WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, APRIL 29, 1920

\$1.50 PER YEAR

## WAYNE HIGH SCHOOL SENIOR CLASS PLAY

The seniors of the Wayne high school scored success Friday, April 23, when they gave the play entitled, "And Home Came Ted." The play was wisely chosen and the players did full justice to their parts.

The character, Skeeet Kelly, was exceptionally well portrayed by Leslie Rundell. His audacity and wit combined with true kindness made him a fit lover for the delightful and charming Nellie Macklin, Fannie Senter. Lynette Rennick endeared herself to the audience by her representation of the school girl bride. Lowell Henney was the fortunate bridegroom. The mysterious and heroic Mr. Man, Howard McEachen; the selfish, ambitious Ira Stone, William Laase; the reserved Diana Garwood, Elizabeth Gildersleeve; the flirtatious Honolulu Maid, Martha Crockett; faithful Aunt Jubilee, Margaret Eichoff; the brusque senator, Harry Prescott, were all well depicted. Madeline Bohnert and Irvin Larison furnished music between acts.

The young people and their director, Miss Leone Mills, are to be congratulated on their achievement.

Now we want to say just a word commending the pupils in charge of the decorations, which made the old opera house appear at its best, and showed a display of skill and good taste. The audience was all that could be desired, filling the house to its capacity, with friends of the school and the actors, all of whom were happy in the success scored by the school. Another thing most commendable, no matter who was responsible, is the fact that this play was committed and brought to a successful finish in but a week or ten days after the parts were assigned. The pupils taking part were excused when necessary from their regular school duties, and the play was soon over, thus detracting far less from regular school work than where more time is taken in preparing, but really less attention given to preparation, for as a rule it is but the last few days that count in real effort at such a time. In other words, it is the necessity to get busy that gives the final success.

## HOSPITAL NOTES

A number of patients are able to leave this week, among them being Miss Mabel Sumner, Ralph Carhart, Mrs. Dave Surber, Miss Lillie McNulne, and Mrs. Earl Merchant and baby.

Miss Nola McCutchen from Chicago is spending a week at the hospital demonstrating a new form treatment for some baffling complaints among the old.

Drs. Riley of Wisner and McPhaden of Belden were among the professional callers this week.

Art Davis of this city is a new patient for medical treatment.

The X-ray patients for the week were J. E. Blackmore, Bloomfield and Stella Skiles, Earl Merchant and Mrs. Kroger of this place.

## PRESBYTERY HOLDS MEETING IN EMERSON TODAY

The Presbytery of this district have a meeting at Emerson today, and in addition to the delegates from Wayne a dozen or more of the ladies of the Wayne Missionary society of that church have gone to amuse the good people of Emerson as well as instruct them with a little play they have given here, entitled the "Clinic of a Missionary Specialist." We failed to get the cast of characters, but can assure the Emerson people that the production will well be worth their time.

## WAYNE DEBATES WEST POINT

The Wayne high school debating team will contest with West Point at that place Monday evening in the district debate, our team having the negative of the strike question which has been debated in the elimination debates of the district. But ten teams are now in the running, and half of those will be eliminated in the coming bout. Should Wayne win Monday, they will be one of the five teams to go to Lincoln a little later and compete in the state contest.

## THE PRINCESS OF POPPYLAND

Is fanciful operetta to be given at the opera house Friday evening by the pupils in the grades of the city school. It is said to be a very pleasing production. The pupils of the high school orchestra and boys double quartet will furnish special music. Seats are low on sale, and those going should get their seat early.

Read the advertisements.

## WAYNE STATE NORMAL NOTES

According with gracious custom, which has been annually observed by them since the beginning of the school, President and Mrs. Cohn entertained the members of the faculty and their wives at 7 o'clock dinner last Saturday evening in the canteen. The occasion was in honor of Professor and Mrs. Coleman, who will shortly leave for California, where Professor Coleman will continue to work in his chosen profession, music.

The guests came attired in costumes of various characters representing periods and occupations.

After the sumptuous meal, the guests were entertained by messages from Mars caught by wireless through the skill of Professors Britell and Chinn. Much new and delightful information was thus obtained. Then Miss Elizabeth Betheher felt the spell of prophecy fall upon her and unfolded the past, present and future of all the company, revealing their secrets, thoughts and purposes in a marvelous manner. Miss Martha Dewey read delightfully some Irish selections and the faculty quartet sang several pleasing melodies. A touch of sadness came upon all as they listened to these gifted singers, with the thought that the quartet is about to lose Professor Coleman, whose presence in the institution and whose work in this popular musical organization have meant much for the artistic life of school and community. At 10 o'clock the company dispersed with many pleasant thoughts of their gracious host and hostess.

On Friday morning Dean Hahn discussed interestingly some of the newer tendencies in education. President Cohn occupied the time at chapel on Monday with an earnest plea for more careful direction of the energies of our people in the near future to the task of increasing production. He felt that much labor is being expended in public improvements that might better be used on farm and in factory, until business becomes more nearly normal. Yesterday Professor Bowen, in a witty speech, made a complete and thorough statement of the various steps attendant on a presidential election.

The copy for the Spizzerinkum, the school annual published by the senior class, has been mailed to the printing house that holds the contract, and the book will be ready for distribution at the close of the semester. It is an exceedingly creditable piece of work. Miss Winifred Angel, editor-in-chief; John Muhm, business manager; Tillie Solfermoser, who prepared the joke section; other members of the staff, and Miss Piper, sponsor of the class, have devoted much time and not a little intelligence and literary and artistic skill to their important task and the result is one in which all the friends of the Normal may take much pleasure.

Miss Wilma Garwood, class of 1918, was at the Normal last Saturday on a matter of business. Miss Garwood has been elected to the principalship of the Sholes schools for next year and is looking for a teacher to fill a vacancy in the grades.

Miss Marie Lamm, of Harlan, Iowa, registered at the Normal Monday for special commercial work.

Miss Martha E. Dewey, head of the expression department, read before the ladies of the district meeting of Federated Woman's clubs at Wisner on Tuesday.

## SILAS HOLCOMB DEAD

Ex-Governor Silas A. Holcomb of this state, died at the home of his daughter at Bellingham, Washington, Sunday. The body will be brought to Broken Bow for burial.

Mr. Holcomb was elected governor by the populists, and was a progressive citizen, and administered the affairs of the state well, we are told. He also served his state as judge of the supreme court and as a member of the board of control.

## ADVERTISED LETTERS

Wayne, April 28.—Letters: Bertha Arnold, Mrs. Bertha Boashr, Fred M. Darling, care E. E. Hale; Miss Florence Daugherty, Will Evans, Terry Francis, Frank W. Gasper, Mrs. Fannie Lacy, Miss Anna Miller, Del. Morse, August Wahlers.—C. A. Berry, Postmaster.

On the plea that their work called for intelligence, a burglars' club in Leipzig wrote to a local newspaper representing its members being called "rascals."

## NOTICE OF CHANGE IN POSTOFFICE SCHEDULE

The following is the present schedule of mails at the postoffice, Wayne, Nebraska:

Outgoing mail closes: East 8:15 a. m.; west 10:30 a. m.; east 2:15 p. m.; West 6:00 p. m.

Mail arrivals from west: 8:50 a. m.; from east 11:00 a. m.; from west 2:45 p. m.; from east 6:30 p. m.

Beginning May 1, 1920, the office lobby window will open at 7 a. m. The window will close at 6 p. m. It will reopen after the evening mail is distributed and close at 7:30 p. m. The lobby will close at 8 p. m.—C. A. Berry, Postmaster.

## THAT AUCTION LOT SALE

Messrs. E. Henry and E. E. Jones of Mapleton, Iowa, members of the National Land and Development Co., have been spending part of the week at Wayne completing details for the coming lot sale, which is to be held Friday, May 7. This enterprising firm came here a few weeks ago and purchased a seven-acre tract which is needed for city lots, and have laid it out in streets and lots, making thirty lots which are to be sold the 7th at whatever price Wayne people and those who want to be Wayne people place on them. You will learn more about it, and the liberal terms of the sale by reading their advertisement carefully.

This is a desirable tract, between the college and the city, and being thus placed on the market at this time, will tend to supply the increasing demand for available building lots for the house situation is acute, and Wayne must have more homes if it continues to grow—and it is just now at a stage of its history where it certainly will grow. Many are planning to attend the sale.

## THE COUNTY SPELLING CONTEST WAS GOOD

Last Saturday pupils of the county met at the court house in the annual spelling contest with twenty-nine candidates for the prizes and a chance to represent this county in the state contest at Lincoln tomorrow. The aspirants were so well matched that it took 100 per cent to win the first place, and the honor was earned in both the oral and written contest by Miss Dorothy Meyers of Carroll, who thus took both first prizes and goes with Miss Sewell to Lincoln this afternoon to take a part in the state meet, and here is hoping that she wins there as well as she did at home.

The second place in oral spelling was won by Leo McGuire of district 32, which is in the southeast part of the county. This lad is a sixth grade pupil we are told. Charles Keyser of the Wayne city school took the second place in the written test. He is in the sixth grade, we are told.

Next year the interstate contest is to be held at the Wayne Normal, and will bring in the winners of contests from the surrounding states, and will be an event unusual in a place of the size of our city.

Below we give a list of those who competed this year:

- Mary Myers, Wayne.
  - Charles Keyser, Wayne.
  - Mabel Hurstad, Wayne.
  - Eleanor Halpin, Winside.
  - Norene Tucker, district 44.
  - Bernice Hansen, Wayne.
  - Hildred Jacques, Wayne.
  - Clady Ingwerson, Wayne.
  - Natalie Krause, Hoskins.
  - Kathryn Starkel, district 85.
  - Lois Sherbahn, Wayne.
  - Myrtle Shultz, district 32.
  - Esther Jenkins, district 36.
  - Genevieve Wright, Wayne.
  - Laura Puls, district 85.
  - Genevieve Craig, Wayne.
  - Robert Taylor, Wayne.
  - Anna Anderson, Hoskins.
  - Leo McGuire, district 32.
  - Irene Heckman, Wayne.
  - Clady Richardson, district 10.
  - Herbert Brune, Winside.
  - Twila Neely, Winside.
  - Clarence Johnson, Winside.
  - Mary Parker, Wayne.
  - Josephine Barnett, Wayne.
  - Dorothy Meyers, Carroll.
  - Celia Thomas, Carroll.
  - Trewe Edwards, Carroll.
- The judges were Rev. Wm. Kilburn, Miss Mary Mason and Mrs. F. S. Berry. O. R. Bowen was referee, and E. E. Lackey pronounced the lesson, which was long as nearly 1,300 words were used in the oral test.

1918 Seed Corn for Sale.—Early variety, white—95 per cent test. Eli Laughlin. A29 t2

Western Theological seminary to build new \$100,000 home at Fremont.

## SOCIAL EVENTS OF THE WEEK IN WAYNE

The Monday club met Monday, April 26, with Mrs. E. E. Lackey, Mrs. Lou Owen was leader of the lesson and gave a most comprehensive detailed report of a very interesting trip that she and Mr. Owen and their son, LeRoy, enjoyed last summer. Their itinerary included Chicago, Syracuse, Buffalo, Niagara Falls, New York City, Boston, and Washington, D. C. Her description of the beautiful Lawrence river, their experience in shooting the rapids; in passing the custom house officers, and her recital of all of the intricate details surrounding historic Boston were thoroughly enjoyed. Mrs. Owen took the club in spirit to the tomb of Washington, to the hallowed graves of Arlington cemetery and finally through the halls of congress. Misses Frances and Neva Lackey each favored the club with instrumental solos. Mrs. Lackey, assisted by her daughters, Frances and Neva, and Miss Donna Sonner served a delicious two-course luncheon. Guests of the club were Mrs. Wm. Kilburn, Mrs. Gertrude Sonner and Mrs. I. H. Britell.

One of the big social events of the week is promised Friday evening when the churches of the city unite in entertaining the college students and faculty on the court house lawn. Just at this writing a lawn social sounds a little cool—with ice cream slated for one of the refreshments—but the weather can and may change. But be the weather what it may a big time is planned. The people of Wayne welcome these young people from all the surrounding counties, and the church organizations are taking this method of expressing their interest. A program committee will see that all who attend Friday evening have a good time with games and other amusements and eats.

Mrs. J. W. Beard entertained the Westminister Circle at a 6:30 dinner Tuesday evening. A scripture lesson was given followed by a word of welcome by Mrs. Philleo, president of the Missionary society. Miss Morrison gave a piano solo, Mrs. Lowery gave a talk on Gullud work, Faith Philleo sang a solo. Committees were appointed for different work for the year, followed by a social hour during which the girls made May baskets for shut-ins. Mrs. Lowry and Mrs. F. Philleo were guests of the circle. Next meeting will be in two weeks. Meeting place undecided.

The Minerva club and their husbands will give a farewell dinner at the home of Mr. and Mrs. C. A. Grothe at 6:30 tonight in honor of Mr. and Mrs. Coleman. After which a musical program will be given. The club will present Mrs. Coleman with a spoon as a farewell token of esteem. Mrs. Coleman and children will go to Des Moines Sunday to visit her parents for three weeks, returning for commencement at the Normal. About June 1 Mr. and Mrs. Coleman and sons will depart for their new home at San Francisco, California.

The Acme club held their meeting with Mrs. J. J. Williams on Monday afternoon. At the business meeting the following officers were elected: Mrs. Hamer Wilson, president; Mrs. V. A. Senter, vice president; Mrs. J. G. Mines, secretary; Mrs. Walter Weber, treasurer. Mrs. J. W. Beard and Mrs. Helen Pyle were guests. The hostess served delicious refreshments. This is the last regular meeting of the year. Another meeting has been planned at the Country club as soon as roads are good.

The members of the U. D. club met at the home of Mrs. Charles Craven Monday afternoon. The members responded to roll call by reading a poem. Mrs. W. H. Morris gave a splendid book review on the Master of Inn by Robert Herrick. Hostess served delicious refreshments. Next Monday the club will meet with Mrs. W. H. Morris.

The Coterie met with Mrs. W. E. Jenkins Monday, April 26. Roll call was responded to by assigned topics. A splendid paper was read by Mrs. Warren Shulties, subject "Little Folks that Grow," with pictures illustrating. Hostess served candies. Club will meet with Mrs. Perry Theobald May 3, being our election day.

Mrs. James Grier will entertain the Helping Hand society this afternoon and a Mothers' day program will be given.

The Woman's Bible Study Circle met with Mrs. Fred R. Dean Tuesday

afternoon when Mrs. J. D. Williams of St. Paul, Minnesota, led the study in Philippines in the first series of four studies to be presented this week in parlor meetings at Mrs. Dean's, Mrs. Laase's, Mrs. McClenahan's and Mrs. Gossard's. Mrs. Williams will also conduct the Young Woman's Bible Circle at the home of Mrs. E. B. Young, Friday evening and the young ladies are expecting a treat both in song and message. All invited.

The music pupils of Mrs. Grace Keyser gave two recitals at her home last Monday. One at 4:30 the other at 7:30. Each program consisted of fifteen numbers. The mothers and fathers were guests who were delighted with the program.

The W. C. T. U. met with Mrs. J. H. Boyce Friday afternoon. Mrs. Crossland led devotionals, after which a social afternoon was spent. A covered dish luncheon was served. Mrs. C. W. Hiscob will be hostess Friday, May 14.

The Sorosis club held no regular meeting Monday afternoon. The club were invited to attend a recital at Mrs. Keyser's given by her pupils. Mrs. J. A. Gurnon will be hostess next Monday.

The Ladies' Aid of the Presbyterian church will be entertained next Wednesday at the W. O. Hansson home by Mrs. Hanssen and Mrs. Kortright, and the afternoon is to be devoted to work with needles. All should attend.

The Monday club did not meet this week with Mrs. Rollie Ley because of sickness in the family, the meeting was postponed until next Monday.

## MEMBERS OF WOMAN'S CLUB TO MEET SATURDAY

Members of this organization have promise of an interesting session at the usual hour Saturday afternoon, but the meeting place is changed for this time to the Methodist church. On the program is a lecture, "English Life," by Rev. Kilburn, who should know something of his native land. Mrs. A. R. Davis and Mrs. T. T. Jones will sing to those present, and Mrs. Oman and Miss Pryor, and Mrs. Lewis, who are now attending the district meeting of the federated clubs at Wisner, will report what they learned of club work at this meeting. There is promise of a most interesting time, and no one who can attend should miss the meeting.

## TAX DODGERS COME ACROSS

Fremont, April 26.—Several large tax payers of Fremont have voluntarily appeared at the office of County Assessor John O'Connor and increased the amount of their returns, as a result of the fact that the assessor published a list of the returns made by the assessors. Some of the leading stores in the city were recorded as having stocks worth only \$3,000 or \$4,000, according to the assessors' statement.

Under the laws of this state the county commissioners may have the tax list of the assessors published; and in a few counties this has been done, and the result is that the increased values given in more than made good for the slight expense. In other words the taxpayer fears publicity more than he fears to fudge a little in returns and swear that he has not favored himself at public expense.

## PRINT-PAPER HIGHER

Print paper has gone up another notch. Now \$220 per ton, plus the freight. Three years ago a better paper could be purchased at \$54 at Omaha. It is just another instance of robbery by corner.

The population of the Azores is about 245,000, the number of its inhabitants having changed but little in the last century, and, if anything having diminished.

It is claimed that sugar beets could be raised in the vicinity of Chambers without irrigation and that tests of the beets made at Grand Island factory went better than 17 per cent. Public spirited men are trying to interest parties in establishing a beet sugar factory there.

Creation by a future state legislature of an industrial court to determine controversies between employers and employes in any business or vocation affected with a public interest will be possible in Nebraska if constitutional provision is adopted by the voters at a special election next September.

## TRACK AND FIELD MEET AT WAYNE MAY 7

One of the good things for the schools and lovers of athletics among the pupils now comes to Wayne annually as benefit of the Normal here and our central location in this north-eastern Nebraska territory which makes this strong school organization.

The meeting this year promises to be the best yet held, with thirty schools entered, May 7, promises to be a busy day at the Normal athletic field, and all interested should plan to attend. The following has been handed in that we may tell the readers what is in store for them:

On Friday, May 7 the Northeast Nebraska Track and Field Meet will be held on the Wayne Normal Athletic field. This meet is held under the auspices of the Northeast Nebraska High School Athletic League. The league now has a membership of thirty schools, namely: Abilene, Battle Creek, Bloomfield, Brunswick, Carroll, Coleridge, Creighton, Hartington, Laurel, Newcastle, Neligh, Oakland, Osmond, Pierce, Plainville, Ponca, Howells, Randolph, South Sioux City, Stanton, Tilden, Verdigris, Wakefield, Wausa, Wayne, Winnebago, Winside, Wisner, and Wynot, and Emerson. Most of these schools will compete in this meet.

At 10 a. m. the final game of baseball will be played to decide the champion of Northeast Nebraska, and at 1 p. m. the final game in girls' basketball to decide the champion. All track events will start at 2 p. m. This will be a great day for the high schools in northeast Nebraska. This is without doubt the largest track meet to be held in the state and deserves the support of every business man in the city of Wayne. Let's put our shoulder to the wheel men and make this meet one grand success. Give us your earnest support and show the visiting teams that Wayne is one grand place to live in.

Work in earnest has been begun on the track and will no doubt be in fine shape the day of the meet. Rivalry between the contestants is great and some of the old records will be broken.

The events: Baseball, basketball, 100 yard dash, 120 yard, low hurdles, half mile, 220 yard dash, 440 yard dash, half mile relay race, pole vault, shot put, high jump, discus throw, broad jump.

The officers of the organization are: Supt. R. F. Thompson, Plainville, president; Supt. A. B. Rich, Bloomfield, vice president; Coach A. C. Serling, Wayne, secretary; Supt. Gustave O. Fuchs, Creighton, treasurer.

## COMING NORTH WITH THE BIRDS

Some of the Florida people are coming home, and like those who went to California to escape winter, they are regretting that they did not stay a trifle longer—for they are not used to snow, rain and frosty mornings, and that has been the weather order for this vicinity for the past four weeks, when we were due to have a bit of spring weather. Among the recent arrivals was Fred R. Burress of Carroll, who went south in January, and admits that he came back too soon, according to the weather which met him here Saturday. He tells us that he was over across the little water which separates this dry land from the land of thirst quenching—Cuba.

Walt Hurbert, who has been taking sun baths in the land of flowers is also back from the south, visiting and making his way home on the installment plan.

Mr. and Mrs. Grant Mears may be here before this is printed, as they are reported to be in the state visiting at the home of their son at Schuyler.

## PASS THE SUGAR, PLEASE

Six train loads of Mexican sugar from the refinery at Sonora, is coming to the United States. That may help a little—help the sugar combine reap a rakeoff on that much more.

Chinese millers make flours out of wheat, barley, oats, rye, buckwheat, chestnuts, millet, potato, peanuts, peas, beans, lentils, pulse, rice, almonds and fifty other vegetable substances.

With all respectable Burmese families it is an invariable rule that the child's name must begin with one of the letters belonging to the day of the week on which it was born. They have a notion that, according to the day of the week (or rather the constellation representing that day) on which a man was born, so will his character be.

# Buy a Splendid Wayne Home FROM OWNER

A modern 8-room, two-story house, with lot 90x150, one and one-half blocks from court house, east and south fronts. It is well known as the **PATRICK COLEMAN HOME**. For price, terms and more particulars, call at the place or **TELEPHONE RED 172**

**LOCAL AND PERSONAL**

Mrs. Tucker from near Sholes was a Wayne visitor Saturday.

Mrs. John Beard and son, Robert, went to Sioux City Friday to spend the week-end with her parents in that city.

Prepare to attend the lot sale next week, Friday—the 7th of May, when you have a chance to make the price yourself on the lot you want.—adv

W. A. Case, for many years a visitor at Wayne as representative of the coal trade, was here last week in the interest of the Vincent Grain Co., of Omaha. To sell coal used to be his mission—now it is to purchase grain.

Wayne, Nebraska

John Berry from Sioux City was at Wayne Saturday morning.

Miss Frances Burnham of Randolph was here Saturday morning on her way to Omaha.

Mrs. Davis, who teaches at Sholes, came home the last of last week, ill with neuralgia.

Mrs. Rollie Hinkle returned Friday from a visit with relatives and friends at Norfolk.

Miss Elsie Ford Piper went to Stanton Friday evening for a week-end visit with friends.

Sam Barley went to Sioux City Saturday to spend Sunday there with his daughter, Mrs. Jay Jones.

Miss Pearl Madden came up from Omaha Saturday to visit her parents, Mr. and Mrs. Chas. Madden.

The weather, this spring is a never-ending source of conversation. One says "I never before say such weather"—and the reply comes back, "neither did I."

John Jenik returned Friday from a visit to his farm in Cheyenne county, where his daughter lives, and tells us that the entire county was buried in a foot of snow. Loss of stock was sure to be considerable, as the storm was such that those with stock and feed could not get the feed to the cattle.

The pardoning of an automobile thief by the lieutenant governor last week is raising quite a stench at Lincoln, where the man was convicted—in fact, he plead guilty. The governor had refused to grant the pardon while his case was pending in the supreme court, but he was out of the state, and the acting governor, Barrows, did the job. Lincoln commercial club called a meeting of protest for Saturday afternoon, and invited the pardoning officer to come and defend his position as best he could.

Rev. S. X. Cross preached at Ponca Sunday last.

Mrs. James Stanton from Carroll was a Wayne visitor Saturday.

Adella Wrebel went to Winside Monday morning for an indefinite stay.

Mrs. J. C. Trumbauer and Mrs. Jack Liveringhouse were visitors at Sioux City Monday.

Mr. and Mrs. William Watson went to Pierce Friday to visit relatives and friends a few days.

Don't forget that taxes are due now, and delinquent after May 1, when they begin to draw interest.—adv

T. B. Heckert arrived home Friday from Lexington, where he has been for the past three months, visiting with his brother.

Ralph Clark went to Sioux City Monday for a two-day stay with his mother while looking after business matters in that city.

The lots to be sold at auction next week, Friday, the 7th are convenient to town and near the college, a desirable place for a home.—adv

Miss Fay Brittain returned to her school work at Omaha Sunday after a short visit here with home folks. She is employed in the city schools.

Miss Zella Jeffry, who is from California, visiting relatives in these parts, went from Wayne to the C. O. Sellon home near Sholes Friday to visit for a time.

Mrs. O'Neill and daughter from South Sioux City came Saturday to spend Sunday here at the home of her sister, Mrs. Dennis, returning Sunday afternoon.

Mrs. Albert Kohl and her two sons, Fred and Elwood, returned to Meadow Grove Saturday after a week here with her father and brother, G. F. and G. A. Gansko at the Boyd.

Mrs. McVay and little grandson left Friday afternoon for their home at Antlers, Oklahoma, after a two weeks' visit here, part of which time was spent in settling some business matters.

Mr. and Mrs. Wm. Ruhlow from Hoskins were Wayne visitors Monday. He tells us that Harry Ruhlow, the former editor and postmaster is now on the road, representing the Harding Creamery Company, of Omaha.

John R. Massie, who is teaching manual training at Madison was home for Saturday and Sunday with his parents. In reply to our question, he tells that he is elected for another year, which is a good testimonial as to his work.

Scotts bluffs has a population of 6,912, according to the new census, and that is 5,166 more than were there ten years before. Their annual average increase has been more than 600 a year, which is pretty good for a small town average.

The Canadian team defeated the American team at Antwerp last week in a hotly contested game of Hockey, whatever that is. The score was 1 and 2. The winners next go against a Swedish team which had won a like place in the finals.

Mr. and Mrs. Frank Roe came from Sioux City Saturday for a Sunday visit with his parents, Mr. and Mrs. L. W. Roe, and other relatives and friends. Frank is employed in the offices of the International Harvester Company at that place.

Six degrees below freezing the morning of April 27, just make a note of it for future reference, when the "oldest inhabitant" tells you that the weather in some future years is the worst ever since the spring of eighteen hundred and froze-to-death.

Mr. and Mrs. Henry Ley are home from Los Angeles, where they spent the first and middle portion of the winter—the last end of winter, we hope, they are spending at their Wayne home. Mr. Ley is looking and feeling better than when he left last fall.

Saturday W. C. Weeces loaded his car out for Princeton, Illinois, and departed with it, taking a good alfalfa fed cow back to keep the Illinois people in milk. Monday Mrs. Weeces left on the passenger to be at their new home when the husband arrives.

Edgar Howard says that Hitecock and humiliation are now two words that stand for the same thing. Nebraska voters certainly handed Gilbert a jolt. And it seems that they did it because he did not represent the voters on the two questions of suffrage and banishing the saloons.

Mr. and Mrs. C. A. Chace went to Stanton Saturday to spend Sunday with his brother, sister—and other relatives who had just returned from a winter spent in California. Those home from the west were Chas. Chace, Mr. and Mrs. Person, and Mrs. May Miller. Mr. and Mrs. Henry Ley of this place came through from the coast with them.

Mr. and Mrs. Frank Rauback of Randolph, who had been at Norfolk over Sunday with her parents, Mr. and Mrs. George Roskopf, spent Monday forenoon at Wayne. Mrs. Rauback tells that the flood conditions in South Norfolk are such that a little more rise in the Elkhorn will inundate the yards there. All trains west from there are not able to get out, and the yards and depot are congested with cars, baggage, express and mail.

# Everybody Economize

**NOW** Comes The Overall Club. Join our large growing Oshkosh Club. One of our patrons tells us the boys' Oshkosh are worth \$1 more per pair than any other overalls, the best are the cheapest. Haven't an Oshkosh Jacket in stock under size 48, demand bigger than supply. A big shipment past due, however, at the Old Price. Have all sizes in boys.

Why are overalls high? One tire concern alone used over 4,000,000 bales of cotton the past year. Wear an Oshkosh as long as you like if not satisfied with the wear, call and get a new pair free.

# GAMBLE & SENTER

To save interest on taxes, pay before May 1.—adv

Ed Samuelson was a passenger to Sioux City Tuesday morning.

For Sale—Two bulls, one horse, a mower and a hay rack. E. J. Laughlin. A29-13

Miss Helen Baker was home from home for a Sunday with her mother, Mrs. Emma Baker.

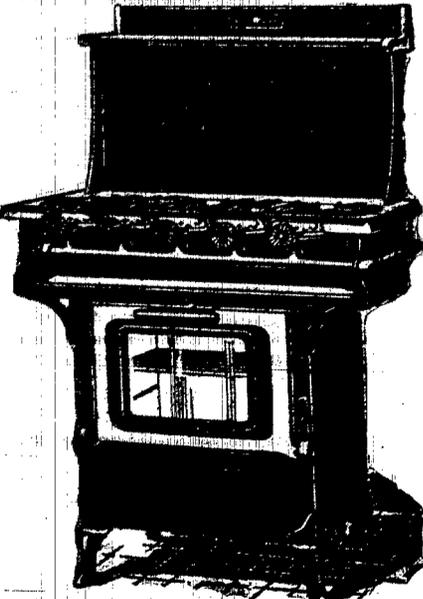

Miss Elsie Ford Piper returned Monday morning from a Saturday and Sunday visit with friends at Stanton.

W. A. Hiscox was at Stuart last week, going to attend the funeral of his friend, Mr. Radcliff, who died of enemia at a Norfolk hospital last week. Mr. Radcliff visited here a few times, and was a genial fellow who won a number of friends during his short stays here.

Wm. P. Leu spent Tuesday at Sioux City.

Mr. and Mrs. George Roe of Carroll left Tuesday for Los Angeles, California, to visit her father, G. W. Shaw, who is living there, and reported to be in poor health. Mr. Shaw was one of the pioneers of this county, and many of the old settlers and pioneers will hope to hear encouraging reports of his condition.

### THE FUTURE OF WAYNE

The future of Wayne or nearly any city that has attained a population of more than 2,000 people is largely what those people elect to make it. Some places have natural advantages more helpful than others. Wayne's great advantage seems to be in the rich agricultural territory tributary to the city. Go where you will, you will not find a richer or more fertile soil for an equal territory than Wayne county and the parts of adjoining counties tributary to this city. Thus we have a permanent foundation on which to build.

Another great enterprise in which the entire state is interested and to which the people of this great state contribute yearly is the great and growing Normal located within our borders. In the past ten years it has added materially to the growth of the city—and placed Wayne in a class far in advance of any of the surrounding county-seat towns—and the school is yet in its infancy. When Prof. Pile made sacrifices in the early days to establish a normal school at this place, he probably did a greater good work for the community than any citizen has since accomplished. He builded better than he knew, perhaps, though he must have had a vision of what such a work would do for a community. When, following his death, Wayne citizens united to make the school permanent—an institution of learning that would be permanent with the great state of Nebraska back of it, they did great work for the future of this city in many ways. It has been an uplift to the people—a source of pride and profit; it has helped to make Wayne a city of homes.

But really, Wayne has but just started on the upgrade, and it will require another decade of plucky pushing to make it the city it well may be made. This year we are making a good start in paving a large

district, to which will be added other paved districts, and the county officials are extending better roads out into the surrounding country for the betterment of both country and city people.

True it is we have but one railway here; but it comes to Wayne from one direction and goes out in two directions; and its facilities are ample for present needs, and freight rates are now so fixed by law, that had we more railroads freight rates must remain the same. Good roads rather than more railroads are the thing needed, and these we must have.

In more than 100 months that the writer has resided in this city it has had no boom—but it has had a steady substantial growth. Comparing Wayne of today with Wayne of nine years ago, we find that the average increase has been one good residence a month during that time—and this should at least be doubled during the next few years—for the need of more houses has been the constant demand at this place. We thought we saw that when we came, and have ever urged that aid be given to the citizens of lesser means—those who work for their living—in finding a way to own a home. We still believe that a wise thing to do. Some cooperative plan for building—some method to enable this class of citizens to change what is now rent receipts into certificates of payment on a home or a business place.

The business portion of Wayne is not in keeping with the residence portion in appearance, nor is it what it should be for the opportunities for trade centering here. Too many of the business men are paying rent to a landlord instead of to themselves. Can this be remedied?

Certain it is, no opportunity to create a home and a place of business of your own should be permitted to pass, for nothing will do more to make our city double in size than for it to become a city of home owners. Opportunities to secure homes here may not be as plenty now as in other years, but they are better today than they may be in five years from now, and if one start now, in five years he may own the home and be independent of the landlord—and escape that dread of having to move with more or less regularity every time a piece of property in which you may happen to be living is desired by another than the owner. Start a home, and do it now.

### ROUMANIA RECEIVES AMERICAN TRACTORS AND AUTOS

Work Animals Destroyed—Welcome American Machines to Aid Reconstruction

According to a recent report from the American trade agent at Bucharest, Roumania, received by the Ford Motor Company's foreign department, New York City, a consignment of 200 Ford motor cars and 180 Fordson tractors was amongst "the first since the end of the war, and may be considered as one of the most important, because of the part they will play in the reconstruction of battle-scarred, hungry Roumania.

Speaking of the arrival of the tractors, the report said: "The Fordson autotractor, though completely unknown in Roumania, obtained a very large success at its first demonstration which were followed with the greatest interest by a large number of farmers, on account of its remarkable qualities and of the services it can do in this country where the work animals have been destroyed by the enemy invasion during the war.

"More than three quarters of the stock arrived has already been sold and is employed all over the country to the delight of the Roumanian farmers who are seeing here a great future for the autotractor.

Reporting on the sale of the motor cars, the trade agent says: "The Ford automobiles were sold immediately on their arrival and the Noel Company is waiting very anxiously a second consignment of 120 machines which have been ordered at the Ford manufacturing and which, for the greatest part, are already reserved by their customers."

Shipments of agricultural machinery from the Oliver Chilled Plow Works, American Seeding Machine Company and the Roderick Lean Manufacturing Company to be used in connection with the Fordson tractor have also been received in Bucharest.

## WALTER SAVIDGE AMUSEMENT CO.

AT WAYNE MAY 3-4-5-6-7-8

The Walter Savidge Amusement Company will open a weeks engagement in Wayne on Monday, May 3.

Many improvements will be noted by the patrons this year. They include a number of new shows, concessions and equipment. The Walter Savidge Players are still the feature attraction presenting the latest New York and Chicago dramatic successes. The plays will be presented in the following order:

Monday night, "Pal of Mine," a comedy drama by Josef Neil; Tuesday night, "The Girl He Left Behind," a drama in four acts by Ralph Kettering; Wednesday night, "A Woman's Way," a society comedy by Thompson Buchanan; Thursday night, "The Unkissed Bride," a comedy by Charles Demorest; Friday the feature bill of the week, "Civilian Clothes," by Thompson Buchanan. This play enjoyed a long run at the Astor theater New York, and closed a five months' engagement on February 14, of the present year at the Olympic Theater Chicago. It is now running at the Park theater at Boston. Saturday night, "A Thief in the Night," by Chas. B. Mathis, a three act comedy drama. Among the many Midway attractions may be seen, Mox the Man that Knows, The Old Curiosity Shop, The Royal Midgets, and the Five-In-One Show. The Savidge Concert band will discourse the latest music and two New Free Acts will be given daily during the engagement.

In the event of cold weather the big tent will be heated by coke ovens.

### NEW WORLD MOVEMENT CAMPAIGN IN THE BAPTIST CHURCH

The Baptists of Wayne county are facing the challenge of the hour, in their New World Movement campaign determined to be true to their history and their faith. The campaign is in progress in Carroll and in Wayne throughout this week. This is a great task but the Baptist people are meeting it in a spirit of devotion that promises well for success. Word was received on Saturday, from Omaha, that a special solicitor was on his way to aid in the drive in Wayne. It is the intention of the church to push the work to a conclusion as rapidly as possible. Next week a full report of the drive will be published.

### NEWS NOTES FROM THE METROPOLIS

The Nebraska Retail Harness Dealers will meet in Omaha May 18-19. George Carpentier, heavyweight champion of Europe, will be in Omaha for the Athletic show in May. Omaha retail grocers have voted against Sunday opening. Sixty students of Omaha central high-school will enter the university this year. H. S. Daniels, lawyer, has assumed charge of the Omaha postoffice as acting postmaster.

"JOHNSON BOOM CAUSING WORRY"

That is the heading over an article in the republican daily papers, and beneath it is a story of a news nature from the typewriter of David Lawrence expressing a worry about what the Johnson boom is likely to do to the republican party—or the republican politician. Why worry? Is not this a free country? Is not freedom of speech, thought and vote one of the very things the republicans have declared for through all these years? Did they not insist that the negro should be given the right to vote without any educational qualification? Are they not in a measure—a great measure—responsible for the hundreds of thousands of foreign born people who have been brought to this country in shiploads, like slaves of other days, and granted the franchise before they could read or speak the language of the country? Now they are worrying because much of this element has organized or been organized to strike in a crude way at the root of the tree of special privilege the plutocrats have been growing with tender care all of these years? They profess to believe in majority rule—but they hate to have a majority use the name of the party who do not think as the politicians of other days thought—and who will not do their bidding.

Republican leaders have long held the idea that the people who differed from them were wrong. It was shown in the recent action of the legislature of New York when the purged republicans disfranchised five legislative districts in that great state because they had seen fit to ask socialists to represent them because a majority of the voters are evidently socialists. It is seen in the unseating of Berger from the lower house of congress because he is a socialist, and was twice elected to the place. True it is charged that he is or was disloyal. The same spirit is shown in retaining Senator Newberry in his seat in the senate in face of the fact that he has been convicted by a jury in a fair trial, and by millions of people who read the evidence of violating the law of the land and corrupting the ballot by the illegal use of money for campaign, because he wears the proper party brand. We would consider it more of an honor to serve with Berger who was named as a choice of the people—even if he was charged with disloyalty, rather than with Newberry, the man convicted of buying a seat in the house of lords contrary to the wishes of the majority of the people whom he is supposed to represent. Berger is not accused of not representing the opinion of a majority of the people who named him—Newberry is convicted of buying a seat to make laws for people he does not represent.

We say let Johnson have his boom, if the people want him as their nomi-

nee, the political bosses should not be permitted to thwart the will of the majority properly expressed. If you cannot stomach the nominee of the republican national convention, it will be your privilege to turn to the candidate nominated by the democrats, the labor party, the socialists or the prohibitionists. There are parties and candidates enough to satisfy most of the voters. And as to winning, it is better to vote for what you most want, even if defeated than to vote for what you do not want, and get it.

Wood and Johnson are both to file in the North Carolina primary, which is to be held June 5. A delegate from North Carolina can help to nominate, but it is not at all probable that any vote will come from that state for any republican candidate this fall.

Gompers of the labor federation says that the present congress has not fulfilled its pledges nor done its duty—and that labor element will mark for slaughter those who try to come back in the face of neglect of duty to the people.

SOMEONE ELSE'S OPINION OF TEACHERS

Many young men and women attending our normal schools do not realize the position of responsibility which they must assume when they go out to teach. The teacher holds the most important position of any one in the community. She is looked up to probably more than even the minister. She is considered an example, not only for her pupils but for all the community. Therefore, she should carefully guard her actions and try by example to lift others up to a higher plane. She should be willing, to a great extent, to give up her pleasures, especially those which might tend to debilitate rather than strengthen the character of some young person. A teacher's life is one of self-sacrifice. She largely lives for others and must often give up her own desires to help others. She should not think, "How much pleasure and profit shall I get out of this term of school," but "How much good am I able to give these children who are intrusted to my care," and also "How much good can I do for the community?"

Each day the parents put into the charge of the teacher the children so dear to them and trust her too help these children along the right way. No one, except, the other, perhaps, has so great an influence on these young lives as their pattern, their teacher. It is in her power to help build the character and shape the lives of her pupils. It is their age of habit-formation, of character building. It is also an age of instinctive imitation, so naturally the teacher will become habit, and repetition of habits form the character. Therefore the teacher should act as nobly and well as possible at all times. She should devote much of her time to solving her community problems and create in her school an atmosphere of Americanism and patriotism which will develop true American citizens for the great tasks of tomorrow.

Any one who hasn't interest and enthusiasm for this work and a willingness to sacrifice personal interest should change his profession and take up a less important work than teaching.—Exponent.

A great book that comes from a great thinker is a ship of thought, deep freighted with truth, with beauty, too. It sails the ocean driven by the winds of heaven, breaking the level sea of life into beauty where it goes leaving behind it a sprinkling of loveliness, widening as the ship goes on. And what a treasure it brings to every land, scattering the seeds of truth, justice, love, and piety, to bless the world in ages yet to come.

—Theodore Parker.

WITH THE WAYNE CHURCHES

First Baptist Church

(Robert H. Pratt, S. T. M. Minister)  
The pastor will preach at the regular services on Sunday.

The Lord's supper will be observed at the close of the morning worship at 11:30 a. m.

At the midweek service on Wednesday, May 5, the pastor will present the problem which Jesus faced in forming the ideals for His life work. The scripture lesson will be Matthew 4:1-11.

The Ladies' Mission Circle will hold a special meeting on Tuesday evening, May 4, at the home of Mrs. Arthur Norton. A special program of Missionary Pantomime will be presented followed by a social hour. All members of the circle and their husbands are cordially invited. The union social for the Normal school students will be held on Friday afternoon, April 30. All the Protestant churches of the city unite in this social.

The Ladies' Union will meet on Thursday, May 6, at the home of Mrs. Shirley Sprague, if the weather permits. The ladies will meet at the church and transportation will be provided.

English Lutheran Church

(Rev. J. H. Fetterolf, Pastor)

The brand of weather we have had on Sundays for the last month has put christian fidelity to a severe test. Should we be confronted by some more of the same kind, will the members who live in convenient distance of the church muster sufficient courage to brave the elements and be in their place of worship. Let us remember that bad weather does not prevent us from keeping our business engagements, why should it hinder us from keeping an engagement with God?

Sunday school meets at 10 a. m. Public worship 11 a. m. The theme for the morning sermon is "The Cloud of Witnesses."

Evening worship 8 p. m. Mrs. Charles Helkes will entertain the Ladies' Aid next Thursday afternoon.

You are welcome at all our services. "Come thou with us and we will be thee good."

The Presbyterian Church

(John W. Beard, Minister)

Morning services at 10:30. Theme of the morning sermon "The Dawning Light and the Perfect Day."

Evening services at 8 o'clock. Theme of the evening sermon "A Salt Sarcophagus."

Sunday school at 11:30. Classes for all.

Christian Endeavor at 7 o'clock. All young people invited.

A home welcome awaits you here! Why not come?

Methodist Episcopal Church

(Rev. William Kilburn, Pastor)

There will be the usual services Sunday and through the week. Sunday school at 10 o'clock Sunday morning, and preaching at 11 o'clock. In the evening the Epworth League will have its meeting at 7 o'clock, followed an hour later by preaching by the pastor.

TO SCHOOL OFFICERS

(From Wayne County Teacher)

I wish to suggest to school boards that they follow the order of the business calendar found on the back of the inclosed books of legal blanks and also found in the front of the school laws.

The date of the annual meeting is the second Monday in June, June 14th.

This meeting is to be held in the SCHOOL HOUSE, if there be one, or at some other suitable place in the district, NOT over the phone.

Notices of the annual meeting shall be posted in three public places in the district and shall be posted 15 days before the date of meeting.

Pupils transferred to other districts are to be counted in the districts to which transferred, not in the one in which they live.

The school census must be taken within 10 days previous to the annual district meeting. Please be very careful in making out these lists this year. Be sure that every child of school age is listed. Will you please give name, EXACT date of birth and age of each person between the age of 5 and 21? We have had quite a bit of trouble this year when checking up the attendance of pupils under the compulsory attendance law because the census list did not give date of birth or did not give it correctly. If directors would do this carefully ONE year it would not need to be done each year except for new pupils. Members of the school boards are supposed to report and help with enforcing the compulsory attendance law but am sorry to say that quite often it is children of the members of the board who do not attend regularly. Directors' reports must be delivered to the county superintendent within 10 days after the annual district meeting.

FAILURE to make a complete and correct report may cost the district its share of the STATE APPOINTMENT.

This report must be made under

oath. (The county superintendent or moderator may administer.) So if the report is SENT in to me, please have the moderator sign it first. But would be glad to have you BRING it in if you can—

The three reports to come in to me are:

1. Certificate of school tax voted.
2. Annual report of director.
3. The census report.

Be sure to fill in the names of the school officers for the new year on the back of the directors' report.

Please fill in ALL items in census report. I often need them. We are wonderfully pleased to receive full and complete reports from directors.

It will help us a great deal in supplying teachers for the county if the school boards will notify us as soon as they have promised their school to a teacher. There are cards in the back of the legal tablet for this purpose. If you have a teacher in your school who is giving general satisfaction you had better make sure of her for next year at once. We are wondering if we will have enough teachers for all of our schools. Do not hire a strange teacher without trying to find out something about her beforehand.

Transfers

Application for transfer must be made before the annual meeting. Quite often newcomers, especially if they be from other states, do not know the laws of our state and the matter is not attended to until too late. In case land is transferred from one district to another and the person so transferred removes, the land goes back to the original district.

The new tenant on the land must take out new transfer papers. This is not generally understood by school boards, the general opinion being that "once transferred, always transferred." School boards should notify all such newcomers that this is necessary and have them file the proper papers. Blanks for this purpose may be obtained from this office. To be transferred, a family must live at least a mile and a half from the school house in their own district and nearer to the school house in the adjoining district. Any one transferred to the district has a right to vote in that district on all school matters except that of issuing bonds.

The estimate of the expense for the school year should be large enough so that it will leave about \$200 in the treasury to run the school for two or three months in the fall or until the taxes begin to come in for the next year.

All school houses should be provided with a lock and the building should be kept locked during the time school is not in session.

The director shall with the concurrence of the moderator and treasurer, or either of them provide the necessary appendages for the school house and keep the same in good condition and repair during the time school shall be taught in said school house. Many of the coal houses and out-buildings certainly need some repairs. Will you please see that they get it?

At the annual meeting the length of time a school shall be taught in the district is to be determined. This time cannot be changed during the year. The legal action of the annual meeting upon the subject is final.

The treasurer shall have on file with the county clerk, a bond of not less than \$500. It is the duty of the school board to see that the bond is given and filed. The director and moderator cannot become surety upon the treasurer's bond for the reason that they are the proper persons to approve his bond when it is ready.

The law does not allow the county treasurer to pay out money to any district until proper bond has been filed.

A few districts this year have had only 8 months of school. I think this is a mistake. Neither teacher nor pupils can do the work in eight months when it requires a good nine months to cover it. This is especially true in the eighth grade. It will mean for a good many eighth graders at least two years in that grade. This is one reason why many pupils fail to pass the eighth grade examinations. And pupils who attend only a few months during the year cannot expect to pass. They are not ready. Also often the time of the year when it may be necessary for the older ones to stay out to help with the farm work is the best time of the year for the little folks to attend. They should have the chance to attend.

Some of the eighth months schools will be out this spring before the second eighth grade examinations which will be held May 6 and 7. These pupils are not having a fair chance.

Eighth graders can not do good work or be expected to pass the examinations if they do not have the necessary books to work with.

When vacancies occur in school boards, the vacancies are filled by

The thought of food not properly cared for is even worse than food improperly cooked. Of course you want that wonderful satisfaction of knowing that your groceries, fruits and vegetables are — The Best in the Land selected by experts—kept under sanitary conditions and delivered to you free from the least dust, dirt and taint.

This is the Satisfaction We Give

CLEANLINESS IS OUR MOTTO

appointment or by election at a special district meeting. If by appointment, the appointee serves until the next annual meeting; if by a special election, he serves for the remainder of the unexpired term. All the qualifications necessary for a school district officer is that he be a legal voter in the school district.

To be a legal voter (man or woman) must be 21 years of age and must have resided in the district for a period of 40 days immediately preceding the meeting, and must be the owner of real estate in the district, or must own personal property that was assessed in his (or her) own name at the last annual assessment or must have children or school age residing in the district and MUST be a CITIZEN.

Money raised in any district for free high school tuition is not lost if not used. If no pupil from the district attends high school, the money is later turned back into the general fund of the district.

Please read the article "WHY NOT TEACH?" elsewhere in this paper.

What shall we do for enough teachers for next year? It is believed that there will be a greater shortage next year than this. Two rural schools of the county are without teachers now. Five have been until just recently. About a dozen schools of the county have been without a teacher for part of the time.

If you have a good teacher hire her. Scarcely a town in Nebraska will pay its teachers less than a thousand dollars next year. There is a great shortage of qualified town teachers. Therefore the town will attempt to take our best rural teachers. We do not want to lower teachers standards or accept below standard teachers. A child who has learned a thing incorrectly would be better off not to have learned it at all.

If you should be unable to get a good teacher how would it do for one or two small schools to make a contract with a neighboring district and have school in one of the school houses with ONE GOOD teacher instead of trying to hold school in all three? They are doing this in some counties.

HATS OFF TO CASPER, WYOMING

(From The Goldenrod)  
Casper, Wyoming, has adopted a new salary schedule for 1920-21:  
Superintendent, \$6,000.  
High school principal, \$3,000.  
High school teachers, supervisors, elementary principals, \$1,900-\$2,500.  
Elementary teachers, \$1,560-\$1,980.  
The superintendent at Casper will be the most highly paid public official in Wyoming next year. His salary will be larger than that of the governor.—Ex.

**Wayne Storage Battery Company**

**PRES. U. S. CONN**  
(Wayne State Normal)  
(From Wayne County Teacher)  
Says: "The calls for teachers which have come to the State Normal school during the present year are without precedent. Present indications are that the shortage of teachers next year will be more pronounced than this year. The chief reason for this seems to be that young men and young women are able to find more lucrative employment in other lines of endeavor.

"The depletion of the ranks of teachers has gone to such an extent that it has become almost a national menace. The future stability and progress of our nation depends upon the education of the rising generation. The public seems gradually to be coming to a realization of the situation, and school authorities are showing a disposition to pay more to assist in the present em-

salary. Teachers and other friends of education, however, must not depend solely upon an advance in salaries to right the matter.

Teachers and superintendents can remedy by encouraging those who are able to teach to enter the profession. Young women in high school classes should be encouraged by their superintendents and teachers to enter the normal schools and prepare to teach.

County superintendents should encourage those who have completed rural schools to enter high school and those who are beyond the high school age and have completed the eighth grade should be encouraged to enter the normal schools and take special work, preparatory to going back into the country as teachers.

It stands to reason that the State Normal schools cannot turn out trained teachers in sufficient numbers if

school supervisors and teachers generally do not advise their students who are capable of becoming good teachers to attend normal schools and prepare for the work."

**PRESIDENT GEORGE F. MARTIN**  
(Kearney State Normal)

Since the people of America are practically a unit in favor of schools open to all, this shortage will force unprepared and partially prepared teachers into the schools. In one sense the public has bid for this situation. In the past, teachers have been more poorly paid than any other professional people. But a few months ago the average wage of rural teachers in Tennessee was \$30 a month, while convicts in the penitentiary received \$45 a month! This is but a single example of the blind parsimony that has driven self-respecting people from the ranks of teachers into other pursuits that demand a living wage. Too often has been manifested the spirit exhibited by a director of a school district in Nebraska who came to a county superintendent last summer and asked that officer to furnish him an applicant for the position of teacher in the district. The superintendent asked what salary was to be paid. The reply was, "Well, we're a-goin' to pay \$55 per month this year." When asked what board would cost he responded, "Well, we've been boardin' the teachers for the last three years and chargin' twelve dollars a month, but everything is so high this year that we'll have to have twenty-three dollars a month."

**AMERICA'S GIFT TO FRANCE**

The quota for Wayne county toward "America's Gift to France" was \$35 but thanks to the quick response from the teachers, pupils, and patrons of a good many of the schools, the amount received was more than that asked for. The Winslow schools came first with \$7.52 to their credit. Total amount that came in was \$47.23.

We are very pleased with the way that our call was answered. The money sent in to Mr. Geo. W. Woods, cashier of the Lincoln State bank and we were quite proud when he wrote back saying that Wayne was the SECOND county in the state to send in its return.

**FOULBROOD FATAL TO BEES**

American foulbrood is causing great loss to beekeepers. It is important that the beekeeper should know whether American foulbrood or European foulbrood is in his apiary, for the two do not respond to the same treatment, says the United States Department of Agriculture farmers' bulletin 1034, "Control of American Foulbrood." The bulletin goes into considerable detail regarding the disease and its treatment. A copy may be obtained free from the College of Agriculture at Lincoln.

**FREE HIGH SCHOOL ATTENDANCE**

Pupils desiring to take advantage of the free high school attendance law must file written application with the county superintendent before the second Monday in June. These applications must be received every year. All who finish the eighth grade this year will be mailed application blanks which they must have filled out and properly signed and return. All others must see to it that they secure the necessary blanks from the superintendent of the school where they are attending or from this office.

Those who attended the high school last year will not be entitled to high school privileges for the ensuing year without making new application. Applications may be made at any time now and parents should attend to this, as it will be too late after the second Monday in June. A diploma does not entitle the holder to free high school privileges, but applications must be made on blanks procurable at this office.

## EIGHTH GRADE EXAMINATIONS

(From Wayne County Teacher)

One hundred eighty three pupils took the examinations this year. The examinations will be held in the different towns again May 6 and 7.

Pupils should take them in the same place that they did before and use the very same number. If they do not they will probably have trouble in getting their grades.

The program for the subjects and the rules governing the examinations will be exactly the same as in the March examination.

Pupils who passed in all subjects are not to retake any. Papers will not be graded.

Those who failed in eight or more subjects are evidently not ready for the examination and probably should not write again this year.

Pupils should take over again only enough subjects, that are low, so as to be sure of an average of 75.

Subjects in which a grade of 75 per cent is earned should not be re-

taken.

They may keep the highest grade if passing, no matter when earned.

Papers will not be graded in subjects in which pupil already has a grade of 80 or above.

Pupils taking the examinations need not be marked absent.

Twenty-two pupils passed in the first examination. They are as follows: Nora Weicher, Edna Drevesen, Claus Rathman, Rudolph Sievers, Dorothy McCorkindale, Mary Morris, James Mills, Glenn Haines, Leland Ellis, Ervin Williams, Bernice Hanson, Blanche Gildersleeve, Marion Agler, Meta Slahn, Herbert Barelman, Robert Pullen, Genevieve Wilcox, Esther Jenkins, Jeannie Gemmell, Jessie Swihart, Clarence Schroeder, and Harry Strate, the last named eleven had never tried the examinations before.

In bookkeeping the question asking for definition of a check, draft, note, money order, and a receipt was the one that pupils failed in mostly. In civics it was the one asking about the constitutional convention. Almost all pupils said this had been held at Washington.

Many answers were not given in full. Full credit was not given for such answers.

Many pupils said that the president's chief duty is to MAKE the laws.

All pupils should know the "Flag Salute" and know how to spell each word in it, then we wouldn't have such things as, "I pledge alliance," "one nation invisible." The Flag Salute is, "Hats off." The flag is passing by.

SOME OF THE QUESTIONS AND ANSWERS GIVEN IN THE EIGHTH GRADE EXAMINATIONS:

1. What is the blood?  
The blood is the liquor in the body.

2. Write a sentence containing the word site.  
That bug is a parasite.

3. Name five important inventions that have contributed to the rapid development of the United States?  
Five important inventions are the Panama Canal, Monroe Doctrine, the Missouri Compromise, the Suez Canal and the Importation of slaves stopped in 1908.

Five inventions are telephones, telegraph wires, railroad passengers, schools, transportation by water.

4. Contagious diseases are quick and sudden diseases?  
The cerebrum is the skin-like covering of the stomach.

Panama canal gives people a right to yoke.

Five states belonging to the union when we began our national existence was, Asia, three of the northern countries of Africa, and the eastern part of Europe.

Cape is a small stream.

The three islands are Hawaiian, Cuba and the Philippine. They are all three warm and raise much fruit, and Cuba makes several cigars.

Punctuation marks mean Stop! Look! and Listen!

Punctuation is putting little marks behind a sentence.

Make a statement about J. Sterling Morton, Robert Lansing.

J. Sterling Morton is now our Secretary of State.

Robert Lansing was our Secretary of State until he declined.

Robert Lansing was a great noted artist.

J. Sterling Morton is a cigar maker.

Robert Lansing is one of our county officers.

J. Sterling Morton was a big Englishman.

The Monroe Doctrine was America for Americans and China for Chinese.

The Panama canal was built from Alabama to New York. It made a great stir in the states. The world has produced more now since that, for they carry things from place to place.

A receipt is a piece of paper showing you have had your life insured.

The duties of the United States president are to pay the vice president.

An amendment is for the punishment of women.

Hawaiians are of much use they send fruit and come and play beautiful music.

Define erosion.

An erosion is what is left after an earth quake.

An erosion is where a mountain busts.

Soil is air, water and ground all mixed together.

The iris lies behind the stomach.

Corpuscles are cords in the spine.

Question. How can the medical inspection of school pupils be made beneficial?

Answer. The doctors come round to every school and inspect the children and they get papers and they give them to the pupils and they give them to the parents and the parents has the right to give the doctor medical inspection.

The uses of the skin are to protect our microbes from getting into our flesh.

The kidneys bring the food from the stomach.

The cerebrum is in the stomach and helps digest the food.

Products of oil are soup and car-sine.

An import is where the water pours in.

We sure are having some fun since school went out.

The two cotton producing states are Georgia and Dixie.

The president passes the laws and the governor also passes the laws.

Question. What are the duties of the rural school board?

Answer. The duties of the rural school board are to see that the teachers in the schools have every thing needed and to look over the schools in any other way and help the teacher as much as possible and not take after what the children say about her but come often and visit the schools and find out for themselves what kind of a teacher she is.

Question. Explain the meaning: He kept the wolf from the door. He was snowed under at the election. His hands dangled a mile out of his coat sleeves?

Answers. He didn't let the wolf get anywhere near.

Snowed under means that he was tripped down and all the rest walked on him.

He stood and kept knocking the wolf back so it couldn't get to the door.

Meaning of "His hands dangled a mile out of his coat sleeves" is that the man was long at anything he did.

Relate briefly an incident that has come within your own experience.

Answer. The incident I have had is when I was going to go to town with my friend, H. B. I was gathering eggs with haste and I dropped them and "Haste made waste."

Answer. I fell and got hurt on a stone.

**THE UNIVERSAL CAR**

## Whether Cotter Pin or Complete Overhaul

You can get it in our Sales and Service Station. We are Authorized Ford Dealers. In our stockroom, we carry every part that goes into a Ford car or Ford truck. They're genuine Ford parts too—each made of the same tough, durable Vanadium steel as its counterpart in the Ford car. Our special Ford repair shop is thoroughly equipped with specially designed tools and up-to-the-minute machinery so that repairs, adjustments, or complete overhauls for Ford cars can be handled promptly and efficiently.

Our mechanics who will do the work on your Ford cars, or trucks, understand the Ford mechanism and know the right way to tune it up. And for the work you pay only the reasonable Ford prices.

We are a part of the Big Ford family and not only repair Fords but sell them as well. We have more than a passing interest in the service we give you. Drive to our garage when your Ford needs repairing. For safety's sake have the Authorized Ford dealer do it.

## How much should I give to make this a better world?

**A CERTAIN** man in New York filled out his income tax report. It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

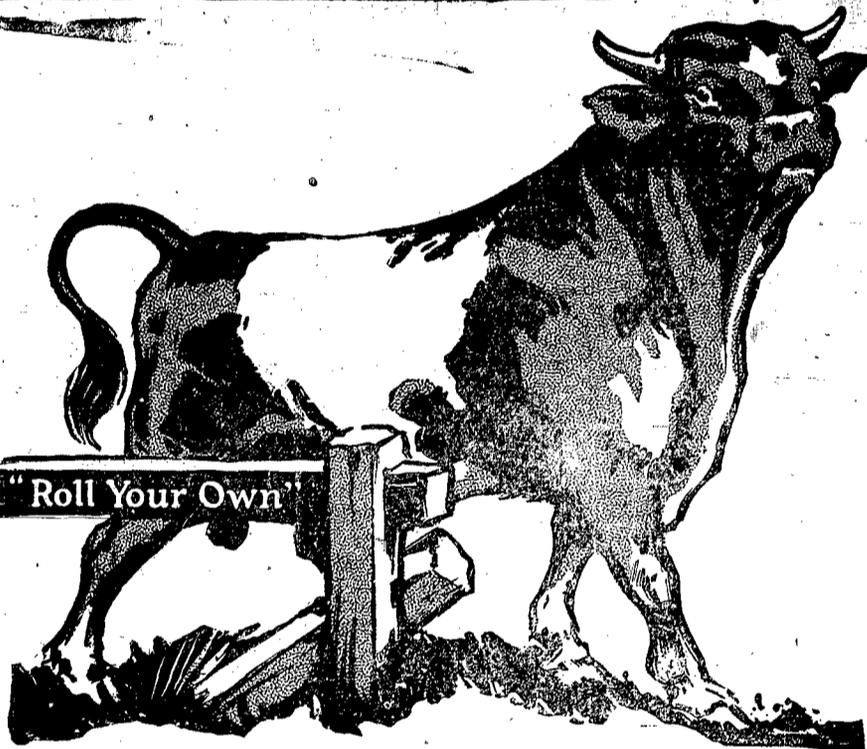

United Financial Campaign

April 25th to May 2nd

## The INTERCHURCH World Movement of North America

The publication of this advertisement is made possible through the cooperation of thirty denominations.

## HE'S THE OLD RELIABLE

GRAND old "Bull". He's the best there is. He sold over 300,000,000 bags last year.

You know genuine "Bull" Durham—never an enemy; millions of friends.

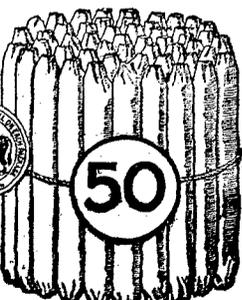

Genuine "Bull" Durham tobacco—you can roll 50 cigarettes from one bag.

That's some inducement, nowadays.

LOCAL AND PERSONAL

Johnson was leader in New Jersey at the primary Tuesday.

Mrs. W. A. Hiscox went to Norfolk today to visit a few days.

Wynot Methodists plan erection of \$22,000 community church.

Rev. and Mrs. N. Soross of Carroll were Wayne visitors Tuesday afternoon.

We stop the press to announce that it is raining—the drouth seems to be broken.

The Mexican revolutionists are said to be preparing to march on the City of Mexico, some seven hundred miles away. Revolution is spreading to Caranza army, reports say.

T. B. Heckert, dentist is once more at his office regularly, following a vacation spent in the western part of the state. He hopes to greet all neighbors professional services. A29 t2

This is one of the issues when the subscriber may save the price of his paper for several years by reading the advertisements before spending his money. We believe this to be true.

Eric Thompson is home from Rochester where he went with Carl Madsen two weeks ago, and tells that he left the young man doing nicely, but that he will need remain there for a short time for treatment.

Henry Kloppling came out from Omaha Tuesday, looked at the muddy city streets, and hiked for the farm to see if it looked any better. No one can make Henry believe that we have been suffering from a drouth.

J. H. Kemp has been elected as a delegate from the Niobrara Presbytery to attend the sessions of the General Presbytery of the Presbyterian church, which meets at Philadelphia in May, and he is planning to attend.

Harding and Wood are running neck and neck in Ohio. That is hard on Harding, unless he carries his home state by a safe margin, he is out—when the home state is like Ohio, doubtful, and a nice bunch of delegates.

Quite a number of people began making garden Wednesday, it seeming to be the first real opportunity for some weeks. Most of them carried an umbrella in one hand in order to keep dry if the rain caught them for it promised rain several times, before night came.

George Guenther left this morning for his new home at Hastings. He has been a resident of this community since the days when the farmers were growing sugar beets. Himself and family coming to aid in the cultivation of beets. He has made good, and leaves with far more wealth than he brought.

Bert Hyatt has been spending a week looking for the best buy in Wayne property for a home, and finally closed a deal for the Metlin house and quarter block. When asked the consideration he paid \$5,000 without a blush or a quiver in his voice—and later admitted that he had listened so long to big figures for residence property that he could not talk in small sums.

Mrs. Ella J. Pile came Sunday from Darling, Pennsylvania, where she has been for some time as superintendent of the Sleighton farms, and today she leaves to begin her duties at York, in the south part of the state, having been appointed as superintendent of the State Custodian farm at that place. She visited here with her son, James Pile and family and many former friends.

John Harrington admits that his new residence in the west part of the city is approaching completion, and that they hope that it will be ready for occupancy before the middle of May. While speaking of new buildings for Wayne, it will be in order to say that according to late information, Wm. McEachen has plans for a residence, but he does not say when he expects to use them.

Mr. Simmons of Belden, who has just returned from a trip to New Rockford, North Dakota, tells us that the weather there is not on its misbehavior as it is here, and the farmers are busy putting in their crops in fine shape. This he considers one of the advantages of that climate, for it is their usual spring condition. Himself or his partner are taking land seekers there each week.

The east-bound train Wednesday morning ran into a wild goose, the bird leaving a pond of water just west of town, attempting to fly in front of the engine, was struck and knocked down. It must have been a goose, else it would never try to fly ahead of one of our limited trains. A number of pieces of wild goose went out to find the bird, if possible, after the heard of its sad fate.

A FEW THOUGHTFUL ANSWERS TO QUESTIONS

(From Wayne County Teacher)

Question. Imagine that school is out. Write a letter to your teacher. Be careful that you do not sign your name to the letter. Just sign it

Name \_\_\_\_\_

Answer.

Hoskins, Neb., May 31, 1920.

Dear teacher:

I want to write you a few lines to thank you for the help you gave me during the winter of 1919 and the spring of 1920.

I am sure I would never have passed the eighth grade which I did, if it had not been for your tireless toil over me.

I am very sorry for all the trouble I caused you during the term and I thank you again and again for your work over me.

I remain as ever

Your dutiful scholar

Name \_\_\_\_\_

Question. What is a patriotic citizen?

Answer 1. A patriotic citizen is one that is ready to fight for his country and protect it and has an interest in the government's affairs, and votes the best men in, and pays his taxes with a smile and does and sets an example for the younger citizens of the U. S. A.

Answer 2. A patriotic citizen is a person who obeys the laws of the government. A person is a patriotic citizen who will in time of war do his duty and not be a slacker. He will give bonds and pay into the Red Cross. A patriotic citizen will pay money and keep up all good public institutions and other things for the benefit of his country.

WHY NOT TEACH CAMPAIGN

A "Why Not Teach?" campaign is being made by the Wayne State Normal and the other normal schools of the state.

Nation-wide Teacher Shortage.

On the signed reports from 1,792 school superintendents in forty-eight states, the National Education Association issues the following summary of the teacher shortage situation:

Numbers quitting teaching profession during the past year, 140,000.

School rooms without teachers during the fall term, 35,000.

Teachers below standard, holding temporary certificates, 65,000.

New York City teachers who have quit to take better paid positions, 988.

Normal school enrollment has fallen off 30 per cent while that in colleges and universities has increased.

Teachers' salaries have increased from 20 to 50 per cent since before the war, while living costs have nearly doubled.

PRESIDENT E. L. ROUSE

(Peru State Normal)

Thirty-nine thousand vacant school rooms and sixty-five thousand unprepared teachers certainly means a crisis. This teacher shortage is more dangerous than a fuel, sugar, cotton, steel, transportation, or any other shortage, save wheat alone. Without prepared teachers the American school system fails! When it fails the nation is in danger.

There are just two phases in the solution of the problem. The first is, a sufficient increase in salaries for public school teachers to make the field attractive to red-blooded American men and women. The second is, a maximum enrollment in every teacher-training institution in the country. Nebraska is meeting the demand for adequate salaries. School people and the public in general must enter into an active campaign to enroll the graduates of our high schools in the teacher-training schools of the state. We have idealized football and college life, and satirized teaching until it is no wonder there are no recruits for the profession. Is it not time we began idealizing teaching? When a true American sees a task that needs doing he does it at once. "Teaching is a cause to be served, not a task to be done." Make this clear to your high school seniors and they will enlist as gladly and whole-heartedly as did the young men in 1917.

Without material increase in cost to the state, the normal schools of Nebraska can train twice as many students as are now enrolled. We are ready to care for this increased enrollment. Will you send them to us?

Wanted: Wide awake, up to date teachers. This advertisement was observed in a popular paper. It is the cry that is going over the country at the present time. Are you one of those teachers?

From an English Literature Examination: Milton was married and shortly afterwards wrote Paradise Lost. In 1652 his wife died. Then he wrote Paradise Regained.

Instructor: I hate to say it, but I don't like to have people yawn in my classes.

Marjorie: I expected you to wake me up.

Read the advertisements.

# Ahern's

## Spring Coats in a Special Sale!

Bad weather has held back the sale of Spring Coats. We have entirely too many on hand. We are going to take our loss right now and have marked every coat down to the prices we generally make at the end of the season. You can now select from a splendid stock of 200 coats at the price you would ordinarily pay for a choice of the left-overs. Now is the time to get your coat, you'll save nothing by waiting.

### Summer Dress Goods

#### Out of The Ordinary

"La Porte" Voiles, Organdies and Lawns have style and fineness not found in the usual lines. The patterns—especially those of the dark printed voiles so popular now—are exceptionally attractive and you should see them because the success of your dresses this season depend very much on the figure and combinations of colors in this material. Artists developed these designs and you will appreciate them the minute you see them. They cost no more than the ordinary either.

A complete stock of McCall patterns are here for to help you in making up these exceptional materials.

### Good News For Thrifty Buyers

Any family with children to provide with summer shoes can make a fine saving by coming now and choosing from some of the slippers we carried over from last season. The styles are oxfords and Mary Janes and pumps. Just the same as are being shown for this season. We have most of the sizes and it is well worth while to come early and see if your boys and girls can be fitted from these good offerings.

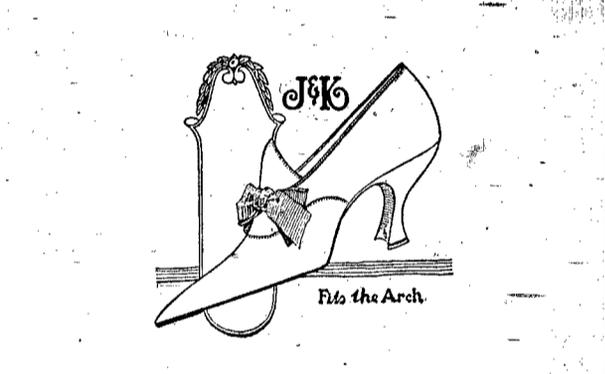

Ladies' fine dress shoes in black, brown and grey kid can be had in almost all sizes at from \$7.50 to \$12.50. These are our finest high shoes, same quality as are being sold in this season's goods at \$11.50 to \$18.00 in the city stores. We carried them from last season but the styles are exactly like those now being shown; the heels, toes, lasts, leathers and colors cannot be distinguished from the latest models. If you wear high shoes in the spring and early summer these are a fine bargain. Buying them for next fall would even be a well paying investment.

Among the gingham for house dress we have 30 pieces of the finest nurse stripe gingham which we are selling at 40c yard. This is 10c yard cheaper than any ordinary gingham you can buy and this low price is only possible because we bought a full case direct from the mill last fall. There is no gingham more suitable in style and quality or neater in design for house dresses than these Nurse stripe designs and at 40c they are a bargain worth buying.

We are selling fine mercerized white table linen—full width and rich patterns at \$1.50 yard, which today is just what you pay for red and blue table clothing. We bought a big supply a year ago and are giving our customers the benefit of the saving we made over present prices.

The ladies' \$5.00 raincoats we advertised last week are about sold, there are just 12 left. They are priced at about half their real worth and will save you their cost many times if you

### Your Low Shoes Are Here For You

Colonials, Ties, Oxfords and Pumps with that air of refinement every woman appreciates. "J & K" make—Style leaders in the finest city shops. Prices very moderate.

Now is the time to be fitted while the sizes assortment is most complete.

**Economy Says "Buy Here"**

Our Prices are True Values, and as low as any in town—quality considered. We make no decoy prices. If we buy an article to sell at 10c we don't say 15c or any other exaggerated value, but sell all goods on their merits.

**Pillsbury's Best Flour**

is worth what it costs. And when the yield per sack is considered is cheaper than a lower priced flour. Try a sack. Use plenty of water in the dough. Your bread will be delicious. And you will have more loaves per sack.

The HALLMARK Store

Dr. S. A. Lutgen was called to Bloomfield Tuesday evening in consultation with one of the physicians of that city. Mrs. Lutgen and a visiting specialist accompanied him.

Rev. William Kilburn went to Winside Tuesday morning to conduct the third quarterly conference of the Methodist church of that place in the absence of the district superintendent.

E. Lingren of the Wayne Bakery, left the last of the week for Denver with the idea of purchasing a factory in that city a real soda fountain. One of the kind that will be an ornament to his place and modern in every detail.

You Save Money Now  
By Paying Taxes Now  
For Interest Begins on Those Not Paid Before May 1, 1920.  
A CHECK IN TIME SAVES THE DIME THAT INTEREST TAKES IF YOU FAIL  
The County Treasurer Awaits Your Coming at the Court House

Pay your taxes before May 1—as 10 per cent interest commences then adv

Two Furnished Rooms to Rent—In modern house. Phone 367. Mrs. Brock.—adv

Mr. and Mrs. June Conger went to Bloomfield Tuesday morning to visit at the home of their son, Clarence and wife.

Judge Welch has adjourned court in Antelope county until June 14, on account of high water, cutting the people south of the river from the county seat.

Spencer had a \$50,000 fire last week, and the "fire-bug is said to be responsible for the loss. It is charged that an attempt to burn another yard at that place four weeks before.

Friends of Mr. and Mrs. A. J. Ferguson will regret to learn that she is seriously ill in southern California, where they are spending the winter—so ill in fact that she is not at present able to make the trip home, which they had planned to do early in May.

Mr. and Mrs. S. D. Reed from Randolph were here Monday evening, returning from Sioux City, where Mrs. Reed had undergone an operation, and was able to return home. She was with Mrs. Gus Hanssen, and reports that Mrs. Hanssen expects to be able to return home some time this week.

L. B. Brown of Coleridge has sold his stock of merchandise in that place that he may be free to locate in some good college town before the next school year begins, and we respectfully direct his attention to Wayne the nearest, and perhaps the best. At any rate, pupils come here from other college towns because it suits them best for price and quality. We ask Mr. Brown to investigate, and suggest that Wayne second the invitation the Democrat is extending.

Such an opportunity to buy Wayne lots as will be offered May 7, may not come soon again.—adv

Messrs. Miller & Son, who had a grading contract last year on the federal highway north of Wayne, shipped their grading outfit to Worthington, Minnesota, this week, where they have a contract to move 150,000 yards of earth along fourteen miles of public highway. Mr. Miller could have gone to this work when he came here, but it seems that there are more jobs of grading wanted than there are outfits for them.

L. Forney has been here a few days visiting his brother, Claude Forney, east of Wayne, while on his way to their old home at Hopkins, Missouri. He had been in Montana where he located on a homestead in the Smith river valley country, taking aid proving up on a half section, which came to him as part compensation for twenty-two months of service in France. He says that they had it rather dry in Montana last season—but he did not notice any drought during the few days he was here, for he left Monday afternoon.

Fifteen of the leading business men of Hartington are said to be made defendants in a damage suit started by one Mr. Dean and one Mr. Shoemaker, who were driven or escorted out of the capitol of Cedar county not long since and compelled to seek shelter in the country. The two men are organizers for the non-partisan league, the story tells. It seems that if these men committed any unlawful act, they should have been tried and sent to prison; if they were within their lawful rights they may have a good case against the defendants. If they were really criminals, the good country people should have a case against Hartington for turning out a bunch of crooks, traitors, or whatever they may have been upon an unsuspecting public. Perhaps some people lost their head and made a bad break. From the way certain interests squirm in some localities, there must be something about this new organization that is likely to pull a juicy fat away from some interests who do not feel that they can well defend their title to their graft.

In Massachusetts the primary vote was light as no candidates had filed for preferential vote.

Buy a choice city lot, at your own price at the auction of lots Friday, May 7 at Wayne.—adv

Misses Irene and Blanche Collins from Carroll were guests of Mike and Margaret Coleman Saturday and Sunday.

Some election news comes in late. But the returns show that Candidate Ross carried some precincts over Candidate Hitchcock.

State Manager Michner of the Yeomen, promises to be at Wayne for the regular meeting of May 7, when an interesting time is anticipated.

E. H. Dotson and his little son, Lloyd Harris Dotson, went to Bloomfield Saturday evening for a Sunday at that place with his little baby.

Mrs. Charles and Mrs. William Gildersleeve were called to Bertrand Saturday by word of the serious illness of their sister, Mrs. Gearhart.

A splendid residence is included in the auction sale at this place Friday, May 7, a modern house, well worth looking at now and buying then.—adv  
A child at Albion died a few days ago from eating salmon that had spoiled. Other members of the Gallitz family are seriously ill from eating the same food.

Wanted—A large number of rooms will be needed to accommodate summer school students. If you want to rent rooms list them with the Normal, phone Ash 2672. —A29 t2

A shower was given at the G. H. Green home Friday evening in honor of Miss Brown of Wayne who is to be married soon. Games and cards were played after which delicious refreshments were served.—Hoskins Headlight.

Randolph polled the biggest vote in its history—504 ballots. They had a real scrap up there to keep the head of the regular republican nominees above the back water turned on by the republican n.-p. I.—fellows. Johnson—won the city over Wood by 38 votes.

They do tell us that the new Yeomen work to be given a demonstration at the homestead of that order here next week, Friday evening will be better worth the price of admission than the carnival show—but it is the plan to hold the lodge session early, and then if you are hankering for more amusement after that, you can get under the big top in time to have two shows in one evening.

The Wood and Harding vote in the Ohio primary was heavy on the republican side. James M. Cox, the democrat who filed had no opposition except such as voters saw fit to write in when voted. Johnson and Wood were each aspiring for the New Jersey vote. The democratic delegates in that state had voluntarily pledged themselves to support Edwards. Each party has twenty-eight delegates to the convention.

Julius Hurst had purchased the John Grimsley residence a block east of their store room, and are to have possession in about two weeks, when Mr. and Mrs. Grimsley will leave for a home they have selected in central Illinois. Mr. and Mrs. Grimsley may return to Wayne later, and many hope they will, for they have settled here no less than three times, and sold and moved elsewhere. So we trust they may repeat.

Mrs. J. E. Barnes returned Tuesday from Big Springs, where she was called by the sickness and death of her mother, Mrs. K. Junge, who passed away from pneumonia Thursday, April 22, following a long period of failing health. The body was taken to Pierce for burial the husband having been placed there some years before. H. Junge, a brother of Mrs. Barnes, from Big Springs came with her, and from here went to visit relatives at Randolph.

Oliver Elson has just been granted a patent covering a number of inventions he has been developing on a phonograph. In fact, he has worked out an entirely new machine to make music. One feature is the fact that two discs may be used on the machine, enabling the operator to make continuous melody. He still has patents pending on other new features than those covered by the patent just granted. Mr. Elson has been working on the improvement for the past three years.

Rev. G. H. Press and wife left for Denver, Colorado, Saturday where they will make their home in the future for the benefit of the former's health. Rev. Press was pastor of the St. Paul German Lutheran church here for twenty years, coming here with his family from Wisconsin. He retired from his charge two years ago owing to poor health. Rev. Press was very active in the ministry during his long service and was held in the highest esteem and respect by those whom he served. He was a gifted speaker and possessed a knowledge of the gospel and a power of expression that made him recognized as one of the leading ministers of the St. Paul's syndicate.—Winside Tribune.

THAT ALL-ROUND MAN  
What has become of the "all-round man?" You remember him don't you? The self-reliant, industrious, thrifty fellow who could lead

# Economical Buying Leads to Wealth

Price and Quality Combine for Right Buying

On these two great truths we wish to build a business structure that will endure while people buy and sell, and with that in mind, we talk to you this week, we tell of some real bargains.

## YOU CAN'T BUY THIS IN THE OPEN MARKET

Anybody with the price can buy tire machinery or material and make fair tires.

But they can't buy the family conscience that safeguards every last detail of a GRIPWELL TIRE.

That's why I picked this "honor-built" tire out of the 227 that clutter up the market. I know my business reputation is safe when backed by the GRIPWELL conscience that isn't for sale.

Cord and fabric tires and tubes. Casings have advanced from 20 to 30 per cent, but we bought so that we can and do sell at old prices. With a quality high and a price low, can you afford to buy elsewhere?

## HOW ABOUT CHICK FEED?

We are prepared to supply your needs, whether it be a 25-pound sack or one or more 100-pound sacks. Remember we are in position to make price and quality right.

## BUY YOUR COAL EARLY—ORDER NOW

We have read the warnings to buy your coal early and avoid the rush, and the certain raise in price. It is a condition that confronts us—not a theory. It is as well known now as it is possible to know things in advance that coal of all kinds will be scarce and high—in fact it is so now, compared with other years. Hard coal is selling at not less than \$16 per ton, and it will go higher—it will also be hard to get out here, on account of transportation conditions. Therefore we have selected a line of the very best of western soft coals, and urge all who can use a soft coal for furnace or heater to now place an order here, for we have a coal guaranteed not to slack in the bin during the summer months—a coal superior in many ways to any soft coal that may be had from the east—clean, clinkerless, comparatively sootless, and low in ash. We cannot store this or other coal in quantity sufficient for the winter demand—and we cannot buy it for the same low price then as now, so we ask you to help us to help you. Order now for delivery to your bin as it comes and be sure of a good coal at least possible cost.

YOURS FOR ECONOMY

# Farmers' Co-Operative Association

PHONE 389

WAYNE, NEB.

a class meeting or mend a gate. The nearest approach to that disappearing factor in American life is the man who owns or runs a small farm. He furnishes an example of the worker who does many kinds of things. He has no trouble in finding enough work to keep him busy and being busy he is kept out of mischief and contented. In season he farms. At other times he converts himself into anything from a carpenter to a blacksmith or butcher as the occasion may require. He goes from one sort of labor to another with a thorough-

ness and ease which our modern industrial specialization in other fields of labor has put quite out of the question. Today the fellow works in mine, mill or factory, sees no possibility of employing his idle time profitably in some other occupation. This to some extent, is also true of the lawyer, the merchant and the men of other trades. Nearly everybody is now inclined to stick to his trade, no matter whether there is much or little work in it. Probably it is impossible to call back the "all-round" man. At the same time it is a whole-

some thing to meet one of those self-reliant chaps who can mend his own roof, fix his own plumbing and tend his garden after his regular hours in office or shop.

Come to Central Minnesota  
This country is adapted to diversified farming, stock raising dairying, all classes of small grains, corn, clover, timothy and other grasses, vegetables and small fruits. We also do some trading. Write for particulars.—Benton County Real Estate Co., Sauk Rapids, Minn. tf-adv

# Caribou Half Sole

For your shoe adds to the life of the shoe, and we are prepared to supply this excellent shoe bottom, and put it under you in short order.

Our machine sewed soles give the best of satisfaction, and are so quickly put on that frequently but a short wait is required if you are in a hurry.

I have a well equipped, modern shop, employ good assistants and can serve you well.

Let us reduce the high cost of footwear by our excellent repair work.

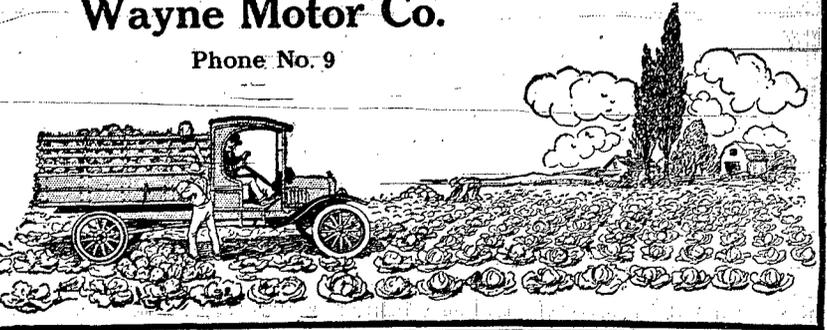

## JAKE KOCH

In Old Laundry Building. Opposite Union Hotel.

The Garden farmer will find the Ford Model T One Ton Truck an especially valuable factor in his business because of the flexibility as well as the reliability of the service given by this splendid truck. The worm-drive of manganese bronze carries all the power of the motor to driving the Truck, and there are combined in larger and heavier form all the elements which have made the Ford Model T Car the greatest motor car in the world in point of service. The Ford Truck with its worm-drive is most economical in operation and maintenance. There is very little, if anything, to get out of order at any time; there is the simplicity in control; there is the convenience in the flexibility of the car, it will turn in a circle of forty-eight feet; it accommodates itself to narrow alleys, and it "stands the gaff" of hard work day after day, and month after month, to the great satisfaction of the owner. There is hardly a line of business activity where the Ford One Ton Truck is not really a necessity. Come in and talk it over.

**NEWS NOTES OF INTEREST**

Underwood from Alabama, another conservative without very dry tendencies, has been named as minority leader of the senate—Senator Hitchcock, the choice of another bunch of conservatives having retired from the race. We are sorry there are not enough progressives in the senate to put a real leader in the lead.

Champ Clark tells 'em that he won't refuse if they all stand up and ask him to be it at San Francisco. No great danger, we think of lightning striking Champ.

Primary contests are on in several states this week, and as a result, at the week-end it is expected that the presidential situation will be worse muddled than at present. All the big bosses are now trying to do is to keep some one they cannot control from getting a lead that they cannot stop. They seem most to fear Johnson and Hoover.

Our republican friends in congress want to give Ireland freedom from British rule—but they are mute as to the request of the Filipino for their promised independence. Is it because there are more Irish voters in this country than Filipinos? The population of the Philippines is more than ten and a quarter millions; fully twice the number in Ireland. The population of the Philippines is more than nine-tenths Christian, and their population is increasing, while that of Ireland has been decreasing. We cannot understand why we should take so much more interest in the government of Ireland than the brown men.

In the great cities of America the beneficial effects of the loss of the saloon is more noticeable than elsewhere. Prisons and work houses and poor houses are being depopulated, and the charity institutions are having much less demand for aid than previously, even in these times of high prices; if we may believe the reports that are given out. For every dollar of license money the municipalities fail to get from the saloon it is apparent that the community is saving many in reduced criminal and pauper expenses.

It seems hard to get the fellows high-up in the game of robbery convicted and imprisoned. Charles D. Munday of Chicago, who was found guilty of wrecking the LaSalle Street Trust and Savings bank of Chicago in 1914 has just had the sentence fine him and sending him to the penitentiary confirmed by the supreme court. Thus after six years the penalty of the court is to be enforced. Why the fellow might have died long before that time and received his proper statoroom in hades.

Be of good cheer and have patience. The price is going to come

down—soon, too—for we have read the statement twice within the past week. All right, let it drop.

Food prices are now three per cent higher than a year ago, and two per cent above any previous high price. There must be lots of room to come down.

It will soon be a quarter of a century since the X-ray was discovered by a German professor, and plans are now under way to celebrate the event at the completion of the first quarter of a century. It has helped to locate a lot of the ills to which flesh is heir.

**CHIROPRACTIC FOR HEADACHE**  
Headaches are very common in this day and age. Thousands of people suffer with them from year to year, often going from bad to worse, trying this, that and the other thing with only temporary relief, finally giving up in despair, believing that there is no help for them. If you are a Headache sufferer, regardless of what form, you should consult your Chiropractor and allow him to make a careful spinal analysis of your spine, remembering that there can be no effect without a cause, and that the duty of the Chiropractor is to locate the CAUSE, which will be found to be subluxated (displaced) vertebrae. (small bones of the spine,) and adjusting them back to their normal positions. Consultation and Spinal Analysis Free. Drs. Lewis & Lewis. Phone office, Ash 491; Residence, Ash 492.—adv

Feed dry mash to secure the maximum number of eggs, says a new circular of the Nebraska College of Agriculture called "Feed Dry Mash." The easiest way to feed dry mash is by the use of the hopper or self-feeder. The circular gives pointers on the construction of a dry mash hopper, dry mash rations, scratch feeds, etc. This is what it says about dry mash feed: It increases egg production. It is an economic feed. It produces more eggs than eggs tonics. It keeps the hens in good condition. It makes pullets mature early. It should be kept before the fowls at all times. The circular will be sent free upon request.

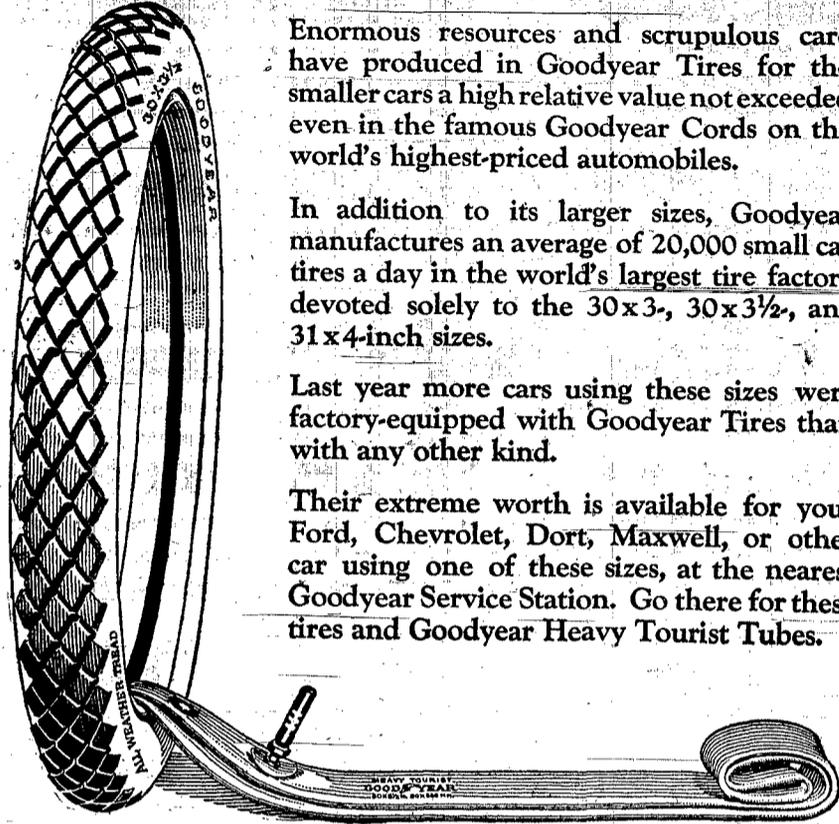

**THE SAME OLD GRIND**

A former Wayne citizen favors the Democrat with the following verse, and it was not Nels Swanson:

"Grinding the same old grind,  
Doing the same old do,  
Working away at the same old work,  
And hustling to get it through;  
Breathing the same old air,  
Drawing the same old breath,  
Living the same old sort of life,  
To end in the same old death."

The Democrat—only \$1.50. All the home news, all the time. And we put out job work that pleases.

# Goodyear Leadership— and Tires for the Smaller Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for the smaller cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

Last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure  
Fabric, All-Weather Tread \$23.50

30x3½ Goodyear Single-Cure  
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of \$4.50 less merit. 30 x 3½ size in waterproof bag..... \$4.50

# GOODYEAR

## More Power to your Tractor

Perfection Kerosene Oil is all fuel—every drop packed with live, energetic power. Its even vaporization and clean, complete combustion assure maximum power to your tractor.

There is no sediment in Perfection Kerosene Oil to clog the carburetor and interfere with efficient engine operation. It helps to keep your tractor smooth-running and full-powered right through from spring plowing to harvest—when delays prove mighty expensive.

Perfection Kerosene Oil is clean, uniform and dependable—the same high quality product you have always used for household purposes.

Telephone our nearest agent and he will arrange for immediate delivery of Perfection Kerosene Oil in any quantity.

For gasoline-burning engines use Red Crown Gasoline.

STANDARD OIL COMPANY  
(Nebraska)  
Omaha

## Unwavering Power

depends quite as much on correct lubrication as on suitable fuel.

It is quick, complete combustion that generates power in a motor; but it is lubricating oil that supplies the seal which insures full compression of the fuel charge and which holds the explosive gases behind the pistons and makes them work.

Polarine does this effectively—and more. Between engaging parts and in bearings it maintains a protective oil cushion that insures quiet, smooth operation with minimum vibration, wear and strain. Keeps motors fit the year round and makes overhauling and repair bills small.

Buy Polarine for your motor at the same place you buy big-mileage, quick-fire Red Crown Gasoline—at first class garages and service stations where this sign is displayed.

**PUBLIC AUCTION!**

**30-Choice Residence Lots, Wayne, Neb.-30**

**Friday Afternoon, May 7**

**Commencing Promptly at 1 o'clock**

**The National Land and Development Co. of Mapleton, Ia., Has Purchased of Charles Bose**

that fine seven acre tract of land located just South of Wayne State Normal, being in the best residential section. This land will be restaked, streets graded and otherwise developed into a strictly high-class residence subdivision. Each and every lot will be sold at Public Auction, strictly without reserve, Friday, May 7, commencing promptly at 1:00 p. m.

**The City of Wayne**

Wayne, the county seat of Wayne county, is a growing city of 3,000 inhabitants. It is surrounded by the richest agricultural lands in the state. Farms are well improved, and reflect the prosperity and enterprise of the owners. The largest State Normal school in the state is located here and within a stone's throw of the lots to be offered at auction. The excellent public schools are housed in a fine modern structure. There are six church organizations—Methodist, Presbyterian, Baptist, English Lutheran, Evangelical Lutheran and Catholic. The city has electric light plant, city water works, sanitary and storm sewer systems, and has let a contract for four miles of paving now in course of construction. It has two hospitals, ice manufacturing plant, flouring mill. Wayne is ideal for residence, and is desirable for business or industry. It is wideawake, substantial and progressive. No one was ever disappointed in putting dollars into Wayne or pinning faith to its future.

**Here's a Real Opportunity**

Real Estate, the basis of all wealth, the foundation of nearly every man's fortune, is increasing by leaps and bounds. Here you have high-class, choice residence lots in the best part of Wayne at your own price, absolutely the best opportunity ever presented to the buying public. Every lot a perfect beauty spot, strictly high and dry, right on the choicest building location in the entire city. Here's an ideal home site, a good investment. Within a block of paved streets, water, electric lights and State Normal right at your front door. These lots in this addition will double in value in a very short time after you get them because the erection of any house near you doubles the price of your lots. Here's a ground floor opportunity. After you buy the price goes up, you will ask a profit and get it. Look at the scarcity of building lots and present prices in Wayne and it will prove to you these lots are real investments. Don't let the other fellows' foresight and judgment cost you money. Be at the sale and be an original purchaser. You will ask the other fellow a profit and get it. Think this over, then meet us at 1:00 p. m., promptly, Friday, May 7. It will pay you.

**Special Offer**

With each lot sold will be given the privilege of the next one, two or three lots at the same price each, thus allowing the purchaser to regulate the size of his purchase without competitive bidding against himself, a decided advantage to the purchaser and a privilege not allowed by many companies.

**Terms of Sale: Lots will be sold for one-half cash on day of sale; balance in six months with interest at 8 per cent on deferred payments**

**Band concert on grounds during entire sale by the Walter Savidge Band**

**Seven-Room House at Auction**

At the conclusion of the lot sale and on ground adjacent to the plat sold, we will offer to the highest bidder a seven-room house, with cistern, city water and electric lights. Good barn and other outbuildings, newly painted and in good state of repair. Possession may be had immediately.

**Nine-Room House at Auction**

We will also sell to highest bidder, H. H. Hickman's modern residence of nine rooms and bath, near State Normal. It is oak finished on ground floor and hard pine finish upstairs; full basement, hot air furnace, electric lights, city and soft water piped through house. This is a practically new residence. The lot is 75x150 feet and the legal description is lot 5 in Conn & Britell's addition. Terms: \$1,000 on contract, \$4,000 September 1, when deed and possession will be given; balance to be carried back in a first mortgage for five years at the rate of 6 per cent interest annually. Abstract showing good and merchantable title will be given.

Also we will sell two vacant lots described as lots 3 and 4 in Conn & Britell's addition. Terms will be made known on day of sale.

**National Land & Development Co. of Mapleton, Ia.**

D. H. Cunningham and W. H. Neely, Auctioneers.
