## FOOTBALL SEASON PROSPECTS BRIGHT FOR COLLEGE

### Captain McKinley, Stellar Wildcat Center to Lead Wayne Against Yankton.

### WILL GO TO YANKTON OCTOBER 4

Coach Ray Hickman's Wayne Wildcats will journey to Yankton on Friday to meet the strong Yankton college team. Yankton is reputed to have another strong team headed again by famous Joe Mendel. Mendel is the man who defeated Wayne last year in that hectic game. Joe circled end for 60 yards and a touchdown. Two minutes later he overtook Jack Ray on the 10 yard line after a 74 yard run.

It is the belief of the experts that the Wayne morale was snapped by this loss to Yankton. Wayne it will be remembered twice crossed the Yankton goal line only to be kicked back for offside. Hence the Wildcats are doubly anxious to polish off Yankton in fine style.

Captain John McKinley is at center for Wayne. Mac tips the bean at 180 and its all bad medicine for the opposing team. Flanking him will be the veteran guards Felix and George Cornish. These two men weigh 185 per each and have two years of experience behind them.

At tackles will be giant Dodge and his comate Hasen. These two huskies scale 200 and 195 respectively. On the ends will be "Big Moose" Schwartz and steady "Ike" Jensen. Schwartz weighs 210 and is in fine defensive end. He is also an excellent pass receiver. Jensen is a deadly tackler and boasts that no man has circled his particular end.

Despite the fact that Jensen weighs only 176, Wayne will have a line as heavy as any team line they will meet with the possible exception of Omaha. The fact that every man is a letter-man doubles their possibilities.

Dwight Farrow leads the backfield. Dwight is by far the best defensive fullback that Wayne has ever had. He has ripped the freshmen line to pieces in every scrimmage this year with his plunges.

Dennis and Wadden will get the call at the half-back posts and Anderson will call signals. "Andy" is playing his third year at quarter. This year he looks better than ever.

The whole Wayne team seems on edge for the coming game. Practice is full of pep. Plays are executed with a snap, that has certainly been missing on the hill before.

### Schedule for Season

Nov. 8—Midland at Wayne.  
Nov. 15—York at York.  
Nov. 23—Chadron at Wayne.

## Driver In Accident Not Drunk—Shell Shocked

The driver of the car that bumped several autos on main street last Sunday "was not drunk," as was at first thought.

The car was driven by an ex-soldier who was suffering from shell shock, which he received in the world war, from which it was thought he had fully recovered under recent treatment he had received.

The return of the nervousness was caused, so we are informed, by an auto accident on the Wakefield road earlier Sunday afternoon in which his car was damaged and at the time of the accident on Main street he was driving his car to the Central garage for repairs.

The local police arrested the driver thinking from his actions that he was intoxicated. He was taken to the police station and upon examination it was found that he was not drunk but suffering from shell shock. As soon as he recovered sufficiently he was taken home.

## Wayne-Wakefield Highway Contract Let

The Yant Construction Company was awarded the contract Thursday of last week to gravel eight miles of highway between Wayne and Wakefield at a cost of \$18,455. The work is to be done in Wayne and Dixon counties.

## Young Couple Married In Omaha Wednesday

Miss Mae Ellenburg south of Wayne and Mr. Reuben Goldberg of south of Concord were married Wednesday, Oct. 2nd, in Omaha. After the ceremony the young couple went to Kansas to spend a few days visiting relatives at various points of the state.

The bride is a graduate of the Wayne High school and a former student of the Wayne State Teachers college. For the past two years she has been teaching a rural school. She is a daughter of Joe Ellenburg of Kansas. The bridegroom is the eldest son of Mr. and Mrs. S. L. Goldberg of Concord, Nebraska. He is an efficient farmer, and has resided on the Goldberg farm since his parents retired a few years ago.

Both the bride and the bridegroom are well known and highly favored in the community, and their friends extend to them their heartiest congratulations. They will make their home on the Goldberg farm northeast of Wayne.

## WAYNE BAND GOES TO DIAMOND JUBILEE

### Needed Funds Have Been Raised. Permission Obtained for Leave of Absence From Schools.

Wayne Legion Municipal Band will go to Nebraska's Diamond Jubilee, which is to be held at Omaha, at least this has been made possible by raising of the funds required to make the trip and by the fine cooperation given by the principals of our schools in granting leave of absence for students who are members of the band that they may attend the Jubilee.

We are informed that the band boys are rejoicing over their victory and I am sure they appreciate the support given them by the business men of Wayne in the matter of supplying the needed finances and we feel sure they will bring home new honors, thereby advertising Wayne to the World.

Professor Reed and others are busy arranging the details of the trip.

## Miss Felber Speaks at Kiwanis Luncheon

### Kiwanians Big Party at Gay Theatre Wednesday Night October 2.

Miss Dorothy Felber, language teacher in our city school gave a very interesting talk at the Kiwanis luncheon last Monday noon on her travels in Europe. She referred to incidents of the trip that impressed her of telling of places visited. This made her address unusually interesting.

T. S. Hook, and William Beckenbauer have been selected as delegates to the district convention at Omaha October 10th and 11th, several other local Kiwanians expect to attend.

The Kiwanians are expecting a hundred percent of their membership to turn out Wednesday night Oct. 2 for the big party at the Gay Theatre.

Norfolk Kiwanians have accepted the invitation of Wayne Kiwanis to be guests Monday evening, October 14, at which time the local Kiwanis will give a big party.

## Four Bandits Rob Seward National Bank

### Escape With \$2,500 Cash and Bonds Of Undetermined Amount. Car Headed East.

Four Unmasked bandits entered the First National Bank of Seward shortly after it opened yesterday (Wednesday) morning and ordered J. L. Carter, cashier; Arthur Trute, assistant cashier, and Julia Berry and Matilda Ahlschwede, bookkeepers, to lie on the floor.

The robbers then made a systematic search of the tellers cages, scooping up \$2,500 in cash, all the money in sight, then obtained an undetermined amount of bonds from the vault, which was opened.

The men went leisurely about the robbery and after completing their job strolled out the front door, got into a maroon colored car, drove east from town.

State Sheriff W. C. Condit, at Lincoln, which is twenty-five miles east of Seward was notified. The robbers' car was last seen Wednesday afternoon, west of Beaver Crossing.

## Northwestern Passenger Train Engineer After 40 Years of Service Passes Away

### Walter H. Gale, Engineer on the Northwestern Passenger Train Passes Away Friday.

### WAS FORMER RESIDENT HERE

Walter Herbert Gale, engineer on the Northwestern passenger train between Sioux City and Norfolk, passed away about 2 o'clock Friday morning. He had not been seriously ill, and his death came as a shock to his family and friends.

Mr. Gale drove the 11 o'clock passenger to Norfolk Thursday morning. The following night he suffered a paralytic stroke and died early the next morning, after forty years of faithful service as an engineer.

About twenty years ago, Mr. Gale and his family lived in Wayne, residing in what is now the W. A. Hgnter residence at 114 S. Douglas street, three blocks west and a little south of the depot. At that time there was a roundhouse in Wayne. This, however, burned down, and Mr. Gale, who worked there part of the time, moved away. Since then he has continued to make regular passenger runs between Sioux City and Norfolk, never forgetting to wave at his friends and former neighbors as his train steamed by near his old home.

Mr. Gale was 67 years of age, and a man of sterling character with a kindly, winning personality. He will be keenly missed by his wife and children—who survive him, and by his many friends here who are so used to seeing him as his train pulled through town each day.

## Wayne High School Hartington Game Tied

### With a Score of 12 and 12. Boys Sure of Victory Tomorrow Over Randolph.

The high school boys battled Hartington to a tie last Friday. Several of our boys were new in the game. This was Bressler's first game on the right end and Hartington made several runs on him, he tightened up later and as he got more familiar with his new position he made good.

Perry, the quarterback, who is also acting captain, became somewhat confused at first in calling plays, but later as he became more accustomed to his new duty as captain he played a fine game.

The first quarter was a punting game, with neither side being able to gain a point.

In the second quarter Hartington made their two touchdowns. In the last quarter the local boys rallied and made two touchdowns tying the score 12 and 12 and were going good when the whistle blew.

The following was the lineup in last Friday's game and with few possible changes will be the lineup for tomorrow (Friday) when they meet the Randolph team on the local grounds. H. Perry, quarterback, Captain; Max Hendrickson (R), half back; W. Lund, (L) half back; D. Hughes, full back; I. Morris, center; C. Ingham, right guard; W. Thompson, or W. Porterfield, (L) guard; P. Rhodes, or B. Fisher, (R) tackle; C. Perry, (L) tackle; W. Bressler, (R) end; E. Dennis, (L) end.

The game to be played tomorrow (Friday) at Wayne, with Randolph is to be a free game, no admission being charged. The largest crowd of the season is expected, as the local team are in good condition and the boys are getting more accustomed to their new positions. You should go and see Wayne win.

## Citizens National Bank Makes Final Payment

The final dividend of 9.3 percent is being paid to depositors in the closed Citizens National Bank of Wayne.

Previous dividends amounting to 80 percent have been paid. Mr. Conklin and a couple of assistants were at the Citizens National Bank building Friday and Saturday of last week and Monday of this week to pay the dividend to depositors who called.

Those who failed to call on the above dates will be notified to call at the Coleridge First National Bank to collect their dividends.

## RESIDENT WAYNE CO. PASSES AWAY

### Mrs. Anna Ahern, Resident of Wayne Co. Past Three Years, Passes After Lingerling Illness.

Mrs. Anna Ahern passed away at the home of her daughter Mrs. George Martina last Friday morning at three o'clock, after a lingering illness. Had she lived until October 30, she would have been 75 years old.

Mrs. Ahern was born in Holstein, Germany in 1854, but did not come to America until seventeen years ago. She and her husband then lived in the vicinities of Hooper and Scribner until Mr. Ahern's death in 1917, after which time Mrs. Ahern remained for a few years in the same vicinity. Mrs. Ahern has lived with Mrs. Martins seven miles west of Wayne the past three years.

There are thirteen children in the Ahern family, by eleven of whom Mrs. Ahern is survived.

Funeral services took place at 11:30 o'clock Monday noon at the Beckenhauer funeral parlors. The body was taken to Hooper for burial, Rev. Rohde of Hopper officiating.

## Wakefield Reorganizes Chamber Of Commerce

We notice from our exchanges that Wakefield has recently reorganized their Chamber of Commerce. This fact has received liberal comment from business men of neighboring towns, the general opinion being that the time has arrived when every town worthy of a name needs a Chamber of the lesson study, beginning a series of other club affiliations, can meet and talk over towns needs and aspirations.

Wakefield needs a Chamber of Commerce, and this is casting no reflection on the Kiwanis for they are doing good work, yet we need to revive the chamber of commerce and it should have the undivided support of every business man of our town.

There is only one reason for the demise of our chamber of commerce, "I would venture to say," and being a new comer in your city I can say it without prejudice. That is the shunning of responsibility by its members, casting the full responsibility upon the shoulders of a few. The only business organization of any kind (and the Chamber of Commerce is a business organization) that will ever succeed will and must have the full support of every member of the organization, each member must be willing to accept his share of responsibility and do even more than his share of work. When this is done the chamber of Commerce is a great asset to a town.

## C. Clasen, Contractor, Will Open Office Here

C. Clasen, who was engaged in the building and contracting business in Wayne for a number of years, but but recently has been engaged in the contracting business in the east has returned to Wayne and will open an office and reenter the contracting business in the local field.

Mr. Clasen has been suffering with inflammatory rheumatism for some time and his physician advised him to return to a dry climate.

## State Legionaires to Set New Record

On to Louisville! 300 strong, according to latest reports received, volunteers are anxiously waiting the command to march.

Nebraska has the largest attendance at the American Legion national convention that is being held at Louisville, Ky. they have ever recorded at a national gathering of the organization, and the wives of the legionaires remembering that Kentucky is noted for its "Pretty women, fine horses and good whiskey," are not taking any chances, they are going too.

In the annual parade which was held last Tuesday at Louisville, Nebraska was represented by a typical prairie schooner, and two packs of hound dogs.

J. C. Johnson and wife, who are taking a trip through the south and eastern states were at Louisville for the convention, he being the only representative to attend from the local camp.

## COLLEGE HIGH DEFEATS LAUREL

### To the Tune of 19 to 0 Laurel Failed In Every Attempt to Break Through.

Coach Fred Schneider and his Wayne Bulldogs journeyed last Friday to Laurel and decisively defeated the Laurel Seconds. The score was 19 to 0 but would have been greater had the Bulldog backs retained a firm grip on the ball. Fumbles on the four yard-line lost at least one touchdown in the first half. Laurel failed to push the ball past the 40 yd. marker at any time in the game.

Wayne kicked to Laurel. Laurel attempted to crack the Wayne line but failed and then punted. Wayne took the ball in midfield and marched straight for a touchdown. Theobald finally carried the ball across the line on a cut-back through right tackle.

The try for point was unsuccessful. The second quarter saw the two teams in poor style. Fumbles were numerous and except for some fine runs by Bob Theobald nothing happened. The half ended without further scoring. Score 6 to 0.

Laurel kicked to Wayne who began at once their passing attack which proved very successful. Three straight passes resulted for a touchdown. Martischang snagging a pass and galloped 15 yards for the score. Martischang drove over right tackle for the point. Score 13 to 0.

The last quarter was but a continuation of the third. Wayne had the ball most of the time. Passes again proved the best means of advancing the ball. Martischang caught another long one and ran 20 yards for the third marker. The pass for the extra point was grounded. Score 19 to 0.

Bob Theobald did some excellent ball lugging behind some fine interference work by Martischang and Ingwerson. The Wayne line was not opening the holes for the backs but on the other hand they were stopping the Laurel backs in their tracks.

This Friday they play the Randolph Seconds on the College field at 3:30.

### Games Scheduled

## MANY MOTORISTS WITHOUT LICENSE SUBJECT TO FINE

### Penalty For Driving Without Drivers License Is \$100. Fine, Three Months In Jail.

### BIG RUSH TO SECURE LICENSE

Up to Tuesday afternoon county Treasurer Steele had issued 4144 auto drivers license. The state estimate is 6500 license for Wayne county therefore there appears to be over 300 persons in Wayne county who are operating their car without a drivers license.

Any person convicted in any court in Nebraska of operating a car without a license shall be punished by a fine of not over a hundred dollars (\$100.00) or imprisonment for not more than three (3) months, or both.

As this law is in full force now the authorities are obligated to enforce same; so don't get offended if an officer asks you to produce your drivers license as it is his duty to do so, you are required to carry your license when driving.

### 1930 Auto License Have Arrived

County Treasurer Steele has just received the 1930 Auto license plates, 3800 passenger car, 3000 truck, 10 motorcycle and 15 trailer license. The license color for the 1930 will be light yellow figures on a medium dark blue background.

## Wayne Business Firms Move to New Quarters

The E. R. Love Barber Shop, will move within the next thirty days to the Citizen's Bank building, which has been purchased by the State bank, of Wayne and is being remodeled.

The Love barber shop will occupy the front of the building, the vaults in the rear of the building will be arranged to open into the bank.

H. H. Hackmeter implement dealer of West, 1st street, who was forced to vacate, due to crowded conditions since the building he occupied is moved to the alley, to make room for Baker's New Grange Building, is moving into the building at present occupied by E. R. Love's Barber shop.

Mr. Hackmeter has already moved some of his stock into the basement and rear of the barber shop and as soon as Love vacates he will remodel the front of the building and will occupy the entire building now occupied by Love's barber shop.

**Gov. Weaver To Dedicate Profitable Pork Special**

**Emphasis Placed on Clean Sows, Clean Pens, and Clean Pastures.**

Governor A. J. Weaver will recall own experiences in raising hogs in Richardson county when he dedicates the Profitable Pork Special Tuesday afternoon, October 1st in the Burlington-railroad yards at Lincoln.

The Governor and his brother used to raise from twelve to fourteen hundred head of hogs each year. They had their troubles, he told the officials of the agricultural college, and they learned that hog lot sanitation was the only system to use in raising profitable pork.

Before they adopted this system of clean sows, clean pens, and clean pasture, they had all common hog diseases in their herd. The new system which will be emphasized by the Profitable Pork Special has been in use on the Weaver farms now for several years.

The Governor and a number of state, university and railroad officials will be guests of the Lincoln Chamber of Commerce during the noon hour and will take part in the ceremonies when the train is officially started on its trip over Burlington lines in the state. The Chamber of Commerce is inviting Lincoln business men, County Agent Purbaugh and the farmers of Lancaster county to inspect the train Tuesday afternoon.

The Special makes its first stop at O'Neill on Wednesday morning, October 2nd and will make three stops per day or 63 stops in all by October 25. It will cover all the main branch lines of the Burlington in Nebraska. 8255m.

**Game Warden Arrests Sheriff to Settle Dispute**

So Don't Argue With the Game Warden When He Says "There is No No Mans Land."

There was up until last week what was known as a gentlemen's agreement among the sportsmen hunting along the Missouri river, along the Iowa Nebraska line, whereby a hunter having a license to hunt game in Nebraska was granted the privilege of hunting in the valley and on the Missouri river on the Iowa side and visa versa.

Now comes the Deputy Warden Gray Blair, of Nebraska who apparently has no respect for gentlemen's agreements, and bent on upholding the law, he actually has the audacity to arrest a Deputy Sheriff and the latter's son because he says they are guilty of hunting ducks on the Nebraska side of the middle of the Missouri.

To make matters worse, along comes State Warden O'Connell who announces that "the Missouri river is no longer neutral territory or no man's land when it comes to hunting and fishing and that he has no discretionary power to make any concessions."

The supreme court of Nebraska, in a recent fishing case, held that Nebraska had jurisdiction up to the cen-

**Truck Wrecked by Train Driver Painfully Injured**

A truck of the Blakeman Transfer line, smashed into Chicago and Northwestern train No. 9 for Norfolk, last Sunday, between Coburn and Hubbard.

There were three trucks of the Blakeman transfer line crossing the tracks. The first truck crossed in front of the train, the second one broke the pilot, bent the cylinder casing, smashed the side of the cab and left its mark on the side of the baggage and express cars.

The truck was wrecked, the driver Fred Mayberry, was badly cut about

the head and face, though his injuries were not considered fatal. He was taken to Emerson for medical attention.

Those who witnessed the accident say it is almost a miracle that he could go through such a wreck and escape alive.

The truck was loaded with groceries at the time of the wreck, they were smashed up and scattered for a considerable distance.

Pop came home late and Mom asked him why he didn't let her know he wouldn't be home for dinner and Pop said he tried to call her several times . . . but every time he got "busy" reports . . .

And Mom said that's funny, no one used the telephone since noon and he'd better think of another alibi . . . and Pop said well, maybe the other party on our line was using it or maybe someone called the same time he did . . .

Then Pop spied the telephone . . . "Ah-h! Ha-a-a!" he said, "no wonder your line's busy when the receiver is held up like that" . . . So you see, he said, it might have been all those other things but it wasn't, Mom not saying anything, showing Pop was right.

## Gospel Team Visits

Wayne Oct. 20th-21st

Miss Kathryn Buckbee, Art Critic and Volunteer Missionary, is Leader of the Team.

The Union Gospel team from Minneapolis visited Wayne Friday and Saturday, Sept. 20th and 21st. The team, made up of six persons with Miss Kathryn Buckbee as leader, had charge of the Young People's Bible class Friday evening, and spoke to a large number of young people at the E. B. Young home Saturday evening and Sunday afternoon.

Miss Buckbee is a daughter of the founder of the Federal Schools of Art at Minneapolis, and until not long ago, has worked as art critic in the school. Here her personality, Christian character, and extensive travels in China, India, Europe, England, and the Philippines, make her a very interesting person as well as a fine speaker. She is a volunteer for the South American mission field, and will sail October 18 for South America where she will work among the Indians, giving them glad tidings of the Lord, Christ, who alone can transform their lives and save them from the power and wages of sin.

Other persons making up the team were: Mrs. Kimball Hodge, who is a sweet singer, and Miss Wulburg Johnson of Mound, Minn. and Mr. and Mrs. C. L. Cotter, and Miss Edna Polsum of Minneapolis. It is of interest to know that Miss Polsum is one of the few artists who stain and paint the beautiful glass windows for cathedrals and churches. Though she is only a young girl, she is quite adept at the work, and told many interesting things about the work in connection with her gospel talk Saturday evening.

Mrs. Cotter works among the Jews in Minneapolis, and Mr. Cotter is a lecturer in the commercial department of the state university there. Both Mr. and Mrs. Cotter are gifted speakers.

Miss Johnson is a graduate of the Northwestern Bible Institute, and is a talented speaker. She has done summer Bible school work for the past three summers. She is a volunteer for the African mission field.

The young people of this team were a wide-awake group with a wonderful message, and those who heard them received a real treat.

## Traces of Oil Found

Near College View

With vision of oil in quantities, C. W. Durham, C. E. Clark, E. H. Shumberger and R. L. Burham, all of Lincoln, have filed articles of incorporation with Secretary of State Marsh under the name of Lincoln Oil and Gas corporation.

These four men propose to drill on a forty acre tract owned by Ira Miller, one and one-half miles southwest of College View. "C. W. Durham states that they have already drilled a test hole seventy-five feet deep last week."

"It now depends upon how fast they can sell stock as to when they will drill a real well. They state they can drill a well 2,000 feet deep for \$10,000, but they stated "they will not have to go that deep."

The company has already obtained a lease on one tract of land.

As the company's stock issue is to be limited to \$25,000 it is not required to obtain permission from the blue sky department to place stock on the market.

## Barbers, Beauty Parlor

Operators Convention

Being Held at Grand Island. Between 500 and 700 Delegates From the State Expected.

The state convention of Barbers and beauty parlor operators is being held at Grand Island this week. There are over 500 delegates present and perhaps as many more barbers affiliated with the group and wives of delegates.

C. S. Melvin, of Coleridge, will represent chapter No. 611, which is Wayne, Cedar, Dakota and Dixon counties. W. A. Kuhlman of Belden and H. G. Weiners of Coleridge, expect to attend.

One of the convention features is a thoroughly equipped demonstration room, this display to include the latest equipment not only for barber shop but also a "bobber" shop, for the beauty parlor has become an apparent necessary service to the modern barber shop.

Women engaged in the latter profession, in large number, are affiliated with the Master Barber's association and take an active part in its activities.

The visitors, and particularly the wives of the delegates will be royally entertained while in Grand Island.

## Winnebagos Charge

Confiscation of Land

The Winnebago Indians in Nebraska and Wisconsin, about two thousand in number, claim they were driven from their lands in Wisconsin, which was confiscated by the United States Government.

They have brought suit against the United States government in the court of claims for two and a half million dollars as payment for property in Wisconsin confiscated by the government.

The claim is based on the assertion that the Winnebagos were driven from their lands in 1863, following a massacre in which 3500 white people were killed, although they had nothing to do with the massacre.

This claim is for the property in the original Wisconsin reservation and also for the improvements they had made in their farms.

The petition also states that they lived until 1812 without assistance of any kind from the government.

THE 1930 CENSUS

There is much ado these days regarding the 1930 census. From our exchanges we notice there is a big rush on in the big cities to take in every available suburb. The Wausa Gazette takes the proper attitude when they say it is not numbers alone that count, but after all it is the class of citizen.

The Verdigris Citizen also gives a very sensible discussion on this point.

When the census is completed it certainly will be very interesting to check over some of the larger cities who have in the past few years been boasting of their rapid growth. We have also heard a big howl in recent years of the migration of American farmer to the industrial and business life, so an advisory committee of the census takers has recommended that a survey be taken of such migration. It is suggested that this may be a big step toward getting the answer to the question. "How are you going to keep them down on the farm."

This information is expected by statistical experts not only to give an exact answer to the question of migration but to pave the way for supplemental examination of the causes.

After all is said and done the most important factor is what kind of citizens a town has. It is probable the people of smaller towns and even of the rural districts are happier than the masses crowded for elbow room in the metropolitan centers.

The town to be envied is the one where the people have a community spirit, are neighborly, intelligent, alert, devoted to the better and nobler things of life, and as far as may be, mind their own business. As to material prosperity it has been truthfully said, "It should not be judged by the number of rich men a town has, but by the whether or not everyone who wants to work has a job."

IS DRINKING OF INTOXICATING LIQUOR A SIN?

We who have been taught from childhood the evil of drinking intoxicating liquor, feel qualified to say that it leads to many sins. We see, hear and read every day of the breaking up of homes, loss of health by men and women who have not yet reached a mature age, of murder, sometimes of nearest relative or best friend, suicides superinduced by heavy drinking. The writer recalls vividly a statement made a few years ago by a habitual drunkard, whose health was broken, and whose family of a wife and 8 children were in rags due to his persistent heavy drinking and treating his friends.

Upon sobering up from several days spree he while seeking another drink remarked, "I have drank so long I can't quit and I can't bear the shame of looking upon my wife and children in rags. I must have a drink for when I am drunk I feel like a millionaire, when sober I feel like a thief." If as Dr. F. S. McBride, asserts in addressing the fifty-fifth annual convention of the National Women's Christian Temperance union at Indianapolis, Ind., last week, "that some churches and many schools have let down their instruction in the bene-

fits of prohibition, and the evils of liquor." They should heed as well the appeal of our President Hoover when he pleads for the support of the church, school and the home in enforcing prohibition.

"KENTUCKY FOR PROGRESS"

Our neighbor, the Neigh News, apparently does not realize the numerous protests that have been registered by citizens of Kentucky against the motto "Kentucky for Progress," which the court of appeals says may appear on the automobile license tags. This seems to have been a pet idea of a state senator who railroaded the motion thru with the support of the honorable Gov. Langley, who is at present under indictment, along with other members of the school board for accepting gifts from those placing bids to supply school books for the state under the free school book law recently passed in that state, he being the only governor of Kentucky to have been indicted while holding governors office in the history of the state.

AMENDMENT AIMED AT CHEAT LABOR

The United States Senate last week struck a deathblow to American industries establishing branch factories in other countries, to take advantage of cheap labor and shipping the goods back to compete in domestic markets, when by a vote of 46 to 31, it adopted an amendment to prohibit the importation of goods manufactured in foreign countries under a trade mark owned by an American citizen, and then, without a record vote, it approved a similar proposal to bar entry of such imported articles on which American patents are held.

DOES WASHINGTON NEED MORAL HOUSECLEANING

Senator Howell of Nebraska, addressing the senate a few days ago charged that bootlegging was rampant in the capitol and challenged the President to see that proper authorities curb such traffic. President Hoover accepts the challenge, asks Howell to produce proof that the prohibition law was being violated in Washington.

The question now is will Howell produce the evidence of liquor law violations? "Howell says he spoke from what is common knowledge in Washington as revealed from the prohibition office reports, and objects to being required to produce the evidence." This has brought forth a demand from numerous parts of the nation that President Hoover clean up the national capitol and make that an example for other parts of the country.

The charge of flagrant violation of the Opium and liquor laws in our capitol is a serious one, and generally admitted as true. President Hoover is correct when he says "that a moral cleanup of our nation should start at Washington". It seems that Senator Howell unthinkingly started something when he challenged President Hoover to clean up Washington, D. C.

The tendency of Washington at the present time is toward greater respect for law. It has been reported that this condition is not only due to the intensity of prohibition enforcement but is the outcome of the atmosphere of the Hoover administration. Every aspect of Washington has the appearance of having been scrubbed and given the benefit of sun and fresh air. Outside of the present discussion an example is given. Lobbying which has existed always, periodically grows bold then some action is required, usually emanating from the White house, usually has, as at present the effect of cleaning. In the case of prohibition thru unspoken influence coming from the whitehouse, the evidence of the new moral is very plain. It has been said that many Washington families which formally served liquor ceased to do so during the past few months. Immediately after prohibition came in 1920, Washington was satisfactorily dry.

The falling down of prohibition enforcement in our national capitol is attributed to Harding's administra-

tion. It is reliably stated that some of the members of Harding's administration failed to change their drinking habits with the coming of prohibition.

In 1923 President Harding, with a pained realization of what was going on, "stated publicly that he would never again drink liquor." Harding's act while sincere came too late. By that time the breakdown of moral in Washington had occurred. In Hoover's administration we are informed it is being restored.

The one great problem in enforcing prohibition in our national capitol is the importation of liquor for foreign embassies in Washington. At the present time in the diplomatic world there is a degree of voluntary deference to President Hoover's position which never before existed. It is a respect which no one ever suspected would come as it could not be brought about by law. The immense force of the action taken last May by the most distinguished diplomat in Washington, the head of the British embassy, when he made public avowal of sympathetic co-operation with President Hoover, when he stated he would import no more liquor to the British embassy while he is ambassador.

Women Workers In Washington D. C.

There are approximately 78,900 women in Washington employed regularly both in private concerns and in governmental business, according to a count of the census Bureau, and the number of women workers is increasing steadily.

The largest group consists of women in clerical positions and forms sixty-nine per cent of the total. Professional workers make up the second largest class. There are 8,800 women in this division which includes doctors, nurses, school teachers, and lawyers. 7,200 women engage in manufacturing occupations of various sorts, and 5,300 in trade activities. A variety of endeavors that must be lumped together under the term "miscellaneous" claim attention of the remaining 3,100.

Not a few of these women own and operate their own enterprises, and a surprisingly large number are found in the employer class. What women proved they could do during the emergency of war they continue to do.—The Nebraska Journal Leader.

Hilo, Hawaii.—In order to further enhance the natural wild beauty and charm of the big island the Hawaiian group, the chamber of commerce of Hilo is importing song-birds to increase the bird population of the island. The number of birds to be imported is to be determined by the success of the organization's campaign to have every resident of the island "buy a bird." No birds are to be kept in captivity.—Norfolk Daily News.

London.—According to a biography published Thursday, the prince of Wales "regards the sanctity of marriage so seriously that he will not be thrust into a marriage of convenience."

and he is not yet in love. It's no easy matter to define his royal highness' outlook upon marriage, but one thing is certain, he regards marriage as an institution far too sacred to be thrust into for convenience, and will not be so imposed upon.

at State Teachers College Some New Instructors

With the opening of Wayne State Teachers college this fall there are nine changes in the faculty, four being additions to the corps and the others taking the places of those who have not returned.

Professor Albert G. Carlson, the new instructor in piano, received his education in the public schools at Fremont, Neb. He has a B. S. from his college work. He graduated from the American Conservatory of Music in Chicago, receiving special honors for piano playing and being granted the Olaf Anderson medal in the Institute of Fine Arts in New York city. After the war he studied with Sidney Silber of the University of Music at Lincoln.

Mr. Carlson has taught piano and theory successfully for a number of years and has made a number of fine students to his credit. He is an artist whom the press has praised highly in the concert work he has done.

Miss Gladys Sulerud has charge of the music in the Training school and gives private lessons in voice. Miss Sulerud is a graduate of the Music and Art courses of the State Teachers college at Valley City, North Dakota, and has a degree of Bachelor of Music from McPhail School of Music in Minneapolis. She has studied with Prantz Proschowsky in New York city and while there studied in the department of music in Columbia University. During the past summer she was in Chicago working toward a masters degree and studying voice at the Gunn School of Music.

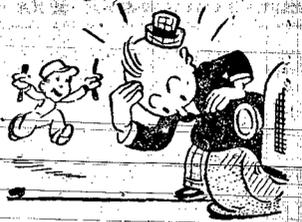

She has had several years experience teaching music, giving private lessons, and teaching and supervising in public schools. Her work has been in Fairmont, Minn.; Grand Rapids, Mich.; the State Normal School at LaCrosse, Wis.; and Kallispell, Mont.

Miss Mildred Snyder, the assistant librarian, comes to us from the University of Illinois where she received her B. S. degree in Library science. She has studied in the University of Denver also.

Miss Snyder has had experience in library work of all kinds and is acquainted with the problems connected with a library in schools and colleges.

Miss Janet Bjornstad, assistant in the Art department, is a graduate of the University of Minnesota. She has had considerable experience as Art supervisor in public schools and has done costume designing and work in stage craft. She takes the place of

B. from the University of Chicago, an A. M. from Teachers college of Columbia university, and was awarded a Ph. D., "magna cum laude", by Potomac University, Washington. Her experience has been in public schools and in colleges and universities in Illinois, Indiana, and Texas, and she comes to Wayne with excellent recommendations.

Miss Verna Elefson has charge of the seventh grade in college training school. Miss Elefson was granted a B. A. and M. A. from the State University of Iowa. She has done advanced work at Chicago University. Her experience has been in public schools of Iowa and Indiana as instructor and supervisor.

Miss Neva Hove has work in the departments of Education and Mathematics. Miss Hove has a B. A. degree from St. Olaf college, Minn, and has almost completed work for the degree of M. A. from the University of Iowa. Her experience has been in the public schools of Iowa where she has taught mathematics.

Miss Coral Stoddard has charge of the fourth grade in the training school, taking the place of Mrs. Edith Beaumont who resigned at the close of the summer quarter. Miss Stoddard holds the degree B. A. from Iowa State Teachers college and just completed work for the degree M. A. from the State University of Iowa. She has had several years experience as principal, critic teacher, and supervisor

in the schools of Iowa. Miss Winifred Henry from Cherokee, Ia. is taking work in the Commercial department for Miss Ethel Stephens who has a leave of absence because of the death of her mother. Miss Henry is recommended as a good business woman.

Mrs. Ilda Holmes is preceptress at Neihardt hall. She comes to Wayne from Superior, Nebraska.

Mrs. Lulu Michaels has charge of Terrace hall during the absence of Mrs. Coyle who suffered injuries from a fall while at the Orpheum theater in Omaha. Mrs. Michaels has had work with the Girls Reserves at Norfolk and has had experience with the public.

Two New Words to Go Into Dictionary

Two New Words, taken right out of the air so to speak, will appear in the forthcoming edition of the New Standard Dictionary. They are "en-plane" and "deplane", henceforth to be recognized as correct terms for passenger flying, their use being synonymous in air transportation with that of "entrain" and "detrain" in railway service.

The placing of these words into the New Standard is sanctioned by Dr. Frank H. Vizetelly, editor-in-chief of the dictionary.

## Assembly Notes

Henry L. Cecil, of the Bureau of Lectures of the National Association of Book Publishers in New York spoke at the high school Thursday morning, September 26.

Mr. Cecil gave a very interesting talk on books. He stressed the point that books are our very best friends. Good books have many good influences. Mr. Cecil told the students that to select a good book is a hard problem.

Mr. Cecil told of two types of readers, the concentrator and the non-concentrator.

Mr. Cecil left this parting thought with the high school: Each hour spent in honest endeavor or in reading a good book brings not only joy and pleasure in life but also efficiency in anything one tries to accomplish.

A pep meeting was held in the high school assembly before the Hartington game. Each class was given five minutes to plan a stunt. These stunts were given before the other classes. The rally closed with high school yells.

## Office News

A new bulletin board system has been adopted by the grades. Pictures and items of interest clipped from magazines, as well as various study scales and tables are placed on the bulletin boards.

A new cutoff attachment has been ordered for the drinking fountain just outside the east entrance to the high school. Hereafter the fountain will be used only during noon and recess intermissions.

## Music Notes

The boys glee club is composed of six first tenors, five second tenors, and two second basses.

The girls glee club is composed of nine first sopranos, twelve second sopranos, eight first altos and six second altos.

A group of forty pupils compose the chorus.

Music for the chorus, girls glee club, and the boys glee club has been ordered.

The names of the pieces are:  
Chorus: "Memories" by Irish and Loomis; "When Twilight Shadows Fall" by Hueter.

Girls' glee club: "Calm as the Night" by Bahm; "Lullaby" (Berceuse from Jocelyn) by Goddard.

Boys' glee club: "Homing" by Del Riego.

Methods of teaching music in the grades have been slightly changed. The aim of the method now in use is to do away with the overuse of the piano. A pitch-pipe is used in getting the correct pitch for starting singing and the pupils match or tune their voices to it.

It should not be understood that the piano is never to be used in grade work. The ideal school room will always have a piano in it. It should never be used however, until the pupils can sing a song perfectly without it, and then it should be used as an accompaniment and not as a cover for vocal defects.

DON'T suffer headaches, or any of those pains that Bayer Aspirin can end in a hurry! Physicians prescribe it, and approve its free use, for it does not affect the heart. Every druggist has it, but don't fail to ask the druggist for Bayer. And don't take any but the box that says Bayer, with the word genuine printed in red!

is improving rapidly.

The Cicero class is now studying Cicero's orations.

The Algebra II class is reviewing positive exponents and will continue to do so for a few days in order to get a firm background for future study.

## 4-H Club State Champion To Nat'l. Club Congress

To See International Livestock Show, Educational Trips and Numerous Banquets.

State champions of the 4-H club activities in the baby beef, swine, home economics, garden and crops, and poultry divisions of boys and girls clubs will be named within the next month.

Application blanks have been mailed to extension agents and to local leaders of clubs in no-agent counties. They, assisted by committees, nominate a boy or girl for each championship. Nominations are to be in the state club office at the agricultural college by October 15.

State champions in each division will be given prize trips to the National Club Congress which is held at Chicago in December at the time of the International Livestock Exposition. State champions will be decided from among the county champions by a committee appointed at the state club office at the agricultural college. This committee will consider the regular club report turned in by the candidates, the story of club work written by each of them, and the recommendations which accompany the regular reports.

Announcements of the awards will be made on October 15. Those who win must be at least fifteen years of age. They will be accompanied to Chicago by representatives of the extension service of the college of agriculture. Between 40 and 50 boys and girls usually make the trip from Nebraska. The group includes some of the winners at the state fair and several county champions who receive railroad trips.

Armour & Company of Chicago pay the expenses of the baby beef club champion, Wilson & Company, of the swine club champion; Montgomery & Ward, of the home economics champion, and May Seed & Nursery Company, of the garden and crops club champion. The poultry member and leader are being sent by the Nebraska Poultry Improvement Association, the Accredited Hatchery Association, and the Poultry & Egg Association.

In Chicago the boys and girls will meet over a thousand who represent every state in the union. They will not only see the International Livestock Show but will also be given several educational trips and banquets in the city of Chicago.

## Graduates Institute at Omaha Are Wed

Miss Ann Suhr of Boomer, daughter of Mr. and Mrs. Nick Suhr of that place, and Willie Lambrecht, oldest son of Mrs. C. J. Lambrecht of Winside, were married Wednesday noon, Sept. 25, at the M. E. church at Omaha. Rev. J. Marple officiating.

The bride wore a becoming brown silk dress trimmed in white, with hat and slippers to match, and the bridegroom wore a suit of dark brown. After the wedding, they spent a few days visiting relatives at Omaha and Boomer, coming to Winside the fore part of this week.

Both the bride and bridegroom are graduates from the Deaf and Dumb Institute of Omaha. They will make their home with Mrs. C. J. Lambrecht until March 1st, after which time they expect to live on Wm. Peterson's place three miles west and two miles north of Winside. Mr. Lambrecht is widely known in Winside and vicinity, and his many friends extend their heartiest congratulations to him and his bride.

## Explorers Widow Owns Fortune Cant Find it

Nearly 30 years ago, Mrs. Nellie Rollins lost the secret of the location of four British vaults containing something like \$3,000,000 in cash and securities, deposited by her husband when the ship she and her husband were passengers on was wrecked by the West Indies Hurricane, and her husband was drowned.

Today she is 61 years of age, still waits in pitiful poverty, hoping against every possible discouragement that her lost treasures will be revealed.

## Nebraska Products Exhibited at Jubilee

An Elaborate Display of Agricultural and Horticultural Products Shown.

Late reports indicate that Nebraska's Diamond Jubilee which is being held at Omaha November 1 to 8 is to be an affair of state wide interest.

Together with the horse and stock show, there will be an elaborate display of agricultural and horticultural products.

Details of the show were announced last week by E. W. Taylor, show chairman and president of Omaha Grain exchange.

Ten thousand square feet has been set aside for exhibiting of products and resources of the Cornhusker state at the New Ak-Sar-Ben coliseum.

Nebraska's ninety three counties will be given space to show the outstanding resources of each county. A bonus will be given to each county for preparing their display and help defray the expense of transporting it to Omaha.

The university of Nebraska college of agriculture will provide a home economics exhibit and a better sites exhibit will be entered by the Nebraska Dairyman's association.

The state horticultural society will sponsor a big apple show, which is expected to attract displays from the apple belt in south eastern Nebraska.

A "know your stock" contest open to all 4-H club boys and girls in Nebraska is conducted in connection with the Ak-Sar-Ben stock and horse show which is to be held in connection with the jubilee program.

Folders containing pictures of seventeen breeds of cattle with verses denoting characteristics of each have been distributed over the state. Any boy or girl who endeavors to answer this questionnaire will be given free admission to the stock show.

## TO LUELLA CONGER

## Plane Flies Away Without Its Pilot

The chief topic of conversation among attaches of the Havre airport at Havre, Montana last week was the small monoplane which, after getting away from its pilot, took off without him, flew five miles, and broke only a propeller in landing.

Clarence Hendrickson, student pilot, had some trouble starting the motor of the plane. He opened the throttle slightly, spun the propeller, and the plane started down the field.

Making a dash for the cabin he attempted to close the throttle, but opened it wider. The plane darted away, leaving the pilot sprawled on the ground.

It is said the little plane gained altitude and flew at least five miles, finally landing in an open space adjacent to the airport.

The runaway plane is now back in service with a shining new propeller as the only evidence of its having made such an unauthorized flight.

"No, but we're engaged."

## Cute in a Baby - Awful at Three - and it's Dangerous - by Ruth Britain

Thumb sucking does look sweet in a baby, but it is disgusting in the three-year-old and sometimes it hangs on until fifteen or sixteen. The habit may cause an ill-formed mouth or induce adenoids; and it always interferes with digestion. Finning the sleeve over the hand; attaching mittens, or putting on cardboard cuffs, which prevent bending the arms at the elbows, are some of the ways to stop the habit.

Another bad habit—irregularity in bowel action—is responsible for weak bowels and constipation in babies. Give the tiny bowels an opportunity to act at regular periods each day. If they don't act at first, a little Fletcher's Castoria will soon regulate them. Every mother should keep a bottle of it handy, to use in case of colic, cholera, diarrhea, gas on stomach and bowels, constipation, loss of sleep, or when baby is cross and feverish. Its gentle influence over baby's system enables him to get full nourishment from his food, helps him gain, strengthens his bowels.

Castoria is purely vegetable and harmless—the recipe is on the wrapper. Physicians have prescribed it for over 30 years. With each package, you get a valuable book on Motherhood. Look for Chas. H. Fletcher's signature on the wrapper so you'll get the genuine.

Enter the Front Drive Automobile

Front drive passenger autos have long been talked of, but the Auburn is the first to get one into production. It is known as the Cord, named after E. L. Cord, President of the company. By means of the power applied to the front wheels instead of the rear, the car "pulls" instead of "pushes."

Make War on Grubs

According to the United States Department of Agriculture, the control of cattle grubs or heel flies is one of the most important problems of cattle owners. Losses caused by these pests are estimated at from fifty to one hundred million of dollars annually.

Engine "Knock" Was A Scared Mechanic

Chatham, Mass.—Police Chief Everett Eldredge visited a local automobile salesroom as a prospective customer. "Take that car out for a spin and try it," suggested the salesman, pointing to a machine which was parked, with motor running, in the yard.

## Methodist Church Notes.

The pastor comes here after 26 years experience in the ministry of the Methodist church. Besides his labors in the regular pastorate he has had service as evangelist, missionary, benevolence campaign worker, and solicitor in college and hospital work.

He is convinced that there is no greater task and no greater need than that of the ministry of the Gospel. He comes therefore to give himself unstintedly to the work of this pastorate. At the earliest convenience he will call in the homes of all the members and friends of the church and seek to get acquainted with the parish. Whenever and where ever there is special need he will gladly go and seek to be of service. Please notify him at once of any sick or those who need his ministry. If the greatest work of the minister is in preaching the Gospel then he may be most helpful when all our members and friends are in regular attendance at all the services of the church. The services are as follows:

Church school at 10 a. m.  
Morning worship at 11 a. m.  
Epworth League at 6:30 p. m.  
Evening worship at 7:30 p. m.

The Home Department will meet in the church parlors on Tuesday afternoon with Mrs. George Moore as leader.

The pastor is called to attend the District Retreat at Norfolk for all pastors of the district on Tuesday afternoon and evening.

The Womens Foreign Missionary Society will meet in the church on Friday, Oct. 4 with Mrs. W. R. Hillier and Mrs. Gertrude Bayes hostesses. Mrs. M. L. Halpin program leader, and Mrs. Mae Huffaker devotional leader, and Mrs. G. A. Lewis in charge of the mystery box.

The 48th annual meeting of the Topeka Branch of the Womens Foreign Missionary Society will meet in the First Methodist church in Omaha on October 10-13.

# Big Mill In Tilden Destroyed By Flames

The biggest fire ever seen in Tilden, destroyed the Tilden mill, owned by John W. Tighe. The fire was caused by spontaneous combustion.

Despite immediate arrival of the city fire engine, firemen were forced to direct their efforts towards saving the legion dance pavilion, near the mill, and the residence of Harvey Mock, which flamed when a 50-gallon tan of kerosene exploded. A corn crib and grainary, belonging to William Corkle, Tilden, also was destroyed.

Mr. Tighe valued his property, which was one of the best equipped mills in the vicinity, at \$35,000, and carried \$14,000 insurance.—Sioux City Journal.

# SAVE FUEL this Winter

THE Martha Washington Furnace will help you. It has the Radiating Combustion Dome which draws the gases to the top where they are held until complete combustion takes place. The heat usually lost up the chimney is used to heat your home.

Every corner of the house is cozy warm. The circulating system causes cold air to flow back to the furnace for reheating.

The Foot Warmer brings joy to youngsters and satisfaction to grownups. The furnace is beautifully designed, and finished in fine-grained walaat enamel. Blends perfectly with the furnishings.
