

# The Nebraska Democrat

ESTABLISHED 1884

WAYNE, WAYNE COUNTY, NEBRASKA, MARCH 5, 1914

\$1.50 PER YEAR

**BOOSTER EDITION FINDS FAVOR**  
Merchants, Business Men and Farmers  
Endorse Plan. Means Much to  
Wayne and Wayne  
County.

The special souvenir edition planned by the Nebraska Democrat and the Wayne Herald is now an assured success. Merchants, business men and farmers have endorsed the plan, convinced that the publicity given Wayne and Wayne county by the publication of such an edition will ultimately bring results, and have backed up this conviction with a liberal patronage. The Wayne papers are desirous of making this edition a success; they want this edition to eclipse any edition sent out by a Nebraska newspaper within the past six months. To accomplish this end it is necessary to have the co-operation of every one interested in Wayne and Wayne county.

The work and expense connected with the publication of such an edition as has been planned is greater than imagined by the average individual. Practically all the work is of a special nature and out of the channels of regular business. For this reason it requires special help, one that understands the feature work thoroughly. To tell of Wayne and Wayne county in one edition, to do justice to the industries, the various phases of business development; to tell of the wonderful agricultural advantages, the school system and municipal government, will require the service of an expert, devoting his entire time to the task. These features and many others will be handled in detail. In fact, the edition when completed and measured up to the standard planned by the management, will be one in which every citizen will feel a sense of pride.

The edition will be issued about the middle of April, a most propitious time, and will be circulated throughout Wayne and many of the adjoining counties. Many copies will be sent to the other states, advertising the city and county in a manner calculated to bring results.

## Presentation to C. K. Corbit

Last Thursday evening a number of the friends and neighbors of Mr. and Mrs. C. K. Corbit gave them a surprise party at their home on the Mellor farm west to town. Mr. Corbit moved on the first of March to his own farm east of town and his neighbors gathered to give them a parting God-speed, and to congratulate them on the occasion of their acquisition of a farm of their own. Mr. Corbit had been moving his goods all the day and had just finished a late supper when the guests arrived. A social time was enjoyed for a couple of hours after which refreshments were served. Before the party separated Rev. Alexander Corkey, on behalf of the rest, presented Mr. and Mrs. Corbit with a beautiful copy of the Bible as a token of appreciation of the neighborly spirit they had shown while residing in the community. The recipients of the gift were "surprised" for the second time in the same evening by receiving the present, and both made brief talks thanking their friends for their kindness, and inviting them all to visit them in their new home on the east side of Wayne.

## A Wooden Wedding

Tuesday being the fifth anniversary of the marriage of Wm. Krallman and wife a number of their neighbors and friends came in with well filled baskets and wooden presents, to their complete surprise, and enjoyed a happy evening at their home. Among the guests were Herman, Fred, G. W. and Henry Eichenkamp and families, Frank Kloppong and wife and Theo. Capple and wife. It was jolly crowd that made up the party and they one and all hoped that the bride and groom of five years ago might live and prosper until they celebrate their golden wedding.

## The Cradle

MOEHRING—Sunday, March 1, 1914, to Rev. Rudolph Moehring and wife, a son.

## High School Declamatory Contest

The Declamatory Contest of the Wayne High School was held Friday evening at the school building. There were eight students entered in the contest, one, (William McEachen), being unable to appear on the night of the contest on account of illness. The following was the program for the evening:

Instrumental Solo, Fern Omen, "In the Toils of the Enemy", (Humorous) Russell Meyers,

"Them Oxen", (Humorous) Blodwin Davies.

"Katie Lee and Willie Gray", (Dramatic) Katherine Owens.

"Deathbed of Bendict Arnold", (Dramatic) Ida Kingsbury.

"The Gift of the Mage", (Dramatic) Edna McVicker.

"Regulus of the Carthaginians", (Oratorical) Elizabeth Mines.

"Toussaint L'Outverture", (Oratorical) Ralph Ingham.

Whistling Solo, Fern Omen.

The judges chosen to decide who won in the contest and who was to represent Wayne in the Northeast Nebraska Contest which will be held at Norfolk, were Prof. House, Miss Killon and Miss Piher, members of the Normal faculty. The selections were all well rendered and the judges were rather undecided as to whom the honor should be given. The judges, however, decided in favor of Russell Meyers, in the humorous selection as winning first place and Ralph Ingham in the oratorical, second. While all were good, Ida Kingsbury in the dramatic selection was exceptionally good as was also Elizabeth Mines in oratorical.

## Superintendent Kemp Not Candidate

At the regular meeting of the school board Monday evening Superintendent J. H. Kemp announced to that body that he would not be a candidate for re-election to the position he has held for the past five years, discharging the duties most satisfactorily to the great majority of the patrons.

Mr. Kemp says that he decided some time ago that when the time for which he was engaged here had expired he would quit school work and engage in life insurance work, and thought it but fair to give the school board early notice of his intentions.

For the past five years Mr. Kemp has successfully filled the office of superintendent, and under his direction our schools have steadily advanced and kept pace with the times in all departments. His many friends will much regret that he has decided to take this step, but will be glad that he is to remain at Wayne as is his intention. Regretting that he is to quit work as an educator the Democrat wishes him success in his new field of work, and doubts not that he will succeed.

## Another Big Hog Sale.

Elsewhere Roy Fisher of Winside announced that he will sell at the Wayne pavilion 60 head of bred Hampshire sows and gilts at auction on Saturday the 14th of this month. The Hampshire is a hog comparatively little known in this part of Nebraska, but they are said by those who own them to be a most profitable hog to raise. Hardy, active and rangy they are quick growers and mature early. Very little subject to any of the prevailing hog troubles they are winning friends as fast as they become known. As a bacon hog it is said they have no superior, and they also have the merit of being a most prolific breed.

Of Mr. Fisher's offering we can truthfully say that they rank among the best of the breed, for he has won many prizes within the last few months in competition with the best that are grown of this breed. At Lincoln in the state fair, at Des Moines in the Iowa fair, at St. Joseph in an interstate contest and also Sioux City he won first prizes. Then he took a car of these good ones to the international stock show and won again. So it seems that in making this offering to his home people Mr. Fisher is giving farmers a chance to buy as good as they could get anywhere. Farmers, read his advertisement, study the merits of the Hampshire hog and above all attend his sale. He will have a special auctioneer who can tell you more of the merits of the Hampshire than we can because he is better acquainted with hogs than the editor.

How about your subscription.

## Wayne County Teachers Meet

Saturday, February 28, the Wayne county teachers held a profitable meeting in the court room. At a previous meeting the entire program was furnished by the schoolmen of the county. At this she had just moved, going about the first of February to join other members of the family who had moved there to some land which they had purchased in Cheyenne county the fall before.

Anna Amelia Larson was born near Stockholm, Sweden, in 1861, and was 53 years, 10 months and 6 days of age when she was taken from life. When nine years of age she came with her parents to America, and they settled near Red Oak, Iowa, where she grew to womanhood. There she was united in marriage to John Malcolm Johnson in 1882, and in 1887 they moved to Nebraska taking a home near Wayne. They improved a magnificent farm just over in Dixon county, a few miles northeast of Wayne, and spent many happy, industrious years there.

Mary J. Myers was granted a divorce from Chas. L. Myers. Anna L. Foster was given judgment against the Modern Brotherhood of America on life insurance claimed. H. B. Jones vs. John E. Marsteller was settled, the plaintiff acquiring title to land in controversy and defendants being allowed the sum of \$200.

Siemon Goeman vs. James McIntosh, an appealed case was dismissed by defendant.

The above is from the Norfolk News. Mr. Graham was at Wayne also with two or three cars of his Paonia fruit. He won many friends here and was evidently a booster at home as well as away. He had planned to visit this part of Nebraska next season in the interest of a direct deal between producer and consumer, giving to each a share of what the commission men manage to extract from the products when they pass through their hands. His Wayne acquaintances will indeed be sorry to learn of his death.

Notwithstanding his difficulties, Graham became popular here. His unique advertising campaign for Paonia fruit and his persistency in the sale of his product made him many friends. He became greatly attached to Norfolk and had planned to construct a distributing house here for fruitmen of Paonia.

Clara S. Gustafson was granted a divorce from John G. Gustafson. The assignment of jury trial for next week is as follows:

Monday, State vs. Fred Brueckner.

Tuesday four cases are assigned in which either Paul or Fred Brueckner appear as defendant against the state. As these cases all appear to be in a measure connected with the one assigned for the day before it is possible that the decision in one case will partially determine the others.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

Wednesday Martin Redner vs.

Gerd Jansen, Chas. B. Thompson vs. Asher L. Hurlbert, Harry E. Simon vs. Siemon Geoman, State vs. Paul Brueckner, Ira Anson vs.

Chris Hansen and Siemon Geoman vs. County of Wayne and Berry & Berry are listed.

Six of the jury cases are from Hoskins and are the result of the Brueckner troubles at that place.

LOCAL AND PERSONAL

Ralph Rundell and wife went to Sioux City Friday.

Mrs. F. Haberman was a visitor at Sioux City Saturday.

Misses Mary and Eva Mellor went to Omaha Sunday for a short visit.

A warm room for a car is a saver on the tires—Clark has the room—adv.

Miss Eunice Johnson spent Saturday and Sunday with relatives at Emerson.

Walter Weber and wife were visitors at Carroll Saturday between trains.

Madison Bressler has moved onto the O. S. Gamble farm south of Wayne for the coming year.

Ed Sellers and wife were visiting at Wakefield last week, and the lady remained over Sunday.

James McIntosh shipped two ears of well finished hogs to the Sioux City market last Thursday night.

Mrs. Edith Berry went to Sioux City Friday for a week visit with Mrs. Stafford before she moves to Neligh.

Chas. Miller and wife from nine miles north of Wayne went to Sioux City Friday on a business mission.

W. J. McInerney went to Bloomfield Saturday to spend Sunday, and his wife visited at Pilger the same time.

Mrs. Anna Elrick of this place and Mrs. Silligman from near Carroll went to Norfolk last Saturday to visit a few days.

Fred Victor and wife went to Sioux City last Friday to spend the day with Miss Emma Victor at the hospital at that place.

Mrs. Anthony of Wausa was the guest at the home of James Miller and wife a day or two last week, returning home Saturday.

E. B. Chichester and Mrs. W. L. Chichester left last Thursday to visit a week with relatives and friends at Rock Island, Illinois.

Mrs. E. O. Gardner went to Wakefield Sunday afternoon to visit a few days with Mrs. Frank Bliss. They were neighbors in Iowa before coming to Nebraska.

Herb Robson and family came last week from Red Oak, Iowa, and will live on one of the Robert Mellor farms near Wayne the coming year, and probably several years.

How many of our readers shun a peddler or an agent and fall for the mail order man's graft? The home merchant should be your best bargain giver, for all cheap things are not bargains.

Peter Peterson, who has been working in this county for the past three seasons, part of the time for Ray Robinson, left the first of the week for Twin Falls, Idaho, and is planning to homestead a place somewhere in the west if that land suits him.

Before buying his seed oats this spring it will be well for the farmer to consider the fact that the Nebraska College of Agriculture has found, after many experiments that the early varieties yield an average of 14 bushels an acre more than the late varieties.

Sheriff Porter and wife were guests of their Carroll friends Saturday.

If you have an item of news tell it to the editor and he will pass it out to all.

Henry Merriman, wife and daughter, Miss Elsie, visited at Wakefield Sunday.

Miss Tiech went to Bancroft Friday to visit home folks over Saturday and Sunday.

Mrs. S. A. Hall and daughter left Friday to join Mr. Hall at their new home near Balaton, Minnesota.

Rich as we are we believe it not best to let the children think they will not have to make their way in the world.

Mrs. Mary Pryor went to Sioux City Saturday morning to visit at the home of M. C. Jordan and wife, her daughter, for a few days.

You need a cleaning, purifying spring remedy now. Hollister's, R. M. Tea is the best you can get. Felber's Pharmacy—adv.—m.

H. B. Welch of Norfolk was visiting among Wayne friends last week. He recently sold his business at that place, and is evidently now looking for another location.

Elvin Johnson and family left Saturday morning for their new home at Spencer, Iowa, where he is now located. They left many friends at Wayne who wish them well.

Mrs. L. C. Gildersleeve and son Donald went to Sioux City Friday. The lad wanted to visit the hospital again, but not as a patient. He is recovering nicely from his operation.

J. C. Shepardson, who came from Hartington a month ago to assist at the Democrat office for a time, went to Randolph the last of the week to take the formanship of the Times at that place.

Mrs. Kate Langbein of Pacific Junction, Iowa, was here last Thursday and Friday visiting her cousin, Frank Peterson and wife. She went to Winiside Friday to visit a time with relatives there.

Mrs. F. Dow was here from Meadow Grove last week visiting her parents, Wm. Church and wife and assisting them in packing their household goods, preparatory to moving to their farm near Meadow Grove.

H. F. Straight and family moved to a place up above Carroll the first of the week from the neighborhood southwest of Wayne. Last week Wednesday evening a farewell party was given in their honor, or at which a large number of the neighbors and friends passed a happy evening. It was a surprise for the Straight family, and an event which they will long remember.

Don Cunningham left the first of the week for Ashton, Idaho, where the Cunninghams have a large ranch which they have leased after farming it themselves for several seasons. They are now going to have a big sale and close out their stock, machinery, etc., and it is to prepare for this that the young man went. His father will leave within a few days to join him there before the sale day. It is their intention, we understand, to then return and make Wayne their home during the entire year, and devote their time wholly to auctioneering.

Furnished rooms to rent—close in. Mrs. E. O. Gardner, phone '77.

Bad breath, weak stomach, sluggish bowels, make you miserable; take Hollister's R. M. Tea and enjoy life; begin today. 35c—Felix's Pharmacy—adv. m.

Mr. Randall and family came last week from Holland, Minnesota, to make their new home near Wayne, having leased the August Loberg farm just north of town which he purchased from Christensen Bros. at auction last fall. Mr. Randall comes to us bearing the name of a good farmer, and he brings a fine lot of horses, we are told. He should surely prosper here.

Ed. B. Miller, who recently moved to Arkansas, has ordered the Democrat to follow him, and requests the correspondent from his old neighborhood, northwest of town to remember that he wants the news from that neighborhood. The correspondents to the country newspaper should always remember that their letters are especially desired by those who have moved from the neighborhood.

Do not get excited when you see a catalogue from a distant seed house advertising seed corn that has produced marvelous yields. Perhaps the seed offered for sale would not produce the same results when planted under Nebraska conditions. The University College of Agriculture has found that in most cases the best native corn gives a fourth larger yield than the prize winning variety from another state.

R. R. Smith is starting a dairy herd of the right kind on his farm west of Wayne, but he will have

to wait a few seasons before he can begin to realize much from it, but he is investing less of money and more of time and feed. Last week he received two fine Holstein calves from Whitewater, Wisconsin, and they will soon be cows. Mr.

Smith figures that he can wait for them to grow and feed them meantime cheaper than he can pay the prices asked for good matured cows. The Democrat is glad to note that Mr. Smith is starting a herd. Last season he purchased a Holstein bull for his herd, but the animal failed to pass the test required for cattle coming to Nebraska, and could not be delivered.

Perry Benshoof, who has been here from Van Tassel, Wyoming,

for several weeks returned to his home there last Friday evening.

He reports that it is a great country, and that as yet it has not

made them rich with the farm products gathered, they are making a nice living and finding time to enjoy life as they meander along the broad highway between the cradle and the grave. And after all, is not that a good thing to have it that way, with a chance to draw a long breath once in a while. His daughter, Miss Ethel Benshoof, who went to that place last season to take a half section of land, has been spending a few winter months here earning a bit of money for coming improvements on the claim and to take advantage of opportunity to add to her musical education. Miss Ethel is an ambitious young lady and if Kinkaid should succeed in getting his new bill enacted into law so that she will not have to say "no" to acquire and retain title to her holdings if she does not have a number of the young ranchers on their knees it will be because they lack the good judgment with which we credit them.

Don Cunningham left the first of the week for Ashton, Idaho, where the Cunninghams have a large ranch which they have leased after farming it themselves for several seasons. They are now going to have a big sale and close out their stock, machinery, etc., and it is to prepare for this that the young man went. His father will leave within a few days to join him there before the sale day.

It is their intention, we understand, to then return and make Wayne their home during the entire year, and devote their time wholly to auctioneering.

How Many Steps to a Mile?

How many steps do you take to the mile? If you think a moment you will probably reply, "Seventeen hundred and sixty," but that I take leave to doubt.

Should you be an infantryman of the British army your pace will be the longest of any infantryman in the world. The Russian pace is the shortest being only twenty-seven and a half inches; the French, Italian and Austrian soldiers manage twenty-nine inches; the Germans do thirty-one inches and the British thirty-one and one-half inches. But your own pace, what of it? It depends upon whether you are "highbrow" or not.

Put a string across your eyebrows and see how long the piece of string is which reaches from that level to the floor. Half the length of this string is the length of your pace, and that length you will find to be between thirty-one inches and thirty-two inches, so that between 2,000 and 2,100 paces are needed to walk a mile.—London Chronicle.

Bowing to the Moon.

Among the natives of Abyssinia there existed and probably still exists a curious pagan custom of bowing to the moon on certain nights at the commencement of the new year.

Selecting a clear space on the ground free from all rocks and boulders, the elders of the community kneel down, one behind the other, and, as soon as it is midnight, begin a dolorous chant to the moon.

They keep this up for half an hour or so, when all rise, and, forming a circle, stand still, their arms motionless by their sides. A young girl now approaches them and walks round the circle, calling out: "You are all right. Your shadow is there." Should she pause and say, "Friend, there is no shadow behind you. Alas—alas!" then the person she thus addresses is destined to die within the next twelve months.

Got the Official Moving.

An East Indian babu railway agent telegraphed to his superintendent this report: "A blackguard indigenous mendicant arrived at my station by 2 down mail. Taking pity on his comiserated condition, I permitted him to reside in the shade of the main signal post. In gratitude for my beneficent conduct he absconded during the nocturnal period with 500Rs. of my private cash, including one copy of the working time table." When asked why he added the one anna publication, the time table, in his list of losses he replied, with a knowing wrinkle: "Ha, ha! The matter is explainable in a nutshell. Unless I had included a little of the company's property the police would have taken no notice. This justifies the addition of the lactaceous particle in the shell of the cocoanut!"—Exchange.

Seals and Music.

A picturesque instance of the curiosities of the seal, or possibly of its fondness for music, is told by the Rev. Mr. Dunbar in Macmillan's work on British quadrupeds.

"During a residence of some years in one of the Hebrides I had many opportunities to witness this peculiarity. As I walked along the shore in the calm of a summer afternoon a few notes from my flute would bring half a score of them within a few yards of me, and then they would swim about with their heads above water, like so many black dogs, evidently delighted with the sounds. For half an hour or indeed, for any length of time I chose, I could fix them to the spot, and when I moved along the water's edge they would follow me like the dolphins which, it is said, attended Arion."

Great Smokers, the Dutch.

A census of smokers taken the other day among the boys attending nine elementary schools in a suburb of Amsterdam, Holland, reveals that among the six-year-olds they number 10 per cent, among those of seven years 16 per cent and 32 per cent among those of eight, while in the sixth school year, at which the average age is twelve, the percentage has risen to 53. As it falls rapidly after the limit of compulsory attendance, the early use of tobacco would not appear to be an incentive to learning. It is the cigar, not the cigarette, which these Dutch youngsters delight in.

Order of Hearing and Notice on Petition for Settlement of Account

In the county court of Wayne county, Nebraska.

State of Nebraska, county of Wayne, ss.

To all persons interested in the estate of John Harder, deceased.

On reading the petition of Luisa Harder praying that the administration of said estate be granted to Rolie W. Ley as administrator. It is hereby ordered that you, and all persons interested in said matter, may, and do, appear at the County Court to be held in and for said county, on the 14th day of March, A. D., 1914, at 2 o'clock p. m., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Nebraska Democrat a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.

Witness my hand and seal of said court this 19th day of February, A. D., 1914.

JAMES BRITTON, County Judge.

Styleplus \$17 Clothes

"The same price the world over"

Reduce the high cost of living

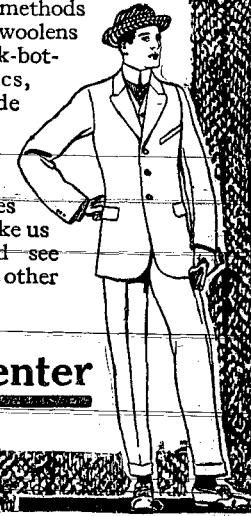

In these days when prices are going up and values are going down any avenue of escape is welcomed.

Here is a chance for you to reduce your outlay for clothing without a sacrifice to your personal appearance.

In fact, there is a strong chance of your being better dressed. The makers of Styleplus Clothes \$17 are the oldest and largest manufacturers of men's clothing in this country. All these years they have specialized on men's clothes of medium price.

Styleplus, the special suit of clothes made by specialists, sells for only \$17 because scientific methods and volume-buying of woolens reduce their cost to rock-bottom. All-wool fabrics, plus style, plus high-grade tailoring, plus guaranteed service.

You can not buy their equal in other stores short of \$20 to \$25. Make us prove it—come in and see Styleplus Clothes—no other store in town has them.

Gamble & Senter

Henry Kay has moved to Wayne from his farm southeast of this place, and his brother John has moved to the farm. Henry has recently bought a half interest in the Meister & Bluechel implement business and has moved here to give it his entire time during the selling season.

Spring is coming and you will want new paper and paint. Don't forget that I have samples of one of the best lines of wallpaper in America. All kinds at all prices. Call or phone J. H. Bryce, contracting painter and paper hanger. —adv. 8if.

THE MODEL PHARMACY

Your Penslar Store

has the right face cream to keep your complexion at its best in spite of March winds. The name is Penslar Buttermilk Cerate. It is not a vanishing cream—it restores the natural velvety softness of the skin.

Apply it lightly, massage gently, and wipe off with a soft dry cloth. You will be delighted with Penslar Buttermilk Cerate. Get a large 50 cent jar here today.

When Central Says  
"They Don't Answer"

When the telephone operator says "Line Busy," or "Don't Answer," remember, it would have been easier to put through your call than make such a report.

If you are asking for a number on a "party line," the "busy" report may be because some one is talking over another telephone on the same line.

The Efficient Operator

The operator, of course, makes mistakes—everyone does—but be tolerant with her, please; she has been thoroughly trained in her work. Considering the number of calls handled, her errors are marvelously few.

The Smiling Voice Is the Winning Way.

## Neighborhood News

Gleaned From Democrat's Exchanges

Ek Point has voted \$25,000 bonds for an electric light plant.

The man who was picked up near Homer last week for dead—was just dead drunk.

Portugal has a revolution on hand—not very large, apparently, but it might develop something big over night at any time.

Laurel people who enjoy the theatre are having numerous treats since they opened their new opera house there, as it is attracting a better class of attractions.

According to results obtained by the Nebraska College of Agriculture the yields of winter wheat are usually increased five bushels an acre by rolling the fields, where necessary, in early spring.

The pensioned clergy and the pensioned press are responsible for much of the wrong committed by those in high places and the ignorance of those who look to these two sources for knowledge.

The Omaha Automobile Show, which was held last week, drew the largest attendance in its history. Automobile dealers and owners from Nebraska, Iowa, South Dakota, Colorado, Kansas and Missouri attended.

J. A. Gleason, a bank cashier of Columbus lost a foot last week by trying to alight from a moving train. He should not have been in such a hurry. He will probably move slower when he gets to moving around on a wooden foot.

Martin H. Meyer of Thurston county has invented and applied for patent on an automobile jack which will certainly be worth much to the people who own automobiles. By its use the automobile automatically raises itself from the floor and locks the jack, holding the weight of the car until released, which is easily done.

There is agitation of a plan for education which was suggested by George Washington when he was president—namely a national university, wholly under control of the government. Washington claimed that such an institution would be of great educational uplift, and at this late day a bill is introduced in Congress with that end in view.

A plan is now on foot to irrigate the dry plains of Kansas with wind. The supply is ample if it can be hatched. It is proposed to raise water for irrigation by wind power. We see no reason why it should not work if they can procure windmills enough at a right price. The state has made an appropriation of \$125,000 for the purpose of testing the plan.

Rev. Janssen, an evangelist who was at Winside a number of weeks ago fighting sin and trying to redeem sinners has been at Wynot for several weeks and secured a few additions to the church, and this week he began special meetings at Carroll. The Wynot Tribune says he does not try to make them good by eternal torment stories, but rather to lead them into the fold with promises of something good within.

If the plans of the officers of the State Association of Charities and Corrections are carried out, the annual meeting which will be held in Omaha April 26-28, will be of more than state importance. Every citizen of Nebraska should be interested in this meeting as it will deal solely with questions which will benefit the state if properly decided. The economic administration of public affairs will be one of the chief subjects discussed.

George McKittrick of Wakefield, who has for the last past several years been superintendent for the Benson Grain Company with his headquarters at Wakefield, leaves this week for Clay, New York, where he bought a farm last year. His family went to the new home several months ago, and he finished his contract with the grain company the last of February. He has many friends at Wakefield, and many of the elevator managers in his territory regret his departure.

A farm hand's services for the coming season was the offering at an auction held at Boone, Iowa, last Saturday. A dispatch to the Omaha Daily World-Herald tells about it. Vincent Michell, an experienced farm hand, had his services for the coming farm season auctioned to the highest bidder, he reserving the right to reject any and all bids. There was a good attendance at the auction and lively competition in bidding. The sale was made to John Canavan residing near Boone, his bid of \$35.50 per month and board being the highest.—Ex.

D. Clem Deaver, who died at his home in Omaha the 22nd of last month, was for many years in charge of the Burlington's information bureau for homeseekers, and in that position came to know and be known by many in the state. He as a "middle of the road" populist at a time when such men were rewarded for falling outside the breastwork by Mark Hanna and was appointed by McKinley receiver of the United States land office at O'Neill.

At the home of the bride's mother, in Winside, February 25, at 3 o'clock, Miss Elizabeth Nachtigall to Claud Emley, of Winside, Nebr., Rev. C. E. Connell officiating. The immediate friends only being present. After the ceremony all sat down to a sumptuous dinner. The bride is a trained nurse with much experience and a lady of the highest type and has hosts of friends in and about Winside. The groom is a prosperous farmer near Winside where they will make their home.

The raising of one breed of dairy cattle is being attempted by the farmers of Gage county. In an effort to secure the very best stock the farmers have sent their county demonstrator, O. H. Liebers, to Wisconsin and Michigan to buy two car loads. Mr. Liebers purchased twenty-nine head last fall while on a similar trip. This makes a total of about seventy-five head of pure breeds taken into the county in the last few months. At this rate the county will soon be headquarters for dairy cattle buyers.

By the contribution of \$2,000

last year the Battle Creek base ball team came out with 66 cents left

in the treasury. Their total re-

ceipts, including the \$2,000 were

\$3,767.35, which shows that there

was made from the purses won and

the gate receipts less than half

enough to finance the game. This

makes the game come a little high

for the business men of a place.

A county fair would come nearer

paying out than that as a rule.

The Enterprise intimates that the

ball bug is inclined to be dormant

this spring.

The farmers of Randolph are talk-

ing of organizing a co-operative

store. It is possible that such an

enterprise will pay, but when the

dead stock which accumulates in

the most of such stores is disposed

of at the end of several years

most of the co-operative stores and

their patrons, we believe would

have been far better off to have co-

operated with the merchants of

their town. The temporary saving

often apparent at the first of such

an enterprise is often lost later on

by incompetent management, indis-

creet buying and the dead stock

left in remnants and the like.

### Value of Grapes

Grapes should be very generally grown and better cared for says Secretary J. R. Duncan of the state horticultural society. The vines should be trimmed long enough before the sap begins to flow to allow the cuts to heal so that bleeding may be prevented. The season for pruning is already near to a close.

All dead wood should be removed.

The prevailing mode of pruning

is the renewal system. By this

method one or two of the older

main canes are removed each year

allowing new canes to take their

place thus renewing the entire vine

every three or four years. Grapes

are produced on the current sea-

sons growth coming from the buds

on the canes produced the previous

year. Each bud will produce from

one to three bunches. The vine

should not be allowed to produce

more than 50 or 60 bunches.

**Less Dyspepsia Now—Here's the Reason.**

The fact that there is less dys-

pepsia and indigestion in this com-

unity than there used to be is

largely, we believe, due to the

extensive use of Rexall Dyspepsia

Tablets, hundreds of packages of

which we have sold. No wonder we

have faith in them. No wonder we

are willing to offer them to you

on trial entirely at our risk.

Among the other things they

contain Pepsin and Bismuth, two

of the greatest digestive aids known

to medical science. They soothe

the inflamed stomach, allay pain,

check heartburn and distress, help

to digest the food, and tend to

quickly restore the stomach to its

natural, comfortable healthy state.

There is no red tape about our

guarantee. It means just what it

says. We'll ask you, no question.

Your word is enough for us. If

Rexall-Dyspepsia Tablets don't re-

store your stomach to health and

make your digestion easy and com-

fortable, we want you to come back

for your money. They are sold only

at the 27,000 Rexall Stores, and in

this town only by us. Shultheis

Pharmacy—adv.

See us for wedding invitations.

### The Hen For Money

The North Nebraska Eagle says:

"The comparative value of a wagon load of wheat and a crate of chickens was demonstrated recently by E. H. Gribble, one of Dakota precinct's up-to-date farmers. Mr. Gribble marketed a load of wheat in Sioux City for which he received \$42. On the top of the load he carted to the same market a coop containing 36 chickens for which he received \$1 a piece or \$36. His crate of chickens brought him \$6 less than the load of wheat. As a money maker on the farm chickens surely can claim a superiority over anything else as ordinarily their keep costs but little and after the first few weeks after hatching they raise themselves as it were. The farmer who looks after these little side issues on a farm is the one who succeeds as Mr. Gribble is doing."

There is much of truth in what The Eagle has printed, but we think the editor did not tell all of the truth. He might have added that it was quite probable that the mothers of these chickens had in addition to raising the family laid eggs enough during the year to far more than pay the keep of the mother and her chicks for at least two years. Then, too, it would have cost but little, if any more, to have grown some pure bred strain of birds, and out of such a flock one can frequently select a pen of prize-winners which will perhaps sell for as much as did the entire three dozen in the coop which went to the slaughter pen. There are many ways of making chickens more than pay their way.

### To Reduce Building Cost

A friend in Iowa not long ago wished to build a good home and barn and wished to do as much as possible of the work himself with the aid of unskilled labor. So he purchased a most complete outfit for making concrete blocks—the best to be had at that time and as good perhaps as any made today, and started in to make a home, and now has an elegant home at a much less money outlay than would otherwise have been made. This outfit is now for sale at about half what it cost new, and it is as good as new.

With it any farmer who is convenient to sand might build a set of farm improvements at less than half the usual cost. With this equipment house, a barn, a hog house, a hen house, smoke house and cave could be made of the best and most lasting material, so that there will be no future cost for paint and repairs except frames in the openings and if any one is interested in this plan of improving their place the Democrat will tell where the outfit can be had and the price, and full particulars. We know of one farmer who tried the plan out in similar manner and he has an elegant set of farm improvements and they were mostly made in this manner.

**Local Woman Now a Big Advertiser.**

When one of our woman customers recently bought five bottles of Harmony Hair Beautifier to give to her friends for Christmas, she started all by herself a mighty big advertising campaign, because not only does each one of the women to whom she gave a bottle of the Beautifier now consider it indispensable for the proper care of the hair, but each of them has been the means of getting several of her friends to use it. As a consequence, if things keep on in this way for a few months longer, we will be selling more of it than of all other hair preparations combined. Sprinkle a little Harmony Hair Beautifier on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of the scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the more than 7,000 Rexall Stores, and in this town only by us. Shultheis Pharmacy—adv.

**Librarian's Report**

For the month of February. The number of books loaned: Adults 572, children 502, total 1075. General average 53%. New readers' cards 28.

Rev. Corkey presented the library a copy of his new book "The Vision of Joy".

**How to Make Good Bread In Cold weather**

EVERY woman likes to be able to make good bread. It is very important that you should have Good Flour--

Order a Sack of Wayne Superlative

Keep sponge in a warm place, also warm your flour thoroughly before mixing into dough. It is strictly necessary to keep dough in a warm place until ready for the oven. Bake about one hour and you should have the best. For extra fine bread put in a little sugar and a lump of lard.

Be Sure to Knead Dough Thoroughly

Major Jim Dahlman is going to try to break into congress from the second district which is made up of the counties of Douglas, Sarpy and Washington.

Now that you have lived a year under a democratic administration, tell us what is wrong with it. Never in the history of the country has so much real legislation for the people been passed in a single year.

Representative Hinbaugh of Illinois propose to make the firms doing inter-state commerce as retail merchant or manufacturer retailing in the different states pay a tax to the general government of one per cent of their sales, this to be returned to the different states in proportion to the volume of business done in the state. In this manner it is thought the different states can in a small measure tax the mail order houses.

President Wilson is a man of peace and he is rightfully standing pat for a peace program. There is no use to murder good men and burn good money on such a worthless bunch as the Mexicans appear to be. When the fellows who have chestnuts in the fire down there are willing to go to the front at their own expense to pull them out is time enough to think of war—but so long as they want to send good men as substitutes to save their dirty dollars, let's don't.

Ex-Senator Bailey of Texas is proposing to prohibit the importation of sugar free of duty by having an injunction issued by the supreme court forbidding its admission to this country without the duty it has long enjoyed. And Bailey claimed to be a democrat representing the great democratic state of Texas in the senate of the United States. Small wonder it is with such people masking as democrats that no laws for the benefit of the people ever passed that body without being killed by amendment.

Brother Murray of the Pender Times complains that the ready print house furnishes him with such inferior print paper that fully two-thirds of his papers for several weeks past have come to the reader torn. There is a remedy. Mark. Just buy a ton of good print and make the paper all at home and quit circulating a lot of free advertising for which you receive no pay. Run a good, all-home print paper six months and then offer your readers a patent substitute of stale news and miscellany and listen at the kick.

## School Notes

Mrs. R. W. Ley and Mrs. Ed Owen were recent visitors.

Newly enrolled pupils this week are Ward Randall in the high school, Jane Randall and Nellie Steel in the eighth grade, Theodore Kay in the third grade and Lorenz Kay in the first grade.

The annual public school entertainment will be given on April 10th. In this program every grade will be represented from the kindergarten to the senior class.

By order of the board of education the schools will be closed on Friday, March 27, giving the teachers that day to attend the North Nebraska Teacher's Association at Norfolk.

"The Touchdown" is the title of the play selected to be given by the Senior class at the close of the school year. Work on the play will begin very soon.

The sophomore class gave the following Nebraska Day program last Friday: Piano solo by Catherine Owens. An important fact about Nebraska by each member of the class, piano solo by Ruth Ingham.

The insurgent Modern Woodmen at Stanton were in control of the camp and sent delegates opposed to the re-election of the present head officers of the order. If the Woodmen is what it claims it is, an organization in which the majority rule the Stanton bunch are clearly within their rights in passing the following resolution:

Resolved, This camp is opposed to the re-election of the present head officers, and the Chicago rates, and favors the election of an insurgent delegate to the state camp.

## Among The Churches of Wayne

German Evangelical Lutheran Church  
(Rev. R. Moehring, Pastor.)

Mass in Wayne Sunday morning at 10:15, followed by catechetical instruction at 11:30.

St. Mary's Catholic Church  
(Rev. William Kearns, Pastor.)

Lenton devotion Friday evening at 7:30.

Methodist Church  
(Rev. C. L. Myers, Pastor.)

A goodly number of young people attended the morning class meeting.

Sunday morning services at 11 o'clock. Sunday school at 10.

After God saves a man from his sinful self, he must work if he would live. Use or lose is not only nature's order, but God's.

The new system introduced in the Sunday school March 1, is working very nicely. Let the teachers see that the record is carefully kept.

Mrs. Claud Ferrell and Pansy Gotschell united with the church Sunday.

The Easter choir is growing nicely.

Don't forget the rehearsals each week on Thursday evening.

Fine time last week at the Brotherhood meeting. Several members were received.

Did you catch the meaning of the pastor in his temperance address Sunday evening?

Next Sunday morning the pastor will preach on his favorite text in Romans. Splendid program by the children last Sunday afternoon. Come again.

First Baptist Church  
(Rev. R. P. Richardson, Pastor.)

The hand of church fellowship was given to two members last Sunday morning. A large audience was present at the evening service.

The pastor is again at Norfolk this week. The Lord is blessing the church at that place in many ways.

Next Sunday we shall have two preachers. In the morning Bro. Clarence Linden will preach. In the evening Bro. Elmer Rogers will conduct the service. These two consecrated young men, deeply in earnest, have messages that each member of the church ought to hear. It will do you good and it will do them good for you to be present morning and evening Sunday. Give them a sympathetic hearing.

Have you moved? Has anyone moved into your neighborhood? If so, you have an opportunity and a duty. The bible tells something good about entertaining strangers.

James tells us that one part of "pure religion," consists in visiting the sick and needy. Let us not be lacking here.

Make it known we have a hearty welcome for strangers and people without a church home.

Springtime means new life and activity in nature. Why should it not also mean a renewal of our own religious lives?

Miss Pearle Hughes will lead the young people's meeting Sunday evening.

Did you meet for prayer last Wednesday? If not you missed a blessing God had for you. Do not carelessly let God's blessing pass away from us.

St. Paul's Lutheran Church  
(Rev. F. E. Blessing, Pastor.)

Sunday school every Sunday morning at 10 o'clock. The teachers of the Sunday school are planning for an Easter entertainment to be given Easter evening.

Regular preaching services every Sunday morning at 11 o'clock. The subject of the sermon for next Sunday morning will be "God, the Fortress of the Faithful" Psalm 56:9. When Nebuchadnezzar, king of Babylon and his host, encamped against Jerusalem, we are told that they built forts against it round about. The forts prepared by Nebuchadnezzar and his men, brought to them confidence, for they knew their strength and thus trusted in them for protection. Just as Nebuchadnezzar of old, so today man is encamped against an enemy, but a mightier one than the one Nebuchadnezzar was encamped against.

Misses Lillian M. Jewell and Elizabeth Bettcher spent part of the day Friday visiting friends at Winside, returning in time to catch the 6:30 train for Bloomfield.

At a business meeting of the Y. M. C. A. last Tuesday evening, the following officers were elected for the year beginning September, 1914: President, Ray Hickman; vice president, H. C. Cooper; treasurer, A. E. Hughes.

The department of physics continues to receive wireless messages from Arlington, Va. Many besides Professor Britell and his class are becoming interested in the subject of wireless transmission.

The most recent convert to the possibilities of the system is George Denninger. Professor Britell could not be in his laboratory last Wednesday at the time the government signals are sent out; but George was there and reports having received two wireless messages. He is not entirely familiar with the code, but interpreted the first to be a distress signal from the Atlantic coast, and the second a message of congratulation from the Sandwich Islands.

Evening service at half past seven.

The subject to be discussed will be "The Reach of Divine Compassion," Luke 23:34.

The Ladies' Aid society will meet at the home of Mrs. Ole Hursted on Thursday, March 5.

Choir rehearsal every Tuesday evening at the parsonage.

Catechetical class will meet at the pastor's study Saturday afternoon at

half past two.

A cordial invitation is extended to all who wish to attend our services.

Presbyterian Church  
(Rev. Alexander Corkey, Pastor.)

"A Nameless Maiden who Has Won World-Wide Fame" will be the subject of the fifth sermon in the series on the

"Women and Girls of the Bible" at the Presbyterian church next Sabbath evening.

In the morning the pastor will preach on "Our Temptations During Lent." There will be an illustrated sermon to the boys and girls on "Two Different Kinds of Boys."

The morning service begins at 10:30, and the evening worship at 7:30. The

Sunday school meets at 12 o'clock, and the C. E. prayer meeting at 6:30.

The Brotherhood of the church has gotten out neat invitation cards inviting the strangers in Wayne over Sunday to come to the church services and

Sunday school. C. Clasen and C. W. Hiscox have been appointed as representatives to visit the hotels and give the invitations to the guests.

The whole Presbyterian church is rejoicing over the remarkable success of its eminent evangelist, Billy Sunday, who recently closed a two months' campaign in Pittsburgh with a record-breaking number of converts numbering between 26,000 and 27,000, and including some of the most prominent business men of the great Iron City of Pennsylvania, and also number of men of state-wide reputation. These religious services conducted by this Presbyterian minister surpass any previous meeting ever held since the day Pentecost, nearly 2000 years ago. They show that the Christian church is only beginning to come into its power and success, and that the church is able to move and save men today in multitudes far exceeding any past successes. Billy Sunday's success also proves that the business men of America, as a general rule, are not so money-crazy and morally depraved as many have asserted in this generation. The right kind of a life appeals to men in America with a power undreamt of in previous Christian history.

State Normal Notes

The next issue of the Goldenrod will be an anniversary number.

Miss Sara J. Killen is enjoying a visit from her brother, J. A. Killen, of Oaks, N. D.

John Riddle of Croighton, foreman on the new building, and brother of Contractor J. P. Riddle, has moved his family to Wayne, and will soon begin the work of wrecking the old college building.

Fred Gildersleeve has dropped his work at the Normal in order to take charge of the school in district number 23.

Prof. E. J. Huntener returned to his work Monday morning after a week's battle with the mumps.

The Normal Male quartet report a good attendance at the concert given at Sholes last Friday evening.

E. J. Simons, student secretary of the Y. M. C. A., spent Monday and Tuesday conferring with the local organization.

Dr. J. R. Gettys of Lincoln, member of the Board of Education, was a visitor in Wayne between trains Tuesday and addressed the students at convocation.

O. D. Whitney of Hartington, brought his daughter to Wayne Monday, and had her enroll for a course at the Normal.

The janitor locked Dean Hahn up in the science hall for a few hours last Tuesday evening. He would have regained his liberty sooner had it not been for a misplaced key.

Misses Lillian M. Jewell and Elizabeth Bettcher spent part of the day Friday visiting friends at Winside, returning in time to catch the 6:30 train for Bloomfield.

At a business meeting of the Y. M. C. A. last Tuesday evening, the following officers were elected for the year beginning September, 1914: President, Ray Hickman; vice president, H. C. Cooper; treasurer, A. E. Hughes.

The department of physics continues to receive wireless messages from Arlington, Va. Many besides Professor Britell and his class are becoming interested in the subject of wireless transmission.

The most recent convert to the possibilities of the system is George Denninger. Prices Reasonable

### To Nominate City Officials

T. B. Heckert, chairman of the last city caucus has called a Citizens Caucus to meet at the city hall at 8 o'clock Friday evening, March 6th, to place in nomination candidates for the following offices:

A mayor, two councilmen from the 1st ward, one each from the 2nd and 3rd wards, city treasurer, city clerk, city engineer and members of the school board. Every citizen should be present.

Dean Hanson shipped six cars of white-faced cattle to Chicago Saturday. They were on the Monday market which was reported good, and judges of cattle who saw them thought they were worthy of a place up toward the top.

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We the proprietors have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

NATIONAL BANK OF COMMERCE, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

### LOCAL AND PERSONAL.

Robert Jones went to Carroll Tuesday.

Sheriff Porter was at Sholes on business Tuesday.

Judge Welch is holding court at Stanton this week.

Dr. A. G. Adams was an Omaha visitor Monday and Tuesday.

Mrs. F. L. Neely left Tuesday to visit at Litchfield, Illinois.

Miss Anna Heenan was down from Carroll Tuesday and Wednesday.

Services and Sunday School at the German Lutheran church next Sunday.

Miss Mamie Kopp went to Winside Monday evening for a short visit with friends.

W. A. Williams and wife leave this week for their new home at Lakeside, Minnesota.

Check C. Moore of Sioux City was a guest at the E. O. Gardner home Tuesday, while at Wayne on business.

Fred Van Norman and family have moved to Heron Lake, Minnesota, near which place he purchased a farm last season.

Mrs. Wm. Morgan and Mrs. Harvey Miner went to Omaha Tuesday afternoon to witness Ben Hur at the theatre there.

Mrs. Peter Elfin returned to her home at Bloomfield Monday evening, following a visit here with her sister, Mrs. Wm. Brummond.

Claud Ferrell of the creamery force was on the sick list last week, and is said to have appendix trouble, which may necessitate an operation soon or late.

Mrs. Wm. Mellor is home from a visit of two or three weeks with home folks at Lexington, Missouri. She says that Nebraska has that country beat for fine winter weather.

John Cheney and wife from Meade, who have been spending a month at Wayne, guests at the home of Dr. A. G. Adams, a brother to the lady, left Tuesday for their home.

As soon as spring weather comes to stay A. P. Gossard will rebuild the barn on the place he has just purchased in south part of town, and will make it over into a modern dairy barn.

John A. Heeren of Carroll was called to Hampton, Illinois, Monday to attend the funeral of a sister at that place. Miss Charlotte Ziegler, his niece accompanied him from this place.

John Liveringhouse is reported quite seriously ill, and his brother from Meadow Grove came the first of the week to visit him. His son, Sam, from the west is also here to see and help care for his father.

Next Monday evening will be the meeting night of the Crucible Club, at the library basement. The program is not yet announced, but the member who fails to attend is pretty sure to miss some good things.

Mrs. Ed. Owen was called to Rushville Monday by a message telling that her mother was seriously ill at that place with no hopes of recovery, and but little prospect that she would survive more than a very short time.

Geo. Brammar and wife went to Sioux City Tuesday to spend a day at the German Lutheran hospital with Mrs. Geo. Wischhof, who went there for an operation last week. According to reports, the lady is slowly improving.

The Democrat is in receipt of a fine line of commencement program samples and hopes to supply schools in this place and nearby towns with as neat and pretty a program as has ever been put out on such an occasion.

John Davidson and wife who have been living on the Sears place, left Tuesday for their new home at Meadow Grove. They were guests at the home of her sister, Mrs. Geo. Timson for a short time while packing and getting the goods started off.

Andrew Lougeng and wife of Neligh came Monday evening to visit at the home of the bride's sister, Mrs. J. H. Vibber. Mr. and Mrs. L. were united in marriage at Omaha last Tuesday, and they are on their wedding trip. The bride, who was Miss Fern Spangler of Neligh, has frequently visited her sister here, and has numerous Wayne acquaintances who will congratulate her upon her marriage. The groom is a wealthy young farmer of Antelope county and is deservedly popular. They will reside on the farm of the groom near Neligh.—adv. m.

Miss Kate Ahern of Carroll was visiting relatives at Wayne Monday.

Thos. Sundahl was looking after business at the county seat the first of the week.

Dr. Mabel Cleveland was at Sioux City over Sunday on professional matters.

Mrs. Myra Briggs came Tuesday from Norfolk to visit at the home of her friend, Mrs. Gertrude Sonner.

John Bannister is moving this week to the Purdue farm southeast of Wayne which he has rented for the season.

Watt Williams and wife went to Carroll Saturday evening to visit relatives prior to their moving to their new home Minnesota.

Messrs. Lambert Roe and Geo. Fortner went to Worthington, Minnesota the first of the week to look after their land interests there.

Carl A. Baker left Monday evening for New Castle, Wyoming, to see what the wild country looks like. He also plans to visit Cheyenne county in this state.

E. Cunningham and wife went to Sioux City Tuesday to take in the automobile show. The wife said it was a sort of honeymoon trip, being the first one they had taken together in years. Both have gone frequently, but seldom together just for pleasure.

H. Cox is on the sick list, being taken last week with a lameness of the leg. When a physician was called he discovered that the bone was infected in some manner and had to be drilled into to remove pus from it. He was in a critical condition, and may possibly have to have the leg amputated.

A. M. Hyatt came up from Onawa, Iowa, last week and spent a day at Crofton, coming here to visit relatives. At Onawa he is in the ice business, and thought that for a time there would be no crop, but when the weather came for making ice he got busy and says that he put up 1600 tons in eight days, having to haul three miles. He had 40 teams on the job.

Norfolk is all puffed up over the fact that they have procured the base ball franchise from Fremont and will enter the state league next season. It is hard to say whether they are most glad because they got it or because Fremont lost it. Be that as it may, Norfolk will no doubt have some good ball games next season, and probably have to dig deep in their pockets to pay the fiddler.

Wm. Wade, who recently purchased a barber shop at Winside, went to his old home at Carson, Iowa, to look after business matters there. He is, like so many who come to this good country, looking for a house so that he may move his family to Winside. The scarcity of houses on this great prairie state to us seems an argument against tariff on lumber. If we can buy building material for less money over the imaginary line which separates us from Canada lets do so and have places in which to live.

Col. Fred Jarvis of Carroll went to Harlan, Iowa, Monday to assist at a pure-bred stock show. While at the station he said that sales had been unusually good this season, having cried about 60 during the fall and winter. At Carroll Saturday they had a good pavilion sale, amounting to \$4,800. Last week he sold seven cows at an average price of \$77.70 and 40 grade gilts made an average of \$28.60. To the Democrat it seems that the new tariff law and the coming change in the currency law has been unable to produce that predicted panic which was to follow on the heels of a democratic administration. With prospect of money being made more available we fail to understand why there should not be better times for the people than for years. There has long been great activity of production and trade in this country, but to us it seems that in the past the money end of the enterprise has exhausted too much for the use of the medium of exchange—it has been allowed to pass too much from the control of government to the control of individuals and great corporations. The credit of the people is good as a rule, and they should not allow the corporations to control it to their profit and to the detriment of the toilers.

One Rub In Time Saves Nine.

Don't wait until your hair is gone but keep all you have if possible. We recommend Meritol Hair Tonic as a reliable preparation for keeping the scalp clean and healthy condition and promoting hair growth. It is a preparation of genuine merit, one we are pleased to guarantee to you. Model Pharmacy, Exclusive Agency.—adv. m.

### Sense of Direction.

The apparently marvelous way in which Indians, Eskimos and other primitive people make their way through forests, snow-covered areas or other regions which have little to indicate direction to white newcomers has led to a widespread belief that they possess a mysterious sixth sense of direction. Vilhjalmur Stefansson, the arctic traveler, who has lived much with Eskimos, is very skeptical about the existence of any superiority of sense of direction among primitive peoples of any kind and gives strong evidence from personal experience that Eskimos have no such superiority. The ability of Indians and others to find their way he attributes solely to their familiarity with the country through which they are traveling. They note many things that they have seen before and that have no significance to the stranger in their land. White men can and do acquire the same ability to find their way when they have learned to know a country. When the land is equally strange to the white man and the Indian or Eskimo the white man, because of his better developed reasoning power, is more likely to have a correct idea of direction than the Eskimo.—Indianapolis News.

### The Literal Mind.

Man is never literal in the expression of his ideas except in matters most trivial. Very often man's words are not a language at all, but merely a vocal gesture of the dumb. They may indicate—but do not express—his thoughts. The more vital his thoughts the more have his words to be explained by the context of his life. Those who seek to know his meaning by the aid of the dictionary only technically reach the house, for they are stopped by the outside wall and find no entrance to the hall. This is the reason why the teachings of our greatest prophets give rise to endless disputes when we try to understand them by following their words and not by realizing them in our own lives. The men who are cursed with the gift of the literal mind are the unfortunate ones who are always busy with their nets and neglect the fishing.—"Sadhana—The Realization of Life," by Rabindranath Tagore.

### Tree Roots.

An article by A. Howard in the Agricultural Journal of India describes the attempts made at the Pusa experimental station to protect field crops from injury by the roots of neighboring trees, by digging a deep trench each year between the trees and the adjacent cultivated area. In the case of some trees this plan proved successful, but not in the case of others, such as the pipal, banyan and teak. When the trenches were opened up it was found that the several roots had become connected again. New roots had been formed at the cut extremity. They had grown across the trench, which was twenty-four to thirty inches wide, and united with the severed portion of the root by a process of natural grafting, followed by a rapid thickening of the connections, which attained a thickness of .8 to 1.1 inches in twelve months.

### Left Her Excuse Home.

One of the chorus girls came upon the stage after the rehearsal had been under way more than a half hour. The manager said, with all the tenderness of a buzz saw:

"Do you know that you are very late? What excuse have you got to offer?"

"I didn't bring it with me," she answered.

"Bring what?" thundered the manager.

"My excuse. I left it at home. You see, I got married yesterday, but I didn't think you wanted to see my husband."

The manager tried to suppress a grin.

"We'll proceed with the rehearsal. Your excuse is sufficient."—Exchange.

### Mosques in England.

There are magnificent Mohammedan mosques in England. Those at Liverpool and Woking are noted for their exquisite appointments, and there is one situated at Bayswater. The doors are gilded in a similar way to those of the world famous Taj Mahal at Agra, built by Shah Jehan. In the east end there is a sacred temple to Al Ahmed, where the faithful meet once a year to go through a curious ceremony in honor of the prophet.—London Spectator.

### Another Course.

Daughter—Yes, I've passed the scholarship examination, but now I must take up psychology, philology, bibliography, history, etc. Doctor—Stop! I've arranged for you a thorough course in roentgenology, histology, dermatology, pathology and general domesticology!—Exchange.

### Brutal Mirth.

Small Boy—I please doctor, will you come and see father at once? Doctor—What is the matter with father? Small Boy—He can't stop laughing, sir. Doctor—Whatever is he laughing at? Small Boy—Mother's caught her tongue in the mangle.—Pearson's Weekly.

### Awful Effects.

Acid Ike—Dey say dat steady dripin' o' water 'll wear away a stone. Dreamy Pete—Les' tink den, wot'd happen t' a man's stomach by pourin' glassfuls later II.

### Strange Bed.

New Boarder—I didn't sleep well last night. Landlady—Strange bed, I presume. New Boarder—Yes; strangest bed I ever slept in!

What we get we must earn if it is to be truly ours.—David Starr Jordan.

Don't Forget The Arrow Shirts and Collars

## Just A Word, Please

On the range question before we proceed to other seasonal advertising.

The results of our Majestic Range exhibit last week were very gratifying.

Scores of interested people called and learned of the many superior qualities of the Majestic Malleable and Charcoal Iron range.

And now LISTEN! We want you to remember that we also carry a very complete line of other ranges that are just as big, just as pretty, and some of them prettier than the Majestic range. Some of them have malleable polished tops, large square ovens, big reservoirs, Wellsville polished steel bodies, high closets etc.; in fact they are just such ranges as some of you want and at prices that will fit your ideas or what you should pay for a good, dependable article that is guaranteed to give you the kind of satisfaction you have a right to expect, and a prices for Steel Ranges varying according to quality, from \$60.00 down to \$38.00.

And for people who do not care to see them before they buy, who are willing to buy from a picture and take our positive guarantee of satisfaction we sell some as low as \$26.00.

Look around—then come and see us. We Will Try to Please You.

**Commissioner Hall Demands Head of Engineer Gerber.**

## HEARING HELD OVER DISPUTE

Pure Seed Tests Keep Force Busy at Lincoln—State Treasurer Reports Balance on Hand—Martin Makes Ruling Upon Inheritance Tax.

Lincoln, March 3.—For some time there has not been harmony on the railway commission between Chairman Clarke and Commissioner Taylor representing the majority and Commissioner Hall, the third member. Conflicts between the majority and the minority by reason of attacks made by Mr. Hall upon the acts of his associates and especially in criticisms of the work of the engineers of the department at last culminated in a showdown, when at the close of a hearing Commissioner Hall made a motion that Mr. Gerber tender his resignation to the commission and that the same be accepted.

Mr. Gerber, in an interview, had been quoted as assailing Mr. Hall and making the charge that it was because of his constant criticisms of the physical valuation engineers that the state had to go to the extra expense of hiring an outside engineer to make a valuation of the York telephone plant, after the engineers had made a report of the valuation of the plant and that he believed it was done for no other purpose than to discredit the work of the commission's engineers.

At the hearing Mr. Gerber admitted that he had said he thought Mr. Hall was responsible for the appointment of Mr. Stone, the outside engineer who valued the York plant, and that he thought that it was done for no other purpose than to discredit the commission engineers by bringing in a lower valuation than that of the department engineers.

Commissioner Clarke's statement before the board that a certain letter had been received from one of the outside experts was challenged by Mr. Hall and reiterated by Mr. Clarke when Mr. Gerber again challenged Mr. Hall's sincerity.

"Mr. Chairman, I make a motion that Mr. Gerber be ordered to hand in his resignation and that this commission accept the same forthwith," said Commissioner Hall.

Mr. Gerber was on his feet at once and announced his refusal to resign.

The matter now is pending on the decision of the two members of the commission.

### Ruling Upon Inheritance.

The proposition of the amount of inheritance tax to be collected has been put up to the attorney general by P. F. O'Hara, county attorney of Cedar county, and Mr. Martin has handed down the following answer:

"You are right in holding that the amount of inheritance tax should be the net amount of the property to which each heir is entitled after the payment of costs of administering the estate. It ought not to be necessary to await final settlement of an estate in order to ascertain, with reasonable certainty, the amount of such costs. You are also right in your second proposition, that the wife right of the surviving spouse is not subject to an inheritance tax."

### Pure Seed Tests Keep Force Busy.

The pure seed department of the food commission is flooded with samples of seed which are being sent in for testing. Although three clerks are kept constantly at work on the incoming samples, the department is hardly slowed under. On account of the new schemes for testing it takes only about six days to test ordinary seed, but in the case of grass seed four weeks are required to see whether the seed will germinate. The department is getting away with from fifteen to twenty tests per day.

### State Treasurer Reports.

The report of State Treasurer George for the month of February shows that there was a balance on hand Jan. 31 of \$763,651.12; that the receipts during the month just past were \$624,435.75; that the disbursements were \$639,881.48, leaving a balance on hand Feb. 28 of \$846,255.41. There is cash on hand, \$8,219.73, and in the deposit fund, \$738,035.68.

**Debate and Settle Trust Question.**  
Edgar, Neb., March 2.—The first interscholastic debate of the season was held here between the Edgar and Clay Center high school teams. The subject was, "Resolved, That the policy of regulating the trusts is preferable to the policy of dissolving them." The decision of the judges was two to one in favor of Edgar, it having the affirmative.

### Message From Maher.

Lincoln, March 2.—Governor Morehead received a letter from Colonel John G. Maher, who is in Mexico, stating that there is great excitement in the locality where he is over the death of Benton. He says it is the general opinion that he was murdered and that an examination of the body will disclose that fact.

### Clarlett on Trial for Murder.

Omaha, March 3.—The trial of Tony Clarlett, who shot Harry E. Nickell during the robbery of Hazel McVeigh's resort on the night of Jan. 15, on a charge of first degree murder, was begun before District Judge English.

### LAWYERS ON ANXIOUS SEAT

Omaha Attorneys Called to Give Testimony Before Grand Jury.

Omaha, March 3.—William Baird, F. A. Brogan and W. A. DeBord, attorneys who have been members of committees appointed by the Omaha Bar association and the district judges to investigate irregularities of practice, were summoned by subpoena before the grand jury.

It was understood that they were asked to testify as part of an extensive investigation of the practice of law in this city, which, it has become known, has been under full headway in the grand jury room for several days.

Rumors that indictments of sensational interest may be returned soon are heard at the court house and a number of attorneys are said to be on the anxious seat as a result of these reports.

### MARTIN O. K.'S PROGRESSIVES

Attorney General Declares They Have Right to Place on Ticket.

Lincoln, March 2.—Candidates for nomination on the Progressive ticket may file for nomination the same as any other party in counties where the Progressive vote was 1 per cent of the total vote of the county at the last election, according to all opinion handed down by Attorney General Martin in response to an inquiry made by the county attorney of Thayer county, whether county nominations could be made when no county ticket was voted for at the last election.

In counties which did not poll 1 per cent of the vote it will be necessary to follow lines prescribed for the formation of a new party.

### BURGLARS BUSY AT OMAHA

Woodmen of World, City National and Brandeis Buildings Visited.

Omaha, March 3.—Getting by the night watchmen, thieves looted the Brandeis, Woodmen of the World and City National bank buildings. In the Standard Oil company's offices in the Brandeis building they secured \$100 in cash and several dollars' worth of stamps. In the Woodmen of the World building they stole \$400. In the City National bank building they got nothing of value.

### Barton Estate Is Divided.

Omaha, March 2.—A squabble over \$1,500 additional compensation asked by Trustee Frank E. Clark of the Guy C. Barton estate, threatened to tip the distribution of the \$3,500,000 worth of securities to their heirs in the district court. Five lawyers, representing three groups of heirs and the two trustees took sides on the question of the additional allowance to Mr. Clark, and for several hours the matter was presented to Judge Sears. The judge allowed the claim and then signed a decree terminating the five years' trust and allowing the distribution of the fund.

### Farmers' Institutes for March.

Lincoln, March 2.—Sixteen farmers' institutes will be held in Nebraska during the month of March, and, in addition to these, two junior short courses will be given under the direction of the state agricultural extension service, of which C. W. Pugsley is superintendent. This will practically conclude the institutes for this year. The season has been particularly favorable for a large attendance at the 178 points where institutes have been held, and the work of the present season will set a new high mark for attendance.

### Boost Mutual Phone Line.

Tecumseh, Neb., March 2.—A meeting of farmers interested in Johnson county was held at the court house.

Reports from committeemen were heard. The men from Elk Creek, Garfield and Cook, announced that they would build mutual lines whether the movement was county-wide or not.

### Brandeis Is Acquitted.

Omaha, March 2.—After a trial lasting four weeks, the jury in the suit of Mrs. Nelle Paul for \$250,000 damages against Arthur D. Brandeis, whom she charged with contributing to the delinquency of her son, Clarence Risley, returned a verdict for the defendant.

### T. J. Butler Is Dead.

Table Rock, Neb., March 2.—Word has reached here of the death at his home at Red Cloud of T. J. Butler, a pioneer of Pawnee county, who settled in this county almost half a century since.

He was a veteran of the civil war and was seventy years old.

### Gruenthal Named for Collector.

Washington, March 2.—Senator Hitchcock formally presented to Secretary of the Treasury McAdoo the name of Chris Gruenthal of Columbus for collector of internal revenue for the state of Nebraska.

### Sale of Fremont Club Ratified.

Hastings, Neb., March 3.—The sale of Fremont's franchise in the state league to Norfolk was ratified.

Messages were received by President C. J. Miles from all the clubs approving the sale.

### Duval Files for Rail Commissioner.

Beatrice, Neb., March 3.—H. L. Duval, a Rock Island conductor, running between Beatrice and Horton, Kan., filed for railroad commissioner on the Republican ticket.

### Killed by Train.

Blair, Neb., March 2.—George Keppert, aged twenty-two years and a resident of Long Pine, was instantly killed by a freight train on the Omaha road near DeSoto.

### Clarett on Trial for Murder.

Omaha, March 3.—The trial of Tony Clarett, who shot Harry E. Nickell during the robbery of Hazel McVeigh's resort on the night of Jan. 15, on a charge of first degree murder, was begun before District Judge English.

### CONDENSED NEWS

Sir John Tenniel, famous British cartoonist, passed away in London.

Two Americans have been captured and carried off by Armenian brigands.

New York District Attorney Whitman will seek a retrial of the Becker case.

Former President Taft took luncheon at the White House with President Wilson.

Fire destroyed the Henry Detmier piano factory in Chicago, causing a loss of \$50,000.

A coroner's jury at Aurora, Ill., held Anthony Petras for the murder of Theresa Hollander.

The Dr. Mawson Antarctic exploring party was brought to Adelaide, Australia, by a rescue ship.

Edwin Pullen won the fifth international grand prize race over forty-eight laps, or 402 miles, of the Santa Monica (Cal.) course.

King George of England as a baseball fan, saw the Chicago White Sox defeat the New York Giants in an eleven inning game, 5 to 4.

Vice President Harris of the New York Central declared the railroads would welcome federal inspection and regulation of security issues.

Income-tax tables filed at the internal-revenue office showed that one Chicagoan will pay taxes on a yearly income estimated at nearly \$1,000,000.

Five sons of Mrs. Cynthia Buffum, on trial at Little Valley, N. Y., charged with murdering her husband by poison, testified to save their mother from the death chair.

The remarriage by a person who had been divorced on the ground of infidelity is sought to be made a felony by a bill introduced in the New York legislature.

In a local option election Bloomington (Ind.) gave a dry majority of 183. One hundred Indiana university students voted, and eight were arrested for voting illegally.

A "flying squadron" will travel about the country, spending about three days in whirlwind campaigns in each of the largest cities for the advancement of national prohibition.

Railroad communication between Lisbon, Portugal, and the Spanish frontier has been completely cut off by the striking railway men, who belong to the revolutionary section of the Socialist party.

Putnam Griswold, American basso and member of the Metropolitan Opera company, died in a private sanatorium at New York. He was operated on for appendicitis on Feb. 10. Complications developed. Mr. Griswold was born in Minneapolis in 1876.

The coroner's jury which investigated the death of Mrs. Laura Wilder Simpson at Lexington, Ky., returned the verdict that "she came to her death in manner unknown, but we agree it was not suicide."

Advertising commissions to be composed of advertisers which will pass upon the honesty of the assertions in advertising copy before it is published were urged at the fourteenth annual meeting of the Association of American Advertisers at Chicago.

Bitter criticism of the Rock Island railway and its financial operations was raised in the house by Representative Green of Iowa, speaking in support of his resolution to authorize the interstate commerce commission to make an investigation of that road.

George Washington's wish that a University of the United States be established in the District of Columbia may be fulfilled. A bill introduced by Senator Dillingham provides a university of the highest possible instruction in the sciences, arts, and letters, and to promote research.

After painting the first Lincoln highway sign on a street post in San Francisco, H. C. Fredrickson, consultant for the highway, left with a party of pioneers in a path-finding automobile to blaze the highway through California, painting poles as they go.

Twelve men were killed and eight others fatally injured in an explosion which destroyed an extensive aniline dye factory in Rummelsburg, a suburb of Berlin. There were 400 employees in the building at the time of the explosion, which was heard all over Berlin.

The interior department received the first payments for power rentals under the form of power permits recently granted by Secretary Lane. They were in the form of two checks from water power companies in Nevada and Montana aggregating more than \$400.

Revocable paroles for fifty convicts were signed by Governor Colquitt of Texas, and with their departure from the Huntsville penitentiary the state inaugurated an experiment in the management of prisoners without guards and a profit-sharing plan for their work on public roads.

Employees of the American Steel and Wire company in Kittanning and Leechburg, Pa., where the company has large plants, were notified to withdraw at once from fraternal organizations that conduct clubs. Officials declared that the sale of liquor in such clubs impaired the efficiency of working forces in the mills.

Charges of irregularities and misconduct against Justice Daniel Newell Wright of the District of Columbia supreme court, who sentenced Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, to jail for contempt, were made with President Wilson by Wade H. Cooper, president of two Washington savings banks.

Up-To-Date Stationery — The Democrat Prints It

## LOCAL AND PERSONAL.

Mrs. L. A. Franske returned this morning from a visit with home folks at Sioux City.

Miss Laura Post, who has been visiting at the home of her sister, Mrs. R. P. Redman, left for her home at Omaha this morning.

You can ill afford to be negligent of your teeth when we sell a big package of Rexall Pearl Tooth Powder at 25 cents. Shultheis Pharmacy.—adv.

Fred Robson and Frank Landanger, who came here from Red Oak, Iowa, last week to assist Herbert Robson through with his goods from that place and help him get settled here, returned home this morning.

This evening the Lodge of Owls will establish a nest here. A team of the order's members will be here from Sioux City to confer the work. The meeting will be held in the hall over the implement store in the Jones building.

Paul Mines left Wednesday afternoon for Peoria, Illinois, where he will become a student of watch making at a school at that place which makes that branch of education its exclusive work. The young man is no doubt well advanced in the work, having assisted his father here more or less for several years.

L. P. Walker and family are again establishing a home here. Since their typhoid fever siege last summer they have not been keeping house—Mrs. Walker and the children staying with her parents near Hartington. They returned this week and have moved to the house vacated by Mrs. Wm. Church in the north part of town.

Henry W. Hollman was here from West Point the first of the week looking after his farm northeast of Wayne and greeting a few of his many friends. He reports all well with himself and family.

Chris. Sohren and family from Kansas are moving to his farm this spring. Mr. S. arrived here from Kansas several weeks ago.

The son of John Reegs and wife, a lad about nine years of age, fell while playing on the walks here the first of the week and struck on some sharp object which cut a gash on his nose between the eyes which required two or three stitches to close. He punctured a small artery and had a little intermitting fountain of blood playing for a time.

Friday evening the Pythian Knights of this county are planning a great time at Winside, when the lodge at that place will celebrate the golden anniversary of the founding of the order. The first lodge of the order was instituted in Washington, D. C., February 19, 1864. The lodge is now 50 years old, and it right and proper to properly celebrate the event.

Jack Liveringhouse and wife came Wednesday from Des Moines, Iowa, called here by the serious illness of his father of whose recovery there is small hope.

A face bottle applied directly to the spot instantly relieves earache, tooth-ache and neuralgia.

Let us show you a good one.

Shultheis Pharmacy.—adv.

P. Walling and family have moved to Wynot where he has the position of manager of the local telephone business. They have been spending the winter here.

J. G. Bergt, one of the firm of Bergt & Panning of Altona, was here Wednesday on his way to Sioux City to mingle with the gay throng at the automobile show.

Mr. and Mrs. H. Grovijohn of Carroll were visitors at Sioux City Wednesday. They are planning to move to the west coast shortly on account of his health.

Chris Schinstock, the horse buyer, will be in Wayne on Saturday, March 7th, and will buy all your horses—good, bad or indifferent, if they are fat and good hair.

Automobile Public:

We have purchased the Laase Garage and are now ready to serve you. We have a line of Accessories, Gasoline, Oils, Etc. Free Air. Repair Work. Auto Livery. We solicit a share of your patronage.

...Puffett & Renneker...

WAYNE

R. A. McEachen returned Wednesday evening from several days sojourn at Omaha.

B. J. Hoyle and wife of Laurel were guests at the home of V. A. Senter and wife Sunday.

Don't forget the caucus Friday evening. School directors are to be nominated also at this gathering.

Wm. Davis of Blenco, Iowa, has been spending several days this week at Wayne, the guest of his brother, A. R. Davis. He plans to return home today.

Miss Elsie Piper of the Normal will tell stories to the children at the library Saturday afternoon. All of the little folks are welcome—and they enjoy it too.

Dr. T. T. Jones, county physician, was at Sholes Wednesday and quarantined the home of D. S. Grant, where there is a case of smallpox of the mild type.

Amiel Rakow, who purchased the John-Kate residence property last fall, was here Thursday from Martinsburg. He is planning to move here this spring, we are informed. G. Keoppe from the same place came with him to greet a few of his numerous friends in this place. They are both among the early settlers in Northeast Nebraska.

May Stewart and her company of artists conclude a two-night engagement at the opera house here this evening presenting that ever popular play "Romeo & Juliet". This play is called by many Shakespeare's master piece and no one need fear that it will not be well represented by this company. Those present last evening are free with their praise of the company.

O. C. Lewis and wife of Carroll

came Wednesday to take possession of their new home in Wayne. A number of their friends and neighbors hooked up and brought a load down so that the agony was all over in one short day. Mr. and Mrs. Lewis are citizens of the class who are welcome to any community. Fred Blair and wife, who have been living in the house which Mr. Lewis purchased, have secured rooms with Mrs. Beckenhauer until they can do better which will doubtless be when they have a new residence completed this fall—if present plans carry through.

The Brotherhood of the M. E. church held an interesting meeting Tuesday evening. The president, Dr. Blair, appointed ten of the members to take apart in the novel program, and each one of the ten was assigned a cabinet office about which he was to tell—of its object, the duties of the member and a short sketch of the present members of the cabinet. It is a program full of information of an interesting and vital matter.

One of the members who had no part in the program said it was the most interesting and instructive meeting of the Brotherhood he had attended.

### Social Notes

On Tuesday afternoon Mrs. Ray Reynolds entertained a party of ladies at Kensington, where all passed a social hour. This was one of a series of parties mentioned last week. Mrs. James Miller is entertaining at cards this afternoon, another gathering of the same series of social gatherings.

Members of the Minerva club were royally entertained by Mrs. E. W. Huse Monday evening. Mrs. Fortner was leader. Mrs. Lackey gave a reading. Choice refreshment were served while the members were entertained by music by Miss Teich. The next meeting will be with Mrs. Hunter.

A party of the many friends of Claus Russman united and met at his home in this city Friday evening to assist him in celebrating his 58th birthday. After an evening spent in a social way and enjoying choice refreshments the guests departed at a late hour with wishes that he might enjoy many another birthday anniversary.

At the meeting of the P. E. O. at the J. E. Hufford home the first of the week an interesting time was had with the discussion of current events. Mrs. J. W. Jones was elected president, and also with Mrs. Dr. Blair, delegate to the state meeting. The alternates to state meeting were Mrs. C. A. Chace and Mrs. S. R. Theobald.

Union Bible Circle met Tuesday afternoon at the home of Mrs. Lambert Roe. There was a good attendance considering so much sickness. Mrs. Rev. Meyers led the lesson which proved to be a help to all present. Next Tuesday the meeting will be at the home of Mrs. Wells. The lesson will be the "Lawful Use of the Sabbath," Luke 13:1-17, 14:1-6. A cordial invitation is extended to all ladies to come and enjoy the lesson.

## YOU'LL BE INTERESTED IN THESE NEW THINGS FOR SPRING

By the last of this week we hope to have on sale enough of our recent purchases to keep you interested for some time and, of course, we'll be glad to spend any amount of time showing the new goods.

We already have in stock and on sale some of the fabrics usually in the greatest demand at this time of year. Among these are the ginghams, percales, etc., and you will find our values all satisfactory.

## Amortizing Mortgages.

The following article from Carlson's Rural Review treats of farm credits, a question which is now coming rapidly to the front as one of the pending issues, and as it is a question but little understood, this clear and concise statement will let a vast lot of light on the subject into the minds of the people. Thus it seems as though such a system should be employed for county and municipal improvements and give the people a chance to get from under a perpetual burden of debt. Mr. Carlson says:

Many inquiries have been received relative to the above subject. From these inquiries it appears that very few men have a clear understanding of this plan of paying farm mortgages.

If one has a correct understanding of the meaning of the term, it will be easier to understand the meaning of the plan. We borrow the word from the French infinitive, amortir, meaning to extinguish. The amortization plan of borrowing money, and extinguishing the debt is to pay the interest and a small part of the principal every year until the debt is extinguished. There are many so-called amortization money, but the true amortization plan provides for a certain payment every year until the debt is extinguished. A debt of \$1,000 with interest at five per cent, and a three per cent payment on principal will be extinguished in 20 years by paying \$80 a year. If the interest rate is six per cent and three per cent can be paid annually on principal, by paying \$90 a year the debt will be extinguished in 19 years. A five-three per cent payment will work out as follows, if we can make a payment of even \$80 each year but the last when the payment will be \$88.

On first year the interest payment would be \$50, and the principal \$30 and the ratio gradually changes until the last year when the interest payment is but about \$4, and the principal about \$76, making the total interest payment \$608, the principal \$1000 and the total to pay \$1608 in the 20 years.

By paying a few cents more than the \$80 the payments will be the same throughout the term. To find the amount of payment to be made when the rate is the same on other sums multiply the sum by each of the above items. If the interest rate was six per cent and three per cent of principal be paid every year the debt will be extinguished in 19 years. The same per cent of principal being paid in all cases the higher the interest rate the quicker the debt will be extinguished while the lower the interest rate of a payment being equal to the sum of the two rates.

If \$80 be paid annually in all cases on a debt of \$1,000 the lower the interest rate the quicker the debt will be extinguished while the higher the interest rate the longer it will take.

If the payment be made a few cents less than the \$90 it will be the same each year for the 19 years.

There is more in the amortization plan than appears at first thought. While the payment is little more than the usual interest payment, at the expiration of a few years, the full debt will be extinguished. It is the only plan of borrowing money and extinguishing the debt ever employed in any country, that gives to the borrower the benefits of compound interest rates. It is compound interest in an inverse ratio. To pay three per cent of a debt every year on the basis of simple interest will require 33 1/3 years to cancel the debt, but on the amortization plan if the interest rate be five per cent paying three per cent of the debt annually will extinguish the debt in 20 years; a gain of 13 1/3 years to the borrower.

If laws are to be enacted which will make it possible to borrow money for buying farms and improving them on the amortization plan, one provision should be insisted on by farmers, the one that will make optional with the borrower, the cancellation of the debt at any time. It would be neither fair to the borrower nor good for the country, if long time debts were to be placed against the farms of the country, with no provision making it possible for the borrower to pay the debt at any time they might be fortunate enough to have the money. Even in cases where notes are given for payments, including interest, a clause may be inserted by virtue of which the borrower may discount his own notes at any time.

When the amortization plan of loaning money on farms, is made part of a banking or general loan system, the bank or company making the loans, negotiating the bonds instead of the mortgages, as now done by our mortgages and loan companies. In this way the buyer of such securities has for his security a lien on many farms, instead of the mortgage covering a single

farm as now. In several countries banks are permitted to loan to the extent of 60 per cent of the value of the farm, and then they may issue bonds to the extent of 80 or 90 per cent of the value of the mortgages. This gives the buyer a high-class security, one that sells readily though drawing only a low interest rate, which in turn helps the farm borrower by reason of the lower rate made possible by the system.

A Berlin chauffeur named Paul Kugelmann found £6,500 in notes and gold in his taxicab. No one came forward to claim the money, and the chauffeur, setting aside temptation, reported the matter to the police. This huge sum remained, according to German law, in the police's keeping for a year, after which the finder could claim the fruits of his good fortune. But when Paul Kugelmann presented his claim he was told that various other claims would have to be settled first. Since the money had been found in Berlin, the Berlin municipality was to receive £1,500. Because the absent-minded fare-hailed the chauffeur in the suburb of Wilmersdorf, the Wilmersdorf municipality claimed another £1,500. The municipality of Charlottenburg, not to be outdone, demanded a similar sum, as Kugelmann lived within its limits.

And while the disgusted chauffeur was reckoning up the balance his employer came forward and asserted that the whole £6,500 belonged to him, because the automobile in which it had been found was his property.—London Answers.

## You Can't Earn Money When You're Laid Up.

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn out, no matter what the cause is, to take some time just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much toward saving your health and thus help you to save your money as Rexall Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or by habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and the Hypophosphites long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine—a real strength that we are proud to tell about. You don't need to hesitate in using it, because if it doesn't do all we say it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall Stores, and in this town only by us. \$1.00.—Shultheis Pharmacy, Wayne, Nebr.

adv.

## In Sunny California

S. W. Elder and wife have a letter from their son who is at Burbank, a little place a few miles northwest of Los Angeles which tells of the floods which have visited the land of sunshine and geraniums. His letter tells that on the place adjoining them the changing of the bed of a stream took 10 acres of walnut orchard from the owner, leaving him but six rows of trees. Had those six rows gone their place would have been next in line. They went to look for the barn only to make the discovery that it and 50 tons of hay had disappeared entirely. Then they thought it would be a good thing to do a little irrigating, and went to the site of their 20 horse power gasoline engine—but it was gone, concrete base and all, nor could they find any clue of it—just washed away. We seldom hear of worse than that here in Nebraska where the boomers do not pretend to suppress all of the features of the country which are not the best.

Where They Live.

George Meade has moved on the farm lately occupied by J. W. Thomas, two miles north of town and J. W. Thomas has moved to a farm near Carroll. Pete Omen has rented and moved to the farm lately occupied by William Beard, Mr. Beard having moved to Van Tassel, Wyo. Bert Omen will farm the Amos Laase farm. Fred Bright will milk the cows and raise the chickens on the Tidrick farm that Bert Omen left, three miles southeast of town. George Guenther from Wayne will farm the place that George Meade left. Ed. Hilman from near Pilger has moved to the Fred Theis farm that John Davies lately vacated to move to town. Martin Christofferson has moved to the Jay Wilson farm five miles west of town.—Winside Tribune.

A great majority of persons afflicted with eczema have another ailment, which is accepted as proof that eczema is purely a skin disease. Merritol Eczema Remedy is recommended especially for eczema and diseases of the skin. If you are afflicted with this terrible disease we ask you to use this remedy on our guarantee.—Model Pharmacy, Agents.—adv. m

## Compound Division.

A Berlin chauffeur named Paul Kugelmann found £6,500 in notes and gold in his taxicab. No one came forward to claim the money, and the chauffeur, setting aside temptation, reported the matter to the police.

This huge sum remained, according to German law, in the police's keeping for a year, after which the finder could claim the fruits of his good fortune. But when Paul Kugelmann presented his claim he was told that various other claims would have to be settled first.

Since the money had been found in Berlin, the Berlin municipality was to receive £1,500.

Because the absent-minded fare-hailed the chauffeur in the suburb of Wilmersdorf, the Wilmersdorf municipality claimed another £1,500.

The most wonderful remedy

## OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away,  
Relieves Backache and Bladder  
Disorders After A Few Doses Are Taken

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, overcomes all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter

from the blood and drive it out of the system.

It matters not how old you are, how long you have suffered. Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies.

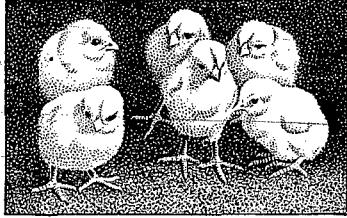

It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases.

You can obtain an original pack-

age of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.

Old papers for sale at this office.

Seven dollars a bushel for clover seed ought to be enough to make the landlord, his tenant, and the very farm itself smile. Yes, and later on horses, cattle, sheep and hogs will smile as they browse the pasture or consume the hay that is "good for what ails 'em."

A prize Jersey bull valued at thousands of dollars, owned by a well-known breeder at Sidnaw, Mich., is kept in a docile and civilized frame of mind by being hitched to a five foot snow plow and set to the job of cleaning the walks of his home town after every considerable fall of snow. Juba's Emianon, for that is his name, seems to enjoy the job, and the folks of the town are saved the job of shoveling their walks.

Wisconsin now has in operation a law that ought to be in force in every state in the Union. It provides that upon the payment of \$5 any farmer may have the soils of his farm examined chemically by the state college department of soils. Of course the individual farmer is supposed to keep close tab on the crops as they grow on different soils and to select and grow crops that will be best suited to different soils.

Two-thirds of the bad eggs on the markets of the country are said to get started on their downward way before they leave the farm as a result of carelessness in gathering and handling. Here would seem to be a reform that egg producers ought to take hold of first hand. It isn't necessary to elect Brother So-and-so to the legislature to give this reform a boost, for every farmer and poultry keeper is a law unto himself.

A few days ago the awards were made in the Minnesota boys and girls' acre yield corn growing contest. Lynn Harrison of Excelsior, Minn., won first prize of \$200 while Miss Grace Ryther of Stewartville, Minn., showed a lively pair of heels to a good many lads and won a prize of \$50. These two young people got profit, training and instruction from growing these prize acres of corn, and life will mean the more to them because of their achievement.

A Missouri paper recently closed an interesting contest. A year ago it offered four substantial prizes to the farmers' wives among its list of subscribers who would at the end of the year make the best showing in the way of cash returns from the sale of butter and milk, poultry and eggs.

The winner of the first prize sold \$1,497 worth of these products, while the three other winners sold respectively \$1,023, \$1,019 and \$915 worth of goods. Milk and its products were the chief sources of income.

The members of the Menominee (Mich.) Commercial club certainly showed a becoming recognition of the vital connection between the dairy business and community prosperity when they placed a certain sum in the banks of their home towns to be loaned to the farmers of the neighborhood for the sole purpose of buying dairy cows and registered bulls. If these loans are made to farmers who understand the care of dairy cows and the rearing of calves the investment should be of a type that will benefit everybody concerned.

The writer is of the opinion that in not a few instances lack of thriftiness with house plants during the winter months is due to the simple fact that they do not get the water they need for their proper development. A small amount of water may moisten the upper soil, yet fail to reach the lower two-thirds of the pot. A feature that aggravates the condition noted is the extreme dryness of the air in so many living rooms. This may be largely overcome by keeping a dish with water in it on the heater. To offset the drawback first mentioned—insufficient watering—it is well to set the flower pots in shallow dishes of water and let them "drink up" as much water as the soil will hold.

Chemical analyses lately made at the North Dakota experiment station show that a bushel of flax takes as much fertility from the soil as two bushels of wheat. It was also found that at the prices paid for crops in the period from 1900 to 1908 a dollar's worth of flax contained 42 cents' worth of fertilizers. From the standpoint of feeding value, it was found that flax straw was worth much more than wheat or oat straw, it being about mid-way between these and clover hay. Owing to the fact that the flax plant contains prussic acid in minute quantities, it was found wise to begin feeding the flax or flax products in small amounts for the purpose of detecting any bad effects upon stock.

It is a mighty serious as well as deplorable case of getting the cart before the horse when orderliness in the home—including freedom from dust and dirt—is made of greater importance than the comfort, peace of mind and enjoyment of the members of the household. The writer has mighty little patience with slovenly housekeeping, which is due to slothfulness and carelessness rather than to actual lack of time and strength, and he has just as little sympathy with the other extreme wherein a molecule of dust or a mite of disorder is magnified into a mountain of trouble and where everybody about is made to feel uncomfortable because of its existence. There be women not a few who worship cleanliness and order as completely as do heathen women images of stone, and essentially they are just as benighted, but don't have so much excuse for their idolatry.

#### TRIED GRAINS FOR NORTHWEST.

Experiments which have been conducted during the past ten years at the South Dakota experiment station under the direction of the United States department of agriculture have resulted in the following recommendations as to best varieties of wheat, oats and barley to grow in the Dakotas and adjoining territory: Wheat—Kubanka durum, Haynes bluestem, Red Fife and Fife. Oats—Swedish Select and Sixty Day. Barley—for the eastern district, Manchuria and Odessa; for the central district, Hamchien, and for the western, Gatami and Marient. The department names as the main requirements for crop improvement and increased production, better varieties, better seed, better rotations, better soil treatment, better tillage and cultivation and more favorable economic conditions. Farmers desiring the details of the experiments and suggestions above referred to may secure them without charge by making application to the division of publications, United States department of agriculture, Washington, D. C., for the bulletin, "Experiments With Wheat, Oats and Barley In South Dakota."
