ESTABLISHED 1884.

WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, AUGUST 29, 1918

\$1.50 PER YEAR.

## FOURTEEN MEN ADDED TO THE ARMY FROM WAYNE COUNTY

Wednesday, August 28, was the day fixed for fourteen Wayne county men to depart for the training camp, and following the usual course, a meeting was held in honor of these young soldiers and their friends Wednesday morning. In spite of many conflicting events, and the absence of some who were to have had the planning of the meeting, the court room was well filled with relatives, friends and citizens. The young men entered the room and answered to roll call, after which the meeting was placed in charge of the Public Service club, with J. T. Bressler, presiding. Mrs. A. R. Davis, accompanied by Mrs. Horace Theobald, sang a selection; Rev. F. J. Jordan offered a prayer.

A. R. Davis was first called upon to speak, and he followed the request of the national authorities and gave the men a talk on the causes of the war and the principles of our government—comparing a free government of, for and by the people with the form of government which rules by force. With the ideas expressed by Mr. Davis clear in the minds of the soldiers, there is indeed small question but that they will fight a better and truer battle than they otherwise would.

Following this talk Mrs. Ingham, accompanied by Miss Ruth Ingham, sang a beautiful song, and followed by an excellent talk by Rev. Cross cheered the boys and comforted their parents and friends. He showed what a glorious place in world history is waiting the soldier of today from America, who goes forth to fight, and die if need be, in the cause of universal peace. He told of the inspiration which had come to him when he visited the great camp of 65,000 young men in Iowa, where he saw many of the Wayne boys who had but a few weeks before donned the uniform of their country, and how they were even in that short time converted into soldiers almost fit for battle. He told how the intense training they gave is fitting men in a few months to put up a better battle than the soldiers who have drilled for years in foreign armies, because in America the soldier puts his heart and determination to learn and win into his work. It was an inspiring talk, and gave the young men much to think of as they go from the life of a civilian to that of soldier.

Dr. C. T. Ingham of the local board here took charge of the meeting, and in behalf of the Red Cross gave each soldier a comfort kit, something which has been supplied by the ladies of the county to all of the conscripted men, and many of the volunteers, though they frequently go away to enlist, and are called out one at a time perhaps, so that no one knows when they are to leave. A surprise awaited the boys and their friends, for after giving the comfort kits the doctor announced that the firm of Allaway & Hassan of this place wished to give each of the men a token of the regard in which they hold the young man who goes forth to fight a good cause, and in their behalf each recruit was presented with a substantial wrist watch—something every soldier prizes as he learns the convenience of having the time constantly with him. With each watch was a neat little card on which was printed "Best Wishes of Allaway & Hassan, Wayne, Nebraska, for a Good Time." Dr. Ingham explained that the members of this firm are not yet citizens of our great republic, but are natives of Syria, that much persecuted country, who had come to America for freedom from an oppression by the people of a neighboring government, and for liberties and opportunities they could not hope for in their native land. Mr. Hassan, who was present was warmly thanked and heartily applauded.

The senior member of the firm, who lives at Sioux City, when about twenty-five Syrians of that place were called in a recent draft entertained all of his fellow countrymen at his home, presented each with a watch, a blanket and a razor, according to the report of the Sioux City papers. The men who left for Funston were: Willie Frederick Koepke, John George Frederick Pfeiffer, George Jones, Albert Henry Maas, Delbert Davison, August Fred Otto Koll, Ernest Henry Krieger, John Clark Bannister, William John Kleensang, Joseph Moses Bowman, Herman Henry Danne, George F. Hofeldt and John Ulrich. Geo. Albert Smith went to Camp Dodge.

Geo. Hofeldt was named as leader and Bannister and Jones, assistants.

## FAILED TO CANDLE EGGS

In lieu of having its license cancelled, the Hastings Egg and Poultry company of Hastings, has donated \$200 to the Red Cross. This comes about on the recommendation of E. M. Fairfield, director of enforcement of the food administration.

August 1 the Hastings Egg and Poultry company loaded 380 cases of eggs into a car consigned to Omaha. Inspection at destination showed 180 cases were in bad condition. Good eggs were substituted for the bad ones and a fine of \$200 imposed. This fine has been paid and the money turned over to the Red Cross.

The food administration holds that there is no excuse for any merchant or commission man sending bad eggs to market at this time. The government regulation requires that where eggs are bought by merchants, or commission houses, they shall be candled, and only such eggs as are pronounced good shall be paid for.—Omaha Bee.

## HELPING HAND SOCIETY HOLD RED CROSS SALE

One of the helpful societies in this vicinity is the one named above, and so properly named, according to the results they have accomplished. They are now planning a Red Cross auction sale for Saturday, September 7, in the street south of the First National bank building. We have no list of what they may have made and prepared for the sale; but believe it will be worth your while to take advantage of the sale.

Another thing is this—donations for the sale will be taken care of and sold to the best advantage of the great organization in whose name the sale is conducted. Also a miscellaneous sale will be on at the Roundell grocery, so that no one need lack opportunity to purchase.

## NEW LINES OF WORK AT NORMAL FOR UNCLE SAM

Two entirely new features will be inaugurated at the opening of the State Normal school. The first will be a division of the students' army training corps; the second will be a new department for the training of rural teachers.

In the first instruction will be offered to any young man over 18 years of age, in Radio buzzer work or along technical lines for officers. This work will be given under the direction of the government and the greater part of the expense for it will be met by the federal government. Special advantages are given to those who enroll, as the student will be given an opportunity to select his work in the army provided he attains the proper degree of efficiency.

In the rural teaching department, a model rural school will be organized which will be in charge of an expert rural teacher. Rural pupils will be admitted entirely free to this department. Arrangements are being made to build a stable for the teams of children who drive from the country. A limited number can be accommodated. Any parents who wish to have their children attend should notify the Normal school office soon.

## WORD FROM BOYS IN FRANCE

Mrs. Mamie Kopp James has received several letters from her husband, Lee James, who has been over for three months or more, and from them we glean the following notes: "Was pleased to receive your letters from home as all of the boys are glad to get home news, and while we know many letters are written, the delay in getting them sometimes makes us think we are neglected. He says not to worry about the boys over here, for that does no good, and that they are well cared for, with the very best that can be provided under conditions that exist. The Fourth of July where we were was much the same as any day, but he knew it was celebrated at home.

They have been moving about from one place to another much, but are not allowed to tell any particulars in their letters, so there is not much that they can write after they have told it once. They are in a pretty country, and the people are friendly. Writing material is hard to get here when they are away from the Y. M. C. A. huts.

His last letter was written from somewhere in France where they had no Y. M. C. A. and while expecting one within a mile of them it did not help them. Plenty of food and a good place to sleep. The boys well and in good spirits. Carl Madsen and Red Perrin are both in same company with James. Julius Snodre is in Co. F, 356th, and Emil Tietgen is in the machine gun Co. 351st infantry, and I do not know where the other Wayne boys are. Cadwallader was with us but was left in quarantine at New York with measles.

Many of the boys are anxious to get into the fight, but I don't think they need us there for quite a while. You asked if I had gotten to be a corporal yet, and thank goodness I have not—for first-class private suits me better. I am trying to qualify as an automobile rifleman, and could unless barred by my size, for they are pretty heavy for a little fellow to carry. I am in the rifle squad and am now next to the rifleman, and if he gets promoted, it will be my turn next.

I will send my picture with next letter if pay checks come so I can get one taken. A member of congress was here a few days ago, and he took a lot of names, and said he would write a report of the trip and send to all home folks of boys he met, and you may get one. Harmon L. James.

## PERSHING DAY

The sixth of each month is becoming known throughout the United States as "Pershing day"—the day on which we stand squarely behind our hero by redeeming the pledge we made to purchase war-savings stamps regularly. Not later than this date each month all who signed pledges are asked to report at their post-office, bank or other agency and take up their pledges to date. They are also asked to increase their pledge if possible, and those who have not signed a war-savings pledge are urged to do so. We want to match up with our boys over there. General Pershing is proud of his fighting men. They have made good. They have kept their pledge. We want to merit his commendation also—we must keep our pledge.

## COUNTY W. C. T. U. MEETS AT CARROLL

Last Thursday afternoon there was a county convention of the different W. C. T. U. organizations at Carroll and a good attendance and a very excellent program was presented. The meeting was called to order by Mrs. A. A. Wollert of Wayne the president; Mrs. Wm. Beckenhauer of Wayne read the scripture lesson and Mrs. G. W. Crossland of Wayne and Mrs. G. W. Yaryan of Carroll offered prayers.

The report of the Carroll branch of their work for the past year gave them credit with having accomplished all regular state, county and local work, and sent fruit to the hospital at Kearney, given scriptural manuals to the soldier boys at Camp Cody and aided in fitting out a field kitchen in France, while they are now purchasing an electric fan for Camp Funston hospital.

The Wayne chapter report was given by Mrs. J. H. Boyce, and included regular work of the state, county and city branches besides sending a large amount of clothing to the Children's Home at Council Bluffs, a cash donation to war work, and the organization worked as a body on surgical dressings.

The representative of the Winside branch was unable to be present and give their report.

Mrs. Alice Hurlbert of Carroll was elected president for the coming year, and Mrs. S. A. Lutgen of Wayne as county secretary.

It was voted to hold two county meetings during the coming year and one institute. Following the business meeting a program was enjoyed. A group song, "Oh, Heart of Mine, We Shouldn't Worry So," Riley.

"When Song is Sweet," by Mrs. Lutgen, accompanied by Mrs. House. Address, "Carry On," by Mrs. McKenzie.

Solo, "The Mountains Around Jerusalem," by Mrs. Linn, accompanied by her daughter, Clara.

A paper, "What Women are Doing," by Mrs. J. Brittain.

Mrs. McKenzie gave as her central thought the need to carry on the work of the W. C. T. U. with emphasis on the Christian idea of making the world safe for democracy, and demanded church characteristics in the people of the world.

Mrs. Brittain showed through numerous examples that women work from conviction rather than for fame, honor or pay.

A vote of thanks was given to Mrs. Wollert, the retiring president; for the successful work of the year under her administration, and a vote of thanks was also extended to the Democrat for the space which had been donated to the W. C. T. U.

Twenty ladies went from Wayne and they were most royally entertained by the Carroll ladies, who met them at the train and escorted them to the basement of the M. E. church where a delicious luncheon was served. Following the afternoon session all present were taken to the church basement where an elaborate course dinner was served. Four long tables were formed in a hollow square, in the center of which was placed a huge bouquet of asparagus and goldenrod, and each table carried a large bouquet of yellow nasturtiums and ferns with the white ribbon bearing the W. C. T. U. monogram in gold lettering.

The hospitality and kindness of the ladies of Carroll will be long remembered and greatly appreciated.

## REV. F. J. JORDEN, LOCAL BAPTIST PASTOR, RESIGNS

The members and audience at the First Baptist church were surprised at the morning service last Sunday when the pastor read his resignation to take effect within three months.

Rev. Jorden has been pastor of the church since June, 1917, this being his first pastorate since completing his school work, and he has been a very acceptable man to the church and the public, and so far as can be learned the resignation was not prompted by dissatisfaction on the part of church or pastor. Possibly Rev. Jorden has plans not yet ready to take the people into his confidence. At any rate, all wish him and his worthy wife well, wherever their lot may be cast.

## PATRONS, TAKE NOTICE

My office will be closed next week, as myself and wife will be away for a vacation, planning to spend a week at Lake Okoboji for a needed rest.—A. D. Lewis, the Chiropractor.—Adv.

## THE JUNIOR FAIR TODAY

The city hall is a busy place this morning for exhibits for the Junior fair are coming in fast, and in greater quantity and variety than was expected. The writer found time to just look in this morning and saw pigs, chickens and pets, with others coming. But it was in the vegetable and canned vegetable and fruit department that the greatest showing is being made. Corn, tomatoes, cabbage, beets, sugar beets, potatoes, carrots, parsnips, and a variety of other garden products were being placed on display.

A large number of jars of canned fruits and vegetables and cakes and war breads on other tables show interest that the little folks have taken in their work during the past summer.

The doors are to be open the entire day and this evening and as many as possible should visit the exhibit this afternoon and evening, for it will surprise and gratify you to know what is being done here in Wayne in the garden work by the little folks. The admission is free.

## THE OLD SETTLERS' PICNIC GREAT SUCCESS

The gathering of old settlers and citizens at Winside Wednesday was one of great interest to all pioneers and many others. A splendid gathering of people were there, and they were royally entertained. Judge Allen, one of the pioneers of this part of Nebraska made a good address, the many picnic dinner parties enjoyed the dinner hour, and the afternoon sports were plenty. Baseball, races, games and sports all measured up to expectations.

The Walter Savidge band made music, and his players entertained both afternoon and evening. Many Wayne people attended.

Mr. and Mrs. Lon Hunter were awarded easy rockers for being the first couple married in the county, present that day.

## RESOLUTION OF REGRET

We, members of the Wayne horse-shoe club unanimously express our sorrow and regret over the departure of Will Redmond from our society, for he was the only fellow we could beat at the game without cheating and he didn't get mad when he got skunked. Ed Sellers, C. Madsen, O. C. Lewis and Joe Atkins and others, committee.

According to dispatches in the daily papers the present flour ban is to be partially raised. Only 20 percent substitutes soon now.

## W. D. REDMOND, NORMAL REGISTRAR, HAS RESIGNED

Since the State Normal school opened at Wayne eight years ago, W. D. Redmond has been the registrar, a position which placed him in close touch with all of the ever-changing student body, with the entire faculty, the state officials who had business with the school, and also with many citizens of Wayne in official and social relations. That he ably and acceptably fulfilled the manifold duties of his position with fairness and efficiency is evidenced by the fact that he made no enemies among all the people with whom he came in contact, and to say that his resignation is as universally regretted as he is universally known to the school, its patrons and citizens of Wayne, is but a plain statement of fact.

During his residence at Wayne he has been in all worthy enterprises, and he will be greatly missed in school, church, lodge and social circles. In every walk of life he filled a man's place and did it in a manly way. No work to great for him to undertake; no part of it too small to receive his careful attention. No citizen too proud to recognize him, none too humble to receive from him recognition. All will miss him.

His future plans are not definitely known, and we violate no confidence when we state that it is an open secret that he aspires to do Y. M. C. A. work among the soldier boys across the seas, and has an application pending for such work—a work for which he is most admirably fitted. But be his future what it may, he has hundreds of friends in Wayne who will wish him the great success of which we all believe him worthy, and if perchance he should again make his home at Wayne a most cordial welcome will await him.

## TEACHERS INSTITUTE IN SESSION THIS WEEK

This week the teachers of Wayne county are holding institute at the high school building with the enrollment close around the 100 mark. Splendid work is being reported, and the teachers are especially interested in the Junior Red Cross work, which is largely to be handled thru the schools of the county, as the most effective organization available for this much needed work of aid to win the war.

This afternoon the teachers are to attend a reception given in their honor by the superintendent, Miss Sewell, and those who have been working side by side during the week will have opportunity to become acquainted. The institute week does much to unify the school work of a county—provide team work, with the best methods uniformly employed in all of the county schools.

## OFFICIAL ELECTION RETURNS

The task of canvassing the vote of the county and compiling the same, after waiting for the ballots which came by mail was so great that the tables were not completed in time for putting in type for this issue of the Democrat. But the tables at hand show that the official count in this county made no changes in the result. A number of names were written in for offices where no one had filed, and the vote of this character for democrat, for representative were Johnson 21, Mears 7, Frank Klopping 7 and a number of others on each. For sheriff Lewis had 60, Ellis 19, Soules 7 and a number of others with from 1 to 7.

For republican commissioner in the first district Corbit had 37 and James McIntosh 31.

As stated elsewhere, H. E. Siman is reported to have been the republican nominee for senator.

## OVERCOME BY FOUL AIR

A near tragedy occurred here Monday morning when Chas. Anderson was overcome by "damps" while working in a well at the home of Mr. and Mrs. Sewell. They were following a bored well, enlarging it that there might be more reservoir for the water, and were down about forty feet when the man below called for help and became unconscious. Louis Jones, his half brother, at once went down and fastened the rope about him, and remained until the rope was returned to him. It was several hours before the victim was revived.

It is said that Mr. and Mrs. Chas. Bright have left California on their way to Wayne, traveling by automobile, and that they may foil in most any time.

**BOYS' AND GIRLS' FAIR**

In order to stimulate interest in Junior club work, which is being undertaken by the U. S. government, an exhibit will be held in Wayne, Thursday, August 29, on the ground floor of the city hall. This is open to all Juniors of Wayne county, but prizes will be given only to those enrolled in the clubs. All boys and girls under 18 are urged to exhibit.

All things for exhibit should be in by 10 o'clock a. m., Thursday and removed from the building by 9 p. m. Labels will be furnished at the hall for canned products. The recipe should be brought.

All work in baking must be done by the Juniors and that in canning with only a little help of an elder. The stock must have been fed and cared for by the Junior.

First prizes will be three thrift stamps and second prizes two stamps.

Outfit complete from course II.

**Poultry Division**

S. X. Cross, Superintendent; J. E. Hufford, Judge.

**Rules**

- Each exhibitor must furnish his own coops.
- Coops should be clean, and large enough so that the birds can stand erect, and have ample room so they can be seen, the coop to have a slatted front with one slat removable.
- Exhibitors must have their stock in place by 9 o'clock Thursday morning, August 29.
- Each exhibitor is to furnish feed for his chicks.
- Every bird should wear a leg band numbered for the purpose of identification.
- No two different varieties to be shown in same coop.
- Premiums will be awarded to birds of merit only, the American Standard of Perfection will be the guide in making the awards.
- A cockerel is a male bird hatched in 1918. A pullet is a female bird hatched in 1918. A pair of chickens is one male and one female. A pen of chicks is one male and four females.

**Premiums**

First Pair ..... 4  
Second Pair ..... 2  
First Pen ..... 4  
Second Pen ..... 2

Note—Geese and ducks and pet stock such as guineas, rabbits and pigeons, may be exhibited, and will be awarded ribbons as premiums. Blue ribbon for first and red ribbon for second prize. Geese, ducks, guineas, rabbits and pigeons, should be shown in pairs only.

Prizes for the stock have been contributed by the Pure Breeders' association of Wayne county. This association has taken an active and interested part in the extension work for Juniors. This organization as well as many different individuals has seen that by encouraging the boys and girls to raise good stock, grow gardens or can produce, we are helping to build a better community for the future. People everywhere are fast coming to the realization that boys and girls should not be turned loose for the summer. If they are to be most efficient citizens

when grown, they must have supervised work and supervised play during vacation times.

**"YANKS"**

As is generally known the original Yankee inhabited New England. His ancestry was purely English. But he liked his tea free and got it, after first getting an absolute divorce in which he even refused to take back his maiden name but picked up a nickname given him by the soldiers of the crowd. At Bunker Hill he took up "Yankee Doodle" and kept it up to Yorktown. And he has Yankee-doodled down the line ever since. A peculiar type was this original Yankee. Not quarrelsome but just a fighting, praying, whistling, horse-swapping, joke-cracker, he spared neither the rod nor the tongue, talked through his nose and absorbed northeasterners. The Hollanders of New York, who frequently got their heads cracked by him, sneered at his pep and ingenuity or thought they did when they, too, dubbed him "Yankee." Then a bunch infected with the Calhoun germ swarmed off the reservation under the leadership of one Davis, who wasn't quite hung to a sour apple tree but might as well have been, for these supporters of aristocracy met a lively gang in blue and in spite of an ancestry from all nationalities dubbed them "Yanks." These Yanks were whistling "Yankee-doodle" also and they kept it up from the rather disastrous Bull Run to the victorious Appomatax. And now comes another great aggregation of men in whose veins run the blood of all nations who are swarming across the water to maintain the reputation of the nation's first inhabitants as the original crown busters. The old New England spirit is in their bodies if not the New England blood and at once the world proclaims "Here comes the Yanks!" and the square-heads are showing their early day proclivities to skeedaddle from this whistling, laughing, boisterous army from the land of freedom. And as sure as the rain falls upon the just and the unjust with Yankee bands march up and down and through Berlin town playing Yankee-doodle-doo and let the native keep the change. So while "American" is a name to conjure by yet all on the western continent are Americans and to properly distinguish we of Uncle Sam's domain the name of "Yankeeland" has been coined and will go down through time with "Yankee-doodle keep it up, Yankee-doodle dandy."

**WITH THE WAYNE CHURCHES**

**SOCIAL NOTES**

**Bible Circle Meeting**

The Bible Study circle enjoyed a very interesting meeting at the pleasant new home of Mrs. Chas. McClelland Tuesday afternoon. The large company present took part in the fine lesson on, "Speaking for Christ," which was ably led by Mrs. Carl Clasen. Miss Charlotte White and Mrs. Wm. Goldsmith and Mrs. Dora Benschhof were back to the class after several weeks' vacation out of town. After the lesson were the heart to heart talks when Mrs. Sears gave a touching account of a letter just received from Irwin written just before his death, (which is published elsewhere.) Mrs. Sears testified that God had given her great grace and strength in her trial so that she could say she was glad he was safe with his Master.

After the meeting closed some lovely pieces of china were presented to Mrs. Harry Ferrel, who is leaving about September 1 for Sioux City and Mrs. T. F. Bracken, who is moving today to Emerson. These worthy women were much beloved and they and their families will be greatly missed from Wayne and we expect to hear splendid things of their christian work in their new fields.

The next meeting will be with Mrs. E. B. Young on Wednesday and it is expected that Mr. Herbert Toms, of San Marcos, Central America, will be present to address the circle on conditions there. All are invited as usual.

Wednesday evening the Queen Esther held a business and social meeting at the E. O. Gardner home. The business consisted of installing a new leader, Mrs. A. C. Dean having assumed that responsible place of honor, succeeding Mrs. Wm. Rennick, who resigned recently. A social hour was then spent in games, music and conversation. Ice cream and wafers were served by the organization, closing a happy meeting.

A number of little friends of Rachel Braken gave her a surprise party at the home of Mrs. E. B. Young Wednesday afternoon from 3 until 6. The little folks had a splendid afternoon playing games and partaking of the delicious luncheon which had been prepared for them. Little Miss Rachel departs this afternoon with her parents for their new home in Emerson.

Mrs. John Dennis gave a joint birthday party Friday afternoon in honor of her sons: Evan, aged 7 and Everett, aged 4. About a dozen little folks were present. Games occupied the afternoon hours. At 5 o'clock Mrs. Dennis served ice cream and cake. Evan and Everett received several nice presents.

About two dozen of Mrs. Charles Reese's friends surprised her Tuesday afternoon, bringing with them well filled baskets. The occasion being the lady's birthday. The afternoon was spent in knitting. A two-course luncheon was served. Mrs. Reese received several very beautiful presents.

The Guild of St. Mary's church will meet with Mrs. Richardson this afternoon. The ladies will bring their knitting and the afternoon will be spent socially. At the close of the afternoon delicious refreshments will be served by the hostess.

The Rural Home society will meet this afternoon at the home of Mrs. C. W. Weeces in the west part of town. The afternoon will be spent in making hospital garments.

**FINE AUTOMOBILE EXHIBIT AT STATE FAIR**

Automobile devotees have a treat in store for them in the auto exhibit that has been booked to show at the state fair, September 1 to 6. Automobile hall has been filled with as fine an exhibit as has ever been shown and prospective purchasers have an unequalled opportunity before them of viewing all makes of cars, making a study of each and a more intelligent choice of a car. Auto enthusiasts will also be greatly interested in the auto racing that will be held the second day of the fair. With the list of noted drivers that will appear some new records will, in all probability, be hung up.

**LET US KEEP THE CLOWNS AND GILDED WAGONS**

In these strenuous days if the owner of the Yankee Robinson 3-ring wild animal circus coming to Wayne Saturday, August 31, was in the habit of quoting Shakespeare, he would say:

"Is there no play To ease the anguish of a torturing hour?"

"The humble purveyor of amusement and the 'mighty aggregation of tented wonders' are a boon to troubled minds in these hours when anything that keeps up our spirits serves a useful purpose.

"The world must not forget how to laugh. That is why such strenuous, unceasing efforts are made to give soldiers theatrical entertainment within sound of the big guns and close to the front line trenches. That is why President Wilson set an example to his fellow citizens by attending the circus which recently visited Washington, for a time forgetting the cares and responsibilities which rested upon him. He was better able to cope with his problems when he returned to the White House after a few hours of innocent amusement."

Do not deal harshly with the show-folk in these times of stress and anguish. They are as patriotic as the rest of us—they did a great deal to make the Liberty Loan campaigns and the Red Cross drives successful—and their ranks have been depleted to help fight the nation's battles. It is comforting to know that we are still to have the gilded wagons, hair-raising performances beneath the "big top" and all the glory and glitter of the circus as in pre-war days, while the stage is helping in no uncertain way to relieve the tension under which we are all living just now.

Israel Zangwill writes: "Amusements were never so needed as now; relaxation is paramount, nervous systems cannot long remain strung to the high pitch of tragedy, and America learns the lesson from England and France.

"There seems a contradiction between the tense life-and-death struggle of our country and these mimickings and masquerading, a sort of Nero-fiddling while Rome is burning. But the truth is that never was entertainment so necessary as now.

"As our nervous system is freshened, it cannot remain strung up to one monotonous pitch of tragedy without danger of snapping. Lord Byron, when his mother died, betook himself to boxing. The paradox of our psychology is that we would not continue to feel the tragic mood. We shall become more vividly conscious of the high duty of the day if we do not perpetually brood over it."

**THE GERMAN BEATITUDES**

It is not known whether the following creed was composed by a German or by a foreign student of Germanism. It has the ring of genuineness; it is not far-fetched or overdrawn. The military masters of Germany have acted upon this creed, and the German army, their disciples, has lived up to it.

"Ye have heard how in olden times it was said, 'Blessed are the meek; for they shall inherit the earth;' but I say unto you, 'Blessed are the valiant, for they shall make the earth their throne.' And ye have heard men say, 'Blessed are the poor in spirit;' but I say unto you, 'Blessed are the great in soul and the free in spirit, for they shall enter into Valhalla.' And ye have heard men say, 'Blessed are the peacemakers;' but I say unto you, 'Blessed are the war makers, for they shall be called, if not the children of Jehovah, the children of Odin, who is greater than Jehovah."

**THE STUDENTS' ARMY TRAINING CORPS**

In order to prevent premature enlistment in the army of young men who could, by attending college, increase their usefulness, the government is urging students under the draft age to continue in school. To help develop such men, a new corps has been created in the army, called the Students' Army Training Corps. Those who enlist in this corps will receive, in addition to their school work, military training as a part of their course during the college year. In addition, they will obtain the benefits of a six weeks' camp course, where intensive military training will be given. Members of the corps will be provided with uniform and other equipment. They will be members of the army, but will be on furlough status and will not receive pay, except while in camp. However, they will be subject to the call of the president for active service, or may be sent to an officers' training camp. Combined college and military courses will be offered by the University of Nebraska this year, and further information may be obtained from Prof. George R. Chatburn, University of Nebraska, Lincoln, Nebraska.

**LOANS TO FARMERS**

President Wilson has played at the disposal of the treasury and agricultural departments \$5,000,000 to enable them to furnish aid to wheat growers in certain sections of the west who have lost two successive crops by winter killing and drought. The federal land banks will act as financial agents of the government to make and collect the loans.

This fund is not intended to be lent to farmers who have banking collateral; the action of the war finance corporation in urging the banks to finance such farmers and its promise to support them in such financing, it is believed, will amply provide for them.

Loans from this fund will be made to individuals who have no banking collateral, and only where it is necessary to enable a farmer to continue to grow food products. The money

will be advanced upon the crop of wheat or substitute grains planted on the land, and no loan will be in excess of \$3 per acre and no applicant financed beyond 100 acres.

The use of the fund will be under the joint control of the treasury and department of agriculture; as the machinery for the work is already in existence, no substantial delay, is expected.

The cooperation of local banks and local associations and individuals is looked for.

- Don't flirt
- Don't talk slang.
- Don't put on airs.
- Don't learn to be cranky.
- Don't try to arrest attention.
- Don't think it is pretty to be pert.
- Don't make a drudge of your mother.
- Don't say "no" when you mean "yes."
- Don't devote too much time to novel-reading.
- Don't make a fright of yourself to be in fashion.
- Don't pick up chance acquaintances on the street.
- Don't run down your friends in their absence; it is mean trait.
- Don't make up your mind to be sweet to everybody's brother but your own.
- Don't marry a man who has no evident way of supporting you. Love on starvation principles played out long ago.
- Don't lose your heart on a thing now known as a "dude." Plenty of men want wives; wait and you'll get one.
- Don't boast of your ignorance of household affairs. In the present state of society there is no surer stamp of weakness; and if it is true, it announces to every one that you are unfitted for life.

## FOURTEEN MEN ADDED TO THE ARMY FROM WAYNE COUNTY

Wednesday, August 28, was the day fixed for fourteen Wayne county men to depart for the training camp, and following the usual course, a meeting was held in honor of these young soldiers and their friends Wednesday morning. In spite of many conflicting events, and the absence of some who were to have had the planning of the meeting, the court room was well filled with relatives, friends and citizens. The young men entered the room and answered to roll call, after which the meeting was placed in charge of the Public Service club, with J. T. Bressler, presiding. Mrs. A. R. Davis, accompanied by Mrs. Horace Theobald, sang a selection; Rev. F. J. Jordan offered a prayer.

A. R. Davis was first called upon to speak, and he followed the request of the national authorities and gave the men a talk on the causes of the war and the principles of our government—comparing a free government of, for and by the people with the form of government which rules by force. With the ideas expressed by Mr. Davis clear in the minds of the soldiers, there is indeed small question but that they will fight a better and truer battle than they otherwise would.

Following this talk Mrs. Ingham, accompanied by Miss Ruth Ingham, sang a beautiful song, and followed by an excellent talk by Rev. Cross cheered the boys and comforted their parents and friends. He showed what a glorious place in world history is waiting the soldier of today from America, who goes forth to fight, and die if need be, in the cause of universal peace. He told of the inspiration which had come to him when he visited the great camp of 65,000 young men in Iowa, where he saw many of the Wayne boys who had but a few weeks before donned the uniform of their country, and how they were even in that short time converted into soldiers almost fit for battle. He told how the intense training they gave is fitting men in a few months to put up a better battle than the soldiers who have drilled for years in foreign armies, because in America the soldier puts his heart and determination to learn and win into his work. It was an inspiring talk, and gave the young men much to think of as they go from the life of a civilian to that of soldier.

Dr. C. T. Ingham of the local board here took charge of the meeting, and in behalf of the Red Cross gave each soldier a comfort kit, something which has been supplied by the ladies of the county to all of the conscripted men, and many of the volunteers, though they frequently go away to enlist, and are called out one at a time perhaps, so that no one knows when they are to leave. A surprise awaited the boys and their friends, for after giving the comfort kits the doctor announced that the firm of Allaway & Hassan of this place wished to give each of the men a token of the regard in which they hold the young man who goes forth to fight a good cause, and in their behalf each recruit was presented with a substantial wrist watch—something every soldier prizes as he learns the convenience of having the time constantly with him. With each watch was a neat little card on which was printed "Best Wishes of Allaway & Hassan, Wayne, Nebraska, for a Good Time." Dr. Ingham explained that the members of this firm are not yet citizens of our great republic, but are natives of Syria, that much persecuted country, who had come to America for freedom from an oppression by the people of a neighboring government, and for liberties and opportunities they could not hope for in their native land. Mr. Hassan, who was present was warmly thanked and heartily applauded.

The senior member of the firm, who lives at Sioux City, when about twenty-five Syrians of that place were called in a recent draft entertained all of his fellow countrymen at his home, presented each with a watch, a blanket and a razor, according to the report of the Sioux City papers.

The men who left for Funston were: Willie Frederick Koepke, John George Frederick Pfeiffer, George Jones, Albert Henry Maas, Delbert Davison, August Erich Otto Koll, Ernest Henry Krieger, John Clark Bannister, William John Kleensang, Joseph Moses Bowman, Herman Henry Danne, George F. Hofeldt and John Ulrich. Geo. Albert Smith went to Camp Dodge.

Geo. Hofeldt was named as leader and Bannister and Jones, assistants.

**FAILED TO CANDLE EGGS.**

In lieu of having its license cancelled, the Hastings Egg and Poultry company of Hastings, has donated \$200 to the Red Cross. This comes about on the recommendation of E. M. Fairfield, director of enforcement of the food administration.

August 1 the Hastings Egg and Poultry company loaded 380 cases of eggs into a car consigned to Omaha. Inspection at destination showed 180 cases were in bad condition. Good eggs were substituted for the bad ones and a fine of \$200 imposed. This fine has been paid and the money turned over to the Red Cross.

The food administration holds that there is no excuse for any merchant or commission man sending bad eggs to market at this time. The government regulation requires that where eggs are bought by merchants, or commission houses, they shall be candled, and only such eggs as are pronounced good shall be paid for.—Omaha Bee.

## HELPING HAND SOCIETY HOLD RED CROSS SALE

One of the helpful societies in this vicinity is the one named above, and results they have accomplished. They are now planning a Red Cross auction sale for Saturday, September 7, in the street south of the First National bank building. We have no list of what they may have made and prepared for the sale; but believe it will be worth your while to take advantage of the sale.

Another thing is this—donations for the sale will be taken care of and sold to the best advantage of the great organization in whose name the sale is conducted. Also a miscellaneous sale will be on at the Red dell grocery, so that no one need lack opportunity to purchase.

## NEW LINES OF WORK AT NORMAL FOR UNCLE SAM

Two entirely new features will be inaugurated at the opening of the State Normal school. The first will be a division of the students' army training corps; the second will be a new department for the training of rural teachers.

In the first instruction will be offered to any young man over 18 years of age, in Radio buzzer work or along technical lines for officers. This work will be given under the direction of the government and the greater part of the expense for it will be met by the federal government. Special advantages are given to those who enroll, as the student will be given an opportunity to select his work in the army provided he attains the proper degree of efficiency.

In the rural teaching department, a model rural school will be organized which will be in charge of an expert rural teacher. Rural pupils will be admitted entirely free to this department. Arrangements are being made to build a stable for the teams of children who drive from the country. A limited number can be accommodated. Any parents who wish to have their children attend should notify the Normal school office soon.

**WORD FROM BOYS IN FRANCE**  
Mrs. Mamie Kopp James has received several letters from her husband, Lee James, who has been over for three months or more, and from them we glean the following notes: Was pleased to receive your letters from home as all of the boys are glad to get home news, and while we know many letters are written, the delay in getting them sometimes makes us think we are neglected. He says not to worry about the boys over here, for that does no good, and that they are well cared for, with the very best that can be provided under conditions that exist. The Fourth of July where we were was much the same as any day, but he knew it was celebrated at home.

They have been moving about from one place to another much, but are not allowed to tell any particulars in their letters, so there is not much that they can write after they have told it once. They are in a pretty country, and the people are friendly. Writing material is hard to get here when they are away from the Y. M. C. A. huts.

His last letter was written from somewhere in France where they had no Y. M. C. A. and while expecting one within a mile of them it did not help them. Plenty of food and a good place to sleep. The boys well and in good spirits. Carl Madsen and Red Peirin are both in same company with James. Julius Smode is in Co. F, 355th, and Emil Tietgen is in the machine gun Co. 351st infantry, and I do not know where the other Wayne boys are. Cadwallader was with us but was left in quarantine at New York with measles.

Many of the boys are anxious to get into the fight, but I don't think they need us there for quite a while. You asked if I had gotten to be a corporal yet, and thank goodness I have not—for first-class private suits me better. I am trying to qualify as an automobile rifleman, and could unless barred by my size, for they are pretty heavy for a little fellow to carry. I am in the rifle squad and am now next to the rifleman, and if he gets promoted, it will be my turn next.

I will send my picture with next letter if pay checks come so I can get one taken. A member of congress was here a few days ago, and he took a lot of names, and said he would write a report of the trip, and send to all home folks of boys he met, and you may get one. Harmon L. James.

**PERSHING DAY**  
The sixth of each month is becoming known throughout the United States as "Pershing day"—the day on which we stand squarely behind our hero by redeeming the pledge we made to purchase war-savings stamps regularly. Not later than this date each month all who signed pledges are asked to report at their post-office, bank or other agency and take up their pledges to date. They are also asked to increase their pledge if possible, and those who have not signed a war-savings pledge are urged to do so. We want to match up with our boys over there. General Pershing is proud of his fighting men. They have made good. They have kept their pledge. We want to merit his commendation also—we must keep our pledge.

## COUNTY W. C. T. U. MEETS AT CARROLL

Last Thursday afternoon there was a county convention of the different W. C. T. U. organizations at Carroll and a good attendance and a very excellent program was presented. The meeting was called to order by Mrs. A. A. Wollert of Wayne, the president; Mrs. Wm. Beckenhauer of Wayne read the scripture lesson and Mrs. G. W. Clossland of Wayne and Mrs. G. W. Yaryan of Carroll offered prayers.

The report of the Carroll branch of their work for the past year gave them credit with having accomplished all regular state, county and local work, and sent fruit to the hospital at Kearney; given scriptural manuals to the soldier boys at Camp Cody and aided in fitting out a field kitchen in France, while they are now purchasing an electric fan for Camp Funston hospital.

The Wayne chapter report was given by Mrs. J. H. Boyce, and included regular work of the state, county and city branches besides sending a large amount of clothing to the Children's Home at Council Bluffs, a cash donation to war work, and the organization worked as a body on surgical dressings.

The representative of the Winside branch was unable to be present and give their report. Mrs. Alice Hurlbert of Carroll was elected president for the coming year, and Mrs. S. A. Lutgen of Wayne as county secretary.

It was voted to hold two county meetings during the coming year and one institute. Following the business meeting a program was enjoyed. A group song, "Oh, Heart of Mine, We Shouldn't Worry So," Riley. "When Song is Sweet," by Mrs. Lutgen, accompanied by Mrs. House. Address, "Carry On," by Mrs. McKenzie.

Solo, "The Mountains Around Jerusalem," by Mrs. Linn, accompanied by her daughter, Clara. A paper, "What Women are Doing," by Mrs. J. Brittain.

Mrs. McKenzie gave as her central thought the need to carry on the work of the W. C. T. U. with emphasis on the Christian idea of making the world safe for democracy, and demanded church characteristics in the people of the world.

Mrs. Brittain showed through numerous examples that women work from conviction rather than for fame, honor or pay. A vote of thanks was given to Mrs. Wollert, the retiring president, for the successful work of the year under her administration, and a vote of thanks was also extended to the Democrat for the space which had been donated to the W. C. T. U.

Twenty ladies went from Wayne and they were most royally entertained by the Carroll ladies, who met them at the train and escorted them to the basement of the M. E. church where a delicious luncheon was served. Following the afternoon session all present were taken to the church basement where an elaborate course dinner was served. Four long tables were formed in a hollow square, in the center of which was placed a huge bouquet of asparagus and goldenrod, and each table carried a large bouquet of yellow nasturtiums and ferns with the white ribbon bearing the W. C. T. U. monogram in gold lettering.

The hospitality and kindness of the ladies of Carroll will be long remembered and greatly appreciated.

**REV. F. J. JORDEN, LOCAL BAPTIST PASTOR, RESIGNS**  
The members and audience at the First Baptist church were surprised at the morning service last Sunday when the pastor read his resignation, to take effect within three months.

Rev. Jordan has been pastor of the church since June, 1917, this being his first pastorate since completing his school work, and he has been a very acceptable man to the church and the public, and so far as can be learned the resignation was not prompted by dissatisfaction on the part of church or pastor. Possibly Rev. Jordan has plans not yet ready to take the people into his confidence. At any rate, all wish him and his worthy wife well, wherever their lot may be cast.

**PATRONS, TAKE NOTICE**  
My office will be closed next week, as myself and wife will be away for a vacation, planning to spend a week at Lake Okoboji for a needed rest.—A. D. Lewis, the Chiropractor.—Adv.

**TEACHERS INSTITUTE IN SESSION THIS WEEK**  
This week the teachers of Wayne county are holding institute at the high school building with the enrollment close around the 100 mark. Splendid work is being reported, and the teachers are especially interested in the Junior Red Cross work, which is largely to be handled thru the schools of the county, as the most effective organization available for this much needed work of aid to win the war.

This afternoon the teachers are to attend a reception, given in their honor by the superintendent, Miss Sewell, and those who have been working side by side during the week will have opportunity to become acquainted. The institute week does much to unify the school work of a county—provide team work, with the best methods uniformly employed in all of the county schools.

**THE JUNIOR FAIR TODAY**  
The city hall is a busy place this morning, for exhibits for the Junior fair are coming in fast, and in greater quantity and variety than was expected. The writer found time to just look in this morning and saw pigs, chickens and pets, with others coming. But it was in the vegetable and canned vegetable and fruit department that the greatest showing is being made. Corn, tomatoes, cabbage, beets, sugar beets, potatoes, carrots, parsnips, and a variety of other garden products were being placed on display.

A large number of jars of canned fruits and vegetables and cakes and war breads on other tables show interest that the little folks have taken in their work during the past summer.

The doors are to be open the entire day and this evening and as many as possible should visit the exhibit this afternoon and evening, for it will surprise and gratify you to know what is being done here in Wayne in the garden work by the little folks. The admission is free.

**THE OLD SETTLERS' PICNIC GREAT SUCCESS**  
The gathering of old settlers and citizens at Winside Wednesday was one of great interest to all pioneers and many others. A splendid gathering of people were there, and they were royally entertained. Judge Allen, one of the pioneers of this part of Nebraska made a good address, the many picnic dinner parties enjoyed the dinner there, and the afternoon sports were plenty. Baseball, races, games and sports all measured up to expectations.

The Walter Savidge band made music, and his players entertained both afternoon and evening. Many Wayne people attended. Mr. and Mrs. Lon Hunter were awarded easy rockers for being the first couple married in the county, present that day.

**RESOLUTION OF REGRET**  
We, members of the Wayne horse-shoe club, unanimously express our sorrow and regret over the departure of Will Redmond from our society, for he was the only fellow we could heat at the game without cheating, and he didn't get mad when he got skunked. Ed Sellers, C. Madsen, O. C. Lewis and Joe Atkins and others, committee.

According to dispatches in the daily papers the present flour ban is to be partially raised. Only 20 per cent substitutes soon now.

## W. D. REDMOND, NORMAL REGISTRAR, HAS RESIGNED

Since the State Normal school opened at Wayne eight years ago, W. D. Redmond has been the registrar, a position which placed him in close touch with all of the ever-changing studentbody, with the entire faculty, the state officials who had business with the school, and also with many citizens of Wayne in official and social relations. That he ably and acceptably fulfilled the manifold duties of his position with fairness and efficiency is evidenced by the fact that he made no enemies among all the people with whom he came in contact, and to say that his resignation is as universally regretted as he is universally known to the school, its patrons and citizens of Wayne, is but a plain statement of fact.

During his residence at Wayne he has been in all worthy enterprises, and he will be greatly missed in school, church, lodge and social circles. In every walk of life he filled a man's place and did it in a manly way. No work to great for him to undertake; no part of it too small to receive his careful attention. No citizen too proud to recognize him, none too humble to receive from him recognition. All will miss him.

His future plans are not definitely known, and we violate no confidence when we state that it is an open secret that he aspires to do Y. M. C. A. work among the soldier boys across the seas, and has an application pending for such work—a work for which he is most admirably fitted. But be his future what it may, he has hundreds of friends in Wayne who will wish him the great success of which we all believe him worthy, and if perchance he should again make his home at Wayne a most cordial welcome will await him.

**TEACHERS INSTITUTE IN SESSION THIS WEEK**  
This week the teachers of Wayne county are holding institute at the high school building with the enrollment close around the 100 mark. Splendid work is being reported, and the teachers are especially interested in the Junior Red Cross work, which is largely to be handled thru the schools of the county, as the most effective organization available for this much needed work of aid to win the war.

This afternoon the teachers are to attend a reception, given in their honor by the superintendent, Miss Sewell, and those who have been working side by side during the week will have opportunity to become acquainted. The institute week does much to unify the school work of a county—provide team work, with the best methods uniformly employed in all of the county schools.

**OFFICIAL ELECTION RETURNS**  
The task of canvassing the vote of the county and compiling the same, after waiting for the ballots which came by mail was so great that the tables were not completed in time for putting in type for this issue of the Democrat. But the tables at hand show that the official count in this county made no changes in the result. A number of names were written in for offices where no one had filed, and the vote of this character for democrat for representative were Johnson 21, Mears 7, Frank Klopping 7 and a number of others one each. For sheriff Lewis had 60, Ellis 19, Soules 7 and a number of others with from 1 to 7.

For republican commissioner in the first district Corbit had 37 and James McIntosh 31.

As stated elsewhere, H. E. Siman is reported to have been the republican nominee for senator.

**OVERCOME BY FOUL AIR**  
A near tragedy occurred here Monday morning when Chas. Anderson was overcome by "damps" while working in a well at the home of Mr. and Mrs. Sewell. They were following a bored well, enlarging it that there might be more reservoir for the water, and were down about forty feet when the man below called for help and became unconscious. Louis Jones, his half brother, at once went down and fastened the rope about him and remained until the rope was returned to him. It was several hours before the victim was revived.

It is said that Mr. and Mrs. Chas. might have left California on their way to Wayne, traveling by automobile, and that they may roll in most any time.

### Why some Eyes are Relieved by Glasses While Others are Not

Because some people investigate the knowledge and ability of the man that examines their eyes while others do not.

The price paid for a pair of glasses does not signify the quality.

Quality depends entirely on the skill and knowledge of the Optometrist who does the work.

I invite you to look over my record.

I took two complete courses in Optics and then appeared before the State Board of Examiners and passed with the highest marks in my class of twenty-five. Since then I have returned and taken another course in Optics and spent my spare time in study and research work.

I am the only Optometrist in this city that has passed the State Examination.

If relief from eye strain is what you want in your glasses come to me and you will get it.

I GUARANTEE THIS STATEMENT

### LOCAL AND PERSONAL

Miss Ethel Barton, trained nurse, Phone 201.—Adv. 21-4f.

Miss White went to Norfolk Friday on a business mission.

Miss Bessie Durrle visited at Sioux City and Laurel Friday and Saturday.

Dr. Young's Dental Office over the First National Bank. Phone 307.—Adv. 29-4f.

Miss Maude Grothe went to Camp Dodge Friday to visit her brother, Carl, who is in training there.

Miss Dena Lohberg returned Monday from a vacation trip to Spirit Lake, Iowa. Her home is at Carroll.

Miss Winifred Fleetwood is home from a two-weeks' vacation spent at Sioux City with her sister and other friends.

Mrs. E. C. Peterson left Friday morning for Waco, Texas, to join her husband there for a time, where he is in service in the medical corps.

A. J. Sunday from Franklin, Illinois, an old friend of Mr. and Mrs. J. C. Forbes, left Monday morning after a short visit here at the Forbes home.

L. C. Nettleton and wife received a card the first of the week telling of the safe arrival of the ship at a port on the other side, in which their son, Thomas P., of the aviation force took passage a short time ago. He will soon be flying over the German lines he supposes.

Miss Marguerite Forbes returned last week Wednesday from a week at Crystal lake.

Mrs. Ada Rehnick and family visited at Pilger Sunday, driving over in the afternoon.

Mr. and Mrs. Glenn Wallace returned last week from Wyoming, bringing their sick baby with them to a lower altitude.

Mrs. Claude Mitchell went to Niobrara Monday to visit her mother a few days and bring to her Wayne home things stored at the old home.

Miss Jessie Grace is home from a vacation visit and business trip to Iowa, where her parents live and where she purchases her millinery stock.

Miss Pearl Madden, who has spent nearly three weeks at Long Pine, a guest of Mrs. Glenn Duerig, is home from her visit, and reports a splendid time.

L. C. Nettleton went to his farm near Hoskins Monday to see how they are coming on there with the threshing, as his grain had not been shelled out yet, nor had it been stacked.

The M. W. A. at Pender have adopted a French orphan boy, and are sending an allowance monthly for his support and education. He has written a letter thanking the members of the order.

Miss Zella Slaughter from Wakefield has gone to a training school preparatory to entering the service as a Red Cross nurse. She is a daughter of Mr. and Mrs. Charles Slaughter of Winner.

Eric Anderson was up from Omaha last week visiting among his Wayne friends and looking after his little house here. He appears well, hearty and happy; but he misses his Wayne friends when in the city.

Mrs. Selma Maidens from Indianapolis, Indiana, is visiting at the home of Mr. and Mrs. Otis Stringer, her sister. She is accompanied by a niece, Lillian Baumgart, who is enjoying a visit with her brother who is employed at the Stringer home.

As I am about to leave Wayne I will sell my household goods at private sale, at my house one block east of the Methodist church. Consisting of one bedroom suit, stoves, table, chairs, dishes, a quantity of glass fruit cans, a cupboard and other things too numerous to mention. C. D. Martin.—Adv.

Wm. Fry of Winside, was here Monday morning on his way for a week's vacation at the home of his uncle, James Fry, near Bloomfield. He tells us that he has spent four months since out of school on a farm south of Winside, and now he is going to a farm for his vacation, for his uncle is farming more than a thousand acres this season.

Byron Murray, son of the postmaster editor of Pender, who attended college here two years ago is in France and has sent to his parents a German helmet. It is quite a curiosity, says the Times, and weighs three pounds, while the American helmet is much better and weighs but two pounds. Byron states he has had his baptism of fire. The Times man should have no difficulty in surmising the reason the Germans wear the heavier helmet—the needs that extra pound to make things equal, for the American soldier carries that much more in brain power, and less in metal.

Dr. J. R. Campbell of Norfolk, spent Sunday with Wayne friends.

Mr. and Mrs. Demers who were here from Sioux City visiting at the I. C. Trumbauer home, went to visit at Brunswick Monday.

Mrs. G. W. Crossland went to Stanton Saturday to spend Sunday there with her husband, who is canvassing that part of the country for nursery stock.

Lieutenant Raymond Fox, who has been in training at Camp Taylor, Louisville, Kentucky, in artillery service, was home for a short stay last week. He is now considered fit for overseas duties.

Mrs. Henry Goest from Virginia, came Saturday to visit her sister, Mrs. Victor Carlson, and a few days before Mrs. N. Stan, a sister-in-law, from Illinois came to be with her a short time at their country home north of Wayne.

Miss Marie Drake from Malvern, Iowa, has been here visiting her cousin, Miss Dorris Meyers, at the Auker farm, for two weeks, returned home Saturday. She notes that this land has been blessed with more plenty of rain than her home vicinity.

Mrs. Frank Peterson, who has been suffering from a cut on the wrist for a number of weeks, because it did not heal properly, went to Sioux City last week to have the wound reopened and fixed so that when it heals it will cease to pain her, if such a solution be possible.

James McIntosh went to Kansas last week looking for hungry shoats to bring to the green fields of Wayne county to fit for market. It is possible that the sun-paroled farmers in Kansas may have more pigs than feed, and here we are long on feed, and going to be longer, for every good day and night now brightens the prospect for a bumper corn crop.

Wanted—Salesman with Ford car to work Wayne and Thurston counties, for a well advertised oil company selling a well known brand of oil. We offer salary, expenses and commission. Size of a territory allows salesman to be home practically every night. We prefer experienced salesman. Address Oil Company, care of Nebraska Democrat, Wayne, Nebraska.—Adv. 34-3

Chas. E. Closson of Carroll, left Saturday to enter war Y. M. C. A. work, under orders to report at New York for his final training before going across to the fields of France.

This is a great work, and thousands who have volunteered for it and plenty of useful employment, and these men with the Red Cross nurses will have been the means of saving many a young man from death and from worse than death.

Lieutenant James Steele, who was home on a ten-day furlough after completing his course in aviation work in Michigan, returned to Camp Monday, and there awaits orders as to his next move; but judging by the order of those who graduated in classes ahead of him, it will be to go over the sea. Like all of the men who have been in training, James is anxious to get into active service, and take a birdseye view of the fields of France and the Hun forces moving about there, and direct the artillerymen where to plant a shot so that it will touch a vital spot.

Rivola B. Bennette has taken possession of the Dixon Journal and says that he proposes to run it independent of the patent houses, and in that he is correct. His initial number is not the best, perhaps, but a new newspaper man in a new field has a great handicap. If a lot of the country newspapers would cut out their patent sheets they would be doing the best possible stunt in conserving paper. The sheet, issued by and in the interest of the patent sheet publishers is very active in urging an increased subscription price. The writer quit the use of the patent sheet twenty years ago, or more. Whatever paper he has been in command of since that time has not carried a bunch of advertising for a monopoly concern, with columns of pay stuff disguised as news. There, we have done said it again.

There is one thing that Cedar county must wake up on. That is the federal road from Laurel, through Coleridge, Hartington, and on to Yankton. Wayne county is at work and has a fine grade built up about half way to Laurel, with the proper concrete culverts and steel bridges demanded by the government if its appropriation is to be secured. We know the Cedar county commissioners are having a hard time of it due to the many bridge losses in the county last spring by floods, but if they do not manage in some way to get the county in line and see that this state highway is secured they will have done the county an irreparable injury. Possibly local help from the towns, directly affected could be given the county or at least loaned to it so that the work could be started and pushed along at once.—Coleridge Blade.

## GAMBLE & SENTER

Mrs. L. B. Palmer was over from Homer for a day last week.

A. V. Teed is engaged in institute work at Pender this week.

Dean H. H. Hahn is attending institute at Fullerton this week.

Mr. and Mrs. Ray Hensel from Homer came the first of the week to visit at the home of the lady's brother, Otis Stringer and family, just east of Wayne.

Miss Cora Viles from Sioux City came Saturday evening for a short visit at the home of H. E. Griggs and family, a guest of the daughters, Misses Lydia, Iris and Fern.

Mrs. W. D. Hughes returned last week from a sojourn in Rochester where she underwent a minor operation, and feels confident that she will continue to improve in health from this on.

Mr. and Mrs. Henry Hansen from southeast of Wayne went to Dallas, South Dakota, the first of the week for a visit with relatives and friends. They were accompanied by two neighbor girls, Misses Dora and Hilda Frevert, who will spend the week there.

The hospital at Stanton burned last week—the horse hospital—and no lives were lost, but L. Collins the proprietor lost an automobile and drugs and instruments enough to make his sacrifice about \$2,000. The building was an entire loss, but carried a bit of insurance.

Mr. and Mrs. Rollie Ley are taking an automobile trip to the lands south of us, with Excelsior Springs, Missouri, one of the resorts they plan to visit for a few days while enjoying a much needed vacation.

Geo. Nuss from Winner, South Dakota, came the first of the week to visit his brother, J. C. Nuss and family, a few days, returning last evening to his home. He is in the mercantile business and had been buying at Omaha.

H. A. Romberg from Norfolk was looking after business matters at Wayne Monday, coming and going by automobile.

Dr. A. B. Cherry, who has been here for several weeks visiting his brother, J. M. Cherry, and friends here and at Winside, left Monday for his California home near Pasadena. While here he was joined in his visit by his sister, Mrs. Beeny and her granddaughter from Des Moines, Iowa. The lady is still here.

### REES GARAGE AT PILGER DESTROYED BY FIRE

Saturday afternoon about 6 o'clock the W. M. Rees Motor company garage caught fire and was destroyed. One of the customers came after his car and just before leaving the place, lit a cigaret and threw the match aside. The match struck a place saturated with gasoline and oil, and as the air was saturated with gas fumes, the fire spread over the entire building like a flash.

The fire alarm was sounded and the firemen were on the scene in quick order, but the blaze had gained great headway in the short time. The blaze in the front and the rear was extinguished so that the cars could be shoved out and supplies carried to safety, but the structure was a complete ruin. The water seemed to feed the fire. A \$2,000 tire stock was completely burned. The building was a large structure of brick, with stucco front, and was not completely finished. It would have been one of most up-to-date garages in this part of the state. It is understood that the damage will be almost covered by insurance, and that Mr. Rees, as soon as the insurance is adjusted and the ruins can be cleared away, will rebuild the place.

### AN OPPORTUNITY TO PURCHASE GOOD FARMS

Much land has been changing owners here during the past two months, and ever at an advancing price, and much of it has been bought and sold with speculative purpose in view. Elsewhere in this paper is an offer of eight farms in this good part of Nebraska, offered by one who is closing out his lands in this state simply because his health will not permit him to longer make his home here, where for a third of a century, nearly, he has lived. The farms are in a good state of cultivation and very in size from 160 acres up. It is a time for those who want to buy to go to it—direct from owner to buyer.

## Eight Good Farms For Quick Sale

As I have decided, on account of my health, to locate permanently in California I will sell my eight farms in the vicinity of

**Wayne, Laurel and Coleridge, Nebraska**

These farms are in the very garden spot of Nebraska, and contain 160 to 320 acres and up. In good state of cultivation, much of it having been rotated with grasses (timothy, clover and alfalfa) for from 15 to 20 years. Bottom lands tile drained.

**Price \$150 per acre up**

This offer includes my home place, located just north of Wayne.

### EDITORIAL ASSOCIATION MEETING AT HARTINGTON

(Laurel Advocate)  
The Northeast Nebraska Editorial association held its semi-annual meeting at Hartington, Friday and Saturday. Though not as largely attended as it should have been, it was a successful meeting in many ways. It's a good thing to get together occasionally and exchange ideas—the same as it is in any kind of business—and thus better yourself for your respective lines of work.

Clark Perkins, editor of the Aurora Republican, and at present field secretary of the State Press association, was present and gave several very helpful talks along different lines of newspaper work. Friday afternoon was given over to a round table talk, giving every person present a chance to speak on every subject that came up.

Friday night a banquet was tendered the newspaper people by the Hartington hotel, under management of Wm. Carribine. J. P. O'Furey, of the Hartington News acted as master of ceremonies, and the following talks and papers were given:

J. F. Letton, president of the North American Hotel company, "Newspapers and Hotels, the Largest Assets to a Town."

County Attorney P. F. O'Gara, "Opportunities of the Newspaperman."

Mrs. C. E. Nevin, "How the Editor's Wife Can Help."

J. H. Beardsley, Kingsley, Iowa, "Business Efficiency in the Printing Office."

Arthur Thomas of the Publicity Bureau, Omaha, "From the Outside Looking In."

Saturday morning was again taken up with a round table discussion—in the nature of getting better acquainted. At the noon luncheon the Cedar County Ben Franklin club was organized, with F. D. Stone, Hartington Herald, president; C. S. Harris, Coleridge Blade, vice president; C. E. Newin, Laurel Advocate, secretary and treasurer.

The next meeting of the association will be held either at Norfolk or Wakefield, the decision being left with the executive committee.

### OF ALL THAT'S GOOD

#### WAYNE COUNTY'S BEST

The following letter from James A. McEachen proves that to be true as to the care of the soldier boys who leave:

Logan, Utah, August 18, 1918.

Chas. W. Reynolds,  
Wayne, Nebraska.  
Dear Friend:

I will hand it to you fellows: Our transportation was in the best shape of any bunch on the train.

Some of them had the duplicate meal tickets, and carbon paper along. Some had no pullman ticket at all.

About twenty bound for Utah were on the train out of Omaha, and only six of us had sleeper, the rest rode chair car clear through.

About half of the crews had no local board signs or letters at all.

We have the only Red Cross Comfort Kits in the camp that I have seen, and sure have use for them.

Tell the rest of the fellows we have seen nothing to dread as yet.

Sincerely,

James A. McEachen,  
c/o N. A. C. T. D. Logan, Utah.

### WAYNE BOY IS NOW NEAR FRONT LINES

Ralph Ingham, formerly a Democrat reporter, works in hospital near "big push." Praises Yankee courage.

Ralph Ingham, writes the Norfolk News, where he formerly was a reporter and whose home is at Wayne, is now serving as a private in the medical corps and was directly behind the "big push" on the Marne front, where he helped to take care of many wounded American soldiers from the fighting front. A very interesting letter has just been received from Ingham, whose fingers itch to write feature stories of what he sees and who despite the fact that his hospital is being shelled and "kultured" by the German airplanes, is anxious to be in the front line trenches.

"Since I wrote you last my hospital has moved up to the rear of the present (Marne) drive back of the American lines," Ingham writes, "and at present is engaged in active service, indeed. We were at Bourmont, France when I wrote last but now, we are on the most active front in the war, and the dream of my heart—a real hospital work with the American troops.

"Our hospital has won a very enviable record since we have been established. In fact, we are known both at the front—which is no long distance from us, believe me, and also in Paris. We have handled many thousands of patients in the few weeks we have been going and we have proved that our training at Fort Riley, Kansas, has not been for naught.

#### Gets News First Hand

"I know from the Paris papers which we read, that all Americans are following with great interest the present drive, and our victory over the Germans. Our hospital is right back of the "big push," and wounded reach us in a very short time after their dash. We get the news first hand.

"The big guns find us constantly, but we have reached the stage where we forget they exist. Our hospital has had its share of "German kultur" from the German airplanes. Fortunately we have been fairly lucky so far, though, I suppose, our time may yet come.

"Here is where you get your real news stories. Gee, if I could only write up some of the dope I gather here in ten minutes I could keep the editor swamped with hot copy. But I am saving all the 'good stories' and some day I may get a chance to use them.

#### Wants to Go to Front

"I hope later to have my chance to go to the real front and see real service—then I will be happy. I do not have a long way to get there now, but I want to go there for days, weeks or months if necessary.

"We have a beautiful site for a hospital, overlooking a dear, quaint little French city. We occupy an ancient chateau. Ours is an exceptionally pretty place and has a French history: It is owned by a real countess, and confidentially to the Norfolk girls—she is a very old lady and has an awful temper.

"We pick up a little French conversation now and then, but none of the boys talk it much. The French strive to learn our language, so we occupy most of our time teaching them English.

"We receive a few German patients who with the German prisoners who are arriving, tell us varying stories of Germany and conditions there. One thing is certain—Germany still has supplies and men to fight for some time. The present drive is showing them that they are up against the Americans. One German told us today that they hoped to have peace before the Americans arrived over here, so you can see they are being hood-winked.

#### Know Now America Is In

"A German officer was asked yesterday if he realized that America was in the fight. He said that the present big drive has revealed that the Americans certainly are in the fight.

"Our boys are wonders. We handle many hundreds of them every hour. They come and go on back to the front and they bear their wounds with bravery and all kinds of courage. I hear stories of fighting that would make stories I heard at home look pale, yet these stories are told with no boasting—just a smile, as though it was a part of the day's game. It is a game and we have come to look upon it so. Our boys have proved beyond a doubt that we are superior to the German forces even with a smaller number of men. When the rest come over—well, it is going to be a grand finale."

### "SOMEWHERE IN FRANCE"

(Marie O'Donnell Weekes)

"Somewhere in France!" That baby boy cousin, who enlisted on Memorial day last. Somewhere in France and until now he never spent three successive nights from under the little home roof down in Cuming county. "Somewhere in France" and he never knew what it was to return home from school or play or work and find his mother absent. "Somewhere in France" the little boy whose every wish was thought of and provided for by the loving parents and devoted sisters before it could be expressed. "Somewhere in France" the baby boy we've "tossed to the moon," told stories to and fondly watched through all his school days. "Somewhere in France" and proud of his opportunity to do his share he will not be found wanting, not be found anything but the brave, true soldier boy he is. We remember his coming into the world—that little cousin, in the late summer of the year Bryan first ran for president. We remember his first short trousers and then the first long ones and the dignity of his high school graduation. All last year we sympathized with that baby cousin who wanted from the very first to enlist but who looking across the table at his frail little mother could but think of her and the sorrow that was hers over the death of his only brother one month before our country declared for war. It was a hard year for the boy but he stood true to his mother's health interests. May 30th last he won her consent and enlisted and now he's "Somewhere in France" and all of us who have loved him will be praying for him all ways and for that day when he shall come home, clean and fine as when he went away—our boy cousin in khaki.

### LOOKING FOR A GARAGE?

A good garage building and business in a nearby town is on the market at a price worth the money, and if this interests you, the Democrat can tell you something of the offering and put any who mean business in touch with the owners. The value is about \$20,000, more or less according to invoice of stock at time of transfer. —Adv.—321f

## "BUCK" Hot Blast Heaters

For any kind of fuel including slack. They will produce hard coal results with soft coal.

They contain Buck's Patented Hot Blast Ring, which supplies more heated air to the fuel surface than any other. Combustion takes place in a circle, burning from the outer edge to the center, causing the stove to radiate heat as soon as the fire is started.

Contains Buck's original cone-shaped easy cleaning grate.

Can never pull, has safety draft in base of feed door which also ventilates mica.

Require attention only three times in twenty-four hours.

Will keep fire forty-eight hours.

No clinkers with 95 per cent of coal mined. The grate is self cleaning, grinds up and drops into pan all foreign matter in soft coal.

Fire pot never cracks or burns out; it is ever-lasting.

Every joint in stove perfectly air-tight. Hot blast draft driven heat into base, which becomes so highly heated that biscuits can be baked in ash pan. Fairly sparkling with "Buck's" silver nickel trimmings.

Come in and see our early showing and pick out your stove while we have a complete stock to pick from.

WAYNE MARKET REPORT

Following are the market prices quoted us up to the time of going to press Thursday:

Table with 2 columns: Commodity and Price. Includes Wheat (\$1.95), Corn (\$1.60), Oats (60c), Rye (\$1.50), Barley (80c), Chickens (22c), Hens (22c), Roosters (12c), Eggs (28c), Butterfat (49c), Cattle (\$12@17), Hogs (\$17.75)

Swat the profiteer—the fly's days are now numbered.

The new draft age is now a law—18-45 and those who were anxious, but barred before will now soon be on their way to the front.

Mexico had a little breaking out the first of the week. Mixed with U. S. troops on the border for an hour—and then those able to get away skeddaddled back home.

The primary returns tell us that a number of the little bunch of state senators who ruled the roost at the last session of the legislature, have been invited to stay at home this time.

The Huns object to the use of sawed-off shot guns by the Americans, but it is all right for them to use saw-tooth bayonets. Hell is too good a place for them, but naturally they would object to quarters there.

A lot of the fellows who failed to vote at the primary are the hard kickers as to the result of the vote. If they are such slackers as to neglect to vote their sentiments they have no ground to kick, even though a kaiserite received the nomination.

Will some one tell us what became of that non-partisan vote in this state? A number of candidates whom we thought believed it was to pull them through at the head of the list, have been distanced—in fact, some never even got a good start. It appears that there isn't no such animal.

The State Journal is authority for the statement that the farmers may decide to get together and place a candidate for governor more to their liking than either of the others by petition. That's right—the law provides that they may do so—and so, too we hear that a senator may be placed on the ballot the same way by those who claim that neither of the nominees are 100 per cent United States.

As a last resort, it is intimated, the kaiser is going to send his great naval force out to meet the allied battle fleets. That will be fine for a

finish for Germany. They have sacrificed practically everything else and they may as well let the horns and tail go with the hide. When peace is made there should be no use for navies, and that will be a splendid way for the kaiser to get rid of his battle fleet—save a lot of expense maintaining the useless toy.

With every farm a factory, Wayne county should be among the richest manufacturing centers in the world, and it will be when we get enough people here to properly develop our natural agricultural resources. Cows, hogs, horses, sheep, chickens and many other animals manufacture the raw material into valuable foods. Then there are bees to make sweets, cane might supply half of our sweetening—fruits are but partially used, and but little grown. We have plenty of undeveloped opportunity here, without going west to grow up with the country. Land is selling at \$200 to \$300 per acre here, but it has possibilities of being worth far more than that—not a speculative value—but of real value measured by what it may be made to produce.

Uncle Sam is requesting the rural newspapers to conserve paper as well as the city papers, and that seems alright, if that will help get the kaiser. To us it seems as though much conservation might be made in the use of paper by eliminating the patent sheet from the average country newspaper. Some papers that come to our desk have as much as six pages of the patent and but two of home news and advertising, but if two pages is all that is required for the home news and advertising, why, at times like this load it and the mails with this almost useless matter carried by the patent side of the sheet? Most people now get a daily and get therein the patent dope long before it comes in the weekly, or at least so much of that dope as has news value.

NORRIS' VOTE

Norfolk News: It would be wide of the truth to say that every vote for Senator Norris is an indication of disloyalty or luke-warm patriotism, yet it is apparent from a study of detailed election returns in this part of the state that the senator received strong support in those precincts inhabited largely by Germans who have been conspicuous for their lack of enthusiasm for the war. This indicates the danger of sending Senator Norris back to the senate. With the pacifists and the German sympathizers behind him, he is likely to give us still further exhibitions of obstructionist tactics such as those which have already brought the blush of shame to loyal Nebraskans.

Senator Norris undoubtedly got the votes of many persons who are in entire sympathy with our war policies, but who allowed their admiration for the senator's past record to outweigh their disappointment at his war record. Thus even his total vote is not to be taken as the measure of anti-war or pro-German sentiment in Nebraska. But even if it is so taken, when it is compared with the combined votes of his opponents whose support of the war has never been questioned, the record is not so bad as it might seem. It will be found that only a minority was for him and that he owed his seemingly heavy support to the fact that the opposition was divided hopelessly. The fact is apparent that only a comparatively small portion of the republican party wanted the senator to be the party standard bearer. He has been repudiated by the large majority of his party.

LOCAL AND PERSONAL

Mrs. L. C. Gildersleeve and son, Don drove to Sioux City today. Mrs. Stella Chichester and children are visiting at Winside today. Mrs. Genevieve Henderson Smith has been visiting Mrs. Smith at Laurel. Mrs. Mary Jones and Mrs. H. B. Jones are visiting at Sioux City today.

Miss Genevieve Roberts and her sister, Dorothy, are visiting friends at Pender today.

Mrs. Herbert Barnett has been here from New York city visiting her father, Geo. Rohwer and family for a few days. She spent a few days at Sioux City, and left this morning for home. Since living in the east, Mrs. Barnett thinks the western country town has no charms for her.

Mr. and Mrs. John Gettman from Carroll have started on an extended trip, going to Los Angeles, San Francisco and other places in California, thence to Portland, Oregon, and from there to visit at the home of his brother at Waterville, Washington. It will indeed be around a lot of country.

MORGAN SUIT BUILDER

While driving to Wayne from his place south of town, Abraham Gildersleeve drove over a rattler in the road, killing the reptile, as the wagon was loaded with wheat. The snake was quite large, though it carried but two rattles. Mr. Gildersleeve said it was the first one he had seen in more than a dozen years, so they are evidently not very numerous.

Rotten—that was the condition of a small basket of eggs offered to one of our merchants this week by a prosperous farmer, and the merchant who candled them would have been justified in having the case reported to the state authorities, if as rank as reported. That is once when the candle-egg enforcement saved a dollar or two for the local dealer, and if the dealer does not report the one who would sell such eggs it may save him a stiff fine. One firm in the state paid \$200 to the Red Cross for the shipment of over-ripe eggs.

A very happy gathering was held Tuesday evening at the home of Mr. and Mrs. A. P. Hurstad when about sixty guests—the relatives and neighbors—gathered at their spacious home to honor their son, Julius and wife, just home from their wedding trip. The evening being so perfect the gathering was entertained on the lawn, which was brilliantly lighted. Here a happy time was spent in a social way. Refreshments of ice cream and cake were served, and it was with wishes for a long and happy life to Mr. and Mrs. Julius Hurstad that the guests departed for their homes at a late hour. Many useful and beautiful tokens of love and esteem were presented to this worthy couple by their friends. Mr. and Mrs. Hurstad will for the present be at home at the Ole Hurstad residence.

It Is Coming Fast— We Will Meet it Now Beginning Sunday, September 1st we will absolutely go to a CASH basis--no more credit The reasons are ample: They are: First—Because the government requests it. Second—Because we must pay cash in advance for automobiles, for repairs, for all accessories. Gasoline is cash on delivery—oils the same, and we rather like the system, for then when we get something we know it is paid for, and no bills coming in 30, 60, or 90 days. Third—Because we know you will like it once you try it—for we can turn into real service for our patrons energies which have been given to bookkeeping and to collecting—something the patrons had to pay for—though it did not show in bill. Eliminate Sunday Work Our gas pump and air will be accessible Sundays as in the past, but we plan to eliminate all repair work that day except real emergency cases. Yours for better service. In South Dakota no gasoline can be sold on Sunday—not a drop—nor is joy riding encouraged. Wayne Motor Company Burret W. Wright, Manager Phone 9 Wayne

GOVERNMENT STARTS THRIFT ASSOCIATION

To its many activities for the sale of war savings stamps the national war-savings committee has now added the United States government \$100 thrift association. Members of the association pledge themselves to buy during 1918, not less than \$100 of war-savings stamps—and to get another member for the association. These are the only qualifications for membership.

The machinery of the association consists solely of a book of fifty post-cards, each one being an application for membership. Inasmuch as the signer pledges himself to buy \$100 of war-savings stamps during 1918 and secure another member to whom he hands the book, the circulation of one book means fifty members, and the sale of \$5,000 of war-savings stamps.

Each book constitutes a chapter of the association. It is the plan to organize a minimum of ten chapters in each county, which would mean about 930 books in circulation in Nebraska. The resulting pledges would aggregate \$4,650,000 but as there is certain to be a demand for more than ten chapters from most counties, even larger results are expected.

The books are now being distributed by the county war-savings chairman.

SET NEW STANDARDS

Let your war-savings society set new fashions and a new kind of rivalry. Make it "bad taste" among your members to be careless or extravagant. "Play the game" of finding how to cut out five cents, or a dime or a dollar. "Going without" by yourself makes you feel like a martyr. But if the members of your society are all trying to outdo each other in saving to help Uncle Sam, you will find going without "a grand and glorious feeling."

NEWS FROM BATTLE FRONT

The news from the line of battle for the past week has been most cheering. It has been one smash after another—German retreat following on the heels of German retreat with the allies stepping on the heels of the retreating foe to speed them on in their start toward the German border.

The news from the front this morning is to the effect that the German line is broken in different places, and that the enemy troops in two great pockets are in deadly peril of capture. More than 100,000 prisoners and 1,300 guns are reported to have been taken by the allies within a week. Let the good work go forward. The Germans are whipped, but the German people don't know it yet.

Herman Mildner has received a very nice letter from King George of England and his son, Fritz Mildner, assuring him and Mrs. Mildner that both are all right, and busy and happy over there. It is a real autograph letter too, from Fritz, and shows that he and George are on intimate terms. It was the first word received from the lad since he sailed, except the form card from this side telling of the safe arrival of the ship in which he sailed. Those who have sons or brothers over there can feel good when they get a letter stating that the writer is all right, and they can feel that all is well with him if no word comes about him for the government has plans to promptly send word to relatives if all is not well—so no news is virtually good news.

Palmer Champlain and wife from Elk Point, South Dakota, visited Sunday at the L. M. Owen home, he and Mr. Owen being boys together in Illinois.

Misses Verdis and Stella Jewell of Dallas, South Dakota, and Katie Mayberry from Niobrara, came last week for a visit at the home of their cousin, Mrs. Albert Jones, near Wayne.

John Krei returned the first of the week from a visit at the home of his daughter, Mrs. H. Frederickson, near Norfolk, and when he returned Mrs. Frederickson and children accompanied him for a visit here.

Mrs. W. O. Hanssen and daughter, Edna, returned Tuesday from a visit of three weeks with relatives and friends at Slayton, Minnesota. Mrs. Hanssen reports too much rain for pleasure during the greater part of their stay.

Andy Chance and wife went to Bangroft this morning to visit at the home of their daughter and family, Mr. and Mrs. Bert Bosteder. While there Mr. Chance will be busy, as he has a job or contract on the new light and power plant buildings under construction there.

Mr. and Mrs. Huntemer and daughter, Marella, went to Canton, South Dakota, Wednesday to visit in the home of the Lantaffs for a short time. From there they will go to visit Mr. Huntemer's people in and around Madison. They will be gone a week.

Thos. Fox from Winner, South Dakota, was here the last of the week, coming with his wife and her father, Alex Scott, to visit his mother and sisters before entering the training camp. He returned the first of the week, and Wednesday, left his home for camp with the other young men from his county.

Word comes that Ward Randol, who has been in service at Fort Meade, South Dakota, is to be or perhaps already is—transferred to Camp Johnson in Florida, where he will take a six-weeks' course in an officers' training school, and then, well, it is natural that he will then have a chance to cross over and mix in the big events over there.

Mrs. J. B. Gossard from Grand Island came the last of last week to visit her son, A. P. Gossard, a few days, then go to Bloomfield to visit another son. Tuesday she was here a short time on her way to Herman, and after a visit there she plans to go to spend the winter with a son and his family in Canada. This last venture is quite a trip for a woman who has passed the four-score years of age.

Bernard McConnell was here from Elbow Lake, Minnesota, the first of the week, coming to say goodbye to his folks before entering the service, which he is to do Saturday, when he will go from his Minnesota home to Camp Dodge, where he has been assigned to the ordnance department. He made Wayne his home for a number of years, and attended school here, but for several years past has been employed in Minnesota.

Mrs. Tillie Helkes Slaughter from Winner, South Dakota, was at Wayne last week, and renewed acquaintances of other days. Monday she was a guest of Miss Charlotte M. White, who was superintendent of the schools of the county when she was a Wayne county teacher. Her oldest daughter was the first in all South Dakota to enlist as a Red Cross nurse and is now in the training camp at Rockford, Illinois.

L. M. Owen has sold the Grimsley farm east of town, which he purchased a year ago at \$190 the acre. Messrs. McDonald and Mullen from Craig are the men who bought, and \$250 per acre is the price put up for the 148 acres. Mr. Owen made some improvements on the place, but he says the crop of the season has taken care of that. The man with a bit of money and faith to plant in Wayne county land is pretty sure of a profitable investment.

Last Thursday evening a patriotic party was given by Mrs. Meyers and her daughter, Dorris, in honor of Marie Drake, a niece, who has been visiting there. A party of the young folks gathered at the Auken farm home and spent a delightful time. The house was decorated in national colors, the refreshments were wheatless, meatless and sweetless; but far from being eatless. The time was passed in games, patriotic songs and other amusements. The fourteen guests voted it a splendid affair as they departed thanking their hostess for a jolly time.

Mrs. Warren Shultheis has received a card announcing the safe arrival of the ship in which Warren sailed on the other side. Many Wayne county boys are now finding footing on foreign soil.

Miss Clara Smothers returned Wednesday from a two weeks' vacation trip spent with relatives and friends in the western part of the state. She is secretary to the registrar at the Normal.

The ice question is still pending, and the question arises as to who shall be without ice, if there is not enough to be had. With the temperature down to about 50 degrees this morning the situation does not seem quite as acute, but it may change back again—no one has strings on the weather man.

The Guild of St. Mary's church met with Mrs. Richardson last Thursday afternoon, a large number attended. The time was spent in knitting. The following out-of-town guests were present: Margaret Dineen, Sioux City, Iowa; Mrs. A. J. Lynch of Carroll, and Mrs. Grady who is visiting in the Richardson home. The hostess, assisted by her three daughters served a delicious luncheon. The next meeting will be with Mrs. Baumgartner, Thursday, September 5.

## YOUNG WOMEN SHOULD GO TO CHURCH

(Butler County Press)

Most young women do go to church. Without them churches would die. But there are some young women who are disposed to treat lightly the Go-to-Church movement. They insist upon their beauty sleep Sabbath mornings. They think more of physical than of spiritual beauty. Yet beauty of soul makes for beauty of face. Raphael understood that. Beauty of soul means happiness.

The young women of this land are a tremendous power. If they get behind the Go-to-Church movement as they should, the young men who do not go to church will become rarer. Most young men expect, yes, insist, that the young women whom they hope to make their wives shall attend church. Let our young women make the same exaction from the young men who are paying them attention. If our young women would pass up the young men who do not go to church, the church would soon be filled with young zealots.

The Go-to-Church movement can be made much stronger by the united support of our young women. Why should they not support it? The status of modern woman is the fruit of the Christian church. Women therefore owe a debt to the movement. Thousands of young women are today pillars of churches. There are others who have grown careless. It is to these this appeal is made. Get back into the fold. Common sense and common gratitude demand it.

Go to church next Sunday, young woman! Bring your young gentleman friend with you! Be patient with him. But if he simply will not, it will pay you in future happiness to leave him alone.

### WITH THE WAYNE CHURCHES

#### Baptist Church

(Rev. Fletcher J. Jordan, Pastor)  
The Ladies' Missionary society of the Baptist church will hold its meeting at the home of Mrs. Thomas Hughes, Friday afternoon at 3. The subject deals with the Mormons and is led by Mrs. C. E. Sprague. All the ladies of the church and congregation are invited to this interesting meeting.

The ordinance of the Lord's supper will be observed next Sunday morning at 10:30. In the evening at 8 the pastor will preach a Labor day sermon. The public are always welcome at our church.

B. Y. P. U. at 7 o'clock on Sunday evening. The group plan of conducting our meetings are proving very interesting. Come and take some part in the service next Sunday evening.

Choir practice Saturday evening at 8 o'clock.

The mid-week prayer service is held each Wednesday evening at 8, in the basement of our church. If the early disciples needed to pray, continuing in prayer for many days for power, how much more we ought to be found in the place where prayer is wont to be said.

#### English Lutheran Church

(Rev. J. H. Fetterolf, Pastor)  
Sunday school meets regularly at 10 a. m. We all need the religious instruction imparted by the Sunday school and we would urge every family to be represented in the school.  
Public worship with sermon at 11 a. m.

Luther League meets at 7:15 p. m. Every member is asked to be present. At this meeting we will talk over plans for the winter campaign. The

topic for study will be "My Duty to My Church."

Evening preaching services will be resumed next Sunday at 8 p. m. Your presence will inspire and thus help to make these services profitable.

The Ladies' Aid will meet with Mrs. Henry Hanson next Thursday afternoon.

September 8 will be observed as communion Sunday. This will be the last quarterly communion for this synodical year. Let every member arrange now to be present.

The pastor would esteem it a great favor to have the present address of every member whose name appears on the roll of honor. The boys in our camps especially are changed about so frequently that it is difficult to keep track of them. We want to send the present address of every man in the service to the camp pastors that they may look them up and give them such help as they require.

The Missionary society will meet at the parsonage next Wednesday afternoon.

#### Presbyterian Church

(Rev. S. Xenophon Cross, Pastor)

Vacation time is about over. Now, everyone to the task for a year of church work replete with service! During September, the Sunday evening church service will be featured.

The Sunday morning preaching service is at 10:30. The subject of the sermon next Sunday morning will be: "The Principle of Reaction: or What the Church Will Mean to Me During the Rest of this Year."

On next Sunday evening at 8 o'clock, there will be service flag dedication service at this church. The Hon. A. A. Welch will give the address. All relatives and friends of

our soldier men in the service are invited.

Remember the workers' conference to be held in the church on next Tuesday evening. All teachers and officers of the Sunday school are urged to be present. This is essential if the Sunday school is to go on with the good work it has planned.

A part of the Sunday evening meeting will be a special patriotic song service, under the direction of Mrs. A. R. Davis, chorister. We invite everyone who can to come. Come in the spirit of Christian patriotism. Come to honor our soldier boys.

Consecration meeting is the order of the day in the Y. P. S. C. E. for next Sunday. The hour of meeting is 7. The topic will be: "Using Our Tongues All for Christ." Misses Madge Rippon and Edith Huse will jointly lead the meeting. The U. E. confidently looks forward to a big year of service.

#### Evangelical Lutheran

(Rev. Rudolph Moehring, Pastor)  
Wayne church: Confirmation class next Saturday afternoon at 3:45 o'clock. Services in English next Sunday afternoon at 3 o'clock.

Winside church: Confirmation class next Saturday at 11:45 a. m. Next Sunday morning Sunday school at 10 o'clock; services at 11 o'clock.

### PREVENT THE WASTE OF FOOD BY CAREFUL SHOCKING CORN

#### (A Government Request)

As a nation we waste enough corn to supply several European nations with bread. Much of this waste is due to poor shocking.

Corn is put into shocks for the purpose of protecting the stover and grain from rain and snow until it dries and can be husked and stored. By a little care in building the shock and in tying them high near their tops, good protection is afforded both grain and stover. If the stalks of each armload do not slant in one direction only—toward the center of the shock—and if the tying is not done high up near the top, the shock is very apt to twist. Tying near the middle does not prevent twisting, tying near the top does.

Equal distribution of the armloads of corn around the shock is important. An equal distribution, with all the stalks slanting toward the center, forms a conical storm-proof shock having each constalk acting as a brace to hold the shock erect. With more weight of corn on one side than on the opposite side, the shock is likely to lean or go down. Twisted and down shocks are difficult to handle and to husk. As such shocks do not shed water, both grain and stover often spoil.

Good shocking is such a simple matter it receives little attention. Experienced corn cutters usually build good shocks. It is no harder than to build poor shocks. Inexperienced help often feels disinclined to take instructions regarding such simple work, and if of uninterested, careless dispositions, an experienced person should work with them and make sure that the armloads are properly placed. Without such supervision, inexperienced help often proves much worse than no help at all. Very poorly built shocks afford no protection, on the contrary they hold water, prevent drying, and thereby hasten and increase the waste of food.

This fall each individual should and each patriotic individual will prevent waste of food. By good shocking an enormous waste can be prevented. If any corn shocks twist or go down, they should be husked, and stored before the grain and stover commence to spoil.

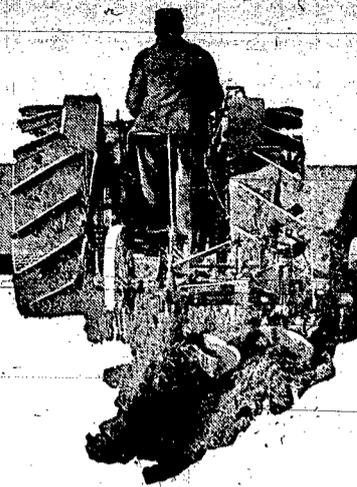

C. P. Hartley.

#### KNOX TIPPLE COMES ACROSS

There is one thing to be loyal and another thing to be disloyal. Knox Tipple is owner of the Elkhorn hotel building in Stanton and is estimated to be worth \$30,000 according to his own statement, but until one day last week he had not invested one cent in any way to help win the war. He had forgotten to even buy a thrift stamp or spend a quarter to aid the Red Cross in the great work of aiding humanity. No one ever thought Mr. Tipple disloyal but he was just so darned close that he didn't see any reason why he should spend any of his money to help his fellowmen. The council pried him loose from \$30 for the Red Cross and told him to invest \$500 in Liberty bonds.—Stanton Picket.

Mr. Tipple has friends here, and occasionally spends a week here, though he calls Omaha his home. He does not like the noise and crowds at the time of great gatherings at Omaha, as he is getting on in years, and it is at such times that he takes a vacation.

Mrs. Henry Puls of this place and Mrs. J. Isaacs from near Winside, returned Saturday evening from a visit with friends at Omaha and Bennington.

**H**IS crop is going to be in at the proper time—the soil will be properly prepared—and he won't be worried about the labor shortage. By using the Titan 10-20 Tractor he has placed his farm on a definite and economical commercial basis. This means maximum production at the lowest operating expense.

The Titan operates equally well on kerosene and gasoline. On every size farm—in every kind of soil the Titan 10-20 has proven its value. Assure maximum profits from your farm this year—

## With a Titan Tractor and Oliver Plows

The Oliver Plow is recognized as the tractor plow—built especially for that work. The Oliver organization has utilized an experience of 60 years as plowmakers for the world, in producing a plow that conforms to the unusual requirements of tractor service.

It has great strength. It is easy to operate—a simple trip rope controls the plows from the tractor seat. The plow points enter and leave the ground first, which insures uniform furrows. Further, the combined rolling Coulters and Jointers bury all trash and stalks in the bottom of the furrow.

A good tractor—the Titan 10-20, with a good plow—the Oliver. That is the ideal plowing outfit—the outfit that you want—this spring! Let's talk it over.

### YANKEE ROBINSON COMING ENTIRELY DIFFERENT PROGRAM

#### All Kinds of Wild and Domestic Animals

The circus is the most democratic amusement institution in the world today. There is less social division, less effort to cater to any class than is to be found in any other organization or movement.

The circus is one of the greatest dispensers of knowledge ever organized. Compare the circus menagerie, with its thousands of daily patrons, to a city zoo in point of numbers who are benefited by both. What is the result? The circus has first place as a public benefactor.

If a zoo is a good thing for a city, and is so recognized, and is supported by public taxes, why should not such a big wild animal show like the Yankee Robinson be of great benefit to the public, paying for the privilege of instructing and entertaining the masses. The showman puts nine parts of his efforts into showmanship and one part into service.

As will be seen when the big show comes to Wayne Saturday, August 31, a wonderful program can be given by all kinds of trained and educated wild animals from the jungle under the most skilled and competent trainers.

Of the domestic features the Buchanan Blue Ribbon horses are alone worth the price of admission. The trained pigs, a seemingly impossible act, attract much attention, like wise Bessie Harvey and her flock of pigeons, and an entirely new novelty a trained zebra. There are over fifty wild and domestic animal acts in the three rings during a praise-worthy program over two hours long.

The modern circus ring is a circle of fourteen yards, nine inches in diameter. The unvarying dimensions of the "ring" respond to a double necessity: The exigency of the man and the exigency of the animal.

This rule is convenient for men, but it is indispensable for animals. A performing horse must find, in whatever spot he appears before the public, a ring of fourteen yards, nine inches, sanded to a depth of three inches and a quarter, surrounded by an embankment, opening in two places only.

Of the modern circus Arthur Brisbane editorially writes: "The human being most in need of amusement, most greatly benefited by amusements that stimulate the imagination,

is the child. And in our civilization there is far too little done in the line of amusement for children. Whatever stimulates imagination stimulates mental growth. The circus is a beneficial, normal entrancing stimulant to the imagination of children. That is why parents should take their children to the circus. The circus, reborn in America in its present shape, is a necessity of childhood. Boys and girls should be taken to the circus once a year. It is their right and the father and mother should go along to enjoy the performance.

**JOE REID WINS A CROSS**

The Pender Times tells that Joe Reid, formerly of that place and later from Emerson won a cross, and below we give a part of his letter to home folks telling of their work. The Germans at first thought they were fighting Algerians, but when they failed to retreat they discovered their error:

"The way I earned my war cross was, the French started their attack about 6 a. m. and drove Heinie back quite away. Heinie was reinforced and brought Frenchie back. We were in reserve. The French wanted us to hold Heinie back until they could dig themselves in. A marine lieutenant took all of us into a little piece of woods in front of the French. You ought to have seen the 'Frogs' dig in; a badger didn't have a thing on them. We could see Heinie coming about 600 yards away. He sufe made a fine target. From his belt on up was above the wheat and everytime our Springfield cracked one would fall. They kept coming until about 300 yards from us. Their lines were getting thin. I spotted a few Heinies assembling a machine gun and our lieutenant said: 'Let's go and get 'em.' We charged and came back with three machine guns and twenty-three prisoners; lost three of our men though."

"Tuesday morning the French colonel lined us up and presented crosses. He shook hands with us and gave us a long talk. I couldn't understand much, as he spoke French. I am sure proud of my Croix de Guerre."

"This is the first real rest I have had since I landed in this country, but, believe me, I am getting some rest now. If it doesn't rain this afternoon the nurse says I can get out and ramble around. This looks to be a nice place. Base hospital No. 1 is here at Vichy."

week and their son, Ed and family, of Weiser, Idaho, are expected immediately to take charge of the place.

The Red Cross ladies of this neighborhood surprised Mrs. Bruggeman Tuesday in expression of their appreciation for her faithful services as chairman, since it was organized last winter.

Mr. and Mrs. H. C. Lyons and Reuben were in Norfolk last Wednesday and Thursday visiting E. H. Summers and attending the state tract demonstration.

Clark Smith has not been very well of late.

Mrs. E. Clark of Laurel, has been visiting at A. E. and E. C. Smith's, and I. Reed's.

Irvan Lyons writes July 31, from Pont Lavoy, France, he is well. The scenery is beautiful. The wheat is ripe, but oats are not quite. Harvesting is done mostly by cradles, but in the larger fields a few binders are seen. One binder had four oxen hitched to it. He also says, we boys are glad of the late victory. Don't worry as there is a higher hand than ours guiding us, I feel.

Mr. and Mrs. J. L. Kelley of Wayne and Mr. and Mrs. Henry Mayer and Arthur and Beulah spent Sunday at the H. C. Lyons home.

Rev. H. E. Weaver is attending yearly conference.

Ray Cross wrote August 2, he

was at a rest camp. Had been up on the lines before that.

A few from this vicinity are attending the farewell reception this evening in honor of Arthur Mayer who departs on the draft Wednesday. Lyle and Gladys Phillips have been visiting their grandparents in Laurel.

**THE MCKELVIE PLATFORM**

S. R. McKelvie, the republican nominee for governor, is getting right into the game, and adding for the farmer vote, which is right and proper. If he can show them that his administration would be best for them. Here are some of the platform he has kindly released for publication:

First: If elected governor, I shall call into conference the duly authorized representatives of all the leading farmers' organizations in the state before formulating a program of recommendations to be made to the legislature.

Second: In making appointments to positions that are related to agriculture, I shall deem it my duty to select men whose experience and success in farming insure a knowledge of and sympathy with the things that are most important to that industry.

The platform adopted by Nebraska republicans at the annual convention which was held recently contained this plank: "We commend the cooperative efforts of our farmers in securing a more economical distribution of their products, and we promise them our support." Not only do I endorse that statement, but I would add that I will support and approve any legislation that tends to aid and encourage cooperative efforts among farmers.

**RURAL CARRIER EXAMINATION**

The United States Civil Service Commission has announced an examination for the county of Cedar, Nebraska, to be held at Wayne on September 28, 1918 to fill the position of rural carrier at Randolph and vacancies that may later occur on rural routes from other postoffices in the above mentioned county. The examination will be open to female and male citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No. 1977.

Advertise it in the Democrat.

**THE TELEPHONE TO UNCLE SAM**

The following message has been received from President Theo. N. Vail by all employees of the companies comprising the Bell telephone system:

"Under the authority of the law by the proclamation of the president, possession and control of the wire systems passed to the postmaster general as of August 1. "In a conference held in Washington at which were present the postmaster general, the government operating committee and representatives of the Bell telephone companies the postmaster general expressed most emphatically his appreciation of the service which the Bell companies were rendering and that such improvement possible to be made would be because of the additional power derived from the government. He asked for the co-operation and assistance of those who had heretofore been responsible for the service. The postmaster general was equally emphatic in the statement of his desire to conserve the service, and properties of the companies with a view of returning them when called upon so to do to the owners in as good condition as received. That it was his earnest desire that the owners should receive just compensation in the full sense for their use."

"The postmaster general, until other instructions are issued, desires that the conduct of operations shall continue as heretofore and also states that no changes will be made until after consultation and full and careful consideration.

"To all who are identified with the Bell companies—who have shown your fine sense of obligation and your loyalty and fidelity to the country, to the public service, and to the property and the past, and to whom the credit is due for the prestige and position of the companies in the public eye—it is asked and it is not too much to ask of you, that same loyalty, fidelity and devotion to the service under the new order of things. On your behalf such loyalty, fidelity and devotion to service have been promised knowing full well the spirit in which you would meet and respond to the request. To do one's full duty in each position is the greatest obligation resting upon every person and is also the greatest opening to future preferment."

**ON TWO SIDES**

Here is the way Edgar Howard of the Columbus Telegram looks at the question of militarism in America: On one side of the ocean the magnificent men in American uniforms are fighting to destroy the standing army snake of Europe.

On this side of the ocean certain interests are trying to create a sentiment in America which will call for a vast standing army on our own soil after the war.

If our boys are right in their fight against the standing army snake in Europe, then it must be true that our home advocates of a mighty standing army in America after the war are wrong.

I believe our fighting boys are right, and that the home advocates of a mighty standing army after the war are absolutely wrong.

**FOLKS IN RUTS**

(By Strickland W. Gillilan)  
Th' world is full o' ruts, my boy, some shaller an' some deeper;  
An' ev'ry rut is full o' folks, as high as they can heap,  
Each one that's growlin' in th' ditch is growlin' to his fate,  
An' wishin' he had got his chance before it was too late.

They lay it on some one else or say 'twas just their luck—  
They never onct consider that 'twas caused by lack o' pluck.  
But here's th' word of one that's lived clear through, from soup to nuts:  
Th' Lord don't send no derricks 'round t' h'ist folks out o' ruts.

But only them that helps themselves an' tries for better things,  
Will ever see th' helpin' hand t' which each climber clings.  
This here's th' hard, plain, solemn facts without no ifs or buts,  
Th' Lord don't send no derricks 'round t' h'ist folks out o' ruts."

**HERE AND THERE**

Here and there and there and here, Just bumping and hunting around. "I'm doing my bit with my chemical 'ed'" To substitute smiles for frowns. For of course you know, I suppose it is hard

To use corn when you're so used to wheat. Some things "just crumble—some things go flat," Some things "you can taste in your sleep."

There's wives you know both young and old And some of them grandmothers Who howl and frown and fuss

For its "syrup instead of sugar." You'd think it was all the grocer-man's fault Or the government was trying to beat them, If you could hear them wrangle and cheat for more Instead of using less sweetening.

Then there are the folks who must eat the dope, Some turn up their nose and then fannick, And smell and fork and mince around Push it back and look sour like a clinic.

Ha! Ha! the blank fools, they're free and well fed. Much bigger without than within, Perhaps they won't have to go over the seas, They—and none of their kin.

They are easy to tell, these little souled folks, And every business man knows them, They carry a queer little querulous whine

And sigh when they see what is dealt them. They're often the ones whom the war hits least, Or those whose hearts arn't developed.

While the millions starve they would just as soon feast, With themselves their whole mind is enveloped.

"Oh dear," says a lady, "the cities best, My children, such delicate stomachs, Just can't eat barley—horrid flat taste—"

To find what they like drives one somewhat. "Well, my dear friend," I give her back,

"I suggest you do not worry, When your children get hungry as the Belgium babes They'll be glad for a barley bun-ny."

And then, to a village I hie me next, Cuddled in mid the fields of plenty. You look at the muscle and the flesh and brawn

And think, "Here there's surely none hungry" But hark! did you hear that heavy weight there?

"I say this is some flimflam" What'll we do at harvest time? Five pounds of sugar hasn't worth a damn."

And just about then he's riled my nerves up, I hand him some cookies made from syrup.

Some new potatoes fried in Mazola. He "lows they're bettern what the old was."

And while he admires my powdered nose, And runs his eye over my snow-white clothes,

I commence in tones of honeyed dew But his mouth's wide open when I get thru.

**PROPOSED CONSTITUTIONAL AMENDMENT**

The following proposed amendment to the constitution of the State of Nebraska, as hereinafter set forth in full, is submitted to the electors of the State of Nebraska to be voted upon at the general election to be held Tuesday, November 5th, A. D. 1918:

**A JOINT RESOLUTION** to amend Section one (1) of Article seven (7) of the Constitution of the State of Nebraska. Be it Resolved by the Legislature of the State of Nebraska:

Section 1. That Section One of Article Seven of the Constitution of the State of Nebraska be and the same hereby is amended by striking out the following words:

"Second. Persons of foreign birth who shall have declared their intention to become citizens conformably to the laws of the United States, on the subject of naturalization, at least thirty days prior to an election."

And inserting in the place of the words so stricken, the following words:

"Second. Persons of foreign birth who shall have become citizens of the United States by naturalization or otherwise conformably to the laws of the United States at least thirty days prior to an election."

Sec. 2. That at the general election nineteen hundred and eighteen (1918) there shall be submitted to the electors of the state for their approval or rejection the foregoing proposed amendment to the constitution relating to the right of suffrage. At such election, on the ballot of each elector voting for or against said proposed amendment, shall be written or printed the words: "For proposed amendment to the constitution relating to the right of suffrage," and "Against said proposed amendment to the constitution," relating to the right of suffrage."

Sec. 3. If such amendment shall be approved by a majority of all electors voting at such election, said amendment shall constitute Section One (1) Article Seven (7) of the Constitution of the State of Nebraska.

Approved, April 9, 1918.

Attest: KEITH NEVILLE, Governor.

CHARLES W. POOL Secretary of State.

**Holt County Land**

Now is a good time to come up and see the land in Holt county, and see what can be done up there. Lots of farmers are selling their corn in the field for nearly what the land can be bought for, and any kind of hay land is bringing over half what it can be bought for.

How's this: 160 acres only 5 miles from O'Neill, hay and farm land, only \$20 per acre and will take a car in on the purchase price.
