and would be more impressive if there were enough republicans in congress to make their caucuses very important.

But far be it from us to cavil. Whatever the motive, the one policy is a good one.

It is so good that we don't hesitate to recommend it strongly, to all parties. Mr. Underwood's included.—Sioux City-News.

Notice

All parties dumping rubbish of any kind along or in the public highways of Wayne county, Nebraska, will be prosecuted to the full extent of the law.

Dated at Wayne, Nebraska, this 22nd day of April, 1913.

Geo. S. Farran, Eph Anderson, Henry Rethwisch, County Commissioners.

Turn to the Earth.

You to whom the universe has become a blast furnace, a coke oven, a cinder strewn freight yard, to whom the history of all ages is a tragedy with the climax now to whom our democracy and our flag are but playthings of the hypocrite, turn to the soil, turn to the earth, your mother, and she will comfort you. Rest, be it ever so little, from your black broodings. Think with the farmer once more, as your fathers did. Reverse with the farmer our centuries old rural civilization, however little it meets the city's trouble. Reverse the rural customs that have their roots in the immemorial benefits of nature. There is perpetual balm in Gilead, and many city workmen shall turn to it and be healed. This by faith and a study of the signs, we proclaim.—Nicholas Vachel Lindsay in Farm and Fireside.

Practical Piety.

The goodly minister saw one of his parishioners running rapidly down the road, trying to keep in sight of a retreating form ahead.

"Ah," called the minister, "whither away, my brother?"

Seeing the race was lost anyway, the chaser stopped and pantingly replied: "That confounded thief stole my coat!"

"Ah, and you were following the Scriptural admonition to give him your cloak also, were you?"

"No," said the parishioner frankly, "but I intended, if I caught him, to give him a belt!"—Judge

Italy's Marriage Brokers.

In Italy marriage brokers are a regular institution. They have pocketbooks filled with the names of marriageable maidens in various ranks of life and go about trying to arrange matches. When they are successful they receive a commission, and very likely something extra as a voluntary gift from their customer.

Schoolroom Humor.

The following schoolboy "howlers" come from New Zealand:

"Gross darkness is 144 times darker than ordinary darkness."

"Marsden is the stuff you use to make delicious puddings."

"Charon was a man who fried soles over the sticks."

A More Bagatelle.

Gabe—I see where a writer in St. Louis has purchased a hotel out of the tips he received in five years. Steve—What did he do with the rest of the money?—Cincinnati Enquirer.

Necessary Knowledge.

"Why are you learning French?"

"Why? Because I've just got a dog from France, and the silly beast can't understand a word of English."—London Tit-Bits.

ROMANCE OF A RIFLE.

It Linked a Soldier With Two Wars Twenty-two Years Apart.

While Mr. Frederic Martyn was serving in Africa with the French Foreign Legion there came under his notice an incident that he records in "Life in the Legion." The legion had advanced against the Dahoman army and was in pursuit of the black warriors.

A Dahoman warrior was killed in the act of leveling his gun at Captain Batareau of the legion from behind a cotton tree on the side of a nearby hill. As he felt his rifle clattered down at the officer's very feet. Captain Batareau saw that it was an old chasseur and picked it up out of curiosity. Suddenly he became very much interested. He examined it carefully and at last exclaimed with a gasp of astonishment:

"Well, this is a miracle! Here is the very rifle I used in 1870 during the war with Germany! See that hole in the butt? That was made by a Prussian bullet at Saint-Privat. I could tell the gun from among a million by that mark alone, but here's my number stamped on it as well, which is evidence enough for anybody. Who would have thought it possible that I should pick up in Africa, as a captain, a rifle that I used in France as a sergeant twenty-two years ago? It is incredible."

Captain Batareau was able to prove that the rifle had indeed been his, and he received permission to keep it.

An Invitation.

"I suppose," he ventured, "that you would never speak to me again if I were to kiss you?"

"Oh, George!" she exclaimed, "Why don't you get over the habit of always looking at the worst side of things?"—London Tit-Bits.

ABANDONED INFANTS.

The "Baby Post" Once Did a Rushing Business in England.

There once flourished in England a regular "baby post," the rates of postage being fixed on a strictly business basis, according to distances traversed.

The curious institution came into existence in connection with the founding hospital in Guildford street. When this charity was first established it was understood that its operations would be confined to London and its environs. But the people of the country towns and villages heard of it and showed a decided disposition to share in its advantages, hence the "baby post!"

All over the country there were men and women who entered vigorously into the business of carrying children to London and depositing them at the gates of the founding hospital. The charge was 8 guineas from distant localities like York and Monmouth, down to a guinea from places situated within thirty to fifty miles of the metropolis. The unfortunate infants were borne on horseback in panniers, two to each pannier, or in wagons lined with straw, for which the charge was somewhat less.

Naturally abuses grew up in connection with the traffic. But even apart from them, the mortality among the "posted" babies was terrible. Thus, out of 14,934 received at the hospital in four years, only 4,400 lived to be "apprenticed out," being a mortality of more than 70 per cent.

Eventually parliament passed a measure abolishing the practice, and the "baby post" ceased.—London Answers.

When Buttons Were Unknown.

How did the world manage for centuries without buttons? In early ages they were unknown. The voluminous garments of oriental races are still attached to their wearers by means of straps, as were those of the Greeks and Romans. The Normans were respon-

sible for the invention. The etymology of the word points to the derivation of the idea. Bout, an end or extremity, and bouter, to push, show that the button was originally a push piece, like the buttons of our modern electric bells. The Normans probably conceived the idea from the rough knots of their furniture, on which most likely they hung their garments. Once introduced, buttons came rapidly into common use.

The Old Man's Hint.

Mother (at 11:30 p. m.)—What's the matter, John? You look disturbed. Father—I thought I'd give that young man calling on our daughter a vigorous hint it was time to go, so I walked right into the parlor and deliberately turned out the gas.

Mother—Oh, my! And did he get angry?

Father—Angry? The young jackanapes said "Thank you!"—Boston Transcript.

Made Over.

"He is a self made man, isn't he?" "He was."

"Then he is." "No, the woman he married didn't like the result he had accomplished, and she has made him over."—Hornston Post.

An Eye For the Main Chance.

Sam—Will you keep our engagement secret for the present? Lulu—All right. But where's the present?—London Telegraph.

Instinct.

Without any previous training a child will chew the end of the first lead pencil it attempts to write with. Atlantic Globe.

Tell a man that he is brave and you help him to become so.—Carlyle.

RIDING THE SURF.

Riotous Sport in the Breakers That Lash the Coast of Hawaii.

"One of the novel pleasures in which most travelers indulge while in Honolulu is surf riding at Waikiki, near Diamond head," writes John Burroughs in the Century. "The sea, with a floor of lava and coral, is here shallow for a long distance out, and the surf comes in at intervals like a line of steeds cantering over a plain. We went out in our bathing suits in a long, heavy dukout, with a native oarsman in each end."

"When several hundred yards from shore we saw on looking seaward the long, shining billows coming, where upon our oarsmen heeded the canoe toward shore and piled their paddles with the utmost vigor, uttering simultaneously a curious, excited cry. In a moment the breaker caught us and, in some way breaking us on its crest, shot us toward the shore like an arrow."

"The sensation is novel and thrilling. The foam flies; the waters leap about you. You are conscious on the sea and you shout with delight and pray for the sensation to continue. But it is quickly over. The hurrying breaker slips from under you and leaves you in the trough, while it goes foaming on the shore. Then you turn about and row out from shore again and wait for another chance to be shot toward the land on the foaming crest of a great Pacific wave."

Hood's Bit of Fun.

An English beer vendor wrote over his shop door:

"Beer sold here."

"Tom Hood, who saw it, said it was spelled right."

"The dull old man sells," Hood explained, "is his own brand."

Spoils It All.

"Speaking of the theater, I like plays with a happy ending."

"So do I. But my wife almost always loses a handkerchief or a glove."—Washington Herald.

Why Does the Advo Grocery Gather the Crowd???

Because—it is the Bargain Headquarters for the Table. Because—it is ahead in cutting down the high cost of living. Because—it specializes in popular priced goods of best grades. Because—its expenses are down to a minimum and don't increase the cost of goods.

Because—it does business in its own Advo way, best quality, a small profit on each of the many quick turns.

Because—it offers, not only Saturday but any old day, Specials of the right caliber.

Because—we give the Farmers the high price for their Good Butter and Fresh Eggs and they like Advo goods.

Just follow the crowd inside once and you will find out all this for yourself. Am too busy to ask you personally for your business and take this opportunity to ask you to come in; become a customer and help maintain an up-to-date, High-class Advo Grocery.

Your Time Is Valuable, Don't Waste it Experimenting with "Just as Good." Advo means to you the best quality.

Advertising in the Medical Profession

Give children the same opportunity for growth that you give a field of corn, and our penitentiaries, insane asylums and work houses will become relics of the past. Everybody knows that he will not raise a good crop of corn if he lets the weeds grow up to choke it, yet are you sure there are no "weed" seeds of disease sprouting up in your child's body? Acting on this theory, the Eastern cities are having yearly Medical inspection in the schools so as to discover the little physical defects of children and overcome them before they gain control of their bodies.

If impurities are found in our water supply we do not enlarge our cemeteries, we destroy these impurities and prevent a siege of typhoid. When disease germs are attacking your bodies do not look to patent medicines or useless drugs, go to a reliable physician whose life work is to correct these evils. 76 patent medicines examined by reliable authorities were found to contain 24 per cent alcohol or six times as much as contained in beer. Many contain 45 per cent. You cannot afford to overcome one disease by implanting one still worse.

I treat all diseases from head to foot, besides special work on eye, ear, nose and throat and fitting of glasses.

The most instructive moving picture exhibit ever given is free at the opera house, Friday afternoon and evening. Ask for a ticket at S. R. Theobald & Co.—adv.

H. C. Mason of Meadow Grove visited his parents here Wednesday while returning from Wakefield, where he had been in attendance upon the Banker's association meetings.

Rev. Rudolph Moerhing went to Bloomfield this morning to attend the sessions of the Northern Nebraska conference of the German Evangelical Lutheran Synod. The meeting will not close until Sunday evening.

Eli Laughlin took advantage of the wet weather which has stopped farm work for a few days, to go to Omaha this morning and visit his wife, who is at a hospital in that city where she went for operation. She is reported to be getting along nicely.

Mrs. J. G. Mines and Miss Charlotte White returned today from Norfolk, where they had been as delegates to a Presbyterian missionary gathering, and Mrs. Mines was elected president of the society for the coming year.

The German Lutheran church will have no service here on Sunday next, but on Thursday, May 1st, will hold Ascension Day services at the Wayne church at 3 p. m. The services at Winside will be held the morning of May 1st at 11 o'clock.

O. P. DePew and wife and Sam Davies went to Sioux City Tuesday to have Mr. DePew's new car bring them home, but before time to start on the return trip the roads and weather were not favorable for joy riding in a new car, so they returned by train.

Ed A. Johnson returned Wednesday evening from Windom, Minnesota, where he had been with Dan Burres of Carroll and near which place Mr. Burres purchased a farm, but he is not intending to leave Wayne county to take possession in person soon, we are glad to say.

J. J. Ahern has gone from Excelsior Springs to his old home at Kankakee, where he is getting along nicely under the care of his old family physician, and is conducting business here through the able assistance of his brother here by correspondence. His Wayne friends are all glad to know that he is improving in health.

The Northeastern Nebraska Medical association met at Emerson the first of this week and spent the day looking after matters of interest to the profession in various ways. Dr. J. J. Williams of this city was in attendance. The following officers were selected for the next year: A. E. Cook, Randolph, president; E. J. Fleetwood, Wakefield, vice president; John Buis, Pender, secretary-treasurer. The time and place of the next meeting was not named.

State Normal Notes

The Board of Education held a meeting at Lincoln on Monday and Tuesday of this week and gave attention to various matters of importance incident to the work of the normal schools during the coming biennium. An apportionment was made to the four schools of the fund to be derived from the bill passed at the last session of the legislature, levying eighty-five one hundredths of a mill upon the assessed valuation of the state. The location of new buildings to be erected during the biennium was left over for action at the June meeting.

Upon application Miss Elsie Ford Piper, Latin department, and Miss Sara J. Killen, drawing and industrial art, were granted a leave of absence during the summer session, it being the wish of these ladies to spend the summer abroad. Superintendent O. R. Bowen of West Point and Superintendent A. H. Dixon of Tekamah were elected as special instructors for the summer term. Miss Edith E. Beechel was elected as a regular member of the state normal faculty to begin work as art instructor on June 2, 1913. At her own request Miss Beechel will be granted a year's leave of absence at the close of the summer session in order to pursue a special line of study in the University of Chicago or Columbia University. Upon returning to Wayne the following year she will become a member of the faculty of the training school, directing the work of the second primary department. Miss Fannie Britell was elected laboratory assistant in the department of physical sciences, her work beginning on June 2 and continuing eight weeks. The Board adjourned to meet at Lincoln on Monday, June 9th.

The Omaha Safe and Iron Works has just put a fire escape in place on the north end of the auditorium building.

Remember that Monday, April 28, is the day when Frank A. Harrison of Lincoln will be at the Normal. His address will be of special interest. The lecture will be illustrated with lantern slides from photographs taken by him during his recent visit to Central America.

The Alumni association has completed arrangements for the reunion and banquet to be held on Tuesday evening, May 28. Dean H. H. Hahn will act as toastmaster, and A. T. Cavanaugh, president of the class of 1913, Mary Mahood, a graduate of the Nebraska Normal College and others will respond to toasts.

Mr. Gomer A. Jones, class of 1909 and now principal of the Rising City schools, has been elected as principal at Carroll for the ensuing year. Mr. Jones is a good school man and we are glad to welcome him back to Wayne county.

Miss N. Antha Taylor has been re-elected to a position in the Scottsbluff schools with a substantial increase in salary. Miss Taylor is a member of the class of 1912 and her friends at the normal are pleased to learn that she has been eminently successful in her work at Scottsbluff.

Superintendent A. E. Fisher of Aurora, a member of the board of examiners for state certificates, visited the Normal Wednesday and met with the students who are applying for state certificates. There are forty enrolled in the certificate courses this year. Of this number, 25 are applicants for the first grade, 8 for the junior and 9 for the elementary.

The date set for the inter normal debates is Friday evening, May 2. Two strong debating squads have been chosen. Tracy Kohl, John Rockwell and Alfred Lewis will debate against Peru at Wayne, and Mabel H. Banks, William J. Van Camp and Herbert A. Welch will contest for honors with the Kearney team at Kearney. The question for discussion is, "Resolved, That the minimum wage should be established in all industries."

Miss Frances Richardson, known as "The Flag Lady" gave a patriotic address to a very appreciative audience at the chapel of the normal school last Monday evening. Miss Richardson gives a complete history of the flag, laying special emphasis on the United States flag but referring frequently to the flag of other nations. Her lecture was attractively illustrated and her patriotic message appealed to the children as well as to the old soldiers who were present.

Public Welfare Commission

After weathering all kind of opposition, the Conservation and Public Welfare bill, endorsed by the Nebraska State Press Association and drawn by a committee from the organization, passed the Senate in a very much weather beaten condition. The amount of appropriation was cut to \$5,000, which

IT MUST BE RIGHT

Nobody knows any better than the merchant who expects to build up his business how very necessary it is to keep the merchandise he offers right up to the highest quality. We solicit your business and will treat you right.

Speaking of modern ideas in advertising—ideas that are helpful—the Dakota City Record, no better example is known than that of the Nebraska Telephone Co. That company has been teaching the public how to use the telephone, and in so doing has taken up different lines of business and explaining the use of a phone in that business—thus helping the patron of the phone, the merchants and professional men and incidentally fixing the telephone more firmly in the "necessity class."

Dr. Lutgen, Physician and Surgeon. Calls answered day or night.—Adv.

Fore Word

I want to have a frank face to face talk with you about my chick feed.

I do not claim to have any patent right on honesty, nor do I claim that I am the only one that can manufacture good chick feed. But here are a few points that are worthy of your consideration. I do not run a mill to manufacture oatmeal, nor kindred products. We do not handle wheat, kaffir corn, cracked rice, ground peas for any other purpose than for our chick feed. Consequently, we do not have any screenings, dust or dirt to get rid of by working them into chick feed, like the big mills do. When I began this department of my business the handling of it was put in the hands of the writer, with this strict injunction to make only the best. This we have steadily adhered to.

QUANTITY Will Follow QUALITY

Always, and that is just what it has done for us. Our sales in 1912 were double those of 1911, and that has been about the ratio of increase ever since we began. It is also very pleasant to state that those who have used it, will have no other. You can get it from me or any of the wideawake grocers and general stores in Wayne, Winside and Carroll.

Nebraska's First Buttermaker's Short Course

A first short course for buttermakers ever held at the University of Nebraska was brought to a successful close on February 25th with a banquet at the Lindell Hotel. This course given by the Dairy Department at the State Farm was planned especially to meet the needs of those who wish to acquire a knowledge of practical creamery methods as well as something of the scientific principles underlying the work, but who are not in a position to take a long course. Twelve men registered for this course; ten of these are actively engaged in creamery work and the other two are engaged in dairy work. While the number is small, it is larger than the first year's enrollment in most of the dairy schools, the attendance at some of which is now over a hundred. As these men all came from different parts of the state, two coming a distance of over 150 miles, it is expected that through their enthusiasm and boosting next year will see a large increase in the number registering.

Lectures and Lecturers

The course as given included lectures on buttermaking, milk production, milk testing, starter making, pasteurization, cream ripening, ice cream making, scoring dairy products, factory management and creamery bookkeeping. The majority of these lectures were given by Prof. J. H. Frandsen and Prof. G. C. White of the Dairy Department. The laboratory work was very efficiently handled by Mr. E. A. Markham, the dairyman, who has had several years' practical experience in large creameries. Special lectures were given by Dean E. A. Burnett, Prof. H. C. Filley and Mr. Moore of the Agricultural College, Prof. F. W. Bouska, formerly of Ames and now of the Beatrice Creamery Company, Mr. E. Culp, of Lincoln Pure Butter Company, and Mr. Wm. White of the U. S. Dairy Division.

The Butter Scoring Contest

Another instructive feature was the holding of the Nebraska Butter Scoring Contest in connection with the short course. All the butter in this contest was carefully scored and criticised for the benefit of the class. The highest score, 92.5, was made by one of the students—Mr. W. H. Anderson, of Mason City, Nebraska.

The Course to be an Annual Event

This buttermakers' course is expected to become an annual affair at the University of Nebraska and it is hoped that it will become a leading factor in the improvement of the manufactured dairy products of the state. That the men returned to their business with this purpose in view was apparent from the amount of enthusiasm they displayed. All were loud in their praises of the dairy course and the efficiency of the instruction they had received and every one declared his intention of coming back for the next year's course.

E. H. LOVELAND.

What About Road Dragging?

One man who drove to Wayne Saturday with a car from near Winside made a most unfavorable comparison between the roads at this and the opposite end of the trip. He said that the road had been well dragged four miles this way from Winside, but that the Wayne end had not been touched outside of the corporation. Also, he stated that the roads were almost impassable in places, and that he should return over some roundabout way rather than by direct route. It is no pleasant thing for this paper to call attention to this condition of the roads, and we hope that some united effort will be started at once to improve the going and coming. Last season an organization was formed to look after these matters, but it does not appear to have come out of winter quarters yet. Why not revive and remodel this organization and get it at work? Good roads will do more for Wayne and the surrounding country, of real benefit to all, than like exertion along any other line.

Bring In Your Bucking Horses

If there is a bucking horse in your neighborhood that no one can ride, bring him on Yankee Robinson circus day and Texas Bill and his band of rough riders—some of the best in the world—will see what can be done about handling him. Sometimes they buck over ten miles of territory, yet in the end the cowboys seem to handle them. The bucking contest in the Wild West department is without a doubt the most amusing sport known. Texas Bill and his cowboys, cowgirls, Mexicans and rough riders of the world, are with Yankee Robinson circus and they will ride any bucking horse you bring them. At Wayne May 9th.

How about your subscription?

Types of Storms

The storms which swept over parts of Nebraska with such disastrous results Easter Sunday awaken some interest in the different types of the destructive force of the wind and also call attention to the ambiguity with which certain terms are used, says an exchange. The words cyclone, twister, tornado and hurricane are commonly used without discrimination, yet each has a distinctive character.

One of the most common errors is to call a funnel shaped twister such as visited Omaha a cyclone, whereas it was more properly a tornado.

A cyclone is a storm of much wider area where the wind circles round a center of low pressure and gradually approaches it. The center is usually calm and moves forward at about the rate of thirty miles an hour. The greatest destruction is at a distance from the center, perhaps miles, and is due to the direct forward pressure of the wind.

A hurricane is a destructive storm due to a high velocity of the wind blowing steadily in one direction. It is usually a part of a cyclone of very wide area where the destructive velocity is attained in only one section.

The funnel shaped twister is a tornado, or waterspout if it occurs on the sea. Its action is different and the greatest destruction is at the center or axis of rotation. The havoc is not due, altogether to the sweep of the air, but is in part caused by the rapid expansion of the air at the center, due to the rotation.

To illustrate: Everyone has noticed that when you pull the plug from a wash basin and let the water drain out, the rotary motion causes the water to draw away from the center leaving a funnel shaped air space somewhat larger than one's finger. This might be termed a water vacuum.

In the same way the rapid rotation of the tornado draws the air rapidly from the center so as to leave a very low pressure, approaching a vacuum. This is done so quickly that the air inclosed has not time to escape through the openings and frequently explodes outward, wrecking the building.

How The Danes Manage Dairy Farms

Denmark is about one-fifth the size of Nebraska, but has twice as many milch cattle as this state; the rapidly increasing prosperity of the Danes has attracted the attention of agriculturists all over the world. The following brief account of their methods will be of interest to the farmers of Nebraska:

There are 1,250,000 milking cows in Denmark. In 20 years they have increased their exports of butter 169 per cent, nearly all of which is attributed to improvement of the individual cow. The extra care of the single cow is very important. It may be more profitable to have 10 cows and give them proper individual care than to have 25 and not do so.

The yearly revenue from the cows of Denmark on small farms is \$120. Seventy thousand persons farm less than 11 acres. There is no dairy commission; the Danish government does not employ any expert to help the people. The experts are employed by the farmers' organizations known as Agricultural Associations. The chief one has 800 members who pay \$5 per year each. There are 116 Farmers' Associations with 86,000 members. They study the farming conditions of each locality, and if a man discovers a better way of killing weeds or cultivating roots he informs the association.

There are three kinds of these associations, county, provincial and national. They hold live stock shows, field experiments and farming competitions. There are also 723 small farmers' associations with 38,900 members. Two-thirds of the entire number of holders belong to one of these associations. No wonder they have improved their cows, their pigs, their horses and their sheep. The farmers run their immense bacon business themselves. There are 500 associations for special purpose of keeping cow records; 21 creamery associations and 24 buttermakers' associations. There are 200 co-operative societies for buying seeds, manures and implements.

Nebraska has ten times as much good agricultural land as Denmark; with the rapidly increasing development of her dairy industry there is opportunity for expansion in agriculture such as no country in the world has ever seen if her farmers will heed and profit by the lesson taught by the thrifty Danes.

Why I Trade at Home

Sutherland (Ia.) Courier: Because this is the place where I make my money and this is the place to spend it.

Because my interests are here. Because I believe in transacting business with friends.

Because the community that is good enough for me to live in is good enough for me to buy in.

Because I want to see the goods. Because I want to see what I pay for.

Because every dollar spent at home stays home and works for the development of the city.

Because the man I buy from stands back of the goods.

Because I sell what I produce here at home.

Because the man I buy from pays his part of the city and county taxes.

Because the man I buy from helps support my school, my church, my lodge and my home.

Stephens Recommends Five For Postmaster

Congressman D. V. Stephens today recommended to President Wilson for appointment the following postmasters: Gus Diers, Petersburg; C. G. Fritz, Hooper; D. W. Clark, Wisner; Ralph W. McPherson, Craig; A. J. Ferris, Palmer. Diers and Fritz were named at postoffice elections, and the candidates as well as Congressman Stephens had agreed to abide by the result of the primaries. No other recommendations for offices in the Third district will be made immediately. Only four other vacancies will occur this year. These are at Coleridge, Orchard, Plainview and Belgrade.

The farmers have not been working on the single 8-hour schedule of the postoffice ruling since they were able to get into their fields— but have practically doubled the dose, as near as daylight would allow. This to make up for lost time while mother earth was getting a good soaking.

NEBRASKA NEWS

Nebraska Legislature Winds Up Long Session.

VOTERS TO DECIDE ON REMOVAL

Appropriation Is Made Depending Upon Popular Approval—State Farm Gets Buildings—Separate Bill Contains Proviso for Consolidation.

Lincoln, April 22.—The thirty-third session of the Nebraska legislature adjourned sine die at midnight.

The legislature was in session seventy-seven days, the longest on record. It also made a record on the number of bills introduced. In the house 889 measures were introduced and in the senate 467, a total of 1,356 against a total of 1,099 two years ago.

The big appropriation bills this year carried the following amounts:

Deficiencies	\$ 162,568
General salary bill	862,123
General maintenance bill	3,195,649

In addition, other appropriation bills and levies will increase the total appropriations several million dollars.

University Fight to People.

The last act of the legislature was the fight over the university. The general maintenance bill carries an appropriation of \$115,000 for the construction at the state farm of a dairy building, an observatory and a heating plant. The question of consolidating the university at the state farm is left to the people to settle.

The house resurrected a bill by Mr. Klossick at the suggestion of a conference committee creating a building fund by levy, which it killed last Saturday, and under its number substituted a bill providing a three-fourths mill levy to create a building fund to be used in the construction of buildings at the state farm, should the people under the initiative voting on the question decide to locate the university on the farm. Should a majority of the voters favor extension of the downtown campus, one-third mill levy goes to the farm and one-half mill is to be used on the downtown campus.

It is provided in the bill the question shall be submitted at the election in 1914 and until the question is decided by the people none of the building fund is to be available for use.

The agricultural college, whichever way the election goes, is to be on the farm.

This has been the one big question of the session and was finally settled by less than thirty members of the house and a bare quorum in the senate. In the last final struggle no opposition was expressed.

The senate receded from its position demanding that no saloon be located within three blocks of the university.

Normal Board Meets.

The state normal board was in session for the purpose of assigning the funds according to the new law, which sets aside the proceeds of 85 per cent mill levy for the maintenance of the four schools at Peru, Wayne, Kearney and Chadron. The board figures that probably about \$785,000 will be raised by the levy, of which the Kearney school will receive \$141,000, about \$16,000 less than it received the last biennium. Other schools may receive a little more than was given them under the old plan.

Grounds for State Guard.

Adjutant General Hall, went to Waterloo to look up grounds for the maneuvers of the state troops this summer when the encampment is held. He proposes to make the maneuvers of such a nature that it will give the guard an insight into the real thing in warfare. His investigation will cover the expense as well as other important matters in connection with the movements of the guard.

RIVER STOPS ITS RAVAGES

Missouri Is Getting Back Within Its Banks.

Omaha, April 22.—Word comes from the flooded districts along the Missouri, south of Omaha, that the waters are rapidly receding and that again the river is getting back within its banks and has practically stopped cutting. In the vicinity of Folsom, the Burlington has been able to get control of the situation and the river has been turned into the old channel some distance from the east bank.

Down around Nebraska City and Peru, the river has fallen very rapidly and no more damage to farm lands or railroad property is anticipated.

North Bend Will Dedicate Library.

North Bend, Neb., April 22.—The books and fixtures of the city library are being transferred to the new Carnegie building. Miss Templeton of the state library department is here assisting the librarian, Miss Laura Roup. The building will be formally dedicated this evening. Miss Templeton will be the principal speaker. Local speakers and musicians will assist in presenting a good program.

Trouton Appointed Claim Agent.

Lincoln, April 22.—John C. Trouton, who has been holding the position of postmaster of the senate for the present session, has been appointed special claim agent for the Burlington railroad and left to take up his new duties.

Omaha Observes Arbor Day.

Omaha, April 22.—Today's Arbor day and was observed in the city as a holiday. City offices are closed and business houses generally observed the day. School children planted trees and held appropriate exercises.

HISTORICAL SOCIETY TO MEET.

Mississippi Valley Association Goes to Omaha in May.

Omaha, April 21.—On the invitation of the Omaha Commercial club, the sixth annual meeting of the Mississippi Valley Historical association and the teachers' section will be held in Omaha, May 8 to 12 inclusive. On the same dates joint sessions will be held with the Nebraska State Historical society and the Nebraska History Teachers' association. The first session will convene at 2:30 o'clock the afternoon of May 8 in the lecture room of the high school building. With the exception of Friday, all meetings will be held in the high school building.

Friday evening the Omaha Commercial club has charge of the program to the extent of tendering the visitors a banquet. This will be in the club's big dining room on the eighteenth floor of the Woodmen of the World building. At this banquet John Lee Webster of Omaha will preside and the speakers will be Dr. Frederic L. Paxson of Madison, Wis.; Professor M. Anderson of Minneapolis and Dr. Fred Morrow Fling of Lincoln.

RAILROADS TO AVOID DELAY

New Tariff Will Facilitate Movement of Grain in Future.

Omaha, April 21.—Railroads have agreed upon a plan that it is believed will facilitate the movement of grain to a great extent in the future when business is congested at grain centers and cars are hard to find.

The Rock Island is the first to get out with the new tariff, which is effective May 7. This tariff provides that in shipping grain that has been elevated in transit, wheat shall be wheat and corn, corn. Heretofore there were four grades of wheat and five of corn. When any out of these classifications came in and went through the elevators, it had to take the same grade in going out. The result was that it complicated the situation and it was difficult to secure cars to handle so many different grades of grain.

Under the new tariff, if a car of No. 1 wheat comes in and goes through the elevators, it can take any grade being shipped out, simply being bill as wheat, or corn, as the situation may be.

RICHE CONVICTED OF ARSON

Jury Finds Him Guilty After Deliberations Lasting but Thirty Minutes.

Walthill, Neb., April 21.—Lew Riche was convicted in the district court on the charge of arson. The crime was committed Dec. 3, 1912 when three buildings here, valued at about \$8,000, were burned. When the fire department arrived at the scene of the fire it found the hose nozzles had been stolen from the hosecart and the men were helpless for the time. An auto was driven seven miles to Rosalie for nozzles and made the round trip in twenty-two minutes.

In connection with this case a warrant was issued for Bert Cox, alias Bert Porter. This party has left the state and cannot be located. It is reported that one, and possibly two other arrests will follow shortly. The jury reached a verdict in about thirty minutes.

Fairbury Woman Seriously Burned.

Fairbury, Neb., April 21.—Mrs. Albert Birkholtz, living five miles west of Fairbury, is in a precarious condition at her home as a result of being frightfully burned while burning trash in the yard. The lower portion of her body was frightfully burned and large patches of skin came off in handfuls. Mrs. Birkholtz is sixty-seven years of age and is the mother of several children. Her life is hanging by a slender thread.

Dr. A. Johnson Will Resign.

Norfolk, Neb., April 21.—Asserting that Governor Morehead's policy to ward the Norfolk hospital for the insane has created a condition that is intolerable, Dr. A. Johnson, superintendent, announced that he would leave the institution May 1. He had recently been named for reappointment. He declares the governor is using the institution for political purposes.

Chadron Boy Dies in Naval Hospital

Chadron, Neb., April 21.—Francis B. Campbell died at the naval hospital at Mare Island, Cal., with pneumonia aged eighteen years. He was the only child of Francis Campbell, a ranchman living near Chadron. Deceased was born and bred in Dawes county leaving here to enlist in the navy six months ago. The body was brought here for burial.

Broken Bow Warring on Gambling.

Broken Bow, Neb., April 21.—Sheriff Wilson and Marshal Towles have started a crusade against the private gambling games. The last raid was made on an alleged poker game in a room over a pool hall. The parties were caught. Four people were placed under arrest. The matter was taken before Police Judge G. Schwin and fined \$10 and costs each.

License Fight at Wymore.

Beatrice, Neb., April 21.—Remons strances were filed at Wymore by C. M. Mardick against the granting of liquor licenses to Dan O'Donnell, James Walsh, Edward Pizar and Elmer S. Frederick. The cases were set for hearing tonight.

Taylor Becomes Benedict.

Lincoln, April 22.—Railway Commissioner H. G. Taylor went to Havelock, Ia., where he will be married to Miss Jessie Hart of that city. They will make a short honeymoon trip before returning to Lincoln, where they will reside.

When You Buy Wall Paper

You want patterns and designs that are decorative, that will make your rooms more beautiful and attractive, more homelike

My purchases for the 1913 season have been very large, large enough to give me special price concessions, but added to that I have the most attractive, the most satisfactory lot of designs and patterns, as a whole, I ever put on my shelves. I can please you for every room in the house and I want to urge you to see my line before buying. I believe it will be to your advantage.

C. A. Berry

Paint and Wall Paper Man Wants to See You

Telephone Salesmanship

In a town where this Company operates, there is a furniture and paint dealer who sells to farmers and people in other nearby villages by Long Distance Bell Telephone.

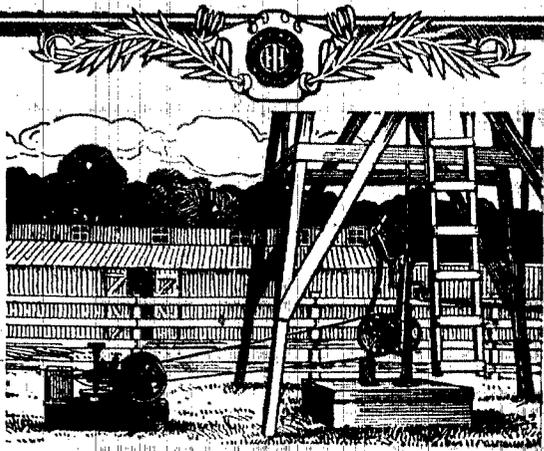

This dealer reads all the country papers in his vicinity, and when he hears of a new house being erected, or a building going up, he telephones and asks to sell the paint and furniture.

Put the Load Where It Belongs

If you are to make the most of your time and opportunities, you must have efficient tools to work with. You have enough hard, tiresome work without wasting your time and energy at wood-sawing, water-pumping, grindstone-turning and the like. Use an IHC engine to furnish power for such work. In less time, and with far less effort, the wood is sawed, the stock watered, the tools sharpened, all at one-tenth the expense of hand work. Put the load where it belongs. Buy and use an

IHC Oil and Gas Engine

It is the cheapest engine you can buy because it costs less per year of service than others. It is so powerful that it will carry a load ten per cent or more above its rated horse power. Perfect combustion makes it economical.

IHC oil and gas engines operate on gas, gasoline, naphtha, kerosene, distillate, alcohol. Sizes are 1 to 50-horse power. They are built in every approved style; vertical, horizontal, portable, stationary, skidded, air-cooled, and water-cooled. Sawing, pumping, spraying outfits, etc. IHC oil tractors for plowing, threshing, etc., 12 to 60-horse power.

See this engine at the IHC local dealer's place of business and learn what it will do for you. Or write for catalogues.

This disease, whether acute or chronic, is easily and rapidly overcome by using Meritol Pile Remedy. Gives positive and permanent relief when all others fail, and we heartily recommend it to any sufferer. J. T. Leahy, Druggist.

CONDENSED NEWS

Switchmen have settled their dispute with Chicago railroads.

Three former Ohio state treasurers are involved in bank indictments.

The Progressive party decided against the proposition to unite with Republicans.

Two Americans, J. S. Douglas and S. W. Applewhite, are held in Mexico for \$500,000 ransom.

Six men were burned to death in a fire which destroyed the De Wilson hotel at Malone, N. Y.

United States officials fear difficulty in appeasing Japan over California's action on the alien land holding bill.

Willis L. Moore, deposed head of the weather bureau, says he will demand a sweeping inquiry by congress.

Major J. P. Strong of Juncos has been selected for appointment as governor of Alaska, to succeed Walter T. Clark, resigned.

The Miami copper mine at Miami, Ariz., caved from the surface down to the 470-foot level. Two men were killed and ten injured.

Seventy-five federal soldiers were killed outright when Mexican insurgents dynamited a troop train a few miles below Chihuahua City.

Ray Pfanschmidt was found guilty of the murder of his father, mother, sister and Miss Emma Kacampen at Quincy, Ill. The penalty is death.

President Wilson accepted the honorary presidency of the Boy Scouts of America. He expressed interest in the work and promised his active support.

A premature explosion of dynamite occurred between the Pedro Miguel locks and the Miraflores locks of the Panama canal. Three men were killed and twenty-three wounded.

The lower house of the Minnesota legislature re-passed over the governor's veto the telephone control bill and the bill providing for the municipal control of public utilities.

A fresh slide occurred on the east bank of the Panama canal at Gulebra heaving up the bottom of the cut just as on previous occasions. Four construction tracks were destroyed.

A triple automobile fatality, in which the two children of Isadora Duncan, the American dancer, and their governess were killed, occurred at Levallois-Perrett, a suburb of Paris.

Three firemen were killed and a dozen others injured when they were buried beneath a falling wall at a fire which destroyed the five-story candy factory of W. T. Wescott in Philadelphia.

The lower house of the New York legislature passed a bill to pay \$1 a day for each day's imprisonment to persons who are pardoned by the governor and who, in the opinion of the executive, are innocent.

An official appeal was made by the Chinese government to all the Christian churches in China to set aside April 27 as a day for prayer that China may be guided to a wise solution of the critical problems besetting it.

Months may elapse before the supreme court passes upon the demand of the Italian government for the extradition of Porter Charlton, the young American wanted in Italy to answer to charges of having murdered his wife.

During a military aviation competition at Turin the benzine tank of the aeroplane piloted by Stavorosoff exploded. The aviator had a passenger named Sallo aboard. Sallo was burned to death and the aviator was seriously injured.

Representative Garrett of Tennessee conferred with Speaker Clark and looked up precedents preparatory to bringing the attention of the house to the assault upon Representative Sims by Charles C. Glover, a Washington banker.

An extension of the time limit allowed by the supreme court for the dissolution of the Union Pacific-Southern Pacific merger, which expires May 10, is being sought by the railroad. Attorney General McReynolds is disposed to favor an extension.

Vilhjalur Steffansson, the Arctic explorer, sailed from Southampton for New York, where he will spend three weeks before starting under the auspices of the Canadian government on his four-year expedition to the Arctic in search of a new continent.

Bodies hang from nearly every telegraph pole along fifty miles of the Mexican Central railway below Chihuahua City, report refugees arriving at El Paso. Both the federal and insurgent state troops are said to have participated in the execution of prisoners.

The right of Dr. Friedmann to treat for pay patients with the remedy which he claims is a cure for tuberculosis is being investigated by the solicitor of the treasury at the direction of Secretary McAdoo, to determine whether the federal public health laws are being violated.

The twenty-second annual congress of the national congress of the Daughters of the American Revolution adjourned after a week's session fraught with intense interest over the election of a president general and for which office Mrs. William Cumming Story of New York was successful.

Jacob Furth, millionaire and chairman of the board of directors of the Seattle National bank, who was charged with aiding and abetting William E. Schrieker, former president of the La Conner private state bank in accepting deposits, knowing the bank to be insolvent, was found guilty.

LIVE STOCK PRICES AT SOUTH OMAHA

Fat Cattle in Vigorous Demand. Strong to 10c Higher.

HOGS SLUMP FULLY A DIME.

Higher Tendency to Steep and Lambs. General Advance of Anywhere From 10@20c—Moderate Supply on Sale.

Union Stock Yards, South Omaha, April 22.—Only a moderate supply of cattle showed up today, about 3,500 head. There was a vigorous demand for fat cattle today and prices were fully a dime higher than Monday, or 20c better than the close of last week. Strictly choice 1,400-pound beefs sold up to \$8.75, as high as anything has sold this season. Improvement in the market for cows and heifers was fully as marked as in the market for fat cattle and most of the she stock is selling about as well as at any time this season. Inquiry for veal calves was urgent and prices notably strong. Inquiry for stock cattle and feeding steers is broadening and values are firming up all along the line.

Cattle quotations: Choice to prime beefs, \$8.50@8.75; good to choice beefs, \$8.20@8.40; fair to good beefs, \$7.90@8.15; fair to choice yearlings, \$7.40@8.30; common to fair heifers, \$7.50@7.90; good to choice cows, \$6.60@7.60; fair to good grades, \$6.00@6.60; canners and cutters, \$4.00@5.50; veal calves, \$7.00@9.75; bulls, stags, etc., \$6.00@7.25; choice to prime feeders, \$7.80@8.35; good to choice feeders, \$7.60@7.80; fair to good feeders, \$7.00@7.50; common to fair feeders, \$6.25@6.75; stock cows and heifers, \$6.00@7.25.

A little over 9,000 hogs arrived today. There was very little life in the trade in hogs today and values are a big dime lower than Monday. All other markets show fully the same decline. The bulk of the supply went at \$8.60@8.70, and several loads of lights sold up to \$8.75.

About 7,500 sheep and lambs were received today. Considerable life featured the trade in both sheep and lambs today and the very respectable run was disposed of at a general advance of anywhere from 10@20c. Mexican lambs fed in Nebraska sold up to \$8.75, and some fed westerns went at \$8.50. Ninety-pound fed western ewes brought \$6.00 and a bunch of 94-pound wethers went at \$6.85. There were no yearlings of consequence offered.

Quotations on sheep and lambs: Lambs—Good to choice Mexicans, \$8.60@8.75; fair to good Mexicans, \$8.40@8.60; good to choice westerns, \$8.35@8.50; fair to good westerns, \$8.25@8.35; feeders, \$7.75@8.35. Sheep—Yearlings, light, \$7.35@7.50; year, hurs, heavy, \$7.15@7.35; wethers, good to choice, \$6.75@7.00; wethers, fair to good, \$6.35@6.75; ewes, good to choice, \$6.25@6.50; ewes, fair to good, \$5.75@6.25; ewes and bucks, \$3.00@6.25.

Postmaster Elected at Coleridge

At the election held at Coleridge last week to determine who should serve as postmaster to succeed W. A. Grant, 294 votes were cast. Of this number Harry N. Wallace received almost one-half, his vote being 143 and the remaining five candidates divided the remaining vote. The woman candidate received the smallest vote of any, 15. Of the election the Blade says: "A spirited but good natured rivalry among the six candidates and their friends kept up a lively interest all day, the novelty of having a voice in the choice of a local postmaster lending a gayety to this auspicious occasion which was only saddened by the lack of a soda water fountain."

Baccalaureate Sermon to the Normal School

The Baccalaureate sermon to graduates at the State Normal school will be delivered this year by Rev. Alexander Corkey at the Presbyterian church on the evening of Sunday, May 25th. A special musical program, which will be in charge of Prof. Coleman, will be given at the service by the students on the occasion.

Washington Political News

By C. H. TAVENNER

Washington, April 23.—An immediate cut of \$300,000,000 in the cost of living—eventually a slash of half a billion! That is what the Democratic leaders of the House believe the income tax will do for the American people. The relief promised by the Democratic party for the terrible pressure of the costs of the necessities of life seems to be at hand.

Only experience will reveal the full benefit to the public of the income tax. The annual saving over the counters of the nation's grocery stores, butcher shops and clothing emporium is expected ultimately to reach \$500,000,000. Some of the more sanguine regard even this estimate as too conservative. The saving may reach \$600,000,000, or even more.

The estimate is reached in this way:

From British income tax experience tables, the experts figure that the annual revenue to be derived from income taxation under the terms of the pending bill will be from \$80,000,000 to \$100,000,000. In writing the new tariff rates the Ways and Means committee has taken cognizance of this probable revenue and has lopped off duties on necessities which under the present Payne-Aldrich law aggregate \$50,000,000 annually. This \$50,000,000, now paid by the people in the cost of living, is to be paid out of the income tax revenue.

But every dollar saved in tariff amounts to five or six dollars in the final retail price paid by the consumer. This is because the many middlemen who handle an article from the stage of raw material to that of finished product each assesses as profit a certain percentage of the value of the commodity he handles. But in assessing this profit he includes the tariff in the value of the commodity. Thus the people pay not only the tariff but also pay profits on the tariff. Every dollar of increased price for the raw material assessed by the tariff becomes five or six dollars by the time it reaches the consumer.

Representative Cordell Hull of Tennessee, the member of the Ways and Means committee who drew the income tax provision, prophetically sees the day when all government revenue will be derived from just two principal forms of direct taxation—the income tax and the inheritance tax.

"The rates in the pending bill are but tentative," he said. "They can and will be changed by succeeding congresses."

"The measure is designed to fit in with the budget system of estimating government expenses. The day will come when government expenses will be appropriated for in an annual budget bill. On the basis of this amount of revenue needed by the government for the succeeding year will be estimated. In order to raise just the revenue needed, Congress will set the income tax rates to fit the case. There will be few customs duties. There will be, however, an inheritance tax to relieve some of the tax burden on incomes."

The estimates of the Ways and Means committee show vividly how wealth has concentrated in this country. Although incomes of as low as \$4,000 per year will be subject to taxation, yet less than one per cent of our total population is affected by the bill.

Application For Liquor License

In the matter of the application of John Dimmel for saloon license.

Notice is hereby given that John Dimmel has filed with the Village Clerk of the village of Winside, Wayne county, Nebraska, his petition for a license to sell malt, spirituous and vinous liquors in said village of Winside in the frame building on lot 1, block 9 of said village for the fiscal year commencing May 1, 1913, and ending May 1, 1914. If there be no objections, protests or remonstrances filed with the Village Clerk said license will be granted.

Dated this 7th day of April, 1913, Winside, Neb.
(Seal) WALTER GAEBLER, Village Clerk.

Application For Liquor License

Matter of application of John Pofahl for liquor license.

Notice is hereby given that John Pofahl did on the 8th day of April, 1913, file his application to the board of village trustees of Hoskins, Nebraska, for license to sell malt, spirituous and vinous liquors at Hoskins, Nebraska, from the 1st day of May, 1913, to the 1st day of May, 1914, inclusive, at lot 9, block 3, in the original village of Hoskins. If there be no objections, remonstrance or protest filed within two weeks from the 10th day of April, 1913, the said license will be granted.

(Seal) J. A. HUEBNER, Village Clerk.

Speaks Out in Meeting

In a talk which appears to contain an answer—an inkling of what might happen—in a speech before the National Democratic club at New York, Vice President Marshall gave the men of the money power something to think over if they are contemplating, as is intimated, an attack upon the policies of the democratic party in its efforts to control the money power in the state of New York or the national government. His audience sat up and took notice that they are not dealing with a "stuffed prophet," a man owned by Mark Hanna, a bluffer nor the tool of the corporations, as has been the case in national affairs for the past twenty years; but with men who will represent the interest of the people who elevated them in place of trust. He is quoted as follows:

"Nothing but a desire to arouse rich men to a sense of their danger would induce me to suggest this—what might happen to them here in the great state of New York if those who have not should take it into their heads to make common cause against those who have? They talk about vested rights, and in their talks assume they have both an inherent and constitutional right to pass their property down from generation to generation until some reckless descendant shall have dissipated it. They have at their command the finest legal talent in the world.

"That this question may not be settled by me, let me ask their lawyers:

"Suppose a governor and a general assembly in the state of New York should repeal the statute of descents for real and personal property and the statute with reference to the making of wills, on their death, how much vested interest would any relative have in the property which fell from their nerveless hands at the hour of dissolution?"

Privileges of State

"The right to inherit and the right to devise are neither inherent nor constitutional, but, on the contrary, they are simply privileges given by the state to its citizens.

"Let backward-looking and inward-looking men read the returns of the last election. Let them put on masks, go down into the east side and hear what people are saying about them. Let them not close their eyes and dream that what has been, forever will be. All that a man hath will be given for this life, and he is not wise who, having plenty, risks it all to get a little more."

Could Rescind Laws

Although he mentioned no names, a reference made to the founding of libraries and universities plainly showed that John D. Rockefeller and Andrew Carnegie were considered by him as shining examples of the types of men to whom he was particularly addressing himself.

The vice president contends that it is only by the suzerainty of the state, expressed in the forms of statutory law, that fortunes are now passed down from father to son or daughter or widow. These laws could be rescinded at the pleasure of the state, and a public sentiment might be developed in favor of it, which, in the judgment of Mr. Marshall, would have to be responded to by legislators; in fact, men would be elected on the promise to revolutionize the laws of descent and the making of wills.

"Men of judgment have expressed to me the opinion that if a vote were taken on a proposition to make all estates over the sum of \$100,000 revert to the state upon the death of the owner—the \$100,000 being exempted, it would be carried 2 to 1."

"Should Head Wilson"

The vice president deprecated the spread of the doctrine of Carl Marx, for he is strong in his opposition to socialism. But Wall street, he averred, re-enforced by thoughtless wealth away from New York was fomenting a socialistic spirit which menaced the underlying principles of this government. To check this unrest, which Mr. Marshall solemnly declared was growing, Wall street and its affiliations should heed the call of president Wilson, sounded on the day of his inauguration six weeks ago, "or restore the people's government to its ancient purity."

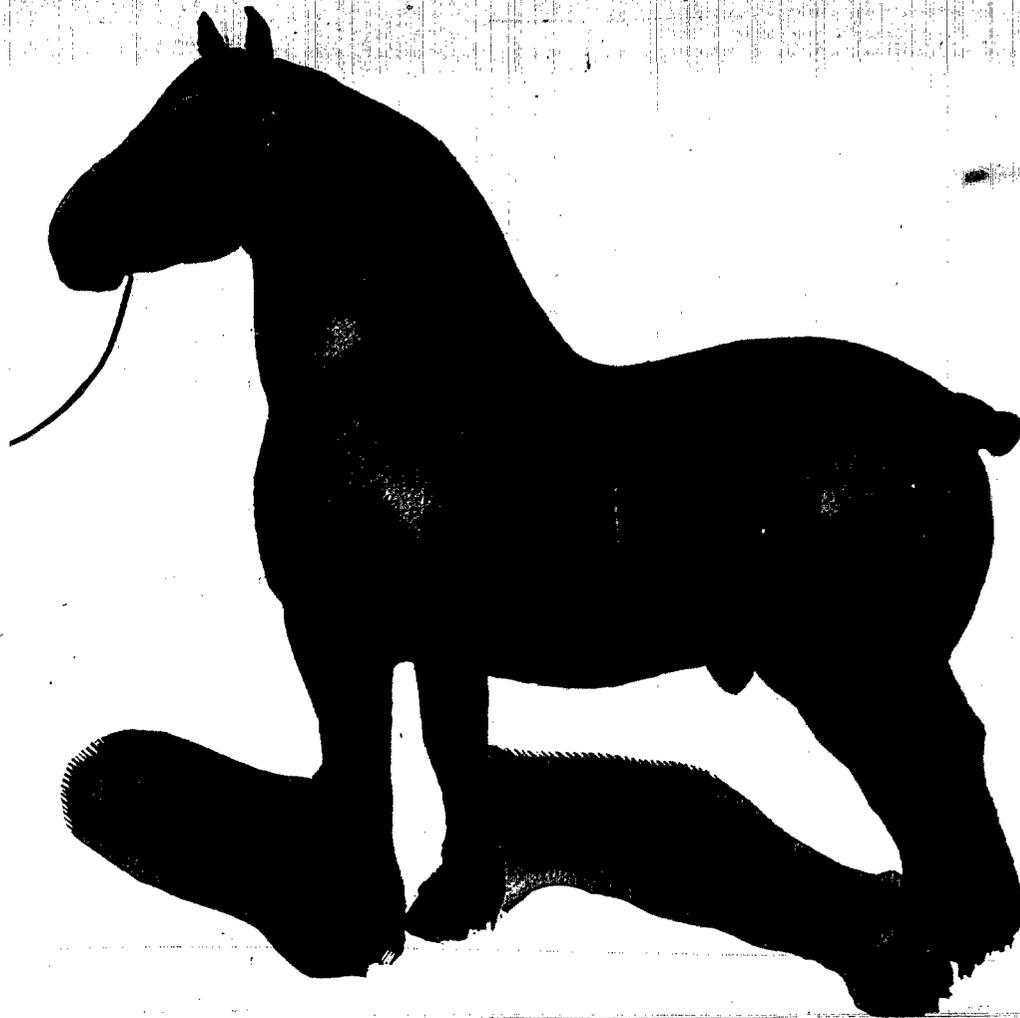

"Let those who started," he said, "and are keeping up this theory of especial privilege which finds its root, its sap and vigor in prohibitive duties, believe me when I say that a change has come over the spirit of the republic. Be not deceived. Our justice is ceasing to be perpendicular and is beginning to be horizontal. Men are refusing longer to look up that favors may be handed down to them and are beginning to look around to see how mutual benefits may come to them. Wake up, my broth-

BIZERTE (53,236) 60,557

Percheron Society of America

Imported by Frank Iams

Will make the season of 1913 at H. B. Hutchings' Barn, Wayne, Nebr.

BIZERTE is a very richly colored fellow and has always been a show horse, having won First Prize at the Nebraska State Fair in 1903 as a two-year-old. He was not shown again until 1906 and then won at Nebraska State Fair and the Inter-State Fair at Sioux City, Iowa. He also won Second Prize at Inter-State Fair in 1908, besides winning Reserve Ribbon by the Percheron Society of America in the Champion Stallion, Open Class, and has proven himself an extra good breeder. He will be a credit to any horse breeding establishment.

Terms: \$20 to insure colt to stand and suck; \$16 to insure mare in foal. Foal bill becomes due if mare changes owners or county. Care will be taken to prevent accidents but will not be responsible should any occur

O. A. WALDO - - - OWNER

er; be contented with that which thou hast got. Yield a little that thou mayest save much."

Listeners Startled

About 400 of the rank and file of the New York city democracy were attentive listeners to the vice president's speech. They laughed merrily at the witty illustrations with which he interspersed its serious passages. Their faces were a study when he mentioned the possible radical consequences of a test of strength between "those who have not and those who have." It was a proposition which evidently they had not expected. That it was somewhat extreme they clearly indicated by their sober countenances.

It came so suddenly that perhaps they did not realize its full import. They seemed to be waiting for a detailed development of the vice president's idea and refrained from any demonstration for the most part.

Application For Liquor License

In the matter of the Application of Charles M. Sokol for license to sell malt, spirituous and vinous liquors:

Notice is hereby given that Charles M. Sokol has filed with the village clerk of the village of Winside, Wayne County, Nebraska, his petition for a license to sell malt, spirituous and vinous liquors in the one story brick building on the west 25 feet of lot 1 in block 7 of said village for the fiscal year commencing May 1, 1913, and ending on May 1, 1914. If there be no remonstrances, protest or objection filed with said village clerk, said license will be granted.

Dated this 8th day of April, 1913. WALTER GAEBLER, Village Clerk.

Application For Liquor License

State of Nebraska, Wayne County, ss.

Matter of application of Theodore Schlack for liquor license.

Notice is hereby given that Theodore Schlack did on this 4th day of April, 1913, file his application to the board of village trustees of Hoskins, Nebraska, for license to sell malt, spirituous and vinous liquor at Hoskins, Nebraska, from the 1st day of May 1913, to the 1st day of May, 1914, inclusive, at lot 8, block 3, in the original village of Hoskins.

If there is no objection, remonstrance or protest filed within two weeks from the 4th day of April, 1913, the said license will be granted.

(Seal) J. H. HUEBNER, Village Clerk.

Call on Gaertner & Beckenhauer to move or tune your piano.—Adv.

All About Fat

Fannie Merritt Farmer, cookery Editor of the Woman's Home Companion, writes about "Good Croquettes and Fritters" in the May issue of that periodical. She gives ten recipes preceded by the following general comment:

"When frying in deep fat take great care that the fat is of the right temperature. The rules for testing fat for frying are: (1) When the fat begins to smoke, drop in an inch cube of bread cut from the crumb of the loaf, and if in forty seconds the bread is of a golden brown color, the fat is just right for frying any cooked mixture. (2) Use the same test for uncooked mixtures, but allow one minute for the bread to brown.

"Dip nearly all foods which do not contain egg in flour or crumbs, egg and crumbs before frying, as the intense heat of the fat hardens the albumen in the egg, thus forming a coating which prevents the food from soaking fat."

Sholes Items

Paul Wohlfeil is visiting relative at Geneva.

Bert Cook is hanging paper for C. W. C. Brandon.

E. LaPlant returned from Geneva on Friday of last week.

Sam Erskine was a Randolph passenger Monday morning.

Miss Elva Randa went to Nebraska on business last Friday. James Stephens had a fat Holstein calf shipped to him at Sholes Wednesday.

Joe Taylor of Carroll is working for Bert Robinson on the A. T. Jackson house.

A. A. Smith of Randolph dug a new well for Gus Danger last Friday and Saturday.

Misses Iva and Alice Root came up from Wayne and spent Sunday with their parents.

Hysham Bros., of the ranch shipped two car loads of fat cattle to Omaha Wednesday.

Fred Schroeder of Carroll finished the mason work on the Wm. Wiese home near town last week.

Marshal Bros., nursery men of Arlington, made a delivery from Sholes last week, conducted by W. H. Root.

Geo. Lambing and family and A. E. Fleming and family were in town Sunday, guests of W. I. Lambing.

W. H. Root went to Wausa Tuesday noon to assist I. P. Gago of Fremont in instituting a new Odd Fellow lodge at that place.

The local lodge of Odd Fellows held anniversary services in appropriate manner last Sunday. Rev. Salome of Randolph preached the sermon.

Bonny, the youngest daughter of Mr. and Mrs. Halpin has been sick for about a week with pneumonia. Dr. Kerby of Randolph is in attendance.

Mrs. Shulthies and Miss Winnie Fleetwood of Wayne were in attendance at the institution of Sholes Rebekah lodge last Thursday evening.

Jake Hughey of Randolph was in town Saturday with a couple of men, raising the old hotel building for M. Fritzon, preparing to let it down to the grade.

The Shakespear club met at the school house with the Misses Porter and Smith last Thursday but owing to the condition of the roads and streets the attendance was not large.

Among those from Sholes in at-

tendance at the new lodge institution at Wausa on the evening of the 22nd were: M. Brakemeyer, W. I. Lambing, C. E. Pettys, W. H. Closson, W. H. Root and Sam Erskine.

A Rebekah lodge was instituted Thursday evening with twenty-five charter members by President Fannie DeBow of Coleridge. She was assisted by Mrs. Susan Kirstead, vice president, and Mrs. M. S. Davies, grand chaplain of Wayne. The Rebekah degree staff of Randolph gave the degree work in a very able manner. Ex-Mayor, John Kate, of Wayne, addressed the assembly, choosing for his title "The Good of the Order," his talk being very interesting.

The Sholes ladies had prepared a three course banquet for the occasion at which everybody did themselves justice and tendered the ladies a vote of thanks, hoping that they would all live to return to Sholes again at some future date. The Sholes lodge starts out with a very bright future. Besides the twenty-five charter members initiated, there were some eight or ten others whose names though on the list, were unable to be present owing to field work starting among the farmers. Before closing, the following Saturday night was chosen for a special meeting to arrange for the purchase of Regalia and for drafting By-Laws. The regular meeting nights for the Rebekah lodge of Sholes will fall on the second and fourth Saturdays of each month. Following are the officers installed:

Alice Gudgell, Noble Grand.
 Bertha Fraser, Vice Grand.
 Elizabeth Davidson, Secretary.
 Effie Lambing, Warden.
 Alice Root, Conductor.
 Winifred Davidson, Chaplain.

Wakefield News.

Wm. Steckleberg went to Lyons Monday to visit his parents.

Mr. Josiah Davis, an old resident of Wakefield, died at his home here, Arbor Day.

Miss Nina Fleetwood returned Wednesday from a visit with her sister, Hilda, in Omaha.

Mr. and Mrs. N. J. Bjorklund, who have been visiting at Holdrege returned home Tuesday.

Miss Elizabeth Irwin of Lincoln was the guest of Mrs. J. D. Haskell the latter part of the week.

Mrs. R. F. Arnold returned Thursday from Sioux City where she attended the wedding of a friend.

Harold Donelson, who has been

a student at Creighton University, Omaha, returned home Saturday for the summer vacation.

Mrs. Mary Parmelee and John Underset, both of Sioux City were married at the home of the bride's aunt, Mrs. Sharp, Tuesday evening. Rev. McCarthy of the Christian church officiated.

Miss Blanche Harrison and Harry Kingaton of Pender were married at Omaha Monday. Mr. and Mrs. Kingaton will make their home in Pender where Mr. Kingaton runs a produce store.

The medical society of Cedar, Dakota, Dixon, Thurston and Wayne counties met at Emerson Monday evening. Drs. Fleetwood, Tomlinson and Grablin of Wakefield were present, the former reading a paper on the treatment of rheumatism by the use of the new remedy.

Wednesday evening at six o'clock at the home of the bride's parents, Mr. and Mrs. C. A. Killion, occurred the marriage of their daughter, Miss Belle, to Mr. Fred Tarrant of Omaha, Nebr., Rev. J. Burke of the M. E. church officiating. Miss Ada Grubb was bridesmaid and Mr. Jewell Killion best man. The bride wore a gown of white crepe meteor and carried a bouquet of pink rosebuds. At the close of the ceremony a bountiful wedding supper was served to the immediate relatives and intimate friends who witnessed the ceremony. The bridal couple will make their home in Omaha where the groom has a position with the railroad. The out of town guests were Mrs. A. A. Boudwan of Omaha, Mrs. Marshall and Miss Mary Tarrant.

Hunter Precinct.

Ed Groves was a passenger to Council Bluffs Friday.

Ethel and Edna Worth visited Mildred Newman Sunday.

Eather Johnson visited friends in Wakefield Saturday and Sunday. Mable Erickson visited Sunday with her cousin, Florence Rubeck.

Mr. and Mrs. John Munson visited at the home of their daughter, Mrs. Paul Olson Sunday.

Mrs. Almond Samuelson and son, Mervin, of Wakefield, visited Sunday at the home of August Samuelson.

Miss Newman, who has been visiting at the home of her brother the past two weeks, returned to her home at Chariton, Iowa.

About twenty young people in this neighborhood, gathered at the home of Mr. and Mrs. Paul Olson last Wednesday evening and spent the time in general sociability, games, etc., at the close of which a nice lunch was served.

Carroll Items

Asher Hurlbut from north of this place was a Wayne visitor last week.

Misses Loberg, Cobb and Garwood were home from the Wayne Normal over Sunday.

Mrs. Ward Williams and children returned from Wayne Monday, where they visited over Sunday with her parents, W. B. Hughes and wife.

A. Anson came up from Wayne Monday to visit here for a time. He came from winter quarters at Burkett more than a month ago—a little early, considering the nature of the spring weather.

(From the Index)

Born—to Mr. and Mrs. Dave Jenkins on Sunday April 6, a girl.

Born—to Mr. and Mrs. Sam Jenkins on Monday, April 14, a girl.

Mrs. Griff Edwards and her mother, Mrs. Woods, were Thursday morning passengers to Sioux City to see their sister and daughter, Mrs. Cooper, who is in a hospital at that place.

The Carroll Good Roads Association made another step forward last Thursday when they purchased a team at the Martin sale. Howard Porter was busy part of this week on the streets.

George Holecamp has manufac-

tured an individual temporary dumping ground of his own. In cleaning up his yard the rubbish which cannot be burned is being put in barrels where it will at least be hid from view.

Despite the fearful snow storm of last Thursday, Dan Martin had a very successful sale. There were only thirty-six people present and the sale amounted to \$3700, which goes to show that those in attendance meant business.

Winside Notes

(From the Tribune)

Tuesday evening, in the Masonic Hall, the ranks of Knight and Esquire, were conferred upon two candidates for membership to the order of Knight of Pythias.

Mr. and Mrs. Harry Hornby who have been visiting at Denver and other points for some time, have returned to Winside very much pleased to be back from the western clime.

Mrs. Nels Hansen arrived in Winside from Blair, the day of the blizzard, and will become a resident of our town. It is probable that she will purchase residence property in the near future.

Mrs. H. G. Smith, who underwent an operation in the Sioux City hospital last week, is reported to be on the mending list, which is certainly good news to Winside. Mr. Smith came home the latter part of last week to look after business matters. He returned to Sioux City on Sunday morning, accompanied by his son.

Mrs. A. H. Carter entertained the members of the Tennis Club at a three course 7 o'clock luncheon Saturday evening complimenting the birthdays of her daughters, Misses Edith and Josephine Carter. The evening was spent with games and music. A jolly good time was had.

The Winside Auto Club have taken a move toward the betterment of the roads in Winside and vicinity, by hiring Mose Lonker to care for them during the coming season. Mr. Lonker has been busy the past few days at his new job and the roads are certainly being put in fine shape.

Wilbur Precinct.

Miss Amanda Danielson is sick with the mumps.

Mrs. G. W. Wingett and daughters spent Saturday at the H. C. Lyons home.

Dora and Henry Mohr visited their sister, Mrs. Harry Dolittle north of Laurel Sunday.

S. Hollinger of Laurel did some papering and painting at the H. C. Lyons home last Thursday.

Frank Mellick and family and John Halladay from near Wayne spent Sunday at the Wm. Young place.

Miss Nannie Nygren and Ernest Smith were married Saturday evening at six o'clock at the home of the bride's parents, Mr. and Mrs. Peter Nygren. Only immediate relatives and a few intimate friends were present. They will reside on the farm recently purchased by the groom's father, A. A. Smith. Congratulations!

Paper Hanging and Painting. William Biegler, Phone Red 70.

Commissioners' Proceedings.

Wayne, Nebr., April 22, 1913. Board met as per adjournment. All members present.

Report of Geo. T. Porter, sheriff, showing amount of fees earned by me not including mileage, for the quarter ending April 8, 1913, amounted to the sum of \$59.05; and treasurer's receipt showing payment of same into treasury attached, was examined and duly approved.

Report of James Britton, County

Judge, showing amount of fees collected by him for the quarter ending March 31, 1913, amounted to the sum of \$283.10 was examined and duly approved.

Report of Forrest L. Hughes, clerk of the district court, showing amount of fees collected by him for the quarter ending March 31, 1913, amounted to the sum of \$321.35; was on motion examined

and duly approved.

W. J. May is hereby appointed Overseer of road district No. 27 and bond approved.

Henry Bock is hereby appointed Overseer of road district No. 24 and bond approved.

Whereupon Board adjourned to May 6, 1913.

CHAS. W. REYNOLDS,
 Clerk.

A Grocery Store Is Known

By Its Character of Goods

This store offers lines of food-stuffs representing food values which satisfy the purchaser. Satisfaction of the deep seated type. Satisfaction that prompts mental suggestion; which directs patrons to this store to supply your wants.

SPLENDID FLOUR has attained, by its own individual merit, a station far above the ordinary. It was not premiums and highly colored advertising which brought about this condition, but the big white, flaky loaves of wholesome bread. SPLENDID flour will please where others fail. Splendid costs more to produce, contains a higher percentage of patent and will make more loaves of bread. Let your next flour be a sack of Splendid—if it's not the best you ever used, will thank you for the empty sack and full purchase price will be refunded. If there ever was an instance of an unsatisfactory sack of Splendid being sold we would rather have refunded double purchase price than have the patron retain and use it. The guarantee on the back of every sack tells the story. Its the taste that tells and its the flour that sells.

QUAKER COUPONS REDEEMED—The leading magazines contain advertisements of the Quaker Oats Co. This firm invites the public to cut out coupons and present to your grocer for a full sized 15c package Puffed Rice FREE. Watch for these coupons. Cut them out and send to this store. We have plenty of fresh goods to redeem them.

FILTERED WHITE ROSE GASOLINE—The gasoline dispensary in front of the store has been tested and found O. K. in every respect. White Rose will retain its high standard of quality as it has in the past. The demand this season will exceed all previous records owing to the recent law which permits lower grade gasoline. Quality tells in gasoline or any other high grade product. The new filter accessory on this device, recently installed, removes everything foreign to pure gasoline. Your carburetor and gasoline stove troubles will be few if you use White Rose Gasoline the entire season.

LUBRICATING OILS—A full car load just arrived. This store has the distinction of each year selling more automobile, machine oil and axle grease than all the dealers combined. Quantity buying, being able to make attractive prices on high quality oils has been responsible for this condition. Get my proposition and note the saving.
