

The Nebraska Democrat

ESTABLISHED 1884

WAYNE, WAYNE COUNTY, NEBRASKA, SEPTEMBER 2, 1915

\$1.50 PER YEAR

ELECTROLIER CONTRACT LET

At Meeting of City Council 47 Electrolier Posts Were Ordered For Business District, To Be Installed Soon

All members of the city council were present Tuesday evening when new bids were opened for poles and electrolier lights for the business section of the city. The bids were opened as presented by the following concerns:

King Foundry Co., St. Joe.
Johnson Electric Co., Omaha.
Fremont Foundry & Machine Co., Fremont.

The Koremeyer Co., Lincoln.
Western Electric Co., Omaha.
The McGraw Co., Sioux City.

After reading the bids and considering the desirability of the offer of each it was moved, seconded and carried that the bid of Johnson Electric Co., Omaha, be accepted and that the Mayor and Clerk enter into a contract with the Johnson Electric Co., to furnish and install 47 5-light electroliers complete, with 12 and 16 inch globes, 40 and 60 Mazda lamps and connected with Austin safety cable and so connected that the four bottom lights may be cut off and the top light left burning, for the sum of \$3138.00.

Death of Albert Anson

Albert Anson, well known in this county, where he made his home for many years, died Monday, August 30th at the age of 77 years, at the home of a niece at Springfield, Nebraska, where he was visiting when stricken with paralysis August 14th. Four sons and a daughter, Nathan, Ira, Charles, Verne and Nellie survive him.

The body is expected to arrive here this evening and a funeral service will be held Friday forenoon and the body laid away beside that of his wife in the Wayne cemetery. Mr. Anson was for more than three years in the service of this county in the days of the Civil war, serving in the 29th Iowa, enlisting at Dubuque, in the spring of 1862, and receiving his discharge in August, 1865. At his request the funeral services will be in charge of his G. A. R. comrades and from the Methodist church.

School Opens Monday

The Wayne city schools will open Monday at nine o'clock sharp, and it is the expressed desire of Superintendent O. R. Bowen that every pupil be present on time the opening morning. It means much to the pupils and teachers to have all get an even start.

The superintendent has called a meeting of the teachers at the school house for 3 o'clock Saturday afternoon to see that all are in readiness for the year work. Pupils, patrons and teachers working in harmony with a spirit of true co-operation will mean much to the community during the school year. Let's all do our part.

Bargain in Wayne Residence

I will sell at a sacrifice price, if taken soon, my residence located one block north and one block east of the Methodist church, convenient to State Normal. Nine room house, having city water, electric lights, large filtered cistern. Good barn for team or auto. Lot and a half, 75x150 feet. Everything in good repair. Liberal terms.

This property is worth investigating by any one wanting a Wayne residence, and at the price placed on it, it will not long remain unsold. Inquire of MRS. M. A. PRYOR, Wayne, Nebraska.—adv. 33-3.

Feeding the German Army

There is always more than one way to accomplish an end. The mails to Germany are comparatively free, and knowing that, Wayne people are taking advantage of the fact to employ the parcel post to send a consignment of summer sausage from here direct to Germany. Beyond a doubt it will both look and taste good to the friends to whom it goes.

A Successful Institute Closes

Friday evening the most of the visiting teachers who had spent the week at the institute left for their homes or to go to their schools. One of the social features of the week, and perhaps the only purely social function in a week of good work, was Thursday evening, following the gathering at the Crystal where all members of the institute were entertained, was when the 100 or more teachers gathered into groups and repaired to the three drug stores and the bakery and spent a social hour with ice cream for the center of attraction.

At the Crystal, in addition to the regular program, Frank C. Pellett of Atlantic, Iowa, a naturalist who had been engaged to teach agriculture to the teachers during the week, told of our "Backdoor Neighbors," at the same time giving the audience a glimpse of them as he told of each. He was handicapped in his talk for a time, for his screens were not the "movie" kind and the heat of the light for the regular movie was too intense to permit his slide to remain long before it, hence he had to make a rapid-fire talk, and omit much which he had hoped to tell of the bugs that destroy farm crops, and the birds and other things which eat them.

Nearly 15 per cent of the farm crops of this country is destroyed by insects and rodents. His views gave a picture of many of them. They were taken from life in nearly every case by Mr. Pellett, who has a place near his home reserved especially for the protection of the birds and small animals that make their home in this part of the middle west, and here he has spent many busy hours studying their habits—finding out what they live on and how they get it. The farmer who could hear his talk would be very loth to drive from his place many of the birds and beasts which have often been killed or run off. The quail are worth more at large on a place than on the table on toast, desirable as they may be in that form. The common screech owl is a fortune saver about a barn or granary. The woodpecker does more for you than make a noise with his bill. The kingfisher, orchard oriole, American redbird yellow breasted chat, northern flicker and many others are all that saves us from starving in the course of a few years. The catbird, blue jay and crow, while not the most pleasant songsters and not without objectionable habits, are of great benefit to the farmer, gardener and horticulturist. His week work here should bear much good fruit.

L. T. Skinner, assistant in charge of the boy's and girl's clubs, from Lincoln spoke to the teachers Tuesday along her line of clubs to increase the interest in farm life and the profits from farm work. Ex-Supt. Miller of Cedar county was also one of the visitors during the week, who always has a helpful idea to present.

The Democrat this week asks that the readers give careful attention to the advertisements. They are worthy of your consideration—the men who are asking your patronage have something to offer which they consider worth your while to consider before you buy. It invariably is true that the business house that advertises is the safest one to go to, because by their advertising invitation they invite you to consider them a competitor for your patronage, and expect to so treat you that you will come again, else they could not afford to pay to invite you to come.

Miss Elsie Warnock started this morning to begin her second year of school work at Albuquerque, New Mexico, where she is teaching in the high school. She says that the pupils there are a mixed lot and that there are Indians, Mexicans, Spanish, Negro and American students, and by the time they reach the high school the students of one race appear as bright and good students as those of another.

Mrs. Kneedy and daughter, Mrs. E. Taylor, from Griswold, Iowa, are here visiting friends and old neighbors. They are guests at the home of Mr. and Mrs. C. A. Grotz. Wm. Benschhof and wife, who are here from California, were their neighbors in Iowa when neighbors did not always live close together.

Local Crop Conditions

The past week has not been a good one to gather statistics, yet it is at a season of the year when there should be lots of reports from the threshing machines. But it has not been until the last few days that threshing seems to have begun in earnest, and since then most people who have threshers are too busy to be seen. Oat reports where obtainable have been from 40 to 50 bushels per acre, while the wheat reports do not appear to come in. So far we have heard of no large yields of wheat, and the crop has as a rule been rather disappointing.

Corn continues to advance rapidly toward maturity, but there is no denying the fact that it depends upon the weather for the next 30 days whether the crop is large and sound or large and soft. There is lots of it coming on, and every day of weather like Wednesday, when it was warm and dry with a good breeze, adds to the hopeful view of the prospect.

Alfalfa is coming on fine, and much of the third cutting is done or ready for the mow. Pastures are in prime condition and all manner of roughness is bound to be abundant. Clover sown last spring is a big crop and much of it might be mowed with a good yield of hay if that were desired. Cane is a bumper crop wherever planted, but there is none put out here for the molasses, that we know of, but it is yielding a heavy crop of fodder.

Sunday night all were trembling, for the temperature went down to the frost line, and white frost was reported in the low places on roofs and boards, and one man, Mr. Andresen from northwest of town, finding ice in his hog trough that morning. But so far as we can learn nothing in this part of the state was even nipped by frost. Thermometers registered as low as 35 here.

Near Mason City, Iowa, frost was reported over quite a territory, and the mercury was as low as 30 degrees. No frosts were reported from either of the Dakotas that we have seen.

Co. G Wins Honors at Camp

Company G of the 4th regiment of Nebraska National Guards won honors in the encampment recently held at Fremont, according to the reports which come to the members of the company who reside at Wayne. About one-third of the company roster are Wayne men, so we can feel a pride in the position won by the men in competition with the other companies of the regiment. In outpost work the company was given first place, and the inspecting officer, a regular army man, pronounced it as good as he had seen in eight years of inspection. Because of their high markings G has been designated as the company to carry the colors of the regiment and they will also be the leading company in the second battalion.

It fell to the lot of this company to furnish the officer of the day and the officer of the guard on the opening day of the encampment, and to Sergt. Pile was assigned the position of officer of the guard for the first 24 hours in camp.

Members of the company here are to be given instructions in target practice sometime during the next fortnight, when Col. Eberly is to come to Wayne with complete equipment and a rifle range will be located and fixed for this practice, when a test will determine how effective the men might be if called out on the firing line.

The Cradle

PERKINS—Monday, August 30, to E. C. Perkins and wife a 9½ pound boy.

LAUMAN—Thursday, August 26, 1915, to John Lauman and wife, a son.

RATH—Thursday, August 26, 1915, to Henry Rath and wife, a son.

HARDER—Wednesday, September 1, 1915, to Wm. Harder and wife, a daughter.

GRANQUIST—Tuesday, August 31, 1915, to Anton Granquist and wife, a son. This little one lived but a few hours.

The W. C. T. U. will meet with Mrs. Wm. House tomorrow afternoon. There will be an election of officers and a full attendance of the members is desired.

AUGUST RAINFALL AT WAYNE

August Rainfall but Normal at Wayne. Record Shows But Slight Increase Over the 1914 Precipitation

When the reporter went to the State Bank weather chart to read the rainfall for the month just ending, he was surprised to find that with all of our "wet weather" but 2.09 inches of water had been sent us during the 31 days of August, 1915. In August, 1914, the same chart showed a fall of 1.93 inches. But the two July's were very different, with the July 1914 rainfall but 2.04 inches, and 1915, 7.29 inches, which made August this year seem very wet.

The August rainfall was distributed on the following dates and amounts: August 1, .05; 2, .05; 12, .47; 15, .10; 16, .10; 17, .90; 26, .12; 30, .30. Total 2.09.

We venture the assertion that not one man in ten if asked today for the comparative figures would say that the August last past had twice the rainfall of that the year before. It is our lack of a good memory and facts which makes us say this was the wettest time I ever knew; or I never before remember of it being so dry.

Wayne has been especially favored this season in escaping with comparatively little rain while some near-by places have been almost swamped. Winside had three deluges which overflowed the streets, the park and the railroad tracks. Norfolk had numerous big rains which were light here. Pilger had a flood. Bloomfield also suffered early in the season.

Opening of Normal Training School

All pupils who wish to attend the State Normal Training School this year should meet Dean Hahn, Monday, September 6, at 9 o'clock, in the west room of the "old chapel". At that time pupils will be enrolled and classes will be organized for the first semester, although regular class work does not begin until a week later, September 13. The kindergarten and the first six grades will all be represented. A Junior High School will be organized that will eventually consist of grades VII, VIII, IX and X, but this year only grades VII and IX will be provided for. In each of these grades the enrollment will be limited to fifteen. It is important, therefore, to report Monday morning that pupils may know whether to go to the training school or to the public schools. Tuition in the IXth grade is free to any eighth grade graduate in the county. If for any reason it will be impossible for any one to be present Monday morning, he should report to Dean Hahn some time this week and get his name placed on the list. The old chapel building has been remodeled and will be known as the Training School. All grades, including the kindergarten, will be in this building.

Wayne county is to be represented at the state fair, we are told, by at least two fine bunches of hogs—not the human kind—but Duroc Jersey, and we doubt if in any section of the state nature does more for domestic animals than right in this part of the state. Good and abundant water, a soil which produces the best of grasses and grains, where climatic conditions are almost perfect for the hog, horse, cattle, sheep and poultry, of all kinds. But we almost forget in telling of the conditions which produce to say that V. L. Dayton and Wm. Morgan are planning to exhibit at Lincoln, and will send a car of stock between them. Mr. Morgan will fit about 15 of his porkers for prize winners, and Mr. Dayton will send a few less of swine, but will include in his exhibit a couple of Holstein bulls. One of these is tipping the scale at 1665 pounds at the age of 28 months, and he has a calf seven months of age and weighs an even 100 pounds for each month of his age—or 700. Of their fine points as individuals we cannot judge, but that will be for the experts to decide. But win or not the exhibit or at a state fair helps to put the name of his town and county on the map in the head of the thousands who view the exhibit. It is publicity of a good kind.

Vern Fisher was at Sioux City Friday.

Social Notes

One of the happy social events of the week was a family picnic Friday at the home of Mr. and Mrs. A. J. Hyatt in the north part of the city. It being the birthday of Mrs. Henry Bohnsack, a niece, who with her father, J. P. Cooper, is visiting here, the event was in honor of that lady. A magnificent picnic dinner was served, each family bringing a well-filled basket, so that when all were fully satisfied there still remained a plenty of good things to eat. Thirty-four of the merry-makers were reported, and when the roll was called the following besides the host and hostess answered "present": J. P. Cooper and daughter from Blue Grass, Iowa; Wm. Benschhof and wife from California; Perry Benschhof from Van Tassel, Wyoming; Curt Benschhof and family from Carroll; Archie Lindsay and wife, Art Auker and family, Ed Lindsay and family, Robert Perrin and wife, Bert Hyatt and family and Fred Benschhof and family of Wayne and vicinity. Any one who is acquainted with this family flock knows without being told that they had a splendid time.

Tuesday evening a score of young people who have been associated together here for the past few years met at the home of Mr. and Mrs. C. E. Sprague and spent a pleasant evening. After a social hour was passed refreshments were served, and each plate contained a small blank book. These books were later used as autograph books, being passed among those present until each little book contained the name of all of those present, to be kept as a souvenir of the occasion, for it is possible that this party may not all again be together, as several of them are now preparing to leave Wayne.

The Y. P. S. C. E. and the Westminster Guild of the Wayne Presbyterian church will entertain at the church parlors on the Friday after the college year opens, the students of the college. This will be two weeks from this coming Friday evening. All young folks of the church and congregation will take part in this event.

One of the social lodge events of the season was the happy hour or two spent by the members of the Eastern Star Monday evening following the admission of two candidates to that order. Coffee, sandwiches and salad were served, as soon as the coffee was ripe.

The U. N. S. club met Wednesday afternoon with Miss Effie Rohwer. At the close of the business session original stories and poems were read, then an hour was passed at games. The next meeting will be at the home of Miss Katherine Strickland.

How about your subscription.

Council Proceedings

At the meeting of the city council August 24th the following companies bid to furnish coal for the city for the remainder of the fiscal year, and the contract was awarded to the Central Coke and Coal Co., of Omaha, and the Sheridan Coal Co., of Omaha, at \$1.80 the ton at the mine for a good grade of soft coal, similar to that now used, if not the same. This price is five cents the ton below the price of last season. Bidders were:

The Sheridan Coal Co., Omaha.
Consolidated Fuel Co., Fremont.
Central Coal & Coke Co., Omaha.
E. B. Carrigan Co., Omaha.
Rutledge & Taylor Co., Omaha.
National Supply Co., Lincoln.
Carbon Coal & Supply Co., Omaha.

The following claims were examined and allowed and warrants drawn:

Light Fund:
Western Electric Co., street hoods, etc., \$41.41.
R. A. Clark, \$7.65.
Sunderland Machine and Supply Co., boiler flues, \$25.50.
J. M. Cherry, freight, \$9.08.
Sunderland Machine and Supply Co., waste, \$15.02.
John Harmer, salary, \$65.00.
Gust Newman, salary, \$65.00.
Ed Murrill, salary, \$90.00.

General Fund:
J. M. Cherry, Freight and Express, \$8.00.

Duncan Electric Co., Meters, \$86.40.
W. A. Hiscox, \$56.65.
Fire Department, Nichols fire, \$17.50.
Fire Department, Strahan fire, \$25.50.
Sangamo Electric Co., repairs, \$3.00.

Poulson & Fortner, \$5.50.
H. O. Hampson, repairs, \$4.00.
Gaertner & Beckenhauer, \$84.70.
Wayne Herald, printing, \$26.55.
Walter Miller, salary, \$70.00.
Chas. Barham, labor, \$17.50.
Frank Peterson, labor, \$79.55.
Chas. Barham, labor, \$23.75.
C. L. Miller, salary, \$80.00.
Art Norton, painting, \$50.00.
On motion the claim of J. W. Nichols repairing sewer was rejected.

Report of boiler inspector was read.

On motion the bond of Mrs. Eva Davies, librarian, was approved.

Parcel Post Insurance Drops

Postmaster Berry informs us that the insurance rate for parcel post shipments are lowered. The new rates are 3c for values under \$5; 5c from \$5 to \$25; 10c from \$25 to \$50 and 25c from \$50 to \$100. This last is a new rate, the fifty dollar value formerly being the highest insured.

Mr. and Mrs. L. L. Way and Dr. Tobias were visitors at Sioux City Wednesday.

What's Your Tailor?

Dress Up Boys! Change Clothes With The Year

What's Your Tailor?

Autumn is clothing nature in new patterns and new colors. The cool green of summer is being laid off for the rich gold and red of fall. Change clothes with the year. My new autumn woollens--2000 of them--are ready for your inspection. New Tartan plaids, Glen Urquharts, King and Shepherds, or club checks, basket weaves, novelty mixtures, nifty stripes, Scotch Tweeds and a wonderful assortment of shades, colors and tone effects.

My fall suits—which are guaranteed to fit you, or you don't need to take them—cost no more than many readymades. You'll really be surprised at the quality of my suits at \$16.50, \$20.00 and \$25.00. **BE FAIR TO YOURSELF AND INVESTIGATE.** I'll be glad to show you whether you buy or not.

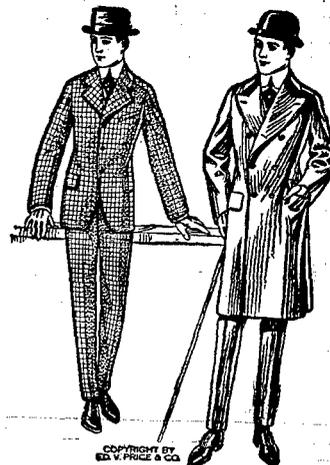

You'll find here the newest "trimmings" to go with your suit. My showing of Fall Hats, Caps, Shirts, Neckwear and Sweaters will interest you.

Miss Belle Temple is home from her visit in the west.

Dr. E. S. Blair was a passenger to Sioux City Saturday.

When you can't get it anywhere else, ask Carhart's.—adv.

Mrs. Harry Robinson was a visitor at Sioux City Saturday.

Mr. and Mrs. Bev. Strahan went to Crystal lake for a short stay last week.

Get our prices anyhow, then buy where you please. Carhart's Hardware.—adv.

Dr. F. O. White went to Council Bluffs, Iowa, Saturday to spend Sunday with home folks.

Mrs. F. H. Everham left Friday to visit a short time at the home of her sister, Mrs. E. A. Williams, near Allen.

We save you half the freight on any hardware sold by any catalogue house, same terms. Carhart's Hardware.—adv.

School begins at Wayne next Monday, and a week later the normal will open. Most of the country schools will also begin the 6th.

Miss Millie B. Milligan, from Tarrytown, New York, came Friday to visit at the home of W. A. K. Neely and wife, her uncle and aunt.

Mrs. F. S. Berry went to visit home folks at Sioux City Saturday, and if the weather permitted planned to take in the old settler picnic at Dakota City that day.

The York chautauqua, an independent organization, got in bad with the weather clerk this season and fell behind. The association now has a total indebtedness of about \$1,000.

For electric lamps, see Carhart's.—adv.

Mrs. S. Fox went to Sholes Saturday to visit a daughter.

Mrs. John Gustafson spent Saturday and Sunday at Sioux City.

W. H. Root of Sholes was a Wayne visitor last week, coming here on a business mission.

Ed Murrell went to visit home folks at Council Bluffs, Iowa, Saturday, and his wife went to see her folks at Bloomfield the same day.

Mr. and Mrs. E. B. Young drove to Concord Friday afternoon to aid in organizing a Junior Bible Circle. Miss Florence Gardner accompanied them.

Mrs. Mary J. Bannister went to Tilden Saturday to visit a son living there, and after a few weeks there she plans to go to visit at Gordon.

Mr. and Mrs. O. C. Lewis left Friday to make a visit of uncertain duration at the home of their daughter, Mrs. C. H. Leebrick at McDonald, Kansas.

No matter what kind of a stove you have or where you bought it, we can get you the repairs promptly. Better see about it now. Carhart's Hardware.—adv.

Geo. Damon and wife from Council Bluffs, former Wayne residents, were visiting friends here last week, guests at the home of Mr. and Mrs. H. S. Ringland.

The home of Chas. Ohlen of Hoskins was struck by a bolt of lightning early Saturday morning and two rooms pretty badly wrecked, but no one was injured by the shock.

Mrs. J. M. Bovee from Craig was here last Friday visiting at the home of Mr. and Mrs. A. P. Gosard, and also with relatives at Carroll. She returned home Saturday. She visited at the home of Mrs. Hancock at Carroll.

Knox county had 160 teachers in institute last week.

See the new Brascolite light fixtures at Carhart's.—adv.

Miss Alta Leonard from Sioux City was here last week visiting at the home of her uncle and aunt, Chas. McConnell and wife. When she returned home Saturday her cousin, Miss Lucile McConnell, accompanied her, and remained for a visit.

Last week Frank Baker had the threshers come and flail out a piece of oats for him while it was too wet for threshing at the next neighbors' and a 25 acre field yielded 1,250 bushels, or 50 per acre. He has another field which he estimates at 40 bushels per acre.

This talk that the Germans would not support Bryan must be a mistake, for we notice that a stalwart German farmer near Kingman, Kansas, after hearing the ex-secretary's speech embraced and kissed him while 3,000 people cheered the performance.

At Blair the city authorities and the light and power company which has been supplying the place with light agreed to disagree and the place is in darkness as the city cannot agree with the company. Bonds to the amount of \$35,000 have been voted to buy the plant or install a municipal plant, and now there is trouble.

Miss Caroline E. Stringer returned to Omaha Friday following a visit at the home of her brother George, and with a few friends here. Miss Stringer has for a number of years past been at the head of one of the special departments of the Omaha High School, and returned to be ready for the work of the next school year.

The Democrat has been wondering what has sidetracked the good move proposed two or three months ago to designate and mark an official auto road from Wisner on the Elkhorn to Yankton, on the Missouri? There is considerable through travel between these points and Wisner, Wayne, Laurel, Coleridge, Hartington and other places along the best road should act in the matter, for once a route is selected, the road marked and worked, it will soon become the main thoroughfare between the intermediate points.

Burret Wright was a visitor at Sioux City Monday.

For Perfection Oil Heating Stoves see Carhart's.—adv.

Mrs. N. Williamson returned Sunday from her visit in the west.

Warren Shultheis returned the first of the week from a visit in South Dakota.

To cut your own stove pipe, get a tinner's snips for ten cents at Carhart's.—adv.

Wm. Baumgardner and wife, accompanied by Miss Mary Dohner, were visitors at Sioux City Monday.

Supt. O. R. Bowen is at Dakota City this week as instructor at the county institute being held at that place.

Mrs. Young and her sister, Miss Elizabeth Gildersleeve, went to Lyons Sunday evening to visit relatives and friends.

Mrs. Ed Swanberg and son from near Hartington came Saturday evening to visit at the home of her parents, Frank Weber and wife.

Wm. Piepenstock left Monday afternoon for Chicago and Milwaukee where he will look after business matters, and doubtless make some big purchases for his Wayne harness factory.

Mr. and Mrs. John Nydahl started to Colorado Springs, Monday, planning to remain there or at some other health resort for an indefinite time, according to whether or not Mrs. Nydahl's health is benefited.

Don't buy a furnace from a picture. See the real furnace at Carhart's.—adv.

Simon Goeman and wife went to Omaha Friday, taking their son "Bob" with them for examination by a specialist. The little fellow has been afflicted with a partial paralysis for a few weeks and it is relief from this condition that they are looking.

F. M. Griffith went to Gregory, South Dakota, Saturday where he has land, and they have sent for him to come and help look after the crop, which is said to be so large that they need a manager to look after the care and marketing of it. Reports agree that the Rosebud land is the garden spot of South Dakota this year.

Robert and Addie Stambaugh left Friday morning to visit at the home of their brother, M. B. Stambaugh at Tacoma, Washington. They plan to be absent about a month and take a real rest and visit, and are not planning many side trips, nor do they expect to visit the expositions. It is their first visit west and they will beyond doubt find show enough without going to the expositions.

Our pocket knife business has doubled in the last six months. Wonder why? Come see for yourself and wonder no longer. Carhart's Hardware.—adv.

Mrs. M. T. McInerney is visiting at Leigh this week.

Mrs. C. J. Nuss and son went to Randolph Monday for a short visit.

For Sale—Two or three good, second-hand heating stoves. Carhart's Hardware.—adv.

Mrs. Geo. Hess and daughter, Bonnie, returned Sunday from a visit at O'Neill and Battle Creek.

Prof. and Mrs. Hickman returned Monday from a visit of several months at the home of their son at Colome, South Dakota.

Miss Vernie Moseman returned to her home at Oakland Monday following a visit at the home of her cousin, Mrs. T. C. Farrell.

Phil Burress of Carroll was a visitor at Omaha the first of the week. Naturally he went out to the yards to look at the cattle coming in, whether or not he bought any.

Miss Ruth Marshall of Arlington was a guest at the home of Mrs. Geo. Crossland last week before going to her school work, having engaged to teach near Sholes. She began work Monday.

C. J. O'Hara and wife, who have been visiting friends at Carroll, left Monday for their home at Denver.

See our line of bath room fittings, the most complete ever shown in Wayne. Carhart Hardware.—adv.

Miss Edith Beechel went to Fairfax, South Dakota, Monday to visit home folks a few days before her work again commences at the normal.

Miss Janet Garlough, who teaches the kindergarten here, returned Saturday evening from a visit of five or six weeks with home folks at Des Moines, Iowa.

Misses Elsie and Fern Philban went to Bloomfield Monday for a well-earned vacation before school begins. They have been faithful home helpers since school closed.

John Shannon is home from one of his trips to the western part of the state, and says that crop conditions there for the farmer are the best he has ever seen. They are harvesting a bumper crop of small grain. Mr. S. bought 600 head of cattle for future delivery.

FOR SALE

At low price and favorable terms, a modern house—small—on a large well located lot, between college and the business district. The owner,

Dr. S. A. Lutgen

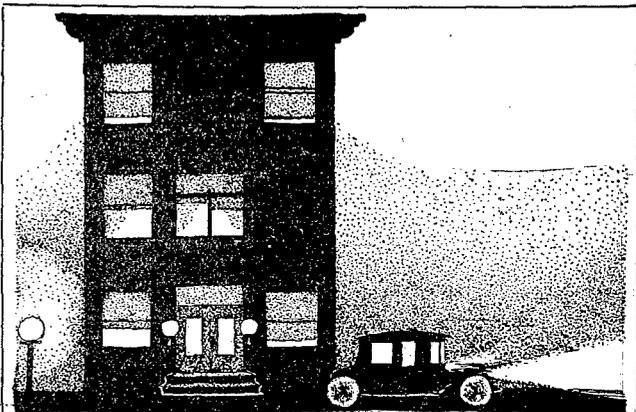

Will show you and tell you all about it, gladly.

Frank Whitney and family returned to their Wayne home Friday, and Mr. Whitney again returns to his work at the Herald office. He has been with the Savidge carnival for three months and the family was at Omaha during that time.

Hayes Main returned Friday from Culver, Indiana, where he has been attending college, having finished the course he planned to take there. LeRoy Owen, who went there for the summer school stopped for a week with relatives and friends at Chicago, and Fritz Mildner is visiting his brother at Charter Oak, Iowa, before coming home. Hayes will attend the Wayne normal the coming year.

Our business is several thousands of dollars greater this year than it was this time last year, and we presume that is the reason the "knocker" is out with his "Jew" story. Carhart's Hardware.—adv.

When you buy Wayne Superlative flour, you are purchasing OLD WHEAT FLOUR.
Weber Brothers, Wayne.—adv.

WHEN A Room In Your House Goes Dark, You Know Why. WHEN A Part Of Your Body Goes Wrong, I Know Why.

The principle is the same. If a person would try to light the dark rooms by making more electricity instead of turning on the switch, you would call him crazy.

Yet that is what most people do with their bodies. They take drugs and do everything to try and make a part of their body do its duty when it is really cut off from the source of supplies.

Pressure on the nerve caused by subluxated vertebra (bone) of the spinal column will injure an organ just as pushing a button of an electric switch will put out the light.

Examination Free.

Airedale Terriers For Sale

Whelped May, 1915, eligible to registration. Address Dr. J. E. Bloomingdale, Nebraska City, Neb. adv. -35-2.

An Unsafe System

For one hundred years the English government has declared that gold must be the only standard by which the money of nations is to be measured, and that the English pound sterling, with a fixed English value of \$4.98, must be the standard for exchange in the money marts of the world.

But something has happened. The yellow gold pound of England is quoted today in the money centers at only \$4.64.

Why? Has the weight of gold in the English pound been decreased? No.

Then why should the gold-standard pound be worth less today than it was worth one year ago? While aware that such questions as these are extremely annoying to our friends who aided the English government in compelling our own government to adopt the gold standard, still The Telegram regards the questions as proper.

But lest some Anglo-maniac should begin to froth at the mouth because of apprehension that we are going to start a discussion on the money question, let us hasten to announce that such is not our intention. We simply ask these perplexing questions for the purpose of suggesting that perhaps the day may come in which the American republic will rue the hour when it permitted the English government to dictate our financial policy.

Today, in the mighty strength of plenty and peace, the American dollar is worth one hundred cents, while a dollar of England's money, backed up by just as much pure gold as our own dollar, is discounted in the money marts of the world.

Some day the jingoes may force our republic into a mighty war with a powerful antagonist, and then it will be our turn, as it is England's, to turn now to wish that the nation had adopted a monetary system which would be as serviceable in times of trouble as in times of peace.—Columbus telegram.

John Made It Go

Don't advertise if you believe you are wasting money. Let your competitor waste his money on advertising, and perhaps in this way you will "put him out of business"! Fix his clocks for him! Just stand back and laugh at him when you see him squandering his money for ink! Once there was a boy named John, we believe his last name was Wanamaker, or maybe it was Moneymaker, anyhow his name was John, with some sort of a maker attached to his last name. He owned fifty yards of calico, three pair of jean pants, half a dozen pair of home made socks and five pair of boots. He called this a dry goods store through a Philadelphia paper and offered to sell a pair of socks for 39 cents. The didn't believe-in-advertising merchant made fun of him. Young John spent \$65 with the Philadelphia Ledger to advertise just one time and less than \$100 worth of goods. He was cautioned by the merchant who "knew it didn't pay!" It was through sympathy, they said "for his poor mother that they offered him advice". But John didn't listen to them, and went and blew his money foolishly and today poor John sees the result of his misdoings—he has so many large dry-goods stores that he can barely find time to study his Sunday school lesson.

The Land of By-and-By

There is a land, as I've heard tell, where nothing's ever done; the people who therein do dwell, no work have yet begun. "Tomorrow" is the watchword there, and "pretty soon" the cry the name of this unpleasant land—the Land of By-and-By.

Procrastination there is King; he rules with a high hand, but makes no laws or anything to benefit the land. The lessons they are never learned—no use to question why; the chores are left unfinished in the Land of By-and-By.

And if you put things off and say you'll do them pretty soon, and shirk your tasks from day to day, perhaps some afternoon, they'll take you to this bad land—no friend will heed your cry—and there is no Tomorrow in the Land of By-and-By.

A Big Day at Altona

The first day of the week was a great day at Altona, where a large number of people gathered for a picnic. There was speaking and music and things to eat. A game of ball was played in the afternoon between Altona and LaPorte in which the former won by a score of 16 to 4. There was some good foot racing, and a bit of dancing at night. Wayne, Wisner, Winside, Pilger and much of the farm country tributary to Altona were represented in the crowd.

PUBLIC SALE Of Real Estate

In order to close the estate of Anna A. Johnson, deceased, we will sell at public auction on the premises, on

Tuesday, Sept. 28

At 1 p. m., the following described real estate, being 320 acres, the east one-half of section 7, township 27, range 4, situated six miles north and one mile east of Wayne, seat of Nebraska State Normal, and three miles south of Concord, in Dixon county.

DESCRIPTION OF PROPERTY

The main improvements consist of a house with fourteen rooms; barn 45x48, capable of housing twenty head of horses; tool house 16x20; chicken house 24x18; two hog houses, one 50x16, one 20x24; large cattle shed; two machine sheds; double corn crib; one corn crib 10x32; also several other small buildings.

There is an excellent well on this place, with windmill, tanks and supply tank in connection. The orchard consists of bearing fruit trees of all kinds. Nearby the orchard is a vineyard. A good grove affords protection and plenty of wood. Land fenced and cross fenced with barb and hog wire.

This land lies with a north slope, and has always grown big crops, and is considered one of northeast Nebraska's best farms. This sale affords an opportunity for men of limited means to acquire a quarter section apiece, for the land will be sold in a body or divided in half to suit purchasers.

Terms:-- \$3,000 to be paid down on date of sale on the 320 acres, or \$1,500 down on each quarter; balance over and above a loan of \$12,000, running at five and one-half per cent, and due October 23, 1923, will be payable March 1st, 1916.

For further description of the property or explanation of the terms, apply to the undersigned at the Citizens' National Bank, Wayne, Nebr.

H. C. HENNY,
H. B. JONES,
E. & D. H. CUNNINGHAM, Auctioneers.

Obituary—Jorgen Pedersen

(Contributed)

Mr. Jorgen Pedersen was born in Denmark July 19, 1833, and came to this country in the year of 1904 and settled down in Carroll, Nebraska until the death of his wife Mrs. Carrie Marie Pedersen, who died four years ago. Ever since then he has made his home among his children until his death which occurred Tuesday night, August 10, 1915, at the home of his daughter, Mrs. James Nelson at the age of 83 years and 22 days. He is survived by eleven children, Mr. Anton Jorgensen of Hay Springs, Neb., Mrs. James Nelson of Wayne, Neb., Mrs. Chris Christofferson of Skagen, Denmark, Mrs. Chris Christensen of Bushnell, Neb., Mrs. Chris Sorensen of Dallas, South Dakota, Mrs. James Nelson of Wayne, Neb., Mrs. Lars Larson of Carroll, Neb., Mr. Peter Jorgensen of Bazile Mills, Knox county, Mr. Chris Pedersen of Valentine, Neb., Mr. John C. Pedersen of Winside, Neb., Mr. Marius Jorgensen of Carroll, Neb., Mr. Dan Jorgensen of Winside, Neb., and fifty-four grand children and twenty-one great grandchildren. There were some of his children who could not be present to follow him to his resting place in the Carroll cemetery.

For Their Neighbors

The hardest housekeeping in the world is the housekeeping that people do for their neighbors. Half the troubles we have are caused by worrying about what people think. What difference does it make what they think, anyway? No one can live his own life and two or three other people's lives besides. What's the use of setting up housekeeping on the roof or on the outside walls for the benefit of the neighbors. You would rightly be judged insane if you suggested anything of the kind, and that is practically what half the people do. They can't do this because the neighbors would talk, and they can't do that because the neighbors wonder if they could not afford to do something else. They may not say it in so many words, but they mean it, and it is simply a great big vacuum in some of our natures where moral courage ought to be. Half the sting of poverty or small means is gone when one keeps house for himself and not for his neighbors.

See the Democrat for wedding invitations.

Hogs	6.00
Fat Cattle	\$6.50 @ \$8.75

Judge L. A. Sutton of Omaha is asking the republicans to nominate him for governor. That will be good for Sutton as far as it goes, but if the democratic administration of state affairs can promise a continuance of the excellent service they are giving that will be as far as it will go for Mr. Sutton.

According to the Nebraska experts it takes five cents worth of corn to make a pound of pork, counting feed alone, with corn at 60 cents a bushel. Then is the time to study the matter of furnishing oil meal, cold pressed cottonseed meal, or kankage to save feeding an excess of corn to get a little protein.—Pierce County Leader.

In a special edition of the Pierce County Leader, Editor Bachause makes a fine showing of Pierce and Pierce County in sixteen pages addition to the regular weekly edition last week. A perusal of the excellent descriptive matter and the well printed illustrations gives one a better impression of the true condition of things in our neighbor county. The circulation of this production should be worth much to the citizens of Pierce.

The Plainview News is lamenting the fact that the occupation tax at that place is so high that the Savage carnival will not come there this fall, now the editor is wanting to know why the chautauqua should not pay an occupation tax as well as the carnival. We believe that unless the chautauqua is a home institution they might properly be subjected to the same tax as other amusement enterprises run for profit—and the circuit chautauqua has become largely a commercial enterprise of late so far as the stock companies are concerned. They try to frame up a contract by which they are sure not to lose, and if anything is made the local organization is sure not to get a look in. The Democrat favors the independent plan.

The diplomacy of the United States and determination to avoid war with honor is not only growing in popular favor with the people of this country, but it is receiving attention from the warring nations of Europe. Germany has greatly changed her attitude toward this country, according to the most dependable information now at hand, and practically disavows the acts of her subsea craft in its last exploit against ships carrying the passengers of neutral countries. England too has modified her order-in-council to which we entered vigorous protest, so as to permit shipment from neutral ports German or Austrian goods contracted for before the order. Assurance of this has been given the state department.

Good Service and Good Leather

.. THAT is what I put into a shoe when I repair it—I also put it in promptly, so that your shoe is ready for your wear at the time promised.—It is worth considerable, this time saving just when you need a shoe repaired, and it is also worth much to have the work properly done, giving the shoe a new lease of life.

This is what I have bought the most modern shoe repair machinery for, to give you real service and give it promptly, to save you valuable time.

Here you get quality in stock, thorough work quickly done.

C. PETERSEN,

At the Modern Shoe Repair Shop next to Lewis harness shop on Main Street.

If this government shall continue to demand her rights, and only her plain rights, as a right, she will win and win with honor without the disgrace of war, and all of the hell it produces. To do this will be a greater victory and more impressive object lesson of the utter failure of war as a means of obtaining rights than the greatest victory of conflict ever won. Let us all uphold the hands of the president in a conflict of the greatest importance of all generations of which history tells us. Peace and justice.

If any one think that this land of ours, governed under conditions that have long existed in this country is all that it should be, let him read the following extracts from a report made to congress by a commission appointed to investigate condition, then stop and study as to what he can and should do to bring about a better state of affairs of state:

That all our sympathy and energy should not be used in worry over foreign problems is evidenced by the need of improvement at home as shown by a report to congress prepared by Basil Manley, the principal of which are as follows:

Labor conditions in this country are such that immigrants come only from the more impoverished countries of Europe, such as Italy, Russia, Austria-Hungary and the Balkan nations.

Two per cent of the people own 60 per cent of the national wealth. Sixty-five per cent own less than five per cent.

There are 44 families with incomes equal to the wages of 100,000 working men.

Farm tenantry is increasing and consequently landlordism is also.

Half of the wage earning fathers get but \$500 a year.

Two-thirds of adult male workers get less than \$15 a week.

Half of the women workers get less than \$6 a week.

In basic industries, workers are unemployed one-fifth of the time.

Three or more persons occupy every sleeping room in 37 per cent of the workers' homes.

Thirty-seven per cent of wives and mothers of working men are forced to work to help out family income.

Babies of the poor die three times as fast as those of the rich.

Nearly 20 per cent of the school children are underfed and undernourished.

Poverty prevents two-thirds of the school children from going through the grammar school.

Presbyterian Church

(Rev. S. Xenophon Cross, Pastor)

Christian Edenavors Notice!

There will be a Campfire Social in Bressler's Grove Friday, September 3, at 7:30. All members and those who contemplate becoming members will meet at the church at seven o'clock and walk out together. Everybody boost for a good time.

The Y. P. S. C. E. and the Westminster Guild will entertain at the church parlors on the Friday after the college year opens, the students of the college. This will be two weeks from this coming Friday evening. All young folks of the church and congregation will take part in this event.

The Woman's Home and Foreign Missionary society will meet with Mrs. A. R. Davis on the afternoon of Thursday, September 9th. The roll call will be answered with verses from Habakkuk II. Mrs. Clasen will speak about the work in Africa and Mrs. Forbes will discuss, "The Country Community".

Church going is a means of grace, and divinely appointed. It is helpful and restful. A fine investment of your time. It develops the best powers of the man. But! how easily neglected. Absence from next Sabbath's services will make it easy to stay away the next week.

The slightest irregularity in attendance will work serious havoc with a good habit. Then we reach for an excuse. We shall find a plenty, but no good ones. Most excuses analyzed mean simply, "I don't wish to". If you will attend church regularly one quarter, you will want to go. Try the remedy. Begin next Sabbath. We shall look for you. In the morning the sermon will be on the subject, "The Privilege of the Strong". There will be an address in the evening on, "Helpfulness of the Higher Manhood". Boost the Sunday evening service. Bring a friend with you.

Weather Report

For Plains States and Upper Mississippi Valley: Higher temperatures. Wednesday will be followed by a moderate fall about Friday and by seasonable temperature thereafter. The weather will be generally fair.

Master Elmer Owen is entertaining a party of his young friends at the Ed Owen home this afternoon.

LOCAL NEWS

Geo. Lamberson shipped out a car each of oats and wheat this week.

C. T. Norton is moving to Madelia, Minn., where he has a farm, shipping a load of his belongings Wednesday.

Clyde Oman and Geo. Laberson and wives left by auto this morning for Atkinson to try for some chickens before they get wild.

The Odd Fellows are planning to hold a picnic at the Bressler Grove just north of Wayne, Sunday afternoon, meeting at 1:30 with full dinner baskets.

Four cars of hogs from Wayne joined the excursion to Sioux City Ray Robinson and A. M. Jacobs each shipping one and Strahan & Gamble two cars.

Mrs. John Moler left the first of the week for an extended visit with relatives and friends at her old home in this state and in the Rosebud country, planning to be away several weeks.

Grandma Roberts is quite ill at the home of Mrs. Bruner, where she came from a visit a short time ago, expecting to go to her own home next door, when she was taken seriously ill.

Mrs. Nettie Conover, who returned from Rochester, Minn., about six weeks ago after undergoing several operations there, returned to that place the first of the week for examination and consultation.

The Fremont papers contain the announcement that Mrs. Aldula Dickey is to file a petition in the courts of Madison county for divorce from her husband, John W. Dickey. Both are actors and were wed in Redfield, S. D., last November. He is the son of English parents and a British subject, and joined the Canadian troops and has but recently gone to the front, and writes her that she had better secure a divorce, in a rather cold-blooded manner. Mrs. Dickey is better known to Wayne people as Miss St. John.

Well, Cistern and Pump Work

We are now prepared to give prompt service in digging and finishing cisterns or wells and also repair all kinds of pumps. If in need call us, phone Red 192. Merriman & Bonawitz.—adv. 15tf.

College Hill Lots For Sale

Lots 29, 30, 31 blk 21, Col. Hill Add. to Wayne. Look them over and make best cash offer to Lock box 42, Oakdale, Neb.—adv.—30tf.

Britell Makes Good at Schuyler

Professor I. H. Britell was one of the instructors in the Colfax county institute. In a letter from Superintendent Voglitzer to President Conn he has this to say of his work:

"This is to thank you for recommending Professor Britell to me. He made good with us. I do not hear nor read anything else but words of praise of him and his work here."

The Wasting of Public Funds

(By Congressman Clyde H. Tavenner)

Why has the war department been paying the ring \$17.50 for a 3 inch common shrapnel when it can manufacture and is manufacturing the identical article at Frankford for \$7.94? Seventeen dollar and fifty cents is more than twice \$7.94. The government could manufacture two shrapnels for the price it has been paying the

New Dress Goods For Fall

In Their First Showing

You must not miss this opportunity to view the newest fall weaves and patterns we are now displaying. This advance showing of the fabrics women will be wearing during the coming season is unusually interesting; a veritable style show. In beauty and variety of patterns and materials, the manufacturers have outdone themselves this year.

Plan for your Fall apparel needs now, and make your selections while our showing is complete. Pronounced popularity is assured satin surfaced materials, charmeuse, crepe meteor, serges, gabardines, poplins, checks and mannish materials and mixtures.

Advance Fashion Showing of Coats, Coats, Coats

With these new arrivals of Fall Coats, the pile of fabric garments will be a big factor this season. The present vogue are the Utility Coats, Novelty Coats, and Sport Coats, sleeves favoring the set-in type, though some regular types are shown, with the crush stock and convertible collars.

There is a wide variety of fabrics, patterns and designs for you to choose from at prices to suit your purse, coats at \$7.00 to \$25.00.

The Store of Quality and Price

MILDNER & WENDTE

private manufacturers for one and have \$1.62 remaining to the people's credit on each transaction. Is it any wonder we do not have as much ammunition as we should have for the money that has been expended? It is the public funds that are being spent there, and the people have a right to have these questions answered.

We are manufacturing a 31-second combination fuse in the government arsenal for \$2.92 for which we have been paying the ring \$7.

These illustrations are not exceptional, as I will endeavor to show by the fact that on a contract given to Frank Arsenal for ammunition valued at \$1,900,064 we are saving \$979,840; or in other words, we are saving approximately \$1,000,000 on a \$2,000,000 order as compared with what it would have cost had that contract been awarded the ammunition ring. Does not a showing such as this warrant a policy of turning the really big orders over to Government manufacture instead of allowing the war traffickers to charge us practically any price they may agree upon between themselves?

In a recent speech before Congress President Wilson stated that "like good stewards, we should go account for every dollar of our ap-

propriations as to make it perfectly evident what it was spent for and in what way it was spent". Surely no such thought was in the minds of the Army and Navy officials who have been doing the purchasing for those departments.

The reason this matter deserves the immediate attention of the American taxpayers is that the cost of militarism in this country has been showing faster than the average man even dreams. In 1890 the annual cost of our Navy was \$20,000,000. Today it is \$140,000,000. There is no use to ask the reader to stop and try to realize how much money \$140,000,000 is, because it is an absolute physical impossibility for the human mind to do it.

WHO THE WAR TRADERS ARE

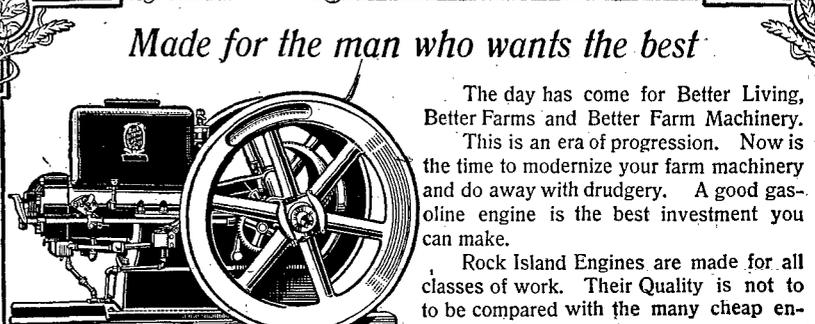

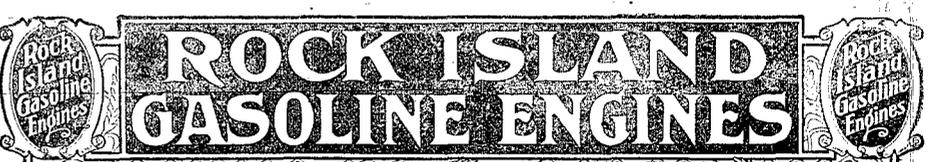

Because I believe it is my duty to do so I desire now to take the responsibility of directing the attention of the American people to the fact that their money appropriated for the Army and Navy is being wasted by the millions, and to take the responsibility of identifying the war traffickers, so that the taxpayers may know where the millions upon millions of their money that has been dumped into the bottomless pit of militarism have been going, are going, and

will continue to go unless public opinion shall arise in its might and demand that further waste of public funds shall cease.

To begin with, who and what is the armor ring, if there really is such an animal? Is the term "armor ring" a mere figure of speech, something invisible, or is it possible definitely to place our finger upon it? Answer: It is possible.

The armor ring is the Bethlehem Steel Co., the Midvale Steel Co., and the Carnegie Steel Co. These three firms, exclusive of their subsidiary war-trafficking auxiliaries, have drawn down since 1887 from the Navy Department alone contracts aggregating \$95,628,912, divided as follows: Bethlehem, \$42,321,237, Carnegie, \$32,954,377, Midvale, \$20,353,298.

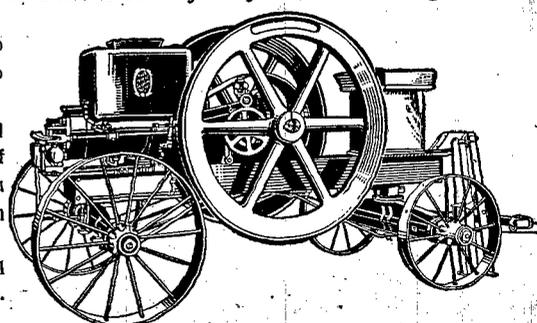

We will add to the ammunition ring, for good measure, the DuPont Powder Trust, which has no competitors in the sale of smokeless powder to the Government for reasons that will appear most remarkable when explained. The Powder Trust has obtained contracts aggregating about \$25,000,000 since 1905. From the Army and Navy combined the other three concerns—Bethlehem, Carnegie and Midvale—have obtained orders since 1887 exceeding \$150,000,000.

The "Rock Island" is a Better Engine

The Rock Island Guarantee is back of every Rock Island Engine

Whether you expect to buy or not we want to show you a "Rock Island." To fully understand and appreciate the many points of superiority of this engine you should see one and see it in operation. Make it a point to call the first time you are in town.

Best by every practical test

LOCAL AND PERSONAL

Who is Kinsey? Ask your neighbor.—adv.

Mrs. J. L. Soules went to Loveland, Iowa, Tuesday to visit her brother.

Mrs. Herman Lundberg is visiting at Creighton this week, going over Tuesday.

Miss Ruth Hoyman, from Minneapolis, is here again, engaged as fall trimmer for Miss Grace.

Remember you get the genuine Wear-Ever Aluminum ware at factory prices at Carhart's.—adv.

Miss Mollie Metz from South Soo returned home Tuesday after a few days visit here with Mrs. Earl Lewis.

Carl Wolf, wife and children, from Winside, were here Monday visiting at the home of her folks, Chris Sydow and family.

Leslie Crockett, who has been in bed for two weeks with troubles of his own, was able to be about again Monday, and was down town.

Miss Ellen Reppert, who is to teach at Wausa, stopped here to visit her brother, Elmer, and other friends over Sunday while on her way to that place.

Miss Helen Blair left Monday to visit at Loup City a few days before going to Hastings the last of the week, where she begins her third year teaching in the city schools.

Number eight steel range, six lids, eighteen inch oven, large galvanized reservoir, high closet, duplex grate, plain nickel trimmings, fully warranted for \$35.00 cash at Carhart's.—adv.

Mrs. Wright, who has been visiting her son at Duluth, returned last week, and Monday went to Winside to be with her brother, David Quinn, who has been confined to the house by a stroke of paralysis.

George E. Gardner, who has been visiting relatives and friends at Strawberry Point, Iowa, for the past three weeks, returned to Wayne Monday. He had been doing farm work here and plans to continue at that work.

Geo. Crossland and wife received a welcome cablegram Saturday from across the water, telling of the safe arrival of their son Weldon, who has returned for his school work at Oxford. He will go to France at once for a little time in Red Cross work before the school opens.

Miss Irma James started Monday morning for Ashland, Oregon, where she is engaged to teach the coming year. She was accompanied on the journey by Miss Bernice Brent, who goes to LeGrand, Oregon, to make her home with a younger sister at the home of Mrs. McAlister. Miss Clara Stallsmith also traveled with them.

Sears, Roebuck charge you \$1.17 per gallon in gallon cans for their Seroco house paint. See their catalogue No. 131, page 1601. The freight to Wayne is six cent per gallon. We sell it to you in Wayne for \$1.20 per gallon, thereby saving you three cents per gallon, or half the freight. Better buy it of us.—Carhart Hardware.—adv.

Dr. C. T. Ingham has added a large coil X-Ray machine to his equipment for looking into a case which comes to him for treatment. He has made several plates showing how things look on the inside, and the editor saw those made of the broken arm of Art Norton, which show very plainly the position of the broken bones, and how they had slipped past each other and were not in position to unite. With this plate to guide, the arm was given an adjustment, if that term is not an infringement, and the bones made secure in proper position by means of a plate and screws. Mr. Norton came out of the ordeal smiling and did not want to stay in bed the next day, but was persuaded to do so. A plate of his other arm which was also broken when he took a tumble showed it to be in almost perfect condition.

When you buy Wayne Superlative flour, you are purchasing OLD WHEAT FLOUR.
Weber Brothers, Wayne.—adv.

Miss Nell Porter returned to Carrol Monday evening after a visit in Lincoln.

Swift's Picnic Hams—14c lb. at The Wayne Meat Market, next to city hall.—adv.

Miss Helen McNeal is home from a vacation trip during which she visited Iowa friends

Let us be your catalogue house. Same prices, same terms, and save you half the freight. Carhart's Hardware.—adv.

J. Ludwickson went to join his family in a visit at Sholes Monday evening, and from there they go to Walthill as soon as the car with their household goods reaches their new home.

W. K. Hiestler, of the German Store force, returned Sunday from a visit with relatives at Wayne, Pennsylvania. He reports a splendid time. He also visited New York City while there.

Miss Clara Stallsmith left Monday to visit at the home of her uncle and aunt, Mr. and Mrs. C. B. Benson at Wenatchee, Washington. It is her plan to go south and visit the expositions and points of interest in southern California.

Herbert Welch left Sunday for his studies at Williams college in Massachusetts where he is studying law. He first went to Kansas City to visit a day or two with his brother Leslie. His friend, Carl Keiser of Brooklyn, who has been spending part of the vacation here, accompanied him.

The Semi-Weekly News, by E. S. Scofield is about to be launched on the sea of journalism at Neligh. Mr. Scofield formerly owned and conducted a weekly paper at that place, and should know the field and the needs, but as they now have two weekly papers published at that place it looks as if the advent of another paper would eventually crowd at least one of the others out if it is to succeed. Brother Scofield is an able newspaper man and the Democrat wishes him success.

Mr. and Mrs. Frank Nangle closed a ten day visit with his mother and sister at Wayne Tuesday when they left for Des Moines for a few days after which they will go to Hartford, Iowa, for a five weeks meeting and following that a like time will be spent at Farmington in the same work. Mr. and Mrs. Nangle are splendid singers and are associated with Rev. Keppard, in evangelistic work. Rev. K. was for nine years in the employ of the state of Iowa as lecturer in the great anti-tuberculosis campaign of that state. The many friends of Mr. Nangle in this, his boyhood home, wish him well in his work for the good of his fellowmen.

Mrs. L. E. Panabaker returned Monday evening from a visit with relatives at Hartington.

Oysters! Fresh oysters "R" in season at The Wayne Meat Market, next to city hall. Phone 9.—adv.

A. B. Carter from Winside went to Sioux City Tuesday—and it is dollars to doughnuts that he strayed over to the picnic at Dakota City.

Mrs. Jas. Jeffries left Tuesday to visit the wholesale millinery houses of Chicago and Kansas City for the latest productions in the art of that profession.

Can you afford to throw away half the freight when you can buy the same goods that you buy of the catalogue houses of us at the same price, same terms, and save half of it? Carhart Hardware.—adv.

Mrs. Chas. Madden left Tuesday morning to be absent several weeks. She will visit at Omaha first, then at Griswold, Iowa, and later in Illinois, then go to Chicago and gather some of the latest pointers regarding the art of dressmaking for the benefit of the patrons of her school here when she resumes the work.

Mat Savidge, the aviator, known to many Wayne people, had an accident at Wessington, South Dakota, Monday when his machine broke at a height of 1,500 feet, and came fluttering down like a wounded bird. He escaped injury. He has been flying for 112 successive days, rain or shine, without previous accident. A forty-five mile an hour wind was blowing and a gust took the tail of the machine off.

Mrs. John Kelleher, formerly of this county, died Wednesday, August 25th, at her late home at Tilden, and was buried from that place Saturday morning. Among the friends from this county who attended the funeral were James Stanton and wife, James Finn and wife, of Carroll, who went by automobile, M. Coleman from this place; John Coleman, of DeSoto and Dennis Kelleher, a brother-in-law, from Minnesota.

Mrs. B. A. White, from Glenwood, Iowa, who has been at Carroll for the past two weeks visiting her brothers, U. S. G. Young and C. B. Young, returned home Tuesday, going earlier than she had planned because of the sickness of her youngest child, a little fellow about two years of age who had become ill from eating smut from sweet corn while at Carroll. He was quite seriously ill, and she feared that he might be crippled from the effect of the poison, as his legs and arms were being drawn and appeared quite sore and painful, as it causes him to cry when carried or handled. Mrs. White has many friends here and will be remembered as Miss Emma Young, who attended the Wayne Normal several years ago.

Three large bunches of celery for 10c at the Wayne Meat Market, next to city hall.—adv.

Masters Waldon and Norvrt Brugger from Creighton returned home Tuesday after a visit at the home of their grandmother, Mrs. M. A. Pryor. The first named young man is taking lessons in printing at the office of the Liberal.

Chas. Graff loaded his show herd of Red Polled cattle Wednesday and shipped them to Des Moines for exhibition at the Iowa state fair. From there they will be taken to Lincoln for the Nebraska fair. Chester Graff and Frank Wood will have charge of them. There are fifteen head in the bunch, the pick of Mr. Graff's entire herd, and include animals from calves to aged cattle. They are the finest lot of cattle we have ever seen and we believe they will pull down many of the prizes at the two state fairs.—Bancroft Blade.

A few western lambs even at current prices should prove profitable this fall as scavengers on any farm in Nebraska. Sheep will do well on a ration consisting of nothing more than weeds, which are abundant in most fields on account of the excessive moisture in many parts of the state. A carload of Utah lambs, bought by the agricultural experiment station the middle of July, made a gain of 10 pounds a head during the month following their purchase and did so upon a ration consisting entirely of weeds growing in corners, lanes, and other places.

Manchester, Iowa, a city about the size of Wayne in a small county with a population about once and one-half as great as Wayne county, is planning to build a \$50,000 hospital, and perhaps they will do it, for in Iowa, a county may legally vote a bond and taxes for such an enterprise. One of the papers there figures it out that an annual tax of 12 cents on the \$1,000 assessed valuation of the county for 20 years would more than pay the bill, interest and all—and that would not cost even the rich men much, for a lot of them are not very heavily mulcted by the assessor. A lot of invisible wealth escapes taxation in Iowa. Manchester is a pretty place on the banks of the Maquoketa river, and has wealth galore which has been gathering there for the past 70 years. It is the center of a great dairy district, and they should have a hospital—should have had it years ago. We hope that Wayne will not wait forty years longer for such a necessity and then ask the taxpayers to build it. We hope that the citizens will subscribe stock enough to build a modest little retreat for the sick, and do it now. Old papers for sale at this office.

Another new residence has been completed and occupied in this city. Homer Seace has moved into his new house, just ready for occupancy. He vacated a house of his own to go into the new quarters not far from the college. Claud Farrell went into the vacated Seace house, moving from the Russman place in the east part of the city. Don Fitch moved into the Russman place, and we did not trace the chain back any further, but it is safe to say that some one stood waiting for the house vacated by Mr. Fitch, and so on down the line, for that is the way moving is mostly done here—it is so hard to find the empty house to begin with,

and this condition prevails here in spite of the fact that in the past forty months there has been no less than 40 new homes created at Wayne, and many of them very fine and commodious residences. We venture the assertion that if as many more shall be built in the next 40 months every one will be occupied. That is not a boom but just the natural growth of a fine, healthy little city. Another new home starts this week, Perry Theobald having broke dirt for a new residence on West 6th street.

Don't forget that Mrs. J. C. Harmer is still making those rag rugs. Phone 265.—adv.—34tf.

New Fall Goods

We have been very busy since our return from market, opening and placing in stock the new fall merchandise recently bought, and we can assure you that we shall take great pleasure in showing this new stock. We have spared no pains to select the best merchandise possible suited to the wants of our customers. **PRICES WILL BE LOW AS POSSIBLE, QUALITY CONSIDERED.**

Silks, Wool Dress Goods, Cotton Dress Goods, Outing Flannels, Blankets and Notions have arrived, and are on the way.

Coats and Ladies' Suits and Skirts have been ordered since the Style Show, to arrived the first of next week.

We want to call special attention to our **LADIES' SUITS**. They will be the last word on style and the quality and workmanship fully guaranteed by the maker and ourselves. Watch for our SUITS, they are sure to please.

Ladies' and Children's **SWEATERS** are here, and are very desirable these cool evenings.

The first shipment of **NEW FALL SHOES** have arrived.

We invite you to inspect our new fall stock.

Yours very truly

S. R. Theobald & Co.

OLD AGE AND GOOD TEETH

One of the necessities for good health in old age is a good set of teeth.

The famous Dr. Osler has said that Dentistry has added ten years to the life of man, by furnishing him with artificial substitutes for the lost natural teeth.

This being true, if your teeth are poor, you may add ten years to your life, by taking advantage of the benefits of modern dentistry.

T. B. HECKERT
Dentist
20 Years in Wayne

Among the Churches of Wayne

Methodist Church

(Rev. A. S. Buell, Pastor)

The union service closed Sunday evening with a sermon by the Rev. C. X. Cross in the Baptist church. Brother Cross gave a splendid message on the power of personal influence in the everyday life. There was a good attendance and a genuine brotherly feeling was manifest. Rev. Blessing of the Lutheran church was not present owing to an attack of grippe. There has been an element of uncertainty in the open air meetings this summer on account of the unusual cold and wet weather making it necessary several times to go to one of the churches for the service, notwithstanding the fact that the services have been pleasant and helpful. We are glad for the larger vision of christian life which enables us to be loyal to our own church while we live to love every other church that exalts our Christ. Beginning next Sunday each church assumes its own regular evening service. There will be regular preaching service each Sunday at 10:30 in the morning followed by Sabbath school. In the evening the Epworth League will meet at 7 o'clock followed by preaching service at 8 o'clock. The subject for next Sunday morning will be Communion. For the evening the subject of the sermon will be Elijah on Mt. Carmel. Remember the prayer meeting every Wednesday evening at 8 o'clock. Get the prayer meeting habit. We had a splendid prayer meeting service last week, we expect to have another next week. Will you share it with us? Vacation time is over; let us find our places next Sunday in church, Sunday school and Epworth league and hold them with a will for the year.

Have you decided what you are to give on the Benevolences? Brother C. A. Grothe is treasurer of that fund. Do not fail to report to him right away. Why not plan to go to the Annual Conference in Omaha September 22 and attend the evangelistic meetings conducted by "Billy" Sunday. You are most cordially invited to attend the church with a welcome for you next Sunday.

Baptist Church

(Rev. B. P. Richardson, Pastor)

Last Sunday was a good day with us. In the morning and in the evening union service the house was well filled. Bro. Cross gave a most practical sermon in the evening. We wish every Christian man in Wayne could have heard his sermon. It was a strong plea for a larger Christian influence in every day life.

Sunday morning will be our communion service. The pastor will give a brief address.

The young people meet at seven o'clock with Miss Emma Abbott as leader.

The ladies union meets this afternoon with Mrs. Richardson.

The prayer circle will meet Friday afternoon at the home of Mrs. C. D. Martin. Mrs. Dempsay will be the leader.

It will soon be time for the annual

election of church and Sunday school officers. Our leaders do a noble work for us. We honor them by selecting them to positions of greater service and trust. A church with willing, capable, co-operating leaders is fortunate indeed. Our church has always had a splendid set of officers.

There is something for you to get and take home with you next Wednesday evening. Won't you come after it?

The pastor will preach at the evening service, at eight o'clock.

St. Paul's Lutheran Church

(Rev. Blessing, Pastor)

Sunday School every Sunday morning at 10 o'clock.

Regular divine worship next Sunday morning at 11 o'clock. The sermon will be based on the text "And Jacob said, swear to me first: and he swore unto him and he sold his birthright unto Jacob."

Luther League at 7 o'clock. The subject will be "What Do Our Colleges Offer the Young People of the Church?" Psalm 119: 9-16. This will be the first regular meeting at the regular time. Will you not make a special effort to be present? Last Sunday closed the union services. We now begin our regular evening service and we hope they will be well attended. Come if you can. The subject of the sermon will be "A Bargain Counter". Matt. 19:22.

The Ladies' Aid will meet at the home of Mrs. C. J. Johnson next Thursday afternoon.

The Woman's Home and Foreign Missionary society will hold its September meeting with Miss Rosa Aisenheimer Wednesday, September 8th.

Our next Quarterly Communion will be held Sunday, September 12. Please keep this in mind.

A cordial invitation is extended to all who wish to worship with us.

German Lutheran Church

(Rev. Moehring, Pastor)

There will be neither Sunday school nor preaching service next Sunday as the pastor will be at Winside.

The function of a newspaper is twofold—to give the news and to comment on it. That, in a nutshell, appears to be the purpose of a newspaper. If a newspaper fails to fulfill either one of these two important functions it fails essentially. It may give the news, but if it gives no comment, or if its comment is as dry as dust, it is not fulfilling its mission; and on the other hand it may give excellent editorial comment but if it fails properly and adequately to give the news, its failure is quite as conspicuous and essential. Giving the news and commenting tersely and pertinently thereon is the narrow gate of journalistic endeavor and few there be that find it. Big type and plenty of ink do not constitute a newspaper. A newspaper is essentially an intellectual thing and, unless it has intellect and intelligence behind it, it falls far short of reaching the ideal.—Hartington Herald.

How to get into new families is the big problem of publishers. The State Journal of Lincoln has solved this by making a big reduction trial offer of only one dollar for the Daily and Sunday to January 1, 1916, and also including the Weekly Independent Farmer. This offer should get new readers by the hundred and the publishers feel that all that is needed is for the people to become acquainted with the Journal, Lincoln's only morning paper, and the Independent Farmer, which is Nebraska's coming farm paper. A dollar for this combination is cheap. Order it at once and papers will be started at once. The great war events make the Journal particularly desirable. The Democrat will forward your order if place with us.—aiv.

How about your subscription.

Protection to Depositors

Those who keep their money in this bank while it awaits their use, know positively that no harm can come to it, and that they can get it when they want it.

Many of our depositors have been saved from serious losses by consulting our officers when tempted to "invest" in schemes offered by strangers.

Managed by men who have made successes in business, this bank offers the highest degree of protection to its depositors, and invites YOU to become one.

NEBRASKA NEWS

Refuses to Pay Warrants of Food Commission.

TWO WAYS TO MEET PROBLEM.

State Auditor Will Draw Warrants For Salaries of Railway Commission—Holt County Dispute Over Taxes In Court—Supreme Court Call.

Treasurer Hall stands pat on his determination not to pay warrants of the pure food commission coming to him after being audited by the auditor and approved by the secretary of state, notwithstanding the attorney general has decided that after the vouchers have been audited by the state auditor and the warrants drawn and signed by the secretary of state, there is no alternative of the treasurer but to pay them.

Just how relief will come is up to the attorney general and the governor. There are two ways provided to get around the problem. One is for the attorney general to bring suit in the supreme court to compel the treasurer to pay the warrants, and the other a special session of the legislature.

Chapter 24, section 21, covering fees of the pure food department, reads: "Said fees shall in each case be paid into the treasury of the state and be credited to the general fund as provided by law in advance of the issuance of any permit."

Chapter 24, section 6, of the food, drug and dairy act reads as follows: "All of the moneys paid into the state treasury in the administration of this law are hereby appropriated, so far as may be necessary, for the payment of expenses of enforcing the provisions hereof."

Refuses to Approve Ditch.

Believing that the money expended on a proposed plan to straighten the Nemaha river south of Humboldt would not bring the results wanted, State Engineer Johnson has refused to approve the plans of people of Richardson county who have formed a new drainage district. Engineer Johnson does not believe the ditch proposed would be adequate to carry off the overflow. According to his figuring a ditch 100 feet wide would be necessary. The plans prepared by the county surveyor of Richardson county would cover the drainage of about 600 square miles.

Three Hurt in Crash.

H. F. Snyder, an electrician of Lincoln, had his back broken and sustained other probably fatal injuries when a Rock Island passenger train struck an automobile in which he and others were riding at the crossing at Twenty-fifth and Randolph. It is said that the machine was going about forty miles an hour and it appeared to be trying to beat the train to the crossing. The engine hit the car and, besides injuring Snyder, L. J. Carver, his partner in the electrical business, and Everett Coe of Omaha were injured although not seriously.

Iowa Tent at Fair.

Governor Morehead believes the state fair gives a grand opportunity for people who have lived in different states to get together and get acquainted. The governor is a native of Iowa and is anxious that Iowa people should get acquainted, so he has arranged for a tent, to be known as the Iowa tent, on the state fair grounds and urges former Iowans to make a special effort to be at the tent at 10 o'clock in the morning each day of the fair. Richardson county people are also invited to meet at the tent and enjoy themselves.

Dispute Over Taxes In Court.

M. T. Hiatt and H. M. Uttley, taxpayers of Holt county, have appealed to the supreme court from a judgment of the Holt county district court where they brought suit to compel the board of county supervisors of that county to require certain state officers of the county to pay over to the county treasurer quarterly fees received in their offices. They recite that the fees have been used to pay extra help not needed and that funds for the sale of county property have not been accounted for.

Danger Zones Marked Ppon Streets.

If any state fair visitor gets run over by an automobile while alighting or getting on a street car at most of the principal street crossings in Lincoln during the week of the great Nebraska exposition it will not be their fault if they are careful and keep within the "danger zone." Commissioner Wright and Chief of Police Antles have been marking out danger zones at street crossing and planting signs to show how far an automobile may go and no farther.

Auditor to Draw Rail Board Warrants.

State Auditor Smith has decided to draw warrants for the payment of salaries of the railway commission and employees until such time as some action is taken by the courts on the right of the commissioners to hold their offices. Whether this means that a case will be brought, the auditor would not state.

Supreme Court Call.

The first call for the supreme court has been issued by Clerk Harry Lindsay and contains forty-eight cases. The first case will be called Monday, Sept. 20.

CORN CROP HOLDS ITS OWN

Burlington Report Indicates Favorable

Conditions, Except in South.

The Burlington crop report shows a favorable condition for corn throughout the state, with the exception of on the Wymore division in the southern part of the state, where rain was frequent and heavy, ranging from one to two and one-half inches. The prediction with reference to corn generally is that the whole problem is one of weather. With dry and hot weather, a bumper crop is looked for, but should it continue wet and a killing frost occur soon a lot of soft corn is looked for.

As to wheat, the report states that some of the crop is still in the shock, but that most of it has been stacked. With the threshing that has been done the claim is made that wheat is going to come out better than was anticipated.

What applies to wheat can also be applied to oats, rye and barley. Of these cereals, but little has been threshed.

Pastures are still excellent and there is an abundance of hay, the only difficulty being in getting it cured so to have it dry enough to put into the stacks.

Mellor Trying to Fix Up Special Race.

Secretary Mellor of the state fair board is trying to secure a special race between Columbia Fire, the Lincoln horse which has a record of 2:04, and some horse with a record of 2:07 or better for Tuesday, the second day of the fair.

Fourteen head of Hereford cattle, raised on the blue grass fields of Kentucky, will be on exhibition at the state fair. These cattle will be on their way from Kentucky to the Panama exposition and will take a rest from the long trip in Lincoln. Secretary Mellor has induced the owners to put them on exhibition at the state fair in order that state fair visitors may compare them with the Nebraska brand of live stock.

Murphy Under the Ban.

Believing that the action of Kenneth Murphy, George Carlson and Ernest Elrod, paroled convicts, in breaking their paroles will jeopardize their chances of being favored, convicts at the penitentiary are said to have taken steps to boycott the men socially. They do not approve of the action of the men in breaking faith with the governor, pardon board and the warden, and will show the returned men by numerous little ways that they are in bad in prison society. No harm is intended the men, but they simply won't stand for such action.

Flag Sent to Governor.

The Junior Order of United American Mechanics has sent a flag to Governor Morehead and a large autograph album, in which he is supposed to attach his signature. The flag is a beautiful silk affair and it is expected that the "first woman" of the state will sew one of the points of a star, which has been left loose to the flag. One star for each state has been prepared in this way and after sewing the same the woman will attach her name to a card, which will accompany the flag.

Convicts Will Labor on Roads.

Next Wednesday several convicts will be placed at work paving the road on the east and south sides of the state agricultural farm, for which an appropriation was made by the legislature last session. Only such convicts will be used as are perfectly trustworthy, the number to be governed by the needs of the work.

German-American Alliance to Meet.

The German-American Alliance of Nebraska will hold its sixth annual state convention in Omaha, Oct. 5 and 6. This is the first time the alliance has visited Omaha since its organization. The meetings will be held at the German home. A large attendance of delegates from all parts of the state is expected.

Spanish War Veterans at Broken Bow.

The reunion of Spanish War veterans at Broken Bow was participated in by most of the members of company M, residing in Custer county, together with other Spanish war veterans and their ladies. The date named for the 1916 reunion is Aug. 13, which is the anniversary of the capture of Manila.

Hal Boy Sold For \$11,500.

Edward Peterson of Omaha has sold Hal Boy, his pacing horse, which he has been racing on the circuit, for \$11,500 cash. Announcement of the completion of the sale came to Mr. Peterson by a telegram from Marvin Childs, driver of Hal Boy. The deal was made at Ottawa, Ontario, Canada.

Admit Veterans Free.

Secretary Mellor of the state fair board announces that on Monday, Sept. 6, all old soldiers will be admitted to the fair grounds free. The little brown button will be all the credentials needed to pass the possessor through the gates.

Two Horses Stolen Near Omaha.

P. J. Flynn and W. A. Watson of Keystone park, Benson report that a roan mare and a sorrel pony were stolen from the park, together with a red painted buggy and yellow running gear. Police are searching for the thieves.

Pay For Horses Killed.

The state veterinarian has drawn a voucher for the payment of six horses killed because of glanders, owned by G. W. Phillips of Dean, Cherry county. The amount is two-thirds the value of the animals.

Special School Sale

Ding Dong. The school bell will ring again next Monday. The children will need not only new school supplies but many other things to get ready for school. The Variety Store can serve you well in this and save you money besides.

Jeweler and Optician
My Specialty is Watches

LOCAL AND PERSONAL.

J. H. Wright is at Atkinson this week.

Mrs. Ellis is visiting at Sioux City today.

John Morgan is at Concord today taking in the Dixon county fair.

Mrs. Chas. Craven and Miss Alma Craven are visiting Sioux City today.

Mrs. W. O. Hanssen and children are visiting friends at Randolph this week.

Misses Hattie and Alice Crockett returned Wednesday evening from a visit at Laurel.

Miss Nellie Juhlin left this morning for Long Pine, where she is to teach the coming year.

Forrest L. Hughes and wife returned this morning from a visit with relatives and friends at Carroll.

Mrs. A. J. Boston of Malvern, Iowa, returned home today after a visit at the home of her daughter, Mrs. J. H. Rimel.

Miss Sara J. Killen is one of the instructors in the Madison county institute, which is in session at Norfolk this week.

Miss Ruth Brandt of Unadilla returned home this morning after a visit at Carroll and with Miss Pearl Sewell at this place.

The Dixon County Fair is being held at Concord this week—Wayne should have a fair too, says one of our pioneer business men, and we believe it.

T. J. Murrill came this morning from Burkett to attend the funeral of his old comrade, and friend of a quarter century, A. Anson, which is to be held Friday.

Ernest Voget is assisting at the Kay & Bichel implement house, taking the place vacated by Johnnie Meister, who went to accept a place at Winner, South Dakota.

J. E. Hufford goes to Concord to day to act as poultry judge at the fair there and Prof. Lackey of the college force will be one of the judges of live stock and farm products.

Miss Millie Newman evidently has faith in a corn crop this fall for she is having a new double crib built on her farm four miles east of Wayne. The new crib is to be 28x36. C. Clasen has the job.

Terry's "Ten Nights in a Bar Room" to be shown at Wayne under their large canvas theatre at the Andresen park near the ice house on Wednesday, September 15th, evening performance only.

Two weeks ago Glen Stong, son of Fred Stone and wife, north-west of Wayne, received quite a severe gash on the arm from a corn knife in the hands of his brother, as they were out cutting weeds, and the wound became infected, and has been causing him considerable trouble, but it is now said to be rapidly healing under treatment.

Mrs. L. W. Roe and son Frank and her sister, Miss Fortner, left this morning to visit at Rising City.

Mrs. John Heeren and daughter Miss Ina, from Carroll, were visitors at Sioux City the first of the week.

Mrs. Horace Theobald and son, Marion, returned Wednesday evening from a visit of several weeks at Kansas City.

County Superintendent Pearl Sewell went to Norfolk this morning to visit the teachers' institute now in session there.

J. W. Geary went to LeMars, Iowa, Tuesday to visit his son and former neighbors there as well as look after business matters.

S. W. Dayton and his daughter, Miss Mabel, were called to Clarks Wednesday to attend the funeral of a niece, who passed away at that place.

Miss Vallie Armacost went to Sioux City this morning and will go from there to visit at the Dr. and Mrs. Naffziger home at Merrill a few days.

At Stanton the Stanton county fair and the Savidge carnival are being held this week. And that causes some one to remark—why not a fall festival of some kind at Wayne?

Rev. W. Fischer, pastor of two of the German Evangelical churches near Wayne left Tuesday morning to attend the annual sessions of the synod at Seward. He was accompanied as far as Lincoln by his daughter, Miss Hattie, who stopped to visit in that city.

Mr. J. E. Beech of Meadow Grove spent Monday at Wayne conferring with Professor Hunter in regard to his work for the ensuing year. Mr. Beech has recently been elected director of manual training in the O'Neill high school, this line of work to be added to the course for the first time.

Mr. and Mrs. C. A. Chace and daughters returned last week from a visit at Lake Okoboji, where they had a splendid week outing. Owing to a mishap to their automobile they came home by train, as it was necessary to send for repairs for the gas wagon, and when that happens the length of wait is uncertain.

Ralph Rundell went to Omaha this week to attend the annual shopping week for the merchants of the state, and participate in the entertainment provided by the wholesale houses at a time when he can meet many other merchants and trade some of his ideas for some of theirs so that both will have something new for the coming season.

Miss Mabel Dayton has been gardening this season at her home in this city, and has devoted some time to tomatoes, trimming and training the vines until she has them more than eight feet tall, and nicely loaded with fruit, but owing to the season and the fact that the plants were set where it was too shady the fruit has been slow in ripening. But the demonstration shows what growth this good soil produces if given half a chance.

F. M. Rafter and wife and daughter Grace, Mrs. Hugo Honig and daughter Frances, and Mrs. Jos. McKnown from Council Bluffs, Iowa, came Tuesday evening to visit at the home of J. W. Kinsey and wife, driving over in an automobile. The ladies are sisters of Mrs. Kinsey. Mr. Rafter has been driving over Iowa some and reports that except in the bottom lands crops look very well. Not knowing the best roads he found some mud in Nebraska.

Saturday afternoon Sam'l Liveringhouse and family, from Meadow Grove, came to visit at the home of his mother, Mrs. John Liveringhouse, in this city, to the surprise of that lady. In honor of the event, the son and two daughters, living near Wayne, were called to come to the mother's for a Sunday dinner. Of the family besides the family from Meadow Grove were Alfred Bastian and family, Dick Auker and family and Clarence Liveringhouse and family, making a happy family party.

A. P. Gossard went to Barbarton, Ohio, Monday to visit a week at the home of his son, Bert, at that place.

Mrs. Dora Wiese and children from Randolph have been here, visiting at the homes of Gus and W. O. Hanssen, returning this morning.

Mrs. Phillips returned this morning from her vacation trip. She spent her time mostly at Madison, Wisconsin, and with friends in Minnesota.

Terry's "Ten Nights in a Bar Room" is billed to show at Wayne on Wednesday, September 15th, at night only, at the Andresen park near the ice house. Don't forget the date.

Mrs. J. T. House and Miss Mary returned this morning from Chicago, where they have been for several weeks past. Mr. House remains there with his work until next week.

Mrs. J. G. Mines and daughters returned Wednesday evening from a ten weeks trip in the west, where they visited both expositions and many places of interest along their line of travel.

Mr. and Mrs. Sim Jacobson came the first of the week from Sloan, Iowa, and after a few days visit at the home of her parents, A. E. Laase and wife, went to Bloomfield, near which place he has work.

Rev. Heffner and son Frederick of Coleridge, accompanied by Wilfred Sandrack from Wisconsin have been visiting at the home of the nephew of the first named, E. Ickler and wife, at this place.

J. C. Nuss will leave for Minneapolis Sunday morning, to spend the week at the wholesale houses, buying for the fall and holiday trade. The Minnesota state fair will be held at Minneapolis next week.

Miss Vera Malstrom and Miss Bessie Hemstead, Chicago classmates of Mrs. Frank Kloppling, have been visiting her at her home near Carroll. They visited at the Henry Kloppling home Wednesday night on their way home.

S. E. Auker and his sons, Clarence and Willard, and son-in-law, Earl Merchant, returned Wednesday evening from a trip to Dixon county, where they purchased two farms, not far from Ponca, one by Clarence and the other to be occupied by Willard.

Geo. Fortner returned Wednesday evening from a visit to his farm in Minnesota, and reports things looking fine there. He brought his overcoat with him, but did not say whether he took it for use there or because he feared he would need it when he came home.

Wm. J. Erxleben returned last week from a visit in Colorado where he went as one of the directors of King Solomon Mining Co., to attend the annual meeting. He states that leases of the mine are now shipping about a car load of ore per week, and the essays show a value of about \$64 per ton.

C. N. Derry, the Reliable Rug Man of Des Moines, will be at Wayne about October 1st to gather material for rugs. Save your old carpets, old rags, burlap sacks—any and all otherwise worthless cloth material and have it made into rugs. If you wish him to call, you may leave word at the Democrat. Phone 145.—adv. 35-4.

Conrad Bordt, who was helping shell corn on one of the Splitterber places south of Wayne got his right hand in the machine Monday and will suffer the loss of at least one finger if not more, besides having the rest of the hand badly torn. He went to the city Tuesday morning to have it cared for, a doctor from Wisner having been called for the first treatment.

A. J. Ferguson has been as busy the past week as his "Satanic Majesty beatin' tannin' bark", making improvements on his farm seven miles south, occupied by Mr. H. Straight. Additions to the barns and a new system of water works will add to the value and convenience of the place when the work is finished, and it is nearly done.

Mrs. W. W. Kingsbury was here from Wakefield Wednesday night, a guest at the home of Mrs. Ed Ellis.

Messrs. Fred Hackett and James Huff from Oakland, Iowa, came by automobile last Thursday for a short visit at Wayne. They are relatives, and Mr. Hackett is nephew of Robt Baird and his brothers. They like the looks of this land very much.

Mr. and Mrs. A. F. Walla from West Point were guests at the home of O. R. and Mrs. Bowen Wednesday night while returning from an outing in Minnesota. Mr. Walla was station agent at Wayne about 27 years ago, serving here about six weeks as relief man. He is now cashier of one of the West Point banks.

Mr. and Mrs. L. C. Nettleton and their daughter, Grace, left Wednesday morning to visit at Decatur and to visit at the old settler picnic at Tekamah Friday of this week. Mr. Nettleton tells us that he came to that part of Nebraska 52 years ago, and thinks that he is eligible to qualify as an old settler or even as a pioneer.

When one sees people coming down the walk with blood in their eyes—almost—and a handkerchief in their hand and the end of their nose resembling that of one who imbibes too freely of the distilled juice of the corn, it is a safe guess that he thinks he has hay fever. The weed pollen which poisons him is in the air. It is terrible, judging from the appearance of the victims.

Sometimes one wonders why certain news items that would be of much interest did not appear in the paper, and yet we will venture a guess that the person wondering simply took it for granted that because they happened to know it, the editor surely did. He knows a heap, but do not take it for granted that he knows it all, and he will be very thankful for the news items you can give him. Our telephone number is 145.

J. H. Mitchell is about this week with one optic dressed in mourning. He says that a neighbor was cranking a gasoline engine, and he (Mitchell) was pumping the gasoline to start it and holding the compression valve open—and the crank slipped off and out of the neighbor's hand and basted him on the cheek with such force that he forgot to turn the other cheek, and we do not blame him. From the looks of his cheek, no one but an insurance agent or a lightning rod man could have stopped that crank without showing the marks.

Otto Voget of Norfolk was here the first of the week visiting his mother and aiding her in arranging for some improvements to their property on Main street. Mr. Voget has but recently returned from a visit to the west coast, and speaking of it and his other travels he said that every time he goes away and observes conditions and opportunities in other places he comes back home to find this section of Nebraska looking better each time. As to the "times" he said that coming from the east this way one seemed to find them constantly growing better, especially from Wyoming east.

This issue of the Democrat carries an advertisement of W. H. Butterfield & Son of Norfolk which is of more than ordinary interest to the readers—especially our renting farmer readers—for it tells of the offering for sale of 9,000 acres of land, second to none in the state in the matter of fertility and location. It comprises all of the vast Butterfield holdings in Knox and Pierce counties. These farm lands were selected in the first place for their value, by one who knew values well, and time has demonstrated that fact. That they are now offered for sale is due to advanced age of the owner and his need of being relieved from the responsibility of caring for so many farms. The Democrat is a believer in the good that comes to a community by many occupant owners of small farms, and is therefore glad that these large holdings are to be distributed among many. Yet these farms have been free from the blight that comes so often with the tenant system, or a large number of farms under one control and managed by different men, for they have been well cared for, both the land and improvements, so that this is an offering which cannot be considered inferior to the best. The advertisement says that the prices will be low and the terms are liberal, making it an opportunity for the good farmer with somewhat limited means to secure a foothold on a desirable farm. One who knows the holdings of Mr. Butterfield and has done business with him for years, tells the editor that their farms and improvements are all in excellent condition, and that any who deal with them are dealing with honorable business men in whom they may place much confidence.

The serges come in all standard colors and are reasonably priced from 50c to \$1.50, yd.

Suitings come in a good variety of colors and weaves from 50 to 56 inches wide, priced from \$1.00 to \$2.00, yd.

ORR & MORRIS CO.

PHONE 247

Col. Fred Jarvis of Carroll was here Tuesday, returning from a trip to O'Neill.

Mr. and Mrs. Berg and sons left Wednesday morning for their new home at Lexington.

Mr. and Mrs. Sam Barnes went to Omaha Wednesday for a short outing, expecting to return this week.

Mr. and Mrs. J. E. Cain from St. Louis returned home Wednesday, following a visit at the homes of the Nokes families at this place and W. E. James at Carroll.

C. A. Chace and family went to Stanton Wednesday morning where they were invited to attend the weddings of two of their nieces—Miss Clarice McLeod, who was wed Wednesday afternoon and Miss Lou Chace, who will be united in marriage Saturday to Mr. H. Shultz.

Mrs. E. H. Dorsett went to Craig Tuesday to visit at the home of her daughter, Mrs. E. R. McMullen.

Miss Rosa Norman returned to Shenandoah, Iowa, Wednesday morning following a visit at the home of her mother, Mrs. James Gamble and with other friends here.

Miss Frances Strahan of Malvern, Iowa, terminated a visit with relative and friends here Saturday, returning to her home. She was a guest at the Strahan and Orr homes.

Next week Mrs. Emil Hansen and daughter, Dorathea, are planning to start for Pasadena, California, to make an extended visit with her parents, who have been living in the land of flowers for the past twelve years. It is a part of their plan to visit the expositions and many places of interest in southern California.

9000 ACRES OF LAND

Northeast Nebraska's Richest Land All the Butterfield Farms **WILL BE SOLD**

The opportunity of a lifetime to get a farm of 160 acres or more in this fertile, Sure Crop Zone, on EASY TERMS; only 25% need be paid down—balance whenever it suits YOU

Your Chance to Get a Choice Farm

ON ACCOUNT OF THE FAILING HEALTH OF W. H. BUTTERFIELD, and in order to be relieved of the burdensome details of actively operating almost 25 separate farms, our entire group of improved farms in Knox and Pierce counties, Nebraska, (near Wausa and Osmond)--the Cream of Northeastern Nebraska's wonderfully productive and far famed soil--will be sold at once.

THESE ARE THE VERY FINEST OF FARM LANDS. Every acre of this soil was carefully selected by W. H. Butterfield, who began buying the choicest tracts in Pierce and Knox counties as long ago as 1886. There are no sand lands in this group. There are no foul weeds on these farms. Every foot of this ground has been kept in the best possible condition by constant and systematic fertilization. Thousands of cattle have been fed on this land, constantly increasing the fertility of the soil. As a result all of these lands are PRODUCING BIGGER CROPS EACH SUCCEEDING YEAR.

THIS LAND IS A DEEP, RICH, CHOCOLATE BROWN soil with a yellow clay subsoil. There is no better land in all of Northeastern Nebraska than that which is now offered to you in small or large tracts at low prices and upon unusually easy terms.

WE WILL CUT ANY OR ALL OF THESE LANDS into farms of any size to suit you--from a quarter section up. You can get any of this land with the small payment of 25 per cent down and the balance at any time to suit you, the deferred payments bearing 6 per cent interest.

If You Ever Hope to Have a Farm of Your Own, this is your golden opportunity. Never before in the history of Northeastern Nebraska has such a chance as this been presented, probably such a chance will never come again.

If You Are in Business and Want to Invest your surplus in the choicest of Northeastern Nebraska land--land that Has Never Known a Crop Failure--this is the opportunity of a lifetime to pick up an unusual bargain in gilt-edged farm land that has proved its value.

All of the Big Fortunes in the middle west have been made in investments in Good Land. The man who succeeds in a big way is the man who takes advantage of unusual opportunities brought about by unusual conditions, Such as Are Presented In This Instance.

We Will Gladly Show You Any of These Lands. The earlier you look the bigger will be the selection for you to choose from. At such prices as we have put upon these farms--prices purposely made low in order to quickly dispose of the entire property--rapid sales are sure, so don't delay.

Read What Uncle Sam Says About Northeastern Nebraska Land

In a bulletin issued by the census bureau of the United States Government entitled, "Agriculture: Nebraska," the following authoritative statement as to the quality of Northern Nebraska soil appears on page 3.

The eastern portion of Nebraska, constituting a broad belt nearly parallel with the

Missouri river, lies within the glaciated portion of the Great Plains, and the soils are derived principally from a silty layer of the LOESS which overlies the glacial till."

The LOESS soil formation is found in the United States ONLY in this immediate portion of the Missouri Valley; where else is it known excepting in the valley of the Danube, the valley of the Rhine and in China. It is the richest and most fertile soil on earth.

Sensible Talk From Bryan
Following the Democrat gives a summary of a chautauqua talk made by Mr. Bryan two weeks ago at Clarinda, Iowa, as reported for the Adams County Free Press of Corning. He talks real good common sense, but if any reader holds different views we will gladly give space for reply to the following:
A very noticeable feature of the address was the apparent high esteem in which Mr. Bryan held President Wilson. He paid the president three strong compliments. He said "at the beginning of the war President Wilson offered to mediate between the warring nations and that offer has never been recalled." Again he said, "we all believe our president is doing all he can and will do everything in his power to keep out of war." Also he spoke of the co-operation of the president with him in revising the 23 old arbitration peace treaties and creation of 30 new peace treaties with all the nations of the world. The old five year age limit of treaties was done away with and on the 53 treaties they made and revised there is no time limit set. The treaties last until 12 months after any one of the contracting parties desire to terminate the contract. This means that the Government of the United States can not have war with any of these agreeing nations until at least 12 months of deliberation. All the nations of the world have signed these treaties except four of the belligerents.
Mr. Bryan's address on the causeless war in brief was as follows: This war presents us 25,000,000 men fighting, 2,000,000 men killed, 5,000,000 wounded and an expenditure of \$400,000,000 per week. The war effects the whole world, especially our country. Our vessels are lying idle in our ports. It costs seven times as much to carry a bale of cotton to Europe and three times as much to transport a bushel of wheat, as in the time of peace.
Our international laws at present favor the warring nations. Two forces in the American press today are not neutral, the pro-ally and the pro-german elements.
As a matter of fact, we are having trouble with both sides, Germany with her submarines and England's interference with our commerce.
No nation at war now desires war with us. Neither side wants to injure us. Both sides seem to think it a necessity. They are like two men on a public highway who are so intent on killing each other they are not caring very much where the stray bullets hit.
This war is no race, religion or family affair. Up to within thirty days of the opening, the rulers of the warring nations were visiting and entertaining each other. This war is a result of the philosophy, "that might makes right." The nations at war would teach each other lessons by retaliation. Each cruel act is met by a more cruel one. One thing that Christianity has taught is that no King or Empire falls war a blessing. "I do not believe in preparation for war to keep out of war." First because any period of preparation will put men in office who believe in getting peace by fear and force. It develops the old duelist standard of honor, namely, murder of the enemy. Also our danger of attack by foreign foe is exaggerated by our jingo press which is crying for preparation. Think of comparing America with Belgium, 100,000,000 and 7,000,000 population, 3,000 miles across the ocean with an imaginary boundary line. Our defense league has advised spending \$300,000,000 more on our navy, \$150,000,000 more on army and increasing our factories for war munitions 120 times. "I would suggest that we prepare for war by making good roads. Then if we are attacked by a foreign foe the farmers can get in their autos and quickly assemble to defend their country." If we would take the money suggested to be spent for preparation for war and spend the same we could have a standard 16-foot road macadamized every twelve miles across the country east and west, north and south, within 11 years. It would help the country. In Oregon between Medford and Ashland they have built a good macadam road and today auto bus is freighting goods between those points for 8 cents a hundred while the railroad charges 11 cents, and the autos can run every day in the year. Our last battleship cost 15 millions and we only spend 23 million yearly on our department of agriculture.
Thirdly, there is no limit to preparedness. The nations in turn get scared at each other and go on forever trying to outdo each other preparing.
This is no time to change our peace policy for that of war. The world would say we had endorsed the European war policy.
Lastly, we should not prepare

any more for we can't tell how much we need until after this present war closes.
How will the war close? Annihilation is impossible. They will sicken and quit long before that. Already there are signs of sickening. "I say let there be war if the people want it. Did the people decide to go to war in Europe? No. I believe in referendum and woman suffrage in thought, for war. I do not think we should have a war with any nation until this war closes. We should never enter this war. We can't afford to lose our young men, and the money necessary to that course. Of course we have rights but sometimes it becomes necessary to distinguish between rights and duties. Again we would lose our place as a neutral. We are best fitted to lead Europe to peace. Blood ties from every people. Also we are practicing as no other nation the principle of the Man of Galilee, and we have the confidence of the nations. I believe it is ours to teach the world the philosophy of the Prince of Peace. It is our duty to teach the world that the code of brotherly love is higher and better to follow than the code 'might makes right.'"

Silage Notes of Interest
The farmer expecting to fill a silo, especially for the first time, may find much valuable information in Bulletin 145 of the agricultural experiment station of Nebraska. It may be had without cost upon application to the Bulletin Clerk, University Farm, Lincoln. Farmers are again reminded of the danger of death from asphyxiation during the filling of the silo. Large amounts of carbon dioxide are produced in the silo from the green crop and may collect in dangerous quantities if conditions become favorable. To avoid such an accumulation of the gas, the doors should be left open as long as possible. Men should not stay in the silo when the blower is not running, and especially they should not sit or lie on the fresh silage. If the work has been interrupted for any length of time, men should not again enter the silo until the blower has been running for a few minutes. This removes the dangerous gases. In the case of a pit silo, men should never remain in the silo when the blower is not running, and the blower should always be started before anyone enters the silo.
Corn intended for silage is at the proper state of maturity when the kernels are well dentured and are beginning to glaze.
Corn in good condition to be put into the silo will give good results if cut three-fourths of an inch in length. If corn is fairly dry, it should be cut into pieces not over one-half inch in length.
Field loading of either loose or bound corn can best and most economically be accomplished by allowing two men to hand up and one to arrange the bundles on the wagon, according to a careful test carried on at the University Farm.
When bundles are carefully loaded, the time spent in unloading is 40 per cent less than when the bundles are loaded promiscuously.
In loading green corn, the butts at the front of the wagon should be opposite to those at the rear when wagons are to be unloaded from the center toward the ends.
All corn in the silo should be carefully and thoroughly tramped down in the silo so as to exclude as much air as possible.

Greenwood Cemetery Association
The annual meeting of the Greenwood Cemetery Association was held at the A. R. Davis office, August 17, 1915.
The following officers were elected: C. A. Chace, trustee; Rollie W. Ley, treasurer and M. S. Davies, secretary.
The treasurer's report is as follows:
General Fund:
Bal. on hand Aug. 18, '14. \$2,564.32
Rec'd from Sec'y. 1,881.80
Total. \$4,446.12
Paid out as per vouchers. \$3,256.41
Balance. \$1,189.71
Notes held. 2,360.00
Total. \$4,549.71
Lot Owner's Fund:
Bal. on hand Aug. 18, 1914. \$704.80
Rec'd from Sec'y. 316.00
Total. \$1,020.80
Notes held. 2,000.00
Total. \$3,020.80
Auditing committee W. A. Hixcox and C. A. Berry examined and approved above report, August 24, 1915.
M. S. DAVIES,
Secretary.

Probate Notice to Creditors
In the County Court of Wayne county, Nebraska.
In the matter of the estate of Wallace E. Graves, deceased.
Notice is hereby given, that the creditors of the said deceased will meet the administrator of said estate, before me, County Judge of Wayne county, Nebraska, at the County Court Room in said county, on the 24th day of September, 1915, and on the 24th day of March, 1916, at 10 o'clock a. m., each day, for the purpose of presenting their claims for examination, adjustment and allowance. Six months are allowed for creditors to present their claims and one year for the administrator to settle said estate, from the 24th day of September, 1915. This notice will be published in the Nebraska Democrat for four weeks successively prior to the 24th day of September, 1915.
Witness my hand and seal of said court, this 21st day of August, A. D., 1915.
JAMES BRITTON,
34-4. (Seal) County Judge.

Probate Notice to Creditors
In the County Court of Wayne county, Nebraska.
In the matter of the estate of Mandana Conley, deceased.
Notice is hereby given, that the creditors of said deceased will meet the executor of said estate, before me, County Judge, of Wayne county, Nebraska, at the County Court Room in said county, on the 1st day of October, 1915, and on the 1st day of April, 1916, at 10 o'clock a. m., each day, for the purpose of presenting their claims for examination, adjustment and allowance. Six months are allowed for creditors to present their claims and one year for the executor to settle said estate, from the 1st day of October, 1915. This notice will be published in the Nebraska Democrat for four weeks successively prior to the 1st day of October, 1915.
Witness my hand and seal of said court, this 26th day of August, 1915.
JAMES BRITTON,
(Seal) 35-4 County Judge.

Order of Hearing and Notice on Petition for Settlement of Account
In the County Court of Wayne county, Nebraska.
State of Nebraska, Wayne county, ss.
To all persons interested in the estate of John G. Gustafson, deceased:
On reading the petition of John M. Gustafson, administrator, praying a final settlement and allowance of his account filed in this Court on the 23rd day of August, 1915, and for distribution of the residue of said estate in his hands
It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 13th day of September, A. D., 1915, at 9 o'clock a. m., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Nebraska Democrat, a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.
JAMES BRITTON,
(Seal) 34-3. County Judge

Legal Notice
Hugo Lehmkuhl will take notice that on the 26th day of June, 1915, James Britton, County Judge and Acting Justice of the Peace of Wayne county, Nebraska, issued an order of attachment for the sum of \$65.00 in an action pending before him wherein George Fox is plaintiff and Hugo Lehmkuhl is defendant and that the following property has been attached in said cause as the property of said defendant, to-wit:
Two sets of harness, 1 cook stove, 1 table, 1 cupboard, 1 bed, 1 sorrel mule, 1 black mule, 2 lumber wagons, 1 spring wagon, 1 buggy, 1 lister, 1 harrow, 1 corn crusher, and 1 corn binder.
Said cause was continued to the 18 day of September, 1915, at 9 o'clock a. m.
32-3 GEORGE FOX.

Wakefield News

Rev. Wallin returned Monday from Omaha.

Fred Larson had a load of hogs on the Sioux City market Monday.

Mr. M. McCorkindale is visiting with her mother in Marshalltown, Iowa.

Mrs. Stella Roush, of Blair, is visiting her son, C. M. Roush, and wife.

Miss Gertrude Crowell, of Pender, was the guest of Miss Grace Long Sunday night.

Mr. and Mrs. John Borg have moved into their home in the west part of town.

Miss Lynch, of Sioux City, was a guest in the E. T. Dunlap home Thursday night.

Richard Chinn underwent an operation at St. Joseph's hospital for cancer of the bone.

E. C. Shellington, who has been playing ball on the Long Pine team this summer returned home Monday.

Miss Haverkost, who has been visiting her sisters, Mesdames Fred Muller and Herman, returned to Uehling.

Miss Amanda Roost, of Jackson, spent the latter part of the week at the home of Miss Elfried Nurnberger.

Miss Lucile Welch came down from Norfolk Tuesday and spent the day with her uncle, W. J. C. Smith and wife.

Miss Ella Shellington took her Sunday school class out to Dixon Lake Friday afternoon and had a weiner roast.

Mrs. Sam Robbinsmeier, of Coleridge, is spending the week here with friends. She was entertained in the F. S. Carpenter home.

Mr. and Mrs. Lewis Ring went to Stanton, Iowa, Monday to attend the funeral of Mrs. Ring's brother, who died Sunday, after a year's illness.

Mrs. Axel Borg and children departed Monday for their home in Java, S. D. They have been spending the summer with her parents, near Wayne, and with Mr. Borg's parents, near here.

Mrs. G. W. Hinton Blossom and Hosmer went to Omaha Friday to attend the wedding of her sister, Miss Jennie Cofer, and Mr. Austin Vickory which occurs today. Dr. Hinton went down this morning.

Miss Myrtle Mitchell left yesterday for Wynot, where she will teach the coming year. She was accompanied by Mrs. Oliver Bindens and little son, who have been visiting her parents, Mr. and Mrs. J. W. Scott.

J. A. Seagrin and Miss Florence, who have been spending the summer with his daughter, Mrs. David Wain, at Turlock, Calif., returned Tuesday evening. They also visited the exposition and report a very enjoyable summer.

Mr. G. Sherman, of Washta, Ia., spent Friday and Saturday with Wakefield friends. He was the guest of Will Harrison. Mr. Harrison and Mr. Sherman drove up from Iowa to Nebraska thirty-five years ago and bought land six miles south of town for \$5.50 an acre.

Ernest Samuelson departed Tuesday on his motorcycle for Linn, Minn., to resume his work as instructor in agriculture and manual training in the schools at that place. He expected to make the distance of 200 miles in one day.

Mr. and Mrs. Geo. Whipperman departed Wednesday by auto for Jefferson, S. D., to visit, at the St. Dillon home. They have also planned to visit her brother, Herman Boeckenhart, at Miranda, going from there to Billings, Mont.

At the home of Mr. and Mrs. Frank Carpenter Wednesday, at high noon, occurred the marriage of their daughter, Katherine, and

Mr. Elvin Bayoe, of Coleridge. Rev. McCarthy officiating. The attendants were Miss Clara Carpenter and Mr. Lawrence Bayoe. The bride wore a white satin gown. Only relatives of the two families were present. Mr. and Mrs. Bayoe will take a short wedding trip, after which they will go to housekeeping on the groom's farm near Coleridge.

Winside Notes

(From the Tribune)

Messrs. and Mesdames P. C. Anderson and Fred Jensen left for San Francisco yesterday, where they will visit the exposition and other points of interest.

John Kreger of Shelby, Iowa, came Tuesday morning and will make an extended visit in the home of his brother-in-law, Jerry Jurgensen, and family.

Howard Davis, 15-year-old son of John F. Davis and wife, had the misfortune to break his left arm just above the wrist. He was riding on a load of oat straw last Tuesday, and a couple of bundles he was on slid off the front of the rack, taking him with them. He fell on one of the horses with the above result. He was working for Harry Hornby.

A serious accident occurred at the Henry Westerhouse home this morning about 8:00 o'clock. While the hired man was cleaning the stables, the five year old son of Mr. and Mrs. Westerhouse passed the stable door just as the hired man was pitching a fork-full of manure out. One tine of the fork was driven into the head just in front of the ear, inflicting a wound some three inches deep. At the time of going to press the boy is still in a stupor. The outcome of the accident is impossible to predict at this time, but all hope for the best.

What might have been a serious accident was narrowly averted last evening, when H. W. Winterstein and family were leaving town for their home four miles east of town. They had reached the four-corners at the M. L. Halpin home and were just crossing the square, when an auto traveling the opposite street struck the buggy square on the side, breaking three wheels. The occupants of the buggy were uninjured with the exception of a few scratches and a scare. The little 3-year-old daughter of Mr. and Mrs. Winterstein was thrown against the radiator of the auto and slightly burned, though not serious. George LaCroix of Carroll was the owner of the car and offered every assistance to the unfortunate ones in the way of medical aid and conveyance.

Carroll Items

(From the Index)

A baby boy was born to Mr. and Mrs. Frank Tucker at Floweree, Montana, August 17, 1915.

Mrs. W. I. James left Tuesday morning for her home at Colorado Springs after a three months' visit with relatives here.

John Pritchard and wife of Garrison, Iowa, came Tuesday to visit at the homes of Robert and Wm. Pritchard. He reports land selling at \$240 and \$250 per acre and renting at \$6 per acre.

Mr. and Mrs. L. R. King left Tuesday for an auto trip to Geneva, Neb., and Bedford, Iowa. Gomer Jones is assisting with the store duties while they are away. They will be home again in about two weeks.

Miss Lillian Bruggeman has been forced to resign her position as teacher of the seventh and eighth grades in the Carroll schools this year owing to poor health. Carroll people hope that Miss Bruggeman may be in position to take up the work later on.

At a joint meeting of the village board, business men and citizens in general, Tuesday evening, it was voted to accept the street lighting proposition as submitted by the Independent Light & Power Co. The proposition is to furnish twenty street lamps at a total cost of \$22 per month. The rate is a good one and no fault was found with it, but some objection was raised as to the location of lamps on Main street. According to the plot all the Main street lamps are on one side of the street and this arrangement is bound to make the town look one-sided. We are exceedingly glad that the town is to be so well lighted, but would like to see Main street lighted more uniformly. For instance, one pole could be placed on the First National bank corner and another on Bagley-Renard's corner and this we believe would even up matters and make Main street appear as though it had two sides instead of one. The Index would like to publish opinions in this matter.

WAR NEWS SUMMARIZED

The Russians, according to Petrograd, again are offering a stubborn resistance to the attempted onward march of the Teutons.

Elsewhere on the long front southward from Courland to southeast Galicia, the Germans and the Austrians, according to the official reports of Berlin and Vienna, are continuing with success their drives against the Russians. Lipsk, to the west of the fortress of Grodno, has been taken by storm and the Russians forced to surrender.

A further advance to the east of Bialystok has been made, while the Austrians and Germans continue their chase of the Muscovites through Brest-Litovsk.

Vienna asserts that the Russians along the Pripiet marshes to the east of the Stripa river, in southeastern Galicia, have tried ineffectually to stem the Austrian advance.

German trenches at several points in the Argonne region were seriously damaged by the explosion of mines and the pounding of French artillery, according to an official report from Paris.

Sinking of the British steamer Sir William Stephenson of New Castle, a 1,500-ton vessel, presumably after having been torpedoed by a German submarine, is reported from London.

A British officer's letter, describing the first landing at the Dardanelles, tells of the fearful losses suffered by the allies.

War between Greece and Turkey imperils unless the sultan humbly protests against alleged outrages against Greeks.

Berlin papers, urging more air raids on the British Isles, declare nothing but the destruction of London will satisfy Germany.

The Germans, in full possession of the entire Brest-Litovsk line, have resumed the offensive in the Baltic provinces and are pressing the Russians, both in the districts southeast of Mitau and to the east of Kovno, in an effort to reach the main line of railway which passes through Vilna and Dvinsk to Petrograd.

This may in time prove the most important of the German operations, although at present they are using more troops in the pursuit of the Russians who are retiring from Brest-Litovsk and the line on either side of the fortress.

It is expected, however, that with the fall of Brest-Litovsk, which had been followed by that of Ollta, south of Kovno, the armies of Field Marshal von Hindenburg will be reinforced and make another attempt to cut off the retreat of the Russians. It is believed that it now is too late to accomplish this purpose.

While Petrograd unofficially expresses the opinion that the Russians are on the eve of digging themselves in and making a stand on a new front, there are no indications as yet of a halt in their retreat movement or of any letup in the force of the Teutonic onrush.

On the western front, in France, the artillery and airmen have been active, but infantry sallies from the trenches have been lacking. Berlin says that French air attacks on Ostend, Middelkerke and Bruges were without success and that in Muelheim, Baden, three persons killed in a bomb attack were civilians.

Little change in the situation in the Dardanelles is indicated by recent advices, both official and unofficial. The losses of the entente, allies in the attack made at Anafarta while the recent landing was taking place are declared by a correspondent at Turkish headquarters to have been extremely heavy, the killed alone being estimated at about 6,000.

The French flying squadron guarding Paris frustrated an attempt by a flotilla of four German military planes to raid the city and in a skirmish which ensued in midair shot down one of the machines. The pilot and observer of the wrecked machine were killed.

An air raid of unprecedented proportions, so far as reported, has been made by the French, who sent sixty-two aeroplanes over a German arms factory to the north of Saarbrücken, Rhenish Prussia. More than 150 bombs, thirty of them of large caliber, were dropped "with precision," the French statement says.

Japan is to open new factories for the manufacture of shells as part of its plan to give increased assistance to its allies in the war, advices from Tokyo state.

SEE HOPE OF PEACE

Result of Relaxing Tension Over Submarine Warfare.

Count von Bernstorff, the German ambassador, left Washington for New York to await instructions from his government, which he confidently expects will lead to negotiations that will bring a wholly satisfactory conclusion of the entire controversy between the United States and Germany regarding submarine warfare.

Out of the relaxing tension of the situation a new hope for peace in Europe has sprung. There is a group in each country which sees possibilities of American mediation behind the peaceful adjustment of the American-German dispute. With one concession won from the belligerents by diplomatic weapons—the security of the lives of neutrals on the high seas—it is thought possible that other proposals may follow, with restoration of peace as their object. The ascendancy of the liberal element in Germany, it is said, lends color to that view so far as Germany is concerned.
