THE GLORIOUS FOURTH

The Nations Birthday Observed in Patriotic Manner. Carroll Entertains Many People in Spite of Big Rain, Other Celebrations.

All roads led to Carroll Tuesday afternoon, and in the forenoon there were no roads fit for automobile travel, owing to the inch of rainfall just at the break of day. However, before night the mud had mostly disappeared and many of those who had planned to attend the joint celebration and old settlers meeting at Carroll finished the day there, though other hundreds who had planned to go were unable to find conveyance owing to road condition and the fact that the local train was two hours late, which made it simply a trip up and back as the down train would be almost due to meet the upgoing train.

But as the roads became dry the people began to gather, and when Rev. W. L. Gaston began his address at the big tent he had an audience of nearly 1,000 people, and he said that he had never before delivered a July fourth address under such favorable conditions. The customary noises were suppressed during the speaking time, and the excellent address was listened to with much pleasure, and many are the words of praise of the scholarly effort and the sentiment of lofty patriotism uttered. It tended to uplift humanity, to broaden the view of the citizen as to his duty, his life mission and impress upon him the blessings of living in the land of the free.

Many features of the excellent program were of necessity eliminated, and an auto parade at nine o'clock might better have been a tub race, for there were places where the boating would have been better than autoing. But later in the day the Farmer Union car by Dan Shannon won the first place. The free street attractions could not be pulled off on schedule time, but there were some excellent ones, but many of the races had to be called off for lack of time.

In the evening the fireworks were abundant and beautiful, and very nicely handled. The evening entertainment, however, which appeared most was the Operetta, "Sylvia" which was most wonderfully put on by the good singers from the Welch settlement in and about Carroll. It was most ably presented, and proved that the little city is properly named and that the spelling of the name should be changed to Carol. Splendid voices in perfect time with appropriate costume made this part of the day program second to none. To much credit cannot be given the singers for their excellent performance, with practice conditions such as would discourage many.

The hospitality of the people is noted, and the homes were open and the table spread with plenty so that none were neglected, and many will long remember the generous people who entertained them so lavishly.

Many from Wayne went to Bloomfield where a splendid time was had and a great crowd was in attendance.

Hartington, too, had a great celebration, and the rain was less there so conditions were almost normal.

At Stanton a much heavier rain

than here put the racing and celebration almost completely out of business. Many Wayne people had planned to drive across and see a real race.

At Sioux City, where quite a number went from here, the automobile race was completely put out, and postponed until Saturday. The wild west features of the occasion were put through in mud and water and enjoyed the better for it.

Numerous picnic parties had to change plans and move inside or be given up.

From Camp Morehead

Dick Hunter came home Monday morning from Lincoln, detailed by his captain to come to Wayne and recruit more men. Fourteen men of Co. E, were rejected from the ranks on account of physical defect at the medical examination which has been going on for the past two weeks.

Hunter reports all the boys well and happy only they are beginning to chafe under the strain of "just laying around camp and doing nothing but drill and not fighting." The boys have drilled every day and are beginning to respond to commands just like regular army soldiers.

Two trainloads of equipment arrived at the fair grounds where the boys are encamped and will be distributed this week. This includes extra clothing, accessories and other things that the boys will need.

All the boys are being rounded into fine physical and mental shape and will be ready to go to the call of the president into active service in a week or ten days at the most.

Hunter will remain with headquarters here at Wayne for about a week before returning to camp. He will go to Bloomfield, Winside, Wakefield, Carroll and Randolph to recruit men. Up to Wednesday two men had been recruited by him, their names are Earle Maupin and John Meyer.

Several of the boys of all the companies had to do some mighty funny things to pass the examinations. For instance, one of our boys is said to have drank four glasses of molasses and all the water he could hold on top of that in order that he might weigh the required 120 pounds on weighing in. Some of the boys were badly put out when rejected and others took it as matter of course.

The boys are allowed to go into the city two or three times every week by permission of their captain. All the fellows are acting orderly and have done no act or deed even in their inactivity that would reflect discredit upon home folks. Another of Nebraska's products, "Orderly young men."

Crop Conditions at Home

It is perhaps safe to say that they have never been better. Winter wheat is maturing and will be ready for harvest within a week. Early oats are following close behind, and both crops have excellent prospect of developing good yields. Oats and wheat are both of normal straw growth, mostly, and but few pieces appear to be rank enough to be in serious danger of lodging. Hay and pasture lands are at their best. Second cutting of alfalfa is beginning. Timothy and clover are ready for the mower and a heavy crop, though there are fewer acres of these hays grown than formerly. Corn has made a record growth in the past week and most of it is "knee high" and clean. If you want to see a picture such as no artist can put on canvass, go to the college hill or any other commanding elevation and look at a scene of unrivaled beauty.

Local Weather Forecast

Last week our local weather prediction, of a week of showers, came too late to find a place in the paper, and we give it now that readers may judge as to whether or not they think it has been fulfilled. For the coming week the same kind of weather is predicted, and a week of frequent showers may be expected if Will Weber is correct in his reading of the signs. The new moon of a week ago was a wet one.

A Playground Planned

Now that the old ward building is torn down and nearly all of the debris moved away, Wayne has three lots vacant, and the question has already arisen what shall be done with them. Two lots 150 feet square belong to the board of education and one lot 150 by 50 a part of which the stand pipe occupies, belongs to the city. These lots would of course stand idle until either disposed of or a purpose could be found for them in the future.

Several of Wayne's progressive ladies, after much consideration decided that the best and most profitable plan was to use the grounds for a playground and picnic and permanent chautauqua grounds.

It is planned to have the lots in shape by the 9th, the date of the chautauqua opening, so that chautauqua may be held there this year.

There is an advantage in this as the normal students can more easily attend chautauqua, it being nearer than are the high school grounds and the people down town will not have any farther to go than when they formerly climbed the high school hill.

The ladies who have taken charge of the work, for no honor to themselves, but for the good of the community, intend as soon as chautauqua is closed this year to begin at once to beautify the park as much as they can. The grounds will be graded more fully to the desired slope for a natural amphitheatre for chautauqua purposes than they can be in the short time preceding the coming one. Benches will be placed throughout the park, a water fountain will be installed, swings and other play devices erected for children.

It is further planned to utilize the large space underneath the water tank, erecting inexpensive lattice work upon the four poles supporting the tank, plant climbing vines, and within the poles to place tables and benches so that picnic dinners can be held and a rest room provided.

In order that the farmers and their wives may co-operate and help the town ladies with this work, committees of ladies will be appointed in the country who will aid. Many have signified their entire willingness to aid in every way they can.

Trees will be planted and the grounds in general all worked and graded and in places resodded under the supervision of the committees.

To still further aid the work it is planned to have, in the near future, an outdoor entertainment in some form put on by home talent, the funds derived to be used to the best advantage possible in beautifying the grounds.

It seems to the writer that this is an excellent and a deserving work. It will not be expensive nor superfluous in any way, as the citizens in charge will solicit the people for such aid they can give to the best advantage in any way. It is not out of the question for Wayne to have grounds of this type. Many towns have grounds like the one being planned, a playground, a park, and a chautauqua ground combined and they have proven a success. Wayne should have a definitely located chautauqua ground, one that can always be used without stint or expense. The high school ground are excellent and have always served the purpose well but they are not as centrally located as are the lots on the hill. Furthermore the lots in question are public property and can be used as such with the advantage of the location, on the hill. In all we believe it is a work that will stand serious consideration and thought upon the part of Wayne people.

The committee in charge will be announced later but if you, Mr. Reader of Wayne, think this a good idea get busy and boost. The ladies told the writer this thing is going through and Wayne has a determined set of women. So we expect something to happen, and happen soon. Wayne is indeed "the home city," progressive and a booster always for the things that uphold. If this plan is feasible, it is going to succeed, for Wayne will have it so.

A Letter From Camp

Headquarters Co. E, 4th Neb. Lincoln, July 4, 1916.

Editor Democrat:—Another week has passed and we find ourselves still camping in our state capitol, however we hear rumors of our going every few days.

On June 27, we were mustered into federal service which means that in case we are needed for service, the president can order us into any part of U. S. A., or foreign countries and at the close of a war be mustered out and return to our work but still be in National Guard till our time of enlistment expires. There were some who refused to sign at first as they thought they were held for three years in reserve after the expiration of their enlistment. However, when they understood all signed, which was the only thing they could do and put themselves on record as men who were willing to serve their fellowmen and keep up the standard of our forefathers who fought so nobly that we might have a government of the people, for the people and by the people.

We were inoculated for typhoid fever the 27th, also given small-pox vaccination. On June 29th our company took medical examination and 14 of our number failed to qualify. The boys are all well except a few sore arms. Also I see by paper yesterday that A. H. Jenks and R. A. Faulk had been transferred to signal corps of Fremont. Paper stated that the signal corps would leave tomorrow for the border.

Boys are getting more freedom and as a result the clouds do not hang so heavy as formerly. Last Sunday they had leave to be off grounds Sunday afternoon and evening. A great number of them went out to Capital Beach.

This being the Fourth of July we were also at leave. Governor Morehead spoke to us this forenoon at the auditorium. Music was furnished by 5th regimental band. This afternoon we have liberty to go to town, if we care to. Another thing the boys appreciated was the chicken dinner today. Had all we could eat and had some left.

Our first actual service was Friday, June 30, from 10 o'clock to Saturday, July 1, at 10 o'clock, our company being on guard duty at that time. Our company was divided into three divisions and on duty 2 hours and off 4 hours; each division serving 8 hours of the 24. Was pretty warm work walking posts. We only captured one prisoner during the day.

Visitors noticed in our camp this week were: Allen Henderson, Raymond Fox, Henry Meier, Chas. Ruback, and Prof. Bright. Also heard Miss Bessie Crockett was in town today.

Two of the most interesting things in camp are the mail from home and reading the daily papers to see what is doing on the border. JAMES J. STEELE.

Weldon Crossland to Wed Soon

Mr. and Mrs. Geo. Crossland have received word that their son Weldon is again in America, having been attending college in England for the past two years on a Rhodes scholarship which he won as a student, and with the word of his return to this side of the big water comes an invitation bidding them to come to his wedding, which is to occur at the home of the bride's parents, Mr. and Mrs. Jason Lewis Clafin at Lincoln, Tuesday evening July 11, 1916, when their daughter Mildred will be given in marriage.

Weldon Crossland is a most worthy young man, and a host of friends will extend to him and the wife of his choice most hearty congratulations. It is not yet known where they will be at home, as their plans for the immediate future are not yet complete. Mr. Crossland has most flattering opportunities on the lecture platform and in the pulpit, but whatever his work it will be well done.

Wayne County Cattle to Chicago

A train of corned cattle from this county left Wayne Monday for Wednesday market at Chicago. John Shannon had four load from Carroll, Frank Griffith, three load, Ted Perry, three; Carl Wright, two; W. H. Gildersleeve, two; and Nels Herman one, making a total of fifteen loads. They are all pretty well finished.

Some Late News Notes

First and best is the report that the Carranza note in reply to the one from Secretary Lansing is so friendly and conciliatory that the prospect of war with Mexico may be considered indefinitely postponed. Yet the situation is such that preparations for the worst will go on without interruption for the time. It is possible that mediation will be accepted as the best solution of numerous differences of opinion. Certainly it would appear the wise thing for Mexico to offer and this country to accept.

In national politics the statement is going the rounds of the daily press that Candidate Hughes will make a trip to the Pacific states and is planning to make ten or twelve short speeches of 1,000 to 1,200 words each, and the information is volunteered in some papers that he will make no talks from the tail end of the train.

In the Stecker-Lewis wrestling match at Omaha Tuesday 10,000 people who paid the price to see a wrestle between the two men were disappointed owing to the fact that they did not wrestle. Lewis, it is said, managed always to avoid a chance to clinch, so that it was more of a foot-race or pushing match rather than a wrestle. They were in the ring and at five hours, and then darkness came. The game was called a draw. It drew a crowd and drew \$30,000 at the gate and no one knows how much bet money changed hands, for Nebraska was loyal to their man, and wagered that he would put his opponent down in certain time.

The great offensive drive of the English and French appears to have begun on the west front, and after a week of artillery work the advance of about five miles has been made along a front of 25 miles. The Germans were driven from their first line of trenches and losses on both sides were heavy, and the Germans lost many as prisoners. In front of Verdun the bloody work goes on beginning the fifth month since they started there, and the Germans have not yet taken the place. The Italians have been forcing the Austrian forces back, recovering ground lost a few weeks ago. On the east front the Czar's army has been marching forward over a great part of the line. A sea battle is reported in which the Germans claim the best of the fight, but details are lacking. In Turkey the Russians are making slow headway. It is a terrible sacrifice of life and property. A never-ending loss of men and treasure that has now been going on for 101 weeks.

Owing to an epidemic of infantile paralysis in New York city 50,000 children have been taken from the city. There has been many cases and a large percentage of fatalities.

ORDERED TO BORDER NOW

Orders Came at Early Hour Calling 4th Regiment to Border. Wayne Boys to Entrain Within 36 Hours

According to orders received at midnight the Nebraska 4th regiment will go forward to the border as soon as transportation can be provided. Col. G. A. Eberly will be in command. Railway officials are making effort to provide tourist cars for the comfort of the men. Recruiting Officer Dick Hunter at this place where he had been but a few days received orders to report at once, and left this morning with such men as had signed to join the company.

State Tennis Meet Next

Beginning the 17th, Wayne will be hosts of the men who will attend the annual Nebraska State Tennis tournament. Of course chautauqua is demanding attention now but the day following its closing will usher in the tennis games.

The admission, as is well understood, is absolutely free, and the only obligation which Wayne people will be under will be assisting in every way possible to entertain the guests while in our city. The tennis tournament does much to advertise our town and its commercial value is well worth any efforts we can put forth to help make it a success.

Have you ever attended a tennis game? If you never have, do so this year. Tennis is a more interesting game than you imagine. It is easily understood and once known, well liked. There is plenty of shade at the grounds so you won't be affected by the heat. Come, you will enjoy it.

Leslie and Cooper Ellis went to Bloomfield Saturday to visit a few days with friends.

Miss Anthony of the college faculty spent from Saturday to Tuesday with friends at Laurel.

Miss Nellie Baker and cousin, Paul Beckwith of Carroll spent Saturday afternoon in Wayne.

Miss Frances Kate of Des Moines came Saturday evening to visit a few weeks with Wayne friends.

Mrs. J. P. Hitchcock went to Hartington Monday to visit with her son, F. W. Hitchcock until after the fourth.

J. E. Bievernicht of Merrill, Iowa, came Saturday evening to visit a few days with former normal friends.

Dr. F. O. White went to Crystal Lake Monday to be gone until after the fourth, fishing, swimming and boating.

Miss Lulu Durland of Norfolk, who has been visiting a short time with Miss Eva Alter, returned to her home Saturday evening.

Nurse Moe, who has been in attendance to Dr. Ingham the past two weeks, went to her home in Sioux City Friday. Nurse Ewer of Sioux City came Friday morning to take her place.

Mrs. W. C. Fork and two children returned to their home at Chicago Saturday after a month's visit with Edward Fork and family.

Miss Faye Britton went to Crystal Lake Monday to camp with her sister Mrs. Jas. Miller and family in their cottage until after the fourth.

Jim Miller, wife and son Don, Harvey Ringland, wife and daughter went via auto to Crystal Lake Saturday to spend the fourth of July there.

Master Wesley Lucky, who is attending school here and staying with his grandparents, Robert Perrin and wife, went to Stanton to celebrate with his parents.

Mrs. J. K. Phipps went to Pender Monday to spend the fourth with her sister Mrs. J. W. Smith. Mr. Phipps will go Monday afternoon in his car to join his wife.

Miss Norman, who has been with her mother, Mrs. James Gamble returned Saturday from a visit at Carroll and went at once to visit relatives at Shenandoah, Iowa.

J. Woodward Jones, wife and daughter Miss Ruth, and Mrs. Jones' sister, Miss Morris went to Crystal Lake Saturday morning to spend the fourth fishing, boating and picnicing.

A large number of the college students went home Friday and Saturday to celebrate the national birthday with home folks, school taking recess from Friday until Wednesday to give pent up patriotism a chance to explode.

E. H. Dotson shipped his household goods from Neligh to Winside Saturday, where he will open his jewelry store some time between the 10th and 15th. They have a house rented at Winside and will move in as soon as their goods arrive.

A. J. Ferguson and wife returned from Osakis, Minnesota, Friday evening where they have been the past two weeks on a vacation trip. Although the reporter did not speak to them they looked like they had thoroughly enjoyed themselves while away.

S. E. Aufer returned from Rochester, Minnesota, Friday evening having gone up there to consult with Mayos concerning trouble he has had the last six months with his right arm and shoulder. The muscles near the shoulder have become stiff and Mr. Aufer cannot lift anything of any weight unless it is a straight up pull. After a thorough examination the doctors advised not to operate unless Mr. Aufer cared to take the chance. Mr. Aufer decided to let the matter rest for a while as the arm is not causing the pain it did for a time.

Earl Schroer returned Saturday afternoon from Norfolk after his two week vacation.

Fred S. Berry was a passenger to Sioux City Saturday, going down on legal business.

Harry Gildersleeve went to Atkinson Friday to be gone a few days visiting with friends.

Mrs. Walter Brune, two little sons and daughter of Winside were in Wayne Saturday shopping.

Mrs. D. McCabe went to Stanton Friday evening to look after business interests at that place. She will be gone a few days.

Ethel Anderson, who has been visiting a few days with the Geo. Grunmeyer family, returned to her home in Concord Friday.

J. W. McIntyre, of the state Normal, went to his home in Shenandoah, Iowa, to visit his parents during the fourth of July vacation.

Mrs. J. J. Mulloy and daughter Alberta, Mrs. Louis Dennesia and Pearl Dennesia went to Pender Friday to visit a few days with relatives.

Miss Loretta Croghan was a passenger to Bloomfield Saturday evening, going up to visit Mrs. Queeny Crahan until after the fourth.

Miss Mahood of the state normal went to Bancroft Saturday with her sister-in-law, Mrs. Samuel Mahood to stay during the 4th of July vacation.

Mr. and Mrs. Neilen and family went to Sioux City the first of the week to visit friends and celebrate the national birthday. They planned to go by automobile.

Miss Helen Erloch, who attends the normal here, went to Sioux City Friday to visit with her sister, Miss Anna Erloch who is quite ill in the Saint Joseph hospital.

S. Fishman and George Otte left for Sidney Saturday going up to look over land which Mr. Fishman thinks is a part of God's country even though many miles away from Wayne.

W. A. Hiscox, George K. Johnson, W. M. Fleetwood and Dan Radcliffe went to Sioux City, Friday in the Hiscox auto, going down on business. They returned in the evening.

W. J. Gries and family from Randolph were through Wayne Saturday, going to Harlan, Iowa, to visit at his old home. He is a breeder of Hereford cattle, and told the Democrat man that he hoped to find a few thoroughbred heifers to add to his herd.

The Epworth League society of the Methodist church got together Thursday and wrote and sent a number of "good cheer" post cards to our "sojer" boys at Lincoln. The cards were sent Thursday evening and when they reach the boys in Co. E, they will no doubt bring "good cheer" to many of the fellows.

Miss Josie Wade from Shenandoah came Thursday to spend her vacation with Wayne relatives and friends, and is a guest at the home of her uncle, G. A. Wade and wife, and Miss Clara Lidtke. Miss Wade made her home at Wayne for a year or more, attending school and college, and is now stenographer at the Field Seed Co. at Shenandoah, where they have work in plenty for those of that calling.

Over in Dixon and Dakota counties the editors of the "leading" papers do not appear to have gotten past the period which used to come in the lives of some writers who imagined that they were running newspapers when they personally lambasted any one else who had an ambition to get into the newspaper game in their locality. If there is not enough legitimate news, they should fill up on fiction pure and simple and so label it. It would be better than slang. While on the subject it might be well to add that we notice a number of exchanges giving space to the dope sent out by the bunch at Sioux City who are trying to work the country press with a ticket to the show for a lot of publicity which so far as the readers were concerned could have been covered by a news item telling place, time and game. More than that should be paid for by the fellows who hope to rake in the spondulix if they can rope in a crowd from the country.

W. F. Richardson went to Wakefield Saturday with his wife and son to spend Sunday.

Miss Eloise Miner went to Sioux City Monday to visit a few days with Izzetta Johnson, who formerly lived here.

Knox Jones went to Crystal Lake the first of the week to join his parents at that place where they spent the fourth.

Mary Alice Carver spent the week end with Ethel Miller, returning to her home in Sioux City Monday morning.

Miss Dorothy Jones went to Stanton Friday to be gone a few days visiting with friends, Mr. and Mrs. Wood and family.

H. Lee Wells left for his home in West Point Friday evening to spend the glorious fourth with his parents and little brothers.

Mrs. Minnie Heaton and daughter, Miss Nan went to Norfolk Saturday to visit with Mrs. Heaton's son, Charles for two days.

F. W. Pilger and daughter, Mrs. Lester Dudcher, of Norfolk, came Thursday evening to visit a few days with Burret Wright and family.

Rev. R. Moehring went to Madison Saturday to attend the mission fest of the German Lutheran church to be held Saturday and Sunday.

Miss Ella Hill of the Wayne state normal faculty went to her home in Blair to spend the fourth visiting with her parents, W. H. Hill and wife.

Prof. C. H. Bright and wife of the state normal went to Lincoln Saturday to visit during the fourth of July vacation with Mrs. Bright's parents, G. J. Burns and wife.

Miss Loretta Crowley of Wisner came by auto Saturday morning to catch the eight o'clock train, leaving for St. James, Minnesota, where she will visit for a month.

A. R. Davis, wife and children Burr and Katherine Lou, D. W. Kinne, wife and little daughter went to Crystal Lake via auto the first of the week to be gone until after the fourth.

Miss Delma Stewart returned from Chadron, South Dakota, Friday after a six week visit with her sister, Mrs. O. C. Wamberg. Mrs. Wamberg and son Lawrence returned home with Miss Delma to visit.

Mabel Anderson of Wakefield came Friday evening to visit until Saturday morning with A. D. Erickson and family. Miss Anderson went to Bloomfield Saturday to visit a short time with relatives there.

Miss Genevieve Dorset left Friday to be gone several weeks visiting with friends and relatives. She will first go to Craig to visit with a sister, Mrs. E. B. McMullin. She will then go to Omaha to visit with friends, and also to Sioux City for a short time.

Denver Perry returned from Omaha Friday evening after undergoing an examination preparatory to entering the navy. Two years ago he received a wound on the head which never properly healed so he was sent home until it can be properly attended to.

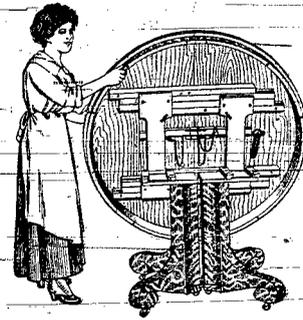

H. B. and C. M. Craven and families, Harry Fisher and wife, LeRoy Ley and wife, Rollie Ley and family, Henry Ley and wife, all went in their cars to Crystal Lake Saturday morning where they have rented cottages for a few days and where they will spend the fourth.

The Masons will hold their annual picnic Friday in Bressler's grove one mile north of town. Conveyances will be furnished and all the Masons and Stars, their friends and relatives are invited. Those caring to go will meet at the M. E. church where cars are to be taken for the grove.

Miss Bessie Durrie left the first of the week for Laurel via auto to visit with her parents a few days of her two weeks vacation. Miss Durrie and her mother Mrs. F. A. Durrie will go to Lyons to spend the fourth. From there they will go to Des Moines, Iowa, where they will visit with relatives about a week. When they return they will stop in Omaha a day.

Mrs. A. M. Hyatt of Onawa, Iowa, returned home Saturday after enduring the kind of fare they have at the Bert Hyatt home where she stopped for two weeks. Bert tells us that she starved out—but that is only one of his little jokes, for we have it from good authority that there is no more generous provider than the same Bert, and the wife well knows how to prepare and serve it. We know that some of the workmen last year, when they built a new house, purposely prolonged their job there because the eatings were so good.

An Open Letter to Mr. Smith
Mr. R. R. Smith,
Wayne, Nebraska.

Dear Sir:—I have been interested in the correspondence resulting from your letter of May the 11th in which you complain against the County Agent system and suggest that it is for the benefit only of Indians and uneducated farmers. Thurston county is the only place in the state where a County Agent is located on an Indian Reservation, and I assume that you refer especially to this county. I regret that you published so many positive and radical statements before the people of your county with such a limited supply of information. I am sending you today the soil survey of this county which is the direct result of the work of our association and the county agent. I am also enclosing you eight copies of the weekly reports from April 28th to June 16th showing extensive work done by our county agent in hot cholera control, boys' and girls' club work, pocket gopher extermination, experiments started in corn, weaning of pigs, farm leasing, and a number of other matters. These reports show that for the month of April our county agent had 219 calls and visits, vaccinated 112 hogs, and 234 calves, tested a number of cows and did considerable other work; that for the month of May he had 165 calls and visits, vaccinated 324 hogs and 135 calves, and did a large amount of other work.

I wish you would read these reports over carefully and then come to Thurston county and investigate, talk to the farmers as you meet them, get their opinion about this. You will find some few, like yourself, who are not informed and are skeptical, but you will find a very large percentage of the farmers will tell you that the county agent system is a good thing and is getting results. Our association wants the farmers to know about the work, what it means, what it proposes to do and what it has done, and if a man is satisfied that it is beneficial to him and the community, he is asked to join and assist in the work and pay an annual \$5.00 membership. The best proof of the success of this work is that the associations are kept up and supported by the farmers who are receiving the benefits. No one is asked to contribute or assist who is not in sympathy with the work. Now if you are mistaken in your first letter, please write another letter to the public and have it published and acknowledge your error. I do not believe that you want to mislead the people of your county. Therefore get the information and correct the error. You will feel better for doing so, and the people will then know that your motives are sincere. I am sending a copy of this letter to the Nebraska Democrat of your county.

Yours very truly,
HARRY L. KEEFE, President

Newspapers and Their Support

"Among the hundred of thousands of prominent individuals and newspapers of former Democratic or Progressive tendencies that came out for Hughes for President last week the New York Press (Bull Moose) and New York American (Democratic) are by far the most important and the procession is growing daily"—Pierce Call (rep).

Yes and as the breakfast food says: there was a reason. Frank Munsey, the owner of the N. Y. Press was for years the journalistic wet nurse for J. P. Morgan and was given the publicity work to unload the common stock of the U. S. Steel corporation when that benevolent organization was started. This enabled Munsey to clean up \$2,000,000.00. The rank and file of the progressives always considered Munsey a liability to the cause rather than an asset.

William Randolph Hearst owns or has a very questionable title to over a million acres of land in Mexico in the lower California district. If Hearst could drive this country to intervene in Mexico he might perfect his title during the final settlement and make enough money to pay all of his debts. Hearst has made life a misery for Wilson trying to force intervention and when he could not drive him by threats or promises he takes the other side. Coming nearer home we find the most influential progressive paper, the Blair Pilot, comes out for Wilson and saying that the progressive party has been betrayed by the leader they trusted. —Creighton Liberal.

A Peace Resolution

Wayne, Neb., July 1st 1916.
WHEREAS:

The public is vitally concerned in the dispute now pending between the Brotherhoods of engineers, conductors, fireman, and other trainmen, and the American Railways over the matter of wages and hours, for the reason that the public must bear the burden of final wages, or the loss entailed by the threatened strike, and

Whereas: Arbitration is the spirit of the age, and in this instance, is fair and right, and ultimately best for both parties to the controversy, and will prevent the un-American and demoralizing strike,

Therefore Be It RESOLVED: That the Wayne Public Service club, urge both the Brotherhoods and the American Railways to submit their differences to arbitration, and thus, in our judgment best conserve their own interests and merit the good will of the public.
J. J. AHERN, W. L. GASTON,
President. Secretary.

Love-Baker

Friday evening, June 23, Miss Anna Baker to Mr. Dow Love, at the home of the bride's father, James Baker. Mr. Baker, who is justice of the peace, officiated. Only close relatives witnessed the ceremony. The bride is the eldest daughter of James Baker. The groom is the son of Mrs. W. A. Love and is a rural mail carrier working out from Wayne. Mr. and Mrs. Love will remain in Carroll. They have many friends who will extend congratulations and best wishes.—Carroll Index.

Masonic Installation of Officers

Thursday night, June the 29th, the local Masonic lodge No. 102 installation of officers took place. Grand Master A. H. Viele of Norfolk presiding. This was the 33d anniversary of the local order and the sister lodge, the Eastern Stars, were invited as guests to be present at the installation.

The officers installed were: Worshipful Master, W. D. Redmond; Senior Warden, Wm. Morris; Junior Warden, O. R. Bowen; Treasurer, H. F. Wilson; Secretary, J. M. Cherry; Senior Deacon, Frank S. Morgan; Junior Deacon, Carroll Orr; Tyler, Chas. Bagart.

Following the installation a short program was given. Glen Gilder sleeve accompanied by Mrs. James Miller sang two selections. Miss Josephine Mack of the expression department of the Wayne state normal gave two readings. Judge Welch in a reminiscent frame of mind reviewed the growth of the Masonic lodge during the past years, dealing especially with the local order. Grand master A. H. Viele gave a talk on Masonic work in general, telling what had been accomplished and the work of the future. Fred S. Berry in his usual happy speech making vein told of the picnic that the lodge is to give tomorrow and cheerfully appointed committees to do all the work. This ending the program light refreshments were served and at eleven-thirty all departed for their homes.

Death of Mrs. Adair

Mrs. F. M. Adair, mother of Mrs. C. L. Culler, died at the home of her son in Dakota City on last Thursday night and was buried at Dakota City Saturday. Mrs. Adair was born 78 years ago and came to Dakota City in 1856. She was the mother of eleven children, six of whom survive her. Her husband died about seven years ago. Mrs. Adair made her home with her daughter, Mrs. Culler, in this city up until a short time ago when she went to Dakota City to live with her son. She has been in failing health for some time and her death was not wholly unexpected. Mr. and Mrs. Culler were at Dakota City to attend the funeral, returning Monday.—Hartington Herald.

**Why Spend your Money, —
"with a Spade"?**

THRIFT does not mean Penuriousness!

Its first principle consists in getting FULL VALUE for each Dollar of income expended.

Getting less is not complimentary to the intelligence of even a Millionaire.

Being liberal and generous, in affairs where it is proper and deliberate to be so, differs widely from being thrifless, thoughtless and careless in buying things, on a business basis.

A habit of "Jumping at Conclusions," instead of Thinking out these Conclusions, costs many a man a lifetime of Un-success.

TOO many Americans indolently act upon the shallow theory that an article "must be" WORTH more, merely because it Costs more.

They are thus taxed a heavy price, all through life, for such an indolent habit of Thought.

They work hard, industriously and intelligently, to acquire money.

Then (for their personal needs) they "Spend it with a Spade."

Is this complimentary to the judgment of even the Wealthiest?

Do people become Wealthy who acquire the careless HABIT of "Spending Money," instead of intelligent, thoughtful BUYING with it?

MONEY cannot make BETTER Fabric Tires,—at ANY price,—than Goodrich 47-Year Experience,—300,000,000 lbs. Purchasing-Power, and Deliberate Intention, are now producing.

No Rubber Concern in the world could afford to offer the low Fair-List Prices here quoted, on Fabric Tires (for such HIGH quality) without the enormous Goodrich VOLUME, which so reduces Cost as to make these lowest prices possible.

When, therefore, you pay MORE than these Goodrich Fair-List prices for ANY Fabric Tire, you are NOT getting "better" Tires.

Test out Goodrich Tires,—and see!

TO keep the hair beautifully soft and fluffy, shampoo regularly with Ivory Soap. For, unlike many cleansers, Ivory Soap does not make the hair dry and brittle.

Make a warm suds with the paste. (See directions inside wrapper.) Saturate hair and scalp. Rub the scalp with the paste and dip the suds over it. Rinse with spray or cup, gradually cooling the water. Dry by rubbing, in the sun if possible, but do not use strong heat.

Ivory Soap, because of its purity and mildness, does not affect the scalp's oily secretion, yet because of its wonderful cleansing power, it thoroughly absorbs the dirt and surplus oil. The rinsing, therefore, removes easily and entirely all this matter with the lather, leaving the hair in condition to dry soft, silky and glossy.

Care of Hog Pasture

For "growing out" little pigs and carrying over dry sows, good pasture is a valuable asset to the Nebraska hog raiser. Alfalfa makes the best pasture for hogs. In pasturing alfalfa, care should be taken that it is not pastured too heavily. If this is done, the alfalfa will be badly killed out in two or

three years and it will be necessary to reseed. Pasturing should never be carried on so heavily but that one-half ton of hay per acre can be cut three times a season. The occasional cutting of the alfalfa induces new shoots to grow, and hence greatly improves the pasture for the pigs.

Over in Dixon and Dakota counties the editors of the "leading" papers do not appear to have gotten past the period which used to come in the lives of some writers who imagined that they were running newspapers when they personally lambasted any one else who had an ambition to get into the newspaper game in their locality. If there is not enough legitimate news, they should fill up on fiction pure and simple and so label it. It would be better than slang. While on the subject it might be well to add that we notice a number of exchanges giving space to the dope sent out by the bunch at Sioux City who are trying to work the show for a lot of publicity which so far as the readers were concerned could have been covered by a news item telling place, time and game. More than that should be paid for by the fellows who hope to take in the spondulix if they can rope in a crowd from the country.

W. F. Richardson went to Wakefield Saturday with his wife and son to spend Sunday.

Miss Eloise Miner went to Sioux City Monday to visit a few days with Izzetta Johnson, who formerly lived here.

Miss Loretta Crowley of Wisner came by auto Saturday morning to catch the eight o'clock train, leaving for St. James, Minnesota, where she will visit for a month.

A. R. Davis, wife and children Burr and Katherine Lou, D. W. Kinne, wife and little daughter went to Crystal Lake via auto the first of the week to be gone until after the fourth.

Miss Delma Stewart returned from Chadron, South Dakota, Friday after a six week visit with her sister, Mrs. O. C. Wamberg. Mrs. Wamberg and son Lawrence returned home with Miss Delma to visit.

Mabel Anderson of Wakefield came Friday evening to visit until Saturday morning with A. D. Erickson and family. Miss Anderson went to Bloomfield Saturday to visit a short time with relatives there.

Miss Genevieve Dorset left Friday to be gone several weeks visiting with friends and relatives. She will first go to Craig to visit with a sister, Mrs. E. B. McMullin. She will then go to Omaha to visit with friends, and also to Sioux City for a short time.

Denver Perry returned from Omaha Friday evening after undergoing an examination preparatory to entering the navy. Two years ago he received a wound on the head which never properly healed so he was sent home until it can be properly attended to.

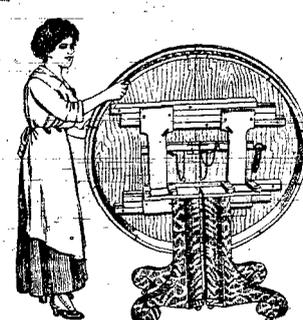

H. B. and C. M. Craven and families, Harry Fisher and wife, LeRoy Ley and wife, Rollie Ley and family, Henry Ley and wife, all went in their cars to Crystal Lake Saturday morning where they have rented cottages for a few days and where they will spend the fourth.

The Masons will hold their annual picnic Friday in Bressler's grove one mile north of town. Conveyances will be furnished and all the Masons and Stars, their friends and relatives are invited. Those caring to go will meet at the M. E. church where cars are to be taken for the grove.

Miss Bessie Durrie left the first of the week for Laurel via auto to visit with her parents a few days of her two weeks vacation. Miss Durrie and her mother Mrs. F. A. Durrie will go to Lyons to spend the fourth. From there they will go to Des Moines, Iowa, where they will visit with relatives about a week. When they return they will stop in Omaha a day.

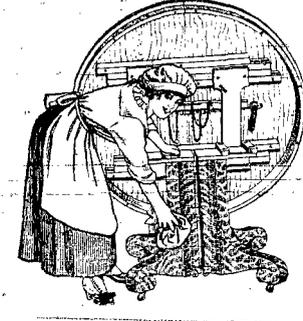

Mrs. A. M. Hyatt of Onawa, Iowa, returned home Saturday after enduring the kind of fare they have at the Bert Hyatt home where she stopped for two weeks. Bert tells us that she started out—but that is only one of his little jokes, for we have it from good authority that there is no more generous provider than the same Bert, and the wife well knows how to prepare and serve it. We know that some of the workmen last year when they built a new house, purposely prolonged their job there because the eatings were so good.

An Open Letter to Mr. Smith
Mr. R. R. Smith,
Wayne, Nebraska.

Dear Sir:—I have been interested in the correspondence resulting from your letter of May the 11th in which you complain against the County Agent system and suggest that it is for the benefit only of Indians and uneducated farmers. Thurston county is the only place in the state where a County Agent is located on an Indian Reservation, and I assume that you refer especially to this county.

I regret that you published so many positive and radical statements before the people of your county with such a limited supply of information. I am sending you today the soil survey of this county which is the direct result of the work of our association and the county agent. I am also enclosing you eight copies of the weekly reports from April 28th to June 16th showing extensive work done by our county agent in hog cholera control, boys' and girls' club work, pocket gopher extermination, experiments started in corn, weaning of pigs, farm leasing, and a number of other matters. These reports show that for the month of April our county agent had 219 calls and visits, vaccinated 112 hogs, and 234 calves, tested a number of cows and did considerable other work; that for the month of May he had 165 calls and visits, vaccinated 324 hogs and 135 calves, and did a large amount of other work.

I wish you would read these reports over carefully and then come to Thurston county and investigate, talk to the farmers as you meet them, get their opinion about this. You will find some few, like yourself, who are not informed and are skeptical, but you will find a very large percentage of the farmers will tell you that the county agent system is a good thing and is getting results. Our association wants the farmers to know about the work, what it means, what it proposes to do and what it has done, and if a man is satisfied that it is beneficial to him and the community, he is asked to join and assist in the work and pay an annual \$5.00 membership. The best proof of the success of this work is that the associations are kept up and supported by the farmers who are receiving the benefits. No one is asked to contribute or assist who is not in sympathy with the work. Now if you are mistaken in your first letter, please write another letter to the public and have it published and acknowledge your error. I do not believe that you want to mislead the people of your county. Therefore get the information and correct the error. You will feel better for doing so, and the people will then know that your motives are sincere. I am sending a copy of this letter to the Nebraska Democrat of your county. Yours very truly,

William Randolph Hearst owns or has a very questionable title to over a million acres of land in Mexico in the lower California district. If Hearst could drive this country to intervene in Mexico he might perfect his title during the final settlement and make enough money to pay all of his debts. Hearst has made life a misery for Wilson trying to force intervention and when he could not drive him by threats or promises he takes the other side. Coming nearer home we find the most influential progressive paper, the Blair Pilot, comes out for Wilson and saying that the progressive party has been betrayed by the leader they trusted.—Creighton Liberal.

A Peace Resolution

Wayne, Neb., July 1st 1916. WHEREAS:

The public is vitally concerned in the dispute now pending between the Brotherhoods of engineers, conductors, fireman, and other trainmen, and the American Railways over the matter of wages and hours, for the reason that the public must bear the burden of final wages, or the loss entailed by the threatened strike, and

Whereas: Arbitration is the spirit of the age, and in this instance, is fair and right, and ultimately best for both parties to the controversy, and will prevent the un-American and demoralizing strike,

Therefore Be It RESOLVED:

That the Wayne Public Service club, urge both the Brotherhoods and the American Railways to submit their differences to arbitration, and thus, in our judgment best conserve their own interests and merit the good will of the public. J. J. AHERN, W. L. GASTON, President. Secretary.

Love-Baker

Friday evening, June 23, Miss Anna Baker to Mr. Dow Love, at the home of the bride's father, James Baker. Mr. Baker, who is justice of the peace, officiated. Only close relatives witnessed the ceremony. The bride is the eldest daughter of James Baker. The groom is the son of Mrs. W. A. Love and is a rural mail carrier working out from Wayne. Mr. and Mrs. Love will remain in Carroll. They have many friends who will extend congratulations and best wishes.—Carroll Index.

Masonic Installation of Officers

Thursday night, June the 29th, the local Masonic lodge No. 102 installation of officers took place. Grand Master A. H. Vielle of Norfolk presiding. This was the 33d anniversary of the local order and the sister lodge, the Eastern Stars, were invited as guests to be present at the installation.

The officers installed were: Worshipful Master, W. D. Redmond; Senior Warden, Wm. Morris; Junior Warden, O. R. Bowen; Treasurer, H. F. Wilson; Secretary, J. M. Cherry; Senior Deacon, Frank S. Morgan; Junior Deacon, Carroll Orr; Tyler, Chas. Bagart.

Following the installation a short program was given. Glen Gildersleeve accompanied by Mrs. James Miller sang two selections. Miss Josephine Mack of the expression department of the Wayne state normal gave two readings. Judge Welch in a reminiscent frame of mind reviewed the growth of the Masonic lodge during the past years, dealing especially with the local order. Grand master A. H. Vielle gave a talk on Masonic work in general, telling what had been accomplished and the work of the future. Fred S. Berry in his usual happy speech making vein told of the picnic that the lodge is to give tomorrow and cheerfully appointed committees to do all the work. This ending the program light refreshments were served and at eleven-thirty all departed for their homes.

Death of Mrs. Adair

Mrs. F. M. Adair, mother of Mrs. C. L. Culler, died at the home of her son in Dakota City on last Thursday night and was buried at Dakota City Saturday. Mrs. Adair was born 78 years ago, and came to Dakota City in 1856. She was the mother of eleven children, six of whom survive her. Her husband died about seven years ago. Mrs. Adair made her home with her daughter, Mrs. Culler, in this city up until a short time ago when she went to Dakota City to live with her son. She has been in failing health for some time and her death was not wholly unexpected. Mr. and Mrs. Culler were at Dakota City to attend the funeral, returning Monday.—Hartington Herald.

Why Spend your Money, — "with a Spade"?

THRIFT does not mean Penuriousness! Its first principle consists in getting FULL VALUE for each Dollar of Income expended. Getting less is not complimentary to the intelligence of even a Millionaire. Being liberal and generous, in affairs where it is proper and deliberate to be so, differs widely from being thrifless, thoughtless and careless in buying things, on a business basis. A habit of "Jumping at Conclusions," instead of Thinking out these Conclusions, costs many a man a lifetime of Un-success.

TOO many Americans indolently act upon the shallow theory that an article "must be" WORTH more, merely because it Costs more. They are thus taxed a heavy price, all through life, for such an indolent habit of Thought. They work hard, industriously and intelligently, to acquire money. Then (for their personal needs) they "Spend it with a Spade." Is this complimentary to the judgment of even the Wealthiest? Do people become Wealthy who acquire the careless HABIT of "Spending Money," instead of intelligent, thoughtful BUYING with it?

MONEY cannot make BETTER Fabric Tires,—at ANY price,—than Goodrich 47-Year Experience,—300,000,000 lbs. Purchasing-Power, and Deliberate Intention, are now producing. No Rubber Concern in the world could afford to offer the low Fair-List Prices here quoted, on Fabric Tires (for such HIGH quality) without the enormous Goodrich VOLUME, which so reduces Cost as to make these lowest prices possible. When, therefore, you pay MORE than these Goodrich Fair-List prices for ANY Fabric Tire, you are NOT getting "better" Tires. Test out Goodrich Tires,—and see!

TO keep the hair beautifully soft and fluny, shampoo regularly with Ivory Soap. For, unlike many cleansers, Ivory Soap does not make the hair dry and brittle.

Make a warm suds with the paste. (See directions inside wrapper.) Saturate hair and scalp. Rub the scalp with the paste and dip the suds over it. Rinse with spray or cup, gradually cooling the water. Dry by rubbing, in the sun if possible, but do not use strong heat.

Ivory Soap, because of its purity and mildness, does not affect the scalp's oily secretion, yet because of its wonderful cleansing power, it thoroughly absorbs the dirt and surplus oil. The rinsing, therefore, removes easily and entirely all this matter with the lather, leaving the hair in condition to dry soft, silky and glossy.

IVORY SOAP

Criticising the president's Mexican policy isn't going to get Mr. Hughes anywhere. The people haven't forgotten that the whole Mexican muddle was inherited from a former administration by democrats. The time to have shown statesmanship was in the dealing with the question in its primitive state, but both Roosevelt and Taft passed it up and we today find the president having to wrestle with an issue more potent than ever because of the reluctance of preceding administrations to grapple with it in its incipency. No, you can't criticise the president and get away with it in this matter. The mothers of this nation who are now feeling the touch of the cruel twinge of heartstrings as they see their many sons called to the border, will surely understand to what great lengths the president has gone to keep out of war with Mexico, and understand why he has allowed slighting and ignoble acts to be perpetrated against this country by greasers. The president is human and he understands the sacrifice that war calls upon the mothers of the nation to make and that is why he has rather permitted patience to have its rule rather than untempered reason. It is easy to go to war. It is another question to get out of it. When we invade Mexico in earnest, it will be because there is no other way out of it and that is as it should be. Riverton Review.

Care of Hog Pasture

For "growing out" little pigs and carrying over dry sows, good pasture is a valuable asset to the Nebraska hog raiser. Alfalfa makes the best pasture for hogs. In pasturing alfalfa, care should be taken that it is not pastured too heavily. If this is done, the alfalfa will be badly killed out in two or three years and it will be necessary to reseed. Pasturing should never be carried on so heavily but that one-half ton of hay per acre can be cut three times a season. The occasional cutting of the alfalfa induces new shoots to grow, and hence greatly improves the pasture for the pigs.

The war with Mexico is not yet, for which we are thankful—and hopeful that it may not come—for we do not want to see that people worse afflicted than they already are.

Remember the democratic county convention is called for Saturday afternoon at the Wayne court house. Three o'clock is the hour, and all democrats of the county are urged to attend.

Senator Clapp of Minnesota refused to be good when the special interests asked him to play in their back yard down at Washington, and now he sees the republican nomination for senator from his state go to Frank B. Kellogg, who won newspaper notoriety as a trust buster under Teddy, but so played the trust busting game as not to lose the friendship of the trusts he was supposed to bust, or their owners. If the people of Minnesota know what is best at election time they will put Mr. Kellogg in the canoe headed up salt creek.

Many of us remember the story of the monkey, the cats and the cheese the division of which they disagreed about. The monkey was appealed to and in dividing the cheese he ate first from one piece and then the other until all was gone without ever having the two parts of the same size. So our republican friends fell out—largely about the division of the spoils of office and the leaders of the winning factions are very apt to take all of the political pie in event of their making a winning at the polls this fall. The part which will go the people will be no greater than the poor pussies got of the cheese they placed in the hands of Judge monkey.

With Teddy on one side and Taft on the other Hughes hopes to win the presidency with Smoot, Penrose, and the army of political bosses behind him who tried to pull through four years ago without making terms with Teddy, the chief boss. But then their unity of purse and purpose comes too late. The people have prospered under a democratic administration as never before, and peace has been preserved with honor while half the world is at war, so why should the people vote to turn the present administration down for one that has failed to do for the people in forty years of power one half that the present administration has done? The people are not foolish.

Henry Mier and C. G. Rubeck went to Lincoln Saturday evening to spend Sunday at camp with their two sons who have offered thier services to their big Uncle Sam. They report that all are doing nicely at the camp, though Mr. Mier found his son just enough under the weather to be off duty, and some of the boys not feeling quite normal yet since their vaccination to make them immune from typhoid fever. Mr. Rubeck found his son on duty, but the Captain released him that he might visit the father.

Mr. Mier brought us a list of the members who failed to pass the physical examination, and who will probably be home are long. They are: Lloyd Fitch, Carl Ohler, Henry Harkmier, Jack Kelly, Chas. Bulletin No. 6

Suppose this was Your Business!

If the Government had asked you to invest your money in a plant to supply Government needs; and after the plant was built, and had become useful for no other purpose, the Government built a plant of its own, making your plant useless and your investment valueless—would that seem fair?

That is precisely what Congress is planning for the Government to do with reference to our investment of \$7,000,000 in an armor plant.

Reporting to Congress, Hon. H. A. Herbert, then Secretary of the Navy, said December 31, 1896:

"The two armor contractors, the Bethlehem Iron Company and the Carnegie Steel Company, both entered upon the business at the request of the Navy Department."

Is it wise—is it fair—for the Government to destroy a private industry brought into existence to serve the Government, unless for reasons of compelling force? To show that no such reasons exist, we make this offer to the United States Government:

The Bethlehem Steel Company will manufacture armor plate for the Government of the United States at actual cost of operation plus such charges for overhead expenses, interest, and depreciation as the Federal Trade Commission may fix. We will do this for such period as the Government may designate.

Isn't that fair? The question is now before the United States Senate.

Among the Churches of Wayne

Presbyterian Church
(Rev. S. Xenophon Cross, Pastor)

The Sunday evening preaching services and the mid-week meeting will be discontinued during chautauqua season.

The Sunday school will continue to serve and grow right through the summer season. The forces of evil do not let up for hot weather; why should the forces that make for righteousness?

On next Sunday morning, the pastor will speak on the theme: "Mahomet and the Mountain." College students and summer visitors are cordially invited to this service. The hour is 10:30 o'clock, sharp.

An interesting meeting of the Y. P. S. C. E., in business session, was held at the church on Monday evening of this week. The C. E. work will continue through the summer. Mrs. Phoebe Clasen will lead the meeting next Sunday evening.

We want every member of the church to hear the address by Rev. David D. Vaughan on Sunday afternoon at the chautauqua. Mr. Vaughan is one of the liveliest religious leaders of the present day. Of course, no one will miss the sacred concert on Sunday evening.

The Woman's Missionary society are holding their annual summer picnic today (Thursday) at the home of Mrs. Chas. Ash, south of town. This is one of the feature days of the missionary society program. This society is doing a great deal for the life of the church at home and abroad.

The mid-week prayer meeting will be omitted this week on account of the chautauqua programs. The Oxford will have that evening at the chautauqua tent. Every one should be made better by hearing this company of artists. Mr. Harry Allen Leiter, basso in this company, is the noted soloist in the Pilgrim Congregational church of Chicago.

Methodist Church
(Rev. A. S. Buell Pastor)

One of our Epworth League delegates to the League convention in Stanton last week hands in the following partial report of one of the addresses: "Shortly after arriving in Stanton, Chancellor C. A. Fulmer, of the Nebraska Wesleyan university gave the opening address on 'The Christian College in the Development of Life.'" Mr. Fulmer said in part, that one who fails to educate himself along spiritual lines cannot develop a metrical life, a true life must have a spiritual side. You cannot develop life in segments, the physical, the social, the mental and the spiritual must be developed hand in hand. The religious life must be continuous throughout the seven days of the week, and in every walk of life. Every Christian should be a person to whom some one can go and tell his troubles and receive spiritual aid and comfort.

The Nebraska Wesleyan university stands for higher education

under a religious atmosphere, with intellectual training equal to the best. Teaches all subjects from a religious view point. Aims to conserve the simple faith and high ideals brought by the youth from their homes, and endeavors to increase that faith by enlarging the views. It aims to help, to hold, and create loyalty to Christ and the church. And encourages all to become Christians before leaving the school.

There were several other splendid addresses reported. The convention was a great success. The four conventions meeting at the same time adds interest and enthusiasm to the gathering. The district meet has been invited to come to Wayne next year.

On Friday evening of this week there will be ice cream and cake with home made candy sale on the church lawn. The children of the children's missionary society will serve the refreshments.

Next Sunday morning the pastor will preach on, "Apples of Gold in a Network of Silver." You will find this text in the Proverbs and is one full of interest and profit.

The regular Sunday school at the usual hour.

The evening service, both the Epworth League and the preaching service will not be held on account of the Chautauqua.

German Lutheran Church
Rev. Moehring, Pastor

Next Sunday there will be only the regular services at this church. Sunday school at 10 o'clock and preaching at 11, immediately following. In the afternoon the pastor will preach at Winside.

Gaston Will Talk About Life

Life in the abstract will be discussed next Sunday morning at the Baptist church by the pastor Rev. W. L. Gaston, who will argue for higher forms of life than are yet known on the earth. He will maintain that the river described in Revelation as flowing out from under the throne of God and the Lamb is not a river of water but life—a new life with new force and activity flowing into this old world and by it the world will be charged and surcharged with life in a finer and more potent form than we have ever known. It makes no difference what you may think you will be interested in this sermon. Prof. Davies will arrange for good music. Normal students should hear this sermon and make notes on it for future investigation.

Victor Carlson went to Omaha Wednesday evening with a car of cattle from his little 80 acre farm just north of town, and he tells us that he raised the bunch right there. He believes that is a good way to make money, and some day he will add a silo to his improvements and then he can raise twice as many cattle per year as now. His load was part baby beef and part a year older.

How about that season ticket?

Why, of course you are going to buy and attend the whole program. If you have never used a season ticket go and see some of your neighbors that have—you won't have to go very far to find one—and if that neighbor does not tell you that the season ticket plan is the only satisfactory way we want you to bring that neighbor to see us—there is something wrong.

Here it is—sixteen programs for \$2.00. For five programs at single rates you pay as much, or more, as for a season ticket, and then you can go and come as often as you please and the gate man cannot hold up your pocket book every day—as most of you will come every day any way.

Gen. Shaw, one of the old settlers in this county, came last week from Los Angeles, California, to visit his daughter, Mrs. Geo. Roe near Carroll and with a host of old time friends. He reports that labor is more plentiful in California than here, but that the times are improving there. Also that the farm help question is with them there though the supply in the cities is plenty. He is looking and feeling better than when here three years ago, and is thus an advertisement for their land as a health resort.

Chief Justice Morrissey of the supreme Court of this state was greeting a few of his Wayne friends Wednesday morning while returning from Bloomfield where he had been as orator of the day for their celebration. Mr. Morrissey was appointed to the vacancy on the bench and has received the nomination to succeed himself, and many of his friends are confident that the people will see to it that he does, for all feel the need of young, vigorous men in the court which has so many questions vital with interest to be passed upon.

Wm. Lessman was here last week from his home at Olpe, Kansas, and while here purchased the Wm. Flegle farm about six miles northeast of Wayne, paying \$150 per acre for the 200 acres. Mr. Lessman left this goodly land for Kansas about five years ago, and now he comes back, and it was no trouble to sell him land at \$150 per acre because he knew the worth of it. We are told that the wife likes it better here than in Kansas, and who can blame her. They are to move here in the spring and take possession of their new home in their old neighborhood. They will be very welcome here again.

Increasing Your Summer Enjoyment

Just two things make summer unpleasant—heat and insects. Screens are an antidote for both. A well screened house is free from flies, mosquitoes and other insects. With screens on windows, doors and porch, the house can be kept cool—left open day and night. So here is a simple, practical and inexpensive way to spend a delightful summer. Think what it will mean in better health, in more enjoyment because of better ventilation and freedom from insects. Why not let us share the pleasure with you by furnishing screens?

Nebraska Prosperity Perpetual

The district court of Lancaster county has handed down a decision in which it takes the position that the state banking board has no jurisdiction over the number of banks that can be established in a community. The case, however, will be carried to the supreme court by the board.

A large force has been at work in Secretary of State Pool's office the past week addressing envelopes in which a copy of the prohibitory amendment as proposed by the petition on file in the secretary of state's office, under the initiative and referendum law, will be sent to each voter in the state. Something like 250,000 copies will be mailed out.

While Adjutant General Hall could not go to Mexico as a Brigadier General, owing to the fact that it takes three regiments to make a brigade, and only two will likely go from Nebraska he has decided to go anyway, as a minor officer. Accordingly at the urgent request of the boys of company H of the Fifth regiment, he has consented to go as their captain after they had unanimously elected him to that position.

Every time the opposition sets up a bogey man and points to it as a horrible example of democratic rule in the state or nation Old Dame Prosperity comes along with her 72 center-meter guns and blows it to smithereens. For instance republican politicians for some time past have been telling us that the country under a democratic administration has become impoverished and panic and starvation stares us in the face. Here is a concrete example: In the thirteen months just passed up to May 26, 1916, deposits in the banks of Nebraska have increased \$38,000,000.00. Such an increase has never before been recorded in the history of the state. There are now 826 banks doing business in Nebraska, or an increase of 54 over a year ago. The report shows that in April 1915 there was deposited in banks the sum of \$109,828,810. In May 1916, this had increased to \$141,557,106. In this same period the number of depositors had increased more than 70,000, the number now being 408,328, or nearly half of the population of the state. Democratic officials are greatly pleased over this showing and Governor Morshead thinks that the figures justify what he has repeatedly said, that Nebraska and the country generally

is enjoying a greater prosperity now, under a democratic administration, than at any time the opposition can point to when it had control of the government.

Lifelong progressives are not enthusing to any great extent over Roosevelt's endorsement of Hughes. As a matter of fact some of the more earnest of the progressives frankly accuse the ex-president of selling them out. They reason that the Old Guard stands just where it did in 1912, in the national convention. They say there is no more difference now, and no more reason why they should support Hughes at this time than there was for them to support Taft in 1912. It is openly avowed by them that the Chicago convention was controlled by the Wall Street interests, and that the present campaign is resolving itself into contests of these interests against the president, adopting as their war slogan, "Anything to beat Wilson." These progressives point to Mr. Hughes' record to substantiate their claims that he is not progressive. As governor of New York he vetoed the 2-cent passenger law passed by the New York legislature; while as such governor he recommended to the legislature that it vote against ratifying the federal income tax amendment, a measure that since its adoption has brought hundreds of millions of dollars into the national treasury, and which was passed by a democratic congress and signed by a democratic president. With these self-evident truths staring them in the face the progressives are inclined to see in President Wilson a man who more clearly represents their views than does Mr. Hughes. This seems to be the feeling of most of the progressives with whom the writer has come in touch.

Lincoln, July 1, 1916.

June Rain Record Three Years

Not only the editor, but the great majority of white folks would freely say if asked for the wet June of three years that 1915 was the one when things were simply drenched—too wet to plow corn or put up hay—and the roads were such that an automobile had better be left in the shed, yet the following figures taken from the record kept at the State Bank plainly shows that we might all of us easily be mistaken. The total June rainfall for June 1914 was more than twice that of either of the other Junes, being 7.95 inches.

June 1915 was but 3.83 inches, but it was so distributed as to time as to do the least good and the greatest damage for the amount, it seems.

The rainfall for the June just closed was 3.80 inches, which has been coming in the proper time and amounts to make all happy, as follows: June 11, .75; 12, .10; 13, 1.25; 18, .10; 21, .60; 23, .70; 26, .30—total, 3.80.

The Monday morning shower at Wayne was purely a local affair. It began in a modest way at 4:15, and quit before 6 o'clock after dropping an inch of rainwater. Carroll, Winside and Wakefield were dry all the time, and the sun shone here nearly all of the time it was raining, painting a beautiful bow in the west whenever there was a bank of clouds there to reveal.

Charles Woodruff, wife and daughter Effie of North Yakama, Washington, came last Thursday to attend the golden wedding of J. O. MICHELIN Red Inner Tubes

have a world-wide reputation for durability for the following reasons:

- 1st: Michelin Red-Rubber Tubes are compounded of certain quality-giving ingredients which prevent them from becoming brittle or porous and which preserve their velvety softness indefinitely.
- 2nd: Michelin Tubes are not simply pieces of straight tubing with their ends cemented, but are formed on a ring mandrel to exactly the circular shape of the inside of the casing itself—and consequently fit perfectly.

G. L. PUFFETT

Michelin Red Inner Tubes give the utmost economy and satisfaction.

Children's Diseases

Most diseases that man suffers from could be prevented, if the influence of the spine as a causative factor were recognized. About ninety-five per cent of all diseases in children and adults are dependent upon traumatic causes; in children, falls and recklessness in play are responsible for nearly all the trouble they suffer from, as the control of children during play is practically an impossibility; therefore, to forestall the possibility of diseases in children, parents should insist upon an examination of the spine being made every six months.

Nature always tries to make the best of a bad situation, health is only a relative condition and, while many parents are under the impression their children are enjoying robust health, if an examination of the spine be made, displaced vertebrae are reasonably certain to be found that are sure to produce future trouble, unless corrected.

Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employes, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employes for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railroads be disposed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railway, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or
2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employes are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

- No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.
- The rates the railroads may charge the public for transportation are now largely fixed by this Government board.
- Out of every dollar received by the railroads from the public nearly one-half is paid directly to the employes at wages; and the money to pay increased wages can come from no other source than the rates paid by the public.
- The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employes, the owners of the railroads, and the public.

A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employes, now highly paid and constituting only one-fifth of all the employes, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

Mr. Eaton is on a farm this year, but for several years he has been a prominent real estate man in Creighton and Clearwater, Nebraska. Emeline Stevenson left Monday for Nebraska to be the guest of Miss Randa. She expects to become a member of the Campfire girls this summer and they will all camp again on the island for two weeks. A letter from Miss Randa tells us that she got into poison ivy two weeks ago and has suffered much inconvenience from its effects;

but is about well now. Mr. and Mrs. Len Links of near Belden autoed into Shoes Friday evening to meet a friend from Omaha, in response to a telegram that she was coming. The friend did not come, but in meeting Mr. and Mrs. Bargonier they found they had many mutual friends in Omaha, and Miss Woodhall and Miss Alexander came in Saturday evening. The young ladies seemed surprised to find so many who knew their names and welcomed them, until they learned they had been so well advertised the evening before. Mr. Links was in town in a very short time after they telephoned him, and the young ladies will visit for several days in the country. Winside Notes

(From the Tribune) T. J. Couture received a telegram Friday morning announcing the death of his father, Ambrose Couture, on Thursday night in Sioux City. He left for that point on the afternoon train. Mrs. G. H. Abbott and children will leave for Hawarden the first of the week, where they will make their future home. Mr. Abbott has been employed as truck driver at that point for the past three weeks. Little Leonard Warren Lewis, the oldest son of Mr. and Mrs. Benj. Lewis, was born May 2, 1911, and departed this life June 27, 1916, aged 5 years, 1 month and 5 days, after an illness of only a few hours. J. A. Clayton was busy Tuesday enlarging the double doors on the town hall by two feet in order that the hose cart might be more easily taken out and in. A coat of paint for the building would improve its appearance. A. L. Templin entered into a contract with G. C. Francis Monday morning, in which the former disposed of the fixtures of the pool hall to the latter. Mr. Templin had conducted this pool hall for the past three years. The Sons of Herman installed officers Tuesday evening at their lodge rooms with Wm. Piepenstock of Wayne, Grand President of Nebraska, as installing officer. Fred Schult was installed for a one year term to the office of President; Hans Gosch, Vice President; John Dimmel, Secretary; Fred Weible, Treasurer; and Charles Chellenberg as Trustee for three years. Refreshments were served and a good time had. While plowing corn Monday afternoon, George Lewis drove into a swamp of bees that made things lively for him and the horses for a few minutes. They had gathered on a small rosebush, and after driving through them they left for John Neary farm where they took up their abode in his chimney. We understand that the bees still hold the fort as Mr. Neary is too busy to trifle with the little fellows. Mrs. Hannah Sommer was born in Germany February 1, 1853, and died at her home northeast of Winside June 22, 1916, at the age of 63 years, 4 months and 5 days. She was married in Germany on October 1, 1875, to William Brune, who preceded her in death three years ago. They came to America in 1882 and settled in Otto county, where they lived for five years. In 1887 they came to Wayne county and settled on a farm where they remained until the end. She was a life-long Christian—a member of the German Evangelical church, near her home. A loving wife and mother, a good neighbor and held high in esteem by all who knew her.

The Boy Scout Camp

Monday morning, Wayne's band of boy scouts planned to go across country in cars furnished by citizens of Wayne to the boy scout camp which is being held at Crystal Lake this week. But due to the heavy rain that morning the boys were obliged to go on the train as far as South Sioux City where they walked on about three miles west to the camp grounds. There will be over 100 boys in all at the camp, registrations coming from Bronson, Iowa, Winnebago, Whiting, Iowa, and Wayne. Scout officials expected large delegations from all these places and if all other delegations were like Wayne's, their expectations were realized. E. C. Wolcott, scout commissioner has charge of the camp, of the tents, provisions and stoves. Monday morning all was in readiness for the boys coming. Harry K. Ghormley, Y. M. C. A. physical director of Sioux City will have charge of the athletics, which will include swimming, base ball, tennis, volley ball, and other games. Camp sanitation will be well looked after and the boys health will be safeguarded. Rev. J. J. DePree is camp chaplain, C. N. Water, tent leader. All the scouts from the different towns will have scout masters and assistants. The camp city consists of tents for the boys, a hospital tent, a scout commissioners tent, and a mess tent. A cook has charge of the bill of fare during the week. All the scouts will be detailed in squads for special camp duties, such as waiting on table, camp ground cleaning and other duties. Special observance was held on Tuesday Independence day, a chicken dinner at noon being the biggest feature and all the boys enjoyed it. All the fireworks were saved until the evening and a display was given then. Visitors at the camp have been quite numerous during the week. Prearranged scout work will be carried out during the week. The boys will arise at 6 o'clock. "Taps" will be sounded at 9:30. From the above facts it will readily be seen that our boys are enjoying themselves under excellent supervision. Wayne is well represented at the camp and the boys are under charge of Scoutmaster W. R. Ellis and assistant Paul Mines. Mr. Henney also accompanied the fellows to the lake. As one little scout put it Monday morning at the train "it's just like going away to war."

The camp will break up Saturday noon and the boys will come marching home Saturday night, sunburned, tanned, and possibly a little ragged and dirty, but still supremely happy and contented. The list of the boys who went from Wayne is given below in full as far as it was possible to obtain their names: Scout Master, W. R. Ellis; Assistant Master, Paul Mines; Scouts: Phil Rickabaugh, John Ahern, Merith McConnell, Harold Corzine, Ellis Miner, Bonny Moran, LeVoy Sherbahn, Elmer Clasen, George Fortner, Elmer Rippen, Marion Surber, Leslie Rundell, John Hufford, Leland Holtz, Frank Martin, Orvin Gaston, Paul Rimsel, Lowell Henney, Milo Hood, Ralph Carhart, John Carhart, Avin Rennick, Marion Grothe, Ted Gossard, Earle Fitch.

Jacob Jedele, four miles west of Humboldt, died as a result of falling down stairs. He was seventy-five years old. Starting July 5, the Omaha grain exchange will maintain a market for dealing in futures, as well as continuing a cash market. Clarence, ten-year-old son of Mr. and Mrs. Spense Foster, living near Falls City, waded beyond his depth in a creek and was drowned. Oil prospects in the vicinity of Table Rock are creating interest. Falls City men have leased 10,000 acres and a local company has been formed to push the efforts to locate oil or gas. Pug, Darling, arrested at Crete by Deputy Game Warden Holmes for fishing with nets, was fined \$5 apiece for each fish he caught—eighteen in all—and sentenced to thirty days in jail. William Wilson, a former well known farmer of the North Bend vicinity, committed suicide by hanging at his home in Fremont. He was found by his son when he failed to appear for breakfast. A full battalion of colored troops to join the Nebraska national guard is being organized in Omaha by G. W. Oble and Ed Turner, who received permission to organize the troop from Governor Morehead. The four-year-old son of Mike Hruska of Table Rock was playing in the weeds in the orchard where his father was mowing with a machine. The child suddenly ran out in front of the mower and one foot was almost cut off.

What Has Been May Be! Land Investment is Safe Sound and Sure

Thirty years ago a tract of land sold near Lincoln, the capitol of this state, at \$40 per acre. Last year the same land sold at \$250 per acre, breaking the Nebraska record for large acreage of unimproved land. This land grew good hay crops each year, paying its way--the \$210 per acre increase was velvet.

We are now offering land equally as rich and fertile at as low a price (\$40.00) per acre, and as near the capitol of a great and growing agricultural state as was this Nebraska land. Land that will annually produce as good a crop, land that will pay its way, and land that will advance much within the next few years, because there is but little like it left. We ask you to investigate, Mr. Renter and Mr. Speculator. Have some offerings for a less price, others a trifle higher, but all bargains.

RUNDELL'S COLUMN

(Continued from Last Week.) The state and county treasurers of Nebraska succeeded in having the public lands of the state offered to speculators in any quantity at the government price of \$1.25 per acre outside and \$2.25 per acre inside the railroad limits. All of the good land was taken up by wealthy men who paid their taxes promptly which enabled the state and county treasurers to deposit the people's money with pet bankers who aided in their election and re-election on the split interest plan, or indulge in the delectable practice of loaning it themselves at 3 per cent per month. Greed knows no bounds, which landed a greater percentage of these grafters in the penitentiary than that of any other profession. When it became known that Nebraska was not a desert there was a rush by speculators to buy Nebraska land at government price. Mr. Brookwater, an English brewer of Springfield, Ohio, hitched up his big horses and took in a little garden spot of 68,000 acres of the choice land of the state. Mr. Goddard, an army contractor, who had become wealthy through furnishing shoddy clothing to soldiers in 1863 and 1864 was another "patriot" who laid his greedy hands on several townships to defeat some landless men from homesteading it, also Mr. Hearst, and God only knows how many other greedy land hogs helped themselves to the public domain offered for sale in violation of the purpose of both the pre-emption and homestead laws. In my next letter I will detail how these men or their heirs can be compelled or induced through the power of taxation to offer their large holdings to the landless men now renting them, on such time and rate of interest as will induce the renter to purchase and own a home of his own. G. J. RUNDELL.

LIVE STOCK PRICES AT SOUTH OMAHA

Cattle Market Steady to Stronger; Meager Receipts

HOGS STEADY TO STRONG

Sheep and Lambs Active and About Steady; Moderate Supplies. Lamb Top Reaches \$10.55. Bulk of the Desirable Offerings Go at \$10.50. Pretty Good Ewes at \$7.00. Union Stock Yards, South Omaha, Nebraska, July 4th, 1916.—The week opened with a very small run of cattle, only 60 loads or about 1,500 head. Owing to the light receipts, and the good demand from the dressed beef men, the cattle market was about 10c higher than at the close of last week, except on the less desirable and more or less grassy cattle there was some uncertainty and unevenness in the trade, although in many cases prices looked better than the close of last week. Good yearlings sold around \$9.60@10.15. There was only a few bunches of cows and heifers here and they found a ready sale at strong to higher prices, everything going in good season. Prices ranging from \$3.75@8.75. Quotations on cattle: Good to choice heaves \$10.00@10.60; fair to good heaves \$9.35@9.85; common to fair heaves, \$8.25@9.25; good to choice yearlings, \$9.50@10.25; fair to good yearlings, \$8.50@9.25; common to fair yearlings, \$7.25@8.50; good to choice heifers, \$7.50@8.00; good to choice cows, \$7.00@8.00; fair to good cows, \$6.00@7.00; canners and cutters, \$3.75@5.75; veal calves, \$9.00@11.50; grass-bulls, \$5.50@6.50; beef bulls, \$6.75@7.50. Shippers bought moderately, paying about steady prices for their hogs on Monday's market. The packers also came out at the start of the market with bids that were as much as 5c lower. Before the bulk of the hogs began to sell, however, values got up to a steady basis, and in some instances stronger. The general market was fully steady, average cost being a little stronger. Bulk of the sales were made at \$9.60@9.65, the top reaching \$9.80, also the top for Saturday. Monday's sheep and lamb run was moderate, arrivals amounting to 25 cars, or about 6,800 head. The demand was good and trade opened in good season on a fully steady basis. The bulk of the good lambs sold at \$10.50 while one two-car bunch of Idahos reached a top of \$10.55. The old mutton supply was light, and with a good

demand for anything in the ewe, wether or yearling line trade was active at steady prices. A pretty good kind of ewes sold for \$7, plain wethers were bought at \$5 and mixed yearlings and wethers sold for \$7.75. Quotations on sheep and lambs: Lambs, good to choice, \$10.25@10.55; lambs, fair to good, \$9.75@10.25; lambs, feeders, \$8.00@8.90; yearlings, good to choice, \$7.00@8.00; yearlings, fair to good, \$6.75@7.50; wethers, fair to choice, \$6.50@7.50; ewes, good to choice, \$6.50@7.00; ewes, fair to good, \$5.50@6.50.
