in love! Robin is such

very deeply in love! No one deeply in love would accept an offer conditionality; but then again, Robin is such a practical little body.

A see spatitionality; and not only have a made one condition—but—sevent, and the conditionality and the condition of the property of the condition of the conditi secondly ne is to wait or ride overy day, wet or fine; and thirdly, he is to carn, either with his head or hands, one hundred pounds before I really think of the matter seriously."

My heart sinks within me

think of the matter seriously."

My heart sinks within me.

"The third condition is limpessible."
I say despendently. "Jack could not do
it. He has never been brought up to
saything." How could he carn'a hundred pounds?"

wild he carn'n hun-wild he carn'n hun-wild he carn'n hun-yhuro there's a will there's a quotes Robin. "I leave him out how; it simple" he wants

refuse him outright. He can't even earn a shilling, so far as I can see, het alone a bandred pounds. He used (a) be able to works inthe a little; but I am sure the wooden candlesticks he made wouldn't sell for much. He never wouldn't sell for much He never could make a pair; there was always one taller than the other."

"Oh, you delictous old goose!" laughs Robin, as she gazes with a new softnose in her eyes, straight into

think me hard, Bee Bee; it is for own good and, notwithstanding seeming hardness, I love him udearing.

dearly

Not so dearly as I do Harry."

A strange smile fits around Ro

ust as dearty, thousand way," she answers with a kiss, een Jack appears at the door, and wonderful sensation!—it is I, Bec, who am de trop. There is ing to be done but to accept the ution; so, with some excape about

the management thereof into his own hands, and engages the survices of a practical working build. Soon a deep interest in his licelihial occupation springs up, and what he at first under-took merely as a means of winning se the engrossing busin

of his life.

Before six months pass over our heeds he is honorably entitled to claim Robin, nor is he slow in availing himself of that privilege. So, whilst the bailli is left in charge of the prospering farm, there is a gay wedding in the north, after which aunt Louise and

As for myself—well, that ye as a came back some years ago; and, as a rich old uncle left—him some money about the same time, instead of setting him to work, after Robin's example, I not without some difficulty, persuade to leave the navy.

THE END.

The Camel's Humps

The Camel's Humps.

Structurally, of course, the humps re nothing—mere lumps of fat colsected under a convenient fold of the
kin, and utterly unprovided for in the
rammown's of the skeleton. When the
nimal is at its best and well-fed, they
re full and plump, standing up on his
ack furn-and-upright; but on a long
unray they are gradually -absorbed
unray they are gradually -absorbed samma. In as 18 to the man are the man phase firm and upright; but on a long journey they are gradually; but on a long journey they are gradually; absorbed to keep up the fires that work the same and the same and

desert than food; and against want of water, therefore, the camel has had to pro: Thimself, functionally at least,
