Judge Barnes of Norfolk, and C. B. Barlow, assistant secretary of the C. St. P. Just what course the railroad company will pursue in the matter we have not learned.

If many of our farmers would purchase here and there at reasonable price a carload or two of stock cattle and properly feed and take care of them they would realize a reasonable profit. But when they go to Omaha or Sioux City and purchase four or five car loads at high prices, pay for shipping them to Wayne and not having the grain or money to buy to feed them and properly take care of them there is no money in the cattle business. Please make a note of this.

## THE SOCIAL WORLD!

The Week's Happenings in and Around the County Capital.

**Early Hour Club.**  
The Early Hour club enjoyed a delightful season of dancing at the opera house Saturday evening. About twenty-five couples were present and it was near the midnight hour before the party broke up. The ladies looked charming in full evening dress while the gentlemen in black Prince Albert's wore on their best behavior and an air of enjoyment permeated every nook of the dancing hall. The music furnished by the Queen City orchestra, of Norfolk, was excellent and much better than the club has had before this season, yet there was room for decided improvement.

**Surprise Party.**  
Eugene Giddings, who resides northwest of Wayne, and who has for a number of years been one of Wayne county's excellent citizens was treated to a hearty surprise Thursday evening by a host of his neighbors. Mr. Giddings having decided to remove to California will start for his destination next week, and his neighbors and friends thought it would be but a fitting tribute to send him away with their best wishes, therefore over fifty of them gathered at the home of Mr. and Mrs. Giddings as above stated. It was a happy surprise and the evening was most thoroughly enjoyed by all. An excellent supper was served and when the guests departed they wished their host and hostess God-speed.

Attend the fireman's ball at the opera house to night.

Mr. and Mrs. Will Weber entertained the high five club Tuesday evening.

The ladies high five club meets with Mrs. Swan tomorrow afternoon.

Mrs. J. G. Mines entertains a number of her lady friends at a tea party this afternoon.

To-day being the eighteenth wedding anniversary of Mr. and Mrs. P. M. Corbet, a few friends will dine with them at the noon hour in honor of the event.

Ivan B. Hughes entertained a number of his young friends last Saturday afternoon in honor of his birthday. Mrs. S. Larison assisted Mrs. Hughes in making the occasion an enjoyable one to the little folks.

Queen Mellor and Monta Theobald entertained a host of their little friends Saturday afternoon in honor of their ninth birthday which happens to come on the same day. The little guests were entertained at the residence of Mr. Theobald.

The deputy sheriff of Washington county was in Wayne Tuesday to procure the marriage certificate of Wm. Delahoyde, who is under arrest at Blair charged with a serious crime.

Randolph Times: Dr. Leisenring, of Wayne, was called in consultation in the sickness of Mrs. M. N. Winebrener Tuesday evening. Isaac W. Porter one of Wayne county's reliable farmers and loyal veterans, has started a large and commodious house on his farm three miles south. Here's hoping he may live long years to enjoy it.

Rev. Hicks, Word and Works: Do not forget what we have said about the months of February and March. Look at our forecast columns. Study our Almanac closely, and be ready for the combined battle of Venus, Earth and Mars. Keep your eyes open and your plans well in hand, or you'll pay the penalty of your neglect.

C. J. Randall addressed a score of men at the town hall Monday evening on the subject, "The Gulf and Interstate Railway" and "we" and "I." Mr. Randall has great use of his tongue, and if it were spliced to size would doubtless win him laurels. If, in his audience with men, he could confine himself to his subject instead of fitting his listeners ears with "corporation reform," "hoodlums" and "dam" non sense, his remarks might attain some credence and accomplish results. Very few in Wayne county would object to a north and south road to the Gulf and they are not particular as to the name, be it the Gulf and Interstate or what. If the plans and methods of the said incorporated company are O. K., the road will or will not be constructed. No one will dispute that. But Mr. R. must not term all men who do not agree with the directors of "his" company, corporation cormorants or "hirelings" thereof, or "hoodlums" who do not believe as the said directors, unless they (the directors) assume the appropriate title of uncomproops. Mr. Randall's attention is respectfully called to an article in another column from the State Journal.

## A SERIOUS ACCIDENT

Constable William Ritchie Thrown From a Spring Wagon.—Left Foot Crushed and Compound Fracture of the Bones of the Leg and Ankle.—Other Happenings.

Constable Wm. Ritchie started for the country about noon Monday on official business. When ascending the hill just west of the cemetery, his team became frightened at the wind mill on the Cullen farm some distance ahead. The team was stopped thinking to quiet them but instead they commenced backing up and in a moment the neck-yoke broke. One of the horses jumped over the tongue in the rear of the other turning the wagon over upon Mr. Ritchie who was unable to extricate himself from the lap robes in time to jump. The team started to run breaking the tongue and harness and dragging the wagon over him. In some manner his left foot was crushed, either by catching it in the wheel or otherwise. A compound fracture of the bones of the leg and ankle also resulted and the foot was turned up against his leg, the bones protruding through his overshoes. Mr. Ritchie turned the foot back to its place and called for help, but it was some time before he could attract the attention of anyone, and he became chilled through and through as the weather was very cold. The school children heard his call for help and he was conveyed to his home by Mr. Cullen where Dr. Leisenring reduced the fractures and dressed the wound. Mr. Ritchie has suffered very much from his injuries but the physician thinks amputation will be unnecessary.

James Ahern, Ted Philleo and the other young lads who discovered Mr. Ritchie are deserving of praise for their commendable action in promptly removing their overshoes and placing them over the injured limb and placing the buggy cushion in a position to break the wind, while waiting for a conveyance.

## Gold With Electric Lights.

A city in Indiana has discovered that her streets are paved with gold. The discovery was made with the aid of electric lights. Here's a pointer for Wayne. Who can tell what benefits may accrue to our noble city if a system of electric lights are put in. A system can be put in without a cent of tax and the expense to every person using electric lights will be very little if any more than the expense they now have, while to the city the expense would be very nominal. Wayne must not be placed on the sluggard list. The patent on telephones has expired; Wayne might have this improvement also.

## PUBLIC SALES.

Wellbaum Bros. will sell at public auction at their place four miles north east of Wayne, Wednesday, Feb. 28th, 60 head of cattle, 9 head of horses, 40 head of shoats, a Clydesdale stallion and a standard bred trotting mare, Ed Reynolds, auctioneer.

## Poultry Show.

At the annual exhibition of the South Dakota Poultry Association at Vermilion last week Bert W. Cook and Horace Gregory were awarded first and second premiums on a number of coops. On Silver Spangled Hamburgs, Bert W. Cook received second premium on cockerel, (score 91 1/2), Mrs. C. M. Massie, Sioux City Ia., who received first at the World's Fair receiving first at this exhibition, (score 92 1/2). Mr. Cook also received second on breeding pen of Hamburgs, (score 182 1/2), and third on cockerel, (score 90 1/2).

H. Gregory on his coops of Golden Wyandottes was awarded third on cock, third on hen and third on pullet, on Silver Duckwing Game Bantams he was awarded all premiums.

Thus it will be seen that even in the poultry business Wayne does not take a back seat.

Wakefield Republican: The Wayne HERALD has fallen into line and now runs its local news on the outside pages. The HERALD long has been a very creditable local newspaper, doing valiant work for the town. Good newspapers don't "happen" they are the product of hard work, skillful management and constant care.

E. Cunningham has purchased a half interest in the Graphic of C. A. Chace and will take editorial charge. The name of the paper will be changed to the Wayne Republican and will launch forth under the banner of republicanism. The HERALD extends the right hand of fellowship and trusts that the newspaper career of the proprietors of the Republican will be a pleasant and successful one.

Manson (La.) Journal: The Journal does not often speak of people's mis fortunes, believing in general it is best not to. But there is one case in Manson that deserves an exception to the general rule. That is the case of Rev. Pittenger. Few, not even his most intimate friends have realized the burden under which he has labored the past six months. In spite of his outward cheerfulness with which he has outwaded his friends and acquaintances, he has constantly labored under a load that would have broken down many a stronger man. Some member of his family has been sick almost constantly since last fall, and he has preached many a sermon when it took his utmost will power to keep from leaving his pulpit and returning to the bedside of his sick child. In addition to the trouble and cares of his own family, he has been called upon to share the trouble and affliction of others. Such a man is deserving of the sympathy and moral support of everyone, regardless of social or church ties.

Mr. Pittenger was formerly pastor of the M. E. church of Wayne.

O'Neill Frontier: Probably the first orange ever raised in Holt county was plucked last Saturday from a tree grown by Charlie Millard, the half of which the Frontier acknowledges receipt of. It was of a fair size, looked all right, smelled delicious and was flavored like a pumpkin.

Pierce Call.—Hon. John R. Hays remarked to us Monday evening that never before had he heard so many democrats exclaim: "By the Great Hornsups, I'll never vote another democratic ticket as long as I live!" That's right the present administration is proving to be a regular republican incubator.

Wakefield Republican: We are informed by a leading citizen of Wayne that that town will not put in electric lights this year, having already about all the taxes the "traffic will bear." Nevertheless, electric lights is the kind of light to have, and where water power is obtainable, it is said to be the best cheapest power there is.

WORK IN THE HOUSE.

THE TOWN SITE FIGHT AGAIN RESURRECTED.

Some Senate Amendments that were rejected by the House—A Lively and Bitter Debate—Confusion, So Great that Business Several Times Had to be Suspended in Order to Enable the House to Get to Order—Mr. Simpson on Colored Colonization—No Quorum for Several Days.

Proceedings in the House.

WASHINGTON, Feb. 19.—The bill to compel the railroad companies of Oklahoma to erect stations at government townships was sent to conference by the house this morning after an hour of fierce conflict.

When the bill was laid before the house Mr. Wheeler promptly moved nonconcurrent in the amendment and asked for a conference. The semi-circular open space before the speaker's desk was crowded with members.

At a moment, and such confusion prevailed, that several times suspension of the rules was resorted to in order to enable the house to proceed intelligently. Charges and counter charges of fraud, bribery, corruption and lobbism were made.

Mr. Hopkins of Illinois first moved concurrence, but afterwards withdrew it at Mr. Reed's request. Mr. Wheeler attempted an explanation of the question, while Messrs. Cannon of Illinois and Wilson of Washington joined in an antagonistic effort.

Mr. Wheeler vigorously assailed the Rock Island road, pronouncing the contest one between it and 5,000 people, whose all was staked on the result.

Mr. Warner of New York went to Mr. Cannon's aid and promptly routed the Rock Island road.

Then Mr. Simpson got five minutes, and made the first clear exposition of the subject matter. If the amendment were adopted, he declared that the Rock Island road would corruptly import colored men for the express purpose. As evidence of the wickedness of the railroad he said that 7,000 colored men had been brought into his district to defeat him because the railway companies were afraid he would expose their cunning.

Mr. Cannon said that a chorus of "G's" at this from the Republican side.

Mr. Clark of Missouri followed. He was especially severe on the Rock Island road, original in his illustration of existing conditions and bitter against the railroad and those susceptible to its blandishments.

Mr. Dunn of New Jersey spoke in behalf of the settlers and Mr. Cannon pooh poohed for five minutes all suggestions that the Rock Island would cater to in elections for county seats.

In brief, the views of the speaker, Mr. Wheeler, of Alabama, Kilgore of Texas and Avery of Michigan concurred on the part of the house.

After some further routine business the vote on the bill was taken. It was 157 yeas and 137 nays.

The motion moved that all debate be limited to one half hour. The Republicans and Democratic opponents of the measure repeated their tactics of yesterday and refused to vote.

Mr. Bland moved a call of the house. This developed the presence of a quorum and then at 2 o'clock by special order the remainder of the afternoon was given to the consideration of the life, character and public services of the late Representative William Lillie of Pennsylvania, and then adjourned.

The Senate Investigating Committee Consider the Matter—All Kept Secret.

WASHINGTON, Feb. 19.—The senate sub-committee which has been investigating the Hawaiian question was in session for several hours to-day and it is understood that the entire time was devoted to listening to the reading and discussing Mr. Morgan's report which had been completed. What, if any, changes have been or will be made in the report is not known.

Mr. Morgan's report, which was made up of the evidence which he had gathered from a statement made a few days ago by a member of the committee that Mr. Morgan was in accord with the views of the administration on the Hawaiian question, but those who remember how ardent an annexationist he has always been are inclined to the opinion that he will at least find some words of excuse for the course of Minister Stevens if he does not find the method irrevocable.

Messrs. Gray and Frye, representing respectively the views of the administration and the views of those opposed to this position, are known to be quite divided and it is difficult to say how the report will be received. It is expected that the report will be accepted by both.

Messrs. Butler and Sherman, the other members of the committee, have not been so outspoken. The belief of those who know Senator Morgan is that his report will be concurred in, but will not be lacking in forceful expression and decided statement.

Disorderly In Church.

New York, Feb. 19.—An insane printer, who gave his name as John McDonald, created a sensation in the Roman Catholic church of the Epiphany this morning, while the services were being conducted, by walking down the center aisle and removing all his clothing.

The Southern Atholus Fruit ruined.

BEXTON, Ill., Feb. 19.—Investigation shows that the recent blizzard totally destroyed the peach and plum crop of Southern Illinois, while cherries and apples are unharmed.

NEW POLITICAL IDEA.

Putting Forth Theoretical Plays for the People.

Populist Campaign.—Topeka, Kan., Feb. 19.—The Populists propose to organize a theatrical company of young people of the requisite talents as an adjunct to the state campaign and send them about over the state giving plays depicting the woes and ills which afflict the working classes. A number of plays of this character have been written, and it is believed that the scheme will make a great hit. Governor Leavelle and the Populists are agreed with the proposition. It has been submitted to Chairman Breidenthal and it will be acted upon at the next meeting of the state central committee.

The plan is to give performances in towns and cities where it is possible, and to make a tour of the state.

Whether an admission fee will be charged has not been decided. Such a charge would, of course, materially swell the campaign fund, but it would also serve to keep away the idle and those who are not in whom it is desired to create a feeling of sympathy.

While the Populists are already at work, they show no signs of calling their state convention, nor will they convene until the plans in this particular are secured.

Secretary Stone says there is no pressing need of calling a convention just now. "We are in no hurry," he said this morning. "We are not exactly ready to hold our convention."

Mr. Stone will first be called to order by the Populists and Democrats in the state to our way of thinking. There are about that many men of the old parties who are almost persuaded, and we want to get them into our ranks before we open fire on the enemy.

SENATOR WHITE HONORED.

NAMED FOR SUPREME JUDGE.

HE IS IMMEDIATELY CONFIRMED.

The Nominations Were a Complete Surprise to Every One—The New Judge Comes of a Family of Judges—Biographical Sketch of Edward Douglas White—No Opposition to Confirmation.

WASHINGTON, Feb. 20.—Senator White of Louisiana, has been nominated for associate justice of the supreme court.

The nomination was a complete surprise to everyone. As soon as the nomination was received the senate went into executive session and confirmed Mr. White without opposition.

Senator Edward Douglas White comes of a family of judges. His grandfather, James, was a judge of the Louisiana supreme court in 1834.

Edward Douglas White, the appointee, was born in the parish of Lafourche, Louisiana, in November, 1845. He was educated at Mount St. Mary's college at Emmetsburg, Md., and the Jesuit college at New Orleans. He served with the Confederate army during the civil war. He then studied law and in December, 1868, was licensed to practice law by the supreme court of Louisiana. He was a member of the Louisiana senate, from 1874 to 1878, which latter year saw his election as a judge of the Louisiana supreme court. He served on the bench two years and in May, 1880, was elected a United States senator for the term beginning March 4, 1889.

Cattle Quarantine for Kansas.

TOPEKA, Kan., Feb. 20.—Governor Jewell having received information from the department of agriculture at Washington and from other sources that Southern or splenic fever exists in certain portions of the United States this afternoon issued a proclamation to managers of railroad and transportation companies, stock men and others interested in the cattle business, warning them that until December 1, 1893, cattle from south of the Rio Grande in Texas or the Rio Grande river to the southern boundary of Maryland at the Atlantic ocean, if shipped into Kansas must be shipped according to the quarantine regulations of the state.

A Writ for Recorder Owsley.

JEFFERSON CITY, Mo., Feb. 20.—Division No. 1 of the supreme court made an order this morning on the amended motion filed by Judge Field for a mandamus against Recorder of Voters C. S. Owsley of Kansas City citing the latter to appear on or before February 23 and show cause why a temporary writ of mandamus should not issue against him, ousting him from office. This will now bring the case into court on its merits and Mr. Owsley will be forced to show by what authority of law, if any, he is acting.

Governor Hogg in a Box.

NACOGDOCHES, Texas, Feb. 20.—Governor J. S. Hogg of this state, with a party of friends recently on a hunting expedition near here, killed a deer. It now develops that shooting deer at this season is against the law and an information has been filed against the governor and his party. The county attorney says he will prosecute the case in earnest and the sheriff has issued a warrant to Austin, the capital, for the arrest of Governor Hogg with instructions to accept only a writ of habeas corpus.

Detective Thiel Cripped.

DENVER, Colo., Feb. 19.—Captain Gus Thiel, the noted detective, was accidentally wounded in the knee yesterday while arresting James R. Rupleford, supposed to be one of the Oliphant Art train robbers. He is in a very weak condition from loss of blood and the nervous shock. The bones at the knee are completely shattered and even should amputation be unnecessary he will remain a cripple for life.

## WHITE WAS ALL RIGHT.

Cleveland's Third Nominee For  
the Supreme Bench.

HE WAS PROMPTLY CONFIRMED.

Nomination Was a Great Surprise at the  
Capitol—Democratic Caucus Held to Con-  
sider the Silver Situation—Opponents of  
the Seigniorage Bill Were Not Present.  
Patterson Believed Reed Was Right.

WASHINGTON, Feb. 20.—Friday after-  
noon the president sent to the senate the  
nomination of Senator Edward D. White to  
be associate justice of the supreme court,  
to fill the vacancy caused by the death  
of Justice Blanchard. The senate had  
hardly time to recover from its surprise  
when Senator White's confirmation was  
announced. The nomination was not  
referred to the committee at all, and  
less than an hour after the nomination  
had been received the senate had placed  
its seal upon the selection. The nomina-  
tion was received through Private Sec-  
retary Prudden about 2:40 and an executive  
session immediately moved. The senate  
had been sitting behind closed doors less  
than an hour when it became known that  
the motion to confirm without reference  
had carried without opposition. The  
vote was "unanimously" and "heartily in  
favor of confirmation."

Only Eulogistic Speeches Delivered.  
The proceedings prior to the casting of  
the vote consisted entirely of the delivery  
of eulogistic speeches by members of the  
senate judiciary committee and by Sena-  
tor Caffery. There were two speeches by  
Democratic members of the committee  
and two by Republican members. Sena-  
tor Pugh and Hill spoke for the Demo-  
cratic side and Senators Hoar and Teller  
for the Republican side. All the speeches  
were laudatory and congratulatory both  
to the president and Mr. White. The  
senate even felt so good natured over the  
whole affair that it decided to reorgan-  
ize the judiciary committee and the news-  
papers were notified that they were  
liberty to publish the details of the pro-  
ceedings. While the senate acted  
promptly and without hesitation upon  
the nomination it is still a fact it was a  
surprise at the capitol.

The president sent for Senator White  
and his colleague, Mr. Caffery, Sunday  
night, and upon their arrival at the  
White House made known the purpose  
of his invitation for a conference. Mr.  
White, while expressing a deep sense of  
obligation, was much surprised and was  
doubtful as to whether he should accept.  
He asked the president for time to con-  
sider and left without giving his consent.  
Monday morning he still was unable to  
say positively that he preferred the office  
to that of senator and it was not until  
just before noon that he gave his con-  
sent. The belief is strong in the Louisi-  
ana delegation that Representative  
Blanchard will be appointed as senator  
to fill the unexpired term of Mr. White.  
Without exception all the Republicans  
and prominent officials in this city inter-  
viewed express entire satisfaction in the  
president's selection.

Youngest of the Justices.  
Edward Douglas White will take his  
seat on the supreme bench as the young-  
est of the justices and with the exception  
of Justices Field and Harlan he will  
have entered at an earlier period in life  
than any of the other justices and will  
have the exceptionally long term of 21  
years to serve before retirement. He  
was born in the parish of La Fourche,  
Louisiana, 48 years ago. He was edu-  
cated at Mount St. Mary's, near Emmes-  
burg, Md.; at the Jesuit college in New  
Orleans and finally at Georgetown col-  
lege, District of Columbia. He entered  
the Confederate army and after the war  
was admitted to the bar by the Louisiana  
supreme court and practiced his profes-  
sion during the troubled years which fol-  
lowed the reconstruction period. In  
1874 he began his political career as a  
state senator. Leaving to the law again  
he became associate justice of the sup-  
reme court of Louisiana in 1878, but  
again turning to political pursuits he  
was elected to the United States senate  
to succeed Senator Exiles, the present  
minister to France, taking his seat  
March 4, 1891.

## DEMOCRATIC CAUCUS.

Opponents of the Third Seigniorage Bill  
Were Not Present.  
WASHINGTON, Feb. 20.—Immediately  
after the adjournment of the House Mon-  
day a Democratic caucus was held in the  
hall of the house to consider the silver  
question. There were present 130 Demo-  
crats, but not a Democrat from New  
York, who have joined in the obstructive  
movement, was present, nor in fact any  
of the others who joined hands with  
them. The presence, however, of Mr.  
Fence, the Colorado Populist, was sig-  
nificant. The sentiment in the caucus  
therefore was all favorable to the bill and  
two resolutions were adopted, one to  
keep the seigniorage bill before the house  
to the exclusion of everything until dis-  
posed of, and the other expressing it as  
the sense of the caucus that it was the  
duty of every Democratic member to be  
present and vote either for or against the  
bill.

The only difference of opinion existing  
was as to the advisability of going fur-  
ther than this and compelling members  
to vote or be counted if they refused to do  
so. Mr. Boatner presided and advocated  
a resolution to instruct the committee on  
rules to bring a rule to compel members  
to vote on to be fined and Mr. Patterson  
offered a resolution instructing the speak-  
er to comply thereon.  
Mr. Patterson withdrew, he believed  
after following the precedents of the last  
few days that Mr. Reed was right and  
that moving members should be  
counted to make a quorum. The Fater-  
son resolution was voted down by about  
30 majority the speaker voting against  
the proposition. The caucus adjourned  
pending a vote on the Boatner resolution.

Senate Confirmation.  
WASHINGTON, Feb. 20.—The senate in  
executive session confirmed the follow-  
ing: G. W. Fratt to be United States

marshal for the eastern district of Vir-  
ginia, William M. Desmond, marshal  
for the northern district of Iowa, John  
L. McAtee, Oklahoma, to be associate  
justice of the supreme court of Okla-  
homa Territory.

Women Elect Officers.  
WASHINGTON, Feb. 20.—Reports of  
committees occupied most of the atten-  
tion of the sessions of the fourth-day of  
the woman's suffrage convention. Mrs.  
Carrie Lane Chapman strongly repre-  
sented the necessity for vigorous and ac-  
tive work in collecting funds for the  
movement in Kansas. Then followed  
the report of Kansas constitutional com-  
mittee read by Mrs. Laura Johns. Con-  
tributions from several state delegations  
to assist in the work in Kansas were  
solicited and \$2,400 was pledged. The  
election of officers for the next ensuing  
year resulted as follows: Susan B. An-  
thony, president; Rev. Anna Shaw of  
Philadelphia, vice president at large;  
Rachel Foster Avery of Philadelphia,

Coal Combine Injunction Dissolved.  
DENVER, Feb. 20.—Judge Rising dis-  
solved the injunction obtained by the  
Commercial Coal company to restrain  
the Leader Mining company and others  
from entering into a combination to con-  
trol the output of all the lignite coal  
mines in Colorado. The judge said that  
the evidence did not show that this con-  
templated action by the defendants was  
for the purpose of unreasonably advanc-  
ing the price of lignite coal or that it  
would have such an effect on the  
plaintiff's rights under its contract  
would be injuriously affected.

NEWTON, Kan., Feb. 20.—The trial of

ing of the records of Harvey county in

large property holder and owns the only  
complete set of abstract books in this  
county. The books burned were valued  
at \$100,000. A portion of them cannot  
be replaced and it is charged that Rogers  
instigated the courthouse fire to get con-  
trol of the abstract business of this  
county.

Ten days loss of time on account of  
sickness and a doctor bill to pay, is any  
thing but pleasant for a man of a fam-  
ily to contemplate, whether he is a  
laborer, mechanic, merchant or publish-  
er. Jas. O. Jones, publisher of the  
Leader, Mexico, Texas, was sick in bed  
for ten days with the grip during its  
prevalence a year or two ago. Later in  
the season he had a second attack. He  
says: "In the latter case I used Cham-  
berlain's Cough Remedy with consid-  
erable success, I think, only being in bed  
a little over two days. The second at-  
tack I am satisfied would have been  
equally as bad as the first but for the  
use of this remedy." It should be borne  
in mind that the grip is much the same  
as a very severe cold and requires pre-  
cisely the same treatment. When you  
wish to cure a cold quickly and effectually  
give this remedy a trial. 25 and

The Beemer Times has greatly improved of late and the HERALD congratulates editor Goodell.

Poor Cleveland! He has been rolled in the dust of humiliation and has also been sat upon by the U. S. Senate.

The Beatrice starch factory is on top of the California Mid-winter fair with a great display. Nebraska gets there just the same.

The story that the brave old Kearsarge went down on Roncador reef with "her flag flying" is confirmed. Blount was not there. Chicago Inter Ocean.

Senator White, of Louisiana, was appointed to the supreme bench by the President Saturday. The Senate immediately confirmed the appointment.

Post master general Bissell has appointed 2,000 more fourth-class postmasters during the same ten months of his administration than did his predecessor.

These are good democratic times with numberless soup houses train robberies, etc., all for the encouragement of mankind. But there'll be a wakening in the morning.

What was two cents lower Saturday than any time before for seventy-seven years and the outlook unfavorable in other lines, and all this in the face of democratic promises a year ago last fall.

Mary Ellen Lease seems to be the wonder of the world, at least to the newspapers, some of them apparently having a life lease on the use of her name. Out of charity to the people it should be dropped.

The Senate Friday refused to confirm President Cleveland's choice for supreme judge, Wheeler H. Peckman, of New York, and the Hill-Cleveland breach still widens. Democracy is a waning power.

People who have a desire to read up on prophecy might take Cleveland's message to the extra session of Congress, in which he told of the great prosperity which awaited the repeal of the silver purchasing clause. Inter Ocean.

The State University Quarter centennial celebration at Lincoln last week was a brilliant success. Chancellor Candfield has demonstrated his worth in this grand institution of learning and his friends throughout the state are legion.

Col. Bixby of the State Journal says, "the longer men live the meaner they become, and this is unfortunate for the world when considered in connection with the fact the good die young." Of course the colonel had no reference to newspaper men.

In these good old democratic times it is like pulling eye teeth to "love thy brother as thyself," and a minister who can conscientiously preach this doctrine from the pulpit is not anything if not ungrateful, unless he add, if thy brother have plenty of "stuff."

The slot cigar machine will soon be a thing of the past in Iowa if the ruling of the judge in one of the cities of the state is sustained, wherein he ordered the grand jury to indict all owners of said machines. It is understood to be a mild form of gambling.

Have you heard from Pennsylvania? Grow, the republican candidate for congressman at large, carried the state at the election Tuesday by over 150,000 majority, the largest ever given in the state. Republicans made gains in nearly all the cities. It was a chilly day for the democrats.

Northern Nebraska is truly "God's country." All around us traffic was entirely suspended the fore part of the week the result of a terrific snow storm, while in this section merely a few snow flakes fell and a slight falling of the thermometer was all that was perceptible. West Point Republican.

A few hot headed democrats at Nebraska City, who failed to get office, hung J. Sterling morton and son Carl, in effigy in the city park Friday morning. This action is to be deplored, yet it is in accord with Cleveland's Hawaiian policy when Blount hauled down the stars and stripes on the Island.

Governor McKinley in a speech at the Lincoln banquet in Columbus O., February 13, used the following language which will excite much comment by the press: "We are fired of this tariff tinkering, bond-issuing, debt-increasing, treasury-depleting, business-paralyzing, wage-reducing, queen-restoring administration."

A laboring man recently wrote to the State Journal from Marquette as follows: I send you an arithmetical problem very easy of solution, which it would be well for the laboring man of this country to study before they are again called upon to vote on the question of democratic tariff reform. It is this: Two men start out to make a home, the one in America, the other in Great Britain. A works 300 days at \$1.50 per day and buys three suits of clothes at \$20 per suit. B works 300 days at \$1 per day and buys three suits of clothes for \$14 per suit. At the end of the year which will be able to pay the most, each practicing the same economy, A or B, and how much? Explanation: A 300 days at \$1.50 per day \$450, less three suits of clothing at \$20 per suit \$300. B 300 days at \$1 per day \$300, less three suits of clothes at \$14 per suit, \$258. B's remainder, \$258, taken from \$300, A's remainder, leaves \$132. I might add that A could buy a dinner pail or two and still come out ahead of the Britisher.

There is one thing that cannot be disputed and that is there would never have been a beet sugar factory in Nebraska at the present time had there been no state bounty law passed by a legislature. We will patiently await the time when there is a duty on sugar instead of a bounty with sugar free and see which is the most direct benefit to the people, and whether the factories will not raise the price of sugar, to the consumer to much more than make up for the bounty, besides in time reduced the price per ton paid to the producer of beets and the price paid labor. We say, we shall await the time and see which is the best for the farmers and people in and around Wayne who now purchase 18 and 20 pounds of sugar for \$1.00.

There are men far-sighted enough who are not afraid to invest their money in iron and mineral lands for future gain for they can now purchase cheap. They foresee the utter defeat of democracy in the near future, a return to republican principles and an increase in values such as will greatly add to their fortunes. John D. Rockefeller and such men are of this class. His purchasing of the iron mines in the lake Superior region near the city of Duluth accounts for the tremendous republican victory over democracy in that city at the recent majority election where a democratic city was turned into a republican city by a majority of 3,000.

Says the Oregonian: "The country is sick unto death of the 'reform' the democratic party has introduced." So it is. But it will find a remedy in heroic surgery next november. Vaillant threw a bomb that injured a score of men in Paris, and his head rolled in a basket. Cleveland, Wilson & Co. threw a bomb in Washington that produced misery and sorrow to millions and not only one, but many, heads will drop in the basket. The people of the United States are not blind and deaf and dumb, nor are they idiotic.

The reports of the proceedings of the United States Senate published every day do not mention the presentation of a single petition from the people in favor of the Wilson tariff bill, while miles of petitions against it are presented. This is a very significant occurrence, but blind to public sentiment, apparently indifferent to the handwriting on the wall, the Democratic majority plunge right ahead in their work of destruction. Woe to these men when the day of reckoning shall be reached through the polls. Cincinnati Gazette.

**WILL BEAR WATCHING.**  
 As efforts are now being made by the promoters of the Gulf & Interstate rail road to secure money for their enterprise from the farmers of Nebraska, it may be well to let the public know something about the men who are in charge of this enterprise.

It has been widely published in Topeka and elsewhere that the auditor of the company, E. E. Carpenter, was concerned some time ago in a scheme to swindle the government and also a number of capitalists by selling fraudulent land script. Their basis of operations was South Dakota. They opened an office in St. Louis, according to the story, and manufactured land script of the face value of \$1,300,000. A part of this they managed to sell and the government actually accepted, quite a quantity of it in exchange for land before its fraudulent character was discovered. The Topeka Mail says this about the trial and punishment of the men:

In the separate trials of the conspirators in the territorial courts E. E. Carpenter and the man named Russell each were sentenced to two years in the penitentiary. Haverford made a full confession at Sioux Falls. The territorial supreme court arrested the judgment of the lower court in the case of Carpenter and Russell, pending the trial of John D. Cameron, but the jury failing to agree in the latter case, the prosecutions were dropped. The fraudulent acts of the Dakota quartet were not confined to issuing fraudulent scrip if the reports of the government agents are true. Land was entered by the wholesaler through their just title, when the government was defrauded and the large sums of money were realized from the sales of mortgage given on these false entries.

Auditor Carpenter of the Gulf & Interstate railway company admits that

he is the Carpenter mentioned in the foregoing. He also admits that he spent seven years in defending himself in the United States courts and finally escaped imprisonment, as the case was at last quashed, so there is no doubt that he is something of an adventurer, even if he is not actually an ex-convict. It is not likely that the farmers of Kansas and Nebraska will forward money to such men, receiving in return nothing more tangible than a "transportation certificate" entitling the holder to ride over a road that has no existence and that will probably never progress beyond the paper stage. It is even suggested in Topeka that these chaps may be prosecuted by the federal government for sending out circulars through the mails offering their certificates for sale to farmers. It is believed that if the mails were ever used for a fraudulent purpose they are being so used by these manipulators who have opened so-called railroad offices in Topeka, Lincoln State.

**DIED.**  
 From the Manson. (In.) Journal. LEWIS--Ella E. wife of J. L. Lewis, departed this life Thursday, Feb. 8th, at 12 o'clock p. m., aged 23 years, 5 months and 4 days. Cause of death being cerebral congestion.

Although having been in ill health the greater part of the past year, no apprehension was felt, nor was her illness considered dangerous until Saturday preceding her death, after which she sank very rapidly until Thursday night at midnight when she died, surrounded by loving friends.

The deceased was born in Pekin, Taxwell county, Ill., Sept. 4, 1870. The youngest daughter of Stephen and Sarah Woodrow and only sister of Mrs. H. G. Pittenger. In early life she evinced a disposition to embrace religion and at the age of fifteen, entered into full fellowship with the M. E. church. She was married to J. L. Lewis, Dec. 16, 1890. When her little boy was born, her cup of happiness seemed overflowing. But even in that happiness she never forgot her debt to God. As a wife she was a model of loyalty and love. When troubles came and she was tried never as love was tried before, her affections never wavered, but only grew stronger and more intense, until after many months of hoping and suffering, she broke down under its weight and sacrificed her life on the altar of that love that so long sustained her. The funeral was held on Sunday, Feb. 11, at 2:00 o'clock p. m., at the M. E. church, conducted by Rev. W. T. McDonald, of Pomeroy.
