Norfolk Man Gives Talk at Kiwanis Club

M. S. McDuffee Gives His Views on Allotment Plan.

M. S. McDuffee, Norfolk attorney and former Madison county judge, addressed Wayne Kiwanians Monday noon at Hotel Stratton on the allotment bill, which he concluded was not feasible. Mr. McDuffee was introduced by Attorney H. E. Siman.

The house of representatives, Mr. McDuffee said, passed the Voluntary Allotment plan of farm relief a few weeks ago and sent it to the senate. Volumes of testimony have been taken in the senate and numerous opinions have been filed. As a result, Mr. McDuffee said, the senate has instructed its agricultural committee to write a new bill on the subject.

The house bill, he said, provided for a voluntary reduction of production on the seven major crops by farmers of the United States. This reduction, under the terms of the bill, would be at least 20 per cent.

The plan, Mr. McDuffee explained, would be to bring prices to the 1926 price level and would be virtually a price-fixing proposition. The government would pay the difference between the current market price and the 1926 price level to all farmers who cooperated, making payment by scrip and charging 1-2 per cent for handling charges. The needed money would be obtained by assessing a tax against the processors, excepting on goods bought for export.

A change that the senate is almost sure to make, Mr. McDuffee said, is in the method of administration. A contention of the bill's opposition has been that it would entail large expense and necessitate the hiring of many federal employees. The new plan, Mr. McDuffee said, is to leave the administration of the allotment plan to the state and county governments.

Farm organizations, Mr. McDuffee reminded his listeners, appealed to farmers for a voluntary reduction of crop production several years ago, but failed. The McNary-Hagen bill asked the issuance of debentures to (continued on page five)

Best Asks Board to Cut His Salary

Superintendent of schools H. R. Best recommended to the board of education in session Monday evening, a reduction of his own salary.

His recommendation was approved and accepted by the board.

The board's check of the work of the French department in the Wayne high school indicated that the expense could not be justified on a basis of the reduced number who are taking the course. At the suggestion of Supt. Best, it was decided to eliminate the department from the high school, effective in September, 1933.

Mr. Best reported that, following the instructions of the state fire marshal all fire hazards have been removed. Changes made included the changing of all classroom doors to swing outward, the plastering of all open places to store rooms, and the clearing out of all possibly inflammable material of any kind in the basement.

LOCAL DEBATERS IN FREMONT TOURNEY

Wayne Gets Decision in All Affirmative Contests.

Lucille Wright, Richard Moses, Wm. Studley and Raymond Sala represented Wayne high school in a debate tournament, held at Fremont last Thursday, Friday and Saturday under the auspices of Midland college. W. A. Behl, debate coach, accompanied the contestants.

Wayne's A team, composed of Lucille Wright and Richard Moses, met Abraham Lincoln high school of Council Bluffs, Ia., in the first round and defeated them by a 3-0 decision of the judges. In the second round, the Wayne team was beaten, 2-1, by the Thomas Jefferson high school team of Council Bluffs. In the consolation, the Wayne team defeated South High of Omaha, 3-0, Norfolk high school, 2-1, and lost to Wakenfield high school, 3-0.

Wayne's B team met Emerson in the first round and won a 3-0 decision. They lost to Tech High of Omaha 3-0 in the second round. Omaha Tech's team won the meet.

In 59 debates in the tournament, 42 affirmative teams and 17 negative teams won. Wayne's team won all of their affirmative debates.

FOREIGN PRESS ACE TO SPEAK IN WAYNE

Frederick Moore Signed for College Lecture Course.

Frederick Moore, journalist and diplomat, will appear on the Wayne State Teachers college lecture course on March 23. He is at present in Manchuria, but expects to return to the United States in time to begin his lecture tour in March. Mr. Moore, foreign correspondent for the New York Times press service, has spent the greater part of his life in the far east.

Members of the college lecture course committee have also closed a contract for a duo-tist recital, to be presented by Mary Krakowski, soprano, and Magdalen Massmann, pianist, who are said to have been making a sensational success. Miss Krakowski was winner of a radio audition contest in Chicago. Miss Massmann has appeared as soloist with the Chicago Symphony orchestra and is regarded highly by Chicago music critics.

Efforts are being made to secure a concert by the Sioux City Symphony orchestra, a musical organization of 75 pieces, under the direction of Leo Kucinski.

Stamp Collecting Is Hobby of Many Wayne Enthusiasts

Philatelists (stamp collectors) are growing in numbers in Wayne, even during this period of depression.

Walter Savage, according to those who "know their stamps," has the best collection in Wayne, with the value of his assortment placed at a good many hundred dollars.

Among other collectors are Dr. T. J. Jones, F. S. Morgan, Miss Enid Conklyn, Alma Liedtke, Walter Bressler, Jr., Robert Heylman, Jack Morgan and Beverly and Douglas Canning.

Stamp collecting has become one of the leading hobbies in Wayne in recent years. Today in the United States there are over two million known collectors. The United States government has set the seal of approval on the hobby, and has established the Philatelic Bureau at Washington as a branch of the post-office department, to render assistance to collectors. This department alone has netted the government a clear profit of \$80,000 a year. In issuing commemorative stamps, the government recognizes the patriotic and educational advantages of philatelles.

Educators all over the world have stressed the value of stamp collecting in making learning attractive to children. In thousands of schools, stamp collecting is encouraged. In many class rooms, the discussion of students' collections has been given a definite, important position on the

Wayne Home Robbed; Burglar Takes \$43

An unknown person entered the home of Mrs. Winifred Main last Wednesday evening and stole about \$43 belonging to Mrs. Main's niece, Miss Grace McElroy. Mrs. Main was gone during the evening. She had locked the inner vestibule door, leaving the key in its accustomed hidden place. The outer door was closed, but unlocked, and the porch light was burning. The thief entered through the front door. When Mrs. Main returned, she found the outer door open and the key in the lock of the inner door. Nothing was disturbed in the house, and nothing was missing but the cash, which was taken from Miss McElroy's purse.

Rev. H. C. Capsey Is Recovering from Illness

Rev. H. C. Capsey, who is convalescing in the Methodist hospital at Omaha after a serious operation, is regaining strength daily and is able to sit up in a chair for about an hour each day.

Mrs. Capsey returned home from Omaha Tuesday noon to spend several days with her family. She plans to return to Omaha tomorrow to rejoin her husband.

Mrs. S. A. Lutgen to Broadcast Radio Talk

During the radio broadcast of the third district federation of Woman's clubs from WJAG Tuesday morning, it was announced that Mrs. S. A. Lutgen of Wayne, general federal chairman of drama, would speak at the next regular broadcast on Feb. 21. Mrs. B. F. Trump of Plainview, third district chairman of drama, will also be heard. The broadcast is from 10:45 to 11:15 a. m.

SIX ATTEND GIRL SCOUT INSTITUTE

Local Women Take Part in Meeting at Omaha.

Mrs. A. V. Teed, Mrs. G. W. Costerisau, Mrs. L. W. Ellis, Mrs. F. S. Morgan, Mrs. P. A. Theobald and Miss Marion Jo Theobald attended a Girl Scout field institute in Omaha Monday.

The institute, lasting all day, was attended by 100 troop committeewomen, members of the Girl Scout council, and leaders from Omaha, Des Moines, Sioux City, Fremont, Columbus and Wayne.

Chief speaker was Miss Margaret Murray of New York City. She was assisted by Miss Elizabeth R. Bealer and Miss Jane Olson, both of St. Louis, Mo.

Miss Bealer said prevention rather than cure is the trend in every modern field. When prevention is increased, she declared, demand for relief decreases. Girl Scouting is a preventive measure, she asserted, because it guides girls in choice of leisure-time activities and offers a modern recreational and education program which builds character and leads to hobbies and vocations.

The Wayne women attended a Girl Scout luncheon at the Paxton hotel.

Break-In Artist Fails at Mitchell Residence

C. O. Mitchell wants to thank whoever broke into his house on Thursday evening, Feb. 2, for not taking anything, but he also wants to ask the unknown break-in artist to close the door when he leaves, if he should ever happen to visit the Mitchell residence again.

Maxine Johnson, daughter of Levin Johnson, noticed Friday that a window in the Mitchell home had been opened. She knew that Mr. and Mrs. Mitchell were on their way back from California, so she told her father that he should investigate.

Mr. Johnson and Sheriff A. W. Stephens went to the Mitchell home and found the front door open. Someone had ransacked the house. Mr. Mitchell said yesterday that he did not believe anything had been taken.

Four-Day Old Infant Passes Away Tuesday

Maryanna, infant daughter of Mr. and Mrs. W. J. Hepfinger, died Tuesday at Pender. The child was born Saturday. Mr. Hepfinger, a graduate of Wayne State Teachers college, is manual training instructor in the Pender school system.

State Looks for Mortgage Relief Plan

Nebraska senators let S. F. 99, which provides for extending from three years to five years the period of time for filing a foreclosure action on tax sale certificates or tax deeds go to a third reading Tuesday. The bill is along the line advocated by leaders of the legislature for extension of foreclosures.

Representatives of more than a score of companies holding \$1,000,000,000 in farm mortgages met in Omaha Monday and discussed the mortgage situation at length but reached no definite conclusions. About 120 representatives of insurance companies, land banks, commercial banks, trust companies and other institutions attended.

F. B. Goudy of Omaha, making the main address, declared the relationship with the farmer an "exceedingly delicate one," and added that "the situation is partly the farmer's blame and partly ours."

"The farmer," he said, "wanted to borrow more money than he should have, and we wanted to loan him more than he should have borrowed. This led to competition in interest rates, eventually to very serious complications in the matter of valuations. So grave has the situation become that it now occupies the attention of even the state and national governments."

Goudy called attention to the moratorium on foreclosures in Iowa and termed this move "bad business."

Two bills seeking to meet the demand for mortgage relief were ordered on general file by the Nebraska house of representatives judiciary committee Monday night, but the committee said it did not believe the bill would affect existing mortgages. One was the Cone bill to repeal the deficiency judgment law. The other was the Chase bill to authorize judges to refuse to confirm sales where a reasonable price is not obtained.

Wayne Shivers in Grip of Continued Subzero Weather.

Wayne experienced one of the worst cold waves in recent years on Monday, Tuesday and Wednesday, with the temperature plunging past 20 degrees below zero on Tuesday and Wednesday. Weather forecast for today indicates generally fair skies, but continued severe cold weather.

A light snow Sunday was followed by a snow storm Monday, with the thermometer hitting sub-zero marks. Tuesday's temperatures were more bitter than those of the preceding day, and a driving wind added to the discomfort of those Wayne people who had to be out of doors.

Train service was considerably behind schedule Tuesday, with several trains two hours behind schedule. Railroad service had not been completely cleared up Wednesday. Although all trains were running, maximum wind velocity for Tuesday was 30 miles from the north. Snow amounted to 1.2 inches.

Low temperature for the cold wave was -24, registered early this morning. At 9 o'clock, the thermometer reading was -18. Tuesday's low temperature was 20 degrees below zero, with a high of 14 below. Wednesday's low was 23 degrees below, with a high of 10 below.

Although the cold was accompanied by stiff winds, with drifts in many places, practically all roads in northeastern Nebraska were open. Very few cars were on the streets Tuesday and Wednesday, and Wayne garages reported a heavy storage business. Local taxi men said their business was rushing.

The weather map showed that Wayne was not alone. An area from Patosto, Ida., to Pittsburgh, Pa., and from Corpus Christi, Texas, to Duluth, Minn., was included in the cold territory. Bemidji, Minn., recorded 41 degrees below zero and Moran, Wyo., set a new low of 55 degrees below zero.

James Bennick, who has been critically ill at his home since he suffered a stroke Jan. 18, remains about the same. He is conscious only a part of the time.

F. B. Goudy of Omaha, making the main address, declared the relationship with the farmer an "exceedingly delicate one," and added that "the situation is partly the farmer's blame and partly ours."

"The farmer," he said, "wanted to borrow more money than he should have, and we wanted to loan him more than he should have borrowed. This led to competition in interest rates, eventually to very serious complications in the matter of valuations. So grave has the situation become that it now occupies the attention of even the state and national governments."

Goudy called attention to the moratorium on foreclosures in Iowa and termed this move "bad business."

Two bills seeking to meet the demand for mortgage relief were ordered on general file by the Nebraska house of representatives judiciary committee Monday night, but the committee said it did not believe the bill would affect existing mortgages. One was the Cone bill to repeal the deficiency judgment law. The other was the Chase bill to authorize judges to refuse to confirm sales where a reasonable price is not obtained.

State and House Inspect Methods of Handling Farm Problem.

Nebraska senators let S. F. 99, which provides for extending from three years to five years the period of time for filing a foreclosure action on tax sale certificates or tax deeds go to a third reading Tuesday. The bill is along the line advocated by leaders of the legislature for extension of foreclosures.

Representatives of more than a score of companies holding \$1,000,000,000 in farm mortgages met in Omaha Monday and discussed the mortgage situation at length but reached no definite conclusions. About 120 representatives of insurance companies, land banks, commercial banks, trust companies and other institutions attended.

F. B. Goudy of Omaha, making the main address, declared the relationship with the farmer an "exceedingly delicate one," and added that "the situation is partly the farmer's blame and partly ours."

On Sunday Mr. West and his wife's parents, Mr. and Mrs. Dick Stricklett and daughters, Mrs. Andy Nelson and Miss Demi a Stricklett, all of Blair, drove here to spend left, all of Blair, drove here to spend companyed, them home.

Henry Hintz of Denver, Colo., arrived Tuesday last week to visit until Sunday with Mr. and Mrs. Wm. Watson and with Mr. and Mrs. Chas. W. White. The Whites entertained the Watsons and Mr. Hintz at Sunday dinner. Mr. and Mrs. Leland Hintz and family of Fremont were afternoon guests, and Henry Hintz accompanied them to Fremont when they returned in the evening.

SOCIETY and Club

Home Missions' Group Meets

Woman's Home Missionary society of the Methodist church met last Thursday afternoon with Mrs. L. W. Roe, Mrs. Mae Merrick and Mrs. Clyde Oman in the Roe home. Miss Harriet Fortner was a guest. Mrs. Merrick led devotions, and she and Mrs. Main had charge of an Indian lesson, the former giving the last chapter of "Facing the Future in Indian Missions," and Mrs. Main discussing "Navajo Land." Indian relics were brought by members and displayed. Members brought tea towels to be sent to a tubercular sanitarium in Albuquerque, N. M. The hostesses served luncheon. Next meeting is planned for March 2. Mrs. H. C. Capsey, Mrs. Jennie Schrumph and Mrs. R. J. Kingstrom are to be hostesses.

Have Party for Prestons

The Country Kard Klub postponed its meeting Friday evening and joined with members of the La Porte Community club and their families in a farewell party for the Clarence Preston family Friday evening. About 40 gathered at the Preston home, where five hundred was played during the evening. Score prizes went to Mrs. Eli Laughlin, Carl Sundell, Mrs. S. J. Hale and Ray Robinson. Serving of refreshments from baskets brought by the guests closed the evening. The Kard Klub will have its regular meeting this Friday evening with Mr. and Mrs. Pete Jorgenson.

C. S. C. at Gettwans

Central Social Circle members and their husbands and guests, Mr. and Mrs. Merle Roe and Mrs. F. W. Elder, all of Carroll, met last Thursday for one o'clock luncheon in the John Gettman home near Carroll. Mrs. Will Roe, as program leader, asked each to answer roll call with current events. Topic for round table discussion was "Is Snow an Asset or a Liability?" Five hundred occupied the rest of the time. Mrs. Will Back entertains March 2, when Mrs. Monta Bomer will be program leader.

O. E. S. Kensington

Eastern Star members met Friday afternoon in the L. B. McClure home to sew children's garments and begin work on quilt blocks. Refreshments were served at the close of the afternoon by Mrs. McClure, Mrs. A. A. Welch, Mrs. G. W. Costerisan and Mrs. W. C. Coryell. Next meeting is March 3, and will be with Mrs. J. W. Jones. Mrs. C. M. Craven, Mrs. C. H. Fleher and Mrs. S. B. Whitmore will be hostesses.

Cameo Study Meeting

Cameo club members and one guest, Mrs. John Volk of Williston, N. D., met Friday afternoon with Mrs. H. D. Addison. Following a short business meeting Mrs. L. W. Jamieson reviewed J. B. Priestley's "Faraway." Mrs. Willard Wiltse played a piano number and Mrs. Volk sang "Trees." The hostess played a piano number, "Nola." Contract Bridge was diversion during the rest of the afternoon.

At Callesthenium

Oak troop of Girl Scouts met after school Friday in the college callesthenium for regular work. Lorraine Steele, who completed her Tenderfoot work, was awarded her pin. Wauweta Bomer is beginning work in the troop. Mattie Seace and Larhylla Whitmore will demonstrate first aid work before the Ch'ld Conservation League next Tuesday, Feb. 14. Feeding of the troop this week is at the high school.

In'ermiedate C. E. Party

Members of the Intermediate Christian Endeavor society of the Presbyterian church and their sponsor, Miss Grace Kiker, invited prospective members to be guests of Miss Larhylla Whitmore at a party in the S. B. Whitmore home Saturday evening. About 25 were present. Games were enjoyed and refreshments were served.

Profic Well Attended

State Teachers' college all-school frolic held Friday evening in the college gymnasium, was well attended. Music was furnished by Ray Keele's orchestra. Prof. and Mrs. A. V. Teed, Miss Mildred Snyder and Miss Esther P. Dewitz served as chaperons.

Ent'rtains Contract Club

Mrs. J. W. Jones was hostess to members of the Contract Club last Thursday afternoon. Following one o'clock luncheon, bridge was played at three tables. Continuous scores are being kept. Mrs. H. H. Hahn will be hostess next Thursday.

Here's the Dope!

Warner Baxter plays the lead in "Dangerously Yours," which comes to the Gay tomorrow and Saturday. Warner Baxter, noted for his marvelous diction and splendid characterizations, adds plenty to this picture. In the opinion of this movie fan, Miriam Jordan plays opposite him, furnishing the love interest which is a necessary adjunct to the dashing, thrilling characterization offered by Baxter.

Democrat readers have a chance to get free tickets to see the hard-boiled James Cagney in "Hard to Handle," which is the feature attraction at the Gay Sunday, Monday and Tuesday. A full-page ad elsewhere in this issue explains how you can cop free ducats for this hit story which brings the high-priced star, Cagney, back to the screen.

How publicity and advertising pull the strings that govern modern America is told with humor, gusto and brilliant acting in the picture, which is Cagney's first work since his recent return to the screen after several months absence due to a salary argument.

The comedy is motivated around the publicity methods and advertising which practically run the county today. The dance marathon, giant treasure hunts, changing a cold cream which "won't rub in" into a reducing compound which rolls off fat, then getting a well-known society leader to endorse it; taking a doctor's degree at a university for building up its financial structure, rolling up millions out of a citrus fruit, which no one would buy, much less eat, before it was "discovered"; that it took off weight—these are only a few of the legitimate rackets of young men with promoting ideas which James Cagney promotes as a high pressure "public relations" counsel.

The story is by Houston Branch, brought into screen play form by Wilson Mizner and Robert Lord. The direction is by Mervyn LeRoy, who

THE KNOT-HOLE

No. 37 Wayne, Nebraska, Thursday, February 9, 1933. Vol. 7

As one of our friends remarked not long ago, "It's remarkable how much money a man can save by getting sleepy at ten o'clock."

"I'll have to see the doctor about a corn on my foot."

"Why, your wife told me it was a burn."

"It is! That's where I spilled the corn."

We have not any remedy for the divorce evil. But we have an idea if men provided the modern conveniences like CURTIS kitchen cupboards there would be much less family disruptions. Ask us to look over your kitchen. We can suggest time-saving, labor-saving units at very small cost.

Isn't it amazing what otherwise honest men will resort to when their backs are to the wall?

You'll not regret making the acquaintance of CERTIFIED SAHARA coal. It's a money saver.

We honor Abraham Lincoln next week. In his day he was known as "Honest Abe". A day is hard-

ly enough to set aside for such a character. The dollar you have you can spend but once. It can't be spent for drink and at the same time be spent for food, clothing or shelter for the family.

Spend wisely the dollar you now have. ECONOMY coal at \$7.50 will warm your home at the lowest possible cost.

She was only a plumber's daughter and how that girl could forget herself.

Telephone us at any time on any phase of our business. We are always glad to have you do this.

Not many of us can remember the hard times of 1873 to 1878. Yet statistics show that the ratio of failures then to the number of concerns in business was greater than the number of failures

We do hope we never get so rich that our second cousins start writing us letters.

They didn't give up then. We must not give up now. We'll work out of this if we listen to wise counsel and perform accordingly.

We asked a customer the other day what he thought of the gold standard. He replied, "The standard is okay. What I want is a little more gold."

What we want is a greater number of customers who have odd carpenter jobs to do. We'll be glad to send you a good man to do what you want done.

This week we have unloaded a carload of steel goods, bought for spot cash at the very bottom of a weak market. That'll be good news to those who require steel for any purpose.

We predict that the man who is in position to take advantage of present panicky values will reap rich rewards within four years.

NOW AT ALL DIAMOND STATIONS

THE NEW QUICK-STARTING MOTOR FUEL THAT LUBRICATES

Be satisfied no longer with ordinary gasolines! Use D-X—Successor to Gasoline—the modern fuel. "D" stands for Diamond—the brand name of a distinguished family of petroleum products. "X" stands for the new and exclusive process by which D-X is made... the process which gives to D-X its distinctive property of lubricating upper-cylinder parts. D-X is made to replace gasolines—not to compete with them... it does what ordinary gasolines never could do. D-X provides quicker starting, more speed and power,

greater mileage and pronounced anti-knock performance. In addition, it furnishes needed protection to valves, pistons, rings and upper cylinder walls. The result is smoother motor operation with lessened wear and a new degree of freedom from carbon and valve troubles. Fill your tank today—then thrill to the feel of D-X performance... we guarantee you a new experience! D-X is readily identified by its golden amber color and its distinctive odor. Mid-Continent Petroleum Corporation, Tulsa, Oklahoma.

TESTS HIGHEST • STARTS QUICKEST • HIGHEST ANTI-KNOCK AND IT LUBRICATES!

Costs no more than ordinary gasoline

TECHNOCRACY

If you've had trouble figuring out what technocracy is all about, we recommend this terse summary by Wayne W. Parrish:

What is Technocracy? At present, it is a group of engineers engaged in the most extensive analysis of our industrial and agricultural growth ever attempted.

We must realize, Technocracy tells us, that we have reached the end of an era, that the fundamental cause of the depression is not political, it is technological.

WORK THE FIRST ESSENTIAL

Evidence is accumulating that the Roosevelt administration will counter attack depression with a gigantic public works program, one that is conceived on a grand scale and which carried out, would refashion the whole social and economic structure of America.

Committee Works on Student Council Plans

Plans for a student council at Wayne State Teachers college are advancing, with a constitutional committee working to complete a constitution, which will meet with the approval of both the faculty and student body.

involve a scaling down of debts and taxes, a general reduction of fixed charges and obligations to the level of commodity and good prices while the process of putting men to work to improve buying power and disseminate currency is being put into operation.

Meantime other forces of government will be set to work in an endeavor to re-open the channels of world trade, adjust international debts, both commercial and war obligations, lower the tariff barriers and solve problems growing out of the difference in exchange.

Through these and other means it is hoped to wipe out the balance between population and employment, elevate the standards of living for millions, reduce charity demands, stabilize industry and employment and conserve the national resources.

YOUR CHANCES

No chance for young men any more. The business world is dominated by big industries. The little fellow is crushed. His small shop must quit or be swallowed up by some big one.

That lugubrious story was given us every day in former years by the croakers and knockers. They argued that mass production, automatic machinery and efficiency systems gave the small producer too much competition.

It has not looked that way for the past two years. The smaller industries are said to have shown better recovery from depression. They may not be so efficient, but they are more flexible.

Both big and little industries have their advantages. We need both types. The big industry makes economies in ordinary times by division of labor, scientific research and efficiency systems, and thus sets a standard for industrial production.

But the little fellow has his advantages too. He can watch every detail of his production with the eye of practical experience. He can discover losses at once and stop them. He is usually in close touch with his customers, who commonly live in near-by cities and states.

Let no young man in Buffalo say there is no chance for the little fellow. His chances are better than for years. Let no community despise the little shop whose wheels are turned by only a few workers.

Stamp Collectors to Get New Specimen

Stamp collectors are notified by the post office department that a new three-cent commemorative stamp, in honor of the two hundred anniversary of the settlement of Georgia and in honor of General Oglethorpe, the founder of the colony, will be placed on sale at Savannah, Ga., on Feb. 13.

Stamp collectors desiring first-day cancellations of the General Oglethorpe stamp may send a limited number of addressed covers, not to exceed a total of twenty-five, to the postmaster, Savannah, Ga., with a cash or postal money order remittance to exactly cover the value of the stamps required for affixing; other postage stamps will positively not be accepted in payment.

The Wayne post office will place the stamp on sale upon its arrival as soon as possible after Feb. 14. Only a limited number will be distributed through the local office.

Committee Works on Student Council Plans

Plans for a student council at Wayne State Teachers college are advancing, with a constitutional committee working to complete a constitution, which will meet with the approval of both the faculty and student body.

SCOTT SHOTS

by "SCOTTY"

Today, Scott Shots presents an introduction to Dwight Biddle, concerning whose exploits and arguments we will have something to say from week to week. These stories are written by Glenn E. Bunnell and are not to be reprinted without permission of the author.

Dwight Biddle was just one of those young men, a square peg in a round hole affair. He was born and raised in the confining influence of a small town. His reading, however, had taken him far from his birthplace in spirit if not in body.

In twenty-four years of unhurried living he had formed many opinions and assumed many more. Of these opinions, formed and assumed, he loved to talk. It could not be said that his knowledge had taken any special direction, unless it could be said to have a literary bend.

Let no one suppose that because Biddle had been raised in a rural community he was rural; on the other hand, he was not exactly metropolitan. He was, if we might use the comparison, a sod house with a tile bath room. That is to say, rural with city improvements.

His field of reading was wide and being wide was necessarily quite shallow in places. Many of his ideas were not new, but when it came to argument, there were few who could equal him in his defense of those ideas which he chose to defend.

It is hard to describe a man like Dwight Biddle, so that you can really understand him. The word jousts which will appear in Scott Shots, selected from the many in which he engaged, will give you perhaps a better idea of the young Mr. Biddle.

R. R. Allison, editor of the Laurel Advocate, imbued with the spirit of "Buy American," is trying to get the members of his community to start a Cotton Stocking Club. You may know your newspaper, Al, but you don't know your women if you expect 'em to mask what has come to be their crowning (?) glory with cotton socks.

Fred Howard of the Clay County Sun offers his weekly production of mirth and thought:

Although you may be right, it is a good policy to pack a hay maker in your left.

Explaining a discolored cheek, Clarence of the Longways said, "Positive results from a negative."

Lots of women who refuse to wear a stocking with a small "run" in it will parade a run in their reputation proudly.

We presume the reason car makers are stressing speed so much is because of an effort to produce something that will keep up with its payments.

Automobile makers advertise their new models "wider seats and more leg room." Buggy makers and salesmen used to think it good argument to offer a young man that "The seats in this new model are narrow, making for cozy comfort and easy exchange of confidences."

A few Rustlings from The Scribner Rustler:

You can call 1933 the old year if you choose, but that isn't what the average citizen feels like calling it. Blessed are the nobodies. They may lose their jobs when hard times come, but they keep their reputations.

Regardless of what caused the depression, this much is certain; that the fiddler is being paid by a lot of good citizens.

Car owners need not be afraid of good cars. The one that crumples your tender is always an old Model T worth about \$15.

Some good way of ending government waste is known to every able politician who happens to be out of office.

A few years ago about this time you read of people putting up ice. Now all you hear about is those same people putting up with frozen assets.

More than one family envies old Father Adam for just one thing. He didn't have to be bothered with a gossip neighbor.

These are the days when an auto stays in the shed and waits until its

owner can garner dough for some new license plates.

London police now carry receiving sets in their pockets. Some American cops have pockets that receive a lot, too.

Tall men were invented so that short people would have somebody to sit in front of them at the theatre.

Anyway husbands must be better than chins—a woman doesn't mind getting another husband but it fums her up to get another chin.

Scratches by the Office Cat, from the Columbus Telegram:

A woman may hire someone to do her house work, but she always likes to play her own bridge hand. It is said that married writers produce the most convincing fiction; doubtless the result of practical experience.

A well-known minister advises, "Above all things endeavor to keep company with people above you." But his advice might not work in a Pullman, in case the fellow in the upper berth objected. The modern woman, taken in the mass, has two objectives: the first is to get a man and the second is to get rid of him after she gets him.

Have a laugh at that Wayne fellow who was handed one of those infernal exploding cigars the other morning. The poor dope hadn't figured it out that people aren't giving away anything—let alone good five-cent smokes—in this year of 1933.

You might be interested in knowing that the business which took one Wayne fellow to Sloux City last week was monkey business. And his wife is faintly suspicious.

Hand an orchid to the Wayne business man who held stock in the concern of another who has had tough sledding, due to unfortunate breaks. The first named sold the second his stock, worth several hundred dollars, for a dime. And the Scott Shoter didn't learn about it from the benefactor, who prefers to keep his good deeds to himself. Brother, can you spare a dime?

Sheriff A. W. Stephens is hot on the trail of a red-hot clue in regard to the recent break-ins and pilferages in Wayne. And will local people be surprised if the results pan out!

A fellow who seems to imagine that he is the "stepper outer" referred to in Scott Shots of some few week ago came into the office Saturday afternoon and vigorously denied the story. When the Scott Shoter told him that he was not the gent referred to, he blushed a crimson red and said that, of course, he couldn't have been the one because he hadn't been doing anything which would cause any suspicion.

A gent who assures me that he is my pal tries to hook me on a proposition which he assures me is meritorious and then becomes highly indignant because I fail to bite on it. Wotta pal!

They're laughing about the cautious Wayne poker player who played 'em close all evening, never betting unless he had a sure thing. We won a little, but not nearly as much as he should have. On the last hand, he decided to bluff. It was good psychology, he reasoned. The rest of the boys would figure that he must surely have a good hand or he wouldn't risk the money on it. He'd floored 'em out. But one of the players not only saw him but raised plenty. The cautious fellow looked his hand over, with a sick feeling in the pit of the stomach. All he had was a pair of jacks. Still, you never could tell. If he raised again, maybe he could scare his opponent, who must really have a hand. So he raised again. He had better than a week's salary out on the table. His opponent called. "I was only bluffing," the cautious player said. "All I have is a pair of jacks." The other played quinned. "That's all right," he said. "All I had was a pair of eights. But I figured you were bluffing."

Heard on Main street Saturday afternoon: Taxes has gotta be cut down, even if we gotta mo' the damn state capital an' Washington. . . . Now, he ain't two faced—if he was he'd be wearing the other one. . . . I don't think Gretta Garbo is so hot—her feet are big, and anyway Marlene Dietrich is a better actress. . . . Prices is the biggest thing that's wrong. . . . It looks like we'll be able to get out the sled runners and save on gasoline. . . . An' I told him distinctly that I didn't want nothing said about our being engaged

until I got ready to announce it. Now he's got me into a nice jam with Harold. Harold's awful sore and thinks I been two-timin' him.

Aw, give the kid a bar of candy if he wants it. I don't wanta have to listen to that yammer'n' all afternoon.

The old man's up to Milo's buyin' some chewin'—if eggs was only two cents a dozen, he'd have to have his chewin'. You'll find, I think, that this man Scott is pretty much of a humbug, in spite of the wordy, tricky phrases he mouths about his publicity-seeking Technocrats.

I gotta fight that kid every time I want him to wash his face. I tell him he's just like his dad and that gets Oscar's goat something awful.

Well, my account may have been overdrawn, but it seems funny that they couldn't trust a respectable person that never tried to beat anyone out of a penny. . . . Yeah, Ralph was here for a couple of days, but his dad made him come back home.

It's a wonder, Blank Blank (deleted by our advertising department) wouldn't clean off his side-walks on a Saturday afternoon. . . . Yeah, it was cold this morning, but the Indians say that we're only gonna have four more cold days this winter, and they've never made a mistake yet.

From the Mail Bag

"Dear Scotty—I wish you'd say something in Scott Shots about one of my pet peeves, which is about one of people who have nothing to say insist upon taking 500 words to say it at public meetings. I went to a meeting the other day. It lasted for about two hours, and all the business that was transacted could have been done in 15 minutes if it hadn't been for the poor, suppressed Babbits who were taking advantage of their one chance to show off in public. Most of them didn't have the slightest idea of what they were talking about or why they were talking, but they presented their very trite and commonplace opinions as if they were pearls of wisdom from the Taj Mahal—and sat down with smug, self-satisfied, complacent looks on their faces. "See what a smart man am I" stood out all over each speaker. Let's start a campaign to boo these speakers down—and get 'em out of town by the indignant purveyors of information on subjects concerning which they know just enough less than nothing to make themselves obnoxious.

Helictus!" The writer of that letter must have been denied the privilege of delivering an oration at some recent meeting. I know just how you feel, Helictus—I've been shut out, too, when I thought I had something of great importance to say—and the fellow who took the floor NEVER has had anything one-half so important to contribute as what I had been about to remark.

MORTGAGE INDEBTEDNESS

The following shows the Mortgage Indebtedness Record for Wayne County, Nebraska, for the month ending January 31, 1933.

Table with mortgage statistics: 18 Farm Mortgages filed \$50460.00, 6 Farm Mortgages released, 3 City Mortgages filed 9500.00, 1 City Mortgage released 3600.00, 170 Chattel Mortgages filed 12757.35, 195 Chattel Mortgages released 199346.98

Local and Personal

G. A. Wade was in Omaha on business Monday.

August Nielson of Wausau was a Wayne visitor Sunday.

George McEachen went to Omaha on business Tuesday. He planned to return today.

Mr. and Mrs. H. W. McClure will move the first of March to their farm home near Magnet.

Mrs. C. C. Kibborn left last Thursday for Columbus for a visit with her sister, Mrs. John Hahn.

A. H. Schmale of Lincoln was an overnight guest of Mr. and Mrs. Paul Mines last Wednesday.

Miss Ruth Gamble of Osmond spent last week-end in Wayne as the guest of Miss Genevieve Kingston.

Dr. and Mrs. J. G. W. Lewis and family were dinner guests of the Edw. Seymour family Sunday.

Mr. and Mrs. L. R. Winegar spent Sunday in Castana, Iowa, with Mrs. Winegar's brother, J. T. Kendall and family.

Mr. and Mrs. Jimmie Holt of West Point visited Saturday evening with Mrs. Holt's parents, Mr. and Mrs. Marcus Kroger.

Mr. and Mrs. Lyle Mabbott of Lincoln and Chester Fowler of Sioux City will be guests of Mr. and Mrs. P. L. Mabbott this week-end.

Mrs. R. R. Larson and daughter, Miss LaVerne, spent Saturday in Sioux City in the home of Mrs. Larson's sister, Mrs. Charles Ruff.

Mr. and Mrs. Fred Korff and daughter, Kathryn Lou, who went to Sioux City last week Sunday for a visit with Mrs. Korff's sister, Mrs. Vernon Cline, have written to Mrs. Alvina Korff that they plan to stay three weeks longer.

Mrs. Clarence Kay came from Sioux City Saturday to spend the day in the R. B. Judson home with her husband. Mr. and Mrs. Kay drove to Sioux City Saturday evening, and Mr. Kay returned to Wayne Monday morning.

E. J. Fuesler and daughter, Miss Norma, spent last week-end in the P. J. Fuesler home at Norfolk.

Mrs. E. J. Fuesler, who has spent several weeks in the Lutheran hospital there, is much better. Plans were for her to return to Wayne Wednesday this week.

Mr. and Mrs. R. L. Will returned Tuesday last week from Sioux City, where they made an extended visit in the Dr. T. T. Tobias home. Miss Minnie Will is convalescing in the Tobias home after leaving the Methodist hospital Monday last week. Dr. Tobias, who received serious gunshot wounds in a hunting accident this fall, is able to be up and about his home now, although he is as yet unable to be out. He was dismissed from the hospital Dec. 31.

Mr. and Mrs. Will Meyer and family and Mr. and Mrs. John Test and family spent last Thursday evening with the Bernard Meyer family.

Dr. L. F. Perry, Dentist, Phone 88

Miss Beulah Squires of Decatur, student at the State Teachers college, broke her wrist when she fell while playing basketball one day last week.

R. C. Hahlbeck and his workmen arrived home Friday evening from Hooper after completing interior decoration of the Ernest Luther home.

Mrs. Mamie Golden arrived home Saturday afternoon after spending two weeks in Lincoln with Mr. and Mrs. E. L. Webb. Mrs. Golden is Mrs. Howard James' mother.

Mr. and Mrs. A. P. Jorgenson, Mrs. Marie Jorgenson and Miss Agnes Johanson, all of Omaha, drove here last Wednesday to spend the day with the J. C. Johnson family.

\$1,000.00 in gold will be divided among boys and girls just for finding and saving "Lucky Bucks", the play money from the Comds of The Omaha Sunday Bee-News.—Adv. J.

Miss Mary Way of Sioux City spent last week-end in Wayne with her sister, Mrs. Floyd Kingston, E. J. Way of Waterbury, father of the two, spent Sunday in the Kingston home.

Mr. and Mrs. W. A. Hiseox drove to Omaha Sunday last week, and Mr. Hiseox attended a hardware dealer's convention, returning to Wayne Friday. Mrs. Hiseox remained to visit a week or two with friends in Omaha and Lincoln.

Production Staff for Play Is Announced

Production staff for "The Thirteenth Chair," a three-act mystery play to be given in the college auditorium Tuesday evening, Feb. 28, by students of the dramatics class, under the direction of Miss Florence M. Drake, was announced Wednesday.

Stage managers will be Joseph Barber, Arthur McCauley and Harry Barker. Art directors will be Allen Anderson, Ralph Hughes, Wilma Brandt and Paul Henderson. Props men, Max Henderson and Ralph Hughes will be property managers and Arthur McCauley will be stage electrician. Charles Brown, Genevieve Winkler, Wilma Anderson, Kathryn Margeson and Allan Anderson will have charge of makeup, and Mildred Kehl and Helen Marie Davis will be costumers. Genevieve Winkler is press agent, Charlene Brown is publicity agent and Dorothy Peterson is house manager.

Chadron Takes Two Games from Wayne

Chadron Eagles scored out a 45-42 victory over the Wayne Wildcats at Chadron Friday evening. With Paul shifted from guard to forward position, taking the honors in the Wayne lineup. Paul sank six field goals to take high point honors. Bartlett, Chadron center, was second with eleven points. Chadron won a second game from Wayne, 46-32. The Wayne basketekers had difficulty getting into a action and the absence of several Wayne players from the lineup made it necessary for Coach Ray Hickman to make drastic changes in the team's type of play.

HANSON-COOK

Mary S. Hanson of Laurel, daughter of Mr. and Mrs. L. M. Hanson, was united in marriage to Alfred H. Cook, Carroll farmer, son of Mr. and Mrs. Erick Cook, on Saturday, Feb. 5. County Judge J. M. Cherry performed the marriage ceremony.

With the Wayne Churches

First Baptist Church
Wm. E. Braisted, Pastor
Sunday, Feb. 12, Lincoln's birthday.

10:00 a. m. The church school for Bible study for ever-finer, happier, safer, truer, more worthwhile life and daily living. Is that worthwhile? Let us mutually share all our best these great days! They are that—

11:00 a. m. The morning worship, and preaching. Real, reverent "drawing near to God". Recognition of the Jesus Christ as Saviour and Master and Friend; and "Lying The Kingdom Life as a Present Reality." Is that possible? Is it desirable? What do you think about it?

6:30 p. m. The deeply interesting, always, young people's group for study, fellowship, good-cheer, frank discussion on life's finest values and how to gain the full, rich, useful, happy life even now. Can we? 'Deed we can.

7:30 p. m. The glad hour. Special Lincoln service. Instrumental, and singing music. Hymns all can share and enjoy, reverent worship as realizing God's presence, and that daily, with a brief challenging message, subject: "Ruling Principles in the Life of Lincoln." This will be worth your time.

Wednesday Choir practice at eight o'clock, unless otherwise announced. Even with severe cold and balky cars we had a very good day last Sunday. That was a very well attended and worthwhile evening union meeting. We rejoice in steady gain by Brother Capsey.

Presbyterian Church
P. A. Davie, Pastor

The extreme cold of last Sunday morning kept some of our people from church but we had a happy, helpful service. The evening service, which was a Union Y. M. C. A. service at the Methodist church, was well attended and it was a privilege to hear Rev. Chas. Musselman, state secretary, and W. E. Thomas, who has charge of the boys' work of the state, tell of the work that is being done. The Missionary society will meet Wednesday afternoon at the home of Mrs. Fred Blair. At that time, officers for the coming year are to be elected.

Do you know that we have just combined our Men's and Women's Bible classes? The Lesson subject for next Sunday is "Four Kinds of Hearers." If you have not been attending Sunday school, come next Sunday. You will enjoy the discussion.

Our services for next Sunday are as follows: Sunday school, 10 a. m. Morning worship, 11 a. m. The morning choir have asked the evening choir in charge of Miss Ingham to also sing at the morning hour. Evening choir practice, 6 p. m. Christian Endeavor services, 6:30 p. m. Evening worship, 7:30 p. m. The Intermediates have promised to help with the evening music by singing from the balcony.

St. Paul's Lutheran Church
W. C. Heidenreich, Pastor

10:00 Sunday school.

11:00 Morning Worship.

The Ladies Aid meets this Tuesday afternoon at the church.

At the congregational meeting last Sunday it was decided to purchase Common Service Hymnal, for use in the church service. This is the official hymnal of the United Lutheran church. If any members wish to purchase a book for individual use, please notify the pastor at once. The price of the book is \$1.00 if ordered now.

The loyalty of God's people is challenged in these days as never before. The church is the only abiding institution on earth. Let us be true Christians and we will be loyal church members.

After March 1 there will be regular evening services held in this church. This will give those who cannot attend the morning service an opportunity to worship.

Methodist Episcopal Church
Harold C. Capsey, Minister

Sunday school 10 a. m.

Morning worship at 11 a. m. when a guest minister will preach; further particulars on church bulletin board later in week.

There will be no evening service next week.

The Foreign Missionary Society will meet with Mrs. Senter on Thursday afternoon at 2:30.

Choir practice will be at the parsonage on Wednesday evening. A good attendance is desired.

Christian Science Society
Beckenbauer Chapel

Services are held each Sunday morning at 11 o'clock.

Sunday school convenes at 9:45. Students up to the age of twenty are invited.

Wednesday evening testimonial

meetings are held the first Wednesday of each month, at 8 o'clock.

Christian Science programs are broadcast each Monday and Thursday at 12:30 P. M. over station KFAB.

Grace Ev. Luth. Church
(Missouri Synod)

H. Hopmann, Pastor
Sunday school at 10 a. m.
Service at 11 a. m.
The Walthen League will meet Friday evening at 7:30 in the chapel.
The Ladies Aid meets with Miss Emma Victor Friday afternoon at the home of her parents.

Evangelical Lutheran Church
H. A. Teckhaus, pastor

Sunday school at 10 a. m.
German service at 11 a. m.
February 11, religious instruction at 1 p. m.
February 15, Luther League plans social meeting at 8 p. m. in the church parlors.

Church of Christ
Guy B. Dunning, Minister

Regular Bible school 10 a. m.
Lord's Supper, 11 a. m.
Junior C. E. 6 p. m.
Senior C. E. 7 p. m.

NORFOLK MAN GIVES
TALK AT KIWANIS CLUB
(continued from page one)

farmers, and it failed. The federal farm board tried to eliminate the problem of exportable surpluses, and did not succeed.

In the allotment plan, Mr. McDuffee said, there arises the vital question of taxation. "I do not think it feasible," he said, "unless there is some way of compensating the processors, from whom the money for the farmers must come." The processor cannot pay it, and I believe that when earning power has been cut as much as it has been, the consumer is in no financial condition to pay the tax. The consumer will not and the processor cannot. If these beliefs are true, the plan will fail."

Mr. McDuffee said that before we can find a remedy for the depression, we must find its cause. Lack of money, foreign debts, he said, are responsible, because we have plenty of money. Foreign debts, he said, have been charged with present conditions, but the depression is world wide. "This is not," he said, "an ordinary depression, but an economic one, caused by a radically wrong fundamental structure. I believe debts generally are responsible. Our nations and the people in those nations have too many debts. There has been too much borrowing beyond proper limits. Interest charges consume incomes and taxes and interest wreck our stability. There must be an adjustment between the physical assets and the indebtedness of all the nations of the world."

Klopping One of New Bank Bill Sponsors

Wayne county's representative, Frank Klopping, was one of the sponsors of H. R. 167, a banking bill, which has been approved by the state legislative bodies.

The bill provides for and authorizes an agreement between the insured depositors and insured creditors of a bank and the bank, to be approved by the secretary of the department of trade and commerce, authorizing the bank to do a limited banking business after the department of trade and commerce has taken charge of the bank, to declare an emergency.

Under the provisions of the bill, a bank which has been taken over by the department of trade and commerce can operate in a limited capacity under that department's supervision.

Good Samaritan Hospital News

Mrs. Minnie Strickland, surgical patient, is improving rapidly and will be dismissed the end of the week.

Mrs. Chris Anderson was admitted for medical care last Thursday. She left the hospital Monday.

Leland Vandergriff, medical patient, remains about the same.

Miss Dorothy Hendrick of Wakefield underwent an operation for appendicitis Wednesday morning.

Mrs. William Heflinger of Pebody entered the hospital Saturday morning for medical care. She is improving nicely.

Mrs. C. Morris of Carroll remains about the same.

Mrs. Seth Maricle and infant daughter of Carroll were dismissed Monday.

Howard Nielsen of Winde was admitted Sunday evening for treatment of a fractured wrist. He was dismissed Monday.

J. Hildnerd of Fremont, district manager, visited at the Good Samaritan hospital from Sunday to Tuesday.

Mrs. E. C. Rhoades is going general duty.

Winside News

S. H. Rew and daughter Bess were Wayne visitors Saturday. Miss Rose Lownd has been confined to her home the past few days because of illness.

Mrs. John Roll, who has been seriously ill at her home the last week, is reported as slightly improved.

Anton Vondra, former Winside baker, who recently leased an Emerson bakery, lost most of his stock Sunday due to a fire caused from defective light wires.

The Trinity Lutheran Aid held a special meeting at the Robert Johnson home Friday to plan the menu for a Lions club supper.

Mrs. George Gabler, Mrs. John Miller and Mr. and Mrs. Oscar Ramsey and son Kenneth were Wayne visitors Saturday.

Mrs. Eric Stamm entertained at quilting Thursday afternoon. The following guests were present: Mrs. H. N. Hanson, Mrs. Robert Johnson, Mrs. A. F. Swanson and Miss Lillian Von Seggern. The hostess served luncheon.

Mr. and Mrs. M. A. Austin, Mrs. O. M. Davenport and Coach and Mrs. Gerald Chery attended the basketball game at Norfolk Friday evening. Winside's first team won from the Norfolk Reserves by a score of 39 to 18 and the second team lost.

Mrs. Fred Tawpne was pleasantly surprised Saturday evening when Mr. and Mrs. Otto Graef and family, Mr. and Mrs. Ben Benschhof and daughter Beverly and Mr. and Mrs. Henry Lautenbaugh came to help her celebrate her birthday. The evening was spent playing cards, after which refreshments were served by the guests.

The Coterie club met at the home of Mrs. Harold Neely Thursday afternoon. Twelve members and the following guests were present: Mrs. A. T. Chapin, Mrs. B. M. McIntyre, Mrs. W. R. Sarthman, Mrs. Fred Wetli, Mrs. Ralph Prince, Mrs. J. G. Neely, Mrs. Gerald Chery and Mrs. I. F. Gaebler. The afternoon was spent playing bridge and high score prize was won by Mrs. Ben Lewis. At the close of the afternoon, the hostess served refreshments. The next meeting will be at the home of Mrs. A. E. Austin.

Mrs. Alvina Christensen and children Paul, Margaret and Velda were Wayne visitors Friday.

Mrs. I. F. Gaebler was a Norfolk visitor Friday.

Henny Reilman, who has been ill for the past two months, remains about the same.

Austin Darnell made a business trip to Wayne Saturday.

Shirley and Betty Witte were guests of Miss Theo Witte over the weekend.

Al Martin, who is seriously ill at his home, is reported as growing weaker.

Mrs. Anton Jurack and her mother, Mrs. Marshall, who is visiting in the Jurack home, went to Norfolk Wednesday, where Mrs. Marshall is taking medical treatment.

Mr. and Mrs. I. Spencer and daughter Claudia and Bob Nelson of Norfolk were Sunday dinner guests in the Jack Reinbrecht home.

Mrs. John Miller and Mrs. Oscar Ramsey entertained at quilting Thursday afternoon. The following guests were present: Mesdames Fred Bright, Ferd Kahl, Frank Bright, Isabella Motson, Clarence Witte, Hans Gottsch, W. H. A. Witter, and Ed Lindberg. At the close of the afternoon, the hostess served luncheon.

Mrs. Henry Lautenbaugh visited relatives in Sioux City Thursday.

Oscar Ramsey was a Norfolk business visitor Friday.

Clarence Rew of Sioux City spent the week-end in the home of his father S. H. Rew.

Oliver Richert and Gurney Benschhof drove to Malvern, Iowa, Thursday on business, returning Friday evening.

Mr. and Mrs. Etzel Wilson were Norfolk business visitors Friday.

Miss Alice Fleer, who attends the Grand Island business college, spent the week-end with her parents, Mr. and Mrs. William Fleer. She returned to Grand Island Sunday.

Miss Alma Lautenbaugh and Miss Marian Andersen spent the week-end in Sioux City with the parents of Miss Lautenbaugh, Mr. and Mrs. Chris Lautenbaugh.

Adelnye and Gertrude Most and Alice Fleer were Wayne visitors Saturday afternoon.

Girl Scouts met Wednesday afternoon in the school auditorium. Following the business meeting, a music appreciation hour was held. Miss Adelnye Most gave several selections from the opera, "Bohemian Girl", accompanied at the piano by Mrs. A. T. Chapin.

Harvey Tangeman made a business trip to Wayne Saturday.

Rachel Bracken spent the week-end with her parents at Emerson.

Miss Blanche Leary who teaches in Atkinson, spent the week-end in the home of her father, Dave Leary.

Mr. and Mrs. Ed Carlson were Norfolk visitors Friday afternoon.

Mr. and Mrs. Gurney Benschhof and son Merlin and Mr. and Mrs. C. E. Benschhof were Sunday dinner guests in the Mark Benschhof country home near Norfolk.

Mrs. Chas. Misfeldt and Mrs. Hubert Fleer were visitors in Norfolk Thursday.

Mrs. William Brune and daughter Lucille drove to Grand Island Saturday to spend the week-end with the former's daughter, Miss Eleanor, who is a student in the Grand Island business college.

Miss Fannie Gibbs of Norfolk, daughter of Mrs. William Gibbs, and Joe Longnecker, son of Mr. and Mrs. Jerry Longnecker of Winside, were married Jan. 29 at the home of the bride's aunt and uncle, Mr. and Mrs. L. V. Kenerson. Forty guests were present and following the ceremony a two-course luncheon was served. The decorations were in yellow and white, the flowers being jonquills, and a large wedding cake was the center of the table decoration. The bride and groom will live for the present with the groom's parents near Winside. The bride was a junior at Norfolk high school until Christmas.

The groom is employed at the Benschhof garage as mechanic.

The St. Paul's Lutheran Aid met Wednesday afternoon with Mrs. Otto Graef. Twenty-one members and the following guests were present: Mrs. W. H. Witter, Mrs. Clarence Witte, Mrs. C. E. Benschhof, Mrs. Robert Graef and Rev. H. M. Hilpert. Following the usual business session, the hostess served a two-course luncheon.

Rev. W. F. Most registered at Wayne State Teachers college at the beginning of the second semester.

Mrs. John Miller entertained a group of friends at a quilting Tuesday afternoon. At the close of the afternoon, the hostess served luncheon.

Mrs. H. N. Hansen entertained Tuesday evening at her home for the following guests: Mesdames Chas. Unger, John Suehl, John Miller, George Gabler, Grover Francis and Alex Gabler. The evening was spent playing pinocle after which the hostess served a two-course luncheon.

Mrs. Chas. Reece of Wayne visited in the home of her daughter, Mrs. Wallace Brubaker, Wednesday.

The Royal Highland Lodge met Thursday evening in the Masonic Hall. Following the business session, the evening was spent playing cards and Fred Miller served refreshments.

Miss Gertrude Bayes, who has been confined to her home the past week with influenza, has recovered.

Alfred Martin and Fred Nieman were business visitors in Wayne Wednesday.

Mrs. Mae Huffaker was a guest in the Mrs. A. H. Carter home Sunday.

John Dimmel left Monday morning for a visit with friends in Omaha.

The Womens Foreign Missionary society held a Calico Tea at their meeting Friday afternoon at the M. E. Parsonage, with Mrs. A. E. Fowler hostess. Ten members and 20 visitors were present. Mrs. Henry Ulrich was devotional leader. Mrs. Geo. Lewis was program leader. Mrs. A. H. Carter and Mrs. E. A. Austin read papers. A demonstration was given. "The Calico Mites." Mrs. Walter Gaebler read a paper, "With our workers in China," after which the hostess served light refreshments. The next meeting will be with Mrs. Henry Ulrich, March 10, with Mrs. A. H. Carter as program leader.

Wilbur

Mr. and Mrs. Ed Beckman, Mrs. James McIntosh and Mrs. Roy Day spent Friday in Norfolk.

Mr. and Mrs. John Dunklau and children spent Sunday afternoon with Mr. and Mrs. August Kruse.

Mr. and Mrs. Fred Beckman and children spent Sunday afternoon with Mr. and Mrs. Wm. Hansen.

Ernest Von Seggern of Randolph was a week-end visitor in the Lou Gramberg home.

John Gramberg spent Sunday afternoon with Elmer Kruse.

Mr. and Mrs. Amos Rosacker were among the group who helped Mr. John Mohr celebrate his birthday Saturday evening.

Mrs. John Bush and son Jimmie spent Friday evening in the C. R. Glen home in Wayne.

Miss Mildred Reed came Friday evening from Norfolk to spend the week-end with her parents, Mr. and Mrs. Irve Reed.

Chas. Lange moved his family Saturday to a farm north of Winesboro. Geo. Hoffmann, Sr., will farm the place vacated by Mr. Lange.

The Sunshine club is meeting today with Mrs. Harry Kinder. The club will elect officers for the coming year.

Mr. and Mrs. John Dunklau spent Tuesday afternoon and evening at the Wm. Hansen home, helping care for the small son of Mr. and Mrs. Hansen who was ill with pneumonia. The little fellow is much improved at this writing.

Mrs. John Dunklau and Mrs. Fred Beckman called at the Wm. Hansen home Monday afternoon.

Mr. and Mrs. Frank Hicks and family and Mr. and Mrs. Ray Farney and family were Sunday dinner guests in the Roy Day home.

East of Wayne

Cora and Frank Haglund were Sunday dinner guests in the Ezra Beckenhauer home.

Cora and Frank Haglund and Mr. and Mrs. Rube Lindsey and family were Sunday evening visitors in the Ernest Lundahl home.

Mr. and Mrs. Earl Hancock of Dixon spent Monday afternoon in the Carl Severs home.

Leo Rantz spent Friday night in the Carl Severs home.

The following families spent Thursday evening in the Carl Severs home celebrating Gertrude's birthday: August Kay, John Severs, Mrs. Emma Severs, Arnold and Herbert Severs, Ted Foose and Miss Brune.

Carl Meyers and family and Mrs. Hanna Grimm were Sunday dinner guests in the Carl Severs home. Mr. and Mrs. Harris Sorenson and son spent the evening there.

Pete Lundgren spent Tuesday evening in the Ed Larson home.

Mr. and Mrs. August Long, Mr. and Mrs. C. J. H. Larson and Pete Lundgren spent Friday evening in the Henry Nelson home.

Mr. and Mrs. Edgar Sederstrom, Mr. and Mrs. Frank Sederstrom, Ivan Swanson and Mr. and Mrs. August Long spent Sunday evening in the Ed Larson home.

Mr. and Mrs. C. Agler spent Sunday evening in the Carl Sundell home.

Mr. and Mrs. C. Agler spent Thursday in the Otto Plueger home.

Mildred, Marion, Dervia and Ray Agler attended a party in the Ireta Beutow home in honor of Ray Agler, Jr.'s birthday.

Mr. and Mrs. Clarence Bard and Mrs. Carrie Bard spent Thursday in the Jim Ring home.

Mr. and Mrs. Dick Sandahl and family spent Sunday afternoon in the Lawrence Ring home.

Allen Sandahl and Ralph Ring accompanied Ted Foose to Sioux City Friday night.

Theo Cullons and son, Mrs. Katherine Cullons and daughter, Mr. and Mrs. Ernest Paeker and family, Ethel Johnson, Mrs. Murphy and Mr. and Mrs. Ed Sandahl and family were supper guests in the Wallace Ring home Saturday night in honor of Vorce Paeker's birthday.

Mr. and Mrs. Wallace Ring and sons, Vorce Paeker and Mr. and Mrs. George Buskirk and family were Sunday dinner guests in the Ernest Paeker home. The George Darnell and Will Murphy families called in the afternoon.

Mrs. Wallace Ring attended a one o'clock luncheon in the Ray Worth home Wednesday.

Game of Polo Brought Eastward From Persia

Polo, the oldest of games played with stick and ball, was known to the ancient Persians 2,400 years ago. From the dusty plains of Persia the game spread eastward through the Vale of Cashmere on to the tableland of Tibet, where it was christened polo from the Tibetan pulp, ball. Southeastward through Afghanistan, across the high passes of the Himalayas down to the sunny plains of India, it journeyed, where, throughout the Sixteenth century it was the favorite sport of the people.

For 200 years after this, its records in India cease, but it again became popular there about the middle of the Nineteenth century. Polo was first played in England in 1869 and a few years later it was adopted by other European countries, when many of its ancient rules were altered and improved. Thus established in an English-speaking country, the game quickly crossed the Atlantic, where under clearer skies it swiftly traversed the American continent in a westward chase that did not end with the shores of the land of the sunset, but, skipping the Pacific, established itself in Samoa and other far off western islands.

Poisoned Food Vainly Set Out to Kill Rats

Recently a well-known school teacher in a Lewis (Hebrides) public school told the following rat story: "Last spring a family of rats invaded his barn. To get rid of the undesirable visitors, he got a supply of a rat poison and spread it one night on the floor of the outhouse, thereafter locking the door to prevent any of his domestic animals entering and eating the food. Next morning, he found, to his amazement, the untouched food, covered over with a layer of chaff which was lying in a heap near at hand. He asked his wife if she had been to the barn, but was answered in the negative. However, on the following night he first removed the heap of chaff and put down the poisoned food as before. On the following morning he was further mystified to find the food still untouched, but on this occasion it was covered with a piece of old sacking which was lying in a corner of the premises. Next night the rats took their departure."

Grows Leaves at Will

After "sleep" of from 15 to 20 minutes a plant recently developed in Germany produces new leaves. So sensitive is it that if the leaves are touched, or a match burned near them, they immediately wither and fall off. In about a quarter of an hour after the withered leaves have dropped off new ones grow out. The plant is a member of the mimosa family. It grows in great quantities in India, where it is gathered and sold for commercial purposes. The bruised leaves are said to have a high medicinal value in healing burns. The roots of the plant are charred for gunpowder charcoal.

Tracing Words' Origin

The words check, checkmate, chess, cheque and chequer come to us through the Arabian from the Persian. The words avast, bow, boom, cruise, cruiser, gybe and keelhaul are reminders of England's maritime relations with the Dutch. The word finance goes right back to the Latin "fnis" (end). When it first appeared in English it had the sense of a "fine" or forfeit, but its modern significance was developed in Eighteenth-century France among the taxfarmers or "financiers" as they were called, to whom the king delegated the duty of collecting his taxes.—Exchange.

Waconda Springs, Mitchell County, Kansas, Wonder Water and Health Resort.

Quickest and cheapest unfailing results in rheumatism, neuritis, skin diseases, nervousness, blood pressure or general ailing and run down condition. Lower winter rate. Dr. Carl Blugesser.—adv. D29-3t

ESTIMATE OF EXPENSES

The State of Nebraska, Wayne County, ss. J. Bertha Berres, County Clerk of Wayne County, Nebraska, do hereby certify that at a regular meeting of the board of county commissioners of Wayne County, Nebraska, held on January 10, 1933, the following estimate of expenses was made for Wayne County, Nebraska, for the year 1933:

County General Fund	\$40,000.00
County Bridge Fund	25,000.00
County Road Fund	25,000.00
Mother's Pension Fund	4,000.00
Soldier's Relief Fund	2,000.00
Wayne County Fair and Agricultural Association	2,000.00

Total \$138,000.00. In witness whereof, I have hereunto set my hand and seal this 13th day of January, A. D. 1933.

(Seal) Bertha Berres, County Clerk

IN THE COUNTY COURT OF WAYNE COUNTY, NEBRASKA.

The State of Nebraska, Wayne County, ss.

To all persons interested in the estate of Robert Fenske, Deceased.

You are hereby notified that on the 6th day of February, 1933 Ernest A. Strate, guardian of Robert Fenske filed his final account as such guardian and a petition praying that this account and all other accounts filed by him be allowed and confirmed and

that he be discharged as such guardian. Hearing will be had on said account and petition at the County Court Room in Wayne, Nebraska on the 24th day of February, 1933 at 9 o'clock A. M. You and all persons interested in said matter may appear at said time and place to show cause, if any there be, why said accounts should not be approved and the petitioner discharged.

Dated this 6th day of February, 1933.

(Seal) J. M. Cherry, County Judge.

NOTICE TO CREDITORS

The State of Nebraska, Wayne County, ss.

IN THE COUNTY COURT IN THE MATTER OF THE ESTATE OF J. C. NUSS, DECEASED. TO THE CREDITORS OF SAID ESTATE:

YOU ARE HEREBY NOTIFIED, That I will sit at the County Court Room in Wayne, in said County, on the 26th day of February, 1933 and on the 26th day of May, 1933 at 10 o'clock A. M. each day to receive and examine all claims against said Estate, with a view to their adjustment, and allowance. The time limited for the presentation of claims against said Estate is three months from the 26th day of February, A. D. 1933, and the time limited for payment of debts is One Year from said 26th day of January, 1933.

WITNESS my hand and the seal of said County Court, this 28th day of January, 1933.

(Seal) J. M. Cherry, County Judge.

NOTICE OF SETTLEMENT OF ACCOUNT.

IN THE COUNTY COURT OF WAYNE COUNTY, NEBRASKA.

The State of Nebraska, Wayne County, ss.

To all persons interested in the estate of J. H. Atkins, deceased:

You are hereby notified that on the 31st day of January 1933, Herman Lundberg, executor, filed his final account and petition for distribution of the residue of said estate and for a discharge. Hearing will be had on said account and petition at the County Court Room in Wayne, Nebraska, on the 17th day of February 1933, at 10 o'clock a. m. You and all persons interested in said matter may appear at said time and place to show cause, if any there be, why said account should not be approved and the prayer of the petitioner be not granted.

Dated this 31st day of January 1933.

(Seal) J. M. Cherry, County Judge.

NOTICE OF PROBATE OF WILL

The State of Nebraska, Wayne County, ss.

At a County Court, held at the County Court Room, in and for said County of Wayne, on the 23d day of January, 1933.

Present, J. M. Cherry, County Judge.

In the matter of the estate of Robert Fenske, deceased.

On reading and filing the petition of John F. Flynn and M. S. McDuffee, praying that the instrument filed on the 23d day of January, 1933, and purporting to be the last Will and Testament of said deceased, may be proved, approved, probated, allowed and recorded as the last Will and Testament of said Robert Fenske deceased, and that the execution of said instrument may be committed and that the administration of said estate may be granted to John F. Flynn and M. S. McDuffee as Executors.

ORDERED, That February 10, A. D. 1933, at 10 o'clock A. M., is assigned for hearing said petition, when all persons interested in said matter may appear at a County Court to be held in and for said County, and show cause why the prayer of the petitioner should not be granted; and that notice of the pendency of said petition and the hearing thereof, be given to all persons interested in

said matter by publishing a copy of this order in the Nebraska Democrat, a weekly newspaper printed in said County, three successive weeks prior to said day of hearing.

(Seal) J. M. Cherry, County Judge.

SHERIFF'S SALE

By virtue of an Order of Sale, to me directed, issued by the Clerk of the District Court of Wayne County, Nebraska, upon a decree rendered therein at the April 1932 term thereof, in an action pending in said court wherein Ruth S. Lederer was plaintiff and C. W. Anderson, et al. were defendants, I will, on the 27th day of February 1933 at 10 o'clock a. m., at the door of the office of the Clerk of said Court, in the court house in Wayne, in said county, sell to the highest bidder for cash, the following described real estate, to-wit: The South one-half of Section 17, Township 26, North, Range 1, East of the 6th P. M., Wayne County, Nebraska, to satisfy the aforesaid decree, the amount due thereon being \$26,990.50 with interest at 10% on \$375.00 thereof and interest at 7% on \$26,105.50 thereof from March 9th, 1932 and costs of suit and the cross-petitioner, E. H. Luikhart, Receiver of the Hoskins State Bank, Hoskins, Nebraska, \$13,073.04 with interest on \$2200.00 thereof at 10% and with interest on \$10,873.04 thereof at 7% from April 25th, 1932, and the cross-petitioner, G. C. Duling obtained a decree for the sum of \$392.45 with interest and costs and accruing costs.

Dated at Wayne, Nebraska this 21st day of January 1933.

WITNESS my hand and the seal of said County Court, this 20th day of January, 1933.

(Seal) J. M. Cherry, County Judge.

Barnyard Manure Helps Pay Taxes

Much Can Be Saved by Using Lots of the Smallest Possible Size.

Prepared by Ohio State University, WNU Service.

Manure saved by a sound management program at the barn will yield enough more crops to pay the first installment on Ohio's farm taxes, and leave money in the bank, according to J. A. Slipper, specialist in soils for the agricultural extension service at the Ohio State University.

Ohio farmers, he says, are keenly interested in building the soil at little or no cost in cash outlay. There is no place or no device by which they can do this better than by thoughtful management of the farm's supply of manure.

Much manure can be saved in lot feeding by using a lot of the smallest possible size. In this way it is possible to eliminate hundreds of tons of rain water which otherwise would find its way through the thin blanket of manure and remove its soluble load of valuable nutrients. Most lots can be reduced to one-half or one-fourth, and oftentimes one-fifth, their original size, with gain for the value of manure.

The area, Slipper believes, should be so small that the depth of manure accumulated for the season will be 2 to 3 feet. This can be done by allowing each head of cattle not more than 60 square feet of area.

By shifting livestock to inside quarters it is possible to preserve the manure through the addition of ordinary superphosphate, which is the fertilizer commonly applied in the field for crops. It can be applied in the stable at the rate of three-fourths pound per day, or 5 pounds per week, for each 1,000 pounds of live weight of animal.

Manure so treated is the best balanced fertilizer the farmer can use. An application of six to ten loads of this manure per acre means the addition of about 200 pounds of superphosphate per acre for land going to corn, which is the crop that is most responsible for its use.

Oil From Soybean Seed Valuable Part of Crop

Brought here from the Orient, the soybean has proved a valuable addition to American crop plants. However, the problem of developing it to its full possibilities is complicated and will take long and patient study.

The oil that is pressed from the seed is one of the most valuable products of the soybean crop and naturally has received part of the major attention of investigators. Studies have established that in breeding for quantity and quality of oil in the soybean, the best procedure seems to be to analyze adapted varieties and then isolate the best line from the best variety. After the best line has been isolated, further selection is ineffective. Differences in oil content are believed to be inherited, but attempts to obtain types with increased oil content by crossing lines from the same variety were unsuccessful.

Hog Ration

At the Illinois experiment station some years ago, two lots of 70-pound pigs were fed in dry lot till they reached a weight of 237 pounds per head. Lot 1 was fed shelled corn, alfalfa meal and tankage, while Lot 2 was fed corn, soybean oil meal, alfalfa meal and a mineral mixture composed of equal quantities by weight of ground limestone, steamed bone meal and salt.

These two lots both consumed exactly the same amount of feed per hundred pounds of gain. Lot 1 ate 890 pounds corn, 24 pounds of tankage and 8 pounds alfalfa meal per hundredweight of gain, while Lot 2 ate 352 pounds corn, 56 pounds soybean oil meal, 13 pounds alfalfa meal and one pound of mineral. Soybean oil meal contains about 40 per cent of protein while tankage contains 60 per cent. Thus while tankage has heretofore been considered superior as a protein supplement for hogs, this test shows soybean oil meal, cost considered, more valuable when it is fed with a mineral mixture.—Exchange.

Intercepting Ditches

Where high land discharges considerable flood water onto lowland, it is often possible to cut off this flow with an open ditch at or near the foot of the hill and carry it away to some nearby outlet stream, thus preventing the flooding of the lowland. These ditches are usually made wide and shallow. The excavated material is all thrown to the lower side, thereby increasing the capacity of the ditch. The bank and sides of the ditch are then smoothed off and sown to grass. As the capacity of such a ditch is required only occasionally and for short periods, no crops will be killed and no land is wasted by the ditch.

Value of Mixed Farming

The great lesson of the crisis is the utter condemnation of one-crop cultivation. If the objection is made that beasts, poultry and dairy products are not fetching a better price than wheat, they do at least contribute in great measure to balance the farm budget by reducing the expense account. Our farming population must learn to be self-sufficing. The progress achieved in this direction will be profitable and may avert other crises.—La Liberté, Canada.

Geological Sketch of the United States of America

United States has an area of 3,023,791 square miles. Length from north to south is 1,750 miles, width from east to west is 3,100 miles, and the coastline 21,354 miles. The mineral supply is one of the chief natural resources. It has extensive production in coal, iron, oil and silver. The deposits of gold, quicksilver, lead and copper are very great. In the west and northeast are dense forests of pine, spruce, birch and maple; in the southeast the cedar, pine and many valuable hardwoods abound; in the east-central part grow oak, maple, hickory, elm and other useful trees, while in California are found the giant sequoia trees. The great agricultural region, growing three-fourths of the corn and wheat crop of the world and half the tobacco crop, is in the central and southern parts of the country.

Total railway mileage, 270,000. Total tonnage of American shipping is over 7,000,000. There are more than 290 streams in the country used to a substantial degree for navigation, with an approximate navigable mileage of 26,400.

Washington, D. C., is the capital; other important cities: New York, Chicago, Philadelphia, Detroit, Cleveland, St. Louis, Boston, Baltimore, Pittsburgh, Los Angeles, Buffalo, San Francisco and Milwaukee.

Submarine Mountains Form Chain Not Unlike Rockies

The United States coast and geologic survey recently explored off the coast of New England, submarine mountains forming a chain not unlike the Rockies. A counterpart to the Grand canyon was also found in Corsair gorge, a ravine two miles wide, with a slope of 45 degrees in places and a height of 1,800 feet. Transatlantic liners pass over "scenery" as bold as any the passengers on board may be en route to see.

These great canyons and gorges, it is believed, are the result of river erosion at a time when New England was a plateau at least a mile and a half above sea level. The canyons resemble river valleys, with branching tributaries like those of the western canyons. Another surmise regarding this formation is that the gorge was the result of a gash left by a giant glacial landslide, which slipped from the continent to a depth of 6,000 feet below the present surface level of the water.

Creation of Perfumes

Every good perfumer has in mind something that he wishes to depict when he creates a new fragrance. Perhaps it is merely a memory, as in one fragrance, a success of the moment, which was born of the memory of a brilliant state occasion at a royal court. Another embodies the essence of the English spring, breathing the scent of countless flowers gracing the gardens of English countryside. Still another creation is reminiscent of a visit to the Orient, with its rich color, its pageantry and, behind everything, its mystery. Another odor, an almost instantaneous success, is a vital one, suggesting beauty with candor and strength of character. A delightful fragrance was inspired by the scent of ferns at twilight, when this delicate feathery green plant gives off its fragrance.

Kangaroo in Africa

The perplexing question of the long lost continent of Lemuria was revived by the finding of some old bones in Africa. In one of the famous marine terraces of Namaqualand Dr. W. Beetz, chief geologist of the Anglo-American Corporation of South Africa, unearthed some ancient bones of an animal belonging to the marsupial or kangaroo family. Since kangaroos have been entirely unknown in Africa, either in prehistoric or historic times, the question of how these bones got there revived discussion of a lost continent between Africa and Australia or between Africa and South America.—Pathfinder.

Lakes of Killarney

William Bowers Bourn of San Mateo, Calif., presented to the Irish Free State the huge tract of land containing the Lakes of Killarney. The Killarney estate belonged to Lord Kenmare's family, whose ancestral seat was Killarney castle. In 1913 the ancient castle was swept by fire and left in ruins. By 1930 the owners of the property were no longer able to pay taxes and Killarney went for sale on the auction block. It was purchased by Mr. Bourn, who returned it to the Irish government.

Largest Ten Cities of World

The largest ten cities of the world according to population are: London, 7,742,212; New York, 6,830,446; Berlin, 4,297,000; Chicago, 3,776,433; Paris, 2,871,039; Buenos Aires, 2,153,200; Tokyo, 2,070,913; Moscow, 2,025,947; Philadelphia, 1,850,961; Vienna, 1,588,328. The largest ten in the United States: New York, Chicago, Philadelphia, Detroit, Los Angeles, Cleveland, St. Louis, Baltimore, Boston, Pittsburgh.

Fireplace Noises

The noise occasioned by gas exploding in bits of burning coal and wood were an indication to our medieval ancestors that the household pixies and pucks were quarreling. To them that meant that members of the household would begin to quarrel.

Factors Making for Weed Seeds in Soil

Get Control by Draining and Summer Fallowing.

The length of time weed seeds remain vital depends on a number of factors, such as having an oily coat like wild mustard seed, the kind of soil and the depth to which the weed seeds are plowed. Seeds may be a long time in heavy soils where they are below the point of germination. Seeds of any kind need air, moisture and heat to start germination, which usually obtains in the top two or three inches of soil. Below five inches of soil too many vital weed seeds may be found which when they are brought up to the surface spring into life and grow. The use of summer fallow and hoe crops are the best agencies in controlling weeds. Equisetum or horse tail is a non-flowering plant, is perennial and spreads by spores instead of seeds. It grows more frequently in damp or springy soil, but also grows on high, well drained places, as along railway banks. Too much of it in hay fed to horses has caused trouble. Getting the soil better drained and summer fallowing the land infested will hold it in control. Where green moss is seen forming on the surface of the land one may be sure it is a sign of sourness and it needs lime in some form to sweeten it. Some ground limestone is the cheapest of lime to use.

Formaldehyde Good for Treating Smut in Oats

Smut infection in oats was more general than average in 1931 and cut yields sharply on many fields. This means that the spores are more widely distributed than usual on oats that will be used for seed this year. Therefore, treating against smut should be the general practice this spring. With the improved methods of using formaldehyde for treatment, not only is treating inexpensive but it eliminates the old problem of swollen oats that might be injured by a sharp freeze and always were difficult to get through the seeder at the desired rate. It is now known that applying formaldehyde with the spray gun, a method which leaves the oats only slightly damp, is as effective as soaking with a sprinkling can.

Mercuric dusts also have proved not only convenient but highly effective in treating for smut. Approximately two ounces of dust is used per bushel of wheat and rye. Oats and barley require about three ounces. Dusts are convenient in that the seed grain may be treated several weeks ahead of seeding.—Wallace's Farmer.

About Weathercocks

The use of weather vanes for indicating the direction of the wind is of very early origin. The instruments used upon castles and towers in the olden days were in the form of a banner, but the use of the cock and the name of weathercock came about in this way. On ecclesiastical buildings, the vane was given a symbolic significance. The crosspiece of the instrument was surmounted by a ball to symbolize the redemption of the world by the cross of Christ, and the cock was placed upon the cross in allusion to the redemption of Saint Peter. Thus the beholders were reminded of the importance of the duties of repentance and Christian faith. Apart from the symbolism of the cock, its large tail is well adapted to turn with the wind, and its form admirable for the purpose for which the vane is intended.

Lighthouse in Use 85 Years

Intended, when built, to last 70 years, Galle Lighthouse, known to every seaman who has passed the coast of Ceylon, has served 85 years and is expected to continue at least another decade. Lighthouses were practically unknown off the busier channels leading to the Western ocean, the North sea and the Mediterranean when the one at Galle, then the chief port of Ceylon, was built, long before the days of the Suez canal.

Whittier of Old School Poets

John Greenleaf Whittier, the Quaker poet of Haverhill, was born in 1807, and was a member of the famous New England school of writers. The kindly Whittier lived to be almost the last of his illustrious contemporaries—Emerson, Hawthorne, Holmes, Lowell, Lowell, and all the rest.

On the Other Hand

Do you ever wish for a well-cultivated vegetable garden right outside your kitchen door? Peas and corn, tomatoes and beans, and everything good that grows? The reason you delight in this thought of that kitchen garden is that your vegetables, gathered in the morning and brought right straight to your kitchen table, and immediately cooked, have that wonderful fresh-from-the-garden flavor. Ripened in the fresh air and sunlight, and not a particle of their natural moisture lost, these are truly fresh vegetables that do not need to be immersed in water to be "in part" restored to tenderness.

No Exposure to Air

Now if your garden was a thousand miles away, as it must be for most people during the winter months, you would have your vegetables gathered before they were fully ripened, and they would be hauled that thousand miles by truck or refrigerator car, and every hour during the three to seven days in transit your vegetables would lose a little more of their natural moisture, and they would reach you withered, stale, with their original flavor and most of their vitamin content lost; no longer would

What Is a "Cockle"?

A Better Breakfast

Orange Sections in Iced Grapefruit Juice
Hot Cereal with Raisins
Broiled Calves Liver and Bacon
Popovers
Coffee
Apple Butter

The delicious fruit dish which begins this breakfast is made by cutting the peel from four oranges and removing the sections with a knife, being careful to discard all white fibre. Then pour over them ice cold grapefruit juice from a No. 2 can which has been kept for a long time in the refrigerator, and add a very little sugar if desired. This serves six to eight people, and the whole breakfast is guaranteed to warm that many cockles, whatever they are.*

Use Surplus Cream for Butter Supply

May Be Stored in Jars or in One-Pound Prints.

By JOHN A. AREY, North Carolina State College—WNU Service.

Farm butter, made from sweet cream, may be packed in salt brine and kept in the cold room for use later when the supply may be low. By reason of the low price of butterfat, a number of housewives with a surplus of cream have been making inquiry as to the possibilities of making up the cream into butter and storing it for use later. This plan has been practiced by some North Carolina families for a number of years. The first consideration is that the butter be made from sweet cream. Given this condition, the resulting products may be stored in jars, packed solidly or in one-pound prints. In either case the container must be thoroughly and carefully scalded to kill all bacterial spores.

If packed solidly in such jars, the packed butter needs to be covered with a clean and sterile white cloth and salt placed over this at least 1/2 of an inch deep.

If prints are used, a salt brine sufficiently strong to float an egg is prepared. This will take about one-fourth as much salt as water. Boiling water should be used. Then the one-pound prints wrapped in clean white cloth are placed in the jar with a string around each print so that it may be recovered easily. A stone plate or follower of some kind should be placed on the butter to keep it in the brine and then the brine is poured over the whole thing. From time to time it may be necessary to add additional brine.

New Soil Test Shifting Land Out of Grain Crop

Without the new test for available phosphorus developed by the college of agriculture, University of Illinois, many Illinois farmers could not decrease their grain acreage and increase their legume acreage to cope with present low prices. It is pointed out by C. M. Lindsay, soils extension specialist.

Many farmers are not financially able, he explained, to make the relatively heavy investments in limestone and phosphate for land that is too acid or too low in available phosphorus for the growing of these legumes. It is necessary that they locate land in these fields already containing enough lime and available phosphorus. A previously developed test of the college's soil care of the limestone problem, and now the more recently perfected phosphorus test gives farmers a practical means of overcoming the other important barrier in adjusting the crop acreage.

Thousands of farms throughout central and northern Illinois have areas of soil varying from a few acres to entire fields which naturally contain enough limestone and available phosphorus so that they can be taken out of grain and put into alfalfa, sweet clover or red clover.

Farmers seldom recognize these areas. What is more serious is that without applying the two tests, they often attempt to grow legumes on land that is too low in available phosphorus and lime. The result is a waste of seed and time.

Bee-Keeping

It has lately been discovered that bees have preferences among the honey plants. Whether this is due to the fact that they like some nectars better than others, or whether they simply go where nectar is most abundant or most easily obtained, is a question which none can yet answer. The fact that they will not touch honeydew, even though it may be in great abundance, as long as nectar is available in quantities from flowers, indicates clearly their preference for floral nectar. In the case of clovers, bees apparently prefer to work on white clover rather than alsike if both are yielding abundantly. When white clover is abundant and yields heavily, alsike clover is often poorly pollinated, even if near a large apiary. On the other hand if white clover is scarce or is yielding poorly, alsike clover is well pollinated.

Clean the Seed Wheat

The treatment of seed wheat with copper carbonate or with formaldehyde is a common practice in all grain districts. Frequently, however, seed treatment is reported to be ineffective in the control of smut. Experiments which have been conducted by the United States Department of Agriculture indicate that the removal of smut balls in the seed wheat is absolutely essential to satisfactory results. The smut balls are composed of millions of spores which are not entirely destroyed by the common method of seed treatment. These smut balls should be removed either by fanning or other cleaning machines.

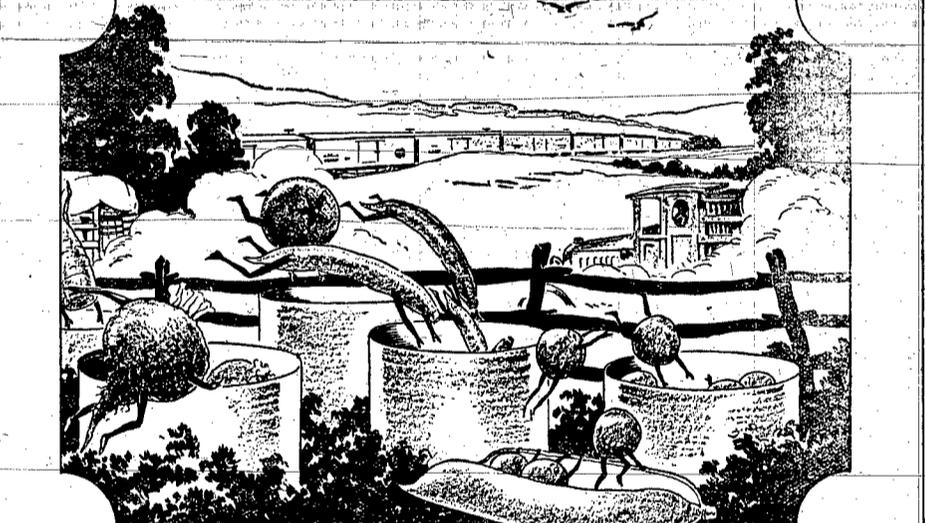

Agricultural Briefs

Uncle Ab says he foresees a new era of art in every field.

Sheep were sold recently in Abernethy, Scotland, for 4 cents each.

A yam yield at the rate of 420 bushels per acre was grown at Hickory, N. C., by J. F. Allen.

Two agricultural experts supplied by the League of Nations will study agricultural reconstruction of China.

FRESHER THAN FRESH

NONSENSE, you say? There isn't any such thing as being "fresher than fresh." But there is! The explanation lies in the lack of real freshness in most city market vegetables. So time honored and real is this lack that a large metropolitan newspaper recently printed this illuminating "household hint":

To Freshen Vegetables—When you know your "fresh" vegetables are stale, let them stand in cold water for several hours before peeling or cutting them. This, in part, replaces the moisture they have lost and makes the fiber tender again.

"In part!" Very much "in part" we should say! Think of getting your vitamins and nutritive qualities out of the cold water quartet! It takes a fasting Gandhi to do that!

On the Other Hand

Do you ever wish for a well-cultivated vegetable garden right outside your kitchen door? Peas and corn, tomatoes and beans, and everything good that grows? The reason you delight in this thought of that kitchen garden is that your vegetables, gathered in the morning and brought right straight to your kitchen table, and immediately cooked, have that wonderful fresh-from-the-garden flavor. Ripened in the fresh air and sunlight, and not a particle of their natural moisture lost, these are truly fresh vegetables that do not need to be immersed in water to be "in part" restored to tenderness.

A Wish Come True

Well, you can have just such a garden right in your own pantry all winter long, and you won't have to grub out weeds, either; you only have to supply your pantry with quality canned vegetables; then open the cans and use the contents as you need them.

All their delicious freshness and natural flavor is saved for you by the process of commercial canning. The modern cannery is built close to the fields where the vegetables grow. Hence within a few hours, after gathering the vegetables are in the cannery's kitchen, inspected, washed, prepared, put in cans and cooked.

It is all done so quickly that the vegetables don't have time to wither and grow stale. Every bit of their freshness and flavor is locked up in the can, preserved unchanged until the can is opened, and awaiting your convenience, no matter how long you keep it.

No Exposure to Air

Now if your garden was a thousand miles away, as it must be for most people during the winter months, you would have your vegetables gathered before they were fully ripened, and they would be hauled that thousand miles by truck or refrigerator car, and every hour during the three to seven days in transit your vegetables would lose a little more of their natural moisture, and they would reach you withered, stale, with their original flavor and most of their vitamin content lost; no longer would

they be fresh vegetables. And that is the sort of market vegetables to which the "household note" quoted above refers.

Lots of people think that canned vegetables are cooked in one large vessel and then put in cans and sealed. On the contrary, the vegetables, after washing and preliminary scalding or "blanching," are put in cans, sealed, and then the sealed cans are put in large steam retorts and cooked. Therefore, the contents of your can of peas were individually cooked in the can, sealed so that its contents were not exposed to the air during cooking.

Vitamins Are Preserved

And here is another advantage of commercial canning over home cooking. There are different kinds of vitamins in different kinds of vegetables, and each kind has its particular work to do. These vitamins are easily lost when vegetables are cooked in open vessels, exposed to the air. When, however, the cooking is done in the little tin cans, hermetically sealed, excluding the air completely, almost none of the vitamins are lost.

For this reason many doctors now recognize that canned vegetables are actually more health-giving than so-called fresh vegetables, because they were cooked when absolutely fresh from the fields, and in their cooking they retain more of their valuable contents than when cooked on your kitchen range.

SOCIETY and Club

SOCIAL CALENDAR

Thursday (Today)

Mrs. C. O. Herndon entertains B. Z. card club.
 Bidoni club meets for one o'clock luncheon with Mrs. H. J. Felber.
 Mrs. John Goldman and Mrs. Will Back entertain St. Paul Aid in church parlors.
 St. Mary's Guild meets with Mrs. John Brugger, who will be assisted by Mrs. Norbert Brugger and Mrs. Wm. Thisman.
 Degree of Honor lodge meets with Mrs. L. B. Panabaker for transaction of routine business and exchange of Valentines.
 Sunshine club meeting is with Mrs. Harry Kinder. Mrs. Ed Grieb has charge of the lesson, "The Trail of Fire".
 Baptist Union and Missionary society meets with Mrs. Walter Bressler and Mrs. J. K. Johnson in the home of the former.
 J. A. O. group meets for Kensington with Mrs. R. W. Casper. If weather is too unfavorable, meeting will be postponed until Saturday.
 Foreign Missionary society of the Methodist church meets with Mrs. Leola Senter. Mrs. Wm. Beckenhauer will have devotions. Mrs. D. S. DeWolf is program leader and Mrs. Robert Stambaugh has charge of the mystery box.
 Second card party of Country club series is held at Hotel Stratton with Mr. and Mrs. Fred Dale, Mr. and Mrs. P. A. Theobald, Mr. and Mrs. E. B. Galley, Mr. and Mrs. L. B. McClure and Mrs. C. C. Stirtz in charge of arrangements.
 Wayne chapter of A. A. U. W. has dinner meeting in the home of Mrs. Anna Kay. J. B. Brittain will speak on current politics, and Prof. J. R. Keith will furnish music. On the committee in charge of arrangements are Mrs. C. R. Chilton, Mrs. T. S. Hook, Miss Josephine Silvers, Miss Pearl Rutherford and Miss Velma Brown.

Friday
 Rebekah lodge meets to do routine work.
 Mr. and Mrs. Will Roe entertain Nu Deal club.
 Postponed meeting of the Country Kard Klub is with Mr. and Mrs. Pete Jorgenson.
 Grace Lutheran Aid meets in the Carl Victor home with Miss Emma Victor as hostess.
 Cameo club entertains Coterie club at tea in the home of Mrs. Willard Wilcox.
 Mrs. R. E. Larson, Mrs. Nettie Call and Mrs. F. L. Blair entertain the Wayne Woman's club in the home of the first named. Mrs. W. H. Phillips is to read a paper on oriental rugs, and Mrs. J. J. Ahern will discuss pewter.

Saturday
 Mrs. O. P. Birdsell entertains Nu-Fu club at bridge.
 World Wide Guild of the Baptist church meets with Mrs. Walter Bressler.
 Freshman class of college high school, sponsored by Miss Lettie Scott, have party in the home of Robert Heylman.
 Meeting of Presbyterian Light Bearers, postponed from Monday because of cold weather, is at 3 o'clock with Mrs. F. L. Blair. There will be election of officers and reading of term reports.
 D. A. R. chapter meets in H. J. Felber home for social tea. Mrs. Felber will be assisted by Mrs. H. E. Goltz of Laurel and Mrs. A. L. Montgomery of Wakefield. Musical numbers and a minuet will be presented and a playlet, "A Cup of China Tea," is to be presented by Mrs. H. R. Best, Mrs. D. S. Wightman, Miss Florence Peterson, Mrs. Ruth Ross, Mrs. Paul Siman, Mrs. J. M. Strahan and Mrs. Edna Davis.
Monday
 Mrs. A. T. Cavanaugh entertains Coterie club.
 U. D. club meets with Mrs. C. H. Fisher for housekeepers' day program.
 Order of Eastern Star meets in Masonic lodge rooms for usual business meeting.
 Acme club meeting, postponed from last Monday because of cold weather, will be with Mrs. J. T. Bressler.
 Monday club meets with Mrs. Robert Mellor. Meeting was postponed from last week because of cold weather.
 Mrs. C. W. Hiscox and Mrs. R. C. Hahlbeck entertain Alpha club members and their husbands at a Valentine party in the Hiscox home.
 Aktusa club has Valentine meeting in the Charles Helkes home, with Mrs. Helkes, Mrs. R. C. Hahlbeck, and Mrs. Carlos Martin entertaining.

Tuesday
 State Teachers college faculty club has Valentine party in recreation room of J. M. Pile hall.
 Mr. and Mrs. George B. Anderson entertain Nu-Fu club members and their husbands at Valentine dinner party.
 American Legion Auxiliary meets in the home of Mrs. E. W. Huse, with Mrs. Gertrude Phillips and Mrs. B. E. Galley assisting Mrs. Huse as hostesses.
 P. N. G. club members and their husbands are to be entertained at a Valentine card party in the C. C. Peterson home. Mrs. Peterson Mrs. Walter Lerner, Miss Pearl Sewell and Mrs. Allee Chance will be hostesses.
 Child Conservation League meets in the home of Mrs. Carl Nuss for a lesson on social service. Mrs. Glenn McKay, Mrs. Walter Miller, Mrs. Frank Korff and Mrs. C. E. Nicholaisen will read papers. Girl Scouts of Oak troop, under the supervision of Mrs. A. V. Teed and Miss Marion Jo Theobald, will demonstrate first aid work. Mrs. Teed will explain Girl Scout work and round table discussion is to follow. Guests are cordially invited.

Wednesday
 Mrs. George Bornhoff entertains M. I. club.
 Harmony club meets for sewing with Mrs. John Nichols.
 Luther League of the Evangelical Lutheran church has social meeting at 8 p. m. in church parlors.
 Pleasant Valley club meets for one o'clock luncheon in the L. R. Winegar home. Mrs. Winegar, Mrs. Jerry Turner and Mrs. Elmer Noakes are hostesses.
 Presbyterian Aid meets at 2:30 in the church parlors to piece wool quilt blocks. Hostesses are Mrs. U. S. Conn, Mrs. J. T. Bressler, Mrs. Fred Blair, Mrs. R. L. Larson.
Thursday (February 16)
 Evangelical Theophilus Aid meets with Mrs. August Wittler.
 Mrs. Melvin Larson entertains the Rural Home society.
 Contract club meets for one o'clock luncheon with Mrs. H. H. Hahn.

"Broadcast" Recital
 Intermediate and junior piano pupils of Mrs. Grace Dickson Keyser presented a recital Friday evening in her residence studio before an audience of about 60 guests. The program was cleverly arranged in imitation of a radio broadcast, with Mrs. Keyser serving as announcer. Numbers presented were: Felicity, Marjorie Reuter's patriotic medley of Star Spangled Banner and Tramp, Tramp, Tramp, Dorothy Reuter, Dwarfs Parade, Carroll Orr, Jr., Waltz of the Flower Fairies, Barbara Hook, The Old Mill Stream, Marcella Frevert, Gavotte Modern, Dolores Frevert, The Song of the Happy Blacksmith, Evelyn Auker, Morning Glory, Margaret Mau, Curious Story, Jean Mines, March of the Nobles, Marjorie Hook, Concert Devotion, Evelyn Noakes, Muscadines, Ruth Lindberg, La Paloma, Mattie Seace, Narcissus, Betty Hawkins, "Rumbelow," Bob Meerchant, March of the Pioneers.
