

One Nebraska Democrat

ESTABLISHED 1884

WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, FEBRUARY 5, 1920

\$1.50 PER YEAR

NORFOLK ENTERTAINS NORTH-EAST NEBRASKA EDITORS

Mrs. C. O. Mitchell journeyed to Norfolk Friday evening to attend the mid-winter meeting of the editors and to represent the Democrat there. Mrs. Mitchell said: "Of course you may know I was royally entertained while at Norfolk as I was a guest at the home of Mr. and Mrs. W. H. Weekes of the Press. Mrs. Weekes met me at the depot and together we attended the evening meeting. We were too late for the banquet but in time for most of the program and, as you know, show talk is meat and drink for the newspaper fraternity we fared o. k. on that score."

Hugh J. Boyle presided as toastmaster and in his opening remarks paid eloquent tribute to the work of American news writers, crediting them with a large share in the winning of the war. He declared that because of the work of these distributors of news, there will be no opportunity for radicalism or bolshevism to secure any footing in America.

Will Israel of Havelock, president of the Nebraska Press association, speaking on the subject "Why We Should Organize," paid tribute to those editors who had been martyrs to the profession and who had succeeded in bringing before the public the necessity of giving newspaper publishers a living wage for an honest product. Israel's story illustrating the faith and power of the American mother made a touching close to his address.

Arthur Thomas, manager of the publicity department of the Omaha Chamber of Commerce, a former newspaper publisher, in discussing newspaper work from the view point of an advertising expert, declared that organizations such as the Chamber of Commerce would some day become as important as a municipal or county government. He urged publishers to learn more about their own communities and their own counties. He declared that the population of Nebraska was not increasing rapidly enough and that a united advertising organization was lacking. He urged the organization of a publicity bureau for the entire state and appealed to the publishers to unite in advertising Nebraska.

Frank H. Beals, secretary of the Norfolk Chamber of Commerce, substituted for Rev. J. H. Andrews who was unable to be present. Mr. Beals read a poem written by Mr. Andrews complimentary to the editors.

The musical program for the banquet was furnished by the Norfolk fireman's glee club. Norfolk songs and other selections were immensely enjoyed by both the visitors and Norfolkers. Helen Scott, 5-year-old Lincoln girl, sang "Till We Meet Again."

The afternoon session which was held in the Chamber of Commerce hall was replete with shop-talk which developed the fact that newspaper publishers are facing a crisis in the print paper situation.

George Johnston of the Western Paper company declared that prices are continually increasing and that the future is a mystery. Publishers who order ton lots of print paper are given half ton shipments, and all jobs for this far have been barely able to fill the orders. New orders are not sought, the effort being to keep regular patrons supplied. Various reasons were given for the paper crisis, most important being the fact that a lot of the paper, most of which is now manufactured in Canada, is being exported. Paper making machines are scarce and very few have been made in recent years. J. P. O'Furey of Harrington, secretary of the association, declared that it has become the duty of every publisher in Nebraska to force the Nebraska delegation at Washington to take some step toward eliminating the paper crisis. He made a strong argument against the paper waste in large Sunday editions of the big daily newspapers.

O. O. Beck, field secretary of the Nebraska Press association, told the editors that the Nebraska congressmen in Washington are paying little attention to Nebraska editors and that letters to them are unanswered. Joe Redfield of Omaha was one of the features of the afternoon session. Gene Huse of Norfolk talked to the editors on the subject of "Building the Business." Mr. Marie Weekes of Norfolk talked on the relationship between the country papers and the farmers.

The following officers were elected for the ensuing year: G. A. Carlton, president, Oakland; C. H. Frady,

(Continued on Last Page)

AN 8-PAGE DEMOCRAT

The flu has the devil on the hip, the printer, who came to help, went home ill and has not been able to leave his bed; we drafted I. C. Trumbauer only to learn that he was exempt because his wife and son were both ill and in bed at the time he would have come; Wade is still at the hospital, but soon will be able to leave, but not work. We had a load of job work promised and Jack has been faithfully plugging early and late. Mrs. C. O. Mitchell responded to the S. O. S. and here we are with most of the essential local news crowded in around advertising enough for a larger paper—and the only consolation is that we are conserving high priced news print. The early copy advertisers were the ones first served. We thank you one and all to overlook any shortcomings.

WOMAN'S CLUB BAZAAR AND LUNCHEON SATURDAY

The Woman's club will hold their bazaar Saturday in the opera house. Plans have been going on for some time and the sewing committee, with the help of every member, has made up aprons, children's rompers, petticoats, etc. Also fancy work of all kinds. Home made sewing in these days will be appreciated by busy mothers. The bazaar opens promptly at 11:00 a. m.

Cafeteria luncheon will be served from 11:30 a. m. to 7:30 p. m. Business people and farmers, in fact every one who happens to be hungry, will find plenty of good things to eat. Get your luncheon and dinner there.

Many of the merchants and one of the coal dealers are going to give the ladies five per cent of their Saturday sales. Look up their ads.

The entertainment in the evening promises to be a real treat. It begins at 7:30 and no admission will be asked. Prof. Coleman will lead a number of community songs. The Rebekahs will put on a little playlet, "The School of Fascinators." This is a scream from start to finish and if you want a good laugh you'd better be on time.

The proceeds of the day will go into the community house fund and every man, woman and child at Wayne should be out to make the bazaar and luncheon a success.

MRS. F. L. BOLLEN OF WAYNE IN PRES. HOSPITAL, OMAHA

Mrs. F. L. Bollen has been in the Presbyterian hospital, Omaha, the past four weeks. Laurel friends who called Saturday found her comfortable but not allowed to sit up. Her appendix was removed and trouble following it was necessary to re-open the wound, which retarded her recovery. Other surgical work performed at the same time was successful and is expected to remedy troubles of several years standing. In the end Mrs. Bollen hopes to be in better health than for a number of years past. Laurel Advocate.

ELSIE MAY COLLINS DIES

Mrs. Collins died Monday at the home of Mr. and Mrs. Walter Miller, her daughter, at the age of nearly 84 years, and the body was taken to Panama, Iowa, this morning for burial. Mrs. Collins frequently came and spent several months at the home of her daughter here—and made her home part of the time with other children. A short funeral service was held at the Miller home Wednesday afternoon, Rev. Kilburn officiating.

FORDSON SCHOOL TODAY

That is what the Fordson demonstration now being put on at the pavilion by the Wayne Motor Co. people amounts to, and it will be worth the time of any who can visit the pavilion before night. They have here assembled a bunch of experts in the different lines, and they are the last word in their particular part. Mr. Brawder of the Arring Motor Co. can tell you of the heart of the tractor. Mr. Beal an expert oil man can make you wise on lubricants and the oil fuels. There is a specialist who will tell you points of tractors in general and the Fordson in particular, and Mr. Monson will demonstrate the Oliver plow, and Mr. McCormick the rolling disk, both Fordson implements. Mr. Kelly can tell of accessories, which is an important matter to consider.

RIED'S SALE GOOD

The Poland sale at the pavilion Tuesday was a good sale, as the good stock they grow warrants. They got \$310 and average above \$150 mark.

INDIA MASS MOVEMENT PAGEANT THURSDAY NIGHT

The India Mass Movement Pageant, showing how the caste system is being broken down and whole villages under the leadership of their mayors are seeking Christian baptism, will be presented in dramatic form at the Normal Auditorium on Thursday, February 12, at 8 o'clock. The pageant will be directed by the Reverend Mr. C. E. Parker and the Reverend Mr. M. D. Ross, both of whom have served as missionaries in India for a number of years right in the midst of the mass movement and are intimately acquainted with exotic features of that country.

The production will be a presentation of the astounding movement of the native masses of India toward Christianity, with a setting of the native life, modes of dress, customs and superstitions of the people. The "Raja Yisu Aya Song," which has had a tremendous influence in the Christianizing of India, will be sung in the vernacular by the players in costume grouped around the village Chaudhri, and there will be added touches which the directors themselves are able to give because of their intimate knowledge of the mannerisms and habits of the people of India.

This pageant was first given in the India Building at the Centenary Missionary Exposition at Columbus, Ohio, and created such an impression among those who saw it, that it had to be moved to one of the largest tents which seated many hundreds. Later it was presented with tremendous success before an audience of 30,000.

The present production is essentially the same, and has had everywhere the same unparalleled success, arousing favorable comment for both its dramatic and instructive value. The India Mass Movement Pageant is an Inter-Church World Movement event and Christians of all churches alike respond to its appeal with keen appreciation.

THE PROFITEERS AND SLACKERS

Last week we made mention of a government man coming to Wayne to investigate some complaints of alleged profiteering in sugar, and gave to our readers the ruling as to what constitutes profiteering. It is evident that Mr. Hess came to Wayne in response to complaints entered; yet, we are told, that of a number of complaints filed not one of those who made the complaint was willing to come out in the open and defend their charge. It is said, also, that the law is lame, and it is, if it be the law that there is no provision by which those making the complaint may be brought into court to testify. Of course it is a shame if there are any guilty of profiteering that those in position to testify to the fact are permitted to hide behind a legal loophole. It is unjust to the accused to make a complaint and then not permit him to have trial, if innocent, and if guilty it is unjust to the public. The profiteers were driven from the temple in Christ's day, so those who would stop profiteering as a matter of principle, have an illustrious example to follow in these days.

If a profiteer is worse than a slacker, what is to become of the wealth of the masses if the two combine to ply an illegal business? In public esteem the profiteer is more respected than the slacker—if he gets the kale.

PAVING CEMENT COMING

Contractor Able was at Wayne Wednesday seeking storage place for fifty cars of cement which are headed this way for paving purposes. He hopes to be able to rent a number of tight barns in different parts of the city along the line of the streets to be paved. Fifty cars of cement looks like quite a lot—but when it is remembered that the contract will take more than 1,000 cars of material fifty is but just a nice start. There will be more to follow.

STANLEY ELLSWORTH HEIKES

Stanley Ellsworth Helkes, infant son of Mr. and Mrs. Chas. Helkes, was born October 9, 1919 and died January 28, 1920.

Short funeral services were held at the home Friday afternoon; interment took place at Greenwood cemetery.

The sorrowing parents have the sympathy of the entire community. "He was but a bud on earth To bloom as a flower in Heaven."

The second basketball team went to Randolph for a game Tuesday night, and came home with defeat on their banner, the ratio of the score being about 15 to 1.

L. B. WOLVERTON TALKS ABOUT BETTER ROADS

L. B. Wolverton and son, Irvin, from near Stanton drove to Wayne for the early morning train to Sioux City, where they spent the day, in commenting on the weather and how it changes the senior member of the party told the editor that he was dragging the roads in his district the day before, and got good results with the top of the ground thawed just enough to let them smooth off nicely. In this manner he has eliminated the truck ruts. He found that all had not been busy on the roads the day before—and especially did he comment on the better condition of roads in his county than in Wayne.

He said that in many districts they are finding it beneficial to remove the new fallen snow from the road center. A light snow may be removed with the drag set to throw the snow out. When too heavy for the drag, or packed too hard, the grader is used. They find that the road which has been swept in this manner is by far the better road when the thaw comes. We notice that in the east on the great auto highways they are advocating the removal of snow, claiming that it is a great economy, increasing the hauling capacity so greatly that they cannot afford to leave the snow on track. Then there is another feature. If the snow is not removed the autos and trucks make a track, and one follows another, and bring all of the travel strain on one part of the road, when it would otherwise scatter over the entire road way.

He is interested in Wayne, the son and two daughters having attended the normal here, and the young man was glad to get a copy of the Democrat and read the normal news, and perhaps some other items.

LARSON-SODERBERG

Miss Edna M. Larson, daughter of Mr. and Mrs. Nels Larson of Dixon county and Mr. John Soderberg, son of Mr. and Mrs. Chas. Soderberg of Wakefield, were married Tuesday, February 3, 1920, by Rev. J. H. Feteroff, at the English Lutheran parsonage. The couple was attended by Mr. and Mrs. Henry Nelson of Wakefield.

BICHEL-MEYER

At the Evangelical Lutheran church, Wednesday, February 4, 1920, at 1:30 p. m. occurred the marriage of Miss Helene Bichel and Mr. Bernard Meyer, Rev. H. A. Teckhaus, officiating. The couple was attended by Miss Sophia Meyer, Miss Edna Maxwell and Messrs. Carl and Ernest Bichel. After the ceremony the company went to the Bichel home where a bountiful wedding dinner was served, sixty guests being present. Mr. and Mrs. Meyer will live on the Meyer farm southeast of Wayne.

LACKAS-DITTMANN

At the office of the county judge, Judge Cherry officiating, Thursday, February 5, 1920, occurred the marriage of Miss Elizabeth Lackas and Mr. Paul Dittmann, both of Randolph. Miss Lackas is well known at Wayne having been a student at the Normal for three years and afterwards a successful teacher in the Cedar county schools. She is the daughter of Mrs. Anna Lackas. The happy couple was accompanied by Miss Minnie Lackas and Mr. H. F. Sellon, both of Randolph. This last couple came very near falling for the persuasive methods of Judge Cherry and the record of the guaranteed happiness he gives away as a wedding gift.

BOYCE-FOLTZ

Miss Lillie Mable Boyce and Mr. Glen Elvon Foltz, both of Wayne, were married Wednesday, February 4, 1920, at 7 a. m. by Rev. J. W. Beard at the Presbyterian parsonage. The happy couple then boarded the morning train for a wedding trip to Minneapolis and Duluth, Minnesota. They expect to live on a farm near Winslow. The bride is the daughter of Mr. and Mrs. Jesse Boyce who live on the Perdue farm near Wayne and the groom is the son of Mr. and Mrs. Henry Foltz, west of Wayne. The young couple stole a march on their friends, hence the early ceremony but their friends are planning an old fashioned reception when they return.

DREDGING THE OUTLET

The Katz Construction Co., have two cars of a dredge outfit here to be used in opening the outlet for the storm sewer south of the railroad tracks. The open ditch will cut with a 9-foot bottom and an 18-foot top, and extends from the railroad right of way to the river, about a half mile in length.

ODD FELLOWS START CAMPAIGN

The Emerson I. O. O. F. had 2,500 circulars printed the last week and sent them out to the various Odd Fellows in the Northeast Nebraska association, reminding them that the real time of their life will be open to them next May when they come here to the district meeting. The Enterprise also printed placards in two colors which the boosting committee sent to the secretaries of the various lodges which are to be hung in a conspicuous place in the lodge rooms. This is also a reminder that big doings may be expected for all who attend the district meeting here. E. O. Shearer is the president of this association and with an able corps of assistants is going the limit to entertain all three-linkers who come—and they are going to come, too, the officer informs the writer. Emerson Enterprise.

AUTO TRIP SAVES THE WINNEBAGO GRAIN ELEVATOR

On Tuesday morning Fire Chief Peter Kautz received a telephone call from the Winnebago fire department, asking him to send down four links of fire hose, as one of the Winnebago elevators was on fire, and that they lacked sufficient hose to reach the burning building.

John Matus, of the Homer Motor company was called upon to make the trip in his automobile. He and Dick Hart piled in the hose at the town hall, and after leaving here they had water on the flames in 20 minutes and saved the elevator and its contents.

The distance is little better than seven miles and considering the condition of the roads, it was a record breaking trip, when time is considered. Mr. Hart found it difficult to keep himself and the hose in the car owing to the bumps and ruts in the road.

The engine house on the south side of one of the elevators caught fire and burned to the ground. It was only a few feet from the big elevator which was filled with grain to its full capacity. Without a doubt the building and its contents were saved due to the efforts of Mr. Matus' flying trip.—Homer Star.

THE FLU AND GRIP HAVE FLOORED PART OF WAYNE

There is much sickness at Wayne, mostly flu and grip. It seems to pick on an entire family, and there are many cases where all are in bed at once. To name the victims would be out of the question. We are glad to say, however, that we can learn of no one who is reported in a really critical condition, but many are under the care of the doctors. We hope the blanket of snow has covered the germs and put them to sleep.

It is reported that seven of the high school teachers are ill, but we did not learn which one is well. The hospital is having its share, and is a fine thing for those who can take advantage of its facilities for caring for the sick.

A NEW STEEL BRIDGE

Two cars carrying the new steel railroad bridge which is to span the Logan two miles east of Wayne are on the sliding here. When this new bridge of about 80-foot span is installed it will give more and better waterway than the present bridge permits, and be an improvement much needed.

MRS. C. H. KINGSBURY DIES

At Sioux City, Saturday, January 31, 1920, Mrs. C. H. Kingsbury, 49 years old, of Ponca, at the home of her son, L. H. Kingsbury, 1515-Stouffville, of a complication of diseases. She is survived by three sons, L. H. Kingsbury of Sioux City, and Merle and Francis Kingsbury, of Ponca. The body will be sent to Ponca for burial. Mr. Kingsbury is a partner in the law firm of Kingsbury & Hendrickson of this place and Ponca, and they are among the pioneers of this part of Nebraska. Mr. and Mrs. C. H. Hendrickson went to Ponca to attend the funeral.

ALFALFA SHIPMENTS

Agent T. W. Moran tells us they are asking for cars to load with alfalfa, as the last year crop here exceeded the feeding demand, due in part to the mid-winter. The price is said to be good. In addition to the Munsinger offering which has been a regular feature for several seasons, Wm. Von Seggern and Wm. Beutow each will have from eight to ten cars.

Miss Pearl E. Sewell is visiting the schools at Sholes today.

NEWS OF INTEREST FROM WAYNE STATE NORMAL

The basketball team, returned Sunday morning after having won three victories and having suffered no defeats, were entitled to the bounteous dinner served by President and Mrs. Conn according to the promise of the president made before they started on their journey. On Thursday evening Wayne succeeded in defeating Buena Vista college at Storm Lake, Iowa, 40 to 17. The second game played Friday with Western Union college at Le Mars resulted in a score for the Normal of 21 to 14.

Continuing their victorious march, the warriors conquered Trinity college of Sioux City Saturday night 23 to 18. An ungracious intimation by a reporter to a Sioux City paper that our boys won by reason of the favor of an official is clearly belied by the score which shows that Wayne threw ten baskets to seven by their opponents, that Wayne secured only three points by free throws while Trinity secured four in that manner. Referee Callowell is in the employ of the Y. M. C. A. of Sioux City, has officiated in many games and has an excellent reputation for knowledge and fairness in athletic matters.

Preparations are underway for the Junior play, which will be given in about six weeks. An American comedy by Denny has been chosen, and under the management of Miss Dewey, members of the class are trying out for positions on the cast. The results will be announced next week.

Yesterday morning at chapel Miss Martha Dewey, head of the department of expression, gave in an interesting and pleasing manner a rendition of a ballad, "The Highwayman" by the well-known English poet, Alfred Noyes. The poem itself is exceedingly musical and dramatic, and Miss Dewey entered into the spirit of the piece and carried her audience with her. In response to a hearty encore Miss Dewey read "The Dainty, Dainty Maiden."

Much interest is felt in the approaching visit of basketball teams from Peru and Chadron. For the first time in the history of the Wayne Normal we shall meet these schools on our home floor. Peru, who plays here on the night of February 11, has for a number of years been a leading institution in the college athletics of the state and will doubtless play an excellent game. Nevertheless, owing to the good record of our home boys, the students of the Normal are not without hope of winning. Chadron will be here on the evening of the 13th, and while that institution has not had so long a record as Peru yet its work thus far this season has been successful. In each case a lively contest is certain.

JENS PETER LARSEN

Childs of Wakefield, Mrs. G. G. Porson, Denmark, August 22, 1844. Died January 30, 1920, aged 75 years, 5 months and 8 days. He came to America to Pentwater, Michigan, in March, 1866. He was married to Miss Hancena Thorina Olson of Pentwater, Michigan, February 4, 1870. He came to LaPorte, Wayne county, in February, 1875, where he lived until the spring of 1906 when he retired from the farm and moved to Wayne.

He is survived by the widow, five daughters and one son. Mrs. A. E. Childs of Wakefield, Mrs. G. G. Porter of Lake Preston, South Dakota, Mrs. C. W. Johnson, Mrs. J. K. Johnson, Mrs. Ray Robinson and Frank Larsen of Wayne. Four brothers: Louise Larsen of Sidney, Peter Larsen of Wayne and Christian and Frederic in Denmark and one sister in Denmark. Thirty-four grand children and one great grand child.

Mr. Larsen was a member of St. Paul's English Lutheran Church, a man of true noble christian character and a highly esteemed citizen, respected by all who knew him. While he is taken from our midst, he ever liveth in the hearts and minds of his friends.

Blessed are the dead which die in the Lord from henceforth; yea, saith the Spirit, that they may rest from their labors; and their works do follow them.

The funeral was from the church of which he was so long a member, Wednesday afternoon, Rev. C. J. Ringer, his former pastor coming from Council Bluffs to conduct the service, Rev. Feteroff and family being among those suffering from the flu.

Don't hold your eggs at this season of the year when prices are falling. Take them to Fortner for the top price, which may be lower any day.—ady

LOCAL AND PERSONAL

Mrs. Frank Schulte and daughter, Miss Ida, were visitors at Sioux City Friday.

Prof. I. H. Britell was looking after business at Sioux City Friday and Saturday.

Mrs. F. H. Jones went to Creighton Friday to visit relatives and friends a few days.

Mrs. Art Lynnmann visited at Sioux City Friday, going over on the morning train.

Wm. Gildersleeve went to Mitchell, South Dakota, Monday to look after his land interests there.

Mrs. M. L. Brown went to Sioux City Monday, planning to make her home there for a time at least.

Mr. and Mrs. P. L. Neely went to Sioux City Friday for a week-end visit with relatives at that place.

Mrs. J. E. Jeffries went to Omaha the first of the week for some needed goods for the ready-to-wear shop.

Mr. and Mrs. G. H. Thompson went to Lyons Monday to visit his father, who is in failing health at that place.

Mrs. A. E. Childs from Wakefield came Friday to visit at the home of her parents, Mr. and Mrs. J. P. Larson.

Master Henry Day, who went to Long Beach about six weeks ago with his grandfather, returned the first of the week.

Agents Wanted for county contract on Ray Puncture Proof Interliner. Large commissions. No competition. Write or wire Rubber City Sales Co., 2064 Fairbank street, Omaha.

It costs no more to feed and grow a pure bred than a scrub—buy the thoroughbred at the Tidrick sale at Winside Saturday. adv.

Miss Sybil Dixon and her sister, Mrs. Slaughter, who is visiting here, went to Omaha the first of the week on a business mission.

Mr. and Mrs. Chris Schon from Randolph were here Thursday last, coming down to attend the Lilja wedding northeast of Wayne.

Salesman Wanted to solicit orders for lubricating oils, greases and paints, salary or commission. Address The Lennox Oil & Paint Co., Cleveland, Ohio. adv.

Say, Mr. Farmer, if any of the Tidrick hog offering is going to be knocked down for less than value, you should be there to get your share of Harry's loss. adv.

Mr. and Mrs. E. W. Huse went to Norfolk Friday to attend the editorial meeting, but only remained a short time, returning on the afternoon train.

Geo. Guenther was taken ill the first of the week and taken to the Winside hospital for treatment, and care, and possibly an operation for appendix and gall trouble.

J. C. Nuss left Monday afternoon on a buying trip to Chicago. Most people in mercantile business contend that it is a hard proposition to purchase goods and get delivery now.

Geo. Pattersen went to Omaha Monday with a car of light cattle from his farm feed yards. He talked as though he would be disappointed if the price was such that he was not stung.

Statistics that have been gathered by the government indicate that farm wages last year, the country over, averaged the highest in the history of this country. The records go back to 1886.

Miss C. Helen Sweeney, who for a year and a half taught English in the Wayne high school, left Monday to accept a place in the high school at Parson, Kansas. She will instruct in English there.

Not many moons ago a patron inserted a little "for sale" in this paper, and three days later came in saying not to run it again, for it had been the means of closing out the entire offering, and each and every purchaser (and she took pains to ask all) indicated the Democrat as the source of their information of the offering.

Frank Gaertner returned home from Grand Rapids, Michigan, Monday evening. He had been there looking for furniture, and reports that it is very hard to find these times.

"Pat" Huggins, from the Boyd hotel was taken to a hospital at Omaha Monday, suffering from rheumatism. He has been in poor health for a year or more. Mr. Gansko accompanied him.

Mrs. Walter Fisher and children came from Randolph the first of the week moving to the good town of Wayne. They occupy a part of the Madison Brown house in the east part of the city.

James Smith returned Monday from a trip to Miller, South Dakota, where he went about two weeks ago to drive a car across for his brother, Lee. He said that most of the way roads were good for winter time, and that weather conditions there are about the same as here.

We notice that the coal famine is becoming a story of the past. Coal dealers in some of the neighboring towns are advertising good western coal at \$9.00 per ton. We know not how good it is but it shows a decline in price compared with what has been paid in the past.

Ivan Frey and Arthur Dean, the two young men who purchased the Manske garage of Gus Manske, took charge of their new business on Monday morning. The Leader wishes them lots of success. Pierce County Leader, Ivan Frey was until about four years ago a Wayne young man.

Mrs. R. H. Hansen was called to Cushing, Iowa, the last of the week by the serious illness of her little grandson, Lowell Hass, who is ill with pneumonia. The little fellow made his home here with his grandmother a year or two when an infant. Richard Hansen accompanied his mother on the trip.

If any doubted that the groundhog saw his shadow, that doubt was dispelled the morning of the 30th as they hustled out of bed and grabbed the snow shovel and began to scoop 450th running feet of walk. January weather was not bad, and saw but little snow to scoop; but February is starting in a little fresh.

Mr. and Mrs. W. A. Hiscox went to Fremont Sunday, where they visited a few days and then went on to Lincoln and Omaha, taking in the meeting of the Nebraska hardware dealers at Lincoln. Will was the guest of Governor and Mrs. McKelvie last evening, and we suppose he and his lordship had a splendid visit.

Geo. Box was called to Boone, Iowa, Monday, saying that his sister, Miss Lottie Box, was critically ill. Miss Box spent part of last summer here with her brother. A genial lady who had the misfortune to be a life long cripple. Those she met here will learn with regret that her illness is not considered possible to be long survived.

Monday afternoon Mr. and Mrs. J. C. Forbes and their daughter, Miss Marzuerle, left to spend the remainder of the winter at Hollywood, California, with a daughter and sister who lives there. As the most disagreeable part of the winter may yet be to come, they are fortunate in being able to slip out of Nebraska for the coming part of the winter.

For the want of a nail the shoe was lost, the horse and the rider, and so on the tale of woe we read. It came to mind just now, when because of the loss of our scratch pad on which a dozen or two of notes were made causes us to realize that not all of them can be recalled from memory, so we explain with apologies.

Mr. and Mrs. Bryan Klopping returned home last Thursday from their wedding trip, which was marred by the grip; both bride and groom suffering for several days while at Omaha from the flu or grip or whatever is the prevailing illness. They were given a hearty reception upon their arrival home by friends who had been waiting the opportunity to welcome home the happy couple.

Herb Hancock, for the past eleven years an express messenger on the Bloomfield run, has been transferred to a run between Omaha and Chadron, and himself and family passed through here the last of the week on their way to their new home at Omaha. Herb has many friends all along his run from Bloomfield to Emerson and back again. He will be missed and he will perhaps be lonesome while forming a new circle of acquaintances.

Saturday is Harry Tidrick's annual sale of Poland and Duracs, at Winside, and Harry offers the people of this part of Nebraska opportunity to purchase some of the very best that is to be had of these two money making hog breeds. He is constantly infusing new and good blood into his herd, and within a week has added six or seven Poland sows to his herd, buying from two sales at Norfolk and from an Emerson offering. It will certainly pay any farmer who wants a start or has a start with either of these two hog breeds to attend this Saturday sale and if any animal is to be sacrificed, see that the sacrifice comes to your herd.

Keep Baby's Playgrounds—the Rugs—Safe and Sanitary with a Hoover

The American Association for the Study and Prevention of Infant Mortality on Dec. 7, 1918, issued this warning to parents:

"Colds are dangerous. . . . A cold will develop if the general resistance of the system is not great enough to withstand the poisonous action of the germs that settle in the nose and throat. . . . Resistance to colds is lowered by: . . . Lack of plenty of fresh air—especially breathing a dusty atmosphere. . . . Broom-sweeping creates a dusty atmosphere." It scatters germs

"that settle in the nose and throat." So it is dangerous to al in the home. Worse, however, is the failure of broom-sweeping to more than skim the surface. It fails to dislodge the deeper dirt, the dirt in which germs thrive. The fingers of the babies, however, sinking into the nap are contaminated by this buried dirt. And from the hands to the mouth go many germs. The risk is unwarranted. For a Hoover remedies such conditions. It cleans dustlessly. It cleans thoroughly. Because when you

JUST RUN YOUR HOVER

IT BEATS

AS IT CLEANS

AS IT SWEEPS

The buried, germy dirt is beaten forth. The surface dirt, and all pins, buttons, scraps, etc., are swept up. The air is kept dustless. The germs are collected and removed—not scattered to be breathed or to be dug out by tiny fingers and swallowed. But only a Hoover beats . . . as it sweeps as it cleans. So to keep

baby's playgrounds—the rugs—safe and sanitary, as well as to keep the air wholesome, you must have a Hoover. The terms we offer make acquisition no problem—at all. Come during Baby Welfare Week—and accept this safeguard for your little loved ones. Call at once—end the risk this week.

Carhart Hardware Company

Miss Hazel Johnson visited at Hartington Monday.

Francis Jones was at Sioux City Tuesday for the day.

Remember the Tidrick double sow sale at Winside Saturday. adv.

Mrs. Seniff and daughter Neitha were passengers to Omaha Tuesday.

Mr. and Mrs. Wm. Jenkins from Carroll were Wayne visitors Tuesday.

Mrs. John Bridgette of Sioux City visited, friends here between trains Saturday.

C. H. Christensen and Levin Johnson of the Monument Works were at Sioux City Saturday on a business trip.

Mr. and Mrs. A. Banta returned the last of the week from a month's visit with relatives and friends at Anthon, Iowa.

Geo. McEachen was at the hog sale at Emerson Monday, and it is said that eleven of the bunch sold followed him home.

Mrs. H. H. Hahn was called to her old home at Circleville, Ohio, the last of the week by word of the serious illness of her father.

Mr. and Mrs. Vern Fisher visited at Norfolk the last of the week—and have purchased a place and plan to soon move to that town.

Mrs. J. C. Rehder went to Creighton Tuesday for a visit with home folks. Mr. R. is keeping books at the Kay & Bichel implement house.

Harry McMillan was called to Council Bluffs Tuesday by a message telling of the sudden death of his brother-in-law, a Mr. Stevens of that place.

Francis Gaertner, who has been here for a time while his father was away, left Tuesday morning to join his mother and sister at Fairbault, Minnesota.

Ben McEachen was at Omaha Tuesday looking for feeders. Mr. McEachen has been raising from 800 to 1,000 hogs annually and feeding from 400 to 600 cattle.

Postmaster Frey from Winside, was here Tuesday on his way to visit a brother near Bloomfield. He was almost afraid to venture up the branch for fear of being snowbound.

John Massie Junior was home from Madison for a Sunday with his parents at this place. He is meeting with splendid success in his school work there. He is teaching manual training.

M. T. Munsinger who has been spending two weeks here looking after business, was called to his home at North Platte Monday, as threshing was to begin on his farm out there—weather permitting.

Miss Barbara Goedert from Winier, South Dakota, stopped here between trains while on her way to market for a millinery house. Miss Ethel Swanson from Carroll met her here and spent the night with her.

Mrs. Walter Lerner and baby visited her home folks at Madison over Sunday.

Mrs. J. G. W. Lewis went to Lincoln the last of the week to visit Mr. Lewis, who is there as a delegate to our constitutional convention. She said something about the flu being a disturbing element among the delegates.

Mrs. Wm. Bekowres and daughter Julia of Sholes were here Tuesday, returning from a visit with friends at Hay Springs. They were accompanied home by Mrs. Kutschara of Hay Springs, who will visit at Sholes a few days.

Mrs. O. M. Davenport and children, and her sister, Miss Pearl Cooper of Hartington were passengers to Carroll Tuesday, going to make that place their home. Mr. Davenport having been sent there as station agent and operator.

They fell us that land is at the top, but the fellow who refused \$525 per acre for a quarter section near Wayne evidently does not think that it is—and he added that they called him foolish when he bought the piece at a couple of hundred per acre less not so very long ago.

Base Burner For Sale

Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$20.00
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$3.90

GOODYEAR

PERFECT ATTENDANCE CERTIFICATE

Pupils who have recently received certificates of award are as follows:

Elsie Wert of district 57, Jens Jorgensen of district 56, Olga Nielsen and Helen Johnson of district 63, Johnny Grove of district 27, Melba Thompson and Freda Baier of district 10, Leora Test of district 33, Lorence Voss, Helen Voss, Verona Buss, Bertha Meierhenry and Hilda Bernhardt of Hoskins; Delmar Yaryan of district 61, Nolan Holckamp, Dorothy Meyer, Marion Stephens, Teddy Fredrickson, Maurice Fraehels and Elvin Staarm of Carroll; Walter Kahler, Raymond Kahler, Arthur Reinbrecht, Alma

Lautenbaugh, Elwin Trautwein, Loretta Wacker, Fern Rander, Walter Fletcher and Vivian Holcomb of Winside; Morris Jenkins of district 36, George Bruise of district 78, Opal Rosacker of district 50, Johnnie Grimm of district 8, Ernest Grono and Viggo Hansen of district 69, Hazel Nissen of district 53, Esther Reichert and Velma Longnecker of district 79, Elmer Otte of district 72, Dora Ulrich of district 71, Harry Lenser of district 60, Mayme Hall Margaret Stamm, and Carl Ehlers of district 77, Otto Maas of district 55, Ella Tietgen of district 80, Dorothy Kay of district 42, Dan Chambers and Allene Buskirk of district 4.

OUR PRIMARY VOTE

We have an early primary this presidential year, and being a believer in the rule of the people, the Democrat proposes to give its voters an opportunity to express their preference for men or women to fill some of the various offices. We ask those who are of legal voting age to fill any or all of the blanks below with their choice:

- For President
- For Congressman Third District
- For Governor
- For State Senator
- For Member of Legislature
- For City Mayor

We will prepare a box in which you may deposit a vote. This box will be opened Wednesday and the contents arranged for publication, thus giving people an opportunity to make public their preference for the different offices. In this manner some good new names may be presented—and perhaps a good officer selected. Any who wish may place their name on the ballot so that we may know who voted. We would like it much if women voting would mark their ballot to indicate that fact.

NEBRASKA WEEKLY INDUSTRIAL REVIEW

Facts are fatal to all forms of radicalism—industries, payrolls and improvements educate the people as home and community builders. The Kearney commercial club is to bring two carloads of Holstein cows

LUCKY STRIKE CIGARETTE

GET a package today. Notice the flavor—the wholesome taste of Kentucky Burley tobacco.

Why do so many "regular men" buy Lucky Strike cigarettes? They buy them for the special flavor of the toasted Burley tobacco.

There's the big reason—it's toasted, and real Burley. Make Lucky Strike your cigarette.

LOOK OUT FOR THE CARS

If the people are looking to their best interests they will stop and look and listen before they make the crossing from a progressive democratic administration to a reactionary republican control. Look back at the long years of scrambling times, with the money of the land under the control of the Wall street gang to the money conditions today. True, they may not yet be just as good as they might be, but the Federal Reserve banking act has been the means of placing much money available for use by the people, where those who have a financial standing may obtain it without bowing the knee to Wall street autocrats of other days. Not only was the money of the people in their control, but this gang seemed to have their finger on the purse strings of the smaller banks, until they had little independence. The flurry of 1907 is still fresh in the minds of many. Then people who had deposited money subject to check, that they might use it as needed found that they might have only a small part of their own; and while the actual losses through insolvency were few a panic spread over the country. Stock buyers and grain men refused to buy stock and grain. Prices went a glimmering. The price of fat hogs through this west country slumped nearly half, and pandemonium seemed to prevail for a short time. People traveling in the east suddenly found their traveler checks without value for immediate use; and it was a fortunate one who had the real money with him instead of an evidence that he had deposited his legal tender in some bank. This was not the fault of the individual banks and bankers; but the outgrowth of a system which permitted certain interests to dominate the money. When it was time to move the crops the price of money for use increased, and the prices of produce went down to correspond.

FANSKE'S WEDDING RINGS are the best that can be made. We have the correct shape and all styles.
L. A. FANSKE, Jeweler
Wayne, Nebraska

If that condition pleased you, vote to have it returned by the stand-patter—who is much of a stand-patter as ever, only he cannot work at it quite as well.

DO YOU KNOW

That in less than six weeks the time for filing for a place on the primary ballot in Nebraska will be passed. It hardly seems right to have to talk politics, and urge citizens to do their duty in the middle of the winter, and it really seems too early for the early bird to get a worm. You might hunt up that little blank in another column and make up your mind who you prefer to have in the various offices, and say so. A president, a governor, a congressman, a state senator, a representative and a mayor for Wayne are wanted. Read and vote—do your share in suggesting some good men for the places.

Nebraska had 197,500 automobiles in service last year, an increase of 12.5 per cent over the previous year; a very healthful growth. Some states made a gain of more than 46 per cent last year—but did not have many cars to begin with, for they now have but a few more than 100,000. New York has the greatest number of any state, approximately 600,000. Ohio is second with more than a half million cars. Of our border states, Iowa has the most, with more than 350,000 cars. Kansas has about 30,000 more automobiles than has Nebraska. Nevada has the smallest number of cars, being less than 10,000; yet they have as many votes in the U. S. senate as has New York.

The trial of Senator Newberry, and about 122 of his pals is now on at Grand Rapids, Michigan. The senator is charged with conspiracy in connection with the 1918 senatorial campaign in Michigan. One thing that will tend to make it go hard with the senator and some of his companions in the attempt to corrupt the electorate of Michigan, is the fact that some of these charged with the crime have admitted their guilt. From the opening statement of the state in the case, it looks very much as though they had the goods on the senator and his gang of political crooks.

The peace treaty and league of nations is to be called back to the floor of the senate soon—not later than the 10th, and sooner if the republicans may have their way about the question. Wonder if some of those fellows are not hearing from home? That student vote, where the vote in favor of the ratification was ten to one of those against it, may have made some think that these fellows, and the women as well will soon have a say as to who holds a place in the senate.

And the president is quietly sawing wood while the majority in the senate fiddle—Rome is burning. It is up to the senate to act on the treaty or take the blame for the delay.

The clothing men—the big fellows, we mean, are said to, rather like the present high cost of clothing, and are not inclined to aid Uncle Sam in making the prices any less.

Governor McKelvie thinks he can stand it for another term, and has so announced. Can the people stand the deal? That's the question.

JOHN S. LEWIS, JR., HARNESS AND SADDLERY, WAYNE

John S. Lewis Jr., Harness and Saddlery, Wayne, Nebraska, is the only place to buy a hand made oak leather harness in Northeast Nebraska. While they last be sure to get one. As one hand made will wear longer than any two machine made and the price is no more. Repairing rightly and reasonably done. 5 cf ad

EAST OF TOWN ITEMS

John Parks and D. Herner autoed to Norfolk Tuesday.

Mr. and Mrs. Pete Lange celebrated their silver wedding anniversary Friday.

Miss Julia Johnson of near Wayne, spent the week-end with her sister, Mrs. Jens Jensen.

D. Herner and Orval Puckett autoed to Howells and Batavia Wednesday on business. D. Herner is the census enumerator out here.

A Pleasant Evening

Mr. and Mrs. Jensen invited about fifty friends to help them celebrate their leather wedding anniversary, January 31. Various games and music constituted the evening's entertainment.

Miss Anna Tarnow and her brother Henry won the prizes (small pipes) in the peanut race. In the bean guessing contest four tied for first prize (a box of chocolates.) A tempting luncheon was served by the hostess. Relatives gave them a leather stool.

The guests departed at a late hour seeing Mr. and Mrs. Jensen royal entertainers.

Friday and Saturday only, I am inviting the ladies to visit my ready-to-wear store and inspect the offering of new dresses which I am offering those two days only, at one-third off. Mrs. Jeffries. adv.

Valda McMillan and John Clayton of Winside, Katie Carstens of district 79, and Norris Schroeder of district 9, received gold seals.

A CONTRAST

(From Nebraska Teacher) A county superintendent visited two schools not long ago. When he

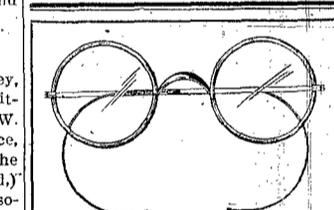

entered the first school, everybody seemed to be engaged in the task assigned him. The teacher was seated at her desk attending to her work. She glanced up when the superintendent came in, gave a nod of recognition, and went on with her work. A few minutes later she passed back to the superintendent and handed him her plan book, daily class book and attendance register. Upon examination of the plan book, it was found to be kept right up to the minute. Every lesson had been planned and the plans were well connected from day to day and week to week. The daily class book had been kept up, showing the daily work of each child. The register was well kept, neat, and the directions for keeping the register had been followed correctly and in every detail. All other phases of the school work were going on without friction, fuss, or put on. At the close of the session, which happened to be the noon hour, the superintendent asked the teacher, "What is your problem in this school?" The teacher replied, "To keep a certain boy busy by being interested in his work." The discussion which followed brought out her idea that to do this she was compelled to teach the whole school well, by being busy herself and interested in the activities of the children with emphasis upon the interests of the boy leader of the school.

The second school was playing a game, which had no end in view, when the superintendent stepped in. It happened to be about a half hour after school called. The teacher was seated at her desk, enjoying the game. As soon as the superintendent stepped in she spoke to him from the far corner of the room, began to converse with him about his coming and stated that they had been expecting his visit for some time. A class was called, the usual questions and answers were given in a haphazard way. As soon as the class was dismissed, the teacher took her attendance register back to the superintendent and began talking about her plan book. She simply could not keep it up. Her work was so heavy. She could think out the plans as she went along and do much better work. All the usual excuses were made and then she wanted to know how she could get a certificate in Colorado or some other state, where she happened to have a friend teaching.

Which teacher's salary will be increased next spring?

STATE EXAMINATION DAYS

About fifteen ton second cutting alfalfa, put up without rain. Fred Gilchrist, phone 1111-422. Adv.

WHAT ONE GRADUATE OF THE RURAL DEPARTMENT IS DOING!

The teachers and pupils of the Fair View school, five and one-half miles northeast of Laurel, gave a very interesting program on December 19 in connection with a box social, given for the purpose of raising money to buy equipment so that the teacher could give hot lunches at noon. Miss Laura Hintz is teaching her second term here and they are now occupying a fine new school house and have twenty pupils for the average attendance; she finds that by giving hot lunches, a greater interest is taken in the studies and the mothers in the district are much pleased with the project. They say it lessens the work at home as all they send each day is bread or crackers. A committee of four is appointed by the teacher each day to bring what meats and vegetables are to be used. At recess all help prepare them while the teacher oversees the work.

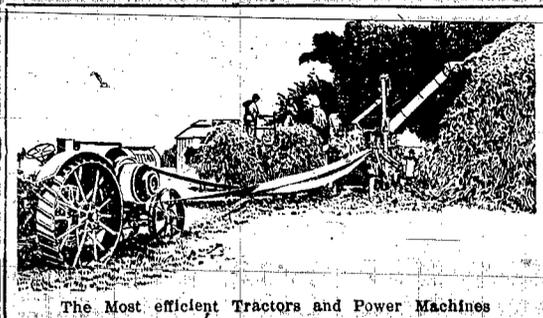

A play entitled "Hearts and Diamonds" was given in three acts. After the program 29 boxes were sold and hot coffee sold to the large crowd. The proceeds from the sale were \$186.50.—Coleridge Blade.

McCormick — Deering — International — P & O

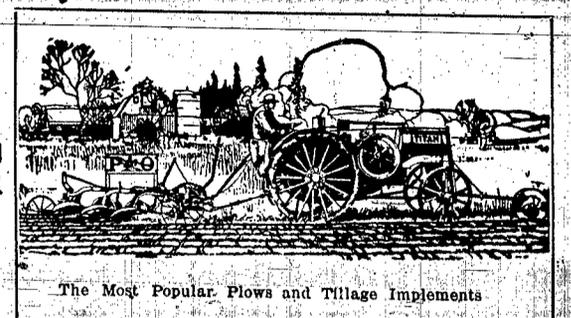

The Deering and P & O Have Been Added to Our Lines for 1920

The most Reliable Harvesting and Haying Machines

The Most efficient Tractors and Power Machines

The Most Popular Plows and Tillage Implements

YOU know these trade names. Your father and grand-father knew three of them. They knew in their time, and you know today that these names stand for the highest quality farm machinery in the world. McCormick built the first practical reaper, Deering sold the first twine binder and was a good-twine pioneer, and William Parlin was one of the first steel plow pioneers. The lines of harvesting machines and plows started by these farm ma-

chine builders have been growing and developing ever since. Other machines have been invented and developed by the same manufacturers, and every new machine and implement has had built into it the years of manufacturing experience and farm knowledge accumulated by McCormick, Deering, Parlin and their successors. Now all of these machines and implements have been merged into one line—the International Harvester. The reputation of every machine and implement in this line is the same.

We Sell The International Line

WHAT DOES THIS MEAN TO YOU AS A FARMER? It means, first of all, that you can buy any farm machine or implement you may need, right here in this town, without taking chances on EXPERIMENTS or implements that might be "orphaned" one or two years after you buy them because of the manufacturer going out of business. You can always get repairs for any machine or implement in the International line because the Harvester Company will never go out of business. You are assured of reliable machines because every machine in the Harvester line is tried out and tested under actual farm conditions, before being offered for sale to the farmer. Experimental Department of the Harvester Company is the most thorough and active institution of its kind.

It means, second, that you can get repairs and repair service on all of these machines through one concern—us. You don't have to go to the bother and inconvenience of trying to get repairs and service from half a dozen or more different companies. You won't be taking chances on expensive delays waiting for repairs during the busy seasons because we are going to carry a big stock of repairs on hand and any repairs that we might not have we can get for you in a hurry by a phone call to the International Harvester branch-house. Tack this advertisement up in your machine shed so that whenever you need repairs for any of your International machines you will know where to go. Also, you will know where to go when you are in the market for new machines or implements of real quality and the highest operating efficiency.

Kay & Bichel

Wayne, Nebraska

LOCAL AND PERSONAL

Jas. Brittain from Madison spent Sunday and Monday with Wayne relatives and friends.

R. S. Jeffry and Milo Krenke were at Emerson Monday attending a sale of Poland China hogs.

Nels Nelson was out from Sioux City the first of the week visiting his children here and greeting old friends.

Miss Genevieve Dorsett made a trip to Randolph the last of the week, starting up on a visiting trip, which she greatly enjoyed.

W. B. Sablin of Laurel returned Sunday from McAllen, Texas, where he purchased 52 acres five miles from the town, which he says has 7,000 population.

J. H. Massie has sold his modern residence and a quarter block of ground in the east part of the city to E. S. Edholm, who is to have possession April 1. The consideration was \$6,600.

O. F. Paulson and family have moved to Ponca and will farm there the coming season. Their car went last week and Mr. Paulson, assisted by Ora Martin led the horses across overland.

H. B. Nelson, who is to be in charge of the distribution of the Case threshing machines in this part of

Nebraska this season, is much inclined to make Wayne his headquarters. It will be hard for him to find a better place in his territory.

Edward Horn, who has been for a number of months past in the employ of the Wayne State bank, left Friday morning to continue his studies at the university. He is taking a course in law and business administration, and has already earned credits for more than half of the course.

Rev. S. E. Bishop of the Carroll Baptist church was at Wayne Monday returning from Creighton, where he had been to supply a pulpit Sunday. Carroll churches still being closed by order of the board of health, on account of the prevalence of the flu at that place. Mr. Bishop and daughter visited at Wayne Saturday, coming that far with him.

Every week, almost, Aug. Loberg, who recently moved from his farm near Carroll, gets so enthusiastic about getting to work that he boards the 11 o'clock passenger ticketed to what he calls his "real home," on the farm where they lived so many years—and goes to work for a time, but he always comes back—at least he has unless it is the last trip. Friday, we will not say how hard he works, but we do not think but that he will at least earn board for one.

The library board will meet Tuesday evening.

WITH THE WAYNE CHURCHES

Lutheran Church
(Rev. H. A. Teckhaus, Pastor)
Sunday school, 10 a. m.
Morning service, 11 a. m.
You are cordially invited to all our services.

Wayne Methodist Episcopal Church
(Rev. W. Kilburn, Pastor)
Sunday school 10:00 a. m.
Preaching service 11:00 a. m.
Epworth League 6:45 p. m.
Prayer service 7:30 p. m.
Prayer meeting Wednesday evening at 7:30.
A splendid missionary program will be given at the state normal auditorium on Thursday, February 13.

English Lutheran Church
(Rev. J. H. Fetterolf, Pastor)
Next Sunday the following will be the hour and order of services:
Sunday school at 10:00 o'clock.
Preaching services at 11:00 a. m. and 7:30 p. m.
Business of importance will be considered at the morning service, and all of the church officers are requested to attend.
Saturday afternoon at three o'clock the catechism class will meet at the church.

The First Presbyterian Church
(Rev. J. W. Beard, Minister)
Morning worship at 10:30. Theme of the morning sermon "The Source of Light."
Evening worship at 7:30. Theme of the evening sermon "After the Battle."
Sunday school at 11:30. Classes for all. Why not attend one of our adult classes?
Christian Endeavor at 6:30. All young people cordially invited.
A real welcome awaits you at this church! Come!

First Baptist Church
(Robert H. Pratt, S. T. M. Minister)
Morning service of worship at 10:30. Subject, "Prayer."
The church school at 11:30.
Meeting of the young people at 6:30. Topic, "A Worthwhile Life." Mrs. Vallie Sprague will be leader. Scripture lesson, Psalms 37: 13-19.
Evening preaching service at 7:30. Subject, "Influence."
We wish to have all our people bear in mind the fact that Dr. Collins has promised to conduct an institute on Sunday school and young peoples' work in our church some time in March. The institute will last for

one full week and there will be three classes daily. One at 4 p. m., one at 7:15 and one at 8:15. The church will put aside all other tasks during that week and train for more efficient work in the kingdom of Jesus. There will be further announcements later.

Mrs. Ed. Johnson of Sioux City, had the misfortune to fall and break her arm last Saturday.

Mrs. M. L. Mellick of Omaha came from Omaha to visit in the home of her sisters, Mrs. Lambert Roe, Miss Fortner and with her brother George Fortner and family.

We are again selling flour at reduced prices, in 5 and 10 sack lots. Wayne Roller Mills, W. R. Weber, Proprietor.

THE BIG FETE DAY

Saturday, February 7

WISHING to do our bit in aiding The Woman's Club, who are sure hustling to make February 7, a Big Fete Day.

NORFOLK ENTERTAINS NORTH-EAST NEBRASKA EDITORS

(Continued from Page One)
Vice-president, Oakdale, J. P. O'Frey, secretary, Hartington.
After the election of officers and a very interesting round-table talk, the editors went to the Pacific hotel and continued the talk over a splendid dinner.

The next meeting will be at Sioux City some time during the summer at which time the editors of eastern Iowa and southern South Dakota are expected to join the Northeast Nebraska editors in a get-together meeting.

Every editor attending the mid-winter meeting went home enthused and encouraged by the meeting of co-workers and the success of the meeting. The cordial hospitality of our little city, Norfolk, up here in the best part of the state, was greatly enjoyed.

SOCIAL NOTES

The regular meeting of the O. E. S. will be Monday evening, February 9.

The Queen Esthers will meet next Tuesday evening with Mrs. Wm. Kilburn.

The Guild of St. Mary's church has postponed their meeting with Mrs. F. S. Berry this afternoon on account of so much sickness.

The Early Hour club meets tonight with Mr. and Mrs. Harrington for a six o'clock dinner. The evening will be spent playing 500.

Mrs. Carlos Martin entertained the girls Bible Circle Friday evening and Miss Charlotte Ziegler led the lesson study. The girls will meet with Mrs. E. B. Young this Friday evening and all are invited.

The Ladies' Aid of the M. E. church met in the church basement last Thursday afternoon. About thirty-five were present, and each brought articles to replenish the kitchen. The time was spent in sewing. Refreshments were served.

The members of the U. D. club met at the home of Mrs. Charles Craven Monday. A piano solo was given by Mrs. James Miller. As the members who were on the program were sick, Miss Ella Morrison told of her experiences in canteen work in France. Next Monday Mrs. Harry Fisher will be hostess to the club.

The P. N. G. society have changed their meeting night to the second Tuesday of the month and thus the next meeting will be held February 19, and the place is at the home of Mrs. Wm. Broschert. Members will respond to roll with some current event. It has been decided to send clothing to the orphan home at York and it is hoped that all can aid in this good work.

Miss Ella Morrison entertained at a card party Saturday evening at

the home of her sister, Mrs. J. W. Jones. Bridge was the social diversion, the game being played at three small tables. Miss Jenks won the prize, an ever sharp lead pencil. Mrs. Harry Armstrong of Sioux City was an out of town guest. At the close of the evening the hostess served delicious refreshments.

The Alpha Woman's club met with Mrs. Claude Wright Tuesday evening. Members responded to roll call with quotations from Washington and Lincoln. On account of sickness there was no program, but a splendid social evening was enjoyed by those present. The hostess served lovely refreshments. Mrs. Whitney will entertain the members of the club at a valentine party, February 17.

The members of the Acme club met at the home of Mrs. Walter Weber on Monday afternoon. The members responded to roll call with current events. Mrs. J. G. Mines read a very interesting article on General Goethals and his work on the Panama canal. Mrs. Crawford read an article on the lives of great men who completed their lives before they reached the age of 50 years. Mrs. Weber served an elaborate luncheon. Mrs. Britell will be hostess next Monday afternoon.

The Monday club met February 2, with Mrs. A. B. Carhart. Mrs. Chace gave a very interesting book review of the autobiography of a happy woman. Mrs. Beebe of Wakefield gave a very instructive report on the making and publishing of books. Mrs. Edward Davies was a guest. The club voted to send \$15 as a valentine to the wounded soldiers in the base hospital at Ft. Sheridan, Illinois. The hostess served delicious refreshments. Next meeting will be with Mrs. Chace Monday afternoon, February 9.

The Coterie met at the home of Mrs. A. T. Cavanaugh Monday afternoon. After a short business session, the members responded to roll call with their usual topics. Mrs. LeRoy Ley gave a very interesting paper in two sections. First describing different kinds of furniture with illustrations to show the style of Charles II, William and Mary, and Queen Anne. The second part was a romantic story of wall paper. The hostess served delicious candy. The next meeting will be with Mrs. Carroll Orr, Monday, February 9.

Six O'Clock Dinner
Dean and Mrs. H. H. Hahn entertained the training school faculty and Miss Elizabeth Brown of the rural department at a six o'clock dinner Thursday.
Dainty place cards assisted the guests in finding their respective places at the prettily appointed table where a happy hour and a half was spent during which, interspersed with amusing reminiscences, a beautiful four-course dinner was served.
The guests departed early to attend the choral program at the Methodist church.

Essex Sets World 24-Hour Road Mark of 1061 Miles

Unmatched Endurance Proof Made by Stock Essex Over Snow-Swept Iowa Dirt Roads

Already driven more than 12,000 miles an Essex stock touring car has established a new world 24-hour mark of 1061 road miles, over frozen, snow-bound dirt roads of Eastern Iowa.

Not a stop was made for repairs or adjustments. Running day and night, Essex completed the gruelling test without a halt except for fuel and oil. Not even a tire change was made.

The average speed was 47.3 miles per hour.

Essex Also Holds the World's 50-Hour Mark

An Essex stock chassis also holds the world's 50-hour endurance mark of 3037 miles, made under A. A. A. supervision, on the Cincinnati speedway.

In three starts, the same Essex ran a total of 5870 miles in 94 hours, 22 minutes, actual driving time, averaging more than a mile a minute.

Doesn't It Settle the Light Car Question?

Prior to Essex, light weight in an automobile meant principally moderate price, and perhaps gasoline and oil economy.

Light cars had no distinction of speed or power. Buyers did not expect fine appearance and performance.

The coming of the Essex changed that. It brought fine car quality, speed, power and endurance to the light car field. Its performance was matched only in the large costly car class.

Is it any wonder that Essex has made a world's sales record of more than \$35,000,000 paid for 22,000 Essex cars, in its first year?

We are already booking orders for spring delivery. There is no possibility that all buyers can be served. Now is the time to make your reservation.

Phone 152 WRIGHT'S GARAGE Wayne

Regular Pavilion Sale! at Wayne Saturday, Feb. 14

Commencing 1 o'clock, Sharp
List your offering now with L. C. Gildersleeve, Sales Manager.

When there will be offered a car load of 24 horses from western Nebraska, all broke, and ranging in age from 4 to 8 years. In addition there will be the usual offering of native horses, cattle, hogs and chickens. It will pay you to patronize these sales as buyer or seller.

"Nothing wrong with our balance!" -Chesterfield

THE right balance of costly Turkish and choice Domestic tobaccos, proportioned by experts—that's why Chesterfields "satisfy!"

Chesterfield CIGARETTES
They Satisfy

The W. C. T. U. met with Mrs. V. L. Dayton Friday afternoon and report a very pleasant session. Mrs. J. H. Boyce read a paper on "What Our W. C. T. U. Needs Most." She cited that membership was the big thing first now—more members make more workers and more money to carry on the work of this great organization. Many good suggestions were made in the paper and by other members afterwards. Victrola music added to the pleasure of the afternoon. Mrs. Dayton served delicious refreshments. The next meeting will be on Friday, February 13 with Mrs. Chas. Madden.

The Bible Study Circle met Tuesday afternoon with Mrs. Fred Benschoff in their cottage home recently purchased of Mrs. Carrie Bruner in the east part of town. After the interesting discussion of the Sunday school lesson, letters were read from various parts—one from Charlotte White describing her eastern trip and sending much warm greeting, was enjoyed by every one. Mrs. Bonnie Morris was an appreciative visitor and gave the ladies a pressing invitation to meet with her in her country home near Carroll when suitable weather comes for traveling. Mrs. C. E. McClellan will be hostess next Tuesday and all are invited.

Sunday was the 74th birthday of Jack Hyatt, and old soldier that he is, he slept at the post without any sentries out, and the result was a surprise attack from all sides from which there was no retreat. But Jack knew when to surrender gracefully and discreetly. He saw the commissary of the invading party seemed to be amply supplied with provisions of high class, and then he extended the hospitality of the home to the invaders. Mr. and Mrs. George Hughes and children were in the van; reinforced by J. W. Souders and family and others, Jack admitted that he was surprised, and was glad that it was so, for it was a very pleasant afternoon that they spent. The guests wished him another 74 years, if he can enjoy them in health.

ORDER OF HEARING AND NOTICE ON PETITION FOR SETTLEMENT OF ACCOUNT
In the county court of Wayne county, Nebraska.
The State of Nebraska, Wayne county, ss.
To all persons interested in the estate of Rezin Z. Baker, deceased:
On reading the petition of Mary E.

Baker praying a final settlement and allowance of her account filed in this court on the 17th day of January, 1920, and for distribution of residue of estate. It is hereby ordered that you and all persons interested in said matter may, and do, appear at the county court to be held in and for said county, on the 20th day of February, A. D., 1920, at 10 o'clock a. m., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Nebraska Democrat, a weekly newspaper printed in said county, three successive weeks prior to said day of hearing.
(Seal)
J. M. CHERRY,
County Judge.

A BEAUTIFUL, MOST ATTRACTIVE 160 ACRE FARM HOME

This is a choice farm, with gas lights in dwelling, barns and yard. Nearly new six room house with cemented basement. Attractive front yard with abundance of shade and evergreen trees. Fine modern poultry house, costing \$600. Large granary and cob house, good wash house, an extra good corn crib with cement foundation, with driveway between. Good tool house, large implement house, good barn 30x40, large cattle shed with high board fence, around cattle yard, cement ice house, good garage, good well and windmill and water supply tank and water works to buildings and yards. Orchard of two hundred fifty bearing trees, sells \$600 of fruit a year.

This farm is in the Elkhorn Valley, situated 8 miles from Norfolk, 5 from Battle Creek. Lays nearly level, every acre good farm land, its heavy loam soil with clay subsoil, 20 acres in timothy and clover. Well fenced with a good share of woven wire. School house 30 rods from house. Most of corn land this year yielding 50 bushels per acre. In fact the best improved farm west of Omaha for the money. Priced right. Only \$175.00 per acre. Come and let us show you this farm. Possession March 1, 1920.
