### Four Men Killed in a Collision Near Washington.

### CHILDREN BUILT A SMALL FIRE.

And a Large Force of Men Fight it in Van--Detached by an Emery Wheel-Torn by Machinery--Men with Money Fall Among Thistles.

WASHINGTON, April 30.—The Cincinnati express ran into a freight train at a cut at Warrings, about twenty-five miles west of Washington on the Metropolitan branch of the Baltimore and Ohio road. Engineers Elliott and Groff, Fireman Murphy of the freight and Postal Clerk Burdette were killed. Postal Clerk Peacock and Fireman Miller of the express were seriously injured. None of the passengers were seriously hurt. The scene of the accident was at a short curve, where the express, which was running at the rate of about forty miles an hour, found the freight train on the main track taking water. Engineer Elliott of the express train reversed his engine and applied the brakes, but he could not lower the speed of his train before the crash came. The forward cars of both trains left the track, but none of the coaches were derailed. The posts and baggage cars and one coach of the express train and two freight cars took fire from the furnaces of the engines and were burned up. All the killed and injured lived in Baltimore.

### A Young Girl's Perils.

PALMERSBURG, Pa., April 30.—Bertha Everett, who was found dead in the Parker house, Boston, last Friday, was the daughter of T. E. Everett of this place. Thursday morning last Bertha left for Haverhill, Mass., to live with a married sister, and she was accompanied through ticket for her and accompanied her as far as Tyrone. At Tyrone she and two gentlemen who were going to Boston. Making their acquaintance, he obtained their promise to see that Bertha reached Rome all right. Nothing more was heard from her until late Monday night, when a dispatch came announcing her death. The idea of suicide is scouted here, while the belief that the young girl had met with foul play is rapidly gaining ground.

### Robbed and Gagged.

FRANKSVILLE, O., April 30.—Israel H. Marshall, treasurer of Blue Rock township, came to this city and drew \$450 from the bank to turn over to his successor. On the way home he was assailed by two men, who bound him and then gagged and thrust into an out-house on an untenanted farm. When found he was insensible, and has remained so all day. His injuries may prove fatal.

### Mr. Smith is Missing.

New York, April 30.—The police of Rutland, Vt., of the disappearance on Thursday last of Hon. Edward Smith of Pittsford. Mr. Smith is a member of the Vermont legislature, and is a well-known manufacturer of fishing tackle. Mr. Smith disappears on a visit to Rutland. It is thought he is mentally deranged.

### Children Built a Small Fire.

PALMER, Mass., April 30.—At West Bridgford some school children built a small fire. It got beyond their control and the high wind carried it into the brush and timber. About four hundred acres of land have been burned over, a large force of men are fighting the fire, but have not as yet been able to subdue it.

### Beheaded by a Revolving Wheel.

CLEVELAND, O., April 30.—At the Avery stamping works in this city John Seivert was working at an emery wheel when it suddenly burst, tearing his head completely from his body. The head fell backward, and the features were horribly mangled. Seivert was unmarried, and is thought to have had relatives in the east.

### Found Dying in Kansas City.

KANSAS CITY, April 30.—W. E. Sieffert of St. Joseph, who was in town on business, was found dying in a vacant lot. Sieffert was a married man, and was thought to have been in the city. The coroner will investigate. He stated that he had not tasted food for three days. He died at 11 o'clock.

### Caught by Betting.

SINO MINE, Ariz., April 30.—Frank Merritt of this village was killed in the plaster room of Bradnath's pill and plaster works. Shortly the machinery was started he ventured on the belt, which caught him by the trousers. He was badly bruised and died within a few minutes.

### A Handsome Residence Destroyed.

BALTIMORE, April 29.—The handsome residence on the Frederick road near Catonsville, belonging to B. N. Baker, president of the Baker Coal and Iron company, was entirely destroyed by fire, along with most of its contents. Loss, \$25,000.

### Alton Elevator Burned.

KANSAS CITY, April 30.—The Alton elevator and fifteen freight cars were burned here. Loss, \$30,000, with small insurance.

## PHOBIA'S FIGHT.

### The Deposed Secretary Making a Vigorous Struggle for Her Position.

CHICAGO, April 30.—At the morning session of the board of control Judge Walter, Miss Conant's attorney, received a notice of injunction upon the board enjoining the controllers, the national commission, Mrs. Bertha M. H. Palmer, and the executive committee from interfering with Secretary Cousins or application of her any books, papers, etc., that she might have. It states that in the Cook county circuit court application would be made for a permanent injunction and a settlement of the controversy. Gen. St. Clair and George H. Massey, members of the board, have been selected to act as referees for the board. They claim that the injunction from a legal standpoint is worthless, as a county circuit court has no jurisdiction over individuals who are citizens of another state and against the national body of commissioners in a chancery case.

## SENATOR BLAIR'S NEVBE.

### He Don't Care What Kind of Reception Awaits Him in China.

PITTSBURG, Pa., April 30.—Sen. Henry W. Blair of New Hampshire, who was recently appointed minister to China, passed through Pittsburg on his way to San Francisco, whence he expects to sail for China. He did not know of the report that his appointment had been reiterated by the Chinese emperor of Peking in honor of his anti-Chinese sympathies. When asked what kind of a reception he expected at the hands of the Chinese he replied: "I have not the slightest idea, and indeed it gives me little concern. I have always been opposed to the emigration of the Chinese to this country, and I always will be. I do not know where I will sail from; San Francisco, as I have to make several stops on the way. My family will not accompany me."

## A PRINCIPAL ESTATE.

### Heirs Will Partition \$200,000,000 Worth of Gasland Property.

INDEPENDENCE, Ia., April 30.—The estate of the late Robert N. Edwards is soon to be divided among the heirs. This estate comprising sixty-five acres in the city of New York, lying in three separate parcels on both sides of Broadway, and is valued at \$200,000,000. Two heirs are expected to receive about \$2,000,000 each. The other heirs are Mrs. Ann McDonald, are residents of this city, and expect to receive about \$2,000,000 each.

## Will Freeze Out the Stockholders.

TORONTO, Kan., April 30.—The Chicago, Kansas and Nebraska railroad will be sold to-day by the United States marshal to satisfy a \$200,000 mortgage in favor of the New York Trust company. The property is appraised at \$20,000,000. It will be sold by the Chicago, Rock Island and Pacific railroad. It will be sold to the stockholders, which is closely allied with the Chicago, Rock Island and Pacific railroad. It will be sold to the stockholders, which is closely allied with the Chicago, Rock Island and Pacific railroad.

### Young Coal Fields Gobbled Up.

DEADWOOD, S. D., April 30.—A deal which has been pending in London for the past few days has been closed. An English syndicate has purchased 4,000 acres of coal land near New Castle, W. Va., from parties residing at Lead City, three miles south of Deadwood, for \$15,000. These mines at present produce 400 tons of coal a day. It is proposed to increase the output to 500 tons within a year.

### The Lottery Amendment Does Not Go.

NEW ORLEANS, April 30.—The state supreme court decided, 3 to 2, that the secretary of state must promulgate the proposed lottery amendment to the constitution. This puts the lottery issue before the people at the next election for adoption or rejection. Its effect will be to divide the Democratic party into two antagonistic factions, and will make the hottest campaign ever known in Louisiana.

## To Work South America.

PITTSBURG, April 30.—The lady managers of the world's fair have decided to send Miss Mary R. Schiller of Pittsburg, to Colombia, Ecuador, Peru, Bolivia, and Brazil to work up interest in woman's exhibit at the exposition from the United States. Schiller was formerly accredited to Pittsburg, is at present residing in Washington. Her mission will require several months for completion.

## The Old Colony Accident.

DEPHIA, Mass., April 30.—The case of Joseph Welch, charged with manslaughter in causing the accident of Aug. 19, 1890, on the Old Colony road, and in which several lives were lost, was resumed. General Manager Kendrick was called for the state.

## Charged Bodies Found.

CHICAGO, April 30.—The charred bodies of Mrs. Bjornsen and the little child were found in the ruins of the West Chicago avenue fire.

## A J. Jacksonian.

SCHREY, Ia., April 30.—Daniel Breckley, aged 90, died in this city. In 1829 he was postmaster at Millburg, Pa., and held the office for twenty-two years. He held other offices, including that of sheriff of this county. Although he showed little for fifty years. He was a Democrat.

### A Compulsory Education Bill Passed.

HARRISBURG, Pa., April 30.—The compulsory education bill passed the house by a vote of 116 to 48. Under the provisions of the bill every child between the ages of 8 and 12 must attend school at least sixteen weeks each year.

## Approved the Alton Boycott.

NEW YORK, April 30.—The joint committee of the Trunk Line association had a long session. A number of special rate tickets were adopted. The committee heartily approved the action in the matter of the Chicago and Alton boycott. It was suggested that some of the associated roads had yet broken the rules.

## Money Paid at Faneuil.

HARRISBURG, Pa., April 30.—The bill recently passed by the legislature returning the \$400,000 loaned by William Noble Phillips to the Commonwealth of Beaver, for removing and abating nuisances caused by the Johnstown flood, was signed by the governor.

## Grant Leg Cabin at Fair.

ST. LOUIS, April 30.—The historic old log cabin at St. Louis county, which the late General and President U. S. Grant erected with his own hands, and with logs cut and hewn by himself, is about to be removed to Chicago, where it will be erected for exhibition at the world's fair.

## Made These Women.

While returning from Europe the captain told me a story of how he once visited Hindoo on a steamship. His ship worked. He was in company of an Indian, and the majority of the crew were Hindoo. As the ship was bound for London, the Hindoo crew did their work, but when a cold storm came up they positively ceased to strive, and within a short time took themselves to the hold, from which they could not be driven by threats or persuasions. The captain was at his wife's end, but suddenly a bright idea struck him—his wife remembered the Hindoo horror of the pig, contact with which means loss of caste. There happened to be a well fed porker on board, which he took from its pen, tied a rope to its leg and lowered it into the strikers' quarters. The effect was curious. The Hindoo crew immediately rushed to the deck to avoid contact with the unclean animal, and there was no further difficulty in getting them to work in the engine room as well as their work, but when a cold storm came up they positively ceased to strive, and within a short time took themselves to the hold, from which they could not be driven by threats or persuasions.

Wayne Herald.

W. H. McNEAL, Editor. Official Paper of Town and County. Largest Circulation of any Paper in Wayne County. Subscription, \$1.50 Per Year. THURSDAY APRIL 23, 1891. County Directory.

Tariff Pictures. New York Press:—The Republican Club at Cincinnati a few days ago distributed 1,500 tin souvenirs for the benefit of the tariff. They were sought as eagerly as though they were gold and silver. Here are the wages of tin-plate at home and in England. Average daily wages—America, England, \$1.10. United States, \$3.00.

The souvenir button not only represented the starting of a new industry worth ten million dollars annually in wages, but it was an emblem of American wages as against foreign wages.

President Harrison will be at Omaha May 15th, and that city is making big preparations to receive him.

During the administration of President Harrison, \$124,000,000 more of the national debt has been paid, than during that of Cleveland.

Governors Boyd, Boise and Penoyer make a beautiful picture of the inadequacy of democracy, and could not be made more transparent.

The Democrat says, "the HERALD's tariff pictures are like the hide of a mule, entirely too thin to skin." That's a good deal the way with the Democrat.

We would be rather late did we not "arrange for the obsequies of the Democrat." On the other hand we hardly wish it success, and may it survive the sting of the past twelve months.

Volume 1, No. 1, of a very creditable sheet, the Dixon Index, is on our table, and may its index prescribe many valuable things for the benefit of its readers and success crown its efforts. It's editor is Ernest Savage.

The new mayor of Chicago, Washburn, caused consternation among the gambling fraternity of Chicago by notifying them to quit business or be pulled, and his orders were generally obeyed. A pretty good start for Chicago, and they say Washburne holds the trumps.

Binding twins, 10, 11, and 12 cents per pound, for 1891. For 1890 the same twins was 15 and 17 cents. How about Billy McKinley. Ask our twin dealers and see if our statements are not correct, and they will also tell you that they will make money at these prices this year.

Gov. Boleo of Iowa, in a speech at a banquet given at Council Bluffs recently, fully contacted his former Iowa York speech, and claimed everything under the sun for the state of Iowa. Oh, inconsistency! We wonder how the democratic press, which has strenuously endeavored to prove the statements of the Governors New York speech, are going to crawl out of the swamp.

The Democrat, in its course of misrepresentation, claims that "the HERALD says corn had jumped up to 60 cents because of McKinley." We say corn says the eyes of the editor of the Democrat must be better than those of our readers, for no place in the HERALD's columns does such a statement appear, because it claims and always lies, that the supply very largely regulates the price of farm products, while the democratic party has held the republican party responsible for low prices thereof. Therefore we asked the question: why they charge the republicans with being the cause of high prices? And would it not be just as fair, and is it not so in a certain sense? Because the high prices reached by the shortage in supply are made firm through the reciprocity treaties established during a republican administration. As to the merits of the statements of the HERALD and Democrat, we will leave with our readers to determine.

The tariff pictures in the Democrat of last week, we presume were especially prepared by its scribes, and are, "that Standard," and are the highest protection countries in Europe (perhaps it means because of their facilities for war) and that the average wages paid in these countries is 20 cents per day." Were this true, it would be better to receive 20 cents under a system of protection than 10 cents under a system of free trade. However, the Democrat well knows that no nation on the face of the globe, ruled by King or Emperor can be placed a protected country in the sense of protection to labor, or at least it was never so prior to late years. Therefore Germany or Spain can not be compared with the United States, because the American tariff was framed for the purpose of protecting American labor against the cheaper labor of all Europe, England, Germany, France, Spain and other manufacturing countries. Therefore the comparison, in the Democrat of last week is a wide issue, as this country pays the highest wages for labor and the highest prices for farm products of any nation on the globe, and we defy the Democrat to prove that it is not so.

The Omaha hyphen or the kite and the rural democratic press as its tail are still hysterically lamenting Gov. Boyd's veto of the Newberry bill for government land. Throughout the campaign and all through the winter they filled their columns with fulsome praise of Boyd; now they have folded their tents and the Arabs have taken them away and let their "chief lamenting." The real truth is that the democrats unopposed and elected a thorough going business man for governor, and the chief part of the alliance party wanted the Newberry bill to become law, therefore the democrats must needs pretend away it now, especially now that they cheer for the income tax has passed—Wakelied Republican.

The Chicago Herald complains that when a republican mayor elected the better element among the citizens shut their eyes and go to sleep. That is not surprising. The better element of society everywhere does the same when elected the circumstances. They know when it is safe to feel safe.

By the way, northeastern Nebraska is going to lose the world's largest thing big in the way of crops this year. But, there is this only what northeastern Nebraska does every season.—Stoux City Journal.

"Old Huteh" the millionaire Chicago speculator is missing. It is claimed he is ruined financially.

Protection and Freedom.

The Hon. Joseph Nye concludes a recent newspaper article as follows: The remission of duties is as much a part of the protective policy as the imposition of duties. There is no such thing as a free language so long as import duties are levied on goods in its application to the tariff policy known as "Free-Trade." The protective policy is the true policy of commercial policy in industrial freedom. It frees our people from taxes on things which we do not produce, and it frees American labor from the degrading effects of foreign competition upon things which we do produce. The utter absurdity of the false alarm as to rise in prices which created such havoc last fall is now clearly seen. The protectionist working of the present tariff is not only benefiting the wisdom and patriotism of its framers.—American Economist.

Com Root Aphid.

Methoda Suggested for Overcoming it. Prof. S. A. Forbes says: A long list of observations in the field in consequence of their number that the corn-root aphid takes its start only in fields where it occurred the year before, and that such fields are, as a rule, more likely to suffer severely than those where it has never occurred. The aphid is a pest of a partly winged brood previous, however, for so general a disorder that the expedient of rotation of crops can have only a secondary value. Again, the fungus so abundant in every bush, as a rule, some days in advance of the growth of corn in the fields (usually a week or more before the corn is planted) is that to mention the lice are dependent on young weeds in the earth, gave the hint for some starvation experiments (made in two successive years). From these we learned that the young lice, just hatched will perish within five days if deprived of food, whether attended by ants or not. It seems possible, consequently, that their numbers might be greatly diminished in early spring by such a thorough sowing of the soil with disk harrows or other similar apparatus, as would keep down the weeds, but not the cornfield. Any treatment of the field the preceding summer of fall which should diminish the number of weeds, will be of great benefit in reducing the corn-root aphid. Young lice, the chance of survival of young.

root lice the following year. It is told that these conditions are generally manageable, and have arranged for field experiments to test these methods.

COUNTY EXCHANGES.

Winside Wadman—Ran Frazier bought J. A. Elliott's fat cattle at \$1 and shipped them Monday from this place. They were fine ones and averaged 1,350. Mr Elliott is one of the most successful feeders in the county.

Would you know why Wayne people are opposed to having H. H. Moses locate here with his barn yards for exhibiting fat cattle of the fine bloods? It's simply because they want all the goodies. But we think this, that Mr Moses will be guided by his own judgment, and we think Winside if he finds Winside a better place. He has been here viewing the ground and our people will prove the wisdom of his choice if he goes to the west here. This is remarkable for its spirit of mutual assistance.

From the Carroll Tribune.

There is much talk of a wagon road being opened to Wayne down via site for exhibiting fat cattle of the scheme. But why do the farmers wish such a road to Wayne? Will someone please explain?

The "most extensive region being farmed land at present cultivated is in the Logan and Deer Creek valleys. These valleys are located in the center of Wayne county and are traversed by the St. P. M. & O. railroad. The county seat is Wayne, a prosperous town of 1,600 people. It is situated on the above named railroad and is the best town in the state, taking population into consideration.

Information comes from Bloomfield that the Omaha line is preparing to push out from there a short distance northwest. It is believed that they fear the Sioux City North-western and desire to control the right of way to Brazil creek, where other route roads must come to reach the north of the Niobrara river.

Wakelied Republican.—The prospects are that this part of Nebraska will eclipse itself this year in the matter of crops and assist even the market. There is a great deal of price of land, therefore it may be expected to go sailing upwards in the fall.

The new sugar tariff which went into effect on the first day of this month will save \$50,000,000 to the people annually. An interesting problem for the demagogues and politicians to solve is: If three tin cups sell for 5 cents, how many tin cups will \$50,000,000 buy. When they are solved they will be the answer about the McKinley bill will not talking about increased prices on the poor man's drinking cup.—Ex.

Hot for Missouri!

You want to go to a land where you can raise all kinds of game grass, where you can raise fine for one of the best you can in the north, where there is an abundance of pure water, plenty of wood and coal, and one of the best countries east of the Rocky mountains to raise apples and where grain does well? If you do call and see E. W. Bidwell, at Wayne, Neb. 347.

Starting Facts.

The American people are rapidly becoming a race of nervous wrecks, and the following suggests the best remedy: Allopathy, Humping, of Butler, Pa., agrees that the best cure for nervousness from St. Vitus dance, Dr. Miles' great restorative Nervine cure. Mrs. J. R. Miller, of Yellowknife, and J. D. Taylor, of Logansport, Ind., each gained relief from this medicine. Mrs. J. Gardner, of Vista, Ind., was cured of 30 to 50 convulsions a day, and much headache by this medicine. Trial bottles, and the book of marvelous cures, free at E. E. Perrine's who recommends and guarantees this unequalled remedy.

CALIFORNIA EXCURSION.

There is no need of any person being troubled with that dreaded disease consumption if they will use Haller's Sure Cure Cough Syrup. It is composed of the latest scientific methods for that particular disease and used by the leading practitioners of our city. J. J. Williams.

There is one remedy which every family should keep at hand. Mr. John Carpenter of Warsaw, Indiana, says of "Chamberlain's Colic, Cholera and Diarrhoea Remedy for children and adults." "I have used it in many cases and with the best results. In the worst cases I never had to give more than the third dose to effect a cure. In most cases one dose will do. Besides its other good qualities, it is pleasant to take." J. J. Koss, Junr.

Application for Druggist's Patent.

Matter of application of B. J. Koss, for a permit to sell liquor as druggist. Notice is hereby given that B. J. Koss did on the 23rd day of April, 1891, file his application to the mayor and city council of the city of Wayne, Nebraska, for a permit to sell liquor as a druggist, for medicinal, chemical and surgical purposes only, in the third ward of the city of Wayne, Nebraska, from the 7th day of May, 1891 to the 7th day of May, 1892. If there be no objection, remonstrance or protest filed within two weeks from the 23rd day of April, 1891, then said permit will be granted.

W. H. McNEAL, City Clerk.

Went Wims. We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Chamberlain's Colic, Cholera and Diarrhoea Remedy, but we have never handled remedies that sell as well or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These medicines have won their great popularity on their merits. B. E. Perrine.

It is quite the fashion now to take Dr. Williams' Little Early Risers for liver, stomach and bowel disorders. They are small pills, but mighty good ones. B. J. Koss, Junr.

No flies on my nose, no air. Flies will bother any horse where Haller's Barb Wire Liniment is used. We defy anyone to produce a horse and a liniment for barb wire cuts and old sores. Heals the magic. J. J. Williams.

Every family should be provided with some reliable means for bowel complaints. The want of such an article is the cause of much suffering, especially during the winter season. In almost every neighborhood some one has died with cramps or cholera morbus, before medicine could be procured or physicians summoned. A fair trial will satisfy you that Chamberlain's Colic, Cholera and Diarrhoea Remedy is unequalled for those diseases. It is also a certain cure for dysentery and diarrhea. When followed with water and sweetened, it is pleasant to take. Children like it. For sale by J. J. Koss, Junr.

Very popular, very small, very good. Dr. Williams' Little Early Risers, the pill for constipation, biliousness, sick headache. B. J. Koss, Junr.

SAYS THE SOUTHERN MEDICAL WORLD.

"Mother's Friend" is growing to favor during the winter and is highly recommended by physicians. We consider it indispensable to those who know they must produce a healthy and normal child. Write Bradford R. Key, Co., Atlanta, Ga., for particulars. Sold by Koss.

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Ulcers, Salt Rheum, Burns, Scalds, Tetter, Chapped hands, Chilblains, Corns, and all skin eruptions, and positively cures Piles, or is never required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25c per box. For sale by Perrine.

General Von Holtke Dead

BRUXELLES, April 25.—General Von

Holtke died here last night in his 81st

year, his 60th birthday, October 28,

1831, having been celebrated with

much pomp and great honors.

Count Moitte entered first into the

Danish service, being of Danish de-

scend, but shortly thereafter he was

passed into the Prussian army. In

about ten years he succeeded in

achieving promotion to the staff. In

1858 he was ordered to the staff of

the general staff of the Prussian

army where he was introduced to Sultan

Mahmud of Turkey. At the request

of the Sultan he was ordered to

the important military reforms in the

Turkish service, and also won con-

siderable credit in the Syrian cam-

aign of 1860. He was appointed chief

of staff in 1866, and in 1867, he

was appointed chief of staff in 1866,

and side-camp to Prince Frederick

William. He developed the campaign of

1866 against Austria, and having been

promoted to the rank of general he

directed operations under King Wil-

helm in the Franco-German war. He

is credited with having laid out the

plan of operations for the Franco-

Prussian war, and he was the chief

of staff of the German army in

that great struggle. The invest-

ment of Paris was his plan for ending

the Franco-Prussian war, and his

military efforts in Europe, keeping up

his activities even until his death

day. He attended the rechristening

of the Kaiser's new yacht on April 25

at 9:45 in the evening of heart disease.

Jack the Ripper to Amer-ica

NEW YORK, April 25.—'Jack the

Ripper' is believed by the police to

**BEST IN THE WORLD**

**WORLD TAKES ON THE CHALLENGE OF FINANCIAL REVOLUTION.**  
The Chicago Tribune, the Western World and the Chicago Press for the past few years have been the subject of the distribution of population—two papers for one hundred years—Ford's Magazine.

**What Mr. Gould Thinks.**  
New York, April 23.—Jay Gould appeared down town Saturday morning dressed to be in excellent health. He was very friendly with his western party and said he found his roads very good in good condition. He believes that the financial situation of the United States is better than that of any other country in the world. He has never seen so promising an outlook for the world.

**General railroad situation looks well.**  
The general railroad situation looks well. "Threatening legislation has passed away. The interstate commerce law has done a great deal of good. The strong feeling of short-hand class of the interstate law is one of its objectionable features. Another objection is that it seems to be in the interest of the roads. It is in favor of the plan and purpose of the Western Traffic association. It does not change rates. I do not understand that the Missouri Pacific railroad cut rates any lower than other roads. It was necessary to make a concession at once and to profit its traffic."

**West's Packers.**  
St. Louis, Mo., April 27.—Since the interstate commerce commission refused to grant any relief to western packers in the matter of creating differences in the rates between live stock and other commodities, the packers have been on foot to carry the matter before congress. The packers have been on foot to carry the matter before congress. The packers have been on foot to carry the matter before congress.

**Unsettled Tracts West.**  
Washington, April 26.—Superintendent of the land office has made public a bulletin upon the subject of the distribution of population according to the density. This shows that in 1890 the population was nearly as dense as great as in 1790. While during the century the unsettled area was increased only about eight per cent. In general the increase of population has gone on at a rapid rate. The most striking fact which appears in the numerous additions which have been made to the settled area is that the population in the unsettled area is increasing at a rapid rate.

**A Fight With Fishermen.**  
LAFAYETTE, N. S., April 23.—Six hundred Newfoundlanders in seventy schooners assembled yesterday in Pascataqua bay, determining to haul their nets to the eastward of the St. Pierre fisherman for bait in direct defiance of the bait act. An officer was sent to warn them, and if they refused to disperse he was ordered to arrest them. The fishermen refused to obey these instructions the officer was set upon by some of the fishermen and severely injured. The fishermen were taken to a riot and the rioting actions in which they were aided and encouraged by the French residents of St. Pierre. The rioting was of a serious nature and the scene of the trouble. Great excitement prevails here.

**Senator Reagan Resigns.**  
ASTORIA, Ore., April 28.—At the earnest solicitation of Governor Hays, Senator Reagan has resigned his seat in the senate and was accepted the chairmanship of the state board of education. The resignation was announced today by the appointment of Horace C. Hilton of Tyler to fill Reagan's seat.

**Bank Builders Oublit the Seaboard.**  
WASHINGTON, April 26.—The Seaboard National Bank was created at the headquarters of the government, light-house board upon finding that the shipbuilders of the seaboard are obtaining those of the seaboard. The bank is to be used for the light-house service. The act congress authorized the construction of the Seaboard National Bank to be used on the Atlantic coast and the other along the Pacific. The bids for them were opened today and the bids were not in the low bids, while the shipyards of the seaboard had been doing the high bidding.

**The Corporation of the London Times.**  
LONDON, April 26.—The corporation of the London Times is to be reorganized. The corporation is to be reorganized. The corporation is to be reorganized.

**MINING INTERESTS OF MICHIGAN**

Interests of Michigan have been reduced that of Wisconsin to the area of its northern boundary. The area of its northern boundary has been reduced from 24,000 to 23,000 square miles.

**Washington, April 28.**—Superintendent of the census office has written a letter to the governor of Michigan. The letter is in reply to one from Mr. McCallin in which he criticizes the census bureau's report of recorded indebtedness. Mr. Porter makes it clear that the census bureau is not including all real estate mortgage indebtedness, but confined its investigations to the restrictions of the census law. In conclusion Mr. Porter says: "I am sorry to hear of the publication of this communication that there is no explanation sufficient to defend the inclusion of mortgage indebtedness in the census. Both the amount of principal and the rate of interest are misrepresented. Before the census is taken, you will find the facts in regard to mortgage indebtedness just as the census office is. If you want to know what is in this office and what is being, you would offer your cordial support."

**Interstate Commerce Decides.**  
WASHINGTON, April 27.—The interstate commerce commission, in a lengthy decision, finds in favor of James H. McCallin, who has been suing the Delaware, Lackawanna & Western Railroad, New York, Chicago & St. Louis roads. Shambarger complained that a certain firm of cattle dealers in New York was the lowest bidder for a large scale from Chicago can a large number of improved stock cars. The commission finds that on those cars carriers pay the lowest rates for live stock or empty; pay 50 cents for loading each car with cattle and also yardage and freight of 20 cents for each car. The commission holds that this is a violation of the interstate commerce law.

**The Sherman Road.**  
PHILADELPHIA, April 25.—Lieutenant Sherman has been appointed to the Delaware, Lackawanna & Western Railroad. The road is to be built from Philadelphia to New York. The road is to be built from Philadelphia to New York.

**Miss Elizabeth Sherman and her sister** have been appointed to the Delaware, Lackawanna & Western Railroad. The road is to be built from Philadelphia to New York. The road is to be built from Philadelphia to New York.

**SERMONS IN STONES, BY REV. T. DE WITT TILGEMAN.**  
"What Mean Ye by These Stones?"  
The text on the evening of the 10th of April was that of the breaking of stones.

The Jordan, like the Mississippi, has broken the stones of the rocks on either side. Here and there a scum of sand shows its way. I was walking through it in December as I was walking through it in December. I was walking through it in December as I was walking through it in December. I was walking through it in December as I was walking through it in December.

There sprang out into Jordan, a raging torrent. The water was white with foam. The water was white with foam. The water was white with foam. The water was white with foam. The water was white with foam.

How are they to celebrate this passage? Shall it be with music? I suppose the Jews will be with music. I suppose the Jews will be with music. I suppose the Jews will be with music. I suppose the Jews will be with music.

"I thought of God, he did not have our prayers in his heart. We have been praying for a year and a half. We have been praying for a year and a half. We have been praying for a year and a half. We have been praying for a year and a half.

"I thought of God, he did not have our prayers in his heart. We have been praying for a year and a half. We have been praying for a year and a half. We have been praying for a year and a half. We have been praying for a year and a half.

A temperance revival is in progress at Waterloo. The factory will be open in operation. Olin was the next Democratic state convention.

There is talk of organizing a ride club at Waterloo. Streets is thinking of paving several blocks with brick. An Eastern Star Lodge has been situated at Waterloo. The dog policeman is doing his work at Eagle Grove. Rock Rapids young ladies have joined the bicycle brigade.

On the 28th, Cyclo Falls will vote on issuing bonds for a \$12,000 building. A Do Moines man advertises for five young ladies to learn how to play back. The Boone Paving Brick and Tile works hope to be able to resume business soon. The salary of the mayor of Dubuque has been raised from \$600 to \$1,500 per annum.

A festive cow at Boone caused a riot. A woman and a baby. Both were dead. James Lane, a Dubuque boy, had his arm broken by being caught in the belt of a saw mill.

An effort is being made to have the old and new towns at Sioux Center incorporated as one. The twenty-third annual meeting of the Iowa Live Stock Association will be held at Sioux City, May 5-9. Mr. and Mrs. W. H. Griggs of Burlington, celebrated the fiftieth anniversary of their marriage approximately a few months ago.

Wm. L. Crum of Cedar Rapids has sold Julius Meeker for \$5,000 for making a loan of \$8,000. The bulletin board in front of his office. A stockbroker by the name of Gus Sohlert, of Council Bluffs, has stepped the city owing many creditors. He killed in horses and mules, and dozens of parties are out of pocket.

Gray, Sr., the Methodist preacher, died at Dubuque, aged 83 years. He was born in Scotland, and was a writer to the Signal in Edinburgh. He leaves a large family and a large estate.

New postmasters in Iowa have been commissioned as follows: Willis H. Keeler at Dubuque; Geo. B. Baker, Benton; Michael Gibbons, Cory; Bernard V. Albertson, Kenosaw; Julius Peterson, Poplar Grove. At Deavenport the elegant residence of Dr. C. H. Hanson, in the west end of the city, has been sold to the ground with most of its contents. Hanson, latter were a number of fine works of art. The loss is over \$10,000.

Lemars has decided by a vote of 14 to 18 against bonding the city for \$50,000 for the erection of an electric plant. The franchise will probably be granted to a private company. An unknown burglar entered the residence of St. Maynard at Tama. Mr. Maynard reached for him and got hold of his revolver, which the burglar snatched away and fired, and the ball struck the burglar in the bedclothes. The burglar escaped.
