WAYNE, WAYNE COUNTY, NEBRASKA, OCTOBER 28, 1915

\$1.50 PER YEAR

An Accident at the Carnival

The Democrat and many others deplore with Mr. Walter Savidge the accident which occurred at the theatre tent when a section of the side seats went down, Saturday evening, and Theodore Larson suffered the fracture of both legs below the knees. He was the only person severely hurt and his injuries will keep him from work for some time.

According to the testimony of all with whom we have talked, no blame can attach to Mr. Savidge. When the seats began to show signs of falling all of the people were hurried from them, and the proprietor and a number of helpers at once set to work to rebuild the section of seats and had the work well under way when the crowd anxious to secure the best seat possible, brushed past those trying to restrain them and made a rush for the seats in spite of the protests of Mr. Savidge and his helpers who were striving to make them secure.

When the seats fell Mr. Larson was so caught as to break both legs. Under instructions from Mr. Savidge the injured man was placed in the care of Dr. C. T. Ingham and taken to his office, where, assisted by Dr. E. B. Erskine the broken bones were set, Mr. Savidge voluntarily defraying the expense and doing his best to make amends the accident. So far as the editor has been able to learn the sentiment of all who saw the accident, no blame can be attached to Mr. Savidge.

Saturday a Big Day Here

Sometimes there comes a few slack days with bad roads, disagreeable weather and busy farmers, when one thinks that Wayne is on the decline. Then comes a day like Saturday last with a few days of good weather preceding it so that the roads are comparatively good, and the stress of farm work has been relieved by suitable conditions for work, and there comes a change. Such a day was last Saturday when teams and automobiles and people crowded the streets from quite early in the forenoon until late at night, and when the merchants were kept busy with waiting patrons. The good merchants, the stock sale at the pavilion and the carnival all tended to bring the people to Wayne. Saturday shows that the people are within striking distance of Wayne, and it is up to the Wayne businessmen to continue to invite them here and so treat them that they will come again, and this they are doing as consistently as any place we happen to think of at this writing.

Monument Works in New Hands

Noah Williamson, for several years past of the Wayne Monument Works of this city, has sold his building on 1st street, equipment and machinery to Messrs. N. Neilen and C. L. Henderson of Sioux City, who are here and in charge of the works. They are both practical and experienced men and are moving their families to Wayne at once. Mr. Neilen will occupy the Mrs. Pryor residence on Logan street, just vacated by herself and daughter, who have gone to their new residence just completed on the same street. Mr. Henderson has secured a residence in the northeast part of the city, and came with his wife by automobile yesterday. The Democrat is always glad to welcome two people to Wayne for each one who goes away, and predicts that the new proprietors will find Wayne the center of a splendid field.

Carnival Closes Season

Saturday night the Savidge carnival closed their season here on the same field of the opening last May. It has been a season of much tribulation for the show people. Bad weather and poor roads made it ticklish business, but having a good show and thoroughly advertising it we believe that the Savidge people came out safe where attractions of less merit went to the bad. Before Monday night the last marks of the tented field was removed from the streets, and now the equipment is mostly housed for the winter. Mr. Savidge is planning to spend the winter at Wayne, making preparations for another and better season.

None equals Holsum bread. Arrives every morning packed in sanitary containers. Rundell's Grocery, -adv.

Fisher-Winterringer

The following from the Marshalltown (Iowa) Times-Republican relates to two well-known young people of this community, and they arrived from Iowa Friday evening and will soon be a home in this city, having but a few days now to wait for their place to be ready for occupancy. The date of their marriage was October 19th, 1915. The Iowa paper says:

Vern E. Fisher, of Wayne, Neb., and Miss Aona Winterringer, of this city, were married this morning at 10 o'clock at St. Mary's church. Rev. J. J. Fitzpatrick performed the ceremony in the presence of the members of the immediate family of the bride.

Miss Winterringer is the elder daughter of Mr. and Mrs. W. E. Winterringer, over 214 east Main street. Mr. Fisher is a machinist and lives at Wayne, where he and his bride will make their home after a short visit in Des Moines.

The groom is the son of Mr. and Mrs. W. L. Fisher, a young man who has made good in his business, the repair of automobiles, and is an energetic and industrious young man. The bride is widely known here, having made Wayne her home for several years, where she took a commercial and shorthand course at the college. The Democrat extends congratulations.

The Alger Family Reunion

This week Wayne is the meeting place of the surviving members of the Alger family, most of whom are more or less known to Wayne people, several of them having made their homes here. The home of Mrs. C. O. Fisher is their headquarters, who with her brother John D. Alger, reside here. James I. Alger and his sister Miss Olga Alger are here from Eaton, Colorado, where Mr. Alger moved about 12 years ago; Mrs. W. S. Dickerson from Sioux City and Mrs. W. C. Hudson from Muscatine, Iowa, are the other members of the family. While they have visited each other more or less frequently, it has been 24 years since the family were all at the same place at the same time.

It is a great privilege for a family to thus meet in a family group after years of separation, and it is not often that a family of five are together at their age, the oldest being 72 years of age.

Interest in Wireless Messages

Professor I. H. Britell, of the department of physical sciences continues to receive reports from superintendents and high school teachers who have installed wireless stations in the schools where they are now teaching. These receiving stations were made in the laboratory at Wayne in connection with the work in College Physics, and the owner has now an opportunity to test his apparatus by short, wireless messages sent out each day by the department at Wayne. The last to report the success of his experiment was Superintendent Chester A. Jones of Laurel, whose delight on receiving distinctly a message sent from Wayne last Friday evening was expressed in a letter written to Professor Britell a few minutes after the wireless message came.

A Stranger Surprised

A comparative stranger in Wayne, one who comes here on a business mission occasionally, told the editor he was surprised at the size and beauty of Wayne, and especially the residence portion of the city, and more surprised that in a place of this size there are no more names up to tell the streets or no numbers on the houses. His mission at Wayne took him to many homes, and he said it was a hard matter to locate them all by taking the points from the court house, the standpipe, the college or one of the numerous churches. The Democrat has long observed the need of a reform in this line and frequently urged it. Let's do it NOW.

Bazaar and Food Sale

The Ladies Aid of Grace M. E. church will hold a bazaar and food sale at the Central Meat Market, Saturday October 30, at 1:30. -adv.

Nothing equals Parawax Sweeping Compound for the floors of school houses, stores, offices and public buildings. Sold exclusively by Ralph Rundell. -adv.

Wayne Normal 13-Trinity 0

The Wayne state normal school easily defeated Trinity college on the home field last Saturday by a score of 13 to 0. The visitors were outclassed in every department of the game, and Wayne's goal line was in danger but once, this being in the last quarter when an end run, a penalty and a forward pass put the ball on Wayne's 10-yard line. Wayne, however, held and the danger was over. Wayne gained at will during the entire game, but penalties or fumbles prevented many scores. The game was marred by continual wrangling by the Trinity players, to the disgust of the spectators and Normal players alike. The evident intention was to delay the game and hold down Wayne's score as much as possible. In this they were successful, not more than fifteen minutes being spent in actual playing.

The first touchdown came in the second quarter as the result of short end runs and bucks by Dale, Ellis and Stonebraker. The referee refused to allow a try at goal. The second score came in the third quarter. After the ball had been carried to the 30-yard line by short gains, Dale twice carried it over on a tackle back end run, the first being disallowed. Dale kicked goal.

Dale was much the best ground gainer for the Normal, while Stonebraker played a good, defensive game at end. The Normal backs spoiled all but two of the forward passes attempted by Trinity.

This is the second time Wayne has defeated Trinity this season. There is talk of breaking off athletic relations with the Sioux City school, the action of the players on the field not meeting with the approval of either the members of the home team or the authorities of the Normal school, who insist on sportsmanlike conduct on the field at all times.

Eaton's Progressive Schools

Jas. I. Alger, who is visiting here from Eaton, Colorado, is justly proud of the distinction which has come to his place, the schools there having been selected by the Bureau of Commercial Economics of Washington as the place to make a test of value of the movie and phonograph in educational work. A Denver paper telling of the innovation says the plan is to furnish films, picture machines and phonographs and records. Educational films and records will be used one day and the following day the students will be given tests on the subjects of the day before to learn what has been retained. Tests are to be made frequently, and the result judged by the ability of the pupils to grasp and retain and tell what they see and hear. The student's work who have had this opportunity will also be compared with that of those who have not seen and heard the machine-made instructions, and in this way they hope to gain some data as to the real value of this means of giving visual and aural instruction.

A Happy Reception

About 75 neighbors and friends gathered at the Newman home five miles east of Wayne last Thursday evening, October 21, and pleasantly surprised Mr. and Mrs. Claud Forney who had just returned from their wedding trip. The guests came with well filled baskets and after words of welcome to the neighborhood and games and music, a most bountiful supper was served. The occasion was a most enjoyable affair and one greatly appreciated by the estimable young people who were thus royally greeted.

Weather Report

For Plains States and Upper Mississippi Valley: There will be rain Wednesday or Thursday in the northwest, extending Thursday night and Friday into the central plains states and the upper Mississippi valley, probably followed again by fair weather Sunday. Temperatures will rise early in the week and should fall Friday or Saturday, but no unusually low temperatures are expected.

Social Notes

The Minerva club held their regular meeting at the home of Mrs. James Britton, Monday afternoon, and listened to a very complete report of the State Federation meeting, given by Mrs. J. T. House. The time consumed by this excellent report took the place of the regular program which will be given at a later meeting. Accompanied by Mrs. House, Mesdames Huse, Lewis, Owen and Lutgen sang "Nebraska", the song of the state organization, of which we are told friend Bixby of the State Journal is author. Monday evening next at the country home of Mr. and Mrs. Harvey Miner the members of the club and their husbands will indulge in a Halloween party which none will care to miss. November 8th the meeting will be with Mrs. Roe.

The Acme club members observed the Halloween festivities at their regular meeting Monday evening at the home of Prof. and Mrs. Britell. The house was most prettily and appropriately decorated. In response to three distinct raps upon the door a ghost-like escort appeared, and the guests were directed from place to place by others-in-like costume. The evening was happily spent in games, the husbands of the members being guests of the ladies. Refreshments suitable for the season and occasion were served. Mesdames Britell, Davies, Chas. Carhart, S. R. Theobald, Crawford and Ingham were hostesses.

Mrs. S. A. Lutgen was both hostess and leader of lesson at the Bible study circle meeting Tuesday afternoon. The fine day brought quite a delegation of welcome country visitors who seemed to enjoy the work very much. Mrs. C. A. Grothe gave a very inspiring report of the Sunday closing meetings and Mrs. E. B. Young brought home the many words of appreciation from Mr. and Mrs. Sunday for the letters and telegrams sent to encourage them in their great work. After the fellowship meeting, light refreshments were served. Mrs. Sophia Libengood, northwest of Wayne, will be the hostess next week.

The Pleasant Valley club met with Mrs. Elmer Noakes last Thursday afternoon. After a business meeting, a social afternoon was spent. The hostess, assisted by Mrs. Nance, served an excellent two-course luncheon. Mrs. Lauman and Mrs. Kilbourne were guests of the club. Next meeting will be held with Mrs. Roe.

Ladies of the Wayne Minerva club were invited to visit Laurel Tuesday as guests of the Women's club of that place, and Mesdames Henry and LeRoy Ley, E. W. Huse, E. E. Lackey and F. H. Strahan accepted and were most happily entertained. A musical program was given and refreshments served.

One of the pleasant social events among the young people was the farewell party given last Thursday evening at the home of Mr. and Mrs. O. Hurstead, by the members of the Luther League in honor of Stella Skiles, who leaves today for a home in Montana.

Tomorrow evening the ladies of the Eastern Star will entertain their husbands and friends at a masquerade Halloween party at a Masonic hall. Refreshments will be served, and a most enjoyable time is assured.

The Monday club held its regular session at the home of Mrs. Hahn, who led the lesson on Greece, a most interesting study just now. She had some splendid views to illustrate the subject.

The supper served by the Presbyterian ladies last evening at the home of Mr. and Mrs. Morris was a pleasant affair socially, and netted the ladies the sum of \$25.

The Early Hour club will meet this evening with Mr. and Mrs. James Ahern.

There was a fishing party from Wayne to Crystal lake, Messrs. Ray and Clyde Reynolds, Chas. Craven, Rollie and LeRoy Ley going over Saturday evening and making a good catch that night. Their wives drove over the next morning and all were guests of Wm. Anderson at the new hotel to a fish dinner Sunday, driving home in the evening.

Dayton Holds Successful Sale

The first auction sale of the season at the sale pavilion Saturday, when V. L. Dayton sold a bunch of more than 40 duroc Jersey boars, might be called a successful one. Mr. Dayton had an offering that in every way merited good prices, and while the prices were not large, we have not yet heard of a sale about here averaging better. Most of the offering was spring pigs, and the price averaged \$32.17. He also sold at private sale a Holstein bull calf which won first place in his class at the Nebraska state fair to Messrs. Younie & Son, of Hawarden, Iowa, at \$125. Below is list of those who purchased:

16 Walter Weber, Wayne...	\$27.50
30 L. H. Carper, Nacora...	30.00
28 Andrew Nelson, Wakefield...	32.50
1 Fred Schragruger, Lyons...	35.00

Are You Educated?

A professor of the University of Chicago has evolved a series of test questions for the educated which, he avows, are the best evidence of a real education. If you can answer "yes" to all the questions you are truly educated, the professor says. Here are the questions:

Has education given you sympathy with all the good causes and made you espouse them?

Has it made you a brother to the weak?

Have you learned how to make friends and keep them?

Do you know what it is to be a friend yourself?

Can you look an honest man or pure woman in the eye?

Do you see anything to love in a little child?

Will a lonely dog follow you in the street?

Can you be high-minded and happy in the meanest drudgeries of life?

Do you think that washing dishes and hoeing corn is just as compatible with high thinking as piano playing or golf?

Are you good for anything yourself?

Can you be happy alone?

Can you look out on the world and see anything but dollars and cents?

Can you look into a mud-puddle by the wayside and see a clear sky?

Can you see anything in the puddle but mud?

Death of Carl Carlson

The messenger of death entered the home of Carl A. Carlson and wife nine miles northwest of Wayne Tuesday and called their little son Carl, aged 7 years, 7 months and 12 days. Pneumonia was the cause of his death. The funeral services are to be held from the English Lutheran church in this city Friday afternoon at 1 o'clock. The afflicted family have the sympathy of all in their sad loss.

Will and George Harder were visitors at Sioux City Friday.

E. A. Johnson was looking after matters at Winside, Monday.

Frank Whitney was a visitor at Sioux City Saturday and Sunday.

Mrs. Mick from Carroll was a Wayne visitor Friday and Saturday.

Mrs. R. P. Williams returned Sunday evening from a visit at Elgin.

Mrs. Pryor and daughter Margaret were visitors at Sioux City Friday.

Frank Helt was a visitor at Fremont last week, returning Monday morning.

Mr. and Mrs. Frank Simonin went to Omaha Saturday to visit for a few days.

J. T. Bressler and Wm. VonSeggern went to Lake Okoboji Friday for a few days outing.

Mr. and Mrs. C. A. Grothe were visitors at Omaha last week, going down Friday morning.

Mrs. Emma Liveringhouse went to Des Moines Saturday to visit at the home of her son in that city.

Mrs. Lundahl of Wakefield returned home Sunday following a visit here with her daughter, Miss Minnie.

Mrs. Jacob Baker came last week from Tekamah to visit at the home of her brother-in-law, L. C. Nettleton and family.

A farmer in Nemaha county harvested \$2,700 worth of apples from 200 trees, if one may believe all he reads.

Mrs. Wm. Goldsmith left Saturday to visit at the homes of relatives and friends at Tilden and other nearby places.

Miss Ida Norris returned to Omaha Sunday following a visit here at the home of John Bannister and wife, her sister.

Henry Kloppling unloaded a car of 150 choice red shafts Friday which he had purchased in the western part of the state.

Mr. and Mrs. Sam'l Thompson from Lyons came Saturday to visit at the home of their son, George Thompson and wife of this city.

Jacob Wagner and wife from Hoskins returned home Monday following a short visit at the home of Mr. and Mrs. Geo. Guenther, south of Wayne.

W. Jacobson, A. Franzen and Fritz Ott and wife were visitors at Sioux City, Friday going down to spend the day with Mrs. Jacobson at the hospital.

Henry Hoge from Altona, accompanied by his wife, went to Sioux City Friday, where he spent the day purchasing supplies for his shop south of Wayne.

Oscar Harmon, who has been spending the summer here with his father, James Harmon and his sister, Mrs. Panzbaker, left Monday for his claim near Boseby, Montana.

Mrs. Clara Gustafson and daughter Miss Hilda, accompanied by Miss Anna Jacovi went to Neligh Saturday to spend Sunday at the home of Mr. and Mrs. E. Dotson, the daughter of Mrs. Gustafson.

Roy Roberts and wife and son Johnny from Pierce were here Sunday to visit a sister who is attending college. Mr. and Mrs. Roberts live on the Henry Hansen farm near Pierce, and were guests at his home Sunday night.

Mrs. W. A. Hiscox went to Omaha Monday for a short visit with friends.

Measdames Herman Lundberg and Ed Miller were visitors at Sioux City Friday.

Lloyd Tyrrell and wife from Bancroft visited Saturday and Sunday at the home of her parents, Ed Sellers and wife.

Miss Margaret Peterson returned to her home at Omaha, Monday, following a visit of several days with her friend, Miss Pontanelle Wright.

There was a corn picnic of the farmers near Tilden last Saturday. P. L. Gaddis was the chief speaker. A good attendance was had.

Geo. Crossland was accompanied home Saturday by Miss Gladys Apple of Meadow Grove who spent Sunday here, returning with Mr. Crossland Sunday evening.

A class of forty candidates were initiated into the order of Knights of Columbus at Humphrey last week Sunday. The candidates all attended church before going to be initiated.

Mrs. E. O. Gardner went to Nebraska City Saturday to visit her sister there a few days. When she returns she will be accompanied by her mother, Mrs. Wallace, who will remain at Wayne for a time.

Francis Gaertner returned to Rochester, Minnesota, Friday morning after a week visit at home, his mother accompanying him as far as Sioux City. He is troubled with asthma, and the climate there fits his particular case much better than here.

Mrs. Mary Stubbs is at Clarinda, Iowa, this week, going over Saturday to visit at the home of her mother-in-law, who is quite old and feeble. Page county was her girlhood home, and she has numerous acquaintances there whom she will visit also.

Battle Creek is soon to have a post office primary. The primary for selecting a postmaster by the people has come to be considered a matter of fact in this 3d congressional district, and do not cause the comment and commotion they did a year ago. It really looks like a pretty good way to do it.

The mid-west bowling tournament is to be held at Omaha about November 19th, and some 600 contestants are expected to be present. Wayne has a few bowlers who are practicing some now that they have a fine line of allies to work on. The organization is young here yet, but a few are doing good work.

The farmers and citizens of Wynot are systematically working to make better highways leading to that place. From the report of their work we understand that they take a road at a time and under direction of a committee for that road all meet at a given time and do business. They do not work on the 8-hour plan, but make a full day of it.

D. C. Hogue and wife from Winside were here Sunday visiting relatives. Mrs. Hogue is planning to leave today for an extended visit with relatives and friends at Hotchkiss, Colorado, a little place in one of the fruit growing valleys of Delta county.

Wm. Popp and wife came from Waterloo, Iowa, for a short visit at the home of the lady's brother, John Goode and family. Mr. Goode drove to Iowa in his car and visited at Waterloo among other places and Mr. and Mrs. Popp rode with him on the last lap of a 1,500 mile trip.

Wm. Orr and wife went to Omaha Monday, where the lady remained for a short visit while Mr. Orr returned home after looking after some business matters. They were accompanied by their daughter, Miss Neva, who went to Malvern, Iowa, for a month visit with relatives.

Reports from the farmers of this part of the state this season are nearly all to the effect that the early planted corn is far the best. That on the hill land as a rule this season contains more sound corn than on the low land, reversing the order of the past few years. The corn that was late and is now soft is being fed as fast as possible, as it is now of greater value than it will be later. It is not very fattening, but for growing stock it is splendid feed so long as it keeps sweet.

As to mail-order competition the Aurora Republican makes the following unequivocal declaration: "The Republican has insisted all along that no local merchant who sells honest goods at a reasonable profit, and uses up-to-date methods in letting people know about it, can be injured by any extension of the parcel-post service. The small-town merchant who knows his business and takes advantage of his opportunities for keeping in close touch with his customers has an advantage which no mail-order concern can ever overcome. It is only where goods of inferior quality are sold, extortionate profits charged or the local advertising field abandoned to competitors that any serious concern is felt on account of the parcel post."

Carroll People in Auto Wreck
 The Sioux City Journal of Sunday, has the following to say of the accident which befell J. A. Alensworth and wife of Carroll who were injured by the overturning of their car Saturday on their way to Sioux City:
 No improvement was noted last night in the condition of Mr. and Mrs. A. J. Alensworth, of Carroll, who were seriously injured yesterday when their automobile overturned at Ollie Fisher's corner, four miles southwest of Dakota City. They are now at St. Joseph's hospital. It will be several days before the extent of the injuries can be definitely ascertained. Internal injuries are feared.
 Mr. and Mrs. Alensworth were on their way to Sioux City when the accident occurred. They were traveling at a rapid speed and Mr. Alensworth lost control of the machine when it began to zigzag in the road, causing it to overturn. They were picked up by Louis Rockwell, of Homer, Nebr., who was also motoring to Sioux City. He carried them to the pharmacy at Dakota City. Dr. C. H. Maxwell was summoned. He ordered Mr. and Mrs. Alensworth removed to a hospital.
 At the hospital x-ray examinations were made last night. Mrs. Alensworth suffered greater injuries than her husband, it is believed. She was unconscious when found. Mr. Alensworth's head was badly cut.

The Presidential Primaries

By Judson C. Welliver in the Washington, D. C., Times.—More than one-half, and possibly as many as two-thirds of the delegates to the national conventions of next year will be chosen under the states' laws.

From present indications, the convention will consist of 988 delegates. On that basis, 576 delegates will be selected by primaries, in 18 states; and it is expected that two more states will have primary acts before the time of choosing delegates.

Not only this. Before the end of next April almost half the delegates in the conventions will have been chosen. This means that, because the primary laws in so many cases brings the selections early the campaign will be opened very early, the active work for candidates will have to be organized in new ways, and the delegates campaign will be in full blast in the primary states while congress will be in the midst of its winter's operations.

Indications are that it will be practically impossible for any aspirant to do any important personal work in his own behalf, most of them being members of congress.

So long as a year ago there was talk among the possible candidates for the republican nomination, about the desirability of organizing a gentlemen's agreement among themselves concerning the manner of their participation in the campaign. That subject is still discussed, and with the return of congress to town it is very likely that an effort will be made to secure an understanding that will prevent anything like a scramble.

The republican national committee, as a result of correspondence with all the state organizations and governments, has at length been able to prepare an accurate list showing the states in which primaries will determine the delegates to the conventions, and the date.

The states, dates, and the numbers of delegate for each in the 1912 convention—the apportionment for 1916 not having been made yet—are:

Delegates

California, 2d Tues. in May	26
Illinois, 1st Tues. in April	58
Indiana, 1st Tues. in March	58
Iowa, 2d Mon. in April	26
Maryland, 1st Mon. in May	16
Massachusetts, last Tues. in April	36
Michigan, 1st Mon. in April	30
Nebraska, April	16
New Jersey, 4th Tues. in May	28
New York, 1st Tues. in April	90
North Dakota, 3d Tues. in March	10
Ohio, 2d Tues. in May	48
Oregon, 45th day before 1st Mon. in May	10
Pennsylvania, 3d Tues. in May	76
South Dakota, 1st Tues. in June	10
West Virginia, 1st Tues. in June	16
Wisconsin, 1st Tues. in March	24
Total	576

The changes in the delegates strength of these states will be very slight, because almost all the reductions of representation are in the southern states.

In addition to choosing delegates, five states will also select their national committeemen by primary. These are Michigan, Nebraska, North Dakota, South Dakota, and West Virginia.

In all probability, two more states, Alabama and Vermont, will have primary laws soon. The Alabama legislature is now in session, and the measure is pending and re-

ported as likely to pass. In Vermont, the measure passed the legislature last winter, but with a referendum provision attached; it is not to take effect unless indorsed by a majority vote of the people at the coming election. There is little doubt that this endorsement will be forthcoming.

Alabama will probably have 15 and Vermont 8 delegates in the next national convention. In addition, the legislature of Kansas, Mississippi and Virginia will meet in January, and in all three states strong efforts will be made to pass laws applying the primary to selection of national delegates. Should these three states, with Virginia and Alabama, adopt the plan, almost exactly two-thirds of the delegates in the 1916 conventions would represent primaries.

There is, however, a wide variety among the types of primaries. In some cases the primaries take the whole matter out of the hands of political organizations. Thus in California the delegation is chosen by the vote of the state at large; no delegates are selected by districts. In most states four delegates-at-large are chosen, and the other by districts, two to each congressional district.

In some states, again, the delegates are chosen directly by the electors; in others the electors merely choose delegates who make up the state convention that names the national delegates.

Again, there are cases in which a state convention chooses the delegates, but the popular vote instructs which way they are to vote. Altogether, there will be a wide complexity in the types and attitudes of delegates who represent primaries.

An Omnious Tendency

Kansas City (Mo.) Post.—The agricultural lands of the United States rapidly are passing into a new era—the absentee landlord and tenant era. It already has obtained a firm foothold, has this custom which brings so many misfortunes in its trail. Lack of employment, destitution, high cost of foods and the most vital evil of all, lack of opportunity, are among the growing wrongs which this system will increase. The profits and rewards of factories and mines and other great industries are denied the real workers in them. The custom is so well established that it escapes notice of all but the few. Is agriculture to follow suit? Are we to have a vast land owning class and a body of serfs working for them, sustaining them in the control of the area of land to which you and you were born?

Best Market for Poor Alfalfa

The best way to market alfalfa hay which was rained upon this season is to feed it to live stock, according to the college of agriculture. On the other hand, the feeding of poor alfalfa hay is not considered as profitable as the feeding of good hay. Lambs fed poor alfalfa at the experiment station returned but one-half the price per ton which the lot receiving good alfalfa returned.

Polled Durham For Sale

Have a few double Standard Polled Durham Bulls for sale. Am pricing them right for immediate sale. E. W. Splittgerber, route No. 3, Wayne Nebraska.—adv. 97f

Teeth

Teeth are an affliction in the form of small, light-colored pegs which are set in the human mouth by an unscrupulous providence. These pegs are of a nervous and excitable disposition, and have to be operated upon several times in a year by a cold-blooded mechanic known as a dentist.

Teeth are attached to people early in youth, and begin to cause trouble fifteen minutes later. The baby does not have any teeth at the start, but soon starts out to accumulate a set, during which process everybody in the same block becomes incipiently nutty. These first teeth are merely for introductory purposes, and are later elbowed out of place by some permanent fixtures, which remain in one spot for several years, and collect cavities ranging from the head of a pin to the main entrance to a bushel basket.

Some teeth are considerably more durable and clinging than others and never have to be counterfeited at an expense of \$8 for a perfect fit. People who enjoy this kind of teeth usually take the pains to have them patched up from time to time and decorated with gold bands and other luminous trimmings, including the uneasy porcelain inlay, which is always coming out just prior to some social function.

The most treacherous tooth in any language is the wisdom tooth. Nobody asked to have this tooth sent and it is good for nothing except to puncture the refractory hickory nut. It is located in the northeast corner of section 18, west of the 5th P. M., and can be reached only with the aid of a step ladder. When a dentist wishes to do business with a wisdom tooth, he stands the patient on his head and backs in with a reversible searchlight.

The eye tooth is a bundle of nerves which lie close to the surface and can be found without any difficulty whatever by an agile drill. There is also the supine bi-cuspid, which is continually giving out in another place and swelling up like a pouter pigeon. After a man has been punched in the face for twenty-four hours by an irascible bi-cuspid, death at the stake will look sweet to him.—H. L. Rann.

The school board has purchased and now have in place apparatus for the entertainment and development of the younger children on the school playground. It is indeed a pleasant sight to watch the youngsters as they swing on the bars and rings, teter totter and slide down the sliding shute. We believe that the money spent for this apparatus will be repaid many times in the increased physical development of the younger school children. The school board is to be complimented for their action in this matter.—Madison Star-Mail.

Wheat	81
Eggs	28c
Butter	25c
Hogs	6 25
Fat Cattle	\$6.50 @ \$8.75

Our primary election is less than six months in the future. Who will you have, gentlemen?

The week after at Omaha seems terribly quiet, and even the newspapers are missing the "filling" which Sunday supplied.

The present secretary of state, Charley Pool, is collecting and turning over to the treasurer corporation taxes, which should have been collected and paid during previous administrations.

And in his closing prayer as reported by Omaha papers, "Billy" forgot to leave the Omaha school board in the hands of the Lord. He has hopes for Jim Dahlman and the newspaper men, but he appears to think the school board is like the boy in his catechism, "Way past Redemption."

The Omaha newspapers have been enabled to publish a lot of truth about Omaha by picking up the nasty things spit out by Sunday that they would not otherwise have dared to publish. And, as one man puts it, if they got well paid for it the business bumped by it feel that they can say nothing, as every man has his price.

To one who just stands aside and watches the cars go by it looks as though there should be a change in the city ordinance relating to the speed of automobiles within the city limits or else simply repeal the law, for it seems to be utterly disregarded. Might better have no law than one constantly broken. After some one is injured or killed is a little late to lock the car up.

If Greece shall remain steadfast in her refusal to sell her neutrality for the island of Cyprus, she will stand higher in the esteem of the peace loving people of the world than any of the nations who are bartering the blood of their people for territory and power. And how about Cyprus? Are the people of that and other parts of the east to have no word or voice in saying whether they shall be subject to Greece or England? It seems strange that such things can be.

We noticed that the problem of properly policing the city is being discussed by one of the Omaha daily papers, and the plea is made for more policeman to properly do the work, and all the time we had been worrying for fear some of the city police would lose their job and have to work for a living as a result of the great revival held there. Somehow we got the impression that this work of the evangelist was going to knock the police out. Perhaps the editor was mistaken or wanting more officers for political reasons.

In the November American is the last of a series of articles of especial interest to the young. The first

PYORRHOEA

Pyorrhoea is caused by irritation from decayed food or tartar, working under the loose margin of the gums and gradually progressing until there are deep pockets which are filled with pus and bacteria of many varieties. In the early stages this disease may be treated and cured. More teeth are lost from Pyorrhoea than all other causes combined. Cleanliness and correct diet, are necessary on the part of the patient, to control the disease. Tartar must be removed often by the Dentist.

T. B. HECKERT, Dentist
20 Years in Wayne

told of the successes of the boys of the corn clubs, the second of the canning club girls, and the one for next month tells how the young boys are making a success of beef and pork raising. As the Democrat said when reading the first of the series, the teachers of the rural schools should read these articles aloud to their pupils. They would be helping a good cause, and if they inspire but one pupil in the precinct they have done a good work, not only for the one inspired but for the community.

Some of our republican friends are worrying for fear that the democratic administration is going to have a lot of trouble and yield to the demand of the jingo element of the republican party and go wild on the matter of spending money to prepare for national defense. Now it is hardly consistent for them to worry about that, for they have been spending large sums for the same purpose and really have nothing to show for the money that is of value, if one may believe what the best authority of the land now says. The Democrat does not believe that such a great deal of necessity exists for a large expenditure to prepare for war, but a few democrats and many republicans seem to think it necessary, and our chief Mooser is very positive that we should not only get ready for war, but fight. But it is not what you or I think, always that counts. We have the right to make our views known, in fact it is our duty to do so under our form of government, for we are a part of it. The editor wants to see only so much expended for army, navy and munitions as may be necessary, he wants to see a dollar's worth of goods delivered for every dollar that is paid out. If the present administration shall succeed in cutting the graft out of the army and navy appropriations there will soon be less demand for extravagant appropriations. In the past there has been too much "pork" for the clique that has been running that branch of government and not enough work. When the "pork" is eliminated the urgent demand for big appropriations is gone. Write to your congressman and senators and tell them to call a halt, and not be hollering yourself hoarse on the street corners. That will do no good unless you want to return the republicans to power and continue to appropriate good fat salaries for a lot of relics who do little else than draw their pay and constantly ask for more.

Council Proceedings

At the regular meeting of the city council Tuesday evening the following bills were allowed, and warrants issued, and of other business none was transacted:

- GENERAL FUND:
General Electric Co., repairs \$15.75.
J. M. Cherry, salary, clerk 2d quarter, \$75.00.
Duncan Electric Co., meters, \$79.20.
L. A. Kiplinger, meter returned, \$17.00.
G. L. Miner, salary \$80.00.
O. S. Gamble, corn, \$15.75.
Frank Peterson, labor, \$44.75.
Walter Miller, salary, \$70.00.
C. A. Lamberson, oats, \$8.90.
Wm. Piepenstock, for Fire dept., \$5.85.
I. McHaffee, labor, \$7.50.
E. H. Merchant, blacksmithing, \$52.20.

- LIGHT FUND:
J. M. Cherry, salary, Water Comr., 2d quarter, \$165.00.
J. M. Cherry, freight, express and demurrage, \$48.44.
Gust Newman, salary, \$65.00.
John Harmer, salary, \$65.00.
H. J. Ryan Electric Co., services, \$15.00.
Ed Murrill, salary, \$90.00.
Chas. Barham, labor, \$10.45.
Claims No. 1830, Mary Norton \$20.40 for special sidewalk tax paid under protest and No. 1831, James Perdue \$21.45 for special sidewalk tax paid under protest were read before the council and no action taken. On motion the council adjourned.

Fools Not All Dead

When men begin to come to themselves, as the fellow did who was undressing, there is some hope that they will act for themselves. An English paper tells the following of the battle field in France. From the German trenches a board was displayed bearing the words, "The English are fools!" A little later up came the board and the line read, "The French are fools!" Interest began to grow, but no one felt insulted. When the board next came up in the German trench it read, "We are fools!" "Why not All go Home?" But they did not, but within a few days went into the greatest battle of a great war, conclusively proving the truth of the charge.

School Notes

Calvin Capp recently entered the fourth grade.
The eighth grade visited the state normal Friday to view the art exhibit.
The fifth grade visited the creamery today to observe the process of butter making.
Miss Stella Skiles is missed by the freshmen, having gone to Montana to spend the winter with an aunt.
The girls are enjoying daily basketball games on the new court recently laid out on the school grounds.
Gordon Richardson left the second grade last Friday, moving with his parents to their new home in Hastings.
Several of the grades in the lower rooms will observe Hallowe'en by enjoying parties part of the afternoon, Friday.
A party of girls chaperoned by Miss Mabel Dayton walked to Wakefield Saturday afternoon, returning by train that evening.
The second number of the high school paper, "The Watchword" was issued this week. It is a very attractive number and is dedicated to the board of education.

June Conger visited the chemistry laboratory last Wednesday. Other visitors in various rooms during the week were Mesdames Ed Owen, Chas. Reynolds, and C. Clasen.
The sophomores gave the following program last Thursday morning: Piano solo, Russell Prescott; reading, Wilma Gildersleeve; reading, Harry McIntosh; violin solo, Dwight McVicker.
Rev. A. S. Buell spoke before the high school last Friday morning on "Fixing the Focus on the Right Things in Life". Mr. Buell is always a welcome visitor, for he always has a message that is worth while.

The wireless telegraph system that was established last year has been re-adjusted, and Mr. Lamb and Earl Lewis, one of last year's graduates, are studying the code and receiving almost daily communications.

The Junior Audubon class No. 1, was organized October 15 with a membership of forty under the supervision of Miss Florence Welch. Any one attending grades one, two, three or four of the Wayne public schools is eligible. The membership fee is ten cents a year. The object of this society is two fold: First, to make a study of wild birds; second, to try to prevent any from being wantonly killed. During the year ten different pamphlets will be given to each member, beside the membership badge. The subject matter of one or two of the pamphlets is discussed at each club meeting. The plan for this year also includes many bird stories and songs. At the next meeting, November 5, the habits of the pin-tailed duck and carrier pigeon will be discussed.

The freshmen delightfully entertained the juniors and faculty at a Hallowe'en party in the high school parlors last Friday evening. The music room had been elaborately decorated with festoons of orange and black, jack-o-lanterns, and autumn leaves and fruits, corn stalks, black cats and witches, and candles. Those in attendance came masked and some very original and attractive costumes were evident. Marion Grothe and Joe Ringland impersonating a jealous farmer much given to snoring and his talkative wife, furnished the source of much amusement throughout the evening. Emmett Dewey was a perfect brownie, Alice Blair a fetching little Jap maiden, Eloise Miner was a stately grand dame in the full crisp silk and poke bonnet of a century ago, some were clowns, others were ghosts, and all were interesting. Hallowe'en games, pranks, and songs and fortune telling made the evening pass all too quickly. Refreshments of popcorn, apples, and candy were served and all went home voting the freshmen and their sponsor, Miss Dayton, delightful entertainers.

Kills 101 Rattlers

Winner, S. D., Oct. 27—One day recently William Scheffer, living near the White river at Komer, this county, discovered that one of his cows had been bitten by a rattlesnake. He immediately commenced a search and found a number of the reptiles where they had gathered for winter quarters, and in a few minutes dispatched 101 with a shot gun. The cow will recover.

Among the Churches of Wayne

Methodist Church

(Rev. A. S. Buell Pastor).
There will be a special patriotic program at ten-thirty Sunday morning in the Methodist church to take the place of the regular morning service. The Epworth League devotional meeting at 6:30 and the evening preaching service at 7:30 will be held as usual. The subject for the evening sermon will be "Faithful Unto Death." A week of devotional bible study and prayer is being observed this week with a special service each evening from 7 to 8 o'clock. The subject for the Sunday school lesson next Sunday is "The Boy Jonah Crowned King." 2 Kings 11:1-20. The Golden Text, "The house of the wicked shall be overthrown; but the tent of the upright shall flourish."

Special Rally Day Program For Sunday Morning

"The Patriotism of Peace"
Organ voluntary—Mrs. Johnson.
Processional—Choir.
Anthem—Choir.
Hymn, "O, God our help in ages past,"—Congregation.
Responsive reading.
Call to prayer.
Prayer.
Responsive reading.

Hymn, "America"—Congregation.
Benediction—Pastor.

Presbyterian Church

(Rev. S. Xenophon Cross, Pastor)
Come to the morning service. The sermon next Sunday morning will consist in several practical lessons drawn from the Sunday school lesson of the day.
The United committee met on Monday evening and selected teams for an every-member social canvass of the church. This canvass will probably be made on November 7th.
The Y. P. S. C. E. society will hold its regular business meeting next Monday evening. Some very important business will be before the meeting. All members should be present.
Come to Sunday school and stay to church. Also plan to stay by the Sunday school all through the season. The Sunday school needs you and you need the Sunday school.
The young people have organized a class to study Prof. Well's book on expert endeavor. By spring, we should have a dozen, or more, expert endeavorers on the roll.
The juniors are now well organized and doing splendid work. Let the boy and girl come to "Junior." Miss Edith Willey of the college is the efficient Junior Superintendent.

The sermon Sunday evening will be on the subject: "Power in the Inward Man." The subject is suggested by the C. E. topic for the evening. Come to the evening services.

Gertrude McEachen will lead the Y. P. S. C. E. meeting at 6:30. The topic will be: "Increase and Efficiency: two Permanent Christian Endeavor Ideals." Read Eph. 4: 1-16.

Baptist Church

Last week Wednesday night witnessed the largest attendance in many moon's and at the close many more appeared at the church and the ladies of the "Union" presented pastor Richardson and family with some beautiful silverware as a token of remembrance, and served refreshments for the company after which some appropriate remarks were made by different ones which furnished a happy close of the pastoral relation.
Prof. Bright very kindly supplied the pulpit last Sunday and his address was highly appreciated.

Next Sunday should witness a full attendance to hear Rev. W. L. Gaston, who comes as a prospective pastor and will preach both morning and evening.
The young people's meeting will be held as usual at 6:30.

German Lutheran Church

Rev. Moehring, Pastor
There will be Sunday school at the German Lutheran church at 9:30, Sunday morning and the Reformation festival will be observed. Preaching at 11:30 and the holy communion will be administered. At 3 o'clock in the afternoon the pastor will preach a Winside.

St. Paul's Lutheran Church

Sunday school at 10 o'clock. Luther League at 6:30. Ladies Aid society meets with Mrs. H. McMellen, Nov. 4, 1915.

Your Last Chance

Messrs. Green, McMasters and White, three of our dentists, were at Norfolk Tuesday attending the meeting of the dentists from north-eastern Nebraska, in session at that place.

Miss Cecelia Miester was at West Point last week, accompanied by her brother Joe from Norfolk, attending the wedding festivities of a couple of their friends. She returned Monday.

The weather is fine, but winter is coming, so let us clean and press your winter suit before you need it. Both lady's and gent's suits made to look like new at the Wayne Cleaning Works.—adv.

A Carnegie library was dedicated and formally opened at Hartington last week. They have had an organization there for some time and have about 500 readers and 2,000 volumes to move to the new home.

Fred Schawger of Lyons was a guest at the home of Mr. and Mrs. V. L. Dayton and of Forrest L. Hughes and wife, his sister-in-law. He attended the Dayton sale and purchased No. 1 at a price which topped the sale.

A make-room for Christmas special at the Variety store, 14 qt. dishpans and 10 and 12 qt. water pails, grey enameled, next Saturday, for 25c each. Blue and white 8 qt. Berlin kettles with enameled covers, 50c each.—adv.

Messdames C. A. Chace and T. B. Heckert were among the football enthusiasts of Wayne who autoed to Wakefield Tuesday afternoon to witness the scrimmage between the Wakefield high school and the second team of the Normal.

H. P. Kauffman from Lincoln, traveling passenger agent of the Burlington, was looking after California business in this part of the state this week and tells us that the prospect is flattering for the "Q" and their personally conducted cars.

Among the school men of this section of the state who came to Wayne to watch the football game between the Normal and Trinity college were: Superintendents H. M. Eaton of Emerson, E. D. Lundak of Wakefield, E. R. Rogers of Pilger, C. E. Mason of Belden, Harold Boyce of Hoskins.

W. G. Anderson and wife from Plankinton, South Dakota, spent several days here last week and the first of this week visiting at the home of P. L. Mabbott and wife, their daughter, while on their way to spend the winter months with a son at Athens, Alabama. Mrs. Mabbott and Mrs. J. H. Massie accompanied them as far as Sioux City.

In Iowa Mr. and Mrs. Forney were royally entertained while on their wedding visit to his home there. The Thurman Times gives the following:

"Forney's band went to the G. T. Forney home near Tabor Friday evening and gave a concert in honor of the young couple, Claude Forney and wife, who were here on their wedding trip."

Jonathan and Grimes, Golden apples at Rundell's.—adv.

L. M. Owen went to Craig Tuesday to be gone a few days.

Try our fresh fish and celery. Wayne Meat Market. Phone 9.—adv.

Reduction on millinery, Friday and Saturday, October 29 and 30. Jessie E. Grace.—adv.

Iten's quality cookies and crackers arrive fresh every week at Rundell's grocery.—adv.

Marriage license was issued Wednesday to Mr. Adolph Beltz and Miss Caroline Rhode, both from the western part of the county.

Ladies and childrens Munsting-wear union suits, fleeced or wool. Childrens 50c up, ladies \$1.00 up. Any length of sleeve. S. R. Theobald & Co.—adv.

J. S. Mayne from Harlan, Iowa, was here Tuesday, a guest of his old neighbor, John Morgan, for the afternoon while on his way to Carroll, where he visited Auctioneer Fred Jarvis. Mr. Morgan took him over the city a bit, and he expressed his appreciation of the beauty of the place, and correctly measured the possibilities of the fertile farm lands of this county.

Beginning last Sunday the Northwestern began giving the same passenger service Sundays on the line from Fremont to Albion as they have other days of the week. The action came at the request of the railway commission to whom the people along the line had appealed for relief. And now the Humphrey people are asking more and other changes for their convenience.

The Young People's class of the Methodist Sunday school are planning a Hallowe'en social to be held in the parsonage beginning at eight o'clock Friday evening of this week. All of the members of the class, all of the members of the church and Sunday school and all other young people who have a preference for the Methodists are invited. There will be a small item of expense in which all will have an opportunity to share.

Mr. A. C. Wilson is planning to take the management of a theatrical troupe for Walter Savidge for the coming winter season and make a tour of the country. A strong company is being organized, with a splendid 4-piece orchestra, and is the plan to make three-night stands, beginning November 11th at Wakefield or some nearby town. But two of those with Mr. Savidge the past summer are to remain with Mr. Wilson, and the new members are soon to be here, and rehearsals will begin next week.

The Wisner Chronicle last week published an item which lets some light in on the newspaper contest as some of them are run, and tells of paying the costs of cancelling a contract the editor had entered into when he learned that it was not to be on the square. He asserts that he knows of cases where the winner simply bought the car and gave his check for the same, and as the contest manager had the whole say as to who got votes and who not, to a great extent, it was in his power to deliver the prize to the one who paid him the best for it.

Wm. Miller and daughter, Miss Pearl Miller of Wenatchee, Washington, were here for a short visit with old friends. They moved from Wayne 18 years ago, and have since made their home in the west, but they are always assured a hearty welcome whenever they visit Wayne. Mr. Miller was one of the early settlers here, owning a farm just south of Wayne, and the daughter spent her school days at this place. They were guests at the home of Mr. and Mrs. John Larson, Mrs. Main and others. They had been visiting at Sioux Falls, South Dakota, and left for home Wednesday.

Clerk Cherry tells our reporter that the poles for the Wayne electroliers are here, and that they are beauties. The cables not yet visible, but work will no doubt soon begin. Wayne will be like day all night when the new lights are started. That will call for some more improvement, and we will naturally want to have a few better buildings to look at when the lights are installed, or soon after, and then there is that paving. Of course, the Democrat cannot say much about shack buildings just now, for ours is not the best, but we have hopes for something better in the future.

Reduction on millinery, Friday and Saturday, October 29 and 30. Jessie E. Grace.—adv.

The L. A. Kiplinger case was postponed for hearing until Friday morning, and is set for 8:30.

Mr. and Mrs. F. G. VanMeter from Griswold, Iowa, were here last week, guests at the home of Chas. Madden and wife, former friends and neighbors. Friday they all drove to Sioux City, and Saturday the guests closed a happy visit and started for home by automobile.

There will be a football game at the college Friday which it is said will be well worth the price of admission, and when the Wayne Normal team will contest with the Winnebago Indian team, said to be one of the strong teams of the state. This is a business man's game, coming at a time when they may get away better than on Saturday.

F. S. Berry returned this morning from Minneapolis, where he has been for more than a week past engaged in the criminal prosecution of a Mr. Johnson whom it is claimed is responsible for the death of a daughter of Mr. and Mrs. A. D. Erickson of Wakefield, Mr. Erickson being the complaining witness. The case went to the jury Wednesday evening when Mr. Berry left for home at the close of a strong fight for justice. He has not yet received word of the verdict.

H. B. Roosa from South Faalburgh, New York, came to Wayne Monday evening to look after some residence property he owns here and to greet his Wayne friends of ten or twelve years ago, for at that time he was one of the business men of this place for a number of years, after which he returned to his native state and is now engaged in business within a few miles of the place of his birth. He naturally notes many changes here since he moved away, one being the brick building which now occupies the lot where stood the old frame in which he did business on the west side of Main street between 2d and 3d streets. When he meets a number of his former friend and associates, he says he can scarcely realize that he has been absent so many years, but when he meets men and women

grown and married who held place in his mind as children, and sees so many people whom he does not know at all, he knows that he has been adding years instead of months to his age, since leaving Wayne. He is engaged in selling provisions and coal now, and tells us that practically all the grain, flour and meats they now sell are

from the west. He says that the Democrat comes as a welcome visitor each week, and is faithfully read, thus keeping him in touch with the community in which he once knew practically all of the people.

Lincoln Letter

Secretary of State Pool is preparing a complete roster of Nebraska soldiers who served in the Mexican, Civil and Spanish American wars, giving name, residence, company, battery, vessel or regiment, and from what state mustered into the service. The list has been gathered by the assessors of each county and should be accurate. To date only four counties have failed to provide the secretary with the necessary data, but those counties will probably comply with the law in the near future. The book now under course of preparation, the first since 1895, should prove of incalculable value to the many veterans now residing in this state, as it will contain the names of several thousand and brave men who offered their lives in defense of their country.

Attorney General Willis E. Reed went to Washington, Friday, October 22, where he will appear for the people in the western freight rate case, known as Rate Order No. 19. He will be assisted by Ed. P. Smith of Omaha. This case is a descendant of the C. J. Smyth vs Aimes rate case of the '90's. Next in importance was the Newberry rate bill, which is now a matter of history and for which the legislature appropriated \$10,000 and employed Hon. John L. Webster of Omaha as attorney on behalf of the state. Before leaving for Washington Attorney General Reed held a conference with Attorney General Fred Farror of Colorado, in reference to the irrigation case now pending in the United States supreme court, which has to do with the waters of the upper Laramie in Wyoming. If the case is lost to Nebraska it would result in diverting these waters from the irrigation projects of the northwestern part of the state especially in the Scotts Bluff country. Attorney General Reed's department has had the most and heaviest litigation which has ever come before any attorney general in the history of the state.

Adjutant General P. L. Hall is exhibiting some photographs taken by Captain McMillian of the aviation corps, while making trial flights last week. The photos were from a height of several thousand feet and one of the state house and grounds is extra good. The trial flights of Captain McMillian established the feasibility of securing photographs of forts or the position of an enemy in time of war, and the value of aeroplane service in connection with the National Guard. During the maneuvers, bombs were dropped and timed to explode within a short distance of the ground. This particular bomb was invented by members of the aviation corps, and is different from the usual class of explosives of the kind, it not being necessary to hit something before it explodes. The bomb is now being tried out and if it proves what its makers claim for it, the invention will be presented to the national war department.

State Auditor Wm. H. Smith has just issued his quarterly statement of the expenses of the state of Nebraska for the months of July, August and September. It is the most complete statement yet issued from the auditor's office under the new system adopted by Auditor Smith when he took charge of the office in January. The total expenditures of the three months were \$981,700.11. Of this amount the university used \$388,994.42, normal schools \$68,623.12, normal training aid, \$11,900.00. The sum of \$24,481.12 was used for the support of the 15 state institutions, including improvements and equipment. The amount of money for salaries paid out during the quarter was \$252,751.60 of which \$143,007.32 was for the university and \$37,594.40 for state normal schools. The grand total of state expenditures include all cash fund and general fund warrants. General fund warrants issued for the three months for all purposes amounted to \$587,269.61.

Report of Agricultural Experiments

Farmers and others interested in the progress of work being carried on by the Agricultural Experiment station of Nebraska will find a concise statement of these projects in the twenty-eighth annual report, which is being issued. The annual report of the Agricultural Extension Service is included in the same pamphlet. A copy of this publication may be had without cost to residents of Nebraska upon application to the Director of the Experiment Station, University Farm, Lincoln.

Cooking Did Not Pay

Experiments in cooking alfalfa hay for hogs, at the North Platte sub-station, indicate that the feeding value of the alfalfa may have been increased slightly by the cooking, but not enough to offset the extra cost.

See the Democrat for wedding invitations.

After Twenty Years

Beside the blazing kitchen range, aglow with crimson lids, Sam Hadley and Maria sat and talked about the kids. Sam he was crowding thirty-eight, and looked a trifle more, while Mrs. Sam was slightly gray, though only thirty-four.

"This farmin's mighty up-hill work! Now don't you reckon, maw, that Billy, with his gift of gab, would make a bit at law?"

"Indeed he would," says Mrs. Sam; "and, as I've said before, our Tommy's smooth at figuring and ought to own a store."

"And Dick," says Sam, "can size up men; he's firm, yet not a crank; he's got a careful, level head, and ought to run a bank."

"Our Susie has a better voice than most kids of her age; it seems to me," says Mrs. Sam, "she'd star upon the stage."

Sam Hadley raised his corn-cob pipe, and Mrs. Sam her spool; they vowed they'd work their knuckles bare to send the kids to school.

II.

Beside the blazing kitchen-range, aglow with crimson lids, Sam Hadley and Maria sat and talked about the kids. Sam, he was crowding fifty-eight, and getting older fast, while Mrs. Sam was grayer, too, than when we saw her last.

"Our Billy's written home for dough and don't you reckon, maw, that we could send a little more while things are slow at law?"

"Indeed we can," says Mrs. Sam; "and Tom has written, too, that goods ain't moving in the store, and we must help him through."

"I had a word today from Dick; the bank has gone ker-flunks, and, maw, to put it on its feet, Dick needs a thousand plunks."

"And, Sam, our Susie and her man have had an awful fuss, and Susie and her little ones are going to live with us. Oh, won't it seem like heaven, Sam, with her sweet voice at home. We'll dedicate her little ones, like we have done our own."

Sam Hadley raised his corn-cob pipe, and Mrs. Sam her spool; they vowed they'd send their kids the cash, and Susie's kids to school.—J. F. Tuft.

One Thousand County Agricultural Agents

There are 1,000 county agricultural agents in the 48 states of the Union. Of this number there are 8 in Nebraska, these being employed in Gage, Seward, Madison, Thurston, Dawes, Dakota, Kimball, and Boxbutte counties. Four additional counties in Nebraska have asked for agricultural agents to begin work in January.

"On the whole these agents have been very successful in winning the support and confidence of the farming people," says the Experiment station Record of the U. S. department of agriculture, "and tangible results of their work are very encouraging. The personality of the agent is, of course, a very large factor in determining the measure of his success. His understanding of the real problems of the region in which he is working, his sympathy with rural people, and his ability to meet them on their own ground and actually to convey to them important, practical instruction and information in a convincing way are among the essentials. When to these qualifications are added studious inclinations and habits, the possession of accurate and up-to-date knowledge of the practice and science of agriculture and business ability of high order, we have a very able and useful man whose services will mean much for the agricultural and social advancement of his county."

The Evidence Arrives

Congress being about to assemble, the cause for Mr. Bryan's resignation from the cabinet becomes more apparent.

The presidential office of the U. S. is a lonely position. So much money has been made by contractors who have fattened on government work that the local atmosphere at Washington is so charged that the opinions of the people are neutralized before they have time to settle there. Then again every democrat who is holding any kind of a lucrative position, appointive or elective wants the head of his party to take the popular side of all questions whether they are right or wrong. Thus it has come about that the only man of influence is the private citizen. On the question of this nation issuing several hundred million dollars worth of bonds in order that the ammunition works may fatten, there has never been any question of where Mr. Bryan stood. And on this question Mr. Bryan and president Wilson may mix. Congressmen who hope to be elected next fall will think twice before they dare Mr. Bryan to come into their district and read the record made in Washington this winter.—Creighton Liberal.

New Engines

The locomotives used today in through passenger service, are required to haul trains which are often as heavy as the freight trains of a comparatively few years ago. These trains are hauled at high speeds, on exacting schedules. Locomotives of such service must not only be of sufficient size to develop the required power; they must also be economical in fuel and water consumption and must not deliver destructive blows to the tracks and bridges when running at high speeds. An efficient self-propelled power plant is required, and high engineering skill is necessary to produce it.

The new S-3 engines just placed in service by the Burlington, represent the latest development of the Pacific type for heavy passenger service. These engines appear to be the embodiment of power and strength and impress one by their wonderful size. Built as high as they can be and negotiate bridges, the parts above the boiler on the outside are made as low as possible to obtain the results needed and remain within the prescribed height to meet bridge requirements. The whistle protrudes from the side of the dome instead of the top on account of the height of the boiler. The stack is squat and broad and the bell, while of average size, seems smaller because of the massiveness of the boiler.

These engines are of the super-heater type, thus providing fuel economy and a greater energy from a less amount of steam than does by the older and more common type of engines using the saturated steam system. The boiler pressure, because of the super-heater construction, is but 180 pounds of steam, an amount that many of the smaller engines carry. A number of new and late devices for conservation of motive power, greater speed, etc., are seen on these engines.

These monsters are over 75 feet long and, ready for service, weigh upward of half a million pounds. A six foot man, wearing a silk hat, could stand erect in the little end of the boiler and a good sized barrel could be placed inside of one of the immense cylinders.

These great power units were built by the Baldwin Locomotive Works, Philadelphia, to pull the Burlington's crack limiteds. No one knows how fast they will run. But one of them will draw a long heavy train of Pullmans, at a sustained speed of 60 miles an hour, without much more concern than a youngster pulls a toy wagon down the street. There is ample reserve power to insure the punctual maintenance of schedules even under adverse weather conditions.

Call Off the Dogs

Do the democrats of Nebraska really desire to have any standing in the state campaign next year? Those who really desire to see a state ticket elected by democrats in 1916 will quickly inform the governor's traveling appointees that it is time for them to attend to their official duties, and quit barking at the heels of State Treasurer Hall. The democratic party in Nebraska would present a sorry spectacle in the campaign next year if the enemies of Treasurer Hall should prevail. The idea of turning down a state treasurer who has stood like a stone wall in the pathway of those who sought to draw money which had not been appropriated by the legislature means democratic suicide. It is possible that a combination of all the reactionary elements might be able to defeat Hall for renomination, but if that should be accomplished, then the people of the state might well conclude, and would conclude, that the democratic party stands for dissipating the state funds without regard to law or horse sense. And if Hall shall be defeated for renomination by the democratic treasury assaulters—well, in that event a nomination on the democratic state ticket in Nebraska next year will be worth about as much as a republican nomination in Texas. It is time for Governor Morehead to call off his dogs.—Columbus Telegram.

The Potato Crop

Potatoes have been grown here this season in greater quantity than any previous year, we believe. The acreage seems to have been greater, and the yield has been good. During the past week we have asked for reports from different neighborhoods and find that the return has been from 150 to 225 bushels per acre, with the average above 175 bushels to the acre. Early Ohio, for the early potato was practically the only variety grown. Of the late varieties we find Carman No. 3, Rural New Yorkers and similar potatoes, some of them known by a different name, but apparently the same. The quality is good with but little scab. Very few treated their seed.

War Pork
The now fairly well known fact that the manufacturers of war supplies are in all countries manufacturers of also of war sentiment is taken cognizance of at Washington. The government already has a powder mill, established in the hope of securing explosives at a reasonable cost. There is also a government navy yard where a small part of the construction work of the navy is done. It is now proposed, in view of the great prospective increase in military and naval operations, to establish a government munitions factory sufficient to supply the ordinary needs of peace.

If the private promotion of war and war scares can be reduced by this means, the thing should be done. The maintenance of political organizations by armor plate, gunpowder and ship manufacturers for the purpose of increasing government orders is intolerable. And this is what exists throughout the world. But in the United States, at least, the private interest in the war business is not wholly eliminated by the government factory. It remains to locate the factory.

The log-rolled navy yards and forts of the United States have been our perennial scare. The distribution of military and navy posts among "deserving congressmen" is one of the reasons why, after spending a quarter of a billion a year for preparedness, we are still "unprepared." Now how is it to be with the munitions factories and the new shipyards which we must have if the corporation war lobby is to be headed off? Are we merely to have a change from a private lobby of influential citizens and congressmen looking for pork for their localities? The game is already beginning. Illinois is already rooting for more of an arsenal at Rock Island.

A Nebraska state senate is always in danger of domination by its shrewdly scattered public institutions. A majority of the senators are responsible for such institutions, having them located within their districts. Scatter the government munitions plants about sufficiently, and war appropriations may be made by a log-heap of senators with forts to defend. As the government goes into the war trades it would do well to agree in advance upon a single location for all of them. If it could buy up a county in Pennsylvania or wherever the war city should be, it could escape log rolling pressure and at the same time save for itself the "unearned increment" arising from its industrial activities. We can stand war by lobbying better than war by log rolling.—Lincoln State Journal.

England's Sucking Calves
It is not uncommon for the average cow to nurse and raise one calf. It takes a mighty good cow to bring up two lousy calves. When you increase the suckers to three, four or even five in number, it soon puts the best cow in the dry column, and the calves must have other nourishment or starve. England has been a mighty rich financial cow during this war. Ordinarily she could suckle two calves, but she has been nursing five, namely: Russia, Serbia, Italy, Belgium and France. She is sucked plumb dry, and now comes to the United States with her five hungry calves, looking for a wet nurse. Those American citizens who are not totally blinded by hate and prejudice can easily see what the inevitable and fatal consequences must be. Mr. Bryan says that it is a most dangerous and un-neutral thing to do, because it will make us active partisans in the war in order to get our money back. Some of the best and most independent financiers and industrial leaders, like Henry Ford and John Rockefeller, say that it spells danger and threatens ruin to this country. We know that it is not popular at this time to quote Mr. Bryan, but in our opinion he was never more right and patriotic in his life than now, and we ask our readers to clip this editorial and paste it where in the near future they can prove or disprove our assertion.—Platte Center Signal.

Summons by Publication
IN THE DISTRICT COURT OF WAYNE COUNTY, NEBRASKA.
Maud McNally, Plaintiff,
Vs.
Frank McNally, Defendant.
The defendant, Frank McNally, will take notice that on the 7th day of November, 1913, Maud McNally, Plaintiff in the above cause, filed her petition in the District Court of Wayne County, Nebraska, against Frank McNally, the object and prayer of which are to obtain a decree of divorce from you on the grounds of cruelty, non-support and desertion.
You are required to answer said petition on or before the 15th day of November, 1915.

By Kingsbury & Hendrickson,
39-5. Her attorneys.

World's Champion Corn Grower
Raising 141 bushels of corn on an acre at an expense of only \$13.73 for rent, seed, horses, labor, and husking helped make Willard Zeller, an Iowa farmer, the champion corn grower of the world. This is how Mr. Zeller raises the champion corn:

"Very early he came to understand that the one, biggest thing in the corn business was good seed, and systematically began to develop it." A germination test was made of a large number of ears, and from among them 10 ears, all of which tested 100 per cent perfect and strong, were selected. Three hundred kernels from each of these 10 ears were planted, and the corn from each ear was planted in a separate row. All grades of quality were represented, the best ear yielding 118 bushels to the acre and the poorest yielding only 37 bushels.

"But they were not satisfied with one test. They were anxious to verify their experiments, and planted corn from the same mother ears under similar conditions the next year. The results were also similar. The ear which was best the first year was best this year also, and produced a yield of 117 bushels, and the poorest ear was again poorest with a yield of 35 bushels.

"The third year, under similar conditions, there was the same great difference in quality among these ten original ears from which the test was being made, the first was again first with 114 bushels, and the poorest was again poorest with 34 bushels.

"The soil is plowed to a depth of seven inches in the fall. Early in the spring it is harrowed to make a dust mulch. By the harrowing it seems that the small capillary-like openings in the ground are broken and the moisture that would otherwise escape remains in the soil. Just before planting, the ground is disked and then harrowed again. With the soil soft and fine and warm it is in condition for planting. No fixed date is followed, but the planting is usually done in the early part of May."

Prevention Better than Cure

Fire Commissioner Ridgell of Lincoln is of the opinion that money could be saved by systematic effort at fire prevention, and it is the easiest money that people can secure. Here is what he says:

Citizens of the state can perform a patriotic duty, and at the same time prevent drains upon their pocketbooks by giving the matter of fire prevention a little thought now and then. By so doing the saving can be driven up to from \$1,000,000 to \$1,500,000 a year, in the opinion of Fire Commissioner Ridgell.

In calling attention to the state Fire day, November 1, a day which will be observed in the schools of the state, the fire commissioner says that two-thirds of the \$2,000,000 annual fire loss in this state could be prevented. In making suggestions for observance of Fire day by citizens generally, the commissioner asks for the wholesale inspection of buildings and their surroundings, for the detection of waste or materials which aid the fire demon in his destruction. He suggests co-operative activity between city officials, women's clubs and all civic organizations.

Prepared for Cholera Outbreaks

With a large supply of serum on hand, the state serum plant at the University farm is probably better able to handle a severe outbreak of hog cholera than ever before. Vaccination has been a strong factor in the general decrease of cholera this year and but few serious outbreaks are occurring, altho the sale and use of serum has been larger in proportion to the amount of disease than in previous years. The annual capacity of the state serum plant at present is enough to produce serum for vaccinating 200,000 shoats. The cost of producing serum at the present time is 14 cents a cubic centimeter. It is sold to residents of Nebraska at cost.

Disadvantages of the Small Farm
Altho the "little farm well tilled" is a favorite with poets, farm management surveys of the college of agriculture show that it has several disadvantages. Among those which have the greatest effect upon farm profits may be mentioned the following:

1. Two men are needed to do a large part of farm work economically, and a small farm frequently does not offer enough steady work to keep an additional man busy.
2. The cost of horse labor per acre, like that of men, is excessive.
3. The cost of machinery per acre on small farms is nearly double that on "family-sized" farms, as machinery can be used to better advantage on such farms.
4. Barns and similar equipment cost more per acre than on large farms.
5. Small fields are necessary, and the cost of fencing is increased per acre.

A divarished farm in the corn belt should ordinarily contain not less than 160 acres.
Art J. Koenigstein, the former county attorney who was prosecuted for lax methods in dealing with Norfolk's harlots, instigated a personally conducted raid on a house of prostitution the other night and the inmates spent a quiet Sunday in jail. The cases were nolleed by the deputy county attorney, a resident of Norfolk, because of an alleged lack of evidence. Koenigstein claims he secured all the evidence needed to convict. There may be something to Mr. Koenigstein's oft-repeated assertion that the business interests of Norfolk demand a wide-open town, and there may be more to his positive assurance that he will clean Norfolk of prostitutes and illegal booze vendors regardless of business interests friendly to the traffic and in spite of attorneys who may hamper him in his laudable ambition. Those who really stand for decency will find in Mr. Koenigstein a valuable ally at this particular time—in fact it's rather up to them to lend a helping hand or confess that they, too, are more or less inclined to truckle to the demimonde and their allied interests.—Battle Creek Enterprise.

The Shadow of Sorrow

Three billion dollars—the greatest debt ever contracted in the history of the nations—is the amount of the latest German loans. War is not only hell, but the cost of it has reached a point where it is incalculable, alike in money, treasure and life—and the shadow of woe that has been hung above the countries of Europe is greater than all. With the passing of the present generations the direct wounds of sorrow will have partially healed, but the weight of the financial burden will be upon the shoulders of babes born a hundred years from the time this war shall cease.—Aurora Sun.

Notice to Non-Resident Defendants

To CORNELIUS MCGREEVEY, ADMINISTRATOR OF THE ESTATE OF FRANK UEDING, DECEASED, CHRISTINE UEDING, JOSEPH UEDING, SOPHIA UEDING, PAULINA UEDING, IDA UEDING, ANTOINE UEDING, and the INTERNATIONAL HARVESTER COMPANY OF AMERICA, non-resident defendants:

You, and each of you, will take notice that P. D. Corell, as plaintiff, filed his petition in equity in the District Court of Wayne County, Nebraska, on the 10th day of September, A. D., 1915, against you, and each of you, impleaded with Minnie B. Reynolds, formerly Minnie B. Hamilton, the object and prayer of said petition being to foreclose a certain real estate mortgage given by Frank Ueding on October 8th, 1907, conveying the East 50 feet of the West 100 feet of Lot 1, in Block 7, of the original town of Winside, Nebraska, said mortgage having been given to secure the payment of a certain promissory note of even date therewith, for the sum of \$1,500 with interest thereon, from date, at the rate of 6 per cent per annum until paid, said mortgage being recorded in Book 35 of Mortgages, at page 264 of the records of Wayne County, Nebraska, said note and mortgage having been for a valuable consideration sold, assigned and transferred by the said Minnie B. Reynolds, formerly Minnie B. Hamilton, to the plaintiff, P. D. Corell, who is now the owner and holder of said note and mortgage. Default having been made in the payment of said debt, plaintiff prays for foreclosure of his said mortgage, for costs of suit, and general equitable relief.

You are required to answer said petition on or before Monday, November 22nd, A. D., 1915.
P. D. Corell, Plaintiff,
By Fred H. Free,
adv. 40-4 Attorney for Plaintiff.

The Cost of Progress

Constantly the Bell Telephone System spends large sums of money in scientific, experimental and research work, pursuant to the policy of always providing the best.

In the working out of complex scientific and engineering problems alone, the Bell System has a staff of more than 500 skilled engineers, the graduates of seventy American and foreign universities.

New Telephone Inventions

Hundreds of improvements in switchboards, cables, and long distance lines have been made the last few years to better the service, and all has been done so quietly and without disturbance to telephone-users, that the public has hardly realized they were going on.

Since work began on the Panama Canal, the Bell Telephone System has spent twice as much money on extensions and improvements as it cost the government to buy the right-of-way and build the canal.

County Correspondence

Wakefield News

Wakefield High defeated Wayne Normal second team Tuesday, 21-0. Miss Maude Kayton spent Saturday and Sunday at her home in Lyons.

George Childs is in Page this week looking after his farming interests.

Mrs. Cofer left Saturday for her home in Omaha after a visit with her daughter, Mrs. Heaton.

H. H. Hart and family and Miss Virginia Mikesell of Ponca spent Sunday at the Ebersole home.

The members of the fifth and sixth grades had a picnic and weenie roast at the park Thursday night.

The semi-annual conference of the Mission church begins Friday evening and closes Sunday evening.

Mr. and Mrs. James Booth were called to Cleghorn, Iowa, Tuesday by the serious illness of his mother.

Mr. and Mrs. O. P. Dahlgren are spending the week in Platte, South Dakota, with Mr. and Mrs. P. J. Samuelson.

Dr. E. J. Fleetwood went to Hartington last evening to attend the meeting of the northeast Nebraska Medical association.

Mrs. L. D. Hugelman, who visited her brother-in-law, Wm. Hugelman and family, returned Sunday to her home at Herman.

Mr. and Mrs. John D. Haskell and Mr. and Mrs. R. H. Mathewson were guests of Mrs. P. J. Gustafsen at six o'clock dinner, Tuesday evening.

A Billy Sunday echo meeting will be held at the Presbyterian church next Tuesday evening at 7:30. Everybody is invited to be present and help make the meeting a success.

Mrs. Andrew Mathieson spent Saturday and Sunday in Omaha with her daughter, Miss Agnes and with Mr. and Mrs. Fred Sandahl, who have returned from their trip to the Pacific coast.

Mr. and Mrs. George Whipperman returned Friday from their auto trip to Montana. They stopped at Jefferson, South Dakota, enroute. Mrs. Silas Dillon came home with them and is visiting her children located here.

A reception was held at the M. E. church Thursday evening for Rev. and Mrs. Kelly. The heads of the various departments of the church made appropriate speeches. Miss Edith Baker favored the company with a reading, and the ladies' quartet and Della Chase furnished special music. Punch and wafers were served.

Mr. T. J. Beith was pleasantly surprised Thursday by his children, brothers and sisters, who gathered in a body to help him celebrate his birthday. An elaborate supper had been prepared by Mrs. Beith to which all did justice. Mrs. Marshall of Winthrop, Ia., Mr. and Mrs. John Beith and children of Allen and Rev. and Mrs. George Beith of Macey, were out of town guests.

Friday evening a mass meeting in the interests of the Graves public library will be held at the auditorium. A program of folk dances by the school children, special music, an address by Rev. J. E. Farmer, D. D., of Madison, a history of the library by Mrs. John D. Haskell and a report of the finance committee will be given. On Monday the library will be open for inspection from 2:30 to 5 p. m. and also in the evening.

Mr. and Mrs. Frank Johnson held a reception at their home southeast of town Saturday evening in honor of Mr. and Mrs. Iler Jensen, their son-in-law and daughter, who were married October 8th. One hundred twenty-eight guests were in attendance. A four-course lap supper was served and a number of musical selections enjoyed. Mr. and Mrs. Johnson received many beautiful gifts as a token of esteem. They are living in Thurston.

Buy you flour, Graham, bran and shorts direct from the Wayne Roller Mills. All our food-stuffs are guaranteed to be pure and fresh. Prices the lowest. Phone 131. Wayne Roller Mills.

Hoskins News

Frank Phillips was an Omaha visitor Tuesday and Wednesday.

Miss Ruth Lueck of Norfolk was a guest Sunday at the Aron home.

Ralph Milligan of Wayne was a Hoskins visitor Saturday evening.

Carl Niewehner of Norman, was a visitor in Hoskins a few days last week.

James Mathews of Carroll was a Hoskins business visitor Thursday and Friday.

Louie Rottler and Harry Kingston of Stanton were Hoskins visitors Thursday.

Mrs. Fred Fenske and family visited at the home of her parents in Pierce last week.

Miss Anna Mueller visited last Saturday and Sunday with home folks in Meadow Grove.

Miss Hilda Aron of Sioux City arrived Friday evening to visit with home folks for the week-end.

Miss Leota Eckert spent Saturday and Sunday at the Charles Gibb and Andrew Nord homes in Norfolk.

M. R. Hanson left Tuesday for a few days' stay in Cheyenne. W. Sherlock of Omaha is taking his place as station agent.

Mr. and Mrs. Art Zeigler and family left Thursday for Iowa where they will visit for a few days with Mr. Zeigler's relatives.

A surprise party was given Sunday evening at the Mollschlager home in honor of Miss Agnes Mollschlager's birthday anniversary.

Alec Cruickshank, who has been installing light plants in this part of the country the past few weeks, left Friday for his home in Omaha.

Mr. and Mrs. Henry Frevert and children, who reside on a farm near Wayne, came up in their auto Sunday forenoon and spent the day at the Ed. Behmer home.

Mrs. Earl Throckill and infant daughter of Sheldon, Ia., and Mrs. Fred Langanberg of Norfolk left Thursday for their respective homes after visiting since Monday at the Fred Langanberg home.

Louie Langenberg finished threshing Saturday night after threshing steady for nearly two weeks. Mr. Langenberg threshed 8,300 bushels of oats and also some wheat which we believe is the biggest threshing job in Wayne county.

The revival meetings held at the M. E. church the past two weeks, closed Sunday night, Oct. 24. There were twenty-three accessions to the church and a number of reconsecrations. Rev. Luscher was well satisfied with the spirit manifested and support accorded him.

On Tuesday evening, Mr. and Mrs. William Zutz, Sr., observed their fifty-fifth wedding anniversary. Their immediate relatives helped to commemorate the day. Those present were Ernest Zutz and family of Norfolk, Mrs. Paul Zutz and family of Norfolk, Mr. and Mrs. Max Mayner and daughter of Oakdale, Mr. and Mrs. R. G. Rohrke of Hoskins and Rev. Aron, wife and daughter.

Carroll Items

(From the Index)

Grandma Bruggeman is improving from her recent sick spell and will be able to be up again in a few days.

W. E. Miller received a telegram from Pennsylvania Friday saying his father was very low. He left for there Saturday.

Mr. and Mrs. Ted Beck of Omaha autoed to Carroll Saturday to visit the latter's brother, Dave Theophilus and wife; from here they autoed to Neligh where they will make their home.

Dan Martin, Sr., and son Dan and daughter Mae left Carroll Wednesday morning. Dan Jr., will attend school at York while Mr. Martin and daughter will go south for some time.

Mr. and Mrs. Joe Haines and family of Wayne drove up and spent the day with Mrs. Haines' parents, Mr. and Mrs. J. M. Thomas. Mr. Haines will farm the place where John Gettman now lives, next year.

Mr. and Mrs. Guy Abbott of Wausa were in Carroll Monday afternoon enroute to Winside to take their little girl to a hospital for treatment, the little girl having been staying with her grand parents who reside at Winside.

Advertised Letter List

Letter—A. W. Peterson, Miss Ruth Peterson.

C. A. BERRY, Postmaster

R. Philleo and wife are due to arrive at Wayne from Idaho, Friday to visit at the home of their son Fred Philleo, and with other friends.

Northwest of Town

Wm. Watson and family visited Sunday with relatives at Pierce.

Mr. and Mrs. Ed Grier and Mrs. Margaret Grier visited Sunday at the John Grier home.

James Grier and family and Mr. Gus Hanson autoed to Sioux City Saturday, returning in the evening.

Mr. and Mrs. W. L. McCool and son Russell came over from Ponca Sunday and spent the day at the Wm. Buetow home.

Dean Hanson went to Omaha Friday to meet his daughter, little Miss Dorothy, who had spent the summer in California.

Mr. and Mrs. A. Stamm and Miss Mabel Jonson went to Hoskins Tuesday morning. Mrs. Stamm remained there to visit until the last of the week, the others returning in the evening.

Mr. Oscar Buetow of Wisner visited the first of the week with relatives here and at Concord. Charles Buetow accompanied him home Tuesday morning, returning the same evening.

Rev. S. X. Cross preached at the Stamm schoolhouse Sunday. Mrs. A. R. Davis, accompanied by Mrs. H. Theobald, assisted in the services by rendering a beautiful vocal selection. Mr. and Mrs. E. B. Young were present and Mr. Young spoke some encouraging words to the workers of the Sunday school.

Winside Notes

(From the Tribune)

Mesdame A. T. Chapin, I. O. Brown, L. Dysart, M. L. Halpin and Miss Caroline Dysart were carnival visitors in Wayne Wednesday.

Messrs. I. O. Brown, D. C. Hogue and Henry Trautwein and Mr. Hartman and son of Emerson, autoed to Pierce today on a fishing trip.

Mr. and Mrs. H. H. Huffaker of Silver City, Iowa, arrived this morning for a visit in the A. H. Carter home. They made the trip by auto.

Mrs. Harry Tidrick is hostess to the Women's club today at her country home. Mrs. A. T. Chapin was the leader and also rendered a piano solo.

Wm. Miller and daughter Pearl of Chelan, Washington, arrived for a visit in the A. H. Carter home, and with other relatives and old-time friends.

Walter Christensen of Lashara, arrived this morning and will take up his duties at the Merchants State bank. He will move his family here as soon as he can find a vacant residence.

Mrs. Herb Taylor and son, Clarence returned from Billingham, Washington, Saturday evening, where the former has been visiting her sister. They also took in the exposition in San Francisco.

Mrs. Andrew Prince and daughter Dorothy and Grandma Prince of McClusky, N. D., arrived this morning for a visit with relatives and old time friends. Mr. Prince will arrive the last of the week with three car loads of cattle.

Messrs. John Sweigard and John Berz were passengers to Fremont Wednesday morning. They will return today with George Sweigard's auto, which went into the ditch two weeks ago, and injured Mr. and Mrs. George Sweigard.

Mrs. Henry Ulrich returned Friday evening from Dubuque, Iowa, where she has been visiting relatives for the past week and attending the golden wedding anniversary of her parents, Mr. and Mrs. John Launspach, which was held last week Thursday.

Grant S. Mears has traded his old Ford car for a new model and went to Sioux City Wednesday and brought the car home. His son Archie came home with him for a short visit.

E. Henderson is loading his threshing outfit today, to ship to Gordon, where expects to do some threshing.

How about your subscription.

Nebraska Rates Under Fire.

Nebraska will have its day in court at Washington this week, when the cases growing out of "Order No. 19" will be argued before the interstate commerce commission. Appearing for the state will be Attorney General W. E. Reed, Edward P. Smith, Henry T. Clarke, chairman of the Nebraska state railway commission, and E. J. McVann. Order No. 19 was issued on Sept. 6, 1914, and put into effect the new schedule of rates between points in the state which had been promulgated by the commission. The schedule caused a reduction of 20 per cent in the then existing class rates between Omaha and all points in the state. Soon after the order became effective, Council Bluffs, Sioux City, Atchison, St. Joseph and Kansas City demanded that the carriers reduce rates from those cities to an equality with Omaha. Upon the refusal of the railroads to comply with these demands, the cities filed complaints with the interstate commerce commission.

State Normal Notes

The Nebraska State Teachers' association will convene at Omaha on November 3, 4, and 5. All departments of the Normal will be dismissed Thursday and Friday of association week. Nearly all the members of the faculty expect to attend the meeting, and a number of students will be present a part of the time, at least, during the week.

The annual reunion and luncheon for members of the Alumni association and other friends of the school will be held Thursday noon at the Rome hotel. Miss Edith E. Beechel, president of the Wayne normal alumni association, will be toastmistress, and Professor C. H. Bright, master of ceremonies.

The names of the following members of the faculty of the school appear upon the program of the association:

On Wednesday morning, November 3, at the Superintendent and Principal's section, Dean H. H. Hahn will read a paper on the "Use and Abuse of Objective Scales in School Supervision." Thursday morning, November 4, before the Commerce section, Prof. J. M. Wiley will lead in the discussion of the topic, "My Hobby in Teaching Bookkeeping." "The Dominant Characteristics of the Five-Year-Old Child" is the subject of a paper to be presented by Dean Hahn before the Kindergarten section Thursday afternoon. In the Drawing section Thursday afternoon, Miss Edith E. Beechel will discuss the topic, "The Rural School Problem in Drawing." "A Laboratory Course for Elementary Physics," is the subject of a paper to be given by Professor I. H. Britell at a session of the Physical Science section, Thursday forenoon.

In the Geography and Nature Study section, Prof. E. E. Lackey will handle the subject, "Selection, Organization and Presentation of Materials of High School Geography." The Normal Male quartet will furnish two musical numbers at a joint session of Drawing and Manual Training to be held at the Y. W. C. A. auditorium Thursday afternoon.

The following names also appear upon the program as officers of sectional organizations: Drawing section, Miss Sara J. Killen, president; Kindergarten section, Miss Alwine W. Luers, president.

New Water System

A force of men in the employ of the Chicago Bridge and Iron Works has commenced work on the steel water tank and tower to be erected at the State Normal school. The matter of an independent water system was passed upon at the August meeting of the Board, and the contract awarded to the Chicago Bridge and Iron Works at a cost of \$3,395.00. The contract calls for the completion of the work December 1, 1915.

Catholic Club Serves Banquet

At the close of the football game last Saturday afternoon the Normal Catholic club gave a banquet to the local squad and the visiting team. A six o'clock dinner was served under the auspices of the student organization, assisted by the Catholic ladies of the city. At the close of a four-course dinner, V. F. Wilson, as toastmaster, introduced the following, who responded with brief talks: Father Barry, manager of Trinity football team; Professor E. J. Huntemer, manager of the Wayne team; Coach Parsons of Trinity and Coach Gross of Wayne; Captain Stanton of Trinity and Fred G. Dale of the Normal.

Rutenbeck is Very Ill

State Game Warden Gus Rutenbeck is still very ill with typhoid fever at his residence in Lincoln and is not permitted to see friends who call at his home. The crisis has not yet been reached, but the physicians have hopes that he will be able to pull through that period successfully, although he is a very sick man at this time.

Jordan Found Guilty of Layton Murder

William Jordan was found guilty at Scottsbluff of the murder of Joseph Layton and his punishment fixed at life imprisonment. The case against Mrs. Joseph Layton will be tried soon. She is accused of being an accessory to the murder and in the conspiracy to acquire the Layton property.

Editor J. K. Keithley of Syracuse Dead

J. K. Keithley, editor and proprietor of the Syracuse Journal, died at his home there following an illness of several weeks' duration, aged sixty three. The body was taken to Nebraska City for burial in Wynuka cemetery, beside that of his mother.

Christian Convention at Bethany.

The state convention of the Christian churches of Nebraska will be held at Bethany Nov. 1 to 5. A large attendance is expected from all parts of the state.

Smallpox at Exeter.

The secretary of the state board of health reports four cases of smallpox at Exeter. There are four cases of scarlet fever at Burchard.

NEWS OF NEBRASKA

Whirl at Finish of Billy Sunday's Omaha Campaign.

THANK OFFERING IS \$20,500

Final Day of Seven Weeks Revival is Greatest of All in Number of Trail Hitters and Enthusiasm For Evangelist—Total Trail Hitters, 13,022.

The final day of Billy Sunday's Omaha campaign was one continuous ovation for the evangelist from the time he appeared for the morning service, through that and the other three immense tabernacle meetings and up until the time when he stood on the observation platform of the Overland limited as it pulled out for Chicago at night and waved his handkerchief at the cheering and singing and handkerchief waving crowd that packed the station and stood on the viaduct.

The total attendance at the seven weeks' revival was 722,900. More than 43,000 is the estimated attendance at the last day's meetings. The Omaha offering for Mr. Sunday came to about \$20,500, which exceeded expectations. The number of trail hitters on the final day was 1,384. The total trail hitters for the campaign was 8,854, besides 4,164 boys and girls, who signed cards in meetings held for them by Miss Gamlin, making a total of 13,022.

Assessors to Compare Data.

District meetings of the assessors of the ninety-three counties of the state have been arranged for by Secretary Bernecker of the state board of equalization. Mr. Bernecker will arrange with county treasurers to secure data as to what real estate is actually selling for in the various counties of the state, with special reference to land values. The action is anticipatory of an increased valuation for farm lands in Nebraska for purposes of taxation.

The district meetings started Oct. 26 and will end Nov. 5, with ten to fifteen counties represented in each district. The district meetings are to be held at Norfolk, Fremont, Lincoln, Alliance, Grand Island, North Platte, Hastings and McCook.

No Credentials to Daniels.

Within an hour after he had been released from the Fremont jail, where he had been held three days, a message was received from the Armenian prelate at Worcester, Mass., by Congressman Stephens that the man giving the name of Rev. Michael Daniels arrested at Fremont for soliciting funds for an Armenian orphanage had no credentials from the Armenian society and was evidently securing money fraudulently. Chief of Police Peterson released the prisoner owing to insufficient evidence. Daniels lost no time in getting out of Fremont.

Dundy County Jail in Bad.

The Dundy county jail at Benkleman was severely condemned in a report on the condition of three jails and two poor farms in Nebraska filed by Secretary Shaban of the board of charities and correction. The jail, according to the report, is a small room, ten by twelve feet, on the second floor of a building that is not fireproof. It has no sewer connections, no water no toilets, and therefore is decided unsafe and unsanitary for the housing of prisoners.

To Enforce Law Against Cigarettes.

Members of the Welfare League and Parent Teachers' association, with the chief of police, picked up twenty-five boys at Falls City, who have confessed to the use of tobacco, mostly in the form of cigarettes. These boys have divulged to the county attorney the names of the merchants from whom they purchased. The committee are going further into the business and will see that the state law against selling cigarettes is enforced.

Urges Fire Prevention Day.

A proclamation by Governor Morehead for the observance of Fire Prevention day, Nov. 5, has been issued in connection with a bulletin from the office of Fire Commissioner Ridgell asking schools and civic organizations to make a clean-up day of the occasion. Commissioner Ridgell advocates fire drills in school and programs of such a nature that the children would be impressed with the propaganda of fire prevention.

Dakota County Land Case.

Former Senator Allen of Madison received a telegram calling him to Washington, where he will appear this week before the supreme court in a case involving considerable land in Dakota county. Senator Allen is atacking the constitutionality of the drainage act passed in 1905, on the ground that it is a violation of the fourteenth amendment to the constitution.

\$10,000 Fire at Tekamah.

Fire entailing a loss of over \$10,000 burned the large barn and several other buildings on the R. A. Templeton ranch near Tekamah. Three thousand bushels of oats, 400 bushels of corn, 100 bushels of barley and two fine horses were consumed.

Bridge Company Head Kills Self.

Placing the muzzle of a rifle between his eyes and pushing the trigger with his toe, George Pembleton, Omaha manager for the Canton Bridge company, sent a bullet through his brain, dying a few minutes later.

TWO PRISONERS BREAK JAIL

Hazlett and Baker Loot Office of Police Chief and Police Judge.

Warren Hazlett and William Baker, two prisoners confined in the city jail at Kearney, made good their escape by prying loose the bars of the cell in which they were confined. Not satisfied with their escape the prisoners broke into the police judge's office and police headquarters upstairs, robbed the desk of the judge of \$36, fine money, \$7 private funds, jimmied the desk of the chief of police and procured two revolvers, and after packing all the clothes hanging in the offices in a suitcase, took their leave. A note to the chief was the only evidence of the identity of the thieves. The note read: "We will be back later with a tray to set the furniture." Hazlett is an ex-convict who was arrested at Kearney last week for attempting to rob a hardware store, and Baker was arrested for stealing several hundred dollars' worth of chickens.

What Brand of Matches Do You Use?

Who makes them? Are they poisonous or non-poisonous? Are the sticks long and strong or short and weak? Do the heads fly off or do they stay on? Do they burn evenly or explosively?

If people knew as much about matches as they should, they would use Safe Home Matches made by the Diamond Match Company.

5c. All grocers. Ask for them by name.
