Wayne has been pretty well repreented in town this week, mostly wit
esses in the murder case.—Pierc

The Stromsburg News, evidently aspired by the recent convention of ditors at Wapne, suggests a similar athering for York and neighboring ounties.—Plainview Gazette.

The Wayne ball club will probably play the home team on the home ground about Thursday next. Ponce goes to Vermillon for a return game with that club June 9th.—Ponce Gazette.

Club June van.—r conc. World.
Entomologists generally concede that
upward of 100,000 species of insects have
been recognized and classified, some authors even place the number as high as
180,000, while it is not at all improbable
liat this vast number may not represent teens of the total number (200,100), est mated by Speyer for the world at large and an equal number may perhaps be credited to the hymenopters (bees, wasp etc.), the hemipters (bugs) and dipter

(flies).

The orthoptera or straight winged in sects, which include the locusts, grass hoppers, etc., are considerably less nu merous. The species with netted wing from orthography number some place. (neuroptera) probably numb between 2,000 and 8,000. It course, most numerously cs, but they are r

A. R. Hall at Plainview.

Soldiers, and Would Have Done It if Given a Pair Opportunity-There

appoint and the Dakotas during the summer and investigate the causes of the recent Sioux outbreak and suggest laws

and investigate the causes of the recort Sioux outbreak and suggest have
to prevent Indian wars in the future.
The seanter knows all about the Sioux,
having lived near them for almost a
quester of a century, and watched
closely the moves which led up to the
war lass winter.

"The Sioux started in to whip the
soldiers," said he to gour correspondent yesterday, and they would have
done if if they had had anything like a
fair opportunity. Yes, the weather
away the soldiers, which was been also also
soldiers, "said but they had plenty of
soldiers," said, but they had plenty of
aurroundings were bad for them. The
soloux new newredo, ils. physique, and
will fight anything. We have seen,
show the trouble had blow over, and it
will never coine up again, that none of
did not intend to have selfers. They
were after the soldiers, whom they
decise. The bottle of the Little Big
Horn in the Block Hills of my state,
nearly twoistly years ago, in which
come pointed on the the young backs
so nougf its greatest epochs in the
life of the Indian nation. The young
men were told by the old ones that:

pearly twenty years ago. In which General Custer was slaughtered, has been pointed out to the young bucks as one, of the greatest egoths in the sent pointed out to the young bucks as one, of the greatest egoths in the most sent to the control of the sent pointed one that their athers had distinguished themselves on the battlefield where Custer was killed, and that they—the young Indians—would never amount to any-like the sent pointed on the sent pointed of the soldiers, and the Sloux in the last campaign thought it was proper to kill soldiers, and the Sloux in the last campaign thought it was proper to kill soldiers, as they were hired by the government of the soldiers, and the Sloux in the last campaign thought it was proper to kill soldiers, as they were hired by the government of the soldiers. Alter all there is a great deal of deep custing about the Indian. He knows perfectly well that if he can make an outbreak appear to be a war for his midvers and that to make war. This has been well demonstrated in that that of Pienty Horses an Sloux was educated at the Carlisla Pa., Indian school and almost as soon as he returned to his people he threw off his civilized oritions cloud and almost as soon as he returned to his people he threw off his civilized oritions of color and control and control and control and the sent into the camp one day, and got into a conversation with Lietenant Casey. The office of the provider is the conversation ended Lieutenant Casey turned about and started to walk away. Plenty Horses took from under his blanked a revolver lo had conceiled an an short head, at a distance of less than twenty feet. the officer through the back of the head, at a distance of less than twenty feet. There was no fighting no excitenced at the time. Was that war? clienced at the time. Was that war? defense was that the killing wern war, and the defense stood, and of course was acquitted.

"No," said the senator, in concision, "there will be no more Indian with the way of the work of the work of the way of the

årms. kill."

Ruffiers Conversing Robie.

Washington, Juno 1.—A great deal of comment is made in political circles upon the announcement that Sectory Noble, who is now a St. Louis. Is stated to resign despite his positive assertions to the contrary, and that if Servetary Proteir becomes Senator Edmund's auccessor, as now seems probable, Minister Robert T. Lincoln will be asked to give up his post in Louison and take the year portigito, or Noble may go as minister to S. Petersburg. The rumow was generally looked upon an plausible, cithough, those who are immediately associated with Sectory, Noble do not believe he intends to resign. No official state-repeated sports that Sectorary Noble was likely to return from his position are due to the rumors constantly in circuitation that the personal difference between the officers in the outsion, Indian, land and patent offices, were very to be a superior of the responsibility resting upon him as supreme chief of these branchent. The messioner Autonell was about to retire gave prevocation for the report that Secretary Noble may go out. Com-missioner Mitchold did not take the office with a view of holding it long. He wants to retire to his large law practice.

Hilliary View, or Fienty Horses's CHICAGO, MAY 80.—Inquiry at the military headquarters in this city conserving the trial of Pienty Horses for the killing of Lieutenant Casoy elicited the following statement:

The facts of the case are that, if there was a condition of heatilities prevailing, it existed during the latter prevailing, it existed during the latter information was boing sent to the hostilities prevailing, it existed during the latter information was boing sent to the hostilite that the only safe road was to return to the agency and surrender. Dedors were given to the troops to press them on all sides and force them back to the agency. Theusenant Casoy, civilized warrane his conjoire might perhaps have been justifiable. Ho was not in the enemy's camp or in any way disquired. He wore the uniform of the United States earny offerer in the and in the circuly a change in any section of inguistics. I we were the uniform of the United States army officer in the acceptance of his Guites as such. He was reconnected to this Guites as such. He was reconnected to the country of the country aission. The hostile inclass who killed kilm was urrevested on an order issued by General Milos long before any civil middletament was found against him or before it was safe for any sheriff or U. S. marshal to go through that country, the property of the safe of the country was sant to Fort Mend and placed in the country of th in order that he might be subject W a civil tubunal for them to determine the important question of justification or analysistication of his tiking the life of Lieut Casey. He was not withheld for the time by Gen. Allice, but the question of the life of the

cy again?

family.

A convergation very much like the above took place in Chicago the other day between Mr. Russell B. Harrison and a newspaper reporter, and upon such replies an interview, using the terms, 'easiling on wings of gold, 'bother'd by office seekers' and a forth was written and wires over the ountry as a serious fact.
