## THE AGRICULTURAL EXHIBIT FROM NORTH DAKOTA

Last Thursday and Friday representatives of the Great Northern Development association spent two days at Wayne inviting farmers and all others interested in procuring good land at low price, or in learning of the possibilities of lands along the Great Northern railway as farming and stock raising lands. Considering that they were here in the midst of the moving time when all were working a double shift, there were a goodly number out to see the exhibit and the slides and moving pictures of the land to the north of us.

Their exhibit of grains and grasses surprised all. In the vegetable exhibit was shown some choice potatoes taken from the 50-acre patch of spuds on the McMullin farm in the Twin River valley of North Dakota, which produced more than 9000 bushels of Irish potatoes—from the name of the land owner they must have been Irish.

Many went away from the city hall where the exhibit was shown, with a new conception of the fertility and productivity of the land in that northern state. Especially did the corn exhibit and the government figures as to the corn grown there surprise people. Corn is becoming one of the very staple crops of that state, and the 1919 crop was 16,000,000 bushels. Alfalfa and all kinds of small grains were shown as well as red and alsace clover.

A lecture by William Blonder, agricultural agent of the Great Northern railway from St. Paul accompanied the movie and picture show. We give a brief outline of his talk as follows:

"The United States government is calling for greater production of food products. It is up to you and me to increase this production. Our population is increasing very rapidly and within the next few years it will be a question whether we can produce enough to feed our own people. There is not going to be any more land in Nebraska or Iowa than there is today, nor will there be any more land in the northwest than there is today, and in order to increase the production we must develop the millions of acres of agricultural land in the northwest which are awaiting the ambitious farmer.

"In North Dakota we have to contend with the large farms—farms that run from 1,000 to 10,000 acres each. These farms must be divided into smaller acreages. The people demand this and when these lands are divided they offer splendid opportunities for the men desirous of a home of his own. These lands can be secured at from \$50 to \$85 per acre, depending upon improvements and location.

"The Great Northern railway has no land for sale,—we are interested in the development of the country tributary to our line. Such development means greater production and more homes, which in turn means greater tonnage for the railroad. This development work has been going on for many years and the Great Northern railway has to its credit many thousands of families along its lines—men who were renters and small land owners in the east and who today are independent farmers of the northwest.

"The dividing of these large farms ought to be of great interest to the man who cannot purchase this high priced land. Many of our farmers in the northwest feel that these lands at \$75 per acre produce as much in dollars and cents as the high priced lands in the central states. There is no question as to this as they produce twenty to thirty bushels of wheat to the acre; thirty to seventy bushels of oats to the acre; they grow flax, rye, and barley, and they get just as much money for their livestock and cattle as the farmer in the middle west. It is only a question how long these lands can be secured at these prices and no doubt many of these farms will double and treble within the next few years. From our inquiries we expect a tremendous movement this year to the northwest, and any one desirous of securing a farm location should look into the matter at an early date."

Descriptive literature on the opportunities offered in the northwest was distributed and any one who failed to get copies can secure same upon application to Wm. Blonder, agricultural agent, Great Northern railway, Room 708 Great Northern Building, St. Paul, Minnesota.

Today President Wilson begins the last year of his second term—seven years past—one to go.

## OUR MARCH STORM

March came in with sunshine and smiles, and for two full days people wondered if it was March—then came the change. The morning of the third day came with a light rain which gradually increased in force, and at about the noon hour turned to snow, and during the afternoon hours it snowed hard, and the accompanying wind piled the snow considerably, but the first snow was too damp to drift much.

By evening the snow practically ceased, but the wind continued through the night, and the mercury indicated five below zero this morning. It was a hard storm on stock. Train service on the Norfolk-Sloux City line was little delayed Wednesday evening, and the morning train from the west had some snow to buck, and was several hours late. Trains from the east left Sloux City in the wake of a snow plow, and but little delay is expected.

The branch train was held here Wednesday evening, and no train was started from Bloomfield this morning. Doubtless a plow will be sent up the branch today to open the cuts. It seems to be the wise thing to let the branch trains keep quiet while a storm is on, and then make one cleaning put the track in passable condition. It is easier and cheaper. Hotel rooms were all taken by those who had to remain here for the night. Some who were caught intimated that Wayne should have better hotel accommodations—perhaps.

## THE PURE BRED STOCK SALE AT WAYNE

One of the objects of the organization of the Wayne county breeders of thoroughbred stock three years ago was to cooperate in stock sales, and a number of breeders who did not have stock enough for a sale, to make a combination sale. This spring that object is to be accomplished, and the first sale is set for Friday, March 12, when more than forty head of pure-bred stock is to be sold at the Wayne pavilion. This is one of the logical things to be accomplished by such an association. Not only will it help the breeders dispose of their surplus stock to the best advantage, but it will help their neighbors purchase from the best of home herds at a price they are willing to pay. Most any one would prefer to buy an animal at a sale where a number were offered and have some choice in the individual and the breeding, rather than go to a single breeder, who perhaps had but one or two to sell of the sex and age desired. Besides, there is a publicity value to the sale—and a few of these sales will do as much as any one thing to put Wayne county on the map as the home from whence comes some of the best pure-bred stock.

The advertisement on another page briefly tells of this offering.

## THE PAVING COMING

This week the first car load of asphalt for the Wayne paving arrived. It comes in barrels so heavy that a derrick had to be made or sent for to unload them. It will take about forty more cars of this material.

## CRADLE

ELLIS—Tuesday, March 2, 1920, to L. W. Ellis and wife, a daughter.  
HOLLIS—At Omaha, Friday, February 27, 1920, to B. B. Hollis and wife, a son. Mrs. Hollis was known here as Nellie Soules.

## CARD OF THANKS

We desire to give expression to the gratitude we feel toward neighbors and kind friends for aid and sympathy in the time of need, during the sickness and death of mother.—Mrs. Stella Chicheseter, Sister and Brothers.

## Dependable Clothing Economically Priced

That is the slogan of Mr. Truman at the Wayne Cleaning Works, who has just received his new spring line, which he will take pleasure in showing to you at your earliest convenience. He has a number of good reasons why prudent buyers should call at his place before getting their new spring suit, and among them is the guaranteed fit, the special tailoring, the perfect shaping and padding and lining assuring that the new shape will be carried until old age makes the garment for the discard. The price, too, is made right, and while some goods are high, the value is there, and no profiteering expense is included in what you pay. Service in goods and workmanship is guaranteed. See this new line while it is yet new. Wayne Cleaning Works—ad

## IMPORTANT SCHOOL BOARD MEETING

At the meeting of the Wayne school board this week they tackled the wage question as to teachers in a progressive fashion, and as is frequently the case at Wayne set a fair price for others to follow. The secretary of the board assures us that Wayne teachers have almost universally been paid a trifle more than the teachers of some other Nebraska towns, and in keeping with their past record they passed on the following schedule, which is a progressive one, and the step wage rate should make an incentive for teachers to so serve the public as to secure continuous elections. Here is the rate as outlined:

Grade Salaries—Normal Graduate  
Minimum grade salaries.....\$1000  
One year successful experience 1100  
Two year successful experience 1150  
Three year successful experience 1200  
Four year successful experience 1250  
Five year successful experience 1300  
Teachers holding Palmer certificates extra 50  
Advanced credits in accredited normal, college or university \$25 added for each semester. (Four semesters only.)

## Junior High School—Normal Graduate

Three year successful experience 1200  
Four year successful experience 1300  
Five year successful experience 1400  
Six year successful experience 1500  
Over six years, success special qualification 1500-1700  
Senior High School—A. B. Degree or Equivalent  
Minimum salary.....\$1200  
One year successful experience 1300  
Two year successful experience 1400  
Three year successful experience 1500  
Four year successful experience 1600  
Over four years, success and special qualifications considered 1600-1800

## MRS. W. B. HUGHES PASSED AWAY MONDAY

Phebe Perry Hughes was born in Prairie du chien, Wisconsin, on August 28, 1858, and died March 1, 1920, aged 62 years and 6 months. She was the eldest daughter of Thomas and Mary Lloyd Evans.

In 1869 her family moved to Omaha and here she was married to William B. Hughes. She and Mr. Hughes lived in Omaha for several years; later moving to Wales, Iowa, and in 1889 to Wayne at which place they have since resided. Mrs. Hughes was a member of the First Presbyterian church of Wayne.

She is survived by her husband, four children, Thomas of Sloux City, Mrs. Ward Williams of Carroll, Perry of Fremont and Emma. Also by five grand children and four sisters. One son, Ivor, preceded her.

The funeral was from the home Wednesday afternoon, Rev. Beard, pastor of the Presbyterian church officiating, and the burial was in the Wayne cemetery.

## OFF FOR DAKOTA

Monday Earl Kasson loaded a car out for Cando, North Dakota, where he purchased a farm last season. With his goods and stock was carried a lot of the belongings of H. B. Hutchings and family, who will leave in a few days for a farm in that state. Messrs. Hutchings and Hale have been farming the S. E. Auker farm, and Mr. Hale will go to Minnesota soon and make his home where his son lives. Both Mr. Kasson and Mr. Hutchings think they have found a good country to invest in and live in.

## GUY HOLMES DEAD

Guy the 16-year-old son of Mrs. Mary Holmes of Wakefield died Saturday from flu, and was buried at that city Monday, the funeral service being conducted by the Presbyterian minister of that place. A mother, five brothers and six sisters mourn his early death.

J. G. W. Lewis was home Sunday and Monday while the convention was not in session for a short time waiting for some committee work to be made ready for the members, no doubt. He intimated that having gone thus far in the muddled condition of all economic questions, it was quite possible that the convention would adjourn until some time next year, and then meet to complete their work. They are finding many questions on which there is considerable difference of opinion, and it is doubtful if any great amount of progressive action will result from the convention if it shall conclude its work at this time.

## WAYNE BASKETBALL TEAM TO LINCOLN

Wednesday morning Superintendent Armstrong and the members of the high school basketball team left for Lincoln to take part in the state tournament there which is to be held the remaining days of the week. Last year the Wayne team won their way to the finals, in their class, and then won the cup which they go to defend against all comers this year. If they win it this season and next—it belongs to Wayne. The good wishes of all Wayne is with them.

A basketball team from Wausau joined them here for the remainder of the trip.

## THAT STRAGGLING VOTE

The names of Dan W. Stephens for congress; Morehead for governor; Simon for senator; Kemp for representative and M. L. Ringer for mayor have been added to the vote since last week.

## DICKINSON-COOK

Married February 23, 1920, by Judge Cherry, at Wayne, Dillon A. Cook of Wynot to Miss Myrtle O. Dickinson of Newcastle. The bride is the only daughter of Mr. and Mrs. Charles Dickinson of Newcastle, and the groom is a son of Mr. and Mrs. Douglas E. Cook of Wynot, and he spent ten months over there in the High Burst Range section. They will spend a few weeks with Mr. and Mrs. Edward Cook of Carroll, after which they will be at home on a farm east of Wynot. Both parties are well known in the vicinity where live and have a host of friends who wish them well.

## THOMAS-KENNARD

Mrs. Zola Thomas of Carroll and Albert Kennard also of Carroll were married by Judge Cherry, February 28, 1920. The bride is a daughter of Mr. and Mrs. J. H. Smith of Carroll and granddaughter of Mr. and Mrs. Sommers Fox of Wayne, and is well and favorably known. The groom is a returned soldier, having served ten months in France in the 316th Service battery. The happy couple will be at home after March 15, on a farm near Coleridge.

We notice in an exchange that the "Thrifty Drive which has been inaugurated by the women of Nebraska will have a tremendous effect upon the h. c. of l." We had been wondering what was boosting prices almost daily. We hope that they all get on the other end of the meter board, or else at least get off and let gravity drop them. They cannot always stay up there unless some one holds them.

We are glad to report that the flu seems to be subsiding.

## HOSPITAL NOTES

It has been a busy time at the Wayne hospital for the past week. The following persons have taken X-ray examinations: Mrs. Wm. James of Thurston, J. Johnson, Opal Davis, Miss Verna Smith, Wayne; Oscar Johnson and Mrs. C. Peterson, Windsor.

Joe Osbeck of Harrison had tonsils removed; Walter Holberg from Orchard is receiving medical treatment, and so is Henry Hoekmier.

Mary Fannie Lowrey from Sloux City underwent a serious operation Sunday and is doing nicely.

Geo. Belle from Bloomfield was operated on Tuesday for a ruptured appendix, and is reported doing well. Miss Verna Smith from the college is suffering from several broken ribs, caused by a fall.

Opal Davis had a broken arm set Tuesday. Fell while at play.

Miss Barton, a nurse, is ill with sore throat, and Miss Wraga of the hospital force, who was spending a well-earned vacation at home was called back for duty Tuesday because of the heavy run of surgical work.

## WOULD MAINTAIN ROADS LIKE RAILROAD

William Kay of Wakefield, says in the Nebraska Road Report that he believes the federal aid given Nebraska by the government is a fine thing. Regarding the maintenance of the roads in the state, he says: "I should like to see all the state roads graded first and then a maintenance crew provided to put them in good shape. In order to do this I believe it will to maintain like the railroads, by keeping a section boss or a man to take care of the roads, thereby keeping them in good shape both in summer and winter. In the summer they should be well dragged and in the winter the snow should be kept off."

"I am trying to start an automobile club here in Wakefield to boost for good roads. I think every town in the state should organize an auto club and work for good roads. "I believe a state and county bond issue is a good thing at this time as we can all afford to vote an issue, either state or county. The longer we keep putting it off, the longer it will take to get good roads. Let us get busy and vote for bonds, thereby making our state roads the best in the union."

## FROM THE DAILY PRESS

It is conceded that the treaty question will go to the people in the fall election. Some are also trying to have the prohibition question passed upon by the people—but they are a little late speaking.

Listening to the president, the the heads of railroads and unions will meet in effort to adjust the wage question.

The president of one of the eastern roads feels so good about getting road and his job back that he wishes to reduce passenger rates to 2 cents a mile. Many believe that the increase of travel with a 2-cent rate would enable the road to make more money on passenger service than at the 3-cent rate. It has worked that way in street car fares frequently.

Schesleswig-Holstein, taken over by Prussia in 1864, having been given a chance to stay with their former rulers or become independent, voted by a big majority to go back to their own rule, and this week the formal separation from Prussia was proclaimed. That is one of the first changes under the treaty and league program.

## CARD OF THANKS

We take this method of expressing our thanks to neighbors and friends for many acts of aid and sympathy extended in our recent bereavement in the death of husband and father.—Mrs. LeRoy Kibby and Children, Mr. and Mrs. James Kelley.

Confidence is expressed in the following—whether really felt or not: "All the republican party needs to do is to select a candidate—the voters will do the rest." They act in congress as though they really believed that doctrine. Perhaps they are whistling to keep their courage from oozing out.

## PRESIDENT U. S. CONN TELLS OF EASTERN TRIP

The students and faculty signified their pleasure on the appearance of President Conn at chapel after his return from the mid-year meeting of the National Educational Association by a spontaneous and hearty round of applause. After the opening exercises the president spoke concerning his experiences on the journey and during the meetings. While the educational gathering was held in Cleveland, President Conn had occasion during his absence to visit New York City, and he related interesting incidents of this visit and gave a pleasing description of the metropolis as seen from the top of a "sky scraper."

The meeting at Cleveland, he said, considered a wide range of subjects and reflected the current uneasiness that since the war has arisen in American society. One speaker presented a plea that the cabinet of the president of the United States be enlarged to include a member to represent the educational interests of the nation. Another, seeming to stray far from the usual field of educational discussion, spoke of the danger to our country of bolshevism, revealed the unintelligent way in which we have dealt with immigrants and aliens, and suddenly and forcefully declared that the whole matter was one of education. To destroy illiteracy, to teach citizenship, to right social and industrial wrongs, said the speaker, will automatically free our people from danger of insurrection and revolution. These things are the task of the schools.

## Wayne State Normal Notes

The entire address of the president was pleasing and thoughtful, and moved the hearers by its sincerity as by its keen comments on conditions and tendencies.

It was with much pleasure to herself and her guests that Mrs. U. S. Conn gave last evening at 7:30 a dinner to the basketball team and Professor and Mrs. Serfling in redemption of a promise conditioned on a victory by the local players over those from Kearney normal. As nine young men shared in the game at various stages, nine was the number of guests plus the coach and his wife. The following were present: Mr. and Mrs. Serfling, Hugo Seb, Frank Clark, Roland Vinckel, Rodney Buchanan, Lloyd Rohrke, Lyle Miller, George DeKay and Ramond Helt.

On invitation of the school authorities of Battle Creek, two students in the department of expression, Julius Young and Beatta Krause act as judges of the declamation contest in the schools of that place tomorrow evening. This expression of confidence in the Normal and in the department of expression is much appreciated.

The executive committee of the North Nebraska Teachers' Association held a business meeting in Wayne yesterday. The matter demanding chief interest was that of compiling the copy for programs to be printed soon and mailed to the teachers of the section.

## COMING TO A GOOD COUNTY

The first of the incoming people are here and unloaded and scattered out in the farming community and town. J. C. Baker came from Pender, and will farm here.

G. A. Johnson from Oakland, Iowa, was a recent arrival with his household goods and machinery.

Lewis Smith has moved in from near Emerson.

Clarence Day from near Clarinda, Iowa, was a recent arrival.

E. Hallberry from Sloux City comes to live in this vicinity.

Going Out  
Among those who are leaving, Agent Moran reports that Mr. Leahman, who has been on the Mike Coleman farm, has shipped to Pierce.

J. Vanlandingham has left for Sidney.

Martin Bastian loaded his cars here and is headed for Agate in the state of Colorado.

PROMINENT NEBRASKAN HERE  
Hon. Grant S. Mears, of Wayne, Nebraska, accompanied by his wife, are in town investigating our wonderful muck soil. Mr. Mears brought along five prominent citizens from his section and all are wonderfully enthused.

He is in the real-estate business in Wayne and has been a member of the Nebraska legislature for the past six years.

# Hudson Also Supreme in Distinction

The Super-Six Has Always Been the Pattern Car. Its Exclusive Motor for Five Years Has Given it Mastery in Performance and Endurance

It was never sought to develop the Hudson Super-Six as the greatest speed and power car in the world.

It is true that in speed—in hill-climbing—in quick acceleration—no stock car ever matched it. Official records show that. But they are incidental. They were made in tests to prove Hudson endurance.

Surely these great performance qualities are enough to account for Hudson's five years of leadership as the largest selling fine car in the world. Any owner would take pride in a car that none has equalled in any worthwhile performance record.

Yet a large class of Hudson buyers selected it for an altogether different quality.

## A Distinctive Design An Exclusive Motor

Thousands chose it with an eye single to its beauty, charm and notable appearance. They hold none can surpass it in distinction. For the Hudson looks its supremacy in every line.

But it is idle to think that those who primarily seek fine appearance in a car, do not value the mechanical superiority of the Hudson Super-Six.

Granted you will never require such great speed, yet Hudson's capacity means less than half load in ordinary driving. It insures absolute freedom from strain.

That extra reserve power means much on hills. It means much in flexibility and in quick response. It saves much changing of gears. It means utter

smoothness—due to less vibration, than any other type ever achieved.

That, too, is a matter of record. The official proofs are open to all.

## Perfected Mechanism Makes Such Luxury Possible

In the exclusive Super-Six motor vibration is reduced almost to nil. Motor efficiency is increased 80 percent. Motor power is increased 72 percent, without added size or cylinders. Endurance is almost doubled. The Super-Six principle would add these advantages to any conventional type, six-cylinder motor. But no other can use it.

Its type gives Hudson every advantage. Why accept a lesser car?

You will find in the Hudson all the beauty and luxury that imagination and skilled workmanship can create.

## See How It Leads All Fine Cars

Note how it predominates wherever fine cars are seen. Outside of the clubs, the opera, the theatre; in the fine residence streets and on fashionable boulevards observe how it outnumbers two, three and even four to one, any other make of fine car.

The supply of Hudsons has never been sufficient for the demand. Thousands have waited months for certain wanted models. You can insure yourself against disappointment in delivery only by placing your order well ahead of the time you will require it.

## LOVE'S INSURANCE

By JESSIE E. SHERWIN

(Copyright, 1920, Western Newspaper Union)  
Two boyhood friends met in the insurance office of Randal Porter, and its proprietor gave Willis Borden a warm, hearty welcome.

"Come to the city to settle down, I hear," voiced the latter in a tone of pleased satisfaction. "Retired from business a rich man at twenty-eight, Borden, you are certainly one of fortune's favorites. Not married yet—but I need not ask the question. You always prided yourself as an inveterate woman hater, you know."

"You put it harshly, Porter," chided Borden mildly. "Say, rather, a being immensely contented with the single state, and inclined to be shy of the responsibilities that marriage incurs. Yes, fortunately, I have no incumbrances. I intend to settle down in comfortable bachelor quarters and devote myself to reviving companionship with my old friends like yourself. You have an air of prosperity yourself," continued Borden, glancing about the well equipped office and into an inner room where the stenographer sat, entirely occupied in work at her typewriter.

"I have done pretty well," replied Porter, with a certain pride. "Of course I may hope for any business you may have—in my lines."

"As it comes along, surely. I have no property to protect from fire hazard, however. I already carry some fair life insurance. By the way, though, some of my friends have advised me that coming out of my business shell and essaying the society role I may become a victim of designing mother-in-law prospective. I say, you don't insure against marriage, do you?"

"On the contrary," replied Porter with perfect serenity, "we take Lloyd's risks on anything from a man's candidate choice of election to an airship trip around the world. Love insurance? Oh, dear, yes! and as you are non-hazardous in that respect a thousand for a year will cost you a mere pittance."

"Book me instantly!" ordered Borden, joining in the whimsical rillery of the moment. "And, by the way, I expect it will be some time before I definitely settle as to my permanent place of habitat. In the meantime I have some business to transact. Would you indulge me enough to let me sort of make your office here my headquarters, dropping in once in a while when I have an appointment?"

"You will oblige and honor me by considering the office your own," replied Porter accommodatingly. "I am going East for two weeks and you can use my desk freely. Miss Trumbull—a moment please."

The stenographer was at the side of her employer in an instant.

"My friend, Mr. Borden," went on Porter, and Miss Trumbull directed a more casual-fitting glance at Porter. In recognition of the introduction, and then concentrated her attention solely upon her employer. "You will see that my friend has the full use of the office until my return."

Miss Cleora Trumbull bowed silently and was back at her typewriter with the diligence of a well-trained employee, all business, and so oblivious to Borden that he looked slightly nettled.

"There is a jewel," spoke Porter enthusiastically. "No shirking work, no wasting time, no chatting or flirting with the young men in the next office, like her predecessors. And, by the way, Borden, I half believe she is your prototype. You are a woman hater; she acts like a man hater."

"You put me in a rather ungraceful category," resented Borden, some what piqued. "The young lady is certainly an agreeable contrast to the general run-of-slimpering, made-up coquettes it has been my fate to meet."

Porter left the city the next morning. About noon Borden came into the office. Miss Trumbull received him with a pleasant nod, but went on strictly with her work. After attending to some correspondence Borden requested her to take some dictation.

"Lightning quick in her work, and no waste," ruminated Borden, a trifle disappointed, however, for Miss Trumbull offered no excuse for a chat. His respect for the young lady increased and he realized that idleness after years of close attention to work was making life drearily monotonous. "One day her mother visited the office, and he invited both to assuage his gloom by forming a theater party."

At the end of two weeks Porter returned. Borden met him at the depot. His face was so jubilant, his manner so spirited that Porter wondered what caused his excessive exhilaration.

"I say, Porter," he observed, as they proceeded toward the office, "you will have to dispense with the services of Miss Trumbull."

"Why, what do you mean?" inquired the astonished Porter.

"And you had better cancel that love insurance, or you may have to pay it."

"Cancel it?" repeated Porter vaguely.

"That's it," nodded Borden, all joyous smiles. "I don't want a good friend like you to lose a thousand dollars. I'd like to make you a present of ten for you have been the means of showing me a new road to happiness. When we get to the office congratulations will be in order, for Cleora has consented to become my wife."

Nobody even guessed Brainbridge Colby—and very few of us knew of such a person a fortnight ago. He was hand-picked by the president.

The Des Moines Capital deplors the fact that many farmers do not take the intelligent interest in the care of their children that they do of their hogs.

Burglars have been looting German royal tombs and carrying away the jewels and crowns of gold. What's wrong about that those dead monarchs in Germany and "divine right" rulers will not longer need a crown.

The railroads are again in the hands of their private owners. It is to be hoped that their managers have learned to better and more honestly handle them during their twenty-six months of looking on while others worked for them.

There is no better security than a liberty bond, and to sell one below par is to discredit the government of which you are a part, and to trade for "wild-cat" oil or mining stock is like exchanging good wheat for the chaff and light wheat obtained from the pure grain by a good fanning mill.

Any one who says that the political situation is not sadly mixed just now is not posted, if we read the signs of the times right. There will be a marked independence in voting this fall—party ties will be cut, and party lines will not hold. Many a voter is going to insist on more than a party label to vote for, and parties must stand for something.

General Wood in his Omaha talk is said to have made a good straddle. "Labor should not be able to dominate capital, and capital should not be able to dominate labor." Who could say it any better—but what will the soldier do to make evenhanded justice if elected? Will he call out the army to dominate both, and if not which side will he take?

The crazy ones are not all in the asylum. James J. Crenshaw of Pennsylvania wants to signal, wants to make a great smoke to signal the people of Mars (if there are any) and let them know we have a little hell of our own down here. But why a citizen of the state which claims its Pittsburgh should think the Mars inhabitants could see any other smoke, is past our comprehension.

It is possible that President Wilson is weak in diplomacy—that he is ruled by the aristocracy of England, commonly called "John Bull" but the word he has sent to the fellows over there, and the way they appear to sit

up and take notice don't quite tally with that report; so they turn in, and call him a "dictator," and the question is how the man can fill both descriptions.

E. T. Meredith is spoken of as a possible nominee for the democrats at San Francisco. A good man, no doubt, but he comes from Iowa, and might not be able to bring the state's vote for him to the electoral college, for there are a lot of fellows in Iowa who still vote simply according to the label on the candidate's collar—and any kind of a pup that wears "The boss collar" is safe.

Public sentiment is the name of a new publication to be launched at Omaha, and it is to be devoted to securing the repeal of the eighteenth amendment. In other words it is to be the organ of those who oppose prohibition—whether that public sentiment is a majority sentiment remains to be seen. The subscription price is \$5 per year, which indicates that it is not their purpose to mould public sentiment without due compensation.

The Sioux City Tribune approves the statement of the new secretary of agriculture, Mr. Meredith, when he says that all of us are in the "sucker class." But the Tribune errs when it adds that "Just as long as we keep hitting the hook will be baited with extreme prices." The Tribune editor should know that "suckers" do not bite—you have to snare them if you want them. But sometimes a big "sucker" will swallow a very small hook with but little bait on it—and so with some of the men suckers.

West Virginia rejected the equal suffrage amendment, by a vote of 11 to 14 in the senate. Why do they all have senates? Our state senate a few sessions ago was defeating things—the senate at Washington is in the same line of work. The final vote in West Virginia was 13 to 15, one member who favored the measure changing his vote to the negative that he might be in position to move a reconsideration if an opportune time came. Who says there are no politicians among those working for equal suffrage.

## N. P. LEAGUE GOES REPUBLICAN IN STATE CONVENTION

At the state convention meeting of the officers, members and delegates authorized to speak for the lay members of the no-party league in session at Lincoln last week it was decided to enter the republican primary this year and support E. E. Young, head of the Nebraska Farm Bureau association for governor. C. B. Wyles, Fairbury, was selected to make the race for lieutenant governor, while George C. Porter of Morrill, was chosen as candidate for attorney general. A decision not to oppose State Auditor G. W. Marsh, State Treasurer D. B. Cropsey, Land Commissioner Dan Swanson and Secretary of State D. M. Amsberry was reached. Tentatively the league also decided to enter congressional candidates in the Third, Fifth and Sixth districts.

The platform favored exemption of farm improvements and workingmen's homes from taxation and included the following other planks:

Government ownership of railroads.  
State to Own Industries

State ownership and operation of packing plants, flour mills, stock yards, creameries, terminal elevators and beet sugar factories "insofar as is necessary to restore competition and break monopolistic control."

Farmers' and wage earners' co-operative associations.

Municipal ownership of abattoirs, cold storage and refrigerator plants, and warehouses.

Increased pay for school teachers and better rural schools.

Resolutions adopted included one favoring "the restoration of the full liberties of the people, which were withdrawn in the emergency of the recent war."

The preamble of the platform announced that they were fighting autocracy and irresponsible centralization of governmental power and for the end of absentee landlordism. A lot of people in the republican party of this state will read the above platform and remark that "Politics makes strange bedfellows, indeed." We can hardly imagine some of our leading republicans out hurralling for state ownership of a lot of industries now privately owned and operated, such mills, packing plants, stock yards and other like monopolies. Can't you imagine how they will enthrone in such a campaign?

Protest Committee—Superintendents Grant, Demel, and Emerson.

The first annual Northeast Nebraska High School Basketball Tournament was held at the Wayne Normal Friday and Saturday of last week.

The tournament was under the direction of the Northeast Nebraska High School Athletic Association and was sponsored by the Wayne State Normal School.

All games were played on the floor of the Wayne State Normal gymnasium. The gymnasium has one of the best floors in the State for basketball. The tournament was conducted in strict accordance with the rules of the Nebraska High School Athletic Association. A committee headed by Superintendent Grant of the Randolph schools passed on eligibility of all men entered for the tournament. A few schools who had not been members of the High School Athletic Association, paid their dues and became members before playing in the tournament.

Mr. P. E. Lloyd of the Norfolk Y. M. C. A. acted as Head Referee and refereed most of the games. His work was of a high order and gave universal satisfaction. The games were all marked by clean and fast playing.

The following teams played in the

tournament: Coleridge, Tilden, Pierce, Randolph, Wakefield, Stanton, Wausa, Wayne, Wisner, Emerson, Allen, Lyons, Bancroft, Hartington, Bloomfield, Winside, and Carroll. The teams were classified into two classes based on the season's record of each team. Teams with most successful record were placed in Class "A." Those with less success were placed in Class "B." Class "A" teams were Coleridge, Tilden, Pierce, Randolph, Wakefield, Stanton, Wausa, Wayne, and Wisner. In Friday's Class "A" games Coleridge drew a "bye," Pierce eliminated Tilden, by a score of 36 to 27; Randolph eliminated Wakefield by a score of 28 to 20; Stanton eliminated Wausa by a score of 25 to 10; and Wisner beat Wayne by a score of 39 to 22. In Class "A" games Saturday forenoon, Stanton drew a bye, Coleridge defeated Pierce by a score of 16 to 15 and Randolph eliminated Wisner by a score of 21 to 9. This left Coleridge, Stanton and Randolph for the semi-finals. In Saturday afternoon games Randolph drew a bye, Stanton defeating Coleridge by a score of 16 to 10. This left Stanton and Randolph for finals of Class "A." After the semi-finals in Class "A," Bloomfield played Winside in finals of Class "B," Bloomfield winning by a score of 31 to 7. After this game Stanton met Randolph in the Class "A" finals. Randolph took the lead in this game at the start but Stanton came from behind and defeated Randolph by a score of 27 to 22, giving to Stanton the Championship of the Northeast Nebraska Tournament. This game was a battle royal from start to finish. Randolph put up a fine fight and at times was ahead, but the steady consistent playing of the Stanton team with brilliant work by their right guard DeWitz brought them through the winner of the tournament.

In Friday's Class "B" games Allen eliminated the Emerson second team by a score of 26 to 16; Lyons defeated Bancroft by a score of 11 to 13; Bloomfield defeated Hartington by a

*Walk into the house with warm, dry feet—  
that's the new "U. S." Walrus*

**QUICKLY** cleaned under a faucet or with a pail of water—buckled or unbuckled in an instant—warm and water-tight always—that's why farmers everywhere are buying the new U. S. Walrus. You need a pair for all-year-round use—for dozens of odd jobs around the farm.

You can slip on the U. S. Walrus right over your leather shoes—and slip it off with your toe when you're through. Its thick, fleecy lining keeps your feet comfortable in the coldest weather.

Wherever you go—tramping through snow and slush—splashing through water half a foot deep—the U. S. Walrus gives you perfect protection. And then at your doorstep—no matter how dirty and muddy they may be—a moment's wash under a faucet leaves them as clean as before you started out. Every trace of mire washes quickly off their smooth rubber surface.

Made by the oldest and largest rubber manufacturer in the world, the U. S. Walrus is built to last. At the very points where ordinary overshoes are

weakest, the U. S. Walrus has been made strongest. Every point of strain is heavily reinforced.

Ask your dealer to-day to show you the new U. S. Walrus. Look over the rest of his U. S. line—boots, bootees, arctics—whatever you need. Tough, heavy soles—special reinforcements at toe and heel—and always the highest quality rubber—these points are winning U. S. rubber footwear thousands of new friends every year.

Ask for U. S. rubber footwear—it means solid wear and long service for your money.

*"U. S." Arctic—Made of snow-tight cashmerette, warm and comfortable. Reinforced where the wear is hardest. In one, two, four and six buckles, all weights and sizes.*

**They couldn't be built now for twice \$71,000**

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated to-day for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

score of 37 to 22, and Winside eliminated Carroll 19 to 13. In Class "B" semi-finals played Saturday afternoon, Winside beat Allen by a score of 21 to 20 in a very close and interesting game. Bloomfield put Lyons out with a score of 24 to 7. In the finals of Class "B" played Saturday afternoon Bloomfield easily defeated Winside by a score of 31 to 7, giving to Bloomfield the Championship of Northeast Nebraska.

In this class Bloomfield excelled in team work and accurate basket-shooting.

During the Friday evening games the Wayne State Normal Band played a number of selections. Their playing was much appreciated by the visiting teams.

The tournament went off in splendid style. The playing was clean throughout, and the refereeing was of first class. Schools of the Northeast Nebraska Association participating were unanimous in declaring the tournament a splendid success in every way. A committee of the Wayne State Normal faculty consisting of Coach Serfling and Professors Huntemer, Gulliver, Chinn and Bowen had charge of the details of the meet. Great credit is due these men for the success of the meet.

At a meeting of the Northeast Nebraska High School Athletic Association held after the Friday evening games it was voted unanimously to hold next year's Northeast Nebraska Tournament at Wayne.

The northeast Nebraska schools wish heartily to thank the Business men of Wayne for the beautiful shields which they furnished for the winners of first place in each class and the wonderful support they gave to this tournament. The Wayne business men are surely good boosters for a good proposition.

A capable committee selected an All Northeast Nebraska First and Second team in each class. The selections made were as follows:

**Class "A"—First Team**  
Sherwood, Randolph, Center and Capt. Schulz, Pierce, Forward.

**EIGHTH GRADE EXAMINATION**

The dates set for the final eighth grade examination are Thursday and Friday, March 25 and 26, and Thursday and Friday, May 6 and 7.

They will be held in the different towns of the county.

No seventh graders are to take the examinations. Only pupils who have completed the work of the eighth grade and are recommended by their teachers are to take the examinations. Teachers are not to recommend any that have not covered the work and that they think are not ready.

**PROGRAM**

Thursday		Friday	
Forenoon	Afternoon	Forenoon	Afternoon
Grammar	Orthography	Arithmetic	Mental Arithmetic
History	Writing	Reading	Bookkeeping
Civics	Physiology	English Composition	Geography
	Drawing		Agriculture

Pupils should write answers in clear, concise terms; the questions need not be written. A complete solution of a problem in arithmetic should be given. Credit will be deducted from carelessly written or illegible papers. The general average in the fourteen subjects required must be at least seventy-five per cent, with no grade below sixty per cent in any subject.

Pupils should take the full time allowed for each subject; not hurry to get through, and write every paper as neatly and carefully as possible.

All papers should be written with pen and ink; the drawings may be made with lead pencil.

Pupils who have taken the examinations before are to retake all subjects that are not 80 or above, but may retain the former grade if it is higher. No whispering should be permitted. Grades of pupils violating this rule should be cancelled.

The state department says that conductors are not to explain the meaning of any of the questions given in the lists, or answer any questions relating to their answers. That the examination questions are stated plainly enough for any one who knows his subject.

All pupils, desiring to avail themselves of the free high school law, must pass this examination.

An examining board will grade the papers this year. This board shall be appointed by the county superintendent and shall consist of at least five competent examiners with qualifications at least equal to those required for a second grade county certificate.

**THE MORE RECENT AMENDMENTS TO THE CONSTITUTION**

**The Sixteenth Amendment—Income Tax**

The 16th Amendment provides that "Congress shall have power to lay and collect taxes on incomes from whatever source derived, without apportionment among the several states, and without regard to any census or enumeration."

The 17th Amendment—Senators, elected by the people instead of by the state legislatures. "The senate of the United States shall be composed of two senators from each state elected by the people thereof, for six years; and each senator shall have one vote. The electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislatures. Where vacancies happen in the representation of any state in the senate the executive authority of such state shall issue writs of election to fill such vacancies: Provided, that the legislature of any state may empower the executive thereof to make temporary appointment until the people fill the vacancies by election as the legislature may direct. This amendment shall not be so construed as to affect the election or term of any senator chosen before it becomes valid as part of the constitution."

The 18th Amendment—Prohibition—After one year from the ratification of this article the manufacture, sale or transportation of intoxicating liquors within, the importation thereof into, or the transportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited.

2. The Congress and several states have the concurrent power to enforce this article by appropriate legislation.

(This amendment became effective January 16, 1920. Nebraska was the thirty-sixth state to ratify it, taking action on January 16, 1919.)

The 19th Amendment—Woman Suffrage—Thirty-one states have now ratified the Woman Suffrage Amendment. Five more are needed to make the required thirty-six.

How the Constitution is Amended—The Congress, whenever two-thirds of both houses shall deem it necessary, shall propose amendments to this constitution, or on the application of the legislatures of two-thirds of the several states, shall call a convention for proposing amendments, which in either case, shall be valid to all intents and purposes, as part of this constitution, when ratified by the legislature of three-fourths of the several states, or by conventions in three-fourths thereof, as the one or

**SPELLING CONTEST**

Wouldn't some of your pupils like to be in the Spelling Contest?

The county contest will be held here probably May 1st, the winner to go to the state contest in Lincoln which will be held soon after.

You do not need to have a contest in your own school unless you wish. They may be chosen in any way you like.

Eighth graders, or under, from rural schools may enter, SEVENTH graders, or under, from town schools may enter.

The words will be taken from Eaton's Graded Speller beginning on page 68. The advanced list in back of book will not be used.

The speller may be gotten from the Omaha School Supply Co., Omaha,

Nebraska. Price of paper backed book 20c, board backed 30c.

Mr. Jones has some of the board backed books on hand. These books are very good for the eighth graders. Besides the words, the definitions in spelling, abbreviations, diacritical marks, etc., are all given in the back of the book.

We now have ten or twelve pupils who will enter. Please send me names if any one else cares to go in.

The Inter-state Spelling Contest will be held at the Wayne State Normal next year.

**OF INTEREST TO TEACHERS**

Don't your pupils know that pupils now must attend school until they are 16 years of age? Some parents claim that they did not know it. The compulsory attendance law says that all children not less than seven or more than sixteen years of age must attend the public school not less than two-thirds of the time which school is in session. In city districts, pupils between the ages of seven and sixteen years must attend the entire time. Any person violating any of the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof

shall be fined not less than five (\$5.00) dollars nor more than one hundred (\$100.00) dollars or be imprisoned in the county jail not to exceed three (3) months.

**Child Welfare Reports**

Some time ago each teacher received and was asked to fill out Child Welfare blanks. Mrs. Emily P. Hornberger, Director Child Welfare Bureau, writes as follows: "The following districts are fine and their blanks are now in our files. We hope to have all the districts in 100 per cent line. 2, 4, 6, 8, 10, 12, 13, 19, 20, 22, 27, 29, 32, 33, 35, 36, 38, 41, 43, 49, 50, 52, 57, 59, 62, 64, 69, 72, 75, 79, 81, 82, 85. (Is your school in the above list?)"

Can your eighth grade pupils express themselves clearly in writing? It seems that some pupils do not so much need help in gathering facts in each of the fourteen required subjects as they need help in gathering means to express what they know. In their every day-work they should give full clear answers to questions or often recite by topics rather than just answering the questions in as few words as possible.

**Health Examination**

The following districts have sent in reports of the health examinations given in the schools: Districts 1, 2, 3, 1, 6, 7, 8, 9, 10, 12, 13, 14, 15, 18, 19, 22, 23, 27, 31, 32, 33, 34, 35, 36, 38, 39, 41, 42, 43, 44, 46, 47, 49, 51, 52, 53, 54, 55, 58, 59, 63, 63, 66, 68, 69, 71, 72, 74, 75, 76, 78, 79, 81, 82, 84, 85, 86, and Rev. Borneman's school. This examination must be given either by the teacher or a physician. In many schools a physician has done the work, which is better. The law says that it shall be the duty of the boards of education and school boards of the several school districts of the state to enforce the provisions of this act. Will the districts which have not reported do so at once, so we will not have to send a special letter to each? If you do not have sufficient blanks for the reports, let me know, and I will send you more.

# Are You Worrying About Your New Clothes for Spring?

Are you getting desperately tired of your winter things? How dull and shabby they are beginning to look now, with Spring just a few weeks off. Oh, to lay them aside and slip into clothes in keeping with cloudless skies and early flowers and trees weighed down with fragrant blossoms! You simply have to freshen up, whether you are a home woman, a business girl, or "sweet sixteen."

But perhaps you have been noticing--and worrying--that clothes, like every other necessity, keep going up in price. Isn't it good news to know that really beautiful clothes can still be found at moderate prices? Where?

A. C. Dean came from Denver the last of the week to look after the closing of some land matters here. Himself and family have spent part of the winter in southern California, returning to their Denver home a short time ago. Mr. Dean looks fat and prosperous, as though Colorado climate was agreeing with him.

J. C. Peters and family who moved to this county about four years ago, and settled near Carroll, are this week moving to a new home purchased near Florence. Hard-working, intelligent farmers, they will make good in their new home, we predict.

Albert Hansen and family have moved to Herman, near which place they purchased a farm last fall. Mr. Hansen and family have been residents of this vicinity for two or three years, and the neighbors all accuse Mr. Hansen of being the best farmer in the neighborhood. All are sorry that he sold and is leaving.

This is moving week, and wagons, trucks and people with their belongings are criss-crossing the country in every direction. The roads are free from mud in most places, but pretty rough most of the way. But as a whole the past ten days have not been unfavorable for those who have to move from one farm to another.

Walt Green and his sister, Mrs. Grant Davis, went to Inman Sunday to be present at a family reunion of the Green family. It was the first time in several years that the family had all been at home at once. The parents are getting old, and it was a mighty fine thing that all could once more meet about mother's table while the circle is unbroken.

A. Hassan of Sioux City was at Wayne Friday evening, coming to learn the final mysteries of one of the fraternal orders of the city. The editor asked him the next morning if he was all through, and with sort of a gasp he replied, "I should think so," implying that he thought the limit had been reached. We hope he had a good time—if not, he may when he sees how it works on the next fellow.

Mr. and Mrs. Walter Savidge returned the last of the week from southern California, where they went two months ago to see the sights and visit, as well as escape some winter weather. Mr. and Mrs. F. C. B. Wilson from Sioux City walked into the Democrat office Friday to spend an hour between trains with the editor, whom he knew thirty years before, when both were living at Villisca, Iowa. Mr. Wilson is in the land selling business, and this winter has been selling Texas lands way down along the Mexican border, where the river separates Texas from old Mexico. It was a pleasant hour that we spent together.

Mrs. Blanche Tharp has purchased the Link Welbaum residence property on north Logan street, and is to have possession April 1, and thus some one else will be looking for a place to hang out. Wayne moneyed men lacked foresight or faith in the future of the place when they neglected to build a half hundred residences here six or eight years ago. Now the cost of such a move would be double what it would have been at that time.

The ladies of the Presbyterian Aid society will hold a bazaar and food sale on Saturday, March 6, at Miss McCreary's millinery store. The sale will begin at 1:30 p. m. There will be aprons of all kinds and sizes and other articles for sale also a full line of pies, cakes, bread-and-butter, cream, chickens, and canned fruit of all kinds. Ladies who have their aprons done can leave them with Mrs. J. J. Williams or at the millinery store at any time.—adv

A well-digging equipment was received here this week by Henry Hollman, who lives about three miles northeast of town. Mr. Hollman tells us that he has drilled a number of wells without the machine, but that it is most too much work to put one down by hand, and so he has purchased the machine for his own use, and to be used in the neighborhood. He went to Clarinda, Iowa, a month ago and placed his order for what he needed. It is said to be a very complete equipment.

GOOD ATTENDANCE IN SOME OF THE SCHOOLS

(Wayne County Teacher)

We have been checking up the attendance of all pupils of the county between the ages of 7 and 16 years. Such pupils must attend at least two-thirds of the time school is in session. Two-thirds is not enough though. It should be ALL of the time. It is sad but very true that some pupils and some parents seem to be afraid of getting TOO MUCH education. A few schools where we noticed from reports that attendance at end of the FOURTH month had been good.

District 23, Della Longe, teacher, 13 pupils enrolled. All pupils of district attending and all attended required two-thirds of time, and only two had missed more than two days of school.

District 69—Clara Madsen, teacher, 22 enrolled. None not getting in two-thirds of time. Attendance regular so doing good work.

Mrs. F. W. Meinke's Parochial school, 29 enrolled. With one exception all had gotten in two-thirds of time.

District 19—Julia Douglas, teacher, 12 enrolled. All attended two-thirds of time.

District 38—Eva Hughes, teacher. Only six pupils enrolled and all have attended more than two-thirds of time.

District 1—Myrtle Mortensen, teacher, 14 enrolled. All pupils between ages of 7 and 16 have attended two-thirds of time.

District 18—Ada Phillips, teacher, 14 enrolled. All attended much more than two-thirds with one exception.

District 72—Olive Hayward, teacher, 10 enrolled. All attended the two-thirds time with one exception.

District 14—Mrs. Barlow, teacher, 10 enrolled. With one exception all have attended more than required time.

District 65—Cora Bay, teacher, 10 enrolled. None not getting in two-thirds of time.

### JUNIOR RED CROSS WORK

(Wayne County Teacher)

Thirty dollars that had been turned in by different districts as part payment for support of a war orphan health crusade supplies, etc., was recently sent in to Leonard W. Trester, acting state director of the Junior Red Cross. This money goes into the National Junior Red Cross fund.

Mr. Trester says that there are thousands of little children overseas who would not have food and clothing if it were not for the Junior Red Cross of America.

The following districts have recently sent in their membership fees for this year and the pupils have received the Junior Red Cross button for -1920:

- District 6—Ruth Carlson, teacher.
- District 10—Frances Spahr, teacher.
- District 12—Mrs. Elmer Bloomburg, teacher.
- District 22—Elizabeth Ostendorf, teacher.
- District 36—Jemima Morris, teacher.

### FROM THE MONTH'S LETTERS

District 63—We gave a box social in our school December 19. The weather was favorable, and a large crowd was present. We gave a short program and proceeds amounted to \$105.55. Ruth Davies, teacher.

District 71—Miss Irene Carpenter reports that all pupils who were found in the health examinations to have defects have had those defects attended to by their physician. (This is a good report.)

District 32—Emma Wehder, teacher. We had our program February 12 and the total amount raised was \$122.55. We are going to purchase play ground apparatus. The children have all been examined by Dr. Marse and we find few defective ones. We have four boys, who have not been absent since school began and one who has been neither absent nor tardy. We are beginning hot lunches Monday and will continue for a month and it proves successful, will keep it up during the cold weather. Am inclosing a letter from the war orphan we adopted last year.

Algiers 13, October, 1919.

Dear Madame:  
I thank you much as well as your pupils, for that which you are doing for me. I am working well and my

mistress is satisfied with me. I am learning how to embroider old Arabiah (Arabia) points. I am going to finish a cushion. It is my first work well (or completely) finished. I am applying myself well to be able to earn my living. I am making for you a little piece which I shall send you, in order that you may see how I work. I am putting one of my designs in my letter. My name is Rabiha. I am 13 years. Itim is the name of my father who was killed in the war. My mother died last year of the grip. I thank you again for all you have done for me and I send you all my thanks and my good wishes.

(Arabic) Rabiha Item,  
This is my name in Arabic.  
Street of the Casbah, No. 82.

### OF GENERAL INTEREST

Extracts from a letter received from Sara Milliken who is at Seattle, Washington: "We spent Christmas day at Victoria, British Columbia. It was like a spring day. The grass was so green and the pussy willow nearly open. The government buildings were very large, and Victoria seemed to be very much of an English town. The west is a great place. The rain, one does not seem to mind. You see everyone carrying an umbrella and traveling as if the sun was shining. It is a warm rain, not the cold rains of Nebraska. I like it very much here and may decide to teach in the state of Washington. Wages are good here and the cost of living the same as elsewhere. Our trip has been a pleasant one. We spent two weeks at Los Angeles at the beaches (Long Beach and Venice) was at Pasadena saw the Busch gardens. Spent four days at Frisco. We were on the Columbia Highway, took many pictures of the beautiful views along the river. Visited a Japanese tea garden, had real tea and rice cakes served in Japanese style. Spent seven days and six nights on the Pacific ocean. I was sick two days (real) sick too. We have a beautiful view of the sound here and can see the snow capped Olympias from here. Mt. Ralmier is to be seen in the distance.

### W. S. N. CLUB AT LINCOLN

(From the Goldenrod.)

The feeling of kinship among former students of Wayne State Normal now in attendance at the University of Nebraska is displayed by the organization of a W. S. N. Club. One of the members has kindly furnished a resume of the work of the year and report of a recent social event.

"The first meeting was held November 21, 1919, at which time a constitution was proposed and adopted and the following officers elected: President Jessie Watson; Vice President, Alvine Meyer; Secretary, Kenneth Hecht Loomis; Treasurer, George Madsen. At the same meeting it was decided that a group picture of the Club should be taken for the Corn-husker.

"Several business meetings have been held, but the opportunity for real fun came when the Valentine Party was given. Mrs. Hager (the lady of our house) kindly offered us her home. The living rooms were all decorated (should I say, quite artistically?) by some of our good members, and decorations, eats, games and all suggested the spirit of Valentine's Day.

"The prizes for the best tissue paper hats and love letters were awarded to Mr. and Mrs. Lewton, (the latter was known at the Normal as Grace Burke.

"The honored guests were Mrs. J. W. McKibbin (nee Miss Sara J. Killen) and Professor J. G. W. Lewis."

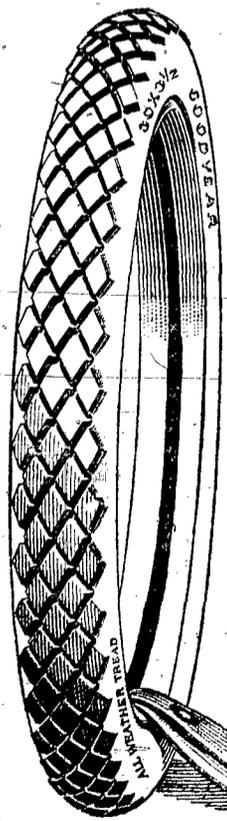

Speaking of the number of members and purpose of the W. S. N. Club: "There are quite a number attending the University eligible to membership in the Club, perhaps thirty-five or forty. Others may be taken in as members by a vote of those present at meetings, and already several have asked to be allied with our quite jolly and altogether intellectual group. The purpose of the Club is to strengthen old friendships and to help new students to get acquainted with the spirit and customs of the University."

## The World's Largest Tire Factory

### Building 30x3, 30x3½ and 31x4-inch Tires

Owners of small cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30x3-, 30x3½-, and 31x4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure \$20.00  
Fabric, All-Weather Tread

30x3½ Goodyear Single-Cure \$17.65  
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$3.90

### SOCIAL NOTES

The regular meeting of the O. E. S. is next Monday evening.

An interesting program has been prepared for the Women's Missionary society of the Presbyterian church, which is to meet with Mrs. W. R. Ellis Thursday, March 11. Mrs. C. T. Ingham will be hostess.

Wednesday evening Clara Lamber-son entertained a party of a half dozen of his young friends at a 6 o'clock dinner at the home of his parents, Mr. and Mrs. C. A. Lamber-son, and then followed a theater party making a very happy evening for the young folks.

Monday club met March 2 with Miss Piper at the home of Mrs.

Chace. Roll call was responded to by current events. Miss Ella Morrison presented the work of the Y. W. C. A. and explained the campaign that is now being carried on for funds. Each member of the club pledged a subscription of one dollar. The hostess, assisted by Miss Beryl Kneeland, served refreshments. The club will meet March 8 with Mrs. Welch.

The W. C. T. U. held an interesting, well-attended meeting Friday at the home of Mrs. J. P. Barnes. In the absence of the president, Mrs. Mitchell, Mrs. Brittain presided and led in an acceptable manner. Mrs. Beard sang "The Sparrow" after which Mrs. Brittain read several interesting articles on theft and profiteering. Mrs. Geo. Fortner read an interesting and amusing poem, and the hostess served refreshments. The next meeting will

be held at the home of Mrs. L. C. Gildersleeve Friday, March 12.

Saturday was Jens Andersen's sixtieth birthday and Sunday their children, grandchildren and a few neighbors gathered at their new home on Main and Seventh streets in this city to the number of more than two dozen for a surprise on him in honor of the event. The day was spent in a social manner, and an elegant rocker came as a token of their love, and it will be a comfortable place for him to sit and rest at the close of the day. In departing for their homes at the close of the day, they all wished him many returns of the day.

The Acme club held their regular meeting Monday at the home of Mrs. J. T. Bressler, and after the roll call which was responded to by current events, the remainder of the afternoon was spent in reading current event articles of much interest in these busy times. Those present discussed with much interest and appreciation was a splendid assortment of California nuts and candied fruits, sent by Mrs. J. C. Forbes, and intended for their anniversary meeting, but received too late for that event. The next meeting will be with Mrs. C. T. Ingham.

One evening last week on the eve of the departure of the E. L. Jones family from the farm they have been living on for the past two years a few miles east of Carroll, their home was invaded by a lot of the neighbors, who came prepared to take the place, and take it they did, and kept it until near the morning hour. Music, games and dancing made the time seem all too short to the invaders. The gathering was a farewell party for the Jones family, who went to the Perdue farm east of Wayne. It will be a very pleasant memory in the minds of all present.

The St. Mary's Guild held their meeting last Thursday with Mrs. E. H. Carroll, and passed a pleasant afternoon. Guests were Mrs. Earl Perkins, Mrs. Bruner and Queenie Crahan. As Mr. and Mrs. Geo. Roskopf are to leave Wayne this week for a home at Norfolk the ladies of the Guild gave to Mrs. Roskopf as a token of their good will and love a handsome Wayne souvenir spoon. She will be greatly missed. The next meeting will be with Mrs. J. Dennis and Mrs. Finn at the Dennis home Thursday, March 11.

The Woman's club has an important meeting called for Saturday afternoon at the library building, and each and every member who possibly can is urged to attend. One of the important matters will be the payment of annual dues--get that. Another will be the election of officers. If you want office, come--if you don't want office, better be there to decline, for some one will have a

heap of work to do next year. But then aside from these little matters mentioned above a question of much interest to all members and the community will be considered. It is one of the gatherings you should attend.

The Girls' Bible Study Circle were guests of Miss Laura Thompson the week end, going in a party to Concord Friday afternoon. Stopping in Wakefield between trains they were the guests of Misses Alice and Reda Miner, where was held their usual bible study and prayer in which others joined. After a delicious luncheon the party joined by Miss Alice Miner took the train for Concord arriving just in time to hear Rev. Fryckman's illuminating message on "Faith," in the series of revival meetings being held in the Free church in that town. All report an interesting and helpful visit and plan to meet with Arlene and Lucile McClennen Friday evening of this week.

Election and installation of officers took up a part of the meeting of the P. E. O. at the home of Mrs. Paul Mines Monday. In addition the ladies enjoyed a covered dish supper that was delicious. This was followed by a social hour during which Miss Euphemia Johnson told the ladies of the work of the Y. W. C. A., of which she is state director. In her entertaining talk much information was given of the important part this organization took during the war time, as well as of the work yet to be done. Officers elected were: President, Mrs. C. H. Fisher; vice president, Mrs. V. A. Senter; secretary, Miss Jinks; treasurer, Mrs. D. H. Cunningham; chaplain, Mrs. Wm. Morris; corresponding secretary, Mrs. O. R. Bowen; guard, Mrs. A. T. Cavanaugh.

Mrs. J. A. Gurnon was hostess at the Bible Study Circle Tuesday afternoon, Mrs. Dora Benschoff leading the Sunday school lesson which was of deep interest to all. After the lesson Mrs. Phipps sang an appropriate message in song and the secretary read a number of interesting letters requesting prayer help. Among others was a card from Rev. F. E. Lindgren, who has been engaged in evangelistic work in Iowa the past two years, telling of the death of the wife of his singer and her little daughter the same night with pneumonia. Mr. Lindgren plans to visit Wayne friends March 15. Messages were sent to a number of sick and suffering ones and prayer closed a delightfully inspiring afternoon. Mrs. Crockett will be hostess next week.

The Minerva club met Monday, March 1, at the home of Mrs. L. W. Roe. The program for the afternoon was as follows: Mrs. Geo. Fortner gave as readings two of Carrie Jacobs Bond's songs, "Through the Years," and "The Soul of You." Mrs. J. C. W. Lewis read a very interesting and instructive paper on "Efficiency in the Business of Government." Miss Ella K. Morrison introduced to the club Miss Euphemia Johnson, state director of the Y. W. C. A. world service program campaign for Nebraska, who told the ladies very briefly of the work accomplished by the Y. W. C. A. during the war, of the work now being done at home and abroad and of the work the organization hopes to do in the near future. She asked that the club ladies support the Y. W. C. A. campaign. The club later voted to give ten dollars to the Y. W. C. A. campaign fund. Miss Irma Rennie favored the club with a piano solo. Mrs. Wm. Kilburn, Mrs. Mellick, Mrs. J. M. Cherry, Mrs. O. R. Bowen, Mrs. Maso, and Miss Mary Mason were guests for the afternoon. Mrs. Roe, assisted by Miss Harriet Fortner, served a delicious two-course luncheon.

### First Baptist Church

(Robert H. Pratt, S. T. M. Minister) The pastor telephoned down through the storm of Wednesday to have the editor assure the members of his congregation that he will be able to meet with them and talk to them from his pulpit Sunday morning, though he is suffering from a severe cold, and confined to the house at this time. All will be welcome at the Baptist services of the week.

A NORTH DAKOTA CORNFIELD--NEAR NEW ROCKFORD, YIELDED 35 BUSHELS PER ACRE

A rumor has been abroad lately of plans to reopen in the constitutional convention the subject of the initiative and referendum with a view to increasing the petition percentages and making the system harder to operate. The least criticised of the acts of the convention thus far was its adoption, early in the session, of a conservative but fairly workable direct legislation measure. The convention will doubtless wisely let it go at that.--Ex.

After sixty it is easier to get sick than it is to recover. This fact should inspire those of us who think we have attained the years of discretion to commendable prudence in eating, drinking and working.--Bixby.

There is said to be reason in all things, but we are unable to understand why any man with visible means of support should want to be governor of Nebraska or any other state. The pay is small, the glory nothing and the perplexities innumerable.--Bixby.

## Mr. Carey Says:

"Give your stock access to Careyized Stock Tonic Block for sixty days at my risk." He takes all the risk to demonstrate the practical way of feeding and the superior medicinal qualities of Stock Tonic. Read what Mr. Carey says in the leading farm journals how stock will doctor themselves by instinct; no under or overdosing; each animal having free access gets just the amount the system requires. Worms are the biggest enemy of hogs. These robbers work day and night taking the profits which belong in your bank account. MR. CAREY TAKES ALL THE RISK TO RID YOUR HOGS OF THESE PESTS--will you permit the test? Remember you are to be the judge and jury. If he fails, a check for full purchase price awaits you. This is not a special offer--it's extended to every stockman every day in the year. Soon you will be using Careyized Tonic Block. It will be a profit-making factor. Tonic for stock is as important as salt--in this you have the two combined. Mr. Carey apportions us 5,000 pounds for 60 days distribution. We will appreciate a call and permit us to explain Mr. Carey's plain, square-toed proposition. No orders to sign; no frills or strings tied to it. He asks every stockman in Wayne county to try Careyized Tonic Block for sixty days AT HIS RISK. The big campaign is on the good work begins at once. A big supply on hand. Will you permit Mr. Carey to help you make 1920 a banner year?

## Security Pig or Calf Food

A concentrated food in powdered form. Mix with water or separated milk--is equal to a milk diet. Has been used successfully in this community for ten years. Try a 10 or 25 pound pail. The Security Food Co. will render you draft promptly for entire purchase price for failure to please from points of economy and efficiency. It returns the feeding value to milk that has been removed by the separator at one-third the price. Swift & Co. has contracted for a full car load for pig feeding. We desire fifty additional users that we may order in larger quantities.

Cane Sugar for April Delivery \$17.50. Mail orders have attention.
