WAYNE, WAYNE COUNTY, NEBRASKA, THURSDAY OCTOBER 22, 1931.

\$1.50 PER YEAR

# County Holds Young Citizen Contest Here

Fifty-Two District Winners Will-Get Free Trip to Omaha.

Intelligence, personality and physical health were the points stressed in a Young Citizens' contest held at County Superintendent Pearl B. Sewell's office on Saturday, Oct. 17. All papers of the twelve Wayne county contestants were sent in to Prof. A. A. Reed of the University of Nebraska, who will go over the papers of county winners and select two boys and two girls to represent each of the thirteen American Legion districts into which the state is divided.

Pupils selected by their teachers to represent the different town schools in the Wayne county contest were: Winside—Margaret Gabler, Helen

Witt, Robert Wilson and Vern Trout man.

Wayne Training School—Kenyon Lewis and Sarah Jane Ahern. Carroll—Dwight Bavisgamd Esther

Klopping.
Wayne High School—Fern Craw

ford. Ruth Heidenreich, Stanley Davis and Stanley Merchant. Considering only the points earned in the Mental and Personality tests.

in the Mental and Personality tests, Margaret Gabler of Winside had the highest number for the girls and Pern Crawford of Wayne was second. Kenyon Lewis of the Wayne training school was first among the boys, and Sttanley Davis of the Wayne high school was second.

With the physical examination percentages added, Fern Crawford stood first with 239 points, and Margaret Gabler and Sarah Jane Ahern were tied for second with 225 points each. Helen Witt was third with 221 points. Kenyon Lewis stood first among the boys with 243 points, and Stanley Davis was second with 236. Dwight Davis took third place with 230 points.

The county committee which conducted the contest consisted of Miss Sewell. Supt. George Hall of Winside, J. J. Steele representing the Amrican Legion, Mrs. E. E. Gailey representing the American Legion Auxiliary, and Miss Jane Jeffrey of

The Nebraska American Legion invited all accredited high schools in the state to send two boys and two girls to the county contests. In each county two boys and two girls were to be chosen by the American Legion committee to represent the county as the county's outstanding high school boys and girls.

From the 13 districts, 26 boys and 26 girls wild be chosen to participate in a final contest to be held in Omaha during the first week of November, when ave boys and five girls will be cited by the American Legion as the outstanding young citizens of the state.

The American Legion has made arrangements whereby the World-Herald will pay the expenses of these 5? boys and girls to and from Omaha and during their stay there.

#### VOLUNTEER FIREMEN ATTEND CONVENTION

Wayne Has Clown Band and Maskers in Parade.

Wayne is well represented at the Nebraska Volunteer Firemen's convention this week at Norfolk, with Mayor Wm. Orr, J. S. Horney, Watter Bresler, Harry Barnett, John Bingold, Chas. Riese, E. E. Fleetwood, John Soules, R. H. Carpenter, J. G. Mines, Carl Bernston, Henry Kugler, Frank Korff, Cliff Johnson, L. W. Vath, George Fortner, Henry Ley, Sol Hemple, N. H. Brugger and Fire Chief Martin L. Ringer in attend-

Lloyd Thomas of Pittsburgh, visitor in Wayne several weeks ago, addressed the firemen at the opening session Tuesday afternoon. He is a former state president of the organization.

Wayne's fremen will have a little German band, under the direction of Henry Ley, in the parade this afternoon, and the jocal firemen will parade in callithumplan masks. The convention closes tonight. Gas Line Work

Is Progressing

The natural gas measuring station has been completed and piping installed for it. Work on the Wayne gas line is progressing as rapidly as could be expected and is going ahead much more satisfactorily than several weeks ago, according to gas company officials.

Representatives of the gas company estimate that there are approximately 100 men working on various phases of the Wayne gas project at the present time, but say that many more men will be needed when the work reaches its peak.

Work on the pipeline which extends from Winnebago this way is progressing satisfactorily, and representatives of the gas company believe that Wayne will be hooked onto the gas line before the passage of many more weeks.

#### CAST SELECTED FOR JUNIOR CLASS PLAY

"Dangerous Men" Is Title of Comedy with Many Character Roles.

"Dangerous Men" is the title of Robert St. Claire's new comedy just off the press, which is to be presented Tuesday, Nov. 24, by the Junior class of Wayne high school. The play is said to be unusual in that it has almost an entire cast of character roles.

About 30 of the 50 members of the Junior class tried out for parts, and it was found necessary to choose two tentative casts. The first cast has been working for a week and shows signs of being able to put on a good production, in the opinion of Miss Venna Mae O'Neill, director.

The cast of characters is as follows: Amanda, Jeanne Wright, Catherine Craven; Nettie, Coletta Hahlbeck, Lucille Wright; Hattie, Lucille Surber; Myrtle, Elaine Yocum, Vivinn Sandahl; Esmy, Pauline Assemheimer, Gwendolyn Mulvey; Peggy, Gwendolyn Mulvey, Mary Alice Strahan; Wheeler, James Davies, Robert Kingston; Tommy, Marion Jones, Elmer Kilborn; Ned, Elmer Kilborn, Robert Ross; Jonathan, Robert Kingston, Wm. Studley; Oscar, Robert Ross, Walker Savidge.

# Improvements Being Added to Cemetery

Wayne's cemetery association is one organization that refuses to recognize the existence of a depression.

About \$1,000 worth of paving has been installed in the cemetery by Frank Elming, who completed the work this week. Members of the cemetery association say that more paving will be added from time to

Another gate is being added at the southwest corner, so that there will be less congestion of traffic when cars get ready to leave the cemetery following burials. A gate has been ordered, and the exit will probably be constructed within the next few weeks.

C. M. Craven, C. A. Chace, John T. Bressler Sr., C. E. Gildersleeve and Herman Lundberg are members of the cemetery board.

#### City Officials Attend Party **f**or Mayor Orr

City Attorney James E. Brittain Glant City Treasurer Ol L. Randall, City Clerk Walter S. Bressler, B. F. Strahan and all members of the city council except Ernest Bichel, who was out of fown, met at the Carroll Orr residence Monday evening as guests at a seven clock dinner in honor of Mayor Wm. Orr's seventy fourth birthday.

After a dinner which the council voted to accept as perfect without any debate, the evening was spent socially in discussion of subjects far removed from the council chambers.

The guests presented Mayor Orr with a pen and pencil set and numerous boxes of cigars, with wishes for "many more happy birthdays."

#### CHICHESTER HOME RANSACKED SUNDAY

Thief Enters House While Family Is Attending Church Service.

E. L. Chichester's farm home five miles west of Wayne was ransacked last Sunday monning while Mr. and Mrs. Chichester were at church. Two one-dollar bills were taken but one was found later in a weed patch through which the thief had fled.

Roy Chichester, who had his leg broken several weeks ago, was confined to his bed on the second floor of the house. He heard someone knock on the door and shouted for whoever was there to come in. He heard someone enter, but thought it was funny that nobody came near his room, since he was the only person at home. His younger brother, Archie, came

His younger brother, Archie, came into the house later and noticed that things were strewn around the house. He went to Roy's room and learned that somebody was in the house. Archie immediately started a search for the person who had been ransacking the place, but was not successful in finding anyone.

When he went back up to Roy's room, he heard a door slam and saw a man cutting across the weed patch to the creek. He chased the fellow, but could not catch him. Later, one of the dollar bills was found hanging on a weed in the patch through which the thief had escaped.

This was the third time that the Chichester house had been ransacked within the last year. Upon each of the three occasions, the thieves have searched the place during the church hour on Sunday.

#### STUDENTS PRESENT PLAY GROUP TONIGHT

Theatrical Performance to Be Open to General Public.

Three one-act plays, "Maker of Dreams," "In the Secret Places" and "The Giants' Stair," will be given this evening at eight o'clock at the Wayne State Teachers' College auditorium, under the general supervision of Miss Florence M. Drake, head of the college speech department. The performance will be open to the public.

Fourteen members of the dramatics class are in the casts of the three productions, and the remainder of the students constitute a producing staff, with Miss Ruby Farr as producing manager and Miss Drake as general director.

Lennie Burnham, Harold Lebens and Ed Towns are stage managers for the three plays. The productions will necessitate three changes of scenery, and the students are endeavoring to make the changes in the shortest possible time. They have had two scenere and props rehearsals.

Lighting will be in charge of Edd Towns, who is electrician for all three presentations.

The property committee for "Maker of Dreams" is Dorothy McCandlish and Harold Lebens; for "In the Secret Places," Loretta Shaw and Kermit Ambrose, and for "The Glants" Stair," Ruby Farr and Carlton Fol-

Artistic effects for the three plays will be cared for by Dorothy Mc-Candlish, Loretta Shaw and Ruby

Dorothy McCandlish and Loretta Shaw are in charge of costuming for "Maker of Dreams." Old-far-hioned costumes for "In the Secret Places" are being secured by June Delaney and Ruth Johnson. Costumes for "The Glamts' Stair are in charge of Ruby Farr.

Harold Lebens, Lennie Burnham and Ed Towns are publicity managers. Loretta Shaw is house manager, in charge of programs, ticket selling, ushers, and house detail. The student directors will do the make-ups.

ROAD BEING REPAIRED

Extensive grading and road rebuilding operations are being consummated on the first three miles of the old Wayne-Winside highway, with the road being raised as much as three feet in places. Low spots are being filled in and high places are being graded.

## Wayne Wins Kearney Grid Game, 13 to 0

Copeland Is Responsible for Wildcats' Two Touchdowns.

Wayne's Flying Dutchman broke loose twice last Friday night in the State Teachers College's first conference football game, with the result that the game ended with Wayne leading Kearney by a count of 13 to 0. Copeland's two runs, for approximately 30 yards each, were the margin of victory.

Copeland was by no means the

Copeland was by no means the whole game, but as far as most of the crowd was concerned, his performance alone was enough to send the folks home satisfied. Paul, in the line, played a whale of a defensive and offensive game, but the majority of the spectators were too busy watching Copeland to notice him.

Manzer made two tries for point after touchdown, one of which was good, making his season average five out of seven.

Kearney apparently outplayed Wayne in the first half, with the ball in Wayne territory much of the time. Wayne could not get under way at all, but Kearney lacked scoring punch.

In the third quarter, Mister Copeland first made himself known when he grabbed a short pass and scampered the 30 yards to the goal line with no interference and four men waiting for him. He was within three yards of the sideline when he started his lightning-fast scamper goalward, and it looked as if he would surely be run out of bounds.

But he wasn't. Nobody even came close to getting him. He stayed right along the sideline marker all the way down, with the crowd silently watching, thinking that surely the next man would get him.

"It's done with mirrors," was one Kearney man's explanation, made after the game.

In the fourth quarter, with the game just about over, Copeland followed his interference around the end and then suddenly cut loose, galloping 30 yards or more through a herwildered Kearney field.

His two rums were the game. Copeland is not a passer. He is not a punter. No sports enthusiast could call him a triple-threat man. He plays too close to the line of scrimmage when he is supposed to be in safety position.

But he wins football games. He is as fast a man in a football suit as this writer has ever seen, not barring Grange of Illinois. When he gots away, Wayne scores—and the chances are in favor of his getting away at least once during a game.

#### BARTELS APPLIES FOR SCHOLARSHIP

Wayne Boy Seeks One of Two Rhodes Awards for Nebraska.

Russell W. Bartels of Wayne is one of thirteen students who have applied for the two Rhodes schokarships awarded this year to Nebraskans.

Five of the thinteen are University of Nebraska students. Mr. Bartels has attended the state university for the past two years and is now envolled for his third year in the law college. He was admitted to the state bar after taking the state law examinations this summer and will receive his Bachelor of Laws degree from the university next spring.

Prior to his attendance at the University of Nebraska, Mr. Bartels graduated from Wayne State Teachers College. He has been prominent in student activities at both schools.

The Rhodes scholarship amounts 12 about \$2,000 a year for two years study at Oxford University, England, and an additional year of study at some European university to worthly students. Members of the state Rhodes scholarship committee are Paul Good and J. E. Miller.

Work was started recently on a paving project which will extend from Blair to Fort Calhoun.

## Wildcats Play at Peru Tomorrow

With a conference championship looming up not too hazily in the future, Wayne State Teachers' college Wildcat, football team journeys to Peru tomorrow to play the second conference game on the locals' schedule.

Peru defeated Midland last week-end by a count of 13 to 6. Compared with the Wildcats' 20 to 60 win over the Midland team, a close game is indicated, with the Wildcats relying upon the Flying Dutchman, Copeland, to get loose often enough to put Wayne on the long end of the score.

Wayne meets Chadron here under the floodlights on Friday night, Oct. 30, in the college's homecoming game. Arrangements are being made to handle the largest crowd in the history of local football, since college officials believe that this year's homecoming game will draw a record attendance.

## Services for Early Settler Held Tuesday

Mrs. G. P. Hitchcock Is Called by Death After Short Illness.

Funeral services for Mrs. Sarah Minerva Hitchcock, who passed away at her home Saturday, Oct. 17, were held Tuesday afternoon at two c'clock from the home, with Rev. H. C. Capsey of the First Methodist church in charge, Interment was in the Wayne cemetery.

Mrs. Hitchcock had been in poor

Mrs. Hitchcock had been in poor health for some time, but had not been confined to her bed until a few days prior to her death. She was 76 years, 10 months and 21 days old at the time she passed away.

Sarah Minerva Cooper was born on Nov. 26, 1854, to Dr. and Mrs. H. R. Cooper. She was united in marriage to G. P. Hitchcock, and sky children were born to this union.

Mrs. Hitchcock had been a resident of Wayne for about 40 years, and was regarded as one of the real pioneer settlers. She was a member of the Methodist church, the Methodist Ladies Aid Society, her church Missionary society, and the W. C. T. U.

She is survived by four daughters:
Mrs. Estelle Grier and Mrs. Blanche
Wilbur, both of Chicago, Ill.; Mrs.
J. W. Krueger, of Aberdeen, S. D.,
and Mrs. Sigurd Jensen, of Wayne,
and one son, Stanton Hitchcock, of
Marshall, Minn. One-son, Frank W.
Hitchcock, preceded her in death several years ago, Her husband died
about 20 years ago. Mrs. Kruger,
Mrs. Wilbur, Mrs. Jensen, Mrs.
Grier and Mr. Stanton Hitchcock
were all here for the funeral.

Besides her children, she leaves a host of friends. She was admired by everyone who knew her and her passing came as a shock to the many people who knew her.

#### Winside Couple Are Married at Norfolk

Miss Irene Meyers of Nortolk and Hans Carstens of Winside were united in marriage on Wednesday afterneon, Oct. 14, at three oclock at the Grace Lutheran church at Norfolk.

The bride was lovely in a gown of blue silk with hat to match. She is the daughter of George Meyers of Winfield, lowa, former Winside resident, and was educated in the schools of Wayne county.

The groom is the son of Mrs. Chris Carstens, and was born and raised on a farm near Winside. He is an alternate rural mail carrier and is principally engaged in road work.

Misses Anna, Minnie and Kate Carstons, sisters of the groom, and Herman, Otto and William Carstens, brothers of the groom, attended the ceremony.

Immediately following their marriage, the bridal couple left for Plainview to visit relatives of the groom. They will live on the home place, near Winside.

## Church Group Negotiates for Local Hospital

Good Samaritan Society Is Angling for Lutgen Institution.

Negotiations which it is thought will lead to the sale of the Wayne hospital to the Evangelical Lutheran Good Samaritan Society are being carried on between Dr. S. A. Lutgen and Rev. August Hoeger, head of the church society.

In the event that the deal is consummated, a home for aged and feeble-minded people will also be started at Wayne by the church organization, according to Rev. Hoeger. The home, he has stated, will not be made a part of the hospital, but will be run as a seperate unit and in a separate building.

Operation of hospitals and old peoples' homes is the main business of the society, and the organization now has eight such units. Headquarters of the group is in Fargo, N. D.

Rev. Hoeger was favorably impressed with the prospects for successful operation of a hospital here, and said that the Wayne hospital impressed him as being entirely adequate for his purposes. He expects to make final decision on the proposition, which involves a sizable sum of money, within the next week or tendays.

If the soctety buys the hospital, which seems practically certain, Dr. Lutgen plans to maintain his private practice and remain—a resident of this community. The church society would put one of their own men, trained in hospital management under their methods, in charge of the Wayne establishment, and would put another person in charge of their home for aged and feeble-minded

#### Wm. Janke Spending Winter in Calfiornia

Wm. Janke of Hancock precinct, summoned to serve on the jury for the November term of district courf, has left the county to spend the winter in California. Clerk of District Court Frank F. Korff has informed Judges Clinton Chase and Charles H. Stewarf of the inavailability of Mr. Janke for jury service, and expects to be instructed to draw another name.

## The Inquiring Reporter

THIS WEEK'S QUESTION
What is your favorite radio program? From what station do you receive it?

Fired L. Blair: "I like the Lucky Strike hour. It's a good, snappy program and since I don't smoke, they're not trying to sell me anything. We get it from WOW."

Howard James. "Little Jack Little's fifteen-minute program is my favorite, from whatever station it happens to be coming. There's a style about his programs that ean't be imitated."

R. B. Judson: "I like practically all of the Columbia system programs equally well. I prefer them as a whole to the National system broadcasts. We "disually tune in to KSCJ or WBBM."

Frank F. Korff: I think the Lucky Strike hour would be my favorite. Lee Reissman's orchestra presents music that appeals to me more than anything else on the air. WOW is the station I usually hear it from.

Harry Tucker: "We keep WJAG at Norfolk tuned in most of the time. The Lunch Session hour is my favorite program from that station."

Mrs. L. W. McNatt: "The Seth Parker program is my favorite. I think it is far superior to any other broadcast. We usually get it from WOW."

# Moregenuine satisfaction than any car I ever owned"

THE FORD is good-looking. It is safe, Comfortable, Speedy. Reliable: Long-lived. Economical. Everything a good car should be.

There is, too, an added something about it that brings enthusiastic comments from every one who has ever driven a Ford . . . the joy it puts in motoring.

"I have been a car owner continuously for nearly 20 years," writes a motorist connected with a leading university. "During this period I have bought eleven new automobiles. Eight of the eleven were in the middle-price field, one cost three thousand dollars, and the last is a Ford I purchased thirteen months ago.

"In the light of this experience I can say in all sincerity that I have derived more genuine satisfaction from the Ford than any car I ever owned. In

saying this, I am thinking in terms of comfort, safety, driving pleasure, ease of control and economy. My next car will also be a Ford because it will give me what I want

at a price I can afford to pay." When you get behind the wheel of the Ford and drive it yourself you will know it is a truly remarkable car at a low price. You will like it when you first buy it. You will become more and more enthusiastic the longer you drive it.

After thousands of miles of driving you will say "it's a great car." Its econ omy will save you many dollars.

Hogse ....\$4.00 to \$5.00

#### FOOTBALL AN ASSET

Wayne State Teachers' college win ning Wildcat football team is a far greater asset to Wayne than most peo ple realize, although appreciation of the fine grid squad is becoming more prevalent

Last Friday night this writer wa waiting to get across the street southwest of the football field to his car. Traffic was so thick that it was nex to impossible to get to the other side While waiting, the writer checked the license plates on cars that passed, and found license plates from 31 different Nebraska countles. In other words, people had come from at least 31 different counties to see the Wildcats and Kearney play football.

That is real advertising for Wayne, Contrary to general opinion, advertising seldom is a direct salesman. It people about a specific product and gives them the urge to inspect that product. The product itself must create the satisfaction which

The football team will bring pcople to Wayne, and the town can sell itself to the visitors. If Wayne makes a favorable impression upon out-of-town football fans, then the advertising has been well worth

A number of high school football teams attended the game last Friday night. These high school boys are notential candidates for enrollment at the local college,

The reason for the drawing bow-er of this year's Wildcat grid team is its ability to win games. When a team wins, people miles to see it with assurance of seeing a good team in action. A losing team doesn't have so much drawing power, because nobody will go to much trouble to see a poor team

#### ROOM FOR ARGUMENT

Commenting upon Mr. Coolidge's renunciation of the Presidential candidacy, the St. Louis Post - Dispatch

"We disagree with Mr. Coolidge that what he conceives to be a party in something to which he owes ev erything and which in turn owes allegiance to Mr. Hoover—is really a party. Prof. Taussig, the Harvard economist, told the country what it is when the Associated Harvard Clubs met in St. Louis last May. system—a system which could put the Hawley-Smoot tariff over, notwith standing the protests of Republicans everywhere and the Republican press. A friend in Switzerland extressed and the President would sign such . bill when even conservative business interests and publications as close to the ground floor as the Wall Street Journal were outspoken against it, and Prof. Taussig explained it to him. It is this alliance between gov ernment and greed, described by that Mr. Coolidge Prof. Taussig, calls a party, and it is for it rather than for the country that he expresses concern in the present crists. Sel-dom has partizability gone so far as

#### CHARITY GRID GAMES

Opinions expressed by the heads of the Big Ten or Western football conference and by officials of the Big St make it almost certain that post-sen son games will be played this your saw," a recent inmate of the Wayne for the benefit of charity. Coyfer-jounty bastile confides. "When he ence heads frowned on the ideo last whams that door, brother you know year, and met with some rather you're IN." strong criticism for their attitude.

America has payed millions of dollars for witnessing college football-and with probably continue to hand out many more millions for future games, regardless of what policy the athletic conferences take relative to post-senson clinitity games.

But the fact remains that if amateur football is to give any sertions denial to the charge that it has shorter's scotch terrier is getting become a life suffices deals then collabor famously. I result whith the lege football terms are going to be smarter than most dogs, because it

practically incred to answer the public semand for charity sames. The public which is making the request, it must be remembered, is the same public that has made football a financially profitable game.

The attitude taken by grid officials

last year was a selfish one. It was a "public be damned" manner that son. The folks that make a sport poped og is bad for it. You'll get it ular are the folks who can put that scared of you, and first thing you same sport out of existence, and athere while it. Whippin' a letic mentors are realizing that fact. Whipped cur."

Charity grid sames will popularize Don't let her know that I told you apar with great public benefactors in the public's estime.

the public's estimation.

At the conference Tuesday night between the president and the leaders of business and congress, the problem of easing the flow of money in American business was tackled and plans were made which, it becessful will were made which, it recessful will go a long way toward relying the economic situation. Other conferences have been held and other campaign and drives have been started but none of them carried much conviction. The hysteria of war times is lacking. The people respond only half heartedly if at all to urgings by officials or semiofficial dictators of one kind or another.

The new program which has the advantage of not requiring congressional action for a time at least will attempt to sever the bonds which are stifling the circulation of money. The first step has been a request to banks to provide a half billion dollars and form an organization for the purpose of rediscounting assets not now eligible for rediscount by the federal reserve bank. This move may make liquid considerable amounts of frozen assets.

The failure of many banks the country over in the past decade has tied up millions of dollars. The prosi dent hopes that his new plan will melt down these assets placing them hands that can carry them without suffering too heavy a burden and place the liquid assets in the hands now cramped because of unwieldy assets A half billion does not promise much in this direction. But more may be forthcoming. Congress could be asked for aid but this would mean a greater burden for taxpayers when taxes are already a drag on business.

Congress will be asked to broaden the eligibility provisions of the federal reserve act. The president even onsiders recommending the creation of a finance corporation similar in character and purpose to the war finance corporation. He will also ask the subscription of further capital stock to federal land banks.

The Tuesday night conference perhaps, the first to strike at the roots of the problem. It promises, not artificial stimulation, but the freeing of assets from the icy bonds that stay them. Developments will be watched with the greatest of interest .-- Lincoln State Journal.

#### SCOTT SHOTS

"SCOTTY"

Scott Shots' nomination for the most rancid wheeze of the week: the story of an attempt to start a society for the abolition of Scotch jokes. The society went to pieces, so the tale goes, when an attempt was made to collect dues.

#### Wayne's Dumbest Guy

The fellow who bragged about getting eight pheasants in one day's shooting. Fire of them, he proudly

"Bunt" Fleetwood announced last cek that he and Lon McClure got five hirds in one morning's hunting. Investigation disclosed that Len Mc-Clure got five birds. These pheas-cants evidently had pever heard of Bunt's expert marksmanship.

This Scotch story has been eleaned football field after the game. He went home and kicked his wife in the nose."

"Archie Stephens can slam a jail door the loudest for anyone I ever saw." a recent inmate of the Wayne

There's probably more truth than mis-use of words in the statetment of one of Wayne's curbstone philosophers the other day: "When an emergency comes up the President ought spenthe money necessary and let congress sanctify the expenditure later."

practically forced to answer the publiknows just the proper time to indulge in misdemeanors and be able to get by with them. Th' wife is always in disobeys, but I always say, "That's just a sign that our dog has a good mind. Wouldya want a dog that was meek and docile and didn't have any spirit? Me, I like a/dog that has a mind of its own. The pooch is assert-

give it a biff, after looking at its saucy little head cocked over to one side. It looks like it's saying, "Come on, you big bully, I dare you." The bluff works.

"Well, what's your hard luck story?" I asked a 'bo who panhandled me one day last week.

"Hard luck story? Say, fellah, you can guess again. There's no hard luck story coming from me. I'm one of the luckiest birds on the face of the earth. I don't have to work. I don't have to worry. I'm the country. I'm havin' swell time. I don't want pity from anybody. Panhandlin' meals is my toughest job, and that's easy most of I have to laugh whenever the time. anyone feels sorry for me. I should feel sorry for you."

I gave him a dime and wondered all the rest of the day why I had done

Speaking of Gossip

Secret Operative 453 reported to me that Superintendent of Schools H. R. Best was at one time a star backfield man on the Yankton college football

Superintendent Best, confronted with the evidence, ad-mitted that he had played football with Yankton college, but said that he had tried to keep it a secret, since most people think that athletes are dumb-bells.

Secret Operative 313 comes to me with the information that the two bootleggers who say that they have quit the business are telling the truth. Operative 313 gives this as the reason: a number of rowdy floaters have hit town lately. They have money, and they like their licker hard. What's more, they don't care It seems that these who knows it. two 'leggers catered to them for a But these floaters bega stopping the bootleggers in public places, hollering at them streets, and otherwise making things These two 'leggers had man aged to keep their activities awfully quiet prior to the coming of their ne ustomers, but now discovered that hey were in a tough spot. So they had no alternative. They were be ing watched, and the only thing for them to do was to close up shopwhich they have done.

County Attorney H. D. Addison was once micknamed "Ty," after Ty Cobb, and was one of the best high school baseball pitchers in Nebraska.

It's straight dope that a certain charming Wayne gal is going to "pass the candy" at her sorority house in Lincoln before long. And a mighty nice Wayne fellow will be passing the cigars at his fraternity house.

The wrap-around skirt is a danger ous thing, as one Wayne lassie will agree.

'Tis rumored that a certain Wayne oung man would like to give a few of the fancier local gals a treat. but a chance

One Wayne man who is well

garded by local people once served a reformatory sentence for robbing a filling station. Nobody in town knows about it. except one fellow. He's mak ing good, and nobody is going to exose his secret.

One Wayne business man's occasion al solo trips to Sioux City are said to be for no good purpose. A Sioux City informant tips me off that this local man is well known around the dives. A Wayne doctor tells me that if he vere to reveal some of the confidences of his patients, I would not have to ise any other material in the gossip department of Scott Shots for six months. But he's just like the daisles—he won't tell. Pity the Wayne man who gave up

cigaret smoking—only to have his wife acquire the habit.

Then there's the sad case of the wife who is too thin and the husband who is too fat. "What kind of meals to serve?" is her plaint.

And now it's time to hear from Free columnist on the Clay County Sun:

Lots of us who wait for a small voice" to guide us in moral matters are hard of hearing. Every time the NBC announcers g

to St. Louis to work they prove that Missouri booze is more potent than the kind they use back home in New

Snappy mornings make me wish that the BVD makers would produce a garment with a telescope leg-one that might be extended to ankle length at will.

A mortician friend of mine is sore because his home town printer ab breviated the word "funeral" in making him some business cards. The finished job read "Smith's

Doc Deines says that it may be that omeone knows of something more em parassing than a bumble bee on one's rumble seat, but nothing more dis concerting has been called to his personal attention.

Should Alfalfa Bill Murray lose ou in his contention that he is superior federal jail for even so much formidable contestant for presidential honors. An unthinking majori martyr" a great vote getting appeal.

One good way to prevent bleeding at the mose, suggests the Stray Thotter in The Pender Republic, is to keep it out of other people's busines

And this'n is lifted from J. P. O'Furey's Cedar County News:

explaining canaries to her children. he asked one boy, "Can you tell me what a canary can do that I can't?"

"It can have a bath in a saucer, he replied.

TO OBSERVE GIRL SCOUT WEEK The leaders and troop committee of the Wayne Girl Scouts met Monday evening at the Charles Wilson home. Plans were made for the observance of National Girl Scout Week. They will open the week by attending special services at the local Baptist church next Sunday morning at 11 o'clock when Rev. Wm. E. Braisted will deliver a special sermon. The Girl Scouts are asked to meet in the Sunday school room and attend the During next week special displays will be made in various windows covering Girl Scout activities and equipment. On Saturday afternoon, Oct. 31, the girls will be in these various dispay windows dem

#### Veterinarians Report-Hog Cholera Decrease

Veterinary officials in about two thirds of the principal hog producing states report no increase in hog cholera over last year, but in the remaining third the disease has been somewhat more prevalent. An analysis of the situation by Dr. U. G. Houck, in charge of hog cholera con trol of the United States Department of Agriculture, indicates that regions to receive special attention are, in general, those in which hogs are most numerous. The states showing an increase are Colorado, Florida, Illinois, Iowa, Kentucky, Michigan, Montana, Ohio, Oregon, Texas and

Virginia. "The fact that increases are re ported in several states where the swine industry is highly developed, Dr. Houck explains, "indicates that there is a special need for precautionary measures in guarding against outbreaks. Owners of susceptible swine are cautioned to watch their herds closely and to call a veterinarian promptly at the first sign of danger. Hog cholera proves fatal to approximately 85 per cent of the animals which become affected, and this disease is incurable."

The outbreaks are not of alarming proportions this year, with the exception of those in lowa, and it is unlikely that the losses in all states will equal those in 1926, when hog cholera became unusually prevalent. In contrast to a shortage of serum in many localities in 1926, there now seem to be sufficient supplies of it on hand and in course of manufacture to fill present and prospective demands.

#### Capsey Is Speaker at Kiwanis Club Meeting

Rev. H.- C. Capsey, postor of the Methodist church, was the principal speaker at the Wayne Kiwanis Club meeting Monday noon, talking on the "What Is Wrong With the World?"

He discussed the psychological shase of the current depression and also brought out the point that lack of satisfactory distribution was largely responsible for America's cultural difficulties.

"Mr. and Mrs. W. S. Goldie ceived word Sunday morning of the death of Mrs. Eva Davies of Wilming ton, Calif., mother of Mrs. Goldie who, with a niece, Miss Marian Gant and nephew, William Gant, were in stantly killed when their auto and train collided at Bakersfield, Calif. accident happened just out Bakersfield, on the Mojave road.

"Mrs. Davies, in company with her niece, Miss Marian Gant, a teacher in the the Pasadena school went by auto to Mojave, where the visited William Gant, brother of Mis-Marian and nephew of Mrs. Davies "The two women went to Bakers field where a friend of William Gant's an aviator, fulfilled a promise by giv ing them an airplane ride, taking them to Mojave where they picked up Mr. Gant, the four returning in the plane to Bakersfield. It is thought the three were on their way return ing to Mojave after a dinner with the friend in Bakersfield when the accident occurred."

Papers at Wilmington carried tributes to Mrs. Davies, one of which fallows:

"Before the altar in the church she had served so long and faithfully, the Presbyterian church, the body Mrs. Eva Davies rested this aftermoon at two o'clock, while her pasto spoke of her splendld christian life, its benefits to her friends, and of the hope that sustains all who part with loved ones, of meeting again beyond the River of Death."

## FREE TICKETS FOR AK-SAR-BEN SHOW

FARMERS and stock-raisers in our community who ship to the Omalia market are to be complimented by the Union Stock Yards Company This company has arranged to give free to every such shipper, two eral admission tickets to the Ak-Sar Ben Stock Show, Horse Show Rodeo. The big attraction of the eason opens in Omaha on Saturday October 31, and closes the following

Friday, November 6. The Ak-Sar-Ben Show, now in its fourth year, is already recognized as one of the country's most important added this year gives an opportunity to see the only real show of its kind ever held in Nebraska.

The Union Stock Yards Company has tied no strings to its offer and one who has shipped either cattle, logs, sheep, horses or mules South Omaha at any time during 1931 should write the company at Omedia giving their <u>name and address</u> and the name of the commission firm to whom shipment was made. Then the Company will mail promptly the two general admission tickets, good any day or evening, to the Ak-Sar-Ben Show and Rodeo, October 31 to No

## E. F. Shields Knows His Livestock Feeding Game

E. F. Shields, farmer living a mile "when you sell, you pay exhorbitant east of Wayne, has had enough ex-perience in feeding livestock to know sells hogs at four cents should not what he is talking about when he disfed about two carloads of cattle a year, as well as being a heavy hog and sheep feeder.
One rule in feeding livestock for

market which Mr. Shields believes is important is to never use anything except what is raised on the farm. He has followed this self-made rule, and believes that it has worked out satisfactorily. Alfalfa and corn has been the chief diet for his cattle. He says, however, that the feed should depend a great deal on the circumstances and the kind and quality of food-stuffs available. He says that feeding a commercial feed is similar to buying livestock-there is entirely too much expense connected with ecuring it. He believes, however, that under certain conditions and in certain localities where good feed is not available, the commercial feed would be necessary.

The greatest trouble which the minutes work.

| westock feeder faces, in Mr. Shields | Mr. Shields has been feeding sheep livestock feeder faces, in Mr. Shields opinion, is the buying and selling phase of the game. Feeding, itself, he does not regard as so important. Lots of farmers know how to feed, he says, but find themselves up against it when they come to dealing with shrewd buyers and salesmen.

He says the greatest difficulty through whom he buys and sells are charging practically war-time prices for their services. He sees no solu-tion for the problem. The government, he says, regulates the fees of commission men to a certain extent, and is probably responsible for some of the high rates.

"When a man sells corn at forty cents a bushel, ships some stock to market and finds himself charged \$1.20 a bushel for the same kind of corn, there is something wrong," he says.

showed the reporter a bill from a Sioux City commission firm. dated Sept. 4, 1931, which listed a charge of \$1.20 per bushel for corn used while in the Sioux City stock yards. The bill showed that he had sold two calves and 12 hogs, and the total expense of the sale was listed

"In other words," he says. **\$\$\$**\$

sells hogs at four cents should not even pay the same percentage to the cusses the subject. He has usually commission men that he paid when be was receiving 12 cents.

"When you buy cattle of sheep," he says, "the usual practice is for the salesman to get all he can for his stock." Mr. Shields does not blame the salesmen, but says that it makes it hard on the farmer. He told the reporter of an incident which happened at Sioux City a week ago Friday, to illustrate his point.

He had gone to Sioux City to buy n few lambs. The dealer wanted \$4.50 a hundred, and eventually came down to \$4.40 beause of his allieged friendship with Mr. Shields.

Mr. Shields went to a commission firm, where a buyer said he would buy the lambs for Mr. Shields at less than four cents. The buyer went to Mr. Shields' "friend dealer" and bought them for \$3.75. The consequence was that Mr. Shields paid the commission man \$13 for less than 18

for several years. He has about 400 this fall, and says he doesn't know whether they will be profitable or not. He is feeding about 90 head of

Poultry raising and dairying, he says, are the best paying propositions for the average farmer at the preswhich confonts the stock farmer is ent time. He has four dairy cows the fact that the commission men and 150 Plymouth Rock chickens which he finds profitable.

His farm is 160 acres of the mos level land this reporter has ever visited in this territory. This year he has about 80 acres of corn, 15 acres of alfalfa, about 20 acres of small grain and the remainder in pasture and lots. He estimates that his corn will go about 15 bushels to the acre, although some patches of it are going He has been on his present place for 12 years. Prior to that time he lived about 11 miles south of Wayne.

There are nine buildinges on the place, with plenty of yard space. The home is a six room house with running water and electric lights. All outbuildings are equipped with electricity from the Wayne light line. The water supply for the place is furnished from a well with a supply Running water in the lots and in the house is a decidedly advan-tageous thing, Mr. Shields believes. Fresh water is furnished to the hog waterers and tanks from the supply tank.

During the war-time boom period the land was valued at \$350 per acre. He has his doubts that it will ever reach that price again, but says that some awfully funny things have happened. He believes that the farmer has received the worst part of the deal since the war and thinks that the worm is bound to turn at some time, sooner or later.

Mr. Shields and his two sons work the place without any outside help. It keeps them busy, but they bave things well systematized so that the work doesn't pile up on them. They like their work and they take pride in doing it well.

#### **Pointers for Work** Around Farm Homes

where it is growing by placing enough is easier to keep ahead of them than earth around the base of the plants to it is to absolutely clean them out afprotect them from freezing; usually ter your premises have been badly ineight or ten inches are required. Let fested. Mites live and reproduce in earth up to the tops of the plants, alfor feeding. Being blood-suckers, most covering them. As the weather they soon drain the vitality of their becomes colder, cover the ridge with hosts odarse straw, or corn fodder held in place by stakes or boards. It is, in-advisable to store large quantities of that there are few places to harbor celery in this way as considerable loss will occur through severe cold or sudden rises in terpperature. should also be remembered that it is hard to get the celery out when the ground is frozen.

Livé poultry shipped to market brings better prices if it is graded according to age, sex, and size. It pays to ship the different classes in eparate coops.

MARTIN L. RINGER writes every kind of Insurance

#### Average Corn Yield to Be Low, Report Says

Official October crop report for the state of Nebraska states that corn deterlorated further during September, with the present forecast at 171,632, 000 bushels.

Dry weather during the first half of September, and high temperatures accompanied by high winds, reduced corn prospects. The report lists the present condition of corn at 51 per-cent, with the probable average yield for the state at 17 bushels. The crop is said to be spotted and uneven, with considerable light, chaffy corn caused by forced maturity.

Oats, the report says, will average 22.4 bushels per acre, with quality poor due to light weight. The average yield of barley is 18 bushels. Spring wheat averaged eight bushels per acre.

The estimate of potatoes is low The early plantings in western Nebraska were injured in the dry'land sections from drought and later made second growth after the rains came Later plantings and Trrigatetd po-tatoes fared better, with the probable yield at 58 bushels per acre.

The tame hay erop is said to be short this year, with the alfalfa crop listed as one of the poorest ever produced.

The estimate of apples is 630,000 bushels against 462,000 bushels last year. Nearly half of the early autumn apples dropped during the first two weeks of September, owing to the high winds, high temperatures and drouth.

#### Senator Norbeck Has Farm Trouble Solution

United States Senator Peter Nor eck of South Dakota declared that what mid-western agriculture needs is lower taxes, more rain, less production and more diversification more thrift and better prices. His statement was made at an address in Omaha last week.

"You find so many men with a pet theory about what's the matter with agriculture and the way out," Sen-ator Norbeck averred. "I have a logic of my own. I can't go with the democrats, the regular republicans or the progressives, and I don't think anyone in Washington agrees with

"I have seen 45-cent wheat beforebut then a farmer could use it to buy a plow, a half dozen loads of coal, or to pay his taxes. Now, he has to make up the difference.""

"There's too much interference with the economic law for the benefit of others. We must come to realize that you can't give one man a dollar unless you get it from somebody

else.
"'Get rid of the surplus' we are There are those who say to raise something else instead of wheat or cotton, or some other crop. But they don't tell us what to raise. Even the farm board didn't tell us.

"We have our own fight to make, and no one will make it for us. We must think our way out. We'll come out of this depression one of these days, but not until we work our selves out."

#### Killing Mites Is Said to Aid Poultry Efficiency

Keep the poultry mites under control. Don't let them get a start. It is easier to keep ahead of them than them stay this way until just before the cracks and crevices of the poul-Then bank the try house. They infest the heus only

> One of the best ways to control mites. Have hinged dropping boards. Suspend the roosts and dropping boards from the ceiling with rope or chains so there are no posts leading from the dropping boards to the

> Have nest sections that can be taken apart for cleaning. The bottom of the nests can be made of wire netting and beaver board can be used for nest partitions. —As am extra precaution against mites, a liftle flannel soaked in the waste oil from the crank case of an auto is inserted where the roosts are nailed to the roost support.

After the pieces of flannel are once inserted re-oiling them when neces-

sary is a simple task.

Every fall and spring the poultry house should be thoroughly cleaned and painted with carbolineum or a white wash disinfectant. The Nation-

D. C., gives this formula for making

50 lbs. commercial hydrated lime

2½ lbs. flour. 2½ lbs. common salt.

Mix the flour with half a gallon of cold water. Stir this mixture into about two gallons of boiling water and boil until a transparent paste is formed. Dissolve the salt in 2½ gallons of hot water and mix this solution with flour paste. Add enough water to the hydrated lime to make a creamy whitewash. Add to this the flour and salt mixture.

When using salt in whitewash de not let the brush touch metal fix tures in the house, as the salt will The addition of about six ounces of alum to the whitewash prevents its rubbing off easily.

Daily cleaning of the dropping boards and frequent removal of the litter insures good sanitation. An oc casional extra disinfecting spray of the roosts, dropping boards and nests may be necessary between the spring and the fall cleaning. Mites are blood-suckers. You won't get many eggs if your hens are infested. Mites in a poultry house proclaim to the world a careless poultryman just as bed bugs in a home proclaim a care less housewife.—Cedar County News.

#### Nebraska's Hogs Cost \$2.20 Per Hundred

Farris Hubbert, a farmer living near Kearney, has proven that there is money in hogs at the present prices providing the hogs are raised on clear ground.

Mr. Hubbert's farm in the finest type hog-houses on clean ground last spring. He kept an accurate feed cost, and by feeding home grown feed plus tankage, oilmeal and ground al-falfa hay, he has produced pork for \$2.20 a hundred.

#### Pender to Have Gas Within Short Period

According to authentic reports, ender will be on the natural gas hook-up within the next ten days.

Already the pipe line from Pender to Thurston is complete. Likewise are lines between Thurston and the main gas artery, which passes through Winnebago. When this gap is closed, Pender, Thurston and Emerson will be connected with the west Texas gas wells.—Pender Times.

#### WITH THE WAYNE CHURCHES

#### Presbyterian Church

P. A. Davies, Pastor The hours of our services next Sun day are as follows: Sunday school, a. m.; morning worship, 11 a. m. evening choir, 6 p. m.; C. E. services, 6:30 p. m.; evening worship, 7:30 p. m. We are glad to note a deeper interest in all these services.

Next Thursday and Friday we are conference in our church. Weather permitting, we expect from 1/10 to 150 outside guests. They will come for a banquet Thursday evening and stay through Friday morning. It is no small task to entertain this number on the Harvard plan but we are confident that our homes will be opened to care for these young people. Some have already said that they will take five or six.

The purpose of the conference is to organize our young people of Presby tery to do a more effective work. Among the speakers we shall have will be Dr. Allston of Omaha, Dr. Dickey of Norfolk, and Miss Julius of the Pattie Stockdale School, West Virginia

The Ladies Aid met Wednesday af-

We wish to compliment Mrs. Hunter on the fine music we had both morning and evening last Sunday. We have heard a number speak of how

The C. E. numbers are increasing. All societies are having most interesting times in their hour. The pastor appreciates very much the loyalty they are giving to the evening

Sunday morning.

The record last Sunday at Sunday school was the highest in the present pastorate. There's room for more. And welcome to every service.

First Methodist Episcopal Church Harold C. Capsey, Minister

Sunday as a day of rest and reli gious culture has been a great institution in the uplift of the world and to hold a young pool s rally and the time of need for such a day has conference in our church. Weather not passed. With six days of work and worry and pleasure we need to take the seventh day for the refresh ing of the finer side of life and the strengthening of the spiritual. You will be gaining in your own life and helping to build the best into the community and national life if you make it a habit to attend church regularly. If you have not a church home we invite you to share with us the services and fellowship here. Church school at 10, public worship at 11. The sermon topic will be "Shut the Gate. There is always good music. Bright evening service—at 7:30. The boys' choir, which sang for the first time last Sunday evening will sing again next Sunday. The evening service i a good way to close the day. The pastor will preach on "The Fires and Witches of Hallowe'en.

There was an interesting lesson at the Epworth League meeting last Sun-Young folks, come on in and day. make this meeting worth while for yourselves and others. You will find good comradeship among the young people here and they will be glad to have you join them. 6:30, every Sunday evening.

#### Chief Justice Hughes In Tribute to Red Cross

One of the finest tributes ever paid the American Red Cross and its membership was that by Chief Justice Charles Evans Hughes, of the United States Supreme Court, on the occasion of the fiftieth birthday anniversary of the organization on

May 21 of this year. Mr. Hughes said: The American Red Cross repre sents the united voluntary effort of the American people in the minis-try of mercy. It is the finest and most effective expression of the American heart. It knows no par-

American heart. It knows no partisanship. In the perfection of its cooperation, there is no blemish of distinctions by reason of race or creed or political philosophy.

"However we may differ in all things else, in the activities of the Red Cross we are a united people. None of our boasted industrial enterprises surpasses it in efficiency... It moves with the precision and the discipline of an army to achieve the noblest of human alms.

"The American Red Cross is not

"The American Red Cross is not only first in war but first in peace. The American people rely upon its ministrations in every great catastrophe. It has given its aid in over one thousand disasters. When, as we hope, war will be no more, still the Red Cross. In he countless ac-tivities of relief and rehabilitation, will continue to function as the organized compassion of our country."

#### Care Should Be Taken in Picking Brood Sows

The man who shows good judgmen in selecting his brood sows and here boar is on the road to more profitable pork production, according to A. E. Engebretson, live stock specialist of the Minnesota agricultural extension service. His suggestions are:
Long bodied sows usually produce

larger litters than short, thick sows. With good length of body, select sows or gilts that have strong, arched backs, good spring of rib and deep bodies. Gilts from large litters are more likely to farrow large litters. Thousands of hogs are crippled in transit to market. This loss can be wolded by breeding stock with strong feet and pasterns. Gilts feminine in appearance will make the best mothers. Those coarse and stagg are usually a disappointment. Reject sows or gilts having inverted or blind

Gilts kept for breeding should be eparated from the fattening lot, unless the corn or barley is supplement-ed with skim milk, buttermilk, or tankage. Gilts kept with market hogs may become too heavily conditioned for profitable brood sows.
Feed for old sows should be increased to that they are gaining when bred.

Selection and care of the boar is

most important of all. Since the boar stamps his characteristics on all the it is exceedingly important to look for size, vigor, quality and the body conformation desired in the his statement published. If the per-

In counting her blessings at this tested and found particularly good time of year, one of the things for which the American housewife can sincerely give thanks is our native vegetable, corn. The Pligrim Fathers who instituted the national festival of Thanksgiving three-fourths of a pound of hambour of the property of three-fourths of a pound of ham-burg steak and stir until brown, add one can of corn, two tea-spoons salt and one-fourth teanational festival of Thanksgiving learned from the Indians how to raise and cook this vegetable which was unknown before that to civilized man, and appreciation of its nutritive and epicurean mer-its have been increasing ever

which was unknown before that to civilized man, and appreciation of its nutritive and epicurean merits have been increasing ever since.

Canned corn is in season all year round, and, when heated and seasoned, it is delicious just as it comes from the can. There are also appetizing recipes for its use Broil eight sites of bacon and in conjunction with other foods. Here are two which have been spoons salt and one-fourth teasopoon salt and one-fourth teasopoon salt and one-fourth teasopoon of its appoon of pepper, and heat.

#### ANENT WHISTLING

"Whisting is indulged in only by morons" was the allegedly startling ssertion of a university professor who is to have a new book on the market in the near future. Startling? Huh Back in the long, long ago some other publicity seeker made the statement that "Whistling girls and crowing hens always come to some bad ends and that statement was just about as scientific and just about as sensible as this more recent profundity on whistling,

The only thing the professor's as sertion proves is that there's nothing new under the sun-not even in the

realm of publicity. At that, it would seem as if the per son who makes the most ridiculous assertion is the most certain of getting

son makig the absurd assertion is supposed to be poss essed of at least average mentality, so much the bet-

"Anything for a laugh" was the slogan of a successful vaudeville perforwho resorted to stage falls, be ing the recipient of squshy pies and eing hit with a slapstick upon the seat of his pants to garner the plaudits of the American theatre-going public.

"Hokum" is what theatrical per-formers call it. "Hokum" is despised by many of the more artistic actors and actresses-but "hokum" is given criedit for putting a lot of extra worl on the box-office force.

The business world, the scientific - even the religious world (wit orldness Aimee Semple McPherson, Ma Kennedy and Bishop Cannon)-are sometimes just as guilty of the use of 'hokum" as the stage comedians. The main difference lies in thet fact that actors are usually frank about it.

## How Corn Helps

sons were given rood, clothing, madical, aid, shelter or other type of assistance. At no period during this year were there fewer than 70,000 persons being aided and at the peak of the relief work on March 1, last, more than 2,000,000 persons were between the contract of the contract. more than 2,000,000 persons were being helped.

Today, still as a result of the drought, the Red Cross is giving extended relief in parts of North Dakota, Washington and Montana, where resources of hundreds of families were wiped out this past summer, when a second and more severe spell of dry weather was prolonged in that region.

weather was prolonged in that regular This drought relief presented the greatest task that has ever been un-dertaken by the Red Cross as a peace-time activity. The Mississippi Valley fiood of 1927, while more spectacular, and calling for relief of a costiler type. because homes and possessions were swept away, affected hardly one-fourth the number of people who suffered because of the drought.

HUGE TASK IN DROUGHT

AID MET BY RED CROSS

Relief Given to Distressed Helps

in Meeting Serious Situation,

Chairman Payne Says.

as these past twelve or more months will be known to future generations, wrought great damage to millions. Not alone did the crops, which were burned in the fields in twenty-three states, in the summer of 1930, deprive

several million persons of food, but

several million persons of food, but the drought disaster continued in the summer of 1931 in the northwestern states, and also brought other minor catastrophes in its wake, such as for-est fires, and the grasshopper plaque. More than a year has elapsed since the American Red Cross launched, in August, 1930, its first moves for relief of the drought-stricken farmers, and in that time more than 2.750.000 per-

cause of the drought.

In addition to the broad program
of drought relief still being carried
on, John Barton Payne, chairman of
the American Red Cross, has given
the following suggestion to Chapter hairmen, in regard to unemployme "Where there is suffering and want from any cause and the funda-mental local needs are not being met, Chapters may participate in the com-munity plans for meeting the need."

munity plans for meeting the need."
Some type of general family relief,
whether for the drought victims, the
unemployed or the war veteran and
his family, were carried on by morethan 3,000 Red Cross Chapters last
year, Judge Payne said.

year, Judge Payne said.

"The drought relief work of 1930\$1," he added, "the relief now beingextended following last summer's
drought, principally in Montana and
North Dakota; the assistance which
is being given to ex-service men and
their families; and the part which
several hundred Chapters are taking
locally in their communities' relief
measures are activities of the Red
Cross, national and local, which have
met and are meeting some of the serinet and are meeting some of the seri-us needs of the present situation."

public was asked to contribute funds-for relief, Red Cross relief in these disasters was met from the organization's funds and from special local contributions. Part of each membership, subscribed to Red Cross Chapters at the roll call period from Armistice Day to Thanksgiving Day, goes toward this important work.

#### Aid for War Veterans

More than 430,000 ex-service men and their families were aided through 3,008 Red Cross Chapters and the national organization during the year ending June 30, 1931. Dependent families were cared for, veterans families were cared for, veterans' claims were filed, hospitalization obtained and many other services given. Part of each contribution during the American Red Cross annual roll call, Armistice Day to Thankegiving Day, goes toward supporting this vital work for veterans of the World War and other wars in which the United States has engaged.

#### Books for the Blind

Through American Red Cross Chap-Through American Red Cross Chap-ters, 3.827 volumes of novels, class books and others, transcribed into braille for blind readers, have been added to libraries, in the past year. These books are to be obtained through the Library of Congress and city libraries. This activity, carried on by a great number of devoted women volunteers in Red Cross Chapters, had its inception in preparing books for war .....

### Check Machinery Before

Opening of Season's Work With the severe conditions under which chains operate on most farm machinery they should be carefully checked before the opening of a new season's work. Proper alignment of sprockets should always be main sprockets should always be main-tained in order to prevent side-pull causing excessive wear on the sides of sprocket teeth. Worn sprockets should be replaced when new chains Worn sprockets are placed on drivers to prevent a difference in pitch giving improper chain action and causing excessive strains on chains.

Proper adjustment and oiling are also essential. Too much tension olaces unnecessary loads on the hear ings and chain. Rusty chains should be cleaned with kerosene or light oil. Rusty chains should When running they should be lubri-cated occasionally with a good grade

Special Attention to **Obstetrics and Diseases** of Women.

Ground Floor

# Be Ready for Winter's Icy Blasts!

**Buy Your Winter's Coal** Supply Now at Our Low PRICES

Because we bought large quantities of coal during the summer months, when prices were extraordinarly low, we are able to offer low prices to our cuswhile this coal lasts.

Prices today are lower than they will be when the demand exceeds the supply Phone 60 for advice on the best kind of Coal for your particular needs and we will deliver the finest type of coal to your bin within the next 24 hours.

### Aberdeen Coal

A high quality fuel that gives excellent satisfaction.

Razorback Western Kentucky Coal The lowest priced coal on the market.

Many other Grades and Prices.

Wayne Grain & Coal Co. Carl A. W. Madsen, Owner

"Er the goblins li get cha if you Country Club. don't watch out."-Just a gentle reminder that Hallowe en is looming up in the very near future, and that offers just all kinds of ideas and reasons for parties also a little gate Oman acted as chairmen of the comlifting if one could only find a gate, Here's what we have for next week in the way of society:

Oct., 22 (today)-J. A. O. Kensington at Mrs. R. W. Casper's. Oct. 22 (tonight)—Benefit card party and dance at the Stratton

Oct. 23 Woman's Club at the home of Mrs. William Becken-

hotel for Father Flanagan's Boys'

Oct. 23-Rebekahs meet for initiation services.

Oct. 26-Minerva Club luncheon at Mrs. R. B. Smith's.

Oct. 27 - Child Conservation League meets with Mrs. R. W.

Oct. 27 Business and Professional Woman's Club has a party at Mrs. Keyser's studio.

Oct. 29 - Members of the Wayne Chapter of O. E. S. will be guests of the Norfolk Chapter.

The American Legion Auxiliary met at the home of Mrs. William Wittrow meeting of the club will be at the Taesday evening. Election of officers, home of Mrs. Carlos Martin Nov. 2. resulted in Mrs. Harry McMillan being elected presient; Mrs. L. W. McNatt, vice-president; Mrs. Fonta nelle Smith, secretary; Mrs. C. S. Ash, historian; Mrs. Frank Hiene, chaplain, and Mrs. Floyd Conger, sorgeant - at - arms. board for this year will include Mrs. W. H. Phillips, Mrs. E. W. Huse and Mrs. Walter Bressler. Assisting Mrs. Wittgow in serving refreshments were Mrs. William Kleper and Mrs. Fontanelle Smith.

#### Bridge Luncheon.

Mrs. A. R. Davis, assisted by her daughter, Katherine Lou, was hostess at a three-course luncheon at her home Wednesday complimentary to Dorothy Felber, a bride of the near future. Six tables of bridge were with Mrs. S. E. Auker and Mrs. H. J. Felber winning score The bride-to-be's colors of orchid and yellow were carried out in the decorations. Baskets and bouquets of fall flowers were placed throughout the home. Mrs. D. J Felber and daughter. Anita, of Laurel, were out-of-town guests. Laurel, were out-o-town guests.

#### Fortnightly Club.

#### Duck Season Opens as Pheasant Hunting Ends driver of a car which collided with

ason began.

Pheasant season closed Monday evening at six o'clock with the slaughter estimated to have been greater than in any previous open season. Many hunters have express ed the opinion that an eight-day open ason is too long, and have said that with such a long season it is practically a certainty that too many of the birds were killed.

Sunday, Oct. 19, was the big day t the season for pheasant hunters, with many out-of-town men here to take part in the quest for game.

The duck season opened Tuesday noon, Oct. 20, and will remain open until Nev. 19. Local hunters have not expressed much interest in duck hunting, due to lack of prospects of plentiful game.
