

The Nebraska Democrat

ESTABLISHED 1884

WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, JULY 18, 1929.

\$1.50 PER YEAR

OLD RESIDENT OF WAYNE CO. DIES IN WISNER THURS.

Henry Hansen, who lived in Wayne County since 1884, passes at home of daughter.

BURIED IN LOCAL CEMETERY

Henry Hansen, 74 year old pioneer of Wayne county, and resident of Wayne for the past 12 years, died last Thursday, July 11, 1929, at the home of Mrs. A. G. Schach, his daughter, in Wisner.

Mr. Hansen had weakened gradually following an operation to which he submitted in May, and was taken to the home of his daughter a little over a week before his death. Deceased passed away just two and one-half months after his wife was laid to rest.

Funeral services were held at the St. Paul's Lutheran church Sunday afternoon at 2:30, with Rev. W. C. Heidenreich officiating. Interment was in Greenwood cemetery.

Henry Hansen was born in Germany February 8, 1855, where his early youth was spent. He came to America in 1875, and for a short time lived in Davenport, Iowa. He moved later to Durant, Iowa, and took his family to a farm in Wayne county in 1884.

Mr. Hansen was baptized and confirmed in the Lutheran church in Germany, and remained a faithful member throughout life. He united with the St. Paul's Lutheran church on coming to Wayne.

He was united in marriage to Miss Gertrude Linhardt, December 13, 1875. To this union five children were born, three of whom preceded their parents in death. About 12 years ago the Hansons moved to Wayne.

Mr. Hansen was known for his quiet and courteous ways, and for his tender care of his wife during the years that she was an invalid. Besides his many friends he leaves to mourn him two daughters, Mrs. W. S. Slaughter, Herrick, "South Dakota," and Mrs. A. G. Schach, Wisner; one brother, Emil Hansen, Correctionville, Iowa; one sister, Mrs. Ben Sorensen, Redbird, Oklahoma; six grandchildren and many other relatives.

Classes Close Friday Afternoon at College

Registration for next term Fri. and Sat.; five weeks term.

Classes for the first summer term at Wayne State Teachers college close tomorrow afternoon, with registration for the second term Friday and Saturday of this week. Classes begin again Monday, and will continue for five weeks. Saturday classes will be held the first and third Saturdays of the second summer term, which will enable summer school to close August 23.

It is impossible to forecast the exact enrollment for the next term, but it probably will be some lighter than the first six weeks.

A feature of the closing chapel period of the term Wednesday morning was a program rendered by the college chorus under the direction of Prof. Irving Horn. The chorus gave a cantata, "The Song of Man," by Kountz, singing the chorus parts, while Prof. Horn gave the solo parts.

W. S. T. C. Grads Elected to Positions Next Year

Chester Fowler, who is enrolled at summer school, has been elected to teach in the junior high school at Sioux City this coming year. Mr. Fowler has been teaching the past two years at Carroll.

Maynard Overboe has been elected as high school principal at Uehling for the coming year. He will teach history and coach basketball.

Martha M. Schueth has been elected to a grade position in the Norfolk schools.

Maurice Wright will teach Music and Commercial at Torrington, Wyoming.

Elsie Mae Kingston, class of 1925, who received her B. S. degree from Iowa State college at Ames the past year, has accepted a position as teacher of Home Economics at Crookston, Minnesota for the coming year.

Rev. and Mrs. F. C. Jones and daughter, left Wednesday for an extended vacation and auto tour thru the east, visiting such points as Niagara Falls, Utica, N. Y., Great Barrington, Mass., and Grove Beach, Conn. The first stop will be their son, Dr. F. C. Jones, Jr., at Peoria, Illinois, and from there they will go on to Niagara Falls. The Joneses will visit a number of relatives while in the east.

Prof. I. H. Britell and Walter C. Lowrie will occupy the pulpit of the Presbyterian church the first two Sundays while Rev. Jones is gone.

The Joneses expect to return some time before the first of September.

RAILWAY MANAGER HERE LAST THURS.

C. R. Gray, Jr., New C. St. P. M. & O. Manager Stops Here on Tour of Inspection.

Last Thursday morning Carl R. Gray, Jr., the young general manager of the Chicago, St. Paul, Minneapolis and St. Paul railroad, accompanied by Superintendent Blondell, and other railway officials, on his tour of inspection of the road, stopped in Wayne a few hours for the purpose of making the acquaintance of the leading business people of the town.

"I want to know the people with whom I am dealing," Mr. Gray said.

In company with R. R. Larson, local station agent, the officials made a tour of the town and the college. Later Mr. Gray gave a short talk to a small gathering at the station.

Mr. Gray was made general manager of the C. St. P. M. & O. railway only recently, succeeding F. R. Pechin, who was promoted to the vice presidency of the company. Gray's father, Carl R. Gray, Sr., is the president of the Union Pacific system.

From Wayne the officials proceeded to Bloomfield and thence to Crofton.

Baby Beef Club Now Has Judging Team

Holds Regular Meeting Friday; Will Play Winside Team.

At the regular monthly meeting of the Wayne Baby Beef club held at the American legion rooms last Friday evening, it was voted to challenge the Winside 4-H club baseball team to a game. This game will be played at the fair grounds this coming Sunday.

A cattle judging team for the club also was chosen at the meeting which will begin at once in training the members in judging work. The members of the team are: Elmer Harder, Leland Stamm, Ed Danklau, Burdette Nygren, Leroy Stamm, Leonard Bleeke, and John Claycomb.

Some of the boys may go to the 4-H camp at Crystal Lake the last of the week.

Insurance People to Milwaukee Saturday

Several of the local Northwestern Mutual Insurance men are going to Milwaukee the last of the week to be present at the annual agents' meeting to be held at the home office of the Northwestern Mutual Life Insurance company the first three days of next week.

Mr. and Mrs. J. H. Kemp of Wayne, and Mr. and Mrs. Edward Huwalt, of Carroll, will drive to Milwaukee Saturday. T. S. Hook and C. A. Jones will go later on the train.

June Marriages Show Increase in County

During the month of June, 13 couples purchased licenses to marry, at the Wayne county courthouse, a gain over last year for Cupid, as during June 1928 but eight couples were married in the county.

But the blind god's traffic during the year thus far is lighter than it was in 1928. From January 1 until July 1 last year 44 marriage licenses were issued, while during the same period this year, but 39 have been issued.

OVERMAN-HOUSTON

Miss Ida Overman a former student at Wayne, and Mr. Ed Houston of Battle Creek were married July 1 at the Houston home near Battle Creek. The young couple plan to manage a restaurant in Battle Creek.

Democrat Has New Awning This Week

We now have erected over the front of the Nebraska Democrat building a new awning to shield us from the blighting rays of the sun and to check it in its arid to reduce us to perspiration.

The erection and dedication took place on Tuesday.

Truck Smashes Ford On Main Street Friday

Hartington Trucker Collides With Anderson Car in Early Morning.

Driving a Hartington truck loaded with several tons of milk about 4 o'clock last Friday morning, Frank Hyde crashed on upper Main street into the 1929 Ford sedan belonging to C. A. Anderson, which was parked at the curb, and completely wrecked the body.

The Ford was parked against the curb in front of the Anderson home, and was headed south. The truck was going the same way and struck the sedan on the right rear corner, completely upsetting it, turning it end for end. The impact carried the car about three rods before Hyde was able to stop the truck.

The driver of the truck at once went to the Ford garage and reported the accident, assuming all responsibility. He did not tell how he had happened to strike the car. It was light enough at the time so that he should have been able to see it. The responsibility was clearly Hyde's, as Anderson was within the law in his parking location. It is also said that the truck, which was a two-ton capacity, was loaded much beyond the two-ton limit.

The truck was little damaged by the collision.

Charles A. Killion, 40 Years a Prominent Democrat of County, Passes Away Sunday

One of Pioneers in This Section and a County Committeeman From Leslie Precinct.

WAS BORN AT DAVENPORT, IOWA

Charles A. Killion, well-known Wayne county farmer, and for years one of the most prominent Democrats in this locality, passed away at his home Sunday July 14, 1929, at the age of 75 years, 10 months, and 15 days. He had been troubled with heart attacks for some time prior to his death.

For over 40 years Mr. Killion was one of the stalwart democrats of the county, fighting in all the political battles, and serving as a committeeman from Leslie precinct where he lived. He also attended many democratic state conventions.

Golden Wedding Recently

Mr. and Mrs. Killion had celebrated their golden wedding anniversary at their home January 29, of this year, in the midst of a large gathering of relatives and friends.

Funeral services were held Wednesday afternoon at the Methodist church in Wakefield, with Rev. W. T. Taylor, pastor of the Wakefield church officiating, and deceased was laid to rest in the Wakefield cemetery.

Charles A. Killion was born at Davenport, Iowa, August 29, 1853. He was united in marriage to Miss Tina Chambers, January 29, 1879, at Atlantic, Iowa, where the couple spent the first years of their married life, moving to their farm in Wayne county in 1884, where they have since made their home. To this union was born six children all of whom live. They are: Paul, Albert, and Jewell Killion, of Wakefield; Mrs. W. F. Richardson, of Ponca; Mrs. R. A. Bunn, of Portland, Oregon; and Mrs. Fred Tarrant, of Sioux City.

Besides deceased's wife and children, three brothers and three sisters survive him, Frank, of Sloan, Iowa; Joseph of Minneapolis, Edward, of California; and Miss Eudaly Killion of Omaha, and Belle and Mary, of California.

Local Telephone Men Attend Norfolk Meet

Randall, Perdue, and Chichester at N. E. Nebraska Convention.

O. L. Randall, A. L. Chichester, and W. E. Perdue, local telephone men, attended meetings of the annual convention of Northeast Nebraska Telephone people Thursday, Friday, and Saturday of last week.

The majority of the managers and chief operators of all the connecting exchanges in this part of the state were in attendance at the meeting, about 120 in all. Besides talks by a number of the more prominent telephone men, there were a number of demonstrations and testing of equipment in use by the companies.

Plaintiff Wins In Auker-Ritze Case

Judge Clinton Chase found judgment for the plaintiff Thursday of last week in the suit of S. E. Auker vs. Richard Ritze and others, after the suit had lasted a day and a half in the county court.

It was the charge of the plaintiff that Richard Ritze had deeded a farm of his to two of his children in order to avoid payment of a large debt owed to Auker. It is understood that the defendants will appeal the case to the supreme court. Various angles of this legal battle have occupied the courts since 1924.

Methodist Church to Install New Pipe Organ

One of Largest in State, Will Have Full Set of Chimes.

A new pipe organ, one of the largest in this part of the country, will soon be owned by the First Methodist church in Wayne, according to the plans of the official board of the church, which held its regular meeting Monday evening, and decided to remodel the interior of the church as well as to install a new pipe organ to replace the old one.

Altho it has not been definitely decided what make of organ will be purchased, it is understood that it will be very large, and will have a full set of chimes, one of the only sets of chimes in this vicinity. The chimes will serve as a memorial to the pioneer builders of the church.

W. S. T. C. Entertainment Program Completed

Good audiences heard the last two performances of the season of high class entertainment which has been presented at the college auditorium this summer. Last Thursday evening the Scottish Musical Comedy company gave the "Cotter's Saturday Night," a musical comedy production based on the poem of Robert Burns by the same name.

Monday evening the Chicago Concert company rendered a concert of operatic and folk songs, and many numbers of popular appeal in the nature of duos, trios, and quartettes. Those who make up the Chicago Concert company are the Mendelesohn Male Quartette, assisted by Cathdync Utesch and Elizabeth Houston.

PLUMMER HUFF PASSES FRIDAY

End Comes Suddenly to Well-Known Fifty-three Year Old Former Wayne Man.

Parker Plummer Huff, for 40 years a resident of Wayne, passed away suddenly last Friday at his home in Norfolk, following a heart attack. Mr. Huff had been suffering from ill health for years, but his sudden death came as a shock to his relatives and friends. He was seated in a chair in his room when the end came.

Burial services were held at the home of the mother of deceased, Mrs. Catherine Huff, with Rev. A. C. Downing, of the First Baptist church officiating. Burial was in Greenwood cemetery.

Plummer Parker Huff was born at Oakland, Iowa, September 8, 1876. He came with his parents to Wayne in 1884 where he lived until six years ago when he went to Norfolk, where he made his home until the time of his death. For the past five years deceased had been employed by the Gaynor Lumber Company, of Norfolk.

Mr. Huff united with the First Baptist church of Wayne at the age of 15 years, and continued this affiliation throughout his life.

Deceased leaves to mourn his death his mother, Mrs. Catherine Huff; two brothers, R. R. Huff, of Beldin, and C. C. Huff, of Portland, Oregon; four sisters, Mrs. W. W. Severns, Denver, Colorado; Mrs. G. F. Wadsworth, Page, Mrs. A. L. Dragon and Miss Ethel Huff, of Wayne. His father and three brothers preceded him in death.

MRS. WM. SYDOW DIES THIS TUES. AT SIOUX CITY

After Months of Illness Dies at Sioux City Hospital Following Paralytic Stroke.

SERVICES AT 1:30 P. M. TODAY

After being ill since last November, and having sustained a paralytic stroke four weeks ago, Mrs. William Sydow, of eight miles southeast of Wayne, passed away at the St. Joseph's hospital in Sioux City early Tuesday morning, July 16, 1929. Since the time of her stroke it had been known that there was little hope for her. Deceased was 40 years, five months, and nine days of age.

Mrs. Sydow was born in Wayne and had lived in this vicinity all her life. Funeral services will be held at 1:30 o'clock today at the Beckenhauer funeral parlors, and at 2 o'clock in the Evangelical Lutheran church, with Rev. H. A. Teckhaus officiating.

Ella Marie Caroline Pfiel was born at Wayne February 7, 1889. Her parents were Mr. and Mrs. Charles Pfiel. She attended public school at district No. 34, and was confirmed in the Lutheran church of Hoskins at the age of 15. On May 4, 1911 she was united in marriage to William Sydow. The couple made their home on the farm seven miles north and one mile east of Wayne, where they have continued to live until the present.

Deceased leaves to mourn her, her husband, her aged parents, two sisters, Mrs. William F. Mery, and Mrs. Otto Greenwaldt; a brother, William Pfiel; two brothers-in-law, and a host of friends and relatives.

Local Boy Writes After Parents Fear Him Lost

After they had not heard from him for 17 days, Mr. and Mrs. Clyde Wilson received word Wednesday from their son, Manly, 20 year old Wayne boy, that he was in Winner, South Dakota. Mr. and Mrs. Wilson had become worried as to his whereabouts.

Manly was driving a car for a man named Joe Dorgan, a salesman of some publication. When the two started out, understanding was that they were to canvas only in Wayne county, but when Manly wrote to his parents from South Dakota and later from Loveland, Colorado, and then after July 1, his letters ceased altogether, Mr. and Mrs. Wilson became alarmed and notified Sheriff A. W. Stephens.

But on July 17 they received word from him written from Winner, South Dakota, that he was all right, which lightened their fears.

Young Wayne Woman Married in Montana

Elinor Rennie and Ralph Parker Wed Today at Great Falls.

Today at Great Falls, Montana, Miss Elinor June Rennie, well-known Wayne young woman, becomes the bride of Ralph Hayden Parker, of Valler, Montana. After a short wedding trip the young people will make their home near Valler, where the groom owns a large wheat farm.

Miss Rennie is the daughter of Mrs. W. C. Andrews, of this city, and a graduate of the Wayne high school and Wayne State Teachers college. The bride has also taken work at Iowa State college at Ames, and the state college at Missoula, Montana. During the last year she was a teacher in the high school at Valler, Montana.

The groom is a well-known young farmer in the wheat belt of Montana, where a number of his relatives are also engaged in farming.

Mr. and Mrs. W. C. Andrews accompanied Miss Rennie as far as Wyoming where Mr. Andrews has a farm.

Wayne Boy Has Eye Injured By Torpedo

William Kemp in Norfolk Hospital From Injuries the Fourth.

William Kemp, son of Mr. and Mrs. Fred Kemp, of Wayne, is in a Norfolk hospital, with the sight of one eye endangered, as the result of a Fourth of July accident, when he was struck in the eye by a bit from a torpedo thrown by one of his playmates.

At present William is under the observation of a specialist. It has not yet been determined whether an operation will be necessary.

Fairmont Creamery Has Small Blaze Thursday

A blaze on the inside wall of the Fairmont creamery necessitated the calling of the fire department last Thursday morning, about 8 o'clock, who extinguished it without difficulty. The fire was started from an oil heater in the corner of the front room, while everybody was absent, and was discovered before it made much headway.

FRANK MORGAN CHAMPION AT THE FREMONT TOURNEY

Upsets Dope by Defeating Young Steingraber Last Thursday in Final.

WAYNE TAKES 3 CHAMPIONSHIPS

By quashing the hopes of Arthur Steingraber, sensational 17-year-old Sioux City boy, when he defeated young Steingraber one up at the 35th hole, Frank Morgan won the North-eastern Nebraska golf championship in the finals of the 22nd annual tournament last Thursday at Fremont, and added one to the total of championships won in the tournament by Wayne men. Wayne golfers won three out of the four flights, and one of the consolation matches.

Defeats Craven

Morgan defeated Charles Craven of Wayne, 6 and 4 in the semifinals on Wednesday. Young Steingraber, starting out as a dark horse, played exceptional golf, with 55 holes in par, and defeated Craighead, much-tooled Fremont player, in the semi-finals Wednesday. As Morgan had been playing only average golf, the Sioux City lad was the favorite at the opening of the match.

According to spectators it was one of the "closest and most interesting golf battles ever seen on the Fremont course, with Morgan taking the lead at the ninth and the 18th holes, only to have Steingraber come out from behind each time. In the 38 holes Steingraber took one more stroke than did his Wayne opponent.

Wayne by far outclassed all opponents, winning three out of the four championships, to one championship won by Fremont. R. L. Larson won the president's flight by defeating Roy Strauts 2 up, W. P. Canning took the secretary's flight by defeating Roy McDonald, also of Wayne, 3 and 2. The president's consolation match was won by Don Larson.

Max Hendrickson, of Wayne, lost the secretary's consolation match.

Local Boy Writes After Parents Fear Him Lost

After they had not heard from him for 17 days, Mr. and Mrs. Clyde Wilson received word Wednesday from their son, Manly, 20 year old Wayne boy, that he was in Winner, South Dakota. Mr. and Mrs. Wilson had become worried as to his whereabouts.

Manly was driving a car for a man named Joe Dorgan, a salesman of some publication. When the two started out, understanding was that they were to canvas only in Wayne county, but when Manly wrote to his parents from South Dakota and later from Loveland, Colorado, and then after July 1, his letters ceased altogether, Mr. and Mrs. Wilson became alarmed and notified Sheriff A. W. Stephens.

But on July 17 they received word from him written from Winner, South Dakota, that he was all right, which lightened their fears.

Local Minister to Resign Pastorate Here

A. C. Downing, Three Years Pastor of Baptist Church, Leaving.

Rev. A. C. Downing, pastor of the First Baptist church of Wayne, will close three years of labor in the local church with his sermon Sunday, July 14, his letters ceased altogether, Mr. and Mrs. Wilson became alarmed and notified Sheriff A. W. Stephens.

But on July 17 they received word from him written from Winner, South Dakota, that he was all right, which lightened their fears.

The fire was started from an oil heater in the corner of the front room, while everybody was absent, and was discovered before it made much headway.

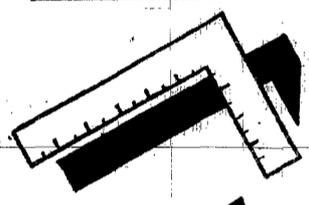

Facts About Nebr.

(From Bulletin of Nebr. Utilities Information Bureau)

Nebraska 35th in Exports
Credited with exportations valued at \$10,768,231 in 1928 Nebraska takes 35th place. Non-metallic minerals, wood and paper are listed among exported products from this state, with meat and farm products taking the lead. The U. S. exports show an increase of 330 million dollars over those of 1928, but the Middle-West agricultural states show a loss excepting Minnesota and Michigan, each of which has iron ore in quantities.

Cost of Conventions
Four constitutional conventions in Nebraska have cost the state \$158,326.22. The legislature of 1866 proposed a constitution without additional expense. The amendments separately submitted have cost the state nearly the same amount, \$158,048.38.

Divorce Rate Declines
There were 9,932 marriages in Nebraska in 1928 and 1,538 divorces. In 1927 there were 9,509 marriages and 1,620 divorces; a gain of 132 marriages and a decrease of 82 separations. Just before the war, in 1916, there were 12,786 marriages with

Few Indians Illiterate

Nebraska has 329 male and 841 female Indians between the ages of 10 and 20 years, with 2.1 per cent illiteracy. Of female Indians over 21 years of age 23.4 per cent are illiterate.

1,277 Industrial Plants in State

In an industrial survey for 1927 just released by the U. S. Census Bureau Nebraska is credited with 1,277 industrial plants. Printing plants lead in number with 224 newspaper shops and 101 job printing establishments, or a total of 325 printing plants. These figures are recognized as incomplete for it is known that there are many more printing offices. Bakeries and flour mills come next with 135 and 115 respectively. Creameries or butter factories are listed at 73, bottling works 47, ice plants 40 and ice cream factories at 38, concrete 26, planing mills 23, railway shops 25, gas plants 18, tin shops 19, brick plants 17. There are 14 packing houses and the same number of cigar factories, with 12 marble works and 12 furniture factories, 10 canneries, drug factories, and patent medicine factories. The report shows 132 unclassified industries.

Nebraska Industrial Notes

The Fairbury city council voted to reduce the electric rate to an 8-cent top, with 6 cents from 50 to 80 kilowatt-hours and 3 cents above. The next night a tornado knocked the smoke stack down over the plant, ruining thousands of dollars worth of machinery and putting the system, said to be worth \$550,000, out of service.

The David City council has taken steps to have the old smoke stack of the municipal electric plant taken down and a new one built. Other incidental improvements will be added to the system.

The village levy for Palmer is designed to raise \$7,000 for the coming year instead of \$8,000 as has been the practice. The bonds for the electric plant were paid off when the system was sold.

The beacon light for the air-mail fliers has been moved at Cozad to stand on top of the municipal water tower. Cozad will buy a new fire engine and other protective equipment.

That Ymore has an excellent clay deposit for brick manufacture, is pointed out by State Geologist E. M. Schramm, professor of geology at the state university. A great supply of clay has lately been found on the farm of G. H. Davis close to Ymore and there is prospect of the early opening of a brick factory.

A new church, school, and parsonage for St. John's Lutheran congregation at Scribner is planned to cost \$50,000, and St. John's Lutheran church at Seward proposes to build a new school building that will cost \$25,000.

The city authorities at Loup City propose to sink a new well that will have a capacity of 350 to 500 gallons of water per minute as an adjunct to the present water system. It is expected that such a well will cost about \$8,000.

A recreation club has been organized in conjunction with the thriving community club at Minden.

Big Spring will install a sanitary sewer during the present summer at a cost of about \$20,000.

The capacity of the school building at Page is to be increased by a new addition.

The Central Power company increased its rural electric business seven per cent in 1928. Its merchandise sales amounted to \$24 per lighting customer.

The Holdrege city council has authorized an annual budget of \$51,900 and a reduction of 22 per cent in the municipal tax levy.

Local alumni are heading a movement to raise a fund to build an athletic stadium for the normal college at Chadron.

How the Crops Grow in Other Localities

The Press Everywhere Enthusiastic About Crop Prospects.

Frank Tomauld expects to start threshing wheat tomorrow, on the Nelson farm just west of town.—Seward Independent.

An abundance of well-distributed rainfall, together with a fair amount of sunshiny days, have combined to give the farmers real reason to look forward with anticipation to the harvest.

Corn is generally well past the knee-high stage, a good bit of it has been "laid by," and the chances for an unusually large crop loom big.

The harvest is under way. Barley is being cut, a good deal of it already being in the shock, and binders are in some of the more-matured oats fields, also. Estimates as to yield at this early date are, for the most part, unreliable. Randolph Times-Enterprise.

This looks like a real crop year. The corn is a little behind time but with plenty of hot weather most of it will make a crop. Oats are very good except where the hail damaged them and that covered only four or five sections, mostly south of town.

Here, every little cloud pours out the rain seemingly without effort. In fact it rains about the easiest this year that it has for many years, yet there has not been too much except on the bottoms.

Fruit is rather plentiful and in every way this seems like one of our old-fashioned bountiful years.—Niobrara Tribune.

There are many fields of corn in this vicinity that are outstanding. But among these most excellent fields there seems to be one just a little better, a ten-acre field on the bottom a mile and a half east of town belonging to Frank Wilson. The corn is shoulder high and has shown a remarkable growth since the advent of favorable weather. Continuance of favorable weather until its maturity should make the yield of this small acreage a record-breaker. In fact all the corn in this vicinity is looking good and has an unusually healthy appearance.

The harvesting of the early oats has started and reports indicate that a heavy yield will result. Some of the oats is down quite bad in spots but as a whole it looks very good and is heavier than any crop that has been harvested in this vicinity in years. Where it is down bad, it will be cut with a mower and in a few cases this probably will be put up as hay, but this practice will be rare, especially so with hay as plentiful as it is this year. Northeast Nebraska this year will have plenty of hay and in fact will gather one of the greatest hay crops in its history. The crop outlook is indeed encouraging and there is a prevailing optimism that this year's crops will be of a "bumper" variety.—Windsor Tribune.

Small grain in Cedar county, especially that around Hartington, is said to be the best this year that has ever been known, and when specimens of oats like those exhibited by G. H. Munter, living southeast of Hartington, are brought around, one believes all stories of good crops here.

Mr. Munter's oats even had the old-timers shaking their heads and saying they never saw anything like them anywhere. Several stalks which he brought in had heads 14 inches in length, and when the kernels were counted on one of these it was found there were 154 separate kernels on the one head.

Olef Pehrson has about the record field of barley so far reported. An unusually heavy stand has been noticed there, and when the binder was put into it, there was no doubt about the quantity of the grain. In one round around the 60-acre field, a whole ball of twine was used, or 4800 feet. As nearly as could be checked, the binder was kicking out a bundle of grain every second. The bundle carrier was back where it was not in use and a round was made, bundles dropping so fast that they overlapped each other at least a foot all the way around the field.

Cutting of the small grain in this

vicinity is getting into full swing at present. Fine fields of grain can be found when driving any direction from Hartington. John Herfkens, Wynot elevator man, estimates that it will be two weeks yet before farmers in that region finish cutting their oats.—Cedar County News.

Prospects for a big corn yield continue to be good in northeast Nebraska. In fact, the prospects of this section are as good as those in any other district of the corn belt, according to reports.

Harvest of the early oats crop is in full swing. This region's wheat crop of which the acreage is small, is also being harvested. The oats and wheat crops are good this year in Madison and adjoining counties, except in those districts visited by hail.—Norfolk Daily News.

JACOBS ON ADVERTISING

The following, by Morris E. Jacobs, Omaha advertising man, has been reprinted in a number of newspapers, but we consider it good enough to print again.

"In the preparation of advertising choose your words with care," says Jacobs. "Don't follow the path of least resistance and put down words because they are easy to write on paper. If you were cutting your advertisement into stone like our ancestors did, you wouldn't waste words. Don't waste words when you write on paper. Between bridge, golf, talkies, and radio, people have plenty to do, so keep your copy snappy, attractive, and convincing.

"In the preparation of copy, I suggest these five cardinal principles:

1. Make people see it.
2. Short, so they can read it.
3. Simple, so they can understand it.
4. Express it so they will think about it.
5. Make your advertisement large enough so that it will be a loud voice instead of whisper.

"Good merchants not only budget their advertising but their copy is prepared with due care and they don't wait until the last minute before press time to slip in any kind of an advertisement just to take up white space. Advertisements are your salesmen. Give them at least as much attention as you do your sales people.

"Be as consistent in presenting your message to the public as you are in delivering good merchandise to your patrons and then you will be doing a good job. Don't forget that even more important than the giving of service is the telling of that service. Otherwise, many won't even realize that they are receiving the

York County Grader Crashes Thru Bridge

A road grader, manned by a York county crew, fell thru a bridge on the Seward-Saline county line and dropped into 7-foot ravine below one day last week. Every plank for 20 feet in the 30-foot bridge was broken. The grader was extricated and the gang went on about their work.

NASH "400"

Leads the World in Motor Car Value

Delivered, Fully Equipped
Prices of 23 "400" Models,
\$980 to \$2290

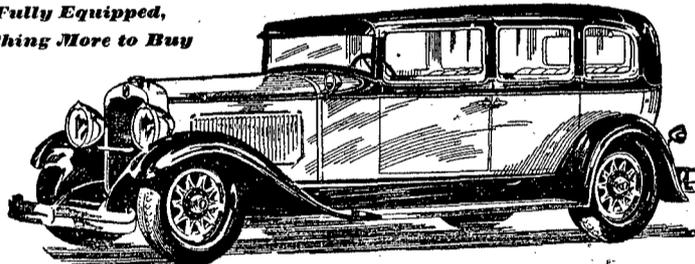

including Touring, Roadster, Coupe, Cabriolet, Victoria and Sedan Models

"400" Advanced Six 4-Door Sedan

\$1671

DELIVERED

Fully Equipped,
Nothing More to Buy

PRICED TO GIVE YOU GREATEST VALUE

CONSIDER the delivered, fully equipped price of this charming Nash "400" Sedan, and you'll see immediately it is a car you certainly should consider, when you get ready to buy.

For here, at a delivered, fully equipped price much lower than you would expect to pay for a car of its size and character, is an Advanced Six "400" Sedan with the Twin Ignition, high compression, valve-in-head, 7-bearing motor—with the beauty and style that have made the "400" a heavy favorite among all the year's new cars—and with a host of other costly-car features never available before in this price field.

Such features, for instance, as Bijur Centralized Chassis Lubrication which oils 29 chassis points at the pressure

of a pedal. And alloy steel springs individually designed for its size and weight, correlated with Houdaille, double-action, outboard-mounted, hydraulic shock absorbers. And the "world's easiest steering"!

These are only a few of the features of this Nash "400", but they give you an idea of its greater value and the extraordinarily fine performance you may expect from it.

The delivered, fully equipped price on this, and on all "400" models is lower, for the simple reason that all this equipment—Bijur Centralized Chassis Lubrication, Houdaille hydraulic shock absorbers, bumpers, spare tire lock, and tire cover—is installed at the factory and included in the factory price. Some dealers charge as much as \$50 to \$60 extra for bumpers alone.

Winside News

Mrs. Carl Wolf, Manford and Norma drove to Sioux City on Thursday.

Mr. and Mrs. J. C. Rosenbaum came up from Blair on Thursday for a visit at the Wm. Misfeldt home.

George B. Gordon was on the sick list last week.

Mr. and Mrs. Ward Burgoyne of Omaha and Mr. and Mrs. Wm. Burgoyne of Silver City, Iowa, visited at the Sam Rew home Wednesday and Thursday on their way to Canada.

Iris Krempke of Plattville came last week to visit her grandmother, Mrs. Elizabeth Mumm.

Doris Gower of Cambell is here visiting her aunt, Mrs. Walter Goebler.

Miss Anna Laura returned last week from Lynch where she had been visiting.

Mrs. Mae Huffaker was on the sick visit the first of the week.

Mrs. J. G. Neely and daughter, Rosemary, are visiting relatives at Diller.

Dr. and Mrs. A. B. Cherry were

dinner guests on Saturday of Mrs. Mae Huffaker.

Mr. and Mrs. Robert Wylie went to Tilden on Sunday where they were called by the illness of the latter's brother.

Mrs. Fred B. Hill and two daughters of Council Bluffs, Iowa, came last week for a visit with the former's sister, Mrs. L. W. Needham.

Mr. and Mrs. L. W. Needham and Mrs. Fred Hill and children visited at the L. S. Needham home in Norfolk Saturday.

Dr. and Mrs. A. B. Cherry were guests of Mrs. A. H. Carter Thursday evening.

Mr. and Mrs. Geo. K. Moore and family were dinner guests of Mr. and Mrs. C. A. Jones on Sunday evening.

Mr. and Mrs. Rasmus Rasmussen and Mrs. Walter Davis and family were Sunday dinner guests at Jordan Neilsens.

Mr. and Mrs. Clyde Oman were supper guests on Friday at the Harry Tedrick home.

Mr. and Mrs. Wm. Carey and children were guests at the Willima Palmer home at Wayne on Sunday.

Social Circle Meeting.

The regular meeting of the social circle was held on Wednesday afternoon with Mrs. Clint Troutman as hostess and Mrs. Ben Lewis as program leader. There were seventeen members and five guests: Mrs. Rasmus Rasmussen, Mrs. U. B. Wylie, Mrs. W. R. Miller and Mrs. L. R. Keckler and Miss Ruby Reed present. The members responded to roll call with items concerning Will Rogers. Mrs. Mary Reed read an article on "Mrs. Will Rogers" and Mrs. Clarence Rew read an article on "Sayings and doings of Will Rogers". The hostess served a two-course luncheon.

4-H Health Club Meets.

The regular meeting of the 4-H Health club or Muscle Makers was held Thursday afternoon with Miss Dorothy Lewis as hostess, the meeting being in charge of Miss Alice Wylie the leader. Four members and two guests, Katherine Lewis and Adeline Prince were present. The members respond to roll call with their favorite tooth paste; the leader read a health poem, the regular physical exercises were followed; and the hostess, assisted by her sister, Ethel Lewis, and Miss Ruby Reed, served lunch.

W. F. M. S. Meets.

The regular meeting of the W. F. M. S. met on Thursday afternoon in the church basement with Mrs. W. R. Hillier and Mrs. Geo. K. Moore as hostesses. Ten members and six guests, Mrs. Chas. Unger, Mrs. Geo. Hall, Mrs. George Gabler, Miss Hyacinth Halpin, Maxine Pones and Margaret Moore were present. Mrs. Clint Troutman was the devotional leader, Mrs. C. A. Jones was program leader with pamphlets on extension work read by a number of the members. Miss Hyacinth Halpin and Maxine Jones sang a duet. The next meeting will be the annual picnic held on August 2. The hostesses served luncheon.

Kings Heralds Birthday Party.

For their regular monthly meeting Friday, Miss Marion Rew and her sister Betty were hostesses. It was the former's birthday, so that together with the regular meeting, there were gifts from all the members and a big

birthday luncheon with tiny birthday candles on each individual cake furnished by Mrs. Rew and Miss Bess and Dorothy Rew. Twenty-one members and five guests: Mrs. Bert Lewis, Mrs. Harry Tedrick, Miss Ella Durham, Barbara Strahan of Wayne and Bobby Rew were present. Dorothy Lewis was added to roll of honor having completed all the requirements of the society for the year. Three new members were added, Margaret Ellen and Harriet Sims and Ruth Rander. Dorothy Lewis read a paper on "Fun, day in Malay". Adeline Prince, one on "How Pudge saved her mite box." Margaret Sims, one on "My flag and your flag," and Betty Rew, an article on "The flag festival."

Entertained at Bridge Luncheon.

More than 30 Winside ladies were entertained at a 1 o'clock bridge luncheon at the Clyde Oman home in Wayne Thursday by Mrs. Clyde Oman, Mrs. J. M. Strahan, Mrs. Dan and Mrs. A. T. Cavanaugh. The tables and rooms were very tastily decorated with garden flowers. Mrs. Chas. Needham was the winner of the high score.

Trinity Ladies Aid.

The Trinity Lutheran Ladies Aid society held their regular meeting in the church basement Tuesday afternoon with about 30 members and guests present. Mrs. Frank Bronzynski was the hostess. The time was spent in visiting. The hostess served a two-course luncheon.

Annual Picnic at Norfolk.

The members of the Trinity Lutheran Aid society with their husbands and families had planned a picnic for Sunday and in spite of the unfavorable weather and roads about 30 drove to Norfolk and spent the day at the tourist's park. They had a picnic dinner and supper together, driving home in the evening, and in spite of unfavorable weather conditions report a good time.

THE TARIFF AND FARM AID

We print in part an editorial from the Milwaukee Tribune, which in recent issues has made stirring appeals for the business men of the Northwest to inform themselves on the pending Hawley tariff bill:

At present the farmer in relation to the tariff is both beneficiary and victim. The tariff aids him in certain ways and it harms him in certain ways. It aids him by increasing the prices for certain of his commodities on which protection is effective. It harms him by increasing his living costs and his producing costs, and by adding to his difficulties as an exporter. The question has often been debated as to whether the farmer's tariff gains outweigh his losses or whether his losses outweigh his gains. In our judgment the two sides of the equation about balance. As matters now stand the farmer, on the whole, is neither a tariff beneficiary nor a tariff victim. He is a neutral. At least that will stand for an approximate statement of the truth.

The special session brought to the fore the question as to how the tariff could be so rewritten as to turn the farmer into a positive tariff beneficiary. The answer to this is elementary. Only two methods were open:

1. By giving him 100 per cent protection instead of partial protection.
2. By reducing his living and producing costs through a lowering of the Fordney-McCumber rates.

Of the Hawley bill it is enough to say that:

1. It has increased the farmer's present partial protection, but has left it still partial.
2. It has failed to reduce his living and producing costs through a lowering of the Fordney-McCumber rates.
3. It has greatly increased his living and producing costs through a raising of the Fordney-McCumber rates.

Thus we have only travelled round the circle again. Once more we find the farmer simultaneously beneficiary and considerably more a victim, than ever. That the raises granted him will increase his prices is not one-tenth as certain as that the raises granted the industrialists will increase his living costs. There is doubt about the first, certainty about the second.

The idea that the farmer's position could be improved by tariff revision grew out of the fact that our American agricultural imports amount to \$1,800,000,000. It was suggested that the tariff be rewritten so that this \$1,800,000,000 market be turned over to the American farmer. The proposal looked plausible, and it captured many adherents.

Now there never was anything to the idea that that entire \$1,800,000,000 market could be turned over to the American farmer. Silk, bananas, coffee, certain oils, oil seeds and spices, drugs, herbs, and numerous other things that can never be produced in America play an important part

in that \$1,800,000,000 bill. None the less here and there it was possible to give the farmer some fractional part of that \$1,800,000,000 market. Casein represents an example. By keeping foreign casein out, the American farmer could achieve a hundred per cent command of the home market. The request was refused. Blackstrap molasses represents another example. By keeping Cuban and West Indian blackstrap molasses out, the American farmer could find a new market for his corn. Industrial alcohol can be made from either blackstrap molasses or corn; and the proposed tariff on blackstrap molasses would have permitted the farmer an opportunity to capture the industrial alcohol market from the foreigner. That request was similarly refused.

Nebr. Crop Acreage Larger Than Last Year

The total acreage in crops in this state is greater this year than it was in 1928, according to the July crop report sent out from Lincoln. This

is true of corn, oats, barley, rye, flax, and sugar beets, while the wheat acreage is some less.

There are 9,026,000 acres in corn this year in Nebraska, 100 thousand acres more than last. The estimated production of corn will be 236,752,000 bushels, about 24 million bushels more than in 1928.

The present acreage of oats, 2,464,000, is 3% more than the acreage which was harvested last year. But the harvest forecast is that there will be nearly three million fewer bushels threshed in 1929 than in 1928.

Barley acreage is 50% greater in Nebraska than it was a year ago, and it is expected that four million bushels more of barley will be harvested. Eighteen million bushels are forecast for this year. The average production of barley during the years 1924-28 was seven million bushels.

Old Says So
"Jack says he doesn't smoke, drink, swear, or gamble."
"Why, he must be nearly perfect."
"He would be if he wasn't such a liar."—London Opinion.

Teacher Announces Year-Old Marriage

After being married a year, Carol Vlasnik, of Njorara, and teacher at Randolph, announced her marriage last week to Mr. Roy Krasch. The couple were married in Horton, Kansas, July 24, 1928. Mrs. Krasch taught under her maiden name in the Randolph schools last year, and no hint of her marriage leaked out.

No carbon removal is necessary WITH RED CROWN ETHYL GASOLINE

Carbon in the motor builds up higher compression—which becomes added power—when your fuel is Red Crown Ethyl Gasoline! Leave the carbon in. You won't get gas knocks—and the motor will pull harder. This new high compression fuel suits every motor, new or worn. Provides quieter, smoother operation. More flexible, more responsive power. Less gear shifting in traffic and in hard going. Costs more by the gallon but not by the mile. Try it today.

Deserved popularity

Quick starts, power and mileage have earned for balanced Red Crown Gasoline a three to one preference over the next most popular gasoline. Uniform and always-dependable.

STANDARD OIL COMPANY OF NEBRASKA
"A Nebraska Institution"

Sold by Red Crown Service Stations and Dealers everywhere in Nebraska

RED CROWN ETHYL Gasoline

Less carbon—Polarine deposits a minimum of carbon in your motor—flows freely in cold weather—is long-wearing oil. Consult the Chart for correct grade for wear-free operation.

WAYNE MARKET REPORTS

Following are the market prices quoted us up to the time of going to press Thursday:

Corn	\$.92
Oats85
Eggs23
Butter Fat38
Old Cocks11
Hens	16c to 20c
Hogs	\$10.50 to \$11.25

After winning at Madison the week before, the Wayne golfers made almost a clean sweep at Fremont last week, taking four out of a possible eight places against the competition of all northeast Nebraska and players from a number of other states beside. It is a record to be proud of, and one that should raise the morale in Wayne a degree or two. It is good advertising for the town.

ADVERTISING PLUS

We often think we are saying goodbye to money spent on community activities, for it is a little hard sometimes to see just how money spent on clubs, on a band, or even on the schools, is coming back to us. We may not look on it exactly as thrown away—rather a gift to the gods, perhaps. But most of it does come back—manyfold.

Often those expenditures for which we can see no direct return are the best possible advertising for a community. To make the rest of the world talk about us, in the right way, is to go ahead. And one of the best ways is thru activities which are purely for development, or for fun.

Win the golf championship of Northeast Nebraska and people will talk. Have the best band in the state and people will talk. Put the name of the town in the papers all over the state by producing students outstanding in their school work or in their athletics, or by having a Kiwanis club or a Woman's club that does things, and people will talk.

They will begin to say that such-and-such is a live town, and they will want to go there to buy or to live. Let these activities languish and such-and-such becomes known as a dead place. People are no longer interested. They do not care to live or to trade there.

It pays to boost strenuously the better activities of the community. Aside from the development and the enjoyment they give, they have a dollars and cents value.

INFLAMING THE INTELLECT

Dr. Robert M. Hutchins, who in September will become the head of Chicago university at the age of 30, and America's youngest university president, has some ideas of his own about education. "My view of university training," says Dr. Hutchins, "is to unsettle the minds of young

men, to widen their horizons, to inflame their intellects. Education is not to teach men facts, theories, or laws; it is to teach them to think, to thing straight if possible, but to think always for themselves."

This is just a little hard for the editor of the Aurora Republican Register to swallow. He would be cautious in this process of stirring up the minds of the young, for he believes that there has been too much inflaming of intellects already. He talks about right and wrong sets of values, and says that it is all right to teach the youth to think for himself so long as he is taught to think right. "Unsettle his mind if you will, inflame his intellect if you must, but hold always before him a definite goal that is good."

Which set of values and which goal would the editor hold before the youth? Presumably those of the editor of the Aurora Republican Register. To teach the youth to think so long as he thinks as you do, is the same as teaching him not to think at all. The way goals and sets of values have been always hit upon by men and women refusing to follow the values and goals of their forebears, and thinking their respective ways thru for themselves. That is what every man must do, if he really thinks—establish his own goal and his own set of values. And the chances are that they will be truer and on a higher level than those of the ready made sort.

We think Dr. Hutchins is right.

SELECTIVE OBEDIENCE

Congressman Sloan, in his Fourth of July radio address to the people of the Fourth district, said that law enforcement in that part of Nebraska "is a live, growing and successful enterprise." In his district there is not a first degree murder case pending, not even a homicide case of any degree. Upon the dockets of many counties where the cry of personal liberty is loudest are more cases than can be found on all the dockets of these eleven counties.

There was some discussion of law obedience. He recalled a woman who obeyed and respected all the commandments except the eighth. She robbed a bank. A gunman, kindly to his family, temperate and faithful to his friends, killed an officer. He selected obedience to law with the exception of the sixth commandment. These were instances of individual selection of laws to be obeyed.

Mr. Sloan said there are two tests of law, universal application and uniform enforcement. Selective obedience has been the rule of a few from the beginning. They have hindered law enforcement. While some seem to believe that law should conform to their opinions and desires, and while some disregard it, he sees no great calamity ahead, because the number of those who obey and respect the law and will do their utmost for its enforcement are in the great majority. "Law defyers may raise their strident voices and lift their puny hands in rebellion" but their battle will come to naught. It has been so since the beginning. The outlook is not dark.

It would be interesting to contrast this address by a Nebraska congressman with that Congressman La Guardia of New York told or might have told his people on this anniversary of national independence, of human liberty, on rule by the people themselves.

The supremacy of the law is upheld in the larger sense, in Nebraska. Violation is unpopular here in this state.—Lincoln State Journal.

New Scout Troops Are Added To This District

Ponca and Emerson Each Organize Troop; Winside to Follow.

Friday evening R. R. Larson, district Boy Scout chairman, went to Emerson and assisted in the organization of a Boy Scout troop there. The new troop will be sponsored by the Emerson Commercial club, and Geo. Hahn will act as the scoutmaster.

Tuesday a troop was organized at Ponca, which will be sponsored by the American Legion of that city. Superintendent Fletcher will be the scoutmaster. According to Mr. Larson, Winside also will soon have a scout troop.

The Wayne Boy Scouts are leaving for Camp Gifford this coming Monday, where they will attend the Scout camp for a two weeks period. About 16 of the local scouts plan to go.

At the Wayne Hospital

Mrs. Emma Korn had a tonsil operation July 11.

The small baby of Dr. Devault, of Wisner, underwent a minor operation July 11.

Wilma Coy left the hospital July 12.

John Davis entered the hospital July 11 for medical care.

Mrs. Chris Ditman and baby daughter will leave the hospital Friday.

Sioux City Market Report

(Published by Steele-Siman Com. Co.)

The cattle market carried a good undertone this week, riding on the crest of the highest price wave of the season. The hog market touched new high levels but eased off later. Strength ruled in the sheep department.

Cattle receipts were moderate in the aggregate at leading centers on the first two days of the week.

Red steers and yearlings worth above the \$14.00 mark carried a strong undertone and a new top for the season of \$16.25 was paid for two loads of South Dakota steers averaging around 1,275 pounds. Other steers sold around \$10.00 to \$16.10 with numerous loads above \$15.50.

However, the big bulk of the medium to strong weight steers sold at \$14.00 to \$15.50 and lighter weights and yearlings at \$13.25 to \$15.25. Plain lots ranged down to \$12.00 and under. The low grades moved slowly on a weak basis.

Fleshy Montana feeders sold up to \$13.50 for the highest price of the season. A few sales were made above \$12.00 with the bulk downward from \$11.25 as general quality was not very good. Common outs ranged down to \$8.00. A few cows sold at \$6.50 to \$8.00 and heifers mostly at \$10.00 to \$11.00 with a few higher.

The hog market opened steady to shippers but closed unevenly lower on the first day of the week. Declines ruled on the second session, placing the average around a quarter under the close of last week.

The top was \$11.65, Tuesday, close to the highest price of the season, attained late last week and on Monday of this week. Bulk of the medium and light weight butchers sold at \$11.35 to \$11.50 with strong and heavy weights down to \$11.00 with extreme weights and mixed lots down to \$10.75 and under. Sows sold at \$10.00 to \$10.50 and stags at \$9.75 to \$10.00.

Lambs held steady on Monday and advanced a quarter on the following day. Natives topped at \$14.50 and westerns were quoted above \$14.75. Ewes were quoted to \$6.75.

Methodist Episcopal Church

William W. Whitman, Pastor
10:00 Sunday school.

11:00 Morning worship with sermon by the pastor. Sermon subject, "The Word of God," is the last word recorded in Revelations the last word God has spoken to his people. The choir will have special music for this service.

In The Modern Style

"Boo, hoo!" sobbed a tot. "Muvver, all the clothes is gonod offa my new dolly."

"Sh, dear," her mother comforted her. "Big sister wore them to the prom tonight."—American Legion Monthly.

Winside News

Herbert Moss drove to Grand Island Friday, his son, Ralph returning with him.

Loses Eye as Result of Baseball Game
A week ago last Sunday while playing baseball here, Fred Koch the son of L. G. Koch east of town was struck in the eye. The injured member was treated by a Norfolk specialist for about a week in hopes of saving it, but last Friday it was found necessary to remove the eye.

Burial of Daughter of Former Business Man.

Friday afternoon, the body of Dorothy Schult the seventeen year old daughter of Mr. and Mrs. Fred Schult of Syracuse was brought here for burial. Miss Schulte was born in Stanton county and had lived in that county and Winside until moving with her parents to Syracuse a few years ago. Death followed a operation in a Lincoln hospital last Wednesday. The Schult family had lived here a number of years conducting the general merchandise store now owned by Henry Fleer. The deceased leaves besides her parents a number of brothers and sisters. Funeral services were held at the Lutheran church in Syracuse by the pastor and by Rev. Keckler at the cemetery in Winside.

Auxiliary Meeting.

The Roy Reed Auxiliary to the American Legion met on Friday afternoon with Mrs. Ollie Smith and Mrs. Mary Swanson at the latter's home near Carroll with seventeen members present. After the business meeting the afternoon was spent at cards. The hostesses served a two course luncheon. The next meeting will be with Mrs. Wallace Cadwallader and Mrs. Rebecca Cadwallader as hostesses.

Bridge Picnic Supper.

The members of the Bridge club had a picnic supper together at the home of Dr. R. E. Gormleys on Sunday evening, all members being present except Mr. and Mrs. A. H. Schmale.

Gulf Stream Temperature

The temperature of the Gulf stream is several degrees higher than that of neighboring oceans. Water has a remarkably high heat capacity. It is four times that of air, five times that of earth. The water of the Gulf stream carries its accumulated heat, derived from the tropical sun, for a long time and to great distances, giving it out gradually to the air.

Skunk Family

A civet cat is more correctly called the little striped skunk. It is smaller than the genuine skunk. The end hair is short, thick and dark. The top hair is silky and black with white stripes or patches. There is also a Chinese civet, belonging to the civet family. Its fur is heavy and quite silky, but the color varies and is spotted.

Perfection in Samplers

The old-fashioned sampler consisted of a square of perforated canvas, the rows of perforations being equally spaced. Designs were stamped on the canvas and filled in with different colored worsteds, the stitches forming little "x's." On the finest canvas this would almost give the effect of a painting.

Silkworm Culture

The silkworm is mentioned in Japanese mythology, but its historical record begins in 199 A. D., when a Chinese named Komo'o, came to Japan bringing silkworm eggs with him. Ninety years later, several Chinese experts in agriculture went to Japan, and from that time the industry flourished.

Naming Battleships

The secretary of the navy has entire charge of the naming and christening of battleships. He usually selects some woman from the state for which the ship is named to christen it. All the battleships are named after states, but no particular order is observed.

Looking for a Home?

Described as a "home lover," a cow at Newport, England, recently jumped through the plate glass window of a furniture store, looked over the suites, then leaped back through the window, galloped across the street and climbed the stairs of a real estate office.

Advice to Sweeties

"Folks would be surprised to know," says a newspaper trade journal, "how many people are working at the business of giving advice in newspaper columns on affairs of the heart." It pays well, too, yet it remains a labor of love.—Farm and Fireside.

Pioneer in Equality

The International Typographical Union, according to an historical sketch of "Women in Industry," published by the National Women's Trade Union League, was the first national union to accept women on an equal footing with men.

A Little Panacea Now

Will Make Those Hens Lay

Get your hens in condition for laying now. A tablespoon of Dr. Hess's Panacea for Chickens mixed in the feed daily will put your hens in condition and add to the egg crop. Panacea is a concentrated feed and tonic with the minerals necessary to growth and bodily toning up, and is excellent for growing chicks, and chickens with various disorders, as indigestion, diarrhea, and pip.

Now that fly time is here remember that we still carry Dr. Hess's Fly-Chaser, the best spray on the market. Help your cows in their fly battles.

Program Note: The composer illustrates how a simple melody can be used to portray different conditions and phases of life both serious and jocular.

Encore, "Rag Doll" Brown

March, "The Lambs" Sousa

Finale

FORMER LOCAL R. R. MAN DROWNS IN CLOUDBURST

Carl Henkel, Once Conductor on Wayne-Bloomfield Line, Trapped in Tender.

LEAVES WIFE AND 8 CHILDREN

Carl Henkel, for years conductor and trainman on the Wayne-Bloomfield and other railroad lines in this part of the state, was drowned about 2:30 o'clock Sunday morning, when a Sioux City to Omaha freight train on which he was acting as brakeman left the tracks while traveling thru a cloudburst three miles north of Tekamah.

When the engine and tender were overturned after striking a place that had been washed out by the six-inch rain and resulting flood, Henkel was pinned face down by the hand rail of the tender and drowned. His body showed no injuries of any kind. The engineer and fireman sustained slight injuries, and were able to swim to safety thru water that was several feet deep.

The body of Henkel was later recovered and taken to Tekamah, and later to Sioux City for burial.

Once Lived at Bloomfield

Carl Henkel lived for years at Bloomfield, and was brakeman on the Wayne-Bloomfield line until about six years ago, and was well known here in Wayne. Deceased, who leaves surviving him a widow and eight children, was born at Mineola, Iowa, August 30, 1890.

Those who survive him, besides Mrs. Henkel, are five sons, Donald, Dale, Norman, Lyle and Leon, three daughters, Maxine, Helen, and Lorraine; a brother, Harry, of Sioux City, and three sisters, Mrs. Gladys Miller, of Sioux City, and Mrs. Minnie Hansen and Miss Sylvia Henkel, of Magnet.

Gamble Campaigning With Chain President

Jobbers and Buyers Head and Local Clothing Man Solicit Members.

F. E. Gamble left Monday, in company with J. H. Conley, of Watertown, South Dakota, president of the Northwest Buyers and Jobbers, for a three-day trip thru northeast Nebraska with the purpose of adding to the membership in this part of the state of the 200 clothing store chain.

Mr. Gamble recently became a member of Northwest Buyers and Jobbers, which have been operating for ten years in Minnesota and South Dakota, and which are now extending their membership to surrounding states.

Mr. Conley and Mr. Gamble visited larger towns, as Norfolk, Wisner, West Point, and Tekamah, between here and Omaha.

Wayne Farmers Have Corn Now in Tassel

The Kieper Brothers, living five and one-half miles northwest of Wayne, now have corn measuring six to eight feet in height, and which is not only tasseled out, but is in the silk. The corn is of the Minnesota 13 variety, a very early strain. The Kiepers report a very fine stand and that the corn shows every prospect of a big yield. They have about 20 acres of it.

Rebekah Assembly Head Calls Special Meeting

Mrs. Ameer Conger, president of the Rebekah assembly, of Loup City, will be here in Wayne next Monday afternoon, July 22, and will call a special meeting of the Rebekah lodge at that time. The meeting is called for 2:30 o'clock, and all members are urged to be present.

College Students Are Staging Tennis Tournaments

The men students at Wayne State Teachers college are staging men's single and doubles tennis tournaments with about 12 entered. The singles tournament began July 10. The women expect to hold a tournament later in the season.

Error Made in First Nat. Bank Statement

Work Soon to Begin on New Gravel Project

Contract Let to Yant for Wakefield Road Friday; Costs \$18,475.

At Lincoln last Friday among 15 northeast Nebraska highway projects which are costing the state over two and one-half million dollars, the contract for the graveling of eight miles of the Wayne-Wakefield road was let to the Yant Construction company, at a unit price of \$0.187, and total price of \$18,475.60.

But little work will be done on the road before graveling. A blade grader will be used to straighten out some of the curves, and to partially fill the creek bed. This work will begin at once, and the graveling will follow.

Two New Teachers Are Selected For Next Year

Miss Phillips for Music and Miss Cole for Commercial Department.

Miss Florence L. Phillips and Miss Mildred E. Cole were recently selected by the school board for the Wayne high school faculty next year, to teach music and commercial work.

Miss Phillips, of Villisca, Iowa, has had a year of experience, teaching at Nodaway, Iowa, last year, and is a graduate of the Nebraska School of Fine Arts, Nebraska University.

To Be Married at Home Next Wed.

At the home of the bride's parents, Mr. and Mrs. H. J. Miner, two miles south of town, will occur next Wednesday the marriage of Miss Marion Miner, local young woman, to Mr. Lorne Hunsley, of Edinburg, Illinois.

To Be Married Here This Coming Sunday

Rudolph F. Kay and Miss Hilda M. Longe, both young farm people of near Wayne, are to be married this coming Sunday, July 21. Mr. Kay is the son of Mr. and Mrs. August Kay. Miss Longe is the daughter of Mr. and Mrs. Frank A. Longe.

J. Q. OWENS WILL BUILD BUNGALOW ON LOGAN STREET

Mr. and Mrs. J. Q. Owen purchased recently a lot at the corner of 8th and Logan, of Miss Louis Wendt, and plan to erect there a bungalow home. It is expected that work will begin on the house next week.

Woman Celebrates 90th Birthday at Coleridge July 7

Mrs. Nancy Morrison, Coleridge woman and old timer of this section of the country, celebrated her 90th birthday July 7 with a gathering of her relatives, from her sons and daughters down to her great grandchildren at the old Morrison home. Annually the Morrisons gather at the home of Mrs. Morrison on her birthday.

But The Bank Might Cave In!

"Now, suppose," said the teacher, "a man working on the river bank suddenly fell in. He could not swim and would be in danger of drowning. Picture the scene. The man's sudden fall, the cry for help. His wife knows his peril and, hearing his screams, rushes immediately to the bank. Why does she rush to the bank?"

Whereupon a boy exclaimed: "To draw his insurance money."—Nebr. Editorial Journal.

THE WEEK'S NEWS

Bits You May Have Overlooked in the Daily Press.

Tangle on Betting Question

District Judge Fitzgerald, in the Omaha court, signed a permanent injunction last week against interference with Ak-Sar-Ben racing by county and state officials. The judge ruled that section 159 of the law of Nebraska permits betting. Prior to this the Nebraska supreme court had issued an injunction which permitted betting at the Ak-Sar-Ben track. This, says Irvin Stalmaster, assistant to the attorney general, is still in force. A legal battle is in prospect.

Corn Eight Feet High

Corn is eight feet high in Dodge county. Or at least Earl Nelson, of that county took stalks of that length to the office of the Fremont Tribune.

A Chemist Pled Piper

A new pled piper has appeared in Alliance, in the person of Miss Evelyn Wagar. Instead of spitting the rats away with music, Miss Wagar will drive them out with chemicals. She has been in the rat killing business for five years, operating all over the county.

Penny Add 6 Stores

J. C. Penney & Co. added the Barnett chain, consisting of six stores, to the Penny chain in Nebraska recently. There are now 1213 Penney stores operating in the United States.

Volstead Is Pleased

Andrew Volstead, at Rochester, Minnesota, declared his full satisfaction with the results of the Volstead Act. "Look at the benefits which prohibition has brought to the laboring man," said Mr. Volstead.

Revive Victorian Age

The Victorian age is returning to London, with the result that table legs are again being draped and the "bare" sides of upright pianos hung with silk. Victorian jewelry is also coming back, due to the fads of American tourists, who buy early Victorian brooches and stomachers.

100 Years Old, Bridesmaid

Mrs. Loren Wolfee, 101 years of

Speed King

"Daughter," pleaded a mother, "promise me you won't go out with that Tony Caesarino any more, now that you know what he is!"

"But why not?" remonstrated the girl.

"Don't you tell me he was the Fascist man you know?"—American Legion Monthly.

Exchange The Bouquets

Short adv (pictured in passing show): "How was it that that ill-mannered, unruly son of yours got his black eye?"

Tall Lady: "Your well-mannered, docile son threw a flower-pot at his head."—Christian Endeavor World.

Our Solvent Cuts Cleaning Costs In Half

Recently we received a letter from one of the leading cleaning solvent manufacturers in the country, who pronounced the cleaning solvent we are now using to be the best obtainable. And ITS CHEAPNESS CUTS CLEANING COSTS IN HALF.

The reason why it has not been used before is because there have been certain difficulties connected with drying and odor following the use of this cleaner. About 90 days ago we discovered a refining process of our own, which removed all difficulties and made this solvent available for use for the first time. So far as we know, our plant is the only one making and using this cleaning solvent.

We pass on the large saving made possible thru the use of this solvent to our customers. The following low prices will be in effect thru-out the summer:

Men's suits and extra pair pants cleaned and pressed	\$1.25
Men's one-pant suit cleaned and pressed	\$1.00
Ladies' top-coats cleaned and pressed	\$1.25 and up
Men's top-coats cleaned and pressed	\$1.25 and up
Ladies' wool dresses cleaned and pressed	75c and up
Ladies' and Men's hats cleaned	50c
Caps cleaned	25c
Ties cleaned and pressed	10c

Jacques Model Cleaners

Book Chat

In going through the exchanges the other day I found two poems about newspapers, one about the country weekly, the other, the city daily, and utterly different in their viewpoint. I liked them both. The poet writing about the country paper did it more sympathetically than the one who painted the city sheet. The latter is a little harsh, but good stuff. And perhaps the country editor needs sympathy. He has grief enough at times without the poets lambasting him.

Newspaper
by Walter P. Sabs
Bursting with short-lived intensity. A vain printed gust, you grab a bull-dog mob's
Greasy two cents . . . while the sweating caldron
Of your blatant, pandering headlines
Bolls human blunders into mob-food. Quick! Hot news! Plunder, graft, battle
While it's news! Murder, theft, prattle
Quick! Now run back to another edition.
Read it while it's hot: The Bible of Fools!

Little County Paper
by Clara McCreery
I get a little paper from a little country town—
A far cry from the dailies, that on Sundays weigh us down;
It's printed every Friday, and it has no supplement,
Nor colored rotogravure, but I'm always glad it's sent.
It gives no clever verses by syndicated bards,
But states that Mrs. Williams enter-

tained some friends at cards;
"Ye Scribe" saw Judge McArthur shaking hands with friends today. It says the Curtis-family sold out and moved away.
On Boulder Dam it's silent, and there's nothing on finance—
It tells that Rebekahs gave an installation dance.
That Mis Day is returning soon to open up her school.
That Alexander Hargrave lost a valuable mule—
It's glad that Jimmie Gallagher can be around again.
It claims that the alfalfa crop is much in need of rain;
The supervisors voted for the road work to commence.
Will Anderson hauled lumber for his new garage and fence.
The worldly ones may smile at it, but theirs are tender smiles—
These home town items form a bond through many years and miles.
Oh, little country paper, with your little weekly talks!
I like to wander with you down remembered roads and walks.

The Sad Diary of An Installment Buyer

(From Thrift Magazine)
January 4. Bought an automobile today. Very easy terms. Very fine car with cigar lighter on dash. Ought to finish payment on this in 18 months.
February 4. Paid installment due on car. Bought a radio set on easy terms. Fine set and payments will be small and monthly.
March 7. A little late with payment on the car this month and will have to let the radio payment go over till April, as I bought a set of books and paid \$11.00 down. Very fine books. Everybody should have this set of books.
April 15. Borrowed \$50 from the boss to meet payment on car. The radio man came to take away the set, but we put out the lights and were not home. The chump hung around all evening, so I couldn't see to read the books.
June 1. Borrowed \$100 from Uncle George to pay the \$50.00 I borrowed from the boss and also to meet payment on the car. Got behind a little on the book payments because I bought a piece of land in a new real estate development. This land ought to jump in value. Paid \$50 down.
August 15. Somehow I don't miss the radio set much. And you can get plenty of books from the public library. The thing that hurts is that Uncle George should be so mean. Of course I told him I would pay back the \$100 on August 1st but you can't do the impossible can you? Trying to arrange a character loan from the bank. If I can borrow \$250.00 I can get square again and everything will go fine.
August 16. Bank says I have no character. What a bunch of crooks! September 30. The garage man is holding the car for that labor bill. What right have they to hold the car? It doesn't belong to me.
October 1. It wasn't any use. I had to let the car go. Anyway I would rather have that piece of land. They have given me a month of grace on that. Real estate people have more heart after all.
November 15. Well, they can have their old land. Good riddance. If I knew where to get \$30.00 to meet the payment on the piano I'd be all right. Bought a new automobile today on the pay out of income basis.
November 16. Income stopped. Got the sack at the office. In looking for a job you have a suit of clothes so I bought one this afternoon. Five dollars down.

So Wags The World

She: "I notice that men become bald much more than women because of the intense activity of their brains."
He: "Yes, and I notice that women don't raise beards because of the intense activity of their chin!"—Nébr. Ed. Journal.

Satisfied

Once in a while you see a man who doesn't want any more money. He is holding a lily.—Buffalo News.

Read the advertisements.

Three Sheriffs Nab 100-Gallon Still Last Week

Largest Still Ever Captured in Cedar Co. Found on Island.
Sheriffs Peter Clarence, Roy Milliken, and Cheerer, of Cedar, Yankton, and Knox counties respectively, together with some state agents, captured a 100-gallon still measuring about six feet in height, on an island in the Missouri river a short distance east of St. Helena one day last week. Seventeen gallons of alcohol were secured.
Apparently the still had run out of fuel while a run of liquor was being made, and the owners had just left for more fuel when the officers approached. A boat was seen to pull out from the Dakota shore toward the island, but it turned down river, as apparently its navigators saw the officers.
Sheriff Clarence took the large still to Hartington with him.

COMMISSIONER PROCEEDINGS

Wayne, Nebraska, July 9th, 1929.
Board met as per adjournment. All members present. Minutes of meeting held July 2nd, 1929, read and approved. The funds of the county, and its numerous sub-divisions, of which the county, through its county treasurer, is custodian, are found to be deposited in the banks of the county, at the close of business for June 1929, which does not include the funds invested in liberty bonds or the funds on hand in the office of the county treasurer, are as follows:
State Bank of Wayne . . . \$34,153.01
First National Bank of Wayne . . . 32,348.04
Merchants State Bank of Winside . . . 16,543.47
Carroll State Bank of Carroll . . . 14,001.95
Citizens State Bank of Winside . . . 13,551.37
Hoskins State Bank of Hoskins . . . 13,356.55
Farmers State Bank of Altona . . . 1,701.23
Report of Chas. W. Reynolds, County Clerk, showing amount of fees earned by him for the quarter ending June 30th, 1929, amounted to the sum of \$549.45, and the payment of the same into the county treasury as shown by county treasurer's receipts attached, was examined and on motion duly approved. Board finds that he earned fees as follows:
37 Deeds . . . \$ 39.50
49 Mortgages . . . 113.90
54 Releases . . . 50.95
408 Chattel mortgages . . . 81.60
58 Certificates . . . 16.25
120 Contracts . . . 31.10
7 Affidavits . . . 6.75
18 Assignments . . . 20.00
2 Bills of Sale . . . 1.25
16 Bonds recorded for 1st quarter . . . 16.00
314 Claims acknowledged for 1st quarter . . . 78.50

28 Bonds indexed . . . 7.00
28 Bond registered . . . 7.00
1 Copy of Charter25
Total . . . \$549.45

NOTICE OF PROBATE OF WILL

The State of Nebraska, Wayne County, ss.
At a County Court, held at the County Court Room, in and for said County of Wayne, on the 10th day of July, 1929.
Present, J. M. Cherry, County Judge.
In the matter of the estate of Garrett Lageschulte, deceased.
On reading and filing the petition of Frank C. Lageschulte, praying that the instrument filed on the 10th day of July, 1929, and purporting to be the last Will and Testament of said deceased, may be proved, approved, probated, allowed and recorded as the last Will and Testament of said Garrett Lageschulte deceased, and that the execution of said instrument may be committed and that the administration of said estate may be granted to Frank C. Lageschulte as Executor.
ORDERED, That July 26, A. D. 1929, at 10 o'clock A. M., is assigned for hearing said petition, when all persons interested in said matter may appear at a County Court to be held in and for said County, and show cause why the prayer of the petitioner should not be granted; and that notice of the pendency of said petition and the hearing thereof, be given to all persons interested in said matter by publishing a copy of this order in the Nebraska Democrat, a weekly newspaper printed in said County, three successive weeks prior to said day of hearing.
(seal) J. M. CHERRY,
County Judge.

When Pain Comes
Two hours after eating

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention. One spoonful of this harmless, tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You

will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.
Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.
"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1878.

DEMAND
BAYER
ASPIRIN
The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Bayer Aspirin. The name Bayer is on every tablet, and on the box. If it says Bayer, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Bayer Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Bayer—at any drugstore—with proven directions.
Physicians prescribe Bayer Aspirin; it does NOT affect the heart
Aspirin is the trade mark of Bayer Manufacture of Monocristallinester of Salicylic Acid

Hasten Tomatoes by Fertilizing

Plants Need Long Season and Right Aids to Hurry Their Growth.

"Fertilize tomatoes to hasten their maturity," advises F. O. Underwood, of the vegetable gardening department of the state college of agriculture at Ithaca, N. Y. "The tomato," he points out, "requires a long season to mature a full crop, so that anything a grower can do to ripen them is apt to mean a bigger total yield."

Professor Underwood says that many points have to be considered in fertilizing the crop, such as type of farming and soil, previous crop grown and fertilizer used, money returns, and the cost of the fertilizing materials.

Plant Food Needed.

Tomatoes need some of all the plant foods for their best development. Nitrogen is needed early in the season to help develop a good vine to carry the fruit; though too much nitrogen may produce too rank a leaf growth at the expense of fruit. Some potash is also needed, but phosphorus is particularly needed to get large yields and ripen the fruit before frosts in the fall.

"If a grower," says Professor Underwood, "is applying manure liberally, say at the rate of twelve or twenty tons an acre, he is probably supplying enough nitrogen and potash, but additional phosphorus will probably pay. Phosphorus increases the fruit and seed parts of plants, and acid phosphate is the best source. Applied at the rate of from five hundred to a thousand pounds to the acre, it should give good yields."

"On sandy soils, or on other soils where little or no manure is used, complete fertilizers usually pay. The 4-12-4 or 5-10-5 are both good; the former on the heavier types, while the 5-10-5 makes a good mixture for soils less well stocked with nitrogen and potash. Though the 2-8-10 is often used, a 4-12-4 seems better for the crop. The 2 per cent of ammonia in the former mixture is probably derived from some organic chemical which will be slowly available to the tomatoes. Tomatoes need nitrogen early in the season, and not when the fruit is forming.

Fertilizer Pays.

"Exact amounts will depend upon individual soils and cash returns, but the tomato crop will usually pay for additional fertilizer up to 1,600 pounds to the acre, although good crops are grown with less."

In addition to proper fertilizers, however, the plants must be well-grown, and must be set at the proper time. Soil and weather conditions also play their part."

Supply Farrowing Pens With Needful Fenders

Every farrowing pen should be supplied with fenders to protect the little pigs during and after farrowing. These consist of 2 by 8 inch planks fastened as shelves about eight inches from the floor, along both sides of the corner in which the sow makes her bed. This largely prevents the sow from squeezing the pigs against the wall or lying on them while they are small. If the farrowing pen has a concrete floor, a board overlay in the nest corner makes the sow's bed warmer, drier and cleaner.

Recommend Apple Spray When Pink Buds Appear

Summer spray for apples, usually known as the cluster bud or pink spray, is most effective when applied as soon as the pink buds appear in the blossom clusters, says L. C. Williams, extension horticulturist, Kansas State Agricultural college. The cluster bud spray consists of one and one-half gallons of liquid lime-sulphur and one and one-half pounds of arsenate of lead to each fifty gallons of spray. Dry lime-sulphur may be used instead of liquid material.

Agricultural Hints

Poisoned bran will stop the army worm army.

Get in a planting of peas at two weeks' intervals.

Let's give the pasture a hair cut—get those bitter weeds before they get into the milk.

African millet is regarded as one of our most drought-resistant crops. It is a good forage and hay crop.

Grading of farm products is a vital factor in the profits of the farmer and promises to become even more so.

Grasses and weeds growing along roadsides and fence rows offer a perfect winter haven for many insect pests.

Maintain the fertility of your garden and truck crop soils by the use of green manures, barnyard manures and proper crop rotation.

Co-operative marketing has been getting on a sounder basis in recent years, and farmers will probably find it an important way of safeguarding their interests in the future.

Oddest Radio Station in Virginia Graveyard

There are many strange radio stations in the world, but one of the strangest, perhaps, is the station that is located in a graveyard. The redeeming feature of the whole thing is the fact that it is not a human but a ship graveyard.

Anchored in the James river near Fort Eustis, Va., are some 200 ships of the Emergency Fleet corporation. Built for use in the time of the war and now of no use to the government, they are tied up awaiting sale, or death by decay. Tied up in 10 units of 20 ships each, they spread out over this historic river for some five miles.

When the high winds blow down the river the boats occasionally break away from their units and go drifting down the river, a menace to navigation. Also, when the high winds blow, the little land phone line that runs to Yorktown is carried away. It is in times like this that the radio station, which is located on the flagship of the fleet, comes into operation. A call is sent to the navy yard at Newport News and tugs are dispatched to return the refractory boat to the fold.

Even in calm weather the transmitter gets an occasional workout by transmitting messages received by phone from the Yorktown mine depot to the navy yard. Fort Eustis, near which this peculiar little station is located, is also the home base of the only railway artillery unit in the United States army.

Washington Put Office Above Personal Regard

When a friend made a personal appeal to George Washington to appoint a man whom Washington did not believe to be competent, the first President said to him:

"My personal feelings have nothing to do with the case. I am not George Washington, but President of the United States. As George Washington I would do this man any favor in my power. As President of the United States I can do nothing."

Lincoln said to a visitor who came to the White House in the course of the Civil war and commiserated with him on his trials and his burdens: "It isn't the war that is burdening me and killing me; it is your plagued Pepperton post office." I have found this remark quoted in a score of books on politics and government. Jackson and Lincoln, from all accounts, were more besought by office seekers than any other men who have been President of the United States.—Edward G. Lowry in the Saturday Evening Post.

From Earth to Sun

The distance between the earth and sun varies from something more than 91,000,000 miles to something more than 94,000,000. The mean distance is calculated to be about 92,800,000. The earth is nearest the sun in early January and farthest away in early July. That the distance has nothing to do with the seasons may be seen from the fact that while it is winter in the northern hemisphere, it is summer in the southern. The real reason for the seasonal changes is the fact that the earth's axis is at an angle (23½ degrees) with relation to its path around the sun. At that season of the year when our northern hemisphere is tipped toward the sun, its rays fall more directly upon us, and we have summer.

Rejuvenation

An old man went to a gland specialist and asked how much it would cost to rejuvenate him.

"To make you feel like thirty again, it will cost you \$1,000," said the surgeon. "But to make you like twenty-five again will cost \$2,000, and anything below that age, \$5,000."

"I don't care about the cost; just make me eighteen again," said the older. The operation was a success. But when the surgeon sent his bill the rejuvenated one sent it back with this notation:

"You can't collect from a minor."

Won Astronomical Honors

All the planets except Uranus and Neptune have been known since early times. Uranus was the first planet to be discovered. William Herschel discovered Uranus, and was soon afterward made royal astronomer by George III of England and knighted. The eccentricity of the behavior of the new planet led to mathematical calculations deducing the presence of another planet. Several astronomers exchanged data regarding its calculated position, and Galle of the Berlin observatory was the first to see the planet known to the world as Neptune.

Poser

Tommy was always eager for knowledge, and one day, while walking in the park with his father, he asked the name of a tree.

"That's an elm tree," his father told him.

"Why do they call it an elm?"

"Oh, why do they call you 'Tommy'?" asked his father, impatiently.

Tommy thought for a while. Then he said: "I don't know—why do they call me 'Tommy,' father?"

Selling

The smart salesman is the man who creates in his prospect a desire for a certain piece of goods. He lets a bit of sun on the budding desire, waters it, and tends it properly, but he doesn't crush it by too much talk.—Grove Patterson, in the Mobile Register.

CURRENT MODES EMPHASIZE THE SKIRT-AND-BLOUSE TREND

A MOST intriguing theme is that of the blouse, made more so owing to the present reign of the ensemble, which, if it does not feature a one-piece frock, necessarily requires a blouse to complete it.

So it is that the prestige which the blouse enjoyed in former years has been recaptured with countless new triumphs added. Wherefore, also, not one blouse but many are requisite in the assembling of the fashionable wardrobe. Which makes the quest of the blouse all the more exciting in that it leads from simplest washable sleeveless types to the most imposing styles tuned to formality.

All that genius can devise in the way of novelty has been commandeered in the styling of the blouse. The same may be said of the materials employed, they include the choicest known to the weaver's art, and they embrace every sort from sheer handkerchief liness and shantung silks to transparent velvets, printed chiffons and metal fabrics.

Collar arrangements and oddly draped necklines provide diversity for the modern blouse. The bertha or the scarf enters conspicuously into the

new blouse stylings, while collarless necklines are softened with bows and jabots. One of the newest features is for the large soft collar to be so contrived that when worn with a collarless coat it can be adjusted to fall outside, thus giving a charming finesse to the wrap.

In most instances it is color which counts most for the blouse. That is, the ensemble accents its charm through the contrast of its blouse to the rest of the costume. A tangerine blouse, for example, smartly enlivens an otherwise all-brown, black or navy suit. Chartreuse and eggshell are two favorite colors for the blouse. And, by the way, make note of the importance of handsome satin in these tints for the tailored blouse or the blouse tied with soft bows.

The unique styling interpreted by the metal-figured blouse in the picture confirms the fact that novel treatments are indulged in to a marked extent when it comes to the dressier costume types. This model features an entirely new note—the cut-away effect.

JULIA BOTTOMLEY.
(© 1929, Western Newspaper Union.)

This Frank Decade

Mary Elizabeth has just started to dancing school and on the occasion of her second or third lesson her mother, sitting by as an interested spectator, was glad to see that she and her boy partner seemed to be holding a conversation. "What were you and Jimmie talking about?" she asked when the little girl joined her after the dance. "Oh, just talking," evaded the youngster. "Well, what did Jimmie say," persisted the mother. "He said, 'Gee, you're a rotten dancer,'" revealed Mary Elizabeth. "Oh!" cried the stricken parent, thinking her daughter would be offended. "What did you say to that, honey?" "I said," replied the child, calmly, "Say, you're not so good yourself."

Catfish Peculiar

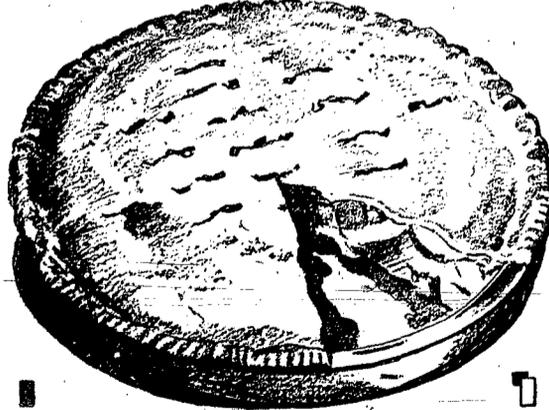

Catfishes are called catfishes because they have feelers on the head, like cats' "smellers." They have no scales, their bodies being naked and smooth, or mottled with long plates. The different species vary in size from

dwarfs two inches long to six feet giants. The stone-cats and the mad-toms, seldom more than three inches long, sting painfully, but not dangerously. Only a few fossil catfishes have been found. The present scaleless members of the group evidently come from scaly ancestors. The peculiarities that distinguish them are caused by specialization of some parts and by degeneration of other parts.

Swedes Made History

Sweden's international relations were kept alive by the contact between the home country and Swedish emigrants and settlers abroad. Thus in the year 875 Swedes penetrated as far south as the Black sea and founded an Austro-Gothian dominion. Others settled on the British islands and in Normandy. Headed by the great statesman and warrior, Rurik, one group went east across the Baltic and founded the empire of Russia, named after the coast district of Roslagen, near Stockholm, whence came its founders.

A Peach Of A Pie

THEY tell a story about a man who said that he liked any kind of pie provided it was apple. There are pie and pie, and every one has a preference, but if pies were elected instead of selected the ones made of canned peaches would poll a large vote. Sliced peaches come in cans you know, as well as halved ones, and here is a recipe for peach caramel pie made with the former kind:

Put two tablespoons butter and four tablespoons sugar in a skillet and cook slowly until thick and brown, stirring constantly to prevent burning. Add the syrup from a number 2½ can of sliced peaches and then two tablespoons cornstarch smoothed with one tablespoon cold water and a slightly beaten egg yolk. Cook in a double boiler until thick. Arrange and pour over the caramel sauce. Bake

at 450° for fifteen minutes, then at 400° for fifteen to twenty minutes or until done. Cool. Cover with whipped cream. Eat.

Sliced Peaches Economical

A careful comparison of the contents of number 1 cans of a well-known brand of sliced and halved peaches showed six ounces of syrup and eleven and a half ounces of peaches for the sliced as compared with seven ounces of syrup and only ten ounces of peaches for the halved. This cannot be taken as a general rule for all brands, but is merely indicative that the use of canned sliced peaches for pies and tarts is economical because more peaches are likely to be concentrated into the cans of sliced than halved.

Husker-Shredder Is Efficient Destroyer

Solves Problem in Corn-Borer Clean-Up Plan.

(Prepared by the United States Department of Agriculture.)

While the husker-shredder has long been recognized as a useful machine in the corn belt, its effectiveness as a destroyer of corn borers in corn fodder has given it a new significance. Shredding solves one of the most difficult problems in a corn-borer clean-up program, according to entomologists of the United States Department of Agriculture, by affording an efficient and practical means of disposing of the cornstalks that might otherwise carry the borers through the winter.

Shredding tests, they say, indicate that kills of from 98 to 100 per cent of the borers may be obtained, and that any that escape death in the machine probably perish during the process of storing or feeding the shredded material. The maximum kill is obtained when stalks are cut in lengths of one-half inch or less.

Other advantages attributed to the husker-shredder are cited by the farm management specialist of the department in Farmers' Bulletin 1589-F, The Husker-Shredder on Eastern Corn Belt Farms, just issued. This bulletin is based largely on information secured in a co-operative study of the experiences of farmers in Ohio, Michigan, Indiana and Illinois who use husker-shredders in harvesting their corn crop.

A copy of the bulletin may be obtained by writing to the United States Department of Agriculture, Washington, D. C.

Bud Grafting on Trees Really Simple Process

Bud grafting or "budding," as it is often called, is the process of transplanting an eye or bud from one tree or shrub to another, and is really a simple process when once the operator "knows how."

There are a few essential points, however, that are frequently overlooked, and one of the principal ones of these is to have the bark of the stock so that it slides freely. Almost every man or boy from the country can remember in his earlier days the making of a whistle from small wood of the willow and how necessary it was for the bark to peel to make it properly. Now this is just the condition for the bark to be in for successful bud grafting and when the stock to be grafted upon is in this condition success is almost sure to follow. August is the season in many sections for bud-grafting of peaches, cherries, plums and other fruits and also roses and other ornamentals. One of the secrets of budding and grafting is to perform the operation quickly, before the sap of the plant gets a chance to oxidize, and as it is an old adage that "practice makes perfect" the professional grafter or budding nearly always scores more success than the amateur in this line.

Way to Clean Brooder by Using Heavy Paper

A good way to keep the floor of a brooder clean is to cover the floor with heavy paper. Over this scatter litter or cut straw. When the paper becomes soiled, it is removed, litter and all, and burned or buried. It is much easier to replace both the paper and litter than to scrub the floors when soiled. Then, too, the brooders are always dry, whereas if they must be scrubbed often, they are liable to be damp sometimes, and then look out for roup. Dampness will bring on roup in young chicks, and is sometimes so fatal and does its work of destruction so quickly, that one has no chance to use a remedy, if one can be found. It is much more fatal to young chicks than to matured fowls.

Cultivate Everbearing Strawberries All Year

Everbearing strawberries need lots of cultivating and hoeing. It is not necessary to keep the weeds out, but the ground should be worked frequently whether there are any weeds or not, as the everbearers do not like to be left standing in a hard soil even if there are no weeds. So keep the ground stirred so that there is a mulch of loose soil around them at all times if you want them to do their best for you. Everbearing strawberries make a fine addition to the menu on our table in the fall of the year, helping to make that much needed variety and change which some sage has said is "spice of life."

Cutting Forests

Where forests are cut down with no provision for immediate regrowth, the economic effects reach out far beyond the lumber business. Industries move away, wages are reduced, bank deposits decrease, farmers lose their markets, railroad revenues shrink, schools deteriorate, good roads are fewer, tax burdens pile up, and abandoned farms abound.

Control Cutworms

Cutworms are among the most troublesome insects with which the gardener and the farmer have to deal. Their principal damage is done in the spring when they cut off young plants at or near the surface of the ground. Cutworms are not difficult to control. The most effective and the most practical method is to poison them with poisoned bran mash.

HOG WALLOW WILL GIVE PROTECTION

Porkers Need Shade and Cool Water in Hot Season.

While there is nothing esthetic about a hog wallow, there is satisfaction—for the hogs—and protection for their owner. In hot weather the hog, more than most other animals, is liable to overheating, likely to be attended by very high mortality. Plenty of shade and cool water, together with freedom from any disturbance, are preventatives against this source of losses in the hog lot.

On the John Brown farm near Mechanicsburg, Ohio, there is a hog wallow of concrete which pretty well suits the ideas of J. W. Wulcher, animal husbandry specialist at Ohio State university, as to what a hog wallow should be.

About 25 feet square, the sides of the wallow slope very gradually toward a drain in the center. In one corner there is an automatic drinking fountain, the overflow from which runs directly into the pool. Over the wallow, there is a roof supported on posts. All four sides are open.

The capacity of the wallow is highly elastic, since every hog which grunts his way into the water, displaces his own volume in water and raises the level of the pool. The more hogs in the pool, the more water.

The surface of the water in the pool carries a floating film of crude oil which keeps down insect pests on the hogs and also checks mange among them.

Sodium Chlorate May Cause Cattle Losses

Tests made in the division of veterinary medicine at University farm show that sodium chlorate, a weed destroying chemical, will cause sickness of cattle if taken in small amounts and death if taken in large quantities.

Therefore, when the material is used in pastures for weed eradication it is necessary to fence off temporarily the areas where it is to be applied, says A. C. Army of the farm crops section of the Minnesota experiment station. "Even if chlorates were not injurious to cattle," he says, "the fencing off of areas to be treated is advisable from the standpoint of using the chemical to the best advantage. Grass to which the chlorate has been applied is eaten greedily by cattle. Any chlorate they may eat is lost as far as bringing about weed eradication is concerned."

"Continued satisfactory use of these chemicals depends on the avoidance of accidents in making the applications and of injury to animals after the applications are made. In no case should a person apply the chlorates without having full directions for their use. These directions should be followed in detail whenever the chemicals are handled."

Valuable Supplement to Corn in Feeding

Soy beans are a very valuable supplement to corn in feeding steers and hogs. They are about equal in feeding value to either linseed meal or cottonseed meal and can be substituted for the mill feeds to balance corn when feeding steers or hogs. From 2.5 to 3 pounds per head per day should be fed.

However, soy beans are very rich in oil and this will have a tendency to throw both hogs and steers off feed if the beans are fed for a long time. If hogs follow steers that are fed soy beans instead of linseed or cottonseed meal the hogs should have some tankage in addition.

Live Stock Items

Knowledge is power in the control of swine diseases.

Remove sow at weaning time. Allow no other hogs in the pasture.

Preventive measures to control pig diseases should begin before the litters are farrowed.

Lack of exercise causes weak lambs, so one should be sure the ewes receive a little exercise each day.

Like feeding, breeding is not the only thing to be considered in handling live stock; both must go hand in hand if the best results are to be obtained.

Pigs of all classes respond to good forage. It is especially valuable in the ration of young, rapidly growing pigs.

Pregnant ewes require a rather liberal supply of protein for developing the foetus and producing wool as well as for body maintenance.

Spring pigs that are to follow cattle on feed in the fall and winter should not be full fed prior to this time, as they become too fat and inactive to be best suited to the feed lot.

SOCIETY and Club

For Bessie Hiscok.

A shower was given at the W. H. Gildersleeve home Tuesday evening for Miss Bessie Hiscok, whose marriage to Mr. Paul Crossland has been announced for next month. Mesdames W. H. Gildersleeve, T. T. Jones, W. A. K. Neesley, Harvey Neesley and Mae Young were hostesses. There were 32 guests. Decorations carried out the bride's colors, green and orchid.

A mock wedding was the feature of the entertainment, with Joe Lutgen acting as the bride and David Young as the groom. Flower girls were John Kemp and Dick Faake, Junior Neesley was the ring bearer, and Don Beaman was the father of the bride. Franklin Philleo played the wedding march.

Many fine presents were presented to the bride-to-be. They were given to her concealed in a large pasteboard pile.

Country Club.

There were nine tables of bridge at the weekly social Tuesday afternoon, with hostesses as announced last week. Eleven children were present, and were in the care of Helen Jones and Katherine Craven.

The committee in charge of the social next week will be: Mrs. C. Shulthels, chairman; and Mesdames W. C. Shulthels, Perry Theobald, A. V. Teed, W. E. Von Seggern, W. B. Vall, and H. A. Welch.

This evening at 6:30 o'clock at the Country club will be the first of a series of dinner parties. The hosts and hostesses will be Mr. and Mrs. Homer Seace; Mr. and Mrs. H. B. Craven, Mr. and Mrs. C. B. Wright, Mr. and Mrs. William Beckenhauer, Mr. and Mrs. L. C. Gildersleeve, Prof. and Mrs. W. C. Lowrie, and Mr. and Mrs. W. R. Hickman.

Sunshine Club Picnic.

All families, except one, about 50 in all, were present at the annual meeting and picnic of the Sunshine club at the John Grier home last Thursday evening. The picnic was served on the lawn, which was specially lighted for the occasion.

Following the supper, the children of the members gave a program of readings, recitations, and music. Mrs. John Grier, Miss Ina Johnson, Miss Helen Grier, and Miss Marjorie Grier played piano selections. Miss Ina Johnson and Rollie Johnson played selections on the saxophone and clarinet. Mesdames James and John Grier sang a duet. The program was closed with the song, "America", by the group.

The next meeting will not be until September, and will be held at the home of Mrs. Chris Jensen.

For Miss Miner.

Mrs. C. T. Norton and Mrs. Charles Ash gave a miscellaneous shower for Miss Marion Miner, a bride-to-be this month, last Thursday at the home of the former. The home was decorated in the bride's colors, orchid, yellow, and green, with many garden flowers. The luncheon tables also carried out the color scheme.

There were two guessing and writing contests, won by Mrs. A. C. Thompson, and Mrs. Jack Beatty of Carlisle.

Junior Meyers, dressed as an Italian peddler, presented the gifts to Miss

Miner. A luncheon of ice cream, lady fingers and cake, was served.

For Miss Miner.

At the E. S. Blair home last Friday afternoon, Mesdames E. S. Blair, Paul Siman and William Hawkins were hostesses to 17 guests at a kitchen shower for Miss Marion Miner, whose wedding has been announced for this month. Decorations were in summer flowers.

There were four tables of bridge, with Mrs. Homer Seace and Mrs. Ralph Beckenhauer winning first and second prizes. The hostesses served a two-course luncheon.

Miss Betty and Billie Hawkins presented the gifts to the bride-to-be in a large basket. There were many nice gifts.

Presbyterian Missionary.

The Presbyterian Missionary society met last Thursday evening at the church, with Mesdames John Harrington, Fenton C. Jones, and R. R. Larson serving as hostesses. Mrs. Howard James reviewed the missionary work that has been done during the past year. Mrs. Mae Young led the devotionals.

The society is conducting a study of stewardship, with Mrs. O. L. Randall as leader. The first lesson was given Wednesday evening of this week. There will be two more lessons on following Wednesdays.

Campus Party.

Last Wednesday evening, July 10, 130 college students attended a campus party held south of the Science building. Following an hour of games, refreshments consisting of eskimo pies were served, and Prof. Irving Horn led in the singing of a number of songs.

The committee in charge were Miss Helen Pence, Myrtle Burns, La Merle and La Verle Van Gilder, with Prof. K. N. Parke acting as master of ceremonies.

Winside Ladies' Guests.

About 40 guests, most of them from Winside, were entertained at a three-course luncheon and bridge party at the Clyde Oman home last Thursday, with Mesdames Oman, D. J. and A. T. Cavanaugh, and J. M. Strahan as hostesses. There were nine tables of bridge. Mrs. C. E. Neelham, of Winside and Mrs. J. J. Ahern, were winner of first and second prizes.

Legion Auxiliary.

The Wayne chapter of the American Legion auxiliary met Tuesday evening at the home of Mrs. Alvina Korff. The reports of the committees were given and plans made for the state convention to be held in Hastings the last of August. Delegates, who will be announced later, were elected to the convention. Light refreshments and a social hour followed the business meeting.

Lutgen Entertain Friday.

Dr. and Mrs. S. A. Lutgen entertained at a luncheon and bridge party last Friday evening. There were eight tables. The decorations were with baskets of home grown flowers carrying out the color scheme of blue and yellow.

Mrs. Woodward Jones made the woman's high score, and Charles Carhart made the high score for men.

Dinner With Mrs. Welch.

Mrs. A. A. Welch entertained last Wednesday at a 1 o'clock dinner complimentary to Mr. and Mrs. Burton Chace of Long Beach, California. Besides Mr. and Mrs. Chace, Mr. and Mrs. C. A. Chace and Mr. Fred G. Philleo were guests.

Young People's Bible Circle.

The Young People's Bible circle held its regular meeting at the E. B. Young home last Friday evening, taking up the study of Genesis. This work will be continued at the meeting tomorrow night.

At Robert Mellors.

Mrs. Robert Mellor entertained at a 1 o'clock dinner Sunday at the William Mellor family, the Frank Wilson family, of Winside, Mrs. Hamer Wilson, and Mr. and Mrs. Warren Shulthels.

Light Bearers.

The Light Bearers met at the home of Mrs. F. E. Gamble Tuesday afternoon, and spent their time in sewing.

Cherry Dinner.

Mr. and Mrs. J. M. Cherry entertained at a 6 o'clock dinner Friday evening at the home of Mrs. A. B. Cherry,

of Pasadena, California, Mr. and Mrs. W. C. Andrews, and Miss Elinor Rennick.

For Miss Rennick.

Miss Elsie Mae Carhart entertained 14 guests at an afternoon tea, last Thursday for Miss Elinor June Rennick, who became a bride at Great Falls, Montana, Thursday of this week.

Bowen Dinner.

Prof. and Mrs. O. R. Bowen entertained at a 6:30 o'clock dinner Tuesday evening at the home of Mrs. C. A. McMaster, their son, Wayne Allen, and their niece, Virginia, of Omaha.

Pleasant Valley.

The Pleasant Valley club met Wednesday afternoon, July 17, with Mrs. Aden Austin. There will be a complete report of the meeting in next week's paper.

W. C. T. U. Friday.

The W. C. T. U. meets with Mrs. Walter Miller tomorrow afternoon. Mrs. P. C. Crockett will be assistant hostess. Mrs. I. E. Ellis will lead the devotionals.

For Miss Miner.

Mrs. Lou Owen entertains this afternoon in her home at a Kensington in honor of her niece, Miss Marion Miner, who marriage is to take place July 24.

Bible Study Circle.

The Bible Study circle met Tuesday afternoon with Mrs. L. W. Kravitt. Mrs. Simpson was the leader of the lesson.

Rural Homes.

Rural Homes meets today at the W. H. Neely home, with Mesdames W. H. and W. K. Neely as hostesses.

St. Mary's Guild Social.

St. Mary's Guild held an ice cream social on the E. J. Huntmer lawn Wednesday evening.

Early Written Works

Illuminated manuscripts are those whose texts are brightened and heightened by vignettes and otherwise decorated in colors or in gold and silver. Fifteen centuries before Christ the papyrus rolls of the Book of the Dead were illuminated with brilliantly colored scenes. Later, as writing became alphabetic, the important letters were illuminated.

Monument Moves

The way of the Washington monument is rendered perceptible by a copper wire 174 feet long hanging in the center of the structure and carrying a plummet suspended in a vessel of water. At noon in summer the apex of the monument, 550 feet above ground, is shifted by expansion of the stone a few one-hundredths of an inch toward the north.

Irons in Africa

Although the use of household electrical appliances in the Union of South Africa is not widespread, the electric iron has become popular and is used by nearly all housewives living in a city where current is available. The natives, however, continue to use the old-fashioned iron.

Snakes' Sight and Hearing

All snakes have good eyes, and some of the nocturnal species have very large ones, but the eyes have no lids and are not movable. No external ear is present, but a complicated internal apparatus exists, so that snakes hear well and are affected by musical sounds.

Water Angel's Flight

The water angel, a unique member of the thrush family, flies not only through the air but through the water. Its feet are not webbed and adapted for swimming as are those of the duck, and, therefore, it uses its wings as a means of locomotion.

Dangerous Anesthetic

The quantity of chloroform required to anesthetize varies with the individual. Great care has to be exercised in administering chloroform and it must be done by a competent physician, as poisoning sometimes results when too much is given.

National Anthem

Congress has repeatedly refused to take any action toward recognizing a national anthem. Army and navy regulations, however, and a war-time proclamation by President Wilson give that honor to "The Star-Spangled Banner."

Cause for Tardiness

Robert, age six, was late for school one day, and the teacher was annoyed. "My new sister came last night, and she was the cause of it," said the excited boy. "You see, she is just borned, and I had to show her all my toys."

Sophistication

A careful examination of several explanations of the meaning of sophistication led to the conclusion that if you don't know much and pretend you do, you are sophisticated.—Rochester Democrat and Chronicle.

Womanly Wile

"A neighbor of ours," writes a correspondent to Farm and Fireside, "had such a costly set of furniture covers made that she is now having a second set made to protect the best ones."

La Porte News

Vivian and Carl Forerest Sandahl went to Norfolk, Monday to spend a few days at the home of their aunt Mrs. Albin Olson.

Mr. and Mrs. Raymond Baker left Tuesday for a trip into South Dakota. They drove thru in their new Nash car.

Wm. Farnsworth spent Sunday at the home of his sister Mrs. Wm. Palmer.

Lawrence Ring has had a new light plant installed in his farm buildings. Barbara Helme spent from Thursday to Saturday with Helen Marie Laughlin.

Robert Turner of the Wakefield vicinity spent the week-end with Fred Lutt.

Marjorie Harrison and Francis Lutt spent Wednesday afternoon with Joy Lutt.

Robert Hanson and family spent Friday evening, at the Elmer Harrison home.

Elmer Haglund has purchased a new Nash car.

A band of 4 men camped on the school grounds of the Hunter school and asked for oat shocking at 40c per acre. They shocked for Wm. Meyer, Maunso Ulrick, Eli Laughlin, Raymond and Harvey Larson. They were welcome as the grain is unusually heavy and a large field of cut oats presents a formidable task.

The heavy rain on last Saturday night did considerable damage in vicinity where the heaviest of the rain seemed to hit. Oats that were cut and not shocked were beaten into the ground. Eli Laughlin had one-half acre of potatoes covered up with the washed dirt. In other spots the potatoes were washed out upon the surface. Washed dirt stands about one foot deep in Raymond Baker's hog lot. Many trees had huge limbs broken by the wind.

The La Porte Community club met Monday with Mrs. Raymond Baker for a Kensington. A dress form was made for one of the members. The club adopted the following original songs which will be printed for use in programs. "Our Club" by Mrs. Ray Agler, "La Porte" by Mrs. Raymond Baker, "La Porte Community Club" by Mrs. Chauncy Agler and "Onward

Community Creamery

Phone 28

Take Home a Quart of ICE CREAM

Sell us your Cream, Eggs and Poultry

E. E. KEARNS, Prop.

La Porters" by Mrs. E. M. Laughlin. Mrs. S. J. Hale was in charge of the social hour. Choice recipes were given by ten ladies. The ladies were then asked to name the flowers in a large ensemble bouquet. Prizes were won by Mrs. Mary Doring, Mrs. F. C. Hammer and Mrs. Carl Sundell. Guests were Mrs. John Brudigan, Mrs. John Lutt, Mrs. Mathelson, of California, Mrs. Henry Brudigan, and Marian Agler and Clara Doring. Mrs. Baker assisted by Mrs. S. J. Hale and Mrs. Max Brudigan served a two course luncheon. The next meeting will be a picnic at the Bressler park in Wayne in August.

If We Told The Truth

"Isn't it wonderful that you were only frightened once during the war?" gushed the pretty girl. "When was that?"

"From the day I got in," answered the modest hero, "on."—American Legion Monthly.

Immune

It had always been Sam's ambition to own a fur coat, and after years of skimping he had achieved it. On the first day of its possession, as he was strutting down the street, a friend approached him.

"Mo'nin', Sam," the friend remarked, his teeth chattering from the wintery blasts. "Pretty col' day, ain't she?"

Sam lifted his chin haughtily from the depths of his huge fur collar.

"Ah really kain't tell 'bout the weather," he replied carelessly. "Ah

ain't looked at de paper today."—American Legion Monthly.

No Hope

"Now," cautioned the judge, "remember you are to tell the truth, the whole truth and nothing but the truth."

"Golly!" exclaimed the dusky defendant, "Mah case am los, right now!"—American Legion Monthly.

NOTICE OF SETTLEMENT OF ACCOUNT.

In the County Court of Wayne County, Nebraska.

State of Nebraska, Wayne County, ss: To all persons interested in the estate of John W. Morris, deceased.

On reading the petition of Ellis Morris, administrator praying a final settlement and allowance of his account filed in this Court on the 16th day of July 1929, and for distribution of the residue of said estate. It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 2nd day of August A. D., 1929, at 10 o'clock A. M., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Nebraska Democrat, a weekly newspaper printed in said county, three successive weeks prior to said day of hearing.

(seal) J. M. CHERRY, County Judge.
