

The Nebraska Democrat

ESTABLISHED 1884

WAYNE, WAYNE COUNTY, NEBRASKA, APRIL 26, 1917

\$1.50 PER YEAR

DEATH OF PIONEER PHYSICIAN

Dr. J. J. Williams, for Nearly Thirty Years Resident of Wayne Dies Suddenly Sunday Afternoon. A Man with Many Friends.

Sunday afternoon, while riding with his wife and two friends, Dr. J. J. Williams of this city was taken suddenly ill, and expired just as he reached home. They were near town, and had a bit of car trouble or bad road to contend with, and while trying to adjust the trouble he was stricken. Fred S. Berry was passing with another car and immediately took Mr. and Mrs. Williams to their home.

Brother physicians were called, but there was no human aid possible.

Born March 26, 1850, in Lewis county, New York, he came west when a young man, and entered for the course at the medical college there in 1877, and graduated in 1880, from the state university. He went to Elliott, Iowa, where he practiced medicine for ten years before coming to Wayne, in the fall of 1890.

September 2, 1885, he was united in marriage to Mary Louisa Pickering at Iowa City, and she remains to mourn his death, and with her, four brothers and a sister: G. R. Williams of Benson, Thomas Williams of Lincoln, E. B. Williams of Valley Ford, Washington, and A. R. Williams and Mrs. Ella Dolin of Randolph. All except the brother in the west were here at the funeral.

For several months Dr. Williams was confined to his home by an infection in the bone of his leg, but this had yielded to treatment until it permitted him to return to his office a part of the time in fair weather, though his friends knew that his life hung on but a slender thread.

The funeral services were held from his late home Wednesday afternoon. His brother Mason performed the last sad rites at his grave. The pastor of his church home, Rev. S. X. Cross spoke the words of sympathy and consolation to the bereaved friends, neighbors and the community, for all people and classes were present to pay a tribute to the memory of one they had long known and loved, and express sympathy for his bereaved companion.

As a citizen Dr. Williams stood high in esteem, and was elected to offices of trust and responsibility, and was sent to the state senate for one term to represent the citizens of the senatorial district at Lincoln. But it was among those to whom he ministered in time of sickness that his most staunch friends were ever found—for to them he was more than a physician—a friend full of sympathy for their misfortunes, grieved and pained if he must cause them pain that good might come, a physician with a tender heart, overflowing with sympathy for the afflicted. No necessary care for them did he consider vain, no hardship or toil too great, no trifling attention too small for him to bestow upon those in his care. Whether wise in medical lore or specially skilled in great art of healing no one need say—but he carried ease and comfort to the afflicted in many a dark hour and truly helped mankind.

Words we may write can but poorly express the love and esteem in which he was held, the throng at his funeral, and the rich floral offerings speak of warm friendship most eloquently.

"Mourning that his great heart is stilled,
And that the mighty soul that thrilled
With love of friends and country,
Traps and tried
Has gone, for aye, beyond the
Great Divide."

Eighth Grade Examinations

Fifty-eight pupils from surrounding country schools appeared for their 8th grade examinations at the office of the county superintendent last week. In addition to those who came to Wayne examinations were held at Carroll, Winside, Sholes and Hoskins where more than 100 appeared for the test. There were 41 at Carroll, 36 at Winside, 21 at Sholes and 15 at Hoskins, making the total 161, the largest number in the history of the county.

The Breeders of Pure Bred Stock

At the meeting held Saturday at the city hall the members of the organization for co-operation in stock breeding and marketing received addition to its membership but not as many as it seems should find it profitable to become members of the organization. They adopted a simple constitution and by-laws, named a few more directors for the different precincts, and each director is a committee of one for new membership in his neighborhood. We understand that the membership fee is fixed at only a dollar, and the dues will be very low, and be governed by the number of head of purebred stock the member has on hand at a fixed date. This makes the raising of the money necessary for expenses in a measure in ratio to the benefits which a breeder is in position to receive.

Elsewhere in this paper we tell of an organized movement in Illinois, and incidentally it shows the possibilities of working as an organization rather than as individuals in certain lines of marketing. Suppose some organization wanted an hundred head of pure-bred stock of some kind—is there a chance for this county to fill the order? Not as we are now fixed. Yet the stock may be here, but no one knows where or how to gather it together. Such orders are coming with more frequency than in other years. The big deals count. A few weeks ago we read of an Iowa breeder selling every pure-bred animal of the Shorthorn breed which he could spare—and he had nearly 100 head. He fixed the price, too, so that they made him more money in the bank net than he could have obtained by any other plan now known.

The Democrat hopes to see Wayne county take its proper place among the counties of the state as a county noted for stock of high class. No county of its size has better natural facilities for producing the best. The climate, the soil, the water, the fact that corn and alfalfa both do well here as well as other grains and grasses puts this county among the best of the whole Missouri valley, and that is taking in a lot of mighty good territory.

Giesselmann - Hinnerichs

Wednesday afternoon at the German Lutheran church northeast of Wayne, Mr. Ernest Giesselmann from Arlington and Miss Martha Hinnerichs, daughter of Mr. and Mrs. Henry Hinnerichs, Sr., were united in marriage by the pastor, Rev. E. Gehrke.

Following the wedding ceremony a reception in honor of the bride and groom was held at the fine country home of her parents, and an hundred or more guests, representing thirty or forty families, joined in the feasting and festivities of the happy occasion. A bounteous dinner was served and the guests remained until a late hour and departing wished the bride and groom a long and happy life.

The following guests were present from away: Henry Giesselmann and wife, Wm. Franke and wife, Herman Hildenkamp and wife, L. and Gotlieb Echtenkamp and wives, George Lentz and wife and Rudolph Dunklau and wife from Arlington; H. Sterk and wife from Herman; Mrs. Emma Giesselmann and family and Ed Lallman and wife from Fremont.

The bride and groom will be at home on a farm near Arlington. May prosperity be their happy portion.

Wayne County Horses to Gregory

Phil Burres, of Burres Bros., of Carroll was thru Wayne Monday with two cars of Percheron, Belgian and Shire stallions which he was taking to Gregory, South Dakota, where they had sold a number of their thoroughbred animals. He reports that the horse business is improving with them, and is especially good this season. The Democrat believes that it is sure to improve each season.

The Cradle

PESTAL—Tuesday, April 17, 1917, to Gustav A. Pestal, and wife, a daughter.
LEUDERS—Thursday, April 19, 1917, to Hans Leuders and wife, a son.
MEYER—Thursday, April 19, 1917, to George Meyer and wife, a daughter.

School Garden Work

The work of organization of groups has been going forward; garden-plots have been allotted and the work commenced. A meeting of group leaders was held Saturday and the matter of what to grow was taken up. It is planned to have in each garden some product which may be canned, for the supply may far exceed the demand for immediate use at the time it is ready to gather. The supervisor gives us the following list of leaders and groups:

Leader W. O. Hanssen's group thus far signed are Helen Staal-smith, Joy Ley, Henry Ley, Harold Corzine, John Ahern, George Fortner, Herbert Fortner.
Mrs. E. E. Lackey, leader; Marietta Clasen, Phebe Clasen, Mina Barnett, Lula Barnett.

Mrs. D. W. Kinne, leader; Dorathe Roberts, John Roberts, Leslie Rundell, Orville Thompson, Armand Hixcox.

Rev. S. X. Cross, leader; Roland Rippon, Alton Rippon, Paul Bowen, Elmer Hayes, Mary Erickson.
Dean H. H. Hahn, leader; Charles Senter, Mabel Britell, Gordon Lackey, Lee Abbott, Wm. Johnson, Margarite Helt, Clara Helt, Melvin Ikler, Arline McLennin, Ralph Hufford.

Mrs. J. G. W. Lewis, leader; Melvina Olson, Viola Sparks, Angeline Jinks, Lily Goodwin, Winifred Sparks, Amber James, Phyllis James.

Mrs. Homer Scaze, leader; Viola Kopp, Foy Cross, Xenophon Cross, Arthur Fetterolf, Lorene Kay, Clarence Kay, Horace Fetterolf, Geraldine Truman, Josephine Barnett, Bernice Hanssen, Vern Nichols, Burr Davis, Phebe Clasen.

Miss Ella N. Wilson, leader; Donald Haas Wollert, J. Woodward Jones, Anna Fleming, Neva Fleming, Maria Kroger, Keith Fleming.

Margaret Pryor, leader; Venita Kopp, Walter Weber, Jessie O'Connell, Gladys Gildersleeve, Marian Miner, Anna Meter, Davis Madsen, Alice Crockett, Mark Henderson, Lyle Mabbott.

Mrs. A. R. Davis, leader; Francis E. Cherry, Edward Owen, Florence Owen, Helen Norton, Elmer D. Owen, Marian Surber.

Wm. Beckenhauer, leader; Willis Ikler, Clarence Hanssen, Mandy Goemann, Teddy Mildner, Ed Merriam, Alice Fisher.

Record books are to be supplied, and other books of instruction for leaders and pupils. We are glad to see this work so favorably started, and hope that the groups may be enlarged and new groups formed, for there is yet time, according to the way the weather man has been doing his part this spring.

A Movie at the Normal

The state has provided a moving picture equipment for use at the normal and this evening may be witnessed its initial work here when the great photo-play "Quo Vadis" will be thrown upon the screen. This is a wonderful production and said to be among the best ever given here. The holders of season tickets to the entertainments of the Normal are given admission on their ticket; others pay 25 cents for adults, and children 15 cents.

We know not the plans of the management as to the use of this machine, but it is doubtless intended for presenting films of educational interest, and will be a convenience in many of their school lectures.

Great Events of the Week

Gunner on American liner sinks submarine with first shot of United States war.

English and French commissioners of note visit Washington. The legislature has adjourned.

English patrol boats or destroyers sink or defeat six German ships in a naval battle in English Channel. Submarines sink 40 ships in week.

District Court Has Adjourned

The April session of the district court was most quiet, and the jury which had been selected for next week are released from any duty. A few cases in equity were heard and settled. Some cases dismissed by consent of parties or settled out of court. One criminal case was settled by a plea of guilty and a minimum fine named. Thus ended the chapter.

Public Service Club Dinner

Monday fifty of Wayne business men met at the Gem cafe for their dinner and to discuss the different questions of the hour so far as public and community interests are concerned. After a social hour picking turkey bones, and taking care of good things to eat, President Ahern gave a short talk—an informal report of the work under consideration by the executive committee of the club. The hotel matter still stands as it did—waiting for the representative of the investment concern which has it under consideration. They promise soon to send a man to look, and then formulate a proposition.

The paving question is waiting a report from another man as to a plan for proper drainage, and also for a new council, for the retiring members do not wish to dip into such a question and take any action just at the close of their term of office.

The street opening proposition was mentioned, and situation fairly presented. The railroad naturally objects to another crossing in the yards, and they are making the appearance of showing that it will be necessary to move the yards from their present site either to the east or west side of town. No one in the community—or at least but few—object to the street opening if the yards remain where they are, but if it is to mean the moving of the yards there are many farmers and others who would not like it that way.

As it was the last dinner at which secretary Gaston was to be with us, he was asked to speak, which he did, expressing his appreciation of the help and co-operation of the club members and others in his work at Wayne, and also his regret at leaving—Wayne. He said that the only reason he left Wayne was "because he could not take it with him."

Normal Senior Class Play

The senior class of the State Normal will present the play, "The Man From Home," by Booth Tarkington and Harry Leon Wilson, in about four weeks. Miss Josephine Mack, head of the department of expression, has chosen the following cast from the class of seventy-five: Daniel Voorhees Pike—Cooper Ellis. The Hon. Almeric St. Aubyn—John R. Massie. The Earl of Hawcastle—Clarence Sabin. The Grand Duke Vasilii Vasilwitch—Herman Siems. Ivanoff—Louis Leuck. Horace Granger-Simpson—Gustave Rundquist. Ribiere—William Young. Mariano—Ira McDonald. Carabiniere—Maurice Philleo and Forrest Rockwell. Valet De Chambre—Vern Morgan. Ethel Granger-Simpson—Elsie Mildner. Comtesse De Champigny—Elizabeth Schrad. Lady Creech—Henrietta Moler. The play was presented at the Studebaker Theatre, Chicago, September 29, 1907, where it ran for one year, it then opened in New York at the Astor Theatre, August 17, 1908.

Improvement at Court House

Some needed repair and improvement is under way at the court house just now. Under supervision of Commissioner Corbit concrete walk and drive is being made from the door on the east, north and across the north side of the building, and curbs are set for two cinder drives from the street north of the building to the concrete floor for the coal and other heavy traffic to the place which means that the sod of the yard will not be cut up in the future, and that there will be no mud road to enter the grounds on. It will tend to preserve the basement walls dry and thus add to their stability. The grounds will also be beautified by the arrangement.

The roof and some of the interior will also come if for attention and some needed repairs.

Notice

Members of the Modern Woodman of America, wishing to go to the State Camp at Norfolk, please meet at the 10:45 a. m. train Wednesday May 2, 1917. Committee.

Mrs. Nels Nelson Passes Away

Friday, April, 20th 1917, Dorthea Maria, wife of Nels Nelson, died at the Nelson home six miles south of Wayne after several months of failing health, at the age of 63 years, 2 months and 26 days.

Dorthea Maria Hanson was born in Demark January 25th, 1854. She came to America at the age of 18 years, and went to Michigan in 1872. Nine years later she came to this state, and was united in marriage to Nels Nelson, August 25th, 1881, and they have since resided in Wayne county.

Of the nine children born to this union seven are living, and with the husband and father were with her during her last sickness and at the funeral. The children are: Mrs. John Grimm, Mrs. Ferdinand Hammer, Mrs. Otto Lutt, Mrs. Will Lutt, Mrs. Emil Lutt, Peter Nelson, all living in this county, and Erick Nelson, who lives in Madison county. Two children died when young. A brother and sister reside in Michigan, but because of ill-health were unable to come to the funeral.

The funeral was held Tuesday afternoon from the English Lutheran church, the pastor, Rev. Fetterolf officiating, and a large number of relatives and friends attended to pay a last tribute of love and respect to one they had long known and learned to love and respect for her many good motherly and neighborly qualities. The sympathy of all go to the bereaved family, and this was attested by numerous floral offerings.

Real Bargains at Nuss' Store

In these days of high costs and scarce production it is not often that I can place on the counters of the Wayne Variety Store goods at prices which sound like bargains when prices are named, but just now will do so, for the reason that I have a very fine and complete line of seasonable and serviceable goods for summer dresses which I will close out because I need the room for other lines. I ask you to read the list and price; come Saturday when sale opens or as soon after as you can and see the goods, for there are 25 and 35 cents values at only 19 cents.

Strong, Durable Linene in blue and pink, just the thing to make up into middies for small girls. Price until gone 19 cents.
Striped Cotton Poplin in black and red, a cloth that will stand months of hard wear, 19 cents.
Striped Tub Silks, just the thing for summer waists, only 19 cents.
Dainty Lace Cloth for that extra blouse you've been wanting, and only 19 cents.
Pluffy Tissues in delicate stripes and figures for summer frocks at, 19 cents.
One lot very light weight serge-finished fabrics that would make splendid school dresses, 19 cents.
Wayne Variety Store.—adv.

Come with the crowd to the Riley program and entertainment at the Methodist church May 2d.—adv.

New Time Card Sunday

When the new time card goes into effect Sunday it will not change the schedule for the passenger service, we are told. The change is in the freight service. Train 22 under the new schedule will leave Norfolk at 4 o'clock in the afternoon, and pick up stock for Omaha along the line, and be due here about 6 o'clock, and deliver stock at Emerson to be taken from there by train due to arrive at Omaha at 1:50 a. m., or about four hours later than at present.

This train, No. 22, continues to Sioux City, due to arrive at 10:30 p. m. Train No. 14 will leave Wayne at 3:30 a. m. for Sioux City, arriving there at 6:30.

The freight down the Bloomfield branch will be due here at about 6 o'clock in the evening, with stock for both Omaha and Sioux City. This will give branch people going west at night opportunity to start west and not spend the afternoon at Wayne. Wayne people who have business up the line will have opportunity to tarry longer than at present and reach home at six. By this change the afternoon train from Bloomfield brings no stock to this point, and comes as a passenger. Between here and Emerson it carries "dead" freight.

Noted Entertainers to be at Wayne

James Whitcomb Riley's best works will be featured by Charles Riley McCalley, assisted by Miss Truby Kelley, contralto and soloist in the Methodist church Wednesday evening, May 2nd, under the auspices of the Queen Esther Society.

Everybody enjoys Riley's works and with this unusual presentation you are sure to be delighted. Admission 35 cents, all students and school children 25 cents.

Belgrade, Neb., March 22, 1917. To Whom it may Concern: Mr. McCalley and Miss Kelly simply captured Belgrade with their entertainment last evening, and we will gladly welcome them again.

J. W. Henderson, Pastor of M. E. church.

Many other testimonials could be given and they all have the same satisfied ring to them.—adv.

Junior Christian Endeavor Program

The Junior C. E. society of the Presbyterian church will hold an open meeting at the church Sunday afternoon at 3 o'clock to which all are cordially invited.

An Important Question:

Am I developing a cash reserve which will provide an income or enable me to grasp my opportunity the moment it arrives?

Do you know of a better way to develop a reserve than to deposit your income in The First National Bank of Wayne, Nebr., and pay it out by check?

That plan will give you an incentive to keep your balance growing, and your account, large or small, will be welcome.

The First National Bank

Oldest Bank in Wayne County

Capital \$75,000.00
Surplus \$20,000.00

Frank E. Strahan, President — John T. Bressler, Vice-President
H. F. Wilson, Vice-President. H. S. Ringland, Cashier.
B. F. Strahan, Assist. Cashier.

LOCAL AND PERSONAL

Forrest L. Hughes was looking after business at Sioux City Friday.

Nels Orcut went to Sioux City Friday to visit at the home of his daughter, Mrs. John Berry.

Mrs. C. L. Henderson was called to Sioux City Friday by the illness of her sister, Miss Anna Fulson.

Mrs. J. T. Bressler and daughters Mrs. Wm. VonSeggern and Doratheia and Miss Jane VonSeggern went to Sioux City Friday for the day.

The last snow of the season was Friday morning, April 20th, when quite a blizzard raged, but the snow melted as fast as it came here. The Bloomfield train came in that morning covered with snow and train men said that it covered the ground to the depth of two inches when they left, at about 5:30.

Other sizes and styles at more or less according to style and capacities.

Carhart Hardware

FOR SALE—High grade Red Short-Horn bull, L. M. Owen.—adv. 16tf.

A squad of Neligh young men enlisted last week and the week before for the navy and service in the army, which makes the total number from that place now enlisted twenty.

A move is under way at Wynot to build an auditorium of sufficient size to meet the needs of the place for a public meeting place large enough for all. The Woodman and Odd Fellows are among the organizations showing an interest in the matter.

At Winnebago the ladies of the farmer wives club are planning a "Better Baby" day or a day devoted to child welfare, May 4th is the time set, and a splendid program is being prepared. An evening meeting will be held also at which addresses will be given.

Platte county fair, formerly held at Columbus will not be held this year and probably not again under the present management. The buildings are to be sold and the race track leveled and the grounds plowed and put in a crop. There was a \$200 deficit last year.

Albert Cink, who has been running a bakery at Pierce, closed his shop last week to move to his old home at Cedar Rapids, Iowa, where he has been offered a splendid position. He claims to have done a good business at Pierce. The town still has a bakery.

From many of our exchanges we note that there is a steady, quiet move among the communities resulting in an increasing number of enlistments. Nearly every town is sending some young men.

Wayne has a goodly number in the ranks, and beyond a doubt there will be more in the near future as they are needed.

A wolf hunt near Wynot last week netted three wolves with a crowd estimated at 700 in the chase. It is the opinion that five wolves broke thru the line at different times and places and escaped, making their getaway before the lines were very closely drawn. Another hunt is being planned for that vicinity.

The Royal Highlanders have been making a campaign for new members at and near Winside, and have added more than 40 new names to their lodge roster. A class initiation was held last week, and the campaign is to close tonight, and the lodge at Winside has a membership of more than 200. Emerson is to begin a campaign now.

Westrand & Son, John Westrand of Pender and Frank Westrand of Wakefield, have purchased the McQuillen elevators, located at Laurel, Ponca, Belden and Waterbury. This will give Messrs. Westrand & Son a line of six elevators, and as Laurel is centrally located they will make this their headquarters and both families will move here—Laurel Advocate.

In some manner the local paper got crossed last week, and this paper made the statement that J. P. Barnes was moving to Council Bluffs, Iowa. This has caused much annoyance to the Barnes family for the reason that residences are so scarce at Wayne that many apply for a house which is empty or in any manner thought likely to be empty. We are sorry.

A sewer district is being established at Winnebago, and about 1,200 feet of work is planned for this season. The estimated cost is \$1.00 per foot, and many of the citizens have agreed to subscribe to a fund for the work, sufficient to meet the cost of their frontage, which will make unnecessary a large tax levy, which in that event would only be for crossing intersections of streets and alleys.

Battle Creek people are talking of paving the streets, and figure that it will pay them to do so. A citizen of that place is quoted as saying that the expense of keeping their streets in repair—expense which paved street would eliminate—in the past ten years has been sufficient to pay for paving, and now they have nothing to show for it except the prospect of keeping right along at the repair work until it is fixed right.

A young man went west last week to seek a goodly land—L. A. Kiplinger joined an excursion party at Sioux City Saturday, bound for Montana to see if opportunity is spoken there in as large letters as some claim that it is. He plans to be absent three or more weeks, and the party with which he travels will visit a number of different places in the western part of that great state. We join other friends simply when we wish and predict for L. A. success—but we will miss him if he shall decide to move from Wayne.

A new building is being erected at Columbus this spring to be used as a canning factory. It is to be 78x80, and of brick. In addition to the main building there will be sheds for protection of the material that comes to the factory, and for husking the corn and other work of like nature.

Coleridge has responded gallantly to the call of Uncle Sam for men, 38 from that little place signed up last week. Judging from the list of names published in the Blade we would judge that every nationality represented in great conflict across the water might have a son of some of its families among the volunteers. Besides our own land there are names that smack of English, Irish, German, Russian and Swede, with others which it would bother one to even guess the nationality to which it belongs.

The Wayne Feed Mill will be open Saturday evenings for accommodation of its many patrons, and pay top price in cash for eggs and poultry. Geo. Fortner, Prop.

The "Omaha" in common with other railroads are proposing to aid in reducing the high cost of living by making leases on most favorable terms to any who might care to cultivate the idle part of their right-of-way. If this opportunity interests you here at Wayne just ask Mr. Moran about it, or your local agent wherever you may happen to live. There is lots of land in this county—and in fact all over Nebraska which is not made to produce as it should. The people who are land hungry should be given a chance to use same this season.

GROUND WHILE YOU WAIT

Have your corn and oats ground—fine to stop your hogs and pigs, and save all the pigs. The Wayne Roller Mill will do you the best job of grinding you ever saw. It's economy. W. R. Weber.

Miss Dugan Wins Contest

Miss Marie Dugan, The Press reporter, won the first prize in the Commercial club contest for words to accompany the music composed by Otto A. Voget, to be designated as Norfolk's official song. It carries with it a cash remuneration of \$15. Second and third prizes were offered to stimulate interest and were won by Miss Cora Abart of Emmett, \$10, and E. E. Erickson, superintendent of the Battle Creek schools, \$5.

The judges making the awards were A. W. Breyer, Sol Mayer, J. S. Helgren and Mr. Voget, author of the music. The decision was reached Wednesday noon.

The Commercial club inaugurated this as an advertising stunt and about 300 answers were received from those anxious to share in the honor of the authorship of song worthy of Norfolk and the catchy music composed in its honor. Many excellent manuscripts were received but Miss Dugan's seemed to have the right combination of pep and go with a touch of sentiment. The decision of the judges was made unanimous.

The words and music will be ready Monday to send to the publishers and 10,000 copies will be printed immediately. As soon as these reach Norfolk, a big "Norfolk night" is planned, the words will be thrown on the screens of the movie houses, and copies distributed to the audiences. Sale of the sheet music will then begin. It is planned to have phonograph records made and Norfolk advertised by the novel song idea in many ways.

The above from the Norfolk Press refers to two people well known at Wayne. Mr. Voget almost calls this home yet, for his mother and brother reside here. Miss Dugan is a graduate from the normal college here, and has been doing excellent work at Norfolk on the Press for about a year. The Democrat congratulates both the winner and Norfolk.

Mrs. I. C. Trumbauer and Miss Ruth Fletcher were visitors at Sioux City Friday. Mr. Trumbauer went Saturday to spend Sunday there.

Citizens of Madison held a great big loyalty meeting last week. All the citizens were to have a part, a parade and public speaking being in the plan.

FOR SALE—Barn 24 feet square 16 foot post, shingle roof, sheeted and sided, studding 16 inches apart. For price phone 131 or 214. W. R. Weber.—adv. 15-tf.

Henry Soules went to Omaha last week to see whether or not the doctor who had been caring for his injured knee that it was now in shape for him to again begin work.

The postoffices of this country may not now receive and forward any mail to Germany. That should soon bring them to terms, for without the American newspaper and its funny paper life will not be worth living.

With eight o'clock Monday evening next comes the end of the legal sale of liquor from a Nebraska saloon. The law will put out of that business a goodly number of men, but then it appears that there is no lack of opportunity for those who want employment to find a plenty of work. We judge that Wayne county farmers have need of 500 men at once in the fields, and nothing is more healthful than farm work, once one gets seasoned to the exercise.

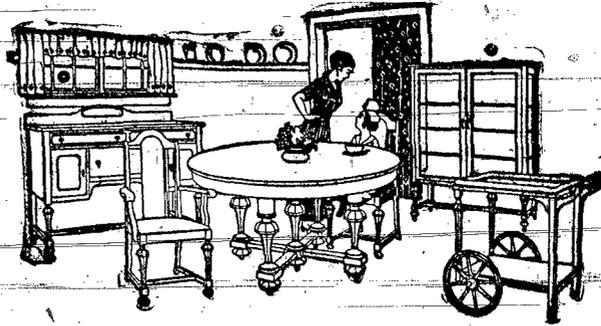

Editor Needham is taking the farmers and citizens of the county generally to task for not growing the potatoes they need. With a soil and climate just suited to build a good potato crop he thinks it a shame that the farmers are now having to buy potatoes for their table. Then he goes on down the line and asks all to get busy and increase supplies all along the line. He says, truthfully, that the farmers should not confine all of their attention to corn, oats, wheat, hay, cattle and hogs. In addition they should grow cabbage, potatoes, large gardens, increase the dairy output and encourage biddy to lay more eggs and hatch more chicks. His talk is timely and when he says that it has taken eight or ten cars of spuds to make up for the neglect of last season and when potatoes are worth up to \$1,500 a car, it is time to wake up. What Brother Needham says might well be applied to much of Nebraska. We have farmers who try to farm a half section with the help of one man, and fail to get a crop that is either profitable or creditable. They buy beef pork, cabbage and potatoes instead of growing their own. They pay too much freight for a man who can produce the goods on his own farm.

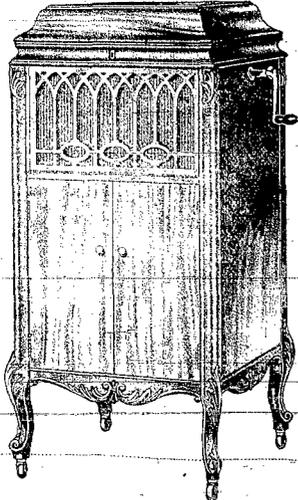

For The New Nest

The Bride and Groom who desire to make their money go the longest way, and yet have a home that they can well be proud of before their friends and relatives, will do well to visit the store that is noted for its money-saving values and artistic, up-to-the-minute designs in home furnishings.

WAYNE MARKET REPORT

Following are the market prices quoted us up to the time of going to press Thursday:

Oats	64c
Corn	1.36
Spring Wheat	2.09
Eggs	30c
Butter	35c
Hogs	14.50
Fat cattle	\$7.50 @ \$10.20

More bread and less whisky is one of the slogans being sounded in the interest of reducing the cost of living as well as in the interest of better health and better morals for the people.

Shoes which a few years ago were manufactured and sold in quantities at \$2.00 or less per pair are now being sold to Uncle Sam by the millions at \$5.08 the pair on an average. It will cost considerable to boot an army at that figure.

At least Nebraska is to have a constitutional convention, and a chance for a constitution that will be less than 100 years behind the times. The convention should be made up of honest, able, progressive men. One man is to be elected from each legislative district, and it is not now too early to begin to look for the proper man from this district. One with ability and the courage to express his convictions. The Democrat will be glad to publish a list of

names of men suggested—it will be a man's job, and we should send the best we have.

These closing days of the legal sale of stimulating beverages, finds business in that traffic very brisk, but evidently most of those who are receiving it are simply laying in a "reasonable" supply for home use against a day of want. Beyond a doubt the Webb-Kenyon act has been one cause of this activity. It will not make much difference with Wayne, where the saloons have been extinct for a number of years, and where the bootlegger has been pretty well eliminated—and yet after a time, if this "bone-dry" plan proves effective, there will be a dry season for some who have not been dry in the past. The elimination of the saloon from the state, and the liquor interests from politics—if it does that—are the things that will improve conditions all along the line.

We look for the cost of living to now begin to drop—most of people—or at least many of them have purchased a flour supply for the next year or six months, and trade in flour should not be more than normal for a time now. This scare and extra buying has helped to boost the price materially. Speculators have been piling food stuffs to the very top of every available storage room in Chicago, and if they can get the corner complete it will be the duty of the government to lay hand on this food and demand that it be turned back to the people for use, and at a fair price, rather than store it away to produce want and suffering for many and a rich rake-off for a few non-producers.

With a world-war on, and a world shortage of food of all kinds looking us in the face, it is time to get to work in the garden, on the farm and store and shop. It is time, too, to have speculation in food stopped. It may be well for those who can do so to purchase a supply for a few months in anticipation of their needs, but even that is a move in the interest of advancing prices. Another way to help the situation is to begin saving what is so frequently wasted. The slop pails of Wayne, we venture to say daily, receive contributions enough to feed a dozen or more people with perfectly good food if it had been cared for, or perhaps better yet, been saved in its original state instead of being prepared, offered, rejected and dumped into the slop. The facts are that many of us feed ourselves too much. Father used to say that it did one good to let the sides of an empty stomach rub together once in a while, and we all know that we like bacon better if the hog had been so fed as to make a streak of lean and a streak of fat. All work and no play makes Jack a dull boy and all play and no work makes him a mere toy. Let's try to find a happy medium of eats as well as work and play.

"Quo Vadis", a great photo play depicting the prosecution of the Christians in the time of Nero, will be shown at the Normal auditorium this evening at 8:15. Admission, season ticket, or adults 25c, children 15c.—adv.

Social Notes

One result of the last entertainment of Clubs, was the formation of a new club, with eight Charter members, at the home of Mrs. Chas. Hiscox. Mrs. Brittain was invited to meet with them and was elected temporary chairman. They then proceeded to form a permanent organization by electing Mrs. Hiscox, president; Mrs. Teed, vice-president; Mrs. Beckenhauer, secretary; Mrs. Judson, treasurer. Mrs. Hiscox then named the committee on constitution and by-laws as follows: Mrs. Tobias, Mrs. Teed, Mrs. Burret Wright. They meet again in two weeks at which time they hope to be ready to adopt the constitution and by-laws. Mrs. Gulliver and Mrs. Owen are charter members. Mrs. Wm. Rennie and Mrs. Donahy are promised members. This new and enterprising club will join the State Federation of women clubs and will work along some advised line. There was some talk of making it The Woman's Club of Wayne with unlimited membership. This is yet to be decided. Mrs. Hiscox then invited her guests into the dining room where a very fine four course dinner was served by her very efficient young daughter May. The table was very prettily decorated with pink and white carnations, and hand painted place cards.

Saturday evening from eight to ten, Mr. and Mrs. G. A. Lamberson entertained in honor of their daughter Hallie's marriage to John E. Bliervnicht which occurred in Sioux City March 31. About 50 invitations were issued. A musical evening was enjoyed by those present. Miss Bessie Crockett gave several piano selections and Miss Fern Oman and Clare Lamberson sang several duets. Mrs. Will Rennie sang a solo. The hostess, assisted by Miss Elizabeth Schrad, Miss Elsie Beale and Miss Alice Banks served dainty refreshments at the close of the evening. The bride and groom received many beautiful presents. Friends departed after wishing them a happy journey thru life.

Mrs. J. H. Wright was hostess at a most interesting meeting of the Bible Study Circle Tuesday afternoon. The lesson on the Triumphal Entry of Christ was greatly enjoyed by all present. A letter was read announcing that Fern Houser, the Nebraska girl who has done exploits in Central America in a missionary and educational way, will be in Wayne with her helper Miss Zimmerman in about two weeks. A committee of one member from each church was appointed to arrange a meeting place for this interesting party to speak while here. Next meeting will be with Mrs. George Heady in west part of town. Don't miss it.

The Monday Club met with Mrs. Kiplinger Monday afternoon. Members answered roll call with current events. Mrs. Moran read a magazine article on "Bird Architecture". Mrs. Welsh read a paper on "Birds I Have Seen in Wayne", and Miss Piper gave an excellent talk on "Woman Suffrage". The hostess served a very nice luncheon. Mrs. Bush, Mrs. Horace Theobald, Mrs. Erskine, Mrs. A. R. Davis and Miss Piper were guests of the club. The next meeting will be a covered dish party at A. B. Carhart's, and husbands are invited, on Monday evening.

Mrs. VonSeger invited twenty-four little folks to help little Jane celebrate her fifth birthday, Monday from 3 to 5. Games were played on the lawn, the most exciting perhaps was the peanut hunt. At five o'clock a two course luncheon was served. To their delight each was given an individual birthday cake with a candle in center. Favors were tiny May baskets filled with bon bons. The little hostess received many beautiful gifts from her admiring guests. All departed wishing her many more happy birthdays.

The W. T. C. U. met with Mrs. Nowak last Friday afternoon, with 14 members present. The Devotional exercises were led by Mrs. Gaston. Regular business occupied the attention for a short time. Members answered roll call by important prohibition news. Mrs. Boyce read a very fine paper on "Is Poverty the Product of the Saloon?" followed by an interesting discussion. Mrs. Abbott will be hostess on May 4th.

The U. D. club met with Mrs. J. H. Felber Monday afternoon. Members responded to roll call with current events. Mrs. Morris read a paper on "The World's Strangest Capital". Mrs. D. W. Kinne will be hostess next Monday.

The Girls Bible Circle met with Mrs. Riggs Saturday evening. Miss Gilbert was leader. The next

Of Interest to Women!

Reduced Prices on Ladies Coats and Suits

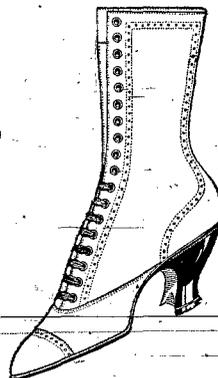

You can now get a Spring Suit or Coat very cheap. If you have gone without a wrap until now here is your chance to buy one at a good reduction. We have to close out our own stock and the two stocks we used giving sales in other towns so prices have been made unusually low.

You will find fifty-four of the New Suits to choose from; every one of them marked at a good reduction. There are suits of both gabardine and poplin in navy blue, black and tan, as well as the very popular shades of gold and spring green. At the reduced prices \$15.00, \$20.00, \$25.00, they are great bargains.

The coats number over a hundred and there are plenty of them in the popular new colors. There are also many blacks and navy blues in regular sizes and in out sizes up to 52 inch bust. You can get a nice coat at almost any price you want to pay from \$6.00 to \$20.00. The children's coats are now \$3.50 to \$6.50. The Spring Dress Skirts are also on sale.

Every Day Shoes For Ladies and Children at a Big Saving in Price

We have picked out every pair of ladies shoes and slippers that have been in stock for over two seasons and put them all on one big table marked "your choice \$2.50". Dozens of pairs of these shoes sold at \$4.25 and \$4.50 and today equally good shoes are worth much more than that. Of course the toes and heels are out of date but the wearing qualities are there and these shoes will save twice their cost if used for your rough wear instead of your higher priced dress shoes. Many of them are in sizes 3 to 4 which will just fit your older girls so keep their sizes in mind when you come.

Ahern's

meeting will be with Miss Anna Grandquist next Saturday evening. A letter will be read from Miss Julia Yockey of Plymouth, Indiana.

Mr. and Mrs. Wm. Bentow entertained a number of guests at Sunday dinner, Oscar Johnson and family, Chas. Bentow and mother and Wm. Orr. The hospitality for which the Bentow home is noted was in evidence at that time.

L. W. W. Kensington Club met with Mrs. Neilen last Friday afternoon, fourteen members being present. The hostess served a delicious two course luncheon at 5 o'clock. Next meeting will be the last Friday in May with Mrs. Fetteroff.

The Rural Home society will have an all day meeting at the home of Mr. and Mrs. S. E. Auker today. A two course luncheon will be served at one o'clock and the afternoon will be spent socially.

The Minerva Club will meet with Mrs. J. J. Coleman instead of Mrs. McEachen next Monday afternoon.

School Notes

Rev. S. X. Cross addressed the high school Tuesday afternoon on "This—the Age of the Struggle for Democracy." He called attention to the marvelous progress made in the last few years.

The district championship debate will be held at Lyons Friday evening when the W. H. S. debating team, composed of Virginia Bowen, Orvin Gaston and Donald Gildersleeve will maintain the negative and L. H. S. the affirmative of the state league question, Resolved: "That United States Should Abandon the Monroe Doctrine." The Wayne team is expecting a hard battle, as each school has won on both sides of the question. On this occasion an individual will be chosen to represent this district in the state debate to be held in Lincoln May 12.

Meadames J. G. Mines and A. L. Jacobs visited the schools last Fri-

day, presenting in behalf of the local chapter of the D. A. R., a framed picture of the American flag. The picture shows the flag in all the forms it has had since it was adopted as the national emblem, and names all the flag days, giving reasons for each. One of these pictures was placed in the sixth, seventh and eighth grade rooms and in the high school auditorium.

Cidne Macklin of the senior class has received notice of her election as teacher in a rural school near Shields, North Dakota. Miss Macklin's sister resides in the district.

Don't fail to hear the James Whitcomb Riley program at the Methodist church May 2d.—adv.

And Nebraska Women May Vote

Lincoln, Neb., April 21—By a vote of 19 to 10 the senate today passed the limited woman suffrage bill, in exactly the same shape it passed the house some time ago.

Within an hour afterward the measure was placed in the hands of Governor Neville, and shortly afterward—after he read it over—he attached his signature to it.

The bill gives the women folks right to vote on presidential electors, on all county offices save judges and on municipal officers.

Seventy-five days of watchful waiting, sitting silently and persistently in the gallery or on the floor of the senate every hour of the time, triumphed for Mrs. W. E. Barkley of this city, president of the Nebraska State Suffrage association.

The bill was signed with three pens, one for the house officers, one for the senate officers and one for the governor. The same pens are being used to sign the prohibition bill, by these same executives. The two measures will be acted upon together.

This is the vote on the bill:
For—Adams, Albert, Beal, Bennett, Bush, Chappell, Douthett, Gates, Haase, Hager, Hammond, McAllister, McMullen, Neal, Oberlies, Samuelson, Sandall, Sawyer, Wilson of Frontier.

Against—Buhrman, Doty, Henry, Kohl, Lahners, Mattes, Moriarty, Spirk, Tanner and Wilson of Dodge.

Last Bills on Passage

The following thirty-four bills were passed:

Defeated candidates for nomination shall not run at the general election.

Hotels of twenty rooms to pay an annual fee of \$3 to the hotel commissioner and \$1 additional for each ten rooms.

Permitting blue sky corporations to pay commission for the sale of stock.

County bounty of 10 cents on gophers.

Domestic insurance companies may invest funds in drainage district bonds and federal land bank bonds.

When no bids on blank books and stationary is received counties may buy in the open market.

For appointment of chief probation officer in Omaha.

Garages to keep record of automobiles stored and making it prima facie evidence of larceny for any one to change engine numbers.

Naturalization fees to go into the county treasury.

Authorizing cities of second class and villages having their own plants to sell electricity and power to persons or corporations.

Counties of 9,000 or more population may sell poor farms and buy

new land and erect new buildings by vote of the electors.

Misdemeanor to leave open any gate on private property, railroad lands excepted.

Cities of second class and villages may acquire 160 acres for cemetery purposes.

Validating conveyances by foreign executors of real estate.

County aid for the blind.

Library associations to exercise right of eminent domain.

Penalty for operating pool halls or bowling alleys without a license.

Cities of 1,000 population and territory attached for schools purposes shall constitute one school district.

Permitting 50 mill school tax and fixing tuition at \$1.25 a week.

Board of control to appoint all executive and medical officers of state institutions.

Insurance companies shall not be licensed until they comply with state laws.

License fees of insurance companies and agents' license fees shall be turned into the state general fund and not the school fund.

Building and loan associations may loan or borrow funds from each other.

Forty-three mills school tax for city of Lincoln with additional levy of 2 mills for remodeling buildings.

Fire escape law to be enforced by state fire commissioner instead of labor commissioner.

Prohibits sale of bank stock for more than par until bank is organized and open for business.

Repeals statute requiring secretary of state to certify to the registration of bonds in the auditor's office.

County redistricting of school districts by vote of electors.

Validates deeds defective in execution and acknowledgement.

Revision of law for standardization of seeds.

For enforced dipping of cattle to eradicate scabbies, under direction of state sanitary live stock commission.

Ke enactment of main provisions of void statute regulating and licensing employment agencies, \$60 fees to be paid in cities of more than 25,000 population, and \$25 fee by agencies in cities of less population.

Authorizing secretary of state to place call for constitutional convention upon the ballot.

Card of Thanks

We wish to thank the many friends and neighbors for the kind sympathy shown us during the death of wife and mother. Also for the beautiful floral offering. To the Odd Fellows we also wish to extend thanks for the floral offering. Nels Nelsen and Children.

Librarian.

The milking machine is coming into general use in large dairies, and in some not so large. It enables a farmer or dairyman to lessen the work of caring for a herd of cows and at the same time double his number of cows.

Let the Democrat print it.

Milking Machine Progress

With commendable diligence the Office of Farm Management of the United States Department of Agriculture has taken up the matter of milking machines as most dairy-men would like to see it done.

Not content with the reports of the various experiment stations on the subject, W. J. Spillman in charge of the work sent some of his men out into the dairy districts to talk with men who were using milking machines on their farms.

A good many valuable things were learned which are included in Professional Paper 423 of the Department. Two main questions however were asked all the dairy-men using milking machines. The first was: "Has the use of a mechanical milker influenced the production of your herd?" There were 156 answers as follows: No difference observed 124; less production 16; more production 16.

The second question was: "Do you find that the machine has magnified or lessened sore teats, spider in the teats, garget, milk fever, and other udder trouble?" To this question there were 129 answers: No difference observed, 110; less trouble from udder diseases, 11; more trouble, 8.

Practical investigations of this kind, made from time to time as new methods of farm management develop, are of great help in keeping the country abreast of the times. Individual dairy-men will always have to draw their own conclusions concerning their specific problems, but it gives them something definite on which to base their judgment.

COMMISSIONER'S PROCEEDINGS.

Wayne, Neb., April 17, 1917.

Board met as per adjournment. All members present.

On motion the following resolution was passed: That the sheriff and all constables, marshals, and other peace officers of Wayne county are hereby requested and instructed to arrest after May 1, 1917, every person owning or driving an automobile or motor vehicle in said county, who has not paid the 1917 license fee on such automobile or motor vehicle or has not the 1917 number displayed on said automobile.

County clerk ordered to run the foregoing resolution in each of the papers of the county and to send copy of such resolution to all peace officers of the county.

The decree of the county court in the matter of Otto Miller feeble minded is filed herein and due notice taken of the liability of the county in such case. Said decree recites as follows:

That Otto Miller is a resident of the county and state, and is an idiot, an imbecile, or a feeble-minded person.

That said person is a proper subject for commitment to the Nebraska Institution for Feeble Minded Youth and that the best interests of said person and the welfare of society require that he be committed to said institution.

That said person has no estate sufficient to meet the costs of this proceeding and of his transportation to said institution and the cost of providing suitable clothing and incidental expenses while there, and that Bertha Miller and William Miller, parents of said person have no property whatever.

It is therefore considered, ordered and decreed by the court that said Otto Miller be and is hereby committed to the Nebraska Institution for Feeble Minded Youth and he removed thereto and detained therein until duly discharged therefrom.

On application of Mrs. U. S. Horton she is hereby allowed the sum of \$25 per month for the support of her family, said allowance and the termination of the same to be at the disposal of the commissioner from whose district the case originated.

On application of Mrs. Joseph Meyer she is hereby allowed the sum of \$25 per month for the support of the family during the sickness of her husband, said allowance and the termination of the same to be at the disposal of the commissioner from whose district the case originated.

J. M. Mohr is hereby appointed overseer of road district No. 19 and bond approved.

Depository bond in the further sum of \$2,000 of the First National bank of Carroll, is hereby approved.

Report of Forrester L. Hughes, clerk of the district court, showing amount of fees collected by him for the quarter ending March 31, 1917, amounted to the sum of \$428.75, was examined and on motion duly approved.

Report of Chas. W. Reynolds, county clerk, showing amount of fees earned by him for the quarter ending March 31, 1917, amounted to the sum of \$741.35, which report was on motion duly approved. We find that he collected as follows:

The following claims are on file against the county, but have not been passed on at this time.			
1915—519 for \$9.			
1916—470 for \$7; 998 for \$2.			
1917—157 for \$30; 158 for \$30; 165 for \$10; 166 for \$10; 190 for \$10; 191 for \$10; 312 for \$15.50; 317 for \$185.81; 318 for \$36; 319 for \$45; 320 for \$21; 321 for \$21; 326 for \$144.			
Whereupon board adjourned to May 1, 1917.—Chas. W. Reynolds, Clerk.			

GARDEN PLOWING

By One Who Knows How

There is a vast difference in the results of the summer garden—the work of tending and the returns in vegetables depending upon the manner in which it is plowed—so much that no one can afford to have a poor job of plowing even if it be done gratis. Years of experience and the best of equipment enable me to guarantee good work or NO PAY. That is the only guarantee that is worth much. I will be glad to take an order to plow your garden when you want it, and suggest that you phone your order to me at Black 69. I also have access to 100 tons of the best manure that can be obtained for gardens. Nothing pays better than fertilizer for the garden. This well rotted manure will not endanger the garden from drouth or burning. Can haul for you any time.

J. C. PAWELSKI

How the Maytag Multi-motor Washer

Will Take the "Blue" Out of Monday on the Farm

These five distinctive advantages over other power machines abolish the rub and drudge of wash day and make Each Monday Seem Like a Holiday.

Special Features

1. Equipped with a quick release lever on wringer so that there is no chance of injury to the fingers or to the clothes.
2. All moving parts are enclosed—"Safety First"—and ALWAYS.
3. The pulley on end of shaft can be used to drive any light machinery by belt connection.
4. The engine is securely fastened beneath the tub—out of the way all the time.
5. A simple half turn of the handle locks washer lid and throws dolly in gear; a half turn in the opposite direction reverses the motion.

Convincing Evidence

In demonstrations in actual laundering in the home economics departments of both the Nebraska and North Dakota state universities, the MAYTAG MULT-MOTOR WASHER with the Swinging Reversible Wringer was emphatically pronounced an advanced household utility for farm women. Read what they have to say of the performance, the safety, the simplicity, the economy, the convenience and the thoroughness of the Maytag washing. But even then you must come to the store and see for yourself why you should buy a MAYTAG.

There's a Maytag washer of every type—hand, power-driven, electric—all built to the enviable Maytag standard

Wayne Spring Carnival May 9-10-11-12

WALTER SAVIDGE AMUSEMENT CO.

The Walter Savidge Amusement Company will open their season in Wayne on Wednesday, May 9th. Many new and attractive features have been added and Mr. Savidge has not only expended a large amount of money in bringing his different attractions strictly up-to-date but also is improving and increasing his railroad equipment, having recently purchased two new baggage cars, making a total of nine cars that will be used this season in the transportation of the company and its baggage.

The personnel of the company will also be increased this season and will total one hundred and thirty people. The Savidge Dramatic Players, the feature attraction, will occupy the Big Canvas Theatre presenting the latest New York and Chicago dramatic successes and it is safe to assert that no stronger dramatic organization has ever been brought together in the middle west. The plays that are to be presented this season have been selected with infinite care and Mr. Savidge is to be congratulated on securing so strong a repertoire

which will include "Fine Feathers", by Eugene Walters author of "Paid in Full", "The Wolf", "The Easiest Way" and many other popular successes. "The Shepherd of the Hills," a dramatization of the widely read novel by Harold Bell Wright. "A Pair of Sixes", the greatest comedy hit of recent years by Edward Pele. "On Parole"—a play of the Civil War containing many stirring scenes and gripping moments by Louis Evan Shipman. "Big Jim Garrity," by Owen Davis, the most successful writer of modern melodrama, and "A Traffic-In-Souls," by W. C. Herman, author of the latest success, "Any Man's Sister." Each play presented will be given a complete production as to electrical effects and scenic environment, high class vaudeville will be introduced between the acts, and the Savidge Concert Orchestra will render the latest musical numbers.

Among the new carnival features are the The Submarine Show, presenting a complete model of a modern submarine in action. Viola's Trained Birds the most intelligent collection of birds ever brought together. Filers Animal Circus an attraction that will not only please the little ones but the grown ups as well. The Ostrich Farm will be retained as it pleased thousands of patrons last season. The Merry-Go-Round and Ferris Wheel will be in operation both before and after the dramatic per-

formances, and Band Concerts and Feature Free Acts will be presented both afternoon and evening. Something will be doing all the time, be sure and come and bring the children.

Philosophy of Price

An eminent economist down east wrote a book to prove that prices were regulated by the cost of production and followed it up with several essays to clinch his argument. The proof of his theory was perfectly satisfactory to himself and thousands of others. Then something happened that made him look upon his work as all in vain. Recent occurrences threw doubt upon all of his conclusions. The army officials gave an order for over 1,000,000 pairs of shoes and immediately every wholesaler and retailer of shoes in the country raised his prices. The same thing happened in textile goods when the army ordered some millions of yards of cotton and woolen goods. What had the cost of production to do with that?

The same thing has happened in regard to food-stuffs. Butter, eggs, potatoes, wheat and everything in that line has been scooting skyward. There are many families in Omaha, and likely in all other cities, who have been buying eight or ten sacks of flour; where they usually buy but one, and they have sent such large orders to grocers for sugar that many dealers have refused to fill them. It might be a good thing for this professor to write a new book and label it "The Psychology of Prices." His old theory did not take into consideration several things, the greatest among them being the power to combine, withhold goods from the market, frighten the people and make a "psychological" price which has no connection with the cost of production, supply or demand.

Secretary Houston of the agricultural department seems to understand the situation. He is asking congress to give him power to suppress the speculators and combinations. Secretary Houston asks for \$25,000,000 to enable him to deal with the problem, and it will probably take that much to make a good job of the work. But it will save the people many millions. —World Herald.

For Growing Better Horses

Burress Brothers at Carroll are maintaining a horse breeding farm which has done much to raise the standard of horses in Wayne county in the past ten years. This season, one member of the firm tells us they have several animals there of Percheron and Shire breeding that tip the scales at a ton or better, and while they are for their own use primarily, they will accept a limited number of good breeding mares for service, making an opportunity which the farmer with good draft mares cannot afford to let get away from him, for it means a chance to maintain or improve the standard of their horses. —I.

WANTED

1000 people to look at wall papers—the best Omaha line that will be shown in Wayne this year. See or call Boyce, the paper hanger. adv. 7tf.

Condensed State News

The Cozad Commercial club held its annual banquet at the Methodist church. Covers were laid for seventy. Rev. E. E. Carter, pastor of the Methodist church, acted as toastmaster, and addresses were made by Dr. I. C. Munger, County Commissioner O. D. Smith, Prof. Norval Pearse, Fred Hughes and Charles Allen.

The township meeting at Silver Creek adopted a resolution providing for the establishment of a township library, and a two-mill levy voted for the purpose. It is proposed to ask for funds from the Carnegie corporation for the erection of a building. S. C. Bassett of Gibbon and Miss Charlotte Templeton of Lincoln addressed the meeting.

Claude Webb, an employe of the McDoland sheep-ranch, was arrested by federal authorities and arraigned before Commissioner Cleary of Grand Island on the charge of violating the Mann act by the transportation of a married woman from Iowa to this state. He was bound over and taken to Lincoln to await trial.

Jacob Andersen, son of Representative Crist Andersen, is the first lawmaker's offspring to go to the war. The latter made the remark during the course of a debate some time ago that he had three boys and Uncle Sam was welcome to them all. Shortly after the Boyd county man received word that his eldest son had enlisted in the marine corps and that he was on his way to the front.

The Fremont Woman's club elected the following officers for the ensuing year: Mrs. Rose McGiverin, president; Miss Sadie Beckman, first vice president; Mrs. A. E. Buchanan, second vice-president; Mrs. C. D. Beckley, recording secretary; Miss Clementine Donahey, Mrs. Charles Johnson, Mrs. Earl Lee and Mrs. Walt B. Reynolds, executive committee.

Mrs. J. P. Saunders, wife of Mayor Saunders of Beatrice, was seriously injured when the car driven by her husband collided with Dr. G. D. Griffith's car. She was thrown to the pavement, striking on her head, the fall producing concussion of the brain. None of the other occupants were hurt and the machines were only slightly damaged.

The large bronze buffalo head which went into the Missouri river at Omaha with two spans of the Union Pacific bridge was the largest casting of its kind when placed into position more than twenty-five years ago. The casting was made in New York. Chief Engineer Huntley of the Union Pacific will place the head on the east approach of the new bridge. "While in London, England, in 1896 I read in The Echo that this casting was the largest bronze casting in the world," stated an Omahan.

Officers of the Deutsche Kriegerbund Landwehr Verein of Beatrice gave to the postmaster there a German flag belonging to their order and requested that it be forwarded to President Wilson "as proof of the loyalty of German veterans here." Fred Schwartz, head of the order, surrendered the flag to Postmaster J. R. McCann in the presence of the German veterans and a number of spectators. All members of the order have fought in German wars.

L. D. Richards, Ross L. Hammond and Marc Perkins conferred with Governor Neville in Lincoln on the subject of organizing the state for war purposes. A meeting was held in Fremont for the purpose of organizing Dodge county. It is proposed to have similar county organizations perfected in every county in Nebraska. Governor Neville gave his hearty approval to the plan, promising cooperation.

A local Red Cross society with a membership of fifty was organized at the Commercial club rooms at Fremont. A telegram was sent to the mountain division at Denver, with which the Fremont society will be connected, asking for further information. It is expected to assume charge of all Red Cross work in this vicinity. The following officers were chosen: S. S. Siger, chairman; Mrs. Rose McGiverin, vice chairman; Fred H. Richards, treasurer; Paul Colson, secretary.

The Rock Island railroad will have to stand practically all the expense in the personal injury case of John A. Moore, an Omaha attorney, originally brought against the Union Pacific. The settlement and costs, amounting to about \$68,500, have already been paid by the Union Pacific. Federal Judge Woodruff overruled the exceptions noted by the Rock Island in the hearing before Special Master Mc-

Laughlin, by whom the Rock Island was ordered to reimburse the Union Pacific for the amount paid. Rock Island counsel said that the case will be carried to a higher court in Chicago.

Ten thousand gallons of gasoline were destroyed at the plant of the Manhattan Oil Company at Omaha. The fire was caused by the blowing out of a stopper in the top of a big tank of high-test gasoline. The vapor escaping from this opening traveled two-hundred feet to the tar kettles of the National Roofing company, which set fire to the vapor. In an instant the whole tank of gasoline was burning. Gasoline of this quality is now with 20 1/2 cents a gallon, making the loss about \$2,000. The blaze was spectacular and could be seen for several miles.

Wayne Chick Food

The Balanced Ration
For Little Chicks

Best Chick Food Manufactured
All Pure Food—No Waste

The demand for this chick food has increased every year, compelling me to enlarge my capacity for chick food and I am in position now to put out a product much superior to the average chick food.

Chickens, like everything else, have advanced in value, so it pays to save your little chicks by feeding them a suitable food. Our chick foods have all the dust, dirt and hulls taken out from the grain, and carefully milled and mixed in just the proper quantities to make a Perfect Food. A combination of grains, etc., approved by practically all agricultural colleges. If you have never used my Chick Food, try a sack and notice how your chicks will grow and thrive. Don't take chances feeding inferior or unsuitable foods.

Wayne Chick Food can be purchased at the mill or from most of the stores selling chicken supplies.

S. D. Relyea spent Tuesday at Sioux City.

Mrs. I. W. Alter went to Sioux City for the day Wednesday.

Wm. Mears and wife went to Sioux City Tuesday for the day.

You can save \$3.00 to \$5.00 per month on your grocery bill by trading at the Basket Grocery.—adv.

Mr. and Mrs. Nathan Chace drove over from Stanton Wednesday to attend the funeral of Dr. Williams.

Read the advertisements. One little piece of this paper less than two inches square is worth 36 cents. Find it.

Wm. Rennick and wife were passengers to Omaha Wednesday afternoon, the wife expecting to go to a hospital there for treatment of an operation.

Fritz Adams came Wednesday to take his place in the theatrical group of the Savidge Amusement Company. Mr. Adams has many friends, both on the stage and off, who are glad to see his smile again.

Mr. and Mrs. J. Woodward Jones left for Rochester, Minnesota, Wednesday morning, going over to that city where Mr. Jones will consult a specialist as to his ailments—his stomach having been giving him much trouble. It is the hope of his friends that he find speedy relief.

T. J. Owen of Cody, Wyoming, came from Omaha last week to visit here at the home of his son S. L. Owen. Mr. Owen had been at Omaha having an eye operated upon, and expects to have to return there after a time, and plans to remain until that time, a guest at the home of the son.

D. C. Nelson and wife were here Sunday visiting at the home of her parents, Frank Martin and wife. They are moving from Omaha to Scotts Bluffs, where Mr. Nelson is contracting and building, and came and left by automobile. Scotts Bluffs is enjoying a building boom, and Mr. Nelson is in the thick of it.

There is prospect, we are told, that Wayne may have a real sure enough down to date dairy in the not distant future. We venture the assertion that an experienced man who wants to do a safe and growing business not too large to begin with could not find one better place than this same Wayne. The milk from twenty to thirty cows would be used here if it could be secured in our opinion.

Sunday, Master Clarence Hansen, the ten-year-old son of Mr. and Mrs. W. O. Hansen was taken ill with an attack similar to some experienced before. It soon developed symptoms which pointed unmistakably to appendix trouble, and failing to secure relief he was taken to Norfolk by automobile Tuesday morning. Here it was decided an operation must be made at once, and a serious condition was found. A drain was inserted and the little fellow was resting as well as could be expected under the conditions at last reports. All hope that he will rally and be restored to health shortly.

Attorney Fred Free from Sioux City was a Wayne visitor last week. Mr. Free was here on legal business, but if not so engaged he looks, talks and acts like a democrat. We acknowledge a social call.

MOTHERS—I can fit your girls, from the little one up to the Miss of 16 with well-made work, play and school dresses for far less than you can buy material and make same. Save the worry, and have the little ones look neat and well dressed Mrs. Jeffries, at Ladies-Ready-to-Wear store.—adv.

Red Wing Work shoes fit well and wear and wear and wear. Morgan's Toggery.

Sunday Mr. and Mrs. W. E. Johnson went to Omaha for a short visit, accompanied by one of their little daughters. Mr. Johnson left from there for his work on the road. He had been home but a day or two at the end of a trip. Since leaving Wayne some two months ago, he was taken seriously ill and taken to a Chicago hospital where he underwent an operation for appendicitis. Mrs. Johnson and daughter returned Wednesday.

THE WORK SHOES OF TO-DAY
FLEXIBLE, COMFORTABLE AND SERVICEABLE

Peter's GOOD FEELER AND DAIRYMAN WORK WELTS

COMBINE THE COMFORT OF A DRESS SHOE WITH THE SERVICE OF THE ORDINARY STIFF SOLED WORK SHOE.

Every pair of these shoes is made with a flexible welt sole, cut from the best oak leather and is built over a full easy-fitting last with wide toe shape. The uppers are cut from soft yet tough upper stock.

Both "Good - Feelers" and "Dairyman" are typical twentieth century work shoes that are flexible, serviceable and comfortable.

You Spend Sixteen Hours Every Day in Your Shoes. Buy a Pair of Our Work Welt Shoes and You Will Get Sixteen Hours of Solid Comfort Every Day.

The German Store

County Agent Next Graft

The Iowa legislature has passed a law permitting the supervisors of a county to hire a county agent at the request of 200 farmers who will put \$500 toward the salary, and the *Massena Echo* echoes some of the imaginings of some of the farmers as we give below, but while we have but few county agents in Nebraska we have not heard of any county doing without one, once they try it, but we want the fellows in this county who oppose the employment of an agent here to listen to the Iowa Echo.

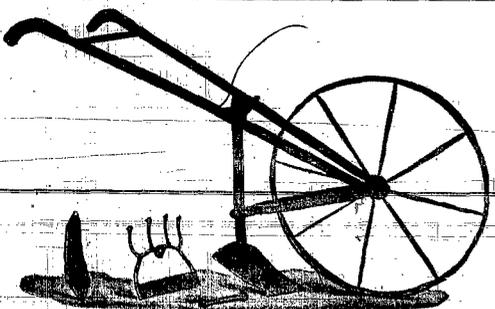

Now let it be known this is not obligatory on the board unless the 200 names petition is presented and then it's optional. But mark the prediction. It will not be many days until some glib-tongued agriculturalist from Des Moines or Davenport, accompanied by some of those fellows from Ames, will be out in autos beating the toms and cajoling the farmers, with the aid of local henchmen who exist in small numbers in every county, to come across with their name and the paltry five—then the rest will be easy. They can go to the Board and say "here is a list of 200 influential farmers who want this thing—you should defer to their wishes." This business is all bunk and our successful farmers do not want it in the form it is proposed to be thrust upon them. If these fellows have learned anything better than their farmer brethren have, let them go into business on a farm of their own—they ought to make good with the present price of commodities. Or it would be the lesser expense for the county if our farmers need some kindergarten exercises, to rent a farm for one of these "experts" and tell him he could have all he could produce from it. Surely his should be a model farm, and all the poor farmers would make pilgrimages to be kindergarten. In some counties where they now are employed they consume entirely too much time trying to be quick veterinarians for the reason they are not properly qualified to be real ones. When they smell blackleg where it never existed and save some stock they have a double argument for drawing their money.

A short course at Ames would not hurt any young agriculturalist, on the contrary it would do him good. Bulletins and comprehensive literature on any subject can be had by any farmer for the asking from either the state or United States agricultural departments that will tell one all, and no doubt much more than most of these "advisors" can tell. Let's make our graduate from Ames self-reliant and self-respecting by not making sinecures of them by creating public jobs for them that are not necessary. The poor man in town cannot afford to be taxed more to support these supernumeraries and it's not welcomed by the farmer.

Big Stock Shipment

One of the largest shipments of live stock made from this station by a single feeder for some time was made by William Pflueger last Sunday night, both in number of animals consigned and in the value, when he went to the South Omaha market with nine car loads of cattle and one carload of hogs. The stock sold for \$24,200, and Mr. Pflueger states that he made a good profit on them, as he bought his feeders right last fall and they had made a gratifying gain during a favorable season for feeding. Mr. Pflueger has grown up in the feeding business and thoroughly understands selecting feeders and finishing them in a satisfactory and profitable manner. *Wisner Chronicle.*

About Calf Clubs in Illinois

A friend sends us a paper from Decatur, Illinois, from which we see that the farmers of that vicinity are alive to the dairy possibilities of the times. They are encouraging calf clubs, and prefer the dairy breed of stock. If they can make money with dairy cows in that land where alfalfa cannot be grown, but where they know its worth well enough to ship it in from Kansas, or wherever they can get it at best advantage, what could not be done here, where this wonderful food plant grows to perfection? Then the story which we give below takes one back where conditions are far less favorable than in Illinois—back among the clay hills of New York, where they pick stone enough from their farms to fence them in small tracts with stone walls and have stone piled in every field corner for want of any place to keep them. There they find dairying a paying enterprise.

Another thing may be noted, quality counts in the price paid there for dairy product, and as a consequence all equip to produce quality. If the western merchant had possessed the courage 20 years ago, or if he had that backbone today to grade the butter brought to him and pay according to grade, there would be less poor butter brought—less loss to the merchant and the farmer on butter—for the quality would have been brought up and the poor butter maker would have turned attention to something else. But here is the story from the Decatur paper:

"The most American, purely American, community that I was ever in said Hugh Baker on his return from the mission to New York state in the interest of the Decatur Calf club.

"One farmer sixty-one years old was born on the farm where we found him and so was his father. There are no foreigners in that part of the country and the development of the country shows the effect of the owner tenancy. All houses and barns are carefully painted and kept in repair. And the farmers there paint their buildings as a woman buys a hat—a white house calls for a white barn, and neatly trimmed and painted as the house. A gray house calls for a gray barn, and the whole effect is one of charm, care and cleanliness.

STOCK HIGH

Mr. Baker found the prices of the stock which the calf club wanted to buy rather higher than expected, ten to fifteen dollars a head, and he returned leaving T. F. Chamberlain, the Brighton banker, and his buyer to finish the big job. Mr. Baker wired further instructions from Decatur last night and the buying will be done on the advanced basis.

There are thousands of cattle for sale, all Holsteins, practically all full blooded stock, but the dairymen wanted their price.

FARMS IN HILLS

The farms are in a very hilly country, each farmer having a small tract, ten to twenty acres, of low land and from eighty to two hundred acres of up land or pasture. Dairying is the main business there, they used Courtland, New York, as their center, but he heard very little talk of sanitary barns, of specially lighted and specially arranged equipment. There is no need for talk—the prices do it all. All milk is graded in the dairy, bacteria count and butter fat counts, and the producer gets what his milk is worth. The result is what every farmer is looking for the best method by which to produce the money making milk. The Illinois folks found cows curried and clipped, smooth and sleek as a fine horse, in barns settled among the hills of the Empire state. Mr. Baker raised

many a laugh there because he referred to the hills as mountains—to the natives the elevations were little ridges but Mr. Baker said every hill was a mile long, it seemed to him.

OPTIONS ON ENOUGH

The Illinois delegation expected to buy about ten car loads for shipment back home but when Mr. Baker left they had bought eleven head but with options on many more which will be taken up when the instructions wired last night reach Mr. Chamberlain. The heifers bought cost from \$57.50 to \$70 a head and the cost for the balance will run in that neighborhood. "Cows will be selling at \$150 a head within six months," says Mr. Baker, so that he looks upon the calf club proposition as a wholly safe one even at the prices which are being asked.

In that dairy district butter was selling at forty-seven cents a pound, "A" milk at twelve cents and "B" milk at nine cents a quart. A farmer in an adjoining county has sent to The Review, a clipping from a leading farm journal, which told of a certain section in Illinois starting a calf club and when the heifers had all been purchased and delivered, it was found they all had tuberculosis. It advised others starting such a club to be watchful of this. The Decatur men however, are not worrying about this as Mr. Baker stated before leaving that every animal would have to pass the tuberculin test.

Swat The Fly This Way

The United States Government makes the following suggestions for the destruction of house flies: Formaldehyde and sodium salicylate are the two best fly poisons. Both are superior to arsenic. They have their advantages for household use. They are not a poison to children, they are convenient to handle, their dilutions are simple and they attract the flies.

Preparation of Solutions:

A formaldehyde solution of approximately the correct strength may be made by adding 3 teaspoonfuls of the concentrated for-

maldehyde solution, commercially known as formalin, to a pint of water. Similarly, the proper concentration of sodium salicylate may be obtained by dissolving 3 teaspoonfuls of the pure chemical (a powder) to a pint of water.

Containers for Solutions:

A container has been found convenient for automatically keeping the solution always available for flies to drink. An ordinary, thin-walled drinking glass is filled or partially filled with the solution. A saucer, or small plate, in which is placed a piece of WHITE blotting paper cut the size of the dish, is put bottom up over the glass. The whole is then quickly inverted, a match placed under the edge of the glass, and the container is ready for use. As the solution dries out of the saucer the liquid seal at the edge of the glass is broken and more liquid flows into the lower receptacle. Thus the paper is always kept moist.

Two Important Decisions

The decision on the Webb-Kenyon law and the decision on the eight-hour-a-day law, rendered within a few hours of each other, have given the supreme court additional credit of popular confidence. All the power of the liquor lobbies had been brought to bear to defeat the passage of the Webb-Kenyon law, and the men with millions invested in the liquor interests employed their ablest counselors to urge upon the court the unconstitutionality of the law. When seven judges out of nine voted to sustain the law, a complete answer was given to any who might question the impartiality of the court on this long disputed question.

The decision on the eight-hour-a-day law is even more convincing proof of the impartiality of the court. The law passed by congress was made an issue in the campaign and one of the candidates boldly charged that congress had been coerced into the passage of the law. It was made one of the leading issues in the campaign, and the railroads hoped to be able to nullify the law by judicial decision. The court met the issue fairly and squarely and stated its

position in unequivocal language. The law stands; the authority of congress is vindicated; the power of the people triumphs; the country moves forward, and the highest court in the land enjoys the complete confidence of its citizens. W. J. BRYAN.

Advanced in price Big Four and Light Six models, May 1st next. Delivered with that date account too late to correct advertisements appearing in magazines circulating throughout the month of April.

All prices f. o. b. Toledo Subject to change without notice "Made in U. S. A."

Back of this season's new Overland Big Fours and Light Sixes are a direct line of nine preceding models from which they were developed.

They directly continue the line of models that made the Overland name stand in the public mind for integrity of value.

Overland policy has steadfastly sustained that integrity of value in the car throughout its entire service in the hands of owners.

Over three hundred thousand of these cars are now in use and the helpful suggestions of their owners and of the more than four thousand dealer and factory-branch organizations that sold and served them, are largely responsible for the balanced greatness of this season's Big Fours and Light Sixes.

Their new beauty, their perfected easy riding qualities, their proven sturdiness and mechanical excellence, their admitted tire, fuel and oil economy make them worthy of the confidence we enjoy, that they will still further enhance Overland prestige.

They embody the wisdom of the unmatched Overland experience in building cars of this type.

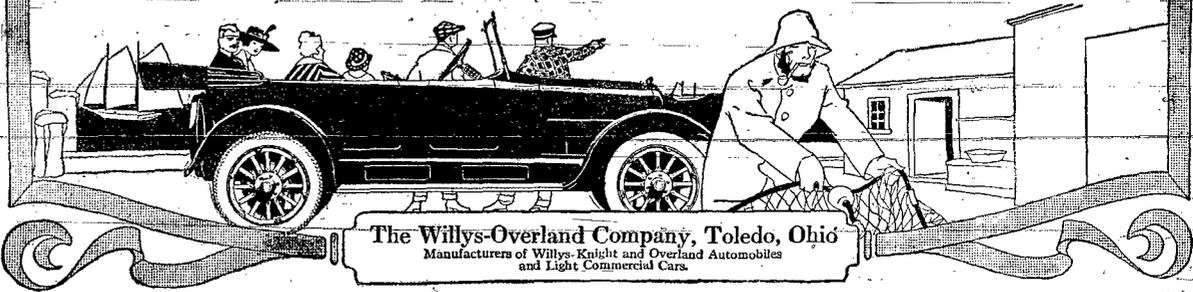

They are dominant values, cars of proven dependability and sterling worth.

As long as we have them for delivery before May 1st, the prices are \$850 for the Big Four, \$985 for the Light Six—thereafter \$895 and \$1025.

This is a picture of

Buck's

the oil stove which beats every other stove made, with the patented

Kerogas
Brass Burners

an invention which makes possible the use of kerosene oil, the cheapest fuel known when used as in this stove, as a complete substitute for wood, coal, gas or gasoline the year round. Its burners produce complete and perfect combustion, making a heat of any desired degree just when and where you need it. Free from soot, dust and dirt, without heat except where you need it.

Buck's Oil Stoves

are ideal for summer, saving work, worry and oppressive heat. Tests show that this stove doubles cooking efficiency and cuts the oil expense in two.

In beauty, style and finish, it is the equal of any, an ornament in the kitchen, made in two, three, four or five burner sizes, and many finishes. The ladies who wish to cook and keep cool while practicing strict economy will buy no other. They will be glad to show you all this and more at the

W. A. Hiscox
Hardware Store

Call 287, and you can secure an illustrated circular of the stove.

The Other Fellow.
 "Mother doesn't think she'll go to the theater with us tonight, Albert."
 "Is that so? I have three tickets. What shall I do with the third one?"
 "Give it to the man you always go out to see between the acts. He can sit with us, and you won't have to go out to see him."—Exchange.

He Told Her.
 "Why did I ever leave home and mother?" sobbed his wife.
 "Chiefly because your family was too stingy to take us in," he answered bitterly.—Life.

An Old Master, Anyway.
 Miss Manyars—Yes, that was painted on me when I was a little girl. Colonel Bunt—Is it a Rubens or a Rembrandt?—London Opinion.

PRACTICAL HEALTH HINT.

For Painful Feet.
 Those who stand all day while at work or those whose work obliges them to walk a great deal are very often sufferers from painful affections of the feet. The feet may be chafed and sore from walking over long distances.
 For the abrasions, wrapping a small piece of absorbent cotton or clean linen soaked in castor oil about the toe or heel or other abraded part entirely removes the pain and enables the sufferer to resume his walk with comfort.
 For the prevention of sore feet, soak the uppers of shoes or boots with castor oil and pour a little of this oil upon the feet, especially between the toes, and then put on the socks and soaked boots. This treatment is simple and inexpensive and proves beneficial in every instance.
 The aching in the feet will be relieved by rubbing them thoroughly with castor oil.

Historic Roumanian City.
 Craiova, in Roumania, was the Capital Nova of the Romans during their occupation of Dacia, and in the middle ages the place played an important role. It was here that the Wallachian prince Mircea the Old defeated the Turkish sultan Bayezid I. in 1397. Two hundred years later the most famous of Wallachia's chieftains, Michael the Brave, held sway here as "ban" or governor, afterward becoming prince not only of Wallachia, but of Moldavia and Transylvania as well, thus for a brief period uniting under one ruler the whole Roumanian people.

The leu, which is the standard of value in Roumania, was first coined in Craiova. It derives its name from the figure of a lion stamped on the early coins. Its value is equal to that of the French franc (19 cents and a fraction).

Craiova was for centuries the capital of Little Wallachia, that division of the country lying between the Alt (Aluta) river and the Hungarian and Serbian boundaries to the west.—Bulletin of the National Geographic Society.

Notice to Creditors

In the County Court of the State of Nebraska, Wayne County, ss. In the matter of the estate of Henrietta A. Chambers deceased.

To the creditors of said estate: You are hereby notified, that I will sit at the County Court room in Wayne in said County, on the 1st day of May 1917, and on the 1st day of November 1917, to receive and examine all claims against said estate, with a view to their adjustment and allowance. The time limited for the presentation of claims against said estate is six months from the 1st day of May A. D. 1917, and the time limited for payment of debts is one year from said 1st day of May 1917.

Witness my hand and the seal of said County Court, this 2nd day of April, 1917.

James Britton,
 (Seal) 14-4. County Judge.

If They Could Keep It Up.

There have been big men in Wall street who did all the work themselves. Who attended to every minute item, who were from Missouri in regard to each point in any proposition put up to them. One of these marvels was among the very greatest financiers, the country ever had. But he didn't last long, and there have been few others like him. If a man with the first order of brains and ability could only keep it up there is nothing to prevent his owning the United States. If E. H. Harriman could have kept on fifteen or twenty years longer at the pace he was going he would have gobble up all that was worth taking. He had about all the railroads in sight, and he was just getting a strangle hold on the big banks. He conquered every square foot of territory as he went along. There was no force on earth to stop him except premature death, and now he is almost forgotten.—A. W. Atwood in Saturday Evening Post.

Most Buoyant Wood.

The lightest wood known, so far as any evidence attainable is concerned, is balsam wood, which grows extensively in the Central American and northern South American states. It is composed of very thin walled cells, which are barrel shaped, interlace with each other and are almost devoid of woody fiber. These cells are filled with air, making a natural structure well adapted to prevent the transmission of heat because of the particles of air imprisoned in the material without interconnecting fibers. Various tests of the insulating properties for resisting the flow of heat have been made. Balsam wood has been used quite extensively in the past as a buoyancy product for life preservers and in connection with the fenders of lifeboats and rafts. Its fire is short, under ordinary conditions unless treated with antiseptic or preservative material.

Ariake Bay's Mystic Fire.

Shiraubi, the mystic fire of Ariake bay, Kyushu, has been famous for the past 2,000 years, the sight being considered one of the great wonders of the Japanese seas.

In a recent issue of the Taiyo Magazine M. Kaneko, a teacher in the Shimabara middle school, relates his impressions of the fire. According to M. Kaneko, when he witnessed the spectacle the first light appeared like a star about five miles distant. Suddenly the volume of light increased until it soon covered an area of many miles. The light moved with the waves and resembled electric lights being lighted and then suddenly extinguished. Mr. Kaneko says that intermittent wave-like movements are the chief characteristics of the mystic fire. He fails to find a cause for the origin of the fire.

Cheaping.

In parts of Switzerland the baker's wife carries round the bread in a sort of hamper, and she has not a fixed, immutable charge, but chaffers for a price with the customers. The old English word for this process was "cheaping," which in many places in England has been corrupted into chipping. Chipping Norton, for instance, is really Cheaping Norton, or the place where goods were cheapened—that is, sold by chaffer.—London Standard.

Congressional "Pairs."

The custom of legislative "pairing" is the practice of members of legislative bodies by which two members of opposing parties agree to refrain from voting on a prescribed subject or to be absent during a certain time. It was first used in the United States house of representatives in 1830.

Helping Old Rubber.

Rubber that has lost its elasticity may be rejuvenated by immersing it for five minutes in a bath of glycerin mixed with twenty-five times its volume of distilled water and heated to 70 degrees C. and then drying it will filter paper.

A Fluent Talker.

Whangs—Is your wife a good conversationalist? Bangs—She would be but for one thing—she talks so fluently that she interrupts herself.

Alpine Shoes.

The shoes worn by Alpine mountaineers have steel soles with eight projecting points.

PRACTICAL HEALTH HINT.

Sense in the Sickroom.
 Every one who goes into a sick person's room should be bright and cheerful. Sick people are extremely sensitive to the manner of those around them, and any depressing influence has a most injurious effect. Hope is the best medicine. Unfortunately the sick person's relatives often take the worst view of the case, and their anxiety is unmistakably manifested by their looks, voice and general manner. They even talk despairingly in the room, thinking that because the patient is quiet and dull he does not understand. But his perception of everything relating to his illness is markedly acute. Note the good effects of the visit of a cheery doctor. For hours after the patient seems better and is better.
 Of course it does not do to be flippant, but if relatives would force themselves to take a hopeful view and show it in their manner they would in many cases actually save the sick person's life.

J. B. Black of Nebraska City, was shot and killed Sunday afternoon by A. F. Enyart, president of the First National bank of Ordway, Colo. The shooting took place in the office of the bank. Mr. Enyart claims that he shot Black in self-defense.

A mob scene lacking only a little more wildness and a little more paint to make it as realistic as one would want to see around a legislative hall, took place at the capitol when 250 angry Lancaster county farmers descended on their delegation and demanded that they oppose all forms of country paying.

Immigrant and traveling passenger agents of the Union Pacific called in from the western territory, were in session, lining up plans for handling the home-seeking business that is expected to start within the next three weeks. In promoting western immigration Union Pacific agents will give special attention to western Nebraska and will urge homeseekers to look over the North Platte valley.

Two years' imprisonment in the federal prison at Fort Leavenworth and a fine of \$10,000, was the sentence given J. Sidney Smith, president of the United States Live Stock company, who was recently convicted in federal court on charges of using the mails to defraud in the sale of wild horses. The sentence was the maximum under the law.

Clarence Brown, 19 years old, is in a critical condition at a North Platte hospital and his brother, Robert, aged 26 years, is a fugitive as a result of a wrestling bout between the two brothers at the home of the father, Daniel Brown, a farmer living south of Lisco. The youth is suffering from six knife wounds inflicted by his brother, who drew a pocket knife and stabbed him when the younger got the better of the wrestling match.

The state warrant issued from the county judge's office at North Platte following the paternity complaint by 16-year-old Dorothy Huffman, has been served on Otto Lind, a young farmer living south of Brady and he has given security for his appearance in county court when the case is set for hearing. No date has been set for the hearing as yet.

That a fist is a deadly weapon under certain conditions was the ruling of the Nebraska supreme court in affirming the conviction of William Sayles of Council Bluffs on a charge of murder in the second degree. Sayles was charged with having struck John G. Runyan with his fist. Two hours later Runyan died of suffocation.

State Superintendent W. H. Clemmons has received notice from the national bureau of education department of the interior, that under the Smith-Hughes act of congress approved February 23, the state of Nebraska will begin sharing in national funds for educational purposes in the year 1918. Nebraska will receive \$20,045 in 1918, \$28,910 in 1919 and \$26,360 in 1920.

William H. Paisley and his sons, James T. and Oliver F., charged with receiving deposits after they knew their three private banks at Chicago to be insolvent, were found guilty. The sons were sentenced to three years and the father to one year in prison.

Earl B. Caddis, political writer on the World-Herald for several years past and correspondent in the legislature during the past four sessions, has become secretary to United States Senator Hitchcock. He will go to Washington within a short time. In the event an extra session is held.

Hose Co. No. 2 of the Wanoo Volunteer Fire Department assisted by the city council, will purchase an automobile truck for fire purposes. The council voted to spend \$400 on the truck provided the hose company raise the balance, which was estimated would take about \$400 more. They propose buying the chassis only and using the body that is on their fire wagon.

County Attorney J. C. Cook, of Fremont, after investigating reports that a German flag has been floating over Logan hall north of Hooper, said that he did not believe any action would be taken. Hans Paasch, secretary of the Logan club, telephoned to Mr. Cook that the presence of the German flags could be accounted for by the fact that they were along with American flags in a play given in the hall two or three months ago. Strong assurance was given by Mr. Paasch that all members of the Logan club are loyal Americans.

The York Hotel company, has advertised for bids for the erection of the \$100,000 hotel.

Mrs. Minerva Glaze, 78, one of the first settlers of Pierce, where she lived for over thirty-eight years, died at the home of her daughter.

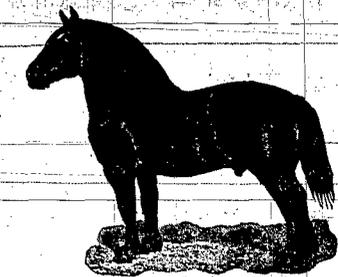

The annual convention of the Royal Neighbors of America of Nebraska was held in Fremont last week. 300 delegates were in attendance.

Dean J. H. Budlong of the Episcopal church at Hastings, and Mrs. Budlong celebrated their twenty-fifth wedding anniversary.

The Nebraska State Tennis tournament will be held at Superior during the week of July 23, according to announcement made by Sam R. Buck, secretary.

By a vote of 287 to 29 bonds to the amount of \$22,500 were voted at Milford to erect a new school house in place of the one destroyed by fire last November.

Hides and Furs especially at highest prices.
G. PAUL, Manager

Old Papers for Sale at the Democrat office

What You Pay For On
a Long Distance Call

In making a long distance telephone call you have the use of more than merely the wires over which you talk.

The wires are only a small part of the equipment provided for a long distance call. There must be switchboards, terminal rooms, pole lines and many other kinds of apparatus such as dynamos, batteries, calculagraphs, testing apparatus, repeaters and loading coils to magnify the voice currents, and other expensive equipment generally unseen by the telephone user.

In making a long distance call you have the services of two or more operators who connect you and guard both ends of the line while you talk.

In addition to the operators there are other employees watching the equipment in the central offices and repairmen guarding the long distance wires.

Repairmen Always Ready

Somewhere along the line, the branch of a tree, a strong wind or an electric storm may put the wires out of order. But nearby is a telephone man ready to hurry to the spot, so that the line may be quickly repaired and service restored.

The amount you are charged when you make a long distance call is to help maintain the line, to facilitate the payment of interest on the investment in the equipment used for long distance, to aid in the payment of taxes on the property and assist in paying the employees' wages.

We endeavor to obtain only such a return on the investment in our long distance lines as could be earned on the money if it were invested in any other business involving equal risk.

telephone call informed them that he had already left Norfolk.
 The 8th grade pupils had two days of enjoyment last week. Several from the country came in to take their examinations under Professor Coleman.
 Mr. and Mrs. Price, formerly of Lincoln, Neb., have united with the church in Sholes. Mr. Price is a man of wide experience and this couple will be of great benefit.
 Mrs. Tom Sundahl and Lucile took little Vivian Hurlburt to Sioux City Wednesday to visit her mother in the hospital. Mrs. Hurlburt was so much worse that she may have to stay several weeks. Later, a second trip she was found able to return and came home Saturday and is improving.

Among the Churches of Wayne
Presbyterian Church
 (Rev. S. Xenophon Cross, Pastor)
 Remember the Workers' Conference next Wednesday evening.
 The Teachers Training class will take the second examination on Tuesday evening of next week.
 We hereby extend to each person who reads these lines a hearty invitation to attend all the services of this church.
 Miss Charlotte White will lead the Y. P. S. C. E. meeting on Sunday evening. The topic is: "Missionary Opportunities in Latin America."
 All the churches will unite in the evening service at the Baptist church next Sunday evening. It will be a glorious day when all the churches will unite in all their services.
 At the morning services next Sunday the sermon theme will be: "Fruitfulness thru Death." There will be special music under the direction of Mrs. W. E. Johnson, chorister. All friends of this church are urged to be present at these services.
 There is room for you in the Sunday school. There is a welcome for you too. We are anxious to enroll any one who desires to avail himself of the advantages of an up-to-date Sunday school. Remember, it is better to bring the children to Sunday school than to send them.

Methodist Church
 (Rev. A. S. Buell Pastor)
 The sermon theme for next Sunday morning will be "The Evangel in the Printing Press."
 The Queen Esther young ladies are giving an unusually fine entertainment next Wednesday in the McCalley Entertainment. See announcement in this paper.
 The Intermediate League have purchased an organ for their devotional meetings. This group of young people are doing some very fine work. After the meetings of our young peoples societies Sunday evening we will all go to the Baptist church for a good bye program for Brother Gaston. There will be no evening sermon in our church.

St. Paul's Lutheran Church
 (Rev. J. H. Fetterolf, Pastor)
 Sunday school meets at 10 a. m., Preaching at 11 a. m. and 9 p. m.
 The subject of the morning sermon is "Launch Out into the Deep."
 Friday evening the Luther League will have a business meeting at the church. New officers are to be elected for the coming six months. After the short business session the evening will be spent in a social way. All the young people are urged to be present but we give a special invitation to those who were confirmed on Easter. This is to be a get acquainted meeting, and we will be disappointed if a large number of the class is not present.

German Lutheran Church
 Rev. Moehring, Pastor
 There will be Sunday school at 10 o'clock and divine worship at 11 o'clock next Sunday morning. In the afternoon the pastor will hold services at Winside at 3 o'clock. The quarterly meeting of the Winside congregation will be immediately after the service. All are expected to be present.
 Keep in mind that the pastor can not preach at Winside on Sunday, May 5th, as he will be at conference.

Baptist Church
 (Publicity Committee)
 Mr. Gaston announces that next Sunday will be his last Sunday in Wayne and he urges that his congregation be present at the morning service. He also expresses appreciation of the fact that the Methodists and Presbyterians have offered to join with the Baptist in the evening. He will be very glad to see them and will have a word for the business men and they are cordially invited to attend his last service.

St. Mary's Church
 Rev. Father Kearns, Pastor
 Mass in Wayne Sunday at 8:30 o'clock. Mass in Carroll at 10:30 o'clock.

 Glenn Gildersleeve, who is attending the conservatory at Wesleyan college was at Gordon as a member of the college quartet last week, and the first of the week returned by the way of Wayne, and visited his parents, Mr. and Mrs. C. E. Gildersleeve a day or two. He returned Wednesday afternoon.

I am making some special millinery bargains now—I have had large sales in millinery this spring, and still have a very full stock of new arrivals, and the volume of sales enables me to quote some very tempting bargains. All are invited to come and see the offering at the Ladies Ready-to-Wear store.—adv.
 G. H. Hendrickson is converting one end of his barn into a garage and as he has no automobile that we know of and as he does not appear to be sure just what make of buzz wagon will please him it is fine time for enterprising dealers to be looking this man up and giving him a bit of friendly advice as to what he should buy. A word to the wise is sufficient.

Fred Nelson of Hoskins lost a finger the other day. He was exercising a span of horses, playing them at the end of a small rope. In some manner the rope became looped around his second finger, and when the horses made a sudden lunge on their end of the rope it cut the finger so nearly off that he went to Norfolk and had a physician finish the job and fix the stub in good shape.
 Star Brand shoes are all leather. They are cheaper because they wear longer. Gamble & Senter.—adv.
 Some one asked the other day, and perhaps others want to know, how it went with Congressman Steele of the Big Eleventh in Iowa. Just at present friend Steele is not a member of congress, but he is contesting the right of his opponent who was given a certificate of election. The end is not yet, and judging by the history of some other congressional contests it may not be settled until another election. But sometimes such a case is settled before the term of office expires.
 John Morgan was exhibiting a "Scissors" gopher trap which he says gets a true scissors hold on the pocket gopher. It was invented by a lad in Iowa, we are told, and is beyond doubt the surest gopher trap yet put on the market, for the pocket gopher is pretty shrewd and not the easiest animal trapped by any means, as we can attest from experience in boyhood days when we used to get five cents a head for all we could catch. But we had but one trap so it was seldom that we got more than one a day and some days none for the trap was often filled with dirt so that it could not be tipped and again it was sprung by the dirt pushed ahead of the animal and he was too far back to get caught.

 A pupil committee composed of S. R. Theobald, J. G. W. Lewis, A. D. Lewis, Mrs. T. B. Hughes and Mrs. Ellis Gerton has been named by the membership of the Baptist church to seek a pastor as successor to Rev. W. L. Gaston, who is to depart next week for his former home and former pastorate at Broken Bow. We hope that they have many applicants from whom to make an election, and they doubtless will, for Wayne is an ideal place in which to live and the Baptist church is a live, progressive organization.

 Eggs? Who was it that was going to have our hens driven off the net with eggs shipped in here from China? Bring on your China eggs—any old eggs, if not too old, will look good these days. We venture the bet that the fellow who lost sleep for fear our hens would be sacrificed because of imported eggs from China is now hiding with the fellow who was going to have the sheep industry wiped out and hogs selling at \$2.00 per cwt. Some one simply pulled wool over the eyes of some of the people.

Ordinance No. 245
 An ordinance providing for and regulating the furnishing and use of water from the water works of the City of Wayne, Nebraska, fixing charges for water and the time and place of payment thereof, providing for and regulating the installing and removal of water meters and fixing the charges therefor, providing for and establishing rules and regulations governing persons doing work in connection with the system of water works of said city, and regulating excavating near or about water mains, regulating the tapping of mains and fixing the charge thereof; prohibiting the use of water for sprinkling except during certain hours, providing for and regulating the turning on and shutting off of water and fixing the charges therefor; prohibiting any person or persons from breaking or injuring or molesting any property owned or used by said city in connection with its system of water works or used by the fire department of said city, prescribing the duties of the water commissioner of said city, providing for the government, maintenance, management and supervision of the water works of said city, providing penalties for the violation of any of the provisions of this ordinance and repealing ordinance No. 229 and all other ordinances or parts of ordinances in conflict herewith.

BE IT ORDAINED BY THE
MAYOR AND COUNCIL OF THE CITY OF WAYNE, NEBRASKA.
 Section 1. The charges and rates for water furnished by the City of Wayne, Nebraska, to consumers shall be and is hereby fixed at twenty-two cents per thousand gallons; Provided, a minimum charge of six dollars per year is hereby established and shall be paid by each consumer.
 Section 2. Water consumers shall be permitted to use water meters only of such kind and make as are approved by the water committee of said city. Said meters shall be installed in such manner as to be safe from frost and so located that they can be readily read, cleaned or repaired, and shall have a union and stop cock at each side thereof, and said meters shall be installed only under the supervision of said city; said meters may be purchased from the city by customers for a reasonable price, and when so purchased the clerk of said city shall give a receipt to the purchaser, containing a full description thereof; when any meter so purchased is returned to said city with said receipt, the price paid said city, less ten per cent for each year, or part thereof, the meter has been in use shall be refunded to said purchaser. Any person now owning a meter may continue to use the same provided said meter is first thoroughly cleaned and tested by said city and found to be accurate, properly constructed and serviceable, and is approved by the water committee of said city.
 Section 3. When any meter is stopped or is not registering correctly, the water commissioner shall cause the same to be removed and placed in proper repair and the owner thereof shall pay to said city the sum of one dollar for cleaning the same; said meter shall not be returned to said owner or installed until such payment has been made, and said city shall have a lien thereon for such charge.
 Section 4. No person or persons shall make, or permit any other person to make, any additional tap or connection or alteration or turn on any additional opening for water without first securing a permit from the water commissioner of said city.
 Section 5. Every plumber, pipe fitter, or other person or company making any repairs or performing any work upon or in connection with the system of water works of said city, or making any extensions thereto, shall perform the same in a first class workmanlike manner, using good and proper material, and shall at all times use diligence and proper care to prevent accidents, injury or damages to all persons, and damage to said city, and shall not violate any of the provisions of this ordinance or other ordinances, or rules or regulations which may be adopted or promulgated by said city, and shall promptly restore the streets, alleys and sidewalks to a safe and proper condition, and shall be liable for, and shall save said city harmless from all loss, injury, damage and expenses resulting from or occasioned by his acts or want of care.
 Section 6. No person or persons except the water works' engineer employed by said city shall under any circumstances tap any main or mains of said system of water works or insert any stop cock; no tap larger than three-fourths inch shall be made in a four inch main and shall not be made within fifteen inches of either end of the pipe, and all taps shall be made between 8 o'clock a. m. and 6 o'clock p. m.
 Section 7. All taps shall be attached to the water main with lead goose necks and shall have a stop or service cock 8 feet outside the lot line with a box to the surface of the ground. All material shall be furnished by the lot owner or person desiring connection with said system of water works, and a hole shall be excavated over the main sufficiently large to permit the free use of the tapping machine. Any person or persons desiring a tapping made shall pay to the city the sum of \$2.00 for a single tap and \$3.00 for a double tap, and the plumber or person doing the work and the owner of the property benefitted, jointly and severally, shall be liable to the city for the payment thereof.
 Section 8. No water shall be used for sprinkling or watering grass or gardens or other vegetation except through an opening not more than one-fourth inch in diameter and not more than one opening or nozzle shall be used at the same time. Water shall not be used for sprinkling or watering vegetation except between the hours of 6 and 8 a. m. and 6 and 8 p. m.
 Section 9. In case of shortage of water, the water commissioner shall have the right to command the discontinuance of the use of water for sprinkling purposes or for other purposes of watering grass or other vegetation, and it shall be unlawful for any person or persons to use any water for sprinkling purposes after being notified by publication, or otherwise, to discontinue the same. All persons are hereby charged with notice that it is the intention of said city to furnish water for fire protection and house

hold use in the first instance, and water cannot be used for sprinkling purposes or for the purpose of watering vegetation when it will be to the disadvantage of water users for other purposes or for furnishing water for fire protection.
 Section 10. No person or persons shall knowingly or carelessly break, injure, deface, interfere with or disturb any building, machinery apparatus, fixtures or attachments, fire hydrant, private pipes, equipment, other apparatus or property owned or used in connection with said system of water works or owned or used by the fire department of said city, and no person or persons shall open any

valve, cock, or other opening, and allow water to escape therefrom without the consent of said city.
 Section 11. No person or persons shall make any excavation in any street or alley within six feet of any water main or service pipe while the ground is frozen or exposed to frost, except under the direction and by the authority of the water commissioner of said city.
 Section 12. Any person or persons using or entitled to use the water from said water works of said city who shall fail to pay any water charges when due, or who shall violate any of the provisions of this ordinance, shall not be entitled to water and the same shall be shut off by the water commissioner from the building or premises to which water is furnished, and shall not be again turned on except by order of the water committee and upon payment of the reasonable and necessary expenses of shutting off and turning on said water, and not until such terms and conditions as may be determined by the water committee of said city shall be complied with.
 Section 13. No person or persons shall interfere with or prevent the water commissioner of said city or any other officer of said city in the performance of his duties in connection with the system of water works of said city and the furnishing of water to the various users thereof.
 Section 14. All payments for water shall be due and payable to said city at the City Hall on the first Tuesday of May and on the first Tuesday of November of each year. Provided that each and all persons who pay such charges for water within ten days after the same becomes due, shall be entitled to and shall receive a discount of ten per cent from said city.
 Section 15. Any person or persons who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than \$1.00 nor more than \$100.00 and costs of prosecution, and shall be committed to jail until such fines and costs are paid.
 Section 19. Ordinance No. 229 and all other ordinances or parts of ordinances of said city conflicting with the provisions of this ordinance are hereby repealed.
 Section 20. This ordinance shall take effect, and be in force from and after its passage, approval and publication as by law required.
 Passed and approved this 24th day of April, A. D. 1917.
 D. H. Cunningham, Mayor.

 J. M. Cherry, City Clerk.

Ordinance No. 247
 An Ordinance making it unlawful for any owner or keeper of any billiard hall or pool tables to suffer or permit any minor under eighteen years of age to play pool or billiards or remain or be in any pool hall or billiard hall, providing rules and regulations governing pool or billiard halls, providing a penalty for the violation of any of the provisions of this ordinance, and providing for the revocation of billiard hall licenses.
BE IT ORDAINED BY THE
MAYOR AND COUNCIL OF THE CITY OF WAYNE, NEBRASKA.
 Section 1. It is hereby made unlawful for any owner or keeper of any billiard hall or pool tables to suffer or permit any minor under eighteen years of age to play pool or billiards or remain in or be in any pool or billiard hall within said city.
 Section 2. Any owner or keeper of any billiard or pool hall shall not permit or allow or suffer in his place of business the use of vulgar, indecent or boisterous language or conduct, and shall not permit or suffer or allow any boys attending school to congregate in or loaf in his place of business.
 Section 3. The owner or keeper of any billiard or pool hall shall keep his place of business closed on Sundays and shall not permit any person or persons to congregate or loaf therein on said day.
 Section 4. Any person or persons who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and shall be subject to a fine of not less than \$20.00 nor more than \$100.00 and costs of prosecution, and shall be committed to jail until such fine and costs are paid.
 Section 5. Any license from said city to any person or persons for the conducting or operation of a pool or billiard hall may be cancelled at any time for cause by the City Council.
 Section 6. This ordinance shall be in force and effect from and after its passage, approval and publication as required by law.
 Passed and approved this 24th day of April, A. D. 1917.
