Taxiff Prices.

Every American housewife is interested in the price of linen thread. In 1871 standard brands of six and 200 yard spool cotton thread, were sold at wholesale at an average price of 69 cents per dozen, net.

Horrah for the stalwart, true blue politicians of Nebraska.

The platform of a candidate for a judicial office should be the constitution, the law and the common sense of the people that he takes.

The Post of Nebraska is too solidly set for any other than the republican party to run up against.

The republican state convention passed a resolution recommending an additional appropriation for the World's Fair.

The announcement of T. A. Steele by many citizens, for commissioner of the second district, appears elsewhere.

Work for the republican ticket this fall.

Have the calamities been able to show you evidences of anything but prosperity this year? Are you gratified from the effects of the McKinley bill? And are you starving for want of a lot of superfluous fat? Not then why not vote with the party that adheres strictly to the upbuilding of American industries and protection to the laboring classes?

It is with great pleasure that we are hereby authorized to announce the name of I. O. Woolston as a subject to the approval of the republican convention.

It is with great pleasure that we are hereby authorized to announce the name of I. O. Woolston as a subject to the approval of the republican convention. He is a man of exceptional clear record, an upright, honest and thoroughly competent man.

By James M. Swank, in American Economist.

I am a protectionist because I am an American. The free admission of foreign commodities, or their admission at rates of duty which are levied for purely revenue purposes, may be the economic conditions and meet the financial needs of other countries, but history teaches that the prosperity of our country is best promoted by a tariff which is levied for protection as well as for revenue.

Every republican in Wayne county should stand by his party this fall.

Every republican in Wayne county should stand by his party this fall for upon the result of this election the success of next years campaign depends. The prosperity of the country under twenty-five years of republican administration has been remarkable and unprecedented.

Decrease in Imports of Dutiable Merchandise.

It is shown by the official figures of the Treasury Department that a decrease in the imports of dutiable merchandise during the nine months ending in the country amounted to \$5,543,692, and a Free-Trade correspondent believes the fact as a great calamity.

Great Preparations to Keep the Great Nicholas From Getting too Near His Annual Return.

Berlin, Sept. 28.—As soon as the Car decided to go to Moscow to attend the funeral of the late Emperor Paul, the preparations for his visit to Berlin were begun.

The whole railway system along the Car's route was confused during his journey. Many passengers were kept from the platforms and the stations were crowded.

A station official described the Car as dressed in a thick velvet suit and a fur hat. He was accompanied by a large retinue.

CHEATING IN HORSE BLANKETS

Nearly every pattern of Horse Blanket is imitated in color and style. In most cases the imitation looks just as good as the genuine, but when the cheap threads and soiled strength, and while it sells for only a little less than the genuine it's worth one-half as much. The fact that 5A Horse Blankets are copied is strong evidence that they are THE STANDARD, and every buyer should see that the 5A trade mark is sewed on the inside of the Blanket.
