REPUBLICAN TRUTHS.

The People's Party in le

The People's Party in lowa-The dissatisfied cleaned of all thates, nsembled in Des Moines qa. Wednes-day- and held a convention. Consid-oring the claborate proparations which had been made and the extensive. Iree adversiong given' the occasion by all the papers of the state, irrespective of the state. The paper of the state, irrespective of party, this convention can scarcely be suid to have been a glittering success. The call had been for about 1,000 delemil to have been a glittering success. The call halves here for about 1,000 dele-gates, of which number barely one unter appreside, representing a little more than half of the counties of the tate. Now was the spirit and the an-thusiasm manifested of that catching its, griving its a momentum from the tart that insures to it success. This is carlly explained, howed of the old orchemias which for the interpret tarts in a momentum from the tart that insures to it success. This is carlly explained, howed of the old orchemias which for the int quarter reivances in either of the two great parties and who upon various corealisms have tried to guin power by an inde-rather has been trying to in their privanes. In either of the two great and the suino labor party, were pres-in here and the same damagogues who tried to graap the loadership in beform independent movements for personal eads, again tried to lift hem-citeve up by the means of this meet-ing. Grament we has mention of which has will be to domorali the com-vention. Like its, predecessors in the line of

mong those by which the Américan propie are ruled, but is merely a fault-finding party, which attributes all the complains to excitating institutions and any starts to remark the start of the start ingady and organize be well meaning, but reay fore of whom have resulty studied the great questions which they office to decide for the people. It is, therefore, scarcely necessary to take them, the mer who now, as even; try to profit by the good nature and them, the mer who now, as even; try to profit by the good nature and prost michief. The promises of large rain, will thwart the plans of General theorem with compared for the good internation of the start of the start prost mighting. The promises of large rain, will thwart the plans of General The midde by the continues that the scooles and good times, which are grow-ing stronger with every day of su-tine and every shower of fortilizing rain, will thwart the plans of General The midde by the containes that this cooles and the plans of the start is the start of the start and the plans of the start is the start of the start and the start invites them to particle

be misled by the crankisms that the people's party invites them to partal of.—Burlington Hawkeye. A Causeless Complaint.

When the war closed there were thousands of people who declared the United States could never pay its great national debt. But it went right on paying it and the annual interval nament, which was as high is \$143.-781.000 in 1867 is now only \$27.000.-000. Once more we have the croakers on deck. This time it is the persion list that gives them distress. They declared it will ruin the country. But will lik? Let use he white two learns foot up when coupled. In 1867 the annual interval \$143,781,000. Tool persion roll was \$20,380,000 and the annual interval \$143,781,000. Tool for interval and which will be annual for the second stress and the second for interval and we have a second \$20,000,000. The present population is \$2,000,000. on paying it and the annual interest The present and the interpensions, \$1 and interest, 000 less now erest account \$27,000,000 135,000,000. Total pension 1, \$162,000,000—or \$2,717, w than in 1867. We now 000 less now than in 1867. We not have 24,000,000 more people; a rev nue that is increasing notwithstandly repeated tariff reductions and we all have nearly three times as much co-vency. These figures show how cause

Intro stand, the second thirds of the present population and far less wealth and money.—Burling-ton Hawkeye.

Those papers which try to make their roaders believe that protection strangies foreign trade ought to ex-plain how it happened that it the four months ending April 30, under the McKinky law, our combined \$3, 300 that for the corresponding period the para previous. Those papers which try to
