WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, JUNE 27, 1918

\$1.50 PER YEAR.

OVER THE TOP AGAIN WITH WAR SAVING STAMPS

Friday, June 28 is War Savings Day in the United States. In accordance with the proclamation of the president and of the governor of Nebraska, meetings will be held in every school house at 8 p. m. for the purpose of organizing one or more War Savings societies. Every taxpayer or property owner and members of their households are called to these meetings. A record of those present and joining a society will be forwarded to the County Director. Those absent will also be listed. Churches, Sunday schools, lodges and other social institutions are also to establish War Savings societies. All states of the union are making this special campaign, culminating on June 28. The quota for Nebraska is 10,000 societies and of Wayne county 86. The proclamation issued by Mayor Lamberson reads as follows:

Mayor's Proclamation.
To the Citizens of Wayne: Friday, June 28, 1918, is National War Savings Day by official proclamation of President Wilson, Governor Keith Neville, and War Saving Director Ward M. Burgess. Committees will solicit each individual to join a War Savings Society and will organize societies in business houses, factories and social institutions. Meetings will be held in all school houses at 8 p. m., to organize one or more societies in each district. All loyal citizens will accordingly devote as much time as possible to assisting in this work of organizing War Savings Societies. Volunteer for service.

G. W. LAMBERSON, Mayor.

When asked about the prospects in Wayne county, W. D. Redmond, county director said: "I am very much gratified with the interest shown by the people of this county in the movement for the organization of War Savings societies. Last Sunday fourteen societies were organized in the churches of Wayne, and precinct chairmen were active in all parts of the county. Good organizations have already been formed in the order of Eastern Star and Sons of Herman and the officers of other lodges are working up membership lists and will have everything in readiness to complete the organization at the mass meeting to be held at the city hall Friday evening. During the week district officers and a notification card sent to every tax payer of this county. Responses have been received from a large number of the school officers, acknowledging receipt of supplies and pledging active support in the movement. Volunteers who are familiar with the plan are ready upon call to attend the meetings Friday evening in the rural school districts and assist in the organization of a War Savings society."

"I want to take this opportunity to thank those who assisted in addressing envelopes and cards, also to express to County Treasurer Hansen the appreciation of the committee for courtesies extended and services rendered. If the same zeal and earnestness is continued during the week Wayne county will not merely reach her quota; the apportionment of \$6 War Savings societies designated by the national government will be increased 50 per cent."

The following program has been arranged for the Wayne school district, to be held at the city hall Friday evening, beginning at 8 o'clock.

Explaining a Misunderstanding

Rollie W. Ley, chairman, and W. D. Redmond, director of War Savings societies of Wayne county, returned Tuesday evening from a visit to Carroll, Sholes, Hoskins and Winside, where they consulted precinct chairmen in regard to the drive which will culminate on June 28. They report a most gratifying interest in all places visited, and believe that every precinct in the county will more than meet the demand of the government in the organization of War Savings societies. A misunderstanding seems to exist concerning the object of the present campaign. The purpose is not, as many suppose, to secure pledges for the buying of

THAT Y. M. C. A. TALK BY SECRETARY P. R. ATKINS

It was not a large audience which greeted P. R. Atkins of the Nebraska Y. M. C. A., who came to tell of conditions found "over there" among the soldier boys and of the mission of the Y. M. C. A. His story was interesting, and drew hearty applause as he made points which met the approval of the audience.

He told of the work they are doing there, and its need and the benefit it is to the soldier lads. He gave one some idea of the devastation of a fair land by a foul foe; he explained the system of trenches, and the conditions under which men live while in the front trench. Told of the indifference with which men discuss the dangers to which they are exposed. Assured his audience that the American soldiers are supplied with practically every needed thing, and how worthy they are of every good thing which can be done for them.

He urged home folks to write to the boys bright, cheerful, appreciative letters, and quoted from some he had read—not all, however of the kind that showed appreciation of the sacrifice the soldiers are making for the cause of humanity. Some wives and sisters wrote of the hardships the boys undergo, and said it served them right for leaving home and family—that they did not have to go and live a life in the trenches. Perhaps, from the tone of some quotations the boys were glad to get away from the fault-finding spirit of the family at home.

He told what would happen to America if we shall be called upon to make the same sacrifices that the French people have had to make, and showed that we do not even begin to know that we are at war, as does France, England and other fighting nations. He said that for the man power of this country to be taken as it had been in France it would form a line of men in close single file reaching from New York to San Francisco, then north to Vancouver, thence east to the Atlantic coast, south to New York city; and then there would be still 1,000 miles of men to start. French people are all on rations—and very scant rations too, and the quality is not such as to appeal to the appetite as very choice, but of course, it is wholesome and nutritious more than appetizing.

It was his impression, as implied in his talk that the war may continue for several years, that he did not perhaps say it in just those words. Those who heard Mr. Atkins received some new ideas of war, and some new impressions of the Y. M. C. A. secretary—or rather the change which seems to have come over them, or perhaps it is the different class of men to whom the work now appeals. Just imagine the secretary of a quarter of a century ago saying a lot of "russ" words in a public address. He was so good and so sanctimonious that one got the impression that butter would not melt in his mouth; and also that you'd doubt his sincerity to an extent that you would be afraid to trust him with your purse over night—much less hang your soul's salvation on anything he was doing or saying. The war work has interested a new class of men or developed something worth while from the old-time mollycoddle.

Spring Fries For Sale.

I have a splendid lot of chickens suitable for fries, and can supply your table needs for some time yet. Mrs. Jas. Jeffries, phone 295.—Adv.

The raising of money is not the intent of the movement at the present time. What the state director wants now is for each person who is already purchasing stamps and who in effect is really identified with the movement, to become a member of a War Savings society. No additional pledge need be made and no new obligation is required. What is needed at this time is organization, a grouping of people already pledged to economy and thrift. This object will be accomplished by the organization of societies, eighty-six being the number apportioned to Wayne county. The county exceeded her quota last March in the purchase of stamps, let us put her at the top in the formation of War Savings societies.

DOUBLE DUTY FOR ALL DURING WAR TIME

There is on foot a movement for special care of the youth of our city. That such movement is, at all times, important none will deny. At this moment its importance is peculiarly great.

In our intense interest in war we are in danger of losing sight of our young. Yet they are those for whom we fight. Surely all understand that to win the war were useless if thereby our own national life were to disintegrate. A neglected generation of young people will mean lowered vitality, lessened productive power, increased ignorance and immorality, lower ideals in all our national life, perhaps for all time.

The period of the war calls upon those who remain at home for redoubled effort on behalf of youth. Medical skill and health authorities must do more than ever before, because they must replace the efforts of the doctors, nurses and other health specialists who have gone with the army. Those who oversee the work and play of children and youth must fill the places once occupied by their elder brothers now in training camps, on the high seas and in the trenches. Every institution for child training, the family, the school, the church, the municipality, must be alert to protect young life.

Malnutrition, the child death rate and juvenile crime are all increasing, simply and only because we are absorbed by the war. How loud is the call from the children! May we heed it now, lest when our soldiers and sailors have won the fight we find it but a barren victory, because its spiritual meaning shall have been lost! As a community let us be alive to this call to service.

SUGAR SITUATION SERIOUS.

Because of submarine losses, shipment of sugar from Cuba has been greatly retarded and it is now evident that there will be an extreme shortage for a short time. This makes necessary the following additional limitations which all county food administrators are requested to put into force at once.

All retailers should be notified not to sell more than 2 pounds of sugar per capita to any family for domestic use during any single month. Not more than twenty-five pounds of sugar should be sold for canning or preserving purposes to any one family, except that if a showing can be made to justify the sale of an additional twenty-five pounds county food administrators may issue a special permit for merchants to sell and householders to buy a second twenty-five pound lot for this purpose, but in no event should more than this be sold.

Retailers of sugar shall not be permitted to purchase or have on hand sugar in excess of their two weeks' requirements. This, however, does not apply to 30-day purchases, ordered and shipped previous to this date.

Hotels and restaurants should not be permitted to purchase more than a ten days' supply of sugar during the present period of extreme shortage.

J. H. KEMP, County Food Administrator.

NEW CHURCH DEDICATION TO BE HELD SUNDAY

For nearly a year past work has been under way on a fine church building in that prosperous Welsh settlement west and southwest of Carroll, and next Sunday is to see its completion and dedication to the great work it was intended to aid when it was planned.

The building is of generous size for a rural church, and would be a credit to any town, city or country district. It is substantial, being of brick, modern throughout in every detail, and its cost will not be less than \$20,000. It has a fine basement with kitchen and dining room, is furnace heated and has a lighting system of its own.

Sunday there will be three services, the first to be at 10 a. m., one in English at 2 p. m. and the closing service of the day will be a 7 o'clock in the evening. The preaching of the local pastor, Rev. Davis is to be supplemented by no less personage than Rev. John Hammond of Scranton, Pennsylvania, one of the very strong popular ministers of this country. The music will be local talent, which is abundant and excellent; for we know of no community which can excel the people of this Welsh neighborhood in vocal music.

This church is to be known as the Welsh Presbyterian church, and it is located five miles southwest of Carroll. All visitors will be welcome to the Sunday services, and for years to come the doors of this edifice are to be open to all who wish to worship there.

Wins a Commission and a Diploma

Last week L. C. Gildersleeve received from Lincoln a certificate or diploma for his son, Harry, who had been attending the university. He had quit school to enter the training camp at Fort Snelling, and when he did not get a commission there, he returned to his studies, and after a short time again entered the service. He recently received a commission as lieutenant, and now comes the certificate that he also earned the necessary credits to get his degree from the college. It has later developed that it was a game of chance which kept him from getting the commission, as there were more qualified than there were places for at that time, and so having five places and six men five names were taken and one left from each six, and he drew one of the blanks. He is now in camp.

A CALL FOR BOOKS

The intensive campaign for camp library books in Wayne resulted in 700 books which were shipped to Camp Bowie, Texas. This campaign should be regarded as continuous; to last for the duration of the war. Begin at once to bring books and more books to the public library, new fiction, modern foreign languages, especially French, text-books in good condition, thegn, grammar, mathematics, science, European and American history.

HOME GUARD EQUIPMENT HERE

The Wayne Home Guards may now begin to drill in the manual of arms as well as the marching, for they now have six and a half dozen drill rifles. These are not real guns, but have size, shape and weight of the regulation gun, so that those who drill with them will be in practice if they get the real thing some of these days over in France. A few of the uniforms are also here and others on the way.

A Treat for Red Cross Workers.

Tuesday a man popular for the hour a least, whose name we do not feel free to give, not having had opportunity to interview him, extended a blanket invitation for all the ladies working at the Red Cross rooms that afternoon to go and eat icecream at his expense. About thirty warm, weary women accepted, and enjoyed the refreshments greatly.

BOOTLEGGERS GUILTY, GIVEN FINE AND JAIL SENTENCES

The first of the week Theodore Schlack, Jake Schlack, Ervin Schlack all of Hoskins and Alonzo Roger Pierce were before the county judge on charge of violating our prohibitory law. County Attorney F. S. Berry appeared to have the evidence necessary to convict the four, and in spite of vigorous pleas of "not guilty" Judge Brittain was convinced that they were not innocent. Jack was fined \$700 and costs, or a jail sentence until it was paid; Theodore was sentenced to 90 days in jail, and the other two were fined \$100 and costs each, which they paid. Theodore and Jack say that they will appeal their case to the district court, and after one night at county jail the bonds were secured.

The evidence tended to show that their career as venders of liquor was short in this county, for they only commenced here about 30 days ago. We are glad to know that the law is one which will prohibit where the public sentiment is behind it and intelligent efforts are made to enforce it. It is possible that there may be more grief for these venders, for the evidence tended to show that they had violated federal law as well as the state law.

City Raises Light and Power Rates

At the meeting of the city council Tuesday evening an ordinance was passed increasing the rates for electric juice in this city about 25 per cent. The new rates will be 10 cents per k. w. for consumers who use 200 or more k. w. per month for lights; 11 cents for 150 and less than 200; 13 cents for 100 and less than 150; 15 cents for 100 k. w. or less with a dollar minimum. Power rates are raised from 6 cents to 8 cents.

Under present conditions—the price of labor, coal and freight, it is a very conservative raise—but it will tend to make people ask WHY the state does not move and move now in the matter of providing plenty of electricity by using the water in our streams at a very nominal cost. The water which runs down hill in Nebraska, if properly harnessed would make power, light and heat for the entire state—and not cost such a lot either.

Some Cattle—Some Price.

Last week we mentioned the fact that F. M. Griffith shipped three car of fat cattle to market, and later in the week we asked him about prices. He said he never before had sold cattle for so great a price. The loads averaged above the 1250 pounds per head, and brought \$17.75 per cwt. A few of the cattle belonged to J. Grier. When one figures that these animals sold for more than \$220 each on foot, they are not surprised that a bit of beef steak costs toward all it is worth.

Not to get rich quick, but to keep the meat coming to the men at the front, Mr. Griffith tells us that he has purchased a bunch of 90 feeders to keep the ball rolling.

DAN. V. STEPHENS FILES FOR CONGRESSMAN

Congressman Dan V. Stephens has sent his filing fee to the Secretary of State of Nebraska, as a candidate for re-nomination to Congress on the democratic ticket on the platform of "Prosecuting the war to a victorious conclusion."

He expresses himself as regretting that the laws of Nebraska prevent him from filing for nomination on both great party tickets in view of the fact that there can be no other issue before either party than that of winning the war, making party alignment not only objectionable but repugnant to patriotic citizens.

SOLDIER CLASSIFICATINOS

Every few days the local board has some change in classification to make, and C. W. Reynolds, the secretary, has reported the following in the past week:

James H. Pile, 109-A, Class 4.
Lestie Wm. Ellis, 927, Class 5.
Harvey A. Haas, 47, Class 5.

One advantage the ladies have who purchase from Mrs. Jeffries is her special equipment for making changes sometimes necessary for a perfect fit. This is service, which goes free to her patrons in skirts and dresses.—adv.

WAYNE COUNTY BOYS REPORT TODAY, ENTRAIN FRIDAY

At this hour there are gathering forty young men of this county, and in the morning they leave for training camps, and eventually for the other side. Last week we gave the names of the men, and with the exception of a change or two will not now repeat them. Wm. Hunter will go to Fort Riley instead of Funston, and Guy Erving Francis will go to Camp Dodge. Carl Okerson, No. 401 is a new man called for Camp Dodge.

All are to entrain Friday morning—forty of them—a magnificent contribution from this county to the cause.

SHOLES ITEMS

T. A. Jackson shipped a load of cattle to Omaha last week.

Mr. and Mrs. E. L. Coleman are rejoicing over the arrival of a baby girl at their home, born Tuesday.

Miss Myrtle Leary of Winside visited a few days this week at the Harlon Quinn home.

William Mattingly came last Tuesday from Camp Dodge for a few days' visit with relatives and friends. He is looking well and likes army life fine.

Dick Jackson of Glenwood, Iowa, visited a few days last week with his brother, T. A. Jackson and family.

Arthur Williams and family and Miss Mabel Jnes were in Norfolk Wednesday visiting.

Owen Owens had the misfortune to have his car stolen while in Randolph, Thursday evening. As yet nothing has been heard of the stolen car.

Mrs. Joe Mattingly has relatives visiting her from South Dakota.

Mrs. A. E. McDowell and Erwin and Mr. Van Camp autoed over to Winnetoon, Saturday evening to spend Sunday with home folks.

E. W. Huse and Miss Bessie Durrie transacted business in Sholes Friday.

Little Anomia Clark went to Carroll Friday noon to visit her grandmother a few days.

A dance was held at the Henry Tietgen home Saturday evening. All present report a good time.

Lela Hurlbert of Carroll visited a few days last week at the Will Hurlbert home.

Jhon Davis shipped a load of hogs to Omaha last week.

Mr. and Mrs. Homer Fritzsimmions and sons, Robert and Ervin, of Carroll, were guests at the H. W. Burnham home Sunday.

Mr. and Mrs. Will Hurlbert spent Sunday in Tilden visiting relatives.

People of Sholes were surprised to hear of the marriage of Richard Pinkham to a young lady of Sioux City. Mr. Pinkham is one of the popular Victory Sextet singers and this community extends congratulations.

Stanley Warren of Glenwood, Iowa, a brother-in-law of T. A. Jackson was visiting at the Jackson home last week.

EDWIN G. COOLEY AT WAYNE

Last Thursday afternoon and evening E. G. Cooley of Chicago was at Wayne in the interest of Junior Red Cross work, and held a meeting in the afternoon and evening. At the normal in the evening in addition to his talk on the Junior work, he gave before the teacher students attending the summer school an address on "A School of Patriotism, or the Danish High School." It had been our intention to give the lecture to Democrat readers today, but find it will be necessary to leave it over until another week.

PUPILS TO MEET AT COURT HOUSE FRIDAY EVENING

All pupils of the Wayne, public schools and of the normal training school, who are buying thrift stamps, or war saving stamps are asked to meet at the court house lawn tomorrow (Friday) evening at 7:45 and march in a body to the city hall, says W. D. Redmond, county director for this county of the War Saving committee. And of course the boys and girls will do as requested.

LOCAL AND PERSONAL

Mr. and Mrs. R. E. Judson spent Friday at Sioux City.

Miss Mildred Page left Friday to visit relatives in eastern Colorado. Misses Helen and Alice Blair went to Sioux City Friday for a short visit.

James Stanton and daughter Madeline from Carroll were visitors at Sioux City Saturday.

Mrs. R. H. Meyer of Beatrice, who has been here visiting at the home of her son, R. M. Meyer, returned home Friday.

Mr. and Mrs. Wm. Danne went to Talmadge Saturday for a visit of a few days with relatives and friends there.

Mrs. Fred Martin who underwent an operation at a Sioux City hospital returned home Friday, and hopes to have improved health. He son Lyle, who lives at Sioux City, was in the hospital at the same time and is getting along well on the way to recovery.

Mrs. Chas. Woods came from Council Bluffs last week to visit at the home of her mother, Mrs. Nettie Sears, and with her brother, Earl Sears, before he leaves for camp this week. She formerly lived here and has many friends as well as relatives to visit.

Julius Hurstad went to Omaha Monday afternoon.

Mrs. D. C. Main and daughter, Helen, were Sioux City visitors Tuesday.

Dale Loncor was at Winside over Sunday, going to visit his mother for the day.

Mrs. Bertha Chace, from Norfolk came Tuesday to visit her friend, Mrs. Ed Samuelson.

Will Morgan went to Red Oak, Iowa, Monday, and planned to go from there to Sidney today.

Miss Ethel Barton was called to Wigner the first of the week to assist in the care of an elderly lady invalid for a time.

Mrs. Grace Keyser will give a recital at her home Thursday evening at 8 o'clock. The parents of the pupils are invited.

J. L. Davis and wife were here Sunday, coming from Iowa, on their way to their home in the western part of the state.

Guy Auker left Monday or Rochester to have his illness diagnosed by an expert, or several of them in an effort to learn what is the matter with him.

Miss Elizabeth O'Brien, formerly at the normal, and who made her home here for a year or two, came Friday evening to visit at the Frank Whitney home. She is now living at Omaha.

Mrs. H. E. Short of Council Bluffs, who has been here visiting her friends, Mrs. Robert Perrin and Mrs. S. A. Smith, who is staying with her sister, Mrs. Perrin, returned to her home Saturday.

Mr. and Mrs. John Harrington returned home the first of the week after an absence of three or four weeks in the west part of the state, seeking an altitude which would relieve Mr. H. of asthma. He is feeling better, we are glad to add.

H. E. Siman of Winside, left Tuesday morning for New York to visit his son Dr. V. A. Siman, who is serving in the medical corps, and, may be called to go over most any day now. Just at present he is doing work in a camp near the city, and has about 500 men to look after in the matter of health.

Hoskins is still a "storm center" of the booze question in Wayne county—but the sentiment of the community is rather turning against the law violators there, and a sentiment in favor of a clean town is increasing in numbers. The Headlight is talking right out in meeting about the condition, and urging reform.

At Manchester, Iowa, they are to have an English army officer as their 4th of July orator, and one naturally wonders what he will have to say now about that little unpleasantness with his country in 1776, the event we celebrate at that time. Seems as though it would be asking a citizen of the land of John Bull to celebrate his country's defeat. Perhaps he will talk of England's ally of today rather than of her insubordinate offspring of 142 years ago.

N. O. Servene was here from Wakefield Monday forenoon.

Miss Bessie Durrie spent Sunday with her sister near Bancroft.

Mrs. Bessie Church was here over Sunday, coming from her home at Meadow Grove.

John Russmann, who is carpentering near Pierce, was here to spend Sunday with home folks.

John Morgan left last week to spend a few days with his son in Minnesota and do a bit of fishing in a real river.

Messrs. Wm. Rennick and Burrett Wright took the varnished cars to Omaha and rode home in autos or Fords the next day.

Mrs. Lutgen, who has been visiting her son, Dr. S. A. Lutgen, for several weeks left Tuesday morning for her home at Auburn.

Mr. and Mrs. A. C. Dean left Tuesday to visit his father at Ashland for a few days. He expects to come home in a car which he has there.

Mrs. Kennedy and daughter of Council Bluffs, Iowa, has been visiting her brother, W. M. Bekowies and family. They returned home Monday.

Elmer Hoskins, who was for several months at LaCrosse, Wisconsin, at work, has gone to St. Joe, Missouri and is staying there with relatives for a time.

Mr. and Mrs. Geo. and Frank Drebert and children came from Pierce Sunday to spend the day here with the family of L. A. Fanske, the ladies being sisters of Mr. Fanske. Their father, August Fanske, accompanied them for the ride, and the visit.

Lec Miner, son of Mr. and Mrs. Geo. Miner went to Sioux City Tuesday morning with the purpose of enlisting for the navy. Many of the young men are taking advantage of opportunity to choose their branch of service, and enlisting now.

C. D. Martin and his daughter, Mrs. Richmond of Scotts Bluffs went to Stanton the first of the week to visit a few days with relatives there. Mr. Martin is planning to go for a visit with Mrs. Richmon when she returns to her home at Scotts Bluffs soon.

Frank Weber went to Pender Sunday, where he has a daughter living—but he said he was going down there to work a week. It is evident that the "Work or Fight" order has aroused Mr. Weber, for he usually has enough at home to do to keep two ordinary men pretty busy, but perhaps he thinks Uncle Sam would not consider that work.

Ernest Voget, who went to Camp Dodge three or four weeks ago with the others from this county, is home again, failing to measure up to the physical requirements of a soldier in these strenuous times. He would rather it had not been so, and tells us that he has been re-classified, and is assigned to class 4. The other Wayne boys are coming on in fine shape, and all seem to be having the time of their lives, and working hard, for the training is now more intense than at first, and the same course is given in about half the time taken in the camps a year ago.

Fred Philleo and family went to Omaha by automobile Friday.

Mrs. Geo. Francis, who has been here for some time visiting her sister, Mrs. J. F. Jeffries, went to Cedar Rapids Sunday to visit a sister at that place.

W. A. Goshorn of Concord, was a Wayne visitor Saturday, and spent a part of his time with W. A. K. Neely,

both of them being natives of the some community in the old state of Pennsylvania, so they naturally enjoyed talking over the old days when they were lads in the "Keystone" state. Mr. Goshorn came to his Nebraska home near Concord this year, purchasing a Hanson farm near there. He is now busy assembling a herd of Shorthorn cattle of the kind and strains he thinks best. He was for 18 years a resident of Shelby county, Iowa, which is some county for cattle. He will doubtless succeed, for he probably thorly understands the business, and there is room in this part of Nebraska for many more breeders of good stock.

Mike and William Finn, who have been using a 60 day turlough from the Great Lakes training camp to help with farm work on the Finn farm near Carroll, have returned to their duties on the water. They left Friday, and their mother, Mrs. Jas. Finn of this city accompanied them as far as Omaha.

Land prices appear to be increasing a trifle in this neck of the woods. Wm. Morgan tells of the sale of the 280 acres of the David Cunningham estate to Henry Frevert at the price of \$200 per acre. This land is about four miles southeast of Wayne, and with Mr. Frevert's previous holdings makes him owner of 840 acres of good land in this country.

L. C. Lamberson, son of Mr. and Mrs. G. A. Lamberson, left Saturday evening for Lusk, Wyoming, from which place he registered, to answer the call to report for service. The troops recruited from there are to report at Camp Lewis, American Lakes, Washington, and he expects that place to be his address for a time while in training.

Miss Clara Smothers visited at South Norfolk Sunday.

Miss Elma Fritchoff spent the week-end with friends at Sioux City.

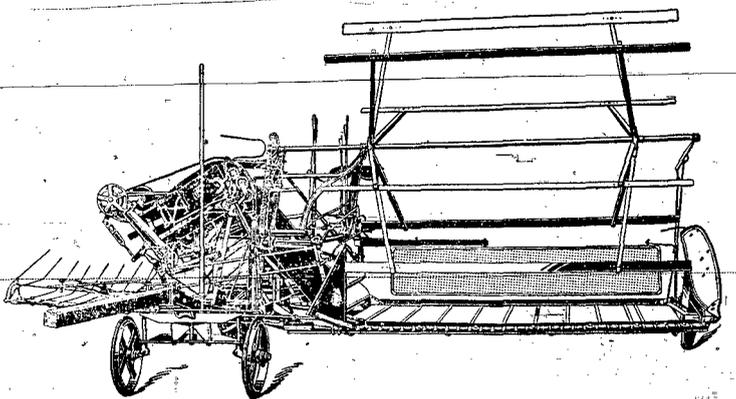

Mrs. Frank McDonald and children who spent a week at the Herb Lessman farm home, returned to their home at Omaha Saturday. The lad was in love with farm life and wanted to remain indefinitely.

Mr. and Mrs. David Cronhardt from Baltimore, Maryland, spent a few days here last week with relatives and friends, and were guests at the Roy Jeffrey home part of the time. Mrs. C. was well known here as Florence Henyan when a girl.

Miss Linda Needham of the Bloomfield Monitor force was a caller Friday evening while on her way to visit friends at Norfolk. The Monitor recently installed a type-setting machine, and when an operator was needed the young lady took the place and from the appearance of the Monitor, she is making good. She tells us that they have just installed individual motors for the presses.

A McCormick Takes The Delays Out of Harvest.

A grain saver wherever used. It is proven by many years of successful behavior in the grain fields of the nation.

When time is short and help is scarce; when hail, wind and heavy rain threatens, a dependable McCormick binder gives you an assurance of saving the greatest possible amount of grain in the shortest time.

A BINDER FOR ADVERSE CONDITIONS

Few binders will do as good work as the McCormick in down grain. This is due partly to the range of adjustment of the reel, which can be lowered and moved forward to pick up grain that is lying almost flat on the ground. It is easy to force the down grain upon the platform canvas because of the construction of the platform and ground bar. The portion of the guards over which the knife runs is only one and five-eighths inches from the bottom of the platform. The guards are curved upward near the point so that the platform can be tilted to cut as short as three-fourths inch stubble without running the guards into the ground. If a binder will do good work under these field conditions, it stands to reason that it will work well in standing grain.

By placing your order now, you can be sure of a McCormick when you need it. Come in and talk this over.

Mrs. C. M. Sokal was here from Fulerton to spend Sunday with her parents, Wm. Stewart and wife, returning Monday. Mrs. Stewart accompanied her as far as Norfolk.

Mrs. Edward Deville went to Norfolk Sunday with Mr. Deville, who is working Yeoman insurance at that place, to spend a few days with him. Miss Martha Crockett accompanied them to remain a few days.

The days are beginning to shorten but it is the nights that seem too short when a cool morning comes. Then it is that one realizes that it is "foine to rise up early in the mornin', but it is foiner far to lie in bed."

Gloves are said to be advancing in price and 100 percent increase is predicted within a year. Well, most of us were born bare-handed, and we can continue that way without danger of arrest for indecent exposure.

Word comes from Will Keiper, who went to Lincoln three weeks ago as one of the nine men from this county, saying that he had been selected for mechanical work, and his present duties relate to construction and repair of motors.

Miss Minnie Marquardt went to Beemer Friday evening to look after some matters relating to her school work there next year, and Miss Florence Gardner accompanied her as far as Wisner and visited until Sunday evening with friends there.

Mrs. Minnie Hoskins went to St. Joe, Missouri, Monday to visit her mother, brother and sister and her son, Ethel, who is ill there, and care for him while he needs her. The lad recently went to St. Joe from Wisconsin, where he has been working.

"Doc" Jones went to Sioux City Monday to receive and unload a car of the Crow-Elkhart automobiles for Sioux City and Wayne territory. He tells that the demand for these cars exceeds the supply, but that they are trying to supply the call in this vicinity.

Mr. and Mrs. E. B. Cook and their daughter, Mrs. Don Brooks of Hastings came last week to visit at the homes of Mrs. Cook's brothers, C. W. and W. A. Hiscox. Father and daughter returned home Monday, Mrs. Cook remained for a more extended visit.

Rev. S. X. Cross went to Missouri Valle, Iowa, Tuesday, to "marry a lady he has known for a long time," he told the editor. Then he explained that he was to marry her to another man—or perform the ceremony, say the words which would legally make the two one. And time will tell which one.

Mrs. W. Schmidt of this city, who has been at a Sioux City hospital for treatment, was brought home the last of the week. Hers was an injured knee, and it is now thought it will again become normal when time has been granted for the injured parts to heal and regain strength, but it is just now very weak.

It was easily a million dollar rain for Wayne county Monday evening, when three quarters of an inch of water fell in a gentle shower lasting an hour or more. It might easily have been a liability instead of an asset had it been accomplished by wind and hail and some other combinations which at times attend weather changes in this part of the earth.

Mrs. Chas. Slaughter of Moberg, South Dakota, was here last week, coming Friday to visit at the home of her parents, Patrick Dixon and wife, and Monday she was called home by word of her husband's sickness. Her sister, Miss Sybil Dixon, accompanied her as far as Sioux City, and spent the day at that place.

J. W. Pridmore from Chicago, is here visiting at the home of Mr. and Mrs. J. J. Ahern, his daughter. He has long been employed by a great farm machinery manufacturing concern, and tells that they have taken up a lot of work for the government, and are supplying munitions and equipment for war as well as machinery with which the farmer may help win the war.

There was quite a family reunion of the J. C. Tilton family of Bloomfield here last Saturday. Some of the sons of Mr. Tilton are soon to be called to service, and it was to have a family group before the boys left. One son and family live at Waterbury, and work was such that neither father or son felt that they could be away from home more than one day, so it was agreed to meet at Wayne and spend the day together and secure the picture. There are eight children, several of whom are married and with sons-in-law and daughters-in-law and grandchildren there were 21 for the group picture.

L. C. Tilton and family were the ones who came from Waterbury, the others from vicinity of Bloomfield. They had a good visit while together, and hope to meet again after the war closes.

Mr. and Mrs. June Conger left the first of the week for Fort. Logan, Colorado, to visit a little time with their son, Lloyd who is now a member of the medical corps waiting assignment to some camp for training.

Bixby of the State Journal is or was last week writing his "Daily Drift" from Denver, and he tells of the street car-conditions there, and the poor road bed of a portion of the mileage, and says that the company is asking a raise in price. They should not have it; but if things are there as they once were, the gang which owns cars, tracks, lights, water and power will just take it as soon as they can find or make a pretext of an excuse to do that thing. They have taken everything that was not nailed down in the way of public utilities. Denver and Colorado used to be among the worst corporation bossed states in the union and we have not read of many sweeping reforms along that line.

Pio Andersen, who is farming northwest of Wayne, and has been for several years, has just returned from a land looking trip in New York. He visited in several counties and expresses the opinion that the country looks fine there, but the fact that nearly every farm is for-sale at a price which would not pay for the improvements if they were built on a Nebraska farm, makes him suspicious as to the real value of the land. When a place with far better improvements than the average Nebraska farm has its priced as low as \$30 per acre, for land, improvements, stock and farm machinery thrown in, a man who has been farming where land sells around the \$200 mark suspicious. Yet they are near to the consumer, and that makes one wonder whether freight rates are such a burden to the western farmer or not. There is a vast amount of dairying done there, so that their crop is practically all sent out in milk, butter and cheese, and beyond a doubt they ship in considerable feed.

Rev. S. X. Cross was called a Missouri Valley last week to preach at the funeral of one of their pioneer citizens of that place, Hon. Geo. Richardson, who was called to his final home.

A. C. Dean appears to have plenty of faith in this corner of Nebraska, land values, for within a few days he has purchased a quarter section in Stanton county, and an equal amount in this county, the McMillan farm north of Winside, paying \$155 the acre for the same.

Mr. and Mrs. Glenn Wallace, who have been living at Norfolk until a short time ago, came to Wayne from Iowa, Sunday evening and remained a few days at the home of Mrs. Wallace's parents, Mr. and Mrs. Dick Hansen. Wednesday he left for Rocky Ford, Colorado, looking for a climate where the asthma will not keep him from sleeping. Mrs. Wallace will remain here a few weeks until he can learn whether or not the he has found the right climate.

Work or fight law becomes effective Monday. Get a gun or a pitchfork.

The way of the transgressor is not an easy road to travel these days, and it can be proven right here in this country.

A county office does not appeal to people as the soft snap it used to be considered, for a good man can earn more at some other work, and have more freedom.

This week we publish a call for a primary election and thus far but two candidates in this county have filed for nomination. Some one should come along and keep them from getting lonesome.

The sedition law passed by the legislature at its special session is to be demonstrated in the courts of this county in the near future. Try it out, and enforce it is the right way to learn if a law is good or bad.

The Italians have not only checked the predicted Austrian drive for the plains of Italy, but have utterly defeated a large part of their forces and driven them back past their starting place. Austria is on defensive, and it is reported that their recent losses are a quarter of a mil-

lion men besides food, arms and munitions.

The war program of the administration grows broader, deeper and more efficient as the days go past, or at least the people are hearing more of its scope as it develops and unfolds. With the placing prepared men in France months ahead of the promised schedule, the announcement is now made that 1,450,000 Americans will be in France by September. No wonder the Germans are beginning to admit that they cannot settle the matter by force of arms. Perhaps they cannot, but we can, and the sooner Germany realizes that fact and admits it the better they may fare in settlement.

A CARD OF THANKS
To not make mention of the hearty cooperation of the citizens of Wayne in observing our speed ordinances would, perhaps, tend encouragement to a few habitual speedsters. Therefore, I think it fitting at this time to thank all who have accepted my judgment in criticizing their fast or careless driving, and I certainly feel proud to live in a community, where every citizen feels it to be his duty to observe the law, uses his influence to enforce the law and lend his hearty support to the officers of the law who are doing the best they know how to serve and protect the good people of Wayne.

Again, please accept my thanks of appreciation for hearty co-operation in enforcing our laws, and I will ever endeavor to serve the honorable public to the best of my ability, and I humbly remain

JOHN L. SOULES,
Police Officer No. 2.

Letter, Mrs. Sherman McAlexander.
C. A. BERRY,

Paul Harrington, who was called away three weeks ago, returned last evening, and tells us that he went in response to a call to report at Omaha. From there he was sent to Chicago, thence to Washington, and is now home to await a call for service, which will probably come within a month, when he expects to sign up "for the war." He did not affirm or deny the story that he had seen the hand writing on the wall in the work or fight order effective July 1st, but he, that as it may, he has elected to try a hand at fighting.

Sam Davies is having a busy day today, for he is loading for shipment a car load of magazines and old papers. Sam says the work or fight order wont effect him for at least a month, as this bunch of paper has been working him too much already.

Wakefield is going to celebrate the 4th this year, and is one of the few towns celebrating in this part of the state.

WITH THE WAYNE CHURCHES

Presbyterian Church
(Rev. S. Xenophon Cross, Pastor)
New members will be received next Sunday morning. The session will meet at 10 o'clock.
The hour of public worship is 10:30. The sermon will be on the subject: "Salvation Through Sacrifice." All are invited.
At the evening hour, 8 o'clock, the sermon theme will be: "The Gentleness of Gianthood." There will be special music under the direction of Mrs. A. R. Davis, Chorister.
Sunday school is at 11:30. F. H. Jones is the superintendent. All interested in Sunday work are confidently invited to visit the various departments of the school. Glad to see you next Sunday.
The Y. P. S. C. E. meets at 7. The Missionary committee will have charge of the meeting. The topic will be: "The Power of the Cross in Africa." The young people are always pleased to have folks visit the society in these meetings.

If the church is doing a work that you approve, attest your approval by attendance at the meetings of the church. The church organization is like all other organizations in that it is kept up by the actual association of people meeting together in some common interest.

English Lutheran Church
(Rev. J. H. Fetterolf, Pastor)
Sunday school convenes promptly at 10 o'clock every Sunday morning. There are two good reasons why every pupil should be present. We all need the instruction from God's word and the school needs the encouragement from every scholar.
The midsummer communion will be administered at 11 o'clock next Sunday morning. Every family in the church should plan to be present. The true believer will not slight nor ignore this important service. A providential hindrance is the only valid reason that can be given for absence. New members will be received at this time.

At the last meeting of the Ladies' Aid it was voted that in the future all their time at the meetings should be devoted to Red Cross work. This arrangement is to continue as long as the need for sewing and knitting is so urgent. Heretofore some of the ladies had given the afternoon of aid day to this work, but from now on the whole company will put their hands to the task. The treasurer was also instructed to invest \$300 of aid money in War Saving Stamps. It is a good plan to put idle money where it will do some good.

Baptist Church
(Rev. Fletcher J. Jordan, Pastor)
The Ladies' Missionary society meets with Mrs. Catherine Huff, Friday afternoon at 2:30 p. m. The topic is Alaska and the leader is Mrs. Laub. A most cordial invitation is extended to every lady in the church and congregation.
The Ladies' Union has adjourned for the summer and will do Red Cross work each Wednesday afternoon at the Red Cross rooms. All are asked to come and help in this noble and needful work.

Regular services at the Baptist church next Sunday. Divine worship with sermons at 10:30 a. m. At 8 o'clock the pastor will speak, "The Wise Choice."
Sunday school meets at 11:30 a. m. All people are invited, but especially the Normal students.
Vacation Bible Schools will be the topic in the B. Y. P. U. next Sunday evening. The Missionary committee has charge of this meeting.
The choir has its rehearsal at 8 o'clock Thursday evening.

Methodist Episcopal Church
(Rev. D. W. MacGregor, Pastor)
Next Sunday's services will be of interest. Special music and song by Prof. Coleman and large choir. Reception of new members following the morning sermon at 11 a. m.
Sunday school, 10 a. m. We have several classes that are full of life—lives so to speak. Make your plans to be at Sunday school and church next Sunday.
At 7 p. m. young people's meeting, 8 p. m. sermon.
The large congregation of last Sunday morning, and the way the choir and the people sang was inspiring to the pastor. The lessons drawn from the Arab poem; we hope were helpful.

Evangelical Lutheran
(Rev. Rudolph Moehring, Pastor)
Next Saturday confirmation class at Winside at 11:45 a. m. At Wayne at 3:45 p. m.
Next Sunday at the Wayne church Sunday school at 10 o'clock. Services in English at 11 o'clock. In the afternoon Sunday school at Winside at 2 o'clock and services in English at 3.

SOCIAL NOTES

Wayne Camp Fire girls opened their summer season Monday afternoon when the members and three guests were entertained at the John Vernerberg country home. Misses Esther Vernerberg, Mary House and Lila Gardner were the hostesses, and Miss Leola Wallace of Villisca, Iowa, Anna Vernerberg and Florence Gardner were guests. After an automobile trip to the place of meeting two happy hours were spent in games and social chat; timely games were played and the Virginia Reel stepped off in proper style. A six o'clock luncheon was served after which the young ladies all assembled in the lumber wagon and came to town singing many songs on the way, "Over There" seeming to be the favorite. The afternoon rain had made automobile travel not the best.

The Pleasant Valley social circle met last Thursday at the home of Mr. and Mrs. Wm. Roebbe and held their annual election of officers. Mrs. Eric Thompson was elected as president, Mrs. Chas. Ash vice-president, and Mrs. Andy Thompson secretary-treasurer; Mrs. H. J. Miner was delegated as the reporter. The ladies spent most of their time on a Red Cross quilt, stopping to listen to an article read by Mrs. Miner on our Three New Islands, and enjoy a Hooverized luncheon. This and similar organizations formed in other years for social entertainment and study have found a new field of usefulness in these war times, and nearly all in this city and vicinity are turning their attention to war work, and they are thus in position to accomplish much by co-operation.

Mount Hope Circle.
This is an organization of ladies in the rural community northwest of Wayne, where about twenty ladies have organized to advance Red Cross work, and look after other needs of the community. They meet at the homes of the different members. Wednesdays, and last week Wednesday gathered to work at the home of Mrs. Mark Simpson, and yesterday afternoon the gathering was at the home of Mrs. Lewis Surber. They voted \$10 the meeting of the 12th the special comfort kit fund for the Wayne county boys who leave Friday morning for training camp duties.

The Girls' Bible Study circle enjoyed a pleasant and profitable evening at the Carl Clasen home Friday evening with Miss Daisy Cooper of Bloomfield as leader of the lesson which was the closing chapter in Mark's gospel. Miss Charlotte Ziegler will be hostess this week and a fine meeting is planned.

Mrs. Wm. Beckenhauer was hostess at the regular Bible Study meeting Tuesday afternoon. A program of beautiful music was a prelude to an afternoon of thoughtful study on the Messianic 2nd Psalm. Miss Ziegler will also entertain the Senior Bible Study circle next meeting.

Brute Traits in the Human.
The raising of the voice in anger is manifestly akin to the roar of the angry carnivora. Darwin has pointed out the connection between the human sneer and the snarl of the angry dog, and I have myself seen a refined woman in a transport of spite lift her upper lip and show her teeth in a manner absurdly like an enraged beast. But nothing shows more clearly the essential identity of the fighting instinct in man and the lower animal than the way in which a child, soon after it can toddle, will rush at the object of its passion and proceed to bite and scratch—that is, to use teeth and claws, as any of the carnivora might.—Exchange.

LOCAL AND PERSONAL.

Miss Ethel Barton, trained nurse, Phone 201.—Adv. 21-1f.

I. C. Trumbauer went to Sioux City Wednesday for a short visit.

Elmer Noakes was at Omaha the first of the week with two cars of young cattle which were good enough to sell at \$16.60.

A. Allaway went to Sioux City Wednesday morning to visit and look after business matters connected with their business here and there.

Mr. and Mrs. John Berry from Sioux City came Wednesday, accompanied by their son, to visit at the home of his brother, P. S. Berry.

Miss Belle McGee, formerly of the Normal students, has been teaching at Albion, has gone to her former home at Farley, Iowa, for the summer vacation.

Mrs. Fletcher of Carroll was a Wayne visitor Tuesday.

Icecream and pie yum-yum, the Calumet serves it.—Adv.

Mrs. Jas F. Jeffries was looking after business at Sioux City Wednesday.

Gingham and house dresses in pretty patterns, at Mrs. Jeffries' store.—adv.

G. K. Hendrickson from Mitchell, South Dakota, was here the first of the week visiting his brother, C. H. Hendrickson and family.

Tuesday evening Robert Jones, county surveyor, and John Jenik went to Carroll, near which place they were doing a bit of surveying.

At their meeting last Friday evening the Yeomen organized a degree or drill team and commenced work. They have a call to visit Norfolk and put on the work of the order as soon as they can learn the work and the drill.

Mrs. Robert Jones and children returned the first of the week from a visit with home folks at Red Oak, Iowa. Mr. Jones says that he is a good cook, but that he gets weary of eating his own cooking very many weeks at a time.

Tuesday evening the Modern Woodmen initiated a class of three—that is—they gave them the first degree, and then hurried home before the storm. They have several other candidates who were detained from coming on account of the stormy appearance of the evening.

Dr. Young is now keeping office hours at his dental office over the First National bank, tho not yet having all of his rooms fully furnished as he hopes to have in the near future, but his dental equipment is all in working order, and he has a very complete equipment for modern dentistry.

Waists of wash silk at the Mrs. Jeffries store—special Friday and Saturday.—adv.

Mrs. Frank Peterson is carrying her right arm in a sling. While working at cleaning about the house Tuesday she slipped and in an effort to save herself from a fall made a grasp toward a window, missed catching any part to which she could hold, but her arm went through the glass and was quite severely cut. One muscle was badly cut, and a nerve or two severed, besides letting considerable blood. At last reports the wound is doing very well.

Calumet Cafe serves icecream.—Adv.

Mrs. Chas. Musgrove from Wakefield came this morning to visit the Frank Whitney home.

Miss Mary Shannon visited friends at Sioux City Wednesday.

Chas. Clossen from Carroll was a Sioux City visitor Wednesday.

Mrs. Carroll Orr, who has been visiting at Des Moines and at Camp Dodge, where Mr. Orr is in training returned home last evening.

Miss Leola Wallace, who has been visiting at the E. O. Gardner home for the past ten days returned to her home at Villisca, Iowa, Wednesday.

Hofstra, sure death to flies, bugs, ants, cabbage worms, in fact any kind of insect. Hofstra is non-poisonous put up in a loaded gun for 10c.—Basket Store.

Miss Ellen Danielson from Sioux City has been visiting at the home of her friends, Mr. and Mrs. S. L. Owen. She went to Norfolk Wednesday evening, and will stop here as she returns home.

Mr. and Mrs. Roy Carter have returned from their wedding trip, and are staying at Winside for a short time at least. Mrs. Carter was here to visit her parents, L. E. Panabaker and wife, Wednesday.

Edward Marousek from Sioux City came to Wayne Monday and spent the time between trains here visiting his sister, Mrs. S. L. Owen. From here he went to Chicago to enter the service of the government as a member of the motor mechanics organization.

J. C. Forbes and family have moved to Wayne from their farm just north of town, and are now occupying the new residence which they purchased from C. A. Berry a year ago. We hope they will enjoy city life, and believe they will. A Mr. Frank is living at the farm now.

Those who seek to buy to supply their needs at a saving price, will make haste to read the advertisement of Allaway & Hassan this week, and act promptly, for their special discount given for June will cease when the store closes Saturday evening.—Adv.

Mrs. M. Wolff, who has been in poor health for some months, went to Rochester Wednesday morning for consultation with specialists. Her brother, True Prescott accompanied her, expecting to return as soon as she is located for a stay there, if it is deemed necessary.

Mr. Roskopf of the Calumet Cafe has added icecream to his menu, and is prepared to serve same at all hours. Knowing that the night shift at the Democrat office were like folks from Missouri he "showed us" the quality last evening, and no one could but call it excellent.

Phil Burres returned to Carroll Wednesday evening from the Rosebud country, where he has been spending considerable time this spring selling horses from the Burres Brothers barns at Carroll. He tells us that he has sold 20 stallions this season in that part of South Dakota.

When you want icecream, day or night remember that it is to be had at the Calumet Cafe.—Adv.

Last week Miss Mabel Sumner went to Omaha to consult a physician or several of them, and as a result of their diagnosis of her troubles, she has gone to Birchmont hospital to submit to an operation this week. She has been a resident of Wayne for the year, engaged as stenographer in the law office of P. S. Berry. Her parents live at Bloomfield, and some of her family have gone to Omaha to be with her for a time.

The Basket Store will have berries every day if obtainable. Berries of all kinds are scarce. Blackberries, red raspberries, logan berries and currants are in season this week.

C. Clasen this week began the work of improving the residence of E. S. Blair and wife on west 4th street. The front porch looks as tho a cyclone had struck it, being torn away to make room for a larger and more modern one. The exterior of the building is to be lathed and covered with a coat of kello-stone stucco. While this work is under way the interior is to have slight remodeling, adding to its convenience. This plaster treatment is said to add many years to the life of a building, saves necessity of painting and makes a warmer place in winter and cooler in summer.

Waists at special sale this week at Mrs. Jeffries—all of the popular shades, weaves and patterns.—adv.

We will be open till 10 o'clock Wednesday evening, July 3rd, and closed all day the Fourth.

Wm. P. Leu is at Sioux City today, going in to drive out with a new Liberty car.

Rev. Strahan went to Omaha Wednesday to visit his brother who is in training camp at that place.

Mrs. Frank Gamble returned the last of the week from a visit with home folks at Woodhull, Illinois.

Don Fitch and family went to Pender Wednesday to visit the lady's brother, who is one of the boys to leave for camp Friday.

The Basket Store receives three and often five baskets of bread every morning. Holsum bread is white as snow—you will like it.

Mrs. Silas Mellick left this morning to visit relatives at Clyde, Ohio, and a little later she will go on to Pennsylvania for a short time with other relatives.

Mr. and Mrs. W. M. Fleetwood went to Sioux City this morning to visit a few days with their daughters there, Mrs. Ed Johnson, and Mrs. G. K. Johnson.

Ed A. Johnson and Mr. and Mrs. Harold Long, his daughter, came over from Sioux City Saturday to visit the Fleetwood families here. They drove back Sunday.

Next Sunday evening, Rev. W. M. Purce of Norfolk will be at Wayne and preach at the R. B. Judson home. His subject will be "The Spiritual Causes of the War." All are welcome to this service, and are urged to be present.

S. Allaway came down from Sioux City Sunday evening and spent Monday here with his partner, A. Hassan and nephew, H. Allaway, who came here a month ago to conduct a store in which the three are interested. Mr. Allaway has charge of the Sioux City store. He expressed himself as much pleased with the business and business outlook at Wayne. Hopes to see Mr. Allaway at Sioux City in the near future to personally look after the selection of goods for the fall and winter stocks here.

How natural it is for women to want to trade at a store where the stock is sold for women and girls only. Mrs. Jeffries finds a growing trade for her Wayne store of that class, and she is enabled by specializing in these goods to buy to better advantage, and therefore sell to the profit of her patrons. Friday and Saturday of this week she will have a special sale of silk skirts, waists and dresses. The offering embraces many other desirable articles of lady wearing apparel, and will be an advantageous time to visit this store and see the offering.—adv.

Mrs. Chas. Straffer, of Waterbury, who has been visiting at the home of Wm. Benson and wife for a time, went to Pender Wednesday to visit before returning home.

Mrs. L. M. Owen went to Sioux City Wednesday, joining Mr. Owen there, he having gone in the night before with a car of cattle from the feed lot.

Basket Store News

The matter of a spot cash, cash and carry store, is the safe, sane and satisfactory way of selling merchandise and nine people out of ten will admit it is really the only way when you come down to brass tacks. The idea that a store should maintain a free delivery system at a cost of \$40.00 to \$75.00 per month, together with a book-keeping system that costs as much or more, is certainly a waste of man power, time and money. This same effort applied to agriculture would produce sufficient food to supply Wayne county a year; and the dead-beat and slow pay fellows, how about them? The interest it costs to carry this character of business and the uncollectable accounts runs well up in the hundreds of dollars every year. The man who takes pride in paying as he goes prefers to trade at a store that does not tolerate such evil, costly practices. It is common sense that a store relieved of this handicap is in a position and does save its patrons on their every day purchases. Our time is not taken up making charges, posting books, making statements and chasing questionable credit patrons, but is devoted to merchandising, buying goods for cash at the proper time and place to be in a position to supply the public with a complete stock of fresh, dependable goods. Every week and month shows a substantial increase in business and we pride ourselves for being in a position to invite more patrons with the assurance that you will like our way of doing business, the saving will be satisfactory and you will be converted to the Basket Store way. We invite your comparison. We enjoy our heavy farmer and city patronage—there is a reason.

Is Church Attendance Important and Necessary

By J. H. Fetterolf.

The question has been asked whether there is not a growing disposition today, even among church members to undervalue and neglect public worship. If there is no positive answer to the question, accompanied by proof, there are at least some evidences at hand that are disquieting. It is true that there always have been people whose church going has been more a matter of convenience than of conviction. They have gone if it suited them to go, and if they had no other arrangement handy at the time.

Bodily weariness and the temptation to use Sunday as a holiday have always been at work diminishing the number of those who go up to the house of God to worship. But today the situation has new features of peril. Added to these old temptations there are others now that are the result of our advancing civilization with its accumulating conveniences and comforts. The variety of interests added these days to detract from the worship of God's house is legion. We cannot name them. But some one said that to his knowledge there was but one family in his community on whom the advent of the automobile had the effect of bringing the family to church more frequently than before its coming.

The multiplication of comforts has bred in new temptations to forget God's house. And the peculiar danger is that these things in themselves are not wrong. Used on other days and in the right proportion they are invigorating and proper. Mental recreation, exercise, diversion and change of scene are all good in their rightful measure. But they are not good for man's highest well-being when gotten at the expense of hours that ought to be spent in the house of God. Much as we enjoy and need them, we need them less than we need the worship of the sanctuary.

An earnest christian said: "I have to go to church every Sunday to keep my christian life just passable. When I omit public worship I feel that my standard of living is lowered." And will not the experience of every one of us bear witness to the same effect if we ask it the question candidly? It is the lowering of the standard of living that we have to fear most and against it there is no safeguard like the house of God.

It has been suggested that the reading of good books and papers would take the place of the services of the church. Reading a masterly author at home is better than going to church and listening to a mediocre sermon. At first that that looks like sound reasoning. But is not according to that standard the world shall be saved by the "foolishness of preaching." Christ Himself must have erred when he commanded, "Go teach all nations." If literature can furnish a substitute for the oral preaching of the word, then it were better to send Bibles, text-books and religious literature to the unenlightened countries and keep our missionaries at home. There would be vast economy in the plan if it would succeed.

"Remember the Sabbath day and keep it holy" has a peremptory ring in it. It is a statute written with the finger of Jehovah and it has never been repealed. "Thou shalt keep my Sabbaths and reverence my sanctuary is as much of an obligation laid upon modern America as upon the ancient Jews. Going to church is not conferring a favor on the church nor on God, but it is to get soul inspiration and strength for our duties.

Sole Leather

Since the government has taken over all the heavy sole leather, the supplies for civilian use are decidedly curtailed. In addition the question of labor is one of the most important factors. Higher wages, shorter production, smaller supply, increased cost—one is as sure as the other and only the natural outcome in the leather field of today. That man is wise indeed who buys his shoe findings as soon as possible. I have a large stock of well-seasoned and tanned shoe soles, strips, heels, etc., at prices which should, in today's market, prove interesting and tempting to try out practical economy. **J. C. ALUMNI COME BACK TO DEAR ALMA MATER

(From the Goldenrod)
Alumni Chapel

Each year on the second Friday in June the various members of the Alumni represent their classes at Home Coming Day chapel. This year the general theme proved to be patriotism. This idea was foremost in the talks and music.

Rollie W. Ley, of the class of 1896, acted as chairman and introduced the "Four Minute Men." Miss Charlotte White, of the class of 1892, reviewed the experiences of the class and told of the work of each of the ten members of that class. Alwine Luers represented the three members of the class of 1911 and told of the present work and interest of each member. To the class of 1912, represented by Nellie Strickland, was given the privilege of announcing that they had selected the alumni pin, and also that this was the last class to graduate from the old building.

Ina Hughes, representative of the class of 1915, gave the wonderful ideal of patriotism in the solo she sang.

Henrietta Moler, of the class of 1917, emphasized the fact that the girls as well as the boys of the class are showing wonderful patriotism

What of the daily letters sent to the camps and the long hours spent in war cooking?

Lena Andrews gave wonderful examples of the patriotism of the faculty and class of 1918. No longer is there any doubt as to why Doctor House does not wear a hat.

True "farmer patriotism" was revealed by the would-be farmer, Jesse Randol, of the class of 1919.

Ever did the thought of the speakers seem to be for the boys who have gone into war service and proudly did each tell what her class had done in war work.

The members who were to represent the classes of 1895, 1896, 1913, 1914 and 1916 were unable to be present. The singing of "America" closed the program.

Noon Lunch

President and Mrs. Conn entertained the visiting alumni at luncheon on Home-coming Day. The thirty guests were delightfully served by the hostess assisted by Misses Bettcher, Schemel, Hill; Royce and Eberly.

This kindness on the part of President and Mrs. Conn reminded those present of the many acts by which school life on the hill is made more pleasant. It is such a spirit that makes the alumni wish to come back to their Alma Mater.

Dedicatory Exercises

At three p. m. Friday, June 15,

occurred the dedication of the new Physical and Industrial Training building Reverend S. X. Cross gave the dedicatory address.

Before Reverend Cross' address, President Conn gave a short review of the Normal School from a two-building college to the present condition and with the prospector's eye saw possibilities of a new agricultural building and dormitories.

Reverend Cross spoke about the relation of faculty and students to the future need of the country.

Miss Ardath Conn and the W. S. N. Male Quartet rendered pleasing vocal numbers.

Alumni Banquet

Patriotism was the keynote of everything about the eighth annual banquet of the Wayne State Normal School held on Friday evening, the fifteenth of June. This event was the culmination of special ceremonies observed each year in the interests of the graduates of this institution on a day which is known throughout northeastern Nebraska as "Home-coming Day."

In accordance with the wishes of Ray Hickman, '15, absent president of '17-'18 who has been called to the colors, everything about the banquet and program suggested the reigning spirit of the day, that of patriotism. Many were the thoughts and comments directed toward the absent ones, but particularly toward those engaged in the service of their country.

At eight o'clock the alumni and their guests filed into the appropriately decorated banquet hall, the recreation room in the newly-dedicated Physical-Industrial building serving for this purpose. Music proceeded from the orchestra under Professor Coleman's direction as the guests found proper places by means of the tiny service flags which served as place cards. A never-to-be-forgotten, stirring of patriotic sentiment, together with an appreciation of the skill and cleverness exercised, came to the minds of all as they entered the spacious, artistically decorated room. The long tables' white expanse was broken by crossed bands of red and blue, and at frequent intervals there were great vases of red and white peonies. From the lights on the ceiling, myriads of suspended stars blew gently with the breeze.

Seated, the assembled company was efficiently served with a most palatable repast by the young ladies of the class of '19 who, by manner of dress, assisted in the further carrying out of the color scheme. Throughout the serving of the banquet, the orchestra was most generous with its music.

Toastmaster Redmond introduced the various after-dinner speakers in the following order:

Roll Call—Miss Lois F. Corzine, '14.

Mustering in the 1918 Cadets—Conrad Jacobson, '13.

Annexations—Miss Dorothy H. Huse, '18.

The Reserves—Sergeant Reuben A. Dawson, '16.

The Bugle Call of 1918—President U. S. Conn.

The Next Drive—Miss Anna M. Baer, '16.

Home Fires—Dean H. H. Hahn.

Presentation of Service Flag—Miss Margaret C. Schemel, '14.

Response—Judge Jas. E. Brittain, '12.

The music numbers rendered were vocal solos by Miss Ferne Oman, '16, and Henrietta Moler, '17.

A beautiful ceremony was observed in the placing of the stars on the large alumni service flag. As the name of each boy in the service was read, either relative, sweetheart or friend pinned his star to the flag. After the last one had been placed, Mrs. Welch, mother of Herbert Welch, '14, read a poem appropriate to the occasion. The program was concluded with "Indemnities" discussed by Miss Edith Beechel.

A short business session followed the program and the following officers were elected for the ensuing year:

President—Miss Dorothy H. Huse, '18.

Vice-president—Miss Henrietta Moler, '17.

Secretary—Miss Clara E. Smothers, '17.

Treasurer—Mr. Rollie W. Ley, 1896.

Alumni Editor—Miss Edith Beechel '12.

United States Tires are Good Tires

War Has Multiplied the Value of Good Tires

Never were cars so necessary—both in business and domestic life. Never was their continuous and economical use so imperative. Never was freedom from tire trouble and tire expense so absolutely essential. The rapidly growing demand for United States Tires prove their war-time worth. Thousands of motorists each week are turning to United States Tires to

get dependability and economy. United States Tires last longest and carry you farthest at least cost. They enable you to make the most of your car—passenger or commercial—now, when it is more than ever a vital war-time necessity. There is a United States Tire for every possible need. Our nearest Sales and Service Depot will tell you which ones you should have.

Helene Schemel, '15, was instructor in modern languages in the Geneva high school the past year. She plans to finish the course in domestic science at the University of Nebraska next year.

Mary Mahood, '13, now Mrs. Charles Seace of Lusk, Wyoming, is the mother of a small daughter, Joy.

Mr. and Mrs. Burdette Shively, (Mr. Shively, '16,) are the parents of a small daughter. Mr. Shively was superintendent in Lynch the past year.

Alumni Notes—'14

Conrad Jacobson of the class of '14, will again be superintendent at Newcastle, Nebraska, the coming year. Mr. Jacobson is assisting in the science department in the Normal this summer.

William J. Van Camp, president of the class of '14, is in charge of an elevator at Sholes, Nebraska.

Alma Craven taught in Wakefield high school the past year. It is a matter of common knowledge that Miss Craven takes an active interest in Camp Wheeler where her fiancée, Waldo Hahn, is stationed.

Olga Mahood will teach at Pott, Nebraska, the coming fall. She was an instructor in the Ulysses high school the past year.

Marguerite Chace this year completed a course in illustrating in the Chicago Art Institute.

Ardath Conn, who finished the music course in Northwestern University at Evanston, Illinois, in '17, was instructor in music in the Madison schools the past year.

John Rockwell finished the Liberal Arts course in Leland Stanford University this year. Strange that the school of his choice should not have been Chicago University! Mr. Rockwell is at present in military service at Camp Lewis, Washington.

We do not like to continue suggesting interesting items so we shall be quite frank in stating that Miss Gertrude Gaebler, '14, who has been teaching in South Omaha, is engaged. Mr. McElroy, now in the service.

Jennie Sabin has been teaching in Idaho the past year.

Margaret Schemel graduated from Nebraska University this year and will instruct in the Lewiston (Idaho) State Normal '18-'19. Miss Schemel has charge of the French department of the Wayne Normal in the absence of Miss Kingsbury.

Pearl Hughes is Mrs. Kenneth Holtz of Seattle, Washington.

Irvin J. Montgomery, for several

years a successful school m'n, is now in the service stationed at Great Lakes Naval Training Station.

Let Chiropractic Find the Cause and Correct It

Modern Science has found that disease is caused by subluxation of the bones of the vertebral (spinal) column, which pinch the nerves and shut off the life force which they should carry to every part of the body. This pressure can be corrected by

CHIROPRACTIC ADJUSTMENTS

thus eliminating the cause and permitting the natural healing forces of the body to build up the diseased parts. Adjusting is never followed by adverse results; many chronic cases have received permanent and immediate benefit.

Chiropractic is a boom to humanity. It has benefited others; it will help you. You owe it to yourself to investigate now.

ANOTHER BIG WAR SAVINGS DRIVE

School House Meetings June 28—Nebraska Will Leave Thirty-Second Place.

President Wilson has named June 28th as the day on or before which every person, young or old, shall be given a final opportunity to show loyalty to the stars and stripes by joining a War Savings Society and pledging full co-operation in the government's efforts to inculcate into the lives of every American, man, woman and child, habits of thrift and economy.

America must awaken to the fact that the purchasing of non-essentials in time of war is little better than treason and possibly at this time a most serious injury to the country.

In order to educate the people to this need of conserving labor and material, War-Savings societies are to be organized in large numbers throughout the United States. Through these societies, which will be directly affiliated with the Treasury Department at Washington, the government may quickly reach every individual with the propaganda which it desires shall be given general circulation.

The chief purpose will be to bring everyone into realization of personal responsibility and of personal service for the nation's welfare. This relationship and co-operation is even more vital than the selling of War-Savings Stamps.

President Wilson in his proclamation, setting aside June 28th as National War-Savings Day, and urging the necessity of thoroughly organizing the people of this great nation into War-Savings Societies, said in closing:

"I earnestly appeal to every man, woman and child to pledge themselves, on or before the twenty-eighth of June, to save constantly and to buy as regularly as possible the securities of the government, and to do this as far as possible through membership in War-Savings Societies. The twenty-eighth of June ends this special period of enlistment in the great volunteer army of production and saving here at home. May there be none unenrolled on that day."

WARD M. BURGESS, Nebraska War-Savings Director.

TO keep pure white summer garments of linen, silk, lace or flannel as clear, sweet-smelling, soft and unworn as when new, they should not be put in with the regular wash nor should they be cleansed with ordinary soap. The only way is to wash them separately and carefully with Ivory Soap.

Ivory Soap will not shrink them, stain them, nor harm their texture no matter how often it is used. There is nothing in it that can damage them in the slightest degree. It contains no free alkali, no materials of any kind that can harm color or fiber or leave a disagreeable odor. It is nothing but pure soap, and that of the highest quality which can be made. Remember these general directions:

- 1st—Wash one piece at a time.
- 2nd—Use lukewarm water.
- 3rd—Cleanse by working garment up and down in suds; do not rub garment on a washboard nor rub soap on the garment.
- 4th—Use Ivory Soap.

STRAW FOR FEEDING CATTLE

Indiana Experiment Station Conducted Experiment to Test Value—Various Rations Given.

(Prepared by the United States Department of Agriculture.)
In an experiment conducted at the Indiana experiment station to test the feeding value of oat straw it was found that a ration of corn silage, corn, and cottonseed meal was just as valuable

Superior Beef Type.

for economy and extent of gains when used with oat straw as when fed with clover hay. As such a ration is extensively used in various parts of the United States its practical value can readily be seen. Straw and stover are especially valuable for the wintering of breeding herds of beef cattle, and should form a large part of their feed. Rations suitable for different classes of beef cattle are as follows:

Rations for Breeding Cows.

- Ration 1: Straw, 10 pounds. Silage, 20 pounds. Cottonseed or linseed meal, 1 pound.
- Ration 2: Straw, 20 pounds. Cottonseed or oat cake, 2 pounds.
- Ration 3: Straw, 10 pounds. Shock corn, 10 pounds. Cottonseed meal or linseed meal, 1 pound.
- Ration 4: Stover, 25 pounds. Cottonseed or linseed oil meal, 1 pound.

Rations for Feeding 1,000-Pound Fattening Steers.

- Ration 1: Straw, 5 pounds. Silage, 18 pounds. Corn, 12 pounds.
- Ration 2: Straw, 8 pounds. Legume hay, 6 pounds. Cottonseed cake or linseed cake, 5 pounds.
- Ration 3: Stover, 10 pounds. Silage, 15 pounds. Corn, 12 pounds.
- Ration 4: Straw, 6 pounds. Stover, 15 pounds. Corn, 6 pounds. Cottonseed meal, 3 pounds.

In these rations various other feeds may be substituted. In the rations given for wintering breeding cows definite quantities of straw and stover are given. In actual feeding such figures should be somewhat disregarded and the cattle given as much roughage as they will consume. Yearlings may be fed three-fourths the ration for breeding cows and may be expected to come through the winter in fair to good condition. For fattening animals straw should always be within reach so that the animal may eat at will. They will usually eat from three to five pounds daily.

ATTENTION TO COLT'S FEET

Examine Them Carefully Whether on Pasture or in Barn—Keep Toes Properly Trimmed.

Look frequently at the feet of the colts, whether on the pasture or in the barn, and remedy things before they get bad. Keep the toes trimmed down to the proper length and do not allow the heels to run over and get round. If the feet are kept rounded on the top and of the proper length, the tendency to split and crack will be reduced to a minimum. In the stable the feet should be frequently cleaned and trimmed and the frog kept in its proper shape.

SOUND ROUGHAGE FOR SHEEP

If Carefully Fed and Pastured Alfalfa Is Excellent for All Classes of Live Stock.

Alfalfa, if carefully fed and pastured, is one of the best roughages for sheep. The rapid increase in the production of alfalfa in the United States during recent years has resulted in a more careful study of its possibilities as a food for all classes of live stock. Formerly it was used primarily as a cattle feed, but now it is used as a feed for horses, swine and sheep.
