Many Millions Have accepted James Pyle's invitation to try his. wonderful discovery, Pyle's Pearline; for casy washing and cleaning. You couldn't count them in a lifetime. Some of the twelve million housekeepers in this land must have accepted very often. That's the way with Pearline. The wise woman who tries it continues to use it. A daily increasing sale proves it. The truth is, there's nothing so acceptable as it, there's nothing so acceptable as increasing sale proves it. The truth is, there's nothing so acceptable as Pearline. Once accept its help, and you'll decline the imitations—they don't help you. It washes clothes or cleans house. It saves libor and it saves wear. It hurts nothing, but it's suited to everything. Try it when it you, for it will suit you when you try it.
