SNOWED SOME!

Returns indicate that the Democrats held an election Tuesday.

Kem Elected

PROHIBITION PROHIBITED WAYNE COUNTY JOINS THE PROCESSION

From all reports thus far obtainable Tuesday seems to have been de-cidedly a democratic day. That the democrats should have elected enough members of congress to control the members of congress to control the Jover bause is no surprise, and result-please and democrats alike laye ex-lipeted that, but no one expected a year's many things that hoppined. A company of wineepreceptation as to the McKinley bill and its effect on the country was undoubtedly respon-cible for the loss of some close oupgressional districts, but there were many democratic gains that it is too soon vet to account for-

soon yet to account for.

In Nebraska the indications are
that the republican governor and
congressional tickers are deteated,
and that two demograts and one independent will represent Nebraska in teneth? the next congress. Politics rarely witness such a complete resolution as Nebraska furnishes this year. In the printed this year. senatorial district Keiper, demograf is elected, and Matheson democrat is the vessel containing the facteal fluid

is elected, and Matheson democrat is undoubtedly elected representative.

Wayne wounty has always heretofore been safely republican on the state takes, but this year, for the first time, she takes her place in the democratical party.

The independent movement and the fact that the personal rights largue voted solidly with the democrats brought this about

Prohibition is beaten by a large WORLD.

'Mother's Friend' in growing in favor throughout the senth and is high y recommended by physicians. We consider it indispensable to those whoknow they must pass through the order of child birth. Write Bradded Reg. Co. Atlant. Gu. for particulars. 'Soil by Kass. ty it gets but 512 out of a total vote of 1359.

eral Miles, in his annual report of military affairs, division of the Profits wills reporting the fone, and charac-ter of the service most excellent says that any system is defective which but any "system" is defective which leaves with little advancement and leaves with little advancement and elight hope of "becognition is class of citizens who devote bismessive active-live" military service. The stillier's branch should be increased by at least-leave the leaves of with little advancement and slight hope of recognition a class of

That Extra Session.

Washington, Oct. 30.—After all it is quite probable that there will be an extra session of congress. In fact there are a number of little things about the are a number of little things about the departments to day which hiddent halfs at the captinet meeting yesterday it was deformined that congress shall be called together immediately after, election. There was a sudden scurrying about of the chiefs of the various divisions in the chiefs of the various divisions in the departments. Briston that he wanted the coming for the appropriations for the coming fiscal year by 5 o'clock this evening. t was a physical impossibility to the figures together at that hos the consequence is that the depar-t is lighted up to-night and nearl the force of clerks is only at wor ting the estimates to submit to -getting the estimates to submitted the treasury department. The postedies department, having the greatest and to see the transport of the treasure of the transport of the The interior department should be signs of greater activity than award, and the various chiefs of buseaus, in the treasury she all at their posts to-night working upon their figures. If tary of the-treasury to have those selfis the evident intention of the secre-tary of the treasury to have these esti-mates ready by the end of next week, and unless the signs are misleading the president intends to convene congress one week from next Monday.

The Union Pacific Boycott.
BOSTON Macs., Oct. 30.—The vice
esident of the Union Pacific was seen with regard to the stories with which

ry to the Union Fright, its mar nt., etc. In regard to the : "and effect thereof. Lane said: The west bound through bus really all that is affected, and even this can suffer but little.

He also said that the Union Pacific-Northwestern alliance really concerns nobody but the two roads in interest, and what they do is their own businobody but the two roads in interest, and what thus do is their own business. The Union Pacific people are not at all disturbed by the so-called bycotte, and they find in the causes leading to it and in the ill feeling of their competitors an inspiration for all the recent wild reports concerning the read.

Waked Up the Germs BERLIN, Oct. 28. Sever HERITY, Oct. 28.—Several official movements point to the possibility of the tariff questions engaging the attention of the reichstag, rendering escessary a careful mursing of the minnecessary a careful 'agricing of the 'min-isterial majority. A commission has been appointed to inquire into the Austro-German commercial sustains; with 'it's view to a reciprocal diminu-tions of the trailfs. Communications have been sent to leading firms in Bamburg, Bremen and other trade centers, asking them to report on the emery, oremen and other trade emery asking them to report on the effects of the McKinley bill in their lines of trade. They also asked what the prospects are for finding new chan-nels for merchandise affected by the McKinley kill mr. McKinley bill. The commission on foreign tariffs further has to consider foreign tariffs further has to consider the new Russian protective measure. A Russian commission will begin work meak upon the details of the new tariff, which, the Novoe Vremya de-

Extra Session Gossip.
Washington, Oct. 29.—Again Washington, Oet 29.—Again it is assorted with the utmost positivenesis that the president intelligence call congress together in extra season fame-diately after the election—In fact, legies who profess to know all about it assert that the president refrained from tarting into some prices to know all about it assert that the president refrained from tarting into some prices to know the work of the control of the white house or from any memory of the yabinet which gives any reason to appose that the statement is true. The president is busy with his calibration officers day after day, and the natural rupposition is intal the is preparing his annual message to congress. Of course rupposition is that he is preparing his annual message to congress. Of course there is the possibility that an extre session may be held; but the probabil, ities for this are by no means apparent of the surface, although the presiden is exceedingly anxious to secure the

dajonian Opinion of the McKin-ley Tariff Hill, DON, Oct. 31.—Gladstone ar rived at Dundee and was prese

rived at Dindecand was presented with the freedom of the city. He made an address in which he referred to the commerce of the city which, it was said, was threatened by the adoption of the new tariff bill by the American congress. He would not, however, he said bring rather progress. congress. He would not, however, he said, bring railing accusation against the people of the United States. the people of the United States.

Protection, although it might inflict incidental collateral blows on other countries, did far greater mischief to

tacidestal collateral blows on other countries, did far greater misshiof, to, the country which adopted such a pol-1.

19. Ghashon them proceeded to construct the decrease in the tariff in England with the increase in the tariff in England with the increase in the tariff in comment of the England in the tariff in comment for England in the tariff in comment to the England in the cut that it comments the that any sarriff who the way government on centh could inforter enginessly, with the prospecting of Great-Bettland. The first offect of the any government on earth could inter-tere segrously, with the prosperity of Great-Bettain. The first offset of the McKiniej-Full would be at Parisa the standard of prices in the United States. This meant diminished power of expor-tation. This again meant that while a weare deamaged incone of our triefsity; markets, we derived bondifin the other indicess, from diminished power of the indicess, from diminished power of the nuclear from diminished power of the other way of the contraction of the contraction of them, this boine due to accuments. mousear from himby and power of the protect with First markeds in one of them, this being due to augmentation of prices with First markeds in our owners are not of them, this being due to augmentation of prices in the United States, and tucreased restraints under which machinate of the inter country have to work. He advised manufacturers to work. He advised manufacturers to mile amorphism of the state of the prices of the state of

against all foreign countries. In adoubted much whole ompive whole whole ompive would consent. Furthermore, although it would to some actent onlarges the commerce of the colonies, it would contain it with the rest of the world. The imparial commerce was more £187,000,000 rearly and the foreign commerce 285,664,000. One of the colonies of the colonies will be contained to the colonies of the colo now £187,090,090 result and the forcing commerce £56,56,50,000. One offect of the McKigley-tarif-would-be-todirect the attention of the British
manufacturer toward the production of
bore the least inderable protective
dities. The psult would be to elevate
and improve the trade of the British
manufacturers- sput them on and
stimulate their ingenatity. The probable tendency among democrats would
active the productions. In spite of protection the commercy abstracts Theorem 7 mercica 7 mG Great merce sbetween America and Great Britain had greatly increased. The word protection was a mismomer. It ought to be oppression. It is a delusion and a fraud. America was a country and a fraud. America was a country that could best afford to try this strange and astonishing experiment Her natural weath, soft, influents an Immense territory made her a world in herself. The possession of these this guise the truth from Americans, but the McKinley law would involve a fearful waste of resources by which her people ought to be made strong

Report of Idaho's Governor. Washington, Oct. 81.—The annual report of Governor Shoup of Iduho estireport of tovernor Shoup of Intho estr-mantas the value of the taxable preper-ty in the territory at \$25,581,805, while three-fifths of the agricultural lands of Idaho are arid and must be irrigated to be productive. Owing to the severto be preductive. Owing to the aver-ted by preductive the support of the con-try of last winter heavy losses were in-flicted on the live "suck industry. A satisfactory increase is shown in the preduction of filmes, the output last year being nearly double that of any former senson. As to the Mormons, and the contractive of the con-lary of the contractive of the con-lary of the contractive of the con-positive of the con-tractive of the con-

No Vote in the Reservation.

PIERRE, S. D., Oct. 31.—The su
preme court of South Dakota handed
down an important decision in the noted certiorari case instituted by Hunotes certificate that instituted by action of the court set uside the action. The court set uside the action of the Hughes county bounds on the cently ceded Sioux reservation. I ay cours Moux reservation. The missioners proceeded under advice a the governor and attorney generate the state, but the decision practily nulfies it, though still accordio the settlers the right to vote tically nulifies it, though still according to the settlers the right to vot when instituted in a different manner Had not Pierre and Huron been rival for the state capital and these votes favorable to Pierre, the case would no have been instituted and no whyless? inchisement like this would have

the procident signed the procis-

rt distance so as to embrace all that Nebraska, but: which has hor-been included within the state of Dakota. The proclamption will great many thousand acres to No ferritory and besides serves to Sertilory and besides acrees to bring within his status a residents thereof a number of old soldlers who have been living in that rountry, and who lake not been regarded as elitizen of the state. As soon as the produmition was prepared by the interlog-deporting the state in the state of the given out, but for some unexplained reason the state department is not yet ready to issue it, not would they fur-nish a copy of the preciamation for publication.

H is not Farnival.

Entisynam, Miss., Och. 29. FredPevago, the Englishman who was arrested at this place by Deceding
OFlynn as George F. Furnival;
charged with the murder of five placsons in Nance counts. Natheralcharged with the murder of fave Fössons in Nance county, Nebraska, in September, 1884, was tried before Chancellor Evans on a weit of habeas corpus this afternoon, and, it being clearly proven by some of the olders of the olders. The third bavings was citizens of the four that Davigo was living—here in Soptember—1884—the prisoner was discharged. This is one of the most remarkable swees of mis-tored in the course of southeast Mis-sistippi. Nationally, "personalities, poculiarities, sears and tattooing were almost identically the same as de-scribed as being on the man wasted. Breaker, when the man was the production of the man was the production of the man was the production of the man was the Breaker of the man as the Breaker of the man and the Breaker of the man are the Breaker of the man are produced to the production of the man was the Breaker of the man are production of the production of the man was the production of the production of the production of the production of produc

The Milit Director's Repart.

WASHINGTON, Oct. 29. Director Leech of the milit makes a legethy statement in regard to the treasury purchases of silver builton and the recent decline in the market price of

recent decline in the silver. He says:

The treasury method of purchasing silver has been criticised in these par-

. Second-That the London price is cd as a basis of the government pur-

silver hought.

hase.
Third—That bids to the governmentthe decimal system a favoritism.

me on the declinal system and tend to favoritism.

In regard-fo the first-criticism, he says the provision of the state of the says the provision prochases altored the says the provision the prochase and the says the provision of the says the provision of the says the provision of the says or indeed for some months before, has the trensury folt itself dimited in its acceptance of London-prices.

Third—In regard to the government quotations being on the decimal basis,

quoussions being on the declinal basis, one of the critics says:

"The suspicious and significant fact in regard to the government's purchase of into is that houses offering large lots have been underbild by the hundredth part of a cent. The government's resolutions are seen and administration of the cent.

because of the decimal?

The idea of any seller having—and waneed information in to the price the decimal of the price the decimal of the price the impossible. If there can be only falter method decised for purchanging allow than by public competition, it would be difficult to encourie of such q method. It is the method which has been pursued by the treessay under all administrations since 1878.
