The Undermost Art of Flirting and Keeping Comfortable.

By the House in Havana Air Built with its Base to the Girls—The Window Air Bared to Present the Havana and International Special Havana (Cuba) letter.

Alas this is a sad and dreary day for the girls of Cuba. They are so tired and so weary that they can hardly keep their feet steady. They are so hot and so uncomfortable that they are almost insensible to the sun's rays. They are so tired and so weary that they can hardly keep their feet steady.

It is a fact that makes them so comfortable that they are almost insensible to the sun's rays. They are so tired and so weary that they can hardly keep their feet steady.

The flirting girl smiles behind her fan, and the young man to her the mischievous expression, and she hides her face in confusion. Imagine a young man laughing at the top of his lungs, and you will have some idea of the view of a round face representative of its own black eyes and pale lips, turned calmly in another direction, and you will have some idea of the view of a round face representative of its own black eyes and pale lips.

It is a fact that makes them so comfortable that they are almost insensible to the sun's rays. They are so tired and so weary that they can hardly keep their feet steady.

The way it is worked in Cuba. This does the Cuban belle, from whom the flirtatious American girl learns to succeed in her favorite art, pass by many but easy gradations up Cuba's stairway. The honest term is cupid's staircase.

ANNOUNCEMENTS

I hereby respectfully announce to the voters of Wayne county that I am a candidate for the office of County Clerk for the year 1889.

COUNTY SUPERINTENDENT

I hereby announce myself as an independent candidate for County Superintendent.

NOTICE

The Executive committee of the county republican committee is requested to meet at the court house Saturday afternoon October 28th, at 2 o'clock.

NOTICE

EDWARD HERALD: Please advise your readers that I believe Mr. Ditts secured his nomination in an honest manner and I believe him to be a person thoroughly competent to fill the office and think that every republican in the county should support him.

NOTICE

I find that it will be impossible to accept the great honor my friends would confer on me by electing me treasurer of Wayne county at the coming election. I therefore thank them for their good wishes, and respectfully withdraw my name from the canvass.

NOTICE

Politics in Thurston county is a game in which the party that fills the noble red man with roast beef most successfully wins.

What will undoubtedly be one of the most popular of President Harrison's appointments is that of General Green B. Raum as commissioner of pensions to succeed Tanner.

It is said that one of the conditions of Prof. Fraser's withdrawal was the payment of all the expenses he had incurred by the democratic candidate for county superintendent.

The republicans of Mississippi have formally withdrawn their state ticket, giving as a reason that the attempt to hold republican meetings or to vote republican tickets would result in riot and bloodshed.

The gentlemen who were going to beat Perry for treasurer two to one are not paying the toy time of it they anticipated. They find that the opposition among republicans is small and getting less every day, and they are beginning to wear brows of gloom.

The opposition find that there is no hope of defeating Perry for treasurer, and it looks as though they will

changed their plan and would concentrate their efforts to defeat the republican nominee for clerk. Mr. Ditts should have the hearty support of every republican in the county.

A despatched effort to defeat the republican nominee for sheriff is being made. We shall not at this time discuss the truth or falsity of the charges made, nor shall we attempt to decide whether they are made solely on account of personal feeling or are purely for the public good.

The republican party in Wayne county presents a ticket nominated in the fairest possible manner by a majority vote of the republicans of the county. At the primary 557 voters expressed their preferences for candidates, and there is no question but that those who were chosen were the choice of the party.

WAYNE, NEB., OCT. 22nd. ED. HERALD:—It has long been my opinion that we ought to elect poor men instead of rich to the responsible and paying offices. It is well known that the system we have has practically excluded poor men from those positions, for the reason, principally, that they can not afford to spend money and time to canvass for office and pack contingents in their interest.

How can there be any pretention with the fundamental rules of the protective system ignored by the government to the imports exceeding exports with half a million or more foreigners, including Chinese, swarming into the country every year, with a balance of trade against the country of \$200 millions annually now being paid in taxes instead of our own?

But this change from demonetizing gold to demonetizing silver was more than a change of substance. The object aimed at by both was through a guise of one of the money metals to protect the creditor classes and these having fixed incomes against the fall in the value of money and a rise in general prices. This is the pith and marrow of the monetary discussion.

88 House Cleaning 88. (There are probably great chunks of sound philosophy in the above if we were only able to discover them, but in the name of sense, man, what has it all to do with local politics?)

To the Voters of Wayne Co.—It may seem to you unfair that I should resort to the newspaper to make an attack against one successful rival in the contest for the nomination for the sheriff's office in this county. While I have no political axe to grind and am perfectly satisfied with the result of the primaries and have no reason or desire to hurt the ticket then nominated, yet some things have come to light since the caucus that compels me to come before the public in this manner.
