Saturday's Win Made Wildcats Conf. Champs

Win Over Chadron Nets Wildcats Conference Title.

Won All But One Game

Another trophy, long coveted by the Wayne Teachers college is theirs by reason of a 54 to 36 victory over Chadron at the college gymnasium last Saturday afternoon.

As a result of this victory the Wayne Teachers college basketball team has won for the first time in the history of the school, the conference championship of the normal schools of the state.

The title is theirs by virtue of a splendid record of thirteen victories in the 14 conference games played. Their only defeat on this list came at the hands of Kearney at the local gymnasium about three weeks ago. This defeat lost its significance as a factor in deciding the championship when in addition to the highest percentage standing in the conference, Wayne administered two stinging defeats to Chadron who in the course of the season, had twice defeated Kearney.

Saturday's game with Chadron had much in common with the Chadron-Wayne game on Monday night, when Chadron lost by a very lopsided score. Chadron's threat to stage a comeback failed to materialize, as the score would indicate.

From the very outset it was apparent that the visitors were hopelessly outclassed and long before the game was over the playing for the Wildcats was given over to the second string players. One feature of the game in which the Chadron team outshone the locals was its ability to make good use of the free throw privileges given it. Seventeen of the points made by Chadron were secured by this means.

The past season has been an exceptionally brilliant one for the Wayne Wildcats. All of the teams they have met this season have been strong ones. Of all the games played, with or without the conference, but three have been lost, one to the conference team, Kearney; one to Morningside and one to Midland. Both Morningside and Midland have been beaten by the locals during the season.

WAYNE GIRL IS MARRIED SUNDAY

Miss Ruth Carpenter Is Married Sunday At The Carpenter Home.

Pretty nuptials were solemnized last Sunday morning when Miss Ruth Carpenter and J. Ward Hufford were quietly married at the home of the bride's mother, the Rev. W. W. Whitman, pastor of the First M. E. church of this city, performing the marriage ceremony in the presence of immediate relatives. After the reading of the marriage lines, a wedding three course breakfast was served, beautiful decorations in the bride's chosen colors of yellow and blue beautifying the home and bespeaking the cheerful spirit of the occasion.

The bride wore lovely brown gorgonzola with velvet applique, and carried a bouquet of yellow roses, yellow jonquils, white carnations, and pink sweet peas from which hung pretty white tulle streamers bedecked with sweet peas. The bridegroom wore the conventional blue.

The bride is a daughter of Mrs. Bertha Carpenter of this city, and is very well and favorably known. She has been employed the past 17 years in Fellers Pharmacy where she has been a very faithful and competent worker. The bridegroom is the son of Tom Hufford of Holdrege, and grew to manhood in that city.

Mr. and Mrs. Hufford will make their home in Downers Grove, Ill., where Mr. Hufford is in business.

Guests present at the wedding were Robert Carpenter of Madison, brother of the bride, Miss Mate Relyea, Mr. and Mrs. L. B. McClure and daughter, Carolann, Tom Hufford of Holdrege, Wayne Carpenter of this city, and Mrs. Bertha Carpenter.

Help Send The Wayne Wildcats To Kansas City

"I sincerely hope that it will be possible for the Wayne team to be represented at the National Meet at Kansas City."

Such is the sentiment expressed by Gregg McBride, of the Lincoln Star, one of the leading sport writers of the country, who in a congratulatory message to Coach W. R. Hickman, expressed his great interest in the splendid showing made by the local college team, concluding his message with the above quoted wish.

The winning of the college conference title entitles the team to participate in the National A. A. U. basketball tournament at Kansas City in which the foremost amateur teams of the nation will participate.

The people of Wayne concur with Mr. McBride in the sincere hope that the Wildcats will be represented at the Kansas City meet and whether or not they make the trip will depend entirely on how sincerely the Wayne community wishes them to go.

While the Wildcat's basketball playing percentage has been high, the percentage of profits on games has been decidedly low—a minus quantity in fact—so if finances are not derived from some source outside of school activities, the team cannot make the trip.

It would be a shame if the town would pass up this opportunity—one which could mean so much by way of favorable publicity both for the town and for the college—an opportunity which may not come again for many years.

We know the boys would make a good showing and a name for Wayne and their school.

Let's help make the trip possible.

Local Implement Man Joins the Benedicts

Ernest Bichel and Miss Estella Mary Morrel Are Wed.

The marriage of Ernest D. Bichel of Wayne and Miss Estella Mary Morrell of Pender was solemnized last Thursday afternoon, February 27, at a quiet wedding at the home of the bride's parents, Mr. and Mrs. Walter Morrell at Pender, a minister from Pender reading the marriage lines. After the wedding the bride couple went Omaha from where they left for a wedding trip west to visit Mr. and Mrs. Grover Larson, brother-in-law and sister of the bridegroom.

Mr. Bichel has been in the implement business here for the past 16 years, and has relatives and many friends in the community. At present he is a partner in the Thompson-Bichel Implement firm of this city. Both Mr. and Mrs. Bichel were well and favorably known in their respective communities.

Mr. and Mrs. Bichel will make their home in Wayne and will be at home to their friends after May 1st. Hearty congratulations and best wishes are extended to Mr. and Mrs. Bichel.

To Speak At Union Service Sunday Eve

Miss Elizabeth Bealer of St. Louis, Mo. will speak next Sunday evening at a union service to be held at the Presbyterian church of this city. Miss Bealer is the Regional Director of the Covered Wagon Legion of Girls Scouts which includes the states of Iowa and Nebraska. She will discuss the Five Year Development Plan of the Girl Scout organizations which is now being carried out all over the United States, and her talk will be of special interest to girl scouts and their parents, as well as to all those at all interested in Girl Scout work. Everyone is invited to come out to hear Miss Bealer's message.

LOCAL FIRMS TO OCCUPY NEW HUNTEMER BUILDING

Mabbott Barber Shop And Frank Gamble Will Use New Building.

Building Work Is Rushed

Frank Gamble and the Mabbott Barber Shop are to occupy the new Huntemer business block project on Main Street, which is to replace the recent quarters of the Binger Land office and the Mabbott barber shop.

This announcement came as a surprise to most of the people of Wayne as the occupancy of the new building had not been announced and, naturally, was the cause of much speculation.

The building will be a thoroughly modern structure with a frontage of 28 feet and a depth of 86. The Mabbott Barber shop will occupy quarters having a frontage of 12 feet and will extend into the building 35 feet. The structure will be one storied with full basement, and so constructed that should conditions warrant a two story structure, another story can be added with a minimum of rebuilding.

Homer Stace, who has charge of the building operations, has already commenced excavation and the razing of the old buildings is already well along.

The Mabbott Barber Shop force has temporarily joined forces with the Jeffries Barber Shop and will operate under that arrangement until the new structure will be ready for occupancy about two months to ten weeks hence.

Martin Ringer, former occupant of one of the buildings to be torn down, is now located in the Vogel building next door to the Thompson & Bichel Implement Co., which has been remodeled, repainted and transformed into an office which is both very convenient and attractive.

To Observe Community Betterment Week Here

For the Betterment of the Community, and, Better Business Women for a Better Business World are the outstanding purposes of the Federation of Business and Professional Women's clubs throughout the United States today. Next week, March 10 to March 15 inclusive is Community Betterment week. It is a national affair, and is sponsored by the National Federation of Business and Professional Women's clubs.

What are the needs of this community and what may be done to supply them? The local chapter is observing Community Betterment week to help solve this great question. Watch for further announcements. Watch the window decorations of the local business houses. Let us all co-operate in the interest of this worthy cause.

Roy McDonald made a business trip to Omaha last week-end.

Chain Store Growth A Serious Problem

Much has been said concerning the "good" and the "bad" chain stores. The Democrat has not entered into that phase of this discussion and does not intend to. It is the chain store idea that we are fighting. Summed up, it is simply this: As the chain stores increase in number and in the volume of business they do in any community, the home owned stores will decrease correspondingly. With the decline of the home town merchant, comes the decline of the community.

Wayne is not seriously menaced, but—

Will this city be overlooked by the large chain store organizations that are encroaching on all prosperous communities throughout the land? It is hardly likely.

During the past year the larger chain store organizations such as J. C. Penney, Montgomery Ward and Sears Roebuck have added more than 1,000 new stores to their lists in the last year. No data is available as to the number of "lesser fry" chain stores have sprung up, but the number is easily in excess of that.

Belden High School Winner In Last Week's Tournament

Nose Out Two Point Lead Over Guardian Angel Team.

Play Here Fri. And Sat.

Belden was victor in the high school basketball tournament held at the college gymnasium last Friday and Saturday, winning out in the finals from the Guardian Angel Ave by a score of 21 to 19.

The tournament was conducted for the purpose of deciding the championship of teams from schools of the region having an enrollment of 100 or less. Fourteen teams participated, namely: Belden, Carroll, Emerson, Marshall, Beemer, Wynot, Fordyce, Wayne College High, Dodge, Waterbury, Coleridge, Winnebago, Guardian Angels of West Point and Magnet.

Of the teams competing Belden, Beemer, College High the Guardian Angels, and Winnebago showed outstanding ability. Winnebago lost out in their first contest, losing to the Guardian Angels in a hotly contested game Friday night. They led the West Point aggregation throughout most of the game but a rush of basket shooting during the last quarter gave the parochial school an advantage which Winnebago was unable to overcome.

Saturday morning eliminated all the contending teams but the Guardian Angels and Belden who were matched to play the final game in the evening. The West Point aggregation seemed to be favored to win the championship without unduly exerting themselves, but the results of the game showed that such predictions were ill founded. The game was hotly contested throughout with neither

Sorenson Spring Opening Was Well Attended

An attendance, very gratifying to the sponsors, was accorded the annual spring opening and demonstration of the Hans J. Sorenson & Son implement company, held at Wayne last Saturday. A complete line of modern power equipment was on display at the store rooms of the company and moving pictures depicting the various types of work tractors are required to do to meet present day farming needs, was shown at the city hall. With free lunch served at noon, interesting pictures, talks and demonstrations of special interest to farmers, the guests of Hans J. Sorenson & Son had a very interesting and profitable day of it.

The Democrat Subscription List Growing

Maybe we have been backward in tooting our own horn. Maybe, if we persisted long enough in telling our readers how wonderful we are, they would finally come to the conclusion that The Nebraska Democrat was "quite some newspaper."

But somehow or other, this self praise business doesn't make us feel just right. There are a number of reasons for this effect that self praise is offensive to the olfactory organs or words to that effect.

Anyhow—we'll take a chance and express justifiable pride in the friendly compliments, the new subscriptions and increase in advertising that has been accorded the Democrat of late. It has made us happy and has inspired us to further efforts to do our best in serving Wayne City and county.

We welcome all our new readers to the Democrat family and trust that our family of patrons will, like Mussolini would have the families of Italy, be fruitful and multiply.

EARLY SETTLER WAYNE COUNTY TAKEN BY DEATH

Mrs. J. W. Ziegler Dies At Home Here Saturday Evening, March 1.

After a brief illness, Mrs. J. W. Ziegler was called to her eternal home, from her residence in Wayne, Saturday, March 1st, 1930.

Hafnah Herron was born April 14, 1856 at Port Byron, Illinois. Here she spent the early days of her life. She was united in marriage to J. W. Ziegler at Omaha, Nebraska, April 9th, 1886. To this union was born an only daughter, Miss Charlotte, who shared the home with her mother and cared for her with a daughter's tender affection.

After her marriage, she came with her husband to Wayne county, Nebraska, where they settled on a farm near Winslow. Later the family moved to a farm northwest of Wayne. The husband, died November 13, 1916. Shortly after his death, she departed moved to Wayne, which has been her home for the last 12 years.

She was baptized and confirmed in the Lutheran church. Since April 1892 she has been a faithful member of St. Paul's Lutheran church of Wayne. She attended the services faithfully when her health permitted, and gave liberally to the support of her church and for the support of other causes.

She loved her home and was an affectionate mother; she was a helpful neighbor and friend.

For many years the departed was a crossbearer, having a physical weakness, which often caused anguish and pain. Yet she bore the cross patiently and was of a happy disposition.

About four weeks ago she was stricken with her last illness. She was removed to the hospital, with the hope that with care she might be restored to health. But she gradually grew weaker and death came quietly Saturday evening at her home to which she had again been removed a few days before her departure.

She leaves, besides the sorrowing daughter, one brother, John Herron, of Carroll, Nebraska, and other relatives and many friends.

Funeral services were held Tuesday afternoon, March 4, at the St. Paul's Lutheran church of this city at 2:30 o'clock, the Rev. W. C. Heltenreich, pastor of the church, in charge. Music was furnished by the quartette. Burial was made in the Greenwood cemetery.

March 21, not March 7, as previously announced, is the date set for the annual American Legion banquet to be held at Hotel Stratton. Several speakers of note are expected to be present although the speaking program has not been definitely mapped out as yet. Watch next week's issue of the Democrat for further announcement.

Local Official List Remains Much the Same

But Two Changes Made At Caucus Meetings Friday Night.

With the single exception of councilman from the first ward, the official personnel of the City of Wayne remains the same as at present. The exception being the placing in nomination the name of Ed Ellis, to succeed L. B. McClure, the present incumbent.

The names placed in nomination are: Mayor—Wm. Orr. Treasurer—O. L. Randall. Clerk—W. S. Bressler. Councilmen—First, Ed Ellis; Second, G. W. Lewis; Third, Carl Wright.

At the caucus naming of the board of education members, B. W. Wright was renominated and L. W. Vath was named to succeed Mrs. E. W. Huse. Mrs. Huse declining to serve longer in that capacity.

The names of the nominees will be placed on the ballots for the city election which takes place Tuesday, April 1. Whether any opposition will develop in regard to any of the candidates named remains to be seen, although no opposition is looked for at this time.

Local Parish Subscribes

St. Mary's parish of Wayne, of which Rev. Wm. Kearns is pastor, has subscribed \$2,750 to the diocesan campaign which is being conducted by Bishop Rummel. The funds derived to date amount to \$830,800 as a result of reports received thus far from 135 parishes throughout north-eastern Nebraska. Mrs. Fred S. Berry is chairman of the committee for Wayne.

OLD COMMUNITY HOUSE SOLD

Will Be Wrecked to Make Way For Gas Filling Station.

The wrecker's bar is soon to efface one of the city's most familiar landmarks. The Community House has been sold and is soon to be torn down to make way for a filling station to be erected by J. A. Miller of Carroll, Iowa, who purchased the property from the Wayne Woman's club recently.

The structure was built in the summer of 1890 by ten businessmen of the town, who realized that the town stood badly in need of a community building. The builders looked well to the future for the structure provided a seating capacity much in excess of the needs of the community at that time.

Several years after its construction the owners sold their shares to Judge Britten who retained the property up to the time of his death about ten years ago. His estate disposed of the property shortly after his death, being purchased by the Wayne Woman's Club. With the ascendance of movie houses and auditorium facilities afforded by the college, the usefulness of the building waned. The ladies of the club have made several improvements on the building in an effort to make it serve the purposes they intended of it, but the revenue derived did not nearly come up to the amounts required for its upkeep and the club finally abandoned the project, recently renting it to a local garage which used it as a storeroom for cars.

Although its razing will mark an improvement to that part of the city, many people will look upon its passing much the same as they would upon parting with an old friend for many events important in the lives of many Wayne people have transpired within its walls.

Armond Hiscox Returns To Kansas City, Ka.

Armond Hiscox, who has been visiting his parents, Mr. and Mrs. C. W. Hiscox, and other relatives and friends in the community the past month, left Monday afternoon for Kansas City, Kansas to resume his labors with an undertaking firm where he is employed.

Friends and relatives here are very glad to hear the good news. If all goes well it is hoped they may return to their home here the latter part of this week.

BUY EARLY CHICKS FOR EARLY PRODUCTION

A hen in the laying house is worth a dozen in the barnyard in September and October, when egg price starts to soar. Farmers seeking to obtain the utmost profit from their poultry flocks should make an effort to have their pullets ready to lay by the middle of December, thereby getting the full advantage of fall and winter egg prices, market experts point out.
Early-hatched chicks offer the simplest solution to the problem. Chicks hatched before May 1 should be ready to start laying during September, if the stock is good, and proper care is given the growing pullets.
Many farmers, seeking to effect economies in the first cost of chicks, often put off purchasing until late in the season. This is merely a case of false economy, since late-hatched chicks are late in coming into production, and are not laying during the period when eggs are at their highest. The early-hatched chick returns many times the net profit of the late-hatched chick, in the normal course of events.
In response to this tendency to obtain chicks early in the year, hatcheries usually are ready to deliver by March 1, and some even earlier. Chicks hatched at this period of the year are husky and strong, and capable of quick growth, provided proper treatment is given them. Leading hatcheries are advising their customers to obtain early chicks in order to reap the advantage of the high egg market.
Pullets ready for the laying house in early September more than pay for their original cost in the first few weeks. Figures compiled by agricultural experimental stations indicate that the profits from early hatched chicks are from three to five times as great as from late-hatched chicks under normal circumstances.

TEST YOUR SEED CORN

This is a year when every corn grower should test his seed for germination, says The Nebraska Farmer. The moisture content of corn at picking-time last fall was higher than usual. Due to the cool, damp weather during the fall months, corn dried very slowly and the early cold weather injured the germination qualities of much seed. This condition emphasizes the importance of selecting seed from the fields and of developing early-maturing strains of corn. Farmers who have made a practice of picking the more shallow-grained and slender ears, which are usually the earliest maturing type, should have less worry over their seed supply for this spring.
The one way to make sure that your seed corn will grow, before planting it, is to make a germination test. In past years, The Nebraska Farmer has repeatedly published articles and illustrations showing how to make

simple germination tests and, no doubt, most readers are familiar with means of testing the germination of seed. The Nebraska Farmer will gladly supply information on testing seed corn to anyone who is unfamiliar with any of the several methods.

McCORMICK-DEERING TRACTORS.

The Farmall, the All-Purpose Tractor

We offer you three splendid triple-power McCormick-Deering tractors—the 15-30, the 10-20 and the All-Purpose Farmall, all built to give long-time service, to save time, labor and money, and give you more time for your farm work.

The 15-30 tractor is built for capacity work where heavy machinery is used and smooth, abundant power required.

The 10-20 tractor is built with a smaller capacity but gives the same efficient service where the heavier one is not required.

The all-purpose Farmall, designed especially for row crop work stands in a class by itself. Has a high, wide clearance (30-in.) and power in abundance, delivered in three ways for all farm operations.

Drop in and let us show the good features of these tractors and demonstrate them as to their usefulness.

Farm Superintendent Forty Years Is Dead

Affairs of the University of Nebraska ceased for two hours Tuesday afternoon, January 21, during the funeral services of S. W. Perin, for forty years farm superintendent of the agricultural college farm. Services

were held in the student activities building on the campus. The room which seats 1800 people was well filled.

"Daddy" Perin came to the college of agriculture September 16, 1883 when the place was only an orchard and hog pasture. He took charge of all the work on the place while Mrs. Perin cooked meals for all the help then employed on the farm. During the 40 years of his service he had seen every building on the campus built, and had watched the progress of scientific agriculture and home economics with a keen interest. A diary which he kept day by day relates hundreds of interesting incidents about the development of the Nebraska college of agriculture.

Dean W. W. Burr of the college prepared the following tribute to him: "In the passing of the Mr. W. W. Perin the University has lost one of the most faithful and efficient workers it has had in any capacity, and many of us have lost one of our most loyal friends. During the 40 years that Mr. Perin was connected with the University its interests were always foremost in his mind, and he knew no limited hours of service. No matter what time of day or night that something needed attention, he was the first to be called and the first to respond. He loved the Agricultural College and took a keen interest in its every activity.

"During his many years at the Agricultural College he made numerous lasting friendships. Many of the young men who have attended school and college look back upon the many kindness he rendered them in helping them over the rough places that come to one in student life. He was a splendid type of man in every way. "I have known no one who had to the same degree the quality of rendering personal kindness to all those around him, and consequently few people have had more true friends. His passing is a deep personal loss to me."

"It is quite possible that some persons under 16 are more adept than many adults," the opinion also stated, "but as a class they have not attained the discretion and judgment necessary."

Miss Oleson contended that because in previous years she had been granted a car owner's license, she was entitled now to a driver's license. It's refusal, she argued, deprived her of property rights in violation of the Fourteenth amendment.

But the court found differently. Such a refusal, it said, does not confiscate her property because she can sell it or let some qualified person drive it. A motor vehicle while not

in use is harmless but when put on the public highway in the hands of an incompetent and inexperienced person, it becomes a public menace. The age limit rule was established by the 1929 legislature.

"THE FARMERS' FRIEND" PASSES

"Farmers Must Pull Together" is the favorite admonition of the political alarmists of today. The inability of farmers to get together and to present a solid front in demanding things that tend toward their welfare, is generally attributed to a perverse or "ornery" streak in their make-up. Just because the farmer refuses to blindly follow every "farmer's friend" that comes along, he is accused of not knowing what is best for him.

If this apparent apathy on the part of the American farmer is a fault, he can scarcely be blamed. Scarcely a month has passed in the past forty years but what some farm, association, grange, league, union, coop, board or party has sprung up to "help the poor farmer."

Each one of these new notions has been accorded a following—the farmer is just as much of a "joiner" as any other human being.

About all the farmer has ever derived out of these movements has been a lot of expensive experience.

But when all is sifted down, there is no class of people in this country that takes a keener and more patriotic interest in the political trend of this country than does the farmer.

He can always be depended upon to give thoughtful and serious consideration to any political cause presented before the public, but no politician has ever yet been able to truthfully say that he has the farmers "in his vest pocket."

Most any other industrial class can be told that it is to their interest to vote a certain way, but the farmer can be depended upon to vote as he "darned pleases" and his interpretation of this prerogative is never known until the votes are counted.

THE NORTHWEST AND THE TARIFF

The central northwest, somehow or other, seems to have the fate of being left out of the general scheme of things down at Washington.

Attention was called, not long ago to the fact that out of the mid-northwest area, not a single senator was represented on the important finance committee which was then engaged in revising the tariff bill.

Consider then, the personnel of the tariff commission which has sat in that body since it was organized. We herewith quote the list:

SIXTEEN HIGH SCHOOL TEAMS IN B. B. TOURNEY

Friday and Saturday Tilts Will Settle Honors of Region.
Winners Play At Lincoln

Basketball hopes and aspirations of sixteen Northeastern Nebraska high schools meet their destiny at the gymnasium of the Wayne Teachers' College next Friday and Saturday, the regional basketball tournament taking place there at that time.
Scheduled to compete for honors in the competition are teams from fourteen high schools in the region having an enrollment of 100 or more students per school. The two other competing teams are Belden and the Guardian Angel school of West Point, winners and runners up respectively, of last week's tourney held here.
The following schedule has been arranged for Friday:
8:00 a. m.—Wisner vs. Allen.
9:00 a. m.—Randolph vs. Crofton.
10:00 a. m.—Hartington vs. Wakefield.
11:00 a. m.—South Sioux City vs. Pender.
12:00 noon—Laurel vs. Belden.
1:00 p. m.—Newcastle vs. Wayne.
2:00 p. m.—Wausa vs. West Point.
3:00 p. m.—Guardian Angels vs. Ponca.
Winners of the above tilts will be paired in the order of the games played, viz., winner of the eight the nine o'clock game, and so on. The first game of this weeding out process begins at 6:30 and will continue until the secondary stage is completed.
The semi-finals start at 10 o'clock Saturday morning and the windup session will be featured by the two customary games, the first the consolation game between the losers of the semi-finals and the last game to decide the championship.

The winner of this contest will be eligible to compete in the state high school tournament at Lincoln some time in the near future where about thirty teams will be pitted to decide the basketball supremacy of the schools of the state.
Judging by past performances this season it would seem that Crofton, West Point and Wayne may be looked upon as strongest contenders for the trophy, but at it turned out in last week's tourney, the "dark horse" often times brings humiliation to the surest guessers. At any rate, all who enjoy the great indoor pastime and the youthful enthusiasm attendant to occasions of this kind are urged to attend as many of these sessions as they have time for.
The city of Wayne and the Teachers all visitors drawn her by this series of events.

PRETTY WEDDING IS SOLEMNIZED

Miss Helen Norton And Oscar Swanson Are Wed Yesterday.

Miss Helen E. Norton and Oscar H. Swanson were united in marriage at a pretty wedding which was solemnized at the home of the bride's parents yesterday morning, Wednesday March 5, at 11 o'clock, the Rev. Wm. E. Braisted, pastor of the First Baptist church of this city, performing the ceremony in the presence of immediate relatives. They were attended by Miss Lucille Norton, sister of the bride, and by Edgar Swanson, brother of the bridegroom. Following the ceremony there was a wedding dinner after which the bridal couple left for a wedding trip.
The bride was lovely in a gown of blue crepe chiffon and carried an arm bouquet of sweet peas and pink and cream rose buds. Harmonizing decorations of pink, blue, and white beautified the home for the happy occasion.
The bride is a daughter of Mr. and Mrs. A. C. Norton of this city. She is a graduate of the Wayne High school and of the Wayne State Teachers' college, and has taught school the past three years, teaching in a rural school near Wayne the first year, the seventh and eighth grades at Sholes last year, and in the primary department at the Belden public school this year. The bridegroom is a son of Mr. and Mrs. Olaf Swanson of Carroll. Both Mr. and Mrs. Swanson are well known and highly respected in their respective communities, and have a host of friends who wish them every happiness and success.
Mr. and Mrs. Swanson will be at home after March 15th on a farm about four miles from Winside.

MAYNE BOY WINS NAVY INTERNE

Passes Examination And Is Given Appointment In Navy Hospital.

Word has been received here that Paul Crossland, well known former Wayne, boy has received an internship at a good salary in the U. S. Navy Medical hospital, and is soon to receive an appointment as assistant surgeon in the Navy Hospital either at Philadelphia, Boston, or in California. Mr. Crossland has attended the University of Minnesota at Minneapolis, Minnesota the last five years, and will receive his doctor's degree in medicine this coming June, having completed a one year pre-medical course and a four year medical course.
Upon the completion of a medical course, a student is not allowed to go into practice until he has completed one year of interne work, that is, one year's work under the supervision of a competent physician. As a usual thing, a nominal salary is paid during the internship, but the Navy internship pay is good.
Paul's appointment to this coveted position came as the result of acting upon the suggestion of one of his instructors that he make application with the navy department. The instructor had been favorably impressed with the showing made by his student. The application led to the taking of the examination at Chicago and he had the honor of being one of the 70 out of 270 to successfully qualify. The letter notifying him of the preference came last week.
Mr. Crossland is the son of Mr. and Mrs. Crossland of this city and is a graduate of the local high school and the Wayne Teachers college.

Belden Winner In Tournament

(continued from page one)
side having any advantage of more than two baskets during the entire game. Belden luckily had the advantage of one basket at the end of the game.

In the consolation game, which preceded the championship tilt, Wayne College High team and Beemer played a hotly contested game which had a tie score when the final gun sounded and required the playing of an extra period to decide the winner. A field goal made by the Wayne team in the extra period gave them the game which ended by a score of 22 to 20.

Belden, by reason of its victory over West Point, is now qualified to play in the coming elimination tournament which takes place in the college gymnasium Friday and Saturday of this week, should they be successful in this tournament they will be eligible to play in other elimination events which will have the state championship finals as their ultimate goal.

Monument Being Erected By Local Works

Among the many beautiful monuments being turned out the past month by the Wayne Monuments Works, is a beautiful dark grey granite memorial to the late E. O. Gardner, for many years editor of The Nebraska Democrat. The simplicity and beauty of the stone is fittingly symbolic of the sympathy and beauty of the character of the man whose final resting place it makes. The stone is being sent to Villisca, Iowa, to be placed at the Gardner family lot where he lies buried.

GOVERNOR WEAVER FAVORS FORM OF STORE SALES TAX

Makes Comment On Chain Business House Fight Now On.

Lincoln—Observing that preservation of the small town, independent merchant should be retained in an open competitive field, Governor Weaver has suggested a form of sales tax as a means of equalizing conditions.

His comment on the prevailing chain store controversy was made for a member of the McWendree college date squad at Lebanon, Ill.

Calling attention to the fact that Nebraska has not enacted any laws either to encourage or to prevent the growth of the chain store, Governor Weaver described the situation as one directly attributable to the branch store expansion by larger merchandising concerns, who he said, had taken advantage of the auto and good roads.

"The final answer to this expansion," the governor ventured, "will come from the people themselves because their patronage will determine the success or failure of the system."

Practically all of our merchants, he added, have been local home owners and taxpayers, interested in every community enterprise and supporters of churches and schools.

"Because foreign-owned or foreign-operated corporations bear only a small part of the expense and responsibilities which are attached to the local merchants, the competitive field should be kept open to the small competitor by a system of taxation," the governor suggested.

This taxation, he explained, should be upon an entirely equitable basis, operated with reasonable exemptions on a graduated basis of gross sales or excess profits.

Wayne Folk Move To Laurel Sunday

Mr. and Mrs. Millard Spencer and baby moved last Sunday to Laurel where Mr. Spencer is employed in the bakery. Mr. Spencer was formerly employed as baker in the Wayne Bakery, and since last November has been selling Super-Maid aluminum ware, giving demonstration suppers at various homes in the vicinity. Happy Chick News

It has been rather cold the last week. March coming in like a lion. Maybe this is a sign for better weather later on.

Cold weather is just what those Happy Chick Brooders and Simplex Stoves like. It makes no difference what the temperature is outside, the chicks are more comfortable in a Happy Chick Brooder than if they were with the old hen. So much safer, too.

Amos Beckenhauer ordered a six pen hog house this week. He is going to use this house for lambs. Amos was very careful in selecting a house because lambs are very sensitive to the cold.

I have been telling you the past two weeks of the different people who are buying Happy Chick Brooders and farrowing houses. Now I am going to tell you WHAT THEY are buying. In the first place I am going to make a broad statement, they are buying the best house on the market—dollar for dollar. We put more skids under it, give you a double floor with paper between, then space the rafters two foot and make them double at the splices. We weather strip all our windows making them absolutely water and wind tight. We also use a specially designed window so the water cannot get in around the putty. All windows are hinged on the bottom, have special hardware for locking and adjusting them in any desired position. On our roofs we use dressed and matched flooring over which we place 87 pound slate coated MULE HIDE roofing fastened with a new metal stripping at all splices and then running a metal roof edge around the edge, thus leaving no place for the wind to get under and tear it off or loosen it. The best of clear kiln dried flooring is used on the side walls. All the doors are well braced, the main walk doors are full six foot high requiring no stooping or bumping the head to pass thru. Galvanized iron corners are used on all corners. Last but not least is the painting. The best of brooder house paint is used. The official color is red and I mean a RED. Of course other colors can be had at a short notice.

I sold a six pen farrowing house to Ed Lindberg over north west of Wakefield. Ed says that he is no relation to Charles, the aviator, and is not interested in aviation, but he sure is interested in pigs and in our farrowing houses that we are building here in Wayne.

Mrs. Ted Kuhl of Emerson ordered a 12x16 Happy Chick Brooder with a simplex stove this week.

Another six pen farrowing house went out last week to Claude Heikes over south of Dakota City. His second this spring.

Carlos Martin bought a Simplex stove to put in the brooder house he purchased last year. I was out there last Sunday and Carlos was showing me an extra telephone which he had that he was figuring on placing in the brooder house. Now if any of you people want to call the Martins you will be able to get them. These extensive tele-

I have had some criticism on the grammar I have been using. I know that I make a lot of mistakes but you will have to overlook them. Some people are grammarians, some farmers, some one thing and another but I am a carpenter and a builder and I am trying to build the best brooder or farrowing house that can be built, thus my mind runs along this line and forget grammar when going strong like we are at present. By the way come in and see our shop here and see how we make these houses and the material we use. You will be welcome.

The Simplex stoves are going good. That car load is dwindling away. Have had some interesting figures as to how many chicks will be brooded around this car load of stoves this spring.

This is the Happy Chick Brooder House Factory, Wayne, Nebraska Station, P. O. T. E. signing off until next week.

Bridge Washout Causes Wreck
Stanton—The south approach of the river bridge near here caved in during the recent high water stage and Clarence Van Ness, not knowing of this situation drove over the bridge and dropped into the hole. The car was badly damaged, but Van Ness was unhurt.

Injured in Butchering Accident
Crofton—Otto Lintol, who lives two miles northwest of here was the victim of a butchering accident which may cost him a part of his right hand. The accident happened while he was slaughtering a hog. The knife slipped and cut through the first joint of the right finger on his hand. Several stitches were required to sew up the gash.

Farmers Union Quits Implement Business
Hartington—The Farmers Union of this place has discontinued the implement business. This departure was decided upon at a recent meeting of the union. The grocery business was discontinued some time ago, the only remaining activity of the organization being the cream station.

Robbers Break in Pilger Garage
Pilger—Robbers entered into Miller & O'Brien Bros. garage one evening last week stealing a Chevrolet sedan belonging to Sam Merrillam and also taking away with them a lot of spare tires and other auto accessories, also what small change the cash register contained. Entry was made by means of forcing open a window with a crowbar.

Horses Sell Well
Winside—Gurney Benschopf took 21 head of draft horses to Melbourne, Iowa two weeks ago and sold them at public auction Saturday, February 22, with unusually good success, the horses selling at an average of \$107 per head. The top price for a team was \$311, and for a single animal, \$160. Mr. Benschopf plans to sell another carload of horses this Saturday, March 8, at Melbourne.

Winside—Born to Mr. and Mrs. George Schufeldt Saturday, February 22, a baby daughter.

Winside—Born to Mr. and Mrs. Jim Jensen February 19, a baby boy.

Observe 35th Anniversary
Hoskins—Mr. and Mrs. Fred Melohy celebrated their 35th wedding anniversary Sunday, February 23.

Pearle Jensen's Sale Good
Winside—Mrs. Pearle Jensen, Winside, had a good farm sale Monday last week, there was a large crowd, and everything sold as well as the members of the family expected, top prices paid for cows being \$98; for corn, 56c per bushel; for cattle \$112; and for hogs \$27.

Reception Given
Winside—Mr. and Mrs. Fred Wacker entertained at a reception Tuesday

evening last week in honor of Mr. and Mrs. Melvin Chichester who were married Wednesday morning, February 19, the week previous. Games and card were the diversions of the evening and a two-course luncheon was served. About 30 guests were present. Many beautiful gifts were presented to the honored guests.

Farmer Kills Self
Emerson—Worry over recent land transactions caused Carl Voss, 62, reputedly wealthy farmer to take his own life in an Omaha hotel. Death was caused by the taking of poison. An unmailed letter to a daughter revealed his despondency and reason for it and also authorized his daughter's husband to take charge of his estate.

Concord Votes Water System
Concord—By a vote of 88 to 18 at a recent special election, the village of Concord voted to install a modern water works system in their community. Work will begin shortly on this new improvement which the town of Concord has stood badly in need of.

Railway Mail Clerk Dies
Wynot—Geo. F. Mundt, mail messenger on the Wynot branch out of Sioux City, is dead following an attack of influenza. Mundt came to Wynot about ten years ago as a mail clerk, holding the position ever since. He was 31 years old at the time of his death, was married and the father of two small children. Burial took place at South Omaha.

Cigarettes Cause Loss of Barn
Wynot—A large barn of the Cal Brewer farm near here was completely destroyed by fire Friday a week ago. The fire was discovered by Mr. Brewer as he was coming home from town and noted smoke coming from the hay loft. A call for help was sent to town and the Wynot fire department responded, but the fire had gained too much headway and the building was soon in ruins. A brisk wind was blowing at the time showering sparks on the house which would have gone but for the effective work of the fire fighters. The fire is thought to have been started by three small boys smoking in the hayloft. The building was not insured.

Winside Lumberman Weds
Fred Trampe and Miss Emma Less were married at 4:00 o'clock Sunday afternoon, February 23, at the Emmanuel's Lutheran church at Ponca, the Rev. Young of Martinsburg performing the ceremony. They were attended by Miss Minnie Trampe of Grand Island, sister of the bridegroom, and by Edwald Less, brother of the bride. The bride is the second daughter of Ed Less of near Ponca. She is a former student of the Business college at Grand Island. The bridegroom is the manager of the Chicago Lumber company at Winside. Mr. and Mrs. Trampe left the next day for a couple of weeks' trip to Omaha and other points of the state. They will make their home at Winside in the former Mrs. Ute Miller residence recently purchased by C. E. Benschopf who is busy making it ready for them.

Corn and Hog Day
Ponca—The second annual corn and hog day will be held Tues., March 11, in Ponca, the program beginning with movies at 10 o'clock. At 11:00 o'clock Mr. Brokaw, director of the extension department of the state university, will speak. There will be a free lunch at noon, and the refreshment committee promises not to run out of food as it did last year when an unexpectedly large crowd swamped them. Mr. Wagner and Mr. Stewart will speak in the afternoon, the former being the man whom the people liked so well last year. A new and interesting feature of the day will be a corn show, prizes to be offered for the best, second best, and third best 10 ears of corn (yellow and white.) There will also be prizes for the best single yellow and for the best single white ear of corn, as well as a prize for the largest ear at the show, and for the most freakish ear at the show. All interested are invited to make themselves right at home at any or all the meetings of the day.

Beware of Agents
The Nebraska Farmer Protective Service states that reports are coming to them of slicker agents operating the state selling poultry insurance. They are taking folk's money with only a promise that they will receive their policy by and by. People should be on the guard for slickers who are selling this and a hundred and one other things. It is a good plan to investigate before investing and to know the person from whom you purchase.—Nebraska Journal Leader.

Perfect Student to be Music Teacher
Wisner—Herman Baehr of this village, Midland College freshman, who has the distinction of being the only one of 375 students to win perfect grades in all subjects taken during the first semester, has set as his goal in life, the teaching of music. His unusually fine voice has made him prominent in musical organizations of the college and he will be a member of the college glee club which is soon to make a tour of the eastern part of the country.

Woman Wins Insurance Case
Randolph—Mrs. Mary A. Kerley, a former resident of Randolph, won a decision in Supreme Court this week which awards her \$4,774 which was her claim on a life insurance policy written with the Equitable Life Insurance Company of Iowa.

The decision was a confirmation of one made in district court and involved payment due on an insurance policy on the life of the late Dr. Kerley.

The company contended that the premium due on the policy had not been paid on the required time and the insurance had lapsed. The court ruled that one day of grace remained and the insurance was therefore in force and the company was liable for the amount.

A new viewpoint in the dating of life insurance was involved in the case, which it would seem, delay putting the insurance in force until the policies are issued instead of when application is made, as has been generally supposed to be the case.

Farm Sells For \$15,000
Winside—The Pearle Jensen 120-acre farm 10 miles northwest of here was purchased recently by Art Glass, the consideration being \$15,000. Mrs. Jensen is moving to Winside and will occupy the Wm. McMillan residence where Mr. and Mrs. Jens Hansen now make their home.

Observe Silver Wedding
Mr. and Mrs. Fred Bose, were pleasantly surprised Saturday evening, February 22, when a number of relatives came to their home southeast of Dixon unawares and reminded them of their 25th wedding anniversary. The evening was spent socially and a luncheon was served. Many beautiful gifts were received by the honored couple.

Dixon—Walter Tidemann, who suffered severe loss in a fire which broke out a few weeks ago on the farm place where he was living north of here, has moved into the Ryan house in this village.

Ponca Residence Burns
Ponca—Fire of an undetermined origin ruined the Earl Gibbs residence here last Wednesday afternoon.

TRUE ENOUGH

This is the report of an actual dialogue which took place between two American citizens the other day—one of them a business man and the other a clergyman, to whom the business man spoke frankly as one does to a good friend.

"Well," said the layman, with an air of finality, "prohibition is a failure and we must get used to the idea of making America wet again."

"But who is to drink the liquor?" asked his friends. "Will you?"

"Why no," said the other. "You know I am a teetotaler."

"Will your son drink it?"

"No, that must not be."

"Would you want it to come back for the sake of your clerks?"

"No, it is my practice to discharge any clerks who drink liquor."

"Do you want your customers to drink it?"

"No, I would much rather not; I am sure that those who use strong drink will not buy so much, nor pay their bills so promptly."

"Will you want the engineer on your train to use it?"

"No, I admit I don't want to ride on a drunkard's train."

"Ah, then, you want this liquor for the men whom you see driving cars on the public highway."

"No, of course not, that is danger to everybody."

"Well, then who is to drink this liquor in America?"

"I am not so sure that anybody should drink it. I guess we're better off without it."

Water Filtration Has Curbed Disease Spread

About 1887 it was announced by Percy Frankland and others that sand filtration removed nearly all the bacteria in water. Five years later came the outbreak of cholera in Hamburg, and a striking demonstration was afforded of protection through filtration. Hamburg and Altona, two cities on the Elbe river, both used the river as a source of water supply. Hamburg used unfiltered water; Altona filtered its supply. When cholera infection of the river water occurred, Altona escaped with only a few cases. Hamburg, on the other hand, had an enormous number.

Following the rapid advance of the science of bacteriology in the '80s and '90s, it was natural to consider the possibility of purifying drinking water by the addition of chemical disinfectants. The first systematic use of chlorine in water is credited to Houston and McGovern in England in 1904 and 1905. The present world-wide use of chlorine disinfectant of public water supplies, however, is due largely to the work of George A. Johnson, who, in 1908, used bleaching powder ("chloride of lime") for the purification of Jersey City's water supply.—New York Times.

Inventions That Would Make Deviser Wealthy

Among the 20 ways of making a million dollars, revealed by Roger W. Babson, economist, in the Forum are: (1) Pills for plants—condensed form of fertilizer, to do away with wasteful spreading. (2) A new gearless automobile which will use a rotary engine, go sidewise as well as forward and backward for convenience in parking. (3) A foolproof helicopter, to lift an airplane directly off the earth, enabling the aviator to light on city streets and building roofs. (4) Gliders for children. Boys will fly around their yards as safely as they now play in their sandpiles. (5) A light that will pierce fog, something greatly needed in the field of air navigation. (6) Talking books—that is, pages that may be fed into a machine and save the bother of reading. (7) Flexible, unbreakable and bulletproof glass. (8) Cold light, to do away with 95 per cent of electric current now wasted on resistance to create glow. (9) Mahogany lumber from native hardwood trees, by inoculating them with dyes and chemicals.

LIVE STOCK NEWS

CASTRATING AND DOCKING IS AID

Properly Treated Lambs Always Bring High Prices.

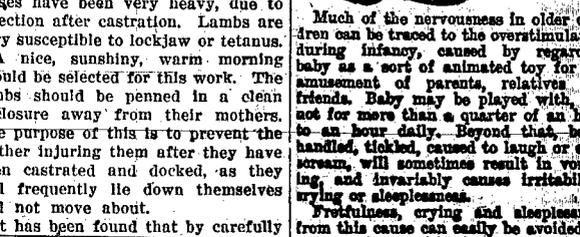

Lambs that are not castrated and docked do not sell well on the market. They bring considerably less than those lambs that have been properly docked and castrated when young. The market always discriminates against them.

The most satisfactory age to castrate and dock lambs is at about two weeks of age. Considerable difficulty is often experienced in the castration of lambs, more so than with any other kind of live stock. In many instances losses have been very heavy, due to infection after castration. Lambs are very susceptible to lockjaw or tetanus.

A nice, sunny, warm morning should be selected for this work. The lambs should be penned in a clean enclosure away from their mothers. The purpose of this is to prevent the mother injuring them after they have been castrated and docked, as they will frequently lie down themselves and not move about.

It has been found that by carefully disinfecting the instruments which are used for castrating and docking and keeping them in an antiseptic solution when they are not in use and following the docking and castration by the use of a suitable disinfectant, lambs can be docked and castrated with very satisfactory results.

The following solution has been used for applying to the stump of the tail after the lambs have been castrated: Compound solution of cresol, two ounces; pine tar, one pint. This to be warmed until it runs well and to be applied heavily to the stump of the tail and to the lambs after they have been castrated. This is an excellent antiseptic, keeps away flies and destroys any ordinary infection that might gain access to the wounds.

Much of the nervousness in older children can be traced to the overstimulation during infancy, caused by regarding baby as a sort of animated toy for the amusement of parents, relatives and friends. Baby may be played with, but not for more than a quarter of an hour to an hour daily. Beyond that, being handled, tickled, caused to laugh or even scream, will sometimes result in vomiting, and invariably causes irritability, crying or sleeplessness.

Fretfulness, crying and sleeplessness from this cause can easily be avoided by treating baby with more consideration, but when you just can't see what is making baby restless or upset, better give him a few drops of pure, harmless Castoria. It's amazing to see how quickly it calms baby's nerves and soothes him to sleep; yet it contains no drugs or opiates. It is purely vegetable—the recipe is on the wrapper. Leading physicians prescribe it for colic, cholera, diarrhea, constipation, gas on stomach and bowels, feverishness, loss of sleep and all other "upsets" of babyhood. Over 25 million bottles used a year shows its overwhelming popularity.

With each bottle of Castoria, you get a book on Motherhood, worth its weight in gold. Look for Chas. H. Fletcher's signature on the package so you'll get genuine Castoria. There are many imitations.

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Bayer Aspirin. The name Bayer is on every tablet, and on the box. If it says Bayer, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Bayer Aspirin. So are colds and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Bayer—at any drugstore—with proven directions.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart.

Aspirin is the trade mark of Bayer Manufacture of Monoclonalacetate of Salicylic Acid.

SOCIETY and Club

Young People's Bible Circle.

The Young People's Bible circle met last Friday evening for a study of the Four Little Wise Things. The ants, because they teach us to prepare by preparing for the winter while it is summer; the conies, because they flee to the rocks for protection; the locusts, because, though they have no leader they go about in bands, thus teaching the lesson of unity and how people should work with Christ instead of for Him; and the spider, because she took hold with both hands and is in king's palaces, teaching that one must start if he wishes to succeed in anything. Mrs. L. W. Kratavil acted as study leader.

There were four special musical numbers as follows: What Will You Do Without Jesus, sung by Miss Gladys Olson; Hiding in Thee, sung by Miss Gladys Olson, and Miss Hilda Hattig; Lo, the Golden Fields, sung by Harry Langley; and Say, I Will, to God, sung by Miss Hilda Hattig; a number being sung after each of the four studies. Mrs. Harry Dahlquist of near Laurel was a guest.

The class meets as usual tomorrow evening at the D. B. Young home. Mrs. Kratavil will lead.

Girl Scouts.

The Girl Scouts of troop 2 met last Friday afternoon at the college callisthenium for a regular session. The girls chose a new name for their troop, naming it the Goldenrod Troop, this name to hereafter designate this troop. Three more girls, Josephine Ley, Marjory Lerner, and Helen Mabbott, were invested to become scouts. The Swift Eagles worked on their five points of health, the Bobolinks worked on first aid, and the Bluebirds continued their nature work. The Scouts of the Goldenrod Troop will meet as usual tomorrow afternoon (Friday) at the callisthenium.

Miss Neva Hooker Is Bride February 20

Miss Neva Hooker of Allen and Rudolph Thomsen, son of Mr. and Mrs. Carl Thomsen of Wakefield were married at the bride's home near Alton at 2:00 o'clock Thursday afternoon, February 20, the Rev. W. A. Gerdes, pastor of the St. John's Evangelical Lutheran church south of Wakefield, performing the marriage ceremony in the presence of about 50 relatives. Following the wedding there was reception given in honor of the bridal couple.

Mr. and Mrs. Thomsen are both well and very favorably known in their respective communities. They will make their home on a farm northwest of Wakefield. Their many relatives and friends extend to them the heartiest congratulations and best wishes.

Little Girl Painfully Burned By Hot Water

Little Dorothy Ahlvers, daughter of Mr. and Mrs. Ben Ahlvers, suffered severe scalds upon the upper part of her legs Wednesday last week when some boiling water from the kitchen range was spilled upon her as she sat near the stove. Though the burns were quite serious, it is hoped the wounds will be healed soon. The left thigh is practically healed now, but the right one which was burned the more severely, is still quite sore. The little Ahlver children are staying at the H. D. Lindsay home while their mother is at the M. E. hospital at Sioux City.
