WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, JULY 15, 1920.

\$1.50 PER YEAR

JAMES MILLIKEN CHARGED WITH AUTO WRECK

Last week we told of the automobile wreck of July 3rd in which two Guffey boys from Albion were injured and their car wrecked. Sunday it developed that James Milliken living near Wayne was the one whom the Guffey boys passed, and who a little later passed them with such disastrous results. Milliken was placed under arrest, waived a hearing, and gave bond for \$2,000 for appearance for a hearing before Judge Cherry August 2nd, when it is that that the young man most seriously injured will be able to leave hospital and appear in court.

The complaint filed against Milliken charges him with violation of law in exceeding the 35-mile speed limit; in approaching another vehicle without reducing the speed to 15-mile rate permitted by law, and with not keeping on the left hand side of the center of the road when passing another vehicle, as well as with causing the maiming of occupants of other car, and failing to stop and make his identity known after the accident and offering aid—all of which are plain violation of law as it is written on the great law book of this state of Nebraska. Just what may be proven by the evidence when the trial comes remains to be seen.

IS THE HIGHWAY DEFECTIVE?

Some are charging that the culvert where the accident happened July 3rd had never been finished, and that there had been some hole washed out at the end; and that no retaining walls had been erected there or posts set to protect the public. Another citizen speaking of the alleged defect asked why this is thus when the commissioner proceedings show that two or three highway inspectors are drawing down good salaries for the purpose of fixing or having just such places as it is charged exist here, discovered and fixed. A whole lot of people are willing to pay taxes good and plenty, but they also want results when the money is spent.

We give publicity to this talk to find out what there is to it, and if there are any explanations or denials to be made they will be as freely spread before the Democrat readers as are these lines. We want to help for the best possible roads in this county.

GERMANY AND THE COAL QUESTION

Now that winter is coming on, the Allies are demanding from Germany the delivery of the coal which it was stipulated should be furnished by Germany as a penalty for destroying the French coal mines after it was known that they could not retain the territory they had captured. It was but just that they provide the coal to a suffering people until the wanton damage they did could be repaired. Now if we of this country had some set cinch on the mines, miners, mine owners and railroads to compel them to come across with the necessary fuel at a fair price all would or should be happy.

A BAND AT WINSIDE

There is a well advanced movement toward establishing a band at Winside. There are a number of instruments now owned by those who are interested, and it seems to be a matter of getting together and selecting a leader and going to work to complete the formation of those interested into a real band. They expect a former leader, Wm. Olmstead now of Carroll to take an interest, and the following have signified inclination to become members of the organization for a start: Dr. V. L. Siman, Wm. Rhudy, Wm. Awiszus, Paul Koplin, Chris Nelson, Nick Hansen, Louie Heyer, B. Shannon, Roscoe Shannon, F. J. Dimmel, Roy Stewart, John Kemp, and Martin Weyerts.

COUNTY CLERK CHAS. REYNOLDS ILL AT HOME

One day early last week Chas. Reynolds had the misfortune to slip and fall while about his home place, and his back was injured, or perhaps a rib or two fractured. He kept up and about, however until Thursday when he gave up to stay at home for a few days and give nature a chance to mend the injured parts. Since then he has been improving, and able to be up and about his home now, we are told, and it is that that he will soon be on duty full time in a few days.

For a market for poultry, eggs and cream, remember Fortner.—adv

MYERS-JONES

Sunday evening, July 11th, 1920, by Judge J. M. Cherry, Mr. Edwin Jones and Miss Doris Bullina Myers, only daughter of Mrs. Mary (Joe) Myers. News of the event quickly spread among the friends of these young people, who at once went to the home of the groom's parents, Mr. and Mrs. E. L. Jones, on the Perdus farm just southeast of Wayne, and they were soon visited by several auto loads of friends who extended hearty congratulations and had a merry time with the bride and groom. The marriage and coming of the bride and groom was a complete surprise to Mr. and Mrs. Jones, and Sunday evening found them ill-prepared to serve refreshments to so many, and a trip to town for something for their guests developed that it was also Sunday evening here, and supplies for such an event were not obtainable, and the guests were asked to take the will for the deed at that time and come again.

The bride and groom will at once begin house keeping on a farm near Carroll where the young man has been farming and keeping bachelor hall. He was in need of a housekeeper. All wish the young folks a pleasant voyage over the sea of matrimony.

STATE IN CHARGE OF BANK AT PAGE

Lincoln, Nebraska, July 13th.—The Farmers bank of Page, Nebraska, which was closed yesterday, following the sudden death of Eugene Smith, president and active manager, was today taken in charge by the state banking board. Secretary J. E. Hart of the board announced that Examiner Everts had been placed in charge. The last report to the department, Secretary Hart said, indicated no irregularities in the bank's affairs. Deposits amounting to \$130,000 were carried. Until Examiner Everts completes his examination the exact condition of the bank cannot be told. On the morning of July 6th, President Smith was found dead in a cow-pasture, his head and part of his body being submerged in a water barrel. His death was declared at the time to be the result of an accident.

H. C. L. RUNS AMUCK

A Nebraska housewife has sent to the committee on Public Utility Information a graphic comparison of the cost of necessities in the home covering the period of her married life. In February 1898, twenty-two years ago, she bought for a company Sunday dinner, six pounds of potatoes, a thirteen pound turkey, three pounds of coffee, some raisins, mince meat, olives, celery, two pounds of tomatoes, a pound of rice and a can of asparagus. Her bill showed that this particular grocery order cost \$4.74 in 1898, but that on the same date in February of this year it cost \$10.82 to duplicate the order. Upon request she looked up her electric light bill of twenty-two years ago and found that she paid \$11.40, as against \$2.09 in the same month of 1920, and she adds, "There is no comparison in the quality of electric service now and then, when we used the old yellow light globes and knew nothing about electric irons, percolators or washing machines."

PETERSON-SWIFT

At Ogden, Iowa, Tuesday, July 6th, 1920, occurred the marriage of Miss Mary Peterson, of Spencer, Iowa, and Mr. Roy D. Swift, according to an announcement received at Wayne this week. Miss Peterson will be remembered by a number of Wayne people; for she was for a year bookkeeper for the Farmers Co-operative Association of this place. Miss Peterson seemed to possess many womanly qualities, and Mr. Swift is to be congratulated upon winning the lady of his choice. The Democrat sends congratulations.

NOTICE

After consulting with the engineer in charge of the paving, the city council hereby orders all traffic to cease from going onto the cement base until said base is at least two weeks old. The city police and night watchmen are authorized to arrest any one guilty of taking down the barricades in the streets or driving on the cement base in violation of the above rule. J. H. KEMP, Mayor. July 14th, 1920.

WAYNE LIBRARY BOARD MEETING

Tuesday evening was a meeting of the library board, and Mrs. C. A. Chace was named as president of the board and Mrs. E. W. Huse vice president. S. B. Theobald secretary. The other members of the board are P. C. Philleo and Mrs. H. H. Hahn.

PREACHERS AND BOYS GO FISHING AND CAMPING

A bunch of Wayne, boy scouts in charge of Revs. Wm Kilburn and J. H. Fetterolf left here Monday for the first of the week in camp at the Elkhorn near Pilger. When they got there, the gates were barred to pioneers, campers and fishers, and they had to seek another spot, and they are said to be in camp about nine miles southwest of Pilger, where no vehicle can cross the bridge for the reason that high water this spring washed away the approach. It is reported that the fishing is good; but we have not heard how large they grow down there.

The following lads are answering to roll call there: John Lerner, Willie Lerner, Melvin Eicher, Melvin Olson, Horace Fetterolf, Joseph Nichols, and Lyle Mabbot, members of Troupe No. 3. Owing to the busy season a number of other members failed to attend, as the need of their services and their need of the salary outweighed the probable benefits of the outing.

WINSIDE ORGANIZES FIRE FIGHTING FORCE

At a meeting last week the Winside citizens organized a fireman organization to have practice drills and officers to direct work at any time they may be called upon to fight the fire fiend in that city. It will be known as Winside Fire Company, No. 1, and the following are the first elected officers: Chris Nelsen, Jr., Fire Chief; F. J. Dimmel, Assistant Fire Chief; John Reinbrecht, Fire Captain; Dr. B. M. McIntyre, Secretary; Charles Unger, Treasurer; G. C. Francis, Sergeant of Arms; Robert Johnson, Henry Brune and Harold Neely Trustees.

G. C. Francis, John Reinbrecht and B. M. McIntyre were appointed by the newly elected fire chief to frame the by-laws for the organization. William Kallstrom was appointed to inspect all the present fire equipment and make a report on the condition of same, and also to ascertain what was needed to place this equipment on a modern fire-fighting basis.

NEEDHAM-CARLSON

A card came to the Democrat Monday from Mr. and Mrs. W. H. Needham, of Bloomfield, announcing the marriage of their daughter Lyndia Lucian to Mr. Carl Victor Carlson, Friday, July 9th, 1920. Mr. Needham is the editor of the Monitor at Bloomfield, and himself and wife have long resided in the town at the end of the railroad. Miss Lyndia has been a frequent visitor at Wayne and has many friends and acquaintances here who will join the Democrat in extending congratulations and good wishes.

The announcement does not tell when or where Mr. and Mrs. Carlson will be at home.

THE SALVATION ARMY SAYS

"Babies are still popular in Nebraska. Confidential reports made by the county advisory boards of the Salvation Army show that there are more families in Nebraska desirous of adopting children than there are children to be adopted." The Salvation Army does not approve, generally, of the adoption of infants, but in exceptional cases, where the tendency is for the child to become delinquent, or it cannot be properly supported, the Army acts as an intermediary in placing the child in a home where it will receive proper moral and physical development.

WHERE THE MONEY GOES

In the year 1919 considerably more than \$1,000,000,000 of stocks in automobiles, oil, mining, tire, candy and similar companies were sold easily and quickly, while standard investments like railroads and public utility securities moved slowly. The reason for this is that earnings on railroad and public utility securities are held down by fixed rates, while there is no restriction on earnings, by industrial companies. Public utilities never earn sufficient money to pay for extensive improvements or developments out of their profits, therefore must continually seek investors and borrowed money.

IMPROVEMENT AT DEPOT

Last week the part of the freight depot most in need of a new roof was covered with a roofing which it is said will keep the water out. This week curb walls are being run to retain a brick platform which is to take the place of the old plank platform along the west end of the freight house. This part of the improvement will be an improvement indeed, for the old boards were very uneven.

STATE NORMAL SCHOOL NOTES

The entertainment by Strickland Gillilan last Friday evening was largely attended and very acceptable. A really witty speaker, with manner free from self consciousness or conceit, with a vein of common sense philosophy running through the speech, gifted with a fine voice and good stage presence, Mr. Gillilan received much appreciation from his hearers.

Professor Lackey's new book, "Principles of the Teaching of Geography," published by Rand & McNally, is now on the market. It will be recalled that the manuscript of this publication won first place in a competition open to all teachers of geography in the normal schools in the country. Dean Hahr, Professor Lackey and Professor Teed are busy outlining a course of study for normal training high schools. This work is being done at the desire of the State Superintendent of Public Instruction and the course will doubtless be adopted by Nebraska.

On Monday morning the students and faculty were surprised and delighted at chapel to see and hear a new musical organization, a double quartet, constituted as follows: 1st tenors, E. E. Lackey and Emil Tretltn; 2nd tenors, A. F. Gulliver and A. C. Serfling; 1st bass, E. A. Jenner and E. E. Fouser; 2nd bass, Lloyd Rohrke and J. G. W. Lewis. The new company greatly pleased their hearers with a number of beautiful songs.

The motion picture at the Chapel Tuesday evening, "Bonnie, Bonnie Lassie," was very popular with the students.

This afternoon the annual picnic of faculty and wives will be held in the Bressler grove.

DUBINSKY BROS. DRAMATIC COMPANY COMING

The Dubinsky Bros., Comedy, Dramatic and Vaudeville Company will be in Wayne for a one week visit, opening Monday, July 19th. They carry their own tent and the company consists of twenty-five people, playing Comedy Dramas from the Pen of Lew G. Parker, interesting Vaudeville is introduced between acts, and the special feature, Jazz Orchestra, makes an evening entertainment without one dull moment. The Dubinsky Bros., have built up a reputation for good clean shows and also they have never played Wayne, they are well known here, having repeatedly played the surrounding territory. The opening play will be "What Every Woman Should Know," with a change of programme nightly. Saturday afternoon childrens day, "Little Red Riding Hood." The tent will be placed on the City Hall Square lot.

ATTEND WOMAN'S CLUB MEET SATURDAY

The Wayne Woman's Club will meet Saturday at the Opera House at 3:00 p. m. Misses Ferne and Frances Oman will sing, and three of the members will discuss political candidates and issues. Mrs. A. T. Cavanaugh and Mrs. Bollen will talk on the republican and democratic candidates and Mrs. Crossland will give a summary of the convention now meeting at Chicago. A large attendance is desired as this will be the last regular meeting of the club until September.

GOLDIE SAYS

Bryan can join the Salvation Army. McAdoo enter the moving pictures, and Harding, well Harding will have nothing to do when he gets through with Cox.

Harding is a fine old gentleman, no doubt. He played the horn well and got there with the rest of the ordinary push, but as a statesman he is, as the Englishman well put it, of mediocre meaning.

This seems to be the newspaperman's year. What's the matter with letting Harding and Cox fight it out in their publications, as the frontier "editors" of a few years ago enjoyed doing—or as the Times and Examiner of Los Angeles still insist on inflicting punishment upon their readers.

CRADLE

LONG—At Sioux City, Sunday, July 11, 1920, to Mr. and Mrs. Harold Long, a son. Mrs. Long was known at Wayne as Izetta Johnson, daughter of Mr. and Mrs. Ed. Johnson. Their many Wayne friends will extend congratulations to the proud parents, as well as to the happy grandparents—nor will they forget that Mr. and Mrs. Wm. Fleetwood now have a great grandson to play with.

SOCIAL NOTES

Miss Helen Felber entertained eight of her friends at a slumber party last Friday evening. The early part of the evening was spent at the movies. After again reaching the Felber home games were enjoyed until midnight, when a delicious luncheon was served. The hostess also served three course breakfast.

Mrs. Clyde Wilson entertained about twenty-five young people last Friday evening in honor of her niece and nephew, Irene and Ralph Dye, who are visiting here from Spencer. The evening was spent in games both in and out of doors. Light refreshments were served. All had a very enjoyable time.

The Woman's Bible Study Circle met with Mrs. J. H. Wright this week to consider the third lesson in the outline on the book of Ephesians. After the inspiring lesson and especial prayer for the many requests handed in, election of officers for the ensuing term resulted in Mrs. Chas. McClellan being unanimously chosen for president and Mrs. J. H. Wright for vice president. Mrs. McClellan will be hostess next week and all are cordially invited.

Mrs. E. B. Young will be hostess at the Young Ladies Bible Circle Saturday evening and a cordial invitation is extended to all the young women to attend.

Queen Esthers held a business session at the home of Susie Souders Tuesday evening. The next meeting is to be a social meeting at the church basement, for the entertainment of the old members and the initiation of new members. All will be welcome in one class or the other.

The initial meeting of the Ladies of the Country Club at their nicely improved grounds Tuesday afternoon was well attended, considering the threatening appearance of the weather, and those present had a pleasant social time. Many of them brought lunch baskets and the husbands joined them for supper and the early evening hours. The next meeting will be July 27th, when Messrs. and Mesdames Chas. Craven, D. H. Cunningham and F. S. Berry will be hosts and hostesses.

Mrs. Ringland entertained at a Sunday dinner for the Homer Wilson and Mellor families. Mrs. Chas. Smith, of Colorado Springs, was honorary guest.

HOSPITAL NOTES

Edward Phillips, who underwent a major operation two weeks ago was able to leave the hospital for his brother's home, Dr. Phillips, of this city.

Mrs. E. P. Plum, of Hastings, Iowa, was a medical patient this week. Arling George, of Carroll, entered the hospital for treatment Monday; and also Mrs. Geo. Luckert, of Bloomfield.

Esther Bodenstead and Clifton Hurlburt, of Carroll; E. O. Evans, of Venus; J. A. Matter, of Lynch, were X-ray patients this week.

Dr. Lansing, of Wakefield, and Dr. McFadden, of Belden, visited at the hospital this week.

Dr. Lutgen was called to Gem Kansas Saturday because of the illness of his niece. He returned Wednesday.

MISSING—A SILK SKIRT

When the young lady who opens the Mrs. Jeffries store opened the door one morning this week three strangers came in, evidently Mexicans, and one of them asked to look at some dresses, which were shown while the others waited about in another part of the store. When Mrs. Jeffries came in a little later she missed from its place on rack a \$25.00 silk skirt. Search for the garment and the men who visited the store has not yet resulted in any finding. So far as is known, none of the Mexicans regularly employed here have not left town since the skirt was missed.

FOR SALE—20-ACRE TRACT

Adjoining Wayne, 400 feet track frontage. Fertile land, suitable for garden, corn or alfalfa, an ideal dairy farm. Barn 42x56, fenced and cross-fenced, 3 good wells. A bargain at \$14,000. Apply to owner, A. P. Gosard, Wayne, Nebraska.—Adv.—2-t.

ADVERTISED LETTERS

Wayne, Nebraska, July 14th, 1920.—Letters: Miss Olga Anderson, Mrs. E. Clark, Miss Ellen Nelson, Miss Emma Warren, Mr. Edward Weber, E. G. Wessie, Miss Viva Yutt.—C. A. Berry, Postmaster.

HORSE SHOES—A POPULAR GAME

In fact, the exercise and diversion furnished by this sport, which is the only game we know of at Wayne, where one does not have to pay to play or see, is perhaps all that keeps a number of our influential citizens from having to go to work to keep their appetite right and their liver flopping true. The osteopath will twist your liver nerve—if you pay for it; the M. D. will give you a cathartic which will drain that organ, but he and the druggist both want their fee for that; the Chiropractor will adjust that particular joint in your spinal column which has to do with your liver, if you need it bad enough to put up the cash, or your wife will let you hoe the garden or run the washer if you will. But down at the horse-shoe alley one may get the exercise without money and without price, and in the presence of an appreciative audience. Here the rich and the poor meet on a common level—unless it be that the best pitcher may be looked up to some, even tho he be clad in overalls. It is a wonder that some one does not get a license to stick out a couple of pegs and furnish horse shoes, and seats for the spectators, and make the game pay. So long as it is free, the cool of the morning, the heat of noonday or the dusk of evening seems to make no difference. Last week we saw two sports throwing the shoes when it was too dark to see the pegs—but they seemed to get as close in as they did in daylight. Wayne players should form a club, practice regularly and then challenge the idle of any town in this corner of Nebraska to a test of skill.

FUSION PARTY NAME PARLEY P. CHRISTENSEN

At a ballot of delegates at Chicago early this morning the 48ers and other fusionists nominated attorney Parley C. Christensen, of Salt Lake City, as their candidate for the presidential race. LaFollette did not find the platform to please him—it was so plain that it would have been hard to give it a double meaning, and so he was not a candidate. Dudley Field Malone, of New York, was second high man on the final ballot.

Votes went to Debs, Ford, Frazier, Post and Bigelow, and perhaps a few others.

DR. SMITH SPEAKS

(From The Goldenrod) Thursday evening Dr. Roy Smith talked on "The High Cost of Low Living." He viewed the subject from four angles: a. The high cost of low physical living. To be well we must get plenty of fresh air, sunshine, and sleep. b. The high cost of low intellectual living. The question is not how much does an education cost, but how much would it cost to get through life without an education. Education is not obtained for the purpose of escaping work but to learn to do the work so well that no one need do it over. The test of an education is what it gives back to you and to the world at large. c. The high price of low moral living. The most tragic thing about low moral living is that every one helps pay the price for every one else. d. The high cost of low spiritual living. It doesn't make any difference who is paying the high cost, everyone, not only of this generation but of generations to come, helps to pay the bill of "Sin."

Usually we spend two-thirds of our energy at a lecture trying to figure out what kind of speaker we have, his history, etc., and the other third in wondering how soon he is going to stop. But we were happily surprised in both as Dr. Smith started out by saying he was 33 years of age, had been married twelve years, had two children, one six years old and the other eleven months, etc. He held his audience from the time he stepped on the platform until he had them goodnight. They laughed when he wished and thought seriously when he desired them to do so. To say the least, Dr. Smith is one of the best orators of today—who combines humor and fundamental truths in such a way that his audience wishes he would speak longer, which is contrary to general principles of the ordinary audience.

In closing, we feel safe in saying, those who attended the lecture were benefited by something which cannot be reckoned in dollars and cents, namely an education gained by hundreds of years of toil and struggling. And to those who did not come, you missed a rare treat.

LOST—Rim and old casing, 32x4, on streets in Wayne, Monday. Finder leave same at this office.—Adv.

To My Patrons and The Public

I will now be glad to wait upon you at my new office on corner of Main and 4th streets, south of the Baptist church. I have just vacated the offices over the Theobald store, and hope to better care for you in the commodious new office which is fast being completely modernized.

I now have a comfortable reception room, a private office and two treating rooms, which will enable me to give the caller more prompt attention than was possible at my former location.

Hoping that it may be my pleasure to meet and serve you in the new location better than was possible in the old one, and thanking one and all for the past patronage which has made this advancement possible, I am

Very truly yours,

T. T. JONES, D. O.

Phone 44 for office. Corner Main and 4th Streets,
Phone 346 for residence. on First Floor.

LOCAL AND PERSONAL

Mrs. Frank Tucker and Mrs. Hugh Mathews, from Sholes, were Wayne visitors Saturday.

Another lot of those \$12.50 silk poplin dresses, at the Mrs. Jeffries store for the ladies. Real bargains, they are.—adv.

Miss Bernice Reiboid, from north of Hoskins, was a guest of Miss Helen Thompson, at the Chas. Thompson home last week.

J. M. Barrett was a visitor at Norfolk Monday.

Choice of summer millinery this week at half price. Mrs. Jeffries.—adv. Mrs. Louise Malloy and daughter was at West Point last week to attend the funeral of her mother, Mrs. Noah Denesia.

Mr. and Mrs. W. S. Dayton went to Carroll Friday to visit a few days at the home of their son, V. L. Dayton and family.

Only \$5.98 for one of those jersey and silk petticoats, now on sale at Mrs. Jeffries store for ladies and children.—adv.

Randolph is planning to pave another district next year. A petition is out for paving in the residence district of the east side of the town.

Last week Mr. Archie Mears came out from Sioux City to join wife and son here in a visit at the home of his parents, Mr. and Mrs. G. S. Mears. They returned home Saturday.

Mrs. J. W. Alger after visiting here with relatives returned to her home at Winside Monday. Mr. and Mrs. M. C. Ewer accompanied her and will spend a short time visiting at the Ogler home.

A number of new bridges were made necessary during June in the vicinity of Randolph by high water taking the old ones out. Some day most of our bridges and culverts will be built of concrete. Once properly put in of that material the question is settled for the next 100 years, and by that time most of those now using bridges will have crossed to the other side.—If the bridge is not out and the ferry out of commission.

Choice of summer millinery this week at half price. Mrs. Jeffries.—adv.

Mrs. R. Roe came last week from Inman to visit for a time here at the home of her son W. C. Roe.

Mr. and Mrs. J. C. Forbes went to Sioux City Saturday to visit over Sunday with their daughter there.

Mrs. Pete Christensen and her sister, Miss Clara Neilson, of Winside, were Wayne visitors between trains Monday.

Miss Frances Mitchell from Wakefield was a Wayne visitor Friday, a guest of Mrs. Alice McManigal for a few hours.

Only \$5.98 for one of those jersey and silk petticoats, now on sale at Mrs. Jeffries store for ladies and children.—adv.

Mrs. L. E. Panabaker came home Thursday from her stay in Wyoming, where she went with her daughter Cora, to visit her claim.

Wakefield chautauqua is the next attraction at that place. We read a nice story of the attractions to be, but the dates were not given, so we cannot say when.

Miss Pearl Madden, who came home from Omaha July 3rd with inflammatory rheumatism, is slowly improving in health, but not yet able to return to work.

A. T. Carlston and Mrs. Carlston, of Sioux City, were guests at the home of J. H. Foster and wife, their relatives last week, going from here to Norfolk to visit a sister there, and returning Saturday.

W. D. Hughes, from Orchard, came last week to visit a few days with relatives and friends here. He reports that farm prospects are good in his vicinity, but that he is not farming—just raising a few hogs and some poultry.

Mrs. Mary Stephens has been visiting here from Laurel, where she has been with her sister. The sister is much improved in health, and Mrs. Stephens is planning to return to her home at Ft. Collins, Colorado, within a few days.

Mrs. W. Stone, of Sioux Falls, South Dakota, stopped here a few days to visit her sister, Mrs. Louise Malloy. They had both been at West Point attending the funeral of their mother, Mrs. Noah Denesia. Mrs. Stone left for her home Saturday.

Jesse Randol, who was injured in the automobile wreck four weeks ago, is able to be about again with aid of a crutch, and Friday he went to visit a Maskell for a short time. His friends were glad to see him, once more on his feet, even if still pretty lame.

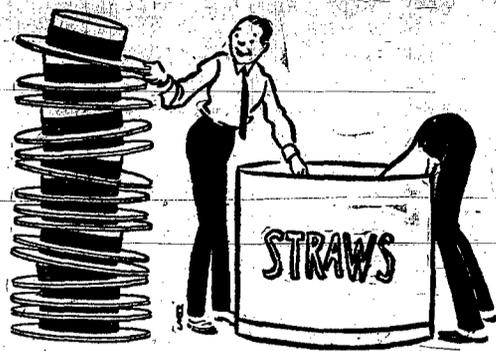

Mr. and Mrs. A. Lischer, from Griswold, Iowa, returned home Saturday after a visit at the home of their daughter, Mrs. H. W. Winterstein. The lady spent about four weeks here, and Mr. Lischer about a week. They came from one of the very good parts of Iowa, and admit that we have a splendid country.

Tuesday evening, July 6th, at the Salem Lutheran church in Wakefield, occurred the marriage of Miss Anna Cecelia, daughter of Mr. and Mrs. C. U. Bloomquist to Rev. G. E. Grandquist, of Hancock, Michigan, in the presence of numerous friends and relatives. The newly weds will reside at Hancock, Michigan, where the groom is pastor of a Lutheran church.

The Wakefield celebration was a success, says the Republican of that city. It was sponsored by the American Legion, and was conducted so economically that the boys had at least \$1,000 to the good after their expenses were paid. The weather man was kind to them, compared to the treatment extended to those who tried to observe Monday instead of Saturday.

Mrs. Herman Schincke from Emerson was shopping at Wayne Friday, saying that she liked to come to Wayne to shop because of such variety from which to make selection. Accompanied by a daughter she strolled over the town, overlooking the missing crossings and the subways one encounters while the grading is going forward, but looking to the result—and expressed her opinion of how fine it will be when grading and paving are finished. It might be well for more of us to look ahead rather than into the places that have been made all but impassable for the time in order to have it far better in the future.

Arval D. Sumston, from Springfield, Utah, and W. Ray Beckstead, from Whitney, Idaho, two young Mormon elders, came to Wayne last week to distribute literature of the people of that faith and perhaps hold some cottage or street meetings. About six years ago this community was visited by two other young men on a like mission, who were in this vicinity several weeks. From them we learned that the young men sent out for this work are selected from among the membership of the church and that each one is supposed to devote from one to three years to the work, after which many of them return to their former vocation. Any who are interested in this faith may be able to find these young men.

Wayne, Nebraska

Miss Alvina Anderson, of Norfolk, was a Wayne visitor Sunday.

Mrs. C. T. Chase from Laurel was here by auto Saturday to catch a train to Petersburg for a visit. Since the new highway between Laurel and Wayne is in such excellent shape for motoring an increasing number of people from that way are driving here for train, because they can come across in less than an hour without any hurry, while to make the same connection by train they must lose three times that time and have a tedious wait at the junction east of us.

Mrs. E. B. Young returned home Monday morning from a visit at St. Paul, Minnesota, where she spent a part of last week.

Another lot of those \$12.50 silk poplin dresses, at the Mrs. Jeffries store for the ladies. Real bargains, they are.—adv.

Miss Iris Griggs went to Sioux City last week, where she underwent an operation for appendicitis at the Samaritan hospital. Her sister Fern accompanied her, and the invalid is reported to be getting along nicely at this writing.

Mrs. D. W. Townsend and two children and relatives went to Norfolk Monday, and later will return to Wayne.

Mrs. Eva Merrill, from Minnesota, who has been here visiting with her sister, Mrs. W. R. Ellis, went to Bloomfield Monday, where she visited with a sister.

Chas. E. Clossen, of Carroll, returned Monday from a visit at Sioux City where his sister, Mrs. Ida Clark is reported quite seriously ill; but showing some improvement when he came away. With him was his niece, Miss Mae Clossen, on her way to visit relatives and friends at Randolph.

Hi Griggs returned Monday from a visit at Mapleton, Minnesota, and tells us that for this year they appear to have an edge on us on the crop prospect; but he added, they need it, for it does not happen so frequently there that they can well get on without an occasional bumper year.

Carl Glasen and family were over from Norfolk Sunday, visiting at the home of Clarence and Mrs. Hale, the ladies being sisters. Mr. Glasen is nursing the stub end of his thumb which he had taken off by some of the machinery of the planing mill in which he works as a partner. The injured hand seems to be obstinate about healing properly.

How the weather governs the growth of corn has been demonstrated within the past ten days. We are told that some farmer had been marking and noting the growth of corn in 24-hour periods. When the nights were warm, as we had a few of, thrifty corn was showing a daily growth of from four to five inches. Then came a number of cooler nights, and the growth of the same corn declined until but one inch represented the growth of the 24 hour period. That makes plain why corn will not thrive at a high altitude as it will at a lower level where the nights are warm and sultry.

Early oats, some winter wheat and a little barley will be ready for harvest in this vicinity this week. Speaking of barley, reminds the writer that there is a fine little field of barley in the north part of the city, and a number of the thirsty are watching and wondering if it is to be brewed—and if so, when and where. One trouble is, we have failed to receive a report of any hops to go with it. But be that as it may, it is safe to say that no crop now approaching maturity is attracting the attention of more of our citizens than this little field of barley. We think it was grown for a prize winning exhibit to our district fair next September.

Cream, eggs, poultry bought by Fortner.—adv

Alfons Ornelas and wife from Carroll were Wayne visitors Saturday.

Mrs. Richard Brinkham from Winside was a Wayne visitor Tuesday afternoon.

Dr. Young's Dental Office over the First National Bank. Phone 307.—Adv. 29-17

Mrs. Clyde Oman and daughters, Fern and Frances visited Sioux City Monday, their mission acknowledged to be to see the "movies".

June, the little daughter of Mr. and Mrs. John Rice is carrying her right arm in a sling for a fracture caused by a tumble from a porch about two weeks ago.

WANTED SALESMAN—To represent us in Wayne County. A 1 proposition. Write for information. Nebraska Foundry and Manufacturing Company, Fremont, Nebraska.—adv.

Miss Louise Sprague left Monday morning to visit at Sheldon, Iowa, and Windom, Minnesota. Her father, C. A. Sprague accompanied her as far as Sioux City, where he spent the day looking after business matters.

Mrs. Berg from the Normal visited at Sioux City Monday.

For a market for poultry, eggs and cream, remember Fortner.—adv

Earl Merchant and Dick Auken and wives were Sioux City visitors the last of the week, motoring over Saturday.

F. S. Berry has gone to Hot Springs, South Dakota for a few weeks vacation outing. He left the first of the week.

Mr. and Mrs. John Baker, from Wakefield, went to Carroll Saturday to visit at the home of their daughter and family.

Mrs. Wm. Nisson and Miss Pearl Olson, came this week from Sterling, Colorado, to visit at the home of their parents, Mr. and Mrs. O. J. Olson.

Mrs. McVicker, from Carroll, was here last week visiting at the home of her brother, Eph B. Kennamer and family, returning home Saturday evening.

Al. Nelson left Saturday to visit a few days with a brother at Belleville, Kansas, and with friends at Beatrice on his return trip at the end of the vacation week.

A GOOD ELECTRIC IRON FOR SALE CHEAP—220. A good chance for some one who has not been charged over to get an iron for hot weather use cheap. Call at Democrat office.

Hans Ott was a passenger to Winside Monday, going over on a business mission.

Miss Mabel Gossard went to Laurel Tuesday to spend a few days visiting with friends.

Will Morgan from Colorado has been spending a few days here with Wayne friends.

Harry Tidrick and Jens Jensen from Winside were Wayne visitors Tuesday, motoring over and back.

Miss Abigail Manning returned to her Omaha home Monday following a visit of several weeks here with her friend, Miss Mamie Wallace.

Mrs. J. J. Watson from Wynot was at Carroll and Magnet last week visiting at the homes of her sons. She went home Tuesday following a good visit.

Ed. Ellis spent Monday with home folks here, returning Tuesday to Neigh to join the Savidge Amusement Co., with which he is traveling this summer.

Miss Teresa Cline, milliner at the Mrs. Jeffries store, left Sunday for the eastern market to spend a time in the wholesale millinery houses, for the newest ideas in fall styles.

Mrs. F. S. Berry and son Frederick left Sunday to visit with a sister at Akron, Colorado, for a time. Later they plan to visit at Denver and go out into the mountains for an outing.

Mr. and Mrs. M. J. Miller returned to their home at Madison Tuesday following a visit here with their son Ed. and daughter, Mrs. Sutherland, who are living at Wayne for a time.

Mrs. Henry Gardner came over from Emerson Tuesday, and reports that Mr. Gardner is not as rugged as he used to be—in fact that he is not real well, tho up and about all of the time.

Dr. and Mrs. D. D. Tobias and her two sisters, Misses Minnie and Rose Will, went to Omaha Monday where he will attend the Veterinary Association meeting, of members of that profession from Nebraska and Iowa.

Miss Anna Baer from Winnetoon has been spending a few days with Wayne friends on the Normal hill, where she was a student until recently. She was a guest of Miss Clara Smothers and Miss Elsie Ford Piper.

Mr. and Mrs. E. Morgan, of Randolph, were Wayne visitors Tuesday, coming to look after business here and also at Winside, where they went for a time. They formerly lived near Carroll, and planned to visit at that town also.

J. L. Davis, who has been at Omaha having his eye treated, came to his home at Hoskins Saturday, as the injured eye had reached a stage of improvement where the treatment could as well be continued at home as at the hospital.

Dr. T. B. Heckert left Sunday for Lexington, where he plans to spend a month at the hotel home of his brother, taking charge of that place while the brother and wife go for a needed vacation rest. The change of work will also be a sort of vacation to the doctor.

After many delays, caused by legal complications interposed by those who wanted to stop the wheels of progress in that berg, the work of paving started this week. They expect to put in more than three miles of paving yet before the cold weather stops the work.

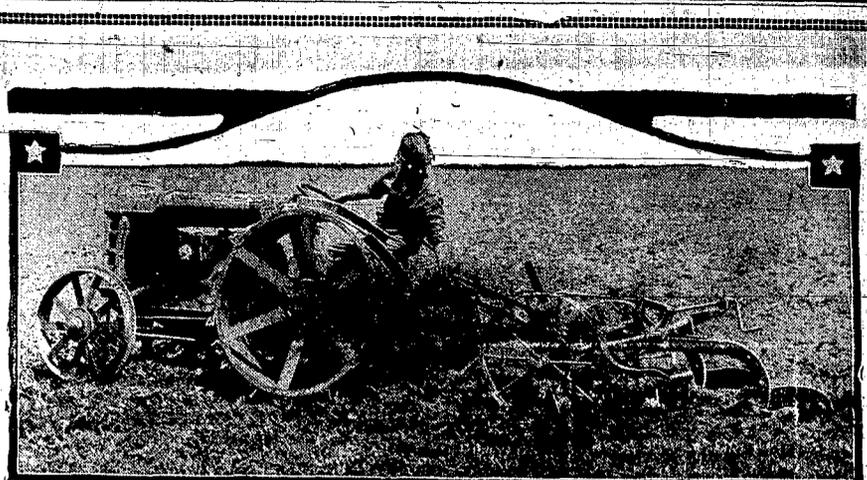

Mr. and Mrs. Geo. Roe, of Carroll, spent a day or two here with his brother, L. W. Roe while returning from a visit in southern California, where they spent the past two or three months. Mrs. Roe says that she likes the California country well—and really hated to leave.

Mrs. J. G. Bostrom and children came Tuesday from Wray, Colorado, to visit at the home of Mr. and Mrs. P. J. Barnes, her brother. Mrs. Bostrom is warm in her praise of the Colorado country south of Wray—but to the north says it is simply hills, cactus and sage.

Mrs. Gay Dawson and her mother, Mrs. Connors from Albion were here Monday on their way to Sholes to visit at the home of L. L. Follett, Mrs. F. being sister and daughter to the ladies. They report that they left Albion in the midst of a terrific electrical storm, the lightning striking and burning a barn.

Mr. and Mrs. M. C. Ewers from Redwood Falls, Minnesota, came the last of the week to visit at the home of their friend of other days, Henry Merriman and family. It had been almost a half century since they last met. Sunday Joe Agler and wife came over from Winside to join in the visit with their school-boy days. Mr. and Mrs. Ewers visited at Winside Monday and Tuesday.

C. C. Crossland, expense auditor for the Chicago headquarters of the Montgomery Ward & Company, stopped off here Saturday night for a Sunday and Monday visit with his parents, Mr. and Mrs. Geo. Crossland. He had been on a trip in connection with his work to audit books for the branch house at Kansas City, and came this way home. It was his first visit to home folks in about four years, which indicates that the firm need most of his time. As they keep increasing the salary he feels that it is for him to keep his nose down to business and continue to make good and then a bit better. He left for Chicago Tuesday morning.

Big Educational FORDSON Power Farming Demonstration and School

July 28, 29, 30, 1920

Agricultural College Farm

LINCOLN, NEBRASKA

Your Fordson will bring greater profits for you if you will equip it with all the specially built implements needed on your farm.

Attend this big Fordson demonstration and see all these machines in actual operation.

Tests will be conducted by the Department of Agricultural Engineers of Nebraska's School, showing cost of different farm operations and time required to do each.

Be one of the 50,000 farmers to attend this big educational demonstration and school.

Dr. T. B. Heckert left Sunday for Lexington, where he plans to spend a month at the hotel home of his brother, taking charge of that place while the brother and wife go for a needed vacation rest. The change of work will also be a sort of vacation to the doctor.

After many delays, caused by legal complications interposed by those who wanted to stop the wheels of progress in that berg, the work of paving started this week. They expect to put in more than three miles of paving yet before the cold weather stops the work.

Mr. and Mrs. Geo. Roe, of Carroll, spent a day or two here with his brother, L. W. Roe while returning from a visit in southern California, where they spent the past two or three months. Mrs. Roe says that she likes the California country well—and really hated to leave.

Mrs. J. G. Bostrom and children came Tuesday from Wray, Colorado, to visit at the home of Mr. and Mrs. P. J. Barnes, her brother. Mrs. Bostrom is warm in her praise of the Colorado country south of Wray—but to the north says it is simply hills, cactus and sage.

Mrs. Gay Dawson and her mother, Mrs. Connors from Albion were here Monday on their way to Sholes to visit at the home of L. L. Follett, Mrs. F. being sister and daughter to the ladies. They report that they left Albion in the midst of a terrific electrical storm, the lightning striking and burning a barn.

Mr. and Mrs. M. C. Ewers from Redwood Falls, Minnesota, came the last of the week to visit at the home of their friend of other days, Henry Merriman and family. It had been almost a half century since they last met. Sunday Joe Agler and wife came over from Winside to join in the visit with their school-boy days. Mr. and Mrs. Ewers visited at Winside Monday and Tuesday.

C. C. Crossland, expense auditor for the Chicago headquarters of the Montgomery Ward & Company, stopped off here Saturday night for a Sunday and Monday visit with his parents, Mr. and Mrs. Geo. Crossland. He had been on a trip in connection with his work to audit books for the branch house at Kansas City, and came this way home. It was his first visit to home folks in about four years, which indicates that the firm need most of his time. As they keep increasing the salary he feels that it is for him to keep his nose down to business and continue to make good and then a bit better. He left for Chicago Tuesday morning.

For a market for poultry, eggs and cream, remember Fortner.—adv

The town council of Schuyler estimates that maintenance and operation of its lighting plant will cost \$42,000 during the next fiscal year.

The question of patrol for some of the main highways is being answered in many instances by the appointment of a patrol, who is to travel the road, under his jurisdiction and keep in repair the little bad places and also see that big bad places are looked after by the proper authorities. We would suggest that the patrolman be given authority to throw a monkey wrench in the gear of the cars that speed. In other words that the patrol act as policeman and round up speeders.

Two farmers of the county, one a resident and a farmer in the county for forty-three years and the other for thirty-seven years a tiller of Wayne county farm land, in conversation last Saturday were heard to say that in all of the years they had been here, this had been the hardest season to put in and tend crops in their experience. They further agreed that from present appearances we never before stood any better chance of having a short crop than now. They are not knockers, else they would not have remained here all these years, but they were measuring the outlook as it honestly appeared to them. One of them lived in the halled, district, the other near Wayne. The writer in a 50-mile ride the first of the week, with this prediction in mind took special notice of crop conditions as they appeared from the road, and looking at one field of corn, it was easy to agree with the farmers—then the next field, perhaps, would incline one to the opinion that six or seven weeks would put it out of the danger of frost. The small grain was much the same. Some fields that promised well—others, and perhaps on adjoining farm, appeared almost a failure. It seems comparatively easy in riding thru the county to tell the rented farms. So many of them lack improvements which at all compare with those where the owner makes his home on the farm—and, too, in many cases, the kind of farming done, is evidence that a one-year renter is making the struggle without much hope of profit to the land. If Wayne county could be owned by those who occupy the land, and the farms range in size from 40 to 160 acres, within five years it might easily become the richest farming county in the state. The big farms poorly farmed are not profitable like the small ones carefully tilled, we believe.

It seems that the Germans are subdued—at least some of them are. The news report says that when a dispute waxed warm at the Spa conference the other day, and was likely to end in a personal encounter, the Germans beat a stratagetic retreat.

A hundred years ago yesterday is said to be the day that the first white man, Dr. Edwin James, climbed to the summit of Pike's Peak, which had been discovered about fourteen years before by Zebulon Pike, for whom it was named—the James thought the name should have been James Peak. Pike said it was inaccessible. At any rate yesterday was a day to be looking up.

Candidate Cox seems to have said that when he is president the secretary of agriculture will be named from among and one of the honest-to-goodness dirt farmers—and two days later the republican press comes to hand saying that Harding follows suit, and says, "me too" for a dirt farmer. Well, if they are already two days behind the democratic procession, how far to the rear will they be at election time?

platform as he reads it is favorable to the ratification of the league covenant. He realizes that he will need the support of both of these fellow candidates before the national convention to assure him the vote of California. Perhaps, California, being a large state might be divided in the middle so that Hoover in one end could give his support, and Johnson carry the other end on his theory of what is the correct rendering of the meaningless platform.

Now that the Republicans have nominated a machine candidate on a platform with most of whose planks Mr. Hoover must profoundly disagree, he is forbidden by predeclared allegiance to the Republican party from effectively protesting against the result. The incident is simply a final proof of the incompatibility of being Republican and progressive or liberal. The Republican party has deliberately renounced the tendency to progressivism with which it started on its career. It has left Republicans who prefer progressivism to Republicanism no alternative but to get out of the party. It has vindicated the action of those Republicans who renounced their allegiance on the day Taft was nominated and who have never seen any sufficient reason for renewing it.—The New Republic.

cessive packing profits have done no end of harm by inflaming the imaginations of the farmers in the live stock producing states."

Meantime the ill-gotten gains continue to pile higher and higher at the expense of both producer and consumer—and if one attempts to call a halt in the game, the convenient widow and orphan who have invested a few pennies in the stock are flashed on the screen for public sympathy, while being used as a shield to hide the profiteer who is robbing the people of millions for himself and worse than idle family. It is far cheaper to support a tramp vagabond than a millionaire idler.

D. S. Griesel, from Bolden, was called last Thursday, having just returned from New Rockford, North Dakota, where he had been with some home seekers from this part of Nebraska. They report a splendid country with fine crop prospects, and con-

sequently invested in some of the good soil. "When one can purchase land that will produce good small grain and alfalfa, as well as potatoes and a fair corn crop, near a market, and get it at less than \$100 per acre it is a safe investment, and many are taking advantage of the opportunity. A number of Wayne people are expecting to go and see this offering. Labor conditions are such that those who have been running big farms of from one section to three or four are obliged to give place to the men of smaller means who can handle a quarter or a half section, and get away from the extensive hiring of help. This is making a grand opportunity for the men who have been renting and have a few thousand that they can put into a home of their own to escape the high rents that are now being asked in this good country. A man who can do so had better buy a home in this rich section of the north, when what he would pay in rent here

would pay for the land in five years—for then he will not have to move or keep digging down for more and more rent as the landless men are now having to do.

Why pay \$4.50 per sack for other flour when you can buy Wayne Superlative for \$3.50 and Wayne Snowflake for \$2.50 per sack only at the Wayne Roller Mill. W. R. Weber, Proprietor.

FOR SALE
 One Majestic range, and one four burner Quick Meal oil stove. See them at apartments over Hiseox hardware; also a Wisconsin Peerless refrigerator, all in good shape. Mrs. F. Gaertner.

Well, if Senator LaFollette becomes the third party nominee, as is now talked, and then bolts the republican party it will be his first bolt in his years of bluffing—and we do not believe he will really bolt that old party, even if he gets the nomination of the "New Party." A party should have a new candidate, and not try to give publicity to a worn-out politician who has been trying half his life to break in where he could warm the presidential chair.

Senator Cummings, of Iowa, who has been as staunch a servant of monopoly at the expense of the people perhaps, as most of the members of that great deliberative body, has possibly spoken one truth when he affirmed that the inability of the railroads to properly function is costing the people of this country as much daily as was the war expenses any day of the late war. Yet it seems to us that this same senator drafted a law for this great question, which was passed in a somewhat amended form. Perhaps the amendments killed the beneficial things this law was supposed to contain.

A contributor to the State Journal Public Mind column takes the ground that capitalism is necessary and should not be destroyed. But that its power to do harm is in the fact that so many unthinking, unambitious laborers who depend upon capitalism yet would destroy it, become their tools when it becomes a monopolistic, profiteering and an oligarchical power. The promotion of individualism among the people who labor, he contends, would destroy the power of capital to do serious harm. Now we know who is to blame for things being as they are—it is the fellow who is lazy and does not want to do more than work a day for a day wage and kick because the work is not easier and the pay greater.

With Johnson, of California, asking that Candidate Harding announce himself as a foe to the league of nations as the price of the Johnson support; and Hoover of that state who won the southern part of the state in the primary against Johnson will also support the republican nominee. He would pay for the land in five years—

A senate committee appointed to investigate the print paper situation, finds after exhaustive research, that the paper makers are profiteering. That's nothing, we knew that all the time. President Wilson would make a ten-strike with the newspaper men if he could call congress back in session to pass the recommendations of this committee. Or will we have to wait until Senator Harding or Governor Cox, both newspaper men, is elected president for relief.

So says an exchange. But congress as it is now made up, is not doing any thing to stop profiteering, and probably would not, if called in special session for that purpose. In fact, the hope of the people for relief must be found in turning the rascals out and putting in a congress that will know that it was made by the people and not the corporations—and that it must do for the people or step down and out.

No less conservative authority than the New York Times gives utterance to the puzzling question as to what is to be the fate of the people, both producers and consumers and the profits of the packing plutocrats, in the following bit of statistical matter, which we take from an exchange:

"Armour Packing company is now going thru its second financial organization in four years. In 1916 the stock was increased from twenty millions to one hundred millions, while eighty millions of another class of stock was given to members of the family as a special stock dividend amounting to 400 per cent. Now a large increase is authorized, of which \$252,350,000 will be outstanding. This change, the Times adds, will amount to the equivalent of a dividend of 100 per cent on the common stock, most of it going to the members of the family. "One who is not expert in such matters will hesitate to comment on these figures. It is patent, however, that the publication of such financial news in so respectable a paper as the New York Times will be widely used by the stock salesmen representing independent packing houses if they are again turned loose in the midwest territory. The stories of ex-

Men! Save Money on Your Summer and Fall Clothing

Our big sale that started last Friday will continue for another week. Don't say you haven't had a chance to fill your wardrobe at a right price. This merchandise is all regular stock and we stand behind every purchase just the same as if you paid regular prices for the merchandise. B. P. S.—Best Paint Sold

We still are selling this to farmers and others who realize the economy of keeping their buildings well painted with the paint that protects thru a long series of years and against all weather conditions.

Do you know that lumber and labor and other building materials are now so high priced, so hard to get, such need of conserving and preserving buildings and building material, that it is almost a crime not to preserve with good paint the buildings we have.

Dr. T. T. Jones went to Sioux City on business Thursday.

Wm. Jacobson was a passenger to Sioux City this morning.

Mrs. J. H. Massie and son John were passengers to Norfolk Wednesday.

Mr. and Mrs. G. W. Albert left Wednesday morning to spend the day visiting at Sioux City.

Rev. F. G. Schallar left this morning for a vacation trip to Mankato, Minnesota, where his brother lives.

Mrs. S. E. Auken went to Sioux City this morning to spend the day visiting.

Miss Martha Kaiser of Omaha who was a Wayne visitor Tuesday, went to Hartington Wednesday.

Judge A. A. Welch is riding in a new Franklin car, purchased from B. W. Wright a few days ago.

Miss Elizabeth Gildersleeve went to O'Neill Wednesday morning to visit her sister, Mrs. H. E. Radiker, for a short time.

Mrs. J. S. Horney and daughter Josephine left this morning for a two weeks visit with relatives at Holdrege.

Mrs. Margaret Adams, James Dodge and B. Currey, from Sioux City, were Sunday guests at the C. A. Chace home, in this city.

Mrs. W. R. Hickman and sister Miss Mate Relyea, went to Sioux City, Wednesday, they will visit for a few days with their sister.

Mr. and Mrs. R. A. Dunn leave today to visit Saturday and Sunday at their former home at Villisca, Iowa, after spending Friday at Omaha.

Mrs. Geo. Church from Norfolk was here Tuesday visiting her parents, Mr. and Mrs. P. C. Crockett, returning home Wednesday morning.

L. D. Smith from Sioux City is now baker at the Wayne bakery, and he is said to be an expert and experienced baker. French pastry specialties he has been putting out appear to please the taste of all.

Guy C. Lewis went to Sioux City this morning for an outing with the Nebraska, Iowa, Minnesota and South Dakota newspaper men the rest of the week. He recently sold his paper and job printing business in South Dakota.

Willis Noakes went to Omaha Tuesday evening with two cars of cattle of his feeding on the Strahan ranch, in the running of which he is a partner. This is their second shipment within a short time.

Tuesday afternoon Sioux City and vicinity was under the big black clouds seen from here as they moved east, when the bottom dropped out, spilling a lot of rainwater, and also a bit of hail in the vicinity of Dakota City.

G. A. Wade and family leave today for Sioux City, where they will visit relatives and meet some of the newspaper men now assembled there. Before returning they will go to Pierson, Iowa, to visit his sister, Mrs. Kate Hyde.

Claude Mitchell went to Omaha this morning hoping to find Mrs. Mitchell, who has been at the Clarkson hospital for the past four months able to come home with him this week. Their many Wayne friends hope with him that she is able to come.

The Ford factory is not yet busted, and it is possible that they are beginning to be able to make deliveries more promptly. At any rate, we noticed an assorted load of their different styles being unpacked here this week for the Wayne Motor Co.

Dr. and Mrs. S. A. Lutgen returned Wednesday from a visit at Gem, Kansas, where they have both relatives and land interests. They say that part of the "Sunflower" state is one vast wheat field—and that a great crop is practically assured—in fact much of the harvest is already finished there.

Mr. and Mrs. Oscar Anderson, from Des Moines, where he is engaged as one of the proprietors of a meat market, have been visiting his folks at Randolph for a week or more, and came and visited Wayne friends the first of the week, guests at the J. H. Rimel home. They return home today, accompanied by his sister, Miss Anderson, of Randolph.

Why pay \$4.50 per sack for other flour when you can buy Wayne Superlative for \$3.50 and Wayne Snowflake for \$2.50 per sack only at the Wayne Roller Mill. W. R. Weber, Proprietor.

The Omaha gas plant, property of United Gas has been taken over by the city of Omaha, \$4,500,000 in bonds having been voted to pay for the same. Gas rates are to be raised from \$1.15 to \$1.25 per 1,000 cubic feet. The city council of Plattsmouth has authorized the Nebraska Gas and Electric company to increase its gas rates from \$1.75 to \$2.10 per cubic feet.

Big Clearance Sale

Lasts Until Tuesday, July 20

High Class Merchandise reduced to a price to move it fast. Here are some of the many items now on sale:

Orr & Orr Co.

"Quality Store"

Ornamental lamp posts, each carrying five electric lights are being erected along the business streets of Pierce.

Elwood is about to abandon its municipal plant and purchase light and power from the United Electric company. Current has been costing 20 cents. The United company offers to supply it at 15 cents a kilowatt.

Hyannis is preparing to vote on a \$9,500 bond issue to raise money for the installation of a power and lighting plant.

The state board has granted the Continental Gas and Electric light company authority to sell \$500,000 of bonds. The company operates light plants in a number of Nebraska and Iowa towns.

July 1 the David City municipal owned electric light and power plant increased its rates 30 per cent.

WOMAN OR GIRL WANTED
I have need of good woman or girl for housework. Mrs. J. F. Jeffries.—ad

Our Meats

Fresh or Cured

Make the Best of Eats

By the way, if you will try some of our butter substitutes—those nut butters—you will learn that you may bid the cow goodbye and also reduce the high cost of a good spread for your bread.

GRANDMOTHER DENESIA

(Cuming County Democrat)
 Mrs. Denesia passed from this life at St. Joseph's Home for the Aged on Tuesday morning, July 6th, at 3:30 o'clock, surrounded by her devoted husband, her daughter, Mrs. Malloy, of Wayne, and her son, Charles Denesia, of Carroll. Because of her advanced age and a gradual decline in strength of late, the close of life was not wholly unexpected.
 Mary, wife of Noah Denesia, was the second child of Claude and Catherine (Bain) Guion. She was born in Lorraine, France, on December 2nd, 1824, and at the time of her decease was aged 85 years 7 months and 4 days. When she was six years of age she came with her parents to America, the family locating at Croghan, New York. There she received her education and there grew to beautiful womanhood. On December 28th, 1857, she married Noah Denesia, whose forefathers had come from France and settled near Montreal in Canada, his family later settling at Croghan, New York, about two years before the Guion family arrived. Their union was blessed with two sons and five daughters. For nearly twenty-four years they lived at Croghan. In the fall of 1881 they moved to Nebraska, coming to Saunders county on October 1st. In 1884 Mr. Denesia bought a farm in Cuming county thirteen miles north of West Point, to which place the family moved in the spring of 1885. In 1905 they retired from the farm to this city. Two years ago last fall they took up their abode at St. Joseph's Home.
 Funeral services were held at St. Mary's church on Thursday morning at 10:00 o'clock by the Rev. Father Peltz, and the body laid to rest in St. Michael's cemetery. She is survived by her aged husband, two sons, Frank on the home farm in Cleveland township; and Charles, of Carroll; four daughters, Elizabeth, wife of Frank Campney, of Croghan, New York; Louisa, widow of the late Joseph Malloy; Sarah, wife of W. W. Stone, of Ellis, South Dakota; and Addie, wife of Pat Donnelly, of Rimby, Alberta, Canada; twenty-six grand children; other relatives and many friends. A daughter, Mrs. Josephine Swanson, died twenty-three years ago west of Schuyler in Colfax county. Mr. and Mrs. Denesia were the only survivors of their respective families.
 Mrs. Denesia possessed and practiced the highest ideals in life. Her family, her home, her church, her deep interest in the welfare of others occupied her truest devotion. It can truly be said of her that she left the world better for having lived in it.
 To the bereaved relatives we extend sincere sympathies.

State of Nebraska, Wayne County, Neb., ss.
 I, W. O. Hanssen, County Treasurer of Wayne County, being first duly sworn, do say that the foregoing is a true and just statement of all monies on hand, collected, and disbursed by me from January 1, 1920, to July 1, 1920.

W. O. HANSSEN, County Treasurer.
 Subscribed and sworn to in my presence this 13th day of July, 1920.
 CHAS. W. REYNOLDS, County Clerk.
 Attest: P. M. Corbit, Henry R ethwisch, Otto Miller, County Commissioners of Wayne County.

NOTICE!

Do you use Medicine or Drugs? No.
 Do you practice Obstetrics? No.
 Do you use Stretching Machines? No.
 Do you practice Surgery? No.
 Do you Rub, Slap or Massage? No.
 Do you Hypnotize? No.
 Do you Mesmerize your subjects? No.
 Do you practice Osteopathy? No.
 Does the Subject need to have faith? No.
 Do you break people's backs? No, if I did they would hang me.
 What do you do then? We adjust the cause of disease.
 Can there be any EFFECT if there is no CAUSE? Surely not.

What is CHIROPRACTIC? It is the Science of Common Sense applied to the Human Machine.

Those who scoff at or speak lightly about new ideas which they have not investigated, brand themselves as Bigoted; while those who have no opinion on a subject which is demanding general attention, must pass as ignorant.

DON'T BE EITHER.

"Investigate"

Things move along so rapidly nowadays that people who say "it can't be done" are always being interrupted by somebody doing it.

There May Be Delay in Moving Your Telephone

If you order your telephone moved next week you may be told to expect a delay in getting it done.

Nearly half a million other telephone users in the United States will move their telephones this month, too. And for all of them many carloads of wire and other materials will be needed.

A general shortage of materials, as well as a lack of sufficient transportation facilities, is holding back factory output and the telephone companies can't get enough supplies.

In this emergency it will be greatly appreciated if you will order the least possible changes in your telephone equipment. And when you need to have something done please let us know as far in advance as possible.

NEBRASKA TELEPHONE COMPANY

A Greater Service

This bank strives to render a greater service than simply to receive deposits, safeguard them, and pay out money.

We want you to feel that we have your personal interest in mind and firmly believe that if given the opportunity we can serve you in many ways.

The financial advice and suggestion of our officers are continually at your command.

A closer acquaintance with each one in this community is our desire.

We Are Here to Serve You

How many miles did you march the summer Cleveland was nominated

REMEMBER the time the first automobile parade was organized? Even the good old torchlight procession had to give way before the advance of progress.

He needs it more than anyone else. It's part of our job, as we view it, to see that he gets it.

Our tire service starts with good tires—U. S. Tires. All sizes made to a single standard of quality—none graded down to the price of the car they will go on.

U. S. perfected the first straight side automobile tire—the first pneumatic truck tire.

The U. S. guarantee is for the life of the tire, and not for a limited mileage.

When we recommend and sell U. S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the people who pay the bills.

The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car.

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

Banking facilities

1600% Increase in Twenty Years

The business of Sioux City and the business of this territory have developed, are developing, enormously—live stock, grain, other farm products, manufacturing, jobbing, all business.

Sioux City's banking facilities have expanded to meet the needs of business. In the past 20 years bank deposits have grown from \$3,000,000 to \$48,000,000—a gain of 1600 per cent. Bank clearings have jumped from \$60,000,000 to \$540,000,000.

Silent Servants of Business

Silently, probably without your fully realizing it, Sioux City's banks have been serving your business—helping you to build greater and greater with the passing years. They are powerful agents in the upbuilding of Sioux City's facilities.

Know Sioux City Better!

THE TEACHER'S VACATION

(From the Goldenrod) Many young teachers whose training has not yet been completed find themselves under the necessity of spending at least two months of their summer vacation at a normal school. This, after eight or nine months of hard work in the school room, is a severe strain on mind and body but may be the one opportunity possible for improvement along professional lines and cannot always be avoided. But between the close of summer school in July and the opening of the public schools in September lies a whole month of possibilities for recreation. It is the duty of every teacher who expects to stand before a class of children in the fall, to avail herself of this time in which to forget books for a few weeks and to gain health and happy experience with which to fortify herself for her work. It is not a real cure for physical or mental weariness to take a vacation in the crowded city. It may mean a change, new amusement, an opportunity to buy some new clothes but a vacation spent in the city is a poor sort of reaction from school work. Neither is it much of a boon to soul, body or pocket book to spend ten days at a fashionable summer resort and call this a vacation. It used to be the fashion in days before the war for teachers to run off to Europe and pour their hard earned American dollars into German, Swiss or Italian pockets but during the war when such voyages became impossible attention was turned to America's vacation land—the West! Since then it has been learned that our country has mountain scenery which rivals that of the Alps, the highest waterfalls, the deepest canyons, the largest trees in all the world and our national parks and our own Rocky Mountain region have come into their own. There is no better place in which to rest and gain health as well as knowledge and experience than is held out to you by the snow capped peaks of Yellowstone and Glacier Parks, by the redwood forests of the Sequoia. And there let a word be spoken in favor of the little-known, newer parks: Glacier Park is as wonderful as Yellowstone; the proposed Roosevelt Park and the Mesa Verde equal any of the older parks in interest and have the advantage of being less crowded with tourists during the summer season. Besides the national parks, our country offers unnumbered vacation spots in its forest reserves, in its open mountain regions, along its trout streams and quiet lakes. Cabins can be rented in all of these places for a small sum and the joys of life in the open may be enjoyed to the full. All of our western towns and cities have such vacation spots which are easily reached by auto. Let your vacation this year be one you will never forget. Let it take you far from schools and books and crowds, for Nature has a wonderful book, the pages of which are open before your eyes if you care to read. Forest, prairie and lake are filled with God's living creatures whose ways are full of interest. Such a rest will make you fit for your year's work and the knowledge you will gain at play will be yours for the keeping. OUR CAMPUS Have you ever visited a town which aroused your admiration by its location, its beautiful buildings, its historic interest and the character of its citizens? And then, when you were prepared to praise the place did you stroll down one of its streets to find your way strewn with dirty newspapers and various bits of refuse? Or did you visit the park or one of the parks and see the green turf covered with crumpled paper sacks, banana peelings and peanut shells? If you have had such an experience, you can appreciate the feeling of a visitor to the Wayne Normal. Since the coming of the summer sunshine and an abundance of rainfall, Nature has done her best to beautify our campus. A deep growth of grass, flocked here and there with the sunlight through leafy trees, makes the college grounds a pleasant place to study. From a distance of several blocks the Normal campus can be seen with its inviting shade. But a closer examination will turn the visitor away in disgust for we find the place literally covered with soiled paper, orange peelings and refuse from lunches. Can it be possible that there are students here who have so little school spirit, so little respect for the rights of others, such a perverted sense of the beautiful, that they make this lovely spot a disgrace to the institution. If you have any pride in our Normal, if you want others to judge your home training favorably by your actions, keep this stuff off of the campus. We suggest that the situation might be met by the placing of baskets for receiving scraps so that careless persons will not be tempted to deface the college grounds. TWO CARS FOR SALE Used Fords, in good condition, and priced reasonable. Ask Henry Trapp, Phone 399.—adv. tt.

WITH THE WAYNE CHURCHES

English Lutheran Church (Rev. J. H. Fetterolf, Pastor) Sunday School meets promptly at 10:00 a. m. Let's put the emphasis on the word "promptly". There is where it belongs. The inclination ever is toward tardiness. The hour for morning worship is 11:00 o'clock. The theme of the morning sermon is "A Comforting Beatitude". We are always glad to welcome the stranger to our services. There are three barrels of empty fruit jars at the parsonage sent here by Tabitha Orphans Home. It is hoped that every family will take some home and fill them for the orphanage. The canvass for funds to pay the first installment on the paving is about completed. The call was for \$700.00 but the members responded so cheerfully that the total raised has reached the thousand mark. The Presbyterian Church (John W. Beard, Minister) Services July 18th. Morning service at 10:30. Theme of the morning sermon "The Equalized World". Evening service at 7:00 o'clock. Theme of the evening sermon "The Secret of Continued Power". We will hold the evening service out on the lawn. These services out in Gods open have been very pleasant indeed! You will enjoy them. Sunday school at 11:30. Classes for all. The Men's Bible Class discuss present day problems, in the light of Bible truth. Friday evening at three o'clock the entire Sunday School go out to Ben McEachens for a picnic. A good time is promised! First Baptist Church (Robert H. Pratt, S. T. M. Minister) The Pastor will preach at the morning service at 10:30 on the theme. "A Divine Partnership". Sunday School at 11:30. The Young People's Meeting at 7:00 p. m. will be led by Miss Gladys Trober. The topic is "Why People are Unhappy: The Cure". Evening preaching service at 8:00 p. m. The midweek prayer meeting service is at 8:00 p. m., on Wednesday. You are cordially invited. Methodist Episcopal Church (Rev. William Kilburn, Pastor) Sunday School 10:00 a. m. Preaching service 11:00 a. m. Epworth League 7:00 p. m. Preaching service 8:00 p. m. Sacrament of the Lord's Supper will be administered at the morning service. The Evangelical Lutheran (H. A. Teckhaus, Pastor) July the 18th. Sunday school 10:00 a. m. Preaching service (English) 11:00 a. m. You are heartily invited. The Friwohe Camp Fire Girls met with their guardian, Florence Gardner, last evening. The earlier part of the evening was spent in practice of their play "The Returning of Rosalie" which will be given soon. The remainder of the evening was spent in a social time which later developed into a slumber party. This morning they walked into the country and cooked their breakfast. Speaker at a dinner, "Yes, the gas company has done a great deal for this country. So has the electric light company. In the words of the poet, I might say, "Honor the light brigade." Voice in rear—"Oh, what a charge they made." The Friwohe Camp Fire Girls will give their play "Returning of Rosalie" in the Opera House Tuesday evening, July 27th. This is a three act typical Camp Fire play. Come and find out the true spirit of the Camp Fire organization. Good costumes, music, lots of fun and a play which will please all. On Oiling Gift Horses. "Sometimes it may prove advantageous to look a gift horse in the mouth," remarked an Australian contemporary recently. It was referring to the proposed gift of six airships to Australia and really meant "always look a gift horse in its air-valve." These six airships are said to have been on patrol duty in the North sea; and Britain, according to a cable message to the commonwealth, has offered them with hangar and equipment to the overseas dominion. Australia's minister for defense, Senator Pearce, has placed the problem before the local air board for decision. As a commercial proposition some enterprising Australian company may welcome the gift, but as a defensive equipment they are not regarded with over-much favor. Miss Hattie Morton, of Norfolk, one of the Nebraska Democrat staff returned Sunday after a week's illness with inflammatory rheumatism. Chatauqua Wayne—July 30—Aug. 5.

ORDINANCE NO. 283

An Ordinance prohibiting the moving of houses, barns and other buildings over, upon or across any street in the City of Wayne, Nebraska, without first obtaining a permit therefor from said City; prescribing the procedure for obtaining such permit; regulating the moving of buildings after permit is granted, providing for the protection of streets and improvements thereon, electric light wires and poles, and other property of said City, telephone wires and poles, and other property of individuals, companies and corporations; making the owner and mover of any building liable for any injury or damage caused by the moving of the same; providing a penalty for the violation of any of the provisions of this ordinance and repealing Ordinance No. 152 of said City, and all other ordinances or parts of ordinances in conflict herewith. BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF WAYNE, NEBRASKA: Section 1. It shall be and hereby is made unlawful for any person or persons, company or corporation to move or cause to be moved, or attempt to move, or aid or assist in moving any house, barn or other building over, upon or across any street within the City of Wayne, Nebraska, without first applying for and procuring a permit therefor from said City in manner and form hereinafter specified. Section 2. Any person or persons, company or corporation owning any house, barn, or other building desired to be moved upon, over, or across any street in said City shall before moving or attempting to move the same, file a written application for a permit in the office of the City Clerk setting forth the size, character, ownership and location of such building, the amount of unpaid taxes, if any against the real estate upon which said building is located, the description of the real estate to which it is desired to move such building, and a description of the streets, and parts thereof, over which it is desired to move the same, together with an agreement signed by the owner and mover of such building agreeing to move the same, if a permit shall be granted, over the route and within the time specified by said City, and to comply with the provisions of this ordinance and all other ordinances of said City relating to the moving of buildings, and to pay all expense and damages which said City or any other person or company may sustain by the reason of the moving of said building and to hold said City free and harmless from any and all actions for damages or injuries claimed by any person or persons, company or corporation by reason of the moving of said building, whereupon the Mayor and Council of said City may, if they deem such advisable, grant a permit for the moving of said building upon said owner and mover complying with such terms and conditions as may be required by said Mayor and Council, and upon the execution and filing in the office of the City Clerk of a bond in such amount as may be required by said Mayor and Council, but not less than \$500.00, for the faithful performance of said agreement, signed by said owner and mover as principals and one or more responsible resident freeholders of said City as sureties, or by a responsible surety company as surety, which bond shall be approved by the Mayor of said City, whereupon a permit shall be issued by the Clerk of said City to the owner and mover for the moving of said building. Section 3. Upon the issuance of such permit, said owner or mover, at least 24 hours before commencing to move said building, shall notify the electrician or superintendent of the light plant of said City, the manager of the telephone company and any other person, company or corporation having wires or appliances in the street which may obstruct the moving of said building, of the time when said building will be moved, and the streets over which the same will be moved, and such electrician or superintendent shall so arrange the light wires as to permit the passage and moving of said building, and said manager of the telephone company, or other person, company or corporation having said wires or appliances shall so arrange the same so as to permit the passage and moving of such building, all of which shall be performed at the expense of the owner and mover of such building. When such work is completed said electrician or superintendent shall make a statement of expense for time of city employees and for material destroyed or furnished and other expense necessarily incurred by said City and file the same with the City Clerk and said owner and mover shall within five days pay to said City Clerk the amount of said statement. In making up such statement the time of city employees shall be computed on a basis of the wages received by such employees. For any work done by any employee outside of his regular hours of employment he shall be allowed and shall receive pay at the rate of time and one-half and the full amount thereof shall be paid to said employee by said City. At the time of notifying said telephone company or other company, corporation or person having wires in the streets, said owner and mover shall make satisfactory arrangements with such company, corporation or persons for the payment of the reasonable cost and expense of the work required to be done. Section 4. In moving any building and in the work connected therewith and incident thereto, the owner and mover shall at all times use the highest degree of care and caution so as to prevent accidents and injury and damage to the streets, the improvements thereon, the electric light wires and poles and other property of said City and to prevent injury and damage to all persons and to the property of all persons or corporations and such owner or mover or other person shall not move any building over, upon or across any paved street or crossing without first laying planks upon such street or crossing of sufficient width and thickness to fully protect such pavement and crossings from injury or damage. The wheels of the vehicle or contrivance used in moving any building shall have no lugs, spades, spikes or sharp rims or other projections or contrivances liable to injure said pavement or crossings or other improvements on the streets of said City. No excavations

or opening shall be made or stake driven in any paved street and such pavement or crossings shall not be otherwise mutilated or damaged. Said owner and mover shall, when said building is on any street or part thereof, display proper and appropriate danger signals at and about said building and on the street where said buildings are being moved, and during twilight shall display red lights on and about said building and upon said street so as to avoid any possibility of accident or injury to persons using said street or to the general public. Section 5. Said owner and mover shall be jointly and severally liable to said City for all damage or injury to the streets and the pavement, gutters, curbing, crossings and other improvements thereon, electric light wires, poles and other property of said City caused or contributed to by the moving of said building and shall be jointly and severally liable for all personal injuries and damages to the property of any person, company or corporation arising by reason of the moving of said building or work incident thereto and shall hold said City free from loss and harmless from any and all alleged claims or actions for damages arising by reason of the moving of said building or work incident thereto or connected therewith. Section 6. Every building shall be moved within the time limit fixed by the permit and the owner and mover of such building shall be liable to and shall pay to said City the sum of \$10.00 per day for each day said building is upon any street, or any part thereof, after the expiration of the time fixed for the moving of said building. Section 7. Said City or any person, company or corporation sustaining injury or damage by reason of the violation of any of the provisions of this ordinance by such owner, mover or other person, may bring an action for the recovery of damages in any court of competent jurisdiction. Section 8. The application for a permit, the agreement, bond and permit provided for herein, shall be upon blanks which will be furnished by said City. Section 9. Any person or persons, company or corporation violating any of the provisions of this ordinance and upon conviction thereof shall be fined in any sum not less than \$25.00 or more than \$100.00 and shall stand committed to jail until such fine and costs of prosecution are paid. Section 10. Ordinance No. 152 of said City and all other ordinances, or parts of ordinances, conflicting herewith are hereby repealed. Section 11. This Ordinance shall take effect and shall be in full force from and after its passage, approval and publication as by law required. Passed, approved and publication ordered this 13th day of July, A. D. 1920. ATTEST: G. W. LAMBERSON, J. H. KEMP, City Clerk, Mayor. ORDINANCE NO. 279 An Ordinance providing for and making the annual tax levy for the City of Wayne, Nebraska, for the fiscal year commencing May 4th, 1920. BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF WAYNE, NEBRASKA: Section 1. The following taxes for the following purposes are hereby levied upon all taxable property within the City of Wayne, Nebraska, to-wit: a. 25 mills on the dollar for General revenue purposes. b. 30 mills on the dollar for the purpose of maintaining, operating and extending the City Electric Light Plant. c. 2 mills on the dollar for maintaining and repairing sewers. d. 2 mills on the dollar for maintaining City Parks. e. 1 mill on the dollar for purchasing equipment for Fire Department. f. 2 mills on the dollar for maintaining City Library. g. 2 mills on the dollar for improving and repairing roads leading to said City. h. 1 mill on the dollar for establishing and maintaining a musical and amusement organization in said City. i. 3 mills on the dollar for payment of interest on Street Improvement Bonds and creating a sinking fund for their payment. j. 1 mill on the dollar for payment of interest on Water Bonds and creating a sinking fund for their payment. k. 1 mill on the dollar for payment of interest on Water Extension Bonds and creating a sinking fund for their payment. Section 2. This Ordinance shall take effect and shall be in force from and after its passage, approval, and publication as by law required. Passed and Approved this 13th day of July A. D. 1920. ATTEST: G. W. LAMBERSON, J. H. KEMP, City Clerk, Mayor. NOTICE OF HEARING To the heirs, creditors and all persons interested in the Estate of Matilda Stringer, Deceased. You and each of you are hereby notified that on the 2nd day of July, 1920, E. O. Gardner, W. A. Hunter and Clarence Liveringhouse filed their petition in the County Court of Wayne County, Nebraska, alleging that Matilda Stringer departed this life intestate at her residence in Wayne County, Nebraska, on or about May 16, 1902, that at that time of her death she was a resident of the City of Wayne, in said County and State, that she died seized in fee simple of the South Half of Lot 4, in Block 8, in Britton & Bressler's Addition, and of Lots 10 and 11 in Block 27 of Original Town, all in the City of Wayne, in Wayne County, Nebraska, that she left surviving her as her sole and only heirs at law Mark Stringer, her husband, Richard O. Stringer, her son, Mark S. Stringer, her son, George H. Stringer, her son, Caroline E. Stringer, her daughter, and Alice M. Stringer, her daughter. Said petition further alleges that E. O. Gardner is now the owner in fee simple of said South Half of Lot 4 in Block 8, in Britton & Bressler's Addition to the City of Wayne, Nebraska, that said W. A. Hunter is the owner in fee simple of said Lot 11, in Block 27, and that said Clarence Liveringhouse is the owner in fee simple of said Lot 10, in Block 27, in Original Town, all in the City of Wayne, in Wayne County, Nebraska, and that each of said petitioners

Notice of Office Hours Drs. Lewis & Lewis CHIROPRACTORS Mornings 8 o'clock to 12 Afternoons 1 o'clock to 6 Sundays, holidays and other hours by appointment F. L. BOLLEN Attorney at Law Practice in all courts. Office in Mellor Block Wayne, Nebraska Dr. T. B. Heckert Dentist Opposite Postoffice W. H. Phillips, M. D. Physician and Surgeon Wayne, Nebr. Res. Phone 120 Office phone 70 is in the possession of the real estate so owned by him; that all debts, claims and demands against the estate of said Matilda Stringer, Deceased, including the expenses of her last sickness and her funeral charges, have been paid in full; that no application has ever been made in the State of Nebraska for the appointment of an administrator for the Estate of said Decedent and that her Estate has never been probated. Said petitioners pray for the finding and decree determining the time of death of said Matilda Stringer, Deceased, that she died intestate, and pray for a determination of her heirs, the degree of kinship, and the right of descent of said real estate, and for an order barring claims of creditors against said estate, and pray such other relief as may be proper. Said petition will be heard before me at the County Court Room in City of City of Wayne, Wayne County, Nebraska, on the 5th day of August, 1920, at 10 o'clock A. M. of said day at which time the heirs, creditors and all other persons interested in said estate may appear and show cause why a decree should not be made and entered herein as prayed in said petition. Witness my hand and official seal at Wayne, Nebraska, this 2nd day of July, 1920. (Seal) J. M. CHERRY, County Judge. ICE HOUSE BURNS At Omaha the ice house in which was stored the ice for the "Omaha" line of the Northwestern burned Sunday. The ice did not ignite, and they hope to so cover it as to save quite a part of it from melting. MUST BE HIGH WATER In their "Along the Avenue" column the writer intimates that the North Fork must be high, for he says, "if you can't swim, stay close to the shore." OLD MAGAZINES AND PAPERS Now have a little value, enough to pay me for taking your old ones out of your way, though I cannot promise any pay. If you have some you wish to get out of the way, do not burn them, but see me or call phone Red 334 and I will save them from being wasted and you the trouble of destroying.—Sam Davies, the Newsdealer. tf-ad Subscriptions Taken—Sam Davies is the traveling subscription agency of Wayne, and stands ready to take your order and your money for any publication you or your wife may want.
