ESTABLISHED 1884.

WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, FEBRUARY 14, 1918.

\$1.50 PER YEAR.

## HOME GUARDS ORGANIZE 170 STRONG AT WAYNE

Monday was Home Guard day at Wayne, when the first meeting was held to start an organization at this place. We may have been a trifle slow in starting, but now that we are on the way we are coming with great strides. Under direction of the Public Service Club, Paul Harrington took the matter up individually with the citizens, and with a number of assistants secured a list of names and arranged for a meeting Monday afternoon. The Carroll Guards kindly offered to aid in making the meeting a success, coming with a band and 60 men in uniform. The meeting was held at the college gymnasium, and was really the first public gathering in this magnificent room, tho the college people have used it on several occasions for some of their gatherings, and the college boys an hundred strong drill there, for they have organized a most excellent company of students, and are equipped with uniforms and "Roosevelt guns."

Both Carroll and College companies gave excellent drills to a gallery full of interested spectators. Then the Wayne organization was completed.

The work of securing additional members is going forward, and the roster is at the Phillo-Harrington lumber yard office for all who wish to add their names to those below, and thus be in good company. In order to reach the excellent material in the country all about Wayne, for the farmers are as much interested as the town people and as patriotic, Wm. Assenheimer has a copy of the pledge for territory in vicinity of Altona, Geo. A. McEachen for territory west of Wayne, W. R. Buetow for those north, and papers will be placed east of town and the old LaPorte neighborhoods. Be a patriot, hunt up the list in your vicinity, or call and sign when at Wayne.

Below we give some of the questions and answers, which tell the object of the movement; and also the oath subscribed to by the Wayne county organizations:

This is a partial copy of the Rules and Regulations governing Home Guard organizations as sent out from the Governor's office at Lincoln.

What is the purpose of the Home Guard organization?

To organize the men of each community who are able to enter active duty with the federal forces for the protection of the home and the preservation of the peace of their immediate community.

What are its duties?

To become a well drilled organization which, through persuasion, example and, if need be, force can aid the successful prosecution of the war by bringing each individual community in accord and sympathy with the aims of the nation.

Where and when are Home Guards subject to duty?

Within their immediate community only, and when the organization volunteers its services.

### The Oath.

I do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of Nebraska, that I will bear true faith and allegiance to the same and that I will earnestly and faithfully serve the People in the capacity of a Home Guard, so help me God.

## WAYNE BOYS APPRECIATE REMEMBRANCE FROM HOME

That our Wayne county soldier boys warmly appreciated the thoughtfulness of the folks at home who contributed to the financial success of the moving picture "The Spy" is well shown by the expressions in these boys who are now stationed in all parts of the country. They appreciated the money sent them for the comforts it would buy but mostly they appreciated the fact that they were remembered by the home folks. A few extracts from some of the letters received by the Public Service Club are quoted here and they serve to show that we ought to do more for them when they appreciate this modest effort so highly.

"On behalf of the members of C Battery, 127th Field Artillery from Wayne county, I wish to thank you, the Public Service club, for the checks received today. It was a pleasure to know that the people back home are behind us and hope if we get 'over there' that you will in no way be ashamed of us as men from Wayne."

"Received your letter and check for \$3.50 and am very grateful for both. Your organization appeals to me as doing a mighty fine thing, and I assure you that I appreciate the spirit and energy as well as your sacrifice in what your organization is doing for us who are in service."

"It was with much pleasure that I received the letter from the Public Service club, and I want to thank you very much for the check for \$3.50. Little things, no matter how small, are appreciated by us soldiers, but \$3.50 makes one of us feel like it was pay day."

"We would like to tell you something of the army actions but it is prohibited, so will have to discontinue this part of the letter, and in closing wish to thank the people of Wayne county for the interest they are taking in their soldier boys, and may they be the brave, honest boys that the people at home think they are, and uphold the honor of Wayne county in the fight for humanity."

"I want to say I certainly was happily surprised when upon opening the envelope I found a check enclosed for \$3.50. No doubt but what I will find some handy article which I will need from time to time, and which I otherwise would not have gotten if it were not for the fact that the good people of Wayne still think of us soldier boys occasionally. Again thanking you most heartily for the kindness shown."

Letters containing this money and addressed to the following boys have been returned to us because the boys had changed their location and left no forwarding address.

Lester Geo. Fogel, Walter Dragen, Fred Herman Green.

Leave address with, J. J. Ahern, Public Service Club.

## WAYNE WINS OVER WINSIDE AT BASKET BALL GAME

Wayne High School basket ball team went to Winside last Friday evening and won a game over the High School team of that place by a score of 43 to 33. The team at Winside had been making marked improvement in their playing since the last previous game with Wayne, and did some good playing. The first half ended with Wayne 18 to Winside 13 which was a fair showing for both teams. The Wayne boys felt a bit cramped, having been used to a larger room, and this interfered with their team work and signals, and then it was their first game for several weeks, and they will need practice if they are to compete.

Winside boys tried many long shots in the last half and succeeded in making a number of good ones.

## WESTLUND-GILDERSLEEVE

At the English Lutheran church, Tuesday, February 12, 1918, Mr. Harold Gildersleeve and Miss Gladys Westlund were united in marriage.

Rev. Petteroff officiating. Miss Kate Scott and Mr. Thomas Fox accompanied the bride and groom as witnesses. The bride and groom left on an early train for Omaha where they will spend a week with friends, and then be home on the Miner farm a mile south of Wayne. Both bride and groom are well known and highly respected by all in this their home community. The bride is the daughter of Mr. and Mrs. Magnus Westlund and the groom is a son of Mr. and Mrs. A. E. Gildersleeve, about five miles south of Wayne. Congratulations.

## WHEN WILL MORE MEN BE CALLED TO CAMP?

That is a question which cannot be answered here now. Wayne county has yet four men to go to complete her 85 per cent of the first quota, and the men are ready and have been for two or three months, and C. W. Reynolds of the local board tells us that they may be called at any time. But it is his advise to men in the last 15 per cent of Class I to keep right along with their regular work, as there is yet no more than rumors of a call at any date in the real near future. It is well to wait, work and watch, for the call when it comes will probably give men notice enough that they can then make their final arrangements for leaving.

## SOCIAL NOTES

The Woman's club met with Mrs. Wm. Beckenhauer on Tuesday afternoon, the president, Mrs. C. W. Hiscox, presiding. The members responded to roll call by answering, "How Can I Make my Kitchen More convenient." The parliamentary drill was led by Mrs. Donahey. Red Cross magazine by Mrs. Richard Helt. Mrs. Burrett Wright had for her subject "Rooms and Their Arrangement." Mrs. R. N. Donahey on "Kitchen Furnishings." Discussions of the following subjects were taken up by Mrs. Wm. Beckenhauer: What size kitchen do you recommend? What floor covering have you found to be most satisfactory? How does the arrangement of furniture influence the number of steps taken in the kitchen? A very interesting musical number was given by Mrs. Helt. This club is doing some very commendable work, the members having made and sent in two dozen hospital garments in the past two weeks. They have also donated 40 white hand hemmed towels of excellent material. The club adjourned to meet this afternoon with Rev. and Mrs. D. W. MacGregor when the ladies will entertain their husbands at a valentine party. Dinner will be served at 6 o'clock, the decorations and the menu will be valentine suggestions.

The College Community club divided in six groups, consisting of Terrace, Kingsbury, North, East, West halls, down town and faculty. The East and West halls entertained Saturday evening.

The program was as follows: Song, "Canning the Kaiser" by the gang; Court scene and trial, Miss Grindstone arrests Harry Schanz for neglecting to seek her company. Such times. Jury was selected from the group of girls. I. B. Swich (Leslie) acted as the judge. Prof. Brenaman as court reporter, Mr. Mums as the sheriff, Mr. Hering as the prosecuting attorney, Mr. Penn as defendant. No verdict was given, but the trial was very much appreciated by a large crowd. Next on the program was "A plea for Enthusiasm" by Mr. Hering. Then a boys' dormitory scene was given. It was in three scenes as follows: Just before supper; Preparing for a feed; Eating the feed at midnight, during which some unnecessary noise was made which awakened the preceptress who soon came to quiet the row. This little playlet was very pleasing and was no doubt especially so to those who are constantly enjoying "feeds." The young folks then went to the gym where the remainder of the evening was spent in folk dancing. Partners for the games were secured by the young men giving their hearts away. As the lights twinkled the crowd joined in singing "Keep the Home Fires Burning."

The Minerva club met Monday, at the home of Mrs. J. T. House. Mrs. Harvey Miner was the leader of a very interesting lesson on "Women in Medicine and Surgery." The many Red Cross nurses who are serving in the great war received due comment. At the close of the lesson Mrs. J. R. Armstrong and Mrs. Lou Owen combined their "specials" and "doubled their quota" in the amount of pleasure they furnished the club. The two ladies took part in an animated Hooverized conversation during which Mrs. Owen read an original poem truthfully portraying the strongest characterizations of each member of the club. It was well written and splendidly delivered. With Mrs. Armstrong at the piano she and Mrs. Owen closed this part of the program with a delightful vocal duet, "Genevieve." Mrs. E. E. Lackey read a request from the State President urging that as far as possible the club work and war work be combined. The club will meet February 25 at the home of Mrs. Geo. Fortner.

Last Saturday afternoon Mrs. Scofield, superintendent of the Cradle Roll of the Methodist church entertained at a valentine party from 2:30 to 5:30. The guests were "Little Mothers" who have been appointed to assist in the distribution of birthday, Christmas and Easter cards. Also to visit the sick babies and to solicit now members. There are twelve of these little mothers and each have charge of all the babies born in a given month. The afternoon was spent in making valentines for the little ones and in playing games. A very splendid time was enjoyed by all. The hostess served a delicious two course luncheon. The "little mothers" are: Frances Beckenhauer, January; Mabel Britell, February;

## GABRIEL TASELER IN JAIL FOR ATTEMPTED MURDER

In a Hold-up Last November He is Alleged to Have Shot Wm. Hern And Robbed Bridge Gang

### IS THINKING IT OVER IN JAIL

Last Friday Sheriff Porter was called to Pender to bring to this county for trial Gabriel Taselet, who is charged with shooting with intent to kill one Wm. Hern, on the 25th of November last, with the purpose of committing highway robbery.

Most readers will remember the incident, when Wm. Hern and John Budwitz, with whom he had been working were held up while returning from their work just at dusk. Mr. Hern recognized their assailant, and did not throw up his hands as ordered, and was shot, the bullet entering the abdominal cavity, glancing from a rib and passing thru the stomach and lodging in the back. Hern was taken to the local hospital and soon recovered, and has since been working again for the bridge people.

The assailant made his escape in the gathering darkness, and was not apprehended until last week, when some one was accused of burglarizing a store at Pender, and Taselet was taken in at Bancroft for that work, by the marshal at that place and given a place in the jail at Pender. Here he was recognized as the man wanted here, from his close resemblance to the picture of that man, and as Hern and his foreman were working near, they went to the jail upon hearing the suspicion, and at once recognized the prisoner as the man who had worked with them, and then tried to do them. Mr. Hern is now here waiting until the prisoner is given a hearing. The prisoner maintains that he is innocent, and that it must have been a case of mistaken identity if they shot he turned highwayman after ceasing to work with the bridge men.

## ARRESTED AND CONVICTED FOR VIOLATING HEALTH LAW

Joseph Ludwick, living south of Winside now realizes that the laws governing contagious diseases must and should be observed. He was brought to court on a charge of failing to report to authorities for quarantine a case of small pox at his place, to which he plead guilty, and was fined.

The county attorney tells us that he considers such neglect and violation of law one of the worst of crimes, endangering the health of an entire community, and perhaps causing death, and he cannot look with any degree of leniency on such cases, and he is right in the matter. Our health laws may seem to work a hardship, but they work less hardship enforced than ignored.

## FIRST HOME GUARD MEETING

At the city hall, February 19 at 7:30 sharp there will be a meeting of the Home Guards. All members and any men who are 18 years old and over who wish to join, are requested to be present and participate in these first squad drills. It is essential that as many as possible who desire drill instruction should be present at the start as it is solely through your cooperation and attendance that this organization can be made efficient and successful. We wait everyone in the town and country to take this drill and EVERYONE is welcome to make a start in the right direction by being present on Tuesday evening. BE PROMPT, as promptness is one of the first things insisted upon in a military organization.

PAUL L. HARRINGTON, Capt.

## LOCAL BOARD FINISH CLASSIFICATION OF REGISTRANTS

County Clerk C. W. Reynolds tells us that the local board has finished its work of classifying the men who registered in this county with a few exceptions, perhaps where the changing of some of the men has made it impossible to get their papers to them and back again. Until the district board passes upon the appealed cases the local board can give no figure that are dependable as to the number in the different classes.

In addition to the final report of the local board the Democrat today carries a list of the men classified by the district board where appeals have been taken. Other lists of these names will come from time to time until the cases appealed have all been disposed of in some manner.

## Party For Lieut. MacGregor

A shower and six o'clock dinner was given in honor of Lieut. W. E. MacGregor of Houston, Texas, by Mr. and Mrs. W. J. Rennick Monday evening.

A three course dinner was served. The table decorations and favors were red, white and blue. The center piece consisted of the U. S. flag with dillies arranged effectively. Also a miniature suit case tied with red, white and blue ribbons and flags each side. Four candle-sticks with red shades completed the table. After dinner the lieutenant was asked to open the suit case, which to his surprise, contained articles necessary to army life, such as a helmet, socks, wristlets, etc.

The evening was spent in music and visiting as this was the first family re-union in four years.

Those present were: Lieut. MacGregor and wife of Houston, Texas; W. N. MacGregor and wife and son of Blair; Mr. and Mrs. H. D. Burn and children of St. Edward; Rev. and Mrs. D. W. MacGregor and Albert MacGregor of this place.

Mrs. R. B. Judson entertained sixteen little girls Tuesday evening in honor of her daughter, Pauline's 12th birthday. The girls played and sang songs and games. At six o'clock Mrs. Judson served a delicious luncheon on small tables. The decorations and place cards were pink and white. The most pleasing feature was a large white birthday cake with twelve pink candles. When luncheon was over they formed a theatre party and went to the Crystal and enjoyed "The Little Princess." The young ladies spent a very enjoyable evening and wish Miss Pauline many happy returns of the day.

Douglas King Chapter D. A. R. met with Mrs. Homer Scaze Saturday afternoon. Mrs. Carroll Orr gave a paper on "Present Work of the Red Cross." Mrs. A. Kostomlatsky was chosen as regent alternate to go to the National convention of D. A. R. in Washington-D. C. in April. Mrs. Mines and Mrs. Kostomlatsky were chosen as alternates for Mrs. J. Woodward Jones and Mrs. E. W. Huse for the state convention to be held March 16 at Beatrice. The hostess served light refreshments. The next meeting will be with Mrs. Mines, March 9.

Miss Opal Robbins gave a miscellaneous shower for Miss Kate Scott Friday evening at the Robbins home. Hearts were used for decorations and the evening was passed playing games and much mirth was in evidence. An excellent lunch was served, and the bride-to-be received numerous presents. Tuesday, February 12th, 1918, Miss Scott and Mr. Thomas Fox were married at Pender, and from there went to Omaha for two weeks visit. They will be at home about March 1st on a farm near Gregory, South Dakota.

Tuesday was the 55th birth anniversary of Mrs. Wm. Lue, and the ladies of the German Lutheran church came to their pleasant home to help her celebrate the event in proper shape. There was no lack of good things to eat, and a most jovial time. Numerous presents attested the esteem in which this good woman is held by her neighbors, and when the parting time came all expressed their well wishes for her continued health and happiness.

The O. E. S. held their regular meeting Monday evening. After the routine work they enjoyed a social hour. Miss Mack gave a reading and games were played and a very good time is reported.

The W. C. T. U. have postponed their meeting this week on account of the meetings at the church. They will meet with Mrs. Chas. Hiscox Friday, February 22.

Mr. and Mrs. Walter Weber will entertain the Early Hour club this evening at a six o'clock dinner. The evening will be spent in playing 500.

The Coterie met at the Red Cross rooms Monday afternoon and made surgical dressings.

The Central Social Circle meets today with Mrs. R. R. Smith.

# Coming to Wayne, - Cal Stewart & Co. Uncle Josh, Himself

The event of the season will be Cal Stewart, Author, Poet, Lecturer and Actor. Mr. Stewart's literature has appeared in current magazines, the daily press and scenarios. He is the best known and best liked rural comedian of the country. A man whose name is a household word. A man of whom the phonograph people have sold more of his records than any one man living or dead. A man who has entertained and been entertained in every large city in the world. The management has secured Cal Stewart & Co. at a very large expense and is giving the public one of the best entertainments to appear here this season. See him at the

## Wayne Opera House, Wednesday, February 20th

### LOCAL AND PERSONAL

Dr. White, Dentist, Phone 307, residence phone 300. adv.-50-1f. Atty. Hendrickson went to Omaha on a business trip Friday.

E. H. B. Tremahn went to Sioux City Friday on a business trip.

Mrs. M. T. Munsinger and daughter were Sioux City visitors Friday.

Mrs. V. L. Dayton went to Lincoln Friday to visit at the home of her parents.

J. L. Reel went to Sidney Friday, accompanying W. L. Chichester as he was returning to that place.

Next year wool and coatings will be higher. Buy that coat now at Mrs. Jeffries at cut prices. Adv.

Miss Beaver of Alliance has accepted a position as stenographer at the Radio Round Incubator factory.

Mrs. Ed. Weible and children came Friday from Burke, South Dakota, to visit at the home of her parents; Mr. and Mrs. Gus Wendt.

John Gettman was here from Carroll Tuesday, coming down with his brother, Henry, who has been visiting here from Washington state.

Miss Laura Thompson accompanied by her friend Miss Pearl DeWitt went to Concord Friday to spend the weekend with Miss Thompson's home folks.

Mrs. Jeffries has a few of her winter coats left. They will go at greatly reduced prices. Come in and look them over. She has some real bargains to offer you. Adv.

Miss Flinigen was a Norfolk visitor Saturday evening.

Evan Jenkins of Carroll was a Wayne business visitor Saturday.

Mrs. Goodyear went to Norfolk Saturday on professional business.

Mr. Overocker and Mrs. W. V. Vail were Sioux City visitors Monday.

Mr. and Mrs. Clyde Ferrel and the new baby came home from Lyons Saturday.

Mrs. Walter Lerner went to Madison Saturday to spend a week with home folks.

Wm. Von Saggern was looking after business matters in Iowa the first of the week.

Mr. and Mrs. Chas. Riese and daughter Pearl went to Winside Saturday to visit over Sunday with relatives.

Miss Lulu Bicknell of Randolph has accepted a position as teacher in district 66. She took up her duties Monday.

James and Matt Finn of Carroll, went to Port Sam Houston, Texas, Monday to visit a son and brother in the service.

Mrs. Jeffries has a few coats on hand from the winter stock. You all know the quality of Mrs. Jeffries' goods and if you need anything in this line you will find a bargain. Adv.

D. A. Chichester and Ben Lass, who is to farm the Chichester place this season while Mr. Chichester looks after land in Cheyenne county, went to Omaha Monday to look for feeders.

Miss Elsie Aegerter of Randolph visited at Wayne Saturday.

Lena and Lyman Martin went to Walthill Friday to visit at the home of their brother, Lyle Martin.

Alfalfa for Sale—Several tons on the Philleo farm south of Wayne. Call for Cliff Penn on Phone 186, or see him at the college. Adv.

Mrs. J. Burn from St. Edwards came Friday to visit her at the Rev. MacGregor home with her daughter-in-law, Mrs. H. Burns, who is spending some time here with her parents, Rev. and Mrs. MacGregor.

Everett Killion of Oakland, Iowa, who has been visiting at the home of M. W. Simpson, his brother-in-law, returned to Oakland, Iowa, Friday. He plans to return and work with Mr. Simpson this summer.

G. A. Scott and wife from Wakefield were here Monday to visit his mother, who is taking treatment at the Wayne hospital. Miss Amy Scott came with her brother, and entered the Normal for the remainder of the year.

Dr. Mullen of Bloomfield was here Monday, starting out on a tour of three weeks speaking to the people on the war question and the duty of citizens as well as why we are at war. His talk Monday evening was at Hubbard.

Mrs. A. McEachen and Mr. and Mrs. Geo. Crampton went to Sioux City Monday. Mr. and Mrs. Crampton will go on to their home at Manitoba, Canada. They have been here a couple of weeks and had a very enjoyable visit.

Wm. Loberg of Carroll returned to Camp Funston Sunday, and his father, August Loberg and one of his young friends from Belden accompanied him as far as Omaha. We suppose the young man came back unless he got the war fever and enlisted.

Mrs. Ed. Long of Winside visited over Sunday with her mother, Mrs. S. C. Kopp. Monday she went to Huron, South Dakota, where she will join her husband. They expect to make their future home there. While here she visited with many old friends.

W. L. Chichester left Friday for his home at Sidney. He had been here for some time, and assisted at the Chichester sale before leaving for home. Others of the Chichester family have interests in Cheyenne county, and will soon follow. They had a splendid closing sale at the old place Thursday.

The Sherburne orchestra, which was such popular favorites at Wayne a year ago, are here again, with double the number they formerly had, and are to play with the Savidge Amusement Co. while Mr. Savidge is out with the "Birth of a Nation." They have been with a play house at Waterloo, Iowa, most of the time since leaving Wayne. This strong musical group will add much to the pleasure of the entertainment to be given here this afternoon and evening and three times tomorrow.

A new expression is coming into use slightly, which is quite expressive. An exchange credits it to Senator Kenyon of Iowa, but we saw it credited to a noted physician of a half century ago, who in pledging his best efforts to a critical case said, "I'll do my damdest," and that is what the senator wants every one to do until the kaiser is wiped off the map. A local physician has also been known to use the term. While he did not know its origin, he perhaps found it in his medical books. At any rate it is a good thing to do these times.

Miss Bessie Durrie spent Sunday at Laurel with her parents.

Mrs. Aug Loberg and daughter of Carroll went to Sioux City Monday for the day.

Mrs. Robert Fisher went to Omaha Monday to meet her husband who went there Sunday with a load of cattle.

A few coats for ladies at Mrs. Jeffries, and they are going at half price—the first come being to get the bargains. Adv.

Mr. and Mrs. R. H. Hansen went to Sioux City Saturday to visit their son-in-law, Alfred Hass, who is there from Cushing, Iowa, for an operation. Their little grandson accompanied them to visit his father.

T. C. Ferrell went to Emerson Friday to meet his wife and baby who have been at Lyons for some time. In fact Mr. Ferrell hasn't a very close acquaintance with the youngster as it is but a few weeks old.

Citizens of Pierce county are announcing a wolf hunt over there. These hunts are becoming annual affairs over there, and according to last season report do not work much of a hardship on the wolves. It may give them a bit of exercise.

Mr. and Mrs. Henry Witten of Douglas, Washington, who had been to Carroll to visit at the Mrs. Dan Davis home, went to Sioux City Monday but expect to be back to Wayne and make a visit before returning to their Washington home.

Chris Nelson, who has been farming in Cheyenne county, and plans to return there next month, went to Sioux City Friday to visit the tractor school. He tells us that he ran a tractor most of last season, and expects to break out a half section at least with one the coming season.

Brother O'Furey of the Cedar County News seems to have opened the door for considerable criticism two weeks ago or more when he intimated quite broadly that his was the only real simon-pure patriotic sheet in the county. It seems there are others who think they are doing their bit.

Henry Ley, banker from Wayne, Nebraska, was a very welcome caller on the Journal Tuesday. There are only about a hundred tourists from the above little town of the middle-west circulation around this section of the southland, while about a hundred more from the same place have become residents of Southern California in the last few years.—Wilmington (Cal.) Journal.

Mr. and Mrs. J. A. Gasper came Friday evening from Bridgewater, South Dakota, to visit at the home of Mrs. Liveringhouse, the lady's mother and with numerous relatives and friends. Mr. Gasper tells us that the last season was a good one for the farmers of his vicinity, the most of their corn suffered the same experience as corn in other places—did not mature properly. He tells us, however that in a small territory tributary to Bridgewater they had a weather condition in the spring which permitted them to boost their corn when other sections were too wet, and that in this small territory their corn was well matured, and a good yield with plenty of sound corn for seed. This seems to show that the time and quantity of rainfall has much to do with a corn crop, and that the most rain is not always the best. The editor has long maintained that an excess of moisture was more detrimental to a crop than weather that was too dry.

Mr. and Mrs. J. W. Alter were visitors at Sioux City Friday.

Every Thursday My Kind flour with potatoes. Remember every Thursday. Ralph Rundell. Adv.

Mrs. Art Ahern and children returned home the last of the week from a visit with her home folks at Des Moines, Iowa.

"The Birth of a Nation" at the Crystal theatre, February 14 and 15. Matinee each day. Orchestra with special adapted music. Adv.

R. R. Smith informs us that the Silas Grant, who was fatally injured while drilling for aviation work in France, at the training camp in Texas, was his nephew. The young man was at Wayne about three years ago, and worked for Fred Wendt for a time, going from here back to his home in Texas. Mr. Smith also tells us that he thinks another nephew was on the illfated transport which went down last week. It is yet too soon to know his fate if he was on that ship. He was in an aviation corps, and due to sail at about the right time to have been among the passengers of the Tuscania.

"Lon" Hunter, who came to Wayne county 48 years ago, and has since made his home on the farm he has rented just southeast of Wayne, is going to have a clearing and closing sale there the 26th of this month. Mr. Hunter probably is one of the few men who came here as early as 1870 and settled and stayed put where he landed. He is one of the men who located here before the sloughgrass grew here, before the deer and the Indian left, and almost before the buffalo were gone. He will settle at Wayne after March first, having rented Mr. Richardson's home in the southeast part of town.

Mr. and Mrs. Harold Long of Sioux City came Saturday evening to visit until Sunday afternoon, at the home of the young lady's grandparents, Mr. and Mrs. Wm. Fleetwood, for Mrs. Long of today is better known at Wayne as Miss Izetta Johnson of yesterday. Her numerous friends enjoyed the brief visit greatly.

## SOME FACTS ABOUT CHIROPRACTIC

It is a FACT that Chiropractic adjustments will remove the cause of DISEASE.

It is a FACT that to do this the Chiropractor must KNOW FACTS about the human body.

It is a FACT that we took a course in THE PALMER SCHOOL OF CHIROPRACTIC AND GRADUATED.

It is a FACT that THE P. S. C. is the BEST school in the world teaching Chiropractic.

It is a FACT that P. S. C. gives a THREE YEAR COURSE of study.

It is a FACT that there is a Faculty of twelve persons, who give the P. S. C. their UNDIVIDED time.

It is a FACT that their salaries total TWENTY THOUSAND and ONE HUNDRED dollars per year.

It is a FACT that THE P. S. C. osteological collection consists of over EIGHT THOUSAND specimens.

It is a FACT that THE P. S. C. osteological collection is valued at TWENTY-FIVE THOUSAND dollars.

It is a FACT that there are enrolled in the P. S. C. SEVEN HUNDRED STUDENTS at the present time.

It is a FACT that THE P. S. C. maintains (daily except Sunday) the largest FREE and OPEN CLINIC in the world.

It is a FACT that over a THOUSAND persons are adjusted there daily.

It is a FACT that patrons and students are there from all the civilized countries in the world.

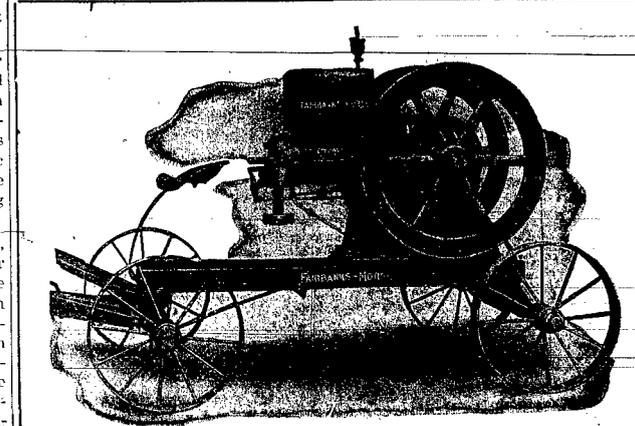

It is a FACT that it does not make any difference if you believe in Chiropractic or not, it has come to STAY because it is RIGHT.

It is a FACT that Chiropractic has done more good for the sick according to the number adjusted than any other system.

It is a FACT that every state in the Union has Chiropractors and most foreign countries.

What is the ANSWER? If you are sick and not taking adjustments, that you are not keeping up with the progress of the age.

COMMITTEE IN CHARGE

#### CLASSIFICATION OF OUR REGISTERED MEN

Below we give the classification of the registered men who have filed their questionnaires. When a call is made for more men they will be first taken from Class I, and then class II, and so on until the kaiser says he is ready to quit. Clerk Reynolds of the local board furnishes the reports as fast as the men are classified:

**Class I.**  
920 Christian Aage Christiansen  
922 Carl Vilhelm Jensen Graverholt  
924 Carl John Fred  
925 Harry James Minihan  
926 Louis Carl Scheurich  
927 Leslie Wm. Ellis  
930 John Carl Berz  
931 William Edward Back  
934 William Peter Boyer  
938 Charley LeRoy Kieffer  
941 William John Hoffman

943 John Fred Kai  
949 Peter Ross  
955 Austin Glasgow Bressler  
956 Albert Herman Mallory  
960 Don Clarence Brass  
961 Herman Henry Damme  
964 Carl Julius Schellpeper  
966 Frank Ellis Powers

side up and see how it would sound. Let us say that no progress could be made in the war unless the young men of the country should consent to let their bodies be drafted by the government.  
The instant any man should make that argument he would be arrested on charge of preaching opposition to the draft.  
But is there any difference between the two arguments? None at all. The right argument in time of war is the argument that both dollars of rich men and the bodies of all men of proper age are subject to the call of government. Already the bodies of young men have been conscripted by the government. We have not a word of protest against that decree, nor against any other decree of our government in time of war, but at the risk of being regarded by the vulgar rich as lacking their own kind of loyalty, we still insist that the right of government to conscript wealth is just as clear as the right to conscript men.  
This war is making American millionaires by the thousands. The bodies of men have been conscripted. The wealth of the war profiteers will be conscripted before this war is over. If this be treason in the eyes of the criminal rich, then let them make the most of it. The better sentiment of America will not slumber much longer. It will demand that the wealth of the war profiteers be con-

scripted along with the bodies of American boys.—Columbus Telegram.  
**HOME MISSIONARY MEETING**  
Last Thursday afternoon at the Methodist parsonage the members of the Home Missionary society enjoyed a very pleasant and profitable meeting.  
Mrs. George Crossland presided at the meeting. She talked on "Missionary Movements and Their Leaders." Mrs. Richard Helt led devotions. Mrs. Ed. Ellis and Mrs. Chas. McLennan gave readings. Mrs. Will Rennick and Mrs. J. Burn sang a very pretty duet and Mrs. Rennick gave a very splendid paper on life in Alaska. Mrs. MacGregor gave an outline of an Alaskan dinner. Mrs. Oman sang a pleasing solo. Mrs. I. H. Britell conducted a very interesting discussion on "Home Mission Enigmas."  
Three new members were added to their list at this time: Mesdames Hickman, Ed. Ellis and Emma Liveringhouse.  
A free will thank offering was taken up which amounted to \$15.30, which will be sent to apply on the salary of missionaries. The meeting closed with the Home Missions' rally song. These meetings do much to stimulate a feeling of loyalty to one another and to the cause they are working for and the ladies feel that this meeting especially was very uplifting and instructive.

## Dead! No!

I have been too busy to do any advertising lately, and by the way, you know I was off on a two week's spree, but the time was spent visiting auto and truck dealers, jobbers and manufacturers, gaining knowledge and buying material to be interwoven into my present excellent truck and repair business, which is growing by leaps and bounds.

Just watch those good, reliable farm trucks roll out of

## Clark's Garage

Phone 152 Wayne, Nebr.

Following is the substance of the card used in gathering information: Name, address, renter or owner, land occupied, real estate owned, personal property owned, indebtedness, net worth, nativity, naturalized, number of children, in war service, Liberty bonds, other subscriptions.

#### MEN AND MONEY

In the big magazines and city newspapers is constantly appearing the argument that this war or America's part in it, would have been a failure if the rich men of the nation had not permitted the government to use their money in prosecuting the war.  
This sort of argument is insulting to all red blooded Americans. It is not the purpose of The Telegram to breed sentiment against the honorable rich men of America, but we do resent the constant claim of the toadies to wealth that the government could not get to first base in this fight unless the rich were willing to loan their money to the government. Let us turn the argument other

WAYNE MARKET REPORT

Following are the market prices quoted us up to the time of going to press Thursday:

Corn	.....	\$1.35
Oats	.....	.78
Wheat	.....	1.95
Hay	.....	11.00
Chickens	.....	.20
Eggs	.....	.40
Butter fat	.....	.52
Hogs	.....	15.00
Cattle	.....	\$10.00 @ \$14.00

One of the best ways for the farmer to conserve pork is to grow a flock of poultry, chickens, ducks, geese and guinea fowls.

It seems that the Kaiser's six sons have all been spared to him during this war. Is there another German family of like size that has fared as well?

The purchasing power of money in war time is a subject now being studied. Most people know without studying that it has shrunk wonderfully. It has been discovered, however, by this study that during the time we are in the war and also since war started across the pond the average wholesale price has been increasing about 2 per cent a month. This means 24 per cent a year, and for three years means 72 per cent advance. That's going some.

Bump! "What's that I struck?" "Oh! Mr. Politician, you bumped up against the Non-Partisan League." They may not be visible all of the time, but it will be found that they are there when primary and election time comes.

Not quite fair, is the recent ruling of the food administrator that mills

be allowed to exchange flour for wheat. It gives the man with wheat a chance to observe or not as he pleases the wheatless days, while the one who must buy his flour cannot avoid eating the substitutes. Not that the writer objects to the substitutes, for he is thriving on them, and really believes that it would be far better for all the people to use more bread which was not made from a flour which had had much of its good crushed out and sifted and seasoned and bleached out. Human teeth should have a bit of grinding to do, else why are they there? But this is not designed to be an article on health, but a protest, if what one of our exchanges claim is true, that the man with wheat can get flour without a substitute, for the man with wheat should not have any edge over the man without wheat; nor should the man with money be entitled or permitted to fare better than the poor man in the matter of not conserving the food needed for the soldiers. Invalids, aged people and children should be the only ones to be favored. While writing this, opportunity came to interview Food Administrator J. H. Kemp of this county, and he says that the order will doubtless be changed, in fact he had some modification of the order is on the way.

STOP PAYING RENT BUY THIS PLACE

There is just now offered for quick sale a bargain in a home at Wayne, more than a block of land with fruit thereon and ample room for garden galore, within five blocks of the business center, city water on the place, within easy reach of sewer, a place from which the renter has sold more than enough produce to pay the rent of both house and land. It is an ideal place in many respects, but the owner is in the service of Uncle Sam and his duties called him from Wayne, and hence he wishes to sell. The house, six rooms, is not the best, but it is not so worse. If sold this month \$2800 will make the deal. \$1,200 5 per cent money can stand until January, 1920. If interested ask at the Democrat office about the place or write the owner, John B. Hinks, Fort Dodge, Iowa, 615 Fourth Ave. This adv may not appear again, for it should send a buyer quick.

GREAT MUSICAL TREAT

Those who attended the recital given Saturday evening by Misses Edna Hanssen and Madeline Bohnert at the home of Mr. and Mrs. W. O. Hanssen, tell us that they enjoyed a rare musical treat. About sixty people were present and at the close of the program a very elaborate supper was served. The guests danced and visited and spent a very happy evening. Following is the program rendered and it was a credit to all taking part and especially to the untiring efforts of the young ladies' teacher, Mrs. W. E. Beaman:

Russel ..... Duet—Witches Flight  
Wachs ..... Myrtles Wely ..... Titania Verdi ..... Duet—Miserere  
Chopin ..... Valse op. 70 No. 1  
Brown ..... Love Dreams  
Selected ..... Cornet—Mr. Bohnert  
Wachs ..... Shower of Stars  
Nevin ..... Barchetta  
Bahm ..... Duet—Charge of Uhlans  
Hahn ..... L' Arpeggio  
Dellafield ..... To the Sweetest Girl  
Keler-Bela ..... Duet—Lustspiel  
Bahm ..... Murnuring Brook  
Lack ..... Arabesque  
Holst ..... Trio—Camp of Glory

HUNTEMERS ENTERTAIN

Mr. and Mrs. E. J. Huntmer entertained the W. S. N. Junior class last Tuesday night in the manual training rooms of the new industrial arts building. The entertainment was in the form of a colonial party, the participants being dressed to represent characters who lived in the days of 1776 and 1861, the days of those two great Americans, George Washington and Abraham Lincoln. The change from the customary dress was delightful. The young ladies were tastefully gowned in the gay colonial and civil war time attire. The young men of 1776 appeared in knee breeches and long-tailed coats.

The hostess and host represented Martha and George Washington. The party was a very enjoyable affair and the guests feel deeply grateful for the evening.

After partaking of the delicious refreshments the guests gave three rousing cheers for Prof. and Mrs. Huntmer before departing for their homes.

KNIT, KNIT, KNIT, KNIT

How many stitches must be taken to complete a sweater? That is a question asked by a lady who has knitted an even dozen sweaters for the soldier boys. The lady who is doing this knitting is Mrs. John Sylvanus, a woman with many other duties, but just the same she has finished her 12th sweater this week, and while knitting has counted the stitches of the standard Red Cross sweater, and here is the result:

The front has 94 ridges of 84 stitches to the ridge, the back has the same, each shoulder has 14 ridges of 28 stitches, round the bottom each front and back are 24 ridges each 84 stitches long.

This multiplied and totaled makes 15,792 stitches in the body of the garment; 392 in the shoulders, and 4,032 in the bottom, front and back, a total of 20,216 in each sweater. Thus the woman who knit a dozen sweaters as has Mrs. Sylvanus has knit 242,592 stitches for the boys in the service of his country.

That takes devotion, patience and patriotism, and the women of Wayne, Nebraska, and the entire country are to be commended for their untiring work with needles and yarn. They should have a warm place in the hearts which beat beneath those sweaters.

RED CROSS MAKES APPEAL

Let us know that you are with us in heart and behind us in a financial way by purchasing tickets to the joint musical concert to be given at the Normal Auditorium, Sunday afternoon, February 24.

We need your help now more than ever before as our American soldier boys are beginning to suffer the real horrors of war and the Red Cross must be able to meet these emergencies.

Everything we do for our soldier boys puts courage into their hearts and power into their elbows.

Sidney Silber, pianist, and Carl Frederic Steckelberg, violinist, are men of international reputation, men we cannot afford to miss hearing.

All receipts above actual expenses are to go to the Red Cross. These patriotic men are donating their services to this grand cause. We need your assistance.

SPRING PAPERING COMES NOW

And I have in stock a complete line of wall paper samples of the latest patterns, and it is now none too early to come and make your selections. I can furnish and hang your paper and assure you satisfactory paper and work at a saving price. J. H. Boyce, Wayne, Phone Black 87. Adv. 1f.

Mrs. Chas. Beebe of Wakefield visited relatives here Wednesday.

A GREAT Patriotic Meeting

Wayne Opera House  
Sunday Night, Feb. 24

to commemorate  
Washington's and Lincoln's  
Birthday

Commemorative Address - Dr. J. T. House  
War Work Review - H. E. Simon  
Patriotic Reading - Miss Mack  
Special Patriotic Music - Normal Quartet and Orchestra

Let us, "The Army at Home" get together at these meetings and inform ourselves of what we CAN do and OUGHT to do to help win this war, and learn how to go about it. The men at the front must have our support. The burden of war cannot be left entirely on their shoulders. Let us meet again, and again, and get inspiration and make practical plans for doing our part.

SEATS FREE Public Service Club of Wayne

SCHOOL NOTES

Supt. N. A. Housel of Madison and Principal H. B. Simon of Norfolk, who were at Wayne yesterday attending a meeting of the executive committee of the North Nebraska Teachers' association, were callers at the high school.

Committees have been appointed to plan a carnival at the high school at an early date to secure funds for the Junior Red Cross to be organized in connection with the schools.

Onie Richardson, who had been out of school for ten days on account of her mother's illness, has re-entered the Freshman A. class.

The high school basket-ball boys went to Winside Friday night and

evened up an old score by defeating the boys of that city by the score of 43 to 33.

The high school yesterday enjoyed a musical program of unusual merit. The first number was "Flea as a Bird" by the Epworth League of chetra composed of Misses Helen Main, piano; Alice Blair and Martha Crockett, violin; Winifred Main, cornet and Frances Oman, cello. The young ladies graciously responded to an encore with "The Star Spangled Banner." Misses Edna Hanssen and Madeline and Cathryn Bohnert then gave the following numbers from their recital program of Saturday evening: Valse L' Arpeggio, Hohn, and Barchetta, Neven, Edna Han-

sen; Myrtles, Sach and Shower of Stars, Wachs, Madeline Bohnert; duet, Lustspiel Overture, Keler-Bela, and Miserere, Verdi, Edna Hanssen and Madeline Bohnert; Trio, Camp of Glory, Holst, Edna Hanssen and Madeline and Cathryn Bohnert.

W. J. Geary went to LeMars, Iowa, this morning on a business mission. Mrs. Mellor returned this week from a month's visit at the home of her daughter, Mrs. Stanley Huffman at Elgin.

Mrs. Kelly Gossard and children returned to their home at Winnebago this morning, after a two week's visit here with her parents, Mr. and Mrs. E. Ferrell.

EDWARD A. STEINER

A Noted Author and Lecturer

Some of his books: "On the Trail of The Immigrant"; "From Alien to Citizen"; "Tolstoy, The Man and His Message,"

America's Foremost Author on Immigration.

Foreign Born but Now a Typical American will speak at

Normal Auditorium

WEDNESDAY EVENING, FEB. 20TH

at 8:00 P. M.

SOME PRESS COMMENTS

"Dr. Steiner is a world citizen of first magnitude."

"A prophet with a thrilling message." "He uses simple language, so plain and concise that even the small children are interested in a high degree."

Dr. Steiner is a great author as well as a great lecturer. His latest book is "From Alien to Citizen," in which he tells the story of his own life in America.

In 1903 he served as special representative of "The Outlook" in Russia.

Dr. Steiner held the fascinated attention of his audience. His creed is broader than any church and his religion is as wide as the universe.—The Richmond (Ind.) Evening Item.

"As a human interest speaker Dr. Edward A. Steiner has no superior."—Maysville (Ky.) Independent.

"Dr. Steiner's lecture is an able and fervent plea for sympathy, for understanding, for justice."—Chicago Record-Herald.

"Dr. Steiner is one of those men who have traveled much. He is gifted with a broad-mindedness by which he is able to judge American institutions and American life with perfect frankness."—Jamestown (N. Y.) Morning Post.

"Dr. Steiner's lecture contains much food for thought and is characterized throughout by simplicity of language, directness of thought, apt illustrations and beautiful descriptive language."—Wilkesbarre, (Pa.) Record.

"Dr. Steiner came, saw, and conquered. He is a man who has broken through to the realities of life. His argument is shot through with golden threads of finest humor."—William H. Hudnut, Pastor First Presbyterian Church, Youngstown, O.

Admission - 50c or Season Ticket

Big Opening  
White Basket Grocery

Saturday, Feb. 16th

at building recently occupied by L. W. Roe

The White Basket Grocery is a consolidation of the Roe stock, The Basket Store conducted by Mr. Beaman, and the store from lower Main street. The object of the consolidation is the reduction of overhead expense—the elimination of credit and delivery operating expense. This places us in a position to operate thoroughly in accordance with government rules and suggestions. We invite all of our old patrons and the public in general to attend our opening. Take plenty of time, compare prices—now that you are learning to conserve learn how to save money as well. Make your dollar go where it will serve you best. That's why we are inviting you to investigate, and making a bid for your business.

Everything will be sold for strictly cash, and butter and eggs will be received as same.

For the convenience of the customers we will issue \$10.00, \$20.00 and \$30.00 coupon books which may be purchased at 2 per cent discount.

A charge of 5c for delivery except in extreme portions of town. Space forbids the quoting of prices, simply come and see.

Start to Pay Cash and Carry.

Watch Us Grow. Get The Habit.

Remember We Open SATURDAY

White Basket Store

## SAVE AND SERVE WITH NONE SUCH WAR PIE

No Top Crust

Satisfactory—Economical

Ask your men-folks if they can think of anything better than a good, healthy, man-sized piece of mince pie.

The kind that tempted them as boys more than any other one thing that cooled on the kitchen table—and that tempts them today.

Then think how easy it is with NONE SUCH MINCE MEAT to make this pie that your men-folks like—easy to make on short notice and so economical. Good, too, for puddings, cakes, and cookies.

It is condensed and so prevents waste. You add the water yourself. It is sealed in paraffin wrapping; no hand touches it but your own; it keeps and ripens like fruit cake in the package; costs but a few cents.

Bake a NONE SUCH War Pie—no top crust. Saves flour, shortening, labor, money—saves half the crust. Good, too.

NONE SUCH MINCE MEAT makes it easy and economical to give your men-folks the pie they want.

## WHERE "PEP" WAS NEEDED

Secretary Daniels, Discussing Efficiency, Relates Story of Girl's Advancing Beau to Kiss Old Mare.

Secretary of the Navy Daniels is a firm believer in speeding up. Efficiency is the watchword of his department. A big navy can't be built fast enough for him. And he was discussing efficiency and high speed. He wants to cut out red tape.

"Discussion is well and good," said Secretary Daniels, "but the main question is whether it is idle talk or not. Is it practical or is it foolish? Is it like Torbins and his girl?"

"Torbins, by the way, was out with his girl during the days before the automobile, when a young man who wanted to be popular would call on his girl with a horse and buggy to take her for a drive. You know, the faster the horse the better the impression.

"Torbins, on his first call, took the girl for a long drive, and when they found themselves in the midst of a country road, he ventured for a kiss.

"A kiss?" asked the girl. "What good would a kiss do?"

"Oh," replied the embarrassed youth, "it would make me feel gay and lively."

"Well, Charley," the cold-blooded, unemotional damsel retorted, "if it is as you say, and we expect to get anywhere before it's time to return home, you'd better get out and kiss the old mare once!"

## NEW METHODS OF FIGHTING

Modern Warfare Is Carried On Under Water, Under Ground and in the Clouds.

"Digging in" has a new and important significance and the fantastic legend of Darius Green is long forgotten in the light of practical achievement by the bird-man of today. The cavalry of the earth has been supplanted by the cavalry of the air. The actual fighting of modern warfare is conducted under water, under ground and far up among the clouds.

Yes, there have been drastic changes in military tactics and military equipment since the old days when we used to drill in the armory over the grocery store in the little old home town. What we tried so hard to learn of military lore in those days would be classed as low comedy by a recruiting officer of this changeful period. But all the same, one can't help wishing that one were somewhere in France at this minute with good old Company C—th regiment of the National Guard, and we'd make a reasonable wager that, of the survivors of that organization, if given an opportunity to go, there wouldn't be a slacker in the bunch.—Exchange.

George Fortner wants to buy your cream. adv

## Harness and Collars at Last Year's Prices

Harness are hand made and out of the best oak leather. Collars are of the best quality and guaranteed to fit. Size from 16 to 25 inches. These leather goods were bought before the big advances and we give our customers the benefit which means a

Wayne, Nebr.

## FLYER MAKES DARING ESCAPE FROM GERMANY

Lieut. Patrick O'Brien, an American member of the British flying corps, who was brought down in a one-sided battle by the Germans, and who had been taken into Germany on his way to a prison camp, jumped from a train which was going 30 miles an hour, and by many heroic and clever moves managed to get into Holland, and then back to England.

O'Brien was reported missing last August 17, and his reappearance was a great surprise to his friends. On the morning of August 17 enemy gunners forced him to land, but fortunately he got back to his own lines. Later in the day he was again flying over the enemy lines and he, with five other machines, was engaged by 20 German airplanes. O'Brien alone engaged four of them. He accounted for one of the machines before he was shot in the hip. He fell with his damaged plane 8,000 feet. He cannot explain why he was not killed.

When he regained consciousness O'Brien was in a German war hospital. Later, when he was being taken into Germany, he jumped from the moving train, and by walking at night, swimming rivers and subsisting only on food that he could get from the fields, he managed to reach Holland.

He was a fugitive for 72 days. He had a narrow escape when he was in sight of his goal. To circumvent charged wires O'Brien built a bridge with nearby wood and threw it across the wires. It broke under his weight, and O'Brien says that he can still feel the shock. He dug a tunnel with his hands under the wires and he was free.

A brief telegram was received by his mother, Mrs. Margaret O'Brien, saying that he had escaped from the Germans, and that he soon would be home. O'Brien will try to change to the American aviation corps. The photo shows him standing in front of his machine.

## AUTO AFTER JACK RABBIT

Wheel Came Off, There Was a Wreck and No Joke.

A curiosity to time a jack rabbit with a tested speedometer resulted in the wrecking of an automobile near Topeka, Kan., one night recently.

W. F. Haafe, an automobile agent at Natoma, was on his way to Kansas City, and as the road was good, was keeping up about all the law permits in the way of speed, when a jack rabbit chose the same route. Haafe thought it would be a joke to make the rabbit take a sidling, and ran his speedometer up to within 80 per cent of its advertised ability. But having chosen east as his general direction and that particular road as his route, the rabbit continued to plod along at a little better than 50 miles an hour.

The rabbit did not turn out, but a portion of the pursuing car did. After he had crawled out of a ditch and twisted himself into shape, Haafe caught a car into Topeka, where he waited until daylight to hunt a wheel, which had left the general wreckage and taken refuge in a corn field.

## FISH SWALLOWED RING

It Had a Diamond in It and Had Been Lost.

That truth is stranger than fiction was demonstrated at Hoopston, Ill., the other day when Ray Tilton, a young farmer, received a letter from Peoria saying a diamond ring, valued at \$250, had been found in the stomach of a fish which had been caught in the Illinois river.

In July Tilton was at Peoria, and while rowing on the river the ring dropped off his finger. He never expected to see it again, and was much surprised to receive the letter.

The writer said he caught the fish and, while dressing it, saw something bright fall out of the stomach. He also said he would be glad to send the ring to Hoopston if Tilton would send the reward offered in a Peoria newspaper. The owner sent a check for \$50 to the Peoria man.

Throat Operation to Unfit Men for War Authorities in Seattle believe they have unearthed a plot of German origin in the arrest of Doctor Gordon and a Russian woman. The pair are charged with plotting to perform throat operations to make men unfit for service under the conscription law.

## GOOD SEEDBED FOR ALFALFA

Preparations Should Begin Year Before Planting—Keep Soil Well Cultivated.

(By M. A. BEESON, Oklahoma Experimental Station.)

In preparing the seed bed for alfalfa you should begin a year or two before you wish to seed by planting a cultivated crop, keeping the ground well cultivated and free from weeds. Corn is a good crop to precede alfalfa.

The critical period of alfalfa is the first six weeks of the life of the plant. The ground should be plowed early and deep. It should be free from weeds and as free as possible from weed seed. It should be well tilled, but firm up to the surface when seeded. Fall seeding in September without a nurse crop is considered the surest method to follow. However, if there is not a favorable season and sufficient moisture in the fall, you may sow at corn or cotton planting time in the spring. From 12 to 15 pounds of seed per acre is ample if the seed is clean and strong.

When it is sown with a grain drill attachment, on well-prepared seed bed, and when sown carefully and not too deep, from 10 to 12 pounds of seed is quite sufficient. The seed is small and does not need to be sown too deep—just so you get it into the moist dirt.

## WHERE MANURE YIELDS MOST

Greatest Profits May Be Expected Where Fertilizer Is Placed on Poorest Soils.

Greatest profits may be expected from a ton of manure when it is used on the poorest soil on the farm.

The value of a ton of manure when used on soils of different fertility is illustrated by two series of plots at the Ohio experiment station. Corn without any fertilizer or manure has yielded 48.07 bushels per acre for 12 years in a rotation of corn, oats and clover. In another series not more than 40 rods away, the yield of corn for 10 years has averaged only 35.17 bushels, the other crops of the rotation being wheat and clover. Originally the land was the same, but its treatment previous to the time these experiments began made this difference in fertility.

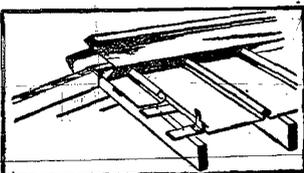

Eight tons of barnyard manure with 320 pounds of raw phosphate rock per acre has produced an increase in corn yield of 30.98 bushels on the poorer soil. On the rich land the same application with 1,000 pounds of raw phosphate rock has increased the corn crop only 17.89 bushels per acre, even though three times as much of the phosphorus carrier was added. The total yield on the manure land has been nearly the same in both cases.

## METAL SHEETING FOR ROOFS

Arranged to Enable Tinsmith to Rapidly Join Sheets Without the Use of Solder.

The Scientific American, in illustrating and describing a metal roof invented by J. H. Perry of Middletown, N. Y., says:

"The object of this invention is to provide a sheet metal roof arranged to enable a tinsmith or other person to rapidly join the metal sheets for forming the roof-sides and the ridge without the use of solder and, to render the joints rainproof and thereby prevent

Sectional Perspective View of Sheet Metal Roof With Parts Broken Away.

leakage, use is made of metal sheets provided at each side with an upturned abutting member terminating in an inward and downwardly bent flange and a peak-shaped seam cap fitting over the flanges.

## STRAW IS WASTED ON FARMS

One of Feeds Ordinarily Thrown Away or Permitted to Rot in Pile Where Threshed.

One of the feeds ordinarily thrown away is straw, which is wasted or permitted to rot in the straw pile where threshed. The average straw crop from the small grain harvest, when properly taken care of, stacked and protected until fed out, will help wonderfully in the wintering of horses, cattle and sheep. Straw should be fed in racks arranged so it can be forked down to the stock fresh every day, and the left-over and refused stuff thrown out for bedding. Feed sparingly each day, and what salt is given may be put on the straw as light brine, just enough to carry a slight salty taste; this will add to the palatable quality of the feed and induce it to be freely taken up by all fodder-eating animals.

## SAVING SEED IS PROFITABLE

Zeal and Labor Spent in Cultivation Will Not Make Up for Lack of Foresight.

If you neglected to insure plenty of high quality seeds for next year's planting all the zeal and labor you may spend in cultivation will not make up for lack of foresight in saving the good seed.

# PUBLIC SALE

Having rented my farm I will sell at public auction on the farm two miles west of Wakefield, two miles north and six east of Wayne, on

## FRIDAY, FEBRUARY 22

Sale to Commence at Noon.

FREE LUNCH AT NOON.

## 11 HEAD OF HORSES

Brown team of geldings, 6 and 8 years old, weight 3440; bay team of geldings, 6 and 8 years old, weight 3400; bay team of geldings, 9 years old, weight 2400; bay mare four years old, weight 1700; black horse, three years old, weight 1400; black mare colt, 2 years old, weight 1100; gray mare, 9 years old, weight 1150; one old mare.

## 67 HEAD OF CATTLE

3 good milch cows giving milk now and rebred; 33 head of young Shorthorn and Hereford cows all in calf by full blood Hereford bull; 15 heifer calves and 13 bull calves coming 1 year old; 1 steer and 1 bull coming 2 years old; 1 full-blood Hereford bull.

30 Head of High Grade Duroc Jersey Sows Bred to a Full Blood Duroc Jersey Boar; Boar to Be Sold on Day of Sale.

## Farm Machinery, Etc.

Deering binder, 8-foot cut; Deering corn binder, Deering mower, Deering hay rake, McCormick hay rake, Dalm stacker, 2 hay sweeps, John Deere 14-inch sulkey plow, 2 John Deere walking cultivator, Janesville disc cultivator, Janesville disc harrow, John Deere disc harrow, John Deere corn planter with 160 rods of wire, John Deere riding lister, John Deere 2-row go-devil, 3-section harrow, harrow cart, John Deere spander, 14-foot Sterling seeder with grass seed attachment, 3 lumber wagons, 2 hay racks, pair of bob sleds, pair of buggy sled runners, carriage, 2 top buggies, fanning mill, hand corn sheller, grind stone, 3 sets of Concord harness, set slip-tag harness, 2 sets of single harness, set of buggy harness, 4 sets leather fly nets, good saddle, No. 15 De Laval separator almost new, and other articles too numerous to mention. About half the machinery bought last spring.

TERMS:—All sums under \$10, cash. Over that amount, 12 months' time will be given with approved notes at 8 per cent interest from date of sale. All goods must be settled for before removed.

## THE BEACON

By MARY RANDALL.

(Copyright, 1917, Western Newspaper Union.)

No matter how long or dark the night, no matter if it was the brightest moonlight, always and ever there was a light shining in the parlor alcove window in the home of widow Janet Graham.

The neighbors and townspeople generally related a weird tale connected with the familiar beacon. The widow and her son, Verne Graham, had come to Roslyn and had rented the pretty little cottage. The young man was brisk, industrious, always had a smile on his face, and it was no wonder that he attracted the attention of Marjorie Dale, who was the nearest neighbor. Her life was devoted to the care of a crippled father and an invalid mother. She was one of those sweet, patient souls whose face is irradiated with a purity and gentleness almost ethereal, and when Verne was called to a more promising position in the city her pride mingled with that of the fond mother, and they built great hopes as to his business future.

A year went by and twice Verne visited home, and each week he wrote to both the dear ones. When he had first left them Mrs. Graham had looked earnestly into his eyes.

"Verne," she said, "you see the light I have placed in the window. It shall be there on the darkest night, your beacon. Think of it, cherish it."

One day Mrs. Graham and Marjorie were seated conversing, when a keen-eyed, hard-faced man knocked at the door. He edged his way into the room, glancing about sharply.

"I am looking for Verne Graham," he announced in a tone of assurance and command that somehow chilled the hearts of mother and fiancée.

"He is not here," Mrs. Graham advised the visitor. "It is three months since we saw him last. Even his usual letter missed us last week. Oh, sir! I trust there is no trouble."

"Sorry to say there is," bluntly responded the stranger, "and I am a detective looking for him. He disappeared from his work ten days ago, taking with him twenty thousand dollars of the funds of the company entrusted to his charge."

"My son a thief!" cried Mrs. Graham. "It is false!"

The man shrugged his shoulders indifferently.

"I do not believe him!" breathed Marjorie, agitatedly. "There is some error, some plot, oh, be assured of that. Mother Graham, I am going straight to the city to ferret out all the details of this terrible thing."

Marjorie Dale was received at the place where Verne Graham had been a cashier by the manager, a Mr. Thorpe. The man was coldly polite and matter of fact. The money and Verne Graham had vanished together, this man told Marjorie.

Marjorie carried a breaking heart back to the little country village. She told her story until the tears to the stricken mother. "Oh, it is vain!" cried Marjorie. "Verne will never come back."

"He will come," solemnly declared the mother. "Of his innocence or guilt what can I say, but he is always my son, always welcome, no matter how black his sins may be. Some night Verne will come back to the light in the window."

Then came a break in their companionship. Marjorie's father died and a brother insisted on Mrs. Dale making her home in his household. Marjorie went to the city and became a nurse in a public hospital. One night the word went round that a terrible railroad accident would send in many sufferers for treatment. After the surgeons had attended to one victim in her ward, he delegated the patient to Marjorie's charge. The man was insensible and had sustained frightful injuries. Marjorie was startled as she recognized him. He was the plant manager, Mr. Thorpe, whom Marjorie had called upon in regard to the disappearance of Verne Graham.

Marjorie sat down by the cot. She became conscious that the eyes of the patient were fixed upon her. She met the glance.

"I've seen you before," spoke Thorpe. "You were the sweetheart of Verne Graham."

"Try and keep quiet," directed Marjorie gently. "It will harm you to talk."

"I've got to talk!" almost shouted the man, in a wild strain of excitement. "I want you to send at once for Mr. Woodson, the head of our house. It is vital, it must be done, and more for your sake than my own."

Marjorie consulted the head nurse and Mr. Woodson was sent for. He arrived within the hour. As Marjorie placed a chair by the bedside of the patient and moved out of hearing, the latter called out insistently:

"No, no—she must hear, too. Mr. Woodson, Verne Graham never stole that twenty thousand dollars. It was I who did it. I worked out a plot against him and hired some persons to wicked as myself to hold him in captivity. Take down my confession and the details of where this man whom I have so cruelly wronged can be found and rescued."

Thorpe breathed his last the next morning. The wealthy and humane Mr. Woodson at once insisted that she accompany him on the journey that was to restore to a loyal, faithful girl her lover, to a patient, loving mother her cherished son.

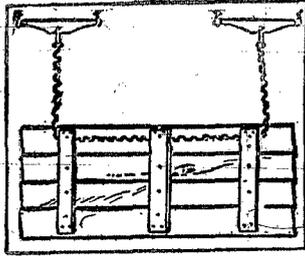

"The house will make all due amends for the fearful work of Thorpe," pledged Mr. Woodson.

And the light in the window was no longer a beacon at last.

## PLANK DRAG COMES IN HANDY

Useful in Leveling Plowed Ground and Breaking Clods—Boards Held Together by Bolts.

This plank drag comes in handy for leveling plowed ground and breaking clods. It is 8 feet long and made of five 1½-inch boards, 8 inches wide, writes Charles Schroeder in Oklahoma Farmer. The boards overlap one another a little just as shown, and they

Handy Plank Drag.

are held together by being bolted, and by nailing on the scantlings as shown in the drawing. A chain is passed around under the front end of the scantlings with the single-trees at the other end to hitch on the team.

## USE SWEET CLOVER FOR PIGS

Ordinarily an Acre of Crop Will Support Twenty to Thirty Shoats—Other Uses for Weed.

An acre of sweet clover ordinarily will support 20 to 30 shoats. Many other uses for this erstwhile weed are told in Farmers' Bulletin No. 820, published by the United States department of agriculture, Washington.

Stock may refuse to eat sweet clover at first, but if they are kept on the field for a few days they will soon develop a liking for it. It will furnish as much pasture during the season as any other legume, with the possible exception of alfalfa.

Sweet clover also makes a first-class hay if it is cut before it gets too coarse, and it is a remarkable soil-builder. It is one of the best honey plants because of the large amount of nectar it produces. Beekeepers would do well to plant at least a small patch of it solely for honey purposes.

## HIGHWAY ON PACIFIC COAST

Dream Is for Macadamized, Asphalt-Surfaced Road From Alaska South to Panama.

Good road advocates should turn their eyes upon the Pacific coast states, where their hobby is reaching a development nowhere else approximated in the United States. The dream of the Pacific coast is for a macadamized, asphalt-surfaced highway from Alaska south to the Panama canal. The realization of the project so far is the actual voting by the state of California of a bond issue of \$18,000,000,000 and by the public interest aroused in Oregon, Washington and British Columbia, which promises early legislation for the continuation of the California highway.

## JOB FOR FIRST STORMY DAY

Reduce Loss of Young Animals by Infectious Diseases by Cleaning Stables Thoroughly.

A good job for the first rainy day. From 6 to 10 per cent of the young animals are lost each year from such infectious diseases as calf scours, hog cholera, blackleg, contagious abortion, navel ill of sucklings, distemper and other infectious diseases.

Reduce this loss of young animals from infectious diseases by cleaning the stable thoroughly and disinfecting with whitewash to which has been added 2 per cent crude carbolic acid or 5 per cent coal-tar dip. This is easily applied to the walls, ceiling and floors with a spray pump.

## LAYING CONCRETE IN WINTER

Such Indoor Work as Cellar Floors and Barn Floors May Be Successfully Performed.

Indoor concrete work such as cellar floors and barn floors under cover, may be done successfully in winter, if proper precaution is taken to keep the concrete from freezing. Fence posts and concrete blocks may be made successfully indoors during the winter, but outdoor work in concrete is not advisable after the temperature is below 45 degrees. If you have some outside concrete work to do in cold weather, you must keep the concrete from freezing by heating the ingredients, using warm water and covering so they will not freeze.

## PROTEIN SUPPLY FOR FOWLS

When Closely Confined Chickens Will Need Some Kind of Meat—Grain Is Not Enough.

Fowls confined in close pens, yards or runs where they have little chance to get insects will need some kind of meat. Grain will not supply enough protein and mineral matter for best results.

To supply this demand for protein and mineral matter meat meal, meat scrap or tankage is generally fed. Laying hens especially need some of these forms of feed. Young chickens will thrive better if fed meat in some form occasionally.

# BIG FARM SALE!

As I have rented my farm and must move I will sell on my farm 5 miles southeast of Wayne, and 2 miles west of Old Laporte, on

## Tuesday, Feb. 26th

COMMENCING AT 12 O'CLOCK SHARP.

FREE LUNCH AT NOON.

### 6 Head of Horses

Bay mare 5 years old, wt 1,500, sound; Black mare, smooth mouth, in foal; Bay mare 10-yr old, in foal; Black gelding 10 yrs old; Span 9-yr-old driving horses; Span of sucking mules.

### 19 Head of Cattle

10 head Double Standard Polled Durham heifers, one milch cow, six heifers heavy in calf, two late fall calves.

### 50 Head of Stock Hogs

25 TONS GOOD ALFALFA HAY. 5 STANDS OF BEES, ABOUT 10 DOZEN GOOD PLYMOUTH ROCK CHICKENS, 7 GEESE. 6 INDIAN RUNNER DUCKS.

### Implements, Etc.

A set hay slings, two harpoon hay forks, complete hay rope, Deering hay rake, 2 box wagons, one wagon with hog rack, spring wagon, single buggy, 2-seated surry, blacksmith forge, anvil, vice complete drill, a Hoover grain drill, Avery corn planter, 80-rods wire, a Craker-Jack planter 80 rods wire, new elder press, harrow cart, Sat-ley riding lister, iron kettle, scraper, two 8-foot disc, Emerson 14-inch gang plow almost new, Janesville cultivator, Avery cultivator, two-row stalk cutter, Twentieth Century manure spreader, spring-tooth weeder new, three-section harrow, 6-shovel, Flying Dutchman cultivator, 5-foot McCormick mower, 8-foot McCormick harvester new, grindstone, Dain stacker new, 2 Dain hay sweeps, pair bob sleds, tanning mill, seed corn grader, barrel of gas tank dip, tripple-feed grinder, New Century cultivator, Good-Enough 16-inch sulky plow, 2-sets good work harness, set buggy harness, set single harness, 16-foot feed bunk, and many other articles not here mentioned.

TERMS:—10 month's time will be given on approved notes bearing 8 per cent interest, on sums over \$10; all sums under \$10 cash. No property to be removed until settled for.

### Odd Indian Foot Race.

A foot race among the Tarahumars Indians is a most picturesque scene, especially after nightfall, when the course is lit up by flaming torches carried by the eager friends of the runners, who steadily pursue their way, the only silent people in the excited crowd. How in this weird fitful light the men contrive to keep the ball in view is a mystery. One would think that so small an object would be lost in the flickering torchlight; but Indians have wonderful eyes as well as wonderful muscles, and somehow the ball survives all perils and is there at the finish.

In these races the runners receive no prizes, but only honor and glory and the admiration of the women, which no doubt fully repays them. It is, however, customary for those who win wagers on the race to give some part of their winnings to the men who have won; but this is optional.

### Splinterless Goggles.

Splinterless goggles are a new development that is expected to be of great value in military gas masks and for aviators, as well as for machinists, welders and other workers requiring protection for the eyes. The lenses consist of two layers of optical glass separated by a layer of celluloid, the whole being perfectly welded together. The product is claimed to have the advantages of ordinary glass without its dangerous splintering on being broken, and the strength of celluloid without its inflammability and lack of rigidity. The heat insulating effect of the celluloid is said also to prevent clouding by moisture.

### A Hint From the Front.

A letter from a young man who is now with the Red Cross in France says he is very glad that he took the precaution to study French before he went over there. He says the knowledge is invaluable to him, and that he has no difficulty in making himself understood, because most of the people he comes in contact with can talk English.

### War Horses Are Veterans.

Driving the same team of horses for more than three years at the front is the record of a man in the Hussars. He took them to France on August 16, 1914. They have been at Mons, the Aisne, the Marne, Ypres, Neuve Chapelle, on the Somme, and at Arras in April, when Vimy ridge was taken. They have never missed a day's march.

### Cures Rupture

By the quickest, safest and surest method known to medical science, without the knife, Paraffin Wax or detention from business, and no pay until cured. ad-p-3-8.

## New Models in Spring Garments

displaying the foremost style features for 1918 and affording unusual values in these exceptional times

We have been fortunate in receiving ahead of time a splendid new line of originations of some of the leading garment houses of the country.

These have just reached us and they display the newest style features of 1918 in the most attractive forms.

The questions you have been asking about--what is smart in collar,

sleeve, belt and what colors and materials will be carried for spring, are all answered in this authoritative display.

The fine quality of material and tailoring has made many friends for this store in the past. New friends are sure to be added through the exceptional values this advance showing offers the women of this community.

## A New Standard IN WOMEN'S DRESS

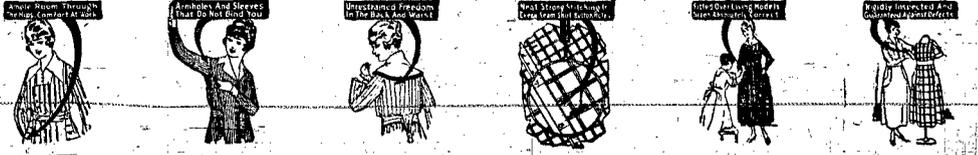

A woman becomingly and comfortably dressed is a woman at her best.

That is why each year more women are wearing

### Mina Taylor Dresses

- They are good looking and comfortable.
- They are made from splendid materials, and yet are dainty.
- The seams are all perfectly finished.
- The buttonholes cannot ravel even should a stitch break.

### Every Mina Taylor Dress has these Six Features

There is a MINA TAYLOR DRESS here for you in your style, in your favorite color at your price.

Prices From \$1.50 to \$3.75

Suits priced from \$22.00 up  
Coats priced from \$17.50 to \$35.00

You can best judge the style and quality of this advance showing by paying a visit to our coat and suit department where we will be glad to show them.

### Have You Purchased Your Gingham

If you have not and are going to be in need of any it is our advice to you to buy them early. They are getting very hard to get. The prices are advancing every week.

Our assortment of patterns are very complete and the prices are low.

### Kid Gloves

We have a large stock of gloves in the colors that will be needed for spring. The prices have not been advanced materially the past six months.

Our advice to you is to buy gloves now. The future prices will be much higher.

### Yarn

in kahki and black

at

LOCAL AND PERSONAL

Rev. Father Kearns was a visitor at Randolph Monday.

C. H. Hendrickson was a business visitor at Randolph Wednesday.

Your spring suit will fit right and be styled properly if we make it. Morgan's Toggery. Adv.

Mr. and Mrs. Fred Gildersleeve went to Sioux City Tuesday to visit for a day or two with relatives, and look after business.

Simon Goeman and family move this week to their new home in Cheyenne county, where they have purchased land.

Paul Stuthman from Magnet was here Saturday to attend the funeral of his uncle, Claus Bock, and spent Sunday at the home of his friend, Geo. Rohwer and wife.

Wm. Rennick was looking after business at Omaha this week, returning Wednesday. Will is a director in the Douglas Motor Co. and went down to attend the annual election of officers.

Otto Kremke of Hoskins was at Wayne Tuesday, coming over to visit his father and mother and look after some business matters. The first of March himself and family will move to a farm near Dalton and make their home there. Industrious people that they are, it is safe to predict that they will make good in their new home.

The orchestra with the "Birth of a Nation" at the Crystal, February 14 and 15 is one of the best in the state. Adv.

Mr. and Mrs. V. A. Senter went to Omaha the first of the week, he to attend the annual gathering of Nebraska clothiers. They were joined at Wakefield by Mr. and Mrs. J. B. Hoyle of Laurel, a brother-in-law, and at Omaha still another brother-in-law and wife, T. N. Foster of Imperial were to become members of the party. It is needless to say that they will have a good time and besides the visit with relatives enjoy the Omaha hospitality so freely extended to such meetings as the one at that city this week. It is expected that Vic will come home with all of the latest wrinkles for selling ideas on newspaper advertising, so that the business of the firm will continue to expand and take in additional territory to cloth.

Your school hours may need sweeping compound. Paravax always on hand--guaranteed. Remains good until used. Ralph Rundell. Adv.

Hear Steiner at Normal auditorium Wednesday evening at 8 o'clock.

Mr. and Mrs. Chas. Ruback went to Norfolk Tuesday, where the lady is taking treatment from a physician.

Miss Pearl Sewell went to Lincoln Wednesday to attend the annual meeting of the superintendents of the schools of the state. This annual gathering is one of much interest to all school workers.

A. H. Philson of Bloomfield was here Tuesday evening, returning from a business trip in the south part of the state. He tells us that that they had much snow down there Friday, when we got a little.

Auctioneer Neely was crying a sale at the Crystal Lake stock farm near Dakota City Monday for J. B. Evans, assisting Col. Thompson of Iowa. The bred sows average was \$151, auctioneer Neely crying the last half of the offering.

Our Fancy box apples are the kind you will buy again. Every one perfect, all in first class condition. Never been in cold storage. \$2.50 to \$2.65 per box. Ralph Rundell. Adv.

J. W. Maholland, who is at Burkett had the misfortune to fall and injure himself quite seriously a few weeks ago, and his Wayne friends will be glad to know that he is greatly improved in health. For a time he could not see or distinguish much of anything, but his eyes are now better.

Sam Temple left Tuesday morning to visit at Lincoln with his folks. His son, Duward B. Temple, has been accepted for the aviation forces, and will be called to training shortly, and Mr. Temple plans to visit him at Lincoln, and perhaps accompany him to Fort Crook if he be called very shortly. The "Smokehouse" is in charge of one of his faithful assistants during his absence.

E. L. Griffith has his residence property in the north part of the city to Mr. and Mrs. Ison from Dixon, and will give possession soon. Mr. and Mrs. Griffith plan to spend the summer at least helping out on a farm near Irene, South Dakota, where they have children living. They have been residents of Wayne about seven years, and now that the last of the children has finished their college work here and moved away, the parents go to a new home to be near some of them.

Edward A. Steiner, noted author and lecturer at the Normal auditorium Wednesday evening, Feb. 20, at 8 o'clock. Adv.

Hear that Orchestra with the "Birth of a Nation." Worth the price alone. Adv.

Mr. and Mrs. Ernest Longnecker from Walnut, Iowa, were here visiting relatives and old friends in this county. They lived near Wayne for many years, and went to Iowa about sixteen years ago, but visit here frequently. His brother, Jerry Longnecker from Winside was with him here Wednesday. They have been guests at the home of Mr. and Mrs. Taylor, and with Chas. Ash and wife. On account of the storm they returned home this morning.

Easter March 31st. Let us have your order for that Spring suit now. Morgan's Toggery. Adv.

Mr. and Mrs. Lewis Larsen of Beach, North Dakota, have been visiting at the homes of her mother and brother, Mrs. Julian Jensen and her son near Carroll and returned home Wednesday. Mr. Larsen tells us that their part of the state, which is the western part, is enjoying much prosperity. The dry there last season their wheat returned about 20 bushels per acre on the average, and he tells that some land is selling as high as \$100 per acre, but that about half that sum is the more common transfer price.

Ruben A. Faulk writes that he was booked to leave Philadelphia last week for an American port and leave for "over there" shortly. Mr. Faulk is now qualified for duty as a 1st class Electric-Radio man, and is now undoubtedly well on his way over. He made Wayne his home for several years, and was railway postal clerk on the Bloomfield line. He went with the boys to the border, and when trouble began with Germany he soon made choice of the capacity in which he thought he could be of greatest service, and is now fitted for that work.

Wednesday evening, Feb. 20th, will be Steiner night at the Normal auditorium. Adv.

Henry Rethwisch of Carroll was a Wayne visitor Wednesday, and said that in spite of a bad day for the hog sale by himself and son at Carroll the Friday before, their Poland offering averaged \$85 each. Had weather and trains been normal the sale would easily have brought more than the other \$15 necessary to make a \$100 average. This shows the importance of having a crowd at a sale. Many people are now realizing this and advertising accordingly. Mr. Rethwisch was on his way to Norfolk to attend the Wagner sale there today.

J. W. Dart of Bloomfield was a business visitor here today.

Have you seen the new dress shoe we are showing. It's a new shade called "Tony Red." Morgan's Toggery. Adv.

J. A. Choan and wife and son from Carroll have been visiting at Rodney. They returned last evening and stopped to visit at the Clyde Oman home. They are this spring moving to Cheyenne county to try their fortune there.

Claus Bock died at his home eight miles northwest of Wayne last week and was buried here Saturday. Mr. Bock was 77 years of age, and had been a resident of this county for more than a quarter of a century. Funeral services were conducted from the late home by the pastor of the German Lutheran church at Carroll. He leaves a wife and a number of grown sons and daughters.

Mrs. A. G. Bohnert was a Sioux City visitor Tuesday.

Mrs. E. M. Collins went to Omaha Tuesday for a short visit.

Mrs. I. C. Trunbauer and son Gerald were Sioux City visitors Tuesday.

Far Sater-100 ton baled alfalfa hay--mostly second and third cuttings, A. H. Philson, Bloomfield, Nebraska. Adv. 1.

Our Stetson hats are on the way--Wait for them and you'll be right on the hat question. Morgan's Toggery. Adv.

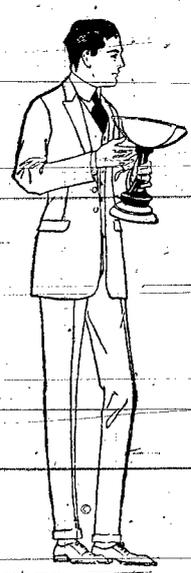

Mrs. J. J. Williams of this place and Mr. and Mrs. D. R. Williams and Mrs. Dolan from Randolph went to Omaha Monday to attend the celebration in honor of the 50th anniversary of the marriage of Mr. and Mrs. G. R. Williams, the oldest brother of the Williams family.

Get ready for the big spring drive. Buy your feet a new pair of Red Wing Work shoes. Morgan's Toggery. Adv.

Miss Anna Steckelberg is at Craig today looking after matters in connection with her home demonstration work for the government.

The Guild of St. Mary's church will have a farewell party this afternoon for Mrs. Lantaff at her home. A buffet luncheon will be served at 4:30 and the ladies will present Mrs. Lantaff with a beautiful souvenir spoon. This estimable lady will be missed in church and social circles as she, with her family, will depart Saturday for Hawarden, Iowa, where she will visit her home folks until March 1st when they expect to move on a farm in South Dakota. Mr. Lantaff will return and pack their household goods later.

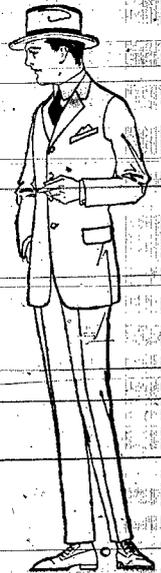

## EASTER—MARCH 31st

Easter is only six weeks away. Let us have your order for that spring suit now. Have the finished garments come out when you want them.

We are ready for spring with one of the largest selections of all-wool fabrics we have ever shown. True enough they are some higher than a season or so ago but not as much higher as you would expect.

You may save money by ordering your suit early. During the fall season we had a raise of \$3.00 per suit in the middle of the season, and late buyers suffered accordingly. There is more of a reason for a raise during the spring season so get in early as it may SAVE YOU MONEY.

## Morgan's Toggery

# To Women Who Dread Motherhood

INFORMATION how they may give birth to happy, healthy children without unnecessary pain. No woman need longer dread the unnecessary pains of childbirth. Dr. J. H. Dye devoted his life to relieving such pains.

## Dr. Dye's Valuable Booklet FREE

For Forty Years we have proven that the unnecessary pains at childbirth need no longer be feared. Thousands the world over who have followed instructions, write us unsolicited concerning the wonderful remedy, MITCHELLA COMPOUND. It has strengthened for motherhood thousands of supposedly barren wives who have borne children and they have given Mitchell's Compound the credit.

USED BY WOMEN OF ALL AGES as a Tonic and Regulator to build up and strengthen them. Easy and pleasant to take—and inexpensive. Get a box today. Also ask for the FREE Booklet. On sale at the following drug stores:

J. H. FELBER      ROBERTS DRUG CO.      A. G. ADAMS

### THE COAL REGULATION REACHES WAYNE COUNTY

On Friday morning the county coal administrator, J. T. Bressler, received instructions from the state fuel administrator regulating the retail price of coal in this county, and we understand, it applies to all other counties of the state except perhaps Douglas and Lancaster, where the difference is slight. The prices fixed are such as to allow the local dealer the figures quoted per ton above the cost of the coal in his shed, and the consumer pays the delivery. If they have been getting more than the administrator now allows them, it is a wonder there are not more coal dealers. Here is the order:

"Now therefore, in pursuance of the authority vested in me by the United States Fuel Administration, acting upon reports and recommendations submitted by County Committees, and upon information otherwise obtained, it is hereby ordered that maximum retail gross margins, per ton, for coal and coke, delivered at the yards, to consumers in Nebraska, outside of Douglas and Lancaster counties, are hereby established as follows:

Domestic coal, not yard screened ..... \$1.25  
 Steam coal ..... 1.40  
 Coke ..... .90  
 "The coal dealer may or may not screen domestic coal, at his option, the intent being to save the screenings and thereby conserve the coal supply.

"The usual, reasonable drayage and delivery charges may be added to the margins, and become a part of the retail price.

"It is further ordered that retailers post up and maintain in their places

of business, accessible to their customers, the cost of each kind of coal and coke handled, the maximum retail price at the yard, also drayage and delivery charges.

"The margins hereby established are believed to be reasonable and fair to consumers and coal dealers alike. Dealers may sell for less, but cannot collect more, than the maximum margins allowed.

"These margins shall take effect at 7:00 a. m., February 9, 1918, and shall continue in force until otherwise ordered by the United States Fuel Administration; or until modified by the Federal Fuel Administrator for Nebraska.

"Every application for a modification of this order shall be made in writing, and forwarded through the Chairman of the Fuel Committee of the county in which the business is transacted; and it shall be supported by written evidence submitted with the application, to the State Administrator.

"Any person aggrieved by the maximum margins hereby established, may appeal to the United States Fuel Administrator, by forwarding to the legal department, United States Fuel Administration, at Washington, a verified written petition, setting forth in detail the facts relied upon, and by forwarding a copy of such petition to the State Fuel Administrator. Pending such appeal, the margins established remain in full force and effect, unless otherwise ordered by the State or United States Fuel Administrator.

JOHN L. KENNEDY,  
 Federal Fuel Administrator for Nebraska, February 4, 1918."

It saves much noise to agree with people who love to argue—but some won't let you agree with them.

### WAYNE COUNTY FARM BUREAU ORGANIZED

For some weeks a move has been under way in this county among the farmers, mostly, looking to the organization of the county in compliance with the request of the national government for the most intelligent co-operation possible in the matter of increasing the farm production of the county, and it was looking to that end that the meeting last Thursday was held, the result of which is told in the notice given below from the secretary of the bureau.

Farming and stock-growing are the leading industries of this county, and it is safe to say that fully three-fourths of the people of the county are directly engaged in this work, and the others depend to such a great extent upon agriculture and its success for their business and financial success that it seems strange that any one would oppose an organization of the county to insure greater efficiency and increased production. Some oppose the movement as a useless and an unnecessary expense. But we cannot see it in that light. True it will cost something, but if it pays its way ten times over in increased production, what hurt is the cost? Is there a farmer who will not willingly pay ten cents an acre for an increase of a dollar an acre in return? There may be a few who would want the dollar return for a nickel or even for nothing.

The experience of most counties where they have employed and cooperated with a county agent has been highly satisfactory. Wayne county is perhaps one of the most favored counties in the United States in the matter of a fertile soil and an intelligent, progressive lot of farmers and citizens, and we do not stand in the need of scientific help to keep the wolf from the door; but that is no assurance that this fertile soil is near doing its best, that it is not being robbed of that which makes it good and really being depreciated in worth far more in one year than it would cost to pay a county agent ten years. We all know that many farms of the county are being robbed by under fertilization and other methods. Many renters are given but a year lease at a time, and they plan to reap the most possible, and let the next man suffer for what they have taken or restore to the soil what they have carried away.

In Iowa, up in the northeastern part, we know of a township or two that had a splendid appearing soil, but it was the rule to find poor crops in that district. Too wet, they would say one year—too dry another, but always a short crop. Finally enough interest was taken to try to locate the cause. Soil analysis showed that the land needed lime—and this was the last thing one would have thought necessary in that vicinity, for it is a limestone country all about—yet here was a tract of 25,000 to 30,000 acres where the soil needed just that one thing which was so plentiful all about.

The Democrat has long believed the farmers of this county, under the direction of a qualified instructor would add many thousands of dollars annually to the value of the produce of the county. We hope that the organization will be carried to a successful conclusion. We know that there are those who think it unwise, and an unnecessary expense, and the columns of this paper are open for them to give expression to their views fairly and freely. The notice reads:

"Notice: In compliance with the request of the national government and that of the State Board of Defense a number of farmers and citizens of Wayne county met at the city hall and formed an organization on date of February 7, 1918. This organization shall be called 'The Wayne County Farm Bureau.' The following officers were elected, V. L. Dayton, chairman; Nels Johnson, vice chairman; Otto Ulrich, secy-treas.; H. J. Miner, Sam Jenkins, David Davis and Geo. F. Drevesen as a board of directors. The board will hold its next meeting at the Wayne city hall on February 18th. All members interested in this movement may obtain further particulars by consulting members of the board or may be present at their next meeting. OTTO ULRICH, Secy-Treas."

### REAL ESTATE TRANSFERS

Reported by Forrest L. Hughes, bonded abstractor.  
 S. W. Elder and wife to Burret W. Wright, part of SW 1/4, 7-26-4, \$1,000.  
 Daniel, Duff et al to Evangelical Lutheran Zion's Congregation of Garfield precinct, Wayne county, Nebr., five acres, NE 1/4 NW 1/4, 31-26-1, \$550.  
 Newton E. Morris and wife to Edward G. Wessel, lot 7, blk 1, Robinson's addition to Carroll, Nebr., \$2,500.

Perhaps Russia will follow a course thru revolution similar to that of France in developing a republic. It seems that freedom is only won by blood.

### WOMAN'S WAR WORK

(By Mrs. J. G. W. Lewis, chairman Woman's Committee, Wayne county Council of Defense.)

"Women! Send your men to the shipyards." Charles Piez, general manager of the emergency fleet corporation, in a recent statement at Washington calls upon the women of America to aid in filling the labor need at shipyards. The shipping board has the necessary yards, the materials, and the money, but men are needed. "Send the men to the shipyards," says Mr. Piez and they will be doing no less service than in the army or navy, and they will be returned to you safe and well paid after having performed a duty that is a primal necessity of this war.

General Pershing's message is, "Make a bridge of ships to France." And this was the need most emphasized by Sir Frederick Smith, Attorney General of England in his speech at the war-council of the State Council of Defense at Lincoln three weeks ago. America needs to furnish money, men, food, clothing and ammunition, but all of these are of no avail without ships for transport. The woman who turns from her knitting to encourage a ship's riveter to do more rivets a day is serving her country. Men experienced in shipbuilding trades should immediately enroll in their respective counties with the county councils of defense as shipbuilders.

### Women of America to aid in work of "Rebuilding Crippled Soldiers."

Professor Sarka Hrbkova, chairman of the Woman's Committee of the Nebraska State Council of Defense, is in receipt of information concerning the creation of a corps to be known as Reconstruction Aides, whose work will be to assist in the first stage of "rebuilding" and re-educating disabled soldiers sent back from France.

Plans call for the establishment of training centers to prepare women to enter the corps. Approved schools of physical education will also be utilized in this connection. The organization of the new department is a part of the "reconstruction" program of the government. The "Reconstruction Aides" will work in the "reconstruction hospitals."

### Woman's War Work in Our County

Last week we mentioned the various departments of work carried on by the Woman's Committee of National Defense. Not all of these departments are, as yet, represented in Wayne county. Besides the untiring work being done in the Red Cross rooms in the different towns and work along this line in the schools and homes the following departments of work have been organized in our county under the leadership of the various chairmen.

Registration.....County Chairman  
 Food Conservation.....Mrs. J. W. Jones  
 Liberty Loan.....Mrs. Rollie Ley  
 Americanization.....Mrs. Homer Seace  
 Food Production.....Mrs. A. Thompson  
 Educational Propaganda.....Miss Sewell  
 The matter of increased food production is a very important one today. Even if peace should be declared soon, we would have difficulty for a long time in feeding the world, as the usual great surplus is largely used up, the decrease in shipping is so great, so many men are incapacitated, and so much productive land ruined. The women on the farms and in the back gardens of the towns must do more than they have ever done before, and the women of our state and our county will not be lagging in this war work. General plans are being worked out by the state chairman of Food Production and each county chairman will co-operate with her in furthering those interests in her county.

### TO WAYNE COUNTY DEALERS

Monday there was a meeting at Wayne of several business men from different parts of the county, retailers and those who had been in the game, with J. H. Kemp, who is officially looking after food matters in this county, to make some rules to govern the retail price—or rather the percent of profit which may not be exceeded by the retailers of certain food products, and the figures given below are the maximum:

White flour	10%
Whole wheat	15%
Wheat graham	15%
Rye graham	15%
Rye flour	10%
Potatoes	25%
Sugar	15%
Eggs	10%
Butter	10%
Lard	10%
Crisco	10%
Beans	15%
All substitutes for wheat flour	15%
on net cost	

It is said that Moonshining is becoming an industry in this great state of Nebraska. That is pretty good proof that the dry laws are being fairly well enforced, otherwise one would not take the risk of having both state and federal authorities on his back.

# ELLIS' Feed Store

## Adds New Side Line

I have filled the shelves and cases on one side of my Feed Store room with a very complete stock of

## LIGHT HARDWARE

Consisting of tubs, wash boilers, water pails, tea kettles, coffee pots of all kinds, skillets, frying pans, stew kettles, roasters, dish and bread pans, knives and forks, butcher knives, saws, hammers, brushes, and hardware novelties.

A line of head-dress for horses consisting of rope and leather halters, curry combs, brushes, hame straps, snaps, buckles, etc.

Forks, fork handles, axe helms, brooms and mop sticks.

My stock of

## Flour and Feed

is complete, and I have food supplies for man, animal or fowl. In fact, I make a specialty of feed, grit, shell and bone for poultry.

A complete line of FIELD SEEDS, and a small lot of old corn for seed, an item of interest to many this season.

## I buy Poultry and Eggs at Top Prices

The invitation is for you to come and see me, at the Voget building on Main street, Wayne.

## Many Loaned Their Sons— You Can Loan Your Money

Many have loaned their sons to the nation. They have made the supreme sacrifice.

You are asked to loan your money.

Buy War Savings Stamps and you become a share-holder in the United States and worthy of being a citizen of this great Republic.

Not to buy War Savings Stamps is treason to our boys in the trenches. Let them know that you are with them in heart and soul and POCKET.

U. S. War Savings Stamps earn for the holder 4% interest compounded quarterly, or equivalent to about 4 3/4%. This is the highest rate of interest the government has ever paid or probably ever will pay on the money it borrows.

A "War Savings Certificate Stamp" costs \$4.12 now and in five years will be worth \$5, or it can be cashed in any time at the post office on ten days' notice. The 25-cent "Thrifty Stamp" sell for 25 cents and do not bear interest, but they can be turned in as cash on a \$5 War Savings Stamp.

# State Bank of Wayne

**COMMISSIONERS' PROCEEDINGS.**

Wayne, Neb., February 4, 1918.

The county board met as per adjournment, there being present: Geo. S. Farran and P. M. Corbit, Commissioners and Chas. W. Reynolds, Clerk. Absent, Henry Rethwisch.

On motion the bond of the Norfolk Bridge & Construction company as principal and Massachusetts Bonding & Insurance company, as sureties in the sum of \$5,000 was approved.

On motion the resignation of Daniel B. Carter, assessor for Winside precinct, was accepted.

On motion the appointment of A. H. Carter as assessor for Winside precinct was approved.

On motion the resignation of Jorgen Nielson, road overseer for district No. 37, was accepted.

On motion the resignation of Herman Brueckner, road overseer for district No. 59, was accepted.

On motion Jas. E. Brittain was appointed county judge to fill vacancy.

On motion the official bond of Jas. E. Brittain as county judge and the Fidelity & Deposit company as sureties, in the sum of \$10,000 was approved.

The application of Jas. E. Brittain, county judge, asking for the appointment of a competent and disinterested person to act in his place in the matter of the estate of James Britton, deceased, and in the matter of the guardianship of Sarah Jane Britton, an incompetent person, was read and upon consideration whereof the board orders: That J. M. Cherry, found to be a suitable and competent person, be and he hereby is appointed to act in the place of the county judge in said matters and during his absence, and disqualifications from acting in any cause during his term of office and that the said J. M. Cherry shall give bonds in the same manner and possess the same powers and be subject to the same duties, restrictions and liabilities therein as are prescribed by law respecting county judges.

In compliance with an order of court, it is hereby ordered that Alice L. Merriman be and she hereby is allowed for the support of Edward Mortimer Merriman, Nellie Blanch Merriman, Arthur Delos Merriman and Henry Rupert Merriman, minors, the sum of \$35.00 per month for three months beginning February 1, 1918, and \$25.00 per month for three months beginning May 1, 1918.

On motion the sum of \$400.00 was transferred from the general fund to the jury fund.

The following claims were examined and on motion allowed and warrants drawn.

the proper interest, that better results would be accomplished.

To the mother of each baby whose birth is recorded beginning December, 1917, we will send a book entitled "Your Baby—How to Keep it Well."

The recording of a birth is a legal record, and establishes the identity of the child. We make no charge for such a record.

The number of births recorded in this county last year were 190 of which there were:

Boys 102, girls 88, native fathers, 139, native mothers, 165, foreign fathers, 51, foreign mothers, 25, twins 4 pairs—5 boys and 3 girls.

**NOTICE OF CONDEMNATION PROCEEDINGS**

In accordance with the provisions of section 7390 of the Revised Statutes of the State of Nebraska for the year 1913, the Governor of said state has appointed a Board of Appraisers who will meet at the Administration Building of the State Normal school of Wayne, Nebraska, at 9 o'clock a. m., Friday, February 15, 1918, for the purpose of hearing all interested parties and to assess the value of said property and damages which the owners thereof shall sustain, by appropriation of the following described lands, to-wit:

Lots 1 and 2 in block 27, record title being shown in D. S. McVicker; lots 19 to 24 inclusive, in block 11, record title being shown in G. H. McGee; lots 1 to 9 inclusive, in block 15, record title being shown in Burrett W. Wright; lots 1 to 6 inclusive, and lots 19 to 24 inclusive, in block 17, record title being shown in Walter A. Hunter and lots 13 to 18 inclusive, in block 17, record title being shown in W. A. Hunter, and all of said lots and blocks being in College Hill addition to Wayne, Wayne county, Nebraska.

Said hearing and appraisal is for the purpose of acquiring title to said property for the state of Nebraska by condemnation proceedings, instituted in the District Court of Wayne county, Nebraska, on November 27, 1917, as provided in said Section 7390. (Dated January 22, 1918.)

(District Court Seal)  
**FORREST L. HUGHES,**  
Clerk of District Court.

**ESTIMATE OF EXPENSES**  
The State of Nebraska, Wayne county, ss.

I, Chas. W. Reynolds, County Clerk of Wayne county, Nebraska, do hereby certify that on January 3, 1918, the Board of County Commissioners in regular session, made an estimate of expenses for Wayne county, Nebraska, for the year 1918, as follows:

County General Fund	\$40,000
County Bridge Fund	30,000
County Road Fund	30,000
County Road Dragging Fund	10,000
County Soldiers' Relief Fund	1,500

Witness my hand and seal this 23rd day of January, A. D., 1918.  
(seal) **CHAS. W. REYNOLDS,**  
4-4t Clerk.

**AT LAST—THE TRUTH ABOUT BELGIUM**

The first Complete, Authoritative, Official Record of that Devastated Country whose Martyrdom has called the Civilized World to Arms. Written by **BRAND WHITLOCK**, United States Minister to Belgium.

Commences in **SUNDAY WORLD-HERALD**, February 17, in Illustrated weekly installments every Sunday.

Every American will read this magnificent epic of the supreme tragedy of Belgium—the burning and blasting, the rapine and desolation, and the crowning brutality of all brutalities—the murder of Edith Cavell.

Until the war is ended and the history of America's part in it is written there will be no bigger newspaper feature than, "Belgium Under the German Heel" by Brand Whitlock.

**BIG SUNDAY WORLD-HERALD FEATURES**

Short war stories by Sergeant Empey, Henri Barbusse and Robert A. Drake.

Articles by Frank H. Simonds and Frank C. Carpenter.

Humor by Potash and Perlmutter, and Greenleaf and Bloodhart.

Splendid comic section, including "Tom Sawyer and Huckleberry Finn," "Polly and her Pals," "The Family Next Door" and "Slim Jim."

The children's page conducted by Uncle Ros.

Subscriptions for the World-Herald will be received at the Democrat Office.

D. H. CUNNINGHAM, Auctioneer.

W. T. GRAHAM, Clerk.

**War Duty**

**DEPARTMENT OF HEALTH**

Lincoln, February 12.—We are exceedingly anxious to have our births and deaths recorded 100 per cent, and as it seems that there are a great many people who do not know that the state of Nebraska records births and deaths, we believe the figures from your county may be of interest.

Whenever a baby is born or a person dies, it is of the utmost impor-

tance that same be recorded at the state house. In almost every town we have a local registrar, and we would ask that the mothers of the children born see that the baby's birth is properly recorded. The physician usually attends to this, but as our registration last year regarding births was only 62 per cent of what it should be, we believe if the mothers and fathers would exercise

War regulations are made for their effect on the battle fields of Europe.

Where they affect you, it involves your patriotism—you help to win or lose.

Never in history has so much been demanded of railroads.

The movement of material and finished product for Uncle Sam is a gigantic task.

It will affect you—in car shortage, delays, comfort and earning power.

It is but a "slight inconvenience" compared with results of German victory.

Show the fighting spirit—Help when ever you can.

—Help Uncle Sam,—Help our boys in France,—

Help the railroads in their vital work of serving the Nation.

Load your car to capacity

Load your freight promptly

Unload your freight promptly

**WITH THE WAYNE CHURCHES**

**English Lutheran Church**  
(Rev. J. H. Fetterolf, Pastor)

Sunday school meets at 10 a. m. Public worship with sermon at 11 a. m. The subject of the sermon is "The Great Salvation." Evening worship at 7:30. Subject, "The Great Magnet."  
Luther League meeting at 6:45 p. m. The general theme for study during the Lenten season is the life of the Master. The specific subject for next Sunday is, "His Holy Life." Miss Nina Thompson will conduct the meeting.

The Ladies Aid will be entertained at its next meeting at the home of Mrs. Rogers, Thursday, February 21. In view of the important Red Cross quilt work the ladies are now doing, it is earnestly desired that every member be present.

A service flag with twelve stars has been ordered for the church and we expect to have it in place by next Sunday.

The expected appeal, spoken of in these columns a few weeks ago, is before us. The National Lutheran Commission for Soldiers' and Sailors' Welfare has issued a call to the church to raise \$750,000 to send Lutheran pastors to the 165,000 Lutheran boys in the training camps of our country. The church is trying to meet its duty in this emergency. It is calling upon every Lutheran to assist in realizing its expectation. What will the church do to comfort and strengthen the boys? Can the church face the boys on their return from the front when it has failed to do its duty toward them in their hour of need? We cannot afford to fail in this test. The boys deserve the same pastoral care in camp and at the front that they have at home. Our duty is to make such oversight possible.

This movement has the hearty endorsement of President Wilson and other government officials. Sec. Daniels says: "No service is of greater importance and benefit to the men in uniform than that which ministers to their moral and spiritual preparation for the great tasks and great responsibilities which they are facing. It is gratifying that the Lutheran church has recognized so fully its duty to the Lutheran men in the service." Dr. John R. Mott says: "The Y. M. C. A. is a body of laymen and volunteer chaplains are pastors. Together they represent the church. Both are indispensable to army and navy. They should seek in every way in their power to support each other. The Y. M. C. A. cannot perform the functions of the pastor."

Nebraska's share of the budget is \$19,000 and this is the least amount with which the Commission can carry on the work it has planned. A local committee has been appointed to organize teams to canvass every Lutheran in the locality. The campaign will run from February 18 to 26. The canvass is distinctly a congregational canvass. The situation demands the most pronounced manifestation of Christian service possible. The issue is squarely before us. We must rise to the occasion, showing our willingness to take care of our soldiers and sailors, spiritually.

**Consult Dr. Wood**  
**MEN'S SPECIALIST**  
Established in Sioux City 1899  
413 1/2 Nebraska St., Sioux City, Ia.  
ad-p 3-8.

It may mean some sacrifice to fulfill Christ's mission in this emergency, but the cause justifies the sacrifice.

**Presbyterian Church**  
(Rev. E. Xenophon Cross, Pastor)

The Y. P. S. C. E. will entertain the congregation at a birthday party next Tuesday evening at 8 o'clock. Better get in line and enjoy the Bible Institute while you can. Mr. Guille will soon be gone and you will wish that you had met and heard him.

At the last Worker's conference, Supt. F. H. Jones distributed to the class officers a number of "Why" cards. The purpose is to discover why absence from class. Better be in your place next Sunday.

Rev. Guille will have a special message for the Junior and Intermediate departments next Sunday. Let all be present and, if possible, attend the morning church service. We would be pleased to see every boy and girl in the church services.

The service next Sunday evening will be of extraordinary meaning. The subject of the sermon will be, "Lincoln." There will be extra musical selections under the direction of Mrs. A. R. Davis, chorister. Students will be interested. No patriotic citizen will go away uninterested.

Have the boys and girls come to Junior Endeavor next Sunday at 3 p. m. This is the best possible training for the children of junior age. We urge all present to encourage the children to come to these meetings and to master all the work assigned by the Junior Superintendent.

**Baptist Church**  
(Rev. Fletcher J. Jordan, Pastor)

Divine worship with sermon at 10:30 a. m. and 7:30 p. m.

Sunday school 11:30. Strangers are invited to remain for the session. Every teacher and all pupils should be in their places next Sunday in the Bible school.

B. Y. P. U. at 6:30 p. m. The subject is: "What My Denomination is Doing." Scripture: Thess 1:2-8. Midweek prayer meeting every Wednesday evening at 7:30. You will want to come again when you acquire the habit of meeting with the friends and praying for the interests of God's Kingdom in our city and elsewhere.

Choir rehearsal Thursday evening at 7:30. Visitors and strangers are always heartily welcome here. Make yourself known to some member of the church. The pastor will be specially glad to meet you. Give him the opportunity.

**Methodist Episcopal Church**  
(Rev. D. W. MacGregor, Pastor)

Sunday school at 10 a. m. This department of our church is of the greatest importance and is rapidly growing. New members every Sunday.

Next Sunday morning the orchestra will play. All who heard this musical aggregation play last Sunday evening at E. L. were greatly pleased. Come to Sunday school next Sunday, good music and song.

Sermon at 11 a. m. Subject, "Simon, Satan hath desired to have you." Why? Epworth League, Boy Scouts and Intermediate League will meet at 6:30 p. m.

The Leagues are growing rapidly. Be sure and be present at the next meeting.

The Boy Scouts are "Booming." Three new members last Sunday evening. New suits soon will be on hand for every member. Go to it boys. Your pastor is with you for success. We extend a cordial invitation to

attend our services. The pastor will preach at 7:30 p. m. Subject, "The Soldier boy, a sailor of the air, who asked us to write his mother when we should return to good old Nebraska. The two persons he thinks the most of in a Nebraska town. Guess!"

**FINAL CLASSIFICATION BY DISTRICT AND LOCAL BOARDS**

The names below are the final classification of men from this county by the district as well as the local board, and some changes in classes will be noted from the classification given by the local board. As we understand this ruling is final.

E. J. Poulson, salary..... 80.00

On motion the application of Dr. A. G. Adams for license to operate a Bowling on lot 3, Block 20, Original Town was approved and license ordered issued on payment of the annual fee.

**WILL ESTABLISH 13,000 WAR STAMP AGENCIES IN NEBRASKA**

A War Savings Stamp Agency for Every 100 People in the State.

It is expected that by February 1 there will be 13,000 agencies in Nebraska selling War Savings Stamps. Ward M. Burgess, State Director, has sent word to chairmen in the ninety-three Nebraska counties that he expects them to have an agency for every 100 people in each county by that time.

Cards which will be furnished these 13,000 agencies bear the line, "Stamp Out the War—War Savings Stamps for Sale Here."  
It will not be necessary hereafter for business houses to get permits from the government to sell War Savings Stamps. All they need to do is to buy the stamps at the bank, put up the sign sent from the state headquarters and go ahead selling.

By the end of the month it is expected that every business house in the state will be selling stamps. There will be no profit in handling this line of merchandise. The merchant or business man, however, will be doing just one more of the many patriotic things he has been called upon to do during the last ten months.

**ESTIMATE OF EXPENSES**  
The State of Nebraska, Wayne county, ss.

I, Chas. W. Reynolds, County Clerk of Wayne county, Nebraska, do hereby certify that on January 8, 1918, the Board of County Commissioners in regular session, made an estimate of expenses for Wayne county, Nebraska, for the year 1918, as follows:
