

WAYNE COUNTY

PIONEER PASSES

AWAY SUNDAY

Mrs. Rebecca Elizabeth Sneath Died at Wakefield, Sunday Evening September 8th.

SURVIVED BY FIVE CHILDREN

Mrs. Rebecca Elizabeth Sneath, an old pioneer of Wayne county, died at her home in Wakefield last Sunday evening, September 8, at about 9 o'clock. Mrs. Sneath had been failing in health for some time, and the cause of her death is not definitely known.

She was born June 13, 1847, near Warriors Mark, Pennsylvania, and was a daughter of Daniel and Mary A. Bressler. On April 28, 1869, she was married at Fostoria, Pa., to Robert Sneath. After her marriage, she and her husband moved to Iowa where they lived until 1871, when they came to Wayne county and settled on a homestead in Leslie precinct. Here they celebrated their golden wedding on April 28, 1919, and lived until Mr. Sneath's death, April 26, 1923. After her husband's death, Mrs. Sneath continued to live on the homestead until 1927, when she moved to Wakefield, where she lived until the time of her death.

Mrs. Sneath is survived by the following five children: Mrs. Lizzie Cotterell of Bemidje, Minnesota, James E. Sneath of Anthony, Kansas, Bert E. Sneath of Wakefield, Mrs. Alta Bruers of Clyde, N. D., and Mrs. Kate Kenan of Stanton, Nebraska. Three children, George and Richard Sneath and Mrs. Josephine Young, preceded her in death.

She is also survived by one sister, Miss Hanna Bressler of Wayne, and by four brothers, John T. Bressler of Wayne, Frank P. Bressler of Wakefield, Samuel C. Bressler of Pender, and Anderson E. Bressler of Wayne. There are several grandchildren and some great grandchildren. Miss Anna M. Young also made her home with her grandmother.

Funeral services will be held today at the home at 2 o'clock and at the Methodist church at Wakefield, of which she was a member, at 2:30 p. m. Interment will take place at the Wakefield cemetery.

Nebraska's First

Snow of Season

The Western Part of State Reports Temperatures Below Freezing.

The first snow of the season fell in Nebraska last Friday over a wide area in the western section of the state, the precipitation extending into the black hills region and eastern Wyoming.

Below freezing temperatures were reported from many points in the snowfall area.

Amount of the fall in Nebraska varied from an inch at Chadron and Scottsbluff to three inches at Crawford and four inches at Hay Springs. Casper, Wyoming, reported five inches and four to six inches of flakes covered the ground in the Black Hills territory.

The snow and rainfall over the territory farther east was welcomed by farmers as assuring good yields of potatoes. Temperatures were not low enough to cause damage to corn or potatoes. Light snow fell as far east as Alliance. Rain fell Friday night in northeastern Nebraska from Emerson to Sioux City, Iowa.

The lowest temperature of the state was reported from Hay Springs, 28 degrees. Valentine had snow starting at 10 o'clock Friday morning the earliest since the government station was established there 45 years ago.

Chevrolet Dealers

And Salesmen Meet

The Chevrolet dealers of this district held a very interesting get-together and sales meeting at Norfolk, Wednesday of last week. Mr. Corryell of Corryell Auto Co., W. S. Fox, and Virgil Holmes, salesmen, attended, and reported a good representation from the district present. Factory representatives were present and complimented the dealers of this district for exceeding their quota for the year. There are 15 direct and about 30 associate dealers in this district.

Caged Bears Left

On Wayne Highway

Mr. Fred Engler, of Mason City, Iowa, who is putting on a number of free acts at the Wayne County Fair this week, was stuck in the mud between Wayne and Wakefield last Sunday and was forced to leave several cages of bears on the roadside for several hours while he came to Wayne for help to tow him into Wayne. It is said that the bears on the roadside attracted considerable attention from motorists passing, one of whom later remarked a muddy road is not a desirable place to meet a hungry bear.

Smiths Hold Golden

Wedding and Reunion

There Were Seven Present That Attended Wedding Fifty Years Ago.

About sixty-five relatives and friends were present at the family reunion held last Wednesday, September 4, in the J. H. Wright home in honor of their golden wedding anniversary.

About noon, much to the surprise of nearly everyone present, a wedding march struck up and an impromptu double ring wedding ceremony took place, with Mr. and Mrs. J. H. Wright acting as bride and groom.

Mr. and Mrs. J. M. Millan acting as bridesmaid and best man, and Rev. W. W. Whitman officiating. A great niece and a great, great niece acted as ring bearers, and Mrs. Wright's mother, Mrs. Nancy Jennings Wright, who is eighty four years old, gave the bride away. The rings used were gifts brought from Colorado Springs, and were made of Cripple Creek gold. Rollicking fun and merriment were connected with the whole affair.

Immediately after the impromptu wedding, a one o'clock dinner was served.

The afternoon was spent in visiting and music. Some of the old songs and poems of fifty years ago were sung and recited, and several readings were given by Mr. and Mrs. Wright's granddaughter, Miss Genevieve Wright. Many beautiful gifts of gold, and gold coins were received.

On September 4, 1879, Mr. James Henry Wright married Miss Rosine Jennings at Fontanelle, Iowa, where they lived two years and moved to Broadland, S. D. In 1889 they settled on a farm near La Porte. Here they resided until 1898, when they moved to Wayne where they now reside. They have three children: Mrs. Fauneil Smith and Messrs. Claude and Burret Wright of Wayne.

Among the guests, there were seven who were also present at the wedding fifty years ago. They were: Mr. J. M. Millan of Colorado Springs, Mrs. Nancy Wright of Timber Lake, S. D., W. F. Wright of Wayne, C. E. Wright of Omaha, R. G. Wright of Wakefield, Mrs. Tom Blatchford of New Castle, and Mrs. Henry Foltz of Wayne. Out of town guests not mentioned in the foregoing paragraphs were: Mr. and Mrs. W. W. Williams of Omaha, Mrs. C. E. Wright and son C. S. Wright Jr. of Omaha, Mr. and Mrs. J. Thomas and son and daughter of Romona, S. D., Mrs. R. G. Wright and daughter of Wakefield, Tom Blatchford of New Castle, Mr. and Mrs. Frank Tuttle and family of Ponca. Many other relatives and friends from Wayne and vicinity also were present.

Cleo Wells Truck

Robbed at State Fair

Cleo Wells, of Pilger, took a truck load of Hampshire hogs to exhibit at the state fair at Lincoln last week, some were his and a part of them were the property of Ed Rennick.

Mr. Wells left the truck standing on the fair grounds near where he was exhibiting the hogs. Some one broke into the truck and stole a suit of clothes, a gold watch and \$10 in cash.

At the Wayne Hospital

Charlie Martin is improving nicely. He is able to be up now.

Miss Marie Sund left the hospital September 5.

Miss Helen Nuss left the hospital September 5.

Sam Simons left the hospital September 6.

Dr. De Walt was a professional visitor September 1.

Large Crowds Attend Wayne

County Fair On Opening Day

Secretary States They Have Largest Number of Exhibits in History of Fair.

FREE ACTS ARE BIG ATTRACTION

Considering the inclement weather of the past week, preparations for the Wayne County Fair have been progressing satisfactorily.

The inclement weather of the first of the week began to make prospects for fair week rather gloomy, however with warmer weather and sunshine Tuesday morning, the fair has taken on new life. The fair grounds Tuesday was crowded with men and women entering the exhibits, erecting booths, and putting on the final touch, for the opening day Wednesday morning of the greatest fair Wayne county has ever had.

Mr. Von Seggern, secretary of the fair board says they have the largest number of entrances ever known in the history of Wayne county fairs, by far exceeding their fondest expectations.

The exhibit of Baby Beef cattle is the largest of any fair in the state outside the state fair at Lincoln.

The exhibits of draft horses are large. Rileys ranch has entered 14 head of Shetland ponies, which are attracting the attention of the boys and girls.

The exhibits of hogs is fine, in fact the best the writer has seen this season, at a county fair.

In the exhibits are hogs from six counties of Nebraska, also from South Dakota and Iowa. The Broad Acres Stock farm have entered about 20 head of Durocs, which is the largest single exhibit of hogs.

The exhibits of farm machinery and equipment for the farm is very elaborate, there you will find on display practically every kind of machinery and equipment from a chicken coop to a threshing machine. The largest exhibits of farm machinery are Thompson & Bichel, exhibiting the McCormick-Deering, and Farmall lines, H. J. Sorenson and Son, exhibiting the John Deere line and H. H. Hachmeier, exhibiting the Nickles and Sheppard and Moline lines. It is conservatively stated that there are 15 or more car loads of farm machinery in the display.

Kugler and Sears have a fine display of a Delco Light plant, which brings to the farmer another convenience formerly enjoyed by the city family only.

The poultry exhibit is excellent, and shows the increasing interest (continued on page five)

Odd Fellows Hold

Meet at Emerson

The Odd Fellows' annual meeting, party, and chicken fry was held in Emerson last Thursday evening. Over 120 members from several lodges in Northeast Nebraska were present. A few of the state officers were also present, and some degree work was done by the visitors. The Odd Fellows lodge being strictly a lodge for men, the men did all work necessary to make this meeting a success, including the frying of the chicken.

Those from Wayne who attended were: Levine Johnson, John Harmer, C. O. Mitchell, Joe Baker, L. A. Panabaker, Martin Logge, Fritz Denlinger, Wm. Buetow, Harry McMullan, Nels Juhlin, George Barnholtz, Henry Soules, Oscar Johnson, Guy Williams, and Van Bradford.

Firemen Meet at

Wakefield Next Year

The annual meeting of the Northeast Nebraska Volunteer Firemen's association will be held at Wakefield next Labor day, it was decided at the annual meeting of the association held at Bloomfield, September 2nd. The association was organized at Wakefield several years ago, and has grown into an annual affair embracing fire companies in five counties. The meetings are always held on Labor day.

Mr. and Mrs. R. C. Hahlbeck went to Hooper Saturday to get their two little girls who have been visiting with Mrs. Hahlbeck's people. They returned Sunday.

HIGH SCHOOL

OPENS MONDAY;

ENROLLMENT 155

New Bell System Has Been Installed That Will Unify Passing of Classes.

FOOTBALL TEAM IS ORGANIZED

The high school had fire drill Wednesday morning.

The teachers who have formerly been a part of the Wayne high school faculty entertained the teachers who are new to the school system at a seven o'clock dinner at the Stratton hotel Tuesday evening. Bridge was played after the dinner.

The new bell system facilitates the routine of class dismissal in high school. Three bells are rung each time between classes. On the ringing of the first bell, classes pass to the assembly. On the ringing of the second bell, classes pass to class rooms. The ringing of the third bell signals for class work to begin. This economizes time, making uniform passing.

Sixty-six boys and eighty-nine girls are enrolled in the school. This makes a total enrollment of 155.

The first teachers' meeting of the year was held Saturday afternoon at three o'clock at the high school building. All teachers were present. Supt. Best talked to the group.

A teachers' meeting was held Monday after school. Policies as to routine procedure, and problems of the day were discussed. A regular teachers' meeting will be held each Monday night.

Commercial Department News

Twenty-two students are already busy in the typing room. Tuesday six new Remington Noisless machines were unpacked and put in the typing room for immediate use. Many new features of these machines make them especially desirable for school use. The bookkeeping and shorthand classes have started out with a large enrollment.

Program and Speech Department To be able to express one-self before a group is becoming more important than ever before in this complex society of ours.

Consequently there is offered in the high school a full year of Public Speaking. During the first semester the work will consist of studying and making various types of speeches. The theory and tactics of debating will be dealt with in detail.

During the second semester most of the time will be spent on Dramatic Production. This course will include designing and building stages and scenery. Principles of stage lighting, theory of acting, and principles of make up will be studied. A number of one act plays will be given on a stage built and designed by the students.

We hope to accomplish a great deal in this department. With the cooperation (continued on last page)

Mr. Melichar Directs

Monahan Post Band

Mr. Melichar the regular director of the Monahan Post Band will direct the band when it plays at the Wayne County Fair next Friday. Through an error in a news item of previous date we stated that Professor Reed would direct the Monahan Post Band, when we should have stated Mr. Melichar is director. We are careful to avoid errors in our news columns and glad to correct them when they are called to our attention.

Mrs. Kramer Indorsed

For Legion Auxiliary

Mrs. Fred Kramer of Madison has been indorsed by the state conventions of Nebraska and Wyoming as candidate for national president of the American Legion Auxiliary. She was previously indorsed by the delegations of South Dakota, North Dakota, Montana, and Minnesota.

At present she is the national vice president for the northwest division of the Auxiliary. Mrs. A. Hahn of Creston was elected state president of the organization at the convention at Hastings, held August 26 to 28 inclusive.

Byrne Speaks At

Kiwanis Luncheon

Harry S. Byrne, of the Harry S. Byrne Insurance and Surety Bond Co., Omaha, gave a very interesting talk at the Kiwanis luncheon last Monday, on the trend of the stock market, or stocks and bonds as an investment. Next week is constitution week and J. E. Brittain and H. A. Welch will be the speakers of the day at the regular luncheon hour next Monday at the Stratton Hotel.

The Kiwanis district convention will be held at Omaha, October 10-11.

Mrs. Weeks To Be

Census Supervisor

Editor of Norfolk Press Was Recently Appointed Census Supervisor Of District Three.

Mrs. Marie Weeks, editor of The Norfolk Press, has been appointed supervisor of the census enumeration of district three, of which Norfolk is the headquarters. The district includes Madison, Wayne, Stanton, Thurston, Dixon, Dakota, Cumming, Colfax, Burt, Dodge and Washington counties.

Appointment of enumerators in each of the counties of the Norfolk district is to be made by Mrs. Weeks. Each county is divided into a number of enumerator's districts, so as to enable correct enumeration to be made of each political subdivision of each county, and the number of enumerators will depend upon the population and number of farms in each political unit.

The actual work of taking the census will not begin until April 1, 1930, but the supervisors of the various district are to begin work at once as it is essential that the field force be organized and established so as to enable the bureau to take action promptly.

Mrs. Weeks is the first woman in Nebraska to hold the position of supervisor of the census. She is well known throughout the district and is well qualified for the position.

Hazel McOwen Stock

Company at Fair

Company No. 1 of the Hazel McOwen Stock Co. will be showing here each afternoon and evening this week at the fair grounds. This is not the McOwen company that played in Wayne the week of July 8, but the big show featuring the favorite pair, Ralph and Hazel, in the latest New York plays. There will be bargain matinees daily and a fine, new show each night with high class vaudeville features between each act. Special scenic productions are being shown, and feature orchestra music will be furnished.

There are twenty-eight people in this company, and the shows they put on give ample proof of their talent and ability.

Master Barbers to Have

Banquet October 14th

A get-together banquet will be given October 14th at the Stratton hotel. All barbers from the four counties of Cedar, Dixon, Dakota, and Wayne are invited to attend.

The Wayne chapter of the Master Barbers' Association met Monday evening, September 2, at Laurel, Mr. O'Gara of that place being the speaker.

Lincoln Store Robbed;

Loss \$5,000 or More

Ben Simon and Son's store at Lincoln was robbed early last Sunday morning. 20 to 30 women's fur coats were stolen with a value of \$4,000 or more, while other merchandise that was taken will increase the loss to \$5,000 according to conservative estimates.

An inventory has not been taken and Joseph Simon, president of the company, said the loss may run as high as \$8,000 or \$10,000. Entrance was gained by taking the lock off the front door.

The police say they have no clues on which to work on this the biggest robbery in the city's annals.

KREMER DEFEATS

MCKINNON AT

TILDEN TOURNEY

By Eliminating O'Donnell and Morgan, Finalists Upset Previous Dope.

William Kremer, Stanton ace, was crowned champion of the Tilden County Golf tournament last week. After battling his way to the finals defeated D. T. McKinnon of Norfolk, 2 and 1, in the titular match, which was witnessed by a large gallery.

It was at the last 2 holes in the second round that the break came, giving the Stanton golfer the advantage. Up to that time, the finalists battled on even terms. At the end of the second round they stood even.

The tenth, eleventh, and twelfth holes were halved. Kremer won the thirteenth, but McKinnon came back to win the fourteenth. The fifteenth was halved, Kremer took the next one and won the championship on the seventeenth hole.

Both the champion and the runner-up upset the dope in the semi-finals by eliminating Frank Morgan Wayne, Northeast Nebraska golf champion, and Hugh O'Donnell, O'Neill, 1928 champion, who were favored to battle for the title as they did in 1927 and 1928. Kremer eliminated Morgan 3 and 2. McKinnon defeated O'Donnell 2 up.

Max Golden, O'Neill defeated Maurice Lenser, Tilden, 5 and 3, to win the championship consolation title. Golden in the semi-finals eliminated Lightner, St. Edward, while Joe Baldwin, Ainsworth, lost to Lenser, 2 and 1.

In the President's fight, Charles Smith Jr., Norfolk, defeated Bud Warren, also of Norfolk, 3 and 2 in the finals. Smith forced Baker, of Tilden, out of the running in the semi-finals. Warren won his match with Jacobson, 4 and 3.

John Schrad, Randolph, won the (continued on last page)

Rules County Treasurer

Gets Driver License Fee

Judge Dineen Finds Official Entitled to 25c If He Performs Duties.

District Judge Dineen sustained the Nebraska driver's license law, in a decree Sept. 6, in which he dismissed the petition of Peter Mehrens and other taxpayers for an injunction preventing the county treasurer from issuing licenses.

The judge ruled that the collection and retaining by the treasurer of 25 cents of the 75-cent fee, is legal in cases where the treasurer personally performs the duties of "chief examining and approving officer." The question of withholding the fee when he does not personally examine the applicants is not involved in the action, and is not decided, he rules.

"This law was enacted by the legislature after full discussion and its purpose is generally recognized to be proper and beneficial. The courts are not entitled to set aside acts of the legislature unless some constitutional provision has been violated; no such violation has been shown in this case," Judge Dineen finds.

The case was decided on a demurrer entered by County treasurer Bauman, to Mehrens's suit. Bauman has been receiving applications for licenses which under the law, must be in the possession of all drivers of motor vehicles by October 1. —Omaha World-Herald.

R. F. Jacobs Buys

Sebold Home Place

R. F. Jacobs, Thursday, Sept. 5th, bought of Frederick Sebold of Sioux Falls, S. D. the 7 acre tract west of Wayne, known as the Sebold place, price consideration unknown. Mr. Jacobs will remodel and redecorate the residence before moving into his new home.

Western Union Move Office

The Western Union Telegraph Company, will on or about the first of October move their office from the Northwestern depot to the building on main street occupied at present by the Toggery. Mr. Morgan, owner of the Toggery, states that while he has one or two good locations in view he has not definitely decided on his new location.

NOTICE TO CREDITORS

The State of Nebraska, Wayne County, ss.

IN THE COUNTY COURT
In the Matter of the Estate of Charles A. Killion Deceased.

To the Creditors of Said Estate:

You are Hereby Notified, That I will sit at the County Court Room in Wayne, in said County, on the 13th day of September, and on the 13th day of December, 1929 at 10 o'clock A. M., each day, to receive and examine all claims against said Estate.

with a view to their adjustment, and allowance. The time limited for the presentation of claims against said Estate is three months from the 13th day of September, 1929, and the time limited for payment of debts is One Year from said 13th day of September, 1929.

WITNESS my hand and the seal of said County Court, this 23rd day of August, 1929.

(seal) J. M. CHERRY,
County Judge.

NOTICE OF SETTLEMENT OF ACCOUNT

In the County Court of Wayne County, Nebraska.

State of Nebraska, Wayne County, ss. To all persons interested in the estate of Leon W. Loomis, deceased:—

On reading the petition of Lucy L. Loomis, executrix praying a final settlement and allowance of her account filed in this Court on the 4th day of September 1929, and for distribution of the residue of said estate. It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 20th day of September, 1929, at 10 o'clock A. M., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Nebraska Democrat, a weekly newspaper printed in said county, three successive weeks prior to said day of hearing.

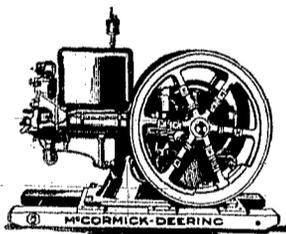

(seal) J. M. CHERRY,
County Judge.

The Greatest Farm Implement Display Ever Shown!

in northeast Nebraska will be on display at Wayne County Fair Sept. 11-12-13-14, by northeast Nebraska's largest implement dealers. It will be worth your time to see this grand assemblage of farm tools in operation.

McCormick-Deering Engines

meet all farm purposes. They represent many features.

- A size for every purpose.
- Removable cylinder head.
- Replaceable cylinder.
- Long connecting rod.
- Enclosed crank case.
- Wico ignition—makes starting easy.
- Fly-ball governor—maintains uniform speed.
- Unusually large, drop-forged steel, crank shaft
- Extra large main bearings.

Galvanized Copper Alloy Steel Portable Elevator

Ordinary black sheet steel is unsatisfactory for elevators. In SANDWICH elevator the best open hearth steel, to which copper is added, is used. Copper-alloy steel fights rust and corrosion.

Tilting or swinging hoppers, swivel telescoping discharge spouts and many other features.

Shellers and Grinders

Gets more money out of your crops. Add to the value of your feed. A size and type for every purpose. They are backed by 94 years experience.

The McCormick-Deering Spreader

is a genuine manure spreader, not merely a mechanical unloader. It is full of features from end to end, several of which are protected by patents.

- Roller Bearing equipped.
- Two Steel Beaters with wide spread spiral.
- Six conveyor speeds, controlled by lever.
- Correct Beater arrangement.
- Auto drive steering front trucks.

Cream Separators

The McCormick-Deering Ball Bearing cream separator makes child's play out of a man's job, with its exclusive ball bearing features.

- 12 distinctive features.
- Ball bearings.
- Easy turning.
- Slow crank speed.
- Greater capacity.
- Long life.
- Steady running.
- Visible tilting system.
- Improved oiling.
- Easy bowl adjustment.
- Improved thwars.

Corn Pickers

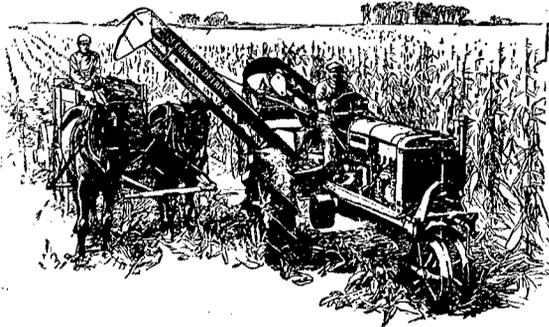

The McCormick-Deering Corn Picker will increase the husking capacity six to ten times.

Generous use of roller bearings makes it pull easy. All shelled corn is delivered into the wagon box. Retarders insure clean husking. A fan blows away all small pieces of husk and silk. It is controlled by one lever. All down or leaning corn can be picked up.

The Farmall Does It All

Power on the draw-bar, belt and power take-off.

- Plows 8 acres a day.
- Lists 20 acres a day with a 2-row lister.
- Cultivates 25 acres a day with a 2-row cultivator.
- Mows 25 acres a day with 7-ft. mower attachment.
- It pulls the binder or picker, and in fact does everything

Winside News

T. C. Wintersteen and Frank Swanson left last week for a trip to the Black Hills.

Mr. and Mrs. Ed Lindberg were in Wayne Saturday.

Mr. and Mrs. Herman Podoll and family were in Norfolk Friday.

Word was received here by Mrs. H. E. Siman of the death of her mother, Mrs. Carrie Kibbourne at Sparta, Wisconsin. Mr. and Mrs. Siman left by auto Monday to attend the funeral.

L. S. Needham of Norfolk was here on business Saturday.

Miss Edna Drevesen spent the week end at the G. A. Mittelstadt home.

Louis Mittelstadt drove to Pilger Friday afternoon.

Rev. J. B. Wylie was in Norfolk on business Thursday.

Mr. and Mrs. Harry Lindsay and sons were in Norfolk Friday.

Mr. and Mrs. John Rolph were in Norfolk Friday.

Needhams Bros. had stock on the Sioux City market the first of the week.

Mrs. Sam Richert was a passenger to Lincoln Thursday.

Mrs. Rebecca Cadwallader and Mrs. Bob Asher of South Sioux City returned from a visit to Morrigan Thursday.

Mr. and Mrs. Walter Gaebler returned from Herman, Missouri, where they had been called by the illness of Mr. Gaebler's mother.

The Misses Louise and Alma Lautenbaugh were in Wayne Saturday.

Miss Anna Loeback spent the week end with her sister at Hoskins.

Supt. C. A. Jones and daughter Reba of Belden were in town Saturday afternoon.

Mrs. C. E. Benschhof returned home Thursday from a visit with her daughter, Mrs. Harold Quinn at Wayne.

Rev. and Mrs. L. R. Keckler and daughter, Leona were guests at a birthday dinner Sunday for John Moore at the G. K. Moore home.

Winside Baker Sells Business

Mr. and Mrs. W. V. Brown of Wayne who opened a bakery here about a year ago and who have built up a nice little business, disposed of the bakery last week to Anton Condra of Dodge who took immediate possession and who will continue the business in the Stamm building on the south side of Main street.

Mr. and Mrs. Brown have no definite plans for the present but rather expect to go into some other line of work and left the first of the week for Springfield, Missouri, where they will visit Mrs. Brown's parents for a time.

Rebekah Farewell Party

The members of the Rebekah lodge gave a farewell party at their lodge rooms Friday night for Mr. and Mrs. W. V. Brown who leaves this week for their new home in Missouri. Thirty-four members were present. The evening was spent with music and cards. At the close a covered dish luncheon was served.

Margaret Nelson Entertains

Last Friday night Miss Margaret Nelson entertained twenty-five young people at her home northeast of town. The time was spent in playing Progressive Bunco. Henry Koch and Mildred Mann were the winners of prizes. Lunch was served late in the evening.

W. F. M. S. Meeting

The W. F. M. S. met Friday afternoon at the Henry Ulrich home, with Mrs. George Gaebler and Mrs. Henry Ulrich as hostesses. Twelve members and three guests, Mrs. George Hall, Mrs. Louis Rehms and Mrs. C. E. Benschhof were present. Mrs. G. A. Lewis was in charge of the devotional service, and Mrs. L. R. Keckler in charge of the Mystery Box. Mrs. Mae Huffaker was the program leader. Miss Gertrude Bayes gave the goals for the year. Mrs. H. L. Halpin gave a pianologue "The Mite Box". Mr. Henry Ulrich accompanying her on the piano. Mr. Ulrich also played two instrumental numbers on the piano. The mite boxes were handed by those present, the amount being \$11.45 but it is expected that this will be increased when the other mite boxes are returned.

Then followed the annual election of officers with the following results: Mrs. Carl Miller, president. Mrs. H. L. Halpin, vice president. Mrs. G. A. Lewis, corresponding secretary. Mrs. Mae Huffaker, recording secretary.

Mrs. G. A. Mittelstadt, mite box secretary.

Mrs. Walter Gaebler, treasurer.

Mrs. Geo. Keckler, extension secretary.

Mrs. Bert Hornby, superintendent King's Heralds.

Mrs. George Gabler, superintendent Little Light Bearers.

At the close of the business session, lunch was served by the hostess. The program committee for the year is, Mrs. G. A. Lewis, Mrs. W. R. Hillier, and Miss Gertrude Bayes.

Mrs. G. A. Mittelstadt, mite box secretary.

Mrs. G. A. Lewis, Mrs. W. R. Hillier, and Miss Gertrude Bayes.

Mrs. G. A. Lewis, Mrs. W. R. Hillier, and Miss Gertrude Bayes.

Mrs. G. A. Lewis, Mrs. W. R. Hillier, and Miss Gertrude Bayes.

Mrs. G. A. Lewis, Mrs. W. R. Hillier, and Miss Gertrude Bayes.

Mrs. G. A. Lewis, Mrs. W. R. Hillier, and Miss Gertrude Bayes.

Mrs. G. A. Lewis, Mrs. W. R. Hillier, and Miss Gertrude Bayes.

Mrs. G. A. Lewis, Mrs. W. R. Hillier, and Miss Gertrude Bayes.

East of Wayne

Mrs. Frank Larson and daughters of Wayne were Thursday afternoon visitors at Lawrence Ring's.

Mrs. Ola Nelson and Mrs. Nels Larson were Tuesday visitors in the Henry Nelson home last week.

Mrs. Wesley Ruebeck was a Friday visitor in the Dick Sandahl home, helping Mrs. Sandahl while the men put up hay.

Mrs. C. F. Sandahl and Mrs. Ed. Larson were Monday afternoon coffee guests of Mrs. Henry Nelson last week.

Allan Sandahl is the happy owner of a new bicycle.

Vivian and Allan Sandahl registered at the Wayne high school Friday for the 9th grade.

School opened in Dist. 47 Monday, September 2, with an enrollment of twenty-one pupils, and with Mrs. John Donohoe as teacher.

Henry Nelson, son Robert, and Ed Larson returned Tuesday evening, September 3, from the state fair at Lincoln.

Mr. and Mrs. Pete Jorgensen were Wednesday visitors at the August Sloan home last week.

Mr. and Mrs. Luther Bard and sons, and Jim Ring returned Tuesday, Sept. 3, from a two weeks' trip to Illinois.

Lawrence Ring and Ed Sandahl were in Sioux City Tuesday, September 3, and bought each a load of cattle.

Ray Roberts was in Norfolk Friday.

Mrs. F. C. Sandahl called on Mrs. Lawrence Ring Wednesday afternoon, September 4.

Mr. and Mrs. Henry Nelson visited the Neil McCorkendale home Wednesday, September 4.

Dr. Blatt of Wayne was out Friday afternoon to District 47 where he gave the pupils each a physical examination.

Nels Lyngrens moved into their new home Wednesday, September 4.

Mrs. Ray Roberts and Mrs. C. Boyce, and children were Saturday afternoon guests at the Russel Johnson home in honor of Wendel's third birthday.

Mrs. Paul Olson and Mrs. Clarence Pearson attended a shower for Mrs. Reynold Anderson at the Mission church at Wakefield Wednesday, September 4.

Jack Soterburg is building a hog house and cattle shed.

Mr. and Mrs. Roy Pigson were Wednesday afternoon callers at the Charles Pierson home, Sept. 4.

Mr. and Mrs. Henry Nelson and family were Sunday dinner guests at the John Soterburg home.

The Dorcas Society, the Junior Missions, and their mothers held a picnic dinner in the Lutheran church parlors, Saturday Sept. 7th. Everyone enjoyed fried chicken and home-made ice cream.

Mr. and Mrs. August Long attended the Hartington fair last Thursday.

Herbert Echtenkamp and Dora Long called at the August Long home last Thursday evening.

The Lawrence Ring family took Sunday dinner with Mr. and Mrs. Orville Erickson.

The August Longs visited the Art Hagemann home Tuesday evening of last week.

Mr. and Mrs. Ed. Larson and son, Earl, were Sunday supper guests at the Russell Johnson home.

Mr. and Mrs. August Long were Saturday evening callers at the Henry Nelson home.

Mr. and Mrs. August Long were Sunday dinner guests at the Theodore Long home.

Ben Chase was at the F. C. Sandahl place Monday, September 2, repairing the well there.

Alvin Long, son of Theodore Long, slipped and fell Saturday, breaking one of his arms. Dr. Lansing of Wakefield set the bone.

Mrs. Ray Roberts visited her mother at Wayne Friday.

August Longs were Wednesday callers in the Alfred Test home Sept. 4.

Mrs. Charlie Sackerson and May, and Mrs. James Chambers were Monday visitors in the Jack Soterburg home last week.

Mr. and Mrs. August Long were Sunday evening callers at the Ed Larson home.

Mrs. Frank Nelson visited from Saturday until Sunday with the Dick Sandahl family and helped celebrate her grandson, Dean's 6th birthday.

John Donohoe was a Sunday night visitor in the Ed Larson home.

Much rain fell during the last week, but the ground is in good shape for fall plowing. Some of the farmers have already started. If the frost holds off it looks like this community will have the biggest corn crop in years.

Scribner Blast Victims Receiving Compensation

The death of six men and the injury of nearly fifty others in a dynamite explosion in the home of County Commissioner Hollander at Scribner March 4th will result in the expenditure of nearly \$85,000, the last of which will not be paid for seven years.

Insurance for the eighteen persons and their families drawing state compensation has totaled \$55,000 to date and indications are that an additional \$20,000 will be paid within the next seven years.

Officials of the insurance company said. At least three of the explosion victims will draw compensation for the seven year maximum allowed.

The Red Cross has helped twenty-three families in addition to those receiving state compensation, the amount expended being \$6,451, the greater part of which was for medical aid. In addition Dodge county has spent nearly \$3,500 in behalf of the families left destitute following the explosion.

Gothenburg Canal Pays For Self in Year

The 30-mile Gothenburg canal has paid for itself after one-year use, was the opinion expressed by J. B. Henderson, a farmer residing between Cozad and Gothenburg last week. In support of his assertion, he pointed to the fact that last year the corn fields irrigated by the canal yielded between 60 and 70 bushels to the acre. Nearby fields that were unirrigated had a yield of 15 bushels per acre.

Wheat raised on land that was watered only once by irrigation ditches from the canal yielded about 26 bushels to the acre and other fields that were not watered yielded much less.

This year wheat fields were given more water and better results were obtained. The canal was originally constructed to provide irrigation to 20,000 acres but only about 16,000 acres were under contract last year, thus making the total cost \$25 an acre instead of \$15 as planned. The cost of maintaining the ditch last year was \$1.50 an acre and this year it is expected to be about \$1.00 an acre.

Pioneer Lady Passes Away September 1st

Mrs. Stephen Person, 81 years of age and for the past 50 years a resident of West Point, died September 1. She had been confined to her bed for the past eight years.

JACQUESOL-- the Champion Cleaning Fluid

Expert cleaners tell us that this solvent is the best ever discovered for cleaning furs, silks and woollens. It does not leave the garments hard or dry as when cleaned in gasoline, but rather leaves them with a beautiful gloss, a soft feeling and a finish like new.

JACQUESOL puts life into garments and that is what clothes must have to give good wear. They all say: "My, how do you put such a nice gloss and soft feel on your cleaned garments?" The secret lies in the fact that we use this new solvent, JACQUESOL.

Jacques Model Cleaners

Weaver Predicts A Greater State

Predictions that Nebraska in half a century will support 10,000,000 persons where it now has only 1,500,000 were made by Governor Arthur J. Weaver in an address before 1,000 persons at the annual picnic of the Dodge County Old Settler's association at North Bend.

Nebraska is due to grow rapidly in population because it has all that could be desired from the standpoint of climate, soil and water, the governor declared.

"Our state is great now and will continue to be great because its people are a mixture of the best blood in the world and because they have the spirit of democracy, a firm faith in Christianity and desire for greater education," said the governor. "If our people keep their money at home instead of chasing after blue sky investments Nebraska will also soon be one of the wealthiest states in the union."

—The Hartington Herald.

The Walkup Store Sold To R. O. Owen

The stock of the Walkup Store at Hartington, was purchased by R. O. Owen, at bankrupt sale. The Walkup was forced into bankruptcy following the failure of the Hartington National Bank. Mrs. Gertrude Hitchcock has been placed in charge as manager.—Hartington Herald.

NOTICE OF HEARING

In the County Court of Wayne County, Nebraska.

In the matter of the Estate of Emil W. Splittgerber, deceased.

The State of Nebraska, Wayne County, ss.

To all persons interested in said Estate:

You, each and all, are hereby notified that Bernhard Splittgerber and Gustav Splittgerber have filed a petition in said court alleging that Emil W. Splittgerber departed this life intestate on or about the 25th day of August 1929, and praying that Hugo Splittgerber be appointed administrator of said Estate. Hearing will be had on said petition before me at the county court room in Wayne, Nebraska, on the 20th day of September, 1929 at 10 o'clock A. M.

(seal) J. M. CHERRY, County Judge.

Madison County Pioneer Dies at a Tennessee Hospital

Mrs. Cornelia Ann Barnes, wife of the late Henry A. Barnes, one of the pioneers of Madison county passed away in a hospital at Chattanooga, Tenn., Sept. 1st. It is understood that her death is the result of a stroke. Burial will be by the side of her husband in Crown Hill cemetery at Madison. Madison Star Mail

STRATTON LEASES HOTEL

Mr. and Mrs. Ivan Stratton, have leased Hotel Logan at Elgin and will take charge October 1st.

When Pain Comes

Two hours after eating

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sour. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention.

One spoonful of this harmless, tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You

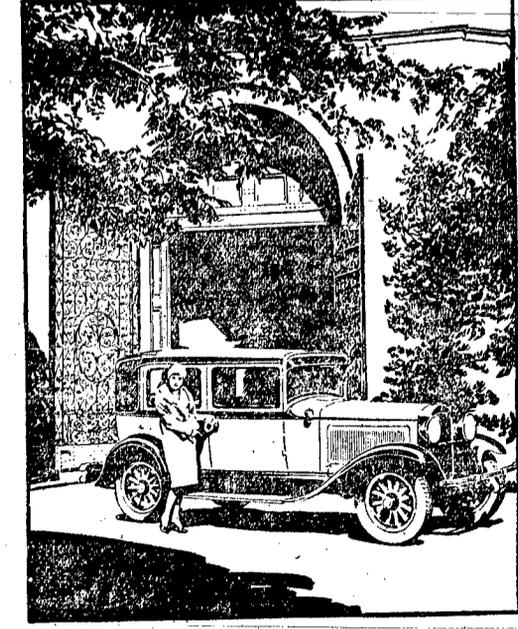

will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1876.

Compare its beauty with costly cars

SMART, GRACEFUL LINES MAKE THIS LOW-PRICED-CAR A STYLE LEADER

ONLY among cars of much higher price can you find any adequate comparison with the modish design of the new Superior Whippet. Mechanically, too, Whippet offers many features found on cars costing two and three times as much. Whippet is the only low-priced car with all these important advantages: Full force-feed lubrication, silent timing chain; higher compression engine for more speed, power and pick-up; invar-strut pistons; extra long wheelbase; "Finger-Tip Control" and in the Six, a seven-bearing crankshaft.

WAYNE MARKET REPORTS

Following are the market prices quoted us up to the time of going to press Thursday:

Corn	53
Oats	36
Butter Fat	40
Springs	18
Light Springs	13
Hens	18
Light Hens	15
Roosters	38
Eggs	30
Hogs	\$8.00 to \$10.00

Recently an announcement was made of the successful sowing from an airplane of a 160 acre field of alfalfa, and timothy and other grasses, the time required being an hour and a half. An office wag says the time is not far off when corn will be planted with machine guns. He was probably thinking of the hard gumbo on which the soil could be penetrated in any other manner. Nevertheless, stranger things have happened, and who knows how important our aerial agriculture of the future may be.

Albert L. Roberts, 45, of Omaha, was sentenced to jail Sept. 3, until he pays 11 thousand dollars alimony to his former wife, Laura Roberts, from whom he was divorced last February. "I don't have any money; I can't pay," Roberts insisted. At the time of the divorce Mrs. Roberts testified her husband was worth 70 thousand dollars.

President Hoover is winning the southern approval by his love for the opossum. He has a contract, with William McKinley Burracker, a young Virginia lad, to pay him \$5 for each opossum he brings to the President's camp, each Sunday. The boy "allowed President Hoover was right well taken with the Possum." "Der Possum is a favorite dish with most southerners and when a President is willing to pay an industrious son of Virginia five-dollars each for this four legged animal, he will be accepted south of the Mason and Dixon's imaginary line as "quite all right." "We like folks that like what we like."

The dreadful possibilities of a certain death-dealing toxin in war time were mentioned a few days ago by Prof. Leonard Hill at Lowestoft, Eng. in his presidential address to the sanitary inspectors' association. Prof. Hill called attention to a "certain bacillus which shall be nameless, but is cultivated." "If men were as susceptible as guinea pigs are to the toxin produced by this bacillus, and there is reason to think they are, it would appear that one gramme, let us say a salt spoon full, of the dry toxin would suffice to kill a million persons", he said.

Prof. Hill said that the toxin acted if inhaled or if it touched the eye as a power. He asked the association members "if men set out to prepare such a toxin and to scatter it by airplane, what would be the use of Panoply?"

WHEN YOU LOOSE CONTROL

When you loose control of your car, you endanger not only your own life, but perhaps the lives of members of your family and other traffic on the highways. It is very important to have the family auto inspected frequently, for mechanical defects is a things most of us overlook. We are prone to take it for granted that things are safe enough, and sometimes discover that something is wrong only when it causes disaster. Reliable statistics prove that over sixty percent of the cars on the highways need brake adjustment in order to be perfectly safe, and 24 percent have unsuspected defects in the steering gear and nearly fifty percent need adjustment of lights. These small matters are what is causing the steady mounting of fatal accidents from unavoidable accidents. If your car appears the least hard to control "don't take a chance"—take it to a competent mechanic immediately for inspection.

STATE PRIDE

It has been said that the proudest possession of Nebraska is not land, crops, livestock, or wealth. It is nothing you can see or handle. But its something that makes a state invincible. "It is state pride."

We know something of the development of activities of other states where people have been trained either to boost or keep still. We know what has been accomplished in state development through optimism-shouting the good and putting the soft pedal on the bad. If the people should ever get infected with a state-wide contagion of state pride, caught of a true knowledge of Nebraska's developed resources, no state far or near could compare

with us, because we have the undeniable native resources on which to found our claim to greatness.

If there be any doubting Thomases, or any from Missouri they could have seen with their own eyes and most assuredly have been convinced beyond a shadow of doubt, if they had, of visited our State Fair at Lincoln during the past week. There for the first time many realized the amazing diversity of Nebraska's resources. They received their first baptism of state pride and they went away to become Nebraska boosters in fair weather and foul. If you have not learned to boast, eventually when you have learned the resources of Nebraska you will banish pessimism and gloom and proudly say I live in Nebraska, the greatest state in the U. S. A.

DOCTORS TO CONSIDER NERVOUS DISORDERS

The New York Academy of Medicine is summoning the doctors of the country to a national seminary, to see what can be done to make life endurable under present day conditions.

There are more patients in American hospitals suffering from nervous and mental disorders than from all other diseases combined. It costs \$0 million dollars a year to maintain institutions for nervous and mental disorders, and that such disorders cause an economic loss of 200 million dollars.

The physicians' forum, to which doctors and social workers from the entire nation are invited, will be the second annual graduate fortnight, to be held in New York October 7 to 19, under the auspices of the academy. It will be the first notable meeting of American physicians concentrating on studies of psychiatry and mental hygiene with "functional and nervous problems" as the general heading of the conference.

It is interesting to observe that the ninth international conference of psychology, now being held at Yale university, has moved further toward the field of medicine than at any previous session—seeking a physical basis of its fledgling science—and that the doctors, in their preliminary announcements of their conference on neurosis, are apparently making slight genuflections in the direction of psychology.—Omaha World Herald.

Sioux City Market Report

(Furnished by Steele-Siman Com. Co.)

Sioux City Stock Yards.—General live stock markets carried a bearish undertone this week but declines were not extensive in any department. Local receipts were moderate and light, causing prices to hold up better than at other centers where sharp losses were reported on some classes.

Cattle receipts were much heavier in the aggregate at leading centers on the opening day of the week than on the previous Monday, the increase amounting to 236,000 head at the 13 main markets. Local supplies were about even with week ago.

Beef steers and yearlings moved at steady to a quarter lower than prices Monday and firmness was noted on the following day "with the lower grades receiving the best attention for a change.

The best cattle offered were 1,000 pound steers that topped at \$16.25. Other sales were made at \$15.00 to \$16.10 with the big bulk at \$13.00 to 15.00. Plain warmups ranged down to \$12.00 and under. Practically no western steers were taken by the killers and sales were made mostly from \$11.00 down.

The stockers and feeders held steady with a touch of weakness on the plainer grades. Inquiry from the country picked up this week and indications point to a good clearance at the close.

Sales were made on real good lights at \$12.00 and \$12.10 with the big bulk of the medium grades at \$9.00 to 11.00. Common lots ranged down to \$7.50 and under. Feeding cows brought \$6.25 to 7.50 and heifers on up to \$10.50.

Hog receipts were meager at this center on Monday and Tuesday and the market held up well in spite of sharp reductions at other centers until some grades sold as high as they did at Chicago. Sorted light hogs took a decline but the general run of butchers and sows did not weaken much.

On the second session, the top was \$10.00. Bulk of the light to strong weight butchers sold at \$9.50 to \$10.00 with strong to heavy grades at \$9.25 to \$9.50 with mixed and extreme weights at \$8.00 and below. Most of the sows sold at \$8.25 to 8.60 with a few to \$8.75 and down to \$7.85. Stags brought \$8.00 to 8.50. A few choice light western pigs topped at \$10.50 Monday.

A quarter loss was taken in the lamb department. The top on lightly sorted westerns was \$12.90 on the late Tuesday trade with sales at \$12.75 down on the early trade. Ewes were unchanged with the sales from \$5.00 down.

THE WEEK'S NEWS

Hits You May Have Overlooked in the Daily Press.

McCook Girl Sentenced

An alleged "wild Automobile party" ended very unpleasantly at McCook Wednesday of last week with one of the girls being sentenced to the industrial school for girls and four youths being held to the district court on various charges. Irene Phelps, the one sentenced to the girl's school, testified at the hearing Wednesday she didn't remember much after the first drink. Three other girls were said to have been in the party. The youths accused in the case were George Altman, Jack Hansen, Sam Banibrade and Earl Lowery. The court waved hearing on the charge of contributing to the delinquency of Irene Phelps, a minor, and the four were turned over to the district court for trial.

Not Healthy To Retire

Thomas A. Edison was recently asked whether he intended to retire.

"No," he answered. "It's unhealthy. I am a man of true wisdom. His inventions and discoveries have benefitted the world for many years. At his advanced age many men stop working, and give themselves to rest and comfort, but he remains just as busy as ever.

He knows not only secrets of electricity, but also secrets of good living.

He has learned that life is an experience glorious and vital and that retirements means stagnation and death. His own splendid health and mental ability at an advanced age is a sterling example of what hard work can do for one.—Wahoo Wasp

Tousands of Elk Feed in Wyoming

Wyoming has the largest number of elk in the world, ranging in various mountain sections of the state. Elk, formerly a plains animal, were crowded back by civilization to the upper countries. Herds are found in Big Horns, the Medicine Bow range, the Absaraka range, Wind River mountains, and the largest number, estimated at 20,000, are in the Jackson Hole country. The herds are on the increase and hunting seasons are open each year to keep the number down to the amount of range available. In sections around the Yellowstone Park where the snow is very deep in winter, feeding operations are carried on and few, if any, losses occur.—Wahoo Wasp.

Bill Neuhart, 13, who probably has broken more bones than any other boy in this country, was back in bed again last week with fractures of both legs.

Billy, who lives near Bellair, O., recently recovered from two broken arms and was preparing to start to school this week when he fell in the basement of his home.

The boy's total fractures in the last 12 years now number 32. During his last convalescence he received more than 50 thousand letters and cards from other youngsters who had heard of his ill fortune.

Iona Michelsen, eight, daughter of H. W. Michelsen, gave her life in an unsuccessful attempt to save the life of Donald Wilson, one-year old son of Mrs. Mae Wilson at Omaha, last week. Lois Moore, seven, also had her left arm crushed and she sustained other injuries in helping to shield the infant when two cars crashed together near where the children were playing.

A federal grand jury at Omaha last week indicted Paul Wupper, fugitive Beemer citizens who believe there is of using the mails to defraud. The indictment was asked on request of Beemer citizens who believe there is more chance of apprehending the fugitive banker with government secret service men on his trial than there is with only state charges hanging over his head.

Thirteen hundred dollars was added to the Omaha fund for emergency Jewish relief in Palestine by contributions obtained last week at a memorial meeting at the Jewish Community Center Omaha, last week. In honor of Jews killed in recent Palestine rioting.

Separated 50 years Joseph Jacobi of 128 North thirty-eight Ave., Omaha and his sister, Mrs. Theodore Schale of Camden, N. J. are enjoying a reunion in Omaha.

A woman 75 years of age was killed at Bay City, Michigan, while attempting to escape from jail by climbing

down a rope from a third floor window.

Boone county girls placed first as a team and the individual judge in the girls room contest at the state fair last week.

American Legion State Convention At Hastings

About 4,000 Legion and Auxiliary delegates were entertained by the Hastings Legion Post and the city of Hastings at the recent convention of the American Legion.

The business session was held in the auditorium and were very interesting and well attended. The election of officers resulted in election of Dwight Griswold of Gordon as State Commander which post he resigned his seat in the state senate to accept; C. W. Motter, of Lincoln, F. L. Frink of Newman Grove and Glen Patrick of Alliance were elected Vice Commanders.

Robert Larson of Stanton was elected Commander of the Second district. The convention will be held in North Platte in 1930.

Herman Sudbeck of Hartington spent the week-end at Hotel Stratton.

Mrs. E. J. Randall spent Sunday and Monday in Wayne with Miss Vivian Ames.

Mr. and Mrs. Clarence Kay, and Mr. and Mrs. Harry Kay were Sunday dinner guests in the L. W. Powers home.

Mr. and Mrs. Carl Rector and two little girls of Columbus spent the week-end in the Al Helleberg home. Mr. Rector is a brother of Mrs. Helleberg.

Joe Baker, accompanied by two others, went to Omaha Tuesday to get three new Nashes which they drove up for exhibition at the Wayne county fair.

Mrs. Lester Lundahl spent last Thursday afternoon with Mrs. E. J. Randall at the Clarence Corbit home. Mrs. Randall was formerly Miss Romaine Corbit.

Mr. and Mrs. Herman Schtenkamp returned home last Saturday from Hot Springs, S. D., where they had spent three weeks for Mrs. Schtenkamp's health.

Mr. and Mrs. B. F. Strahan and family went to Omaha Friday morning to visit friends and relatives there, and for business reasons. They returned home Sunday afternoon.

Mrs. L. C. Gildersleeve and son, John Austin, drove to Omaha Sunday to get Mrs. Gildersleeve's sister, Mrs. Frank H. Dunn of Weslaco, Texas. Mrs. Dunn will spend two or three weeks here.

Mr. and Mrs. Floyd Stoker of Neola, Iowa, arrived at the D. J. Cavanaugh home yesterday, September 11. They are spending the week here. Mrs. Stoker is a niece of the Cavanaugh's.

Mr. and Mrs. Howard James, who have spent about three weeks in the west are expected home Monday. They visited several points in Colorado, including Longmont, where Mrs. James' folks live.

Mr. and Mrs. J. P. Gaertner, who have been making their home in Sioux City since leaving Wayne, are moving this week to Billingham, Washington, where they will spend the winter with their daughter.

Miss Irma James of Sioux City spent the week-end in Wayne visiting her father, P. G. James, her sister, Amber, and the L. F. Cartwright family. She teaches in the North Junior High in Sioux City.

Mr. and Mrs. O. A. Harker Jr. from Tennessee are visiting in the J. T. Bressler home this week. They and Mrs. Harker's mother, Mrs. J. T. Bressler, came to Wayne together after a week's outing at Spirit Lake.

Mrs. A. P. Gossard spent a couple days this week with her son, W. T. Gossard, and family at Norfolk. She returned Tuesday evening, her son and family accompanying her to spend the night and Wednesday with her.

Mr. and Mrs. O. A. Harker of Puryear, Tennessee visited in the Amos Claycomb home Tuesday. Mrs. Harker is Mrs. Claycomb's sister. She and her husband are spending the week in the vicinity, visiting relatives and friends.

Charlie Wece of Princeton, Illinois, who has been visiting friends in Wayne vicinity the past week, left yesterday (Wednesday) for Sidney to visit Mr. and Mrs. J. M. Rogers and daughter, Enid. Mrs. Rogers is his daughter.

Mrs. Lottie Comfort and daughter, Dorothy, Mr. Will Davis, and Mrs. Nettie Davis, all of Blencoe, Iowa, drove to Wayne last Tuesday, arriving at the A. R. Davis home Tuesday evening. They returned home Wednesday evening.

New samples ladies coats at Gamble's.

Mr. G. H. Soden of Colorado spent about a week in the vicinity visiting his brother, Mr. J. M. Soden, and relatives at Wisner. He left the J. M. Soden home Tuesday morning for Wisner, from where he went on to his home.

Mrs. W. H. Goldie of Wilmington, Calif., near Los Angeles, will attend the Supreme Convention of the P. E. O. at Chicago next week. She plans to stop in Wayne while on her return trip. Mrs. Bouchell Mellor of near Wayne will also attend.

Prof. and Mrs. J. G. W. Lewis and family arrived home Sunday from Wisconsin where they visited relatives and friends. They spent several days in Madison, a day at Portage, and visited the Wisconsin Bells about twenty miles from Portage.

Mrs. Marie Jorgensen, Mr. and Mrs. L. M. Slight, and Miss Marie Slight drove to Wayne from Omaha Saturday evening to spend a few days in the Dr. J. C. Johnson home. With the exception of Mr. Slight, who left Tuesday morning for Rochester, Minn., to visit his father who is ill there, they will all stay in Wayne until after the fair here. Mrs. Jorgensen is Mrs. Johnson's mother.

Mr. and Mrs. F. G. Dale and family returned home Thursday from Chicago. Mr. Dale has been attending school there this summer and Mrs. Dale spent about two weeks there. They visited friends and relatives at various places on the way home.

Mr. and Mrs. Clyde Oman returned home from Dalton, Nebr., Tuesday evening. They have been looking after their wheat crops there. They also spent about two weeks at Worland, Wyo., visiting their daughter, Mrs. Gorst. They were gone about six weeks.

FOR SALE—Customer unable to finish payments on piano. Will deliver instrument to reliable party who will pay small balance remaining due. Easy terms if desired. For particulars write The Baldwin Piano Company, Wholesale Dept., 1813 Farnam St., Omaha, Neb.—adv. S12-1t.

Miss Jessie Watson, Miss Leota Roe, and Miss Caroline Wilson drove from Omaha Saturday evening to visit relatives here. Miss Watson visited her parents, Mr. and Mrs. Wm. Watson, and Miss Wilson visited her aunt, Mrs. Hamer Wilson. They returned Sunday evening.

Dr. W. C. Wightman arrived in Wayne Monday morning from his home in Long Beach, Calif. He is spending a few days with his son, D. S. Wightman. He reports that the summer has been unusually hot and dry in Long Beach, hotter, in fact, than it has been in many years.

Mr. and Mrs. George Mann and Herbert, Ethel, and Leslie, of Pasadena, Calif., arrived at the J. M. Soden home Tuesday, September 3. The next day, Miss Myrtle and Frank Soden, and Miss Ethel Mann attended the Sioux City fair, Friday, Mrs. J. M. Soden and Mr. and Mrs. Mann and their children went to New Castle to visit Mrs. J. E. Lund. The Manns left Saturday morning for their home in Pasadena. Mrs. Mann is Mrs. Soden's sister, and Mrs. Lund is her daughter.

Third Generation Of Family Attends School

Facing the same school room her grandmother ached when she was mistress here 48 years ago was the experience of Miss Mary Doan, 20, who began her first year of teaching at Andrew School, District 25 near Hartington August 26th.

The school was founded by her grandfather, Andrew McNeal, in 1875, and taught by his wife, Mrs. Mary McNeal for years. Mary's Mother Mrs. C. H. Doane, went to school in the little frame building when she was Julia McNeal, and Mary herself attended part of her first grade there, and took her eight grade work in the Andrew school. There are familiar memories lurking in every corner.

LARGE CROWD ATTENDS WAYNE COUNTY FAIR

(continued from first page)

that is being taken in pure bred poultry. The farmer of today have not only sounded the death bell for the scrub cow or hog, but the scrub chicken as well, they have long ago found out that the scrub in any line of farm stock soon eat their heads off, and cheat them out of their just profits for their labor. Exhibits of fine stock as seen at Wayne county fair is doing its part in ridding Nebraska farms of the scrub sires, and scrub poultry.

The Carroll Poultry Club has the largest exhibit of poultry, their exhibit takes up almost one entire side of the Poultry pavilion. Due to the unusual demand, the fair board were forced to secure additional coops to meet the requirements.

The Auto Pavilion exhibit will attract the motoring enthusiast. There you will find a car to suit every fancy. Burrett Wright has on exhibit the latest models of Dodge and Hudson cars. Coryell's have on display a full line of the latest models of Chevrolet. Mr. Baker, has on display the 14 new models of Nash cars, which are just out. The Ford Motor Company are displaying their full line of the latest model Ford cars.

School Exhibits

The teachers of our city and county schools as well as children deserve a great deal of credit for the wonderful display of work which they are arranging in their pavilion. Be sure to see this display when you visit the fair, examine carefully the display of the different grades, it is well worth your time.

What Wayne County Produces

How many readers can tell what is produced on Wayne county farms? The exhibit of farm products is very interesting. We will not mention them here for we want you to go see and be convinced, of the fine things that are grown on Wayne county farms.

There are so many exhibits of farm equipments, machinery, stock, farm products and etc. that we cannot name them all. Then there you will see the races, the free shows, band music, the fire works and all the other amusements. Every moment of your time will be taken up. This is your fair go every day and remember to take the family, they will enjoy every moment of the day.

Good-Morning Judge

T. H. Hurney pleaded guilty to charges of operating a vehicle while drunk and to illegal transportation of liquor, in district court in Council Bluffs, last week, and was fined five hundred dollars on the first count and one hundred dollars on the second.

School Head Disappears

Ayr, Nebraska.—The visit of the Stork to his wife in California and the news that he had become the father of a son prompted Byron Ellis, superintendent of schools here, to forget his duties as an educator and to disappear.

It is believed that Ellis is on his way to California. Arriving here Friday Aug. 31 Ellis opened the school term the following Monday, when a message telling of the arrival of a son came. The message came from Ellis late Tuesday to the board of education saying he "couldn't carry on." The telegram came from Sidney. D. B. Bollender, of Lincoln, was obtained to take Ellis' place.—Lincoln State Journal.

Yes, We Are Pleased to invite our neighbors to read Our Home Paper the Nebraska Democrat

Use Our Clubbing Rate

As a special inducement for our subscribers whose subscriptions expire now or within the next few months, to renew now, we are making a special clubbing rate of **One Renewal and One New Subscriber for Only \$2.25**

You can send your renewal, to extend one year from expiration of your present subscription and secure one new subscription (one who is not now a subscriber to the Nebraska Democrat) from one of your neighbors, and send us check or money order, for only 2.25, for the two yearly subscriptions. This means a saving to you of 75c, on your own subscription price if your order reaches us on or before October 15th. We feel sure you have enjoyed reading the Nebraska Democrat, during the time you have been a subscriber. We appreciate your patronage and at the present time we are enlarging our news staff, to cover important news we have not carried up to this time. The Nebraska Democrat will be a much better buy even at our regular price than it has ever been before, however to quickly increase our subscription list to cover those who are not now reading our paper we are making this special offer for a few days only, so do not delay but send in your renewal promptly with one new subscription and take advantage of this special offer.

Save 75c on your renewal

Beats Pneumonia at 82; Says Man, 36, Begins Efficiency

Thomas Edison, eighty-two-year-old, recovering from a severe attack of pneumonia, is quoted as discounting the theory attributed to English authors that a man is ready for the scrap heap at the age of 36.

The quotation in an article in the current issue of the Edison plant magazine, written by W. H. Meadowcroft, chief aid and secretary of Mr. Edison:

"The man who has reached the age of 36 is about ready to discard the illusions built upon false theories, for which wrong instructions and usually ignorance previously have made him an easy mark." Edison declared.

"At 36 he is just beginning to get down to business. If he is really worth while he has passed through a period of hard knocks by that time. The youthful man never leads the easy sheltered, knockless, unshocked life. At 36 he ought to be able to meet with realities and after that period in life until he is 60 he should be able to handle them with steady increasing efficiency.

The inventor assumes that the man he is speaking of has not undermined his health with a life of intemperance.

"Subsequently, if he has not injured his body by unhealthy living he may rightly continue to be increasingly efficient up to his eightieth birthday, and in exceptional cases until 90."

Two-Week Accidents Statistics For Nebraska

The following is Accident statistics for Nebraska compiled by the Nebraska Press Association and the Rehabilitation Division of the State Department of Vocational Education.

The following is a report for the two-week period ending August 27, 1928.

Of the 285 persons injured, 30 were permanently disabled.

Twenty-two persons were injured and 13 were killed in public accidents. Nine of the deaths resulted from swimming. One child was accidentally shot while playing with a weapon which was believed to be unloaded. One person died from an insect bite. Another was struck by lightning. One man was killed when he stepped on the highway and attempted to help a farmer stop his runaway team.

Home accidents caused 33 injuries during the last two weeks. Falls still take their toll—16 out of 33. Other causes were: cuts and burns, 8; sprains and infections, 2; power machinery, 2; and miscellaneous, 5.

Farm employment accidents were responsible for 18 injuries, 7 permanent disabilities and 6 deaths. The causes were: farm machinery, 12; farm animals, 12; falls, 4; and miscellaneous, 3. Seven runaways resulted in 3 deaths.

Industrial employment was responsible for 7 permanent disabilities. Causes of the accidents were cuts and burns, 3; falls, 3; cave-in, 3. Two persons were badly injured and one was killed by electric shocks. Electricity is a great labor saving power. Why not learn to use it safely?

Collision (34%), speed (11%), struck pedestrian (9%) and skids in loose gravel (8%) were the outstanding causes of motor vehicle accidents during the last two weeks. Other causes were: struck obstruction; reckless driving; loses control of car; mechanical defects and tire blows out.

The automobile was responsible for 179 injuries and 22 deaths during this period. One fast ride may mean a job for the doctor or even the undertaker. Are you next?

Modification Suggested In Packers Decree

The Big-Four Packers Group Claim Unfair Competition of Chain Grocers.

Changes are urged as measure of Farm Relief by recognized spokesmen for Western cattle growers, co-operatives and eastern fruit and vegetable farmers. A committee representative of these organizations appeared last week before a special committee of agriculture department bureau chiefs to urge drastic modification if not revocation of the so-called "packers' consent decree" as an important measure of farm relief.

The hearing before Dr. J. N. Mohler, chief of the bureau of animal industry, Dr. Nils Olson, chief of the bureau of agricultural economics and R. W. Williams, the department solicitor, is the first of a series of sound farm sentiment before the department of justice undertakes to answer the petitions for modification of the decree recently filed in the district supreme court by the Chicago "big four" packers.

Under the decree entered in 1929 the packers, Armour & Co., Swift & Co., and the Cudahy Packing company were prohibited from operating retail store, handling unrelated grocery lines or owning interests in stock yards, stock yard railways or stock yards newspapers.

In their petitions for modification the packers contend that the absence of similar restrictions on other packers or on the rapidly developing chain store systems was an unfair discrimination against the "big four," whose distribution system cannot be fully utilized.

More than three hundred organizations have been invited to present their views which, when the hearings close will be condensed for the guidance of Attorney General Mitchell in determination of the government's attitude toward the packers' petitions which are opposed by both the American and the National Wholesale Grocers' associations.

Among the witnesses were F. H. Mollin, secretary of the American National Live Stock associations, who appeared also as the representative of cattle growers co-operatives in Arizona, California, Nebraska, Utah, South Dakota, Wyoming and New Mexico.

Stock Market Dealings Reduce Bank Deposits

John W. Pole, Comptroller of the Currency, has expressed the opinion that one of the factors possibly responsible for the reduction of more than \$1,500,000,000 in the total resources of national banks from March to June may have been the withdrawal of funds from the banks for use in speculation or for investment. These withdrawals, the Comptroller said, were considerable, and had occurred largely in the interior of the country.

While these withdrawals would not reduce the total deposits of all banks, state and national, Mr. Pole suggested that they might affect the national banks since the withdrawals reduced the balances of banks in the metropolitan centers which were held for other banks and bankers. The decrease in deposits as a whole was due largely to a reduction in these balances, according to the Comptroller, who suggested withdrawals had been made by more state banks than national institutions.

80 Miles of Snow Fence

The Nebraska Highway department has awarded contracts for 80 miles of snow fence to cost \$34,191. Mr. Yoder, the State Purchasing agent, placed contracts last week. The fence will cost \$27,846, and 28,025 steel posts will cost \$8,638, a total of \$36,484. The average cost per hundred feet of fence is \$6.33 on one contract and \$6.51 on another.

The Nebraska Bridge Supply and Lumber company, of Omaha, was awarded the contract for 258,000 lineal feet of fence at \$6.33 per 100 feet. F. F. Gaybir and company, of Norfolk and Sioux City, won the contract for 180,000 lineal feet, the total bid being, \$11,056. The contract for 28,025 steel posts went to the Calumet Steel company, of Chicago, whose bid was thirty-one and a half cents on all posts. This contract totals \$8,638.86.

Ambrose Motor Company Sold to Wm. A. Bonnet

The Ambrose Motor Co. of Randolph has been sold to Wm. A. Bonnet of Madison. Mr. Bonnet took charge of the business September 1st. The new firm will be known as the Bonnet Motor Co., and will continue as an authorized Ford agency.

ORGANIZED AGRICULTURE

One of the fundamental requirements laid down by the Federal Farm Board is that farmers must group themselves together in approved types of cooperative organizations to avail themselves of the provisions of the new Farm Marketing Act. Only through such organizations will the law be administered, and properly so. Until farmers show sufficient interest in improved methods that they are willing to take the initiative to this extent at least, they cannot expect the Farm Board to help them. The first big job, therefore, for farmers, is to organize, and the opportunity of a lifetime awaits the constructive farm organizations of the country to increase their membership and to direct their activities in line with requirements of the Agricultural Marketing Act.

The American Farm Bureau Federation senses the urgent need for grouping farmers into workable organizations. In a recent letter to us, its president, S. H. Thompson, said:

"Plans for improving the agricultural situation are developing with amazing rapidity. Out of the legislation adopted by the extraordinary session of Congress has come the Federal Farm Board, and various agricultural groups are now busy working out detailed plans of take advantage of the opportunity created by the Act and the facilities available through the Farm Board.

"The one thing essential, if all this activity is to be a benefit to agriculture, is that farm people group themselves. That fact has been emphasized by Secretary of Agriculture Hyde and Alexander Legge and by all others devoting their energies to the present development. The American Farm Bureau Federation, in keeping with this spirit, is inaugurating during the month of September a nation-wide membership drive. Our purpose in that drive is to increase the number of people whom we can reach with the gospel of organization and cooperation."

Discussing the need and place for general farm organizations, such as the Farmers' Union, the Farm Bureau and the Grange, L. J. Taber, a noted ruler leader and organizer, also where in this issue says: "Teamwork has made for progress and prosperity in every group. Manufacturing and finance were first to appreciate the

value of organization. Labor and all commercial interests of the nation soon caught the same inspiration, and have found their present welfare and earning capacity to be the result of carefully thought out, well developed organization plans suited to the needs of their various branches of activity." Mr. Taber says further that "One of the greatest opportunities for the general organizations is to render support and give moral to the commodity cooperatives."

We endorse the idea of the American Farm Bureau Federation and the National Grange for an organized agriculture, and we also encourage a similar effort by any organization of farmers along sound and constructive lines that will give the membership an opportunity to co-operate with the Federal Farm Board in its efforts to stabilize agriculture.—Nebraska Farmer.

MOST people know this absolute antidote for pain, but are you careful to say Bayer when you buy it? And do you always give a glance to see Bayer on the box—and the word genuine printed in red? It isn't the genuine Bayer Aspirin without it! A drugstore always has Bayer, with the proven directions tucked in every box:

Aspirin is the trade mark of Bayer Manufacture of Monacical-Gesellschaft of Salztzriedel

COMMISSIONER PROCEEDINGS

Wayne, Nebraska, September 3rd, 1929.

Board of Equalization met as per adjournment. All members present. No further business.

Whereupon Board adjourned to September 17th, 1929.

CHAS. W. REYNOLDS, Clerk

Wayne, Nebraska, September 3rd, 1929.

Board met as per adjournment. All members present.

Minutes of meeting held August 20th, 1929, read and approved.

Comes now Mrs. Garwood Logan and says that for the year 1928, she was assessed on a valuation of \$1500.00 on Lot 10 and S 1/2 of Lot 9 Block 1, Jones Addition to Carroll, Nebraska, which made the tax \$60.60. That for the year 1927 this same property was assessed at \$1150.00 which would make the tax \$46.60. She paid the tax under protest for the reason that an error was made in changing the assessment for 1928 over 1927 and she now asks that the county treasurer be ordered to refund the sum of \$14.14.

On motion such refund is allowed and the county treasurer is ordered to refund to the said Mrs. Garwood Logan the sum of \$14.14.

Whereas, a petition has been filed which contains the names of 72 teachers of the county, petitioning the county commissioners of Wayne County to allow a sum equal to not less than 2 1/2 cents nor more than 8 cents for each of the 3204 pupils of school age in the county, out of the general fund of the county, to help defray the expenses incident to assembling and carrying on the annual school exhibit at the 1929 Wayne County Fair.

On motion of Rethwisch, seconded by Koch, that we allow 5 cents per pupil for the year 1929 and that the sum of \$160.20 be allowed the Wayne County Fair & Agricultural Association for such expense.

Whereupon chairman Erxleben declared the motion carried and award allowed.

The following claims are on motion audited and allowed, and warrants ordered drawn on the respective funds as herein shown. Warrants to be available and ready for delivery on September 14th, 1929.

Ethylene Gas Speeds Ripening of Tomato

Found to Be Effective Accelerator by Growers.

Tomato growers who wish to hasten the ripening of their crop to take advantage of early markets will find treatment with ethylene gas an effective accelerator, according to Dr. R. H. Harvey, agricultural botanist, University Farm, St. Paul, inventor of this process which has recently been granted a patent. Many wholesalers and commercial growers now are using the ethylene method of ripening with notable success.

All that is necessary in the way of special equipment is a suitable room or chamber and a tank of ethylene gas equipped with a simple flow meter. The meter, plus enough gas to treat several carloads of tomatoes, will cost only about \$30. The gas cost is negligible, ranging from about 40 cents to \$1.00 a carload. The room or chamber should be closed off so as to make it practically gas tight. An ordinary plastered room, or cellar room, will work satisfactorily, providing cracks around windows are closed with adhesive tape and if it has a fairly tight fitting door. Some means should also be available for maintaining a temperature of from 65 to 80 degrees Fahrenheit.

Tomatoes should be picked when they are beginning to turn or when they are fairly well along toward maturity. In no case should they be picked so green that more than four days is required to ripen them by the gas process, Doctor Harvey says. They may be placed in the ripening chamber in baskets, crates, or other containers.

Storage Buildings Above Ground Are Now Favored

Most new common storage buildings for apples are being built above ground with insulated walls and ceilings. The floor is usually left as earth to keep fruit from shriveling in storage. Slatted floor racks of barrels are often used over the earth. Intake openings are cut at intervals of 10 to 12 feet around the building just above the floor level. These openings are usually 13 by 20 inches or larger to permit easy intake of air without too much loss from friction. Many storages in the past were built with intake openings too small to let in the cool air quickly at favorable times for ventilation and cooling. The total area of the intake openings is usually in proportion to one square foot of intake space to 700 cubic feet of storage volume. Stacks of barrels are built up through the roof. These are usually 3 by 4 feet or larger to permit free movement of air. They are placed about 20 feet apart the length of the building. The outlets are usually designed to figure at least one square foot of area to each 1,200 cubic feet of storage volume. It is a good fault to make them a little oversize.

Growing and Fattening of Hogs During Summer

The growing and fattening of hogs in the summer time without the use of some good pasture crop is usually an uneconomical practice. A saving of from 15 to 25 per cent of the total amount of grain and supplements may be expected through the use of forage. It may even be possible in some cases with an abundance of legume forage to obtain fairly satisfactory gains for a time on forage alone, but the greatest returns will be obtained when grain is fed in addition to the forage at the rate of three or four pounds per day for each 100 pounds live weight. When the grain feed is very much limited on pasture, naturally less grain will be used in making the early gains, but as in the experiment cited above, eventually a total of more grain may be required to finish the hogs and the time required will be longer.

Agricultural Squibs

Large horses are worth more than small horses both in value a head and value a pound.

A good thing to remember at this time of the year is that a wormy pig will never get big.

The season for camping and for forest fires is here. Help make it only the camping season.

Aphis are likely to attack almost every tree, shrub, or plant, and this year the pests are widespread.

Pigs of all classes respond to good forage. It is especially valuable in the ration of young, rapidly growing pigs.

Strawberry beds will develop stronger and more productive runner plants if side dressed with nitrate of soda and superphosphate.

Electricity on the farm for lighting alone is an expensive luxury; if used for labor-saving devices it becomes a desirable convenience.

It is not much trouble to get rid of lice on hogs, since either crude oil or the waste oil taken from the crank case of your car will do the job.

During the past two or three years hulled oats have attracted considerable attention among hog men as a feed for growing and fattening pigs.

Certified Seed List Available

The Nebraska certified seed list has been completed and will be available about August 15. This list of certified seed growers will be sent to all county agents and to others on request. Certified seed commands twenty-five cents more per bushel than ordinary market grain. It is thoroughly inspected for amount of rye, weed seeds and smut. Nebraska 60 is the recommended variety of winter wheat for this state. Because of its hardiness, stiffness of straw, and high yield it is more widely grown than any other variety. Seventy-two fields or more than 5000 acres were certified this year. A good supply of seed will be available. A Sioux county farmer alone raised 6000 bushels.

All certified seed contains less than one percent of rye. Rye is objectionable in wheat because it lowers test weight per bushel, consequently it reduces the grade and price. Rye makes a dark colored flour which is not well liked by housewives. Millers find that wheat with rye in it makes a smaller amount of flour than the same quantity of pure wheat.

Farm Business Reports Completed

Last year 317 farmers in Nebraska kept Farm Records in cooperation with the Extension Service and turned them in for summarization and analysis. The books were later returned to their owners, and with each was included a summary for the county in which the owner lived.

A detailed report has been issued bearing an analysis of the 317 records received in 1928. The page report is made up of tables showing the difference in income and a discussion of the factors responsible for those differences. Copies of the report may be secured from the county extension agents or the extension service of the agricultural college.

Dangerous

We are told of the good mother who was disturbed over her son who had "I am so afraid he'll get so Italicized he won't come home."

Nebraska Farm Lads To Demonstrate At National Dairy Show

St. Louis, Mo. —Farm lads of Nebraska will have an opportunity to demonstrate their dramatic talent at the National Dairy Show which is to be held October 12 to 19.

On the first Saturday and Monday of the show, there will be staged a dramatic contest for which teams of five boys from vocational agriculture schools in Arkansas, Illinois, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, West Virginia and Wisconsin are now making ready. The play, in the staging which the co-aged student teams will compete, is "Beating the Sheriff to Farmer Brown," which is a demonstration of the type of cow testing work known as prosperity Cow Circle which is being taken up by Smith-Hughes schools throughout the Mississippi Valley.

The team winning first place in the St. Louis contest will receive a silver loving cup two and one-half feet high, while each member of the winning team will receive a 17-jewel Waltham watch in a gold case. In addition a fancy gold headed cane will be awarded to the vocational agriculture instructor whose training efforts will have produced the champion team. Substantial awards will also be made to the teams, members and trainers of the teams that will place second and third in the contest. —Madison Star Mail.

Drowning Results in Suit For Damages

Jack Marigold, Norfolk, as administrator of his son, Reuben, who lost his life in the swimming pool in King's park, July 4, has filed suit against Harry H. King, park owner, for \$15,000 claiming gross negligence for having no life guard at the swimming pool.

The complaint also charges King with failing to call a doctor or obtain appliances for resuscitation of the drowned boy. The petition states that the parents of Reuben, who was eighteen years of age, were dependent on the \$20 weekly salary of the boy.

High Honors in Group Won by Gus Price Herd

The honor of leading the Dairy Herd Improvement association for the month of August goes to Gus Price of Madison, with an average production per cow in his herd of 1,213 pounds of milk and 38.8 pounds of butter fat. In addition to being leader of the association Mr. Price also headed his own group, although his herd has been near the top many times this year, this is the first time it has led the association.

Mr. Retler of Madison was leader in the 2nd group with an average of 760 pounds of milk per cow and 26.3 pounds of butterfat. The Norfolk State Hospital held its usual position in Group Four and led this group with an average production of 1,110 pounds of milk and 35.6 pounds of butterfat. In addition to this, they also annexed honors for having the high cow of the month whose production was 1,804 pounds of milk and 68.6 pounds of butterfat.

The average cow in the association produced 784 pounds of milk and 24.4 pounds of butterfat, with a return of \$2.81 for each dollar expended for feed, 16c was the food cost of producing a pound of butterfat and 55c for a hundred pounds of milk. Variations in returns for each dollar expended for feed were \$1.54 to \$5.30; in cost of producing a pound of butterfat, 8c to 27c production cost of hundred pounds of milk, 28c to 96c.

Undreamed of Riches Discovered in Yards

Virtually all of the Village of Greenwich, Kansas, 60 inhabitants, have found undreamed sources of wealth in their own back yards. Eighteen oil wells have been drilled within the six square blocks that is Greenwich. Already production exceeds 3,000 barrels daily. Not a dry hole has been found.

Their potential riches, however, are burning no holes in the pockets of Greenwich people. Characteristically conservative, they continue their simple life, suspiciously eyeing strange fortune seekers in their midst.

THE NEW COMPULSORY SCHOOL ATTENDANCE LAW

6508a. Attendance at school required.—Every person residing in school districts other than city and metropolitan city school districts, within the State of Nebraska, who has legal or actual charge or control of any child not less than seven nor more than sixteen years of age, shall cause such child to attend regularly the public, private, denominational or parochial day school for a period of not less than six months each year in which the public day schools of such school districts are in session, unless the school term be seven (7) months, in which case the child shall be caused to regularly attend such school or schools for a period of not less than one hundred and thirty (130) days each year, unless the school term shall be for eight (8) months, in which case the child shall be caused to regularly attend such school or schools for a period of not less than one hundred and forty-five (145) days each year, unless the school term be nine (9) months, in which case the child shall be caused to regularly attend such school or schools for a period of not less than one hundred and sixty (160) days each year, unless such child has graduated from the high school maintained by the district in which he resides or from high school or equal grade. Every person residing in city and metropolitan city school districts within the State of Nebraska who has legal or actual charge or control of any child not less than seven nor more than sixteen years of age, shall cause such child to attend regularly the public, private, denominational or parochial day schools for the entire time each year in which the public day schools of such school district are in session, unless such child has graduated from the high school maintained by the district in which he resides or from a high school of equal grade: Provided, that in any city school district the attendance of such child at any time during the calendar year for a period equaling the period of regular term of school in such district within the calendar year shall be accepted as compliance with this act. House Roll 103, Session Laws, 1929. Approved March 15, 1929.—Nebraska School Laws.

DEADLY FEMALES

That the female auto driver is not more deadly than a male is both asserted and seemingly proved by Elizabeth Chisholm in the current issue of Smart Set magazine.

She may be more perplexing, but she is not more perplexed.

There are times when only a prophet can tell what she is going to do next, but when she does it the probabilities are that nothing serious will happen.

The hand that looks like signaling a left-hand turn may be only nonchalantly flicking the ash from a cigarette. The eye that seems to say "Go ahead" may really mean "After me, please."

Results are all that count and measured by that standard in the only three states that keep statistics on men and women drivers, "women are involved in far fewer accidents than men in proportion to their numbers."

Miss Chisholm thinks that women are better drivers than men because they think faster, rely more on intuition and have had longer practice in looking in small mirrors. More over, every woman has that mother instinct which leaps to the protection of others.

After such logical reasoning only a cynic will dare to say that women drivers have fewer accidents because men drivers wisely give them a wider berth. —Omaha Bee News.

THE ELUSIVE CROW

The government, in urging us not to kill crows, because their good work overbalances their bad, strikes a responsive cord. I would rather kill an auk—of which there aren't any—than a crow. It takes less time.

The crow is a mind reader. When your intentions are kindly he will stand within easy gun shot pulling up your peas and corn in the most affable manner imaginable. When you sally forth with a shot gun under your arm and murder in your heart, he lifts away to a distant treetop and sits there thumbing his nose. In that frame of mind you never can get near him.

I killed a crow once, but I was shooting at a ground hog. The psychological process was so involved that I have never been able to repeat it.—I shall obey the government injunction gladly. —Detroit News.

Can Bale Water, Too

Salt—Did you ever see a bundle of vapor? Lubber—Bundle of vapor? No! How could you bundle vapor? Tar—By machinery. Lubber—What! Tar—Sure. You've heard of steam rollers?—Army and Navy Journal.

RETAILERS' PROBLEMS.

In his striking address on retail trade and its prospects before the interstate merchants' council meeting in this city, Dr. Julius Klein, assistant secretary of commerce brought out certain important truths established or emphasized by recent surveys and inquiries.

The superficial notion that the chain store and other competitors are driving the independent small retailer out of business derives little support from the facts according to Dr. Klein, confirming the conclusions of other investigators. Failures in retail trade are due far more frequently to avoidable errors in management than to keen rivalry or alleged radical changes in the economic situation.

To start a business with insufficient capital, to extend credit to generally or too carelessly, to offer for sale too many or too few commodities, is to court difficulty and disappointment. The retailer, said Dr. Klein, should cultivate his peculiar advantages. He alone is able to "render a pleasingly individual service." He can adjust his stock to the demands and tastes of his customers, present or potential. He is bound by no fixed rules and is subject to no restrictions imposed from a distant center.

Success in these days, however, presupposes more science and more thought on the part of every man of affairs, whether those affairs be large or small, than was necessary in the past. The retailer can survive and prosper provided he adapts himself to the particular conditions by which he is confronted, just as does the successful contemporary wholesaler, manufacturer, exporter and importer. —Chicago Daily News.

Vollva, who holds that the earth is flat and that it does not revolve, says the trip of the Zeppelin proves it. If the earth revolves, what assurance, he asks, have we that Tokio wouldn't be on the other side of the globe when the big ship got to where it ought to be. So far no one has answered Vollva. The fact that Tokio was at home when the Zeppelin called proves, to Vollva his contention. —Lincoln State Journal.

She Knew

The mistress of the house was giving the new maid, who was fresh from the country, a list of household requirements.

"There you are, Alice," she said, and then suddenly remembered an item she had almost forgotten. "Oh—er—don't forget we shall want a new griller for the kitchen, too."

Alice stared vacantly. "Don't you know what a griller is?" asked the other sharply.

"I should think I do," replied the maid, significantly. "It's a big, hairy monkey the size of a man. And if you want one of those in your kitchen, I'm leaving at once."

Sausage Plants

A little fellow from England spending his vacation in Nantucket with his aunt was taken for his first ride around the island. His aunt called his attention to the Scotch broom and sweet pepper bushes that were growing along the sides of the road—taking for granted the acres of cat-on-nine-tails they were passing.

"What makes you so quiet, Tommy?" asked the aunt.

"Well," Tommy replied, "I was thinking. You know in England people have to buy sausages at the meat market, but I see in Nantucket they grow in the swamps."

Veneration for Salt

The veneration of salt spread in a most remarkable manner throughout the whole Eastern world. This, even among pagan tribes to this day, we find salt springs being saluted as gifts from the gods. On the Sahara and Libyan deserts, where the great caravan tracks, like the chief of the Roman roads, were opened for the conveyance of salt, the salt springs are used for effecting supernatural cures, covenants are sealed by a simple gesticulation over their bubbling waters, and repentance is offered and protection implored on their lonely brink.

Softening the Blow

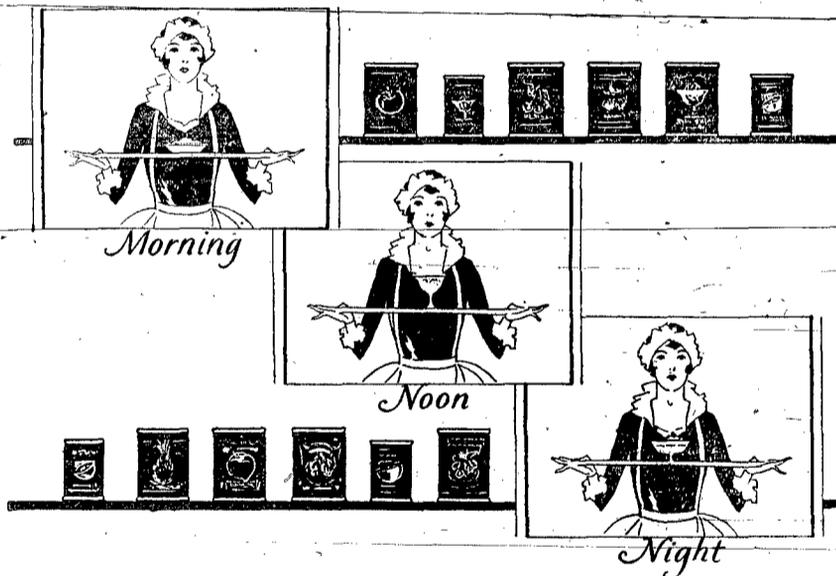

A wealthy business man, who, incidentally, has insured his life for \$1,000,000, went on a trip to South America. Shortly after a report was published that the ship had sunk, and there was no news of the safety of the man in question.

A week later, however, the brother of the missing man received a cable from Rio de Janeiro: "Safe after all. Break news gently to wife."

Took Refuge in Silence

There was once a newspaper editor who made it a rule never to say anything but good of any person. But he was subject to the usual human limitations, this editor, and had what are termed off days, as a result of which there were issues of his paper in which little was said of anybody.—D. H. Talmadge, in the Portland Oregonian.

FRUIT FOR ALL MEALS

THE only mistake anyone ever seems to have made by including fruit in her diet was when Eve ate the original apple. But since that time the slogan "an apple a day keeps the doctor away" has become fixed in our national consciousness, and the consumption of some sort of fruit at every meal has become almost a national custom.

The reasons for this can be found in the following paragraphs from "Food, Nutrition and Health" by E. V. McCollum, Ph.D., Sc.D. and Nina Simmonds, Sc.D. (Hygiene). Dr. McCollum is Professor and Dr. Simmonds was formerly Associate Professor of Chemical Hygiene, School of Hygiene and Public Health, Johns Hopkins University, Baltimore, Md. They say in their book:

"In the whole range of vegetable foods the fruits are the most attractive in appearance and flavor. No others furnish such a great variety of flavors. The fruits are among the most valuable of foods for a number of reasons. Most fruits are rich in the vitamin C, which is not widely distributed among other natural foods, except tomatoes and some of the succulent vegetables, and fresh, uncooked leaves.

Among Most Valuable Foods.

"The citrus fruits—oranges, lemons and grapefruit—stand first in their content of vitamin C. Apples, plums, cherries, etc., contain much less of it. The tomato ripened in the field is rich in vitamin C. Those picked green and ripened by time contain very little. Green fruits in many cases contain substances which disturbing to the digestive tract. It is well known that unripe apples

and other unripe fruits are unsafe to eat. Ripe fruit is rich in water and relatively poor in nutrient principles. A large volume of fruit, therefore, is necessary to furnish as much energy or protein as would be furnished by a very small percentage of some of the more concentrated products, such as cereals, peas, beans, etc. Notwithstanding the fact that they are water-rich foods, poor in all the prominent nutrient substances—proteins, fats and carbohydrates—they are nevertheless very valuable components of the dietary, and should be regularly used. Fruits are especially useful in promoting intestinal elimination and so help to promote intestinal hygiene."

All Fruits Now Available

Of course all fresh fruits are now annually available in the localities where they grow, but the canning of fresh fruits picked at the very moment of their prime ripeness has proved a great boon to the health of the nation. No one need now go without fruit in the diet since these canned fruits are available everywhere at every season of the year.

The list of fruits so available includes apples (whole and sliced, apple sauce, apple butter and baked apples), apricots (whole and halves), blackberries, blueberries, cherries (white, red and black), cranberries, currants, figs, fruits for salad, gooseberries, grapes, grapefruit, loganberries, peaches (whole, halves, sliced and crushed), pears (whole and halves), pineapples (sliced, crushed and tidbits), plums, prunes (dry and in syrup), quinces, raisins, raspberries (black and red), rhubarb and strawberries. All of the highly colored

fruits are put up in the sanitary enamel lined cans which have become so popular with the housewife.

If the supply of any of these lags or the price goes up, owing to some untoward circumstance like the heavy frost this spring in California which cut down this year's crop of peaches, another fruit can be readily substituted. For instance, Italian prunes form a highly acceptable substitute for peaches, and their juice blends wonderfully in fruit cocktails.

Some Recipes for Summer

Here are a dessert and a salad which will suggest how to use fruit in at least two of your three main meals. The first is known as

Fresh Prune Souffle: Beat four egg whites stiff and fold in four tablespoons sugar. Drain the contents of a No. 3 can of fresh prunes. Remove stones and cut the pulp fine. Fold pulp into the egg whites (reserving the syrup for beverages and sauces), add one-half teaspoon almond extract, pour into a buttered baking dish, and bake in a moderate oven—350°—for twenty minutes, or until firm and a delicate brown. Serve at once with a yellow custard sauce poured over. This recipe serves eight.

The second combines fresh ripe tomatoes with canned pears, and is known as

Pear and Tomato Salad: Slice chilled tomatoes and lay one slice in each of eight individual nests of lettuce. Place half of a pear from a No. 2 can on top of each, cut side up. Mix one cream cheese with three tablespoons chiff sauce and pile in the pear cavities. Garnish with strips of canned pimiento and serve with either mayonnaise or French dressing.

SOCIETY and Club

Sunshine Club

The Sunshine club met last Thursday, Sept. 5, with Mrs. Chris Jensen. A one o'clock dinner was served the members and their husbands after which the following program was carried out:

The lesson topic for the afternoon was, The Nebraska Character Education Law. Roll call was answered by each one giving a way in which to assist the teacher with her work in character education. Topics for discussion were: The value of the golden rule in building character; Which is the more vital in the lives of children, the examples the parents set in their every day life, or the preaching they do; Education for citizenship; Character building in schools; Course of study in character education; Character training in childhood.

After the lesson study, a social hour was enjoyed, Mrs. Alex Jeffrey being social leader. Mrs. Irve Reed and Mrs. Wm. Wagner won the prizes in the games.

The next meeting of the Sunshine club will be Thursday, Sept. 26, with Mrs. Roy Pierson.

D. C. Club

The D. C. club met with Mrs. Fay Stiles last Thursday afternoon. As a part of the afternoon program, each member who had been on a vacation trip gave account of her trip. Guests present were Mrs. Peter Laten of Pilsger, Miss Daisy Wiley of this vicinity, and Mrs. Turlock of Miles City, Montana, formerly Miss Myrtle Philbin of Wayne.

The next meeting of the club will be September 20 with Mrs. Harry Baird. This will be guest day, and member should try to bring two guests.

Central Social Circle

The Central Social Circle met with Mrs. Roy Klopff last Thursday afternoon. A covered dish luncheon was served, and Mrs. John Gettman was the leader. For roll call, each one gave some fact about Nebraska. During the afternoon all those present read a paper on the traditions of Nebraska.

The next meeting will be Thursday, Oct. 3, with Mrs. W. W. Roe. Mrs. John Greer will be the leader, and for roll call, members must tell of flowers for fall planting.

For Jane Von Seggern.

Miss Evelyn Mellor entertained a number of boys and girls last Friday evening at the Robert Mellor home in honor of Miss Jane Von Seggern who is leaving next week for the Ward Belmont school for girls in Nashville, Tennessee. There were four tables of bridge and the high scores were won by Miss Marion Joe Theobald and by William Von Seggern. A guest prize was presented the guest of honor. After a social hour, refreshments were served.

L. T. L.

The Loyal Temperance Legion met with Mrs. Jack Dawson last Friday afternoon at 3 o'clock. It was the last meeting of the year and twenty children were present. The year's

work, covering the six books of the study course dealing with temperance studies, was covered.

Refreshments were served by Mrs. G. W. Hughs and Mrs. Jack Dawson. The next meeting will be held the first Saturday in October.

Family Reunion

A family reunion and dinner were held at the Wm. Kuhl home Sunday, September 1. Dinner guests were Mrs. Chas. Lamphear, Barney Winteringer, Mr. and Mrs. F. Robinson, Ed Lamphear and Franklin Kuhl of Hartington. In the afternoon Mr. and Mrs. Bert Lamphear and son, Mr. and Mrs. Roy Barnes and family, and Mr. and Mrs. Herman Sommerfeld visited at the Kuhl home.—The Hartington Herald.

Dinner Party

Mr. and Mrs. C. A. Chace entertained Mr. and Mrs. Charles Chace, Mr. and Mrs. Edwin Chace, and Mrs. James Chace, all of Stanton, at a birthday dinner party at the Stratton hotel last Friday. The party was given in honor of Mr. Chace of this city. The guests spent the remainder of the day with Mr. and Mrs. Chace here and enjoyed Mr. Chace's birthday cake as a part of the refreshments served early in the evening.

Young People's Bible Class

The Young People's Bible Class met Friday evening at the E. B. Young home. The life of Jacob was studied. This week the class met Wednesday evening instead of Friday evening, the date being change because of the Mission conference at Concord the latter part of the week. The next meeting will be September 20. The Union gospel team from Minneapolis will be present that evening.

Legion Auxiliary

The American Legion Auxiliary will meet next Tuesday evening, September 17, at the home of Mrs. J. G. Mines. The meeting will begin at 7:30 o'clock and all members are requested to be present, as a report of the state convention at Hastings will be given and their business matters discussed. Mrs. H. F. Wilson and Mrs. Woodward Jones will assist the hostess.

Farewell Party

Miss Marjorie Ley entertained twenty girls at a farewell party last Saturday evening. The evening was spent in merriment and bridge, and refreshments were served. Miss Margaret Panske and Miss Marion Noakes won the high scores.

Miss Ley is leaving Monday for Columbia, Mo., where she will attend the Stephens school for girls.

One O'clock Luncheon

Miss Marlon Huse entertained a group of girls at a one o'clock luncheon last Thursday in honor of the girls who are going away to school. A social time with bridge was enjoyed. The bridge prizes were won by Miss Doris Judson and by Miss Ardith Gildersleeve respectively.

For Miss Minnie Will.

The St. Paul Lutheran choir gave a surprise party after choir rehearsal

Wednesday evening, September 4, in honor of Miss Minnie Will, choir director, who has just recently returned from her summer vacation trip. A social time was enjoyed, and refreshments were served.

Light Bearers

The Light Bearers met last Thursday afternoon at the Presbyterian church. Miss Margaret Jones had charge of the lesson on Porto Rico, and Miss Margaret Randall had charge of the devotionals.

The next meeting will be held Wednesday, Sept. 18.

D. A. R.

This season's first regular meeting of the D. A. R. will be held at the home of Mrs. C. A. Orr, Monday September 16, the meeting having been postponed from Saturday, September 14, on account of the county fair. Mrs. H. J. Felber will be assistant hostess.

Dinner Guests

Mr. and Mrs. C. M. Shaw from Los Angeles, Calif., Mr. and Mrs. Guy Williams, Miss Marjorie Fitch, and Mrs. Caroline Miller took dinner Sunday with Mr. and Mrs. Guy Strickland. Mrs. Williams and Mrs. Miller are cousins of Mr. Shaw.

Evangelical Lutheran Aid

The Evangelical Lutheran aid met last Thursday with Mrs. Wm. Piepenstock. A short business meeting was held. After a social hour, refreshments were served.

The next meeting will be with Mrs. Walter Lerner.

Ralph Prince and Oyott Rhudy attended the cattle sale at Norfolk Friday.

Gurney Benschhof left last week for a trip to South Dakota and Wyoming. Mr. and Mrs. H. M. Halpin had as dinner guests on Monday evening

KREMER DEFEATS MCKINNON AT TILDEN TOURNNEY (continued from first page)

president's consolation title, defeating Vickory of Newman Grove, 1 up. In the semi-finals in this division, Schrad won from Diebler by default, and Hartner defaulted to victory.

Hoefs Was Dark Horse

Emil Hoefs, Norfolk was the "dark horse" in the secretary's fight, defeating C. Krumm, Tilden, favored to win the match, 1 up. Kramm won from McIntosh, Tilden, 2 and 1, in the semi-finals, while Hoefs eliminated B. Atkins.

Ebinger won the championship in the secretary's consolation, Mehra being the runner-up in a match that ended 2 and 1. Merha defeated Kreidler in a semi-windup match, while Ebinger won from Dr. Lund of Battle Creek.

Dr. Allerton, was undefeated in the treasurer's fight, defeating Swanson 3 and 1, in the finals. Allerton won in the semifinals from Story, 3 and 2, and Swanson eliminated Dr. Barr, 4 and 2. Sagerhorn was defeated by Samuelson, 4 up, in the finals of the Treasurer's consolation. Sagerhorn in the semi-finals defeated Ashburn, 3 and 2, Tom Hansen defaulted to Samuelson.

Willging won out in the director fight, defeating Holstein, 2 and 1, in the titular match. Holstein forced Bob Ashburn from the tournament in the semi-finals, the score being 4 and 3, while Willging defeated C. D. Wood, 5 up.

Potts won the director's consolation title by default, Sibley being unable to play in the last match. Sibley won from Thompson by default in the semi-finals, while Jotts beat Auringer, 4 and 3.

Kreidler defeated Emerick, 2 and 1, in final match in the surprise flight. In the semi-finals Lew Krumm lost to Kreidler by default, and Emerick beat Schumaker, 2 and 1.

Winder won in the consolation division of the surprise flight, defeating Garrison, who had previously won from Smith by default. Larson defaulted to Winders in the semi-finals. The tournament was considered one of the best ever held in Northeast Nebraska.

Mrs. Mae Huffaker, Mrs. A. H. Carter and Phillip Wolf of Lincoln. Mrs. Geo. K. Moore and children were in Wayne Tuesday afternoon.

The regular meeting of the Sons of Herman Lodge was held Tuesday night.

Ladies Aid Elects Officers

At their annual election held on Tuesday, the Methodist Ladies elected following officers. President Mrs. Herman Podoll, Vice President Mrs. I. O. Brown, Secretary Mrs. G. E. Lewis, Treasurer, Miss Gertrude Bayes.

Prominent Young People Surprise Their Friends.

The friends of Miss Laura Dover and Earl Jackson, prominent young people of Winside were completely surprised when it was announced this week that they had been married for fourteen months and would go to housekeeping.

The marriage took place on July 4, 1928 at Seward, Nebraska. H. H. Schaff county judge at that place performing the ceremony with two of the county officials as witnesses.

Miss Dover came here nearly five years ago as bookkeeper at the Gordon Motor Company garage from Madison and is the daughter of Mrs. Lydia Dover of that place.

Earl Jackson is the son of Mr. and Mrs. W. E. Jackson of Kansas City, Missouri, and received his education in the public schools and the agricultural college at that place. Mr. Jackson has been employed as a mechanic at the Gordon garage for about three years and for more than a year has been the foreman of the repair shop.

These young people have proven that a secret can be kept, and will do light housekeeping in rooms at the Commercial hotel.

CARD OF THANKS

We wish to express our sincere appreciation to those who gave the beautiful flowers and extended such kind help and sympathy during the illness and death of our beloved mother, Mrs. Mary Surber.

THE SURBER FAMILY.

Swine Feast on Dead Man

Gustav Hass, 45, was found dead in his hog yard, where he had gone to feed the hogs. When he did not come in to dinner, his wife went to look for him and found him with his face and fingers eaten away by the hogs.

It is thought Mr. Hass suffered a heart attack shortly after he went out.

Mr. Hass is survived by a widow and several children. His widowed mother lives in Wisner. —Sioux City Journal.

La Porte News

Congratulations to Mr. and Mrs. Ed Hammer on the arrival of their new daughter.

Mr. and Mrs. Max Brudigan spent Saturday evening at the Raymond Baker home.

Mrs. Kasper Korn and Emma were guests last Thursday of Mrs. Wm. Piepenstock. Mrs. Piepenstock entertained the Evangelical Lutheran Aid Society that day.

The La Porte Community club meets next Wednesday with Mrs. Edgar Larson for a school program in charge of Mrs. E. M. Laughlin.

Mrs. Mary Doring and Irma, returned Wednesday of last week from a visit to relatives in South Dakota and Wyoming. She also visited the farm she and Mr. Doring homesteaded near Van Tassel.

Mr. and Mrs. Raymond Baker spent Sunday afternoon at the F. C. Hammer home.

Mr. and Mrs. Elmer Harrison and Marjorie, Mr. and Mrs. Robt. Hanson and children of Wakefield were Sunday dinner guests of Mr. and Mrs. Elmer Felt.

Mr. and Mrs. Adolph Korn and Emma Korn returned last week from an outing in Iowa and Nebraska.

The people of this vicinity are very fair-minded this week. If all other neighborhoods in the county support the Fair as well as this one does it will be a continued success.

This is the week that the state farm experts recommend for picking seed corn. A few toilsome hours now may mean the difference between a good and a poor stand next spring. This task is often neglected by the careless farmer, who frequently pays dearly for having done so.

A condition that is noticed by the men who are out picking seed corn is the unusually large ears, and the fact that they are filled out better than is generally the case. All indications point to a bumper corn crop if Jack Frost delays his coming a few weeks.

Mr. and Mrs. Raymond Baker returned last week from a 1400 mile trip into Colorado. The time was spent chiefly with relatives of Mrs. Baker at Cheyenne Wells and Arapahoe. Crop conditions are very poor. Corn ranges from one and one-half feet high to four feet high, but none of it received moisture enough to develop an ear. Some of it is being out with a mower and put up as hay. The taller corn is used as fodder. Cattle are scarce as the pastures are dried up so they had to be sold. Some small grain was fit to cut, much of it was not worth the cutting. The best crops Mr. and Mrs. Baker saw were in Wayne county.

WITH THE WAYNE CHURCHES

HIGH SCHOOL OPENS MONDAY; ENROLLMENT 155 (continued from first page)

ation of the students and the community, 1929-30 will be a banner year for W. H. S. in public speaking.

News-writing Class Organizes Complete organization of the news-writing class has been made. A weekly editor-in-chief is to be appointed. He in turn, will assign news runs to the various members of the class who will work as reporters.

The purpose of the course is to develop a high school column prepared entirely by the senior News-writing class.

The first reporting will begin next week. The news will appear in the next issue of the Democrat.

Football

Football suits were given out Tuesday to 20 husky football boys. Soon afterwards the boys were out upon the field, limbering up for our first game Sept. 27. Our boys will be out by the end of the week, and those who have not registered plan to do so by next week in order that they may be in keeping with state rule of having registered before the end of the second week in order that they may be eligible for football.

We have seven letter men back and several new boys who look like good football material, all of whom will be working hard in order that they may represent Wayne High in the following games:

Sept. 27—Hartington there.
Oct. 4—Randolph here.
Oct. 11—Open.
Oct. 18—Open.
Oct. 25—Ponca there.
Oct. 30—Stanton here.
Nov. 8—South Sioux City there.
Nov. 15—Open.
Nov. 22—Wakefield here.
Mr. Holder, coach.
