MANY BARN FIRES ARE INCINDIARY

That is Opinion of Deputy State Fire Warden Budtcher, Who Spent A Day Visiting Scenes

Within the past year of fifteen months no less than eighteen barns have burned in this vicinity, mostly in Wayne county and mostly in the district north and west of Wayne. The conviction has been growing with each addition loss, that these fires were not all due to carelessness or any natural causes.

At the request of those who lost barns, the insurance men and others, the state department sent a man here to investigate. The deputy rode all day Tuesday with Martin Ringer, and they visited half of the 18 farms where losses had occurred; and every circumstance obtainable indicated that six of the nine at least could not be accounted for except as the work of some incendiary person.

They visited the Geo. Meyer, Roy Johnson and Joe Carlson farms north of Wayne, the R. H. Cross farm south of Laurel, John Roseaker place near Carroll, Lee Fitzsimmons west of Carroll; also the Spence Jones place in that neighborhood. The H. H. Giesemann farm south of Randolph, occupied by Mr. Grumke, and the O. B. Pickering farm southwest of Randolph.

At six of these places no other possible cause for the fire could be found, and it was decided to send a detective or spy into this territory to see what may be learned of the fires that have been and of others which might take place. It must be some one with an unbalanced mind, for it could not be for revenge or spite work—for too many people are suffering, and men, too, who have nothing in common which would cause them to be marked for a sacrifice.

It is to be hoped that the guilty may be found and punished. It is dangerous to have such characters about.

THINK THEY WANT A RAILROAD

A large number of farmers and land owners in the territory northwest of Bloomfield met Sunday at the John Lauman farm to organize to get a railroad built into the territory. The Lauman farm is said to be in the midst of a rich section of the county northwest of Bloomfield and about 15 miles from Bloomfield, Crofton and Niobrara. They want a road, and hope that the "Omaha" branch which goes to Bloomfield will extend into this territory, or that the Burlington will make a line into that section, or possibly the Great Northern will come over the Yankton bridge and build that way. It is not probable that they will get them all—but they want one of them.

A rich gravel deposit could be reached by a line into this section, and the graveling of highways should make that profitable.

GENERAL MILES DEAD

General Nelson A. Miles, the great Indian fighter, who was a factor in the development of the west, died suddenly at Washington Friday, at the age of 86 years. He attained the rank of Lt. General in the U. S. Army, and has been on the retired list for a number of years. While a great general and a successful Indian fighter, he took more pride and satisfaction in what he did to bring to the people of this country and the west in particular, the possibilities of irrigation.

General Miles was a young officer during the Civil War, and was one of the few officers who attained the highest rank in our army without the training of our military school at West Point. President Cleveland raised his rank to that of commanding general as a recognition of his services. He began his Indian warfare in 1870. His life history is of much interest and reads like romance.

ANNOUNCING TRUCK FLEET

As may be seen in adv. G. E. Redding of this city and G. A. Patrick and D. S. Pearce from Genoa have formed a partnership for a general trucking business, and have a fleet of three big trucks, the largest and best in Northeast Nebraska, making it possible to take a car load of hogs from farm to city market with the minimum shriek and delay. They solicit your patronage, and are equipped to care for it properly. Give them a call—Phone 327—adv.

THE STORM AT WAYNE

Tuesday evening a local shower came this way, breaking over the city at about 9 o'clock. The clouds looked black and threatening, but it was not as bad as it looked. No wind accompanied, and that was good. The rainfall was a scant half inch but it came quick, and was accompanied by some hail, breaking some glass in hot bed covers, the greenhouse and such places.

In several places similar storms gathered, and passed on. It is said that at Sioux City a heavy rain came, and that it hailed there for a half hour.

The day was the warmest of the season, the mercury reaching up to 92 here.

KIWANIS HOLD INTERESTING SESSION MONDAY

At the Monday meeting of the Kiwanis club representative Aug. Wittler was the speaker, and he told of some of the things the last legislature did and tried to do.

They also considered the invitation of the Legion boys to accept the initiative in the drive next week for the Wayne quota of the endowment fund for care of the needy veterans and their orphans.

Recent developments has awakened this community to the need of some new regulation or the enforcement of the ordinances now on the books for the proper putting to bed of the young folks of the community. A well-enforced curfew law might and also might have saved a world of trouble for some folks and for some children. A community owes to itself to take care of the youth of the community when the parents or guardians fail to assume responsibility. It is high time for the community to live up to its obligations to the little folk. An ounce of prevention is far better than a ton of cure—for so many cases cannot be cured. Let's all give a bit more attention to prevention of straying—so there will be fewer humiliated parents and friends seeking to prevent the publication of disgraceful experiences of the little folks.

When such request come, the editor wants to do that which is best for all; and we often fear that to spare the publicity may lead to encouraging others to go wrong.

THE POPPY PAGES

Saturday is poppy sale day, and the Legion and Auxiliary are going to ask you, one and all to buy a poppy, and also that you wear the flower that day and also on Memorial Sunday and Decoration day. It is a new day and new flower to America, but it is one of much significance. The poppy is the flower of the Legion, of the veteran of the great war. They grow in profusion in the otherwise barren fields of France during the World War.

Last year and the year before, not many poppies were sold at Wayne, because the people did not then understand the significance of the flower, nor that it had the recognition as the official flower of those who made their sacrifices great and small, for the cause we espoused in 1917, when America entered the great war on the side of right and justice—entered with the spirit and desire that a peace might be established which should be permanent.

These poppies are made for sale made by the wounded and stricken soldier lads, many of whom can do nothing save some bit of light hand work, and they are sold without profit to any—and all surplus after the cost of making and material is paid, goes to the care of these disabled soldiers and their needy families.

In this issue of the Democrat two pages are given over to the Legion for a poppy sale, and Legion members have solicited the names of the business men who gladly gave their aid to the cause, and the members of the Legion greatly appreciate the liberal response which called for two pages instead of one.

JOB HARMER BREAKS ARM

Friday evening, while cranking a car, Joe Harmer, son of John Harmer, got in the track of the "kick" and the result was a fracture of the right arm about two inches above the wrist. Tuesday, an X-ray showed that the bone was not quite as it should be, and it was put in proper place before the process of healing had gotten far. This will keep the lad from work for a number of weeks.

LEGION ENDOWMENT DRIVE NEXT WEEK

Its Result May Mean Life or Death. Its Purpose, Constant Provision for Needy Service People

The purpose of the great drive of the Legion boys next week is one that is commended by all who understand that its purpose is to gather together idle money and put it to work for those who lost position, health and vigor by serving mankind in the great World War. With a fund assured and constant, the work of fitting those who have lost health for some work they may successfully follow can be planned ahead and go forward to a successful termination.

This is a week for a nation wide drive, and Wayne and Wayne county will be found going to or over the top, we believe. Here there may be counted back of the movement the united pressure of civic societies, the churches and the pulpit, and the press—the city, county and state officials—and the local push sponsored by the Kiwanis and other organizations.

But after all, it is the worthy cause that most appeals, and the business method of going at it in a way that will have it over for all time; for the money given is not spent, but put to work, and the interest paid by those who wish to use the money will go to bring relief year after year, so long as needed. How could one better place a bit of idle cash? We predict that when the matter is presented, people of means will invest according to their ability. Thus the work of next week will make provision for the next 50 years, if such aid is needed thus long.

If you have idle dollars, put them to work for the men who went out when you called them.

POISON CLAIMS LIFE OF CHILD

Wednesday evening the three-year-old son of Mr. and Mrs. Austin Bressler of Plum Creek died from poison which had been kept for exterminating gophers. About six o'clock Mr. Bressler drove in with the corn planter he had been using, and on which he carried some of the poison cakes to be used for the gophers. While he was putting the team in the barn and unharnessing, the little fellow climbed upon the machine and took a cake of the poison from a box and ate it. Death came within thirty minutes, in spite of every effort that could be made to save life—and a physician could not reach the place before the life was gone.

The sympathy of the community goes to the stricken family. It is not definitely known at this time, but it is thought that the funeral service will be at Wakefield Friday.

SCHOOL ACTIVITIES

This is commencement week for the high school and next week will be observed in that manner at the college, and the very air is full of school activities. Not only at Wayne, but over the state, and in many adjoining states.

College and high school students are having hikes, picnics and parties, and plays—something all the time.

The high school senior class play Tuesday evening was good and worthy the liberal patronage given. This evening the commencement address will be given at the Methodist church. All are proud of the Wayne schools, and the pupils and instructors.

SIoux CITY GOLFERS TO BE HERE FRIDAY

"Mike Shearman, the genial golf professional of the Sioux City Country Club and "Bill" McCullough another Sioux City Country Club golfer will be in Wayne tomorrow (Friday) to play some golf with Wayne players. To any golf fans this will be a chance to see a better golfer in action.

CAR AND SEVEN CROWDED TO DITCH

Sunday Evening Bright Lights and Fast Driving Caused Wayne Car to Overturn in Ditch

About 8:30 Sunday evening a party of college students were coming from Wakefield, and as they crossed the railroad about four miles northeast of Wayne, a large car with very bright lights came bowling along, without giving the road, and the lights blinding the driver of the Ford as well as all who were in the car, until they could not see the road, which is too narrow at that point.

Albert Thorekmorton, of O'Neill, who is attending college here in whose car they were riding, turned out to miss the car, and went off the narrow grade into the ditch about thirteen feet down, where the car landed squarely bottomside up. Just how the passengers all managed to get out, none of them could tell, but all crawled out without help. There was mud and water in the ditch, and that perhaps accounts for them wiggling out from under the overturned car. Two of the party were almost completely submerged.

None of them were seriously injured, considering the fall, tho they were cut, bruised, and muddled, and one had several ribs fractured, another a leg skinned and a sprained ankle, cuts about the face and some bruises. Those in the car were the driver named above, Harry Babcock, Marie Trobough, Dorothy Sievers, Marcella Miesler, Anna Pelcer and Arlene McLennan.

The other car never stopped, but speeded on, and not one of the people ditched could tell anything about it, except that it was a big car with glaring headlights, and that the owner and driver should be made to pay damages and then serve a term in the pen for violation of the road law.

CARROLL WOMEN GIVE PROGRAM

Carroll, Nebraska, May 25—The Carroll American Legion Auxiliary will give the following "Poppy Day" program from the band stand on Main street, Saturday evening, May 23.

Two selections by Carroll band. Reading, "Work of the American Legion and Auxiliary, Mrs. Darwin Jones. Song, "America," led by band. "History of the Poppy." Reading, "Why We call them Buddies," John Francis. Song, "Star Spangled Banner," led by band.

HAIL INSURANCE CO. LOSES

Quite a number of farmers bought insurance against loss by hail last year with an Iowa company, and when pay day came it was contended that the price was in excess of what was quoted, and payment resisted. Fritz Woehler's case was tried last week, and a jury gave him a favorable verdict. We hope the day is coming when it will not be lawful to make a sale thru misrepresentation, and that such debts are not collectable.

MARGARET NANGLE DIES

The first of the week Mrs. Eph Beckenhauer was called to Pawpaw, Illinois, by the serious illness of a niece, Margaret Nangle, and word has been received here that the little one died. She had an attack of spinal meningitis, and following that had to have a mastoid operation. Deceased was seven years of age, and a niece of Mrs. T. T. Jones also of this place.

PHEASANT EGGS HATCHING

When the first installment of pheasant eggs came a week ago they were placed with four farmers for hatching. Ernest Frevert, Jno. McIntyre, Harry McMillan and Henry Frevert each got a setting. Another shipment is expected soon.

Mrs. C. W. Hiscock left Wednesday evening for Hastings, to attend college commencement when their daughter, Miss Mae, is to receive her degree. She will also attend a recital in which Miss Mae has a leading part. Miss Helen accompanied her mother as far as Madison, where she will visit an aunt a few days.

John G. Neihardt spent several days in the city, the guest of Dr. and Mrs. J. T. House. He spoke to the Normal students Monday, Wednesday evening he spoke at Pilger and tonight he will speak at Wisner. Then he has a call to the west part of the state. While here he had opportunity of greeting many friends of former years.

A CASE OF INTEREST COMING

Saturday morning a hearing is set for a trial that promises to be of more than usual interest to some of the property holders of Wayne. The City is suing L. M. Rogers for delinquent paying; and Mr. Rogers is not going to let judgment come by default. His contentions as to the justice of the claim are quite numerous, and promise to be of interest to all. In fact according to the views of the defendant, many Wayne citizens will be interested in the result. At any rate, it might be a good way to pass the morning.

FAT CATTLE TO CHICAGO

Monday afternoon a freight east bound took from Wayne eight cars of fat cattle for the Chicago market. The shipment was made up of three cars from the yards of J. M. Roberts, and one car from his son, Ray Roberts. There was a car of mixed owners in which Roberts, Powers & Strahan, and Andrew Stamm were part owners. Then Powers & Strahan had two cars of good ones, and Andrew Stamm a car of fat ones.

The big showing of the bunch was from the feed lot of J. M. Roberts who had 39 head that had an average weight of more than 1850 pounds each, with the big one of the bunch said to be almost 2200 pounds. Thirteen head of these animals filled their car. They were due to be in Chicago for the Wednesday market.

Mr. Roberts tells us that he fed the big ones seven months, buying them at an average of 1250, so they averaged to make a gain of practically 600 pounds in the feeding time, or nearly 100 pounds each per month, which is a good gain. But with the cost of feed up, and the price of fat cattle falling to increase as they should have done to make a proper balance of the bank account, it is hardly hoped that the venture will prove very profitable. In fact, the cattle feeding this year seems to have been mostly for the packers.

But we want to pass out to the people of this vicinity, many of whom drove to the Roberts home to see his feeders, and that it is a show well worth the time it took. Many visited the stock yards Monday to admire the bunch. Among the spectators was a commission man from Omaha, who wanted the bunch to go to Omaha; but was not able to get his wish; but he said he was 55 years of age, and had been in commission and live stock business for many years, but never before had he seen a bunch of that many cattle from one feed lot, or even assembled from several bunches that would compare with this lot.

J. M. Roberts, Ray Roberts, Maj. Powers and Carl Bernsten went to the city by the lake to look after the shipment.

TRUCKING FIRM ORGANIZED

G. E. Redding, G. A. Patrick, and S. D. Pearce, the two last named from Genoa, have formed a partnership to do truck hauling. Each has a big truck, and they demonstrated this week that they can take a car of hogs from the farm lot to the city market at one haul. That is what they did for Wm. Woehler southwest of Wayne when they picked up 75 head and took them to the city. Mr. Redding has long lived in Wayne and vicinity, and the other two are moving here at an early date. The combination makes a strong fleet of trucks.

HAIL HITS GREEN HOUSE

The hail Tuesday evening was not a serious menace to many, but when the storm cloud dropped its ball of ice when over the Wayne Green houses of D. Hall & Son it commenced to do mischief. Mr. Hall tells us that it shattered about 400 glass, and that they were busy gathering the broken glass from the plants and flowers. Had a heavy wind accompanied the hail, he doubts if they had found many whole glass in the entire frame. He thinks it will cost fully \$100 for the broken glass; but that they carried insurance to cover the loss.

HOSPITAL NEWS

Dr. Lutgen tells us that all patients at the hospital are improving, but that some of them have been given a discharge and are back about their usual vocations. The past week has seen but one new patient for a major operation—Miss Florence, daughter of Mr. and Mrs. Wm. Beckenhauer was suffering from appendix troubles, and had that organ removed the last of the week. There were some minor operations during the week.

WORK TO BEGIN ON FAIR TRACK

Wayne Fair This Fall to be in Shape to Add Racing to the Amusement Program. Let's All Help

While it has seemed that the combination was against the efforts of the committee in charge of the work for making a race track at the fair ground, the move is now on, and work is to commence Monday next, to put the new track in. The survey has been made, the obstructing trees cut and grubbed out, and a lot of help pledged of men and teams for the building when ready—it was not till now that weather conditions and the grader could all be assembled at the same time.

At a committee meeting Monday evening the wheels were started rolling, and the dirt will begin to move Monday. Those who have promised aid should communicate with D. H. Cunningham or Guy Strickland, who will be active in arranging for the forces to come as needed and as they can best find time.

Just now it looks like a new track and a new building for the school exhibits when the fair opens next September 16th.

MAYOR'S PROCLAMATION

Whereas, the president of the United States has endorsed the efforts of the American Legion to provide homes and education for the thousands of dependent children of war veterans, the care and protection of wives and widows now dependent upon charity, and the care of incompetent and disabled veterans of the World War, and

Whereas, the governor of the State of Nebraska recognizing this great service to humanity, has called upon every educational, civic and religious agency of this commonwealth to aid the American Legion in this work of brother love and good citizenship, and has set aside the week of May 24th to May 30th to be devoted to the raising of funds for this program.

Therefore, I, W. M. Orr, Mayor of the City of Wayne, State of Nebraska, hereby proclaim the week of May 24th to May 30th, AMERICAN LEGION ENDOWMENT WEEK.

And urgently recommend that all citizens and organizations of this city put forth every effort in attaining this City's quota of the \$5,000,000 needed to carry on successfully the American Legion's national child welfare and rehabilitation endeavors.

Given this 18th day of May, in the year of our Lord, one thousand, nine hundred and twenty-five, under my hand and the seal of the city of Wayne, state of Nebraska.

(Signed) W. M. ORR, Mayor.

THE ETERNAL ? MARK

How can we expect much in the way of prison reform until we get to sending some of the "better class" of folks there and keeping them on duty there?

In more ways than one has our government won a reputation that is not as common to many other lands, especially for the rich. Where can they discover a better place to get acquitted?

Who can tell the best way to make a good town better? We would like to publish the formula. Who has it?

"If they call a fellow from Poland a Pole, why don't they call a fellow from Holland a Hole?"

Does Wayne county have a good bronco buster, steer wrestler or calf roper? If so, and he is good enough to win, will he go to Chicago for a roundup?

Mr. Christensen tells us that he is ranching in the Black Hills country, near Rapid City, South Dakota, where he is handling several ranches with several thousand acres in the bunch. He had been to market with a bunch of cattle, and was on his way home.

It is estimated that in the entire United States 15 disabled soldiers of the late World war die every day as a result of war wounds or war disease due to their war service. Let this be the answer to any man or woman, who shall question the need for the \$5,000,000 hospital fund now being raised by the Legion boys. The quota of Columbus for that fund is only a few hundred dollars. We ought to raise that quota before breakfast. We will. —Edgar Howard.

On the 26th at Bloomfield they vote on the question of issuing bonds for a municipal light plant—and the Tri-State, which is furnishing them now with light and power, is promising a reduction in the rate, effective June 1st. The Monitor tells that the promised reduction is very slight. The Monitor shows that under the promised reduction a bill of \$16.40 would be reduced 75 cents in the month—and that means that the average light consumer would not know that there had been a reduction. The voting will go on just the same we suppose.

The editor of the Star Mail at Madison tells what a change seems to come over that town in the 18 months he has been a resident of the place. Then, he states, he was informed that "Madison was so pure and free from wrong doings that a gold dollar might be safely left out of doors in plain sight of the passing multitude," etc., nor was booze to be found in the place—but now the sons and daughters of hell come up the street so wabbly that they can scarcely come at all, the jail is full, and gossip is credited with the story that innocent country girls have been found in outdoor toilets sleeping off the curse that befell Noah. In spite of all this, we did not happen to sooner see that the S-M editor had said much about it—but just recently some vagabond stole 10 good hens and crippled a car at the side of the hen house so that pursuit was not possible. While brother Barns does not just admit in so many words that his setting in Madison has been the cause of such evil, he leaves it in open question for he does not tell that any one else has moved in during that time. Why not let him move on, and see if the former quiet will be restored?

The national meeting of the American Legion at Omaha this summer is going to attract the attention and the attendance of many of the soldiers of the allied forces, and often we hear of soldier men of note who have sent word that they would be there and be glad to assist in making the sessions effective as possible for the unity of the war veterans of all lands—all races and classes.

Down near Hastings, the story goes, a dog was buried for five days. Trying to dig his way to a rabbit that had taken refuge under a culvert, the dog imprisoned himself in the hole he made by throwing the dirt back of him until he could not back out. That is literally "putting the hole in after him." The owner of the pup heard him crying and dug him out; but all seem to have lost track of or interest in the rabbit.

Miss Norma Peterson, who has completed two years of a three-year training course she is taking in nursing, came home Friday morning for a month vacation, to be spent with her home folks, H. C. In Pennsylvania a lad of fifteen years of age has been sentenced to the electric chair for murdering his grandmother. In Chicago, two wealthy lads get life for a most brutal, deliberate murder of another young lad. Criminals should consider this in selecting a field of operation for crime. In Chicago, reports say, that 145 murders have been committed thus far this year, and not a death penalty imposed.

THE HISTORY OF THE POPPY

IN the spring of 1919, after the war, in Flanders Field, where the firing had been terrific and thousands of our boys had fallen in battle, in the midst of complete devastation, the poppies came up in abundance.

Because of this close association to the supreme sacrifice made by the boys who fell on Flanders Field, the poppy has become the Memorial flower of the American Legion and Auxiliary—the emblem of a faith that is being kept.

With this thought in mind, those who love the poppy are making every effort to protect this beautiful flower from the inroads in commercialism and to teach the public all over the country the history of the flower. The world in general has forgotten the war, and if the poppy will, in the season of Memorial Day, make the indifferent public remember the sacrifices which have been made for them by the boys who gave their lives that our country might be saved, so that they wear the poppy in reverence and sincerity, and not as a red tag they could not avoid buying—then indeed the first and greatest mission of the poppy sale has been fulfilled.

The poppy worn on this day should be to every community the same as the Christmas seals and other demonstrations of patriotism are. The poppy sale is a patriotic duty toward our ex-service men who have paid the price and who have made the sacrifice. The proceeds of this work are used for two causes—Rehabilitation and the Child Welfare work—two of the outstanding phases of the Auxiliary work.

And they tell us that we are to have a brand new democratic paper—a real national organ of democracy, with head quarters at Washington—and its purpose is to be to unify the party and the voters of other parties in support of the simon pure principles of democracy, or words to that effect. We hope that this is true, but who is going to say what brand of democrats it is proposing to convert? If they want to draw recruits from the progressive branch of the republican party they will of necessity have to follow very different lines than if it is their plan to induce the conservatives and standpaters to leave their party. In other words will the Wall street money crowd or the progressive be in the saddle? There is need of a paper which will be true to real progressive sentiment. Let's hope they get one.

SOCIAL NOTES

The Bible Study Circle met this week with Mrs. J. W. Zeigler and daughter and Miss Charlotte White conducted the lesson study in her usual forceful style. A thrilling letter was read from Miss Annie Gohrman of Collins, Honduras, depicting the exciting scenes of the revolution and her struggles to keep her wonderful work in motion during these trying times. A Christmas box of useful garments sent from her Wayne friends two years ago has not yet been delivered because of these disturbances. A letter from the missionary statesman L. L. Legters tells of his addressing the student body in Moody Bible Institute where he has found some strong men for the Indian work in Latin America this week. Prayer for many objects closed a stirring session to meet next Tuesday with Mrs. H. S. Peterson.

There was a happy reunion of the family of Mr. and Mrs. A. A. Welch when Herbert from New York found that his business mission in the west would permit him to spend a day at home, and Leslie, who is also in law, but with headquarters at Kansas City, found that it would be possible for him to be here for the same day; and Mr. and Mrs. Harry Armstrong (Florence) and children came out from Sioux City, making the family union complete. The Sunday dinner was given by Mrs. Armstrong at her home in this city, where all partook of a most excellent repast as the culminating hour of the pleasant event. Herbert and Leslie left on the Sunday afternoon train, but Mrs. Armstrong is remaining for a longer visit.

The Minerva club had their last meeting of the year at the home of Mrs. Lou Owen Monday afternoon. The guests of the club were, Miss Fortner, Mrs. L. C. Gildersleeve, Mrs. Hufford, Mrs. Winifred Main, and Miss Winifred Main. Mrs. E. W. Huse had charge of the first part of the program and she took her topic, Von Hindenberg, the new president of Germany, blockading the rum runners, changing the crime news to an inconspicuous place in the paper. She was assisted in these topics by Mrs. Berry, Mrs. Miner, Mrs. Beaman and Mrs. Grothe. Mrs. Lewis had charge of the second part of the program and gave a number of interesting current events. At the close of the meeting the hostess served delicious refreshments.

Mrs. J. S. Horney, Mrs. Ben Meachen, Mrs. Ford Schmedeskamp, and Mrs. Fred Dale entertained at bridge and kensington at the Horney home Tuesday and Wednesday. At one o'clock a covered dish luncheon was served. The house was decorated with spring flowers. The afternoon was passed playing bridge at ten tables. Tuesday the prize winners were, Mrs. Warren Shulteis high score and Mrs. E. W. Huse consolation. Wednesday Mrs. Carl Wright won high score, and Mrs. Wm. Von Seggern consolation. Miss Leona Andrews and Miss Josephine Horney helped the ladies in serving.

A jolly time was had at a bridge party Friday evening at the E. J. Hunter home, when thirty-two ladies were invited, some of the faculty of the normal and some of high school teachers. Mrs. E. J. Hunter, Mrs. Fred Berry, Mrs. S. A. Lutgen and Miss Clara Smothers entertained. Miss Ferné Oman won the high score playing bridge and Miss Margaret Schemel won second. At 10:30 a delicious luncheon was served with the colors carried out in lavender and gold. The house was decorated with cut flowers.

There was a large attendance at the meeting of the W. C. T. U. Friday afternoon at the home of Mrs. Wm. Beckenhauer. They were entertained by a good program. Devotions were lead by Miss Charlotte White. Roll call "A tribute to Mother," a paper "Mother" Mrs. Fenton C. Jones; Miss Frances Beckenhauer sang a couple of vocal solos with Miss Florence Beckenhauer at the piano "Little Gray Mother," "Mother of Mine" and "Mother MacCre." At the close of the meeting the hostess assisted by Mrs. C. O. Mitchell served delicious refreshments.

The A. Z. Chapter P. E. O. had their regular meeting Tuesday evening.

ing at the home of Mrs. C. A. Chace, with Mrs. V. A. Senter as assisting hostess. Roll call was responded to with helpful household hints. Mrs. O. R. Bowen gave a review of the parliamentary rules in the P. E. O. Order. At the close of the evening the hostesses served delicious refreshments. The next meeting will be a called meeting to give reports from the convention. Mrs. H. S. Ringland and Mrs. Jas Miller are attending the P. E. O. convention at Loup City this week.

The last meeting for the season of the P. N. G. club was held Tuesday May 12, at the home of Mrs. Herman Lundberg, with Mrs. John Dennis as assisting hostess. They elected for officers, Mrs. George Lamberson, president; Mrs. N. J. Juhlin, vice president; and Mrs. P. L. Mabbott, secretary and treasurer. The program committee, Mrs. Chas. Reynolds, Mrs. I. E. Ellis, and Mrs. Alice Rickabaugh. The meeting in September will be at the home of Mrs. Chas. Reynolds, with the program committee in charge.

The American Legion Auxillary met for their regular meeting in the Legion room Tuesday evening. A committee was appointed for making evergreen wreaths for memorial day. Mrs. E. Galley was made chairman of a committee to help decorate the community house for memorial services. Mrs. Frank Henie reported six laundry bags ready to send to the hospitals. A letter was read from Mrs. Peters asking that this unit sew for two children of an ex-service man.

The M. E. Ladies Aid society will hold their regular meeting Friday, May 29, instead of Thursday on account of the college commencement. This session will be held in the church at 3 p. m. As it is the last meeting until late in August there will not be any work at this meeting, but a program will be given. The committee in charge will be Mrs. H. J. Miner, Mrs. Chas. Reynolds, Mrs. R. Porterfield, Mrs. Conrad Jacobson, Mrs. Ed. Ellis, Mrs. D. E. Brainard and Miss Pearl Sewell.

Hebrew literature was the lesson study of the Fontenelle Delphions Friday afternoon. Mrs. H. H. Hahn was leader of the lesson. Text reports were given as follows: Hebrew poetry classified; "The Hebrew Epic" Mrs. G. J. Hess; Lyric Poetry, Mrs. R. L. Larson; "The Song of Songs," Mrs. H. W. McClure; "Hebrew Drama," Mrs. H. Nooley; "Hebrew Fiction," Mrs. R. Rundell; and "The Prophets," Mrs. H. Theobald. The next meeting will be on June fifth.

The Pleasant Valley club members met Wednesday afternoon for their regular meeting at the home of Mrs. J. A. Turner. After a short business session, roll call was answered to with current events. The guests of the afternoon were Mesdames Bon Carr, Grover Carr, A. Dolh, August Brudigan, Frank Long and Jess Hale. At the close of the afternoon the hostess served a two-course luncheon. The next meeting will be in June with Mrs. Chan Norton.

Miss Nellie Johnson a teacher from the high school entertained at a week-end house party at her home at Wakefield. She had as her guests Misses Cola, Potras, Goodrich, Jingles, Flanagan and Koester.

Miss Mable Dayton and Miss Pearl Sewell entertained some of the high school and grade teachers at the home of Mrs. Frank Davis, at a two-course breakfast Tuesday morning.

The Young People's Bible Class will meet at the E. B. Young home this week to finish Book of Acts. Wonderful interest has been manifested in these splendid studies.

The Wayne Woman's club will have a social afternoon at the home of Mrs. J. J. Ahern Friday. A good program has been prepared. This will be the last meeting for the year.

The Royal neighbors are having a covered dish luncheon at the hall this afternoon, the afternoon being spent with kensington.

The Allrusa club will meet Monday for their last meeting for the season at the home of Mrs. Fred Blair. This will be a business meeting of officers will be elected.

The Foreign Missionary society of the M. E. church is meeting this afternoon at the home of Mrs. Wm. Beckenhauer.

Business and Professional Women will have their last meeting for the season next week. Place was not known at this time.

NORMAL COMMENCEMENT
WEEK NEXT WEEK

As the commencement hour draws near the usual course of events is shaping itself into a well balanced program of musical and artistic talent.

On Sunday afternoon, May 24, at three o'clock, the religious organizations of the college will hold a joint meeting to which the public is invited. At eight o'clock Sunday evening May 24, the baccalaureate sermon will be preached by the Rev. Benjamin Nye of the First Presbyterian Church of Lincoln, Nebraska. On Monday evening, May 25, the advanced students of the college music department will present a recital for the public. Tuesday evening, May 26, is the date set for the Senior Class Play, "Expressing Witlie," directed by Miss Maude Joseph. The college orchestra, under the direction of Professor W. C. Hunter will assist. May Festival Day has been arranged for Wednesday, May 27, and a very pleasing program of varied talent has been planned for this day. At ten o'clock the physical education department, under the direction of Miss Esther Dewitz, will present a demonstration, including a May Pole dance and other numbers by each branch of this department. At 2:30 P. M. an orchestral concert by the college orchestra promises to be one of the most pleasing events of the season.

Hymn of Praise
At eight o'clock of May Festival Day, the college chorus, under the direction of Professor Leon P. Berry, will present the cantata "Hymn of Praise." The chorus will be assisted by two visiting artists, Clyde Matson, tenor, of the State Normal School, Aberdeen, S. Dak., and Genevieve Rice Cowden, soprano, of Kansas City. In addition to singing solo parts in the cantata Miss Cowden and Mr. Matson will present a song recital, following the cantata.

On Thursday, May 28, at ten o'clock the regular graduating exercises will take place. The commencement address will be delivered by the Honorable Dan V. Stephens of Fremont, Nebraska. Diplomas for the completion of the two-year normal course will be given to 170 candidates, while the A. B. degree will be conferred upon 22 members of the graduate class. Both diplomas and degrees are to be presented by President Conn. The class of '25 is the largest graduating class by 40 members. Not all are completing in May, but the remainder will do so before the close of the summer session and will receive their diplomas at the regular commencement exercises. There will be one week of vacation and the summer term opens June 8.

Sheriff of Wayne County, Nebraska.

BOARD OF EQUALIZATION
Notice is hereby given that the board of county commissioners, the county assessor, and the county clerk will sit as a board of Equalization, commencing on Tuesday, the 9th day of June, 1925, for the purpose of equalizing the valuation of personal property of the county as returned by the precinct assessors for the year 1925.

Bear in mind that your land, lots and improvements are not reassessed this year but in case of gross error, if our attention is called to the fact,

such gross error may be remedied. Any and all complaints on the assessment of personal property will be heard at this time. All that are assessed are especially urged to call and inspect the books relative to your assessment, as this will materially aid us in avoiding errors. The board will continue in session for not less than three (3) days, and all complaints or protests must be made at this time. Witness my hand and seal this 9th day of May A. D. 1925.
(Seal) CHAS. W. REYNOLDS,

Mr. Crossland is now manager of the Montgomery Ward branch at Ft. Worth, Texas, and he had been at Chicago last week to attend the annual meeting of the executive officers of that great mercantile institution.

Sunday morning, Mesdames D. Hall, Wm. Hall and Wm. Conry left in the car of the last named lady for Irvington, where they attended the wedding of Miss Blanche Hall, a niece of Mrs. D. Hall, Wednesday May 20. D. Hall left Wednesday morning to join them for the happy event. Miss Hall was a normal student here two years ago. It was a church wedding, but we did not learn the name of the groom.

Word comes from Valentine that Miss Susie Souders of this place, who is just completing her first year as music instructor at the school of that place, has been re-elected at an increase in salary, and a promotion to high school work instead of in the grades—the high school places being filled when they engaged her a year ago for the music, so the other work had to be in grades. Her Wayne friends will congratulate her on the promotion.

The second showing of picture reels sent out by the Izaak Walton club, and shown free at the Crystal pleased a small audience Tuesday noon. The audience was small because the notice of the time when the pictures would be shown was short. Some plan should be made so that the public generally may know in advance when the pictures may be seen. The fault is not with the local people, but the film handling. Pictures are fine and educational and should be seen.

Not since before the world war has there been so many agents, peddlers and traveling huxters on the road as are noticeable this spring. While many of these travelers are honest and engaged in legitimate callings, there are plenty of them of a shady character who are fleecing the people of good money. There are grocery and nostrum peddlers, stock dope dispensers and insurance grafters of various sorts who are taking the money out of the community and giving very little in return. In fact some of them are actual frauds and all the credulous one gets is a spurious receipt. If you patronize one of these itinerant peddlers you should be absolutely sure that you are getting your money's worth before parting with it. Better still, buy at home from those you know to be honest and keep the money working in your home community.—Wynot Tribune.

INTERESTING NEWS OF THE SCHOOLS

(Wynot Tribune)

The annual school meeting is held on the second Monday of June, the 8th. School officers will take the school census of their district ten days previous to this meeting. All business transactions of the school year 1924 and 25 should be completed by this date.

County eighth grade promotion exercises will be held at the auditorium in Hartington on Saturday, May 23rd. Pres. U. S. Conn of Wayne will give the address of the day. The public is cordially invited to attend these exercises.

The Cedar county P. A. T. council is making preparations to hold its annual meeting the last of this month or the first of June. An interesting program is being planned.

Those desiring free high school privileges for the school year 1925 and 26 should make application before June 15th. This application means \$108 to students of districts not furnishing high school education.

Too many boys and girls of the eighth grade seem to be of the impression that their school work is completed as soon as they have taken the eighth grade examination, and immediately quit school. The general reviews have not been completed and every eighth grade pupil will gain additional aid for both the high school work and for life work if they continue in school until the last day. This, too, has an ill effect on the entire morale of the school, younger children feel that the years work has been completed. The teacher finds it difficult to hold their interest until the close when such conditions exist. Usually teachers find so many things that need re-emphasizing and re-viewing because of the results of the examination that parents make a great error in not keeping children in school until its very close.

FOOD PRODUCTION

(Des Moines Register) "Any farmer who has read these facts knows the cause of so many acres in the British area under arable cultivation twenty years ago, being comparatively wasted, under-farmed and under-manned. It is simply that the farmer cannot afford to go on losing capital on land which costs much more to cultivate than the crop will return."—Mr. A. Wallace, tugboat, St. Leonard, in London Times.

A curious fact is brought to attention when we learn that in the British Isles no larger than Minnesota and Iowa with more than 40 million

people to feed, food cannot be produced at a profit.

The reason is plain, other parts of the world will ship food to England for less than the cost of production there, and frequently for less than the cost of production at home.

This brings us to another curious fact, that food has always been sold for less than the cost of production by somebody, beginning with the first records of the Nile, Euphrates and Tigris valleys.

Although food is the basic need of the race, no money has ever been made producing food.

One of the reasons, perhaps the chief reason, is because food until our own times has been produced by slave labor. It was not until the sixties that the Russian serfs were freed, and our own slave labor freed.

In any event food producing has a status of a non-profitable industry. The men who feed the world are expected to be satisfied in the performance of a needed service. Nowhere are business calculations made on the basis of a profit in food production.

We have in one generation broken the status of the food producer from that of slave labor.

The next question is can food production be given the status of a business enterprise?

That is a mighty important question for the Mississippi and Missouri valleys, the greatest food producing valleys in the world.

NEW SCHOOL LEGISLATION

H. R. 107 provides that a levy for free high school tuition shall be made on the county as a whole, exempting districts maintaining high school work in proportion to the number of approved grades maintained. This bill does not carry the emergency clause and, therefore, does not become effective until July 1. I have consulted the attorney general's office and it is our opinion that this law should be put into operation this year. It, therefore, will not be necessary for county superintendents to notify district directors of the amount of high school tuition to be voted at the coming annual meeting, or for the annual meeting to vote this high school tuition. I am also holding that applications for free high school tuition this year may be accepted by the county superintendent if they are received any time before July 1—the old law required that they be filed with the county superintendent within the forty day time limit preceding the second Monday of June. The county superintendent is to certify to the county board within thirty days after the annual meeting the number of qualified pupils that have applied for free high school privileges, the amount necessary to pay said tuition at the rate of \$3.00 per week or fraction thereof, and a list of school districts approved by the state superintendent. I shall send before July 1 to each county superintendent a list of the approved high schools in his or her county indicating the number of grades for which approved. The county board shall make such levy on the entire county with exemptions as above indicated.

If the free high school tuition fund provided by the board shall not be sufficient to pay the full amount of said tuition for the ensuing school year, then the said fund shall be distributed pro rata among the districts entitled to such fund. If there is any deficiency it shall be provided for in making the levy for the succeeding year, and if a balance remain in said fund after all claims have been paid it shall not revert to the county general fund but shall remain in the free high school fund and be deducted from the amount levied for the succeeding year. In case a county board fails to make this levy then the county superintendent, within five days after the board has adjourned shall certify the same to the county clerk. The county treasurer is to collect said tax in the same manner as other taxes are collected and shall pay the same to the treasurer of school districts eligible to collect the same that furnish high school privileges to non resident pupils under the provisions of this act. The names and numbers of non resident pupils, and the number of weeks or fraction thereof attended by each pupil during the entire school year ending the second Monday of June, shall be certified on or before the second Monday of June to the county superintendent by the director or the secretary of the school board of the district where said non resident pupils have attended high school. Tuition under this law can be paid only to public school districts offering approved high school work situated in Nebraska, and to public school districts approved by this department in other states carrying reciprocal free high school tuition relations with Nebraska.

H. R. 141 becomes effective July 1st. It repeals Section 9670, Compiled Statutes of Nebraska for 1922, and provides whoever shall intentionally deface, obliterate, tear or destroy in whole or in part, any newspaper, magazine, book or periodical on file in any reading room belonging to the state or any library or other association in the state or shall cut therefrom any article or advertisement, shall upon conviction thereon be fined in any sum not exceeding one hundred dollars or less than ten dollars or be imprisoned in the county jail not exceeding thirty days. Since this act applies to school libraries, I am listing it as one of the school measures.

H. R. 353, the new certification law, becomes effective July 1, 1925. The county and state superintendents will continue to issue certificates under the old law up until July 1. All persons now eligible to county certificates, or who will be eligible to such certificates under the old law, should be issued the same by the county superintendent before July 1; and those eligible to certificates issued by this department before July 1 should be sure to make application by that time to this department for the same.

Remember that this new law does not affect the validity of any certificate issued under the old law, nor is it retroactive in any way on teachers holding certificates under the old law. Teachers holding certificates under the old law need not become alarmed because of the passage of this measure. I purpose to administer this new measure in a way that will be generally satisfactory to all concerned. When the new law becomes effective July first, I expect to issue the holders of certificates in force under the old law certificates of equal

rank under the new law. More detailed information in this connection will be sent you later.

S. F. 195 becomes effective July 1. It repeals Sections 6414-20 inclusive, relating to agriculture, manual training, and home economics in high schools. This bill was introduced upon request of this department in order to remove this misleading dead material from our school laws and save the expense of printing these sections every two years. These provisions of the statutes known as the Shumway act have been in operative since their enactment, appropriations having never been made in accordance therewith. They should have been repealed when the Smith-Hughes act, Section 6554198 inclusive, was passed in 1917 for the reason that the Smith-Hughes act makes far better provision for the teaching of these subjects, and then, too, federal aid is received where under the Shumway act all provisions for financial aid it to be appropriated by the state alone.

S. F. 218 becomes effective July 1 and applies only to teachers in the Omaha city schools. This bill amends Section 6880-81. It provides for payment from the retirement fund on a basis of \$900 per annum instead \$500.

S. F. 265 becomes effective July 1. It provides that teachers shall register their certificates without fee in the office of the county superintendent of the county in which they are to teach. This must be done before they are eligible to contract for a school in any county. The school board at the time of contracting with a teacher shall transmit to the county superintendent the name of the teacher to be employed together with position to which elected. Immediately upon receipt of this notice the county superintendent shall certify to the school board the name of any teacher who has not met the requirements of the law, and such contract and certificate shall be invalid and the teacher shall be immediately dismissed by the board. This act further provides that the school board shall be personally liable for all public moneys paid to teachers who are not qualified under its provisions, and a teacher violating the same shall not receive any money for services while teaching during the time her contract and certificate are invalid.

H. R. No. 49—by Johnson of Antelope—provides for some changes relating to the formation of new districts. One-half instead of one-third of the legal voters must sign a petition to create a new district and 60 per cent of the legal voters instead of 50 per cent must sign to secure a change in the boundaries of any district affected.

House Roll 49 carried the emergency clause and, therefore, is now in force.

Please tell me if it is really necessary for girls to attend high school? Ans.—Whether it is necessary or not depends upon what sort of a life the girl is to lead. A high school education will not do her any harm in any walk of life; and in all the higher walks as much education as that is a necessity. It is always hard for those who are uneducated to understand how uneducated they are and what a handicap it is or will be to them. Many are too ignorant to know that they are ignorant. Do not think that you have no need of an education just because you cannot yet see the need. Millions of people have bitterly regretted, too late, that they did not study more while they were young. It is not so much what you learn, for part of that will be forgotten. And even the best high school education is a poor enough preparation for life. The main thing is to acquire the power to learn, the power to bring a disciplined mind to bear on the new problems that are coming up every day. That power is acquired by study and thought, just as muscular power is acquired by using the need of a cultivated brain or a strong body but needs will surely arise. Get all the education you can while you can.—Current Events.

NOTICE OF SHERIFF'S SALE

By virtue of an order of sale dated April 18, 1925, to me directed, issued by the Clerk of the District Court of Wayne County, Nebraska upon a de-

creed of foreclosure of paving assessments and a mortgage rendered in said court on the 19th day of March, 1925, in an action then pending in said court wherein the City of Wayne in the State of Nebraska was plaintiff and Earl Rimel, Hazel Rimel, his wife, Nebraska State Building and Loan Association, a corporation, Laurel National Bank, a corporation, Berl McKim and Herman Midner, were defendants, I will on the 25th day of May, 1925, at 10 o'clock A. M. of said day, at the door of the office of the Clerk of the District Court in the Courthouse in the City of Wayne, Wayne County, Nebraska, sell to the highest bidder for cash the following described real estate, to wit: Lots Three (3), Four (4), and Five (5), in Block One (1), East Addition to the city of Wayne, Wayne County, Nebraska, to satisfy the aforesaid decree, the amount due plaintiff under said decree on said lot 3 being the sum of \$207.68, and the amount due plaintiff on said lot 4 being the sum of \$207.68, and the amount due plaintiff on said lot 5 being the sum of \$207.68 together with interest on said delinquent paving assessments as provided by law; and the amount due defendant and cross-petitioner, Nebraska State Building and Loan Association under said decree being the sum of \$2068.35 with interest thereon at 7.8 per cent per annum from March 19, 1925 and costs and accruing costs.

Dated at Wayne, Nebraska, this 20th day of April, 1925.

The Polarine Chart

a rule and guide to Protective Lubrication

CAREFUL study and tests are behind all lubrication recommendations on the Polarine Chart. Nothing was left to guesswork. The speed of the motor, its lubrication system, normal operating heat, clearance in bearings and cylinders and many other factors were carefully studied by automotive experts. Use the Polarine Chart as your guide for the lubrication of your automobile and you are giving it the fullest protection that scientific lubrication can afford.

"Plain Facts About Modern Motor Fuel and Motor Oil" Page 16

BECAUSE motor oil is a small item in the cost of operating an automobile, it is often bought carelessly. But it has a lot to do with the performance of your motor and the size of your repair bills.

Unless it is the grade best suited to your motor it cannot protect it against wear or get the most power or biggest mileage from gasoline. If it is allowed to get heavily diluted with gasoline and dirt, it can't do its work properly.

After 500 miles of operation the oil in your crankcase has lost its best characteristics as a lubricant and is contaminated with carbon and road dust. It is an abrasive mixture that quickly wears out your motor.

How to secure protective lubrication is clearly outlined in our booklet, "Plain Facts About Motor Fuel and Motor Oil." A copy will gladly be sent to you on request.

Polarine is made in six grades—Light, Medium, Heavy, Special Heavy, Extra Heavy and a special grade for Ford cars and trucks only—Polarine "F."

Use the grade of Polarine indicated on the Polarine Chart as best suited to your motor. Change the oil regularly every 500 miles. Keep it up to the level recommended by the manufacturer.

Buy Polarine at the Red Crown Service Station where you buy Red Crown—the balanced gasoline.

CHO-CHO THE FAMOUS HEALTH CLOWN

(From The Wayne County Teacher)
We are planning to have Cho-Cho, The Health Clown, in the county, probably on the day of the Eighth Grade Promotion Exercises.
If the weather permits he may give his program (which lasts about an hour) in Carroll, Winslow and Wayne.
In that way many children of the county could see him. Not quite sure of the date yet but will be the first or second Saturday in June.
He gave the performance twice in Cedar County last year and Miss Schwerin had him give it again in March this year in three different towns.
It is said that the effect of his visit will be remembered for a long while as he makes a great impression on the children and that for months after his visit they are still talking about Cho-Cho's antics, and the fact that he wants them to drink plenty of milk, eat spinach, and do their health chores regularly. He comes dressed as a typical circus clown, red and white satin suit, etc., and puts across the health message to the children in a way which they will never forget.
The programs will be free to those who attend.
What every child should know about Cho-Cho.
Who He Is.
Cho-Cho is the Health Clown from Fairyland. He is a friend to boys and girls and talks health habits to them. He is loved by the children and delights them with his health message, for he is such a funny sensible clown that he laughs and dances his way right into their hearts.
Where He Lives
Cho-Cho lives in his Fairy Castle on the top of a great building where thru his Magic Window he sees all the boys and girls all the time and watches to see whether they do their Health Chores.
His Best Friends
1. The beautiful Fairy named Health is his closest friend. She loves children. She lives in a Wonderful House, made of bricks and colored glass that the children have built by doing their Health Chores. 2. The Fairy Fresh Air who helps children to be well. 3. The Wonderful big black Dog, Publicity, who helps so much in the contests with the old witch. 4. The Lovely Bird, Education, that tells the teachers to teach the children their Health Chores.
His Enemy
The Ugly Old Witch Ignorance who lives in a Dark Cave. She is the enemy of children and of the Fairy Health. She gets horribly and does all in her power to interfere with children's doing their Health Chores.
What He Wants Children to do.
Cho-Cho wants children everywhere to learn their Health Chores and to practice them in order to be strong and healthy and happy. 1. He wants them to have clean hands, faces, necks and ears, and bathe more than once a week. He wants them to keep their teeth brushed and to think clean thoughts and do clean things. He wants them to keep their fingers, pencils, and all unclean things out of their mouths and noses. 2. He wants them to eat proper foods—lots of vegetables and fruits, and drink plenty of milk. He wants them to drink no tea or coffee. 3. He wants children to sit and stand tall and grow straight. 4. He wants them to play a great deal in the fresh air and sunshine. 5. He wants them to sleep at least ten hours every night with the windows open so the Fairy Fresh Air can come in.
Before Cho-Cho's entertainment, it is very important that children, especially those less than ten years of age, learn the characters underscored in the above. This will help them to better understand the trend of the lecture and to appreciate to its fullest extent the message being given them. If possible, the stories in the "Cho-Cho and the Health Fairy" booklet should be familiar to them before Cho-Cho's visit.

THE LEGISLATURE

(From The Goldenrod)
Second Prize, Russell Melberg
While taking a course in Political Science at the University, I had occasion to visit the state legislature.
The representative hall was anything but impressive. The furniture was old and worn. In the front part of the room was a scaffold built to keep the ancient capitol from collapsing upon the lawmakers.
The legislators were discussing the various bills under consideration. Each member was permitted to speak not more than twenty minutes on each bill. The other representatives made the speeches interesting by interrupting each speaker frequently to ask questions. Some of the questions were sensible, others foolish.
One man became very angry after being asked a number of foolish questions. I have been told that at times the legislators shook their fists and called one another names. However, nothing of this kind happened during my observation and I was rather disappointed.
One member, on rising to speak, said, "I'm not going to talk very long." This remark was greeted with great applause.
He had just finished his speech when the doorkeeper said in a loud voice, "Mr. Chairman! Colonel Prescott with a message from his excellency, the Governor."
An aged man walked down the aisle and saluted the speaker, facing the house he read a message signed by the governor which stated that he had approved certain bills and had vetoed house roll 210.
When the messenger had retired, the speaker said, "The governor has vetoed house roll 210. The question is..." At this point he stopped, hesitated a moment, then sat down and began to turn the pages of a book.
"I forgot what the question is, so I'll have to look it up," he explained. When he found the question, he stated it properly and a vote was taken to decide whether or not the bill should pass over the governor's veto. The legislators voted not to embarrass the governor in this way.
With this matter taken care of, the house returned to the consideration of various bills. One of the democrats, an aged doctor, made reference to a river in his speech. A newspaper reporter who had not heard distinctly, asked him which river he had mentioned. "It's the Republican River," he answered, "and they call it that because it's so crooked."
The bills were voted upon by acclamation. When a roll call was requested, the clerk read the names of the members and each gave his vote orally. A number asked permission to explain their votes and thus secured another opportunity to orate.
As the afternoon wore on, some of the members became restless. While one of them was speaking someone discovered that he could make quite a noise by kicking against the inside of his desk, a number of others joined him in this and soon no one could hear the man who was speaking. The speaker of the house rapped with his gavel and shouted, "Gentlemen! Apparently none of the offenders belonged to that class because the noise continued. When the sergeant-at-arms had restored order, the speaker addressed the house somewhat in this manner, "Gentlemen, we must have order and we are going to argue this thing through if it takes all summer."
A few minutes later, the governor's messenger was again announced. This time he carried a message stating that the senate had approved certain house rolls, had rejected others and had adjourned. These last two words brought forth great applause.
THREE BLACK PENNYS
(From The Goldenrod)
Honorable Mention, James Squire
This is not as one can see by the spelling of the last word of the title, a story about money. Doubtless a most interesting story could be written about three black pennies. One might have them bringing good, bad, or indifferent luck to the owner and one could have them continually appearing in the most unexpected places. Hergeshelmer has chosen to write of men. They are "Black Pennys" because in each of them appears clearly and in full strength a strain of Welsh blood, marked by darkness and austerity of manner, strength of action, and disregard for the common conventions which hinder and enslave ordinary men.
The author divides the book into three parts, the Furnace, the Forge, and the Metal. Howat Penny, the first of the Black Pennys was the son of Gilbert Penny, colonial ironmaster. The new country, the new industry, from the furnace into which is dumped this family of strong men, the Pennys. Howat is a tall, dark, handsome youth, fond of wood's life, and averse to the steady labor and attention required of him if he is to take hold of and manage the ironworks as his father wishes him to do. An adventure

CONCERNING THE FAIR BUILDING FUND

Forty-three districts have paid in sums toward the Fair Building Fund amounting to \$633.38. The Wayne City District recently provided for the sum of \$75 to go into this fund. Other districts have promised to pay some too so think we will probably come out all right. Has your district helped out any yet? If not, we would be very pleased to have you do so.

“HELP THE DISABLED”

---veterans. Those brave youths who, incapacitated and in pain, still are paying the cost of war.

Healthy and happy, they answered the call to the colors. Money and material gain mattered not with them then. The country needed them and they answered “Here!” But—the ravages of warfare left their mark on many. Some still lie silently on hospital beds. Others are no longer capable of supporting themselves and families in the manner they did before—doing their duty by the flag. Yes, your flag and our flag.

THE HISTORY OF THE POPPY

IN the spring of 1919, after the war, in Flanders Field, where the firing had been terrific and thousands of our boys had fallen in battle, in the midst of complete devastation, the poppies came up in abundance.

Because of this close association to the supreme sacrifice made by the boys who fell on Flanders Field, the poppy has become the Memorial flower of the American Legion and Auxiliary—the emblem of a faith that is being kept.

With this thought in mind, those who love the poppy are making every effort to protect this beautiful flower from the inroads in commercialism and to teach the public all over the country the history of the flower. The world in general has forgotten the war, and if the poppy will, in the season of Memorial Day, make the indifferent public remember the sacrifices which have been made for them by the boys who gave their lives that our country might be saved, so that they wear the poppy in reverence and sincerity, and not as a red tag they could not avoid buying—then indeed the first and greatest mission of the poppy sale has been fulfilled.

The poppy worn on this day should be to every community the same as the Christmas seals and other demonstrations of patriotism are. The poppy sale is a patriotic duty toward our ex-service men who have paid the price and who have made the sacrifice. The proceeds of this work are used for two causes,—Rehabilitation and the Child Welfare work,—two of the outstanding phases of the Auxiliary work.
