ESTABLISHED 1884

WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY, JANUARY 9, 1936

\$1.50 PER YEAR

Civic Groups Will Dedicate Auditorium

Formal Ceremonies to Take Place in New Building On January 17

Formal dedication of Wayne's new municipal auditorium is scheduled to take place on Friday, January 17, with reservations, according to announcement made early this week by members of the Wayne community council, through which organization, plans for the dedication are being formulated.

The building was erected as a PWA project at a cost of \$75,700. Of this amount, 30 per cent or \$24,700 was provided by PWA grant. Bonds amounting to \$25,000 were sold by the city to the government, \$20,900 was donated by the City of Wayne electric light and power fund and \$6,000 was given by the Woman's club.

The building has an overall dimension of 80x140 and is of solid wall face brick over steel construction. It houses an auditorium with seating capacity of more than 1,400, 800 of which are permanent chair type seats on a concrete bleacher at the rear and 600 of which are temporary and can be set up on the gymnasium floor, which is a full standard size basketball court. A modern fully equipped stage is at the front. Temporary seats when not in use are stored in trucks, the front ends of which form panels beneath the stage. Over the front entrance is a large steel marquee suspended from the front wall with large chains.

Ample space is provided for locker, dressing and shower rooms in the basement beneath the stage. There, too, the furnace room is located.

The Woman's club has a large room in the northeast quarter of the building. Adjoining this club room is a modern and fully equipped kitchen. Venetian blinds and drapes are hung at the windows and beautiful overstuffed furniture and a large rug on the terrazzo floor make fine quarters for the club in which they can conduct their meetings and social affairs.

A large room in the southeast quarter of the building is occupied by the city clerk's office. Here all city clerical work is done and water and electric bills are paid. City councilmen meet regularly about a large oak table in the rear of this room. The main entrance is connected with the auditorium by a wide area way.

In the front portion of the building adjacent to the bleacher seats and over the entrance is the caretaker's apartment. Windows on the north, east and south make this a cheery and livable place. These quarters are composed of a well equipped kitchen, combined living and dining room, a long hallway and a large bedroom with bath.

The municipal auditorium in Wayne is a long felt need for a meeting place. It serves as a gathering place for educational, social and athletic affairs. It has been expressed as "a dream come true."

Alumni Conquer Hi School Team

Oldsters Prove Too Much For Youngsters In Games Friday

"Age before beauty" seems to hold good on the basket ball court as well as in Emily Post, if the result of the Alumni-High school basket ball game is to be any criterion. A group of the old boys decided to do away with things of a business nature for an evening and show the small boys how the game of basketball should be played. Accordingly, the "oldsters" betook themselves to the municipal auditorium where they battled against the young men from the public school, winning over them by a score of 26 to 18 in the first contest and 38 to 27 in the second.

Both contests were fast and entertaining, and an appreciative audience was in attendance.

For the alumni Ken Dowling was high point man of the evening with 18 points, Fatty Sund, Cunningham, and Bornhoff seemed to be other leaders. For the High school, Ahern was high with 8 points, Alderson 7, and Nelson 6.

The following alumni played: V. Goshorn, K. Dowling, B. Ahern, P. Mines, Mel Brown, R. Cunningham, J. Brugger, A. Hiccox, D. Hughes, S. Sund, W. O'Brien, W. Bressler, Jr., Fred Dowling and Red Kopp.

Volley Ball Men Developing Skill

Engage Services of National Champion to Provide Instruction

Under the respective captaincies of Dr. L. F. Perry and Dr. C. F. Dienst, East side volley ball enthusiasts met the West side players at the public school gymnasium Tuesday evening. Though the teams appeared quite evenly matched the West side, under the leadership of Dr. Dienst, came through with four victories out of five encounters. According to the victorious captain, "This might be partially explained by the fact that each player is his own scorekeeper, coach, referee and rooting section."

Lineup is as follows: East side, Dr. Perry, Burr Davis, J. G. Davidson, L. F. Good and Gayle Childs; West side, Dr. Dienst, Robert Gibb, Leslie Ellis, Edwin Melby and Raymond Bowers.

Members of the two teams are not only interested in obtaining a little exercise out of their strenuous athletic activities but desire also to learn the fine points of the sport. Last Friday they employed Clifford E. Slater of Omaha, member of a national championship volley ball team last year, to provide them with special instruction.

The personnel of the teams has expanded considerably since their organization at the beginning of the school year. Because it is hoped to develop the latent volley ball talent present so abundantly in the Wayne community, candidates for positions on the team are not always accepted. Most recent tryouts were Prof. Fred Dale and Paul Mines.

baptized in the Lutheran faith and in 1908 was confirmed. His early education was received in the grammar schools of Wayne county. June 21, 1922 he was united in marriage with Miss Martha Longe and to them were born two children. He was elected state representative of the 45th district in 1934. December 18, 1935 he became ill with pneumonia and on the evening of January 3 died at the age of 44 years, 5 months and 8 days.

Surviving the deceased are his widow, one daughter, Alice Mae, aged 7, and one son, Homer, aged 10; a sister, Mrs. Frank Pfeuger of Wayne; one brother, William of Wayne; four half brothers, Fred of Muscatine, Iowa, Otto of Minneola, Iowa, Lewis of Seckerville, Wisconsin and Paul of Phillo, South Dakota; and one half sister, Mrs. Wm. Thies of Wayne.

Colored Cage Club Cans College Crew in Corking Clash

The colored boys, who were fast and clever, started scoring in the first few seconds of play. The local team came back and tied the score at 5 to 5 early in the game. The college team used 14 men and had several combinations which looked good. They were outplayed in every department of the game, however, by the trotters.

The visitors entertained the crowd by singing songs and by mixing football, baseball and other stunts with their basketball playing.

Friday night, January 10, the wildcats go to Fremont to test their skill against the Midland team.

THE AVERAGE MAN

The Insurance Digest has the life and income of the average man figured down to a point-system, and it has done so because it is necessary to know in order that fair rate can be made.

And their figures will show that the average age of man is 37. That being an undisputed fact, this writer has beaten the average by considerable. They also say that

—Including his life insurance, he saves about \$72 yearly;

—He has in a savings account approximately \$251;

—His chances of living to age 65 are better than even, 6 to 10;

—If he reaches the age of 65 there is a 50-50 chance he'll have an income of as much as \$700 a year;

—If he is worth \$1,000 or more at age 65, he will be one of six men out of ten;

—He will be able to do gainful work at age 65 (if he can get it; about one out of 3 cannot). Out of every ten men 65 years of age, four are forced to live with children, relatives or friends;

—If he is one of the four out of ten who die before 65, the chances are even that his widow will be worth less than \$1,000 when she is age 65.—Central City (Iowa) News-Letter.

SAHARA COAL is gaining in popularity which means it must be satisfactory. Try it! The meanest man in the world is the ventriloquist who threw his voice under an old maid's bed.

"What shall I do?" wailed the sweet young thing: "I'm engaged to a man who just cannot bear children." "Well," remarked the kindly old lady, "You mustn't expect too much of a husband." Lace curtains sway.

Your guests will not go home with cold feet if you are burning coal. We look for a revival of tattooing. The younger nudists are going to need fraternity pins.

THE AVERAGE MAN The Insurance Digest has the life and income of the average man figured down to a point-system, and it has done so because it is necessary to know in order that fair rate can be made.

And their figures will show that the average age of man is 37. That being an undisputed fact, this writer has beaten the average by considerable. They also say that —Including his life insurance, he saves about \$72 yearly.

—He has in a savings account approximately \$251. —His chances of living to age 65 are better than even, 6 to 10; —If he reaches the age of 65 there is a 50-50 chance he'll have an income of as much as \$700 a year;

—If he is worth \$1,000 or more at age 65, he will be one of six men out of ten; —He will be able to do gainful work at age of 65 (if he can get it); about one out of 3 without. Out of every ten men 65 years of age, four are forced to live with children, relatives or friends;

—If he is one of the four out of ten who die before 65, the chances are even that his widow will be worth less than \$1,000 when she is age 65.—Central City (Iowa) News-Letter.

Entered as second class matter in 1894 at the postoffice at Wayne, Nebraska, under the act of March 3, 1879.

One Year\$1.50

Citizens of Wayne county will miss August Biermann, but they will long remember him for his big smile, his hearty laugh and winsome personality. Though his passing was most untimely, August's life here as a good Wayne county farmer was successful. A good father and husband who loved his home, August served his constituents well in Lincoln where he served one term as our state representative. Conscientious about his duties always, he was one of the most public spirited citizens it has been our good fortune to know.

Big, handsome, healthy appearing young fellow whom everyone liked, it is difficult for us to believe he is no longer with us. Yes, citizens of Wayne county will miss August Biermann, but they will long remember him for his big smile, hearty laugh and winsome personality.

Even though the AAA was declared unconstitutional by the Supreme court, we feel that this agency has been a lifesaver to farmers in the mid-west. Fifty-seven million dollars has been paid to farmers in Nebraska alone in benefit payments. Real estate has been saved from going under the hammer simply because farmers receiving the benefit payments were made able to come up to scratch and lay their tax payments on the line with corn-hog and crop reduction checks.

By declaring the AAA program unconstitutional, the Supreme Court, housed in a new \$11,000,000 edifice in Washington, D. C., has shown us what a true dictatorship is. Only time can tell whether or not this ruling will be good for all concerned, and it makes us wonder why we send

senators and congressmen down to Washington if this astute body is vested with the power of running the affairs of the nation.

We do not feel that the Supreme Court should be criticized for its decision. Our constitution is the law of the land. These nine gentlemen have interpreted it for us from the legal standpoint. Though Lincoln, one of our most beloved presidents, scathingly criticized the high court in one famous instance, namely the Dred Scott decision, we feel that this body now acted only in the manner they gave their oaths to do.

Perhaps the ruling which compels our administration to hue to the constitutional line will after all, be a blessing in disguise for the administration. Inasmuch as practically all new deal legislation has been passed as emergencies, our new deal might at some future time, when an emergency does not exist, find itself in a situation similar to that of Frankenstein who created the famous monster.

Perhaps the AAA has served its purpose. Perhaps if the Supreme court had not invalidated the act our administration would sometime find itself in a situation similar to that of the man who was cutting his own hair and had no place to stop.

PIG CROPS ARE INCREASING

An 84 percent increase over last year in the Nebraska fall pig crop, but only 61 percent of the five-year average, is shown by the Pig survey released by the State and Federal Division of Agricultural Statistics. A prospective increase of 30 per cent in the coming spring farrowing is indicated. The United States fall pig crop is 31 per cent larger and the prospective farrowing 24 percent larger.

A total of 792,000 pigs were farrowed last fall as compared with 430,000 in the fall of 1934 and the 1930-34 five-year average of 1,294,090 pigs. The combined 1935 spring and fall crop totals 2,308,000 pigs against 3,926,000 pigs in 1934 and the 1930-34 five year average of 5,913,000 pigs.

Extremely low prices far below the cost of production and the reduction of grain feed due to drought are very largely responsible for the heavy reduction. Farmers indicated their intention to increase the spring farfall, shows the upward trend in res-

ponse to the present satisfactory farm price of hogs.

The fall pig crop for the United States totals 20,272,000 head against 15,522,000 head in the fall of 1934 and the 1930-34 five year average of 25,723,000 head. The 1935 combined spring and fall pig crops amount to 50,674,000 against 53,329,000 head in 1934 and the 1930-34 five-year average of 74,427,000 head. A prospective increase of 24 per cent in number of sows to farrow next spring is indicated.
