THE NORTHEAST NEBRASKA EDITORS MEET AT WAYNE

It has been impossible to complete a program for publication in this issue, but below is an outline of the program which is expected.

Meeting will open with an address of welcome by Mayor Lamberson, and a response from ex-president C. E. Nevin of the Laurel Advocate.

The proposed new revenue law and its effects on the publishers will be discussed at a round table presided over by A. H. Backhaus of the Pierce Leader.

Report from the committee named at last meeting to gather and compile job prices and advertising rates from the members of the association as an object lesson of conditions.

A talk on Community Building by Frank I. Ringler, commissioner of the Nebraska Manufacturer's Association.

H. A. McCormick of the Wynot Tribune is to tell of "Editorial Independence," and Chas. Harris of the Coleridge Blade is asked to lead the discussion.

A. L. Brande of the Pierce County Call is invited to tell of "Partisan Newspapers."

C. G. Carlton of the Oakland Independent is to give his views on the "Free Publicity" asked by many public enterprises, and J. A. Stahl of the Westpoint Democrat is to discuss the question.

C. A. Anderson of the Wausa Gazette will tell of "Advertising Rates."

J. F. Gunthrope of the Plainview News is to give a paper on "Getting the Business" if he complies the request of the committee.

Hon. G. L. Caswell, secretary of the Iowa Editorial association is to tell of what has been accomplished in that state in the way of making the newspaper men richer.

Fred Marshall will be the musician and is bringing his violin from Nebraska.

Friday evening the Herald will entertain the editors at the home of E. W. Huse.

Saturday morning will be Round Table discussion.

The Public Service club, the College and the Country Club will aid in showing the visitors a good time, but their plans are not yet matured.

HOSPITAL NOTES

Mrs. Bertha Stuka of Altona entered the hospital Wednesday for treatment.

Franz Nelson of near Dixon underwent a minor operation on an infected hand Monday.

J. H. Wendte underwent an operation for appendicitis Tuesday. At this writing he is getting along nicely.

Dr. Simon of Winside brot Warren Wingett to the hospital Thursday, suffering with a severe attack of sciatic rheumatism.

On Tuesday Harriett Duoiné and Evonne Ankeny of Laurel underwent operations for the removal of tonsils and adenoids.

The little four year old daughter of Mr. and Mrs. Alex Hennegar met with a painful accident Friday evening. Mr. Hennegar was mowing with a scythe and the child accidentally ran into the blade, cutting her knee so badly the doctor had to take six stitches to close the wound.

NEBRASKA SOLDIERS TRAIN AT DENING, NEW MEXICO

Orders from Washington tell that the Nebraska soldier boys are to go to training camp at Dening, New Mexico, and the camp will be christened Ft. Cody, in honor of the late William Cody. It is not known when the order to move will come, but it is not soon. Iowa, Minnesota and North and South Dakota troops will go to the same camp. Six other camps for National Guards have been designated and about the same number are designated for the enlisted men of the different states.

NOTICE TO GARDENERS

The garden club will meet at 8:30 Saturday morning instead of 9:00 as heretofore. Work in canning will be taken up. All children whether they have been in the garden work or not should register at that time so they can take this canning work. Each child should bring a pint can and rubber, also a paring knife. Any one who wishes can buy cans from Herman Siems. Enough small beets or carrots should be brought to fill a pint can. Meeting will be held at the high school domestic science room. HERMAN SIEMS, Garden Supervisor.

IN THE INTEREST OF THE RED CROSS

Mrs. Z. T. Lindsey, assistant director for Nebraska in charge of the Women's service has sent out circular letters in regard to the making of supplies.

Strict compliance with Red Cross specifications must be conformed to, and it is a waste of money and labor to have the articles rejected because they do not meet requirements.

It is hoped to get the rooms which Mr. Mellor has so generously placed at the disposal of the chapter in working order soon.

Meanwhile every woman in the county can help to meet the demand for 700,000 handkerchiefs which have been asked by the Washington headquarters. These are made of old linen or muslin, 18 inches square.

You may think of the war nursing service as a pyramid, the apex alone of which comes in contact with the fighting forces is the small group of professional nurses. Behind these comes a slightly smaller group of nurses aids. But the base and most of the superstructure of the pyramid are the tens of thousands of capable women everywhere in the United States, in the big cities and in the small towns and on the farms, who will keep the small professional service supplied with hospital necessities, attending in their various capacities to their manufacture, collection and shipment to central warehouses.

Here the average woman must find her opportunity.

Who can measure the patriotism which will keep the women on lonely farms day after day bending over this work, with none to applaud or even know of the loving care put into these stitches?

Mrs. Jacobs, Secretary.

MASONS AND STARS

HOLD ANNUAL PICNIC

Tuesday afternoon at Bressler's grove north of town occurred the annual Masonic picnic. Masons and their families and members of the O. E. S., also several auto loads of Masons and Stars from our neighboring towns of Winside, Carroll and Laurel came over to make the occasion joyous. A large crowd of merrymakers, out for a good social time made the time go by on high. Various games were played. The ladies played an interesting game of base ball. W. R. Ellis acted the dangerous part of umpire. Some Stars (Eastern) in those teams. Also the old game of horseshoe, and several others, took up the time of the more active, while visiting and resting under the beautiful shade trees was a treat for the others.

The day was an ideal picnic day and will be long remembered by those who attended.

Dinner was served at six o'clock and it was on the banquet order. It would be hard to name an extra that was not on that menu. The guests were conveyed to and from the grove by autos and everything was done in the good old Masonic way of royal entertaining.

Welcome was extended to the strangers and when the crowd dispersed in the late evening they went home tired and happy, thankful indeed for "The Tie That Binds."

BUT FEW STEEL BRIDGES IN WAYNE COUNTY THIS YEAR

Wayne county was fortunate, or the commissioners showed good business ability when receiving bids for the bridges which might be needed in the county this season, and contracted at an exceedingly low figure. But we have heard rumors that the bridge people were trying to have the contract changed to their benefit. This rumor is without any foundation we are told by those who know. The facts are, as told by the county officials, an official of the bridge company came to Wayne and met the members of the county board one day recently, while they were together as a board of equalization, and told them the situation. It is impossible for the company to secure steel for all of the bridges wanted, owing to the great demand, and the fact that the government has sold to the steel manufacturers, orders given by private concerns must wait until the government is supplied with all needed steel then they may have of what is left.

Under this condition the officials discussed the matter together, and the bridge company agrees to fill its contracts as far as possible and the board agrees to take a larger proportion of wooden bridges at the very low price named in the contract, and less of the steel bridges than they had intended to build. The fact is that the county must have a number of bridges, the recent flood having taken several and the people will undoubtedly sustain the board in doing the best they can under the circumstances; but no change in contract was made nor is it asked. But had the board placed an order for the impossible number of bridges the company would have perhaps forfeited their bond—but not without a legal fight—and the county would have been without the needed bridges.

The fact is that the county must have a number of bridges, the recent flood having taken several and the people will undoubtedly sustain the board in doing the best they can under the circumstances; but no change in contract was made nor is it asked. But had the board placed an order for the impossible number of bridges the company would have perhaps forfeited their bond—but not without a legal fight—and the county would have been without the needed bridges.

Under this condition the officials discussed the matter together, and the bridge company agrees to fill its contracts as far as possible and the board agrees to take a larger proportion of wooden bridges at the very low price named in the contract, and less of the steel bridges than they had intended to build. SOCIAL NOTES

Miss Welch is Feted

The beautiful home of Mr. and Mrs. C. A. Chace on the west side was the scene of a very delightful social event Monday afternoon. The affair was given in honor of Miss Florence Welch, whose marriage to Harry Armstrong will occur early in August. Miss Welch is a general favorite with Wayne people and the event was made particularly happy by the presence of several school girl friends.

About thirty-five guests were present. A large bowl of sweet peas, perhaps near seven hundred, was passed around as a guessing contest, the guests to guess as to the number of flowers the bowl contained. It was planned to make Miss Welch the winner and her guess was declared the closest and she was told she could find the prize in the dining room. The doors to the dining room were then thrown open and the guests were greeted with a very pretty sight. A large umbrella festooned with sweet peas was hung from the ceiling and directly underneath was a large basket filled with many beautiful and costly presents for the happy bride-to-be. After they were looked at and admired, the guests were seated to a two-course luncheon served by Miss Suzanne Wightman and Miss Faith Philcox.

Out of town guests were: Mrs. Wightman and daughter, Suzanne, of Long Beach, California; Miss Marjory Wells of Sioux City and Miss Helen Northrup of Washington, D. C.

The Camp Fire girls are having a delightful summer. Their regular sessions are made happy events by some mother's kindness and the girls will have happy memories of these meetings. On last Friday they met at the I. H. Britell home, an outdoor picnic was the order of the entertainment. Their guardian, Miss Fannie Britell, was with them and the entire membership was present. Monday evening a six o'clock luncheon was given at the home of Mrs. Ada Rennick. Misses Francis Beckenhauer and Lynette Rennick served, and the evening was spent playing various games.

Miss Freda Rahn of Ponca arrived at Wayne Saturday for an over Sunday visit with relatives and friends.

Mrs. Swanburg returned to her home at Pender, and her sister, Miss Mary Weber accompanied her for a short stay.

Clare Lusk returned to his home at Lusk, Wyoming, Thursday after a very pleasant visit with home folks at Wayne.

Mrs. E. G. Wessel of Carroll was a Wayne visitor Saturday. She went to Wisner on the afternoon train to visit home folks.

Mr. and Mrs. Nelson motored to Sioux City Saturday to spend the week end with Mrs. Nielsen's home folks, Mr. and Mrs. M. C. Carlstrom.

Misses Rosella and Stella Trede of Atlantic, Iowa, visited at Wayne between trains Saturday. They were on their way to their home at Randolph.

Mrs. Rose Roe returned to her home at Inman the first of the week, after a visit of several days at the home of her son, W. C. Roe and family near Wayne.

Misses Geneva Henderson and Bonnie Smith went to Laurel Saturday and from there will go to Sioux City to visit Harry Smith who is soldiering at Camp Eaton.

Mrs. F. N. Crahan of Bloomfield visited her daughters, Queenie and Lorena, at the Normal Friday. Saturday the young ladies went to Winslow to spend Sunday with friends.

C. F. Kuhlman of Ohio was a Wayne visitor Friday evening. While here he visited at the Carl Victor farm as he and Mr. Victor are old friends. Saturday he went to Bloomfield where he will spend some time with friends.

M. J. Johnson of Potter was a Wayne business visitor Friday. Mr. Johnson lives out in the western part of the state where they are having the land boom and says that is a great country out there. Crops are fine and the prospects for a big wheat and oat crop are good.

Bert Atkinson of Carroll was at Sioux City Monday completing arrangements for putting on that famous play "Womanhood," which he will give at the movie there Friday and Saturday evening. It is a master production, and one calculated to stir patriotism and give faith in America in these trying times.

G. W. Alberts and wife of Leigh were here last Thursday, coming over with an auto truck load of their belongings and leaving them at the L. M. Owen farm which they purchased last spring, and which they are to take possession of this winter or next spring. They are moving such implements and goods as they will not again need at Leigh to their new home, as roads and opportunity permit, and as Mr. Alberts says, that if plans work out when the time comes to take possession they will simply have to come over and will be moved. They made the 40-mile trip Thursday in good time, starting at 6 o'clock, they were all unladen at the farm at noon, looked after some matters of business and were ready for the home drive at about 2:30.

Miss Winnie Meier of the Carhart hardware force, left Sunday for a vacation of three weeks, which she plans to spend at Newport, Oregon, with her uncle, Sam Houghton, who made his home at Wayne a number of years, and went to Oregon two or three years ago. Miss Meier is literally going to the jumping off place, for according to the map, the waters of the great Pacific form the western boundary of the little town of Newport. This place is a summer resort, only not so popular and fashionable as its sister on the eastern coast. Oysterbeds are cultivated here, and fishing is the order of business for a part of the people, and we venture the assertion that "Uncle Sam" Houghton takes a part in that calling. Newport is at the mouth of the Yaquina river, five miles nearer the coast than a town of that name which is the terminal of the railroad which reaches out from Cornwells to that point. Beyond a doubt Miss Winnie will have a real vacation.

Miss Alta Christy returned to Scribner Friday after a few days visit at Wayne with friends.

Miss Blodwin Davis of Sioux City arrived Saturday evening for a short visit with Mrs. F. S. Berry.

Mrs. M. A. Pryor and Miss Margaret went to Wakefield Saturday morning to visit Mrs. Harold Ebersol.

Misses Audrey Johnson and Agnes Traver went to Carroll Saturday to visit a few days with Mrs. Honey.

Mrs. H. E. Wheeler of Winslow arrived Friday to visit her son and wife, Professor and Mrs. C. H. Bright.

Mrs. Elta Honey of Carroll went to Woodlake Saturday to spend a short time with her sister-in-law, Mrs. W. Honey.

Van Morgan tells us that he shipped a fine young shorthorn bull to Waterbury last week, filling an order for a \$200 animal.

Mr. and Mrs. O. E. Jacobson came out from Sioux City the first of the week to visit at the country home of Mr. and Mrs. Victor Carlson.

Miss Clara Spears of Knoxville, Tennessee, and Mrs. M. A. Spears of Emerson were Wayne visitors several days last week. They went to Emerson Saturday.

O. G. Lewis and Miss Florence Beckenhauer were passengers to Gettysburg, South Dakota, Friday where they will visit Mr. Lewis' daughter, Mrs. E. F. Jones.

Miss Ellen Berry, the little daughter of postmaster Berry, left Friday for Hurleyville, New York, where she will spend the summer with her grandmother, Mrs. O. B. Courtright. The little Miss went to California last summer alone and is a great lover of travel. An uncle will meet her at Chicago and go with her the rest of the way.

Mr. Henderson of the Wayne Monument works was seen leaving Wayne Monday morning with a ticket to St. Cloud, Minnesota, in his hand. He said he was going out to some of the near-by lakes there fishing. But not until he has purchased a few car loads of the best and latest in monuments from the quarries there, for their Wayne business. It was the work first and the fishing next on his list. He tells us that they have been doing a splendid business this season.

John Mulloy drove up from Fremont Sunday to greet Wayne friends and look after a few matters before returning. He was accompanied by three friends, E. J. Robbin and J. E. Jones, attorneys, and Frank Hickey, an insurance man. They returned in the evening.

Elder Daniel Nettleton came this week from Port Townsend, Washington, to visit his brother, L. C. Nettleton at this place, with Dave Nettleton and wife at Randolph, and later he will visit the old home at Tekamah. It is about ten years since the brothers met before.

Mr. and Mrs. Carl Wright returned last week from a visit of three weeks in Montana. They report that everything appears to prosper there, and that crop prospects were good, but like all other parts of the country, not quite well developed for the time of the year as usual.

Mr. and Mrs. A. C. Dooling came out from Sioux City the last of the week to visit Wayne friends, and were guests at the E. J. Hunter and T. W. Moran homes. Mrs. Dooling, who will be remembered as Miss Pauline Braunger by many, remained for a more extended visit.

Mr. D. returning home the first of the week.

Dr. Delos Reynolds, who has been for a year or more past at Platts-mouth, has been here visiting his mother and other relatives. He has sold his business at Platts-mouth and has an application in for a place in the medical corps of Uncle Sam's big army, but is not assured yet that he will be called. He leaves this week for Kirksville, Missouri.

Just as you lay your corn by this week and next sow a bit of rape seed and you will have a fine bit of pasture for pigs or sheep this fall just when they will need and appreciate green forage. About thirty cents worth of seed (two pounds) to the acre is required. It is also great fall feed for chickens, and if you live in town and have a patch of garden cleared it will be fine to start the rape soon now.

We are all very anxious to know who of our ten million young men will go forth to fight the battle of Uncle Samuel. The numbers that will be drawn are yet a speculation. You will find that telephone No. 101 will draw you the best groceries for your \$3.35. As Roosevelt has said: We are delighted to please you at all times, by so doing we know you will always be our customers. L. W. Roe.—adv.

Miss Hazel Servene, who is attending Normal this summer was urgently invited to spend Saturday and Sunday with her home folks, Mr. and Mrs. N. O. Servene south of Wakefield. The reason for the invitation was apparent Sunday when four auto loads of relatives and friends from the vicinity of Lyons and Oakland drove to the Servene home and unloaded for a social hour at a picnic in honor of the young lady's birthday. The surprise for her was complete. All enjoyed the outing very much and none more than Miss Hazel and her folks.

Mr. and Mrs. C. C. Hupley came last Thursday from Glendive, Montana, by automobile to visit relatives in this part of Nebraska. Mrs. Hupley is daughter of Mr. and Mrs. Robert Skiles, and that is their headquarters. They visited at the home of her brother, Ben Skiles, at Crofton on the way here, and the first of the week drove to Randolph to visit her sister, Mrs. C. S. Fox. Before returning to Montana it is their plan to drive to visit his folks in Oklahoma. Mrs. Hupley was seriously ill for a number of months last winter and is fortunate to be able to make such a pleasant trip.

MAKING UP FOR LOSS OF SLEEP

Last fall a whole lot of good citizens in this vicinity were really missing sleep for fear that if they voted Nebraska dry the wicked democrats would elect Keith Neville governor and the law would not be enforced. It was the burden of their campaign song, and now they are, or at least should be ashamed of themselves. The Democrat went to one who knew and asked about Keith Neville, and while the answer was delayed more than two months thru some miscarriage of the mail or a mis-directed letter, when it came it "rang true." We are very much pleased that the governor did not yield to the temptation to seek military glory at the front. We believe he has a place of far more importance to the people, and that his record as "War Governor" of Nebraska will far outshine that of those who respond to the call to the front. Governor Kirkwood of Iowa won a name by the proper exercise of the duties of his great office in time of stress.

But we are wandering from the story, and wish to give a bit of history as it is being made. Here is what the Dakota County Record records as to enforcement, and it might be added that this is at the old Covington, where forces gathered years ago and many remained to help people evade the Iowa law. This paper says:

"Editors, doctors, lawyers, seven day adventists, farmers, preacher's sons—it mattered not, they all fell into the big booze net at the Nebraska

at the end of the big combination bridge, which was laid by W. R. Wilson, who was sent here by Governor Keith Neville to enforce the new prohibition law recently passed by the legislature. Chief of police Mathwig and a squad of deputies helped Mr. Wilson watch the bridge and search every car that came across it. They started Thursday afternoon and about thirty cars were caught transporting booze in the two days they guarded the bridge. It made no difference to them whether they had a pin on them or a wagon load, they were arrested.

"One fellow just returning from Elk Point, S. D., with his family had a quart of brandy. After taking the liquor away from him he was not allowed to journey on to his home in Lyons until he paid the usual fine of \$100 and costs.

"One young blood, while standing over his spirits in the sheriff's office waiting his turn to plead guilty or not guilty to transporting booze, betwixt his hic-cups said: 'Yes, I registered and am ready to serve my country, and this is the way they treat me.' The patriotic plea gained him nothing only a hundred and costs.

"Some of the big guns from Sioux City with the mistaken idea that they can do anything they want to in little Dakota county, soon got the idea out of their cocoanuts when a \$100 or 60 days in jail stared them in the face.

"A well known northeast Nebraska man, who had his car full and himself more so, demanded a lawyer to get his booze back for him. He was allowed to spend the night in jail getting a carton of 'Old Jeff' slept off. The next morning when the officials told him he could get his lawyer, he decided to plead his own case and when the judge read the charge against him and asked him to plead, all he said was: 'Your honor, give me a blank check.' He deposited the price of a Liberty bond and five dollars with the judge and on leaving the court house he did not stop to even kiss those precious 18 pints goodbye forever.

"Most of the transporters pleaded ignorance of the law, but governor Neville is insisting that the bone dry law passed by the last legislature be enforced to the letter, and the new law makes it so dry that you can have only in your private dwelling house and if you did not put it there before the first of May you might as well stock up with grape juice, for the law gives you no relief for your parched tongue. It is an absolute violation of the law to have any about your person or in your automobile when traveling. Even the law is so stringent that doctors cannot prescribe whisky as a medicine.

"Most of the defendants pleaded guilty, but some not guilty and intend to fight it. Their cases have set for different times this coming week."

CATTLE THIEVES DO BOLD JOB

E. J. Greiner came to town early Tuesday morning and told of the work of some bold thieves who stole a three-year-old white face heifer belonging to E. W. Crowley, from his yard within ten yards of the Greiner home sometime during Monday night. The heifer was the best one in the bunch and was butchered in the yard and the beef was hauled away in a wagon.

Mr. Greiner had no idea of what was going on within a few rods of his house until he got up Tuesday morning. He came to town at once and telephoned to Mitchell for some bloodhounds, which arrived here during the day and were taken to the Greiner place in order to see if the bold thieves could not be caught.

A large number of men from town went out to the Greiner place and neighbors swelled the crowd to about fifty who worked all day with the blood hounds.

The hounds were set on the trail and followed it for three miles, winding up at the Will Trudell home, and went right into the house, but the meat was not located. The crowd searched the premises and scoured the hills in that neighborhood, but were unable to get any track of the lost heifer.

A searching party continued the work Wednesday morning, going to Santee to try and get some trace of the beef, but up to the time of going to press, they were unable to get any clue that would prove the identity of the guilty parties.

Mr. Greiner, assisted by many of his neighbors, has hopes of locating the guilty parties and putting them where they will be unable to carry out any more of such bold depredations.

A number of years ago, the country toward the Devil's Nest was infested by a bunch of cattle rustlers who carried out their work so skillfully that they were never apprehended. This, however, is the first case of cattle stealing in that section of the county for a number of years. In order to do this work so boldly and successfully, it is thought the persons who are implicated in the job must have had excellent knowledge of the conditions and the surroundings. Their skill is shown by the fact that all trace of the beef was covered up so quickly. The dogs were probably on the trail within twelve hours after the heifer was butchered, but the work was so well planned and carried out that nothing definite has been accomplished by those who have been trying to apprehend the thieves.—Niobrara Tribune.

Sheriff Hart of Knox county went thru Wayne Saturday on his way to Fort Yates, North Dakota, where it is that the two leaders of the gang of cattle thieves have been apprehended. They are Santee Indians and fled to the Standing Rock reservation immediately after the above outrage. David Campbell and his nephew, Chas. Campbell are the Indians under arrest and the names are familiar to Knox county people. It is to be hoped that they will not be told to "go and sin no more" as usually happens up there. "Lack of evidence" has put a whole lot of nerve in some of those fellows.

Coleridge Blade: The speaker at Laurel the Fourth was a Lutheran minister. He made an able address but parts of it were highly praised by some and as strictly censured by others. One part of his talk was to the effect that the average Lutheran parochial school is a detriment to the country. He said in effect that not only is the German language taught in these schools, but the German national sentiment is fostered at the expense of the real American sentiment. We presume the same thing holds true in all parochial schools where a foreign language is taught. The teachers are almost invariably adopted Americans who probably reached their majority in their home land. They would not be human if they did not instill considerable foreign doctrine into the youth they teach. And they would probably criticize our American ways and ideas when they come into contact with those of the land of their nativity. Be these things as they may, if America is as big as she thinks she is, and we think she's bigger, she can absorb them all and never wiggle an eyelash. The public schools should be and could be so superior to those that the private parties support for private purposes that no man could afford to confine his children's education to small schools. If not, why not? We would say that it was Americanism to let people have full freedom to talk what they want to, when and where they want to, and what they please to teach, let them teach. But to instill the true gospel into the young from the ground up, we would say that it would not be un-Americanism to insist that all children must learn the national songs in the English language, and must learn the fundamental elements of a democratic form of

government, and that such must be taught in churches, schools (public, private and parochial) and thru all other means devoted to the dissemination of public information. No man fit to enjoy the privileges of a free country should object to such a plan. In short any who would object surely would lack the elements which this country has a right to demand and he and his baggage should be forthwith bundled up and labeled "Home, James."

IS CONGRESS MAKING A FAIR REVENUE LAW?

Hon. Dan V. Stevens, Washington, D. C.
Erland Stevens.
I have not had time of late to watch what you fellows are doing individually and do not know, but I wish to ask you if you think the proposed revenue bill is quite fair as a revenue producer as to the sources from which it will derive revenue and the sources from which it will NOT get much. The House has cut the \$2,200,000,000 asked by the secretary of the treasury to about \$1,800,000,000 and then the senate action now looks like scaling it to about \$1,650,000,000 and practically all of the take-off comes from excessive incomes and high profits and the inheritance taxes. Three sources from which much revenue might justly be taken in a time like this and for such a cause. The senate while apparently standing for a 50% excess profit tax, is in reality offering but about 33%, as against an 80% in some of the European countries. The bill in its present form, I think will pay the 12% on the first 15% of excess profits, and so on up until the 50% is reached, and that will be levied only on the sum above the 250% all of the lesser taxes having been taken until the limit is reached, which, competent men figure, will bring the average from the very largest profits but about 33%.

The Morgan's and Rockefeller and that kind will welcome this measure, for it means a deficit of the revenue asked for; and an opportunity for the issue of more bonds for the people to pay tribute to them on. I would favor taking fully 80% of excessive profits from the people who are raking in millions in this war game. We all make sacrifices, and should make them until we feel it, and if it takes 80% to make a rich monopoly feel that we are at war, take it—yes, take 90% or 100%, for just that one thing will do as much or more than any one thing to put an end to war. When men with millions can add other millions to their wealth by war, they will not very seriously oppose it—but when it begins to deplete their incomes, when the wealth (rather than the blood of the people) is taken from the accumulated and accumulating riches of the rich, they will cease to desire war.

I hope to see you fighting any easing up on the idea of making this a pay-as-you-go war, so far as possible, and take the pay from those who are making it from the bloody affair. The soldier who goes to the front should never be taxed after his return to pay interest on the debt made to pay him and bear his expenses while at the front. Yet that is what the men who fought in our great

INSURANCE MEN MAY ACT

Many Wayne citizens express themselves as feeling that Nebraska business men have been held up by a combine of the insurance companies. They feel that the state officials have properly done much to make life miserable for them, and that the people are entitled to the benefit rather than the insurance companies. They regard the recent rate making a joke and a serious one if it is to stand. So far as we can learn the "representatives" who were here to make report to headquarters for the establishment of a rate simply mapped the places from the outside. Many who saw them out with book and pencil did not know their mission here. It seems very unfair to make a rate without giving the people who are to pay it at least a hearing, especially when it is made by the people who are selling the product. We understand that the insurance companies are corresponding with their local agents regarding the matter and may send a real representative to investigate the situation. It would be right and proper for a representative of the state insurance department to visit Wayne and some other places that are being taxed by the insurance combine.

W. C. T. U. HOLDS INTERESTING MEETING AT CARROLL

At Carroll last Thursday the W. C. T. U. held a very interesting and enthusiastic meeting. A large number of members were present from neighboring towns and the program was instructive and will tend to awaken the latent interest of the members, also put a new life into the organization to plan further successes and victories over our social evils.

The following ladies from Wayne attended: Mesdames Gustafson, Bruner, Rennick, Hackett, Lutgen, McConnell, Beckenhauer, Goodyear, Fortner, Crawford, Noakes, Wollert, Crockett, Buell, Hiscox, Helt, Miles, Grothe, Dean, Scofield, Crossland, and Misses Redmond and White.

The ladies were met at Carroll by a committee of the Carroll Union and taken to various homes for dinner. At two o'clock they gathered at the Methodist church where an excellent program was given. The address of welcome was given by Mrs. Maryann of Carroll and she offered heartfelt welcome to the visitors in behalf of the local union. In a few well chosen words she made them feel at home. The feeling of goodfellowship was very evident. Mrs. Buell had charge of the devotional exercises. The report of the Wayne county union was read by Miss Redmond and the report of the Carroll union was read by Mrs. Anna Jones of Carroll. Then followed a paper by Mrs. Charlotte Wollert, president of the county organization on the subject, "In Union There is Strength." Mrs. Wollert has a great interest in the W. C. T. U. YMcDyrve paper shows the deep feeling the ladies have in their work. She said in part:

"I am very glad to be with you today and glad to represent such a great organization as the W. C. T. U. And I am grateful to the Carroll ladies for their invitation to us. For we all believe that in union there is strength. Not only for our nation, but for our organization.

"It is something to be proud of to be a 'White Ribboner.' From the days of Frances Willard, when our ideals were scoffed and jeered at as impossible, to the present day when our National Congress is debating the great issue, this band of loyal women has held up an ideal before the American people.

"Optimists tell us that every war has some good purpose, if that be true among all the horrors of the European battlefields, loss of men and homes, I can see one good thing that this war may accomplish—that is progress toward world-wide prohibition. National prohibition is coming, not only as a temporary war measure, but as a permanent condition. The attitude of Congress forecasts it, as coming events cast their shadows before. To attempt to stand in its way would be like trying to sweep back the ocean's tide with a broom.

"As you all know, Wayne county was organized last January and I was elected president. I never have been able to understand why when there are so many more efficient women in Wayne county than myself. Why did they not pick out a daisy instead of a sunflower?

"As I said before there is strength in union and as a county organization we carry more weight for our state. A county with only local un-

ions is like a body without a head. We must be alive in our work—live it and breathe it and it will impress the other fellow.

"A great many think that because Nebraska was voted dry the W. C. T. U. has nothing more to do and can go out of business. Not so, we are going to stay on the job just the same as before and there is plenty of work to keep us busy. A few of the things outlined for our summer work: 1. Enforcement of laws, special attention to be given to the cigarette law. We have a good one but it is not enforced. 2. Ballots for Both: 3. Soldiers work, making comfort bags, etc. 4. Organize canning clubs. 5. Send telegrams, petitions, etc., to the president and members of congress urging national prohibition. Have you sent any? The Wayne Union has."

Mrs. Wollert says that W. C. T. U. stands for "Women Constantly Torment Us." Well, here's hoping that if tormenting some of our officials is what they need to stir them to enforce some of the laws that have become nothing but a farce, we are with the ladies and hope they will win, not so much in the making of more laws, but in the enforcement of a few of the ones we already have.

Mrs. Jessie McKensie of Carroll then spoke on, "W. C. T. U. in Action." She spoke of the great good that has been accomplished and her paper was especially good. Mrs. Grace Lutgen, of Wayne was next on the program and held the interest of her audience on the subject, "Nearing the Goal." It was a splendid paper.

"What Place Has the W. C. T. U. in our Community" by Mrs. Alice Hurlbert of Carroll was another splendid paper and very much enjoyed by all. Following are some of the good things she said:

"I would say, if I were speaking in numbers, that the W. C. T. U. has second place in the community. First, we are a band of Christian women. If we could read it simply Womens Temperance Union I would hardly know what number to place after this subject. But I am thankful today we have the letter C which makes a difference in the work we represent. If we were not Christian women, I fear to answer what the condition of our beloved country would be today. While we cannot claim all the temperance work that has been accomplished yet we have kept true to our watchwords which were proclaimed from the first: Agitate, Educate and Organize.

"Where would the Christian church be today had not the death and resurrection of our Savior been agitated, educated and organized. You cannot laugh a Christian out of his Christianity nor can you laugh the W. C. T. U. out of their convictions. We have stood against bluff and defeat. Time and time again we have been defeated but only to come back to our watchword 'agitate,' and with a smile go in for another battle. We were years getting the study of alcohol and narcotics into the public schools but we did it and now it is a law wherever the Stars and Stripes wave.

"The foes sneered at the very idea of a temperance society fighting cigarettes. They have been surprised. There is our press work along educational lines. Also our Sunday schools have temperance educators. In every walk of life we find our emblem of purity—the white ribbon.

"It is known that the American women are the busiest women in the world and I believe as a whole they are using the full five talents for the uplift of mankind and Christ's kingdom here on earth.

"Many a mother fears intemperance in her home yet, with folded hands, says, 'What can I do?' We can all help to make this union stronger by our presence, our prayers and wearing the white ribbon. Our souls cry out, 'How long, O Lord, how long, before this victory is won. May the glory day be not far distant when no breweries, distilleries or saloons remain to blight our loved ones. Then we will look with pride on our badge of white and remember our little part in the conflict against the demon alcohol. Could any organization be closer to our Christian churches than our W. C. T. U., which I repeat stands second in a community."

The ladies of Carroll have been very busy having completed twenty comfort kits for the soldiers, fitted them completely and included in each a small Testament, besides doing their W. C. T. U. work.

The program was followed by a business meeting. The next meeting will be held at Winside in September. After adjournment supper was served in the basement of the church. The visitors from Wayne are loud in their praise of Carroll's hospitality and extended them a vote of thanks. Mrs. Jones of Carroll had charge of the meeting at that place.

gave "Experience," from a well-known modern writer. It was a story of a young man, any young man of today who goes out into the world untried and meets with the same old story the same temptations and trials which beset the paths of us all. It was so true, so beautifully told by our inimitable Miss Mack, that every one listened with rapt attention from beginning to end. A large crowd of young people were out.

Cash for Cream, Fortner

Mr. and Mrs. S. Nelson, who live north of Wayne, were passengers to Omaha Tuesday where they expect to consult a specialist as to Mrs. Nelson's health. The Democrat trusts she will return very much improved.

Miss Helen Shafer of Norfolk was a business visitor at Wayne Tuesday.

Mr. and Mrs. Sam Smith of Hocking, Iowa, visited several days with Mrs. Jennie McNutt at Wayne. They were passengers to Neligh Wednesday for a short visit after which they will return to Wayne for a few days before returning to their home in Iowa.

R. B. Berrie, who was taken to a specialist some time ago on account of ill health, was mustered out of service Wednesday. He is not improving as well as expected and it is hoped a complete rest will prove beneficial. Mr. Berrie's many friends at Wayne are grieved to hear of his continued illness and hope for his permanent recovery.

Nelson Grimsley came Monday from Seattle, Washington, to visit at the home of his brother, John Grimsley, and with a host of former friends. Mr. Grimsley came to this vicinity in 1887, when things looked very different from the present, and moved west fifteen years ago. Having business at Denver last week, he extended his trip to this place for a short visit.

The first of the week, Mr. and Mrs. J. A. Jones and Mr. and Mrs. Daniel Davis of Carroll left to visit the home of other years when they were much younger, at Oak Hill, Ohio. In addition to visiting relatives and friends of other days, they plan to visit Mr. Jones' son, Elmer, who is a member of one of Uncle Sam's engineering corps, and who is now on duty not far from there assisting in laying out a great training camp for men who will soon become soldiers. A great camp is being planned, buildings, lights, sewer, water, and an hundred things necessary to keep the men to be assembled there in the pink of condition. It is planned to build accommodations there for no less than 40,000 men. These are days when things are moving, and what one goes to bed at night the morning frequently has many new things in store for him.

Nels Swanson has sold his shoe repair business to Jacob Kock, who has at different times assisted him at his work, and who is to take possession August 1st, after which Mr. Swanson plans to go to visit in Wisconsin, where he has a residence property at Rib Lake, in Taylor county. R. N. Donahy purchased the lot and building from Mr. Swanson a year or more ago, but Mr. Kock will continue to occupy the building. Mr. Swanson has been at Wayne for many years, and was always "pegging away" at his place of business. In addition to his cobbling he has made many violins, and he plans to continue that work in Wisconsin while he is taking a well-earned rest from shoe work. When the war is over he hopes to visit his folks in Sweden.

Mrs. Archie Mears and little son came from Sioux City Friday to visit at the home of Mr. and Mrs. Grant Mears.

Mrs. Ehlers from Norfolk was a guest at the home of Mr. and Mrs. June Conger Tuesday. They are moving to Scribner.

Mrs. J. Meister and daughter, Mrs. Paulsen started Wednesday morning on a trip to points in Minnesota. They go in the hopes that the trip will be beneficial to Mrs. Paulsen, who has been in poor health for some time.

Mr. and Mrs. J. D. Markley of Fremont stopped here Wednesday afternoon to visit a few hours with Fred Blair, while on their way to inspect their farm at Bloomfield. Mr. Blair formerly made his home with them when working at Fremont.

Chris Holt, one of the prosperous farmers of the Altona neighborhood has just purchased a new Overland sedan model, so be the weather fair or foul himself and family may ride in comfort. It is one of the finest cars in the country, but when a farmer can bring \$240 worth of hogs in one wagon load, he may well afford a good car.

Miss Marjory Wells returned to Sioux City Tuesday after a pleasant visit with her sister, Mrs. L. A. Fanske.

Mr. and Mrs. J. S. Davis of Omaha were Wayne visitors Monday. They motored up and went out to the Elk-horn river on a camping trip. They were guests at the O. E. S. picnic Tuesday.

Never Hold a Party-Line Telephone Over Five Minutes

When two or more telephone users are on a party line, each is entitled to equal service.

The telephone company would save work if party lines were used by one party for long periods. That, however, would be unfair to the others on the line.

It is not a kind act to compel your neighbor on the party line to wait more than five minutes unless your conversation is very important.

A call for a doctor or an important business transaction may be delayed by your holding the line.

"Do unto others as you would have them do unto you" is a good rule.

NORMAL NEWS ITEMS (From the Goldenrod)

President Cough received an interesting letter from Frank L. Ready, of the Class of 1916, and has kindly given us permission to quote from it.

Mr. Ready writes from Ft. Douglas, Utah, to which place the infantry musicians were sent shortly after Mr. Ready enlisted at Ft. Lozano, Colorado.

He says the regiment, there, when raised to war strength, will be sent to France.

Ft. Douglas is but four miles from Salt Lake City and its surroundings offer much of interest and educational value to the musician, and the letter indicates that Mr. Ready

thoroly appreciates the sights. He is still of an inquiring mind and is making a collection of stones and fossils which will be of considerable interest and help to an instructor of geology. He says, "The specimens are very plentiful. The only difficulty in obtaining them is climbing to where they may be found. Climbing mountains is one of the most strenuous exercises I know of. The amount of labor spent in obtaining and sending them is gladly given. It is my intention to send them to Professor Lackey as soon as the collection is complete. I think this may be my last chance to do anything for the dear old Wayne State Normal."

Mr. Ready is trying to transfer to the medical corps and he plans, when transferred to that branch of the service, to prepare a set of interesting bacteriological slides. These he would like to send to Professor Hickman, for, he says, "To him, I owe all my interest in both of the subjects, bacteriology and histology."

Here we quote at length from the letter for the passage would lose much in flavor thru restating. "My, but it makes my heart ache to see such vast preparations on foot. What is it all for? Simply to eat out the very care of our nation with lead and powder. Professor Lewis used to say, tho, that no principle was worth anything unless dearly purchased. So it seems that that for which Uncle Sam stands must be upheld at this terrible cost."

"I hope that the school is growing and progressing rapidly. It makes me feel proud to answer the question, 'Of what college are you a graduate?' One of the lieutenant doctors asked me this and when I told him, he said he had heard a good deal about the school. That way out here in Utah, too."

Mr. Ready's address is given as Company A, 43 Infantry, Ft. Douglas, Utah.

On Monday morning Dr. House spoke to us upon the hereafter and the immortality of the soul.

The world is more interested in what awaits us after this life than ever it has been before, for men of the world are facing death at every moment and the women are facing a life which without a hope of immortality would be worse than death.

What assurance have we of a Great Beyond? The old, old assurance, the longings and aspirations of all the human race. All peoples of the earth, all individuals have had their Elysian Fields or their Happy Hunting Grounds. The best they know or can imagine is transplanted into their ideal of heaven. We find that great individuals, whose thoughts have come down to us, have revealed to us their ideas of the fu-

ture life. Science is not hostile to our cherished beliefs. Investigations along this line, while they do not exactly verify them, nevertheless do not disprove them. Indeed, they actually prove them, for in the scientific world, the world of nature—life seems to be ever triumphant over death. Nothing is really destroyed, it is merely changed in form and thus exists forever.

How vast is the expanse of this "forever" and even of time, as the race has known it, in comparison with the span of one human life! It would scarcely be worth while for one to live the brief moment allotted him, and then leave life forever, perhaps a little better or a little worse than he found it, but, as far as he is concerned, forever. Common sense demands that there be something worth while beyond. The common sense of all ages has demanded this belief, and the great of all ages have proclaimed it. And may the men in the trenches know it for their comfort, for dying, you know, in these last few years is "all in the day's work."

The following letter was handed to us by our business manager and will prove of interest to a large number of the students.

Marine Barracks, Port Royal, South Carolina, June 30, 1917.

Dear John and friends at W. S. N.: It is raining and for a change I have a few minutes spare time. I'm telling you they are always welcome.

We had a rather pleasant trip coming down, altho all trains were running about ten hours late. This was caused by an unusual amount of rain.

We came by way of St. Louis where we joined about fifty other recruits and completed our journey in a special car. In a small city in Georgia we saw several street cars run by mule power. In Port Royal the boys go to see their girls driving steers, and seemingly making good progress.

We arrived in Port Royal June 10, crossed Port Royal Sound on a boat, received our mess gear at with a good head must have made out the menu as no one in the bunch has been hungry since.

I was not sworn into service until June 16th, so was used as a flunky for the first couple of days. The first day my bunch "peeled spuds" and carried tar paper. "Some graft."

Had to carry lumber one day. Since I have arrived here I have acquired an independent feeling, which will show itself if I ever get out. All men are equal in the marine corps, except some of the officers.

There are three camps on Paris Island, where I am at present. About ten thousand men. (Women are a minus quantity). The first camp one goes thru is the quarantine camp. We spent twelve days there.

One beautiful day orders were given to pack up and move camp. With the mercury at 105 degrees and a little fifty pound pack on our backs we tripped lightly over the five miles to the maneuvering ground where we are still in camp. This is a "clean" camp and I am rather well contented.

The daily program, (I have one as Dean Hahn always advised it), is taps at 5 a. m.—wash, clean up our tents, drill one and a half hours—breakfast at 7:00—more drill for about three hours—dinner at 11:30. As soon as the dinner is over we go to the beach about a mile away to get a bucket of oyster shells which they use in making road. The rest of the afternoon we are free (sometimes). We then have the best time of all, swimming at the beach. Supper comes at 4:30 p. m. After supper we drill two or three hours. At 10:00 the tap is sounded, no one is allowed to talk after that. Similar to Terrace Hall.

The drilling one gets is sure good for a fellow. The only drawback is that it is hard to get the news of the world. We get our letters and, in fact, papers, but it is uncertain.

They are getting men drilled in six weeks where before the war they spent six months at it. Over four hundred new buildings have been put up in the three camps here. The next camp we go to is at the Barracks. There they have band concerts and movies every night. However, we may be sent to Cuba or Philadelphia to complete our training as things are so crowded here.

It has stopped raining so I must go and do my washing. Every fellow is independent and does his own little bit gladly.

Now, if any of you fellows are going to enlist, join the marines and see the world. I think it is the best branch of service.

There are all kinds of men here and men from all walks of life from bums to preachers, but all are on an equal when they are in the ranks.

If any of you people have some spare time it would be a pleasure to hear from each and every one. Every time I think of Wayne I have a far-away feeling—maybe it would

help to relieve it. Hoping to hear from all my friends, I am, Yours truly, Private Ira J. McDonald.

Professor I. H. Britell received a postcard mailed by Cooper Ellis and Earl Schroer after crossing Great Salt Lake enroute for Mare Island to take up their work in the Navy radio service. They report a pleasant trip and keep enjoyment of the scenery.

A letter from M. Lynn Lawton, of Worthington, Minnesota, says he will not return to the Normal this fall because he has joined the U. S. signal corps for radio service.

Louise Wendt, '17, has accepted a position in the Wakefield high school to teach domestic science, which is put into the curriculum there for the first time next year.

Clarence W. Sabin, '17, has been elected superintendent of the Walt-hill school for the year 1917-18.

Helen M. Bierman, of this year's graduating class, is elected as primary teacher at Newcastle next year.

News has been received here of the marriage of Miss Ethel Clayton of Hubbard, Nebraska, to Ivil Montgomery formerly of Pilger.

We hear indirectly that Verne Marsteller, "Musk," was married at Harrison, Nebraska, on July eighth, to Miss Nell Anderson of that place.

SHOLES SAYINGS (Delayed Letter)

Clarence Stewart left Monday afternoon to enlist and has passed his examination and Fred Plumby of Hartington was checked in to take his place as operator.

Athol Stevenson returned from Council Bluffs Monday noon.

A. E. McDowell is making hay this week and has for his assistant Professor Coleman.

Mr. McDonald from Emerson was looking after business matters in Sholes Monday.

Miss Alice Root and her roommate Miss Leona Dietrick of Dodge spent the week end with home-folks.

Not many people remained at home the 4th. Tietgens, Tom Sundahls Grahams and Trumps went to Laurel; Stevensons to Verdigre; McDowells to Winnetoon; Roots had a family picnic at the Fairview Stock and Bee farm; Isoms at the Barnes home in Randolph; and several other attended a large picnic near town.

A. Mattingly has a new car. August Carstens and family spent Sunday at Pierce.

A large number from Sholes attended the funeral of Dave Grant Jr., Friday afternoon. The pallbearers were Oscar Obst, Glen Burnham, Will Mattingly, John Horn, Jr., R. E. Gibson and Joe Kinney.

The young people of the Epworth League met Thursday for choir practice but did not sing Sunday afternoon. In the evening special music was rendered by two young men from the Welsh settlement. A large number were present. John Horn was leader.

Earle Butterfield has gone to South Dakota for a visit with his sister and friends.

Mrs. J. L. Beaton has been on the sick list the last week, but is much improved.

Saturday Everett Sundahl of Vilory South Dakota, with his two daughters and a friend, came for a visit at the Tom Sundahl home. Chris Hansen and wife of Colorado came Saturday for a visit at the Sundahl home and Sunday M. Jorgenson and family and Willie Sundahl from near Carroll autoped up for the day.

A. Cruikshanks of Omaha transacted business in Sholes Thursday.

Miss Lillie Hagelstein is assisting Mrs. Chas. Peters while she is ill.

There were three autos of Lages and Tietgens attended the picnic south of McLean. A good time was reported.

Mrs. Roberts was instantly killed at Belden, or near Belden Monday when his car, which he was attempting to get out of a mudhole, suddenly tipped over into a ditch. Mr. Roberts is a carpenter from Allen.

FLAG UNION (Delayed Letter)

Miss Georgia Clark of Leith, North Dakota, has been visiting with relatives in this vicinity. A. A. Smith, Irve Reed and E. C. Smith.

Mrs. Wm. Young was burned quite badly by a cannon fire cracker exploding on her person during the celebration at Laurel Wednesday.

Alvin Young has been on the sick list.

Henry Hansen and family of Oakland spent Saturday and Sunday with their relatives, W. S. Larson and G. Hoogner.

Art Hallidays gave a dance Saturday evening in the new barn.

Mike Coleman and Hazen Atkins were at Henry Harmeijers Sunday.

Mrs. E. H. Summers and baby returned to Norfolk Tuesday.

Mr. and Mrs. R. H. Cross are celebrating their 25th anniversary today by entertaining friends.

TWO OUT

There was a time, long, long ago, Before the world went wild,

When kings just died and left things To the eldest trousered child.

And life proceeded so so, while The monarch's wake was held—

"The king is dead, long live the king."

The square browed peasants yelled,

But now—oh, boy—'tis altered—

When wrongs reiterate The king is crowned; the crown prince panned—

PRACTICAL HEALTH HINT.

Sense In the Sickroom.

Every one who goes into a sick person's room should be bright and cheerful. Sick people are extremely sensitive to the manner of those around them, and any depressing influence has a most injurious effect. Hope is the best medicine. Unfortunately the sick person's relatives often take the worst view of the case, and their anxiety is unmistakably manifested by their looks, voice and general manner. They even talk despairingly in the room, thinking that because the patient is quiet and dull he does not understand. But his perception of everything relating to his illness is markedly acute. Note the good effects of the visit of a cheery doctor. For hours after the patient seems better and is better. Of course it does not do to be flippant, but if relatives would force themselves to take a hopeful view and show it in their manner they would in many cases actually save the sick person's life.

WOMEN'S REGISTRATION

The food pledge cards now being distributed among the women of the state to be signed by those willing to promise co-operation in the conservation of food are only for women who are at the head of a household. The cards are to be sent to the Food Administrator at Washington, and will bring in return a household tag to be hung in the window. The first one of these tags issued has been hung in a dining room window of the White House by Mrs. Woodrow Wilson.

The registration of Nebraska women, which will follow the distribution of the food pledge cards, will be for every woman in the state. The regular polling places will be used. Women volunteers for the registry board of the various counties will be needed. Women who are willing to volunteer for the registry boards are urged to apply at once. Address: Women's Committee, State Council of Defense, 308 Fraternity Building, Lincoln, Nebraska.

STRICKLAND GILLILAN SPRINGS ONE ON BUREAU

Famous Author of "Finniglin" Wins Prize for Writing Shortest Poem.

Early in the season the Midland Chautauqua Bureau wrote to Mr. Gillilan asking him what baggage he would carry during the summer and suggesting that if he could avoid taking a trunk it would eliminate a lot of trouble and expense. With characteristic spontaneity, Mr. Gillilan, who is best known perhaps by his poem "Finniglin" and which contains the famous rhyme "On Ag'n, On Ag'n, Gone Ag'n, Finniglin," came back with the following:

My Baggage

You ask me how I work my trunk So I can keep from smelling punk And save the system many a plunk In hauling round my summer junk. I shall not hand you any bunk, And furthermore, I shall not stunk. Here is the info, in a chunk I hand it out to you, kerplunk. I'm not an elephant, you see; My trunk is not a part of me. I go the blessed summer through Making a single suit-case do. That one big grip and my machine Is all the stuff I've ever seen. Among my baggage and I land With one of those in either hand. And yet in spite of little bulk, I am a cleanly sort of hulk. I ship my other shirt ahead And have it washed; or go to bed. The while my extra B. V. D. Is scrubbed as white as it can be. It has been said, where'er I went, I traveled round without a cent. —Strickland Gillilan

Strickland Gillilan.

Another good story is going the rounds in regard to a poem with which he pulled down the prize offered by one of the Chicago papers for the shortest poem on "The Antiquity of Microbes." It is supposed that the idea of selecting such a subject was to make it impossible for any one to write a short poem and say anything at all about the subject but Gillilan won the competition by condensing all the authentic information regarding the antiquity of microbes into two lines as follows:

"Adam Had 'em."

MISS WILLMER REJECTS STAGE FOR CHAUTAUQUA

Rivals Schumann-Heink As Drawing Card on Return Engagement.

One of the interesting things about Miss Sarah Mildred Willmer is that she is not on the stage, but on the Chautauqua platform instead, by deliberate choice. The stage had long sought to claim her dramatic ability but the Chautauqua won out in the struggle because of the clean, consistent opportunity to reach the masses which it affords. Always wishing to do her share toward the developing of the public mind a love for and appreciation of the good and pure in people and literature she finds in the Chautauqua her most profitable field of endeavor. On the Monmouth Chautauqua Madam Schumann-Heink and Miss Willmer filled return engagements during the same session. We quote from the newspaper report regarding Miss Willmer's evening: "Before an audience which equaled in number that of the opening night when Madam Schumann-Heink gave her recital Miss Willmer completely won the hearts of the Monmouth people. The most eloquent testimony that could be given in regard to Miss Willmer's recital was the profound

stillness which prevailed during the entire evening. Miss Willmer held her audience completely in her power."

It would seem from this that the Chautauqua has taken kindly to Miss Willmer's ways of working, and if half of what is said about her work is true we are to be distinctly favored during the Chautauqua. We understand she will give the new play "Experience" or "The Sign of the Cross," her original dramatization of which is said by critics to be the nearest approach to the author's personal interpretation ever produced. "Experience" recounts the history of Youth just starting on the journey of life, who says good bye to "Love" and "Hope" as his companions. Ambition accompanies him. The first stranger he meets is Experience. Later on, Pleasure. Opportunity comes but so enticing are the wiles of Pleasure that Opportunity is ignored. Experience continues his close companion. It is the real journey through real life as it is met by every boy and girl. Thrilling every minute and true to life. A New York critic says: "Youth may be amused by the production of 'Experience' today, but he will think of it tomorrow."

NEWS OF NEBRASKA

TOLD IN A FEW WORDS

The Fremont park board has signed a contract with the Fremont Band society for a series of ten concerts this summer.

A. I. Tussey of Allen, while on his way in a car to Belden, was instantly killed two miles east of Belden. The car skidded on the grass and headed for a ditch where it turned over, pinning him under the steering wheel.

The supreme court affirms a judgment for \$5,000 secured by Gustaf Johnson in the Cass county district court against the Burlington railroad for injuries received while repairing a freight car.

Martin Seger, aged 60 years, who for about thirty years has lived to himself on an island in the Platte river about four miles west of Central City, has disappeared, and no trace has been found of him.

Fremont will entertain the Nebraska Volunteer Firemen's association at the annual convention in January. This was the decision reached by the board of directors of the Fremont fire department in special session.

The State Railway commission has denied the application of the Omaha & Minneapolis railroad to shorten the run of trains Nos. 7 and 8 between Omaha and Emerson. The application asked that the trains run only to Oakland and return.

Secretary of State Pool and Land Commissioner Shumway returned from a trip through several counties in central north Nebraska appraising school lands. They report as a whole the crop conditions in the dozen counties visited was fine.

Frank Shank and Hiram Shank of Silver Creek were bound over to the district court, charged with disposing of booze July 4, contrary to the prohibitory laws. They were placed under \$150 bonds to appear at the October term of court.

The Board of Education has accepted the resignation of Cooper Ellis of Wayne, teacher of manual training, science and athletics. Mr. Ellis resigns to enlist in the army. The board is looking for a suitable candidate for the vacancy.

More than 127,000 automobile licenses have been issued by Secretary of State Pool this year. The rush of machines alleged to have been bought on the first day of July, when licenses for the balance of the year can be had for \$1.50, caused the number of licenses to mount at a rapid rate.

John P. Madgett of Hastings received orders from General Hall to report for duty as regimental adjutant of the Sixth regiment. Mr. Madgett was formerly an officer in the Fifth regiment, but resigned his position there shortly after returning from the border.

Secretary of State Pool is getting ready to bring action against twenty-eight lobbyists who acted as instructors for the last legislature, who have not complied with the law regarding filing of a report of their deeds and expenditures. The fine for failure to comply with the law is \$1,000.

Vincent Grammer was arrested for the murder of Mrs. Fred Vogt, whose body was found on the roadside near St. Paul on July 6. Grammer is the son-in-law of the murdered woman. He is now in jail here. Officers claim to have sufficient information for conviction, but are saying nothing.

The first farm loan bank in northwest Nebraska was recently organized at the Rose Hill school house near Hartington. Applications for farm loans amounting to \$68,000 were filed. The officers elected were: J. H. Edwards, president; Henry Lange, vice-president; W. S. Steele, secretary and treasurer.

At a meeting held at Brainard a Red Cross chapter was organized with 200 members. Dr. James G. Marron was elected president; James Cabela, vice president; A. K. Smith, treasurer; Helen Sygal, secretary. Addresses were made by E. G. Hall, L. B. Fuller, M. J. Bouse of David City, and A. J. Klein of Brainard.

Company E, Sixth Nebraska mobilized at Falls City and will remain in camp two weeks, to undergo vaccination and inoculation. Falls City has no army, so provisions have been made to house the boys in the church. The mobilizing of this company has done more to arousing the people to patriotism than any one act since the war was declared.

Albert, 8-year-old son of Mr. and Mrs. Ben Wiese, living three miles southwest of Lindsay, was buried at that place. The little fellow fell some time ago, hurting his knee in some way and about a week ago blood poisoning set in. About eight months ago an older sister died with exactly the same disease. No other case similar to them has been known around here.

General Phil Hall received a message from Washington ordering Captain Marshall F. Sharp of Omaha on duty in the federal service, as constructing quartermaster. Captain Sharp is a member of the firm of the Townsend Ship Company of Omaha and now in the quartermaster's department of the National Guard. It is understood that he will be placed in charge of cantonment camps.

Robert Henry McAllister, one of Grand Island's older business men, having been connected with a hardware business since 1882, passed away at the age of 65 years, of heart disease. He was the senior member of the R. H. McAllister company, his sons actively conducting and being interested in the business during the past few years.

J. B. Cain, county judge of Richardson county, will tender his resignation to enter the service of his country as first lieutenant of the Falls City company, which will form a part of the "Dandy Sixth" regiment. Judge Cain called at the office of the governor today and was in communication with Adjutant General Hall, taking up matters covering his resignation and commission.

The supreme court has reversed the sentence imposed by the district court of Dodge county upon Phillip H. Gammel, aged 65 years, a street preacher who was given twelve years in the penitentiary for statutory assault upon Hazel Gammel, a 15-year-old girl whom he claimed as his adopted daughter. The girl was unable to furnish corroborative evidence and the court holds that the evidence of the girl alone is not sufficient.

Peter Alex, Joe Goechus, Gus Hronis and Tom Debegotis of Grand Island pleaded guilty to the charge of having stolen a bed, cot, stove, table and other articles from a Union Pacific bank car and were fined \$10 and costs each. Only the manner of their detection is unique. One of them was too strong. He carried a majestic range weighing several hundred pounds a distance of seven blocks without resting. And someone noticed it.

Charles Pizor of Omaha, inmate of the state industrial school, was perhaps fatally injured while bathing in the school lake with other lads in charge of a lake manager while taking their daily swim. Pizor sneaked a short way from his companions and dived into the lake off a tree. He struck something in the lake bottom, which was only two feet deep there. The impact injured his spine and caused complete paralysis from the neck down.

The Missouri Pacific Railroad Company has informed the state railway commission that it intends to appeal from the commission's order requiring the absorption of switching charges at Lincoln to and from non-competing points as well as connecting points. The company will appeal to the supreme court of Nebraska. Whether or not it proposes to give bond for damages and supersede the order of the commission until such time as the court can review the case has not been announced.

Mrs. Kleinschmidt, wife of a prominent farmer living near Fordyce, died from injuries received in a runaway accident while returning to her home after visiting her brother, F. W. Klinkner, a Lesterville, S. D., business man. The unfortunate woman was accompanied by her daughter. The horses attached to the buggy became frightened and ran away. The tongue came down and both were hurled from the vehicle. Mrs. Kleinschmidt striking the ground with such force that a blood clot was formed on her brain. This brought on lockjaw and caused her death.

Three men were arrested at Kearney as possible slackers, two negroes and one white. The white man stated that he was a naval engineer, second class; that he was registered in his Texas home town and that he would fight when and wherever any white man might lead him. He felt offended at being "thrown in" for the night. One of the negroes claimed he was registered in Chicago, Ill., while the second admitted that he neglected to register. He pleaded that he was one of a big construction gang working in Wyoming and that the men were all told by their boss they need not register. All three cases are being checked up.

A Wahoo branch of the Saunders County Red Cross organization has been formed, with the following officers: Chairman, Mrs. Emma McDonald; vice chairman, Miss Carrie Cook; secretary, Miss Mary St. Martin; treasurer, Mrs. F. J. Kirchman. The work of this auxiliary will be making hospital supplies. Classes will be formed in first aid and bandage work.

E. J. Bodwell, for nine years superintendent of the Beatrice schools, has resigned. The board elected A. J. Stoddard of Havelock as his successor. Mr. Stoddard has accepted. Mr. Bodwell will enter business in Lincoln, he announced. He has been connected with school work in Nebraska twenty-nine years.

As a result of complaints filed in the Gage county court by the probation officer relative to the care of a 20-year-old Beatrice girl and a 14-year-old Liberty girl, one arrest was made on a charge of statutory rape. Both of the girls are soon to become mothers, it is said. The chief probation officers charged that the girls were offered up without parental control and were permitted to associate promiscuously with men and boys. The investigation of the case of the Beatrice girl resulted in the arrest of John Turner, a rag picker, 36 years old. He was arraigned before Judge J. A. Okeefe and entered a plea of not guilty. His preliminary hearing was set for July 18 and bond was fixed at \$1,000. The two girls were ordered committed to the girls' reformatory at Millard.

WET OR WASHED EGGS.

They Spoil Easily and Cause an Enormous and Needless Loss.

Eggs are needlessly spoiled every year by washing and wetting. Approximately 5,010,000 dozen eggs spoil every year because some one has let clean eggs get wet or has washed dirty eggs before sending them to market, according to the specialists of the United States department of agriculture. Careful investigation of large quantities of stored eggs show that from 17 to 22 per cent of washed eggs become worthless in storage, whereas only 4 to 8 per cent of dirty eggs stored unwashed spoil. The explanation is simple.

Water removes from the shell of the egg a gelatinous covering which helps keep air and germs out of the inside of the egg. Once the covering is removed by washing or rain which gets to eggs in the nest, germs and mold have ready access to the contents and spoil the eggs.

The enormous loss in storage eggs largely can be prevented if producers and egg handlers, especially during March, April and May, refrain from washing eggs destined for the storage markets and take pains to reduce the number of dirty eggs by providing plenty of clean, sheltered nests for their hens.

In view of this great loss of valuable food the department urges country storekeepers and hucksters not to accept washed eggs for shipment in case lots. Shiny eggs, especially in the early spring, probably have been washed. All washed eggs purchased should be sold locally for immediate consumption.

CREDIT AS CAPITAL.

Use It, Invest It, but Do Not Impair Nor Squander It.

A prominent member of the financial district, who has had many ups and downs financially—who has been independently rich on several different occasions and who has as frequently

been in the place where he did not know where next month's rent might come from, states unequivocally that "credit is a man's best capital."

He says that credit is something that may be invested and used to great advantage in business, but should not be squandered, lived on or worn away. "A man's credit may outlast a dozen fortunes and enable him to succeed on another attempt," he avers, and states further that he has recently written something to the effect that it is useless and foolish to advise men to keep out of debt. Useless, because men who are not so constituted cannot keep out of debt, and foolish because the great majority of men cannot do business without credit.

"To use one's credit in business may be a wise and profitable investment, but to live on credit and thus wear it away is always dangerous. A man should live on what he earns and invest his credit only after careful investigation, and when his best judgment convinces him that it will be safe and likely to yield a profit."

The author of the foregoing is now in circumstances of affluence after having lost high well-on to a dozen fortunes. He attributes his final success to the fact that he never abused his credit.—Wall Street Journal.

Pay, Pray and Peg Away.

In a Long Island village there used to be and still is a group of people who thought a good deal of each other in spite of what they said, which was frequently of an unsympathetic nature. The group existed under various self imposed names and had a semihumorous motto, which ran, "Pay, pray and peg away."

All the members of this little association are still alive, kicking and good natured.

It seems a good idea to suggest that their motto be made public and urged for more general adoption.—New York Sun.

Girl's Statement Will Help Wayne Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried buckhorn bark, glycerine, etc., as mixed in Adier-ika. ONE SPOONFUL helped me INSTANTLY." Because Adier-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appetites. It has QUICKEST action of anything we ever sold. H. J. Felber, druggist.
