## BULLDOGS DEFEAT RESERVES. HARD FOUGHT BATTLE

Both Teams Showed Class of Football Unexpected on This Field.

### FINAL SCORE OF GAME 7 TO 0

Wayne Prep's Bulldogs defeated the Wakefield Reserves last Saturday in an exciting high school game as ever was played on the college field. The game was hard fought and both teams showed a class of football far above what has been exhibited on this field for quite some time. The final score was 7 to 0 and that in itself is an indication that the game was won on one lone break. The break came in the last quarter with just a little better than a minute to play. Bob Theobald hurled a long pass which was tipped by a Wakefield back. But Del Fitch caught the ball after it had been tipped and ran down to the Wakefield 4 yard line. Fred Martischang smashed thru a big hole on the left tackle for the counter. Bob Theobald drop-kicked the extra point perfectly.

Wayne received in the first quarter and using a system of fake plays took the ball down to the Wakefield 24 yard line where a fumble cost them the ball. Wakefield punted to Tyrell who ran it back 12 yards. Wayne passed but it was incomplete. Martischang punted to the Wakefield 30 yard line where the ball went out of bounds. Paul of Wakefield got loose thru Wayne right tackle for 20 yards as the first quarter ended.

Wakefield continued their march up the field but the bulldogs stopped them on the Wayne 20 yard line. Pullback Stamm of Wayne cut loose with a series of end runs that carried the ball back to the Wakefield 16 yard line. Wakefield tightened and punted when they got possession of the ball. It was Wayne's ball in midfield when the first half ended.

Wakefield received to start the second half but were held after collecting one first down. They punted to Swanson who returned 7 yards. Martischang plunged for a first down. Stamm ran the end for 7 yards. A double pass with Fitch carrying the ball netted 10 yards more. Theobald threw a pass that Wakefield intercepted but there was no return. Steele broke through and spilled Paul for a 5 yard loss. Paul ran Wayne right end for 8 yards. Paul cut through Wakefield and they punted to Swanson who downed the ball where he caught it. End of third quarter.

Steele and Fitch were working great on the Bulldog line and the Wayne backs found big holes in that side of the Wakefield line thru which to charge for yards. Wayne marched to the Wakefield 40 yard line. Here Theobald threw that long pass that Fitch caught after it had been tipped by a Wakefield man. He carried it to the 4 yard line from where Martischang plunged across for the score. Theobald drop-kicked the point.

Steele kicked off to the Wakefield 10 yard line. Paul made a 15 yard return. Wakefield made 7 yards thru tackle as the game ended.

## Dean Hahn Speaks To Stanton High School

Prof. H. H. Hahn, Dean of Education at the Wayne State Teachers college, spoke before the Stanton High school assembly Tuesday afternoon last week. He presented the school with a school annual and some catalogues and bulletins concerning the college here, and gave a helpful message to the students.

The thread of his message was that one ought always to do 100 per cent work. 75 per cent is passing; 75 per cent will get one through, but it is not what the world wants. The world will say, "We don't want anyone like that." Though few of us, perhaps, realize this, yet it is very true.

Last but not least he showed the difference between a good and a poor student. A good student finds the best way to study and then does it that way. He is as concerned in using the right method as he is in mastering the subject.

Mr. Hahn also told of the college here. The annual and other material which he gave will no doubt be of much interest, especially to the seniors, some of whom expect to attend the college next year.

## Mrs. Thomas Sylvanius Of Carroll Dies Tuesday

Mrs. Thomas Sylvanius of Carroll died Tuesday noon at West Point while on her way home from Omaha in a car.

Mrs. Sylvanius had suffered from tuberculosis for several years and had been to Omaha for treatment.

While Mr. Sylvanius was driving home with her in the car she was suddenly stricken.

Funeral services will be held in the Methodist church at Carroll today and interment will be made in the Welsh cemetery there.

She is survived by her husband and a 17-year old daughter.

## BANQUET HERE TUESDAY EVENING

Representatives Of Northwestern Mutual Are Banqueted At Hotel Stratton

J. H. Kemp, district agent for the Northwestern Mutual Insurance Co., entertained the Northwestern Mutual representatives and their ladies at a 7 o'clock dinner at Hotel Stratton Monday evening, October 21, in honor of Franklin Mann, general agent. About thirty-three guests were present.

Several speakers took part in the evening program. Mr. Mann giving the leading address. Other speakers of the evening were: Mr. Bumford of Lincoln, Charles Young of Norfolk, C. A. Jones of Winside, Edward H. H. Kemp, district agent, acted as toastmaster, conducting the program in a most pleasing manner to the delight of everyone present.

Mr. and Mrs. Mann were entertained at the J. H. Kemp home during their stay in this city, leaving Tuesday morning for Ann Arbor, Michigan to visit Mr. Mann's mother and sister.

## MAN KILLED AS CAR HITS TRAIN

Lester Piere Killed and Paul Dahlkoetter Injured Badly By Train Near Norfolk.

Lester Piere, 24 of Pilger was killed instantly and Paul Dahlkoetter, 27, also of Pilger, suffered bad scalp wounds which will prove serious when their automobile collided with a Chicago & North Western freight train at Piant railroad crossing about four and a half miles east of Norfolk on highway No. 8, last Sunday night at 6:45 p. m.

Piere was killed instantly and his body mangled beyond recognition and Dahlkoetter received several serious cuts and lost considerable blood.

The car was a complete wreck, parts of its body being on both sides of the road. Many people who saw the wreck afterwards thought the car was a stripped down roadster but it had been a coupe originally. The engine was torn out of the chassis and was lying in the ditch after the collision.

The coupe hit the fortieth car on the train and the freight train crew were not aware of the accident until they were notified upon reaching Norfolk.

About three years ago a man was killed at the same crossing by a switch engine.

## Kiwanis Club Weekly Luncheon

Ed. Mahmberg, district organizer for the Kiwanis, was scheduled to address the local club at the regular noon luncheon at hotel Stratton last Monday, but he wired that he was unable to make the appointment.

Those in charge of the program for the occasion never knew the word fail when they are responsible for a program of entertainment, and as usual were equal to the occasion and the finest shops in town.

## School of Instruction Held Here This Week

The Masonic school of instruction was held at the Masonic hall here in Wayne Monday and Tuesday this week. Custodian Veile of Norfolk had charge of the school, and held three sessions, one in the morning, one in the afternoon, and one during the evening of each of the two days.

## Will Wayne County Enter Many in The Young Citizens' Jubilee Contest?

Boys and Girls Interested in Contest Should Meet At Office Co. Supt. Saturday

### WINNERS EXPENSES ARE PAID

The boys and girls of the county between the ages of 16 and 21, who wish to enter the young citizens' contest, will meet at the office of the county superintendent at Wayne on Saturday, October 26, at 10 a. m.

A committee will conduct contests based upon (1) intelligence, (2) physical well being, and (3) personality as applied to social, civic, and business or professional relations.

The boy or girl in each county who win in these contests are to have their expenses to Omaha paid by this Diamond Jubilee Celebration Committee.

The tests are to be sent out by the Extension Department of the University at Lincoln.

"A Parade of Nations" will officially open the Diamond Jubilee, at Omaha, Tuesday, November 5, with eleven elaborately decorated floats, twenty bands and thousands of uniformed and costumed marchers, representing the various nationalities who helped to settle Nebraska and aided in its agricultural growth.

There will be a gigantic Pageant spectacle, Wednesday, Nov. 6, and Thursday, Nov. 7th at 7 p. m.

There will be a thrilling 350 mile air circus, November 5-6-7, mornings by Brandeis Jubilee Air Derby, in which there are three prizes offered, \$1,000, \$300 and \$200 respectively.

On Wednesday, November 6, at 6 p. m. there will be stupendous military maneuvers in which Tanks, Artillery, Cavalry and Infantry will participate.

There will be a state championship Band contest in which \$3,000 in prizes is offered. Prof. Reed states that the Wayne Municipal Legion band will leave Wayne November 5th and will compete in the contest. They will be in the parade November 5. They will also broadcast from the Jubilee Auditorium on the evening of November 6.

Miss Sewell, County Superintendent of schools, chairman of the local Diamond Jubilee committee hopes that Wayne will be represented in the Nebraska Young Citizens' contest, the Old Fiddler's contest and perhaps other contests of which she is not able to furnish definite data at this time.

## American Legion Will Elect Officers Nov 6

State Executive Committee Meets at Omaha, Next Friday and Saturday, Nov. 18-19.

The local lodge of American Legion in their regular semi-monthly session at the Legion hall, Wednesday night of last week selected the following committee to nominate candidates from which at their regular meeting of November 11th, officers will be elected and installed to serve the coming year.

The committee chosen are Paul Mines, Ray Ash, Frank Heine, John Brishen and Fred Dale. Paul Mines is chairman of the committee.

The state executive committee of the American Legion meets at Omaha, Friday and Saturday of this week.

Atty. Herbert Welch is committee man from this district and will attend. There are 12 committeemen throughout the state, all of whom have reported their intention of attending.

## Thielman Barber Shop Moving To 1st Nat'l Bldg.

E. A. Thielman is moving his barber shop from north main street to the basement of the First National Bank.

Mr. Thielman has been busy the past several days remodeling and decorating and expects to have one of the nicest shops in town.

He expects to be in his new location by the first of next week.

Mr. and Mrs. Albert Peters of Wakefield and Mr. and Mrs. Charles Wendt and daughter of Winside were Monday evening callers at the Harry Bennett home last week. Mrs. Wendt is Mrs. Bennett's sister.

## WILL WAYNE COUNTY HOLD HUSKING MEET

All The Past Corn Huskers Who Are Interested In Holding Contest See F. E. Gamble

We have heard a great deal about the speed of some corn pickers in Wayne county. These reports have become so numerous, and there are so many pickers who either claim to be champion or have a friend who they are sure is the champion, and only need an opportunity to prove his talent that F. E. Gamble, says, all you fast corn pickers that would like to see a county contest of Wayne County, to see him this week.

If a contest is to be held it must be done very soon, as the State Contest is to be held on this side of West Point, Wayne County should get busy.

Mr. Gamble insists that at least eight pickers must signify their intention of entering the contest before he will attempt it. Line up your man and see Mr. Gamble this week.

## Bobbie Tonseth Has Numerous Misfortunes

Little Bobbie Tonseth, 5 years of age, son of Dr. and Mrs. K. Tonseth, Canton, S. D., is having what we would consider more than his share of trouble for a lad of his age.

About a month ago, he fell out of a window and broke his arm. A few days later contracted double pneumonia which later developed into emphysema and had to be taken to a Sioux Falls hospital for an operation and is still carrying draining tubes in his side.

On Wednesday of last week he was wet enough to be allowed outside and was enjoying the sunshine for the first time. However the jinx was still trailing him. He fell and broke his arm again.

Dr. Tonseth is manager of the local Tonseth Produce company.

## Waldimar Neilsen's Body Found At Genoa

A telegram was received by Mrs. Bertha Neilsen of Winside, from the U. S. government office at Rock Island, Ill., stating that the body of her son Waldimar, who was drowned in the Mississippi river August 26th at Victory, Wis., was recovered Wednesday, Oct. 16 at Genoa, Wis.

At the time of his death young Neilsen was employed by the U. S. government on the S. S. LaClair. Finding the body at Genoa was unusual in that Genoa is the second town up stream from Victory. Burial took place at Genoa, Wis.

## Closed Bank Pays Second Dividend

Announcement has been made that a second dividend in amount of twenty percent has been declared to the depositors of the closed Farmers National Bank of Wakefield.

This Bank closed its doors on November 20, 1928, and since that time a first dividend of 45% was paid in the spring. With the 20% now declared, this bank has paid its depositors 65%. Mr. George Cronkleton, the receiver, and his assistants started the distribution of checks on Friday, October 18th.

## Cuning Co. Husking Contest October 29

The Cuning county corn husking contest will be held at the A. M. Daniels farm three miles northwest of Bancroft next Tuesday, Oct. 29. The farm borders the gravel highway. It is hoped that between 12 and 15 contestants will take part. Winners in this contest will take part in the state contest November 11.

Congressman Edgard Howard has filed for renomination in the third district on the democratic ticket. Congressman Howard is now serving his fourth term, which he began last March.

## Earl Bennett Kicked By Horse Saturday

Earl Bennett was injured last Saturday morning when he was kicked by one of his horses as he climbed down from his wagon. The horse, never known to kick before, evidently became frightened somehow, kicking him on the hip. The team then started to run but were soon caught by one of the other men and no particular mischief done. Mr. Bennett, who is a son of Mr. and Mrs. Harry Bennett, was not seriously injured though laid up for a few days. The accident occurred on the Harry Swinney place near Wakefield.

## ANTELOPES HOLD WAYNE SCORELESS

Many Passes Attempted But Failed to Materialize, as Each Side Blocked Every Attempt to Score.

### DENNIS RETARDED ANTELOPES

A hard-fighting Kearney football team held the Wayne Wildcats to a scoreless tie last Saturday in a game that saw the tide of battle flaring back and forth between the 10 yard lines.

Dennis's beautiful long punts kept the Antelopes well back in their own territory and this fact in itself accounts for Kearney's failure to march successfully over the Wayne goal.

Some of those Kearney marches were sustained until the very last moment only to have the Wildcat forward wall claw thru and spill the runner for a bad loss. Kearney would lose the ball on the Wayne 10 yard line and Dennis's punt would rise high and far for better than 70 yards on each attempt.

Kearney received and after attempting the Wayne line would punt. Anderson made some fine returns. Wayne attempted line play and then punted to the Kearney safety man who was downed in his tracks. Kearney punt was blocked and Felix fell on the elusive only to have it slip out from under him into the arms of a Kearneyite. Had Felix recovered the ball on the Kearney 8 yard line Wayne would have scored and then it would have been some contest. But Kearney tried a second punt and they were safe for the first half.

Wayne received and carried the ball to mid-field. Schwartz ripped straight thru the Kearney line for 10 yards and a first down. Farrow received off-tackle for 12 yards more. Kearney called time out. Dennis slid thru tackle for 7 yards. Wayne attempted a pass and Kearney intercepted and started back to the Wayne goal. Hickman rushed in substitutes.

Wayne held Kearney and tried the Kearney line but the Antelopes were fighting mad by now and the Wildcat backs were losing ground. Dennis kicked. Nickle made 9 yards thru guard. On a fake play Nickle shot through Wayne right guard for 40 yards. He had a clear field and was to elude bound when McKinley crashed him from behind. The whole Wayne team was looking for a pass when that play came. It was real strategy on the part of Williams, the Kearney general.

Wayne held Kearney and Kearney punted to Andrews who made a 20 yard return up the side-lines. Farrow again found a hole in the Kearney line and plunged for 12 yds. Walden scrambled thru the other side of the line for 7 more. Wayne was speeding up. The same play brought 4 yards more. Andrews threw a high pass to Jensen. If that pass had been inches lower Jensen would have scored. He had a clear field before him and he tried hard to get that ball but it was to high.

Wayne attempted another pass in an endeavor to score but this time Nickle was the receiver and he ran 20 yards with it before he was downed. Kearney tried passes but failed, then they kicked. Andrews again returned but the game ended before the next play could be called.

## Young Bass Placed In Lakes Along Elkhorn

John Ashburn's nursery pond at Tilden was drained about two weeks ago and approximately 30,000 young bass taken out. The bass were transferred to deep sloughs along the Elkhorn river. State Fish Commissioner Nichols, supervised the transfer.

## AMERICAN LEGION ANNUAL DANCE IS ARMISTICE NIGHT

The Local Post Of American Legion Announce Plans For A Big Dance Armistice Night

The local Post of the American Legion have announced they will hold their annual Armistice dance at the Colonial pavilion, Nov. 11.

They have obtained McDonald's 10-piece orchestra for the occasion. McDonald's orchestra is too well known in Wayne to need an introduction.

Each lady attending will be given flowers free. Hall & Son will donate the flowers for the occasion.

Those who have attended the American Legion Armistice dance in the past know that it is the one big social event of the season, so take your pencil and mark that date November 11, Armistice Night, as reserved for the Legion Armistice dance. There will be a good time assured for all who attend, and they will all be there so you had better get a date now with your best girl for Armistice night, for the American Legion dance.

## Bill Mellor Breaks His Collar Bone

Bill Mellor Will Be Sadly Missed In The Games. Is Big Defensive on Right.

When the Wayne Bulldogs line up for the Pender high school fray this week-end they will be without the services of Line-captain Bill Mellor.

While carrying the ball around end on a double pass play he was tackled and upon falling fell upon his left shoulder and broke his collar bone.

Captain Mellor is the big defensive gun on the Bulldog right side. His absence makes a hole which will cause Schneider a lot of worry. Alphons Martischang will probably get the call for that position. Mellor is without a doubt out for the rest of the season. He thinks he will be able to get into that return game with Pilger here on November 23 but Coach Schneider won't take the risk with basketball coming along right after that game.

Tyrrell, Bulldog regular quarterback has a badly bruised shoulder and will be out of the Pender game this week and probably the game after. Swanson will be playing that position with Theobald calling the signals.

## Depositor's Claim Before Court Of Appeals

Courts Decision Expected Within 30 Days on Depositor's Claim For Refund of \$7,600.

The case of Albert Ebmeier against George G. Cronkleton receiver for Laurel National bank, in which Judge Woodring in Federal court at Norfolk a year ago, found in favor of Ebmeier, has been appealed to U. S. Circuit court of appeals which had its first setting at Omaha Monday of last week.

Ebmeier seeks the return of \$7,600, proceeds of a shipment of stock, which he deposited shortly before the bank was closed, on the grounds that the officials had knowledge of the fact that the bank was insolvent at the time they received the deposit.

H. A. Welch and H. E. Simon of Wayne represented Mr. Ebmeier, while H. D. Addison of Wayne represented the receiver.

Decision of court is expected within about a month. Mr. Ebmeier lives 9 miles north of Wayne.

## Sand Pit Discovered on Johnson Farm

Andrew Johnson, while doing some excavating on his farm which lies about midway between Wayne and Wakefield, has discovered what appears to be a very valuable sand pit.

The vein of sand was discovered at a depth of about three feet and Mr. Johnson is investigating to determine the extent of the vein which is said to be suitable for concreting.

Due to the scarcity of a good grade of sand and gravel in this section of the state Mr. Johnson's discovery is receiving considerable attention and may prove very valuable.

**JACQUESOL---the Champion Cleaning Fluid!**

Expert cleaners tell us that this solvent is the best ever discovered for cleaning furs, silks and woolsens. It does not leave the garments hard or dry as when cleaned in gasoline, but rather leaves them with a beautiful gloss, a soft feeling and a finish like new.

JACQUESOL puts life into garments and that is what clothes must have to give good wear. They all say: "My, how do you put such a nice gloss and soft feel on your cleaned garments?" The secret lies in the fact that we use this new solvent JACQUESOL.

Bring them in, folks. Let us clean them for you.

## Telephone Hour . . . a new way to keep Family Ties alive

THE Family is gathered in the library . . . it's Telephone Hour—and the missing members of the Family are "coming home" for their regular Sunday morning chat!

Dad will call Marjory first, at college. It has been a thrilling week. Tuesday night the glee club concert. Last night the sorority dance . . . and the Family must hear all about everything.

Then he will telephone Junior in the big city, where he has gone to make a career for himself. He hadn't been away from home for any length of time, before . . . But someone thought of Telephone Hour. And now he hears Dad's and Mother's voices regularly, and gets those bits of encouragement that are so important.

And then the Family will talk to Dad's folks up-state—a surprise call.

Telephone Hour is a new way to keep family ties alive. Talking to loved ones is next best to seeing them. You can do it so quickly, easily, inexpensively. Someone, somewhere, would like to hear your voice—now. Telephone today.

THE FUTURE OF RURAL ORGANIZATION

The agricultural mind of the nation has been turned toward Ames, Iowa, where the twelfth annual conference of the American Country Life has been held during the past week.

From as scattered points as New England and Oregon, and all states between, leaders of farm thought were gathered on Iowa State College campus to consider for four days the various phases of American agriculture as they affect the social welfare of individual farmers.

At this first conference ever held west of the Mississippi river, interest was concentrated on the future of rural organizations in the United States.

Adult Education, co-operation, government and taxation, health and social welfare, religion, rural schools, urban-rural relations and rural youth all received special attention in sectional meetings, however.

POOR OLD NEBRASKA

The Nebraska Farmer under the guise of "Poor Old Nebraska" gives us some figures on the October Crop report of the Federal Department of Agriculture which should cause our neighbors in the "Tall Corn State", to take out their pencil and paper and do a little figuring on long profits.

The report mentioned above states that the government estimates as of October, Nebraska's corn production is estimated at 221,437,000 bushels, which is approximately thirty million bushels higher than the September estimate, and nearly ten million bushels above last year's crop. It is even seven million bushels higher than the five-year average production for the state.

What many people were bemoaning a few weeks ago as a poor crop has matured into a splendid yield. The northeast section fares the best in corn prospects, but considering all crops the entire state has produced highly satisfactory yields and at prices considerably better than a year ago.

They give the high spots in the 1929 crop production for the state; An oats yield of 82,544,000 bushels as compared to the five-year average of 68,544,000 bushels; an all wheat production of 55,441,000 which is approximately the five-year average production; a potato yield of 8,272,000 bushels compared to 10,080,000 last year, but worth more to the grower than last year's crop; a sugar beet yield of 1,093,000 tons compared to 1,021,000 tons last year and the five year average production of 934,000 tons; and alfalfa hay production of 2,717,000 tons compared with last year's crop of 2,633,000 tons.

COMPLAINANT FAILS TO APPEAR BEFORE COMMISSION

In a recent issue of the Nebraska Democrat we referred to an article we had observed in our exchanges which stated a hearing had been called a few weeks previous by the Nebraska Acting Commissioner of Insurance on written charges which a complainant had filed against the issue of license to the State Farm Mutual Auto In-

urance Company of Bloomington, Ill. We stated in referring to the charge as mentioned in our exchanges of the mushroom growth of the company through its affiliation with and use of Farm Board Federations in Nebraska, of the charge they mentioned of C. B. Seward, Secretary of the Nebraska Farm Bureau holding a contract whereby he retained 2-3% of policy fees on Nebraska business, and the charge that the company was selling insurance below cost. "If those charges were true", we would suggest that some policy holders do some investigating otherwise they might receive a notice to pay up their assessment."

We have since been very reliably informed there was no foundation for any of the charges mentioned in our previous article, that the facts of the case are that the head of a competitive insurance company requested of the Insurance Department that before The State Farm Mutual Automobile Insurance Company of Illinois be relicensed on May 1, 1929, that the insurance department should hold a hearing at which the complainant and his associates desired to be present with their legal counsel and prefer charges against that company that it was not operating in accordance with the laws of Nebraska.

The Governor of Nebraska, so we are informed, was also addressed in these letters which this competitor and his associates demanded that a hearing be held.

The Governor instructed the Insurance Commission to arrange for such a hearing in as much as these men had made the demand in the proper way. The Insurance Commission, so we are informed, attempted to set several dates for a hearing but in each instance the complainant had some excuse for putting it off until a later date.

Upon request of defendant, C. B. Seward, that a hearing be held and charges filed, the commission designated July 2 at 10 o'clock at which time the complaint should be filed. About an hour before the time set for the hearing, we are informed, the Insurance Commission received a letter from the complainants refusing to appear for the hearing, upon which the Insurance Commission dismissed the hearing and renewed the license for the State Farm Mutual Automobile Insurance Company of Illinois.

We are glad to receive this information, and after having their form of policy explained we are convinced that they are entitled to the nice volume of business they have enjoyed over the state, and upon learning that we were incorrectly informed in our previous article, we are glad to make the correction.

**MACDONALD A PEACE PROPHET**  
Ramsey MacDonald's visit to the United States is important for many reasons—but perhaps the most important, with the intention of hastening the world-wide peace movement. When Armistice Day comes this year, the outlook for world peace, we hope, will be much brighter because of MacDonald's visit.

We have made many sacrifices for war, says MacDonald—why not make some sacrifices for peace? These words are notable and beautiful. They point at a new era of international understanding, loving-kindness the world over.

This apostle of peace—this good will messenger from Great Britain—comes not as Prince or King to these shores, but as simply Ramsey MacDonald, son of a Scottish farm laborer.

When Hoover and MacDonald speak, two men speak who have risen from poverty to great leadership, two men who have treasured and never abandoned the simple, sincere manners of their origins. Let us hope the accomplishment of these two figures, acting in friendship and cooperation, is great indeed.

At a special meeting of the Wakefield board of education, they decided to call a special election, November 12, for the purpose of presenting to the voters of the district the proposition of voting \$70,000 bonds for the erection of a new high school building in Wakefield.

AMONG OUR NEIGHBORS

(As told by our exchanges)

The Boys and Girls of the 4-H clubs of Wheeler county, sold 11 calves and 16 hogs on the South Omaha market last Thursday. The calves brought an average of \$14 a hundred, top for the class, and the hogs selling for an average of \$9.85 a hundred or 45 cents over the top for the day on the market.

A cow belonging to Martin Pfeiffer, who resides on a farm west of Winside, has given birth to three sets of twins in succession.

The Wisner News-Chronicle states that the Wisner band is showing a fine improvement since Professor Reed of Wayne has been directing it, and that every member is showing great enthusiasm in their work.

Governor Weaver in sending his greetings and hearty endorsement to the Teachers of Nebraska, who will assemble in Norfolk, October 31 to Nov. 1, says in part: "The teachers' conventions have been a part and parcel of Nebraska's educational advancement. They have become institutions for training teachers to properly instruct our 400,000 school children."

William Morris' is installing a 19,530 egg incubator at Neligh. The machine is electrically operated with the exception of the trays holding the eggs, which are turned by a hand operated crank turning the nineteen thousand and more eggs at one operation.

It is practically assured that Neligh schools will be equipped with the Smith-Hughes agricultural course in 1930.

Nebraska ranks fifth among the states in the value of farm property. Nebraska farms are well improved.

John H. Rebensdorf died last Thursday at his home near Pender.

For the season of 1927-28 in the United States including Alaska, more than 6,450,000 hunting licenses were issued and brought revenues amount to \$9,300,000 to the States.

Tom Murray, of Emerson, and Miss Dorothy Henrich, daughter of Mr. and Mrs. Geo. Henrich, of Wakefield, were united in marriage in Sioux City, Oct. 9. They will make their home in Wakefield.

Harold Henry, son of C. A. Henry of Wakefield, and Miss Selma Zastrow, daughter of Mr. and Mrs. Win Zastrow, of Emerson, were married at Chicago, Oct. 12.

By agreement between the same commissioners of Iowa and Nebraska, hunters with Nebraska license can shoot along the Missouri river on the Iowa side of the line, and vice versa. But no fair going ashore.

Temporary blindness as a result of an infection caused by diseased tonsils has been the experience of Velma Olsen, 15, of Hartington.

Payment of the first dividend amounting to 30 percent, was made last week by Geo. G. Cronkleton, receiver, to creditors of the First National Bank at Coleridge.

Oil In Cedar County?

Roy Chamberlain, who is in charge of the Wynot village artesian well machine, has been engaged for some time in sinking a well on what is known as the Hitchcock & Kindwall ranch in the hills east of Wynot.

He struck a rock formation at less than 500 feet that it required 15 or 18 drills to get through, and just beneath this, at a depth of over 500 feet, he penetrated a grey, oily strata. It is said that experiments with the "oil" show that it will burn. If left standing, it will not separate from the soil accompanying it, nor settle. Samples of this "oil," together with some of the powdered rock through which Mr. Chamberlain drilled, were sent to the state agricultural school for analysis. The report from state men is awaited with interest.

Pioneering In Journalism

Through the courtesy of Mr. Krempke, Wayne's genial news dealer, and Bill Bentow, we were given permission to inspect a copy of the New York Clipper which is the property of Sam Barnes, and carries a date of January 1875. Apparently all the news it carried was set by hand in four and six point type, printed on a very coarse paper, and carries several poems of the front page. The style of makeup is quite a contrast to the modern paper of the twentieth century.

Miss Natalie Erleben and her brother, Austin, were Thursday evening callers in the Anton Granquist home.

The tables were attractive with center pieces of yellow and pink Chrysanthemums and hallowe'en place cards. Garden flowers were used about the rooms.

A delicious three course luncheon was served by the hostesses, assisted by Mrs. Louis Bendine and Mrs. Alfred and Mrs. George Sweigard. Prizes were awarded Mrs. H. E. Siman, Mrs. Frank Wilson, Mrs. L. W. Needham, and Mrs. Bert Lewis.

"CIVILIZING" RURAL AMERICA

In the progressive localities the farmer no longer wallows in mud, or over gravel, when he comes to town to sell produce or to see a movie. Feder roads with low cost waterproof surfaces of oils or asphaltic materials are rapidly replacing the cow trails. The telephone, the radio and the automobile have done much to "civilize" rural America, and now good roads are finishing the job.

AUTO MANUFACTURERS HELP SOLVE ACCIDENT PROBLEM

It is possible that a part of our automobile accident problem is being solved by the automobile manufacturers themselves. Traffic congestion continues to grow, with consequent increase in the driving hazard. But progressive in automobile design and equipment each year affords the motorist greater security.

Out of the "tinny", rattling, automobiles of a few years ago has grown the all-steel body, with its great resistance to strain and shock. Many other safety devices of equal importance have been developed. In comparison to the early motor vehicles, the modern car is, in effect, a suit of armor around the occupants. Safety first should be the preeminent feature of present-day automobile construction.

Mr. and Mrs. Anton Granquist and family were Sunday supper guests and spent the evening in the Lyle Gamble home Oct. 13.

Mr. and Mrs. Robert Killion and children of Wakefield were Sunday dinner guests and spent the day at the Harry Bennett home.

Reward Suggested

For "Dead Bandit"

New Plan Would Provide a Reward of \$3,000 For Every "Dead Bandit", In Nebraska

The Nebraska Association, has proposed a reward of \$5,000 for every dead bank bandit in Nebraska. Though the original agreement was approved by more than seven hundred state and national banks it has not gone into effect, a new agreement calling for three thousand dollar reward was drawn up and banks are voting on it.

About 385 of the necessary 425 banks have favored the new proposal. The association has studied cost of liability protection in case an innocent person should be shot.

Europe Concedes

Supremacy To U. S.

In a recent interview at Kansas City, Mr. Dr. Andre Grotti of the surgical staff of the University of Ohio College of Medicine, predicted that in a few years students will be coming from Europe to attend medical schools in the United States instead of flocking to Europe to study. His lecture at the Southwestern Clinical Conference held at Kansas City before an audience of more than a thousand physicians he declared Europe is about to concede supremacy to the United States in the fields of medicine and surgery.

Miss Bess Rew Entertains.

Mrs. Clarence Rew and Miss Bess Rew entertained the Social circle and their husbands at 7 o'clock dinner, last week Wednesday, at the S. H. Rew home. Halloween decorations were used for the tables and about the home. In the after dinner diversion prizes were received by Clint Troutman, Oscar Ramsey, Mrs. Ben Lewis and Mrs. Robert Prince. Miss Ella Durham, Miss Irene Iversen and Miss Dorothy Rew assisted the hostess in serving.

Entertained at Luncheon.

Mrs. Mary Reed was hostess to the Womans club, at 1 o'clock luncheon Thursday, October 17th.

All members of the club but two were present and enjoyed a delicious two course luncheon. The table decorations were unusual for Nebraska at this time of the year, being beautiful, Columbia roses from Mrs. Reeds own rose garden. Place cards and room decorations of flowers carried out the club colors, white and gold.

Following luncheon the club held a regular meeting. At the close of the business session, the following program was given with Mrs. I. C. Brown as leader:

Roll Call ..... Music Song by the club, Mrs. H. E. Siman at the piano.

Vocal Solo ..... Mrs. V. L. Siman

# Poultry Club Members Receiving Recognition

For the first time the Nebraska delegation of 4-H club champions to the National Club Congress in Chicago will contain a poultry club champion member and champion local leader. The winners will be decided within the next few days. The Congress at Chicago is to be held the first week of December.

Nebraska poultry interests including the Poultry Improvement Association, the Accredited Hatchery Association, and the Poultry and Egg Association pay for the trips. They are also awarding five trips to the 1930 club week to county champion poultry club members.

Encouragement is also being given poultry club members to attend college. One of the propositions is sponsored by the poultry department of the college of agriculture and provides for a brood of turkeys for a successful poultry club member who will use the money later to attend the college of agriculture at Lincoln.

Harlan Peterson of Valley is now a freshman in the college, paying his expenses with money he has earned in such a turkey project. Eugene Walker of Dunbar plans to come to college next year after he graduates from high school. These two boys were the first to cooperate with the poultry department in the turkey project.

The other encouragement towards the college education is a national scholarship, \$300 offered by the national champion poultry club member each year. Nebraska's state champion will be a candidate for this scholarship at Chicago in December.

The same company is offering medals to all poultry champions next year in counties where five or more club members keep records of egg production, income, and expenses on fifty or more hens. The grand championship of this new offer is another trip to Chicago to the National Club Congress of 1930 with all expenses paid. Club members who expect to qualify for this award should start now with their flock management project.

The offering of all these prizes has encouraged poultry club work a great deal, according to J. H. Claybaugh, of the extension service at the college. The big job before club members at the present time is to finish up the 1929 projects in a satisfactory manner. Poultry club members, like all other club members are being urged to "clinch-the-nail" and properly complete the job they set out to handle last spring.

# Sioux City Station To Reopen Soon

After a short period of broadcasting, KSCJ, station of the Sioux City (Ia.) Journal is inactive due to readjustments and improvements and will soon be reopened, and will be associated with the Columbia chain. The station will continue to operate with a power of 1,000 watts.

A crystal control panel is being added. New transmitting equipment consists of two aerial towers and a transmitting station now placed at First and Bluff streets.

A forest fire will burn out, but one can never arrest the effect of a cruel word. It will go on forever with its devastating work of embitterment, poisoning friendship and wounding love.

MOST people know this absolute antidote for pain, but are you careful to say Bayer when you buy it? And do you always give a glance to see Bayer on the box—and the word genuine printed in red? It isn't the genuine Bayer Aspirin without it! A drugstore always has Bayer, with the proven directions tucked in every box:

Aspirin is the trade mark of Bayer Manufacture of Monocetolacetic Acid of Salicylic Acid

# Acid Stomach

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention. One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude methods, never continue to suffer,

when you learn how quickly, how pleasantly this premier method acts. Please let it show you—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

## Speed and Sanity

THE speed and pressure of modern life is responsible for many modern physical ailments according to speakers before the last American Medical Association Congress held at Portland, Oregon. Dr. Joseph Eckel of Buffalo, a psychiatrist, stated that the daily excitement of our modern existence not only affects the mind, but that mental disorders due to the pressure of environment "may produce deafness, blindness or serious gastric symptoms."

Dr. Lovell Langstroth of San Francisco said that, while most Americans had advanced beyond the fried potatoes, sweet potatoes and pie for breakfast diet, the liking for menus conducive to degenerative diseases remained. He stated that out of 501 ailing persons studied, 88 per cent had been living on a diet chiefly composed of bread, meat, potatoes, sweet po-

tatoes and other foods poor in vitamins. Many of them improved on a diet of milk, fresh fruits and vegetables, he added.

### A Modern Cure

Modern commercial canning furnishes a palliative for high pressure work in the kitchen and a cure for unhealthy diets, which are totally unnecessary now that such a great variety of wholesome foods can be bought at reasonable prices in cans. Canned foods are always ready, and they have been cooked thoroughly, thus taking a great deal of work out of the kitchen. They are prepared in such a handy manner as to be easily accessible, processed in an absolutely sanitary way, and they provide the priceless vitamins which are found wanting in the ill chosen diets described above.

## BURT COUNTY 4-H CLUB MEMBERS IS GUEST OF BUREAU

His Past Three Years Record of Achievement Sets a High Mark For 4-H Boys to Try For.

### WINS ELEVEN PRIZES IN 3 YEARS

Arthur Peterson of Oakland is attending the National Dairy Show as the guest of his Burt County Farm Bureau. He received the trip because of his outstanding work in dairy club projects during the last three years. While at the show he will enter the judging contest open to members of dairy herd improvement associations.

During the past year he has taken eleven important prizes. Last year he was a member of both the Nebraska champion judging team and demonstration team. He and his brother and cousin represented the state in 4-H club competition at Memphis, Tennessee.

At the present time he has five heifers of his own averaging over 350 pounds of butterfat per year. These heifers were produced in his dairy club work. The boy is eighteen years old and still an active member. During the past year he has been assistant leader of the local dairy club and coach of their judging team. Next

year he will be the club leader. In another year he expects to enroll at the college of agriculture to specialize in dairying.

Nebraska had 330 Legion men and Auxiliary women at the Louisville, Ky., convention. They supported Mrs. Donald McRae of Council Bluffs for president of the Auxiliary, and won. The Hasting Auxiliary quartet won third place among 43 contestants.

# SOCIETY and Club

**Minerva Club.**  
The members of the Minerva club and their husbands served a 6:30 covered dish dinner, served cafeteria style, at the Clarence Corbit home Monday evening, Oct. 21. Mr. and Mrs. Homer Seace and Mrs. E. J. Randall were guests.

Halloween decorations of orange and black, fiery jack-o'-lanterns, black cats, and other weird creatures of the night gave the yard and the house a gala appearance in keeping with the occasion. The dinner was followed by a social evening of halloween games and stunts. In the cat guessing game, Mrs. Conn and Prof. F. G. Dale won high and Miss Martha Pierce won low. In the game of suitable names for men according to their occupations, Mrs. J. S. Horney won low, and Mr. Horney and Mrs. Lutgen won high. Advertising pictures were passed to each one as subjects for one minute talks. In this, Mr. Horney and Mrs. L. Roe won for the men and the women respectively. The evening was closed with stunts and group singing led by Mr. Horney and Mr. Dale. The whole affair was very unique and entertaining.

Mr. and Mrs. Ed Hammer and children spent Friday evening at the August Kay home.

Mrs. W. C. Farnsworth of Brunswick came last Wednesday to the Wm. Palmer home for a visit. Mr. and Mrs. Palmer took her home by auto Monday.

Corn in this vicinity is going from 40 to 60 bushel with most of it averaging from 45 to 55. The bad wind storm that visited us in August caused much damage and cut the yield by blowing the corn down and breaking the roots.

A group of relatives spent Monday evening at the Henry Brudigan home in honor of Wm. Brudigan's sixteenth birthday.

Mrs. George Crossland spent Thursday afternoon with Mrs. E. M. Laughlin.

Ivan Farnsworth is husking corn for Wm. Palmer. He is Mrs. Palmer's brother.

Mr. and Mrs. Wm. Palmer are leaving our vicinity in the spring as relatives of the owner want the place. Mr. Palmer has not located a farm yet. He is a good farmer and a good neighbor, and we wish him success.

Mr. and Mrs. Henry Brudegan entertained the following relatives for dinner Sunday: Mr. and Mrs. Max Brudegan, Mr. and Mrs. Fred Thompson and family of Wakefield, and Mr. and Mrs. George Giese and family.

Mr. and Mrs. Wm. Palmer and family, Mrs. W. C. Farnsworth and Ivan

Farnsworth of Brunswick drove to Concord Sunday and took dinner at the Herman Lehman home, and spent the afternoon there. They spent Sunday evening with Mr. and Mrs. Reel at Concord.

Mr. Carlson of near Winside has put up two new porches on the house on his farm occupied by Mr. and Mrs. John Harstman. They add materially to the looks and comfort of the home.

The La Porte Community club plan to have a six o'clock dinner at the Carl Sundell home for Sunday evening. Mrs. Sundell, Mrs. Edgar Larson and Mrs. F. C. Sundahl have charge of the arrangements.

## Mail Air Pilot Establishes Record

Officials of the Boeing Air Transport company, Chicago, Ill., announced on Tuesday of last week that E. Hamilton Lee, Air mail pilot, on Monday night preceding had completed his 1,250,000 miles in the air.

Officials of the company announced in giving Lee credit for establishing a record for aviators that Lee took up flying 16 years ago, has had 12,740 hours in the air, eight thousand of which have been spent flying the air mail. He has never had a serious accident.

## Stop Poultry Thieving

Poultry thieving seems to be on the increase throughout Wayne county. It is useless to lock the door after the horse has been stolen, but an ounce of prevention is worth a pound of cure.

There are a number of poultry markers on the market. There is one which is a tattoo under the wing marker for chickens, ducks, geese and turkeys.

These markers are registered with sheriffs and poultry dealers throughout the entire Northwest.

This makes it possible to positively identify poultry having your individual brand as belonging to you.

## AN EERIE HALLOWE'EN

HALLOWE'EN is the time of witches, and the best witch we know of are the three old crones who mutter the marvelous incantation in Shakespeare's "Macbeth." The incantation has to be abridged and edited a bit, but it is a most appropriate thing for the hostess at a Halloween party to chant at the head of the table with her guests joining in the refrain:

"Round about the caldron go;  
In the poison'd entrails throw—  
Toad, that under coldest stone  
Days and nights has thirty-one  
Swelter'd venom sleeping got,  
Boil thou first i' the charmed  
pot.

Double, double, toil and trouble;  
Fire, burn, and caldron, bubble.  
Fillet of a Fenny snake,  
In the caldron boil and bake:  
Eye of newt, and toe of frog,  
Wool of bat, and tongue of dog,  
Adder's fork, and blind-worm's sting,  
Lizard's leg, and owl's wing.

Double, double, toil and trouble;  
Fire, burn, and caldron, bubble.  
Scale of dragon, tooth of wolf,  
Witch's mummy; maw and gulf  
Of the ravin'd salt-sea shark;  
Root of hemlock, digg'd i' the  
dark;

Liver of blaspheming shrew,  
Gall of goat, and slips of yew,  
Sliver'd in the moon's eclipse,  
Nose of Turk, and Tartar's  
lips.

Double, double, toil and trouble;  
Fire, burn, and caldron, bubble.  
Cool it with a baboon's blood,  
Then the charm is firm and good."

That will certainly provide the proper atmosphere for Halloween.

and now for the setting. Instead of the conventional pumpkin head Jack-o'-Lantern, have as a centerpiece a big caldron, or cooking kettle. It would add an eerie touch if some salt and alcohol were burned in it to make blue flames. There should, of course, be a profusion of witches astride of broomsticks and of black cats. These can be cut from decorated crepe paper and made to stand up by means of wires.

For the food at such an entertainment you must have dishes suitable to the occasion, decked out with fittingly gruesome names. A suggested menu, calculated for eight people, consists of:

Devil's Stew  
Celery Fringes and Ripe Olives  
Baked Ham Halloween  
Baked Sweet Potatoes  
Sautéed Parsnips Toasted Rolls  
All-Saints' Salad  
Witches' Spiced Shortcake  
Orange and Black Mints  
Coffee Cider

**The Recipes**  
**Devil's Stew:** Scald three cups of milk. Smooth two tablespoons of flour with one-half cup of water, add to the milk, and cook until slightly thickened. Add the contents of an 11-ounce can of peas which have been simmered three minutes in their own liquor. Bring the contents of a 5-ounce can of oysters to scalding in their liquor, and add. Season with two tablespoons of butter, salt and pepper, and serve.

**Celery Fringes and Ripe Olives:** Cut sufficient celery for eight people in one and a half inch pieces, and fringe each end till the fringes meet in the center. Let stand in ice water until well curled. Have the olives very cold. Arrange the celery fringes and olives on a shallow dish filled with cracked ice.

**Baked Ham Halloween:** Chop one cup of celery, one cup of carrots, one-third cup of green pepper and two tablespoons of onion very fine, and sprinkle over a two-pound slice of ham in a baking dish. Pour over this four cups of strained tomato juice, and bake in a moderate oven (325°) for from an hour and a half to two hours, or until the ham is tender.

**Salad and Dessert**  
**All-Saints' Salad:** Remove the pits from about two dozen canned breakfast prunes and stuff the cavities with well seasoned cream cheese (or cottage cheese). Chill in ice box for several hours. Have a jar of stuffed oranges in syrup also well chilled. (You can get these at any large grocery store.) When ready to serve, cut oranges in very thin slices, and arrange three slices over-lapping in a bed of lettuce. Arrange two or three stuffed prunes on top, and garnish with a little cream mayonnaise.

**Witches' Spiced Shortcake:** Mix and sift two cups flour, four teaspoons baking powder, one teaspoon salt and two tablespoons sugar. Cut in six tablespoons shortening. Add three-fourths cup milk, roll or pat out fairly thin, and cut with a biscuit cutter into rounds. Put two rounds together with a little melted butter. Bake in a hot oven, 450°, for about ten minutes. Remove from oven, split open, and spread the following sauce between and on top:

Mix together the contents of two 11-ounce cans of apple sauce, four tablespoons sugar, one and one-half teaspoons allspice, two tablespoons butter and four tablespoons water, and heat to boiling. Cool slightly, and spread between and on top of the above shortcakes, and serve them hot.

**EFFICIENCY IN LAW**  
The Old Bailey in London is the most famous criminal court in the world. And in the opinion of James M. Hepbron who writes on it in the Baltimore Sun, it is likewise the most efficient.

There are many things in the letter of English law that would not appeal to liberty-loving Americans. But in its administration, and the swiftness with which justice is meted to offenders, it must enlist our admiration.

Pettyfogging technicalities, delays, tricks, mad-sentiment either for or against an accused, are not tolerated. Commonsense and wisdom dominate the entire proceedings, and decisions come quickly and fairly.

This country does not need more laws further restricting law-abiding citizens in the hope of preventing crime, because criminals obey no laws. We need less legislation, better enforcement of existing laws, surer punishment and scientific study of conditions which produce crime and a program for correcting such conditions.
