JOHN RANDOLPH.

silp About Him-Instances of His Ar-

Washington Letter to Cleveland Leader. I have been much interced !--I have been much interested lately in the atudy of John Randelph of Roanoke, and nowhere do I find a better description than in the private memoirs of Ogie Taylog, one of the rich old citizens of Washington, who _published his recollections some time sog, exclusively for the use of his. friends. These stories of Taylor have now expection-his general circulation. He published only a very few of his books, and they never get into the stores. Reading them is like looking over some old manuscript diary of the past, and from their pages you can get more real-truth as to the private lift of our great statement than from history. Top bellowing letter I quite freely from Taylor's below about Randolph, and in many instances verbatim: published his recollections some time

batin:—
"John Randolph." says Mr. Tayloe,
"was unquestionably a man of genius,
of rare eloquence, and high literary attainments. His penetrating and melof rare eloquence, and high literary activaments. County Commissioner, 1st District CHAS. ERXLEBEN

For County Commissioner, 3rd Distr A. H. CARTER.

One of the things the next legislature will be called upon to investigate ster in Nebraska than in any of greater in Nobraska than in any of the neighboring states with much greater population and larger state debts. The people of Nebraska are going to find out where the twelve hundred thousand dollars a year than way in state taxes co to they juy in state taxes go to. Another monopoly that will prob-

become as grasning and odious as use terepuone monopoly, has been farmed by the purchase of the new patents on the phenograph. This in a patent on the phenograph. This in a farmer themselves and they are not patent on the phenograph. This in a farmer themselves and they are not patent by the phenograph. This in the total took very kindly on any scheme typical base here negarided as simply an out—a proportionate increase in interesting toy, has been conderfully improved and will soon become almost more and the community needs is more consumerly needs is more consumers, not more producers of a patent have been homest house. The

regard and will soon become almost importance in the farm-parent have been bought by the present have been bought by the community needs is more compensations. What the farm-parent have been bought by the community needs is more compensationally and the sent of the present have been bought by the community needs in more compensational than the sent of the present of the sent of the present have been bought by the community needs in more compensational than the sent of the present of the sent of the present have been bought by the compensation of the sent of the present of the present of the sent of the present of the sent of the present of the prese

gines the last HERALD was issued with rats, so Frank Martin's ranch is polluted with rats, so Frank wants to purchase the paid. His duties me uncons, In ordinary counties to another the paid. numerons. In ordinary counties he is auditor, recorder and clark of the courts. As auditor he receives a fixed compensation for the duties he court. As auditor he reseives a faired compensation for the duties he performs. That is all he gets out of the county ressury. He is entitled to call on Mr. William Jastram, we he is the Good of the county ressury. It has been to the county treasury. If however, the work in the office demands a deputy, the county store of the county treasury. We will the severes would fin quicker the would corn feed them. demands a deputy the commissioners my allow him one, and he can be paid my show nin one, and ne can be pain for the time employed at the rate of seven hundred dollars a year pro-vided the fees of the office will pay it. Not a cent can be taken from the county treasury to pay the depu-

county. The nomines for county at-torney, W. M. Wright, is the first to be nominated under the new primary The convention had nothing to do with it. It was simply a ques-tion of most votes at the polls, and alough the vote in the country was st are that the result would e if there had been

n full vote. Chas, Erxleben, the nom-ines for commissioner in the first disict, is one of the oldest residents in the county, has held the office before and made a good record. His nomi-nation will do away with the complaint on the part of many of our German people that there was no one on the board who understood their

language. Another point in Mr many years the commissioner for the first district has lived in Logan pre-cinct, and the southeastern part of cinct, and the southeastern part of the county has had no representative on the board. It was this more than

on the board. It was this, more than anything else, that deteated Mr. Dilts. A. H. Carter, of Winade, who was nominated for commissioner to fill vacancy in the third district, is an enrecency in the initial district, is at ex-ergetic business man, and those who know him well speak voly highly of him. His nomination is especially pleasing to the people of his neigh-borhood, and the southwestern part of the county.

The new primary system was en-dorsed, and consequently will be in force next year, when it will probably get a thorough trial.

The metropolitan papers that are discussing the immigration problem take the ground that if the immigrants could be got upon farms instead of stopping in the cities the problem or stopping in the crites the protects would be solved, and there would be no objections to any number of for-eigners coming here. That may be true, but in the argrentiural sections it is likely that the question will not present taself that way. More farmers mean more farms, and a greater vol-ume of products and a larger surplus, and a larger surplus means lower prices for everything raised. The proportion of farmers to other classes

Small grain is an expensive crop this year as onto is yielding from 15 to 30 bushels per acre and wheat from 3 to 10 bushels per acre.

Farmers those of you who hav breshing to do, you would do well t

if he would corn feed them.

We are informed that a curiosity has been discovered in the city of Degtown about 2 miles northeast of Wayne. The curiosity is well that the water is so cold, that it fruze beet stake and butter, together in the month of ruly.

The republican county convention on Mooday was as harmonous a political meeting as was ever held in the county. The nomines for some this rainy weather or if they are going to keep the county. The homines for which we have the large of the county. The nomines for which we have the county of the nomines for which we have the county of the nomines for which we have the county of the nomines for which we have the county of the nomines for which we have the county of the nomines for which we have the county of the nomines for which we have the nomines for the nomines for
