ages: "Those who have had any doubt re-garding the authonicity of the reports of anxiety among the in manufac-turers of Wales may accept the state-pents af Mr. Rosewater with implicit He is in quest of inform confidence. He is in quest of informa-you and could have no personal object in misstaling or coloring the facts that yours to his knowledge. The obvious truth is that despite the assertions of the American free trade press that no information is a light the to the American reastrates press that no its plate is boing made or is likely to be made in this country, that we have no resources here for carrying on the industry successfully, and that all the projected enterprises in this direction are sither pure myth. or speculative is a very strong apprethe British los in Great yours the ng appre-ster of the stain that t Britain Urited S within a few ye will not only be producing tin enough to supply its own rapping its own wants, but may o competition for a place in th n markets. It need not be rked that the Weish manufact nufacto are thoroughly shrewd and well in-formed men, not ossily alarmed and and not likely to acknowledge them, selves diskurbed regarding the future security of their business unless the seturity of their business unless the conditions were such as to justify ap

prohension." Why it Will Wir right, and therefore publican nutry in right, and therefore the second second second been conspired with it has a largy been conspired with it. It has a largy been conspired with it. It is been conspired with it. It is been conspired with it. It is a largy been conspired with it. It is a largy it has never been gainst it is coun-try. Nover for a moment in the been suppected of being mainst the country.

It has obeyed the constitution, and

would, have everybody else obey it. It believes in that instrument, and placed in it the great cardinal principle of equality among mon.

Sound Dectring in lowa There is a fight in every line of the owa republican platform. It make

# lows republicat platform. The makes no compromises with principle. Read in the "light of "the fact that" public sentiment in that state has been much affected by the vagaries propagated by the Farmers' Allfance, this reserved ssion of confidence in the clu expression of confidence in the class pure doctrices of republications. classing tostimory that the pirity it lows, whatever its late losses, is in healthy, wigorous: condition. 'Then are perils peruliar to, popular govern meat, and the fear excited by stor-ways of public agination in the mini-of pollutions is one of the most see out. It is proof of the high charact ous. It is proof of the high character of the men whom republican votes have called into prominence in Iowa as well as of the sterling quality of the party generally, there, that rell as of the steriling quality party generally, there, that aration should have come from t declaration should have come from the coavanito, us a time whos such great party interests are at stake and whon the people are so evidently moved by fulse but engaging theories of gov-criment, which so unequivocally as-sorts the true blue principles of recroment, which serts the true blue publican faith and so ardently offe

publican faith and so' ardently overs battle in their behalf. This is immensely gratifying to the republicans of the east. Nothing is more damaging to the peace of the country than class combinations and attempts to draw geographical lines in politics. This is a big country but it is not too bug to have its affairs administered according to sake general principles. When it becomes so big instead on by the other sources on the to this suborraissment, and that the persons are arrant demagogues who seek to impress the public mind with burrean this liberests of the east and of the west and of the farmers as against the rest of our industrial world. These things are obvious on this side of the Alleghenies, and it thing, but in Jows their truth has been cardened to speculiamed in a dark cloud of sn tive mist, and warm praise is du the party which holdly puts then forward and diedains vistories won by the sacrifice of principle and party

the sacrifice of principle and honesty.-New York Tribune.

### That Billion - Dollars.

We are rather proud of that bill plars. The country is expandi a needs are greater. There are m dollars.-Its needs ding people developing its resources. A present any its building. The demo-crats have been crying for it, but they was it without cost. Of goes the sugar dury and a great slice of income of the cost of the second second second of the cost whey have goit, and still they donousce the republican perty for doing it. Oh well, what is the the difference? If the billion dollars have no nice the billion dollars in the second second second second perty is extravagant. No republican bead of the previous Congress the perty is extravagant. No republican ongress the please the democrats cogress the please the democrats cogress the please the democrats cogress the second second second perty is extravagant. No republican bed of the previous Congress the perty is extravagant. No republican the second seconds from penhons: The figures are comous but if the the is create comparison beinder of the second the high of generosity, not of axtravagance. With this one more than necessary, and the fact washed policies to learn the represen-ding properity of the greatest nation on serth. A add leit the remembered people developing its resources. that the billion dollar point has been reached speaks volumes for the yncer-did prosperity of the granacest nation on earth. And leit its ereambered that these appropriations are made and so one can tell where he his taxed to afford the means. The McKinley bill has not raised prices to my ap-preciable extent. The cost of cloth-ing was never so small. This reces-saries of life was never so small. This reces-saries of life was never to a so the state of life was never to be so the state of life was never to be so the state of life was never to be so the was never to be so the source of the we contacted except those democrats who are huming for an issue and can't find one——Philadelphia En-quires.

quirer The Iowa Contest.

The lows Contest. The democrate propose to introduce the soloca; the republicans to keep low. It remains for the voters to decide which policy they will support the cannot be that intelligence Circlatan-toos: They will so vote if they vote the democrate toket, and a vote for the shift party ticket will have prac-tically the same result. Xow is the The third party ticks where a total of the third party ticks where a total of ticks the man result. Now is the time for the friends of temperace to support of the party that gave the subservice of the party that gave the subservice of the party that gave the party could be the subservice of the party could be the subservice of the good, ticks the good pattern and a good, ticks the good pattern and
