A great many boys and girls who wished to 'play safe' have written letters to jolly old Saint Nick. A few of these letters are published here this week. More of them will appear in next week's Democrat.

## REUTER TO APPEAL IN ACCIDENT CASE

### Court Disallows Damages in Suit Resulting from Auto Collision.

County Judge J. M. Cherry dismissed the plaintiff's petition and the defendant's counter claim Saturday in the case of George Reuter vs. Armin Beiermann. The court assessed \$10.21 of \$13.86 to the plaintiff and \$3.65 costs to the defendant.

Mr. Reuter charged that on Nov. 26, at 12:30 p. m., he was driving with his wife on Highway 15, near the corner, which is west of the LaPorte cemetery and that when he was a short distance from the intersection, Mr. Beiermann's car, which was coming from the north came onto the intersection, the two cars colliding. He charged that the accident was due to carelessness and negligence of Mr. Beiermann and asked \$175 damages for injuries to the car and personal injuries.

County Attorney H. D. Addison was attorney for the plaintiff and H. E. Siman was attorney for the defendant.

The plaintiff has signed an appeal bond from the county court's decision.

The Creighton game, the Wildcats mentors believe, is reasonably certain, with Creighton expected to play the Wildcats at Wayne college field in the opening game of the season for both teams.

Wildcat grid squads have lost only five games in their last 31.

## Relief Group Must Restrict Local Projects

### Receive Orders to Employ 210 Instead of 700 Unemployed.

Local Relief and Re-Employment committees met Monday night to carry out orders from headquarters in regard to men to be employed in the future on C. W. A. and P. W. A. projects. Members of the committees representing Carroll, Winside, Hoskins and Sholes were present.

Up until now, the committees have been dividing up the work among 700 men who registered as unemployed. Orders came to select 210 of these men who were most in need of help and restrict the employment to them.

At present, only 125 jobs are available. Before new jobs can be had, new projects will have to be arranged and presented the C. W. A. board at Lincoln for approval.

The original allotment for Wayne County, as made by the C. W. A. board at Washington, called for \$19,000.00. This has since been raised to \$21,000.00. This does not mean, however, that Wayne county committees are to receive \$21,000.00 to spend as they see fit.

The state board reserved 105 men or \$10,500.00 of the allotment for work on the highways; about \$8,500 of this remains to be used. Certain rules and weather conditions make it necessary to use only 72 out of the scheduled 105 men at the present time. The local committees have no control of this situation except to furnish the men as called for. The local committees have been awarded the money to pay 33 more men on the highway work than they are called upon to furnish.

## PUBLIC SCHOOL TO RE-ARRANGE WORK

### Local Teachers Preparing New Course of Study.

During the past two months, the Wayne public school faculty has been working on a course of study for the school. This course of study, Suv' H. R. Best said yesterday, will have three advantages: (1) it will be a supervisory measure; (2) it will be an educational procedure for the teachers, as it will require intensive study of the local teaching field, and (3) it will adjust the school add the work to the pupil instead of adjusting the pupil to the work. The new course of study, he said, will try to place the student according to his ability.

High school work on the course of study is being done by department heads. In the grade school work, chairmen are as follows: arithmetic, Miss Maude Curley; geography, J. M. Lockhard; history, Miss Louise Eggert; hygiene, Miss Hazel Reeve; reading, Misses Colia Poitras and Ruth Ross; language, Miss Kellogg, and music, Kermit Stewart.

## Mail 'Em Now Says Postmaster

'Mail your Christmas packages as soon as you possibly can,' is the plea of Wayne post office employees, as they prepare for the last-minute rush which occurs about the last five days before Christmas every year.

All packages for local delivery will be delivered upon the same day they are received at the local office, acting postmaster J. M. Strahan said yesterday. He asks patrons of the local office to refrain from asking for packages, as such requests can appreciably slow down the work of postal employees.

City and rural mail men say they are already beginning to notice the effects of Santa Claus, with incoming mail showing heavy increases.

## Red Cross to Sponsor Gift Basket Plan

### Local Clubs Are Asked to Contribute to Needy.

Wayne Red Cross officials are planning an intensive drive to collect materials for Christmas baskets to be distributed during the holiday season to needy families.

All clubs and organizations of the community are being asked to gather goods for Christmas baskets and to leave them at the City Hall or some other centrally-located place. A telephone call to Mrs. E. W. Huse, president of the Red Cross, or H. R. Best, secretary, will bring someone to deliver the basket to the Red Cross, if it is not convenient for members of the club to make the delivery.

The public schools will be a concentration center on Friday, Dec. 22, when school children will bring Christmas basket contributions.

Red Cross officials recommend that all local organizations give through the central agency, to avoid duplication of gifts to some needy families and omission of gifts to others.

## Two Hundred Farmers Get Corn Loans

### To Get Federal Funds as Soon as Certificates Are Approved.

Two hundred Wayne county farmers have had their corn cribs inspected and have received locally-approved warehouse certificates for corn loans, according to information received last night by The Democrat from G. H. Liggett, emergency agricultural administrator for Wayne county.

Each of the 200 farmers is expected to receive, in the near future, a loan of 45 cents a bushel on all corn included in the loans.

Word has been received from Washington that it is not necessary for the farmers to put a floor under their corn that is in rings on the ground. The inspectors will subtract the first 18 inches of corn in lieu of the floor. This does not, however, exempt the farmer from the provision requiring a roof, it being necessary to put a waterproof roof of boards or similar material over the rings before they are acceptable.

This information, Mr. Liggett says, is proving good news to many farmers who had been looking forward to the unpleasant prospect of having to move corn in rings onto a floor before it would be eligible to the government loan.

Albert Berry and Keith Reed, corn loan inspectors for Wayne county, are inspecting the cribs as fast as is possible, but find a mounting pile of applications from farmers who are anxious to get in on the government loan money.

The cast includes Niema Mitchell, Pauline Yocum, Dorothy Hook, Margaret Jones, Willis Penhollow, Gerald Wallick, Bob Cunningham, Paul Young, Frank Gamble, Robert McEachen and Donald Wright.

## The Inquiring Reporter

### THIS WEEK'S QUESTION

'How do you think the general public's mental attitude' this holiday season compares with that of last years?'

Store manager: I think people are feeling a lot better. Our Christmas business so far this year is nearly double that of last year and the biggest rush of business is yet to come.

Business man: Our December business this year is quite a ways ahead of last year, although that doesn't mean a great deal because last year's business was poor. Things do look a lot better, however.

Store employee: It's hard to say. Our business is a little off from last Christmas season, but we deal mostly in large units of sale, and people haven't started spending big sums of money yet. This year loan proposition is going to stimulate things.

Minister: The mental attitude is improving, but it's not right yet by a long ways. Too many people are looking at the world through smoke colored glasses.

Business man: People seem to be more cheerful and they seem to be buying Christmas presents a little more readily. Our December business is 'way ahead of last year.'

## THE KNOT-HOLE

No. 26—Wayne, Nebraska, Thursday, December 14, 1933. Vol. 8

They say business is looking up. Well, if you're flat on your back what other way would you look?

The latest is that you can now borrow government money on corn stored in flat or round steel cribs providing you cover it with a tight roof. We have the material for that roof.

Flapper—"Gee, I made a terrible blunder at dinner last night."

Friend—"What happened?"

Flapper—"Mother asked me if I wouldn't have some corn and I passed my glass."

You may have tried another kind of briquets some time or other, but do not let that prejudice you against SUPERIOR briquets. They're different, burn differently and heat better. Why? Because they are not made at the same kind of coal other briquets are. Try a few hundred pounds.

The inventor of shalable glass doesn't know just what to do with

his invention. As a suggestion we might say that it will give some of the boys a chance to bring the last drop from the bottle.

Call anytime for covers for your screen doors.

There is one unexplained point in the motor industry's code which fascinates us. Who's spark plug is revelling all these splendid motion in the Blue Eagle's left claw?

You get splendid ignition from SAMARA coal. It's hotter than the sands of the desert.

Cupboards, book cases, wardrobes. Our shop has been busy turning them out the last two weeks. Tell us what you want. We'll have your favorite carpenter turn it out in a hurry.

Football has its good points, but now we would like to stand in a crowd again and watch a good, snappy steam shovel.

1st Dad—"What's your boy going to be when he finishes his education?"

2nd Dad—"An octogenarian I think."

There was the man who was told by his doctor to take something warm after supper so he took the doctor's overcoat and mittens as he left the office.

You'll keep warm if you take home a ton of Pennsylvania hard coal at \$15.00 per ton.

Girl—"I want to take a trip for my health. Where is a good place for me to put on some weight?"

Travel Agent—"If I told you I'd probably get my face slapped."

Cover your circle cover-cribs with a tight roof and you can get a Federal loan. Let us tell you how little it will cost.

Lady and son driving to California after Christmas would like two companions to help pay expenses.

SCOTT SHOTS

by "SCOTTY"

All right, dad. Be careful not to play too much with that electric train you bought Junior for a Christmas present.

It's about time to revive that old wheeze about the meanest man in the world, who sneaked out on the back porch on Christmas Eve, fired a shotgun and came back in to tell his children that Santa Claus had committed suicide.

We usually buy Christmas presents from our own point of view. In other words, we buy for others what we would like to receive.

"We now face an emergency more serious than war," said our President. To which we might add, "Except that we don't have to salute second lieutenants."

Do you remember when folks used to talk about Blue Monday? That phrase has almost disappeared, now that almost all the other days are black and blue.

This is the season when wives who have nagged their husbands for eleven months and two weeks suddenly become sweet and loving. Know ye all men by these presents.

One Wayne woman who imagines that she is "conserving on food, and who isn't giving her husband enough substantial groceries to keep a humming bird alive, would be surprised to know that he eats at least one meal a day down town.

"Didn't you get a sack of candy for baby?" the mother asked. "No," the little girl replied, "Santa Claus would only give me one." A dangerous gleam came into the mother's eyes.

One little fellow was telling his cronies Saturday about what an Aunt had given him for Christmas last year. "She gave me a book on Sunday School Heroes, the old fool," he declared.

Give a medal to the lady of that not-too-prosperous house who was buying Christmas presents Saturday afternoon.

For an expressive gesture of contempt, insult, or what-have-you, I nominate the gestures of a local barber who cut a dirty fellow's hair and then thoroughly washed his hands.

They say that a certain local gal sings a version of "Annie Doesn't Live Here Any More" that is Just Too Wicked for Words.

One local gal who has a local admirer believing that he's the cream in her coffee is scared to death that her distant Romeo is coming to visit her at Christmas time.

If Christmas is a problem for you, think of what it must be for all the young swains who want to make a Big Showing.

Fred Howard bursts forth with the following Sunbeams from the Clay County Sun:

And where does the nudist strike a match? Most of us would rather hurt the other fellow than improve ourselves.

Some bird filled with wisdom says: "An automobile is just as drunk as its driver."

Don't become obligated to anyone whom you desire to retain as an intimate associate.

There is no age in life at which one would not rather hear the fire bell than the school bell.

It was a man of wisdom who said that America desired a Moses, but is fabled to death with a Santa Claus.

A Missouri paper is quoted: "Since my last daughter has been married, I offer for sale a double shot gun in good condition."

BOYS AND GIRLS TELL SAINT NICK THEIR XMAS DESIRES

(continued from first page)

I think I have been a good boy, so will you please bring me a steamboat, a drum, a horn and an automobile like I saw in the store.

I would like to have a bear of over-all and a little train. I have tried to be a good boy all year.

How are you? Billy and I are just fine. I will tell you what Billy and I would like to have for Christmas.

I am six years old. I am going to write you a letter. I want a tablet, pencil, handkerchief, ball and wash machine.

I want a football gun, boxing gloves, police set. I am five years old.

Dear Santa:

I am 5 years old and have tried to be very good. I would like to have a train, some cars, and a tool chest.

It is getting near Christmas isn't it Santa. I don't want much for Christmas but all I want is a train with rubber wheels but no track.

Will you please bring me a washing machine and a doll buggy. Your friend, Elaine Jane Rhoades.

FACULTY CLUB HAS OLD ENGLISH REVEL

Spirit of Old England Is Revived at Yuletide Costume Party.

A grand march, with many guests in costume, opened the evening. In this were Dr. and Mrs. U. S. Conn, honored guests.

Three knights, each preceded by two pages bringing a fanfare on trumpets, brought in a bear's head, a peacock pie and the wassail bowl.

Turkey dinner was served to 80 guests by costumed waitresses. Mrs. Clara Heylman an Miss Mary Currier were in charge of the meal.

After dinner, Dr. Honey explained the significance of the ceremonies, using medieval English.

First came students of French classes, dressed in Breton costumes and singing French carols.

In accordance with English custom of inserting comedy relief before serious plays, faculty members presented 'The Interlude of Mak,' in

which faculty women appeared as angels and sang carols to Judean shepherds. A Spanish Nativity play was presented by members of the Spanish class.

A costumed group of students, carrying Roman lamps and lighted tapers, sang 'Adeste Fideles.'

Dr. Kathryn Hagan arranged the program, which was presented by members of the English, Latin and modern language departments.

PUBLIC SCHOOL TO RE-ARRANGE WORK

Hoskins have been about completed. No further work is available for unemployed at these places except on the highways until new projects are allowed.

**Bryan Says State to Get More P. W. Funds**

Prospects for Wayne's municipal auditorium, brightened Saturday with Gov. Chas. W. Bryan's statement that he was unable to fathom report from Washington that Nebraska already has its share of public works funds, because the state has been allotted only about \$30,000,000 although on a population basis it would be entitled to \$70,000,000. Bryan said when the money was appropriated it was understood Nebraska's portion would be about \$70,000,000 exclusive of the \$7,800,000 allotment for roads and that so far only about \$30,000,000 has been received.

TREASURY DEPARTMENT, Office of the Assistant Secretary, Washington, D. C., November 17, 1933.—Proposals are hereby solicited for a post office site at Wayne, Nebraska, to be opened publicly in the office of the postmaster at Wayne, Nebraska, at 9 o'clock a. m., on Dec. 18, 1933, for the sale, or donation, to the United States of a lot conveniently located and containing approximately 12,000 square feet with a frontage on a principal street of approximately 80 ft. Consideration will be given to both corner and interior lot. Cost of site not to exceed \$12,000.00. Sites having different street frontage dimensions will be considered provided the area is approximately the same. Upon application, the postmaster will supply prospective bidders with proposed plans and a circular giving particulars as to requirements and instructions for preparation of bids and data to accompany same. L. W. Robert, Jr., Assistant Secretary.

including the road assignments. The governor said he had asked Senators Norris and Thompson to do everything possible for the remaining projects.

**If You Get Up Nights**

Lax the Bladder With Juniper Oil, Buchu, Etc. Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder laxative, also containing Buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c. box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. **NEW FORD V-8 for 1934**

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

**OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8**

**BETTER PERFORMANCE.** Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

**NEW VENTILATION SYSTEM** permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

**DISTINCTIVE NEW APPEARANCE** enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

**FENDERS IN COLOR.** On De Luxe cars fenders are in color to harmonize with body colors—wheel colors optional. New enamel finish on all bodies and fenders has greater wearing quality and more enduring luster.

**GREATER RIDING COMFORT** results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-4-1 steering gear ratio.
