## MANY WAYNE HOME GUARDS TURN OUT FOR FIRST DRILL

Tuesday evening was the first meeting called of the Wayne Home Guards for drill, and in spite of most unfavorable weather eighty members are said to have been in line. Three companies made up for the evening's work; one bunch drilled at the city hall, another at the opera house, and a third at the high school "gym." Had the weather been favorable there would have been need of another drill room or two. Captain Harrington tells us that the men did exceptionally well for recruits and all seemed to be much interested in the work.

Many new members have signed up, but not all papers out have yet been handed in because the work is not yet finished. Beyond doubt when the canvas has been completed Wayne will have one of the largest companies in this corner of the state, and when the college boys join in a drill as they may some time it will make quite an imposing army.

Monday and Thursday evening are drill evenings, and as some cannot well get off for a drill either evening, it was announced that there would be a drill for those at 3 o'clock Sunday afternoons, the same as in most of the neighboring towns where they have a guard organized. The time of the year is coming when open air drills may be had without discomfort, and then will be the opportunity for all to drill together, after they become drill wise enough so that they will not run over each other.

## TRESSA EDWARDS

A telegram was received Thursday evening last by Mrs. Rachel Sparks saying that her daughter, Tressa Edwards, was very ill at Little Rock, Arkansas, where she had been attending school. Mrs. Sparks immediately made preparations to go the following morning when a second telegram came containing the sad intelligence that the girl had died. The mother is prostrated with grief and for a time her attending physician thought her mind was impaired.

Tressa has lived nearly all of her life at Wayne and her many friends regret her early death. Her death came very suddenly after a brief illness of spinal meningitis. The body was sent to Wayne, arriving Wednesday. Rev. Jordan held a short service at Greenwood cemetery where interment was made.

Tressa Edwards was born in Minnesota, August 22, 1901, and came to Wayne a few years later with her mother. Here she spent the happy, carefree days of childhood and was given as many joys as a loving mother could give her. She went to Little Rock last fall to attend school and according to letters received by relatives and friends she was happy and contented there. No word of sickness came until the message conveyed the news of her serious illness. Seventeen years is a brief life and to the sorrowing relatives, especially the mother, the Democrat extends sincere sympathy.

Out of town relatives called here by the death were: Mr. and Mrs. I. D. Henderson, of Marshall, Minnesota, parents of Mrs. Sparks.

## LITTLE CHANGE IN

### R. R. TIME CARD

Sunday noon a new time card went into action on this branch of the "Omaha." Under the new schedule the east bound passenger known as No. 12 will be leaving Wayne at 8:12 a. m., when on time. No. 10, now has 3:15 p. m. marked as leaving time. West bound trains are scheduled, No. 9 at 11 a. m. and No. 11 at 7:15 p. m. The branch trains to Bloomfield are due to leave immediately following the departure of the west bound trains. The morning train is due to reach Wayne at 7:40 and the afternoon train at 1:35. The afternoon Bloomfield train departs for Emerson at 1:50 and is due there at 3:00 o'clock, returning it leaves Emerson at 5:40 and is due here at 6:30 p. m. The changes are slight, and not unfavorable to those who may not know them in advance, for trains do not go quite as early where there is a change.

## SPRING PAPERING COMES NOW

And I have in stock a complete line of wall paper samples of the latest patterns and it is now none too early to come and make your selections. I can furnish and hang your paper and assure you satisfactory paper and work at a saving price.

J. H. Boyce, Wayne, Phone Black 37. Adv. 11.

## FIGURE THE WORTH OF A SMILE

Not long ago the writer was offered a soldier's letter to read by a friend. The friend made this remark, "I think those boys must get pretty lonely down there, even my letters pleased them." I looked at the face before me, bright and sweet with that kind of a smile we all love and said nothing. The letter went something like this: "Your letter came yesterday, breathing its message from home, and I wish I could tell you just what your cheerful, sunny letter has done for me. Before it came I was blue and homesick, a letter from sister, full of tears and doleful news seemed to put the finishing touches to anything but a perfect day. I was sitting alone, just weary of it all when your letter came. I can almost quote it. It started out with 'Say Jim, isn't this a glorious old world, why I am so proud of you and' and I just wish I wasn't a good for nothing girl. It was all that way. And the news from home was all there, told in that interesting way you have. When I finished if I know my face reflected the joy that letter contained. I straightened up at least an inch taller. I am not a quitter, not by a long way, but it is lonesome here, I would rather be in the trenches in France than to live in this state of inactivity and the monotony of sameness. And then most people write as if they were saying a last 'goodbye.' And I know the sorrow you have seen and I think if you can smile and pass your sunshine on to me, why I should see that it comes back to you, a sort of a boomerang, that is what smiles are, you know. And when you realize the happiness just that smile of yours brings to all your friends surely it brightens your own way and covers up all the ache."

As we go thru life we find many people who have never become civilized enough to smile except it be for a selfish purpose or from a happy mood, we wonder why they have never wakened to their responsibilities. If the girl mentioned above can shed sunshine when her life has held little else than sorrow WHY can not YOU who are enjoying God's richest gifts, SMILE? To the boys in the camps and in the trenches, to the fellow-man you touch elbows with each day give them a smile. Sometimes the writer starts out with a cheery "Good Morning!" and meets a gruff "Huhh!" that would put a damper on the day if it wasn't for the belief that these kind of "critters" are in the minority.

Remember, you have to get the love of humanity in your heart FIRST. That unreal "business getter," the kind you flash on your customers; or that ghost that plays tag with the lips of the society lady; the unlovely one people put on when they talk to an "inferior"—all of these kind of smiles MUST get out of your life.

The girl who showed the writer the letter is a beautiful example. Her own life shadowed by an incurable illness, a grief too that held all the agony of despair yet to her people cling BECAUSE they haven't found that great blessing she possesses—the love of her fellow-man.

## SHIPMENT OF KNITTING

The following knitted garments were shipped from Wayne, February 16: 39 sweaters, 18 pair socks, 20 pair wristlets, 3 helmets, 2 mufflers, and 1 French cap.

From Shoes: 1 sweater and 1 muffler.

An appeal has come from the Red Cross headquarters to keep on knitting all spring and summer.

The following articles have been donated since the last shipment: one pair wristlets from Ruth Jones and a sweater from Mrs. Robt. Mellor.

MRS. RINGLAND,

Rare specimens loaned by the State at the Aquarium. See Novelty Fair, page 5.

## A CHANGED SALE DATE FOR WAYNE RED CROSS

The advertising last week told of the great Red Cross sale for Wayne county, but thru a misunderstanding, the wrong date was announced. The sale is to be Saturday, March 2nd, just a week earlier than announced last week. This will hurry things a bit, perhaps, but then the people of this county are equal to the emergency. Committees are now busy and the offering of desirable things to be sold is rapidly growing. If by any change every member of the committee misses you, just list your offering with any of them, or with L. C. Gildersleeve, the secretary of the association. Farmers, business men, women and children are in on this offering, and will be welcomed to do their share of the bidding.

No one can do too much for this great organization, and those who give until they feel it will find a reward in the satisfaction of having done their bit and their best, be it little or much.

Remember the date, March 2nd, and read their advertisement for full particulars and a partial list of the offerings.

## WHITE BASKET STORE IN NEW LOCATION

The White Basket store is in its splendid new quarters on west Main street and Ralph Rundell informs us that business is very good. Even during the rush of moving last Saturday he had a big day. The store is modern and the fixtures are convenient, sanitary and a saving both for the customer and clerks. Display stands painted white and piled high with delicious fruit and seasonal vegetables makes one hesitate and then purchase. The window displays are new and unique. Made in form of stands with shelving on both the street and the store side gives them a place for display of canned goods which cannot be beat. One window is kept for an extended shelf display of fruit, vegetables and other appealing necessities.

One of the most convenient things in the store is a cabinet with apartments where different orders can be put as fast as the clerks can fill them, orders for delivery and farm orders, tagged ready for the owner or delivery boy. This will save a great many mistakes made formerly because of a crowded store, especially on Saturdays.

Throughout the store is SYSTEM, the greatest asset to successful business. Wayne is proud of the White Basket store and the Democrat predicts for them an increase in their already flourishing business.

## JUNIOR RED CROSS ORGANIZING

The purpose of the Junior Red Cross is to make every school in Wayne county a Red Cross auxiliary. This is very essential in this world-wide struggle.

Success in the school auxiliary depends upon principals and teachers. They will supply the inspirational leadership that will make the results impressive. It should be possible to include the Red Cross work in the schedule of the day or week without increasing the burden of the teacher, because every loyal American should be willing to shoulder extra burdens if necessary.

The time spent on Red Cross work in the school will be determined by the school authorities themselves. Some may give an hour a day while others only an hour a week, but remember the more time you put in on Red Cross work the sooner our men will win.

The slogan adopted is, "Every School a Red Cross Auxiliary and a Center for Patriotic Service."

A letter has been sent to every teacher, not only in this county, but in the entire country, the substance of which is to organize this great force of twenty-two million pupils for work, and thus carry the work of the Red Cross by an interested messenger to practically every home in this broad land.

It is a mighty force and one which should be used as it is to be, rather than having the lads taken to the trenches, as many lads in Germany have been before time for them to be out of school.

## JUDGE JAS. BRITIAN POPULAR

The new county judge appears to be popular with those seeking to enter the bonds of wedlock, for the records show that he has been marrying fully half of those who came to the office for a permit to wed.

They come from other counties as well as our own.

## SOCIAL NOTES

The Bible Study Circle had an unusually interesting meeting Tuesday afternoon at the home of Mrs. Edwin B. Young.

Miss Charlotte White led the splendid Sunday school lesson, using the three parables assigned. The lighted candle, the Father's Watch Care, and The Growth of the Kingdom, with blessing to all present.

Mrs. Arthur Norton and Miss Nellie Book sang beautiful solos. Many helpful testimonies were given by class members.

Letters of great interest from distant lands were read by the secretary, including one from Miss Fern Houser, direct from the pitiful scene of homeless, suffering, Guatamala City, which closed with these words: "The last terrible quake was on the 24th of January. We expect the worst yet one of these days. Today we have the first train to the Gulf we have had for a week because of land slides. Scientific computation predicts eruption of a nearby volcano between February 20th and 26th. If we don't meet here again I'll see you on the other side. You, on Missionary Row, if He counts me worthy of Grace."

Special prayers were offered for many objects near and far which closed the helpful meeting. Mrs. W. Y. Miles, who is a beloved and appreciated member, and is moving to Sidney, was presented with a beautiful Bible from the Circle as a token of esteem. Coffee, which was sent from a plantation near the recent disaster in Central America, was served to the guests.

Miss Charlotte Ziegler will be hostess next week and, as always, all are welcome.

## Party For Mr. and Mrs. Grimsley

The members of the Baptist church enjoyed a sleighride party Monday evening. About forty of them gathered at the home of Mr. and Mrs. Henry Kellogg and in sleighs went out to the home of Mr. and Mrs. John Grimsley, where the evening was spent in a social good time. Rev. Jordan played several selections on his violin with Mrs. Jordan accompanying, while Mrs. Grimsley "tripped the light fantastic."

An elaborate luncheon was served. A very pleasant evening is reported. Mr. and Mrs. Grimsley are moving this week to Jerseyville, Illinois, where they will make their future home.

Mrs. Roy Tharp was given a glad surprise Monday evening when sixteen friends and neighbors came to the Tharp home and brought well-filled baskets and spent the evening playing games. A Victrola furnished music for old fashioned square dancing. At 10:30 a delicious two-course luncheon was served. Mr. and Mrs. Tharp will leave Wayne about March 1 and this party was a farewell gathering.

The members of Douglas Chapter, D. A. R., will give a Washington Tea, Friday, February 22, to which every lady in Wayne is most cordially invited. The party will be held at the home of Mr. and Mrs. Carroll Orr from 2:30 to 6:00 p. m. Luncheon will be served and a silver offering will be taken for the Red Cross.

The Central Social Circle did not meet last week as planned on account of the stormy weather. They have decided to hold their next meeting on their next regular date which will be in March.

The P. E. O. Sisterhood met with Mrs. James Miller Monday evening. "Our National Holidays and Our National Songs," with Bonnell Mellor as leader, proved very interesting. A pleasant time is reported.

The Helping Hand society is meeting today with Mrs. Will Watson in an all day session. Dinner will be served at one o'clock and the time will be spent sewing for the Orphans' home.

The U. D. club are being entertained today in an all day session at the home of Mrs. H. B. Jones. Dinner will be served at one o'clock and the day will be spent in Red Cross work.

On account of the severe weather of Tuesday the Shakespeare club postponed this week's meeting and will meet with Miss Ella Redmond Tuesday evening of next week.

The Early Hour club will meet with Mr. and Mrs. A. B. Carhart

this evening. A six o'clock dinner will be served after which the evening will be spent playing "500."

The Rural society will meet with Mrs. V. H. McChesney Thursday of next week in an all day session. Dinner will be served at one o'clock after which the ladies will sew for the Red Cross.

Miss Marguerite Bolt will be hostess to the Young Ladies Bible Circle, Friday evening at the home of Mrs. Alice Rickabaugh. All are cordially invited.

The Pleasant Valley Club will meet with Mrs. Harvey Miner this afternoon to finish a quilt for the Red Cross. Refreshments will be served.

The Woman's Club will meet Tuesday next with Mrs. J. H. Wendte. This week's meeting was postponed on account of the blizzard of Tuesday.

The Rebekah lodge will hold a Washington program Friday evening after their regular meeting.

## WORLD-CITIZEN LECTURES AT WAYNE STATE NORMAL

Citizens of Wayne were highly favored last evening when opportunity came for them to listen to one of the great men of the nation—Dr. Edward A. Steiner, of Grinnell, Iowa. The auditorium was well filled in spite of very inclement weather. The Doctor is a man of many experiences, and has the happy faculty of telling them in such a manner as to take his audience with him on his long travels among the people of many nations. He seems to know most nationalities and their traits of character. His talk was full of humor, and every incident told, whether serious or not, made clear a point vital in life. His tribute to America and her place in the world was inspiring to Americans; his measure of nations and national policies appeared to be accurate, just and easily understood. He told in parable who started the war, he gave his hearers a broad view of what may come through the evolution now under way, yet admitted that no one could measure the magnitude of the changes so rapidly taking place. We would be glad indeed to carry all of his excellent talk to you, it would do you good, but that is impossible and you cannot grind with the water that has passed; no more can one pick up and convey all of the truths this speaker uttered to those who missed the opportunity to hear. It was inimitable, a broad world-view.

## SCHOOL NOTES

A Junior Red Cross organization in the Wayne public schools is the theme in the minds of all students and teachers. As announced elsewhere a novelty fair to obtain funds is being arranged for, to be held on the evening of Friday, March 8th. Grades and high school groups are planning costumes and equipment, and preparing the details of the various features. Everyone is working with enthusiasm and a great time is assured.

The pupils of the overflow class, Mrs. Alice Seace, teacher, are now interested in paper making. After making a careful study of the process, they made some surprisingly fine specimens. They are also making small flags of the allied nations.

New pupils are Hazel Chapman in the second grade and Helen Chapman in the fourth grade.

Stanley Lantaff of the second grade has left school having moved with his parents from the city.

Mrs. M. S. Davis has kindly donated to the eighth grade regular copies of the Illustrated Review, which the students are finding very helpful in their study of current events.

## UGLY RUMORS PROVE WITHOUT FOUNDATION

Numerous rumors to the effect that Tressa Edwards came to her death at Little Rock, Arkansas, last week thru some other cause than that reported are without foundation. County Attorney Berry promptly started investigation by wire and letter, and its reply received assurance from the proper officials and physicians of Little Rock which convinced him that facts concerning the death were as reported, and that the many rumors to the contrary were unfounded.

Save your dimes for the Novelty Fair, March 8th. See page 5.

## PATRIOTIC MEET IN OPERA HOUSE SUNDAY EVENING

Next Sunday evening the people of Wayne regardless of nationality, creed or religion—just so they are American in sentiment, will gather at the opera house in their second great patriotic meeting. A most excellent program has been arranged for, and it is fine to see the churches give with their usual services and join in the movement to study for an evening the great war question that they may have a better understanding of the cause of this war, our proper part and place in it, and what we hope to accomplish for future generations by bringing it to a successful finish.

This meeting being held in commemoration of the birthdays of the "Father" and "savior" of the great American democracy, Washington and Lincoln, gives promise of being an inspiring gathering. Dr. J. T. House, the scholarly speaker of the Normal faculty will give a commemorative address. H. E. Simon the silver-tongued orator from Winnside will give a "War Work Review" which will be worth your time to listen to. Miss Mack will give a patriotic reading that cannot well be excelled while the Normal quartet and orchestra will furnish music such as one would gladly pay to hear if some traveling company came along and properly advertised.

It will be a get-together meeting for the army at home, and we will do our part the better if we can attend this meeting for inspiration.

## U. S. INSURANCE COVERS MEN LOST ON TRANSPORT

Any American soldiers lost on the torpedoed transport were protected by United States Government Insurance and Government compensation. Those who had not applied for insurance were covered by automatic insurance which is payable to wife, child, or widowed mother. The automatic insurance aggregates about \$4,300, netting \$25 a month for 240 months. Insurance that had been applied for is payable to a much larger class of beneficiaries and can go as high as \$10,000, netting \$57.50 a month for 240 months.

The compensation in case of death given by the Government without charge and regardless of rank or pay, ranges from \$20 to \$75 a month, based on the number of dependents. Payment under the compensation feature of the military and naval insurance act in case of death are payable to a widow, children, or dependent widow or mother.

The automatic insurance ceased on February 12, but the compensation feature of the act is a separate provision. The scale of compensation in case of death follows:

- For a widow alone, \$25.
  - For a widow and one child \$35.
  - For a widow and two children \$47.50, with \$5 for each additional child up to two.
  - If there be no widow, then for one child, \$20.
  - For two children, \$30.
  - For three children, \$40, with \$5 for each additional child up to two.
  - For a widowed mother, \$20.
- The amount payable under this subdivision shall not be greater than a sum which when added to the total amount payable to the widow and children, does not exceed \$75.

## HEIKES-NELSON

Miss Jennie H. Heikes and Mr. Edward Nelson, both of Wakefield, were united in marriage, Wednesday, February 20, 1918, at the Methodist parsonage, the Rev. D. W. MacGregor officiating. The young folks were accompanied by Miss Olive Alstrope and Mr. Phillip T. Chinn, also of Wakefield. After a short wedding trip in the south Mr. and Mrs. Edward Nelson will live on a farm near Laurel.

## STOCK BREEDERS MEET SATURDAY AFTERNOON

There is to be a meeting of the Wayne County Pure Stock Breeders at the City hall of Wayne, Saturday afternoon, at 2:30, for the purpose of aiding in the Red Cross Sale the following Saturday and transacting other business of importance. All who can be requested to attend, says the secretary and president.

Be sure to attend the great auction sale, East vs. West, at the Novelty Fair. See page 5.

The young people of Wayne have been thoroughly enjoying the good sleighing of the first of the week. Merry sleighbells chimed until very late hours when—presto, one of Nebraska's quick changes took the snow in a hurry.

Chris Larson from Ewing, who formerly lived at Wayne, was here last week visiting friends, and was a guest of W. O. Hanssen. Mr. Larson had expected to visit his brother near Sholes, but the weather looked like a trip home was the wise move, and he went while the going was not bad.

Sunday a bunch of young folks went to the country to hunt rabbits. They informed us that they bagged twenty altogether. One of the young men fell into a creek and came home pretty cold but they had a good time. That was tame compared to the "snipe" hunt in which the college boys indulged one dark night. Who held the sack, and how long?

C. G. Johnson, who lived four miles south of Laurel died suddenly last week Monday. He had laid down to rest as was his usual custom, and was apparently asleep when they went to call him, and found him dead. He was 67 years of age, and came from Sweden to America when but two years of age, and had lived for 27 years on the farm where he died.

Orra Martin arrived from Camp Pike, Arkansas, Friday evening and surprised his home folks and friends. Orra had a siege of spinal meningitis a couple of months ago and it left his back very weak. The doctors at the camp thought a few weeks of home life would prove beneficial and sent him home on a furlough. If he regains sufficiently to take up his duties in the service he will return. If his health seems permanently impaired he will receive a discharge. He looks strong and says he feels well except that the sickness left his back weak. Otto Miller of Camp Funston, Kansas, joined him at Kansas City and Otto will visit home folks here on a ten days furlough.

Mr. and Mrs. Edward Blodgett of Goodwin, who have been visiting Mrs. B's parents, Mr. and Mrs. O. W. Milliken, returned to their home Saturday.

Mrs. Frank Weigand, of Bloomfield, was a business visitor here Saturday. She was called to Sioux City on account of the serious illness of her daughter, Mrs. S. A. Washburn.

Mrs. C. J. Peters and Mrs. H. A. Nelson, of Sholes, went to Omaha Saturday morning where they will attend a party given for Mrs. Peters' mother, Mrs. Benkey, who was 79 years old that day.

Mr. and Mrs. J. A. Gasper returned to their home at Bridgewater, South Dakota, after a two-weeks visit with relatives here. It is four years since they last visited Wayne, and while people who have been here all the time do not notice many changes, they could see considerable improvement in buildings and other improvements. While our electroliters are not shining their best while the city is concerning coal, it was one of the things they noticed and commented on, but they did not mention our paving—not this trip.

"It looks sort o' like the 'public be damned' sentiment that prompts a man to shovel his own inside walk and leave the snow untouched on the public walk outside," said a friend the other day; little thinking that it was in all probability the overworked wife who had cleaned the inside walk while the "head of the house" rested.

The Homer Star says that some folks are on the list for income tax who with all their income have neglected to pay for their local paper. It is no wonder that so few newspaper men have to pay an income tax. They let the other fellow read their paper for nothing and thus save enough for the income tax man. That is real patriotism. As much so as the patriotism of the man who drank liquor, not because he liked it, but because the revenue on what he drank helped the government pay expenses.

Lawrence Dake of Peterson, Iowa, was visiting here last week. He tells us that in that locality in northwestern Iowa their corn crop last season was ample in quantity, but that it lacked quality, being too soft to grade; and that they have practically no home grown seed corn. This only serves to emphasize the fact that seed corn should be selected before any frost comes and be properly cared for. We heard one of our good farmers a few days ago say that he had made a mistake which was sure to cost him fifty dollars, and how much more he could not tell until he found what kind of seed corn he would get when he purchased. He knew he should have gathered his seed as he did before. But, he said, the corn crop looked so grand, so large, so thrifty and promising that he felt sure seed would be easily found at husking time. But corn kept growing and failed to mature, and he must buy as best he can now.

**USE MUCH TIN IN SILK**  
 It is estimated that at least 5,000 tons of metallic tin are used yearly in this country to make tin tetrachloride, which is purchased by silk dyers for weighting and finishing silk. The American Metal Market says that by far the largest percentage of tin recovered from tin plate scrap is now devoted to this purpose by the silk industry, and is lost. It urges that such use can be suspended during the war as a tin conservation measure. Says the Wayne Cleaning Works.

Mrs. W. H. Brune of Winside was a business visitor here Monday.

Mrs. F. H. Jones returned from Omaha Monday evening where she had been on a visit.

Mrs. Wm. Woelter was called to Hadar Monday on account of the serious illness of her father.

Mr. and Mrs. Ed Samuelson, of Henning, Minnesota, arrived Monday evening and will visit relatives here for some time.

Bert Francis and D. R. Thomas, of Carroll, were waiting train here Tuesday morning on their way to Omaha on a business mission.

Dave Nettleton, of Sioux City, was here the first of the week on his way to visit his old home at Randolph. He stopped here to visit his brother, L. C. Nettleton, who is suffering from rheumatism to such an extent that he is confined to the house most of the time.

Miss Ida Hereen, of Carroll, was here on business Monday.

Gus Hanssen was a visitor from Randolph the first of the week.

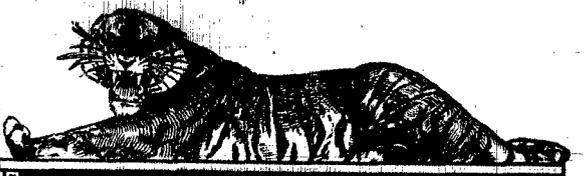

George Crellen, of Magnet, was a business visitor at Wayne Monday.

Albert Childs and family, of Wakefield, spent Sunday at the J. P. Larson home.

Luther Steele was here from Sioux City Saturday and Sunday visiting his mother and sisters in the north part of the city.

Loren Milner, who has been attending Normal here, went to Martin, South Dakota, Monday, where he has accepted a position in a law office.

Mrs. Carrie Bruner returned Monday evening from Clearfield and Corning, Iowa, where she has been visiting relatives. She was called there on account of the death of her brother.

- GERMAN LICKED AT OAKLAND**
- A fistie encounter occurred over in Oakland a few days ago between a German and a Scotchman the result of which was most certainly the defeat of the German. The persons in question were a man named Henry Miller, an insurance agent, and Dave Preston. Miller upheld the German language, it is stated, and in the patriotic argument which followed pulled off his coat and attacked Preston, who was not looking for a scrap, but finding that his opponent meant business, he started in and before the finish he had Miller yelling for help from the floor where he was held by firmness, but the crowd seemingly enjoyed the punishment and let the affair proceed for a time before calling Preston off. It is said that later in the day a crowd gathered in front of the building where Miller was located but could not find him and that he left town the following day.
- This is the kind of treatment all German agitators or favorites deserve and if more would be given a good drubbing the effect would have a more lasting effect than the simple application of yellow paint to a few houses. The time has passed when men in public life or private, in the church or out of it, should be permitted to do as they like in keeping quiet on the patriotic subject of the

day. They are either for or against America, and the chances are nine to one that if they are of the quiet, pious kind, that they will bear watching. No man will keep quiet if he is a true American citizen in these days. The council of Defense should smoke out these unloyal citizens and give all the others to understand that underhandedness and secret gloating over the killing of Americans and the sinking of transports must stop, no matter whether it be in Oakland or Tekamah. The only remedy is a punishment so severe that the unloyal will obey the laws.—Tekamah Herald.

The W. C. T. U. will meet with Mrs. C. W. Hixcox tomorrow afternoon. The meeting was postponed until this date on account of other social events. The program will be as follows: Mrs. Clasen, devotional; special musical numbers; roll call, tested recipes; ten minute papers: Mrs. Noakes, "How to Save Time," Mrs. Gustafson, "The High Cost of Living," Mrs. Goodyear, "Borrowing is not Better Than Begging."

**INCONSISTENCY IN HOOVERIZING**  
(From the Goldenrod.)

The government is asking everyone to save. We have meatless days, wheatless days, sweetless days, heatless days, lightless nights, and many other "Less" things, cramping some of us little and some of us much. In all great moves for better or for worse there are bound to be inconsistencies and we believe we have found one that should be taken care of.

Have you noticed lately that when your wife, your sister, or your mother has sent you to town for cough syrup, liniment, potatoes, sugar, or moth balls, that there seems to be no grocer on the job, no druggist on the job, nor anyone on the job, dealing in the necessities of life. You ask the reason why. The answer is, "to save coal."

Down the street a couple of blocks you see "coal-made electric lights," shining cheerfully out on the walk, and are thankful that perhaps you still may have a chance to get that cough syrup. You arrive at the first lighted spot—and through a well-lighted window see dozens of our young hopefuls, and older "hopelesses" wearing out perfectly good shoe leather pacing off the miles around a billiard or pool table. We go on to the next lighted place and the same race is on there.

Of course we realize that this is necessary to the successful pursuit

of the war, and the saving of coal, but a little cough syrup might save some suffering in the end as well. These young men might be putting their time, money and morals into a more profitable pursuit and allow that electricity which the rest of us are trying to save to be used in the process of carrying on some activity which could be called "necessary."

Is it not "inconsistent" to request the closing of places dealing in necessities and countenancing "open season" for places such as we have just discussed?

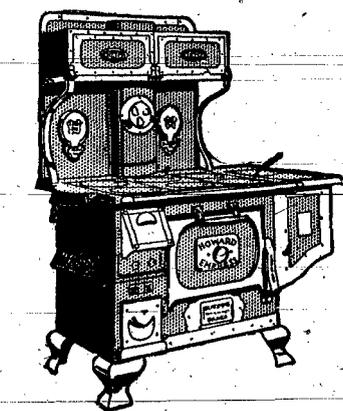

**TWENTY-FIVE CENT SUPPER**

The second division of the M. E. Aid society will serve a 25c supper in the basement of the church, Thursday, February 28, beginning at 5:30 p. m., to which the public is invited.

**BOY SHOOTS OFF PART OF LEFT THUMB SUNDAY**

Ralph, Peterson, 13, son of Earl Peterson, Hartington rural mail carrier, shot off part of his left thumb last Sunday afternoon while climbing the trestle near the sand pit south of town. The right arm is crippled. He attempted to climb the trestle holding a 12 gauge shot gun in his left hand. He lost his balance and dropped the gun to take hold. The hammer of the gun struck the trestle, discharging the shell, the contents of which stripped the flesh from the right thumb between the first and second joints. Geo. Eby was passing in a Ford and brought the youngster to town.—Cedar County News.

FARMERS WILL RAISE SORGHUM

A good many farmers say that they will pay attention to the raising of sorghum this year. There has been inquiry everywhere for sorghum molasses but there has been little on the market and in most of the country none at all.

The farmers of Davis county, Utah, which is a great beet raising district, held a meeting and sent a long resolution to the food commission.

These lines were taken from the World-Herald, and to show that the Democrat and Wayne and vicinity are not the only ones who are looking for relief from the sugar situation.

Bring sunshine and spring in your home by getting New Wall Decorations

You probably buy wallpaper only every three or four years. Anything that is to be with you that long and constantly before your visitors' eyes and yours deserves careful consideration.

First, you want a paper that pleases and satisfies you, that is, one that harmonizes with your carpets, woodwork, and furniture.

All these requirements are met by the new wallpaper stock I have gathered this year. My stock is now more complete than it ever was this early in the season.

As to prices, you will find that in spite of war conditions, these are very low. The quality is exceptionally good.

I will be glad to show you the paper in the roll, two strips side by side, so giving you an idea how your room will look when decorated.

Won't you come in and let us talk over your wallpaper problems? Look the patterns over and I will be of all the help I can to you whether you buy from me or not.

tion, which would have been near intolerable by this time had not the government fixed the price above which it could not go. We believe, however, that it will require more than a \$25 mill to successfully enter the business of making sorghum, for it is with this as with other foods that quality will count.

Let's call a spade a spade. Let's call the attack on Secretary of War Baker just what it is—an attack upon the President and his war and peace policies in favor of a permanent rule by military power, if necessary, by "big business" in the interest of themselves.

Now just suppose a bill creating a "war cabinet" is passed; who is going to name that cabinet? Who do the fellows who want the cabinet want to take the responsibility? If you want to take chances on a change, just put yourself on record and write your congressman to boost for it—but if you think Woodrow and his cabinet are doing their "damdest" tell the congressman to let things alone.

After much squabbling and many things considered, the republicans at St. Louis last week named Will H. Hays, of Indiana, as chairman of their national committee on a harmony platform.

If your neighbor's hens get in your garden before May 1st it is unlawful to kill them, no matter how badly you may desire to; but the law or ruling regarding the conservation of poultry for egg production does not protect the old rooster.

If Congress wants to see the next Liberty Loan entuse the people, it should get busy and add a good stiff percent to the excess war profit tax. Let the fellows who are making millions out of the game give the lion share to the government—not loan it to Uncle Sam and have it bring added millions in interest, a part of which would have to be paid by the soldier boys who live to get home or their families if they never come back.

A great many people over the state are being fined for carrying liquor, and now and then an auto is confiscated for hauling the stuff. We saw a car at Wayne recently which appeared to us might be for

such an offense, even though the container of the booze was clothed in pants and coat and sat on the seat with the driver.

THE PRICE DROPS \$50 J. B. Hinks, Ft. Dodge, Iowa, writes us to announce that he will accept \$2750 for his house and 16 lots in West Wayne, rather than hold it later than April 1st.

HARRY C. EVANS, YEOMAN, Y. M. C. A. TO FRANCE

Editor Evans of the Yeoman Shield, who went to France as a member of the Ford Peace Missionaries, has taken a leave of absence from his duties as editor and joined the Y. M. C. A. and just before sailing he mailed the following interesting letter to the Shield and it appeared in the February number.

He says: "During the past thirty days more than one thousand men have been mobilized in New York for overseas service with the Y. M. C. A. Each man was provided with a service uniform, dress uniform, and clothing equipment of the same kind, make and quality as army officers, including shoes, puttees, hat, overcoat, etc. The Y. insignia is attached to the right sleeve of the coat and to the collar.

One thousand men are from all walks of life. There are business and professional men; preachers and teachers; writers and lecturers; men who have given up positions paying from \$2,000 to \$10,000 a year, who are going without compensation, some of them paying their own expenses.

These men are going on a crusade the like of which is not recorded in history. Never before have so many men been sent over seas to serve an army of soldiers in the capacity in which they will serve. They are making history. They are to stand behind the man behind the gun, and by his side. Him will they serve.

"Our men are going as the representatives of a great Institution—the Young Men's Christian Association. This Institution has mobilized and equipped them. It has not only a great work to do, but a great reputation to maintain. When the men leave our shores the responsibility shifts largely from the executive officers of the Y. to them.

"And Oh! the anxiety with which France has so long been waiting for America! It is reported that General Pershing was waiting for an automobile, and as the French chauffeur drove up the General exclaimed, 'You are three minutes late.' The Frenchman responded, 'General, you are three years late!'

France, bleeding and torn, held an army twice as large as her own for nearly two years, waiting for America. You will recall with what unbounded joy and enthusiasm the French populace greeted the American troops last July 4th when they reached Paris. What a co-incidence it was that American soldiers should reach Paris on July 4th! As they marched through the streets tens of thousands of men, women and children fell to their knees in the streets and thanked God for their deliverance. Our troops halted in front of

an heroic marble statue, the flag was lowered and the boys stood at attention. General Pershing rode up to the statue, draped it with the stars and stripes, saluted, and said: 'La Fayette, we are here!'

History will record that as one of the most remarkable speeches ever made. It was an intensely dramatic incident, linking the American crisis of 1776 with the French crisis of 1917.

"During our Civil War when General Sherman was fighting his way down the Chattanooga railway at Atlanta, General Corse of Keokuk, Iowa, was having a desperate engagement at Altoona Pass. Sherman knew Corse was hard pressed and was moving forward to his relief. Hoping to encourage Corse to hold on, Sherman signalled to him across the mountain tops those words that have become historic, 'Hold the fort, I am coming.'

"On the sixth day of April last by our declaration of war against Germany, we sent word to France to hold the fort, that we were coming.

"And the answer of France was in the same spirit that moved Corse in his reply to Sherman: 'I have lost a leg and been shot through the jaw, but I can whip all hell yet!'

"And France is waiting, crippled as she is, fighting as men never fought before, holding on against our coming. Some of our boys are already on the line. They have taken their place on the Alsatian front between the French and British troops, and thank God they are touching elbows on either side with free men, being opposed by men who are not free. It is an historical fact that the Frenchman, the Englishman and the American have fought their way up into the sunlight of freedom, while the German never struck a blow for his individual liberty.

"America's job over yonder is tremendous. Five of the Allied nations have been crushed by the Central Powers—Belgium, Serbia, Rumania, Macedonia and Russia. The unorganized Democracy of Russia, yielding before Germany's military monarchy, will be supplanted by the organized Democracy of America—and the Democracies of France and England are waiting for us.

"The purpose of the Y. men will be to bring to our boys in that strange land, as far as possible, all that is best in the life of our homeland.

War either makes or breaks a man. Our boys who come home will not be the same boys who left home. We are going to keep them from breaking. We are going to help them come back clean."

Word comes from Sioux Falls, South Dakota, that Mark Miller, for many years a resident of this county, is seriously ill.

C. A. Fleetwood spent Sunday with Wayne relatives, a guest at the home of his uncle, Wm. Fleetwood, and his cousin, E. E. Fleetwood.

Mrs. W. C. Smith and daughter, Miss Violet, and Mrs. Chas. Hoferer of Creighton, visited the first of the week at the home of Mr. and Mrs. J. H. Rehder.

Following is the list of the advertised letters remaining in this office up to and including February 20th: Wm. Verl Ban, F. G. Bogle, J. H. Millar, Walter Scott—C. A. Berry, postmaster.

Miss Bertha Krei, of Alberta, Canada, who has been visiting at the home of Mr. and Mrs. John Krei, went to Carroll today where she will visit other relatives and friends for a few days.

Mrs. Olive Buckland, from Irene, South Dakota, came last week to visit her parents, Mr. and Mrs. E. L. Griffith, and assist them in packing for a move to South Dakota, where they will spend the summer.

Mr. and Mrs. Pearl Gray from Sioux City, are now residents of Wayne. Mr. Gray coming to bake bread and pizen things at the Fisher bakery. He is said to be among the most competent dough artists in the country.

Mrs. J. L. Richards and daughters, Alice and Hattie and son Edwin went to Winside today to attend a party and wedding dinner at the home of Mr. and Mrs. W. R. King given for their son John who was married at Wayne, Wednesday.

Attorney C. H. Hendrickson and son Maxwell returned Wednesday evening from Rochester, Minnesota, where they visited over Sunday with Mrs. Hendrickson, who is taking treatment there. They left her getting along fairly well.

J. M. Roberts was planning to go to Villisca, Iowa, Wednesday to attend a big mule sale, and if trains run so that he gets through before the sale he may ride home on a mule—who knows? Mr. Roberts formerly lived in that corner of Iowa and will greet many friends there and at Red Oak and Clarinda. At this latter place he expects to attend a hog sale.

The Mrs. Jeffries millinery and lady furnishing goods establishment has been in the hands of carpenter, paper hanger, and painter, and looks almost like another place. New cases for the display of hats, and dust-proof drawers for their safe keeping with mirrors newly set, will add to the ease with which the ladies can make their hat selections while the season opens, and Easter will soon be here.

Miss Helen Blood issued invitations to a masquerade dancing party which she will give tomorrow evening at the Carroll studio in honor of Mr. and Mrs. Harold Long, whose marriage took place in Sioux City on February 7. Mrs. Long was formerly Izetta Johnson. A special program of valentine feature dances has been arranged for the occasion. The guests will include 30 couples of Sioux City's young people. Mr. and Mrs. E. A. Blood and Mr. and Mrs. Edgar Johnson will chaperone the party.—Sioux City Tribune.

Rev. S. X. Cross went to Emerson Friday to attend a meeting of ministers and church officials who have to do with things Presbyterian in this corner of the state. Owing to the fact that a quorum could not be gathered at Wakefield or at Emerson in time to hold the meeting and get home when it desired, they met on the train at Wakefield and held the session from there to Emerson. The business of the meeting was arranging for the transfer of Dr. Martin, pastor at Pender to the charge at Ponca. It might well be said that Bro. Martin was railroaded thru from one "cemetery" to another.

Henry Rethwisch read of the Paul Wagner hog sale at Norfolk, in the Democrat two weeks ago, and came to this office and secured a catalog to study as he went to the sale last week, but he came home without purchasing, but just the same he was a mighty good man for Mr. Wagner to have there, for he wanted some of the best sows offered, but others wanted them a little more than did Mr. Rethwisch. The sow that topped the sale was his prime favorite, and he made the purchaser go above the \$400 mark to get her, as he did not stop until he reached that figure. The sale average was \$204 for a half an hundred head.

Will Evans, of Carroll, visited at Wayne Wednesday.

Miss Fritchhoff was a Sioux City visitor over Sunday.

Mrs. F. H. Jones is home from a short visit at Omaha.

W. L. Fisher is looking after business at Sioux City today.

Albert Cunnard of Carroll was a business visitor here Tuesday.

Mrs. S. T. Bordner of Piger visited Wednesday with Mrs. N. G. Maxwell.

Mrs. George Douglas, of Tekamah, came Thursday last and is a guest at the Forrest Hughes home where she is getting acquainted with the new baby.

St. Mary's Guild is meeting this afternoon with Mrs. Emma Baker. They expect to put together and finish a quilt they have pieced for the Red Cross.

Mrs. Frank Berry, of Cherokee, Iowa, is visiting at the Fred Berry home this week. Mrs. Berry formerly lived at Wayne and has many friends here.

The Winside Tribune is truly progressive. The editor is now issuing March editions. Perhaps some one took two pages from the calendar at the end of January.

The Chester White Bred Sow sale is to be held at Carroll Tuesday next, the 26th, when W. H. Billeter and Burress Bros. of that place will sell 43 head of bred sows and gilts of this excellent breed of hogs. No place in all Nebraska has grown better stock than at Carroll, and this offering of white sows is in keeping with the reputation established at that place. Not many people in this part of the state are breeding the white hog for other breeders and farmers and keeping a herd eligible to register, so this is the best opportunity which may offer the farmers who like this growthy, clean, healthy hog to infuse new, pure blood into their herd. A glance at their advertisement will convince you that this opportunity to buy is the best.

### WOMAN'S WAR WORK

(By Mrs. J. G. W. Lewis, chairman Woman's Committee, Wayne county Council of Defense.)

#### Spring Drive for More Food (News Letter)

Resolutions to concentrate on the problems of food production and conservation during the spring months were passed at the February meeting of the Executive Board of the Woman's Committee of the Nebraska State Council of Defense. The serious problems of the distribution of food products will be investigated thoroughly, and all possible help secured for the producers.

Mrs. F. M. Deweese, of Dawson, recently appointed chairman of the Food Production committee, was delegated to confer with Nebraska's food administrator, Mr. Wattles, concerning the possible government solutions of the problems of labor, market and transportation. She will also seek the viewpoints of the women producers themselves as to their needs.

"This is the biggest problem before the country today," said Miss Hrbkova, chairman of the Woman's Committee. "We are facing much the situation which Russia is combating. Russia has overproduced, yet through lack of distribution facilities, people in some parts of Russia are facing starvation. The Woman's Committee hopes to find some means of establishing a marketing medium which will bring together the city women who face a shortage and the farm women who are overstocked with vegetables and dairy products."

#### Date for Cheese Demonstration

March 16 is the date set for the cheese demonstration. Right in line with the Food problem is the demonstration of meat substitutes to be given by a national expert at the State Normal, March 16th. The demonstration will consist in the making of cottage cheese from separated milk and the using of the cheese in making various dishes. The plan which it seems could easily be worked out is that the cheese can be made on the farms and handled by some butcher or merchant in the towns on certain days of the week. This would, on the one hand, afford to the farm woman a source of revenue and a market for her product and provide for the housewife in the

# Novelty Fair

## MARCH 8TH

6:00 P. M.

President Wilson has issued a proclamation calling the school children of the U. S. to the colors. He asks for an enrollment of an army of children 22,000,000 strong. The object of this is to assist the Red Cross in its noble work of healing the nations wounds; to teach patriotism; to train pupils for a higher type of citizenship and to produce a generation of men and women that will keep the world safe for democracy.

The Wayne schools have heard the call. They have completed their organization and will be ready for work as soon as they raise the money with which to buy the necessary supplies.

In order to raise the necessary funds the school will give a Novelty Fair at the School House, March 8th, beginning at 6:00 P. M.

More than two hundred persons will take part in the production of this unusual program. No expense or pains will be spared to make this one of the biggest events of the season.

An unusual combination of circumstances and close friendships have made it possible for those in charge of the fair to secure some very rare and unusual attractions, such as: the valuable specimens from the State Aquarium; the original works of some of the well-known artists and a great film showing one of the Red Cross doctors at work in one of the base hospitals in France.

The following events and attractions will be offered during the evening:

Oyster Supper served in the gymnasium—6:00 to 8:00 P. M.

Play: "German Culture in Belgium."

Art Gallery (With famous pictures).

Fish Pond.

Moving Dolls.

Aquarium (Rare specimens loaned by the State.)

The Jones Family.

The Great Ekaf Film (Showing Doctor performing major operations.)

Big Auction Sale (East vs. West).

Music by the High School Orchestra.

Fair Opens 6:00 P. M.

General Admission 10c. South Door.

Admission to major shows and attractions, 5c and 10c.

Oyster Supper—35c.

Plan to come and take supper with the School and enjoy the evening.

and try to "stand off" the ticket seller? No? Ever ask Tom Moran for transportation to Sioux City or Omaha and say, "charge it, please?" This is contrary to Mr. Moran's rules and you do not expect it.

## Why Should You Ask Credit on Groceries?

Few commodities are sold on as small a margin as food stuff—even the food administration steps in and says, "Mr. Grocer, Such and Such Foods Must Not Be Sold at a Margin to Exceed 10%."

and meeting the situation squarely by making conservative reductions and it is a real pleasure to note the co-operative spirit displayed by my patrons to cast aside the old, much abused credit method which has been an unnecessary burden to both buyer and seller. In no event and under no circumstances will we make any charge so please do not ask for it as this rule applies to everybody. Butter and Eggs will be accepted Same as Cash.

I will meet any mail-order house in existence. Bring your catalogue for comparison.

### MRS. ED SORENSON DEAD

Word came to Wayne the first of the week of the death of Mrs. Ed Sorenson, following an operation, at Tekamah. The lady grew to womanhood in Wayne, and was before marriage Miss Laura Dornberger. She married about ten years ago, and soon after moved to Tekamah. She leaves a daughter eight years of age, besides the husband. Her sister, Mrs. Gus Bodenstedt, from Carroll, returned Wednesday from attending the funeral.

### HOSPITAL NOTES

Mrs. Herman Ritze, who has been at the hospital for medical treatment, is improving nicely. Elmer Clasen had his tonsils and adenoids removed today. Mrs. J. W. Scott, of Wakefield, who has been at the hospital for medical treatment, will be able to return home Sunday.

**WITH THE WAYNE CHURCHES**

**Presbyterian Church**

(Rev. S. Xenophon Cross, Pastor)

It would be a good thing if everybody would read, and read again, an article entitled, "The Christian Church," by John D. Rockefeller, Jr., in the February 9th issue of the Saturday Evening Post.

Our church is pleased to accept the invitation of the Public Service League to unite with the other churches, and everybody else, in the Union Mass Meeting to be held next Sunday evening in the Opera House.

The subject of the sermon next Sunday morning will be "The Religion of the Inarticulate." There will be special music under the direction of Mrs. A. R. Davis, chorister. The sermon is a query as to the future of the church.

For the next three months the subject of "The Second Coming of Christ" will be discussed at our mid-week meetings, on Wednesday evenings. If you feel any interest in this theme, and have time, we want

you to be present.

We expect to go to the Normal to hear Messrs. Sidney Silber and Carl Frederick Steckeberg in their grand concert. We advise all to go both as a matter of loyalty to Red Cross and to hear the music.

The Sunday school still grows in numbers, interest and efficiency. You are urged to be in one of these growing Bible classes. No matter what your tastes, or previous training, you can be suited here. You are always welcome to visit or to enroll.

**Baptist Church**

(Rev. Fletcher J. Jordan, Pastor)

The Ladies' Missionary society will hold its meeting Friday afternoon, February 22, at 3 p. m., at the home of Mrs. Jacob Ross. The subject to be considered is "Baptists in Congo Land." The leader is Mrs. E. B. Gilton.

Sunday morning at 10:30 the pastor will speak on the "Problem of Human Suffering." This is a question which has vexed many minds and should be a topic of interest to

very many. In the evening the church will go to the Opera House to participate in the exercises of commemorating the birthdays of Washington and Lincoln. This is a patriotic meeting and let us be present as far as possible.

B. Y. P. U. meets Sunday evening at 6:30. All young people are urged to be present.

The Sunday school meets at 11:30. The subjects are most profitable that we are considering now. No one who can possibly stay will be sorry when the lesson period is over. H. J. Heinz the great pickle manufacturer has this to say of the Sunday school: "The Sunday school pays me greater dividends than any other investment I make."

Advisory board meeting Monday, February 25, at 8:00 o'clock, in the pastor's study. A large attendance is desired.

On February 27th, Ray E. York and two other brethren will be with our church. It is expected that a lunch will be served by the ladies at the supper hour. However, further announcements will be made from the pulpit.

Choir practice each Thursday evening at 7:30.

All are welcome to share the religious and social privileges of the church.

**Methodist Episcopal Church**

(Rev. D. W. MacGregor, Pastor)

Sunday School: 10 a. m. This is one of the most important services of the church. Bible study classes for parents and children.

11 a. m., Sermon. Subject: "The Pearl of Great Price." This will interest you. Young People's Societies will meet at 6:30 p. m., Epworth League, Intermediate League, and Boy Scouts.

Sermon 7:30 p. m. Subject: "The Sin Against the Holy Spirit." This awful sin cannot be forgiven, in this world nor in the world to come.

Examples given of persons mentioned in the Old and New Testaments who had committed the sin known as the "Unpardonable Sin."

Good singing and music. Seats free and everybody welcome.

Cabinet meeting of the Epworth League Thursday evening at Clyde Oman's. 6:45 is the hour.

**German Lutheran Church**

(Rev. Rudolph Moehring, Pastor)

There will be services at the usual hours at this church next Sunday, Rev. Wm. Nitzshke of Pender preaching in the absence of the pastor, Rev. Rudolph Moehring. Sunday school at 10 o'clock, preaching at 11 at Wayne, and preaching at Windsor at 3 o'clock.

The people will be glad to learn that Rev. Moehring has successfully undergone two operations at Rochester, and is gaining strength and health again, and may soon be able to resume his duties.

**English Lutheran Church**

(Rev. J. H. Fetterolf, Pastor)

Sunday school 10 a. m. Public worship with sermon at 11 a. m. and 7:30 p. m. Luther League at 6:45 p. m.

**WAYNE MAKES ENVIABLE SHOWING IN A. R. C. WORK**

In an interview with Miss Ella Morrison, who superintends the making of surgical dressings, we learn that work in that department of the A. R. C. has been pushed with an enthusiasm that has given Wayne a wonderful showing. The spirit of the ladies, young and old, who have responded to the call has made Miss Morrison very grateful and while her work has been hard, it has been a pleasure to work with such apt and willing workers.

The full quota for February: 150 5-yard rolls and 500 shot bags will be ready for shipment the last of the month. On February 5th a shipment of 2884 dressings was sent and on February 18th a shipment of 133 dressings was sent, making a splendid showing for a place as small as Wayne.

Quite a few ladies have finished the course. The head of the work room wears a blue veil, the assistants red and the workers white. Thirty-two hours of work entitles one to wear a cross on the left breast of the apron, seventy-two hours the emblem on the veil and one hundred and twenty-eight hours a bar under the emblem on the apron. An inch band on the left sleeve indicates a finished first course; a four inch band, a finished second course.

Those working for emblems are required to sign up for the course desired and to come to the Red Cross rooms regularly.

**OTTE-HINNERICHS**

Married, at Carroll, Thursday, February 14, 1918, Miss Minnie Otte to Mr. Julius Hinnerichs, the Rev. Serer's officiating. Miss Bertha Hinnerichs, of Wakefield, and Mr. Emil Otte, of Carroll, attended the happy couple. After the ceremony a wedding dinner was given at the home of the bride. The young couple will live on a farm near Carroll.

**LOCAL AND PERSONAL**

O. C. Lewis went to Carroll on a business trip Monday.

Miss Alma Meyer went to Pender Monday to visit a sister for a short time.

Mrs. W. C. Wrobel went to Emerson Monday to visit home folks for a few days.

Miss Lillian Denton returned to Omaha Monday after a few weeks here, with friends.

Miss Bertha Heckman went to Haddar Monday to visit relatives and friends for several days.

August Hansen, of Portsmouth, Iowa, visited his brothers, R. H. Emil, and Henry Hansen, this week.

Mrs. Leo Young returned to Bonilla, South Dakota, Monday after a visit here with Mr. and Mrs. J. H. Wright.

E. B. Hatfield, of Granger, Iowa, has moved to Wayne and expects to follow his trade here, being a paper hanger and painter.

Mr. and Mrs. F. Bartels, of Sioux City, arrived Monday evening to visit at the Simon Goeman home, before they leave for their home in Cheyenne county.

Miss Bertha Hinnerichs returned to her home at Wakefield Monday after a visit at Carroll with relatives and attending the wedding of her brother, Julius.

A. M. Ziegler, of Gregory, South Dakota, visited over Sunday at the home of Mrs. J. W. Ziegler. He had been to Omaha to visit his son, Walter, who is going to enlist in the army.

Mrs. W. S. Crossland, of Detroit, Michigan, arrived Monday evening to visit her husband's parents, Mr. and Mrs. Geo. Crossland. She will visit her parents at Lincoln before returning to Michigan.

Mr. and Mrs. Fred Schroeder, from Carroll, went to Omaha Tuesday, where the lady goes for treatment by a specialist. She is improving in health and it is thought she will soon be in normal health.

George Crossland returned Friday from a three-week's visit to the east where he spent some time with his son at Chicago and another son at Stockton, Illinois. He also visited a brother at Culver, Indiana. He reports a very pleasant trip.

Mrs. Richard Jugel and Miss Fern Davis went to Pender Monday where they will visit at the Wesley Boni-witz home. Mrs. Jugel will then go to Bancroft where she will make her future home, her husband having gone there some time ago.

Check C. Moore, of Sioux City, was a guest at the home of E. O. and Mrs. Gardner Monday. "Check" has long been making this town about four times a year in the interest of the "rubber trust" until he is known among his friends as the rubber man.

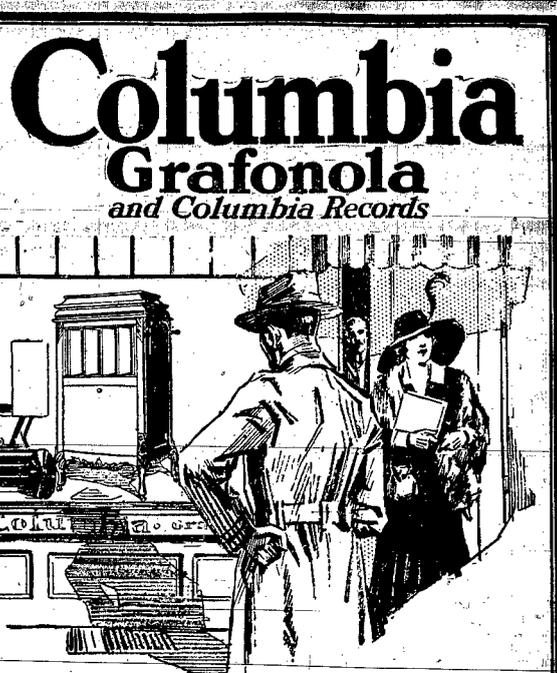

J. D. Lucers went to Kansas Monday where the family expect to make their home. Mrs. Lucers went to Craig Tuesday where she will visit her parents before joining him. Mr. and Mrs. Lucers will be greatly missed by a large circle of friends in the community where they have made their home.

Mrs. Glenn Wallace and baby returned to their home at Norfolk Monday, following a visit here at the home of her parents, Mr. and Mrs. R. H. Hansen. She tells us that her brother-in-law, Alfred Haas, of Correctionville, Iowa, who is at a Sioux City hospital, is recovering nicely, and will soon be able to return home.

Mrs. George Leacock from Tabor, Idaho, has been making a six-week visit at the home of her parents, Mr. and Mrs. Gus Zleman, left for her home in the west Monday morning. Her sister, Mrs. Herman Sund, and Mrs. Henry Witten accompanied her as far as Norfolk, returning home on the afternoon train.

Albert Hansen, who moved here last winter from Harlan, Iowa, and has purchased the Chas. LaCroix farm northeast of Wayne, is preparing to move out and take possession the first of the month. Mr. Hansen tells us that it will be his aim to keep and milk a bunch of dairy cows, and grow chickens, pigs, and other stock, believing that the small farm intensely stocked and farmed will give one a return equal to many of the larger places farmed to grain and feeding stock.

Carroll citizens were joking at the Wayne station the other day over the fact that at an auction sale a lot on Main street, Carroll, had sold for \$500 and two lots on Main street, Wayne, had brought but \$80, and that the Carroll man had purchased the Wayne lots. The chances are that the one who bought the Wayne property secured the best bargain, in spite of the fact that the Wayne lots were away out where the corporation joins the good farm land which stretches from Wayne to Carroll. The lots figured out \$400 per acre for farm land, and we think that Carroll is not selling unimproved land at that price.

**COMMITTEE APPOINTED FOR SYRIAN AND ARMENIAN DRIVE**

The Wayne county division of Syrian relief has practically completed its canvass of the county and when the reports from all solicitors are received W. H. Gildersleeve, the county chairman, believes that the amount subscribed will be more than \$2,000, the sum pledged by the local organization for the relief of these destitute people.

As announced two weeks ago the drive for funds in Wayne county was part of a nation-wide movement to raise \$30,000,000 for the relief of 2,500,000 christian people, Armenian and Syrian, who are facing death by starvation unless the people of America save them. Early in January a meeting was called by William J. Shalldross of Omaha at which time a county organization was effected and the following officers elected: W. H. Gildersleeve, chairman; W. D. Redmond, vice chairman; J. R. Armstrong, secretary, and A. D. Erickson, treasurer. The entire county was then organized with officers and solicitors in other towns and precincts, and reports show that the canvass for funds was made systematically and effectively in every part of the county. Carroll was asked to raise \$400, and this sum has already been

placed at the disposal of the treasurer, with the promise of an additional amount to be collected; the apportionment of Grace church was \$150, but the committee chairman says that the sum raised will exceed this amount; Sholes, through its secretary, has been credited with \$90.69; Winside and Hoskins will not be ready to report before the last of the week, but these two towns have excellent organizations, and there is every reason to believe they will bear their part in the movement; the apportionment for the city of Wayne was fixed at \$800, but the treasurer's books show now to the credit of the fund \$1,004, or \$204 oversubscribed.

The solicitors in this precinct report a very generous response upon the part of the people. Definite data from outside precincts are not obtainable at this time, but doubtless the same spirit was shown throughout the county. The aim of the solicitors was not to secure large subscriptions from a few individuals, but to have the largest possible number of contributors to this cause, and from this standpoint, as well as in the amount collected, the canvass was very successful. A complete list of subscribers, with the amount contributed, is filed with the treasurer, A. D. Erickson, of the Wayne State bank, but because of the amount of space required for its publication it was thought best not to make an itemized report in the local papers. The record of the treasurer shows that 372 people of Wayne and immediate vicinity subscribed to the Syrian-Armenian fund. The list was headed with a personal subscription of \$25; each of the three Wayne banks followed with an equal amount; there were two personal and two business firms subscriptions of \$15; then followed eight \$10 subscriptions, sixty-eight \$5 and two hundred eighty-eight subscriptions of amounts less than \$5, making the total for the precinct \$1,004; which, with the amounts reported from other towns, will be forwarded at once to the state treasurer, and through him reach the starving people across the sea. The need is so urgent that the local treasurer decided to make two remittances: the first to be sent at once and the final report to be made as soon as all the precincts have had time to complete their canvass. The following is a copy of the check mailed Wednesday: Wayne, Neb., Feb. 13, 1918. State Bank of Wayne, Wayne, Neb. Pay to John C. Wharton, Treasurer Armenian and Syrian Relief, or order, \$1,400—Fourteen Hundred Dollars.

**SOME FOOD PRICE MYSTERIES**

The people of the Panama Canal zone were anxious to do their part in the conservation of wheat, but when they made inquiries they found they could buy no corn meal. Thereupon the consul at Panama reports, "for the purpose of encouraging housekeepers to use corn meal in order to conserve the supply of flour, the commissary division of the Panama canal has installed a grist mill in Cristobal, Canal Zone, which has a capacity of 2,000 pounds of meal a day. This meal, which is put up in 2-pound packages and sold at 6 cents a package, has the double advantage of being cheaper and fresher than meal purchased in bulk."

**REAL PATRIOTISM (By Bixby.)**

To show I'm fighting as I pray, Observe these words I speak: I have three wheatless meals a day, Four meatless days a week. In spite of which I seem to thrive And feel I'm very much alive. It is a fact that those who eat To gratify mere taste, Who scorn all bread not made of wheat, And let it go to waste; Who gorge on flesh of ox and swine, And wash it down with ruby wine— These flourish like a green bay tree For maybe quite a spell, And then distempers, like a sea, Engulf them—war is hell. When with it comes, its griefs, to drown, A constitution broken down.

So little answers all our needs That I am prone to say, Make health secure by modest feeds; Help win the war that way. Democracy is thus secured, And you own health and strength assured.

The man with belly like a tub, And selfish to the core, Who fills up full of high-priced grub, Three meals a day or more, Will go to his lone grave while young "Unwept, unhonored and unsung." While he who swallows frugal hash, Whose motto is, "Conserve," Will nose some fat, and save much cash. Along with strength of nerve, A patriot in war or peace— God bless him! May his tribe increase!

It will appear somewhat strange to housewives of Omaha that corn meal is sold at Panama in neat packages for 3 cents a pound, while here right in the heart of the corn belt they have had to pay 6 and 8 cents a pound for it. The consul of Panama says that the consumption of corn meal is becoming general and that the official organ, the Canal Record, publishes from week to week recipes for the making of corn bread. But why the Canal people can get corn meal much cheaper than the people of Omaha, appears as Lord Deundearly used to say, "one of those things that no fellow can find out." There are several other things about the food situation that no fellow can find out, especially why the people of Omaha had to pay \$3 a bushel for potatoes during part of the winter when there were millions of bushels that the farmers were willing to sell at less than a dollar a bushel.—World Herald.

Yep, and because under the reign of party politics, such "mysteries" are so frequent the non-partisan league, be it good or bad, finds ready followers. It will knock many a well laid political calculation out in this state this fall, as it has done in North Dakota. They have ample foundation for their move, and whether it is the best move that could be made or not, it will at least promise a relief that will appeal to the producer and consumer. In the name of party politics, grafters have strangled water transportation, terminal privileges have been grasped, natural resources have been placed in the hands of unscrupulous robbers until the rights of the people to use what naturally belongs to them cannot be exercised until they pay the price exacted by some person or corporation who never did anything to earn or produce an honest dollar. The league will doubtless find plenty of this class within its ranks, for they are ever looking for something "easy."

Some people are ordering spareribs for meatless and porkless days. Some spareribs are spare enough not to conflict with the rule for the day.

**THE COMING CONCERT**  
 Serve your government and hear the finest musical entertainment ever given in Wayne.

Sidney Silber, pianist, and Carl Frederic Steckelberg, violinist, Normal Auditorium, Sunday afternoon, February 24, at 3 o'clock.

From the pen of A. L. Bixby of the State Journal:

I'm a lover of music, of harmony clear,  
 For it drives all the darkness away,  
 And the songs that are sung and the bands that I hear  
 Are the light and the life of the day.

I have heard the pipe organ peal heavy and loud,  
 In delightfully musical tones:  
 I have heard the great Sousa's grandiloquent crowd,  
 And their music was good for my bones.

I have heard the piano when "pounded like sin"  
 By the artists from over the sea,  
 But when Steckelberg plays on his old violin,  
 That's the fineness of music for me.

No, my feelings I cannot describe if I would,  
 There's a peace, there is rest, there is joy:  
 I am full to the brim, and it does me more good  
 Than a pair of new boots when a boy.

In the sweep of the bow, in the rise and the fall  
 Of the sweet, mellow tones that are heard,  
 There is richness sublime, there is soul in it all,  
 And my heart with its beauty is stirred.

There is music to me in the tumult and din  
 Of the earth, that is heard far and wide,  
 But when Steckelberg plays on his old violin,  
 Then I want all the rest to subside.

**Beef Steers in Active Demand; Steady to Stronger**

**HOGS LOWER, CLOSE STEADY**

Sheep and Lambs in Rather Liberal Supply and Indifferent Demand—Market Slow and Prices Sharply Lower for Both Lambs and Aged Stock—Feeder Trade Dull.

Union Stock Yards, Omaha, Feb. 20. A rather moderate run of cattle for Tuesday, 7,000 head, but the two days supply has been 4,000 heavier than a week ago. There was an active demand from both packers and shippers, and beef steers ruled fully steady to in some cases a little stronger than Monday. Fair to good beef steers are selling largely around \$11.00@12.00. Cows and mixed stock commanded fully steady prices and trade was active. There was a broad demand for stockers and feeders, with prices stronger for practically everything in this line.

Quotations on Cattle: Good to choice heaves, 12.00@13.00; fair to good heaves, \$10.75@11.75; common to fair heaves, \$8.50@10.50; good to choice yearlings, \$10.50@11.75; fair to good yearlings, \$9.00@10.00; common to fair yearlings, \$7.00@9.00; good to choice grass heaves, \$10.00@11.50; fair to good grass steers, \$8.50@9.50; common to fair grass steers, \$7.50@8.50; stock cows, \$6.50@8.50; stock calves, \$7.00@9.50; good to choice heifers, \$9.00@10.00; good to choice cows, \$8.75@9.75; fair to good cows, \$7.75@8.75; canners and cutters, \$6.50@7.50; veal calves, 9.00@13.00; beef bulls, \$8.50@10.00; holozna bulks, \$7.00@8.50; prime feeders, \$10.00@11.40; good to choice feeders, \$9.75@10.25; fair to good feeders, \$8.75@9.50; good to choice stockers, \$9.50@10.50; fair to good stockers, \$8.00@9.00; common to fair grades, \$6.50@7.50; stock heifers, \$7.50@9.00.

**Hogs Opened Ten Lower.**  
 There was a fairly liberal run of hogs, 15,000 head, and although demand was active the opening trade was at prices fully 10c lower than Monday. Later in the day the market improved quite a bit, and closing prices were fully steady with Monday. Tops brought \$16.55; and the bulk of the trading was at \$16.30@16.45.

**Lambs Sharply Lower.**  
 The run of sheep and lambs was quite large, 12,000 head, and with a rather indifferent demand trade was slow and prices around 10@15c lower than Monday, and in some cases more. Aged stock did not show quite as much decline as lambs. Business in feeders was light and the feeling rather weak.

Quotations on sheep and lambs: Lambs, handy weight, \$16.25@16.60; lambs, heavy weight, \$15.50@16.00; lambs, feeders, \$13.00@13.50; lambs, shorn, \$11.50@12.00; lambs, culls, \$10.00@14.00; yearlings, fair to choice, \$11.50@14.50; yearlings, feeders, \$12.00@14.25; weathers, fair to choice, \$11.00@13.00; ewes, fair to choice, \$11.00@12.00; ewes, breeders, all ages, \$10.50@16.50; ewes, feeders, \$7.50@10.00; ewes, culls and canners, \$6.50@7.25.

**WEEVIL IN BEANS AND PEAS**

Eggs of Insects Are Easily Destroyed by Fumigation and Bisulphide of Carbon.

The weevil which makes the buggy beans and peas lays its eggs in the maturing beans and peas in the pod during the late summer. The eggs are not recognized by the naked eye, and they do not generally hatch until some time after harvest. The eggs are easily and quickly destroyed by fumigation and bisulphide of carbon, without injury to the beans or peas.

Place the beans or peas in an airtight vessel—a stone crock, a barrel, box or bin. Place a shallow dish on top of the beans, and in this pour a quantity of bisulphide of carbon, which is a heavy, colorless liquid, having a vile smell. The fumes are heavy and will quickly sink through the mass to the bottom. They are explosive, so one must be careful not to bring a light in contact with them.

Cover the vessel quickly and leave it for 24 hours. A tablespoonful will be enough to fumigate the contents of a five-gallon jar and one ounce is enough for two bushels. All beans and peas should be treated in this way, after which they can be kept for an indefinite period without injury.

**SOIL PLANT FOODS REMOVED**

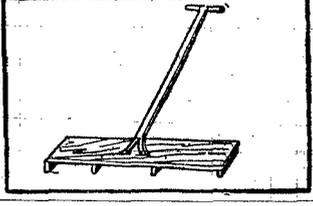

Experiments Add Valuable Information for Farmer in Use of Commercial Fertilizer.

A great many experiments, carefully controlled, have been made to determine the amount of soil-plant food removed by crops, and while in a general way they are more interesting than practically instructing for the average farmer, yet they add valuable information along the line of the use of commercial fertilizers. The results obtained from the corn experiments show an average use by full crops of 89 pounds of nitrogen, 33 pounds of phosphoric acid, and 78 1/2 pounds of potash. The husking corn uses more nitrogen in proportion than the ensilage corn, but this is no doubt due to the prolonged feeding season, developing and ripening the ears, the ensilage being cut in green stage. There is, however, quite a wide range shown in some of the tests, which is apparently due to the greater availability of the soil ingredients. For instance, in full crops of both ensilage and husking corn its potash has been shown varying from 60 to 100 pounds to the acre of crops, while the nitrogen and phosphoric acid maintain their level average.

**HANDY LITTLE SEED MARKER**

Implement Will Be Found of Great Convenience in Garden—Straight Lines Essential.

The little seed marker shown in the illustration will be found very useful in garden work. The markers which should be in the form of sled runners are placed 12 inches apart, an extra set of lines can be run through the first. It is important to have perfectly straight lines for planting all garden stuff in order to save ground, to say

Handy Seed Marker.

nothing of the good appearance of the garden, and this can be accomplished in no other way except by the use of a marker. In drawing the first line the ground should be squared up accurately and a string stretched at one side as a guide for the marker. It is a good plan to use a line for all other marks as well, setting it exactly 18 inches from the last mark.

**TO ERADICATE QUACK GRASS**

Small Patches Can Be Covered With Tar Paper or Forked Out—Follow Disk With Harrow.

The following will eradicate quack grass: For small patches cover with tar paper or fork it out. For a large area first mow it, then plow it under and disk about once a week till fall. Sometimes it pays to follow the disk with the harrow. It will sometimes be found necessary to plow it again at the end of the season. Corn is a good crop to put on this land the following year. If there are any stray plants they can be dug out.

**TROUBLE IN FINDING LABOR**

Whole Proposition Should Be Studied by Farmer in Winter With View to Economizing.

Some crops require much more labor than others and this factor should be considered by growers who have difficulty in finding labor. The small, quick-perishing crops, such as radishes and lettuce, require much more labor than others like cabbage, sweet corn and cucumbers. The whole proposition should be studied carefully during the winter months with a view to economizing in the employment of labor and utilizing labor to the very best advantage.

**THE MISSING WILL**

By MARIE HAMMOND.

(Copyright, 1917, Western Newspaper Union.)  
 "Well, my children, I've made my will."

Boyd Hartley looked interested and his wife, Nettie, curious. Both, however, were too eager to welcome their visitor to think of anything outside of kindly attentions. Boyd helped his wife's uncle remove his overcoat, while Nettie placed his tall silk hat and cane upon the hat rack.

"Yes, sir," resumed Uncle William Cass, as they led him into the bright and cozy sitting room and he sniffed the evening meal appetizingly. "I just went to Mr. Byrd, my lawyer, and had the matter settled once for all."

Ever since they were married, every Tuesday evening Mr. Cass had come to visit his dead wife's niece and her husband. He would take supper with them and usually stay all night. Boyd was not earning a large salary, and every Wednesday the old man would return the compliment by sending them a hamper of provisions. The evening passed in the pleasant home of the attentive couple who really cared for him unselfishly, was a marked event in the routine of Uncle William. He seemed happy and relieved, almost jolly, upon this special evening. He declared that supper had never tasted so good, and when Nettie placed him in the most comfortable arm chair in the house and started the talking machine, the old man sank back with a sigh of comfort and peaceful enjoyment.

"I'll help Nettie get the dishes out of the way, uncle," said Boyd, "so we can be together right away," and joined his wife in her usual task. Brisk and active, Nettie had her part of the work done before her less able assistant had finished putting away the knives and forks. She removed her apron and ran into the sitting room.

"Now for a nice evening, uncle," Boyd heard her say, and then there was a wild scream.

"What is it, Nettie!" spoke Boyd, startled.

"Oh, Boyd! Come here! Come here!" gasped Nettie in a frightened voice.

Uncle William lay back in the chair, motionless. There was a set smile upon his face, but he was dead. The old man had passed away without a struggle amid the homage of honest, loyal hearts and rare home comfort.

They buried him from their own little home, Martin Evans was there, sullen, looking and bored. The lawyer called the day after the funeral. Reverently Nettie had taken the old gold-headed cane and the familiar silk hat of her uncle and stored them away, as precious relics, in an unused wardrobe in the attic. Mr. Byrd was very serious when he informed Nettie that they had been unable to find the will.

"It was sealed, attested and witnessed at my office the day of his death," he said. "I do not know all the contents, but I am aware of the general legacies my client planned to make. We have searched his safety deposit box, at the old home, but have discovered no trace of the will."

Finally Martin Evans made application to the court as nearest of kin of the deceased and was awarded the estate. His spendthrift policy began at once to develop. He squandered what was left of a liquid character, then he mortgaged the store building. He would have done the same with the homestead and farm, but Mr. Byrd said:

"You can draw the income from the farm and live in the old home, but I will not consent to any loan or sale. I hear you have farmed out that poor little outcast child you agreed to care for, and have put him in charge of a wretched couple addicted to drink and who are abusive to the child."

Boyd sought out Evans.

"See here, Evans," he said, "I've a favor to ask of you."

"If it's to borrow or beg, don't waste your time," growled Evans.

"It is neither. Nettie is lonesome, we love children, and if you will turn little Alan over to us legally we will adopt him."

"Will? Sure!" said Evans. "Good riddance to bad rubbish."

Little Alan was a welcome delight to the childless couple. He thrived mightily under loving care and comfort. He was eight years old when, one day, his active investigating spirit led him to ransack the garret. He located the cherished cane and silk hat in the old wardrobe. Nettie, returning home from a neighbor's, with consternation observed Alan parading down the street a square distant, leading a band of urchins, Uncle William's high hat was on his head, Uncle William's cane in his hand. She hurried her steps, but before she reached the culprit a crowd of other boys appeared, deprived little Alan of his spoils and proceeded to institute a game of "shinny," using the hat for the ball and the cane as the club. That evening Nettie detailed the circumstance of the hour. Boyd examined the hat.

"Pretty badly stove in, and inside band torn loose. I think you can sew that up, Nettie. Hello!"

"What is it, Boyd," inquired his wife, as Boyd, turning back the sweat-band revealed a rolled paper it had held in place. He opened it carefully, for its folded edges were creased and soiled. Then his eyes snapped.

"Nettie," he said animatedly, "it's Uncle William's will."

It was a vegeful trick of fate, that the little outcast Martin Evans had turned drift should be the means of divesting him of the inheritance unlawfully appropriated.

**TRUCK ROADS ARE MAPPED TO ATLANTIC SEABOARD**

A pathfinder car has started on a new lap of mapping out Army truck roads for the Government, one official route having already been laid out from Detroit to the Atlantic coast and another from Buffalo to the seaboard. The car will go as far west as the Mississippi river and will map out routes from cities in Wisconsin, Illinois, Michigan, Indiana, and Ohio. When this trip is completed the Government will have four main highways forming connecting links between the great manufacturing centers and the Atlantic seaboard. Motor trucks on their way to France will follow these routes.
