

If it's for the best interests of Wayne, and Wayne county, we're for it.

# The Nebraska Democrat

Wayne, the town with a future; a good place to trade and a better place to live.

ESTABLISHED 1884

WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, SEPTEMBER 19, 1929.

\$1.50 PER YEAR

## ED GRANQUIST IS THROWN FROM HIS HORSE, LEG BROKEN

Race Repeated Following Day, Offering Taken Up For Benefit of Injured Rider.

Ed Granquist, of Winside, a rider in one of the running races at the Wayne county fair, was thrown from his horse when his saddle girth broke just as the command had been given to go. The horse had not made more than three leaps when Granquist was thrown, and one leg was broken in two places. Latest reports from the local hospital to which Granquist was taken immediately after the accident, state that he is resting as well as can be expected.

Mr. Granquist, is in the trucking and transfer business at Winside and is well known throughout eastern Nebraska. He has a wife and three children, and due to the fact that this is the busy trucking season, the sad accident will not only be painful to Mr. Granquist but will mean considerable financial loss to him due to his inability to look after his business at the busy season.

The accident seemed to take all enthusiasm out of the other riders to win the race, and as soon as the race was ended, the other riders participating offered to repeat the race the following day Saturday without compensation, a free will offering to be taken up among those attending, to be given Mr. Granquist, to assist in paying his hospital and doctors bill. The race was run on Saturday as per schedule, and was one of the fastest races of the fair. The freewill offering amounted to \$137.50, which showed a mighty fine spirit among those contributing and I am sure will be greatly appreciated by Mr. Granquist and family at this time.

The Nebraska Democrat joins with his many friends in wishing him a speedy recovery.

## One Cut, Two in Jail Result of Moonshine

Pat Brown a laborer, came to town last Sunday morning with a full quart of genuine moonshine. After drinking a small portion of same, he met F. H. Miller and Geo. O'Connor, who attempted to obtain possession of said moonshine. Brown resisted so seriously that the contest turned out to be a free for all fight, with the result Brown began to plead for help.

When Chief of Police Stewart answered the call he found Brown under the bottom of O'Connor and Miller, yelling they are cutting me and they were. Upon making arrest of the three men Chief Stewart found that Brown had been badly cut on both hands.

At their preliminary hearing last Monday morning, Miller and O'Connor were charged with assault with intent to do great bodily harm. Judge Cherry bound them over to district court on a \$500 bond each. As neither of them have been able to make bond they are being held in jail.

## Wayne Men Enjoy Duck Hunting Trip

C. O. Mitchell and Levine Johnson of Wayne left Saturday afternoon for Marsh Lake, Nebraska, there to enjoy a few days of duck hunting. They were joined at O'Neill by Robert and Walter Cash of Niobrara, who accompanied them on their trip to the lake, they being relatives of the Mitchell family. Mr. Mitchell and Mr. Johnson returned home Tuesday evening, having gotten their quota of ducks. They report that they had a fine time as well as a very successful hunting trip.

## Use Flood Waters For Farm Irrigation

Speaking at Holdrege last Saturday to a crowd of five thousand people who had gathered at the Holdrege airport to welcome the Nebraska tour, Governor Arthur J. Weaver said he favored reclamation of flood water for irrigation purposes. "Nebraska has more miles of running water than any other state, and each year millions of acre-feet of water flow through our rivers and are wasted," he stated. "Government engineers have decided the improvement of western rivers is entirely feasible and practical."

## Constitution Week at Kiwanas Club Luncheon

The Kiwanians met at the Stratton Hotel for their regular Monday noon luncheon. Due to the fact that this is constitution week they had on their program Atty. H. A. Welch, and Atty. J. E. Brittain making this one of the most interesting meetings for the past several weeks.

President, Wm. Beckenhauer, Secretary, T. S. Hook, and District Trustee, O. R. Bowen were elected delegates to the district convention, to be held at Omaha October 11 and 12th.

In addition to the delegates selected for the Omaha convention a large number of local Kiwanians are planning to attend.

## Driver's Law is Effective October 1st

1928 Real Estate Taxes Not Paid Before October First Will Be Advertised.

Up to last Tuesday afternoon, 2718 vehicle operator's licenses had been issued. County Treasurer J. J. Steele, says that it looks now as though there will be a lot of drivers of cars caught on October 1, without license, as there remains only twelve days within which to obtain license.

It will be illegal for residents of the state to drive a car after October 1st without a drivers license.

Treasurer Steele also warns taxpayers that 1928 Real Estate taxes remaining unpaid, October 1st, will be advertised as delinquent.

## Grandmother Of Wayne Man Passes Away

Mrs. Carrie Kilbourn of Sparta, Wisconsin passed away Monday afternoon of last week following a prolonged illness. She would have been 76 years old had she lived until the 22nd of this month. Mrs. Kilbourn spent most of her life near New Lisbon, Wisconsin where she was born. She is survived by four daughters, two grandsons, and one great grandson. Mrs. H. E. Siman of Winside is a daughter, Dr. V. L. Siman of Winside and Dr. P. F. Siman of Wayne are the grandsons, and Victor Bob Siman of Winside the great grandson.

## Woman Becomes Very Ill From Salt Peter

Mrs. Hazen Atkins became very seriously ill last Saturday afternoon when she took salt peter internally by mistake. She was taken to the hospital immediately where her stomach was pumped. She has entirely recovered now, although she was quite ill for about three days.

## Plainview Man Dies at Omaha Last Monday

Sam Ellington of Plainview, dropped dead on the street in Omaha, last Monday. The cause of his death was not known.

He was a former employe of the Plainview light and power plant and leaves a wife and two daughters.

## State Normal Opens Here First of Week

The Wayne State Teachers college opened this week with a large enrollment. The registration of students took place on Monday and Tuesday. The enrollment is very large this year, but is as yet not definitely calculated, the registrar being too busy with the registration to get the numbers tabulated. Regular class work began Wednesday.

There will be also a fine group of numbers on the lecture course to be given at the college this year. The lecture course numbers will be announced in a later paper.

Work on the west wing of the new dormitory is progressing splendidly. There are a fine group of students attending school this year, and Wayne extends a cordial welcome to them.

FOR SALE—Fine 240 acre farm located Southeast of Wayne at \$150.00 an acre. One half cash, balance carried at 5%. Offered in order to settle an estate. This is a real bargain. Martin L. Ringer, Wayne, Nebr.—adv.

## Wayne County Fair Closed Saturday With Large Attendance and Exhibits

Exhibits of Baby Beef, Hogs, Horses and Farm Products Were Exceptionally Good.

FIREWORKS WERE EXCELLENT

Another fair has come and gone. The four days of the Wayne County Fair which began Wednesday of last week, came to a close last Saturday evening. The general opinion expressed on the grounds Saturday afternoon and evening was that the fair was fine in every respect except the free acts, which did not come up to the standard of previous years. In fact the free acts fell short of what was expected by the fair board, and they have taken the matter up with the manager of the free acts, and have asked for an adjustment in compensation, in view of the fact that the free acts did not measure up to what was promised. The fireworks were excellent. The races were a big feature of the fair and went off in fine order with the one exception, that was Friday afternoon, when Ed Granquist, on starting in the free for all running race, the girth of his saddle broke and he was thrown from his horse, his limb was broken in two places. This took all the joy of winning out of his competitors. When they were informed of Mr. Granquist's sad accident, they immediately announced their desire of putting on a free race Saturday for his benefit. Before the benefit race was run a free will offering was taken up for the benefit of the injured rider, \$137.50 being collected.

The following are a partial list of the prize winners. More will follow next week:

**Baby Beef**  
Junior Angus: 1st, Cecil Jordan, Winside; 2nd, Willard Blecke, Wayne; 3rd, Kermith Wagoner, Winside; 4th, Clarence Wagoner, Winside; 5th, Roland Johnson, Wayne; 6th, Milton Auker, Wayne.

Associate Members: 1st, Dorothy Jean Meyers, Wayne; 2nd, Dale Stiles, Wayne; 3rd, Lowell Meyer, Wayne; 4th, Dean Baird, Wayne; 5th, Donald Baird, Wayne; 6th, Alvin Carlson, Wayne; 7th, Donald McEachen, Wayne; 8th, Donald McEachen, Wayne; 9th, Blain Auker.

Junior Herfords: 1st, Frank Claycomb, Wayne; 2nd, Wm. Miller Jr., Winside; 3rd, James Trautman, Winside; 4th, Hazel Mechenberg, Hoskins; 5th, Carl Trautman, Winside; 6th, Carl Trautman, Winside; 7th, Walford Carlson, Wayne.

Senior Angus: 1st, Leonard Blecke, Wayne; 2nd, Leonard Blecke, Wayne; 3rd, LeRoy Stamm, Wayne; 4th, Cecil Jordan, Winside; 5th, Leland Stamm, Wayne; 6th, Lloyd Dunklau, (continued on page eight)

## Boy Seriously Hurt When Truck Overtakes

Lloyd Hansen, 10 years of age, son of Mr. and Mrs. Andrew Hansen of Ames, is in a serious condition in the Fremont hospital as a result of injuries received last Monday when a truck in which he was riding overturned near Ames. He suffered a compound fracture of the left leg, crushed right foot, scalp lacerations and possible internal injuries. One toe on his right foot was amputated and it may be necessary to move another, doctors said.

## Hopper Dies at Stanton

J. J. Hopper, a well known business man of Stanton, died Sept. 5th, at the age of 81 years. He homesteaded in Cuming county in 1870, a few years later entered business at Stanton, where he spent most of the remainder of his life. Funeral services were conducted at the Congregational church by the Rev. Klopp, the commitment was in charge of the Masonic order and was participated in by a fine aggregation of his Masonic brethren.

## Neck Broken in Automobile Accident

Little hope is held by doctors for the recovery of Frank Hanson, Aurora, whose neck was broken in an auto accident near Seward a week ago. He is fully conscious but is paralyzed from the neck down.

## HENRY L. CECIL WILL SPEAK AT GAY THEATRE

Thursday, September 26, at 3 P. M., On the Power of Books in Building Character.

November 17 to 23 of this year is book week. Mr. Henry L. Cecil of the Bureau of Lectures of the National Association of Book Publishers is speaking throughout the country to schools, clubs, libraries, and other groups interested in educational and cultural benefits to be derived from reading. He will speak in Wayne Thursday, September 26, addressing the high school from 9 to 9:35 o'clock and addressing the public at the Gay theatre at 3 o'clock. He will also speak to the various classes at the high school and at the college in the forenoon.

Mr. Cecil emphasizes the power of books in building citizenship, and the responsibility of parents and teachers to install a love of reading and a desire for books in children. His experience as a teacher and a school superintendent has prepared him to meet and answer questions encountered by parents, teachers, and librarians as reading guides. His talks are in no way commercial. It is hoped that a large number will come out to hear him.

## Wayne Well Represented Iowa Baby Beef Show

The 4-H Club Boys and Girls Carry A Fine Exhibit of Baby Beef, to Iowa Show.

The baby beefs that were shown at Wayne county fair last week were taken to Sioux City this week where they were exhibited yesterday. Up to the time of going to press Wednesday evening we were not able to obtain the results of the judging. The Wayne club has the largest showing of Baby Beefes of any club showing at the Sioux City fair.

A number of prominent business men of our city went with the 4-H club boys the first of the week and Wm. Von Seggern, Secretary of the fair board; Rollie W. Ley, President of Wayne State bank; Wm. Hawkins, President of the local 4-H club and Don Cunningham, were in Sioux City yesterday and today attending the Iowa State Baby Beef show. The Baby Beefes taken to Sioux City by the local 4-H Boys and Girls will be sold on the Sioux City market today, by Don Cunningham.

## Education Without Christianity is a Curse

In Bishop Lee's address at the Trinity Church, Lincoln, last Sunday morning, he declared that "Education without Christianity, is a curse to the world. He declared "Christ, because of His intellectual supremacy, has a right to be the center of every school and college, whether controlled by state or church."

"One hundred years ago this was a dark world. Our forefathers groped about with oil lamps and tallow candles. Since then, inventors have given us mechanical substitutes for the sun. The man is still living who introduced the incandescent lamp.

"Light has been poured into the pages of authors of all times. One cannot take Christ out of Shakespeare, Dante, Milton, Browning, or Tennyson. Renan said that Jesus was the highest teacher of morality and that no matter what surprises the future might bring, He would never be surpassed."

## Nebraska Ranks 18th In Auto Registration

Of the 24,403,124 motor vehicles registered in the United States in 1928, Nebraskans registered 391,355. The state ranked 18th in the number of motor vehicles registered and 28th in the amount of registration fees collected. There is now one motor vehicle for every five persons in the United States and one for every 3 1-2 persons in Nebraska.

## One Injured When Two Cars Collide

In a collision near the swimming pool south of Wayne last Friday night, Blain Ellis was painfully cut on his right hand, when his coupe was struck by a car driven by a Mr. Hamer Wilson of Winside.

In the car with Mr. Ellis at the time of the accident was Martin Echenkamp. When the cars crashed together young Ellis happened to have his right hand out of the window, the car tipped over on his hand cutting a place that required nine stitches to close the wound.

The front wheels of Mr. Ellis' car were smashed. Wilson was driving a new ford. The two fenders on the left side were smashed.

## Farmers Union Hold Quarterly Convention

County Quarterly Convention of Wayne County Farmers Union, Met Wednesday

The quarterly convention of the Wayne county Farmers Union was held at the city hall yesterday afternoon.

One matter of importance that came before the convention was consideration of plans for working with the recently formed National Cooperative board. A request was recently sent out to the farmers to join some one of the farm organizations that the national cooperative might reach as large a percentage of the farmers as possible in their activities, as the only way the federal board can render assistance to the farmers is through farmer organizations.

There were eleven locals represented at yesterdays convention, which have a membership of 207.

W. F. Johnson, Hoskins, is county president, H. G. Keeney is State president and E. L. Shoemaker, state secretary.

## Relative of Wayne Man Dies in Crash

Miss Faith West of Farlin, Iowa, daughter of a cousin of Mr. Charles Reynolds of this city, was burned to death last Friday afternoon when a plane, piloted by Tom Craig of Des Moines, Iowa, in which she and her friends, James Farrell, were riding crashed into a pylon and burst into flames at the new Carroll airport during the dedicatory ceremonies.

A few minutes before the tragedy occurred, Miss West and Mr. Farrell had gone up in the plane for a ride. Shortly after, it was seen by the crowd that the plane was having trouble. However it made a successful landing on the rough ground about a mile from the center of the celebration, and was taking off toward the low hanging sun when it struck the pylon, a wooden pole about 20 feet in height, and burst into flames. Miss West and the pilot were cremated, but Mr. Farrell was thrown clear of the plane. Mr. Farrell's skull was crushed and he is not expected to recover. It is thought the pilot's vision was obscured by the sun.

## Antelope County 4-H Market Baby Beeves

One hundred and forty baby beeves, the property of 125 members of the 4-H clubs of Antelope county, were taken to the South Omaha market Monday morning from Lincoln, where they were exhibited at the state fair.

James W. Rooney, county club agent, accompanied the cattle, which were mostly Shorthorns and Herefords.

Most of the boy and girl owners are in school and only a few of them were able to make the trip.

## Three Plead Guilty To Bank Robbery

At their preliminary hearing last Friday, W. P. Messick, Herbert L. Royson, and George K. Abshier, members of the notorious McEagel gang of Kansas bandits, pleaded guilty to charges of murder, bank robbery and kidnapping in connection with the holdup of the First National bank at Lamar, Colorado.

## MINISTERS HAVE BEEN ASSIGNED THEIR CHURCHES

Mr. and Mrs. Dean McEwing of Crofton spent Saturday and Sunday in the Charles Jeffery home. Their son, Edmond, accompanied them, and will attend college here this year. The Jeffreys and the McEwings are old friends.

Mr. and Mrs. Pete Johnson and Andy Anderson of Fremont left Monday afternoon, after spending from Wednesday of last week in the vicinity visiting relatives. Mr. Anderson is a cousin of Mrs. Jerry Alvin, and Mr. and Mrs. Johnson are her uncle and aunt.

**COLONEL C. A. LINDBERGH'S GREATEST ACCOMPLISHMENT**

Colonel Lindbergh is said to have smiled broadly and looked tremendously proud when his wife, after nine hours of instruction from him, opened the throttle and made her solo flight at the wheel of her plane. One can't help wondering if he lost his temper at any time during his teaching, or if she flew into tears. We've all witnessed the family instructions that threaten when the average man tries to teach his wife to drive the new auto. "I had to get the man from the garage to teach me," many a wife has said. "Jack would have had to get a divorce or one of us been up for murder if he had continued to be my instructor."

The Colonel has certainly added another laurel to his already loaded brow. There are many men who have been a great success in the business and financial world, due to their ability to handle successfully a large organization of men, yet they were not able to boss "friend-wife."

**Big Jewelry Auction!**

**High Class Sale of High Class Merchandise**

My stock of Diamonds, Watches, Clocks, Jewelry, Silverware, Cut Glass, Leather Goods, Pearls, Gift Goods, etc., will be sacrificed regardless of cost.

**Big Sale Starts Saturday, Sept. 21st**

at 2:30 p. m. and continues each day at 2:30 and 7:30 p. m.

**For 20 Years**

You have been buying Diamonds, Watches, Clocks and Jewelry from me at my price and now I am offering them to you at your own price and the same high grade goods you have always bought from me and with the same FANSKE guarantee.

Perhaps that old watch I sold you 20 years ago is worn out and this is a chance to replace it with an up-to-date watch of a later model and at your own price. Now is a good time to buy the Diamond Ring you have always promised the wife and never felt able to buy for her. Your Silverware I sold you years ago may be worn out and now is a good time to replace it at your own price.

Practically every article in my store will be offered at this Auction.

Many surprises await you every day of this sale that are impossible to mention. Never before was such an opportunity offered the people of Wayne, Nebraska.

The first ten ladies attending the sale will receive a Free Souvenir.

WE ARE NOT GOING OUT OF BUSINESS but we are going to turn a large amount of our stock into cash.

We guarantee every article to be as represented and will be here to make good the guarantee.

**Col. John Morris**

an exclusive Jewelry Auctioneer, will have charge of this sale and the stock will be offered just as it is in the show cases.

No inferior goods imported for this sale, but the same high grade goods you have always bought from FANSKE for the past 20 years.

Never before have you heard of a Jewelry Auction in Wayne and perhaps you never will again, so take advantage of this unusual offer to buy strictly high grade goods at your own price. Come and hear Col. Morris talk, even if you don't buy.

Take advantage of this lifetime chance.

Membership in the HALLMARK association of over 800 Jewelers in that many cities gives this store the greatest purchasing advantage.

The Dave Nimrod family spent Thursday evening in the Clay Nimrod home celebrating Mr. Nimrod's birthday.

Mr. and Mrs. Dick Sandahl and sons, and Mrs. Nelson spent Sunday in the Gust Carlson home near Allen.

Pete Lundegren spent Thursday evening in the Henry Nelson home.

Mr. and Mrs. Ernest Sprinsteen were Saturday dinner guests in the Lenus Ring home.

Mr. and Mrs. Ed Larson and Earl spent Sunday evening in the Frank Long home.

Mrs. Ola Nelson spent Friday afternoon with Mrs. Russell Johnson.

The Lawrence Ring family and Mr.

and Mrs. Ernest Sprinsteen were Sunday dinner guests in the Orville Erickson home. Mr. and Mrs. Luther Bard and family were supper guests.

Mr. and Mrs. Ernest Sprinsteen returned to their home in Bassett Sunday, and Mrs. Carrie Bard returned with them for a visit.

Lenorod Roberts won first prize in the pony show at the fair.

Vivian Sandahl is staying with the Garfield-Swanson family in Wayne while attending school.

Mr. and Mrs. Randal visited in the Ray Roberts home Sunday.

Mr. and Mrs. Collie Boyce spent Sunday in the W. D. Boyce home near Carroll.

Mrs. Brink returned home after visiting in the Boyce home.

Mr. and Mrs. F. C. Sandahl and family spent Sunday in the Bill Mathewson home.

Mr. and Mrs. Ed Sandahl visited in the N. Jacobson home near Emerson.

Mr. and Mrs. Pete Jorgenson and Mr. and Mrs. Andrew Jorgenson spent Sunday in the August Sloan home.

The H. P. Oleason family spent Sunday in Concord.

Marvin Heikes returned to work at Henry Nelson's after a week's vacation on a fishing trip.

Mr. and Mrs. R. P. Rothenback, Mr. and Mrs. John Rothenback, Anton Isivecker, and Mrs. Minnie Lessman, and Mr. and Mrs. C. Ayler had a picnic at the Wayne park in honor of Mr. and Mrs. G. Fredreth of Madison, Kansas, who have been visiting the Ayler family.

## Fair Board Cancels Nance County Fair

At a recent meeting of the Nance county fair board, and stockholders it was decided not to hold the 1929 fair which had been advertised for September 10-13.

Due to the existing crop conditions in the county they thought it impossible for the fair to be a financial success.

They expect to resume the fair for future years.

Jimson—"You should never be without a small pair of scales when you talk."

Stimson—"What do you mean?"

Jimson—"You need to weigh your words."

## Attempt To Curb Reckless Driving

Motor car accidents in Nebraska are taking a heavy toll of life and property and seem to be increasing rapidly according to the following survey as reported by the Nebraska Farmer.

A Survey of Motor accidents in the state during a two weeks period in July showed a total of 193 such accidents, resulting in twenty-four being killed, 241 injured. Skidding on loose gravel, loss of control, speed and collision caused the most deaths and injuries.

In most cases careless driving is directly responsible for motor accidents. The growing congestion of our highways from the greatly increased number of cars and trucks, together with improved highways which encourage the faster driving, make the careful handling of cars an absolute necessity. The person who disregards the simple rules of safety and consideration for the lives of others as well as himself is not safe to sit behind the wheel of a car and should not be permitted to drive.

An attempt to curb reckless driving was made by the 1929 Nebraska legislature through the passage of a law requiring every driver of a motor vehicle in Nebraska to have a driver's license. The law went into effect on September 1 and drivers are given until October 1 to obtain their licenses which cost 75c each. Every person in a family who drives a motor car must have a license.

In obtaining such license the applicant is required to give a certain amount of information under oath as to his or her qualifications for driving. On the back of the license card is space for keeping a record of traffic violations and from such record to determine whether the license should be cancelled and the driver prevented from operating a motor vehicle. It is provided that the license will be suspended for not less than ten days for traffic violation. Boys and girls under years of age are prohibited from driving cars. Once the license is issued it is in effect indefinitely until suspended or the owner moves out of the state.

The driver's license law is a reasonable one and every citizen should gladly comply with the law enforcement official in placing a ban on reckless driving.

## Modern Equipment For Candy Kitchen

Following out his policy of giving his customers the best in service, Mr. Wm. Parentl, manager of the Candy Kitchen has installed an Iceless Ice Cream freezer, the first of its kind to arrive in Wayne. This machine is the most modern on the market today. It is strictly sanitary, and has a capacity of 60 gallons per hour. This new method does away with the former unsanitary method of hand mixing and freezing is done by this sanitary inclosed machine.

# Drive a Chevrolet Six!

### —so Delightful to Drive!

The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

### —so Economical to Own!

Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for any low-priced car. Furthermore, it is unusually economical to operate—better than 20 miles to the gallon of gasoline, with unusually low oil consumption. Come in for a demonstration today!

### —so Durable and Dependable!

The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

The Nebraska State Fair made a new attendance record this year and it is reported they had a bigger and better show from beginning to end than ever before in its history.

We are informed that a number of branches of the American Federation of Labor will soon ask for a five day week. We are also informed that a seven-day working week will be put into effect in Russia at the beginning of the next financial year. "Oh Well" we farmers won't have to leave America to work seven days a week.

**A LESSON FROM THE CORNFIELD**

That may be of assistance in growing two ears of corn where one formerly grew may be gained from the behavior of Nebraska corn fields this season under the unfavorable weather conditions as related in the Nebraska Farmer. Many fields have withstood drought exceptionally well, better than expected, in fact, while others, perhaps alongside the good fields and on soil of apparent equality and having good culture, have burned badly. One unusual peculiarity noticed by corn growers this year is that fields previously in legumes and highly fertile are remaining green when ordinarily we would expect them to burn first because of their more rapid growth. What is the explanation?

Homer McKelvie of Clay county reports that his thin corn has stood dry weather much better than the thick, which is natural to expect, and he has also found that the variety, time of planting and state of fertility have all influenced the condition of this season. A variety which he obtained from Valley county, of the large cob and rather shallow kernel type growing big stalks, has done remarkably well. He believes the larger cob and stalk store an additional supply of moisture and feed for the kernels to draw on during a critical period.

A bushel of hybrid corn from Illinois, planted by Mr. McKelvie on alfalfa land, looks well and he is favorably impressed with it, though surprised that corn on highly fertile soil should hold its own in a dry year. Probably this is due to the abundant moisture received last fall which the alfalfa ground absorbed and held better than poorer soil. On the whole his early planted corn is the best, which convinces him that in the majority

of seasons early planting is best. Professor J. C. Russell, soil expert of the Nebraska College of Agriculture reports similar experience from over the state, and thinks that certain varieties are without doubt better adapted to withstand dry weather, and also that soils of high fertility absorb rain and snow more readily and once they are well soaked they retain this moisture better than other soils. Through preparation and cultivation are of course always a requisite for good corn crops. The farmer who studies and compares his corn crop this year with that in other fields to determine why it is better or worse will be able to meet more effectively the corn growing problems of next season. Experience is the best teacher.

**FIRE PREVENTION WEEK COMING**

October 6 to 13 has been set aside as Fire Prevention Week. During that time public and private organizations and authorities will make an effort to instruct citizens in the fundamentals of doing away with our terrible fire waste.

In the past few years the fire rate has always gone down during the week, only to rise to "normal" immediately after. It is the old case of a lesson going in one ear and out the other.

Fire is perhaps the greatest single menace to progress we must face. Every year it destroys property which, in terms of monetary value, would support whole governments, cover the country with paved highways, provide greater educational facilities or do any number of other great services. And on top of this must be placed the still greater destruction in human life.

During Fire Prevention Week we will learn of the danger of neglected wiring, carelessly disposed of matches or cigarettes, piles of refuse, poor building construction and so on. But unless our citizens carry the lessons learned through the other 51 weeks of the year nothing will be gained.

Make Fire Prevention Week the start of a Fire Prevention Year.

**THE SUGAR SITUATION**

Growing of sugar beets is a valuable industry to the farmers of many states. Sugar companies have spent thousands of dollars building factories and preparing a place in the market for their product, working against odds of high taxation and high labor costs.

The point has now been reached when a slight increase in the tariff seems essential to take up the slack between cost of production in foreign countries with low standards of living and cheap labor, and cost of production in our own country.

The tariff has nothing to do with politics. It is strictly a business matter. If we wish to retain our present standards of living we cannot let our markets be flooded with cheaply produced foreign products to the exclusion of domestic commodities.

**Mrs. Hans Dies Without Warning**

Mrs. Ernest P. Hans, of Battle Creek died the earlier part of last week as she was sleeping. Though occupying the same room, Mr. Hans was unaware of her death until after he had dressed in the morning, later returned to awaken her.

**HIGH SCHOOL NOTES**

Twenty people, of whom every one is a senior, are enrolled in the physics class. All are much interested in the work. The introductory chapter has been studied and discussed, and the study of the mechanics of liquids has been started. On Tuesday the class began meeting in the laboratory, hereafter it meets there on alternate days.

Thirty-nine freshmen are enrolled in the two sections of beginning algebra. The first chapter, an introductory chapter, has been completed. A chapter on graphical representation is to be completed yet this week. Next week negative numbers are to be introduced.

The mid-year algebra class is studying division and factoring. Just now the main emphasis is on factoring. On September 26th Mr. Cecil a representative of the National Association of Publishers will address all pupils in high school during assembly period. In the afternoon beginning at 3 o'clock Mr. Cecil will speak in the Gay Theatre. His lecture is on books and will be free to everyone.

New book report tests have been worked out for the four high school English classes. Special cards, containing data of books read each year, will be made out for each pupil and kept on file. The unit system, whereby students will be required to fulfill a minimum unit requirement in outside reading will be used.

The members of the class in beginning French have been studying pronunciation and are now able to carry on a short conversation. The class is small but will be very active as it already has numerous secret plans.

The class studying second-year French has been translating to review grammar and taking dictation to become accustomed to comprehend the spoken language. Only French is to be spoken in the class room to make the study practical.

Ruby Long is playing a march for high school dismissal this week.

This is constitution week. Appropriate programs will be held to-day and Friday.

Evereth Heikes was added to the high school enrollment this week.

The boys and girls glee clubs and the mixed chorus have been organized. The boys glee club meets on Tuesday and Thursday, the girls on Monday and Wednesday, and the mixed chorus on Friday.

All boys who are doing satisfactory school work are excused at 3:20 for football practice. This is done in order to give the boys who drive in from the country an opportunity to participate in this activity.

The summer projects of last year advanced agriculture class are being reported to Mr. Holder.

**GRADE NOTES**

**Kindergarten**

We have been studying gardens this week. The children talked about the vegetables in the gardens at home. Then we made these vegetables using Plasticine paper and colors.

The children are learning to skip this week.

Alta Christy visited the kindergarten Monday afternoon.

**First Grade Notes**

Mary Frances Hargett and Don Powers were absent this week.

On Monday the children were measured and weighed. A record is being kept and the children will be weighed the first of each month for the purpose of determining whether they are gaining as they should.

Violet Reibold, Irene Books, Mildred Franzen, Jimmie Bob Mellor and Arline Ulrich are new members in the class this year.

**Third Grade Notes**

An inventory test in the easier addition facts was given last week. It was found that the pupils had forgotten only a few. Emphasis is being placed on those missed and on the remaining harder addition facts. A second test will then be given.

"The Sunbonnet Babies in Holland" is enjoyed during the reading period. Barbara Felber brought snapshots of Holland people and houses and told the class about them. A little Dutch girl and her doll especially interested the children. Bonnell Jones brought a picture of a little Dutch girl and boy on skates.

Esther Horn from Norfolk is a new pupil in the grade.

Health booklets were made during the health period.

**Fourth Grade Notes**

George Ahlvers was absent Tuesday. This is our second absence, but are very sorry that we have many more tardy marks on our record.

The fourth grade are being weighed this week, and the height of each pupil is also taken. Each child will record his own weight every month on the chart.

The sixth grade reading class will dramatize the story, "The Magic Bow," Wednesday.

**Fifth Grade Notes**

Wilson Newberry and Ruth Horn

entered the fifth grade September 10, making a total of thirty pupils.

In arithmetic we are drilling for speed and accuracy in the fundamental operations.

In language we are trying to eliminate the "bad speech weeds" which have been flourishing during vacation. And, so, ain't, and kids are the most offensive ones.

The children have brought a number of house plants to make our room more cheerful.

Margaret Randall treated the class to fudge in honor of her tenth birthday, September 16.

**Sixth Grade Notes**

The A class is reviewing denominate numbers. Speed tests are used to show whether review in a particular phase of the work is needed or not.

In a geography test, Peggy Strahan and Josephine Ley earned grades of 99 per cent and 98 per cent.

The sixth grade class is making posters for English. The poster committee will choose the best for exhibit in the room.

The settlement of Europe by the early barbarians is the topic of study in the A history.

Illa Gildersleeve brought three pictures of primitive man to show her history class. Earliest man and his gifts to civilization is the subject to be studied in the B class history.

**Seventh Grade**

Stanley Norton is absent on account of sickness.

The students are making harder designs and notebook covers this week. They are conventionalizing trees and birds. The A class are making scale drawings in arithmetic.

The B class are learning to give directions clearly, both in oral and written form.

**Eighth Grade**

A test was given Friday to the history class.

The class in hygiene is studying the men who have made contributions to science and health.

The English class is reviewing the parts of speech.

Raymond Sala was absent Monday on account of his mother's illness.

**Sioux City Market Report**

(Furnished by Steele-Siman Com. Co.)

Sioux City Stock Yards.—Weakness characterized the trade on cattle and sheep this week while strength was added to the hog prices. Receipts were heavy in the aggregate at leading centers in the cattle and sheep departments and more moderate in the hog division.

Local cattle receipts were the heaviest of the season on the initial session of the week with the arrival of nearly 14,000 head. Most of the run came from west of the Missouri river with a small showing of native material. The percentage of natives was the heaviest after Monday.

Beef steers and yearlings were very draggy on the first two days of the week and around 25 to 50 cents was taken off last week's price list. Falling off in quality and light shipping demand caused packers to be indifferent buyers and they showed no mercy.

Bulk of the supply cashed at \$12.50 to \$14.50 with a few real good grades above \$15.00 and plain shortfeds down to \$11.50 and under. It would have been hard to get over \$16.00 for any cattle had that class been offered.

Cornfed cows and heifers were scarce and the market held close to a steady basis. A few heifers sold at \$11.50 to 13.50 with choice light weights quoted above \$14.00. A few cows sold at \$9.00 to \$10.50 with koshers above \$11.00.

The grass butcher stock market was quoted steady to a quarter lower with low grades holding a firm basis. Some of the grass heifers cashed at \$8.50 to 10.00 and bulk of the cows sold at \$7.00 to 8.25 with a few up around \$9.00 and down to \$6.50 and under. Bulk of the cutters and low cutters sold at \$5.50 to 6.25 with old shells down to \$5.00.

Bulls carried a strong undertone with bulk of the medium grades selling at \$7.75 to 8.50. A few beef grades ranged above \$9.00 and plain thin grades under \$7.00. Veals strengthened with the practical top at \$14.50 and the extreme crest at \$15.00 to independents.

Stockers and feeders arrived in large numbers but demands were fairly broad and the market held to a steady to a quarter lower basis with plain grades off most, following the trend of recent weeks. Inquiry from the country broadened somewhat to take care of the increase in incoming supplies.

Bulk of the cattle brought \$9.00 to 11.00 with some heavy weights at the latter figure and some light weights to \$11.75 with calves higher. No choice cattle were offered to bring better than \$12.00. Some common lots ranged down to \$8.00 and inferior bunches down to \$7.00. Feeding cows sold at \$6.00 to \$7.50 and heifers on up to \$16.75.

The hog market advanced 15 to 25 cents on the initial session of the week

**JACQUESOL--  
the Champion Cleaning Fluid**

Expert cleaners tell us that this solvent is the best ever discovered for cleaning furs, silks and woollens. It does not leave the garments hard or dry as when cleaned in gasoline, but rather leaves them with a beautiful gloss, a soft feeling and a finish like new.

JACQUESOL puts life into garments and that is what clothes must have to give good wear. They all say: "My, how do you put such a nice gloss and soft feel on your cleaned garments?" The secret lies in the fact that we use this new solvent, JACQUESOL.

**Jacques Model Cleaners**

following day. Falling off in receipts accounted for the advance.

On the second session, the top was \$10.25. Bulk of the good light to medium weights sold at \$10 to \$10.25; strong weights, \$9.75 to \$10.00; heavies, \$9.50 to 9.75; mixed lots, \$9.10 to \$9.50; smooth light sows, \$9 to \$9.10; bulk of the regulation medium to heavy packers, \$8.50 to \$8.85; stags, around \$8.50; choice light pigs to a countryman, \$10.50.

The hog market may continue to bolster up if receipts stay down but it is hard to tell because prices took

a slump a short time ago when receipts were light. Prices have advanced 25 to 50 cents since the middle of last week.

Lambs took a 25 to 50 cent decline and ewes held steady. The top on lambs was around \$12.75 on the second day and ewes were quoted from \$5.00 down. Feeding lambs held steady with choice rangers at \$13.00. Mixed feeding and breeding ewes sold at \$4.10 to \$5.00.

Pollard and his brother, Newell, accompanied him as far as Sioux City, from where he started for California by way of southern excursion, stopping, among other points, at Chicago, Springfield, and Cairo in Illinois, at Memphis in Tennessee, at St. Louis, at New Orleans, and at San Antonio while on the way.

**At the Wayne Hospital**

Phyllis Greenfield, daughter of Mrs. Irene Greenfield, fell and fractured her elbow September 11, and was a hospital patient that day.

Mrs. Johnston from Winside underwent a major operation Sept. 12.

Ed Granquist fell off a horse at the fair Sept. 13. His leg was fractured in two places, and was bone plated at the hospital that day.

Charlie Martin, who had been a medical patient the past two weeks, was dismissed Sept. 13.

Henry Ley was a medical patient Sept. 16.

Bian Ellis was in a car accident Sept. 17. His hand was badly lacerated from the inside clear across the back and required several stitches.

Mrs. Maggie Miller had her tonsils removed yesterday.

**Prof. A. G. Carlson**  
Instructor at College

Prof. and Mrs. Carlson arrived in Wayne this week to make their home. Prof. Carlson has assumed his work as piano instructor at the college and is organizing the department.

Mr. Carlson is a native of Nebraska, has taught Piano and Theory of Music successfully for a number of years in Lincoln and Fremont.

His education was received in the public schools at Fremont and at College from which he has a B. S. degree. After his early music work with N. M. Boggess of Fremont and August Borglum of Omaha he went to the American Conservatory of Music in Chicago. There he graduated from the school with special distinction in Piano and Theory. Following this he studied with Clarence Adler of the Institute of Musical Arts in New York. More recently he received his Mus. B. from the American Conservatory with Piano as a major under Henriot Levy and Theory with Arthur Olaf Andersen.

Mr. Carlson spent eleven months with the A. E. F. in France. He was enlisted in the 342nd Field Artillery of the 89th Division. His outfit had two months of war experience on the St. Mihiel front. After the Armistice his regiment marched into Germany to be part of the army of occupation. While there Mr. Carlson had the good fortune to be selected to join the A. E. F. Bandmasters' and Musicians' School at Charmant, France.

**WITH THE WAYNE CHURCHES**

**Methodist Episcopal Church**  
William W. Whitman, Pastor  
10:00—Sunday school. We have well organized classes taught by competent teachers, for all classes.

## Nebraska Crop Report For Month of September

Corn was severely injured by prolonged drought during August and the condition dropped 26%. Oats and barley are yielding better than expected. The condition of alfalfa, sorghum crops, potatoes and pasture is lower, says the State and Federal Division of Agricultural Statistics.

The condition of corn is 60% compared to 86% on August 1 and 62% a year ago. The forecast is 192,354,000 bu. as compared to 212,701,000 bu. last year and 5-yr. average of 214,381,000 bu.

While the injury from August drought was severe, some believe the crop will turn out better than anticipated. There are about 4 or 5 counties in which the crop is almost a failure. Outside of this area there was a good supply of subsoil moisture which enabled corn to make considerable progress despite the dry weather. Due to the subsoil moisture and fairly temperature condition the corn did not burn rapidly but held out remarkably well and the yield may exceed expectations.

Most of northeastern Nebraska has a splendid crop. Extreme eastern Nebraska south of the Platte is fairly good. West of this area corn is about half a crop until south central Nebraska is reached where a few counties are almost a failure. Condition improves again west of Harlan county and a few southwestern Nebraska counties have good corn. Corn is fairly good in the Panhandle counties and north of Dawson, Buffalo, Hall and Merrick counties but is injured badly in north central Nebraska.

The probable yield of spring wheat is 14 bu. and the forecast 2,828,000 bu. against 3,222,000 bu. last year and the 5-year average of 2844,000 bu. The yield is about the average.

The probable yield of oats is 33.5 bu. and the production 32,544,000 bu. compared to 78,936,000 bu. last year and the 5-yr. average of 68,797,000 bu. The yield are generally very satisfactory except in southern Nebraska where they are extremely poor.

The probable yield of barley is 27 bu. and the forecast 18,576,000 bu. The crop yielding better than expected except in southwestern Nebraska.

The condition of potatoes is 73% which indicates a crop of 7,617,000 bu. as compared to 10,080,000 bu. last year and the 5-yr. average of 7,671,000 bu. The farm crop is not as good as last year. The early potatoes in the Kearney district are very good and the prices have been very high. It was a little dry for the late commercial crop in Western Nebraska for a time but the crop is fairly promising.

The condition of all tame hay is 76% and the forecast 3,582,000 tons compared to 3,351,000 tons and the 5-yr. average of 3,685,000 tons. The first and second crops of alfalfa were good. The third crop is poor with a condition of 68%. The yield of clover and timothy hay is 1.6 tons. Sweet clover hay 1.9 tons and timothy hay

1.45 tons. The yield of wild hay is .93 tons, and the production 2,700,000 tons.

Fruit crops, except grapes, are poor this year. The condition of apples is 60% and the forecast 832,000 bu. as compared to 470,000 bu. last year. The commercial crop is estimated at 45,000 bbls. compared to 30,000 bbls. last year. The condition of peaches is 63% and the forecast 69,000 bu. compared to 6,000 bu. last year. The condition of pears is 66% and the forecast 32,000 bu. compared to 12,000 bu. last year. The condition of grapes is 77% and the forecast 1,925 tons compared to 1,920 tons last year.

The condition of sugar beets is 92% and the production 1,089,000 tons as compared to 1,021,000 tons last year and the 5-yr. average of 934,000 tons. The condition of flax is 85% which indicates a production of 200,000 bu. against 64,000 last year.

The condition of grain sorghum is 72% and the production 356,000 bu. compared to 485,000 bu. last year. The condition of beans is 75% and the forecast 61,000 bu. against 87,000 bu. last year. The condition of buckwheat is 70%; sorghum syrup, 68% alfalfa seed, 77%; and pasture, 65%, red cover seed 76%.

Estimates of leading crops for the U. S. this year and last are as follows: corn, 2,455,997,000 and 2,835,078,000 bu.; spring wheat, 217,493,000 and 324,958,000 bu.; all wheat, 785,726,000 and 902,191,000 bu.; oats, 1,204,493,000 and 1,448,677,000 bu.; barley, 304,143,000 and 356,667,000 bu.; potatoes, 349,112,000 and 464,483,000 bu.; tame hay, 93,600,000 and 92,983,000 tons; commercial apples, 29,473,000 and 35,268,000 bbls.; all apples, 145,523,000 and 185,743,000 bu.

Winter Wheat Planting Intentions  
Nebraska will plant a little less winter wheat and slightly more rye if present planting intentions are carried out. A slight increase in both winter wheat and rye acreage is planned for the U. S. as a whole. Nebraska farmers are planning to seed 3,496,000 acres of winter wheat as compared to the revised estimate of 3,567,000 acres planted last year. The plans are to seed 286,000 acres of rye against 272,000 acres planted last year. The dry soil has made conditions unfavorable for plowing and unless the situation improves the farmers may not be able to plant as much wheat as intended.

For the U. S. farmers plan to seed 43,271,000 acres against 42,744,000 acres last fall and 47,303,000 acres planted two years ago. They plan to plant 3,683,000 acres of rye against 3,890,000 acres planted two years ago.

## Norfolk River Course Is Being Changed

The course of the Norfolk river at the Norfolk Country club is being changed in order to eliminate the expense of building two bridges on the North Fourth street road that have been condemned.

## Executioner Saves Intended Victim

Havana, Cuba.—All Cuba was stirred by the dramatic refusal of the public executioner to put to death a condemned man on the grounds that he, himself, had committed the crime. "I alone committed the crime and I should be the sufferer," the executioner said.

The executioner is Francisco Pinart. The condemned man is Zaila Rodriguez. The date for the execution has not yet been fixed by the courts.

Both Pinart and the condemned man were implicated in a murder in 1913 of a 61-year-old woman. Rodriguez, arrested in Tampa recently, was sentenced to be executed by the dreaded garrote, a method employed in executions in Cuba. An iron ring is placed about the condemned man's neck and a steel bolt pressed through a hole in the ring, snapping the victim's spinal cord.

At first the executioner said he would put his former companion to death. Today, however, he suffered a change of heart and admitted he was solely responsible for the crime.—Columbus Daily Telegram.

## Geneva Woman Passes at Age of 100 Years

Geneva, Neb.—Mrs. Bridget Doyle's name has been inscribed on the list of Nebraska's centenarians. She died at her home near here last week at the age of 100 years and 10 months.

A native of Monghan county, Ireland, Mrs. Doyle came to America with her two brothers in May 1849. She was married in 1855 and moved with her husband to Springfield, Illinois. The following year they moved to Nebraska City.

While residents there, they passed through the Civil war days and Mrs. Doyle often told of the exciting events that occurred then.

The Dolys moved to Saline county in 1879 and Mrs. Doyle lived in the same house until her death.—Neigh News.

## Judge Disapproves Running With Gun

Robert Jackson, negro, told District Judge Fitzgerald of Omaha that Clarence Sorrell, of the same address became annoyed when he was reminded of a debt and with the help of another man ran Jackson out of the house. Jackson who at the time was a bit intoxicated, returned with a gun. Mr. Sorrell was in the bathtub, but had a blackjack lying in view; the third man was armed with a butcher knife, Jackson related. "I naturally started shooting and I guess hit Sorrell about three times. Then I broke out of the house and left town for about a couple of weeks. The Judge told Jackson his method of collecting a debt of \$11.00 was wrong, and gave him a sentence of one year in prison.

## Farmer Dies at Wheel of Auto

Charles Bovard, fifty-three, Chapel farmer, died at the wheel of his auto on the cannonball highway, five miles northwest of Wichita, Kan., September 8th.

The coroner's office reported his death was due to heart disease. Bovard was driving home from the Ozarks with his wife and two children. The party had left Iola, Kans., Sunday morning. A few minutes after leaving Wichita Bovard said to his wife: "Turn off the switch." She did, Bovard applied the brake pedal and died.

## Farmer Found Dead In His Corn Field

Gabriel Dalton, 52, a farmer who lived nine miles south of Cranton, was found dead in his corn field September 9th. Mr. Dalton had driven the cattle out of the pasture about 9 o'clock and when he failed to return in time for dinner, Mrs. Dalton called the neighbors, and a search was started. He had been dead only a short time when found.

Mr. Dalton had lived in Dolphin township the past twenty-five years. Besides his widow, he leaves one daughter, also a brother, whom they have not been able to locate.

## Boy Accidentally Shot By Friend

Parnell Dovey, 12 years of age, son of Mr. and Mrs. Geo. O. Dovey, of Plattsmouth, was shot seriously wounded, September 10th, by a shotgun in the hands of a friend while out hunting. The gun was discharged accidentally.

## Low Corn Yield In Missouri and Kansas

An article in Lincoln State Journal indicates that Nebraska farmers may secure a good price for this year's corn crop. The writer says that "After two of the hardest crop months in a decade Missouri and Kansas face the prospects of the lowest corn yield in years. The Kansas crop is estimated at 47 per cent or 96,000,000 bushels.

The Missouri crop estimated at 55 percent. This is the lowest since 1918.

The prospect for the farmer who did raise corn this year are considered very good. Condition this year would be had in these states if it were not for the wheat crop and the favorable price of wheat.

## Now the Old Hen Wants Artificial Light

As "Uncle Si" says, "What is this old world coming to any how? Recent experiments indicate that it pays to lengthen the hens' working day during the fall and winter by artificial lighting. In an experiment at the Nebraska station, a flock of 90 hens artificially lighted from 5 o'clock in the morning until daylight laid about 850 more eggs than the corresponding unlighted flock. The additional eggs were worth 25 dollars.

When electricity is available, it is the best source of light. Lights should be turned on early in October or when the natural light becomes less than twelve hours. Morning lighting seems to give the best general satisfaction. It is easier to feed and care for hens by making them "get up" a little earlier in morning and keeping them up later at night.

## Luston Citizens Find Missing Man

James Gallagher, sixty-eight, a bachelor who disappeared on Tuesday night previous, was found Thursday night of last week near Grafton, by Herman Eichstead, Grafton mail carrier.

The finding of Gallagher ended a search in which more than one hundred residents of Luston, and blood hounds, had engaged all night. Gallagher was found wandering aimlessly on the road.

## Feldhacker Family is the Largest in State

The Edward Feldhacker family of Cedar county has the honor of being the largest family in Nebraska.

Mr. and Mrs. Feldhacker, who live in Beaver Creek community, have seventeen children, there being seven sons and ten daughters. The Charles Eckert family of Fremont, with sixteen children had previously been reported to be the largest family in the state, but the arrival of little Gilbert Feldhacker last March 13th gives the Cedar county family a winning margin of one.

All the children, three of whom are married, are living.

## Locke-Collins

Miss Lena Belle Locke of Stanton, former teacher of a rural school in this county, was married to Leo Collins of near Carroll, August 31, at St. Peter's Catholic church at Stanton.

## NOTICE OF HEARING

In the County Court of Wayne County, Nebraska.

In the matter of the Estate of Emil W. Splittgerber, deceased.

The State of Nebraska, Wayne County, ss.

To all persons interested in said Estate:

You, each and all, are hereby notified that Bernhard Splittgerber and Gustav Splittgerber have filed a petition in said court alleging that Emil W. Splittgerber departed this life intestate on or about the 25th day of August 1929, and praying that Hugo Splittgerber be appointed administrator of said Estate. Hearing will be had on said petition before me at the county court room in Wayne, Nebraska, on the 20th day of September, 1929 at 10 o'clock A. M.

(seal) J. M. CHERRY,  
S5-3t County Judge.

## NOTICE OF SETTLEMENT OF ACCOUNT

In the County Court of Wayne County, Nebraska.

State of Nebraska, Wayne County, ss.

To all persons interested in the estate of Leon W. Loomis, deceased:

On reading the petition of Lucy L. Loomis, executrix praying a final settlement and allowance of her account filed in this Court on the 4th day of September 1929, and for distribution of the residue of said estate.

(seal) J. M. CHERRY,  
S5-3t County Judge.

## Don't Make a Toy Out of Baby -Babies Have Nerves-

Much of the nervousness in older children can be traced to the overstimulation during infancy, caused by regarding baby as a sort of animated toy for the amusement of parents, relatives and friends. Baby may be played with, but not for more than a quarter of an hour to an hour daily. Beyond that, being handled, tickled, caused to laugh or even scream, will sometimes result in vomiting, and invariably causes irritability, crying or sleeplessness.

Fretfulness, crying and sleeplessness from this cause can easily be avoided by treating baby with more consideration, but when you just can't see what is making baby restless or upset, better give him a few drops of pure, harmless Castoria. It's amazing to see how quickly it calms baby's nerves and soothes him to sleep yet it contains no drugs or opiates. It is purely vegetable—the recipe is on the wrapper. Leading physicians prescribe it for colic, cholera, diarrhea, constipation, gas on stomach and bowels, feverishness, loss of sleep and all other "upsets" of babyhood. Over 25 million bottles used a year shows its overwhelming popularity.

With each bottle of Castoria, you get a book on Motherhood, worth its weight in gold. Look for Chas. H. Fischer's signature on the package so you'll get genuine Castoria. There are many imitations.

It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 20th day of September, 1929, at 10 o'clock A. M., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Nebraska Democrat, a weekly newspaper printed in said county, three successive weeks prior to said day of hearing.

(seal) J. M. CHERRY,  
S5-3t County Judge.

**You can prove these astonishing results with one tank full of RED CROWN ETHYL**

No knocking—no matter how much carbon is in your motor! Power your car has never developed before! You can prove these claims with your first tank full of Red Crown Ethyl. Made from Red Crown Gasoline (a high-power gasoline to start with)—plus the famous Ethyl compound. Fill up today and get a new thrill out of your motor.

### Giving satisfaction

Everything you ask for in quick-starting and mileage—balanced Red Crown Gasoline out-sells its nearest competitor three gallons to one. Always uniform and dependable.

STANDARD OIL COMPANY OF NEBRASKA  
"A Nebraska Institution"

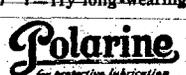

Sold by Red Crown Service Stations and Dealers everywhere in Nebraska

**RED CROWN Ethyl Gasoline**

Is your motor an "Oil-Eater"? Try long-wearing

Polarine that deposits a minimum of carbon. Consult the Chart for the correct grade of

**ASPIRIN**

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Bayer Aspirin. The name Bayer is on every tablet, and on the box. If it says Bayer, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Bayer Aspirin. So are colds and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Bayer—at any drugstore—with proven directions.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart

English is the trade mark of Bayer Manufacture of Monocrocinamide of Salicylic Acid

## "Thanks" Mr. Mosher Thats What They All Say

The following article which appeared in the Randolph Times-Enterprise, gives the outsiders view of the Wayne County Fair stock show.

H. A. Mosher, showing his Aristocrat herd of Chester Whites at the Wayne county fair this week, brought home a whole fistful of ribbons.

He showed both the Grand Champion boar and the Grand Champion Sow of the fair.

Mr. Mosher says he considers the Wayne county fair has the best stock show of any county fair in Nebraska.

Aside from his pair of grand champions, his swine took 1st on the Junior Yearling Boar; 1st on Aged Sow; 2nd on Junior Bear Pig; 3rd on Junior Boar Pig; 2nd on Junior Sow Pig; 4th on Junior Sow Pig; 2nd on Senior Boar Pig; 4th on Senior Boar Pig; 3rd on Get of Sire; and 3rd on Produce of Dam.

## Five Injured, Two May Die

Five young people were injured, two of whom are critically injured and not expected to recover, when something went wrong with the rear mechanism of their car six miles south of Crofton.

## Danger in Bells' Tolling

It often has been observed that the vibrations of a large bell ringing in a tower can be felt in the masonry near it, and serious accidents have been caused by such vibrations, according to Satis N. Coleman, author of "Bells." In 1810 the spire of a church in England fell while the bells were being rung for morning service and 23 persons were killed. In most church towers the bells are hung in a framework, which, as far as possible, is kept clear of the walls.—Detroit News.

## Speed of Fastest Birds

Swallows fly at the rate of more than 100 miles an hour and are among the world's fastest birds, says Popular Mechanics Magazine. The puma is reputed to be one of the swiftest wild animals and whippets hold most of the speed records among domesticated animals. Race horses often attain a speed of well over 1,000 yards a minute, while pigeons have been timed at speeds of nearly 2,800 yards a minute for short spurts.

## Cause of Delay

Mother had gone shopping. The first store she entered she fell down the stairs and the first aid doctor sent her to the hospital where she remained overnight.

The father, not wishing to excite the children when asked where mother was, said she had gone to the hair-dresser.

Next morning Rex, age six, said: "Hasn't mother got back yet? Gee, she must be getting a permanent!"

## Daily Thought

God is an infinite ocean of all good without any admixture of evil; an infinite treasure-house of all riches, without any fear of poverty; an infinite source of all joy, without any apprehension of grief; an infinite cause of all good, comprising all, absolutely all good things.—Father Angelo.

## Frank J. Young Resigns At Bank

Frank J. Young, Norfolk, a successful banker in Northeast Nebraska for the past twenty-seven years, and for the Norfolk National bank, is now treasurer of the Nebraska Fur Farms north of Madison.

Mr. Young resigned his bank post two weeks ago and commenced his new work at the farm this week. In this capacity he will have charge of all disbursements. Prior to coming to Norfolk, Mr. Young was identified with the Farmers National bank at Pilger. He is one of the early investors in the Nebraska Fur Farms.

Frank J. Young, who this week became treasurer of the Nebraska Fur Farms, Inc., resigned his position with the Norfolk National bank, because of his health. He has been with the institution for six years.—Norfolk News.

## Warning That Caused Lion's Loss of Appetite

At the conclusion of a banquet given in his honor on the occasion of a visit to Poland, says an article translated from L'Europe Nouvelle, of Paris, Gilbert K. Chesterton was called upon for a speech. "An early Christian martyr," said Chesterton, "stood in the arena awaiting the lions, and he prayed to his God to perform a miracle that would save his life. And God gave him a divine inspiration. The grating in front of the lion's den was raised and a great tawney beast appeared, sniffed the air, shook his mane, roared and bounded toward the waiting martyr. The Christian stood with folded arms and when the animal drew near was heard to mutter a few words. Immediately the lion recoiled and slunk back to the far end of the arena where he tranquilly lay down. Nero gave a brief order and the Christian was dragged in front of the imperial loge. 'What didst thou say?' asked the emperor. 'What magic hast thou used that the king of beasts hath refused to harm thee?' 'O Caesar,' replied the Christian, 'I said simply to the lion: "Have a care what thou doest, fool, for after thou hast eaten they will call upon thee to make a speech."'" Whereupon G. K. C., without another word, resumed his seat.

## Parrot Almost Human in Sense of Gratitude

Doubtless every one has cause to decry, at some time or other, the lack of gratitude shown by one person toward another who has done them a good turn, but surely there are few examples of ingratitude to equal one that occurred recently in Leicester-shire, England.

The case concerned a man and a parrot. The bird, for some reason or other, suddenly took a liking to the top of a three-story building, and having reached the roof suddenly changed its mind and desired to return to earth—but couldn't face the journey down.

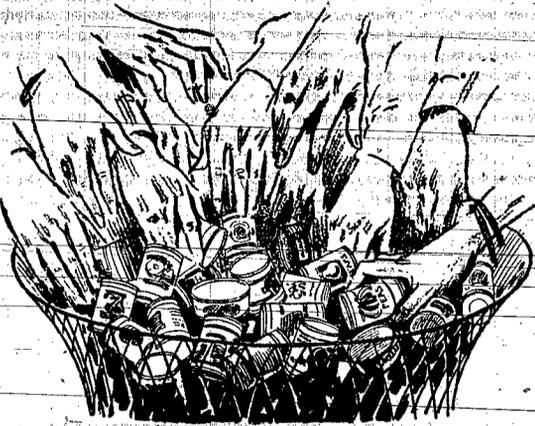

Along came a young man, saw the bird's plight, and was struck with pity, so much so that he risked his life by climbing up to the roof and bringing the bird to safety.

On reaching the ground, the parrot turned on its rescuer, and bit him severely for his trouble!

Thus is gratitude expressed by the parrot. Almost human!—Montreal Family Herald.

## Food Riot in New York

A FIVE and Ten Cent Food Store was recently opened in New York, and attracted 2500 customers the first day. By 2:30 P.M. its owner had to call a policeman to handle the crowd. The latter tried in turn to telephone for the reserves, but he had to give up the attempt because he found that he couldn't push his way through the crowd to the telephone. The owner had to keep the store open till two in the morning, and draft his wife, sister and father—all the available members of his family—to help him out.

## Small Cans Here to Stay

All of which goes to prove that the small can of processed food is here to stay. The new 8-ounce cans, of fruit, for instance, which

usually cost ten cents, are rapidly creating a cook book of their own. Special recipes have to be devised to use the exact amount of food in these cans, and make enough of each dish for from two to eight people. Here is a sample of such a recipe: **Pear and Roquefort Salad:** Drain and chill the contents of an 8-ounce can of pears, and arrange on leaves of romaine. Crumble Roquefort cheese coarsely and sprinkle in cavities of pears. Mix together and beat well two tablespoons oil, one-half teaspoon vinegar, one-eighth teaspoon salt, one-eighth teaspoon paprika, one-sixteenth teaspoon mustard, one-half teaspoon sugar, two tablespoons chili sauce and two tablespoons mayonnaise. Pour over the salad and decorate with strips of pimiento. Serves two.\*

## Stonehenge Mystery to Students of the Past

Ancient and mysterious Stonehenge is located some nine miles from Salisbury, and near the little town of Amesbury, in Wiltshire, England. This circular formation of stones encloses what is commonly called the Altar stone. What its origin or purpose is, its time or research has not revealed, but it is obviously connected with some form of observation of the sun, possibly sun worship. It is generally believed to have been erected some 4,000 years ago, possibly by the tribe from the Continent which brought the idea of cultivation of land to England in the Bronze age. To the east of the Stone circle is the Hele stone or Friar's heel, over which at dawn on June 21—namely, at the summer solstice—the sun rises when viewed from the Altar stone. Other pointed stones mark the rise of the sun at the winter solstice and sunset at midsummer. At few places in England can the thoughts run riot to such an extent as in this circle of immense stones standing in solitude overlooking Salisbury plain. Pictures of human sacrifice and heathen rites spring readily to the imagination.

## Baboon Formidable Foe When Incited to Fury

At night the South African baboon is a timorous creature, and as its sight in the dusk is far inferior to that of the leopard, the latter sometimes steals up to where the troop is sleeping, makes its pounce, and escapes with a shrieking victim. But the leopard does not invariably have the best of it. There are several well-authenticated instances of such a night marauder being surrounded and torn to pieces. Another enemy much dreaded by baboons inhabiting the warmer localities is the rock-python. But there are instances of even the python being destroyed by the combined fury of a troop. All snakes, whether poisonous or not, are equally feared by baboons. This is somewhat strange in view of the circumstances that the latter can at once distinguish between berries that are wholesome and those that are poisonous, even though they may never have seen them before. The hiss of a snake will reduce the most enraged baboon to a state of abject terror, and a dead snake placed in the vicinity of one will drive it almost distracted.

## "Spoiled" Child Handicapped

Many parents feel that the first few years of a child's life are an important twilight before the real dawn of personality and utterly ignore the importance of those early years for development, observes Clara Bassett in Hygeia Magazine.

Careful study of the spoiled child problem shows that such children do not outgrow their early habits, as parents often think they will. Many of them go through life with these attitudes and then develop mental and nervous breakdowns when they find they are not equipped to meet bravely the vicissitudes and responsibilities of adult existence.

## New Invention

A small boy had watched a telephone repairman climb a pole, connect a test set and try to obtain connection with the testboard. There was some trouble obtaining the connection. The youngster listened a few minutes and rushed into the house, exclaiming, "Mamma, come out here quick. There's a man up a telephone pole talking to heaven."

"What makes you think he is talking to heaven?"  
"Cause he hollered 'Hello! hello! hello! good lord, what's the matter up there; can't anyone hear?'"—Forbes Magazine.

## Scientists Listen to "Conversation" of Ants

Two scientists of the University of Pittsburgh recently perfected an apparatus for detecting the sounds of underground communication among ants.

A block of wood was placed upon the diaphragm of an ordinary telephone transmitter, which in turn was connected through batteries and amplifiers to a pair of earphones. When the termites crawled over the block of wood the transmitter was agitated, resulting in sound vibrations which were clearly heard by the listeners at the headset.

When the ants became excited over something or other their soldiers were found to hammer their heads vigorously on the wood. This action could be clearly seen and heard at the same time.

The investigators found that the ants could hear sound vibrations in the air very poorly or not at all, but were extremely sensitive to vibrations underground. For this reason it was thought that the head hammering was a method of communication.

Because of this sensitivity to sub-stratum vibrations ants are seldom found to infest the ties of railroads carrying heavy traffic, or buildings containing machinery. The vibrations mean danger to them just as if one of their own number was giving the alarm by banging his head on the ground.

## Phrase "Stone Age" Not Literal in Application

The Stone Age is a term commonly used to denote the earliest recognized stage in the development of human culture as defined by the materials used by man for weapons, utensils, etc. The phrase is somewhat misleading, since it is probable that primitive man made use of wood and other perishable materials to a far greater extent than of stone, and consequently the stage is defined by the prevailing material of the relics, not by that of actual implements in common use. The term "Stone age" represents in no sense a chronological division of human progress, but is a loose equivalent for a stage of cultural development varying widely in duration in different parts of the world. There are, e. g., tribes still in the Stone age, while, on the other hand, some groups had outgrown it before the dawn of history. It is also worth noting that some tribes commonly classed as belonging to the Stone age produced objects of a superior artistic and industrial merit to those who had advanced to the use of metals. The evidence for the existence of such an age in most parts of the world is conclusive, but it is from the prevalence and character of the relics in certain parts of Europe rather than in America that the idea and term have come into general use.

## A Mouse Farm

Have you ever heard of a mouse farm? There is one at Rayleigh, in Essex, England, where mice are reared just as cattle and sheep are in ordinary farms. There are 50,000 mice, and of nearly every color. Yet, although there are so many, Mr. Tuck, the farmer, can put his hands on any one of them at a moment's notice. About three hundred young ones are born every day, and it takes five hours to feed them all. They are sold to colleges and hospitals for experiments.

It's not so much the power or the speed of the modern car that causes us trouble, but the nut behind the wheel.

## Corn Is Damaged By Wild Ducks

The title to wild game is vested in the state and it is making a profit out of the sale of game licenses, is the contention of Walter E. Kent of Alliance, plaintiff in the famous suit to recover \$7,200 from the state of Nebraska for damages done by wild ducks to his corn crop. Mr. Kent was a member of the legislature in 1911. He has a ranch bordering on Long lake in Sheridan county. Mr. Kent lost his suit, the district court dismissed it on demurrer and the supreme court having affirmed that judgment.

"My suit seemed to amuse some people" said Mr. Kent, "but to one who has corn or small grain near a lake it is not so funny."

The suit or something seems to have scared the ducks away for they have been rather scarce the past year or two.

## With Interest

Two women of uncertain age, who had long been rivals in love, quarreled over a trifling gift which the object of their adoration had indiscreetly bestowed on one of them.

"He intended those flowers for me," the elder woman said to the lucky recipient. "You waylaid him on the way to my house, and shamelessly robbed me of his offering. Your guilty face tells tales."

The other shrugged her shoulders as she answered, sweetly:

"Oh, well, my dear, have it your own way. At any rate, no one will ever accuse you of having a telltale face. It's so difficult to read between the lines!"

## Plants That Glow

Luminous plants have been a source of strange legends in India and Afghanistan. There is a mountain called Sufed Koll in Afghanistan on which the natives believe that gold and silver exist. In springtime the slopes are covered with bushes which at night, from a distance, seem to be on fire, yet when you are close to them there is no sign of flame.

The natives of Simla say that at night the mountains are illuminated by some magical herb, and this is believed to be a species of dictamnus, which grows plentifully there.

## Shocked

At an Uplifters club luncheon some one happened to remark that polo had come to us from France and not from England via India. The informant declared that mention of it had been made by several noted French writers. Evidently in the hope of verifying her statement she turned to a young lady who at that moment joined the party and asked:

"Are you familiar with Victor Hugo?"

"I am never familiar with any man," replied the newcomer with dignity.—Los Angeles Times.

## Much Lead Reclaimed

It begins to appear almost as if industry can use its lead and have it at the same time. Reclamation of waste lead, through the recovery of old lead pipe, battery plates, lead lining of acid vats and other such sources, has increased year by year, until, during 1927, according to bureau of mines figures, the total weight of the recovered metal, which can be reprocessed and used as new, was 41 per cent of the production of new metal for the year, which seems to be eliminating waste with a vengeance.

## Invented Device For Loading Of Manure

New Machine Attached to Farmall Tractor Is Great Labor Saver or Idea of Local Man.

Ray Grant of this city has recently perfected and applied for patents on a machine for loading manure. The machine is attached to a Farmall tractor, is easy to take off and put on and looks as though it was a real labor saver on many farms. With the attachment the manure is scooped up in a large bucket elevated to the height of a wagon or spreader and dropped into the body of the same. It is all done in a very simple manner and Mr. Grant has shown a great deal of ability in building the attachment. For cleaning up feed lots, etc., it would certainly be a very handy machine to have around and would reduce the time and hard work to the minimum. As stated he has applied for patents and will proceed to put the machine on the market as soon as possible.—Laurel Advocate.

## Six Cars Wrecked On Lincoln Highway

As a result of crowding each other when three cars sought to pass abreast on the Lincoln highway eight miles west of Grand Island six cars were diled up. Two of them were a total wreck and the others were badly damaged. Mrs. R. W. Still of Wood River was seriously injured while the other participants escaped with minor bruises.

## Echo Measures Distance

By means of a new device to be installed upon airplanes, the aviator will be enabled to judge the distance to the ground very accurately. This device makes use of the echo of the exhaust explosions from the engine and even though the earth may be obscured by a thick fog the echo of the explosions, reflected from the surface of the ground, will tell the aviator his exact height. This apparatus is of immense value when the view of the earth is cut off and it is said to be very accurate even when quite close to the ground.

## So Simple

Mrs. Suburbs, who was absorbed in a romance of the Seventeenth century, suddenly looked up at her husband.

"George," she remarked, "listen to this: 'By my halldom,' exclaimed Sir Percival, 'it is past the hour of 12!'"

Now, what is a halldom, George?"  
"What do you suppose it is?" he responded. "Doesn't the context tell you? Sir What's-his-name said it was past 12 by his halldom, didn't he? Well, I should have thought anybody could have seen that halldom was the make of his watch."

## Sight Influences Handwriting

If the average handwriting of a person with normal vision is taken as a standard, that of the individual suffering from nearsightedness will be found to be much smaller and that of the farsighted individual much larger.

The nearsighted person does not realize that his writing is small, for he sees it enlarged, and the farsighted person does not know that he writes large, for his eyes reduce the image for him.

## Throwing Light on Tomatoes

WHO ever would have suspected that tomatoes are not red? It all depends upon the light in which you look at them, according to John H. McGilivray of the Purdue University Agricultural Experiment Station, Lafayette, Ind. What we consider as white or light light, he writes in a recent issue of "The Canner," is in reality composed of many different colors. A tomato has no way of creating color, but it merely exerts a selective action on light.

## A Different Light

A ripe tomato is red in white light, but different colored light may greatly affect the color. A red light will make it appear a brilliant red, likewise yellow light, and almost black or gray in all the other colors. Another light is thrown on tomatoes

in an editorial in the Standard-Examiner of Ogden, Utah. It tells of a full page advertisement in the Journal of the American Medical Association setting forth that an enterprising mid-western canner is packing strained tomato in convenient tins for use in child feeding, and asks why the excellent qualities of the tomato for this purpose, which have long been recognized, have never been advertised in the way orange growers, for instance, set forth the peculiar merits of their product.

No less an authority than Dr. E. V. McCollum of Johns Hopkins University is authority for the statement that there is no preference between orange and tomato juice for infants and that you can safely choose the one which you can get most conveniently.

## Iodine For Everyone

GOITER, that dread and disgusting disease is diminishing in this country because it was generally due to a lack of iodine in the diet, and now iodine is available to everyone. It is told that in former years every white baby born in Pemberton Valley in British Columbia had a goiter, yet in a village of Indians in this valley there was never a case of it. A scientist who sought long for the cause finally said:

"Whilst considering the lack of goiter among these Indians I would like to draw attention to the fact that they eat a great deal of salmon—and annually cure thousands for winter use. It is quite probable that they get enough iodine from the salmon to give their thyroids the necessary quantum of this element." The millions of cans of salmon and other fish now sold in this coun-

try are doing much to save it from this scourge, but how did our Indian aborigines who lived inland escape it?

## Canned in Conch Shells

A thousand years ago the Scheyebians canned fish in conch shells. Beauchamp Plantagenet, early navigator, writing in 1648, tells of the then centuries old custom of this ancient American tribe to trek each year in early June to the beaches of Cape May and Cold Spring Harbor. There the braves enjoyed a summer of hunting and fishing while the squaws gathered shell-fish, smoked them at great circular fires and packed them in the conch shells. And not a papoose probably ever had goiter, though, equally probably, they never knew why.\*

# SOCIETY and Club

## American Legion Auxiliary.

The American Legion Auxiliary met with Mrs. J. G. Mines Tuesday with Mrs. H. F. Wilson and Mrs. Woodward Jones as assisting hostesses. There were about twenty-five members present. Mrs. Harry McMillan gave a very interesting report of the state convention held at Hastings the last of August. About November 20th the auxiliary will sponsor a play, "Corporal Bagan," which has been presented at several places with great success. Notice received from headquarters states that election of officers will be held earlier this year, and the Wayne auxiliary will hold their election at their next meeting. The hostesses served light refreshments.

## Minerva Club.

The Minerva club opens next Monday, September 23, with a 9 o'clock breakfast at the home of the new president, Mrs. Lambert Roe. There will be a social hour, and the topic for general discussion will be, "After Thoughts of Summer."

The program committee, consisting of Mrs. Roe, president, and Mesdames C. W. Brown and A. F. Gulliver, have arranged a splendid miscellaneous program for the year dealing with music, art, science, literature, etc.

Aside from the president, the new officers are: Mrs. R. R. Smith, vice president; Mrs. Charles E. Wilson, secretary; Mrs. A. F. Gulliver, treasurer; and Mrs. S. A. Lutgen, reporter.

## Country Club.

Fifty women and eight children were present at the Country club social Tuesday afternoon. The committee for the day were: Mrs. C. H. Hendrickson, chairman, and Mesdames T. T. Jones, A. T. Cavanaugh, L. W. Jamieson, Carl Nuss, J. S. Horney, W. H. Neely.

The next social will be held next week Tuesday at the Country club with the following committee in charge: Mrs. H. S. Ringland, chairman, and Mesdames J. W. Jones, Mary Mason, E. J. Huntmer, H. W. Theobald, and W. B. Vail.

## Presbyterian Missionary Society

The Presbyterian Missionary society will meet Thursday, September 26, at the church, the meeting having been postponed two weeks. The hostesses are: Mrs. C. A. Chace, Mrs. C. T. Herndon, and Mrs. Ralph Crockett. Mrs. Penton Jones has charge of the lesson, of which the topic is, "The Call to Spiritual Advance." Mrs. J. H. Kemp has the devotionals.

This will be an important meeting, and all members are urged to be present.

## Delphians

The Fontenelle Delphian chapter meets September 20 at the City hall. The lesson will be, "The Nineteenth Century in America." Mrs. Fred Blair is the leader. The text reports will be given as follows: The First Twenty Years of the Republic, Mrs. Hahn; From Jefferson to Jackson, Mrs. C. Craven; Fruits of War, Mrs. Casper; The First Century of America, Miss Dayton.

## Country Club Party.

The first of a series of three card parties will be given at the Country club tonight, September 19. The following committee will have charge: Mr. and Mrs. Robert W. Casper, chairman; and Mr. and Mrs. C. A. Chace, Mrs. Nettie Call, Dr. and Mrs. S. A. Lutgen, Mr. and Mrs. Don Larson, Mr. and Mrs. W. R. Ellis, and Mr. and Mrs. C. R. China.

## St. Paul Lutheran Aid

The St. Paul Lutheran Aid meets today (Thursday) at the church with Mrs. R. C. Hahlbeck and Mrs. Jake Johnson as hostesses. A 100 per cent attendance of the officers is urged. The aid made a success of its work at the fair, and wishes to thank those who worked and responded so splendidly.

## Young People's Bible Class.

The Union Gospel Team from Minneapolis will be present at the next meeting of the class, September 20. Miss Helen Forsberg returned missionary from Africa, will also be there. All students and young people are especially invited. Everyone welcome.

## W. C. T. U.

Members of the Wayne county W. C. T. U. are invited to Allen to be guests of the Dixon county union in an

all day convention Friday, September 20. A number of delegates from Wayne and Carroll will respond to the invitation but it is not yet definitely known who the delegates will be.

## Women's Bible Class.

The Women's Bible class met Tuesday afternoon with Mrs. L. W. Kravill. Mrs. Charles Simpson was the leader. The class meets next week with Mrs. Dora Benschopf, and with Mrs. Charles Simpson as leader.

## Rebekah Lodge.

The Rebekah lodge held a regular business meeting at the I. O. O. F. hall last Friday evening. The next meeting will be Friday evening, Sept. 27.

## The D. A. B.

The D. A. B. will meet at 3 o'clock Saturday afternoon, September 21, at the home of Mrs. C. A. Orr. Mrs. H. J. Feiber will be assistant hostess.

## Baptist Union and Missionary

The Baptist Union and the Baptist Missionary society will meet together today (Thursday) with Mrs. A. C. Norton.

## Presbyterian Aid.

The regular meeting of the Presbyterian aid was held Wednesday, Sept. 18, at the Presbyterian church.

## Rural Homes.

The Rural Homes club meets today (Thursday) with Mrs. Lawrence Ring.

## B. C. Club

The B. C. club will meet Friday, Sept. 20, with Mrs. Harry Baird.

# Concord News

Oscar Nelson purchased a new Chevrolet coupe last week. Mrs. Albert Nygren and Mrs. John Nygren were Thursday callers at the Raymond Erickson home.

Mr. and Mrs. Peter Johnson from Fremont have been visiting in the N. O. Anderson home the past week, the latter is a sister of Mr. Anderson.

Mrs. Ernest Hanson returned home Wednesday from Council Bluffs where she had undergone a major operation. She is improving nicely.

Andy Anderson came from Fremont to the N. O. Anderson home Wednesday. He left Monday for Fremont and Omaha where he will remain a while this fall.

Miss Gladys Nelson has been spending the evenings at the Albert Lehman home this past week while Mr. Lehman has been gone to Fallon, Montana on business.

Mr. and Mrs. Nels O. Anderson of near Concord and Mr. and Mrs. Peter Johnson from Fremont were dinner guests in the Raymond Erickson home Friday, and afternoon callers in the Gust Hanson home.

Eric Nelson is spending a few days at his brother, Carl Nelson's of Carroll.

Fred Anderson spent last week at Ponce with relatives and friends.

Mrs. Victor Forsberg of near Laurel passed away at her home Thursday evening, following a short illness. Funeral services were held Saturday in the Methodist church, and interment was made in the Laurel cemetery.

Several from the Concord vicinity attended the Wayne county fair last week.

Miss Bertha Nelson is assisting with the work in the Henry Schroeder home.

Mr. and Mrs. Olaf Nelson and daughter, Clara, were Friday evening visitors in the N. O. Anderson home.

Miss Fern Erwin, who goes to school in Allen, spent the week-end at her home here.

Mr. and Mrs. Harry Postlewait entertained the John Erwin family at dinner Sunday.

Emil Anderson was a dinner guest in the Raymond Erickson home Sunday.

Mrs. N. O. Servene was a visitor of Mrs. Gust Hanson Tuesday afternoon last week.

Mr. and Mrs. N. O. Anderson entertained the following Sunday: Mr. and Mrs. Russell Johnson and family from Winside, Mr. and Mrs. Raymond Erickson and twin boys, Mr. and Mrs. Cereon Alvin of near Wayne, Mr. Joseph Knitbs from Bloomfield,

Baker and family, Mr. and Mrs. Herman Baker and family, Mr. and Mrs. Henry Baker and family, Mr. and Mrs. George Geese and family, Mr. and Mrs. Peter Nelson and family, Mr. and Mrs. Fred Thompson and son, Mr. and Mrs. John Geewe and son, Mr. and Mrs. Raymond Baker, Richard Oelklaus, Ed Kurrelmeyer, Mrs. Mary Doring, Irma and Irve Doring. Visiting and cards.

Mr. and Mrs. Kasper Korn and Emma spent Sunday at Wakefield attending the 400 anniversary of the Lutheran catechism. Nine congregations joined in the services. Picnic dinner was enjoyed at the park.

Frank Erleben is grading the Malmberg hill down and filling up the low places just east of it. That will make a great improvement in the road there. The culvert at the foot of the hill has been so narrow as to make travel difficult in a slippery time and the fill has been one of the

worst in the county for holding snow. This road has been graded this summer and we hope to have more comfort in travelling this winter.

Mrs. Carl Baker of Martinsburg, formerly of the La Porte vicinity has just returned from a Sioux City hospital where she underwent a serious operation a few weeks ago. She is doing as well as can be expected.

# Immigration Swindle Scheme Is Claimed

Omaha Police have been instructed to locate Loc Reni, well-dressed and well-educated, who is charged with having duped a number of Omaha Italians out of various amounts during the past nine months on pretense of being able to smuggle their relatives into this country in violation of immigration laws.

# Woman Struck by Plane Propeller

Mrs. L. R. Braden, among several other spectators on the aviation field at York, ran out onto the field to seek shelter beneath the large wings of the planes from a shower of rain. She stepped in the path of an incoming plane from a shower of rain. She stepped in the path of an incoming plane as it turned to take its place at the end of the field.

# Resident Here Many Years Is Quite Ill

Mr. Henry Westerhouse, for several years a resident of Wayne, and a pioneer of Wayne county, has been seriously ill the past two weeks or more. The real nature of his illness is not definitely known, but he was reported somewhat improved yesterday morning.

# Truck Driver Believed Victim of Foul Play

Search has been instituted for Charles Roberts, 31, Omaha, who is believed to be a victim of foul play. Roberts is a truck driver and his truck was found abandoned, with motor running, several block from Missouri river. His billfold, empty, was found in the bottom of the truck.

**Arabian Colts**  
Special Entry: Willis Noakes.

**Colt Product of 1 Mare**  
Howard Buckenham.

**Races**  
The races for Wednesday, opening day, were: Three legged race, Linn and Nubbins first, Bornhart and Van Allen second, Morgan and Swanson third. In the girls foot race, Lucille Riess was first, Ruth May Rhodes was second and Fern Vanarsdale was third.

In the Turnstake race, Harold Juhlin won first place, Everett Hiskera was second and Elmer Wilmuth was third.

In the free for all running race, James Trautwein, was first, Raymond Wiley was second and Roy Stamm was third. In the Shetland pony race, Irvin Anderson nosed in for first position, Ralph Rinn was a close second and Wayne Barnhoff was third.

In the Bicycle race, Walter Jensen, led, Buck Robinson second, and Bud Barnhoff third. In the Potato race, R. Van Allen, was first, Irvin Anderson second, and Vincent Swanson third.

In the slow mule race, Kenneth Eddy was first, Robert Eddy second, and Robert Eddy third with 2 mules.

**Thursday Races**  
In the one-half mile running race, C. E. Clark was first, Frank Rice second, and E. L. Wilmeyer third.

In the harness race, O. E. Beith won first by a good lead, while W. Ring was second and Pete Peterson came in third.

In the turnstake horse race, Everett Heikes was first while E. L. Wilmeyer was a close second and Harold Juhlin was third. In the relay horse race E. L. Wilmeyer came in first by a good lead while Iven Anderson was second and Evert Heikes was third.

In the saddle horse race Iven Anderson was first, Chas. Schwehart was second and Allen Stamm was third.

One of the leading attractions Thursday afternoon was the tire pumping race, in which three tires were placed on the judges stand with pumps attached. There were three men and three women entered the race in pairs, starting with the men and alternating with the women after each ten strokes with the pump until finally after strenuous effort and when they were all about ready to throw in the white flag, one tire blew up, apparently unexpectedly while no one was operating the pump. This brot forth from sympathizing friends in the grandstand a round of cheering. Before this had quieted down the second tire blew up while no one was operating the pump, this brought forth a frantic round of cheering such as was never heard before or afterward on the

grounds.

The first prize of five dollars was won by Fred Ellis and Mrs. Floyd Conger.

The second prize, a season ticket was won by Don Cunningham and Mrs. Guy Strickland.

**Fridays Races**  
The first race Friday was the 1 1/2 mile relay race, Iver Anderson, won first by a nice margin, E. L. Wilmeyer was second and Evert Heikes was third.

In the 1/2 mile dash, for county horses only, Iver Anderson led the procession again, while E. L. Wilmeyer took second again and another horse of Wilmeyers was third.

In the one-half mile dash free-for-all C. E. Clark, nosed in first, E. L. Wilmeyer, was second and Frank Rice, was third.

In the free-for-all harness race, O. Beith, was first while W. Ring was a close second and P. Peterson was third.

**Saturdays Races**  
The first race Saturday afternoon was the Shetland pony race, in which Irvin Anderson won the first by a good lead, Borice Nelson was second and Ralph Ring was third.

Preceding the races Saturday there was a parade in front of the grandstand, of horses, and Shetland ponies. This was followed by machinery, automobiles and trucks, next the 4-H clubs parade of Baby Beefs, which is the largest and best display of Baby Beef exhibited at any county fair in the state and reported to be the largest exhibit that will appear at the big Show at Sioux City this week.

**Fast Mule Race**  
The most thrilling race of Saturday afternoon was the fast mule race, in which twelve mules participated. Anyone knowing the disposition of a mule will realize that there is always considerable doubt whether Mr. Mule chooses to run, and again, where he may choose to run. Some left the track at the first gate, some at the second, some went over the right fence, some over the left.

The last mule to start made a mad rush for the first grade, however his rider seemed to be his master, and after considerable argument, Mr. Mule was persuaded to re-enter the race on the assurance that he could yet win, and he did, then he decided to stop immediately thereafter, he did and in doing so almost upset his rider.

It has been truthfully said "what adds the thrill to a mule race is the fact that the unexpected always happens." E. L. Anderson, won first by a nice margin, Kenneth Eddy was second and Joe Pinkleman was third.

In the saddle horse race, Iven Anderson was first, another horse of Anderson ridden by another rider was second and C. L. Wilmeyer was third.

In the half mile dash which was the benefit race given free in behalf of Granquist the rider who was injured Friday, the riders were instructed before starting to put their horses out, push them to the limit. They did. E. L. Wilmeyer's horse was first, C. E. Clark was second, while another of Wilmeyer's horses was third. This was the last race of the fair.

# Federal Farm Board Investigates Storage

Senator Nye, of North Dakota, stated a few days ago that an immediate investigation of the availability of wheat storage places in the northwest had been assured him by Chairman Leggee of the federal board. At the same time the disparity between Canadian wheat prices and the prices of wheat in the northwestern states will be given consideration.

**A STEP AHEAD**  
The telephone industry must always be a step ahead of our civilization. Fulfilling the needs of the present, it must be ready and prepared to meet the still greater demands of the future.

In all phases of modern life, whether in closing a gigantic business deal, or in ordering a pound of meat from the butcher, the telephone performs a necessary service. It has been a major factor in adding to the comfort and prosperity of the nation, and in assisting our domestic and industrial development.

To have what we want is riches, but to be able to do without it is power.—George McDonald.

Character is what you are; reputation is what folks think you are.

When a man acquires riches, God gets a partner or the man loses his soul.

Ignorance makes us say many things, experience later makes us take back.

The world has no fountains at which the church of God needs to stake its thirst.

Never repeat what you don't want folks to remember.
