The Gamble-Lowry Wedding

Woodhull (Ill.) Sentinel

On Wednesday afternoon, at the Lowry residence west of town, occurred the marriage of Miss Grace Annie Lowry to Mr. Frank Ervin Gamble of Wayne, Nebr. About fifty guests, nearly all relatives witnessed the ceremony. The guests were received by Mr. D. K. Lowry and shown to the dressing rooms by Master Roswell Lowry.

Before the appearance of the bridal couple, Mrs. W. E. Johnson, a sister of Mr. Gamble, sang, "It was Morn," after which the Mendelssohn Wedding March was played by Mrs. D. K. Lowry. The bride, preceded by the matron of honor, Mrs. Nelson Lowry, entered on the arm of her father and was met by the groom and his best man, Dr. H. W. Gamble, under an artistic canopy of ferns and autumn leaves which had been arranged in the south end of the library. Rev. A. F. Ernst D. D. of Omaha, Nebr., a brother-in-law of the groom read the marriage service using the double ring ceremony. Mr. Ernst was assisted by the Rev. D. J. Brigham, the bride's pastor.

After the marriage, Dr. Nelson Lowry sang, "Love's Coronation" and Mesdames Johnson and Ebert, sisters of the groom, presented a delightful program of solos and duets.

The color scheme was yellow and white. All the rooms were decorated with gorgeously tinted autumn leaves, trailing vines, sunburst rose and yellow chrysanthemums. The house was darkened and lighted with candles and shaded electric lights. The luncheon was served in yellow and white.

The bride was gowned in a white taffeta with bodice of silver lace. Her veil was held in place by a crown of valley lilies. She carried a shower bouquet of lilies and bride's roses. Her only ornament was the groom's gift, a La Vallier set with diamonds and pearls. The matron of honor wore tea rose crepe with gold ornamentation and also carried roses.

The bride's going-away gown was of midnight blue broadcloth with moleskin trimmings. Her hat was a velvet sailor.

Mrs. Gamble, the only daughter of Dr. and Mrs. N. H. Lowry, was born in Woodhull and has spent the greater part of her life here. She is a young woman of many accomplishments and of rare beauty of character, always ready from childhood to sacrifice her own interests to give pleasure to others, it can be truthfully said, "None know her but to Love Her," and the good wishes of an entire community will follow her to her new home.

Mr. Gamble was born in Woodhull and moved with his parents to Wayne, Nebraska, when quite young. He is an alumnus of the Wayne high school and completed a business course and voice in the Nebraska Normal located in the same city. Later he graduated from the school of Osteopathy at Kirksville, Mo. He practiced his profession at Bloomfield and Fremont, with a marked degree of success until his father's prolonged illness. He is well known both here and at Wayne, where he is now one of the clothing firm of Gamble & Senter. He is a young man of fine character and morals and an earnest church worker.

The happy couple left for Galva at four o'clock, amid showers of rose petals and rice. Their honeymoon will be spent in touring the east. Chicago, Niagara Falls, New York City, Washington, D. C. and Cleveland, Ohio is the itinerary. In ten days they expect to return to Woodhull for a brief stay after which they leave for Wayne, where they make their future home.

The gifts of relatives and friends were varied, valuable and numerous.

Those present from a distance were: Dr. H. W. Gamble, Missouri Valley, Iowa; Mrs. Mary C. Gamble, Mr. and Mrs. W. E. Johnson, Wayne; Mrs. J. E. McFarland, Cleveland, Ohio; Rev. and Mrs. A. F. Ernst, Omaha; Mrs. Daisy G. Ebert, Fremont; H. E. Kellogg, Miss Alice Chamberlain, Mr. and Mrs. G. W. Brainard, Miss Annie Lowry, and Mr. and Mrs. E. S. Stickney, Galveston; Mr. and Mrs. W. N. Sturgeon, Altona, Mr. and Mrs. John A. Widney, Alpha; Ed. and Mrs. F. Holmes and wife, Oneida;

Mrs. Mintie Edgerton, London Mills; Dr. Fred H. Bell and wife, Sycamore; Mrs. W. H. Fahnestock, Rushville; Dr. N. H. Lowry Jr. and wife, and Miss Martha Pippreit, Chicago.

Little Girl Scalded to Death

Little Viola Bennett the four year old daughter of J. M. Bennett was fatally burned by falling into a large pan of scalding water which was setting on the floor, Sunday noon at the Bennett home southeast of Wayne, death resulting Monday morning at ten o'clock. The body was taken to Glenwood, Iowa, Tuesday, for burial, the services being held Wednesday.

The little girl had been playing in the kitchen where the dinner was being prepared and the vessel of hot water had been placed upon the floor to be used in cleaning. In running around, the little girl had stepped with her back to the water and in stepping backward she tripped and fell into it, the water splashing over the body and literally cooking the flesh where it struck. A doctor was summoned and the little one taken to the local hospital where all was done that was possible to relieve the suffering. The shock and the burns were too great however for the little one and life passed away ten o'clock Monday morning.

The many relatives, friends and these bereaved parents have the sympathy of all at this sad event, being an accident that is terrible and deplorable.

Laying the Corner Stone

The corner stone of the manual and physical training building will be laid Thursday afternoon at 2:30. The exercises will be in charge of the Grand Lodge, A. F. & A. of Nebraska. Grand Master Viele, who is also a member of the state board of education, will be present and conduct the ceremonies. Master Masons will leave Masonic hall at 2:15 and march to the grounds of the State Normal school. Lodges in this part of the state will be present and participate in the ceremonies.

Catholic Club Elect Officers

The Catholic Club of the Wayne State Normal school recently organized for the work of the year by selecting the following officers: President, Mary McDonald, Sioux City, Iowa; vice-president, Grace Ford, Hartington, Nebraska; secretary, Irene Murphy, Glenrock, Wyoming; treasurer, Gwendolyn Boyle, Omaha.

The Farmer Union Meeting

Last Saturday morning and afternoon the meetings of the Farmer Union, a local branch of which has a membership among the farmers to the north and west of Wayne and perhaps in some other directions, were held at the opera house. The morning sessions were for members only, and for their business, and as the secretary has not seen fit to make a report of same for the public, that is left to the imagination of those not there.

The afternoon meeting was open to the public, and a Democrat representative was there part of the time. A male quartet furnished a fine bit of entertainment with songs and story. State Organizer Wood was there, and while the members of the quartet were getting their overalls on for a farm scene he asked for questions from any who cared to ask. One member asked why it was that the railroad men secured the 8-hour service for which they asked and the farmers from the south were turned down when they had made a call for some legislation in regard to cotton. The answer came back hard from Mr. Wood—"because the men were organized and the farmers were not. Thus one lesson was learned regarding their views as to how to get things and why others have gotten things. Perhaps organization has helped monopoly many a time to get things to which they were not entitled.

After the entertainers had finished their program Mr. Wood spoke for a short time and gave one some idea of the aims of the organization, which will be given below. He talked co-operation in marketing and buying, of good roads and better schools for the rural districts. He thinks there is too much land speculation and too many tenants. He would have—or at least suggested a graduated land tax or some method to keep realty in the ownership of those who till the land. He did not favor the farm demonstrator, and in reply to our question why, after the meeting closed, said because they were commercialized or sent out by the commercial interests—and had no power or authority to aid farmers in buying or selling to best advantage, and also stated that where a farm demonstrator tried to do such work he lost his job. If this be true, the Democrat has had a wrong impression of the duties of a demonstrator such as the government puts out and aids.

The Union numbers about 35,000 in this state, and they have a paper for the organ of the officers; they conduct a mercantile business from what they call their exchange at Omaha. Just how this is handled and what the profit from it and where it goes to we cannot say, but suppose that it is satisfactory to the membership.

Their constitution sets out the following as the purposes of the organization:

To secure equity, establish justice and apply the golden rule.

To discourage the credit and mortgage system.

To buy and sell and assist our fellow members in buying and selling.

To educate the agricultural classes in scientific farming.

To teach the farmer the classification of crops, domestic economy, and the process of marketing.

To systematize methods of production and distribution.

To eliminate gambling in farm products by boards of trade and other speculators.

To bring farming up to the standard of other industries and business enterprises.

To secure and maintain uniform prices for grain, live stock and other products of the farm.

Wayne High School vs. Pender

In a decidedly one sided game Wayne high school football eleven went down to an inglorious defeat on the Pender gridiron Friday afternoon. Wayne lacked the weight, the Pender men being big fellows whose superior strength tore holds in Wayne defense. Wayne put a game fight and although the score looks as if Pender had an easy time, it does not truly show the fighting spirit of our team, nor the contested points of the game.

That Prohibition Talk

Dr. D. W. Phifer from Denver was at the city hall last evening to tell the citizens of Wayne what prohibition has done for Colorado—but the citizens of Wayne were not there in any great number. Perhaps they know it—possibly they were afraid of the collection—but that was easy compared with a tabernacle collection. We saw no one there, except the women, who will not in all probability vote for the amendment, and our lopsided laws do not give the right of franchise to the women yet. His talk was splendid, but it failed to reach any doubting Thomases. He said the laundries now do the washing in Denver, because sober men were not permitting their wives to so drudge. The criminal court was cut in half, and the one judge left either fishes or rests most of the time. The police force had been cut in the middle. He said that the dry forces here should quit snoring so loud and work a bit if they expect to win—and when he complimented the splendid organization and his audience. Probably both statements were true for we have heard of "hearty sleep."

The Democrat is for a dry Nebraska in spite of the fact that we sell space to those who are not, and if the "Prosperity League" advertising in all Nebraska papers, with very few exceptions, does not awaken the voters who favor the amendment the liquor question will remain a bone of contention in this state for another season. The showing last evening should certainly give courage to those who oppose the amendment, and we do not. The fact that Wayne is dry does not warrant such lack of interest in the rest of the state as was evidenced last evening.

A Day of Prayer and Conference

The Ladies Union Bible Study Circle had a most delightful and refreshing prayer conference all day Tuesday. The morning and afternoon sessions being held in the fine Beckenhauer chapel, the evening session in the Lutheran church. The ladies are most grateful for courtesy extended in use of these places. There were thirty-six delegates and visitors present, quite a company coming up from Pilger for the day sessions, and the girls Bible Study Circle of Wakefield with their splendid leader, Mrs. Ernest Hypse, coming over by auto to attend the evening session.

Rev. J. Chas Crawford of Boone Iowa, Biblical College and E. Sywulka of German East Africa had charge of the conference. E. Sywulka's address on the "World's Needs" was a weighty message from heart of a compassionate missionary and stirred many hearts.

Crawford's message in the evening on the "Prayer Life" was very inspiring and awakened a new desire in some to become interested.

Mrs. J. A. Halley who arrived Wednesday morning from New York will be the leader of the lesson study at the home of Mrs. Young next Tuesday afternoon and all are cordially welcome.

Thompson-Barnes

The marriage of Miss Rose Edith Barnes, the only daughter of Mr. and Mrs. Samuel Barnes, and Mr. Levi Pettit Thompson, youngest son of William Thompson, was solemnized Wednesday morning at 7:30 at the St. Mary's parsonage, Rev. Father Kearns officiating.

Miss Myrtle May Suhr, niece of the groom and Mr. Edward Miles, attended the bridal couple.

The bride has always lived in Wayne county, having attended the public school and later graduated from the State Normal. She was a successful teacher in the rural school, and has endeared herself to a host of friends.

The groom has always lived near Wayne where he is a successful young farmer. His personality and good habits has also won for him a host of friends. They went west on a wedding trip and will soon return to make their home on a farm north of Wayne.

Dan Stephens Speaking

Congressman Stephens, who is to speak here next Wednesday night at 8 o'clock makes the following points that day, Newcastle at 9 a. m., Wynot at 11 o'clock, Dixon at 2 in the afternoon, Wakefield at four, and then Wayne for an evening meeting.

A Case With a History

At the present term of the district court in the case of Alice Geary vs. William J. Geary of this city, in which plaintiff sues for \$65,000 from plaintiff as alimony and for the care of minor children the judge gave a verdict of \$1,800 for care of children with the mother, decreed that the father pay the sum of \$30 per month each for the support of two minor children Frank and Stella, add from this verdict the defendant appeals, and has filed his bonds in the sum of \$5,000 in the case.

Mr Geary moved to Wayne 1909 with his daughters to give them the advantage of the schools here, retiring at that time from his farm near LeMars, Iowa. The daughters have now married and settled for life in good homes. Prior to coming to Wayne his wife had applied for a divorce and alimony, but the court considering the case held that she had no grounds for divorce. A few months later Mr. Geary applied for and was granted a divorce and a settlement was made as to the property and division of the children, and the following story of the trials appears below from a paper at LeMars, the Sentinel. "First we might mention that after Mr. Geary moved to Wayne the divorced wife followed to this state and started the action above referred to, and has since married and is now a resident of Norfolk and is Mrs. Toney Huffman.

Mable Geary, who was one of the children given to the mother, now is with the father keeping house for him.

"The Geary divorce case which has been on trial in the district court for several days, came to an end on Saturday morning and late in the afternoon Judge Gaynor announced the decision of the court. The plaintiff, Alice Geary, was denied a divorce and the costs in the case, amounting to about five hundred dollars were ordered taxed up against her.

Mrs. Geary in her petition alleged cruel and inhuman treatment and so asked alimony to the amount of \$25,000, alleging Geary was worth \$46,000 in land and personal property. The defendant stated he was worth \$30,000.

Mr. and Mrs. Geary were married in LeMars on June 30, 1881, and lived together until July, 1906, when the plaintiff left her home and came to town. Eleven children have been born to them, the youngest having been born in town this spring. The oldest son is twenty-five years of age.

Mrs. Geary, while on the witness stand, made some startling allegations in regard to her husband's actions but they were not corroborated by any other witness and the judge evidently deemed them unworthy of credence. Several of the children contradicted their mother's testimony and the defendant denied ever having been cruel to her or having abused her.

Mrs. Geary's testimony was sensational, racy and altogether unfit for print and a large number of people gathered in the court room

and apparently gloated over the disgusting details.

The plaintiff's statements that when she was sick her husband refused to allow the neighbors to come in and assist her, was flatly contradicted by several witnesses.

In case some of the children are on the father's side and some on the mother's and it is a case of a house divided against itself.

The trial has been discussed pretty thoroughly around town and in Stanton township where the parties at suit live, and the verdict is generally accepted as a just one and a vindication of the defendant.

William Geary, a wealthy farmer residing south of LeMars, was granted a divorce from his wife on the grounds of cruel and inhuman treatment. She was given the custody of four minor children and he was given the custody of four. Three children are of age. Mrs. Geary was given \$7,200 alimony.

In the district court last April sensational suit was tried, when Mrs. Geary was plaintiff for the divorce. She made startling allegations against her husband, which the court decided were not true, and she was refused a divorce and denied any monetary relief. Mr. and Mrs. Geary are old residents and have been married for more than twenty-five years.

Sholes Prejury Case Dismissed

Monday and Tuesday morning time of the district court was taken in the trial of B. Stevenson of Sholes, cashier of the Wayne County Bank on a charge of perjury instituted by E. W. Closson. A jury was secured and most of the testimony of the prosecution was introduced when the court dismissed the jury and annulled the information. County Attorney L. A. Kiplinger, assisted by M. D. Tyler of Norfolk represented the state in the prosecution. F. S. Berry and A. R. Davis were employed to represent W. E. Closson and C. H. Hendrickson of this place and H. E. Simon of Winslow were for defendant, and they and Mr. Stevenson are receiving congratulations on the manner in which the case terminated. The wife and daughters of Mr. Stevenson most keenly felt the embarrassment of the charge against husband and father, and to them the dismissal was indeed most welcome.

The First Snow of Season

People of Wayne crawling out this morning beheld a landscape covered with from two to six inches of snow, an more coming. At this hour the fall continues, making one of the heaviest early snowfalls on record. It is bad for the carnival, and will interfere with attendance at the cornerstone laying today. Many people were also found unprepared in many ways for such a storm, but it is not probable that much damage will result unless it becomes colder.

He has been pretty ill, but hopes to start on the road to recovery among his home folks.

Henry Kloppe went to Sioux City or Omaha the first of the week to buy cattle if he found conditions right. That, at least is what he said, but beyond a doubt he went to Omaha to see and hear Hughes, for he was there to see and hear Wilson—and Henry wants to be sure where he is at before he votes.

The commissioners of Platte county appropriated nearly \$1,000 for the county fair in that county. Wonder if any tax-payer would faint if our commissioners should decide to aid such an enterprise in this county? We would like to see it tried, for a good county fair would help wonderfully in advancing agricultural interests.

The foundation, the bulwark, the stability of the American government, is due, in a large measure, to our judiciary. Judge Marshall analyzing and construing the constitution; Judge Story applying the constitution and the Common Law equitably; Judge Field, Judge Miller, Judge Harlan, Judge Brewer, the present chief justice White and many others applying the constitution and common law to new and economic conditions. Nebraska has had many notable and strong judges, among them may be mentioned Judge Mason, Judge Maxwell, Judge Sullivan, Judge Irvine and Judge Pound. This fall we elect practically the whole Nebraska judiciary. One chief justice, three judges of the Supreme Court and all the district court judges. In this ninth judicial district, comprising Wayne, Madison, Stanton, Antelope, Cumming, Knox and Pierce we elect two judges for the district court. Let then the people of the ninth judicial district, do part in maintaining the foundation, the bulwark, the stability of our government, by electing strong men, conscientious men, men of integrity and ability as judges of the district court. Judge Welch and Judge Allen are men of strong personality and character, their ability and integrity is questioned nowhere, and recognised everywhere.

The "people's attorney" in rate cases before the state railway commission is himself a candidate for election to the commission this year. He is among the most widely known Nebraskans from his authorship of the bank guaranty and the 8 o'clock saloon closing laws, and his great fight against the increase of telephone rates. His years of experience successively as farmer, business man, bank examiner, legislator and attorney, in connection with the soundness of his views on telephone and railway regulation, especially fit him for the office.

Voters, don't fail to vote for him—Victor E. Wilson, for state railway commissioner. He is on the democratic ticket, but he thinks that the office should be made non-partisan.—2.

Catarrah Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. CATARRH Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHENEY & CO., Toledo, O.

Rev. J. B. Burkhardt, Makes Hit

Rev. Jesse B. Burkhardt of Pierce delivered his lecture on "By-products" to the students of the Wayne State Normal during chapel hour one morning last week. The lecture is a most excellent illustration of its own message. Its direct product, the subject matter of the lecture, is interesting, stimulating and practical; but its chief value lies in richness and force of its by-products. Among its direct products we find a superb word picture of the packing house and its by-products, historical illustrations, most interesting library quotations ingeniously applied, and inspiring by-products, especially recommended to the world's workers. The by-products of bringing good cheer and happiness to one's neighbors was especially emphasized, the penalty attached for its violation being "death to one's immortal soul." The teachers' by-product, the thing she may be doing in addition, to what is stipulated in the contract, is to "tie to 'em." "Tie to 'em" saves more boys and girls than the regular class instruction.

But, as stated above, the chief value of the lecture lies in its by-products. It is full of suggestions and thought-provoking and purpose forming illustrations. This was evidenced by the close attention and intense interest manifested by the students throughout the lecture, and by the vigorous applause they gave the speaker at the close. Mr. Burkhardt won the sympathy of his audience in the very beginning, and by his fluency of speech, concrete and apt illustrations, and ready wit, held the students spell-bound to the end. Without an exception they were delighted with the lecture.

Report From the Hired Men

State Auditor Wm. H. Smith this week registered \$47,000.00 of school district bonds for Benson, Douglas county. The bonds run for 30 years at five per cent, and because of this fact an Iowa brokerage firm paid a premium of \$2,050.00 to get them.

One thing accomplished by the state department of labor under Governor Morehead's administration has been the active work of the free employment bureau operated out of the department. Last year the department placed over 700 employees, mostly farm hands. The farmers of Nebraska are beginning to appreciate the services of the free employment bureau and file their requests with the department when in need of help on the farm. This co-operation on the part of the farmer not only saves the fees the farmer pays employment agencies, but saves many dollars to applicants for farm work.

Up to the present writing Secretary of State Pool has issued 98,150 automobile licenses, and the total amount of license fees paid in will aggregate approximately \$275,000 for 1916. Of this sum the secretary of state retains 35 cents on each license which goes into what is known as the motor vehicle registration fund, to defray the expenses of the department, while the balance of the fee goes into the road fund of the county from which the application is made. It is estimated that there is in use in Nebraska at the present time automobiles the combined value of which will aggregate more than \$50,000,000 at a conservative average price for each one in operation.

Straw votes are not popular with the republican leaders this year judging from several that have been taken of late. Four years ago republican newspapers were full of straw vote taken on trains, in public meetings and public places. Some times Roosevelt received the most votes and sometimes Taft was the more fortunate. This year, however, there has not been a straw vote taken, so far as we can learn, whether it be on the train or other public place, but what an overwhelming majority has not been registered for President Wilson. Those who have been at a loss to know why republican newspapers are not publishing the usual daily or weekly grist of presidential straw votes this year, are hereby and herewith enlightened.

A report is current in Lincoln that the republican national committee has practically given up carrying the country for Mr. Hughes, and is now centering its efforts on electing enough congressional district representatives and senators to change the political complexion of congress from democratic to republican. It is not felt that Mr. Hughes present western trip will have any stronger bearing on his chances for election than have his other flashes across the country, and so far they have been most discouraging, not to say disastrous. The committee, however, feels that it is necessary to keep up the pretense, under cover of which the fight for congressional control will be made. In this manner, if Wall Street and the predatory interests cannot control the president, they can at least tie his hands, and thus prevent further progressive legislation inimical to their financial welfare.

Yankton 14-Wayne 0

By superior tackling and interference work the Yankton College won a hard fought game from the Wayne state normal football eleven on the local gridiron Friday the thirteenth, by a score of 14 to 0. The game was refereed by last year Coach Gross of Wisner and umpired by W. L. Carberry of Sioux City, for four years a member of the University of Iowa football team.

Although outweighed by about seven pounds to the man Yankton was able to smash holes in the Wayne line for gains and by their superior interference work to make long gains on end runs. Both teams punted much back and forth into the opposing territory, and tried forward passing but not gain much was made by either.

Wayne put up a game fight against Yankton's superior team work and had they been able to work interference and tackle low as did the opposing team the score would have been reversed with a few more six and seven points added besides. Spirit did not lag at any time despite the warm weather that generally makes playing somewhat listless.

Yankton scored her first touchdown in the last few minutes of play of the second quarter of the first half, by a fake side line move. H. R. Best left half carrying the

ball over the line. Green, centre kicked goal making the score 7 to 0. They scored again in the first quarter of the last half by a short pass over the line, Bowers to May. Green kicked goal, score 14 to 0. The last quarter was the hottest fought part of the game. Wayne used her full force in breaking up the Yankton line and the lighter line gave, but too slowly to make any big gains. Yankton fought for time realizing they could not hope to add to their score. Wayne slowly forced Yankton back and when the whistle blew, ending the game the ball was on Yankton 20 yard line with Wayne within scoring distance.

Wayne's boosting spirit should be complimented. At no time throughout the game did the side lines give up hope and the yells were just as full of pep at the final whistle with defeat as they were at the first of the game with chances for a win.

The game was somewhat rough and one feature marred the game but despite all it was a fast and cleanly played exhibition of the sport.

Quality First

After Nov. 30, it will cost you just \$70 more to buy a 7-22 Chalmers. But the price on the 5-passenger 3400 r. p. m. Chalmers remains (for the time being) \$1090 Detroit

Until midnight of Nov. 30 you can get a 7-22 Chalmers for \$1280 Detroit—a car of rare ability, fascinating in body equipment, and, like a beautiful woman, of exquisite charm.

After that date the price becomes \$1350 Detroit—\$70 more. The \$70 is just a few dollars less than the increase in cost of manufacture of this car since its appearance in June.

To those who have longed for the 5-passenger 3400 r. p. m. Chalmers—and have not yet possessed one, just a word of warning: the price remains unchanged just now—\$1090 Detroit; we do not know how long this low price will continue. We reserve the right to increase the price without notice.

Only those who are buying materials such as go into high-grade automobiles can begin to realize the steady, upward trend of the materials market.

Just one condition today prevents a rise in price of the 5-passenger 3400 r. p. m. Chalmers—the fact that these cars are being made on a factory "work order" dating back several months.

Since the "work order" went through materials have jumped in cost again. When the current "work order" is completed and if materials remain at their present level or rise higher, only one course will be possible, an increased price.

Those who have been driving Chalmers cars know how diligent has been the Chalmers effort to set down cars of the quality kind.

They will understand how impossible it would be for Chalmers to dodge the increase-in-materials issue and maintain the prevailing price on the 7-22 Chalmers.

Lower the quality of the Chalmers car? Never. The Chalmers men take great pride, not only in the money the car makes for them, but in the car itself. And pride, as everyone knows, is a thing that can never be compromised.

It would be like Tissot trying to paint a picture to fit a price.

As long as there's a name "Chalmers", there will be a quality car, and as long as there's a quality car there'll be a price fixed—not by the Sales Department—but by cost accountants.

And there'll be a fair deal. Chalmers says these two 3400 r. p. m. models will be continued into next season. You can bank on that. So that a Chalmers car you might buy now will be exactly like the one you would buy next spring.

Remember the \$70 you can save now by anticipating the rise in price. There's an old Scotch proverb that says "A dollar saved is a dollar earned". \$70 buys a good suit of clothes, a good pair of shoes, a good hat and some good gloves. Also it just about pays your dues at the club for a year.

Or, if it's a 5-passenger 3400 r. p. m. Chalmers you want, our advice is to get one now.

We are not sure the price is going up and we are not sure that it isn't.

WAYNE MARKET REPORT

Following are the market prices quoted us up to the time of going to press Thursday:

Oats	88c
Corn	62c
Spring Wheat	1.45
Wheat	85c
Eggs	30c
Butter	30c
Hogs	8.75
Fat cattle	\$7.50 @ \$9.20

With more than 200,000,000 bushels of corn in the fields to husk, the bill for cribbing the crop in Nebraska at the prevailing price will amount to practically nine million dollars.

Frank Gotch, Iowa's champion wrestler will or has entered the Iowa campaign for the republicans, we are told. It is expected that they will lose the championship November 7th, when Iowa goes democratic. If the Iowa democrats do not wrestle him down, our Nebraska champion would like to take a fall from him.

This year a Nebraska voter has not only the opportunity to help settle a great moral political question, but he too may say by his vote whether or not he believes in the "Peace with Honor" policy of government or the diplomacy of the old world, which results in war, waste, famine, pestilence, death and destruction in short in a hell on earth.

Many a good Nebraskan who has

not always, and perhaps not long been voting with the democrats—possibly never did before, is going to vote to endorse Woodrow Wilson and his administration. That is the right thing for any voter to do if he feels that way. And a lot of them feel that way, but they should remember that congress should go with the president in order that he may continue the effective work now so well begun.

State Treasurer Hall is out over the state showing those who believe that service is what counts in caring for the state business that the money in his care for nearly two years past has been carefully guarded, and that the saving to the people has been practically \$10,000 per week the year through. That means a half million per year, or a million dollars during single term of office. It will pay any taxpayer well to go to the polls and endorse such a record and such a man—it is deserved.

G. L. Shumway of Scottsbluffs, who is a candidate for land commissioner of this state, and has given land, economic and irrigation questions much thought and study, is out in a strong letter with an argument which is hard to contradict in favor of using Nebraska money in Nebraska. In other words the school and other funds which belong to the state for investment in bonds and other good securities, he thinks should be kept at home, not loaned in Idaho for instance, even though a higher interest may thus be had. It should be loaned to encourage the development of Nebraska. Right he is.

There is a nightmare that is disturbing our friends who wish to graft in a tariff-protected industry. It is the fear that when the war is ended, the laboring men and women of this country will not be able to work and make a living for themselves and families and support the idle rich in idleness.

ness. Not that they care so much for the laborer, but in the language of the song they are beginning to wonder "Where do I come in." When economic affairs are properly adjusted, you may come in with the rest of the people, just where you can do the most good to yourself and your fellowman. Society has rights under which you will eventually come in and work with the other people, and then the 8-hour day will be long enough for you also.

When it comes your turn to vote November 7th go to the booth feeling that it is possible that your vote may decide the result—for it is possible, but not probable, that such might be the case. If you will feel that responsibility and have carefully studied the political situation, as every voter should, the Democrat is willing to abide by the result. If each voter will consider the question fairly of what a change of the administration now may mean—how it would be taken by Germany, France, England, Russia, Mexico and the rest of the world as a repudiation of the policy which has kept us at peace and neutral—a power for world peace ready and willing to act when the time comes, as come it must when the nations now at war will seek to settle their difference by diplomacy rather than the cannon. It will be your privilege and duty to look every issue squarely in the face and do your full duty as a citizen of the greatest power in the world today. What a privilege—what a duty—what a responsibility. Meet it without fear or prejudice, as becomes an American citizen.

Social Notes

A most delightful evening was spent at the Methodist Church, "Home coming," October 13th. It was very appropriate that this homelike church should at this time have a gathering of its friends and members in a great fellowship meeting. A welcome to new converts and friends, also a greeting to the pastor and his family who have been returned to this church for the third year. That basket supper will not soon be forgotten. First the tables groaned under the load, and then the people sighed happy, contented sighs as they became incapacitated for anything more. This hour of good fellowship was amply followed in the auditorium, consisting of songs, a prayer, and inspiring speeches by Mrs. Ada Rennick for the Woman's Home-Missionary society, Mrs. John Scofield on the work in the Woman's Foreign Missionary society; Mrs. E. S. Blair for the Ladies Aid society; Mrs. Wm. Beckenhaur, Superintendent of the Childrens missionary societies; Mr. Wm. Beckenhaur in the work of the Sunday school and Rev. A. S. Buell in Young People's Work and in the church finances. The company separated in fine spirits, promising themselves another get together affair in the near future.

Tuesday evening about fifty people, young and old alike, from Wayne, journeyed to the Roy Pierson home where a regular old fashioned pumpkin pie, doughnut and coffee supper was served by the members of the Wilber Sunday school of the Stamm district. The proceeds derived from the supper will be used for current expenses of the school. The house was decorated with pumpkins large and small, lending an atmosphere of fall to the place. Games were played, and guesses were made as to the weight of a large pumpkin, a prize being offered for the nearest guess to the correct weight. A delegation of fifteen of the Baptist young peoples society went to the supper by way of a good old fashioned hayrack ride, the other people going by way of autos. A large attendance is reported, nearly 200 people lining up to the pie counter for their share of the good things to eat.

Mrs. E. B. Young entertained the Normal girls and the Junior Bible Circle to a five o'clock dinner Saturday evening. About thirty-five girls were present. After the excellent dinner Mr. Sywulka gave a very interesting talk on German East African missions. About seven-thirty the girls all went to the home of Miss Cynthia Gilbert where the weekly meeting was held. The lesson, Math. 17, was very thoroughly discussed by Mrs. Young. The next meeting will be at the Sprague home with Miss Anna Granquist as leader.

Mrs. I. H. Britell was hostess to the Acme club, Monday, October 16. Quotations from a Nebraska writer were cited in response to the roll call. The club is studying the history of Nebraska this year and chapters telling the story of Coronado and the Spanish caravan were

read by Mrs. J. G. Mines, and the history of Bellevue and the story of George Catlin were read by Mrs. V. A. Senter. The next meeting will be at the home of Mrs. J. G. Mines.

Misses Mary Mason and Edith Stocking were hostesses to the Shakespeare club Tuesday evening at the Mason home at a six o'clock dinner. Following the dinner the club planned their year's work, assigning individual tasks to the various members. A very enjoyable and pleasant evening was spent, following the business meeting. Miss Eva Graves and Miss Redmond, the newly elected members of the club, were present.

Mrs. J. W. Jones was hostess to the U. D. Club October 16 at which time a musical program was studied and illustrated. Mrs. H. S. Ringland was leader in the discussion of the various operas of today that are played in this country and others. Selections were played upon the Victrola that best illustrated the leading theme of the opera. The discussions were very interesting and helpful. The club meets with Mrs. Felber next week.

The Monday club met with Mrs. O. R. Bowen October sixteenth and a very instructing and interesting meeting was held. Current events were given in answer to the roll call. Mrs. C. A. Chace read an excellent paper upon the subject of Mexico. Following the business meeting a social hour was enjoyed. The next meeting of the club will be held at the home of Mrs. H. H. Hahn.

The Pleasant Valley club meets this afternoon at three o'clock at the home of Mr. Roscoe Jones. The members will respond to their names at the roll call by giving some current event. Mrs. Wm. Gildersleeve will read a paper upon travel through Yellowstone park and Mrs. Will Morgan an article upon California. Following the business a social hour will be spent.

The P. E. O. club met Monday evening at the home of Mrs. S. R. Theobald. Miss Marguerite Hecker was initiated into the club and made a member thereof. The P. E. O. constitutional test was led by Mrs. M. S. Davies. Following the business meeting a social hour was enjoyed after which the hostess served delicious refreshments. Mrs. H. F. Wilson is hostess November 6th.

The Rural Home society meet today at the home of Mrs. Gustafson where the members of the society will tie comforters. At one o'clock the hostess served a delicious dinner to the club. This afternoon the club will transact the regular business that comes before it following which a social hour will be enjoyed. A very pleasant and profitable day will be spent.

The W. C. T. U. will meet Friday afternoon, October 20 at the home of Miss Charlotte White.

School Notes

The Sophomore class gave a unique program yesterday afternoon. It consisted of a series of letters written by various members of the class describing impressions and experiences of the vacation. These were read by Edna Hanssen and Dorothy Ellis. Alice Blair rendered a violin solo and responded to an enthusiastic encore.

Dr. J. T. House addressed the high school Tuesday afternoon on the subject, "Get into the Game." Through the stories of the life work and eminent success of such men as Napoleon, Caesar, Alexander, Keats, and Shelly as well as of some individuals of the speaker's acquaintance, Dr. House made clear the advantage of getting into a vocation as early in life as is consistent with thorough preparation. Mr. House's addresses are always appreciated by the high school.

Report cards will be issued to the pupils in the grades this week. Parents should see that these are carefully examined and then returned.

Miss Maud Flock of the high school faculty enjoyed a brief visit with her sister, Miss Edna of Regina, Canada, the latter part of last week, the latter having stopped a few days in Wayne on her return from a visit with friends in Lincoln.

A Minnesota Letter

In sending his subscription renewal to the Democrat, H. B. Hutchings of Marshall, Minnesota, writes that they are well and about to begin corn husking, of which they have a very fair crop, though wheat, oats and potatoes are light. But he adds that they have enough of the latter for home use.

RUNDELL'S COLUMN

The Herald editor two weeks ago called me down jointly with the editor of Current Events for errors and deception in current history. I am not ashamed of my company but I will accept the Herald's advice and confine my remarks to ancient history. As a republican is not supposed to know what happened in this country prior to the Cleveland administration I will relate what converted Kansas to populism. The populists gained the house in 1890 but Kansas having a hold over senate that body remained republican. A prominent senator secured a passage of a bill to reduce the age of consent from 18 to 15 years, (New York standard). But the house killed the bill. Mrs. Lease took the stump and denounced the republicans as a lecherous bunch that wanted to rape the cradle. The next election the populists elected everything and sent Peffer with his whiskers to the United States senate. The good people of the open saloon less indignant over the open saloon than they were over this attempt of the republicans to remove the protection from the girls of Kansas. This reminds me that Abraham Lincoln Sutton must have attended the same school of morals as this lecherous bunch from Kansas. If the charge is true, his legislative record shows him oppos-

WILLIAM V. ALLEN

CANDIDATE FOR JUDGE NINTH JUDICIAL DISTRICT. ANTELOPE, CUMING, KNOX, MADISON, PIERCE, STANFORD, AND WAYNE COUNTIES. ELECTION NOVEMBER 7, 1916

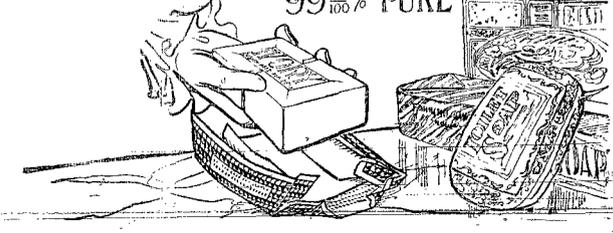

Mr. Allen has lived in Madison county 33 years, has practiced law over 40 years, has been district judge and United States Senator. He is a strong, vigorous, active man in perfect health, whose qualifications for the office are admitted by all. He is fair, impartial, and kind and has always been known in public and private as a friend of the people.

IF Ivory Soap sold for 25 cents per cake, a great many people would consider it the finest toilet soap in the world. Because it sells for 5 cents some think it is merely laundry soap. The fact is, Ivory Soap could not be made better for toilet purposes if it sold for \$10 per cake. It contains the finest materials that can be bought. It is made so perfectly that there is no free alkali or free oil in the finished product. It is mild. It is white. It is pure. It floats. It lathers freely and rinses easily.

Among the Churches of Wayne

Methodist Church
 (Rev. A. S. Buell Pastor)

Last Sunday was indeed a splendid day with us at the Methodist church. The pastor's morning message dealt with the love of God as propagated and maintained under the shadow of the Cross.

A large class was baptized and received into the fellowship of the church. In the afternoon a baptismal service by immersion was held. There was a splendid session of the Sunday school at the usual hour of eleven forty-five. A teachers' training class has been added. At six thirty in the evening, a Boy Scouts organization was effected; the intermediate league for the girls from eleven to fourteen met in the parlor of the parsonage with Miss Moffett our deaconess, and Miss Kate Adams to assist. The Epworth League service was conducted by Professor Redmond. The evening sermon was on "Following the Master."

Next Sunday morning's message will be on prayer. Those desiring to unite with the church please be present at this service at ten-thirty. Those desiring baptism either by sprinkling or immersion will please notify the pastor.

Be present at our Sabbath school. We have a splendid corps of officers and teachers. A cordial welcome awaits you.

The young people's services will meet each Sabbath evening as follows: Boy Scouts in the church dining room. All boys from

W. O. HANSEN
CANDIDATE FOR COUNTY TREASURER

On the Democratic Ticket

What I have been. What I am to-day. What I promise to do if elected.

Having been called on to tell Wayne county people who I am and what I was, I will endeavor to tell you in my own plain words and thereby fulfill the duties I owe the voters of Wayne county, so they may intelligently judge of my ability to handle the affairs of the County Treasurer's office, the place I seek and whether I am worthy of being entrusted with the duties of the office. No one knowing me better than I know myself I take this means, and challenge anyone to deny or repudiate any statement I may hereafter make.

I was born near Hamburg, Germany, on November 7, 1875, and will be exactly 41 years of age on election day.

My father being destined to work and toil for little compensation and finding it hard to support a family in the old country, he emigrated to Iowa in 1888 with mother, who is now living at Holstein, Iowa, and five of us children, five others having preceded them to this country. The first summer I spent on the farm and the winter in school, I being very anxious to master the English language. Three years were thus spent, at work and school. During the last year, a nine-month period, I earned at the same time \$15.00 a month for janitor work. After this I started to learn the butcher's trade and being used to small wage in previous years, \$15.00 per month and board looked good and the savings which were at least two-thirds of that amount, went to my parents who were growing old and trying to pay for a little home, which by our help they accomplished.

Being of an adventurous nature I left home in 1894 to see the world, and I did. Working at various trades and labor I had the fortune or misfortune, whichever it might be, to land in St. Louis, Mo., sick and penniless in the winter of 1895 and 1896. The Sisters' hospital there took me in and with motherly care made me again fit to face the world. I was too proud to write home for help, and being anxious to demonstrate that I could make my own way I immediately secured a position as a farm hand near Cedar Rapids, Iowa. With my summer

savings I then started out and in 1898 I landed in Minnesota and started to learn the bricklaying trade which I soon mastered. I married in 1900 and my wife and I left immediately for Colorado. Locating at Colorado Springs I soon became foreman for a Denver contractor which position I held until leaving in 1904 on account of my wife's health.

We then located at Randolph, Nebraska, where I went into the butcher business with my brother. I came to Wayne

I am also doing a little farming and doing what I claim is creating a better sanitary condition and making a saving for the people of Wayne by gathering the refuse which would otherwise be left in the alleys and forming breeding grounds for disease, vermin and germ carrying insects. I ventured to overcome an annual expense of \$1,100 on a 40-acre tract to work out this scheme and am satisfied it will prove successful and leave a little balance for myself.

Failure in my undertakings I have never known, with the exception of being once defeated for the office of County Treasurer when I had been but a short time in the county.

My dealings with perhaps one-third of the people of Wayne county for a number of years since should enable you to place judgment this fall. I have not obtained great wealth and am only to be what I make myself. Have always been a cheerful contributor whenever needed for individual or public purposes to better conditions of someone or something. One commandment I try to follow most "Do unto others as you would have them do unto you."

The fact that I am now serving my third term as City Councilman in Wayne should prove that my home people who know me have confidence in me.

I have always attended my own books in business. Have gained much experience and knowledge through various occupations. I will please the public in general business matters as I have been in contact with men in all stages and conditions of life, socially and otherwise. I claim the ability to perform all that is required of me should I be successful in obtaining by your vote the office I ask for.

I promise you to perform the duties that may be entrusted to me most faithfully and with efficiency second to none.

Whether Democrat or Republican, judge me from a non-partisan standpoint.

Trusting that you can conscientiously support me in this campaign I am,

Yours for service,

W. O. HANSEN.

three years later in 1907 and was the cause of putting Wayne on the map with a state-wide reputation for having the most sanitary and up-to-date meat market in Nebraska.

Those who know me best know my failing, namely working day and night when necessary. This soon brought me down to going a little slower and finally I had to quit the business on account of ill health.

For the past two years I have followed the business of Real Estate and Insurance and am connected with the Kohl Land and Investment company of Wayne.

twelve years old and up are invited to join this happy throng. The intermediate League for girls, ages eleven to fourteen in the parsonage, the Epworth League in the league room. Friday evening this week at the church a business meeting for the election of officers for the League.

The sermon for Sunday evening at seven-thirty will be "The Christian and his Bible." Make this homelike church your church home.

Chief Justice
Andrew M. Morrissey

Non-Partisan Candidate to Succeed Hilsaall.

The Judiciary has been taken out of politics. Judges are not nominated by political parties, but are voted for on a separate non-partisan ballot. Judge Morrissey's work as Chief Justice has been heartily commended by those having business before the Supreme Court. In the April primaries the voters showed their appreciation of his efforts by giving him a splendid majority. Out of 93 counties he received a majority of 80; and in the whole state he received 9,993 more votes than were cast for any other candidate for Chief Justice. He is in vigorous health; in the prime of life; has demonstrated his fitness for the position, and for these reasons you are asked to help elect him to succeed himself.

Presbyterian Church

(Rev. S. Xenophon Cross, Pastor)

Make your plans for next Sunday so that you can attend the Sunday evening service.

The hour of Morning worship is 10:30. The theme of the sermon will be, "Visions and Obedience." Mrs. Wm. E. Johnson will have charge of the music. All are invited to worship with us.

Mrs. Horace Theobald is to be congratulated on the big chorus for evening services.

Two classes for men will be organized in the Sunday school. Mr. A. R. Davis has been asked to teach one of the classes, and Prof. A. F. Gulliver the other. Men, come and join one of these classes.

New song books have been ordered for the evening service, to be here next Sunday.

Miss Elizabeth Mines will lead the Y. P. S. C. E. meeting at 6:30. The topic will be: "Manliness and Womanliness. If there be any better subject for discussion in a young folks meeting, we are not acquainted with it.

The sermon subject for next Sunday evening will be, "Opportunity". Be there!

The mid-week meeting is on Wednesday evening at 7:30 o'clock. The subject for the next meeting will be, "Personal Providence." Come prepared to relate one. Bring a suggestion on the perfecting of our fall and winter church program.

Members, friends, students, visitors all are urged to set aside next Sunday evening for our evangelistic service in song and sermon. Invite your neighbors to come, and come along with them. We want you next Sunday evening.

German Lutheran Church

Rev. Moehring, Pastor

That Norfolk Meeting

A dozen or more from Wayne were at Norfolk last Thursday evening to attend the democratic lovefeast spread there. It was a wonderful meeting, created zeal and renewed devotion at the shrine of the principles of democracy as taught by Thomas Jefferson and Andrew Jackson and exemplified by Woodrow Wilson during the three and a half strenuous years of his official career. The unity and loyalty of all present was most marked. There was no time for criticism and fault finding—just an expression of enthusiasm which is sweeping the country as though it was contagious.

Before we tell of the meeting more we wish to place credit for the idea and the successful completion of the plan with the proper person. Mrs. Marie O'Donnell Weeks, editor of the Norfolk Press. While she was most heartily supported and aided by the loyal democrats of Norfolk, to her should be given much credit for a meeting that has done much to enthuse the democrats of the 3rd congressional district, for the 400 there assembled departed at the close of the meeting more hopeful, ready and willing to take up the work of holding the hands of the greatest president of this country—the man who has bared his breast to the adverse storms and stood steadfast at the helm of the good ship of state through many a nasty squall and many a fierce storm in these troublous days.

To tell the good things said, to convey to the reader an idea of the meeting is not possible, but a list of the speakers and sentiment to which they responded must suffice, for it was one continuous ovation to the democracy of today from first to last.

In the afternoon an open air meeting was addressed first by State Treasurer Hall, who made

plain to an audience of several hundred that state affairs have not suffered under democratic officials, and demonstrated by facts and figures that the present set of democratic officials have saved the state more than one million dollars during their term of office, and that they are now in excellent shape to keep the expenses down and to even further reduce them without any loss to the public in inefficient service.

Then Harry B. Fleharty of Omaha was introduced, and he gave a most eloquent address in which he made plain that all interests of the people are safe in the keeping of the present administration—that the rights of the people both at home and abroad are carefully guarded—that the plea of the special interests to have their ventures in Mexico guarded at the cost of American lives is not given first place in consideration for many of the claims appear to be fraudulent—and the man is held above the dollar. He told that the diplomacy of the present administration is that of the big brother rather than that of the big bully. His speech held close attention of the audience, and applause frequently interrupted the speaker.

In the evening the banquet was served in the Elk hall, and that large room, handsomely decorated with national colors and portraits of candidates, was an inspiration. Nearly 400 sat at the tables and were served with a splendid repast by the ladies of the Sacred Heart church of the city. The musical program during the meal was elaborate, and consisted of selections by the Avery orchestra, songs from the Wayne Normal quartet and a quartet from the Fremont normal college as well as a song by Miss Grace Hunter, accompanied by Mrs. J. M. Showalter, both of Norfolk.

Toastmaster J. W. Rice opened

the ball with a splendid talk, introducing the democratic mayor of Norfolk, John Friday who made a welcome. W. H. Clemmons of Fremont, who is the democratic nominee for superintendent of public instruction, and a splendid school man responded to the toast "A Democratic Response." His talk was excellent, reflecting the sentiment of a great many of the people who are engaged in the great work of education in this and other states. Educators have an inspiration in the president who is one of the great educators of the world.

In telling of "Norfolk's Democracy" W. H. Weeks showed that it was a live, aggressive bunch of progressives who believe in doing things right. W. L. Purdy, who told of "Madison County Democracy" but added to the same story an enlarged field of usefulness.

"Third District Democracy" suffered at the hands of Otto Zacek, of West Point who read quite a sermon which did not have the merit of brevity, but the audience had so much that was crisp and fresh that they forgave the one little inflection.

Willis E. Reed, attorney general, and a candidate to succeed himself, told of the methods of marking a ballot so as not to fail to voice your sentiment and desire as to candidates, in responding to the sentiment "Nebraska Democracy." "National Democracy" was none too broad, great as it is to be happily told of by Congressman Dan Stephens. It was a proud moment for the democrats present to hear one from the halls of congress tell of what had been accomplished, and the opposition which had to be overcome to get the results promised the people. The legislation passed for the people by a democratic congress is a record of which to be proud.

"The Day, the Flag and the Country" as an inspiring theme, and P. E. O'Gara of Hartington made the most of it. Starting with the discovery of this great land on that day more than four hundred years before he traced the onward march of the cause of liberty and justice on to the present time. Giving all credit to a woman, the queen of Spain, he paid a fine tribute to the ladies, culminating with the name of the woman who had inspired the gathering there assembled, "Marie Weeks O'Donnell," as he twisted that name. He plucked the stars from the flag and showered them over the audience in great profusion to the pleasure and praise of all democrats. He kept the gathering in a roar of applause with his wit, eloquence and patriotism.

Dr. W. H. Mullen told of Democratic platforms, and their purpose. He is of Bloomfield, and a democrat who never fails to work for the cause.

It was for Judge Howard of Columbus, who is to be the next Lieutenant governor, to lull the great audience to repose with his "Democratic Dreams," which lead the audience beside streams harnessed to work for the people of Nebraska; and hummed over the telephone wires a melody of a minimum rate of 25 cents within the state for the short talks, then the vision broadened and a national scene was reflected and the attitude of a nation deciding what it will do with the man who has stood for peace with honor amid the world's greatest turmoil of war, and kept his shield and armor un tarnished, walking the audience from the pretty dream of the moment with the assertion that he did not believe the American people would fail to continue the present administration in power and give to it the sanction of a mighty saying well done.

Keith Neville of North Platte, who is making the race for governor on the democratic ticket, told tersely and well of "Democratic Achievements," both state and national.

The last toast on the long program was given by Harry B. Fleharty of Omaha, who responded to the sentiment, "Our Democratic President" so ably and so eloquently that the great audience rose to its feet and cheered as it drank with water to the toast. "It was a fitting climax of great meeting, at which gathered the hosts of democracy of the 'Big 3d.'"

"Eight Senators"

(Beatrice Sun)

The Lincoln Journal argues with democrats who were opposed to Senator Hitchcock in the primary, telling them that it is not necessary to send back Mr. Hitchcock to the senate to support the democratic administration, that the democrats already have a lead of fifteen senators over the republicans, and one democratic senator lost in this state will make no material difference. There may be some democrats who can swallow that sort of

dope, but they are making the mistake of their lives.

When the senator from New York was here, he urged that a republican be elected to the senate from this state "Give us Mr. Kennedy," he said, and he pointed out that it was necessary to displace only seven more democratic senators with republicans, since Maine has added one to the latter, in order to give the republicans control of the senate.

And that was advice which is backed with sense and logic. If those who favor the re-election of President Wilson are reduced to

vote for Senator Hitchcock's opponent in this state and if administration supporters in West Virginia, Illinois, Kansas, Indiana and New York can be induced to do the same thing, the senate will be against the president. That sort of strategy would yield just the results which more or less won't make any difference, and they are telling the same thing in a dozen different states. Don't think that the Journal's suggestion is the only one of the kind that is being made in the country. They are working the same tactics in other states.

The Prohibition Promise— "Nebraska Dry" A Delusion:

Do the people of Nebraska know and understand what the promises and pledges of the advocates of prohibition are?

Many intelligent and well-meaning citizens, deceived and misled by the prohibition cry "Make Nebraska Dry," believe that the adoption of the prohibitory amendment will make Nebraska "dry" and banish alcoholic beverages from the state.

That this belief is a delusion and unfounded in fact is proven by the official promises and statements of the organization which framed the Nebraska prohibitory amendment and is leading the campaign for its adoption.

The "Nebraska Dry Federation" in its official argument in support of the amendment filed with the Secretary of State says: "The proposed amendment *does not* ATTEMPT TO DEAL with the HABITS AND APPETITES of our citizens."

This is an astounding statement coming from the organization which is imploring citizens to "vote Nebraska dry" and endeavoring by every means to persuade citizens to believe that the adoption of the amendment will make Nebraska "dry."

The prohibition advocates admit that the amendment is not intended to reduce either the USE or the ABUSE of alcoholic beverages. It is not intended to keep alcoholic beverages from the drunkard nor the boy. But it is A PROMISE that under prohibition every person may USE or ABUSE these beverages in any degree so long as they follow the "MAIL-ORDER PLAN" and send their money OUTSIDE THE STATE.

The statement deserves repeating: "NO ATTEMPT TO DEAL WITH THE HABITS AND APPETITES OF OUR CITIZENS." Can anyone be deluded into the belief that this will make Nebraska "dry?" that it will improve conditions and foster temperance when its only command is—"Use all you want—but buy it outside the state?"

Kansas has tried this method and has suffered the penalty of increased intemperance, increased crime, juvenile delinquency, pauperism and increased taxation. The result of this system of "mail order" and "alley joint" distribution of alcoholic beverages in prohibition states is forcibly illustrated in the following extract.

From the Wichita (Kan.) "Beacon" of September 20, 1916. The "Beacon" says:—

"A young man suffering with a severe back strain called at the office of a Schweiter building physician a few days ago for treatment. While the doctor was attending him he told how he was injured. 'I work in one of the railway freight warehouses,' he said. 'Last week we got a little behind with the unloading of liquor cars. We unloaded one day that week and this left us with three cars to unload Monday. I was hustling along with the other workmen and strained by back trying to lift a barrel of whisky.' The workman told the physician that the railroad for which he worked brought from seven to ten carloads of beer and whisky to Wichita every week."

These conditions are offered to Nebraska by the advocates of prohibition,—not a "dry" Nebraska but a Nebraska flooded with an unrestricted supply of alcoholic beverages for the intemperate and the minor as well as all others.

The Telephone's "Trouble Man." Every telephone company has a "trouble department," where all complaints of bad service and defective equipment go. The men who make the repairs and adjustments are known as "trouble men," and they have to be not only expert workmen, but chaps of intelligence and common sense, for they meet many problems that are not set down in the books. Thoughtless people can do many things to put a telephone out of commission, and some of them are simple—wet umbrella leaned up against the wiring in such a way that it grounds the current and, of course, makes the phone useless. In this particular case the umbrella remained where it ought not to have been while the owner of the phone fretted and fumed because he could not get central and then went to a neighbor's and called up the telephone company. When the "trouble man" arrived he saw at once what the matter was and picked up the umbrella. "Now call central," he suggested, and the irate patron got an immediate response.—Leslie's.

Picturesque Cretan Garb. An interesting description of the Cretan's picturesque dress is given by a writer in Blackwood's:

"The Cretan's national dress merits a word of description. He wears on his head either a twisted kerchief or a sort of pirate's cap, with a tassel hanging over one ear. His upper limbs are clad in a loose black cotton and his lower in a pair of black cotton breeches of a bairiness which is well nigh inconceivable even to one who is used to the shalwar of the Levant. These breeches finish tight immediately below the knee and leave an inch or more of sunburnt leg showing above the top of a high yellow boot of untanned leather. The men stride along with the Highlander's easy gait, and as they go the slack of their preposterous breeches swings out behind them with all the jaunty air of a kilt."

and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their result that in many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica,

tapeworm, leg ulcers, weak lungs, and those afflicted with long-standing, deep-seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operation for appendicitis, gall stones, tumors, goiter, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of these dangerous diseases.

No matter what your ailment may be, no matter what others may have told you, no matter what ex-

perience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Worn-out and run-down men or women, no matter what your ailment may be, call, it costs you nothing.

(From the Tribune)

G. A. Bleich purchased the 4 1/2 acres in northeast Winside of Gus Johnson last week. The property is now occupied by F. W. Knittle.

T. A. Strong handed in his resignation to the town board last Thursday evening. Mr. Strong has held this trying office for the past six years and it is the regret of a host of friends that he retires. The vacancy will be filled by Gus Wendt, well known to all our readers.

Mr. and Mrs. U. S. Horton and family were passengers for Shenandoah this morning, where they will make their future home. Mr. Horton having secured employment as harness maker at that place as previously mentioned in these columns. Their host of friends will regret their leaving Winside, but wish them success in their new location.

Fritz Dimmel of Norfolk News came home Monday suffering from a bruised knee which he received last Thursday. He was trucking forms in the News office and ran into a hole in the floor, causing the truck to upset and throw about 500 pounds of weight onto his leg. He returned to his duties Wednesday evening, although his knee was still troubling him.

Mrs. Gus Rehms was quite seriously injured last Friday evening by being struck down by an auto. She was on the Weyerts & Schult corner listening to the band concert being rendered by the Augler Bros. band, and at the conclusion of the concert started to cross the street and had only taken a few steps when a car, driven by Roy Neary bumped into her, bruising her quite severely about the face and chest. She was taken home and medical attendance promptly rendered. At the time of going to press she is recovering rapidly and will no doubt be able to be about in a short time.

John Leuck was a passenger to Sigourney, Iowa, Monday morning, having received word Sunday evening of the death of his mother, Mrs. Anna Leuck. Mrs. Leuck was a resident of Wayne county for twenty-five years. It was about three years ago that she moved to Iowa, where she spent the remaining days of her life with her daughter, Mrs. Oswald Goldner. Mrs. Leuck was about 76 years of age at the time of her death, and leaves four sons and five daughters to mourn her loss. They are: John, of Winside; Frank and Nick of Nyssa, Ore.; Hubert of Pilger; Mrs. H. G. Smith of Winside; Mrs. Oswald Goldner of Sigourney; Mrs. John Agler of Prince Albert, Canada; Mrs. Frank Ostermeyer of Tacoma, Washington, and Mrs. Mort McManigal of Happy, Texas.

College Y. M. C. A. Banquet

The Y. M. C. A. of the state normal gave a banquet Wednesday evening to the football team in the domestic science dining room in the library and science building. The menu was served by the girls in the advanced cooking class under the supervision of Miss Finigan the class teacher. Fifty four young men sat down to the table and a fine four course supper was served. The color scheme in the decorations of the dining room was pink and green. The Victrola orchestra furnished the music for the evening during the meal. Following the banquet Toastmaster Vern Morgan took charge of the program of the evening. The normal quartette sang and that organization pleased as they always do being called back for encore numbers. Below we publish the program of the evening.

Selection, Normal Quartet; "The Kickoff," LeRoy D. Owen; "Line Smashing," Cooper Ellis; "End Runs," Ward M. Randol; "Forward Pass," Louis Leuck; "Making Our Downs," C. H. Bright; "The Final Score" J. G. W. Lewis; Selection, Normal Quartet.

Normal Male Quartet Makes Hit

Citizens of Wayne who were present at the banquet held in Norfolk last Thursday evening were pleased with the enthusiastic reception given the Normal Male Quartet. During the evening the quartet appeared twice on the program. The opening number "We're Jolly Good Fellows," was well received and was followed by the encore number "Where Do I Come In?" In this song, which was ingeniously improvised for the occasion, the quartet started something, and before the close of the last stanza their voices were drowned by 350 applauding Democrats. Appearing the second time on the program, the boys used the campaign song "We'll Hit It", which so pleased the banqueters that two encore numbers were demanded. When they had sung out, the toastmaster arose and asked the audience to join him in three cheers for the Wayne Normal Quartet. The quartet has never failed to please an audience, but on no other occasion has it received such an ovation as was given at Norfolk last Thursday night.

Senator Allen at the Normal

Former United States Senator W. V. Allen made a brief address to the students at the Wednesday morning convocation. Upon request of Professor Lewis, who had referred to the incident in connection with his work in Civics, Mr. Allen spoke of the 15-hour speech made in the United States senate twenty-three years ago. It came, he said, as the result of a contest between the senate and the president the former insisting upon the repeal that night of the Sherman Act. It was his first year in congress, but Senator Teller drafted him into service and requested him to take the floor. He began at 5:00 in the afternoon and closed at 8:20 the following morning.

The speaker told the young people that they can do almost anything if they want to. He then contrasted the educational advantages of his day with those of the present time, saying that his education began in a log school house and ended in a sod school house. The applause at the close showed that the Senator's address was greatly appreciated by the school.

Corn Husking Time

As early as the first of last week a few farmers began to gather corn and this week many fields are being harvested and huskers are in demand. Corn is of good quality, all say, and some add that it is not going to yield as much as was at first expected, but that is very apt to be the case most any season, especially if the crop has promised big. Huskers are asking and getting from 4 1/2 to 5 cents the bushel, and should be able to make good money when the quality of corn is considered.

An increasing number of farmers are "hogging" their corn, and are well pleased with the result, as the hogs and shoats thrive well while gathering the crop. A. M. Jacobs, who shipped a car of hogs this week says that his herd finished in perfect condition, and saved a lot of work by doing their own husking.

Feeding Poultry.
Never feed your fowls down in the dirt. They gather up all sorts of ill with the food. If you cannot get a feeding trough or a clean, wide board at least have a hard, clean swept earthen space in which to scatter the food. All grain feeds are best scattered in clean litter and scratched for by the birds.

Hens in the Orchard.
Do not be afraid to let the hens into the orchard. They will discover and devour many an insect enemy, and their droppings will greatly benefit the soil around the trees.
