\$1.50 PER YEAR

CHRISTMAS PACKETS FOR OUR SOLDIER BOYS

Wayne County Must Furnish 130 Packets before November 15—Should be Easy to Raise Funds.

A request has been received by the local Red Cross for 130 Christmas packets for our soldier boys to be ready to ship to Chicago, the distributing point by November 15. The money not to come out of Red Cross funds but from public donation. The various women's clubs of the city were appealed to and a meeting was called of the presidents of the different organizations Tuesday afternoon at the home of Mrs. O. R. Bowen for the purpose of perfecting an organization to solicit funds for this purpose. These packets are not to cost more than \$1.50 each and the ladies will not have any trouble securing the required small amount of \$195. Over in our neighboring county of Knox they have already a Christmas fund amounting to \$2,000. And a county as rich and patriotic as our own county of Wayne should find the small amount the ladies are asking a very easy matter to raise.

The ladies present at the meeting were: Mrs. C. W. Hiscox, Woman's club; Mrs. W. H. Morris, U. D.; Mrs. Don Cunningham and Mrs. Carroll Orr, Coterie; Miss Sara Killen, O. E. S.; Mrs. O. R. Bowen, Monday club; Mrs. P. L. Mabbott, Rebekah; Mrs. M. S. Davies, P. E. O.; Miss Craven, Shakespeare; Mrs. C. T. Ingham, Acme; Mrs. E. E. Lacey, Minerva; Mrs. J. I. Scofield, W. C. T. U. Mrs. O. R. Bowen was elected chairman of the committee. There were several other clubs to be represented in this work. It was planned to place boxes in the various stores in the city where any one can give toward these Christmas packets. Mrs. W. H. Morris will give a talk to the pupils at the high school this afternoon and each pupil will be given an opportunity to bring at least a dime for the fund. Any one having money to send for this cause send it direct to Mrs. O. R. Bowen and send as quickly as possible. Remember the packets must all contain practically the same things and the ladies must have their donations soon so as to be able to do their purchasing at once. Also they will gladly accept fruit cake, hard cookies, candy such as fudge or the usual hard Christmas candies. Any one who will make donations of this kind will please phone to Mrs. Bowen your intentions and deliver the goods to be packed before November 8. Remember how the boys loved your cooking when they were home and do not forget it will taste much better in camp than it ever did before. Make an extra fruit cake when you do your Christmas baking or if need be make one for the boys whether you can afford it for yourself or not. Christmas cheer means much to a homesick boy in camp or the trenches. Santa Claus may be an almost forgotten myth to some of them. Will you be the mother or sister to help them remember life's golden hours? Then make these Christmas boxes your center of interest for the next eight days. Make the Wayne county boys' hearts glad this holiday time. There are many boys there who have no home folks you know and we must be the "home folks" for those Wayne county boys. Pack your cookies, candy and cake in tin cookie containers.

Mrs. Bowen is going to give the next two weeks of her time to this cause, and she is ready and willing to answer any question regarding the boxes at any time. Rev. R. J. McKenzie is appointed chairman at Carroll and Miss Loretta Cullen at Winside. Hoskins will be asked to do her share and will no doubt respond willingly.

The Acme club heads the club donations with a gift of \$10. The others will add to this list it is hoped. They are all giving their time to the work. The ladies of the Coterie have volunteered to do the packing of the boxes. The quota of packets for Wayne is 70, for Winside 30, and for Carroll 30. Get busy and make this a whirlwind campaign. You will all want to do your bit to make the soldiers' Christmas bright and happy.

NOTICE!
The Assistant Finance committee of the Red Cross will hold a food sale at Roe's Grocery on Saturday, November 3rd. Come and purchase food for your Sunday dinner. adv. 1

MORE WAYNE MEN FOR ARMY SERVICE

The following men have been accepted for military duty, and enough to fill the Wayne county quota are liable for the next call, and the date for that is not yet known. With these men are several others previously listed, who have not yet been called to go.
241 B. H. McEachen, Wayne
244 Herbert William Bergt, Altona
250 George Herman Rohwer, Soo City
251 Chester Arthur Witt, Randolph
32a Bryan Klopping, Wayne
Exempted or Discharged
8 Ray John Neary, Winside
126 Walter Fredrickson, Wakefield
196 Howard R. Williams, Randolph
243 Carl Ernest Splittgerber, Wayne
245 Hugh J. Hughes, Wayne
247 Benjamin Fredrick Ahlvers, Wne
248 William Herman Lucke, Hoskins
249 Elmer Boeckenhauer, Wakefield
Bryan Klopping, whose name appears above and who has a number with a letter following, returned last Thursday evening from western Canada, and therefore had not previously registered, it being the rule that citizens abroad were to register within five days from their arrival at their home in this country. Mr. Klopping registered at once upon his return home, waived his right to five day notice, and a like time to the physical examination, then claimed no exemptions, so that he is ready to go with the next bunch. When he registered and thus had a number he then took the number he would have had, had he been home to register at the time the others were listed, and to distinguish between the two numbers his number is followed by the letter.

PATRIOTIC RALLY

A patriotic rally will be held at the Presbyterian church next Monday evening, November 5, at 8 o'clock. The Rev. Denton E. Cleveland will give a lecture on "The Challenge of the Young Men to the Church." Rev. Cleveland is a forceful speaker and is a man with a message, all will want to hear. Everybody invited and an especial invitation is extended to the young men of draft age.

Rev. Cleveland stands his own expenses and his dates are made by the county president of the W. C. T. U. He will also speak at Carroll Tuesday evening and at Winside Wednesday evening. A free will offering will be taken at each meeting, the proceeds to go toward buying some booklets for the soldiers for Christmas. Rev. Cleveland is very much interested in our soldiers and he goes next week to Deming, New Mexico, to do religious work there.

The books purchased with the proceeds of the Rev. Cleveland's efforts will go to the boys as a gift from the Christian people of Nebraska. Everybody should attend the lecture and boost for so good a cause.

WESTERN UNION COLLEGE DEFEATS WAYNE NORMAL

The game of football between Western Union College of LeMars, Iowa, and the Wayne State Normal, played on the home field last Friday afternoon, was won by Western Union by a score of 32 to 0. The Normal boys played a consistent game, but the visiting team had the advantage in weight, and were fortunate in having a quarter back who is far above the average player. The home team was also at a disadvantage in not having a second squad, as has been true in other years, for practice games.

The officials were: C. P. Lloyd of Norfolk, referee, and coach Benfer of LeMars, umpire.

On January 4th the opening basket ball game of the season will be played in the new gymnasium between the Normal and Western Union.

BLOOMFIELD HAS GREAT PATRIOTIC RALLY

Saturday evening last a great patriotic meeting was held at Bloomfield, over in Knox county, and Attorney Davis went over to be one of the speakers. Mayor Harm, Dr. Mullen and Attorney W. D. Funk were also speakers on that occasion. It seems that Brother Needham of the Monitor of that place does not believe in letting some of the pro-Germans say too much and when he invited them recently to crawl down on the right side of the fence instead of sitting where everybody could see their yellow streak, some of them stopped their paper and thus showed plainly their stand at this time. The Saturday night meeting was a celebration on account of the great showing Bloomfield had made by raising \$155,000 for the second liberty loan, which is far above their quota.

Two of these pro-Germans had been placed in jail Saturday and when the meeting was in progress they were brought out and marched to a seat in the bald-headed row. One of the speakers asked all in the opera house to stand who were in favor of whipping the kaiser, but the two Germans refused to stand. After the meeting they were taken back to jail and the citizens of the town have sent for a U. S. Marshal with an order to, it is said, take the "miserable offenders" from their midst.

Some of the wealthy retired citizens there offered to buy \$50 and \$100 liberty bonds but they were told to buy denominations they could afford or not buy any. Bloomfield may have some yellow curs over there but it is no stain on the rest of the citizens who are some of the whitest, truest Americans in the world. We are glad they have drawn the line so tight and we take off our hat to Brother Needham and the loyal citizens of Bloomfield.

OBITUARY—WILLIAM HOUSE

William House was born in Canada, December 12, 1835, and departed this life after three weeks at a hospital in Sioux City, October 26, 1917. Mr. House came to the States in early life, locating in Harrison county, Iowa. Here the three House brothers owned and developed a large tract of what is now very valuable farming land. His two brothers and former partners preceded him in death a few years ago.

About 33 years ago, Mr. House sold out his interests in the Iowa lands and came to Wayne county, Nebraska. He lived on his excellent farm, ten miles west of Wayne till 1897 when he moved to Wayne where he has since resided. All remember him as a good neighbor and a kind friend. He was ever ready to help along a good cause to the best of his ability.

Mr. House united with the Presbyterian church early in life and was a consistent member of this church throughout his earthly life. He was most constant in church attendance, being in his pew absolutely every Sunday that it was possible for him to be there.

There remain to mourn his departure his wife and three children: J. H. House, Benson; Mrs. Cora B. Williams, Creighton; Mrs. H. U. Roland, Yankton, South Dakota.

"None knew him but to love him, none named him but to praise."
The funeral was held from the Presbyterian church Sunday afternoon, conducted by Rev. S. X. Cross, and his many friends paid tribute of respect to the departed and of love and sympathy to the family.

Card of Thanks

We take this method to express our appreciation of the many kindly services of many kind friends in our late bereavement.

WAR BREAD MADE. DO YOU LIKE IT?

At the invitation of the Wayne women of the county food conservation committee about 250 women gathered at the State Normal auditorium for a demonstration of wheat substitutes and war breads under the direction of Miss Finnigan, head of the domestic science department of the normal. Members of the domestic science class—Misses Gulliver, Papez, Glimsdale, and Foster demonstrated the making of potato bread, oatmeal bread, cornmeal bread, and rice bread. These young women certainly deserve credit for their work, for some of them had to begin at six o'clock in the morning in order that the finished product might be ready for serving in the afternoon. Each lady present sampled each of these breads and two others—corn flour and the whole wheat bread. All were pronounced excellent and it was agreed that the conservation of wheat did not seem to call for much privation or hardship. Perhaps a demonstration of meat substitutes will be given some time in the near future.

Following the demonstration, Miss Alma Blandin, district emergency home demonstration agent for northeast Nebraska told of the work that is done by the home demonstration agent. There are ten of these women located in ten districts of Nebraska at the present time. The ten counties first organizing a permanent "Home Makers" association will secure these women for their counties and their work will then be in the one county in which they are located and not in a district comprising eight or ten counties, as they are now doing.

It was decided to form a temporary "Home Makers" association in Wayne county and accordingly the following officers of the temporary organization were elected.

Chairman.....Mrs. Geo. Crossland
Vice Chairman.....Mrs. Wm. Bentow
Secretary.....Miss Mary Mason

The following women were elected representing the county precincts. In the remaining precincts representatives will be appointed by the executive committee of the home makers association, which consists of the officers and three representatives from the precincts.

Brenna.....Mrs. Irwin Moses
Hoskins.....Mrs. Schreml
Sherman.....Mrs. Will Root
Chapin.....Mrs. Lute Miller
Hancock.....Mrs. Frank Wilson

THE ENDOWMENT CAMPAIGN

A meeting of ministers and laymen from different parts of the Norfolk district of the Nebraska conference of the Methodist church met at Wayne Methodist church Tuesday to complete plans for the campaign of raising a pension fund of \$500,000 for old and retired ministers.

About thirty ministers and laymen were present: Rev. E. M. Furman, district superintendent; Reverends Gettys, Lincoln, E. J. T. Connelly, Norfolk; Wm. Kilburn, Allen; R. J. McKenzie, Carroll; F. A. High, Randolph; S. A. Drais, Maskell; W. H. Shoaf, Osmond; C. P. Lang, Plainview; E. M. Reed, Stanton; W. S. MacCallister, Pilger; Henry Zinnecker, Pierce; R. F. Shocklock, Tilden; K. O. Pearson, Wynot; Frank Williams, Wakefield.

Among the prominent laymen of the church present were Judge R. E. Evans, Dakota City; Judge Earhart, Stanton; Prof. I. H. Britell, Wayne, and several others whose names we did not learn. Rev MacGregor looked after their entertainment.

The campaign extends into all the districts of the conference in the state during the month of November.

Out of nearly 500 ministers in this conference only 24 get a cash salary of \$1500 or more. Yet some people say about the preachers "Why don't the preachers save money?" Educate their children, pay the doctor bills, pay to a dozen things, connected with the church, and then ask, "Why don't they save money?" Preposterous!

Now it is the Chicago switchmen who are demanding a 50 per cent wage increase, to meet the h. c. of 1. Why not demand that prices come down? That would help a little.

Japan is in to stay until Germany and her allies are crushed, is the verdict of the little brown people.

WAYNE COUNTY IN THE LIBERTY LOAN CAMPAIGN

With the figures all in, Henry Ley, of the State Bank reports that this county subscribed \$244,050 of the new bonds, the sums reported from the banks of the different towns being as follows:

Wayne, \$140,050; Winside, \$45,000; Carroll, \$31,000; Hoskins \$20,000; Sholes, \$5,500; Altona, \$2,500.

A rich section of this county adjoins Wakefield and many thousands which properly belong to this county was subscribed at the banks of our neighbor, which has the misfortune of being just in an adjoining county. Quite a number of Wayne county citizens also live not far from Pender and Randolph, and naturally in a rush they go to these places. Mr. Ley estimates that fully \$50,000 of Wayne county money is thus credited to the three adjoining counties.

WEISZ-NANCE

The Sioux City Tribune of Saturday says: A pretty home wedding took place this afternoon at 4 o'clock when Miss Josephine Weisz, daughter of Mrs. Sadie Weisz, and Forrest Allen Nance were united in marriage at the bride's home. Beneath a bower of pink and white chrysanthemums the Rev. Wallace M. Hamilton performed the nuptial ceremony.

After the ceremony a two-course luncheon was served to the 35 guests who formed the wedding party. Mr. and Mrs. Nance departed for a wedding trip and will be at home after November 15 at 1522 Rebecca street.

Out of town guests who attended the wedding were: Mr. and Mrs. Robert A. Nance and Miss Wilma Nance of Randolph, Neb.; Mrs. W. J. Clarkson of Sheldon, Iowa, and Mr. and Mrs. J. Levin of Hinton.

DAVID STAR JORDON TO LECTURE AT NORMAL

Announcement is made that the Chancellor of Stanford University of California is to lecture at Wayne Thursday, November 22. Chancellor Jordan is one of the world's great thinkers and reasoners, and Wayne people are indeed fortunate in having opportunity to hear him. The Goldenrod says of the coming speaker:

"Mr. Jordan has lectured probably in every civilized country in the world and is well known. The many people know he is a great peace man, he does not oppose the war, and he is not coming here to lecture against it. The committee feel that they are fortunate in securing so strong a character."

A Sacrifice in Table Linens

I have the remnant of a fine stock of table cloths which were bought before the advance in prices, and that I may have the room for other lines they are going to be sold as the prices had not advanced 100% in this line. FOOD CONSERVATION COMMITTEE CANVASS WAYNE

This week the women of Wayne will be asked to sign food conservation cards. A committee have plans to make a house to house canvass of the city to learn the sentiment of all the women in this matter of meatless, wheatless and milkless days. It is their purpose to learn the sentiment of each householder.

Those who do not wish to sign the pledges will be asked their reasons for declining, and these will be noted on the back of the card and reported with others to the state headquarters that the sentiment of all may be known. Of course, no penalty can attach to refusal to sign, but it is but natural that all wish to know the why when one declines, and no doubt some may have ample reasons. Perhaps to some it will appear that they have practiced economy for years, have to some it will appear that they force of circumstances, and they may not care to pledge to do more.

At any rate, each household may expect a caller.

DO IT NOW

Today is the last chance for the present to send a regular letter for less than 3 cents. Postmaster Perry tells us that their day officially closes at 6 o'clock this evening, and letters mailed after that hour should have the 3-cent stamp affixed, or they will have to have the deficit made up at the other end, and make a great deal of delay and bother. If you can get 'em in before the clock strikes six, well and good.

The Democrat wants to say a word about the new law. It does not seem quite fair that the postage should raise on all letters and postcards, and remain the same on circulars and circular letters. But it is so, and we are not going to kick a bit about that, but assure you that if you wish to save postage by the use of a circular letter instead of personal letter, we are here to produce the circular letter in short order, and furnish envelopes in which you may enclose them.

Besides the circular letter, the cost of sending your message thru the Democrat to the homes of many people will be far less than by letter, or even a circular letter. Try it once.

Liberty Bonds Same as Cash

Uncle Sam's "say so" is good enough for us and we consider them the same as cash.

We will take Liberty Bonds the same as money in payment for any instrument in our store

Buy these bonds to the full extent of the price of any instrument you desire to purchase—and we will accept the bonds in full payment for that instrument. It's a patriotic act to purchase the bonds.

We have to offer the New Edison, the Victor Victrola; Chickering Bros., Davenport and Treacy, Milton Planos and the greatest of all piano players.

These instruments bear the highest standard of excellence and in the musical world are acknowledged of the highest standard. Remember we sell on the Payment Plan to suit the purchaser.

Mr. and Mrs. J. H. Wiley of West Salem, Ohio, who have been visiting at the J. W. Mason home returned to their home Friday last. They, with Mr. and Mrs. Mason and daughter, Mary, enjoyed an auto trip to Wakefield Friday morning. Their visit here was a very pleasant one.

HOW ABOUT THE HEATING OF YOUR HOME?

After you selected a cheap furnace and experienced, the second winter, gas, dust, and dirt together with excessive coal bills, you ask yourself—"Why did I select this abomination?"

Then perhaps you went to the other extreme and installed what you thought to be the emancipation of your troubles—steam or hot water. But the dry, parched heat, with coughs, colds, and checked furniture, told you this was not the ideal method.

Now you want a system that will deliver pure, warm, ever-changing air, free from dust, gas and smoke, with just the right amount of moisture to assure you health and vitality.

Miss Geneva Porter who is teaching near Hoskins came up Sunday and visited at the Normal with Miss Ethel Burnham. Miss Porter went to her home at Battle Creek Monday to visit home folks during her two weeks vacation.

Mrs. M. C. Julson and Mrs. S. Sever of Newman Grove arrived at Wayne Tuesday and were met here by Mr. and Mrs. A. M. Solso of Laurel in an auto and the party went to Laurel where the former ladies will visit relatives and friends.

O. C. Lewis returned Tuesday from an extended visit with his daughter in western Kansas. He tells us that that part of Kansas is one great wheat field, and that the wheat looks fine, rains having been quite plentiful this fall. On his way home he tarried a day at Camp Funston and visited the soldier boys from Wayne. He tells us that the boys who went last are, with one exception, now at Deming, New Mexico, they having been among the troops transferred to that place. He found those of the first call there well, and busy and happy.

B. Crawford of Atlantic, Iowa, was a business visitor at Wayne last Thursday. He is interested in the Fullerton Lumber Company, and was on his way to their yard at Carroll. He tells us that he was in the lumber business at Wayne in an early day, and for a year engineered a yard on the lots now occupied by the C. A. Chace Company. He is brother-in-law to Rev. Gorst, for so many years pastor of the Methodist church at this place, and reports that Mr. Gorst is well and prospering at Worland, Wyoming, where he went from here to try a life in the open, after being compelled on account of health to give up his work here. This will be good news to the many people who know Mr. Gorst in this part of Nebraska.

Water, Pure and Plenty, Produces Pork and Poultry

The "IDEAL" Hog Waterer

For hogs and poultry, will add to the thrift of your herd and flock and make the high-priced feed produce the maximum amount of pounds of better meat.

An absolutely sanitary Waterer that will not freeze in winter and keeps the water cool, fresh, and clean in the summer. An all-the-year-around Waterer. Every hog raiser knows that good, clean water is absolutely necessary in raising hogs and chickens to get the most out of them. Hogs and poultry are two of the best paying crops you raise and the better care they receive the more profit they make for you.

A hog wants water frequently—he will leave his feed and take a few swallows of water if the water is convenient for him. They require lots of water to digest their food properly and keep the system in a good healthy condition. A hog consumes from 7 to 8 pounds of water for each pound of dry matter eaten—nearly twice as much as horses and cattle.

You can positively save 25 per cent of your feed cost by giving your hogs a constant supply of good, clean water, with the chill off just as they want it.

A hog will live and put on weight for 4 or 5 days with practically no food if he is given all the water he wants, but he will begin to lose weight in two days if he has no water, even though he has all the corn he wants.

One of the hardest chores on the farm is to properly water the hogs, especially in cold, zero weather when the water freezes in the trough in half an hour. It is a hard job to chop ice from the trough two or three times a day to give the hogs fresh water, and even then they do not have water as often as they should. With an Ideal Waterer your hogs can have a constant supply of good clean water with the chill off just as they want it, night and day. Hogs will drink frequently both night and day if the water is convenient and the right temperature.

With the tank-style of Waterers the water is automatically fed to the drinking pan by the vacuum system. The trough is always full but never overflows. No mud hole or disease breeding places around the drinking troughs. The drinking trough is thoroughly protected so horses or cattle cannot step into it or damage it, and hogs cannot get into it with their feet to foul or waste the water, but they can always have all they want to drink.

In the top of the tank is a vacuum, no air or anything but just space. A complete vacuum is a non-conductor of heat and cold so this keeps the water cool in summer and helps to keep it warm in winter.

In cold weather the water that is exposed to the air will freeze first. There is no advantage in keeping water in a tank warm if it freezes in the trough where the hogs drink. You will note that the lamp sets directly under the drinking pan so the water cannot freeze and the heat then passes up around the tank and keeps the water at just the right temperature. The Ideal Waterers have been used and worked perfectly with the thermometer at 35 degrees below zero.

The heat being properly applied as it is, and confined inside the casing, the lamp can be turned low so it uses only a small amount of coal oil. It costs only 2 or 3 cents a day to keep the water warm night and day in the coldest weather.

An approach is built to the drinking trough so hogs of any size can drink.

The Ideal Waterers are made of heavy galvanized iron. They are strong and substantial and will last for years. They are shipped complete with lamp and metal chimney.

Waterers for Farms Having a Water Supply

Many farms have supply tanks and for these we make the No. 10 and No. 22 Waterers which are connected to the water supply system or can be connected to a common round stock tank or cement tank.

The No. 10 and No. 22 Waterers are made of heavy galvanized iron and have a heavy positive float valve which regulates the water in the drinking pan. Simply run the water under frost line to the Waterers, then up thru the bottom and connect to the float valve.

No. 22, which has two drinking troughs, is so constructed that it can be set into the ground, making the troughs the right height for hogs to drink.

The door being in the upper part of the Waterer so you can easily place the lamp under the drinking pan. As a permanent Waterer in the hog lot where you have water piped from a supply tank the No. 22 is just what you want.

PRICED DOWN RIGHT

- No. 10—For attaching to supply tank, weight 40 lbs. \$15.00
- No. 5—60-gallon Waterer, weight 100 lbs. \$25.00
- No. 102—Same as No. 10, with two drinking troughs, weight 40 lbs. \$17.00
- No. 22—To be attached to supply tank, with two drinking troughs, weight 45 lbs. \$20.00
- No. 52—60-gallon Waterer, with two drinking troughs, weight 100 lbs. \$31.00
- No. 62—100-gallon Waterer, with two drinking troughs, weight 140 lbs. \$40.00

IDEAL NON-FREEZING STOCK WATERER

Is a sanitary drinking fountain for horses and cattle. This stock waterer is constructed of heavy galvanized iron, with heavy supports and braces. It can be connected to any supply tank or water pressure, and has a float valve which will work perfectly on any pressure from 5 to 100 pounds.

The float is protected by a partition so that it cannot be disturbed.

There is an outlet in the bottom so that the tank can be easily cleaned.

The waterer is 30 inches high, 29 inches in diameter and holds 3 gallons.

There is a 1-inch air space between the water tank and the outside casing which gives the heat a perfect circulation.

It is equipped with large lamp which keeps it from freezing in the winter.

The lamp holds 3 quarts and will burn 48 hours at zero weather.

Get an Ideal Non-Freezing Stock Waterer installed at once and your horses and cattle will have a good supply of clean, sanitary water at all times, both summer and winter.

Price complete with lamp \$41.00

Ideal Chicken Waterer.

You realize the importance of giving chickens good, fresh, clean water, both summer and winter, and know how much trouble it is to properly water the chickens. In zero weather you must carry warm water to them several times a day and then it stays warm only a short time.

Hens will lay better in winter if given fresh water with the chill off. Eggs are 65 per cent water and the laying hens must have plenty of good water at the right temperature.

The extra eggs you get will soon pay for an Ideal Waterer besides the saving of time and labor.

It is no trouble to have a constant supply of good, pure water at the right temperature for your chickens if you use an Ideal Chicken Waterer. It holds 5 gallons and the water is automatically fed to the drinking pan by the vacuum system.

There is always about one inch of water in the drinking cup so the chickens always have all they want.

The drinking cup is protected so the chickens can get only their heads in to drink. They cannot get into it with their feet or scratch dirt into it. The tank is inside a casing with an inch air space all around. Under the tank is a lamp so the water cannot freeze, but is kept at just the right temperature.

The expense of running the lamp is very small as it costs only about a cent a day and as the chickens do not drink at night you can empty the Waterer and put the lamp out if you wish. The tank is easily filled or emptied, as it lifts out of the casing, and to fill it you simply lay it down and pour or pump the water into the drinking space. When you set it up the pan will always have about one inch of water in it. To empty the tank, simply tip it forward and the water will run out.

With an Ideal Waterer you know your chickens have all the water they want—just as they want it—winter or summer.

John Lewis is this week getting acquainted with a new corn husker. He purchased one, and is breaking it in this week. Corn husking machinery that is an undisputed success has not yet come into general use, yet, but it is coming soon. We saw this machine as it was being taken out, and noticed that it was built along the lines as one worked out at Villisca, Iowa, more than 20 years ago by a carpenter by the name of McMannana, and a Dr. Cooper. They built a working model but never mounted it for field work, but demonstrated its workings by applying power to run the rollers and elevators, and fed it corn stalks by hand. They never manufactured any of the machines, and this machine was possibly an improved type of the one they had. It appears to work on the same principles—rolls to pinch the ear from the stalk and husk and elevators to convey the corn to a wagon which is driven along with the machine, much the same as a dump wagon goes with the elevator plow.

SOLDIER BOYS COME MARCHING HOME AGAIN

Not the soldiers who left us a few weeks ago, but the soldiers of other days who, went from Nebraska to attend the great re-union of the blue and the gray, at the old battlefield of Vicksburg, where the contesting armies of the north and the south contended for mastery more than half a century ago. This time the survivors of that great conflict—of the battle at Vicksburg and an hundred other bloody fields met as friends, and spent a pleasant time as guests of the nation they had fought with such valor to maintain or divide. All this was forgotten to such an extent that it made no difference at this great love feast.

R. P. Williams and John Stallsmith of this post and of the county. Bur Cunningham of Bloomfield, for many years a resident here, was also among the 550 Nebraskans who attended, and all three report a splendid time. Mr. Stallsmith reported at this office with a file of the Vicksburg papers published during the time of the re-union, and from them one can only gather the idea that 10,000 old men never met under more pleasant circumstances. There were many instances of pathos as well as joy. Men met there and learned of the death of old comrades whom they had hoped to meet once more this side of the "City Eternal," only to find that they had been called to that other world. Then there were meetings of those who had never expected to meet again in this life, and the joy of renewing friendships of other days.

One of the papers tells of the meeting of two men, one of the north and the other of the south, who had met there before, and at the end of a severe engagement one had been taken prisoner by the other, and this time the paper tells that the other man was taken captive. Both enjoyed telling of the incident, and it is safe to say that with the passing years the story had not suffered in all that tended to make it read like a romance. The feeling of hate had given place to that of friendship, and respect.

From these papers we learn that the men were housed in tents, and fed by Uncle Sam, a regiment of Mississippi soldiers and many Boy Scouts looking after the details. The tents were warmed when the chill of evening made it desirable. Automobile trucks took the men at any time to any part of the old battlefield they wished to visit, and back again.

The old field is now a great national park and cemetery for those who died there. One writer says that the soil is of such a nature that no one loses much by this tract being withheld from agricultural uses. The soil is a cold clay with plenty of stone, and cut and gullied by ravines. At the time of the fighting there, it was covered with timber, which was mostly destroyed by shot and shell, and the growth following is but a sickly looking lot of trees. But the place is well cared for and many monuments mark the places where brave men met and fought and fell for a cause each thought right.

Vicksburg is now a city of great commercial importance, and very prosperous, the many of the buildings which were the best of other days remain and are being used. But of late years more modern buildings have been erected, giving the streets in places the appearance of a modern city, and in other places that of cities of other days.

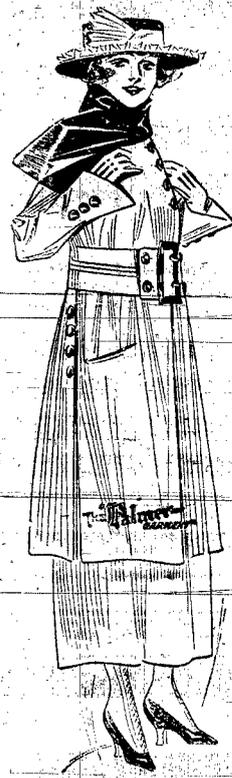

Nearly every state in the Union was represented in the gathering, and it was said by those who have attended practically all such meetings held since the close of the Civil War that this was the best of any; the hospitality of the people being unlimited, and no one even attempted to hold up the visitors with high prices.

It will be a week long remembered by Mr. Stallsmith and Mr. Williams.

DAKOTA COUNTY ORGANIZING

Last Wednesday Miss Alma Blandin district home demonstration agent for northeast Nebraska, attended a meeting at the court house at Dakota City at which a temporary organization of the Dakota county home makers association was formed. The organization will formulate plans for securing membership with the object of putting Dakota county on a permanent basis and employing a home demonstration agent who will devote all her time to helping women of the county with home problems. Thru an appropriation made by congress in the recent food bill funds are available for the home demonstration agent in 10 counties in Nebraska and the first ten to organize will get the benefit of the federal support. The expense locally to the county will be approximately \$600 annually. The organization of the counties is taken up with the State College of Agriculture.

RED CROSS NEWS

The Red Cross ladies made a great drive for more members Saturday afternoon and they met with good success. Mrs. Chas. Carhart and Mrs. E. E. Lackey at the German store; Miss Faye Britton and Miss Margaret Pryor at Ahern's store; Mrs. W. A. Hisscox and Mrs. V. A. Senter at Orr & Orr's; Mrs. Horace Theobald and Mrs. Warren Shultheis at the Racket store. They secured thirty eight new members and aroused more interest in the organization. The window displays at each of the stores mentioned of Red Cross work held the attention of the passer-by and it was indeed a great showing and was proof of the many hours work the ladies have put in for the soldier lads. The ladies wish, thru the columns of the Democrat, to thank the merchants for the kindness and courtesy extended on Saturday afternoon.

The food sale at Roe's Grocery was also a success and they will hold two more. Get your orders in early to the secretary as this delicious home baking goes fast.

WAYNE HOUSEKEEPERS!

Do you want the United States to win this war? Do you want to be able to hold your head high in after years and say "I did all I could for my country?"

Do you know that food is a most vital factor in this world struggle?

Do you realize that the responsibility of feeding our allies on the firing line, our own army in the training camp and in the trenches, our people at home and the women and children of Europe is a part of your duty—your opportunity for real service?

If you are a loyal intelligent American housekeeper you will not continue to ruin your household as you have always done with foodstuffs plentiful in the world. You will help by economy.

Do your part. Sign the Hoover pledge card. Plan a wheatless day and a meatless day a week. The home demonstration agent stands ready to help you plan war time meals. Try this recipe for nut croquettes instead of meat:

1 cup stale bread crumbs

1/2 cup milk

2 eggs (yolks beaten) or

1 whole egg

1/2 cup chopped peanuts

Salt and pepper.

Soak crumbs in milk, mix with nuts

season and add beaten egg. Shape, roll in dry bread crumbs dip in eggs, crumbs. Fry in deep fat or brown in the oven.

Ladies' Afternoon at The Bowling Rooms!

Numerous women of Wayne enjoy an afternoon bowling, and now that the cooler weather has come, I have decided to reserve the alleys for them on Tuesday and Friday afternoons, if they wish to take advantage of the time then.

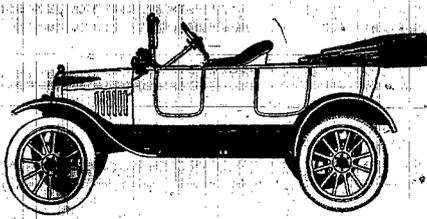

There is, perhaps, no more healthful exercise than bowling, for the reason that it brings into use practically every muscle in the body, and this exercise has been the means of improving the health of hundreds of business men whose regular work does not give them sufficient diversity of exercise. Many of the ladies need more than any other thing an exercise which will bring into action the muscles of arms and back.

Washington—The District of Columbia has now gone dry. There is time for members of Congress who cannot endure it to resign before the next session begins in a little over a month now.

Should the railroads be allowed to raise rates on freight because of increased prices, this would necessitate another increase in prices, and also another increase in freight rates might as logically follow then as now. Let's put a kink in the endless circle of raising prices and now is a good time, and the railroads, a good subject on which to call a halt, because they are in a position to help pass the refusal of a raise to the next fellow.

Do not be in a hurry to husk your corn—it's too green yet—remember 1915, says a farmer who profited by leaving that corn crop in his field until December. Many tell us that the corn still needs several weeks drying on the stalk before it will be safe for the crib. Thousands of bushels of that corn crop sold to feeders as low as 40 cents the 100 pounds because it was husked and piled too soft. Old dame nature knew the best way to properly cure the corn crop, and what was true then is likely to be true now. Only weather conditions very unusual to this part of the state, warm and wet, will be detrimental to corn in the field, and that will be much worse for it in the crib.

The railroads are again asking an increase in freight rates. Will it be granted? Almost before their previous request was considered and denied their regular reports stated that the roads never before had enjoyed such prosperous business. Poorly as they have been managed, they had made more money than ever before. Now that the government is using them liberally and the people have business which keeps them running full capacity it seems a poor time to ask an increase of the tax they may levy upon the consumers. Enough is plenty these times. It has been proven that the government supervision now in force has been as beneficial to the railroads as to the public, and perhaps more so. We believe that more government supervision—even to the extent of ownership would be the best solution of the question. It is the people who make a railroad valuable as a monopoly, and the people should own the values which they create.

SOCIAL NOTES

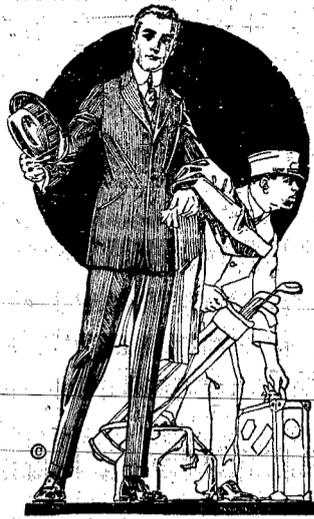

The Caterie met Monday afternoon with Mrs. A. R. Davis. Every member was present and the two new members, Mrs. W. E. Jenkins and Mrs. E. E. Fleetwood, were welcomed into the club. Mrs. Carroll Orr read an interesting article on "Early Christian Music" and Mrs. Frank Morgan read an excellent paper on "Music in the Home" emphasizing its effect on children. The program for the afternoon consisted of a musical selection by each member of the club, some of which were very original. Mrs. Paul Mines, with a mandolin and Mrs. W. E. Jenkins with a ukulele, especially delighted the club. Mrs. Frank Gamble will become a member of the club at the next meeting, which will be held at the home of Mrs. Don Cunningham.

The U. D. club members and their husbands were royally entertained at the J. H. Kemp home last Thursday evening. The gentlemen were invited with the understanding that they were to furnish entertainment, but they as usual, with an eye to their own interests, planned a very novel and interesting evening's program. Contests for the ladies with tempting prizes offered and the ladies fell into the carefully laid scheme and they really gave the program while their husbands spent one of the happiest evenings imaginable. A whistling contest in which Mrs. Ray Reynolds carried off the prize and a story telling contest in which Mrs. Wm. Morris starred were features of the evening's entertainment. Mrs. Kemp served delicious refreshments.

The Intermediate League of the Methodist church enjoyed a Hallowe'en party at the T. F. Bracken home Wednesday evening. About twenty-four young ladies were there and they report a splendid time. They went to the home in a body and were met at the door by a witch dressed in black. The house was lighted dimly with Jack-o' lanterns and the interior was made as spooky as possible with bats, owls and witches. Mysterious games were played and the time slipped by on wings and if the girls had troubled dreams that too was caused by the ghosts they saw. Refreshments were served.

The members of the Minerva club are requested to meet at 2:30 p. m. Monday afternoon instead of 3:00 p. m., their usual hour. The meeting will be with Mrs. F. S. Barry and the time has been changed on account of a longer program than usual. Mrs. E. E. Lackey will give an account of the convention at Omaha which she attended recently and the regular program will also be taken up. The Hallowe'en party which was scheduled for Monday evening is postponed until Tuesday evening at the home of Mrs. Harvey Miner.

The Rural Home club met with Mrs. V. L. Dayton Friday afternoon and the time was spent piecing quilt blocks for Red Cross work. There were two guests at the meeting, Mrs. M. L. Prester and Mrs. Amella Seace. Mrs. Dayton served a splendid two-course dinner. The next regular meeting will be November 23, with

Mrs. J. C. Forbes. A previous meeting will be held at Mrs. H. E. Claycomb's at which time the ladies expect to finish the work taken up for the Red Cross.

The Helping Hand society held a special meeting at the home of Mrs. Wm. Beutow last Thursday afternoon for the purpose of working on a quilt for the Orphan's Home and to collect potatoes for the Home. They had a very pleasant time and Mrs. Beutow served a dainty luncheon. They are getting a good response to their appeal for potatoes and feel grateful to the donors. The next meeting will be with Mrs. E. C. Perkins Thursday, November 8.

The Acme club met with Mrs. H. M. Crawford Monday afternoon. Mrs. J. G. Mines read an interesting article from a popular magazine and roll call was responded to with current events. The afternoon was spent making a quilt for the orphans in France. The ladies also voted to give \$10.00 toward the soldiers' Christmas box. The next meeting will be with Mrs. M. S. Davies.

At the home of Mrs. Ray Reynolds Friday evening the young ladies in Mrs. Paul Mines' class at the Presbyterian Sunday school were given a Hallowe'en party. Mrs. Mines and Mrs. A. R. Davis were the hostesses and judging by the reports received from the members of the class they were ideal ones. Hallowe'en games of all kinds were played and a Hallowe'en luncheon was served. The evening was greatly enjoyed.

Mrs. Fred Dean gave a party Friday afternoon in honor of her little daughter, Miss Lucile. Thirty young ladies responded to the invitations and a splendid time is reported. The time was spent playing Hallowe'en games and the home was very attractive with its beautiful Hallowe'en decorations. Mrs. Dean, assisted by Misses Ina Brayton and Florence Gardner, served a two-course dinner.

The Misses Imogene Fairchild and Arabella Stocking were guests of Mr. and Mrs. J. J. Ahern at a 7:59 dinner at the West Hotel at Sioux City, Tuesday evening. These charming debutantes were afterwards chaperoned to the convert's bench at the McCormack recital by Mr. and Mrs. C. H. Fisher.—Contributed.

The Ladies Bible circle held an interesting session at the home of E. B. Young Tuesday afternoon, and will meet at the home of Mrs. C. Clasen next Tuesday afternoon. The young ladies circle will meet at the home of Miss Charlotte Ziegler this week. All are welcome to these meetings.

The Shakespeare club will meet with Miss Fairchild next Tuesday, November 6.

Zarathustra Club Entertains—Miss Mack's home was the scene of a lively Hallowe'en party Saturday evening last when the Zarathustra club entertained the students and faculty of the Normal. Dressed in sheets and pillow cases the guests were taken up a ladder to a second story window where they were ushered into a room decorated in black and white where various stunts were pulled off. In a room entirely in red, white and blue, Uncle Sam and a Red Cross nurse were operating on the Kaiser. They found a yellow streak, a bag of galls, two gizzards, a bottle of beer, a dish of sauer kraut, but narry a heart. One room entirely in black held many mysteries.

The world has long talked of a world war. But did anyone really suppose that there would ever be so nearly a literal fulfillment of the idea of a world war? Yesterday's published summary of the line-up of the world at the present moment shows the number of people under the flags of the central powers to be 177,000,000, of the allies, 1,342,000,000 a total of 1,519,000,000 people involved in the war. The total population of the world is about 1,691,000,000, so that approximately nine-tenths of the people of the earth live under governments which are at war. There are 40,000,000 more whose governments have broken relations with Germany. Germany finds itself opposed by practically the whole world. And for the life of it, it can't see why?

It pays to advertise in the Democrat

We imagine that some of our men readers smiled when they saw that resolution of the W. C. T. U. asking that as there were to be wheatless Tuesdays and meatless Fridays that there should also be smokeless Wednesdays and spitless Saturdays, or words to that effect. The women evidently intend to give the men wheat and meat all the time and deny only themselves, which will be real thoughtful and also allow the men to smoke and spit and be patriots more than ever, for the government gets a big revenue out of tobacco and every man who does not smoke and chew and then spit is a slacker and not doing his bit. CLASSIFICATION OF MEN SUBJECT TO DRAFT

President Wilson has approved the new draft regulations which will be promulgated soon to govern the selection of the remainder of the registered men for the national army. The new plan aims to classify each of the 9,000,000 not yet drafted in his place in the national scheme of defense and to postpone the drafting of men most needed in war industries and those having dependents. To every registered man a questionnaire will be sent for him to fill out and return to his local board. Upon perusal of the questionnaire, he will be assigned to one of five classes. If he is dissatisfied with the position assigned him by the local board, he has the right of appeal to the district board to change his status. Class number one, the first from which the armies will be drawn, will include all physically fit men who have nothing to keep them from serving. Class number two will include those less fit or those engaged in an industry necessary to the prosecution of the war; class number three, those less fit or highly skilled operators; class number four will contain men who should be the last to be taken. Class five will be known as the "discard class" and in it will be placed those wholly unfit for military service, either on account of total physical disability or indispensability to the government in other service. The local boards will immediately compile a list of all registered men under their jurisdiction and to each of these they will mail a questionnaire resembling a very rigid cross examination. Men will be allowed seven days in which to return the questionnaire to

the board, which will immediately assign them to their respective classes. Each man's draft order number will be entered on his questionnaire and will determine his order in the class columns at the local board headquarters. It is emphasized that the 687,000 men already drawn will not be affected by the new regulations. The needs of the government are the first consideration and the men now drafted are considered necessary to the military service. All those who have been exempted, however, will be questioned and assigned to their classes along with the registered men who have not been called as yet. In drawing men for service class No. 1 will be exhausted; the other classes will follow in their numerical order. If a man is called for physical examination and turned down on account of total disability he will be assigned to class five, which probably never will be called out. By the time the selection begins, it is emphasized, all will have a chance to appeal to their district boards for assignment to a liable class. This is expected greatly to facilitate the quick drawing of men as the needs of the government dictate.

THE CORN HUSKING PROBLEM

Just now there is a large number of men traveling thru this part of the country lured here by wild tales that Wayne county farmers were paying 10 and 12 cents for corn husking. The fellow who is always looking for greener fields is much in evidence. At the end of a corn husking season the fellow who sticks to a 6 or 7 cent job will have more money than the fellow who travels the country over looking for the 12 cent job. One farmer said: "At the price corn huskers are demanding it stands us farmers in hand to do as much of our own picking as possible. I, for one, intend to gather all my corn alone and I think if all the farmers would join a club and refuse to pay over 8 cents and board they would win. This talk of high prices is all right in its place but it costs the farmer more in proportion to board his help so I don't see why we, as a class, should always be the fellows to get it in the neck."

MAIL PACKAGES TO THE SOLDIERS EARLY

Christmas packages for the soldier boys should be mailed before November 15. Packages should be wrapped so as to permit easy inspection by the postmaster. MADE IN NEBRASKA

That should be a good trade-mark to guide people who are loyal to home industries in their buying. Just now the columns of the Democrat are carrying two advertisements of Nebraska made products, and we do not have to apologize for either of them. One is the "Wireless" broom from the factory of the Lee Broom and Duster Company at Lincoln. Their Zeda Lee broom is one which once tried is always wanted. This firm has spent years in perfecting machinery to make a perfect broom, and it is a satisfaction to people of the state that they now have the largest independent factory in this country, and make a broom equal to the best. Their little advertisement will tell you more about their brooms than we can, and the broom question is now a live question in each home.

The other Nebraska products advertised are also put into shape at Lincoln, and the raw material is grown in all parts of the state. They are the products of the Gooch Milling and Elevator Company, and consist of pancake flour, Wheat Hearts, a prepared breakfast food, a line of Macaroni products put up in the latest and most convenient forms for use of the housewife who wishes to provide the family table with this health-giving food. Nebraska farms grow the wheat for this food product. They also make real flour from which the best of bread may be made and last but not least in the opinion of many, comes a "Buckwheat Flour" made from a careful blend of buckwheat and wheat flour, a combination well calculated to please many people who delight in the flavor of buckwheat, but cannot take it unadulterated without too much exercise. This flour makes a self-rising cake. Watch their advertisements for the next few weeks, and ask your grocer for a Nebraska grown and manufactured article, for it is the best.

President Hurlbert of the Merchants Loan and Trust company of Chicago, thinks the farmer has been pampered by politicians until he feels he is a privileged person. Mighty little the politician has ever done for the farmer except to double-cross him. The farmer may not be buying liberty loan bonds as readily as would seem possible but Nebraska farmers at least are furnishing a good share of the fighters. Few farmers asked for or received exemptions in comparison with men of other occupations. Bunkers like Mr. Hurlbert might be less ready to give did they work as hard and receive as little for their efforts as does the average farmer. The farmer for the first time in history is receiving something like just return for his products and everywhere we hear more about the prices paid them than about the millions of unearned profits that have been made in other lines.—Mrs. Weekes Last Word.

AFTER THE WAR

Mr. Bryan never said a truer thing than this:

"When the boys come back, if they have lost a limb or an arm, if they come back shattered in health and feeble in body, the loved ones at home will nurse them back to strength and they will not complain. But if they have yielded to temptation, if their spiritual life is dead, if they come back with lower ideals, the hearts of mothers and fathers will be broken."

It is said that French and British troops are sensitive because they do not think their sacrifices through three long years of war are fully realized by the confident and boastful Americans who are pouring off the transports. "You are wrong when you say you have come to win the war," they say to the Americans. "You have come to finish it, but only to help win it."

Nowhere in America do the people fail to give the British and French and the other allied troops full meed of credit for their matchless bravery and unparalleled fortitude under suffering. America is willing to pay the same price. We are willing to see our dead. But there is one price which Britain and France have paid which we will not pay. The toll taken in the British and French armies by syphilis, gonorrhoea, and drink will not be taken in the American armies without a hurricane of indignation from Maine to California, and from Florida to the Dakotas.—Ex.

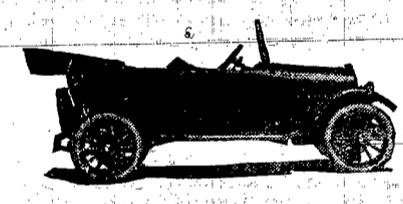

WAR NOT TO LAST LONG

The war is not going to last very long in the opinion of several Cedar county daddies who base their belief on an old adage which is supposed to indicate that more boy than girl babies are born during war times. Statistics are said to support this view, which is explained as an effort of nature to maintain about an equal number of both sexes.

The three men who have expressed doubts of the correctness of this claim are Tom Cunningham, Tony Buschelman and Rudolph Meier. They claim to have absolute evidence to the contrary and are passing the cigars to numerous friends over the arrival of a musically inclined young lady at each of their homes, who by her actions indicated that she intended to make that her permanent abode.—Cedar County News.

MAXWELL

Most Miles per Gallon Most Miles on Tires

\$745
F. O. B. DETROIT

These are visions—now and then—in business and industry.

The Maxwell motor car is a wonderful vision that has been made real.

The fixed purpose of the Maxwell builders was in the beginning, and is now, to produce a car which would be, in the highest sense, efficient, durable, economical, comfortable and standard in equipment.

Many years experience in production on a vast scale has taught the Maxwell manufacturers two things.

One is that such a car as they have always made their aim—a car in which efficiency, durability, economy, comfort, beauty and standard equipment are all present—cannot be built for less than \$745 with materials at their present prices.

The other lesson is that, for more than \$745, they could not give you anything more than the Maxwell now has—except greater size or luxuries, pure and simple.

In other words they are convinced—and they have convinced us—that they have found the great MIDDLE LINE where you get dollar for dollar in ABSOLUTE VALUE.

(Rev. Fletcher J. Jordan, Pastor)
The ordinance of the Lord's Supper will be observed next Sunday morning. The morning worship will begin at 10:30. After some brief remarks by the pastor we will go directly into the other service. Let us be present at this service and commune with God.
Sunday school meets at 11:30 a. m. Classes are provided for all who come. Strangers are always made to feel at home in our school.
The regular evening worship at 7:30 with sermon. If you enjoy singing the good old gospel hymns come into the service next Sunday evening. B. Y. P. U. holds its devotional meeting each Sunday evening at 6:30. The topic to be considered is entitled "Perseverance" and the leader is Robert Kennedy. If we wish to grow in grace and the knowledge of God let us be faithful to this very helpful organization.

The northern Baptist convention is calling the attention of the churches to make the week between October 28 and November 4 what is known as "Mobilization week." The motto is an efficient church. We should be

Baptist churches increase the devotional atmosphere, the evangelistic passion, the educational ideal, the missionary spirit and the sacrificial life. Also we should have a greater social outreach and in the last place manifest more of the spirit of fraternal sympathy.
The general public is cordially invited to all these services of the First Baptist church.

St. Paul's English Lutheran Church

(Rev. J. H. Fetterolf, Pastor)
Sunday school convenes every Sunday morning at 10 o'clock. No better opportunity is offered to old and young for the study of the Word than in the Sunday school.
Public worship with sermon at 11 a. m. and 7:30 p. m. At the morning service the pastor will begin a series of sermons on "The Ten Commandments in the Light of New Testament Teaching." These sermons should prove interesting and profitable to all. If you hear the first one you will want to hear them all. The evening sermon will be the third on the book of Esther: "Fidelity to Principle."
Luther League meets at 6:45 and the subject is "The Significance and Benefits of the Lord's Supper." Julius Hurstard will have charge of this service.

The November meeting of the Missionary society will be held at the home of Mrs. Ziegler—Miss Caroline Ziegler is the leader.

We commend the Teacher Training class to all the workers in the Sunday school. Those taking the course are enthusiastic in its praise. The study hour is every Tuesday evening in the pastor's study.
The spirit of helpfulness has shown itself in the willingness of the ladies to help provide for the orphans at Tabitha Home at Lincoln. Last week they shipped 290 quarts of canned fruit to that institution of mercy. The home expresses its gratitude to the donors.

Presbyterian Church

(Rev. S. Xenophon Cross, Pastor)
A joint meeting of the Board of Trustees and Session of the church is called for next Sunday afternoon at 2:30 o'clock. It is desired that every member of each body plan to be at this meeting.
The theme for next Sunday morning's sermon will be "That Mystery of Iniquity." There will be special music under the direction of Mrs. A. R. Davis. All are cordially invited to attend all our services.
Plan to attend the workers' "Conference" at the church next Wednesday evening at 7:30 if you are interested in the work of our Sunday school. All officers, teachers and other friends of the school are urged to be present.
On next Sunday evening at the 7:30

hour, we plan to begin a new series of sermons on "The Signs of the Times." The theme for the first discourse will be "Transformation." Every church member should be moved with patriotic fervor.

The Y. P. S. C. E. meeting at 6:30 on Sunday evening will be a consecration meeting. The topic will be "Perseverance." This meeting will be a good prelude to the evening patriotic service. The young folks are always pleased to have friends visit the society.

Remember the Thanksgiving bazaar coming. The ladies are busy in preparation. This organization is doing a great work and should have every encouragement.

Methodist Episcopal Church

(Rev. D. W. MacGregor, Pastor)
Rev. E. J. T. Connelly of Norfolk will preach next Sunday morning. Dr. Connelly is considered one of the great preachers of the conference. Come and hear him.
Sunday school at 10 a. m. This is a special service for all members of the school. Don't miss it.

The pastor will preach in the evening service at 7:30.
Epworth League will meet at 6:30 p. m. and the Intermediate League at 6:30 p. m. Boy Scouts meeting at 6:30 p. m.

Come to our services, you will be welcome.

Halloween social Friday evening in the basement parlors. A fine program and refreshments. Young people come, and ye of the older years come.

The W. H. M. S. will meet with Mrs. Roe Thursday afternoon.

Professor Britell delivered a fine address Sunday evening in the absence of the pastor, it was greatly enjoyed by all present. Thanks Professor for your assistance.

Come and worship with us.

German Lutheran Church

(Rev. Rudolph Moehring, Pastor)
There will be no services at this church next Sunday, as the pastor is to preach at the Winside church at 10:45 in the morning. Following this service the Sacrament of the Altar will be administered.

The Sunday following this solemn service will be given at the Wayne church, and the members are requested to remember this.

THE CORN HARVEST

The editor has been offered a place in the corn-shucking brigade on a farm near Wayne. The farmer promised board at least as compensation, and said that he was going right home and kill a thrifty shoat, and when I had husked for an appetite the hungry feeling would be allayed.

Corn huskers appear to be quite plentiful about here these days. They come and go—ebb and flow, as it were. Some want work—others want 10 or 12 cents a bushel. Some go north, others south or east. The facts are, Wayne county corn is not yet fit to crib, if we may believe the report of those who have gathered a little and quit until it is better dried. The price paid here seems to be about 7 or 8 cents a bushel. The man with an elevator sometimes getting help at the 7-cent rate.

The experience of the farmers two years ago, when corn was soft, is that those who left it in the field until the middle of November or the first of December, really got better results than those who gathered earlier. Corn is a good crop this year in quantity, and may be not the best in quality. The August and September weather was not the best for maturing corn. Conditions now must be taken as they are and no one should fall to do the thing in harvesting the crop which will save the greatest possible amount of it in the best possible condition. Let us know when that pork is ready.

"SALVAGING" SKIM MILK

"Divert the skim milk from the porker's trough to the table"—this is the plea of the dairymen, who are urging that more skim milk be used for human food. How this may be done is described in Extension Bulletin No. 47, "Farm Cheese-Making," just issued by the college of Agriculture. This bulletin explains that the process of making cheese is so simple that it may be carried on in the farm home. The methods of making cottage cheese, buttermilk, Neufchatel, pimento, club, American, skim milk, and primost cheeses are fully described. For free copies of this bulletin, address the Bulletin clerk, University farm, Lincoln, Nebraska.

Rev. Bing Injured

Rev. G. M. Bing and niece, Miss Edna French, of Laurel, were badly injured, Miss French quite seriously, last Saturday in Sioux City when Rev. Bing's car was struck and rolled over by a big car being driven at a rapid pace by R. I. Beaty, a Sioux City contractor. The accident happened shortly after they had left St. Joseph's hospital, where they had left Miss Adine Bing, who underwent a

LIBERTY BOND VERSES

A teacher at the training school asked pupils of the 5th grade to write a verse about liberty bonds and their sale, and here are three of the verses which are pretty good:

Liberty Bonds

Liberty bonds are here to stay,
We buy them to keep the Germans away.

Liberty bonds the way we buy,
Will surely make the Germans cry.

—Neva Lackey.

Buy a Bond

"Buy a bond," said a man one day,
"To fight for your country all the way,

And stop the bullets that comes their way,

In the trenches where they lay.

So buy a bond to help them say,
"God Bless Old Glory" all the way."

—John Harmer.

Liberty Bond

Oh, buy a liberty bond
For the country that you are so fond,
For the boys who shoulder the gun,
Maybe one of them might be your son
Then you will get the kaiser's goat,
And sink the old tormenting U-boat,
For the aviators that leave town,
To bring the kaiser's Zeppelin down,
So buy a bond,
For the country you are so fond,
To help send the boys o'er the sea,
To fight the battle for you and me.

—Irene Huggins.

FREE TO CANCER SUFFERERS

A new book on cancer has just been published by Dr. O. A. Johnson, Suite 530—1320 Main street, Kansas City, Mo., which shows how cancer is being treated by a combination medical treatment which proves most effective. There is no longer any question or doubt about the successful treatment of most kinds of cancer if taken in time. Absolute proof of this treatment can be verified by living witnesses who were treated three to seventeen years ago. Write today for this valuable book. It will be sent free for the asking.—a-44.

Instant Action Surprises Many Here

This grocer's story surprises local people: "I had bad stomach trouble. All food seemed to sour and form gas was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler's 'ONE SPONFUL' astonished me with its INSTANT action." Because Adler's "ONE SPONFUL" flushes the ENTIRE alimentary tract, it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. The Nation's Telephone Needs

Must be Met First

Since the beginning of the war, the government has been using a great deal of telephone service and equipment, and many of our skilled men have gone into the army signal corps.

Government requirements for telephone service, for equipment and for men have had the right-of-way over all private requests.

We can perform our full measure of service to the nation only when we meet the government's needs first for telephone service, for equipment and for men.

Coal Costs too Much

When you need a little extra heat about the house, light a Perfection Heater instead of starting an expensive coal fire. The Perfection warms the spot or room you want heated for much less than coal costs and without the dust and dirt. Burns eight hours on a gallon of kerosene.

It is clean and dependable; costs little and lasts long. Can be carried from room to room more easily than a small chair. At hardware, furniture, or department stores. More than 3,000,000 Perfection Heaters in use.

For best results use PERFECTION Kerosene.

SCHOOL NOTES

The first interschool basket ball game of the season will be played on the home floor tomorrow evening at 8 o'clock between Wayne and Winside. An admission of 25 cents will be charged.

Miss Alma Blandin, district home demonstration agent addressed the high school Tuesday afternoon on "What High School Students Can Do to Aid in Food Conservation." Among other things she suggested self denial in the use of candy, ice-cream, and gum; aiding the mother in her efforts to conserve by eating uncomplainingly wheatless and meatless meals; and by guarding carefully against waste.

Quarterly examinations are in progress this week. Reports will be issued soon. Parents should give cards careful consideration, and where it seems advisable, confer with the teachers.

As many children seem to be suffering from eye strain, throat trouble, defective teeth, and like ills, plans are being considered for conducting a medical examination in the schools.

The following musical program was given yesterday afternoon in the high school assembly room: Violin solo, Mary House, accompanied by her mother, Mrs. J. T. House; two vocal selections by the girls' quartet composed of Faunel Senter, Dorothy Jones, Martha Crockett, and Madeleine Bohner, accompanied by Winifred Main; Victrola number, John McCormack; piano duet, William Goldsmith and Mrs. J. T. House. Efforts of the executive committee would be appreciated if such programs were of more frequent occurrence.

Miss Ruth Ingham visited the high school yesterday.

We will be very busy and you can avoid a lot of inconvenience by having your sittings made now before the rush starts. C. M. Craven.—adv.—44-1f.

The Halloween season was fittingly observed in and around Wayne. Ghosts and goblins walked until far into the night Wednesday evening and many Halloween parties were held. The young folks were watched too closely to play any very bad pranks but they called at various houses dressed in the ghostly garments and some of them would make the "Grey Ghost" envious.

HOLLOWEEN SOCIAL

The Royal Neighbors gave a very successful entertainment in the I. O. O. F. hall Wednesday evening. The hall was crowded and the program charged but after the entertainment a cafeteria luncheon was served of sandwiches, doughnuts, pumpkin pie, pickles, coffee and cake. The whole evening was enjoyed by a large crowd and they have many favorable comments to make and say the good time they had was only the usual way the Royal Neighbors entertain. \$36.00 was taken in for the luncheon and this amount will be the ladies gift to the Red Cross.
