# "IF THERE IS TO BE A FIGHT" WE ARE N IT." We have received some Free Advertising of late by an un-called for idle remark, by stating we were JEWS. Those who made the remark probably imagine that by abusing us they are bettering themselves. If they think so, LEF THEM GO IT, it amuses them but don't injure us. We expected to hear a Squeal when we opened business here. The individual who has been getting rich by charging high prices always "SQUEALS." It is only the Extortionist who is always ready to club his constituant, and the club raised to

strike us with, is in announcing us as being "JEWS," while the stripes of a "YANKEE are as prominent on our body as the X on the wethers of a "JACK ASS." We wish to enter into no controversy with any one. The individual who looses his head and neglects his business to abuse a "RIVAL" is a poor business man. "Let the Public judge us;" abuse is not argument, neither is it good sense. We have come to Wayne to remain, with "Two Years" leese on the Hoffman Building, corner Third and Main streets, where, if Prices and Qualities will tell, we will remain and do business. # EVOLUTION. ALA

<sup>•</sup> The proprietors, R. B. Crawford, of Wayne, Neb., and Chas. H. Potter, of Grand Hay, Ala., take pleasure in presenting to the public a rare opportunity of securing a summer or winter home. at one of the most delightful locations on the GULF COAST. The growing popularity of seaside resorts, and the scarcity of desirable and accessable points on the ocean makes this property especially valuable, and hence it is offered for homes to those seek-ing pleasure, health, or a better climate, which the breeze from the ocean and oder of the pines gives them bere.

them here. The distance from MOBILE is about 25 miles, and from NEW ORLEANS 115 miles, and both cities are accessable by rail or water. From Chicago the distance is 882 miles, making "EVOLUTION" the nearest resort of importance on the Gulf coast, where lots are cheap and

"EVOLUTION" the meanest conversion of all who are seeking homes, and it is pro-posed to use one fourth of all the money for which lots are sold to put up a hote, and make other im-provements to enhance the value of property.

# HOW LAID OUT.

HOW LAID OUT. The land has been platted into lots 50x152 feet for residence lots and 25x152 feet for business lots. The streets are 66 feet wide, running east and west, and the avenues 80 feet wide, running north and south. By looking down the avenues to the south a BEAUTIPUL VIEW of the Gulf is ob-tained. A GRAND BOILEWARD is laid out around the entire town and will be made beautiful with shade trees and a shell drive. A beautiful park among pines has been platted in the northwest corner. This, town is laid out on THE ONLY ELEVATION of 80 feet on the Gulf of Mexico, and hence the most de-sirable site, secure from high tide or damp brezzes, being one mile and a quarter from the Bay, and three miles from Grand Bay station, Mobile county, Alabama.

# THE BAY.

One mile and a quarter south of town is Grand Bay, the most beautiful, nearly land locked sheet of water on the Gulf of Mexico. The Bay proper, is about 5 miles across and nearly the shape of a horse shoe; the water has an average depth of from 4 to 6 feet, making it safe for both bathing and boating. For a distance of one hundred miles north of the Bay is beautiful pine woods, making the scene from the Bay a panorama of unexcelled beauty.

# FISHING AND GUNNING.

The fishing, oystering and gunning at this point is not equaled by any other spot on the coast from Florida to Texas, and will furnish continual spot, pleasing and profitable. The lovely islands dotting the gult, and in full view of the town site, are covered with shells and flowers and are delightful spots for picnics and pleasure seekers.

# A WINTER RESORT

It must be remembered that the warm Gulf stream passing through the Gulf of Mexico, tem-pers and modifies the atmosphere, making it mild and soothing and all that could be desired in a win-ter resort. The tourist or invalid will make no mistake in selecting this spot for a winter or summer home.

# OTHER ADVANTAGES.

To those contemplating a cheap and desirable seaside home, we may add that while a lot will only cost a nominal amount, lumber can be bought for \$10 per M, and all other building material correspondingly cheap, and the building and cost of living is much less than no the north. Many who are in the habit of seeking distant resorts, where less advantages are found, can here buy a lot and builda ho me for what their expenses would be in taking a single trip away.

# PRICE OF LOTS.

All corner lots are offered for the next thirty days at \$125.00 each, and inside lots at \$100.00 each. It is expected those buying at these low prices will build on their lots, as it is for the purpose of inducing improvements that these low prices are made. "IF THERE IS TO BE A FIGHT" "WE ARE IN IT." We have received some Free Advertising of late by an un-called

for idle remark, by stating we were JEWS. Those who made the remark probably imagine that by abusing us they are bettering themselves. If they think so, LET THEM GO IT, it amuses them but don't injure us. We expected to hear a Squeal when we opened business here. The individual who has been getting rich by charging high prices always "SQUEALS." It is only the Extortionist who is always ready to club his constituant, and the club raised to strike us with, is in announcing us as being "JEWS," while the stripes of a "YANKEE are as prominent on our body as the X on the wethers of a "JACK ASS." We wish to enter into no controversy with any one. The individual who looses his head and neglects his business to abuse a "RIVAL" is a poor business man. "Let the Public judge us;" abuse is not argument, neither is it good sense.
