WAYNE RESIDENT FOR MANY YEARS DIES SATURDAY

A. A. Chance, Resident of Wayne County Since 1886, Passes Away at Home Here.

HAD REACHED AGE OF 66 YEARS

Mr. A. A. Chance, resident of this city many years, passed away at his home here last Saturday afternoon, after an illness of about a year.

Andrew A. Chance was born March 15, 1863, in Chariton, Iowa, and died at the age of 66 years, 7 months and 24 days, Saturday November 9, 1929, at his home in Wayne, Nebraska. He had been ill about a year and thought to be improving when he returned home from a twelve week's stay in an Omaha hospital a few weeks ago. However, he again began sinking, and being unable to rally, the death angel took him at 5:40 o'clock the afternoon of his passing.

Mr. Chance came to Wayne county, Nebraska in 1886 and has resided in Wayne many years. On November 25, 1909 he was married to Alice Bosteder. Three children were born to this union. They are Guy and Blanche Chance of California, and William Chance of Wayne. Mr. Chance was a stone mason by trade and also served as city marshal at Wayne for four years. He was affiliated with the Baptist church and was a member of the I. O. O. F. and the A. O. U. W. Lodges.

Funeral services were held Tuesday afternoon, November 12, in the Beckenhauer funeral parlor at 2:30 o'clock. Prof. S. X. Cross officiating. Music was furnished by the members of the Rebekah lodge. Interment was made at the Greenwood cemetery at Wayne, Nebraska. Unfortunately, the children who are in California were unable to be present.

Those left to mourn his departure are his widow, his three children, and a number of friends. The Democrat extends to them its warmest sympathy in behalf of itself and the community, and wishes to speak the word of encouragement that even in death there is hope to those who know the Lord, and what is called death is but its shadow.

Billy Sievers and Carl Thompson Arrive Here

Billy Sievers and his cousin, Carl Thompson, arrived here Saturday evening from Lancaster, California, near where they have been farming in Antelope valley. They drove through in Mr. Sievers' car. Mr. Sievers is visiting his mother, Mrs. Emma Sievers of this city, and other relatives and friends in the vicinity. He plans to return to California next spring. Mr. Thompson is visiting his wife and other relatives and friends in the A. H. Brinkman home where his wife has spent the past summer. Mr. and Mrs. Thompson expect to farm the Thompson place southeast of Wayne this coming year.

Both Mr. Sievers and Mr. Thompson are former residents of the vicinity, and their many friends are glad to have them back with them again. The Democrat joins their friends in extending them a hearty welcome to Wayne and vicinity.

Partook Freely Of Moon And Get Jail Sentence

Jessie Wells, Ora Perkins and Charlie Thompson after drinking freely of moon, Sunday evening started for a ride in an auto and of Main street of our fair city bumped a car, the property of George Meyers who resides northeast of Wayne, in Dixon county, damaging Myers car to the extent of \$40.05. About this time Officer George Patterson appeared on the scene and escorted the gentlemen to our city jail. They appeared before Judge Cherry last Tuesday and he presented each of them with a sentence of twenty-nine days in jail and court cost.

MRS. A. FRANZEN TAKEN BY DEATH

Passes Away at Home Here Monday November 11, After Serious Illness of Many Years

Mrs. Marguerite Franzen, resident of Wayne since 1925, passed away at her home here last Monday, November 11, 1929, after a long illness.

Mrs. Marguerite Franzen, nee Jacobsen, was born June 1, 1865, in Schleswig Holstein, Germany, and died at her home in Wayne, Nebraska, November 11, 1929, at the age of 64 years, 5 months, and 11 days. She was baptized and confirmed to the Evangelical Lutheran church. In January 1886, she was married to Asmus Franzen. In 1888 she and her husband came to America, settling in Omaha where they resided four years. They came to Wayne county in 1892, residing on a farm until 1925 when they moved to Wayne. Mrs. Franzen has been in failing health the past thirty years, suffering from gall stones and diabetes, and finally underwent an eye operation.

Funeral services will be held this afternoon, Nov. 14, at the home at 1:30 o'clock and at the Evangelical Lutheran church at 2:00 o'clock. Interment will be made at the Greenwood cemetery at Wayne. A host of relatives and friends are left to mourn her departure.

Besides the husband, seven sons and four daughters must bear the loss of the beloved wife and mother. They are the husband, Mr. Asmus Franzen; the sons, Otto, Will, Henry, August, Charles, Herman, and John Franzen; and the four daughters, Anna Franzen of Wayne, Mrs. Katie Otto, Mrs. Emma Schroeder, and Mrs. Helen Nelson. The departed is also survived by three sisters, Mrs. Charles Thun of Wayne, Mrs. August Thun of Wayne, Mrs. Otto Krey of Laurel; by three brothers, Henry Jacobsen of Omaha, August Jacobsen of Bancroft, and William Jacobsen of Wayne; and by eleven grandchildren, three daughters-in-law, and four sons-in-law.

The Democrat joins the many friends of the deceased and the bereaved in extending the kindest sympathy.

Swift & Company Open Cream Station

Mac Johnson Passes Away In Wyoming

Mac Johnson, who formerly resided on a farm about four miles south of Concord, passed away recently at his home in Douglas, Wyoming. His body is being brought to Wayne, and is expected to arrive here tomorrow afternoon (Friday).

He is well remembered by many of the people of Wayne and surrounding vicinity. Mrs. George Schalus of near Wayne is a daughter of the deceased, and at this writing, was in Douglas.

Armistice Celebrators Pay Heavy Fine In Court

James Plith, of Oakland, and C. C. Girardot, of Pender were arrested in Wayne Armistice night by Sheriff Stephens and taken before Judge Cherry Tuesday, on charge of being drunk and fined \$37.50 and \$32.50 respectively.

The sheriff found it necessary to call a doctor for young Plith who had become quite sick from the effects of the whisky. This increased Plith's court cost the additional five dollars.

Coupe Turns Turtle When Axel Bolt Breaks

Reo Mears and Brownie Isom were returning from Pender Thursday evening in a Ford coupe, owned and driven by young Isom, and while coming down a hill about eleven miles this side of Pender a spindle bolt in one axel of the car broke causing Isom to lose control of the car and it went into the ditch, turning turtle and pinning Isom underneath. With their combined effort he was released without injury and Mears only received a slight scratch on one hand.

The car was badly wrecked, and it appears a miracle that both were not killed or fatally injured.

DEATH ANGEL CALLS MOTHER OF WINSIDE MAN

Mrs. Frederick Gaebler, One of the Last Five Mexican War Widows In U. S., Dies Friday.

REACHED AGE OF 94 YEARS

Walter Gaebler received word Friday that his mother passed away Friday morning at her home in Herman, Mo. Mr. Gaebler left on the 11:25 train for Norfolk and expected to meet his sister, Mrs. G. Ulrich, of Ainsworth, Nebr. and they will go on to Herman, Mo. together.

Mrs. Frederick Gaebler, Mexican and Civil War widow died Friday morning, Nov. 8th at the age of 94 years and 10 days. She was one of the last five Mexican War widows in the United States.

Wilhelmine Ronneberg was born October 28th, 1835, in Altenburg, Saxony. She came to America in 1837 and grew to womanhood in Buffalo, N. Y. In 1858 she married Frederick Gaebler of Herman, Mo. Frederick Gaebler served in the Mexican war two years, 1846 and 1847 and in the Civil war from 1861 to 1865.

"Corporal Eagen" To Be Staged Here, Nov. 19-20

Corporal Eagen, story of army Rookie life, will be the play which the American Legion Auxiliary will present Nov. 19-20 at the Community House.

Red Eagen, who has been in the army for thirty days, writes his girl, telling her he is a captain. In the meantime a spy is discovered in camp and everyone starts to find the enemy. Sally, Red's girl, comes to camp to see her hero, and to avoid having her know he is on Kp Red hides. However, luck is with him, and he comes out still holding the love of Sally and besides, with a real promotion of Corporal.

There will be a minstrel between the first and second acts. Professor Hunter will act as Deacon Jones, the interlocutor. He will be ably assisted by four end men and a chorus of fifty voices. The jokes are all new and the songs are those old familiar airs so well known to the AEF. There will be a group of eight dancers who will do "Show Boat".

There will be a sailor and soldier specialty between the second and third acts, Richard Pinkham will be the soloist assisted by a large chorus and a dancing ensemble of beautiful girls.

The Patriotic Pageant, which will open the play, will have a cast of 100 children and a chorus of fifty voices.

The Universal Producing Co. are responsible for this unusual community activity, and have spared neither time nor money in making it the outstanding production of the year.

Wildcats Tie Game With Midland Warriors

A third tie score, 6 to 6, resulted for the Wayne Wildcats Friday, November 8, when the Midland Warriors came here hoping to tame the Wildcats by their deceptive line plunges and a daring aerial attack.

The Wildcats outclassed the visitors in line smashing, and Dennis punts averaged eight yards more than his opponents.

Anniversary Meeting Held In Wakefield

The anniversary meeting commemorating the 400th anniversary of Martin Luther's Catechism was held at the Salem-Lutheran church in Wakefield last Sunday, November 10, 1929, at 2:30 p. m.

Rev. C. T. Carlson of Concord gave a ten minute address in Swedish on "Luther's Catechism, Its Contents," and Rev. H. A. Teckhaus of Wayne gave a ten minute address in German on "The Relation of the First Three Parts of Luther's Catechism." Prof. Dr. W. F. Rangel of Fremont, Nebraska, the main speaker of the afternoon, delivered an address on "Luther's Small Catechism."

Special music was furnished by the Salem Lutheran choir, of Wakefield, by the St. Luke's Lutheran choir of Emerson, and by Miss Gretchen Teckhaus of the Evangelical Lutheran church at Wayne. Miss Florence Ekeroth of Wakefield presided at the organ.

A large number of people from Wayne and other surrounding communities attended the meeting, finding it very helpful as well as entertaining.

Only One Meter Needed to Use Light, Heat and Power; Saves Extra Meter Costs.

TOTAL SAVING 12% ON BILLS

Our City Council passed an ordinance last Tuesday regulating the furnishing and use of electricity in the city, which will considerably reduce the cost of the consumed and through the new combination rate the consumer will eliminate the cost of an extra meter where they desire to use electricity for heating the home, or for cooking purposes and for lighting.

The new ordinance forbids extending or tapping wires without a permit. Under the new combination rate the first thirty kilowatt hours will cost ten cents per kilowatt hour; the next thirty kilowatt hours will cost seven cents per kilowatt hour; in excess of sixty kilowatt hours the rate will be four cents per kilowatt hour. Also provides that a minimum charge of \$1.50 per month is established and shall be paid by each consumer using less than fifteen kilowatt hours per month.

New Commercial Rates

The new commercial rates should be of special interest to the business interest of our city and should encourage new industries. The new combination rate will include the use of electricity for all commercial purposes, providing that no single phase motor larger than two horse power be used on such combination rate.

The new ordinance also provides a special rate for users of commercial power only. To obtain this rate it will be necessary to install a separate meter.

New Minimum Water Rate

The new ordinance also provides a minimum rate to consumers of water of fifty cents for each quarter of a year and a discount of ten percent on water bills if paid on or before the tenth day of the month following the quarter in which the water is used.

Celebrate Golden Wedding At Dodge

Mr. and Mrs. Charles Hrabak of Dodge celebrated their golden wedding anniversary at their home Tuesday evening, November 5. A large group of relatives and friends, and all their children were present.

A six o'clock dinner was served, and the evening was spent in general jollity, fellowship and reminiscence.

Appropriate decorations of gold and white crepe paper, and lovely large, yellow chrysanthemums and yellow carnations beautified the home, symbolizing as well the meaning of the occasion.

About nine o'clock the Dodge band and the business men of town surprised Mr. and Mrs. Hrabak by coming to their home and playing for them. They also presented them with a silver cream and sugar set lined with gold, and a gold watch chain. Mr. and Mrs. Hrabak also received many other beautiful gifts from the guests of the evening.

Among those attending the wedding were their children: Mrs. Kretzsch of Scribner, Mrs. George Stockman and husband, Will Hrabak of Dodge, and Howard Hrabak with his wife and son, Gordon of Wayne, Mrs. Bessie Hrabak of Dodge, mother of Val C. Hrabak of Tilden was also among the guests.

Finds Settee Used By Parents 75 Years Ago

Last Friday an old settee over 75 years old arrived here for Mr. and Mrs. Robert Stambaugh. While they were visiting relatives and friends in the east last summer, Mr. Stambaugh found it in the home of a cousin in Blaine, Pennsylvania who had found it at a public sale and bought it. It is very interesting old antique and was used by Mr. Stambaugh's parents 75 years ago. Mr. Stambaugh desired it for a keepsake because it reminded him of his boyhood days. It came through express last week and now graces the home of the man in whose boyhood home it was a cherished article.

Bliss Praises Bank Reorganization Plan

Clarence G. Bliss, secretary of the state department of trade and commerce, in discussing the state bank situation before the Nebraska Bankers' association, in convention at Omaha last week, described the benefits of the bank reorganization plan as a "Dividend that cannot be measured in dollars and cents."

Since the inception of the law, Secretary Bliss stated, eighteen closed Nebraska banks have been reopened, largely through the cooperation and determination of the depositors' committees.

Assailing the receivership plan as long drawn out and an expensive process, the department head cited the state bank at Dalton which was removed from receivership and in an orderly manner turned over to local committee.

"It is purely a community proposition and it leaves banking problems in the hands of local interests without outside interference," Mr. Bliss declared.

He stated the system had enlivened the sale of real estate in the hands of closed banks to the extent that October sales of this land exceeded any other month during 1929. Total sales \$335,790.35 less incumbrances of \$446,025.00 had turned \$369,765.35 into the depositors' account.

Dividends to the depositors of twenty-five banks under the new plan, he declared, have been paid in the amount of \$643,345.33 since July.

The value of the plan and its influence, he said, could not be over-estimated.

Business conditions throughout the state were reported generally good, as the 1,000 members of the bankers association met at the Paxton hotel for the thirty-second annual convention.

Bank mergers, the bank guarantee law, tax questions, organization of regional clearing houses and bank failures were the chief topics of discussion at the opening of the convention.

Convict Wins Pioneer Story Writing Contest

The story of Major Frank North and his services with the Pawnee Scouts in wars against the Sioux Indians in Nebraska, written by Frank Connell, serving his fourteenth year of a life term in the Nebraska penitentiary for bank robber and murder, won the first prize, \$200, at the Diamond Jubilee pioneer story contest.

Connell was born on the Western Kansas plains, and his earliest memory, he says is of the great blizzard of 1888, when he was 3. At 15 he was a news butch on the E&O railroad

between Pawnee City and Oklahoma City. He knew the Pawnee Indians, became acquainted with "Pawnee Bill", and often heard of Major North, whom the Pawnees loved.

Later Connell moved to Denver, and there became acquainted with Buffalo Bill, White Elk and other pioneer scouts and Indian fighters, all of whom told him the story of Major North.

A Traveling Fortress

Bank architecture used to radiate an atmosphere of safety. Massive walls and huge vaults were displayed so that depositors could feel that here was Gibraltar. Later the note of stately beauty was added, and banking interiors resembled cathedrals. But the impression of strength and impregnability was still present.

Now branch banking requirements have taken a turn which no architect could have foreseen. Last week The Sun published a picture of an institution in Los Angeles which, abandoning the note of beauty, has gone far beyond the massive wall idea. It is an armored car, or tank, and every day it roams the suburbs of the Southern California metropolis, serving busy people who have no time to leave their work even to go to neighborhood branches.

The tank stops before a store, and depositors advance to a small barred window and do their business. Gun muzzles point from port hole at possible evil-doers, and armed guards loom menacingly about. Everything looks safe but very grim. It is a new atmosphere for banking. —Nebraska Journal Leader.

The fact that they are experimenting in producing smokeless fuel in Tennessee does not interest the Nebraska farmer. What he needs is "dynamite," to arouse the United States senate to a realization of his need of protection in the new tariff bill, which they now hope to pass, before Hoover's term expires.

The federal government last Thursday took steps to padlock twelve Milwaukee, Wis. drug stores which were raided Sept. 15 by prohibition agents. The action is the first instituted by the government to enforce the padlock provisions of the Volstead law against places primarily used for business other than the dispensing of liquor.

Colonel Price Delivers
Armistice Day Address

Colonel Geo. L. Price, soldier, world traveler and member of the law faculty of the University of Nebraska, gave the Armistice day address at the Kiwanis luncheon, at Hotel Stratton, last Monday.

He chose as his theme "Are We Keeping Faith?" In his eloquent presentation of his message he put the question, "are we individually, putting into our government all that we should?"

He called attention to our disabled veterans and the great amount of help they needed.

Colonel Price stated "that veterans of the world war, who had not already done so, should immediately get their records cleared up that they may be able to get compensation when needed." This problem has been a great handicap to our government in its effort to give compensation to those who are entitled to it.

The Kiwanians were honored by the presence of several members of the American Legion, also two veterans of earlier wars, R. P. Williams and Jack Hyatt. Veteran Hyatt, was with Sherman on his march to the sea, and he sang one of the songs that became so popular on that famous march "Marching Through Georgia." He sang with such enthusiasm that in memory he apparently lived over again that famous march and the song was greatly enjoyed by all present.

The following officers were elected to serve during the coming year: President, J. H. Kemp; Vice president, A. B. Carhart; treasurer, J. G. Mines; district trustee, J. C. Nuss. Directors to serve three years, L. W. Vath, Wm. Orr and Don Cunningham. After election of officers they were all requested to attend the regular board meeting which was held last Monday night.

Kiwanians And Herald
Are Hosts To Editors

Newspaper Editors and their wives, representing the different sections of Nebraska, with two from Iowa, were delightfully entertained by our Kiwanis club and the Herald, at Hotel Stratton Friday evening.

In the afternoon the guests were taken on a sight-seeing trip to many places of interest in our fair city: at 6:30 they were entertained at a delightful banquet at Hotel Stratton. William Beckenhauer, president of the Kiwanis club, presided. Our Legion band introduced the evening program with several selections, after which a clever one-act comedy, "Follow Suite" was offered by the State Teachers' college dramatic department.

Music during the serving of the five course dinner was provided by the Teachers' college orchestra, and the Kiwanis club Sextet sang a couple numbers.

Greetings were extended to the great urge of speed in present-day life.

A number of the visiting editors spoke, and all were very enthusiastic in their praise of the entertainment and banquet which had been provided for them.

Golden Wedding Celebration Is Held At Craig

Brother of Mrs. A. P. Gossard and Wife Are Married Fifty Years Tuesday, November 6.

HAVE AN IMPROMPTU WEDDING

Mr. and Mrs. John Bovee of Craig, Nebraska, celebrated their Golden Wedding anniversary Tuesday evening last week, November 6, 1929. Two-hundred and fifty guests were present, among whom were Mr. and Mrs. A. P. Gossard of Wayne and their son, Ted Gossard of Norfolk. Mrs. Gossard is a sister of Mr. Bovee, and was a witness at his wedding fifty years ago.

The celebration began with a three-course dinner at six o'clock, served at the church basement. Appropriate gold and white decorations and lovely roses, chrysanthemums, and various other kinds of flowers gave the place an elaborate appearance of striking beauty. Congenial fun and witty toasts added to the general pleasantries.

Following the dinner, the merry group went to the Bovee home which was likewise beautified with the seasonal colors and sweet-scented flowers. Here an impromptu wedding took place, quite solemnly as in the ago, with Mr. and Mrs. John Bovee acting as bride and groom, Mrs. A. P. Gossard as witness, and the Rev. Sorter of Plattsmouth officiating in much the same manner as they had done when Mr. and Mrs. Bovee were married fifty years before. The other witness at the wedding fifty years ago, Mr. William Bovee of Boonville, Mo., brother of the groom, was unable to be present. A little granddaughter acted as flower girl, carrying a basket of fragrant sweet peas. Many unique and beautiful gifts

were received by Mr. and Mrs. Bovee, including a magnificent floor lamp brought by their son, Lee, from California, and a large singing clock.

The whole affair was a time of cheerfulness and reminiscence.

On November 6, 1879, fifty years ago, John M. Bovee and Miss Clara Hancock were married at Craig, Nebraska, the Rev. Sorter, then of Craig, officiating. To this union were born four children, three sons and one daughter, all of whom were present at the Golden wedding. They are: Elmer and Walter Bovee of Craig, Lee Bovee of Los Angeles, California, and Dr. Mable Bovee of Craig. Mr. and Mrs. Bovee have lived in or near Craig since their marriage, having lived on one of the Bovee farms a part of the time.

Hurrah! Hats off to the City Council of Wayne

The directors of the Wayne Light and Power Company have put into effect new low rates on light and heat, saving the townspeople of Wayne thousands of dollars per year. Your light, electric range and all electrical appliances will now be on the same meter. The more you use the cheaper rate you get. The rate is based on 10c, 7c and 4c per kilowatt hour. For example: If you use 60 kilowatts and take your discount your bill will be \$2.16 per month.

Folks, this is the lowest rate in this part of the country. We have it all figured out and can tell you what your cost would be to cook and use all your electric equipment on the one meter. Light meters will be taken in on heat meters, at a small additional charge. Now who says they cannot cook cheaper with electricity than with any other known cooking device. Visit our store and get the details on this new low rate.

Wayne Public School News

Sixteen members of the band were out of school last week. They were in Omaha with the Wayne band which won state honors again.

Robert Adams and Stanley Merchant were playing the assembly march this week.

The Converse, the high school paper of Douglas Wyoming, was recently received in the Wayne school. In reading the paper we find several familiar names.

Edward Reynolds of Wayne is sponsor of the Journalism project. The project is the sponsoring and editing of all school papers. Mr. Reynolds also teaches Latin II, Spanish I and Spanish II.

Mr. Cecil Mau, who in the year of 1927 was head coach and a teacher in the Wayne school, is the head coach in Douglas high school in Douglas, Wyoming. He also teaches Ancient History, Sociology, Gym I and II.

Miss Dorothy Cooley, who taught the commercial department in 1928 and 1929, teaches Typing I, and Typing II, Shorthand II and Bookkeeping I in Douglas high school.

Book week begins the 17th of this month and continues until the 23rd. Posters have been placed around the assembly to encourage the reading of good books.

An Armistice Day program was held in the assembly Monday. Herbert Welch, lawyer of Wayne, spoke. Music was heard as a part of the program.

Office Notes

Fire drill was held last Wednesday. The building was cleared in one and one half minutes. Fire drill is scheduled to be held at least twice every month.

New window ventilators are being used this year. These ventilators are of great advantage because more air is allowed into the room. The ones used previously were in one piece, while these slide back and forth, having one half of the window open or they may be completely closed the length of the window.

Last week was "Education Week." The teachers presented their class work along that line.

Music

A change has been made in the operetta, "O'Hara Sam" by Edward Johnson will be presented instead of "Jerry of Jericho Road."

In the high school music class, original melodies have been written and harmonized. Some very attractive melodies have been written.

Commercial

Two new files have been placed in the typewriting room. The typewriting class is filling its work. Three different systems of filing will be used this year.

The bookkeeping class has received the bookkeeper's books of a miniature

Cute in a Baby—Awful at Three—and it's Dangerous
by Ruth Brittain

Thumb sucking does look sweet in a baby, but it is disgusting in the three-year-old and sometimes it hangs on until fifteen or sixteen! The habit may cause an ill-formed mouth or induce adenoids; and it always interferes with digestion. Pinning the sleeve over the hand; attaching mittens, or putting on cardboard cuffs, which prevent bending the arms at the elbow, are some of the ways to stop the habit.

Another bad habit—irregularity in bowel action—is responsible for weak bowels and constipation in babies. Give the tiny bowels an opportunity to act at regular periods each day. If they don't act at first, a little Fletcher's Castoria will soon regulate them. Every mother should keep a bottle of it handy to use in case of colic, cholera, diarrhea, gas on stomach and bowels, constipation, loss of sleep, or when baby is cross and feverish. Its gentle influence over baby's system enables him to get full nourishment from his food, helps him gain, strengthens his bowels.

Castoria is purely vegetable and harmless—the recipe is on the wrapper. Physicians have prescribed it for over 50 years. With each package you get a valuable book on "Infant Care." Look for the name H. P. Fletcher's signature on the wrapper as you'll get the genuine.

grocery business. The students are to act as bookkeepers of W. H. Good who is the proprietor. The students will write all checks for the business and handle all incoming and outgoing papers. The business will last two months November and December.

Seniors

The physics class has completed a study of the elasticity of matter and is now studying force. Interesting experiments showing the weight and diffusion of gases have been performed. Experiments on capillarity and diffusion of liquids are also being performed.

The United States history class has completed a study of the organization of our government and is taking up the study of westward expansion. Maps showing the routes of westward migration from the seaboard colonies have been made.

The geometry class is studying cylinders.

Juniors

The French I Class is taking up the study of the three regular conjugations.

The English III classes have finished the play Hamlet and have written imaginary themes based on the play.

The Junior class has decided on a class ring. Orders for the rings were sent last week.

Sophomores

The English II classes have finished "Idylls of the King." They were given a test over it last week. Scrap books, containing ten different pictures and scenes representing "Idylls of the King," were made and handed in. Pupils wrote a composition stating how the characters in "Idylls of the King" lived up to the modern code for athletes of today. They also wrote an original composition about an imaginary situation for "Gareth and Lyrette" and "Lancelot and Elaine."

The ancient history class is continuing with the staircase of time started at the beginning of the year. They are beginning the study of the Fusion of Roman Teutonic races.

The Caesar pupils have translated stories pertaining to the Roman boy's going to school in Greece. Roman boys were initiated on entering school, so the custom of initiation is not modern.

The plane geometry class is continuing the study of parallelograms.

Freshman

The English I class has finished the study of Silas Marner.

The losing side of the grammar contest gave the winning side a party at the high school building, Friday evening.

The English I A class has been studying punctuation.

The algebra I class has been studying the multiplication of polynomials by monomials and the multiplication of polynomial by polynomials.

Latin I students have been studying Roman schools. The Latin I A class has been having a series of tests.

Agriculture students are continuing the study of corn and the making of seed-corn testers.

The physiography class has been studying soils and the oceans.

Eighth Grade

The eighth grade had a hundred percent attendance last week.

Miss Mildred Waite was a visitor of last week.

The pupils had a completion test in the history and geography of Nebraska last week. They also had a test in Hygiene last week. Louise Heidenreich received the highest grade in the history test. Louise Heidenreich and Bessie Isom received the highest grades in the hygiene test.

The pupils are making a color study of the primary colors and their complements.

An experiment to explain osmosis was made by the eighth grade. The pupils hollowed out a carrot so as to have a large cavity with thin wall. They filled this cavity with a sugar solution. A cork carrying a glass tube was sealed into the top of this carrot. The liquid rose a foot or more in the glass tube.

Seventh Grade

A hygiene test was given. The two highest grades were; Paul Burison 100, and Frank Gamble 98.

An English test was given. Helen Vath received 95 per cent, which was the highest grade.

Stocks and Bonds are being studied in arithmetic class. The pupils brought the daily stock markets to school to be studied.

Sixth Grade

Mrs. A. T. Cavanaugh was a visitor this week.

The C A geography class is making a study of the sea ports of England. The pupils are also making special reports concerning the ports.

The history class has taken up the explorations of the new world by France and Spain. Reports on the explorations and the results are being given by the students. Helen Haas and Paul Young have made free-

hand drawings of the new world. These have been placed on the blackboard. Pupils draw in the discoveries as the class take them up.

Peggy Strahan was absent one day because of illness.

The B. class is taking outlining and using geography as a basis of their practice.

The English A pupils have learned the adjective and adverb in the past week.

A penmanship project has been started. If the first five lessons are approved, green stars are awarded.

Fourth Grade

The absences in the fourth grade last week were Franklin Simonin who was ill, and Ernest Hargett who was helping at home. There have been only two tardies, Wayne McMaster, and Charlie Thompson.

The fourth grade hygiene class is studying milk in a rather unique way. The class is writing a story containing six chapters about milk. The chapters are: MILK, what makes milk good for us, the care of milk, pasteurized milk, and the delivery of milk.

The fourth grade geography class has been studying the house of Patrick, a little Irish boy. The class is studying the product of Ireland, and the way people live there. The class has shown much interest in peat, the fuel of Ireland, and the flax fields of Ireland. Next week the class will contrast the home of Jacques and Marie, two little French children, with that of Patrick.

Third Grade

In the penmanship class Phyllis Finkham and Leon Buckley have completed their first project which entitles them to a green star. These pupils write well enough now to use pen and ink.

Mrs. H. J. Felber visited the third grade last week.

A poster showing wild geese flying south was made.

Esther Horn was absent last week. In drawing the pupils made stick men, showing the men in action.

Marion Vath brought a Thanksgiving story to school last week entitled "Nancy's Golden Thanksgiving Pie". She read the story to the class. Bonnell Jones brought a story also, entitled "Their Thanksgiving Visitor".

Second Grade

Mrs. A. T. Cavanaugh visited the second grade Thursday afternoon. Miss Mildred Wait visited last week, also Mrs. Leslie Ellis.

The pupils gave a demonstration of table manners at their Halloween party last week.

The language class is making Japanese booklets. The students are also dramatizing a play, "Amelia and the Dwarfs." The class will take up the study of colors next.

The reading class has completed the Bolencius reader and has started a new reader, "Under the Story Tree", which the children like very much.

The second grade pupils were weighed Wednesday and it was found that all of the students had gained during the month of October except two, who weighed the same.

Bobby Theis, Margaret Larson, J. M. Pile, Wilmer Ellis and Irene Hagerer are absent because of chicken pox.

First Grade

The language period has been devoted to talks on the month of November and Thanksgiving day.

The first grade class plans to take a trip to the public library during book week.

Nona Jane Hall attended the Diamond Jubilee in Omaha last week. Absences on account of illness last week were: Dale Powers, Frederick Alhvers, and Ida Harvey.

NOTICE TO CREDITORS

The State of Nebraska, Wayne County, ss.

IN THE COUNTY COURT

In the Matter of the Estate of Charles Killon, Deceased.

To the Creditors of Said Estate:

You are hereby notified, that I will sit at the County Court Room in Wayne, in said County, on the 15th day of November, 1929 and on the 15th day of February, 1930 at 10 o'clock A. M. each day to receive and examine all claims against said Estate, with a view to their adjustment, and allowance. The time limited for the presentation of claims against said Estate is three months from the 15th day of November, 1929, and the time limited for payment of debts is One Year from said 15th day of November, 1929.

WITNESS my hand and the seal of said County Court, this 25th day of October, 1929.

(seal) J. M. CHERRY,
County Judge.

Another illustration of the sacrifice a mother will make for her children's sake is illustrated by Mrs. Nellie Wagnor of Denver, Colo., mother of five who last week sought, by law, to force the city of Denver to save herself and children from starvation. The family is quarantined as a result of a doctor's diagnosis of one girl's illness as whooping cough.

Many Accidents Among The School Children

Lincoln Nebraska.—Accident statistics for Nebraska compiled by the Nebraska Press Association and the Rehabilitation Division of the State Department of Vocational Education. Report for the two-week period ending November 5, 1929. In this period there were 156 motor vehicle accidents in which there were 18 deaths, 178 injured. There were 33 other public accidents in which 8 were killed and 21 were injured. In agricultural employment there were 19 accidents in which 2 were killed and 17 injured. Among those engaged in industrial employment there were 9 accidents in which 2 were killed and seven injured. There were 25 accidents in homes; in which 4 were killed and 22 were injured. Of the 245 accidents 21 were permanently disabled. Gunshot injuries and fatalities went over the top for a high record during this two-week period with 6 injuries, 1 disability and 8 deaths.

*Football, too, is going strong with 3 serious injuries of which 2 or 3 are probable disabilities.

Of the 25 pedestrians run down by car during the past two weeks, 19 were school children—4 times as many children as adults. Yet in Nebraska, we have 3 times as many adults as children. This indicates that the chances for school children being struck by autos are 12 times as great as for adults. What do these facts indicate with regard to present programs of safety education in our schools?

If the following six months produce as many accident casualties in Nebraska as have the last six months, we will injure 6668 persons, disable 542 and kill 924 in one year by accidents.

Is it any wonder that following the leadership of the Press Association in the publication of the figures, the people of the state are demanding that a state wide public safety program be undertaken?

New York City Now Great Silver Center

The biggest store of pure silver in the U. S. lies under the pavement of Spruce street in New York City. It is kept in a huge vault reaching out under the street and belonging to a company that dominates the world's silver market. The law requires sterling silver to be 925-1000 pure, but the silver in Spruce street runs higher than 999-1000 pure.

Bars and ingots of the treasure are constantly coming into the vault from the world's mines; constantly they are being shipped away to mints and jewelry manufacturers in the U. S. and Europe. Armored cars and caged wagons are used to bring it in and to carry it away. Electric elevators carry it up and down between the vaults and the sidewalk level. Armed attendants are always on guard, and trucks are backed clear up to the elevator shaft so that the silver may be transferred with the minimum exposure. It is handled under guard on the docks and is kept in specie rooms on the ships and liners. The transportation is so efficient that the insurance rate from New York City to India is only 15 cents on \$100 worth. Not an ounce of silver has been stolen in the past 25 years.

Before the war London was the great silver bullion market. Now New York has usurped the place chiefly because the use of silver has become so much more extensive in this country.

Unique Distinction Falls to Nebraska

Nebraska is to have a very unique distinction. It is to have "the only monitor radio station in the country and perhaps in the world.

The United States Dept. of Commerce is now building the station on a fifty acre plot six miles west of Grand Island. When completed it will be the policeman of the air, its function being to check all radio stations to see if they are keeping within the frequency and power allotted to them by the federal radio commission. The station will report all "off" stations to the commission which will take its own measures to correct the infractions of its rules.

The great power station now under construction will cost about \$500,000 and will have every facility for its work. So powerful and delicate will be the instruments that stations all over the world will be picked up and their sending power charted.

Grand Island was chosen as a location because it is very nearly the geographical center of the U. S. It is also a favorable place for the station because of its freedom from electrical disturbances.

The commerce department has promised the citizens of Grand Island that the grounds will be transformed into a beautiful park. A fine new highway is now being built to connect the grounds with the city's street system.

CALLS ON RED CROSS INCREASE; RESPONSE TO ROLL CALL URGED

Society's Activities Reach Millions Each Year—Chairman Payne Asks Generous Support in Membership.

Disaster relief work, service to disabled veterans and their families, public health work and its many other activities caused expenditures of \$11,064,000 by the American Red Cross for the year ended June 30, 1929, according to the annual report of the organization.

This work by the Red Cross is supported by the annual Roll Call for members, which is held from Armistice Day to Thanksgiving Day, November 11 to 28.

Directing attention to the heavy expenditures by the Red Cross during the past year, and to the fact that the organization was called upon for assistance in 120 disasters in the United States and its insular possessions, Judge John Barton Payne, the chairman, said:

"The Red Cross is a volunteer society, supported by its membership, and belongs to all of the citizens. While it is a semi-governmental agency in that the President of the United States is its president, and one-third of its governing board are representatives of Government departments, yet it receives no financial support from the Government.

"Funds for our work for war veterans and their families, for carrying on disaster relief, for our varied health activities, the life saving and first aid work and our many other activities, all are derived from the membership fee. The public is asked only once each year—at the Annual Roll Call—to join in this support of the Red Cross."

The Red Cross expended an average of \$936,000 per year in the past seven years, in disaster relief work, from its own treasury, statements show. The work for world war veterans also has caused heavy expenditures.

HEALTH PRESERVATION IS AIM OF RED CROSS

Society Employs Rural Public Health Nurses—Teaches First Aid and Life Saving.

A comprehensive, nation-wide program to prevent illness, and to save lives through proper nursing care and advanced methods of life saving and first aid is fostered by the American Red Cross.

The organization is the largest employer of rural public health nurses in the United States, through its Chapters. The policy of the Red Cross is to encourage its Chapters to extend the public health nursing service, where leadership in this field is not taken by some other agency in the community.

The Red Cross health and life saving campaign embraces the following: preservation of health through skilled nursing care; prevention of loss of life in accidents; prevention of illness through cleanliness in the home and knowledge of methods of home care of the sick and raising the standard of health and physical efficiency through proper nutrition.

During the year just closed, more than 42,000 certificates have been issued in the Red Cross course in Home Hygiene and Care of the Sick, and since the courses were inaugurated more than 500,000 persons have been taught; 149,000 children were instructed in proper eating through the Nutrition course; 46,898 individuals passed the severe Red Cross tests in Life Saving and 52,596 persons passed the rigid examinations in the First Aid Course.

This work is supported from funds obtained in the annual Roll Call, Armistice Day to Thanksgiving Day, November 11 to 28.

SIX MILLION CHILDREN IN JUNIOR RED CROSS

The Year 1929 marks the tenth anniversary of the founding of the American Junior Red Cross. There are now Junior Red Cross societies in forty-one nations, all pledged in the common cause of service to their fellows.

Membership in the American Junior Red Cross in the United States and insular possessions is 6,878,000, and is largely through grade and high schools and private schools. The organization is governed by the boys and girls. One of its chief features is conduct of international correspondence with schools of other nations, through exchange of albums and small gifts. The American Juniors sent 85,000 Christmas boxes of small gifts to children of many nations last year.

The American Junior Red Cross gained 349,171 in membership last year.

Fifty-one nations belong to the League of Red Cross Societies, and are prepared to carry on health, disaster relief and life saving programs all around the world.

Legal Enactments for Settling Public Lands

During the existence of the government under the Articles of Confederation, congress on September 6, 1780, passed a resolution recommending the survey and disposal by the several states of their waste and unappropriated lands to aid in paying the public debt incurred by the War of the Revolution. In the beginning these lands were regarded as an asset for the payment of this debt. The earliest efforts were to sell the land in large blocks and, prior to the organization of our present government, congress made three such sales. On June 15, 1785, congress under the Articles of Confederation passed a resolution forbidding settlement on the public domain. The act of March 3, 1807, prohibited such settlement under penalty of forfeiting any right or claim a settler may have, and the President was authorized to use civil and military force to remove such persons from the lands. Certain exceptions were made in favor of those who had settled there before the passage of the act, and later, for those who had settled before February 1, 1816, a privilege of temporary occupancy was given. From time to time acts were passed providing for the pre-emption rights within certain areas and subject to varying conditions.

Preserve Memories of Japanese Quake Dead

A method of preserving the names of 104,619 victims of the great earthquake of September 1, 1923, was perfected by Hidetiro Nagata, former mayor of Tokyo.

These names were sealed tightly in a special container and buried beneath a tower on the sacred Mount Koya, where generations of descendants may reverse the memory of those who perished in the catastrophe.

Special paper was used to bear the names, 100 to the sheet. Rolled into scrolls, each sheet was metal bound at the center and ends and wound with black and white silk mourning ribbons. All the scrolls were placed in a special crystal jar a yard and a half in diameter and a foot high, made airtight to prevent decay. These were placed in a lead casing surrounded with a packing of carborundum as protection against deterioration.

Mount Koya, known to all true followers of Buddhism, is located in central Japan. Women, though they may climb it, are not allowed to go to the very top, this custom having been in force since time immemorial and still is being maintained on a few other sacred mountains.

And All but One Laughed

Speaking of the law reminds me of a story about a lawyer who was cross-examining a witness:

"You say the fence was about 14 feet high, and you were standing on the ground—not mounted on a ladder or anything."

"I do," responded the witness.

"In that case," said counsel, "perhaps you will be good enough to explain to the court how it was that you, a man of five feet four, could see what happened on the other side of a fence 14 feet high?"

"Certainly," chirped the witness, suavely. "There was a knot hole in the fence."—Kansas City Star.

Minimum Motion

A traveler from southern California tells me of a Mexican gambling game—familiar, perhaps, to many of you who may be interested in such matters—in which each player places on the table a lump of sugar, and the lump of sugar on which a fly first alights indicates the winner of the stakes, whatever they may be. A charmingly restful game, I should say, for the most part. And yet the exercise incidental to putting in and withdrawing the money must be somewhat fatiguing.—D. H. Talmadge in the Portland Oregonian.

Venerable Newspapers

Germany leads the world in the number of daily newspapers published continuously, since the Seventeenth century. There are nine of these still in existence. The oldest is the Magdeburgische Zeitung, founded in 1626, and hence more than 300 years old. The oldest daily in the United States is the Hartford Courant, which observed its 164th birthday. Germany also leads in the number of daily newspapers. It has 3,257 to the 2,272 in the United States. The population of Germany is just half that of the United States.

Daylight Saving Time

Summer time, says a correspondent in the Edinburgh Dispatch, is not an institution of yesterday nor of man. For verification of this refer to the Bible—Isaiah, chapter 38, verse 8. The verse is as follows: "Behold, I will bring again the shadow of the degrees, which is gone down in the sun dial of Ahaz, ten degrees backward. So the sun returned ten degrees, by which degrees it was gone down."

Diplomatic Composer

Dom Luiz, king of Portugal, fancied himself a singer; and when Rossini was his guest he asked if he might sing for the great composer.

Rossini agreed, of course, but he found the royal voice very poor.

When asked by a courtier for his opinion of the king's singing, Rossini defiantly replied: "Never have I heard a king sing better."—Scrap Book.

WOMEN KNIT AND SEW FOR RED CROSS RELIEF

Volunteers Aid Through Motor and Canteen Corps—Send Gifts to Service Men.

Recalling the days of the World War, many women still make pajamas and other hospital garments, many knit sweaters, and more than 2,500,000 surgical dressings were rolled by volunteer workers for the American Red Cross Chapters all over the nation, in the year just closed.

The hospital garments are given to

veterans and the surgical dressings go to civilian or Veterans' Bureau hospitals, or wherever needed. Many Chapters also maintain well stocked closets of surgical dressings and garments, in order to be prepared should a disaster strike their communities.

Volunteer workers make children's clothing and layettes which are distributed in time of major catastrophes. The Motor Corps of Red Cross women and the Canteen Service, also first created during the World War, still are maintained by many Red Cross Chapters. Last year the various Motor Corps, some with ambulances, answered about 39,000 calls, and the Canteens served more than 20,000 persons. They were especially active where floods or forest fires or other catastrophes called for feeding refugees or firemen engaged in active

Work Fighting Disaster

Another activity of women volunteers is that of filling Christmas bags—small cretonne ditty bags—to send to soldiers and sailors who are stationed at posts or ports abroad. More than 40,000 of these are sent each year for distribution to the Americans at Christmas time.

CHURCHMEN ASK SUPPORT OF RED CROSS ROLL CALL

Leading churchmen of the nation have joined in asking public support of the annual Roll Call of the American Red Cross. Two distinguished leaders who have sent messages to their congregations all over the country are quoted, as follows:

"I plead for an extension of our Red Cross membership until we can call a roll of every adult American," stated the Most Reverend Michael J. Curley, Archbishop of Baltimore. "I would like to see the children listed in the organization by their parents. I plead for it because of the spiritual reaction I visualize in our millions of contributing members."

"As president of the Federal Council of the Churches of Christ in America, I bespeak for the Roll Call of the American Red Cross the fullest cooperation of all the churches in the constituency of the Council," writes Francis J. McConnell, president of the Federal Council. "I cannot imagine that there is any minister who will not be grateful for the opportunity to call the attention of his people to the work of the Red Cross and to urge them to enroll in its membership."

The American Red Cross expended \$3,669,627.24 in disaster relief work in the United States and its insular possessions and in eleven other countries during the year ending June 30, 1929.

Followed Flag's Example

"You says you was de only man ob de intire compny what come out of de battle alibe? How com dat to happen, Mistab Johnsing?"

"Well, suh, Ah heerd dem bullets comin' right smart aroun' me, but Ah kep' cool, an' when de cannon-balls landed alongside of me Ah was still cool, you unerstand. When Ah foun' dey was a-sending de gas ober, Ah wasn't sure about de virtue of mah rabbit's foot again dat newranged stuff, and Ah kindah looks aroun'. Dere Ah sees de gran' ole flag a flyin', an'—well, suh, Ah just nacherly flew, too!"—Vancouver Province.

AID FOR VETERANS IS RED CROSS PLEDGE

Service and Ex-Service Men Are Helped in All Problems.

Service to World War veterans in hospital, for able-bodied veterans, and for dependent families of both called for expenditures of \$738,000 by the American Red Cross during the year just ended. In addition, Red Cross Chapters spent \$1,963,000 in veteran relief, and also for men still in service.

Although eleven years have passed since the Armistice, there remain 25,500 disabled and sick veterans of the World War in hospitals, and the peak of the number who will require hospitalization is not expected by Veterans Bureau authorities to be reached until 1947. For these men, the Red Cross must continue its service of providing recreation and comforts, according to James L. Fleser, vice chairman of the Red Cross.

"Under its Charter from Congress, the Red Cross is required to maintain service for veterans of wars and for the men still in the service," Mr. Fleser said. "The funds for this work come from the annual roll call membership fees. In addition to the sum spent in maintaining contact with the veterans, the Red Cross expended \$305,000 in its service to the men still in the regular Army, Navy and Marine Corps. The society and a majority of its 3,500 chapters handle claims for these men for insurance, compensation and other benefits they are entitled to under the law, and also where necessary arranges to provide for dependents of the men."

Red Cross workers are maintained in forty-eight Veterans Bureau Hospitals, as well as in all regular Army and Navy hospitals, whose duty it is to supervise recreational facilities for the patients, and to provide small comforts. In the Army and Navy Hospitals, the workers also do social service for the patients. These tasks also are performed at all Army Posts and Navy Ports by Red Cross workers, and in addition Red Cross representatives to handle claims are established at the majority of Veterans Bureau regional offices.

Mr. Fleser urged that all citizens enroll in the Roll Call from Armistice Day to Thanksgiving Day, November 11 to 28, in order to aid in supporting this work.

NEW CROPS IN FLOODED STATES BRING PROSPERITY

The introduction of new habits of planting, following the Mississippi Valley flood of 1927, has brought added prosperity to farmers in many of the Mississippi Delta counties, according to Red Cross officials.

Almost every cabin has a fine vegetable garden, whereas cotton formerly grew right to the doorstep, the Red Cross states. The home demonstration and agricultural agents have followed up the project inaugurated by the Red Cross, immediately after the flood of 1927, with very gratifying success. There is a large acreage in corn, whereas formerly cotton was the one crop. Alfalfa has gained a firm foothold, and the growing of this crop is bringing good financial returns from the three or four cuttings each year. Live stock also is showing improvement due to these new crops.

Everything considered, the Delta sections which escaped a backwater problem in the Spring of 1929 are in a prosperous condition, as a result of the follow-up and rehabilitation by the American Red Cross.

RED CROSS HONOR FLAG GOES TO NEW HAMPSHIRE

The honor flag, given annually to the State which enrolls the greatest percentage of its population as member of the American Red Cross, went this year to New Hampshire. The decision was so close between New Hampshire and Vermont that it hung in the balance for a time. California ranked third in the honor list and Connecticut fourth.

A final tabulation of figures of the 1928 Roll Call showed a nation-wide membership of 4,127,946. The banner rests with New Hampshire, where it is hung in the State House, until the 1929 Roll Call—held between Armistice Day and Thanksgiving Day—is completed and new figures available for the 1929 winner.

FIVE RED CROSS CAMPS HOUSE FLOOD REFUGEES

A total of 27,791 persons were maintained by the American Red Cross in camps or in their own homes in the three States of Alabama, Georgia and Florida, following the disastrous floods of early last Spring. Five camps were organized, of which four were in Alabama and one in Florida. Small temporary camps were set up in various places in addition to these, but the persons not sheltered in the five main camps soon were able to return home or to friends and relatives. Red Cross nurses were at all five camps, assisting the State health authorities in care of the sick and in inoculating against epidemics.

THANKSGIVING THANKS

MORE than three hundred years ago the first Thanksgiving thanks were given on this continent; and today, although the form may have changed, the spirit of thankfulness remains. To adults, the thanks are more for intangible than for material things, but the children prefer to be thankful for turkeys and pumpkin pies and candy and raisins and all the good things which go to make up a real Thanksgiving dinner.

Jingles for Each

When the family gathers in the home and when dinner is announced, what child doesn't grow round eyed and ecstatic and make a lunge toward the dining table? Of course there will be favors on it. An Indian canoe in the center of the table can be flanked by dolls dressed in Puritan costume. From the canoe centerpiece, have colored ribbons running to the covers, and when the eager diners pull them, appropriate toys tied to them must appear. The child who adores his dog may receive a toy one, the ardent golfer draw a miniature golf bag, the home economics teacher a tiny potato masher. If some person in the family has a knack for writing jingles, one could accompany each favor, and could be read aloud to the merriment of everyone.

But after all, the dinner's the thing. That's why we put a menu

- Pear and Grape Cocktail
- Roast Stuffed Capon
- Candied Sweet Potatoes
- Carrots, Peas and Celery
- Creamed White Turnips
- Cranberry and Apple Ice
- Hearts of Lettuce with Roquefort Dressing
- Pumpkin Pie with Honey-Pecan Garnish
- Mints
- Coffee
- Nuts

which will make anyone's mouth water in anticipation at the top of this story. And the recipes—which are planned for eight people—fulfill the menu's promise. Here are the directions for making the meal:

Pear and Grape Cocktail: Cut canned pears in four pieces lengthwise and arrange like four petals in a glass. Pile halved, seeded white grapes in the center. Arrange groups of red, green and yellow small preserved grapes on top and garnish around the edges with a fringe of fresh mint. Mix pear and orange juice to taste and pour over. Serve very cold.

For the Main Courses

Carrots, Peas and Celery: Simmer the peas from a number 2 can, and the diced carrots from an eight-ounce can together for about five minutes. Cook three-fourths cup of diced celery until tender,

drain and add to the carrots and peas. Season with butter, salt and pepper.

Cranberry and Apple Ice: Boil one-fourth cup of sugar with one and one-half cups of water for three minutes. Soak one teaspoon of gelatin in one-fourth cup of cold water for five minutes, then dissolve in the hot syrup. Add one teaspoon of lemon juice. When cold, add contents of an eight-ounce can of apple sauce and of an eight-ounce can of cranberry sauce. The latter should be well mashed or pressed through a sieve. Freeze to a mush. Add one beaten egg white and continue freezing. Serve with the main course of the meal.

Drops of Gold

Pumpkin Pie with Honey-Pecan Garnish: Mix one-half teaspoon salt, three-fourths teaspoon ginger and one-half teaspoon of cinnamon with two-thirds cup of sugar. Add to one and one-eighth cups of canned pumpkin. Add two slightly beaten eggs and one cup of milk. Pour into a pastry-lined pie tin and bake, having oven hot at first (450° F. for 15 minutes) then lower (325° F. for 30 minutes) until set. Serve with unsweetened whipped cream dropped by spoonfuls over the top. Pour honey in little drops over the cream and sprinkle the whole with pecan meats.

SOCIETY and Club

Wayne Woman's Club.

The Wayne Woman's club met last Friday afternoon at the home of Mrs. J. G. W. Lewis, with Mrs. W. R. Ellis and Miss Margaret Schenel assistant hostesses. Mr. and Mrs. Robt. Hanson and daughter of Wakefield spent Sunday evening at the Elmer Harrison home.

For Radio repairing service call Wayne Radio Electric, Phone 140W.—adv.

Gertrude and Anna Lutt spent Saturday in Sioux City.

Lou Lutt and Raymond Baker expect to finish corn picking this week.

Henry Baker and F. C. Hammer drove to Sioux City Sunday and brought Ray Hammer, who has been in a hospital there, home with them. Mr. and Mrs. Henry Baker have been staying with Mrs. Hammer during his illness.

Mr. and Mrs. Kasper Korn spent Sunday evening at the Adolph Korn home.

Mr. and Mrs. Ray Heikes, Mr. and Mrs. Claude Heikes and family, George Heikes and Gertrude Heikes of Dakota City came to Wayne Saturday to help Chas. Heikes celebrate his birthday.

This is such an unusually busy time that most social events are being postponed. All are pleased with the yield of corn, and are anxious to get it under cover.

Several men with mechanical pickers are not finding them entirely satisfactory. Conditions must be just right or they will not get the corn. It is hoped they will soon be improved so that they can be universally used and they would save the farmer his most tiring task.

Mrs. Howard Robertson

Funeral Held at Craig

Funeral services were held at Craig for Mrs. Howard Robertson, wife of the superintendent of Beemer public schools.

Mrs. Robertson died at an Omaha hospital following an operation. Her husband and two sons survive.

Mr. Robertson graduated with the 1925 class, at the local college, and received his A. B. degree here in 1927.

CARD OF THANKS

We wish to thank our neighbors and friends for their kindness during the illness and after the death of our beloved husband and father. We especially wish to thank the members of the I. O. O. F. and the Rebekahs, the donors of the flowers, for every act of kindness extended us.

Mrs. A. A. Chance and William Chance.

Henry Ley as Red Eagen and Able St. Onge as Izzy, his Jewish buddy, will be on K. P. in "Corporal Eagen."
