

IS BADLY INJURED IN AUTO ACCIDENT

Although Unconscious for Several Hours Injuries to Mrs. McNatt Not Fatal.

MEET ON STREET INTERSECTION

Mrs. L. W. McNatt, wife of owner of McNatt hardware store here, was badly hurt in an auto collision on the intersection of third and Douglas streets last Thursday, and for several hours was unconscious.

The car she was driving and a Chevrolet driven by Ella Bald met at the intersection and in the mix-up Mrs. McNatt was hurled through the door of the Chevrolet sedan and fell on the pavement and was knocked unconscious. The car struck a tree and stopped when it ran into a residence on the corner.

She does not remember much about the accident and as no eye witnesses have been found it is not known exactly how it happened.

Some believe she did not get hurt until the car struck a tree with such force that it threw her out. Apparently she lost control of the machine when the two collided and it headed off the street.

Although she was unconscious for several hours, and was considerably bruised, she is now practically recovered, it is reported, and has already left the hospital where she was taken for care.

A little son who was in the car with her was not hurt.

Mrs. McNatt was going south and Miss Bald east when they met, and the opinion seems to be quite general that both are to blame, as evidently neither stopped.

Neither of the cars were badly damaged.

SORENSONS TO SELL J. DEERE LINE HERE

Hartington Men to Open Third Implement House in Kingston Building Nov. 1.

H. J. Sorenson and Son, who are operating implement stores in Hartington and Coleridge will open a third house here about November 1, according to plans recently announced by Mr. Sorenson.

They have been given the John Deere agency for this territory, the same line they are selling in their other two stores, and will occupy the Kingston building now occupied by the Texley Auto company.

According to reports, Mr. Hiscox plans to retire from the implement business, as soon as the Sorensens are ready to take over the local agency, which he has represented for some years.

Remodel Building

Because the Kingstons have found it necessary to increase the size of the Ice plant they have been forced to make changes in the part now occupied by Texley, making that room inadequate for him, and he will move to another location.

Kingston will effect several changes in the building and had already leased a part of the building to the new firm and will give possession on November 1, it is said.

The manager of the Hartington plant will take charge of the Wayne branch according to the report.

WELCH MEMBER LEGION EXECUTIVE COMMITTEE

H. A. Welch, adjutant of the local Legion and delegate to the state convention at Grand Island last week, was named a member of the state executive committee, from the north-east Nebraska district.

Mr. Welch gave a report on the convention at the special meeting held at the club rooms Tuesday evening, the first the Legion has held for several weeks.

Mr. Welch places the blame for the criticism of Sorensen, not on the Legion, but on Mr. Sorensen, himself, due to his attitude.

The resolution, which Sorensen criticized, was tabled without the Legion taking any action. Mr. Cain, retiring commander, replied to Sorensen as an individual and not as representing the Legion's action.

The W. A. K. Neely and Harvey Neely families returned the last of the week from a two week trip spent in Minnesota, fishing and otherwise enjoying a fine vacation.

KOMROPSKE-GEHRKE

A wedding is announced to take place at the Cross Lutheran church of South Omaha, at 4 o'clock the afternoon of Sunday, September 9, 1928, when Erwin Gehrke, son of Rev. and Mrs. E. Gehrke, formerly pastor of the Lutheran church northeast of Wayne is to wed Miss Elsie Komropske of Omaha, Rev. and Mrs. Gehrke are now at Bancroft, where he accepted a call of the church there early in the year. The groom is employed by the Union Pacific railway, and has been in the employ of that company for four years past.

The Gehrke family from Bancroft are to all attend the wedding. The bridesmaid will be Miss Hulda Gehrke, a sister of the groom and Miss Alma Komropske, a sister to the bride; and the best men on the occasion are Conrad Weirhauser of Wakefield and Otto Brammer of Omaha.

The bride and groom will leave Omaha following the wedding festivities on a wedding trip which will take them for a visit with relatives at Prague, Missouri and at Helper, Kansas.

The groom has many friends here and at Wakefield, where he spent his boyhood days.

WILL PAY MORE FOR WAYNE HOGS

Reynolds, Co. Clerk, Gives Following Report of Plans Offered for Paying Premium.

Dr. A. H. Francis, inspector in charge, United States Bureau of Animal Industry, Dr. W. T. Spencer, Live Stock Commissioner, Omaha Live Stock Exchange, and Mr. H. J. Boyts, Live Stock Commissioner, Sioux City, met with the Board of County Commissioners at Wayne Tuesday afternoon.

Wayne county has been declared by the State of Nebraska as an accredited county, free from cattle tuberculosis and this meeting was to discuss plans for certifying hogs sent to market from Wayne county, so that owners of hogs from this county might receive the premium of ten cents per one hundred pounds paid by the packers at the markets for hogs bought for slaughter.

In order to obtain this premium, hogs originating in Wayne county must be certified by the owner as having been bred and fed in an accredited county and they must be identified by a tattoo mark. This tattoo mark identifies each farm in the county. The farmer may receive the code of letters, which identifies his farm individually, from Drs. Johnson & Hawkins at Wayne, Nebraska, and arrangements can also be made with them for the purchase of the necessary tattoo instrument.

The substance used for tattooing is ordinary lamp black mixed with linseed oil to a thick paste. This is put on the marker by means of a paint brush or by having the paste in a small container and dipping the tattoo instrument into the paste as each hog is marked. A sharp stroke is required to penetrate the skin of the hog.

Thursday afternoon, September 13, at 4 o'clock, a demonstration of the method of tattooing hogs will be given at the hog barns on the Fair Grounds by Dr. Hawkins and Mr. H. J. Boyts, live stock commissioner of Sioux City Live Stock Exchange.

WAYNE YOUTH IS TAKEN TO INDUSTRIAL SCHOOL

Carl Bose, seventeen year old son of Chas. Bose, was taken to Kearney and confined in the Industrial school of that place last week, following a hearing in juvenile court here, at which Judge Cherry presided.

Carl was taken into custody on complaint of his father and found guilty of charges that necessitated some action, with the result of his being sentenced to the state school.

Falling to find anyone here who would take charge of the 17 year old boy, who is in poor health, the court found it necessary to resort to the only course open.

WAKEFIELD CAR STOLEN AT OMAHA MONDAY

David Benston's car was stolen from 24th and Farham streets at Omaha Monday, and with it one hundred dollars worth of clothing was taken. The car was recovered by the sheriff of Sarpy county, but the clothing and the thieves were not found.

Wayne County's Greatest Fair Will Be Held Last Four Days Next Week

Races, Ball Games, Fireworks, Free Acts and Other Features Offered Here.

LARGE EXHIBITS TO BE SHOWN

The Wayne county fair will open at the local fair ground here next Tuesday and continue throughout the week with the largest program of events ever offered by the local association presented for the approval of the many thousands expected to attend.

All entries will be made on Tuesday and the following four days a full program of events and free attractions will be scheduled, including some of the best talent ever shown at any fair, anywhere.

Two Bands
The Wayne and Winside bands will furnish the music for the four big days, Winside playing Thursday and the local Championship band that made a big hit at the Boone county fair will entertain the crowds on the other three days.

Races Each Day
There will be a number of races each day in which are included a number of novelty races that are bound to make a big hit, it is believed, a number of these will be scheduled each day, and all are different.

Fireworks Wednesday
Wednesday a spectacular display of fireworks will be shown. This display will be worth the price of admission alone, it is claimed, and will be worth going a long way to see.

On Saturday evening, the last day of the fair, the inspiring spectacle U. S. Army at St. Mihiel will be displayed, called a great attraction.

Free Acts
Out in front of the grand stand each day and night will be shown three strong features in the way of free acts. They are reported to be the most thrilling and most entertaining of any ever offered, here.

Baseball Games
On Thursday afternoon the Des Moines Colored Giants will play the Murphy Did Its of Omaha. This should be as good a game of the national sport as ever seen here. Both teams are reputed to be top notchers. These same teams will play again Friday.

Season Tickets
The season tickets for the fair will be on sale at all down town business houses Saturday and any who care for them will be able to get one. The price will be two dollars for a season ticket entitling the bearer to admittance to every program during the week.

FORMER EDITOR KILLS HIMSELF

Richard Closson, Who Formerly Edited the Carroll Paper, Shoots Self at Sioux City.

Richard Closson, 48, who published the Carroll Index for about four years, leaving there about ten years ago, committed suicide at a Sioux City hotel Saturday night, according to news dispatches.

Belief that illness would prevent him from reentering newspaper work, from which he retired two years ago, is blamed for the act, which was said to be clearly one of suicide and no inquest was held.

Anxiety of hotel attendants was aroused when he failed to appear Sunday morning, and upon investigation was found dead in his room, entrance to which was gained by prying the door, which was locked, open.

The room indicated that he had not retired, and it was thought that he had shot himself early in the night.

Closson shot himself in the right temple with a .32 calibre pistol, before a dresser mirror, it was believed by those investigating.

Papers addressed to May and Zylpha Closson, two nieces of the dead man, were found on the dresser. The former girl lives at Paullina and the latter at Sioux City.

Closson was born at Harlan, Iowa, on June 30, 1880. He was a graduate of the law school of Drake university, and practiced law for a time before entering the newspaper field at Carroll. Later he owned and operated papers at Sanborn and Paullina in Iowa.

His wife died about five years ago. Three brothers, Warren of Sioux Falls, South Dakota; E. E. of Omaha and Charles of Lincoln survive.

H. V. RICHARDSON PASSES SATURDAY

Son of Early Pioneer, Whose Wife Died Month Ago Succumbs at S. C. Hospital.

FUNERAL SERVICES MONDAY

Harry Vernon Richardson, son of county's early pioneer and whose wife died only a month ago, succumbed at a Sioux City hospital, Saturday, September 1, following a long illness from which he had been suffering.

He was a son of I. O. Richardson, an early pioneer who homesteaded south of Wayne, on which his mother is still living and which he with his family have operated for many years. His father was Wayne county's first commissioner, and one of the organizers of the county. He also was one of the first county clerks of Wayne county.

The body was brought here Saturday evening by the Beckenhauer funeral home of Wayne, from which place the funeral was held Monday afternoon.

The final rites were in charge of Modern Woodmen and the Workman lodges of which he was a member for many years, with Rev. A. C. Downing of the Baptist church, of which he also was a faithful member, assisting with the services.

Richardson was born on his father's homestead in 1876, and was 52 years, 4 months and 27 days old at the time of his death.

As a child he shared the hardships of his parents in opening of the new territory, and had lived his entire life on the old homestead south of Wayne.

He is survived by his mother, Mrs. I. O. Richardson, and four children two daughters, Mrs. E. Clare Samsel of Windom, Minnesota and Mrs. Kenneth E. Graham of Wayne, and two sons Floyd and Kenneth, who live on the old homestead.

Burial was in the Greenwood cemetery of Wayne.

WALTER G. BETHWISCH WEDS MISS LENA DOROTHY VOSS

Walter Gustav Rebhwisch of Carroll and Miss Lena Dorothy Voss were married here last Thursday, August 29, 1928, with Judge J. M. Cherry performing the rites.

The groom is a farmer near Carroll, it was reported, and the bride is a Hoskins girl.

BAND MAKES HIT AT ALBION FAIR

Will Give Two Concerts Here Saturday; Will be no Concert at Park Tonight.

The Wayne band, which arrived home on the special pullman coach, Saturday, following their four days engagement at the Boone county fair, was generally conceded to be as much appreciated as any that has ever played for that fair, and they have had many good ones, according to word received here from officials and people who attended during the week.

They gave afternoon and evening concerts all four days of the fair, and admitted that they had about played themselves out when they got off the afternoon train here Saturday.

Saturday Concert
The band will give two concerts here on the streets Saturday, one in the afternoon at 2 o'clock and the other in the evening at eight.

There will be no concert this evening at the Bressler park as the Saturday concerts will be given. This will probably be the last band concert given this summer, as next week the band will be at the fair.

Many from here drove to Albion during the week and generally were greatly impressed with the success of their fair, although they have been hit by dry weather in that territory this summer.

The corn in the neighborhood of Albion is completely burned up, according to those who were there, and many large fields haven't an ear of corn, they said.

The entertainments and attractions were highly praised, but their stock and grain exhibits were far below the average because of the dry season they have experienced, it is said.

DISTRICT COURT

The case in which Mabel Tobias vs. Carl H. Baker will go to the jury this morning. The Judge will give his instruction, following which it will go to the jury for a verdict. This is the second trial for this case, in which Mrs. Tobias is suing to collect on notes given in a land deal. Baker contending that the notes were given following a misrepresentation of land for which he traded.

In the State vs. Gus Vollstead the later plead guilty and was fined \$500 and given a sixty day jail sentence.

In the State vs. Dennis case a settlement was reached out of court in which the latter will receive \$904.46, considerably less than was originally allowed him. The settlement was given approval by the court and is official.

The cases in which Hendrickson and Strahan sought damages from the railway company for property destroyed by fire, were settled before they came to trial.

In the case in which the State vs. Harrison Miller and Fernia Miller a separation was made and the next case to come up will be in which the State vs. Harrison Miller.

"AL" SMITH CLUB ORGANIZED HERE

Steele, Brittain and Ley Elected to Head Local Group Organized Tuesday.

At a meeting of about a hundred citizens of Wayne who are boosters of "Al" Smith for president here Tuesday evening a Wayne Smith club was formed.

James J. Steele, Wayne county treasurer, James Brittain, prominent attorney and H. E. Ley, assistant cashier of the State Bank of Wayne were elected president, vice president and secretary-treasurer, respectively.

J. Gatenby, candidate for state senator for this district, and Edgar Howard, National representative for this district, spoke briefly of the purposes of the club, and the man who is heading the Democratic ticket for President.

Unfairly Criticized

More false and unfair statements have been uttered about "Al" Smith, said Mr. Howard, than perhaps any other man who has ever gained prominence in the nation, unless it were Bryan. Mr. Howard, who has made a careful study of the New York executive's records, offered many incidents to substantiate his contention that Smith is the greatest character who has been nominated for many years, on either party.

Citizens Others

A number of statements issued by several of the outstanding men of the nation were offered by Mr. Howard to disprove a lot of partisan degrading utterances that have been given publicly.

Among those to whom he referred is Dr. Posdick, one of the outstanding leaders of the Presbyterian church of this nation, Elihu Root, who has been recognized as one of the greatest students of politics for many years, and a number of others who, Mr. Howard believes, have no reason for making a partisan statement in favor of a democrat.

O. B. HAAS WILL MOVE INTO NEW PAINT SHOP

O. B. Haas, who operates an auto painting and body and fender shop in the south end of the business section will move into his new place across the street from where he has been located for a couple of years, the last of this week.

He hopes to be moved in and ready for business the first of the week. W. C. Coryell will utilize the room Haas has occupied to increase the size of the garage, which has not been ample to care for their needs.

AUGUST ATTENDANCE AT PARK SHOWS INCREASE

According to records kept of the attendance at the Bressler park here, the number of visitors shows nearly a twenty-five per cent increase over the same period for last year.

The attendance for August this summer was 2,170, while for the same period last year the attendance was 1,536, indicating the growing popularity of this play ground.

The attendance for the three summer months this year totaled 7,073, an average of nearly 80 each day for June, July and August.

BIDS ON ENGINE OPENED TONIGHT

Council May Take Action on Proposed Electric Contract With Power Company.

ARE MAKING INVESTIGATION

At a special meeting called for tonight the city council will open bids on the oil burning engines, for which it advertised four weeks ago.

The matter of contracting with the Iowa-Nebraska electric company to furnish the city with electricity for a ten year period will probably be disposed of at this time.

Several members of the council went to Falls City and other places to get particulars on plants in operation at those places, and Mr. Bressler, city clerk, investigated an engine at Neligh, so that they would be able to take action when the bids are opened.

Not a Good Bet

According to some who have given the proposed contract with the Iowa Nebraska company, careful consideration, "it would not be a good bet." They claim that the saving, when everything is taken into consideration would be negligible.

They are convinced, they say, that the service Wayne has been getting is far superior to that offered in most towns where "High-Lines" are furnishing the light and power.

The cost of this service, they say, also is lower here than in most towns where the large companies are operating. In many places where the big concerns are operating the service has been very poor, and the cost very high, and therefore, they claim, we should not shut down a good plant and take a chance on something that might be very unsatisfactory.

What action the council will follow has not been made known, but it is generally believed they will take some action at tonight's special meeting.

J. M. BRESSLER IS CALLED WED. EVE.

Resident of County 30 Years Succumbs to second attack of paralysis Suddenly.

J. M. Bressler, 68, who had lived in the county for thirty years residing near Wayne for about fifteen years and the latter fifteen years living on his brother's farm in the southeast part of the county, died very suddenly at his home last evening while visiting with his family.

Bressler was stricken at Wisner about four months ago, from which he had not recovered, although he was believed to be gradually gaining strength and had been able to be out a little recently.

The stroke of last spring was about the first time in his long active life that he had been confined to his home. He suffered a sun stroke some years ago, from which he suffered for a few days, but had never been seriously ill.

He was born in Pennsylvania in 1860, where he lived until he came to Wayne thirty years ago.

His wife and four children survive, Walter, city clerk of Wayne, Austin, who lives on a farm, Ralph and Louise who are still at home.

Funeral arrangements have not been completed, but will probably be held under the auspices of the Modern Woodmen lodge of which he had long been a member.

An obituary will be given next week.

MORTGAGE INDEBTEDNESS

The following shows the Mortgage Indebtedness record of Wayne county, Nebraska, for the month ending August 31st, 1928.

14 Farm mortgages	filed	\$ 126,138.61
8 Farm Mortgages	released	66,400.00
6 City Mortgages	filed	15,921,712.50
2 City Mortgages	released	10,000,800.00
140 Chattel mortgages	filed	15,186,259.95
64 Chattel mortgages	released	81,565.55

A Missouri editor looking ahead, predicts that licensed the auto driver is one of the coming changes. Some competent authority must pass on the ability and responsibility and competence of the fellows who are to be trusted at the steering wheel in the interest of public safety.

LOCAL AND PERSONAL

Fay Winegar, who spent a couple of weeks visiting at Homer, returned home Saturday evening.

Dr. Young's Dental Office over the Ahern's store. Phone 307.—adv. tf.

Miss Moore, who spent a few days at the home of her aunt Mrs. Wm. B. Vail, returned to her home at Norfolk, Saturday.

Mrs. W. L. Dunn of Norfolk spent Friday at the home of her brother Dr. L. W. Jamieson, returning to her home that evening.

Mr. and Mrs. Solso of Laurel brought their daughter, Iola, here to take the train for Bassett, Saturday. She will teach there this year.

A lot of interest was taken in a post driving contest at the Stanton fair, according to reports, with a number of contestants entered, three prizes were offered represented by thirty posts.

Many relatives from Wakefield, Wisner and other northeast Nebraska towns were present at the celebration of the 87th birthday of Anna M. Nuereberger of Wisner, a week ago Sunday. A most enjoyable time was reported.

F. H. Vail, Piano Tuner will be back in Wayne about November 1st.—adv. May 17-tf.

P. H. Kohl, who has been in Colorado for several weeks, returned home Sunday. He said the crops were generally big there, but the price so low that the benefit was not what it should be, hardly more than meeting the cost of caring for it.

Mrs. W. C. Lowrie and daughter Minnie left Sunday for a three weeks visit in Kansas City at the home of Mrs. Lowrie's parents. Prof. Lowrie is spending his vacation in the southern part of the state where he is representing a book company on a territory he has covered for some years.

Mrs. H. C. Peterson and son Carl, who spent a few days visiting at the old home of Mrs. Peterson, at Holdridge returned to Wayne Sunday.

Miss Lucile Norton, who will teach at Newcastle this school year, left here Saturday morning to assume charge of her duties when school opened Monday morning.

After boring to a depth of over 600 feet, in an attempt to find an ample supply of water for Laurel, the well was abandoned and a new hole will be sunk at another place.

For milk or cream for daily delivery or for special occasions call phone 417-F-2 the Logan Valley Dairy. We are always on the job.—adv. M18-tf.

Edith Downing left Saturday morning to be on hand for the opening of school at Obert, Monday, where she is to teach this school year. Miss Downing taught south of Wayne last year.

Special attention to all kinds of fillings. Robt. W. Casper, D. D. S.

Mrs. E. Martischang was a business visitor at Pierce the last of the week, going up to see about renting her farm. She also took in their county fair while there. They had a large attendance and fine exhibits and entertainments, she reports.

Pilger claims a new record for early frost. The hoary visitor called on them two weeks ago tonight, according to the Herald, and left evidence of his visit by turning tender foliage black. Some sweet potatoe plants were killed, it is claimed.

Mrs. O. C. Anderson came from Omaha the last of the week to spend some time here at the home of her daughter, Mrs. F. A. Mildner, before returning to her home which is in California. She has been in Nebraska most of the summer.

The Wakefield banks will not be open from twelve noon to one o'clock after September 15, according to recent announcements, making this change as a precaution against the danger of hold-ups which it is said are more common at this hour of the day.

Fred Weitzenkamp, who formerly lived east of Wayne, was here last week to look after the renting of his farm for another year, and attend to other business matters and renew old acquaintances.

Dr. S. A. Lutgen, M. D. All calls promptly answered.

Satisfactory bacteriologically, was the verdict of chemists who made a test of water sent to Lincoln for analysis from Wakefield recently. The water was found to be pure and pronounced O. K.

Mrs. Martin Melcher, a prominent resident of the West Point vicinity for more than fifty years, died at the home of her daughter Mrs. Otto Feyerherm last Wednesday, following a three months illness.

Mrs. Nora Nelson a niece of Mrs. J. M. Foster, and her two sons, and Mrs. Ollis Nelson, a sister of Mrs. Foster, all of Sioux City, spent the week end at the Foster home here. Cleona Carlson another niece also was with them.

W. D. McKinnon, a farm hand employed near Madison, fell 14 feet from the top of a stack to the ground, when he lost his balance, landing on his head. It was feared that his neck was broken for several hours, but the accident did not prove to be serious.

A Tilden youth drew a two year prison penalty for forging a two dollar check, when he appeared in district court, before Judge Setwart at Madison last week. The offender, Wayne Snider, who is 21, has figured in a number of escapades, it was claimed.

Laurel voters turned down a chance to save two and one-half per cent interest on their school debt of \$30,000 at a special election last week, according to the Advocate, which said that those in favor of the project sat around contented to let the other fellow decide, and will now pay many dollars for not investigating the merits of voting a bond issue to retire the present obligation which carried seven per cent interest.

Fair tickets free with suit above \$25 at Gambles.

The Greatest Farm Implement Display Ever Shown!

in northeast Nebraska will be on display at Wayne County Fair Sept. 12-13-14-15, by northeast Nebraska's largest implement dealers. It will be worth your time to see this grand assemblage of farm tools in operation.

McCormick-Deering Engines

meet all farm purposes. They represent many features.

- A size for every purpose.
- Removable cylinder head.
- Replaceable cylinder.
- Long connecting rod.
- Enclosed crank case.
- Wico ignition—makes starting easy.
- Fly-ball governor—maintains uniform speed.
- Unusually large, drop-forged steel, crank shaft.
- Extra large main bearings.

Galvanized Copper Alloy Steel Portable Elevator

Ordinary black sheet steel is unsatisfactory for elevators. In the SANDWICH elevator the best open hearth steel, to which copper is added, is used. Copper-alloy steel fights rust and corrosion.

Tilting or swinging hoppers, swivel telescoping discharge spouts and many other features.

Shellers and Grinders

Gets more money out of your crops. Add to the value of your feed. A size and type for every purpose. They are backed by 94 years experience.

The McCormick-Deering Spreader

is a genuine manure spreader, not merely a mechanical unloader. It is full of features from end to end, several of which are protected by patents.

- Roller Bearing equipped.
- Two Steel Beaters with wide spread spiral.
- Six conveyor speeds, controlled by lever.
- Correct Beater arrangement
- Auto drive steering front trucks.

Cream Separators

The McCormick-Deering Ball Bearing cream separator makes child's play out of a man's job, with its exclusive ball bearing features.

- 12 distinctive features.
- Ball bearings.
- Easy turning.
- Slow crank speed.
- Greater capacity.
- Long life.
- Steady running.
- Visible oiling system.
- Improved oiling.
- Easy bowl adjustment.
- Improved tinware.

Corn Pickers

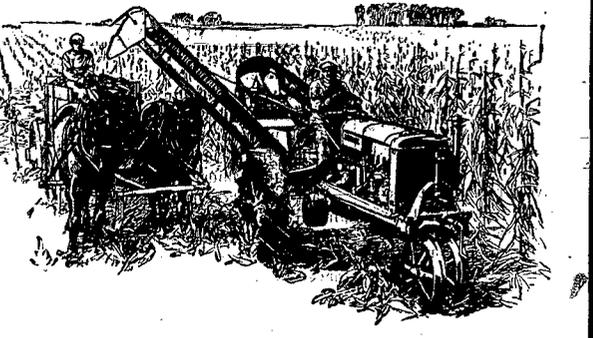

The McCormick-Deering Corn Picker will increase the husking capacity six to ten times.

Generous use of roller bearings makes it pull easy. All shelled corn is delivered into the wagon box. Retarders insure clean husking. A fan blows away all small pieces of husk and silk. It is controlled by one lever. All down or leaning corn can be picked up.

The Farmall Does It All

Power on the draw-bar, belt and power take-off.

- Plows 8 acres a day.
- List 20 acres a day with a 2-row lister.
- Cultivates 25 acres a day with a 2-row cultivator.
- Mows 25 acres a day with 7-ft. mower attachment.
- It pulls the binder or picker, and in fact does everything.

FIRST LAND SOLD, DOLLAR PER ACRE

Wayne County Land Worth Little, 1870, When First Sale was Recorded.

Three hundred dollars for 320 acres of Wayne county land, and high at that.

Fifty-eight years ago, according to old records which county assessor Assenheimer recently found, Wayne county's first land sale was recorded, when Edward Buckman deeded to Ebyn G. Buckham a half section for a consideration of \$300. The deed was recorded on December 20, 1870, and represented the NW 1-4 of section 29, township 26, range four and the SW 1-4, section 12, township 25, range 4.

A few months later, March 13, 1871, Cassen Stockwell sold three eighths to Charles Murphy for \$960. They were the SW 1-4 and west half of the SE 1-4 section 25, township 26, range 4.

The first real estate mortgage recorded was given on November 25, 1870, when James Armour of Woodbury county loaned Weare and Allison \$400 at ten per cent on the NE quarter of section 32, township 26, range 3.

C. E. Hunter was recorder of these transactions. He for a number of years was postmaster of Wakefield.

Value Now
The Federal estimate of land values for 1927, places Wayne county at an average value of \$151.41 per acre. It is assessed at \$110.60 per acre indicating that it has increased from two to three dollars annually, per acre.

Only one Nebraska county has more cultivated land according to size. Hamilton has 79 per cent under cultivation and Wayne has 78 per cent.

Many Renters

Only 39 per cent of the land in Wayne county is farmed by owners according to the bulletin, 61 per cent being operated by renters.

KEEPING A CHECK ON TAXES

Twelve cents go for taxes of one kind or another out of every dollar of income received by the American people. So declares Senator Copeland of New York, and he thinks it is too much. It is a plenty, at least. What is a fair amount will never be settled exactly as long as the desire lives in us to have more and live better and faster. But taxes, like a runaway horse, require keeping tight hold of the lines. We should have a good number of men in public office who will keep check on what we pay to run our government, says the St. Louis Live Stock Reporter. Senator Copeland, who is a member of the senate committee on appropriations, advocated a study of all the departments and agencies of the federal government to ascertain means of effecting economies. "The expenditures of the federal government for one year, as appropriated for at the last session of congress, amounted to the astounding total of approximately \$5,000,000,000," he stated. "Then add to these figures \$1,000,000,000 of expenditures by the states and \$5,000,000,000 more by the municipalities and localities throughout the United States and you get a total of approximately \$11,000,000,000 of taxation of the American people for one year alone. Our income, all the earnings of the American people, amounted last year to somewhere in the vicinity of \$90,000,000,000. President Coolidge evidently has had his mind on the 12 cents. He announced last week that he will veto all appropriation bills at the next session of congress which are in excess of governmental income."

HOSKINS FEEDER TOPS SIOUX CITY MARKET, MON.

Stamon Strate, Hoskins, who is one of the heavy feeders of that part of the county, passed through Wayne on his way home from Sioux City Monday evening with a bulging wallet.

Mr. Strate topped the cattle market there that day with a bunch of cattle that he had been feeding for many months, when he got an even 17 cents per pound.

The cattle were some he bought in Colorado about a year ago and were some of the best he ever fed. They were high when he bought them, he admitted, and it took some nerve to put them in the yards and feed them the high priced corn, but he took the chance and came out on top.

He admitted that feeding looks even more dangerous this year, and he is on the fence, as to what to do, but will probably start another bunch soon.

DIET FOR THE MIND

A diet for the health of the body has been in practice for years, but a diet for the mind has just begun to be considered seriously. In the midst of the tremendous literacy of this country, the ever growing abundance of books and periodicals, mental glutony has been given the opportunity of filling the mind to repletion, says the Columbia Missourian. A mind overweight has all the defects of a body overweight. It becomes listless and cross. Action and exercise of a mental nature cannot be sustained. There is an eagerness to throw off odd ideas for new. New ideas are necessary to keep the mind alert but too many new ideas may cause the mind to become sluggish. The mind must have exercise in order to keep mentally fit. An idea obtained through reading should not be accepted without some mental effort. It should be examined by hard thinking in order to exercise every mental muscle. If once this method of training is adopted it will be found that a sluggish mind will gradually become more and more alert until it is able to cope with difficult problems with great alacrity.

WAKEFIELD LOSE TO M. W. A. IN VERY CLOSE GAME, SUN.

In one of the best games of the season the local Woodmen sandloters nosed out the Wakefield aggregation on the latter's field last Sunday, in an eleven inning battle.

It was a pitcher's battle from the start with Sund getting the best of the argument with Coe of Wakefield in a three to two score.

Neither team scored until the sixth when each forced a run over the plate each scored another in the seventh.

From then on until the "lucky eleventh" it was a battle royal. Lenzen opened the final inning with single which was followed with a safe single by Heine and Lutt, which coupled with an error let the local manager come romping home to settle the dispute.

The local team will play Altona here at the Kay grounds Sunday.

HEAD BADDY CRUSHED UNDER CORN BINDER

Wm. Sandow, Holt county farmer, was instantly killed last Wednesday when he was run over by a corn binder which crushed his head, according to news reports.

Apparently he had stepped from the binder and the horses frightened. It is reported, ran down the field and turned around and started back. Sandow, it is thought, attempted to stop them and was knocked down and run over.

He was 63 years old and lived south of Butte. His wife and six children survive him.

MYSTERIOUS DEATH CASE GOES TO DISTRICT COURT

Leonard Harberer, who is in the county jail at Cener, was bound over to district court in a preliminary hearing last week and ordered held on a \$3000 bond which has not been raised.

He is charged with being responsible for the death of John Hellman on an island opposite Yankton a few days ago. The two are reported to

have been drinking and quarreled. Harberer claims the death was accidental. He said he ran over him in the dark with his car without seeing his victim.

WM. BUETOW UNDERGOES OPERATION HERE FRIDAY

Wm. Buetow, of Wayne, underwent a major operation at the local hospital last Friday evening, and according to reports is recovering nicely. Mr. Buetow, it is reported, has been suffering for several months, and was taken to the local hospital last Friday, where he underwent the operation that evening.

SHERIFF'S SALE

By virtue of an Order of Sale, to me directed, issued by the Clerk of the District Court of Wayne County, Nebraska, upon a decree rendered therein at the April 1928 term thereof, in an action pending in said court wherein Charles Doering was plaintiff and G. H. Young, et al were defendants, I will, on the 1st day of October, 1928 at 10 o'clock a. m., at the door of the office of the Clerk of said Court, in the court house in Wayne, in said

county, sell to the highest bidder for cash, the following described real estate, to wit: The Southwest Quarter of Section Twenty-six (26) and the Northeast Quarter of Section Thirty-five (35) all in Township Twenty-seven North Range Three, (3) East of the 6th P. M., Wayne County, Nebraska, to satisfy the aforesaid decree, the amount due thereon being \$56,983.04 with interest at 10 per cent from July 28th, 1928, and costs and accruing costs.

Dated at Wayne, Nebraska this 28th day of August 1928.

A. W. STEPHENS, Sheriff.

ORDER OF HEARING ON ORIGINAL PROBATE OF WILL.

The State of Nebraska, Wayne County, ss.

At a County Court, held at the County Court Room, in and for said County of Wayne, on the 16th day of August, 1928.

Present, J. M. Cherry, County Judge.

In the matter of the estate of John G. Grimsley, deceased.

On reading and filing the petition

of Dora C. Grimsley, praying that the instrument filed on the 16th day of August, 1928, and purporting to be the last Will and Testament of said deceased, may be proved, approved, probated, allowed and recorded as the last Will and Testament of said John G. Grimsley deceased, and that the execution of said instrument may be committed and that the administration of said estate may be granted to Dora C. Grimsley as Executrix.

ORDERED, That September 7, A. D. 1928, at 10 o'clock a. m., is assigned for hearing said petition, when all persons interested in said matter may appear at a County Court to be held in and for said County, and show cause why the prayer of the petitioner should not be granted; and that notice of the pendency of said petition and the hearing thereof, be given to all persons interested in said matter by publishing a copy of this order in the Nebraska Democrat, a weekly newspaper printed in said County, three successive weeks prior to said day of hearing.

(Seal) J. M. CHERRY, County Judge.

WAYNE MARKET REPORTS

Following are the market prices quoted us up to the time of going to press Thursday:

Corn\$.82
Oats32
Eggs26
Butter Fat41
Cocks08
Hens21
Springs25
Hogs\$10.50 to \$11.50

Down at Omaha they must cut their school expenses \$75,000 or follow the example of the state, and go in debt.

According to newspaper reports, there just now appears to be spasm of law enforcement. It seems that the worst attack was in Philadelphia where the order went out to close certain shops for the retail of liquor, and other immoral places, with the result that more than 100 places of that character were closed in a single day. Wonder why that order was not issued years ago?

Uncle Sam's national debt increased \$121,771,190 in the month of August, and the other treasury report showed a deficit of more than \$90,000,000 for the year thus far. It is well that the administration is practicing economy, or the ship of state would be hopelessly swamped with a burden of debt. August 31, the national debt totaled \$17,657,939,660, according to the report of the treasurer of the United States.

A BIGGER JOB

Just what the outcome of the Cain versus Sorensen dispute will be is hard to realize, but one thing is certain, Mr. Cain, retiring state commander, abused a Legion trust when he took advantage of the honor accruing to him as such to flay a personal enemy. One thing the Legion has always done, or at least aimed to do, and which has often been made difficult because of men like Cain, is to keep out of politics.

Perhaps Cain is not at fault, and possibly his accusations were true, but someone erred—for although the Legion tabled a report introduced at the state convention it got into the press and for this either Cain or the Legion is responsible, and the organization is held as taking a stand against Sorensen, and has gotten mixed up in partisan politics to that extent.

We believe that either Mr. Cain is responsible to the Legion for creating the impression that they are opposed to Sorensen, or the Legion has at last broken its honor of keeping out of political disputes.

Those who really served their country during the World-war crises, are big enough to know that little partisan disputes amount to too little to be the subject of the Legion's disrepute.

PLUS WHAT?

Now along comes the Iowa-Nebraska Power Company and offers the city dads electricity delivered here at what on the surface seems a very low rate—two and one-half cents per kilowatt for the first 100,000 and one and three-quarter cents each for all additional.

The proposed contract would be in effect for a period of ten years, and after that—what?

The power companies are "foxy". Perhaps they are willing to sacrifice, a little now to get an even tighter grip later—they now have virtually a strangle hold on electric power.

They have worked every conceivable ruse throughout the nation to get control. Possibly they are looking ahead when they make what appears a reasonable offer here.

Before the public or the council approve of the offer they should very carefully investigate the proposal. Unless the saving of such a change would be considerable, and unless a reasonable guarantee that the agreement upon termination can be renewed at a fair consideration, then it surely would be folly to discontinue the municipal plant.

According to the proposed contract Wayne would pay for 100,000 kilowatts each month. As only about 70,000 kilowatts are consumed in that time the city would in reality be paying considerably more than a two and one-half cent rate.

Very likely if the proposition is carefully weighed from all angles it

will seem wise to turn it down. Wayne is fortunate, in having a council who are accustomed to solving business problems for themselves, and they will undoubtedly meet this one in a way that will prove to be wise, in the long run.

SELF SUPPORTING PLANT

Fremont Tribune: Fremont has one of the most successful municipal light and water plants operating anywhere in the United States. It is not only self-supporting, but it is so economically operated by the present board of public works that it offers to the people of the city, light, power and water at a low and advantageous rate.

The Fremont plant has been thriving despite the fact that privately owned and controlled companies are extending lines to nearby towns. The lines are coming close to the city and the board of public works foresees an attempt on the part of a private company to buy the Fremont plant in the near future.

To educate the people concerning the operation of the local plant and its value to a private concern, the board of public works is publishing advertisements at intervals in the Fremont Tribune. The first was published last Saturday.

The board of public works attempts to show its customers that a power company could offer a figure which would seem exorbitant for the Fremont plant and profit by it. Power companies are in business for profit, not to be philanthropic as they sometimes lead voters to believe by their offers.

Customers of the Fremont plant should take pains to read the ads of the board of public works that they may meet the issue intelligently should they be called upon to vote on one of these seemingly generous offers in the near future.

A REFUGE FOR TIMID DOLLARS

Since it was established the postal savings system has received deposits of \$1,550,000,000, of which over \$160,000,000 remains on deposit. And the interest rate is only 2 per cent! "The Postal Savings System has been called a refuge for the timid," says a government official. "Experience shows that such individuals want no less a security than the faith of the government for the following reasons: Bitter experience, disturbed local conditions, inborn fear, lack of business training, familiarity with foreign systems of postal savings, and lack of acquaintance of the moving public with local institutions. One is far afield who views the United States postal savings system as solely an institution for the foreign-born. We pick up sleeping funds here a little and there a little, which aggregated into lumps, are deposited in banking institutions of the business world in the spirit of helpful co-operation." At the outset some bankers were inclined to look upon this venture as unjustified government competition. But that feeling no longer exists. It is recognized now as a means of bringing out funds beyond the reach of ordinary banks, and it is a service that should and no doubt will be continued.

\$5,000,000 WISELY USED

John D. Rockefeller, Jr. is restoring the old town of Williamsburg, Virginia. He has donated five million dollars for this purpose.

The wisdom and gracefulness of this donation should be shouted from the roof-tops! Think of it! One individual giving five millions of dollars for the common cause of beauty. Rockefeller is saving beauty from decay and is perpetuating historical monuments. He is doing something fine and noble for the Soul of America.

The old Colonial houses of Williamsburg, Virginia, with their wide chimneys and fan-windowed doors, were rapidly going to ruin.

Ugliness was born of the war munitions era.

Now the city, which was once the seat of American government, is to be reproduced just as it was a hundred years ago. The buildings of historic William and Mary College are to be restored. The old Capital building will be rebuilt. Even the pavements and street lamps will be made to look as they did in the old days.

When the renovations are completed in the town, it will be possible to see the actual places where immortal words were said and where immortal documents were signed.

The gratitude of all Americans is due Mr. Rockefeller for his inspiring and public-spirited gift.—Cedar Co. News.

The evil of drink is not the only one we should give national attention. What we eat, when we eat, and how we eat are great factors in prolonging life and retaining health; too many of us fail to recognize the fact until much too late. A case of locking the hen roost after the night prowler has robbed the perches. Our schools should stress more and more on diet and its effects.

How Much Water Should Baby Get?
A Famous Authority's Rule
By Ruth Brittain

Baby specialists agree nowadays, that during the first six months, babies must have three ounces of fluid per pound of body weight daily. An eight-pound baby, for instance, needs twenty-four ounces of fluid. Later on the rule is two ounces of fluid per pound of body weight. The amount of fluid absorbed by a breast-fed baby is best determined by weighing him before and after feeding for the whole day; and it is easily calculated for the bottle-fed one. Then make up any deficiency with water.

Giving baby sufficient water often relieves his feverish, crying, upset and restless spells. If it doesn't, give him a few drops of Fletcher's Castoria. For these and other ills of babies and children such as colic, cholera, diarrhea, gas on stomach and bowels, constipation, sour stomach, loss of sleep, underweight, etc., leading physicians say there's nothing so effective. It is purely vegetable—the recipe is on the wrapper—and millions of mothers have depended on it in over thirty years of ever increasing use. It regulates baby's bowels, makes him sleep and eat right, enables him to get full nourishment from his food, so he increases in weight as he should. With each package you get a book on Motherhood worth its weight in gold.

Just a word of caution. Look for the signature of Chas. H. Fletcher on the package so you'll be sure to get the genuine. The forty-cent bottles contain thirty-five doses.

LOCAL AND PERSONAL

L. A. Fenske and family were Norfolk visitors Sunday.

Mr. and Mrs. Oscar Wallers spent Sunday in Omaha visiting with relatives and friends.

Mr. and Mrs. W. K. Smith returned Monday from a trip to the Black Hills. They had a cabin at Hisege, where they enjoyed a two weeks stay.

Miss Elsie Carhart entertained at a one o'clock bridge luncheon last Thursday, with guests for six tables. Helen Feiber and May Carhart won the prizes.

Beulah James, who teaches in Council Bluffs, Iowa, left on the afternoon train, Friday, to assume her duties there when school opened the first of this week. Irma James left the same day for Sioux City, where she teaches. Her father took her over.

A baby boy, the twelfth son and the fifteenth child in the family, was born to Mr. and Mrs. Richard McGuire of Wisner last Tuesday, August 28. The same day the ninth daughter of a family of twelve children was born to Mr. and Mrs. S. F. Meeske of the same city.

Cella Rennick, daughter of Mr. and Mrs. James Rennick, arrived here from Arizona Saturday and will spend several weeks with relatives and friends. She has lived in Arizona for several years, finding that climate beneficial to her health. She is looking very well.

Mrs. W. R. Martin of Enola, mother of Mrs. E. H. Dotson, spent the week end with her daughter and family here. Sunday she accompanied the Dotson family to Laurens, Iowa, they taking Mary Jane, daughter of Dr. Dotson to her home, following a three weeks visit here.

H. E. Radtke and wife of Newport, who spent the week at the L. C. Gildersleeve home returned to their home Monday evening. Mrs. Radtke is a daughter of Mr. and Mrs. Gildersleeve, and came down to visit with the mother and sister, who recently returned from a trip abroad.

Anna Reeson, oldest daughter of Mr. and Mrs. John Reeson who live northeast of West Point, fell off her steed while out horseback riding last Sunday and suffered a crushed ankle as a result of the horse stepping on it. She was accompanied by her sister at the time, who summoned aid.

A number from here were Norfolk visitors Monday, going over to see the display of Ford airplanes shown at the flying field. Those who wanted a ride were accommodated, providing they cared to part with the necessary cash. Two dollars and a half for a flip in the small plane and five dollars for one in the large plane.

The council of Niobrara Presbytery met at the Presbyterian church Tuesday of this week. There were present Dr. B. M. Long, of Pender; Rev. Irwin G. Smith, Stated Clerk; Rev. A. P. Cooper of Wakefield; Elder H. B. Ware of Wakefield; Elder J. H. Kemp; Rev. J. I. Elrod of South Sioux City and Rev. Fenton C. Jones. The program for the Fall meeting to be held at South Sioux City, September 18-19 was planned.

Snappy fall hats from \$2.95 up at Gambles.

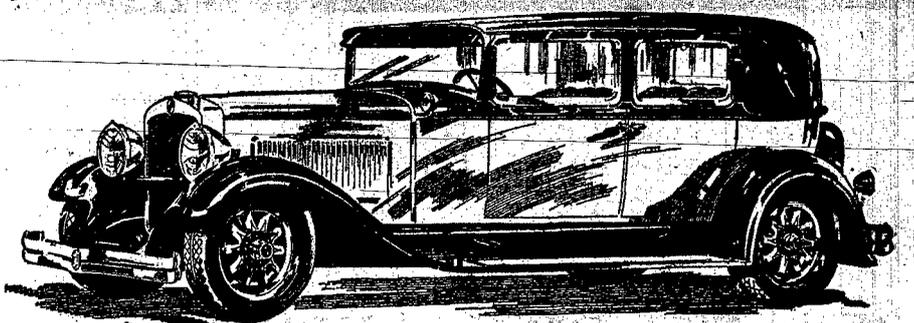

The Izaak Walton league at Verdigr are starting work on a park project, that promises to develop into one of the finest in the state in a few years, it is claimed. A large lake that is far enough from any creek to be free of the hazards of high waters during floods is being dammed up. A number of springs furnish water for the project, which will be stocked with a variety of game fish. They are working in co-operation with state game departments.

Insufficiently cured hay which heated and ignited is blamed for the fire which destroyed a barn, three head of horses, a wagon, three sets of harness, 300 bushels of grain, a quantity of hay and other items, with a total loss estimated at \$2,500, on the Luxa farm near Stanton, which Frank Kulisek was operating. The fire started at night and had gained such headway before it was discovered that only the car which was kept in a side shed was gotten out. The loss is partly covered by insurance it is reported.

R. A. Dawson and family visited with Mrs. Dawson's parents, Mr. and Mrs. Hermon Mildner, Sunday. They recently returned from New York, where Mr. Dawson attended the Columbia university during the summer, completing his work for a Masters degree. They spent a couple of weeks returning, visiting the Niagara Falls, and spending some time in Wisconsin with a sister of Mr. Dawson. They made the 4,200 mile trip without a mishap except for running out of gas between Wakefield and Emerson, which was more aggravating than serious. They found the cost of living very high in the east, and many without work.

Music seems to be the dominate feature in the Orpheum programs at Sioux City for the week of September 9th. The bill for the first half of the week by Ken Howell's Collegians who make jazz pay a handsome tribute to things musically. The boys dress in the accepted college style, play well, and introduce several singing numbers. Ed and Tom Hickey call themselves "Two Elegant Gentlemen". They are dancing funsters and a variety of eccentric steps are tied together with a fast line of comedy patter. The photoplay is "The Butter and Egg Man" and features Jack Mulhall in a riot of comedy and romance. Leading the bill for the last half of the week are Brawn & McGraw and the Cotton Club orchestra, an aggregation of talented colored artists who offer "New Rhythm". Joe Marks and Company in "Then The Fun Began" and other big Keith-Albee-Orpheum vaudeville features complete the bill. Laura LaPlante is featured in the photoplay "Home James", a cleverly produced satirical comedy. The new orpheum has recently instituted a new schedule policy, whereby four complete vaudeville shows will be given on every Sunday and holiday in order to more capably handle the large crowds. The time for these has been set for 2:30, 4:45, 7:00 and 9:15.—adv.

Makes driving safer

QUICK response when you step on the gas—instant, strong acceleration—power to jump past the car ahead—speed to avoid a reckless driver dashing out of a side street—that's what uniform, balanced Red Crown Gasoline provides. Its use makes driving safer. It has remained Nebraska's favorite motor fuel for a generation. It is the highest grade of refined gasoline.

To eliminate gas knocks and power loss due to high compression caused by carbon, and to meet the needs of the new high compression motors, use genuine high compression fuel—RED CROWN ETHYL GASOLINE. This improved fuel is a combination of always-reliable Red Crown Gasoline and Ethyl Brand of Anti-Knock Compound. It gives motors smoother operation and more power—more responsive, more obedient power. Try it in any motor. Costs a bit more by the gallon but less by the mile.

For motoring economy and satisfaction buy gasoline and motor oil where you see the Red Crown Sign—the sign of quality products and prompt, courteous, obliging service everywhere in Nebraska.

These two Quality Fuels meet all Motor Needs

ATTACKED BY MAD BOAR AT CUMING COUNTY FAIR

G. S. Maurits, prominent hog man of near Lyons, was attacked by a boar at the Cuming county fair last week and was badly cut on his thigh when the enraged animal struck him with his tusk. The hog had been taken out for judging and was being driven back to its pen when he attacked Mr. Maurits, according to reports.

A Job of Eternal Pioneering

A telephone is ordered today. It is needed now. The telephone user desires service at once.

Because telephone engineers estimated years ago the number of people who would want telephone service in this particular locality and what their requirements would be, the facilities are ready to provide service.

When an order is received, the necessary wires, switchboard, telephone and other mechanism needed in furnishing the desired service are ready. This practice of providing for telephone service in advance of the requirements is followed insofar as practicable.

Planning today for future telephone needs increases the value of your service because it helps to bring additional people within reach of your telephone at the earliest possible moment.

NORTHWESTERN BELL TELEPHONE COMPANY

NEW HOTEL WILL OPEN ABOUT OCT. 1, REPORTED

According to reports of a board meeting held by the directors of the local hotel company the new hotel under construction will be opened about the first of October.

The directors voted to call the new place The Stratton, in honor of Mr. Stratton, who will operate it, and whose efforts are largely responsible for the new place being built.

Definite date of opening could not be determined as it is impossible for the contractors to say when the work of finishing will be completed.

They plan to begin laying the carpets and equipping the rooms on the

second floor next week, and will do so in the other rooms as they are finished.

The new hotel will offer travelers up-to-date accommodations and will be an asset to the city, it is believed.

All rooms are furnished with running water, hot and cold. Sixteen of them will have baths. There are four two room apartments, equipped with a kitchenette.

FALLS THROUGH WINDOW GIRL'S NECK IS BROKEN

Joy Albertson, the three year old daughter of John Albertson of Pender, while visiting near Randolph with her grandmother last week fell through a second story window and broke her neck.

The little girl's father, who was not at home at the time of the accident, collapsed when he received the news, and was not able to return for some time. The girl's mother died a year ago.

WORLD WAR VETERAN GOES TO SIOUX FALLS HOSPITAL

Wm. Harrell, who with his family moved here from Blairsville, Pennsylvania, a few weeks ago and has been living in the south part of Wayne left for the Veterans hospital at Sioux Falls, South Dakota, Monday, where he is to receive medical attention.

Mr. Harrell lived here for several years some years ago, going east about four years ago and returning this summer. He was employed by Harvey Miner, it is reported.

He has been unable to work this summer because of ailments contracted during his service in the World War, according to reports, for which he will receive treatments at the Veterans hospital.

BELDEN MAN KILLS SELF WHILE SHOOTING RATS

B. F. Roland, 68, widely known resident of near Belden accidentally shot and killed himself while out shooting rats in a shed near the house, last Wednesday.

The gun was discharged a few minutes before he was cleaning it in the house, tearing a big hole in the cupboard, it is reported, and he was urged not to use it.

It is thought that he stood the gun up against the shed and leaned over to look under it, and that the gun fell down and was discharged by the jar.

He is survived by his wife and five daughters, all of whom are married and live in Belden and nearby towns.

PROMINENT WAKEFIELD MAN EXPIRES SUDDENLY

Henry Collins, retired merchant and banker of Wakefield, died very suddenly last Monday, August 20, of heart failure. Funeral services were held Thursday with six nephews acting as pall bearers.

Collins was one of the first business men of Wakefield, and for many years was president of the First National Bank of that place. He is survived by his wife, four daughters and two sons. He was sixty-eight years old.

EIGHTY MILES "PER" AND DOES IT EASY

All "Doubting Thomases" who are sure that an automobile can't go eighty miles an hour, will have to change their contention if they have the nerve to hold the throttle open on the new Advanced Nash, according to a number who were given a demonstration here Saturday by Mr. Harrison who is representing the Omaha distributor.

Joe Baker, local dealer, unloaded a car of these new speed demons Saturday, the first to be shown here since the changes.

Mr. Harrison, was driving one of the advanced sedans, when he gave Wayne citizens the thrill of their lives. The car zipped along at sixty, without the least bit of effort, they said, and went up to eighty very quickly.

RENNICK HAMPSHIRE WIN MANY FAIR PRIZES

Ed Rennick, son of Mr. and Mrs. Jim Rennick of Wayne, has been winning many ribbons at a number of fairs, where he has been showing the past few weeks according to reports.

He was champion ribbon getter at the Iowa state fair and the Stanton county fair and this week is showing at Lincoln, it is reported, and planning to attend the Wayne fair next week.

Mr. Rennick lives twelve miles south of Wayne, and has been a prominent hog raiser for several years.

"TED" NORTH PLAYERS HERE ALL NEXT WEEK

To Be Official Night Attraction On Fair Grounds.

In securing the "Ted" North Players as the official night attraction on the grounds during the Wayne County fair the officials of the fair association are confident of being able to offer the patrons of the fair the best company of it's kind now touring this section. They have recently played the fairs at Stanton and West Point and it is upon the recommendations of the secretaries of these two fairs that they have been brought here for the Wayne County fair.

While the fair does not open until Wednesday the engagement of the North Players will start Monday night on which occasion the offering will be a new comedy by Chas. F. Harrison entitled "She Wanted The Moon" high class vaudeville will be presented between the acts and music will be furnished by The Kansas City Ladies orchestra under direction of Miss Pearl Roemer.

The plays and vaudeville will be changed at each performance. The prices will be twenty-five and fifty cents and there will be no extra charge for reserved seats as the North Company carries individual chairs for each patron and there is no extra charge for them.

On Monday night only one lady will be admitted free with each paid adult ticket. On Monday and Tuesday nights the performances will start at eight fifteen. During the fair performances will start immediately after the free acts finish.

Other well known productions to be seen during this engagement are "Up In Mabel's Room" "The Prince In Overalls" "What Every Woman Wants" "Why Wives Worry" and "She Got What She Wanted". Vaudeville will be seen between the acts at all performances.

The company this season is headed by "Ted" North and Marie Peters who are supported by a very capable cast of players including Arthur Kelly and Barney Wolfe.

FIVE WAYNE FIREMEN AT ANNUAL MEETING

Five local members of the fire department, Martin Ringer, Harry Burnett, Chas. Reese, Ray Larson and John Soules, attended the third annual meeting of the Northeast Nebraska firemen at Emerson Monday.

The local members, who attended as delegates, report a very satisfactory meeting and that Emerson proved a very hospitable host to the 135 delegates from twelve northeast Nebraska towns, who registered.

"The time to put out a fire, is before it gets started" was the theme of a talk given by the principal speaker at two o'clock.

The Hartington and Emerson bands furnished music during the afternoon and evening. A parade was held in the afternoon.

A sumptuous banquet was given at the Odd Fellow hall in the evening at which the delegates were guests of honor to the Emerson department. The Lutheran church ladies assisted with this dinner.

A program of twenty rounds of boxing was given at the opera house following the banquet, after which a dance was held.

At the business meeting Bloomfield was selected as the place for next year's meeting of the fire fighters.

SHERIFF'S SALE

By virtue of an Order of Sale, to me directed, issued by the Clerk of the District Court of Wayne County, Nebraska, upon a decree rendered therein at the April 1928, term thereof, in an action pending in said court wherein Charles Doering was plaintiff and Charles Phillips, et al were defendants, I will, on the 1st day of October, 1928 at 10 o'clock a. m., at the door of the office of the Clerk of said Court, in the court house in Wayne, in said county, sell to the highest bidder for cash, the following described real estate, to wit: The East half of Section Twenty-six (26) Township Twenty-seven (27) North Range Three (3) East of the 6th P. M., Wayne County, Nebraska, to satisfy the aforesaid decree, the amount due thereon being \$59,427.90 with interest at 7 per cent from July 28th, 1928, and costs and accruing costs.

Dated at Wayne, Nebraska this 28th day of August 1928.

A. W. STEPHENS, Sheriff.

Read the advertisements.

WE THANK YOU . . .

Last week marked the end of our fifth year of business in Wayne, and as we enter our sixth year, we are mindful of our obligation to the public.

The steady increase in business from year to year has been a gratification to us gratifying because we know that such growth is possible only when customers are fully satisfied.

We have always tried to express our appreciation for your business by giving the best possible service, at the lowest reasonable cost. This plan will be continued throughout our sixth year in Wayne. In fact we hope to make it even better.

We Thank You.

OMITTED SUBJECTS

Sholes, Nebraska, August 25.—To the Editor of The World-Herald: I want to ask a little space in your valuable columns to say that I am a democrat of 69 years' standing, and I think Al Smith's speech of acceptance was a wonderful message to the American people so far as he went. But he failed to mention anything about the two most important principles of interest to every man, woman and child from the Atlantic to the Pacific, and from Canada to Mexico. That is religion and education. We must have reverence. Therefore we must educate.

HERMAN OGDEN.

PROSPECTS (Life)

Aunt—So you're going to college? I suppose you will start in as a freshman?

Nephew—Freshman nothing. My pretty near owns that college. He ought to be able to get me a good position as vice-president of the senior class.

We often get up in the morning feeling like a trust fund and go to bed at night feeling like a petitioner in bankruptcy.

Although the Bigger and Better Chevrolet offers elements of beauty never before thought possible in a low-priced automobile... although it offers the features of advanced design and completeness of detail demanded in the world's finest cars... one of the fundamental reasons for its tremendous success is found in its amazing performance—

—so smooth, so powerful and so unfailingly dependable that it has literally captivated more than three-quarters of a million buyers since January 1st!

Come in and drive this sensational car! Drive it as long and as far as you like—in traffic and on the road. We know that you'll say that no other automobile in all the world can give you so much—at prices so amazingly low!

CORYELL AUTO COMPANY
Wayne, Nebraska

QUALITY AT LOW COST

LOCAL AND PERSONAL

Clarence Sorensen and family attended the state fair the first three days of the week, and report that it was a delightful experience.

Mr. and Mrs. Chas. Hrabak, father and mother of Howard Hrabak of Wayne and Mr. and Mrs. Geo. Stockman were guests at the home of Mr. and Mrs. Hrabak Tuesday. Mrs. Stockman is a sister of Howard.

Clifford Ebert, nephew of Frank Gamble who has been working here this summer left for his home at Council Bluffs, Iowa, the first of the week. He will return to the Iowa university at Ames about the 25th of this month, where he has been studying for some time.

Mrs. Carroll Orr and children are spending a few days in Omaha at the home of Mrs. Orr's parents, Mr. and Mrs. E. Kostomlatsky, who moved to that city from here this spring. Mr. Orr spent the first of the week in the city with the family, but had to return because of his father being called out of the city.

A number of young people met last Friday evening at the parsonage in honor of Miss Lucile Norton and Miss Edith Downing. The gathering was of the surprise nature. The time was spent in playing of parlor games. Pleasing refreshments were served by the hostesses Mrs. A. C. Norton and Mrs. A. C. Downing.

The employees of the Wayne Mound Works and their families were guests of Mr. and Mrs. C. O. Mitchell Saturday evening, September 1, at a 6:30 dinner, the occasion being Mr. Mitchell's birthday. Mrs. Mitchell served a three course dinner and the evening was spent talking shop and planning work for the fall trade.

E. F. Germar, who with wife and children, has been spending a vacation month in travel and visiting, returned Tuesday evening. Mr. Germar tells that they had a very fine time, visiting at Denver, Colorado Springs and other points of interest in Colorado, and then going to Utah, visiting Salt Lake and taking a dip in the lake. They also spent a few days visiting relatives in southwestern Iowa. While he was not out as a crop reporter, he said that southwestern Iowa had a good crop of corn developing, and a half a crop of apples in territory east of Council Bluffs.

Shell Gas creates power. Weber's Filling Station.

Mrs. H. Henney was a passenger to Sioux City Wednesday, for the day. J. D. Claussen from Anaheim, California where he moved about five years ago, greeting old friends and repaying a visit to his brother J. H. who spent a part of last winter at his California home. Mr. Claussen from the west, reports that this country is—or was—looking fine when he came, but that the dry, hot weather has changed that prosperous appearance in some places. He is planning to return in about a week or ten days.

WAYNE PEOPLE RETURN FROM EUROPEAN TRIP

Mrs. W. H. Gildersleeve and daughter Wilma returned the last of the week from a nine week trip that took them through eleven countries of Europe.

They were members of a party traveling in a conducted tour through the Guild Travel Bureau and therefore were with the same people during the trip, and became acquainted with a number of friends.

They enjoyed the entire trip which requires 84 days and took them through Ireland, Scotland, Wales, England, Belgium, Germany, France, Italy, Switzerland and Holland.

They landed at Queenstown, Ireland, and report that the entire trip was filled with new and enjoyable experiences. The trip up the Rhine was greatly enjoyed.

They liked Paris better than London, they intimated, finding it to be a much cleaner city. They were impressed with the hospitality of the Italian people, who were more courteous and friendly than the other peoples, they thought.

Farm crops were good except in southern France and northern Italy, where it had been very dry.

They spent a few days in Switzerland before starting on the trip home, and appreciated the rest, after the hard trips. The water was smooth on both journeys across, and they crossed in a day less than regular schedule.

MORE MONEY AND LESS WORK FOR THE FARMER

Certified Registered Grimm Alfalfa seed farming in the Black Hills District of South Dakota produces the largest returns with less work than any other class of farming.

You can also raise any other crops that are produced in the North Central States.

For complete information, write J. C. Milne, Colonization Agent, Chicago & North Western Railway 226 West Jackson St., Chicago, Ill.—adv.

Sholes News

Mr. and Mrs. Lou Brown and sons Warrnie Herbert and Wilbur of Elmwood, visited with Mr. and Mrs. Ralph Pickering Thursday and Friday.

Mrs. Glade McFadden and children Will Grempe and Milo Feddern of Simon, Colorado and Mr. and Mrs. Howard March of McLean visited at the W. J. May home Sunday.

Mr. and Mrs. Herman Haleen, and family from Wausa visited with Mr. and Mrs. C. L. Robins and family. Mr. George Carlson and Melvin Miller visited the Frederick and Simmons homes at Randolph Sunday.

Geo. Carlson and sister Ellen left Tuesday evening for Fremont for a visit with their brother Oscar Carlson and family.

Mrs. H. J. Lenzen and son Wilford and Mr. and Mrs. Jos. Pinkelman and daughter Madaline attended the funeral of Jos. Noecker at Bow Valley Tuesday morning. Mr. Noecker was the oldest son of John Noecker former county commissioner of Cedar county.

A large moving van from the I-Gio Van and Storage Co. of Omaha came up Monday evening and trucked Mrs. Dot Burnham's furniture to Omaha Tuesday.

The Misses Isom and Brachen have started housekeeping in Sholes again. These young ladies are teachers in the Sholes school.

Mrs. G. D. Burnham and daughter Freddie left for Omaha Wednesday where they expect to make their home.

Mr. and Mrs. Matt Paltz moved into the J. L. Beaton house Monday which was vacated by Mrs. Dot Burnham. Mr. and Mrs. Glade McFadden of Limore, Colorado, will move into the house vacated by Mr. and Mrs. Paltz.

The Burnham sisters all left for schools the latter part of last week Misses Ethel and Bernice to Sioux City, Mary to Table Rock and Velma to Lynch.

George Carlson of Fremont arrived here Friday for a visit.

DID YOU KNOW

That George Washington was the only President who was elected unanimously

That Presidents Washington, Jefferson, Madison, Jackson, Fillmore, Benjamin Harrison, Wilson and Harding married widows?

That the only two signers of the Declaration of Independence who became Presidents of the United States—John Adams and Thomas Jefferson—died on the same day, July 4th, 1826, fifty years later?

That when John Quincy Adams became President, all of his predecessors, except George Washington, were living?

That Andrew Johnson's wife taught him to read after they were married?

That George Washington was the richest President of the United States—although Theodore Roosevelt's income was larger?

That Theodore Roosevelt was awarded the Nobel Peace Prize of \$40,000 for his influence in bringing to an end the Russo-Japanese War in 1905, and that in 1920 the prize was awarded to Woodrow Wilson for his labors in behalf of World Peace?

That U. S. Grant had always been a Democrat until he was nominated and elected President by the Republicans in 1868?

That Franklin Pierce's Secretary of War was Jefferson Davis—afterward President of the Southern Confederacy?

That Presidents Washington, Madison, Jackson, Polk, Buchanan and Harding were childless?

That James K. Polk was the first presidential nominee to be notified of his nomination by telegraph?

That George Washington refused to become a candidate for a third term?

That Presidents John Adams, Garfield, Arthur, Cleveland, McKinley and Wilson in their early years were teachers?

That Thomas Jefferson, in 1783 while a member of Congress organized under the Articles of Confederation, originated the decimal system of currency for this nation?

That the official salute of the President of the United States is twenty-one guns?

That Abraham Lincoln was six feet, four inches tall—two inches taller than George Washington?

That James Madison was the author of the first ten amendments to the Constitution of the United States?

That when the Civil War broke out Presidents Van Buren, Tyler, Fillmore Pierce and Buchanan were still living?

That John Adams lived twenty-five years after completing his term of office as president?

That James Buchanan's fiancée died before the date set for their marriage, and that he remained true to her memory through his life?

That "A" Smith is our next president.

No evening services.

THAT KIND OF A WOMAN
(Ohio State Journal)

She is the kind of woman, we said in our bitterly intolerant way, that thinks you can hear a little better over the radio if she adjusts it some more, though you're hearing perfectly already.

THERE is nothing that has ever taken the place of Bayer Aspirin as an antidote for pain. Safe, or physicians wouldn't use it, and endorse its use by others. Sure, or several million users would have turned to something else. But get real Bayer Aspirin (at any drugstore) with Bayer on the box, and the word genuine printed in red.

There seems to be one good thing to credit to the coming campaign—we now know with which political organization to list Herbert Hoover and Henry Ford. For the past decade they did not seem to know which way to jump from a fence top.

While visiting in Nebraska City last week we discovered that the Nebraska City Daily News Press has a Hodgepodge, space in which Editor Sweet spells out a bit of good local dope—some of it with a real kick in it, according to copy of the paper we saw, nor was that all of the good things in that issue.

KEEP THE HOME SAFE!
That great American humorist, Mark Twain, once hit on a "big" idea. "The majority of persons," he wrote "die in bed. Therefore, to preserve my life, I spend as little time in bed as possible."
Now that the National Safety Council advises us that one-fourth of the deaths by accident occur in the homes of people, some wise birds will probably declare that one-way of preserving life is to go out a lot!

More persons were killed during the early part of this year thru accidents in the home than met death thru motor accidents on the dangerous open road.

There is only one remedy for this condition.
Stay home as much as you can—it is the best place for all of us. But be careful.
Don't leave rugs where they will trip the unwary.
Don't light fires with gasoline. Don't forget to turn off the gas.
Keep children away from open flames.
Don't leave poisonous medicines, polishes, etc., where children can get at them.
Don't throw lighted matches away carelessly.
In other words, watch your steps. It might be a good idea to paste up a list of "Don'ts" right in your kitchen and look at it once in a while.
Make your home the safest place to be in. Neglect of the simple precautions necessary for safety is an inexcusable crime!

Now Is The Time

Better be thinking about those snowstorms and cold winter days that will soon be here, and get ready for them.

Save handling charges . . . and be sure of getting the very best grade of coal by having your coal delivered right from the cars of an early shipment.

ABERDEEN SOFT and LEHIGH VALLEY HARD
will be among the first arrivals.

Rock Bottom prices will be quoted on the early deliveries, come in and see us.
