## Pavilion Auctions Draw Big Crowds

### Wayne Merchants Endorse Company's Efforts With Advertising

That pavilion sales conducted by the Wayne Sales company are proving popular from the standpoint of those wishing to buy or sell livestock is shown by the fact that there were more buyers attending the sale than there was livestock to satisfy their demand.

Fall pigs Monday sold for \$11.60 and a nice offering of yearling steers brought \$7.85. Good bunches of horses and milk cows were sold Monday. Bidding was spirited and all the stuff sold well.

The Wayne Sales company is an organization composed of 15 Wayne merchants and farmers. Merchants this week are running a double spread section in this newspaper urging farmers to attend Wayne sales and market their livestock in their own place of exchange. They explain that the sales pavilion is a local home-owned institution that is proving beneficial to the city.

## Green Accepts Position At McPherson, Kansas

V. H. Green, who for the last 18 months has been manager of the Brown McDonald Golden Rule store in Wayne, announced Friday that he has accepted the managership of the company's store at McPherson, Kansas.

He will be succeeded in the Wayne store by Larry Brown who was formerly assistant manager of the local store and has for the last year been serving in a similar capacity in the company's store at North Platte.

In his brief stay in Wayne, Mr. Green has made many friends. He is a member of the Presbyterian church and Kiwanis club in which organizations he has taken an active interest.

He will assume management of the McPherson store on February 1, and Mrs. Green and children will join him there later.

McPherson is a city of 8,500 population and is the seat of McPherson college. It is situated 160 miles southwest of Tepeka and has flour mills and oil refineries. The Brown McDonald store there is new and will be completely furnished with new fixtures, Mr. Green said.

In Omaha Hospital.  
Mrs. Sherman Johnson left Sunday for Omaha where she is undergoing medical treatment in the University hospital.

## 'Twas All a Big Hoax Vath Just Went Home

Visions of gangsters from Sioux City or Omaha pulling off a job of some kind in Wayne and taking L. W. Vath with them to slow up detection, must have been the motive behind a rumor to the effect that the watchman had disappeared in the night.

It was all a hoax though. When it came time for Mr. Vath to go home Wednesday morning his car would not start. He walked, leaving the machine parked parallel at the State bank corner. From this source the story grew. "Dame Rumor, thou art the biggest liar in the world."

## Women Dedicate New Club Room

### Wayne Woman's Club Hold Housewarming, Tea In New Auditorium

Seventy-five members of Wayne Woman's club were present at the housewarming and tea last Friday afternoon which formed the dedication of the new club room which is built a part of the \$75,000 municipal auditorium. Mrs. M. S. McDuffie, of Norfolk, state president of the Nebraska federation of Women's clubs, and Mrs. W. E. Minier of Norfolk, past president, were present as special guests. All past presidents of the local club were in attendance.

A color scheme of rose and taupe is adhered to throughout the club room furnishings, occasional touches of variance adding interest to the whole. Light fixtures are opalescent with amber decorations. A grand piano will soon be in place. The room is well lighted. It is built 29x29 with a fully equipped kitchen and cloak room adjoining. A hundred piece service in china and silver is owned by the club and ready for use.

Mrs. Fred Blair presented the club with a beautiful tapestry, "Spring", by Carot, which is a gift from her and Mr. Blair. In the club response, which was given by Mrs. S. A. Lutgen, it was pointed out that Mrs. Blair should be made a life member of the club, and the affirmative vote was unanimous.

Friday's program was featured by appropriate talks given by Mrs. J. G. W. Lewis, Mrs. E. W. Huse, Mrs. D. J. Cavanaugh, Mrs. C. Schultheis and Mrs. E. E. Gailey. Hardships and joys of 17 years of achievement represented by the present luxurious club room were included in their talks, along with urging of continued cooperation. Mrs. Minier and Mrs. McDuffie, guests, also gave brief talks congratulatory to the Wayne club.

A play, "Boosting Bridget", directed by Mrs. D. S. Wightman, was presented by the following cast: the Mesdames F. S. Berry, Hobart Auker, D. S. Wightman, E. E. Gailey, Willis Noakes and E. J. Huntmer.

Excellent characterization was featured in the performance of the Cyc club thespians throughout the play. Blaine Auker in the title role displayed the lovable qualities associated with Huck Finn, and Kenneth Petersen as Tom Sawyer demonstrated histrionic abilities superior to the average freshman. Maxine Barrett in the role of Aunt Polly also displayed fine talents, as did Betty Wright in playing the part of Melba. ## LET'S BE THERE, CITIZENS

Dedication of Wayne's Municipal Auditorium tomorrow is magnificent evidence that citizens of this vicinity are willingly inclined to spend both their time and money for community betterment. The occasion should be an announcement to the world that harmony and cooperation are the watchwords of Wayne citizens. Without them the dreams of forward looking persons would never have achieved their present form as represented by the brick and concrete so beautifully assembled in the practical new building.

Future activities directed by Wayne men and women who are filled with a vision of their city's potentialities will bring the entire community into this edifice many times during the year. Here is a center within which every personal opinion, ambition or talent may be converted to community welfare. Tomorrow's ceremonies are planned to appeal to persons of all ages. Every citizen of Wayne who feels the importance of this occasion should manifest the fact by his attendance at one of the three programs scheduled for Friday, January 17. It is worthy of everyone's attendance.

## LONG Live The King The Queen's Husband

Little is said of the King. He is merely mentioned as the Queen's Husband. Nevertheless the phrase forms a catchy title for the three act comedy which is to be presented under the auspices of the Young Business Mens club at the municipal auditorium on the evening of Friday, January 24. Good music, beautiful stage setting and costumes are promised as well as good between-act entertainment. Long live the King—The Queen's Husband.

## School Head Makes Appeal

### Says Peddling Information Not Primary Purpose Of Public School

The sphere of influence encompassed by the Wayne public school formed the basis of the talk given by Dr. C. F. Dienst, city superintendent of schools, at the luncheon meeting of Kiwanis club Monday noon at hotel Stratton.

"School is only the passageway from the home out into life", stated Dr. Dienst. "As citizens of this community it is your duty to check up on the products of the schools. Many business affairs have been affected by the Wayne public school. Bankers, lawyers, reporters, county officials and many business men of the community are graduates of this school. The preparation for life which it affords should interest everyone, and I appeal for your continued, broader interest in the boys and girls in school today."

"The lessons which we teach are of less importance than the love of learning which we try to implant", continued the speaker. "We must bring together all the fine influences of our community, with its city library, state teachers' college, good churches and fine spirit of loyalty, so that our teaching will not be a mere peddling of information."

Dr. Dienst called attention to the fact that the next commencement is the bi-centennial commencement of the Wayne public school and that 886 students have been graduated in the last fifty years. "This is significant in the life of the community", he said, "and should interest not only the patrons but all those interested in young folk."

Lauded by Dr. Dienst were those students who achieve perfect attendance records, quoting "These who have been faithful in little things will also be faithful in big things". He also paid tribute to the school board which 28 years ago supervised the building of the present school house.

Expressed by the speaker was the hope that the public school will bring to the young people a vision of their possibilities that it may some time be proudly said of them, "They were born in Wayne."

Wilhelm Bartling and Leland Ellis of Sholes were visitors in Wayne last Monday.

First place went to the K. M. K., college piano club; second place, Newman club; third, Katz, college pep organization; fourth, International Relations; and fifth, YWCA. Had it not been for a technicality first place would have been awarded to the Katz club. Judges were Dr. C. F. Dienst, Miss Anna Geisler, Miss Constance Barker, Fred Blair and Mrs. Henry Ley. All stunts were judged on originality, suitability to the organization, ability in execution, number of persons appearing in the stunt and announcement. Points were subtracted for overtime and lack of good taste.

On the west side of the basketball court, which may also be used for dancing, is the large well equipped stage. Drapes, drop curtains and machinery for handling the fittings were installed by the Metropolitan Scenic Studios of Omaha.

THE KNOT-HOLE NO. 3 Wayne, Nebraska, THURSDAY, JANUARY 16, 1936 Vol. IV If your cistern is dry there's no need of waiting for spring rains. Just get a package of our water softener and enjoy soft water all winter. Only 75c per package. Young Bride: "Now dear, what will I get if I cook a dinner like that for you every day this year?" Hubby: "My insurance." Remember the name ALABASTONE for all wall finishes. It's a cold water mix and inexpensive to use. IT WON'T WASH OR RUB OFF! To restore the original finish to floors, clean them off with Waxoff. A 10c package cleans the average room. Since two-thirds of the prevaricating fishermen are in California, the remaining one third thinks he should go to defend his title. That is if his wife's leg has recovered enough for her to stand the trip. How about it Jack? Dreamers and politicians are constantly playing with the idea that wealth can be more equitably divided, and stay divided, and thousands of people who have not been able to accumulate it by their own efforts, look to legislation for the accomplishment of their desires. THE DAIRY INDUSTRY

Dairying is the most important agricultural industry in the United States.

In recent years, sales of dairy products have amounted to about 25 per cent of the cash income of all agriculture. And in 1934, the cash income from dairying was higher than the combined cash income from wheat and cotton.

It is an interesting fact that American dairy farmers have been among the most progressive of all farm groups in forming and supporting cooperative organizations.

IT'S THE TOP!

IT'S difficult to find words to describe a real good food. It's like describing the girl you've just fallen for.

Corn is like that. To Americans who raise it best, who serve it best and who like it best—it's the top! It's the top of the list of vegetables when it's cut right off the stalk and boiled tender and juicy on the cob.

Put On Your Apron

Some one of these days when it's chilly outside and there's no one to play bridge with indoors, try making this extra good corn casserole.

Corn and Mushroom Casserole: Sauté two tablespoons of sliced onion and sliced mushrooms, from a 4-ounce can, in one tablespoon of butter for several minutes.

Wayne Defeats Midland Cagers

Wildcats Win Friday Game 44 to 36; Dickey High Man

(From Sioux City Tribune) Wayne Wildcats tuned up their "G" strings in preparation for the first conference tilt at Peru Saturday evening by trouncing Midland by a 44 to 36 score.

The score belies the facts since the Wayne starters bombarded the hoop from all angles to assume a 33 to 12 margin at half time.

The Midlandites put on an abbreviated scoring spree in the closing half which was squelched by a couple of swishers from the hands of the Wayne State flippers.

Dickey was high for Wayne with 14 while Nelson and Christensen had scoring honors for Midland.

The Bloomfield game, Wayne's first conference win, took place in the opponent's gymnasium Tuesday evening and resulted in a walk away of 32 to 15.

TOMATOES

By The Ton!

MORE tomatoes than any other vegetable are canned in this country today. The annual value of our tomato crop is estimated at more than \$50,000,000 of which approximately \$20,000,000 is spent for tomatoes by canners and manufacturers.

Tomatoes Give the Tone Tomato Pritters: Beat one egg slightly, add two cups canned tomatoes and one and a third cups crushed cracker crumbs.

Meat Loaf with Tomatoes: Add one small finely chopped onion, one teaspoon salt, one-fourth teaspoon pepper, one teaspoon sage and one-half cup dry bread crumbs to one pound of chopped beef.

must again go before the people in search of another endorsement of its acts and policies, will do everything possible to manufacture votes.

Business and industry, as a result is nervous and dubious. Political conflict always results in harm to industry.

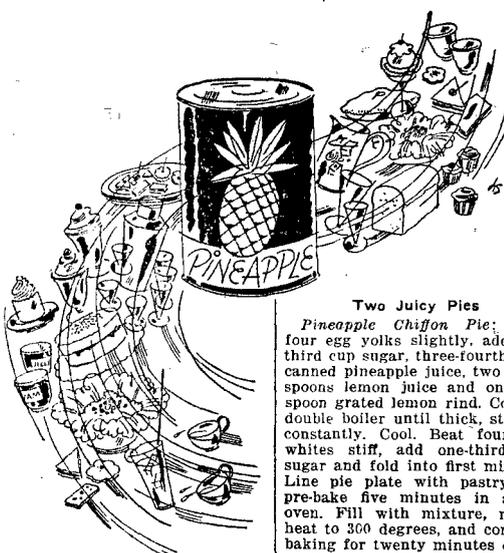

For 1936 the issues are many, vastly important, and highly explosive. Here are some of the things on the congressional calendar, along with opinion taken from a consensus of the views of many experts, as to what is going to happen when Congress votes on them:

VETERAN'S BONUS - Long a thorn in the side of Presidents, the bonus has been passed by Congress

in every administration since Wilson's, has been vetoed by Harding, Coolidge, Hoover and Roosevelt: Bonus advocates have never been able to muster the two-thirds majority necessary to pass the bill over a veto.

SOCIAL SECURITY ACT - Will be perfected in detail, with no change of importance. It is thought steps will be taken to exempt concerns with adequate private pension systems.

NEUTRALITY - There is liable to be a tussle between Capitol Hill and the White House here. Both branches of government want neutrality, but there is some difference of opinion as to how to achieve it.

PINEAPPLE JUICE In Modern Menus

THE best thing to do with pineapple juice is to drink it. Everyone is agreed on that. But did you know that it can be used in making all sorts of dishes, from soups to pies, and that the results are most delicious?

Orange and Pineapple Bouillon: Mix three tablespoons sugar and one tablespoon arrowroot. Add one cup water, stirring until smooth.

Chilled Fruit Soup: Soften four teaspoons gelatin in four tablespoons cold water, and dissolve with one-third cup sugar in one cup canned pineapple juice heated to boiling.

Delicious Drinks Pineapple Egg-nog: Put two eggs, two tablespoons sugar and the contents of two 12-ounce cans pineapple juice into a cocktail shaker or jar, add cracked ice and shake until well mixed and frothy.

Ice Cream Sherbet: Soften three tablespoons gelatin in two-thirds cup cold water and dissolve in one quart boiling water.

lieved in many quarters that steps will be taken to declare such commodities as cotton, oil and steel, instruments of war, subject to embargo along with munitions, airplanes and guns.

TOWNSEND PLAN - Here is one of the hottest issues of the day, and one that is growing steadily hotter. Signal Townsend victory recently occurred in a Michigan special congressional election, where the Republican pro-Townsend candidate won handily over his con-Townsend Democratic opponent.

These are the biggest issues. There is some agitation for general tax revision, much wanted by business, but there seems small chance of it happening in an election year, when Congressmen of both parties want to leave well enough alone, to steer careful courses.

in April, that will not carry the debate too near the November election. Business echoes his wish in that.

THE TOWNSEND PLAN

In the recent Michigan Congressional election, Verner Main, who said he was in favor of the Townsend plan was elected. This has caused many to think that the plan is extremely strong in the minds of the voters, and will have important political implications in the future. He ran as a Republican and this district with one or two exceptions, has been overwhelmingly Republican for thirty years. Mr. Main was backed by Senator Vandenberg and the regular Republican machine, and also announced himself in favor of the immediate payment of the bonus. So the mere fact that he was a Townsendar does not seem to be the important factor in his election.

Townsend officials proclaim their intention of working through both the Republican and Democratic machines. However, the author has recently declared that if neither of these parties adopt a Townsend plan plank, he will start a third party. In view of the difficulties third parties have had in the past, this should not be taken too seriously. It is claimed the movement now has 56 votes in Congress, based on the vote on the McGroarty bill in the last session. But the McGroarty bill provided for a \$200 maximum pension rather than a \$200 minimum pension, which is the Townsend plan.

The Townsendar have yet to capture a Senator. The ineffable Borah is flirting with the movement, and is cheered at some of the club rallies, but has not definitely committed himself. Most of the important committee chairmanships are held by Southerners, and they are all dead against the plan. "A \$200 pension for niggers? Never," they snort.

It is unlikely that any presidential candidate will endorse the plan, or that it will become a campaign issue this year. To keep the dimes pouring into the pockets of its sponsors, the movement must produce results quickly and easily. If these are not forthcoming within the next few months, the whole movement will collapse. We will not be surprised if eighteen months from now, it will be as dead as the chain letter craze.

PEOPLE UNDER FASCISM

The disadvantages of the Communist dictatorship in Russia have often been portrayed. But the horrors the people suffer under the fascist dictatorships of Hitler and Mussolini are not so well known. For one reason a strict censorship of the press keeps us from learning the facts of what is going on in Germany and Italy. Only that news comes to us which rulers of those countries wish to be known.

A recent visitor to Germany presents some interesting facts. There the Catholics and Protestants are being driven further into their corners and opposition to Hitler has no chance to be heard except through underground channels. Prices are terrible. Of course prices were terrible in 1922 and 1923, and it was the daily battle for an egg or a little piece of meat that drove the German people into the arms of Hitler. Hitler was backed by the Krupp (munitions) and the Thyssens (steel) and other industrialists, who the past year have declared bigger dividends than before.

The cost of living rose so much this summer that food riots broke out in Berlin and even in small towns in the provinces.

The existence of the underground press is denied officially, but twenty illegal papers come out in Berlin alone. Hundreds of others appear irregularly. Strikes are treason and the leaders are put to death or in concentration camps. Yet strikes go on. Dozens occurred last summer especially in the metal trades. Unemployment has increased the past year. Opposition to the Nazis is growing. Hundreds of spies try to stop the illegal papers in vain.

In all Germany few persons appear happy, few talk freely, there is little play. Only once in several months did the visitor see people having what appeared to be a good time. A group of men were observed singing in a beer cafe, which used to be a common occurrence in Germany of the old days.

The people generally understand that another war is ahead of them. This probably accounts for their desperation in risking the strikes that bring either death or the concentration camp to some of them. In the underground press they frequently refer to themselves as slaves. Many feel that they can only get rid of Hitler in such a world cataclysm as another war might bring.

A woman, generally speaking, is generally speaking—Oregon Orange Owl.

"Fortune Magazine says the 1936 campaign will be waged between pro and anti-Roosevelt groups," that platform will have little to do with it. And that magazine suggests that the campaign be "personalized" around Roosevelt rather than some "specific issue." Most people require a personal devil and there is no question whatever that Mr. Roosevelt is a personal devil in the minds of the tory group for which Fortune speaks. And since it is to be a personal devil campaign, this newspaper hopes the tories will nominate Mr. Hoover again. Let the plain people's personal devil be matched against the tories' personal devil and see who wins!—Sioux City Journal. (Ind. Rep.)

Mix'n' Em Up—Newspaper headline November 6, 1935: "Gov. Hoffman of N. J., Assails Federal Spending." Newspaper headline November 14, 1935: "Gov. Hoffman of N. J. Demands U. S. Keep Up Aid."

President Roosevelt's birthday falls on January 30. Soon we will again be making preparations for the annual Warm Springs charity ball in honor of our chief executive. The Warm Springs fund is a worthy one and everyone whether he dances or not should plan to observe this annual affair for the sake of those kiddies, many of whom will be able to dance should we do our bit to help them.

"It took time, after fear had begun to subside, for new, vital purchasing power to be diffused once more. But that life is coming back—we need no evidence beyond what we see and hear around us."—President Roosevelt.

The fellow who does not believe in advertising bases his disbelief on the theory that advertising does not sell the goods for him. Not satisfied with the sales prospects his advertising will bring him he evidently feels that the public notice stating that he is in business and that he has certain merchandise or service to sell that the public should flock to him and lay their business at his feet.

Other big news of the week likewise comes from abroad—this time from London, where delegates to the naval conference are struggling with the old and growing problem of parity. This problem not only has a great bearing on the maintenance of peace—it means much to the pocketbooks of the taxpayers of the nations involved, particularly those of the three greatest naval nations, England, Japan and the United States. At the present time, under the terms of the treaty which is about to expire, Japan is permitted three tons of fighting ships for every five tons possessed by England and U. S. England and America want the treaty renewed on this basis but Japan does not. Inking of trouble ahead came when American delegate Norman Davis proposed a 20 per cent reduction in the fighting craft by all nations. Japan said she was willing to cut her navy as much as any other power—but that she must have equality with England and us. There are two solutions, both unsatisfactory: One is for England and the U. S. to accede to the Japanese demands, which they do not want to do. The other lies in a naval building race, which would cost untold billions of dollars.

NON-TRICK POLL GIVES PRESIDENT 2 TO 1 LEAD

A poll by Drew Pearson and Robert S. Allen, Washington newspaper men conducting the Washington Merry-Go-Round column in many newspapers, shows President Roosevelt leading, the percentage favoring him being 69.7.

Instead of the trick question used by the Literary Digest: "Do you now approve the acts and policies of the New Deal to date?" the Washington Merry-Go-Round poll simply asks: "Should Roosevelt be reelected in 1936?"

Messrs. Pearson and Allen state that 32.3 per cent of those voting for Roosevelt disapprove of one or more of the President's policies, but believe he should be re-elected.

The Bystander

By Stan.

Probably one of the most welcome holiday greeting cards to come to me the holiday season just past was that from relatives in Pamona, California. It was a calendar with a reproduction of an oil painting of Will Rogers by Gunther on its front.

Immediately on receiving the card I hustled over to R. B. Judson's shop where I had it placed in a nice frame. It now graces the wall in the place I call home. The radiant smile and the memory of the great guy whose likeness it is serve to make things a bit more cheerful for me. I think a nicely framed portrait of Will Rogers should be standard equipment for all persons who like good clean humor and find it a pleasure to know

Icy streets and highways make me think of the cartoon by Jay N. "Ding" Darling, cartoonist for the Des Moines Register whose syndicated drawings appear in many representative American journals.

Ding, as he is familiarly known in more than a quarter million Iowa homes, is a great observer of human nature. He likes to burn people up for their inconsistency. His cartoons usually hit the spot and make history in a hurry.

The cartoon I have in mind has something to do with motoring. It is a cartoon in two parts. Part one shows three youths of the late high school or early college age dashing maily down the highway in a sporty roadster whose wheels seem to be bounding over the high spots. Their oiled hair gleaming in the bright sunlight adds a stream lined appearance and the whole picture fairly shrieks to tell you of the speed with which these lads are trying to arrive at their destination. Beneath this picture is an unfinished statement which goes something like this "those in the greatest hurry—", then the other picture is shown with the roadster's radiator steaming as the little machine sits parked near the curb. And where are our boy friends who were in such a rush? Ah yes, the lads. They are standing beneath the awning of a drug store, sizing up the figures of girls who pass. Beneath this portion of the cartoon is the remainder of the unfinished statement, "have the least to do when they get there."

I'm wondering if that cartoon could not be made to apply to some of the lads who not only risk their own lives but those of others when they give the old bus about all she can take these days regardless of street and highway conditions. Speed is a very nice thing to have when it is needed. It's a great thing to have a machine that will get out and step in an emergency but just as surely as we know we're alive, we're going to have our rights of driving fast taken away from us unless we learn to make proper use of speed. Governors and state legislators are going to demand more stringent laws regulating speed on our highways and enforcing them.

In this way a few fool drivers can make it necessary to regulate all.

Open season on speed demons who drive fast just for the thrill, must be declared. It might be a pretty good investment if a bunch of land were condemned, paved and turned over exclusively to this class of motorist and allow them to go to it. At least they would have the whole thing to themselves and would not endanger the lives of those who try their level best to drive cautiously. The article "And Sudden Death" probably won't phase them because they have little time to read in their mad rush to commit suicide.

Musings: I am glad the holiday season is past if for no other reason than I don't have to hear that ditty entitled "Santa Claus is Coming to Town" . . . I have no reason for believing that the famous ex-prize ring champ visited Wayne recently . . . Wonder why so many folk make so many New Year resolutions they do not expect to keep . . . Wonder what ever became of Winnie Lightner . . . Looks like Iowans are pulling their

punches—what with State's attorney general O'Connor's being acquitted by a Woodbury county jury . . . Howard Allaway, former Hartington newspaper man is soon to become a married man . . . Now the Lindbergh family announces that they will be gone but three months — and how they dislike publicity . . . I would surely like to see that hilarious stage production "Three Men on a Horse" . . . I believe the Rosevelts would be good neighbors . . . Parents should firmly warn their youngsters against coasting on icy streets — especially at night . . . Dr. George H. Gallup, managing editor of the American Institute of Public Opinion, producers of the syndicated newspaper poll feature was not so long ago a professor of advertising at the University of Iowa — I attended his classes . . . Who in the world feeds all these huge roving dogs that caper about our streets without license tags? . . . The largest single estate east of the Mississippi river comprises 148,000 acres, it is the Lippincott estate lying in New Jersey and is but 50 miles from Philadelphia — sufficient taxes are produced on it to pay the taxes . . . A friend feels that the death of Huey Long was an act of providence . . . He tells me that Huey had a dynasty in Louisiana.

Well, there's going to be lots doing around here for the next few weeks. The firemen are having their annual ball in the Auditorium Monday evening. Ralph Emerson, the fellow with the overgrown flivver bus, and ten lads, will provide the enthusiasm on their "gozunkuses". Hope they play "The Music Goes Round and Round". Incidentally, wouldn't that be a dandy tune for a merry-go-round calliope? See what you can do for us, Mr. Savidge.

Speaking of merry-go-rounds reminds me of horses, and of course horses make me think of the road show that will appear at the Sioux City auditorium Saturday evening, "Three Men on a Horse". They tell me it's a honey of a show. It's been running for nearly a year in Chicago and it takes a real show to keep the customers coming for that long in the windy city. Russell Larson saw it there and says it's the tops. I hope to see it too. Won't you come along?

Then there's going to be another show. Right here in Wayne. The Young Business Men's club is presenting "The Queen's Husband", a comedy in three acts at the auditorium on the evening of Friday, January 24.

Members of the cast report that they are now reasonably sure they will know at least part of their lines by certain time and that will help some. It's not a mere matter of my plugging the club when I say everyone should see this hit if he enjoys a good belly-laugh. Well, I must be going. I want to get my work caught up so that I can attend all these things. I'll be seeing you there, —STAN.

I DON'T BUY THINGS I DON'T NEED SINCE I GOT NEW GLASSES!

These are days when one should have keen eyes for value.

In the hurried jam of shopping, it is so easy to take home an inferior purchase or something that is if no value to you.

Many women and men who wonder, when they get home, why on earth they ever bought a certain thing are merely victims of eye-strain. They hurry in semi-blindness.

An eye examination and correctly fitted glasses may lessen your shopping fatigue and add greatly to your judgment.

Arrange to make an appointment by calling 45-J for eye examination.

JANUARY CLEARANCE NOW ON

VOL. I AHERN'S STORE, WAYNE, NEBRASKA NO. I

ATTEND THE WAYNE LIVE STOCK SALES

Wonderful Bargains at Wayne Sale Pavilion And Ahern Store Monday

Next Monday there will be a double bargain attraction in the city of Wayne. At the Wayne Sales company's pavilion men will find bargains in cattle hogs and horses.

Young Lady Gets \$5,000 For Designing Linoleums

I know of a young lady who do it for \$1,000 a year. This earns \$5,000 yearly getting up designs and colors to be printed on linoleum.

These prints have a Pongee finish which remains even after laundering. This finish makes the dark patterns look so much like silk that we have had women come in to ask us if pieces they saw in our window were silk.

New Experiment at January Clearance

Women Will Flock to Ahern's For This Leader Item on The January Clearance

This may work. Anyway we are going to try it. It seemed like a good idea at the time we heard about it but it seems even better now.

We went into Marshal Field's Wholesale the last day of 1935 to see if we couldn't buy some particularly good Clearance Bargain from them for our own January Clearance.

\$12.50 REWARD FOR WAITING

Twenty-one ladies and misses who have gone without the pleasure and comfort of a new winter coat until now will each receive a \$12.50 reward if they come to Ahern's Store and buy their coat now.

BEWARE LADIES!

It is very dangerous for women with small feet to walk on wet city streets. This is especially true if they wear medium or high heeled shoes.

Wayne Store Seeks Missing Women

Where are these women? They have been missing here for two years. They are good sized women too, 42 up to 50 bust measure.

Special on Hankies

This is the time of year that is hardest on handkerchiefs. Don't you dislike using your good ones all the time? Why don't you save them by getting some of these nice looking printed handkerchiefs for only 5c each at Ahern's Clearance Sale?

Rheumatism Bother You? Here's Good Treatment

Try this for your rheumatism, ladies! It's an old fashioned idea but lots of women say it is good.

For mild cases, buy part wool unions at \$1.95 (these were \$3.00) or wool and rayon unions at \$1.35 (these were \$2.00).

DIONNE "QUINTS" WEAR SWEATERS LIKE THOSE SOLD AT AHERN'S STORE

Notes Color Changes

How times have changed? Can't you remember when the only colors in ladies and children's hose were brown and black? And it is not so long ago either.

Sleep in Fresh Air; Keep Your Body Warm

Sleeping with windows open is very healthful if you keep the body warm. The necessary bed covers should not be so heavy you feel their weight if you are to get full benefit from your rest.

White cotton blanket sheets are comfy in a fresh air bed too.

Statistics Show that Feet Come in 144 Shapes, Sizes

Why can't feet all be one size and shape instead of 144 different sizes and goodness knows how many different shapes? Then shoe store men would not be obliged to hold money-losing clearing sales at the end of every season to clear out sizes that no one called for.

But as it is—clearing sales are now the order of the day and we are offering at \$2.45 and \$2.95 stylish footwear that is worth a lot more.

Hat Styles Make Drastic Change in Years Gone By

In the fall I used to have to hustle home from school, get the clothes brush and go to work on the velvet hats which mother's customers brought in to be retrimmed.

When new, the season or two before these hats had cost \$10.00 to \$20.00. The wire frames were covered with beautiful silk velvets and the trimmings were expensive aigrettes, tips and ostrich feathers.

Did you see the movie picture of the five little Dionne girls at the Gay Theatre last week? Did you notice the pretty white sweaters they were wearing when they were out doors? You can get the same sort of fancy knit sweaters trimmed with pretty colored rosebuds or fancy colored stitching for only 95c each at Ahern's Clearance Sale.

NEW LINE OF PATTERNS NOW SOLD AT AHERN'S

So many of our customers objected to paying 35c to 50c for dress patterns that we dropped the line we were carrying last year and put in a 15c line of patterns. Before doing it we made a good deal of inquiry to find out if there were a satisfactory 15c pattern and which was the best one. We learned that the patterns featured in Household Magazine and on two pages of the Ladies Home Journal were very satisfactory and the leaders in the 15c pattern field.

Huffard's Error May Please Twenty Women

I can't imagine what Huffard was thinking about when he bought Ladies Rubbers in sizes 2 1/2-3 1/2. I doubt if there are 20 women in Wayne county who wear such small sizes. I got after him about it and he says they came with a job lot of rubbers I bought myself a couple years ago. I don't believe it. Well there is one good thing about some of them—they have low heels that will fit girls' shoes. 25c a pair is all you'll need to pay for them.

"Man of the House" Should Chose Ladies' Dress

RESOLVED -- that women folks would be smart to have their house dresses selected by their men folks. The affirmative side in a debate on that question should win an easy decision. And the men folks would have no trouble in picking pretty ones from the new spring styles that are now being shown at Ahern's at \$1.00 and \$1.95.

Women don't realize what a becoming house dress does for them with the "man of the house".

has replaced silk velvets, feathers are seldom seen. Very good looking hats are only \$2.00 and \$3.00. At this season of the year you can buy these nice hats at \$1. You can choose from our entire stock of \$2.95 hats at this low price at Ahern's during our January Clearance.
