Noted Temperance Leader

The Forceful and Brilliant David Frost.

No Endless Median Savag.

The portrait of David Frost, the noted temperance lecturer, will be recognized by thousands.

In a recent venture along with Mr. Frost, the prominent man, with the assistance of the friends of the cause, a new and improved method of raising money for the cause of temperance was devised. The market is flooded with the "old" method of raising money, but the new method is a great improvement. It is a simple, practical, and profitable method of raising money for the cause of temperance. It is a method that has been tried in many places and has been found to be a great success. It is a method that is easy to understand and easy to carry out. It is a method that is profitable and that will help to raise money for the cause of temperance. It is a method that is a great improvement on the old method and that is a great help to the cause of temperance.

ADVENTUROUS JIMMY.

The story of Jimmy's adventures in the New York Sun office. The other day they suddenly and dissemi- nously appeared a small, excited, young fellow, dressed in a suit of the top-of-which-between-the-coat collar and a large fur cap, peered a round face and a pair of eyes that were wide open. When the man went of a friend- ly shake of hands, he came into the office. This was Jimmy, the famous boy tramp who has spent several years of his life traveling the continent and ocean without paying a cent for transportation. The boy says he is 15 years old, but he cannot be older than that. He is now in the office of the Sun, and out upon his travels several years ago, leaving his home through the death of his mother, the disap- pearance of his stepmother. He has been his way to and from Liverpool and to Australia, all over the United States and the world. He is now in the office of the Sun, and out upon his travels several years ago, leaving his home through the death of his mother, the disap- pearance of his stepmother. He has been his way to and from Liverpool and to Australia, all over the United States and the world.

It will be remembered that he went to the Sullivan Corbett fight, joining the crowd in the Madison Square Garden and appearing in the parlor cars when the train was well under way. Jimmy was in the Madison Square Garden and appearing in the parlor cars when the train was well under way. He eats when eating is convenient, sleeps when and where he may. If he is not at his work, he is in the street, and if he is in the street, he is not at his work. He is not at his work, he is in the street, and if he is in the street, he is not at his work. He is not at his work, he is in the street, and if he is in the street, he is not at his work.

These are ripe for a revolution in Italy and the enemies of Hypothesis are plotting artfully.

John N. K. Toomey, seaver in the Saginaw mill, Fall River, Mass., hopes to marry Miss Mary Assin- till, who is in the Madison Square Garden and appearing in the parlor cars when the train was well under way.
