PASTURE FOR RENT—The southwest quarter of 28-27-1 all fenced.

NORTHROP & BURDICK.

LACONICS.

Seed Potatoes at P. L. Miller's.

Fresh vegetables on the market.

Rhubarb pie is now in season.

Did you ever see such fine weather?

The base ball fever has struck Wayne.

Dr. Hammond is reported as very ill.

Harry Working is quite ill with lung fever.

Corbit is knocking the stuffing out of prices.

Sam'l Davies sold 200 daily papers Sunday.

Wm. Henrichs has been quite ill for several days.

Saturday was quite a busy day among the merchants.

See change in railway time table elsewhere in this issue.

The Normal Budget will make its initial bow next week.

That boy of your's needs a new suit get one at The Rack.

A car load of butter and eggs was shipped from Wayne Tuesday.

Del Blanchard moved into the residence of Dr. A. E. Linn Tuesday.

The Baptists celebrated Arbor day by planting trees around their church lot.

A light shower last evening gave an impetus to vegetation and it has made a "ten" strike since.

Some beautiful patterns in Wool Challies, Satens and figured Dimities, just in at Ahern's.

The largest and best line of Furniture in this section of the state at Gaertner's. Call and get prices.

Ray Britton gave a party to a number of her young friends Monday afternoon in honor of her birthday.

The farmers have been industriously engaged in turning the soil over the past week, preparatory to planting corn.

Chas. A. Nye can write you first class fire, lightning and Tornado insurance. Office in rooms 1 and 2 Bressler building.

Dr. W. A. Love has decided to remain in Wayne, and has secured an office over P. L. Miller's store. See card elsewhere.

J. N. Lawrence has moved his residence from near Jones' livery stable to his lots north of Turner & Brenner's here this week. The work was done by S. R. Frazell.

A meeting will be held at Olmsted & Mellor's Monday evening at 7:30 o'clock for the purpose of organizing a bicycle club. All those interested are requested to be present.

A quiet wedding took place Monday night, April 23rd, at 7 o'clock, in the Baptist church, when Burch Clark and Jennie Martin were united in the holy bonds of matrimony.

In an article in last week's issue the HERALD stated that 237 votes were cast in Wayne at the election last fall. It should have read 357. This would indicate a population of 2,500 according to the Wakefield Republican's method of counting.

There is strong talk of organizing a division uniform rank Knights of Elysias, at Wayne with members from Randolph, Bloomfield, Hartington and Pender. If it is accomplished the division will attend the national encampment at Washington in August.

Fred Bartlett and Everett Laughlin from the Young Peoples' Society of the Baptist church and W. E. Howard and Chas. S. Beebe, from the Presbyterian church have been appointed delegates to Y. M. C. A. Conference to be held at Norfolk Friday, Saturday and Sunday. Every church in Wayne should send delegates that will inquire into methods of work with a view to organizing in Wayne.

Beckenbauer has traded his livery business to S. H. Richards for 100 acres of land six miles southwest of Wayne. Mr. Richards who takes possession the first of May has had considerable experience in the livery business and is said to be a courteous and accommodating gentleman, therefore this success is assured. Mr. Beckenbauer will remain in Wayne but has not yet decided just what business he will engage in.

The Turf Exchange supports a new awning.

The largest line of parlor tables in Northern Nebraska at Gaertner's. Get prices on them.

We will be headquarters for garden, field and flower seeds, onion sets, etc.

P. L. Miller.

A drive through the country the first of the week showed that the farmers were all busy plowing.

Chas. A. Nye received a telegram Friday from De Witt, Iowa, announcing the serious illness of his father.

Misses Leona Hunter and Effie and Lucy Buffington will entertain a number of their friends at a May party next Tuesday evening at the Buffington residence.

R. W. Wilkins & Co. have placed a large and handsome Japanese umbrella over their soda fountain from which is suspended a number of Japanese lanterns.

The Ladies Aid Society of the Baptist church will serve strawberries, ice cream and cake Saturday afternoon and evening at the Bressler building, formerly occupied by Mr. Allbee.

The fire department meets the first Tuesday in May, instead of Thursday as mentioned in last week's HERALD. Next Tuesday, night is the regular annual meeting for the election of officers.

Ran Frazier purchased a large amount of corn of Olmsted & Mellor in the cribs at the rear end of Davies book store, and the hum of the sheller has been heard all week. Ran is the heaviest dealer in cattle in Northeastern Nebraska.

Wingert Bros. of Coleridge, were in Wayne the first of the week and have decided to locate here this fall. They are engaged in the business of painting, repairing and tinning roofs, etc. and are said to be first class workmen. The firm expects to be in Wayne at intervals during the summer.

The young ladies of the Baptist church assembled at the home of S. R. Theobald Tuesday evening and organized a young ladies social league. The officers elected were as follows: President, Maggie Gordon; Vice, Nellie Chichester; Secretary, Carrie Kortright; Treasurer, Bathia Norton.

Stock shipments for week ending today: Friday, Ran Frazier, 2 cars of cattle; S. B. Scace one car of cattle; Tuesday, Wm. Greek, 1 load hogs; C. H. Wolf, Carroll, 1 load hogs; Wednesday, Tom Shannon and Weatherford Bros. of Hoskins one load of hogs each.

The concert given by Miss Ellen Beach Yaw has been declared by almost everyone in attendance as the finest entertainment ever given in the city in the music line. Miss Yaw is certainly deserving the laudatory notices she receives from the daily press. Maximalian Dick the violinist is a wonder on the violin. Every number on the program was enlivened.

The following new subscribers have joined the HERALD's subscription list during the week ending today: Magnus Westland, Chester Slaughter, Chas. Weibbe, David Shay, W. S. Myers, Chris Wisenhof, Henry Henrichs, Henry Myers, J. F. Hicks, J. H. Hodson, D. E. Smith, Jacob Weigert, A. E. Linn, Concord, Pa.; G. Harrison. A total of 14 Pretty good for a dull week. What the HERALD means by "new subscribers" is men who have not been taking the paper prior to the time announced as new subscribers.

When Kem comes home to fix his fence and Allen gets his second sense and Coxey's army wanders down the asphalt streets of Washington; when Kelly's forces catch a train, with shelter from the hail and rain, and this new railroad is a go from Winnipeg to Mexico; when Irwin pays the cash he stole and makes the states finances whole, and Birge gets the little chunk they robbed him of for getting drunk; and Rosey settles down again to be a man amongst other men—if this life's not worth living then, I'll have no more of it. Col. Bixby.

E. D. Smith & Co. of Garden Grove, Iowa, have purchased the general merchandise stock of Harrington & Robbins and the work of invoicing was completed last evening. The new firm expects to open up to-day and will at once put in a fine line of groceries and a new stock of dry goods. Mr. Smith comes to Wayne highly recommended as a good citizen and a practical business man and that success will attend the new firm there is little doubt. Mr. Smith goes to Iowa today and will return with his family in about three weeks. Messrs Harrington & Robbins will reside in Wayne for the present but have not decided in what business they will engage. Neal and John Harrington go to California early next week where they will remain a few weeks.

Fire, lightning and tornado insurance Chas. A. Nye.

The rulling order of the day is "keep off the grass."

The latest things in ladies NECKWEAR AND TIES at Ahern's.

Tom Larimer and family left Monday afternoon by wagon, for Texas.

Good prairie land in Wayne county to rent for five years, by W. M. Wright & Co.

Just received a fine line of new baby carriages at very low prices at Gaertner's.

Frank Eppacher, of Randolph is negotiating with A. P. Childs for a half interest in the Democrat.

A girl was born to Mr. and Mrs. Chas. Piele Monday, and Charley was setting up the smokes Tuesday in honor of the event.

Rev. Myers, of Stanton, delivered excellent sermons at the Presbyterian church Sunday morning and evening to large congregations.

F. M. Griffith went to Iowa Tuesday morning to purchase some stock cattle. He has just sold to Ran Frazier the finest herd of black Polled Angus cattle in the county.

The Democrat says, there is no necessity for a second democratic paper in Wayne—true, what is most needed is the first one—yet that is scarcely necessary as there are very few democrats left.

Tower sells the new "Morrison" Sulky Plow, and the "Tip Top" Keystone Steele Planter. Each took the first prize at the World's Fair at Chicago. He also sells the Perfection Disc Cultivator which is a wonder on wheels.

Mrs. W. C. Jones and daughter Maggie, left for Spencer, Iowa, Monday, where they will reside in the future. This estimable family, during their residence in Wayne, have made many warm friends who will regret their departure, but will wish them happiness and prosperity in their future home. Mr. Jones will remain in Wayne for some time to settle up the affairs of Howling & Co.

The Democrat, last week in speaking of Prof. Ashley going to Lincoln got things just a little mixed, and as it might mislead some, and a number having inquired concerning the matter, Prof. Ashley gives us an explanation. Each year a National Educational Association is held, the place of meeting, and all general arrangements for the association being placed in the hands of a committee which is appointed or elected by the association at its business meeting held during the meeting of the association. This committee in turn appoints some prominent educational man in each state as state manager, and, at his suggestion, a committee of general management for the state. The state director for Nebr. the present year is Supt. Pease, of the Beatrice schools who was President of the State Teacher's Association this last year; and the state committee consists of J. H. Miller, Pub. North Western Journal of Education at Lincoln; Prin. J. K. Stableton, of Lexington; Supt. W. H. Skinner, of Nebraska City; J. L. McBrien, Dean of Orleans College, Orleans, and Prin. B. W. Ashley of Wayne. It is the duty of this committee to make all arrangements for railroad transportation and hotel accommodations for those who go from this state; to decide upon the official route, to accompany the delegation and in general look after the interests of the association in the state and work it up. It was to attend a meeting of this committee with representatives of the railroads that Prof. Ashley went to Omaha and Lincoln last Saturday.

Plan for that Trip This Summer.

The state committee have now completed arrangements for the trip this summer to the National Educational Association at Asbury Park, N. J. It is expected that a large company from this state will go on this excursion. From Chicago the company will have a special train over the B. & O. road, via Pittsburg, Washington, Harpers Ferry and Philadelphia to New York. Stops will be made at the principal places along the route. The company will spend one day in Chicago, two days in Washington, and one in Philadelphia going out, and tickets will be good to return until Sept. 1, thus giving parties wishing to visit in the east, an opportunity to take advantage of this excursion.

While the excursion is run on account of the N. E. A. yet it is open to every one. Merchants or business men wishing to go east, parties wishing to visit with friends in the east, those wishing to take a summer trip and see the eastern cities and scenery, all may enjoy its advantages. The excursion will leave Nebr. about July 6th. For full information concerning rates, dates, etc., call or write to B. W. Ashley.

PERSONAL.

Dr. Crawford left for the South Monday.

D. L. Strickland was in Omaha Saturday.

A. F. Brenner was in Sioux City yesterday.

O. H. Bursen went to Sioux City last evening.

Wm. Young was a Norfolk passenger yesterday.

W. O. Gamble was a Norfolk visitor yesterday.

Mr. and Mrs. J. S. French went to Omaha Tuesday.

P. A. English came up from Omaha Tuesday evening.

A. L. Tucker transacted business at Randolph Monday.

Mr. Carpenter transacted business at Sioux City yesterday.

Joseph Maurer transacted business in Sioux City Saturday.

John O'Hara went to Omaha on business Tuesday afternoon.

John Pietz, of Wakefield, visited with his brother Frank, Sunday.

Mrs. Ferguson and Mrs. Olmsted were in Sioux City visitors Tuesday.

P. F. Panabaker, of Randolph was in Wayne on business, Monday.

S. P. Beswick boarded the afternoon train for Sioux City Monday.

A. A. Welch was transacting legal business at Winside Monday.

John Salzwedel, of Randolph, visited with friends in Wayne Sunday.

E. Cunningham was looking after business at Randolph Monday.

F. M. McElrath, of Coleridge was transacting business in Wayne Tuesday.

Mr. E. R. Chace and Mrs. Segworth visited in Stanton Tuesday and Wednesday.

E. E. Adams, of Norfolk, was looking after business interests in Wayne Saturday.

W. V. Coons and Miss Perrine, of Winside, attended the opera Friday evening.

Mrs. Cora Russell, of Wakefield, visited the Howard family Saturday and Sunday.

Miss Fanny Morrey, of Dainesville, New York, is the guest of Mrs. E. D. Mitchell.

Prof. Ashley was transacting business in Lincoln and Omaha Friday and Saturday.

Geo. Maurer, of Sioux City, is looking after business interests in Wayne this week.

J. O. Milligan, of Wakefield, was looking after business interests in Wayne Tuesday.

Mr. and Mrs. E. L. Jones, of Wayne were Laurel visitors Wednesday.—Laurel Advocate.

N. F. Bennett left for West Point, Miss. Monday where he will visit for a short time with his son John.

Editor Swenson, of the Randolph Reporter, made the HERALD office a visit Saturday, on his way to Omaha.

Frank Pingry, of Durant, Iowa, visited with his uncle, J. H. Pingry, of this city, for a few days the past week.

Mr. and Mrs. C. D. Dorr, of Minneapolis, were the guests of their sister, Mrs. A. G. Howard, over night Monday.

Rev. and Mrs. Ernst went to Stanton Saturday where Mr. Ernst occupied the pulpit of Mr. Myers Sunday morning and evening.

C. K. Coleman, of McCook, who was called to Wayne on account of the sickness of his little girl, who was visiting with his brother's family, returned to his home Saturday evening.

Dr. Sigworth and wife of Sanborn, Iowa, James Chace and wife and Chas. McLeod and wife from near Stanton, were guests at the residence of their father, E. R. Chace, Sunday.

Sunday was a most beautiful day.

The HERALD is the only official county paper in Wayne.

Ed. Arnold caught his hand in a corn sheller Friday, crushing it badly and necessitating the amputation of about one-half the hand, which operation was performed by Dr. Williams.

LATER—Mrs. Williams and Love amputated the hand at the wrist Tuesday evening, the crushed condition of the bones of the hand necessitating it.

West Point Republican.—The county attorney, Guy Wilbur, of Wayne county, appeared before the county commissioners with his mustache shaved, off last week, and they required that he be identified, and show his certificate of election. If our county attorney ever became desperate enough to perform such an act, several of our aspiring young ladies would not only require identification, but they would immediately apply for a mandamus compelling him to let his tickler grow again.

Born to Mr. and Mrs. Harrison, Sunday, Apr. 22, a girl.

Winside Watchman.—The Forum, James Britton and W. M. Martin editors, put in its appearance last week. Isn't there some other clique, party, society or something or other that wants a paper to represent it in Wayne?

Drovers Journal (So. Omaha).—L. Wade, one of Wakefield's prominent farmers and feeders, was here yesterday and came in and ordered The Journal sent to his address for the coming year in order to keep posted on this great and growing market.

That \$50,000 color press of the Chicago Inter Ocean is being utilized in a unique and instructive manner by that great newspaper. It is being used to print a "Little Paper for Little People" with four pages in color, and beginning with Sunday, April 29th, this paper will contain the first installment of a childrens story, written especially for it by a Chicago newspaper man, Sam Clover. A unique feature of this story is that it is to be named by Chicago school children after reading. This with the "Musical Supplement," a new art feature, makes The Sunday Inter Ocean a most interesting and welcome visitor for every member of the family.

Womens' Missionary Meeting.

The annual meeting of the Woman's Missionary Society of the Presbytery of Nebraska met at Wakefield April 12th. After the usual opening exercises they were addressed by Rev. Parth, a returned Missionary from China. After the address a solo was very ably rendered by Mrs. Ernst.

At 9:30 the following morning the regular business followed. Delegates were present from eight societies, twenty-four in all, who gave good reports of the work. A gain in the past year of 47 members and \$100 contributed more than the year before. Ponca has the leading society.

The following officers were elected: President, Mrs. Bennett, of Ponca; Secretary, Mrs. Holman, of Emerson; Treasurer, Mrs. Downs, of Pender; 1st Vice President, Mrs. Mears, of Wayne; 2nd Vice President, Mrs. Mathewson, of Wakefield. Mrs. Holman was elected as delegate to the meeting of the Board of the Northwest at Denver April 26th.

The afternoon was given up to the reading of papers on the different departments of work. Mrs. Corbit gave a report of the Synodical meeting, Harkell, of Wakefield, read a paper on the Evangelistic work of the Salvation Army; Mrs. Mathewson, of Wakefield, on Giving; Mrs. Bennett, of Ponca, on Education in Missions. At 4:00 p. m. Mrs. Parth addressed the children, telling them of the children in China.

The evening session opened at 7:30. After music by the choir, Miss White, of Wayne, gave a very interesting talk on Missions, followed by Mrs. Parth, who gave an account of her four years work among the women of Ningpo, China, and how she hoped her health would permit her to go back to China in October to take up her work there again. The meetings all through were well attended and much interest manifested. The visiting delegates were kindly treated by the Wakefield ladies. The next missionary meeting will be held in Wayne in October, and will be of much benefit as it will bring workers from all over the state.

In Memoriam.

Whereas, Divine Providence, in the exercise of omnipotent power and wisdom, has removed from this life our beloved brother, McClellan Jacobs, be it resolved, by Wayne Lodge 118, I. O. O. F.

1st. That in the death of Brother Jacobs, this lodge loses a member who was striving to be a true Odd Fellow and live up to its teachings, ever cherishing Friendship, Love and Truth for a Brother.

2nd. That in his death, his relatives and friends have lost a son, brother and friend who was always striving to be such in its truest sense.

3rd. That this Lodge extend to his relatives its heartfelt sympathy in every way possible.

4th. That the Charter of this Lodge be draped in mourning and the members thereof wear the usual mourning emblem of the order for thirty days.

5th. That these resolutions be spread on the records of the Lodge, given to the newspapers of Wayne for publication, and a copy thereof, attested by the seal of the Lodge, be sent his parents.

Dated April 23rd, 1894.

(G. A. WELCH,
Committee.)
(A. B. BENSON,
R. C. OSBORN.)

P. O. Hours.

To Rent.—65 acres of corn ground, 35 acres plowed. J. Towse.

Our better halves say they could not keep house without Chamberlain's Cough Remedy. It is used in more than half the homes in Leeds. Sims Bros., Leeds, Iowa. This shows the esteem in which that remedy has been held where it has been sold for years and is well known. Mothers have learned that there is nothing so good for colds, croup and whooping cough that it cures these ailments quickly and permanently, and that it is very pleasant to take. 25 and 50 cent bottles for sale by Phil H. Kohl Druggist.

THE OPERA.

Opera, is a musical drama, consisting of airs, choruses, recitations, etc., enriched with magnificent scenery, machinery and other decorations, and representing some passionate action. The name opera is significant in Wayne, large audiences always being assured at an entertainment of this character, and the rule was observed last Friday night when the opera by Arthur Sullivan, "The Pirates of Penzance" was presented by the students of the Conservatory of Music of the Nebraska Normal College under the directorship of Prof. E. M. C. Ezerman. The class had been rehearsing for some time and it was expected that the opera would be well presented, and the expectations were fully realized. Unfortunately Miss Estella Vincent was taken ill a few days before the entertainment and the character, Ruth, a piratical "maid of all work," was taken by Miss Maude Admitt in her stead. Miss Britton did admirably and is to be congratulated on her success, considering that she had but a day and a half in which to memorize the part. Otto Holtz, as "Richard, a Pirate Chief," is deserving of mention. He has an excellent voice, filling every part of the opera house, and with the proper amount of training would win laurels. Miss Clara Philleo assumed the role of "Mable, General Stanley's youngest daughter, in an excellent manner and is to be congratulated, the only defect being that her voice is a little lighter for so large a hall. The rôle of "Frederick, a pirate apprentice," was taken by Frank Gamble, who sang his lines admirably. His voice shows excellent training, and indicates a remarkable musical ability. All that Frank needs is to relieve himself of the stiffness with which he is afflicted when on the stage. George Wilbur, having been taken ill, the part of "Edward, a Sergeant of Police," was taken by George Nangle, who had but a short time to prepare in, but he proved himself equal to the emergency. (Dorr Carroll, "Samuel, the Pirate King's Lieutenant," sang splendidly. The police were out of sight.

To Prof. Ezerman, great credit is due for the excellent work of the class and for the manner in which the opera was presented.

A word of praise is also due to Bertha Armstrong and Messrs. O. Verget, H. A. Barker, R. W. White, VonSeggern and Chas. Steckelberg for the excellent music.

WAYNE, NEB. GOSHORN & MCNEAL, Publishers

BATTLE WITH WOMEN

A SAVAGE ATTACK OF COKE MEN'S WIVES.

Mob of Fifty Furies Charges a Squad of Officers With All Kinds of Weapons and Are Bayoneted and Clubbed.

Bloodshed on Both Sides. Uniontown, Pa., special: The Oliver plant near here was the scene of disorder and bloodshed. A strikers named Michael Fatzko stoned the coke drawers while they were at work. Sheriff Wilhelm and deputies arrested him, when about fifty women assembled and demanded his release. The officers warned the women not to interfere. Then the whole crowd of cursing and screaming women charged the squad of men, attacking them with every conceivable missile and weapon except firearms. Blood was flowing from a number of men in a moment, and when some of them had been knocked down they were forced to fight back. Mrs. Fatzko, leader of the furies, rushed a Deputy Sheriff Richards and an uplifted ax. She evaded the blow and knocked her senseless with a revolver. The cry was raised that she was killed and the bedlam of savage excitement cannot be described. She revived after twenty minutes. When she struck at Richards the other deputies threw off their restraints. Numbers of women were felled with blows from maces, others stabbed with bayonets or beaten with specks of Winchester and the sheriff had great difficulty in preventing the men from shooting them down. The situation is alarming.

PAN-AMERICAN CONVENTION.

President Fisk Issues a Call for a Meeting at Washington. Denver special: A. C. Fisk, president of the Pan-American Bimetallist Association, has issued the following call: "Believing the present an auspicious time to accomplish something substantial for silver, thereby restoring prosperity and contentment among our people, confidence in our rulers and institutions and conferring untold blessings on the human race, a meeting is hereby called to assemble in Washington, D. C., on the 22nd day of May, composed of representatives from the United States, South and Central America and Old Mexico, and all the states thereof, to memorialize the Congress of the United States to restore silver to the nation's right at a ratio not to exceed 16 to 1."

The call then briefly recites the silver legislation and present financial condition of the country and closes as follows: "If there not patriotic manhood and womanhood in the people to call a halt from our rulers? Let their brain, brawn and sinew meet at the Capital of the nation. Let petitions be circulated in every precinct of the land and forward them to the convention until the voice of 40,000,000 people shall resound in the ears of Congress that we may ascertain whether this is in fact a government of the people. Our demands should be respectful, but firm. It is a great and patriotic task. If we but seek divine aid and guidance our efforts will be crowned with success."

Sheep Shorn by Machines. Chadron, Neb., special: At Chadron, Wyo., they have started a new enterprise in this country. Two teams sheep shearing plants, with a capacity of one sheep every five minutes each were successfully started. The machines have been in operation in Australia several years, but have never been used in the United States before. Two hand sheared sheep were put through and yielded twelve and thirteen ounces of wool additional. The machines promise closer clipping and a better grade of wool than can be had by hand work.

Sentenced to Be Shot.

Hartshorn, I. T., special: The new trial granted by Judge Hobson last September to the so-called Choctaw political prisoners was docketed in the National Court for last week. Only one of the prisoners, the alleged ringleader, "Lion" Lewis, was placed on trial. Little defense was offered, and he was sentenced to be shot on May 4. The cases of the balance of the nine original condemned, together with Lewis, were continued until the first Monday in June.

Disastrous Russian Fire.

St. Petersburg special: The woolen mill situated at Ivanovo, have burned. The damage is 1,700,000 roubles. Ten persons were killed or injured during the conflagration and 1,200 people thrown out of work.

Jerry Simpson's Illness.

Washington special: Jerry Simpson, of Kansas, is very sick. His condition is said not to be hopeless, but the dangerous feature lies in the condition of his kidneys.

London Draw a Crowd.

London, Ky., special: Judge George Ward of Bourbon County announces that he will not be a candidate for Congress from the Seventh District. He has consulted his friends and decided against it. A newspaper published in Paris interviewed a number of people whose names were mentioned in the position mentioned. They are all in favor of the Democracy at Paris May 7, and they say they simply wanted to draw a large crowd.

BRECCAE SEVERELY SHAKEN.

Disastrous Earthquake Throughout the Little Kingdom. Athens special: A severe earthquake was felt throughout Greece. The famous old town of Thebes, founded by Cadmus, 1550 B. C. was totally destroyed and the inhabitants are entirely without food or shelter. The present population is 3,000. Aid has been asked for the stricken. The town of Thebes was also destroyed and many lives were thrown down at Atlanta and California. Volvo and Farissa were also considerably damaged. Athens escaped injury.

Some time may elapse before full details of the disaster are obtainable, although every effort is being made to obtain accurate information on the subject. Later information shows that in some districts there has been great loss of life. The inhabitants everywhere have been alarmed by fresh shocks, and it is feared that the worst has not yet been felt, as the weather continues close and misty. The shocks injured the northern wing of the castle here in several places. A large stone fell out of the gate of Hadrian. But the general damage to the city and environs, the port of Athens, was slight, and there has been no loss of life here. The villages around Atlanta have suffered terribly. Larvini, Proskina, Melesina, Mazi, Pella and Martino are in ruins. Serious damage has been done at Chalcis and at several villages on the island of Euboea.

Conflicting stories are told as to the loss of life. The Government has sent a warship to Topos with 500 tents, a large number of surgeons, a detachment of engineers and supplies of food for the destitute.

PAST WEEK IN TRADE.

Labor Troubles and Congressional Delay Depress Business. New York special: Bradstreet's Weekly Review will say: "With the exception of a prospect for a still further extension of strikes and other labor disturbances, no plainly retarding influence is manifesting itself. The week furnishes eleven shut downs of important industrial establishments more than offset by resumption at thirty-two others. The announcement that 200,000 coal miners will strike this week has occasioned uneasiness among manufacturers at many central and western cities. At Chicago labor troubles are seriously affecting the building trades."

Exports of wheat, flour included, both coasts this week amounted to 3,919,000 bushels against 3,063,000 bushels last year. Duluth, Minneapolis and St. Paul report hardly as favorable trade conditions as the preceding week. Milwaukee and Kansas City announce a considerable improvement in the jobbing demand, and in several instances among manufacturing industries. At Omaha trade is checked, due to a revival of farm work. No material change is reported from Chicago or from St. Louis.

ABOUT 125,000 MINERS OUT.

President McBride's Estimate of the Number of Strikers. Columbus, Ohio, special: President McBride of the United Mine workers, submitted revised estimates of the big strike. It shows that more men struck in the competitive districts and fewer in the outlying districts than anticipated, but the total number of men out is 125,000. In Illinois, he states, there are 24,000 out of the 35,000 miners idle; in Indiana, 8,000 are out of about 8,000; and in West Virginia, 2,000 are out of 9,000. Conventions will be held in Illinois, West Virginia, when efforts will be made to bring all the men into line. There seems to be no doubt that the suspension in Ohio and western Pennsylvania is about complete. The organizers are most active in West Virginia and Illinois. National Secretary McBride having gone to the latter place to address meetings. No reports have been received of any disturbances.

Whips For Texans.

Muncie, Ind., special: Superintendent of Police Miller supplied several members of his force with rawhide whips to be used on tramps. The officers soon found a crowd of tramps at the railroad station and took after them. The pursued men started past on the Lake Erie and Western Railroad on the run, with the police at their heels, the latter using their whips at every jump. The tramps pleaded for mercy, but in vain. One of the officers was so violent in wielding his whip that he drew blood from the back of the tramp he was beating.

Wisconsin's Gold Mine.

Grand Rapids, Wis., special: "For several years a Chicago syndicate has been quietly buying farms at a point a few miles from here. The object of the syndicate was unknown until recently when the fact leaked out that gold and silver had been discovered on the property, some time since. It is believed from the expenditures made that the ores are expected to pay well."

Bought the Vigilant.

New York special: Geo. Gould says that he and his brother Howard have bought the Vigilant for \$25,000. They had no plans for the future, he added, but they would race it if they got an opportunity.

A Sick Ex-Governor.

McKinney, Tex., special: Ex-Gov. Throckmorton is critically ill with kidney trouble and is not expected to live longer than a couple of days.

GOOD WHEAT OUTLOOK.

More Than an Average Crop Promised in Winter Wheat States. Toledo, Ohio, special: C. A. King & Co. of this city say: "During the past four days we have received replies from 3,248 reliable grain dealers and millers, covering every important wheat county in the six principal winter wheat states, which raise two-thirds of the winter wheat crop of the United States. The present prospect is that the winter wheat crop in the six states will be somewhat larger than an average one. Of the replies received 498 dealers report the outlook excellent, 1,378 say good, 796 an average, 428 a trifle below an average, 144 say poor, while only 34 say half a crop. Indiana has the best and a very good prospect, especially in some of the larger wheat counties. Ohio promises nearly as well, while Missouri and Illinois follow, each saying above an average. Michigan and Kansas have only an average prospect."

The acreage sown last fall was smaller. The amount of winter wheat killed, including what was damaged by the late freeze, was less than in winter before, for 1,648 report no damage; 502, a sixteenth; 508, an eighth; 212, a quarter; 419, one half; 78, a half of the average destroyed. There is less old wheat remaining in the interior than a year ago. One-third say there is about the same amount; a sixth report an eighth to a quarter more, while a quarter report a half less, and a quarter say an eighth to a third less. Ohio has the largest stocks. Indiana, Illinois and Missouri have small stocks. A majority of the farmers are disposed to sell before another harvest, while only a fifth will carry all over.

ANATEDATE CLIFF DWELLERS.

Mummies of the Prehistoric Race Discovered in Utah. Salt Lake special: Charles C. Lang, an explorer from Pittsburgh, and Robert Allen and J. P. Neilson of San Juan County, Utah, have arrived in this city with several well preserved mummies, discovered by them beneath the ruins of cliff dwellers' houses in southeastern Utah. This is the most important discovery of prehistoric remains ever made in that mild and inaccessible region. These mummies are in an extraordinary state of preservation, which is accounted for by the entire absence of moisture from the atmosphere and earth in that district. Among the collection is a male of giant stature, two females and two boys. They are not bodies of the cliff dwellers, but some race who lived before them, as they were found under the ruins of the cliff dwellers' habitations, and their hair is reddish instead of black, as with the cliff dwellers. Besides, the skulls are shaped like the Caucasian instead of flattened at the back like the skulls of the cliff dwellers. The bodies are covered with a very curious matting or blanket of wool and feathers, then packed around with cedar bark. Within them were found evidences of the existence of hundreds of turkeys. So well preserved were the bodies that it could be told that one lay met, a violent death. The moustache is still on the face of the giant and the course of a vein may be traced in the arm of the woman. Local scientists are greatly interested, and all agree that they are the bodies of a race antedating the cliff dwellers.

GREAT STRIKE OF MINERS.

From One to Two Hundred Thousand Men Will Quit Work. Pittsburg, Pa., special: "The next great coke strike will be inaugurated. Opinions differ as to the number of men who will be engaged in it, but telegraphic reports indicate that the number will be between 100,000 and 200,000 men. The strike will be confined to the bituminous coal region of the United States. Manufacturers and foundry owners are greatly alarmed and do not credit the assurances from the operators that the strike will be of short duration, and therefore they are securing all the coal they can. While the anthracite diggers will not be called out at present, it is considered that in case hard coal is used to run steam where bituminous fuel is now employed, that region will be rendered inoperative by a strike. There are about 40,000 miners employed by the four companies which control the anthracite region. To those on the inside of the organization a successful strike is not the object of the suspension, but it will have the desired effect, that is, a conference of operators all over the country, which will result in higher wages to miners and more money to the operators."

A Boy Bandit.

Fort Smith, Ark., special: Among the fifty-six federal prisoners taken to Brooklyn, N. Y., by United States Marshal Crump in his last batch was the youngest bandit ever arrested in this district. His name is Jim Rogers, and he is 13 years old. He was convicted of holding up the postmaster at Hayden, I. T., at the point of a Winchester and robbing the postoffice. He gets three years in the reform school.

Foundered at Sea.

San Francisco special: The schooner Dauntless foundered on the rocks at the mouth of the Klamath River, on the north California coast, on the 19th. Capt. Marquess and Seaman Thompson and crew, and Avery Edson, a boy, were drowned.

Henry Rice's Will Unbroken.

St. Paul, Minn., special: The will of the late Henry M. Rice was sustained by Judge Oliver, thus knocking out the claims of the alleged legal heirs by an Indian marriage.

A MEETING CALLED.

IRRIGATION CONVENTION TO MEET AT MCCOOK.

The Committee Working to Make the Gathering There a Success—Receiver Hayden of the Defunct Capital National to Pay a 5 Per Cent. Dividend.

Irrigation Convention Called. The executive committee in charge of the arrangements for the irrigation convention to be held at McCook on the 23 and 24 of May, meets with encouragement everywhere. The Burlington road has made a rate of one fare for the round trip on the main line and all its branches west of Hastings and Red Cloud in Nebraska. The Commercial Club of Omaha will send a strong delegation, including its president, W. L. Gibson, Dr. C. C. L. Miller and J. E. Riley. The committee is receiving letters of inquiry every day, from Lincoln, North Platte, Hastings, Orleans and other points in the state as to date and the aim and purpose of the convention. It is the purpose of the committee to make the convention a school of irrigation to exhaustively discuss and elucidate the irrigation capabilities, requirements and methods required to develop the vast interests of that section in that direction. How to prepare the soil and plant the seed for intensive farming, and how to apply the water to the growing crops in order to obtain the best returns, together with the yield of irrigated lands, will be among the topics discussed. It can be emphasized by actual practical irrigation farmers. It is intended to discuss new methods and introduce new machinery for irrigating small valleys not under a ditch. It will be a mass convention, to which the entire sum of money in the subject is invited. The very low fare which the Burlington management has made makes it possible for everybody to attend. C. J. Ryan is chairman and J. E. Le-Hew secretary of the committee.

RECEIVER HAYDEN TO PAY A 5 PER CENT. DIVIDEND.

Receiver Hayden has commenced to unwind the ball of red tape, and when he reaches the center the depositors of the defunct Capital National Bank will receive checks representing their share of claims. He has forwarded the checks to the Comptroller of the Treasury at Washington some time ago. This is made necessary by the business methods of the Comptroller's Department. All money collected from the estate of the bank is at Washington in the custody of the Comptroller. When a dividend is to be paid the receiver fills out blank checks furnished him for the purpose and forwards them to the Comptroller, who signs them and sends them to the parties entitled to them. They can then cash the checks at a local bank or send them to Washington for collection. Receiver Hayden has forwarded just 1,001 of the checks to Washington and they call for about \$40,000. This sum does not, however, represent the entire sum of money in the hands of the Comptroller, as that official holds \$50,000 in reserve to meet preferred claims ordered paid by courts.

Receiver Hayden has been proceeding vigorously against the bank's debtors and hopes to collect quite a sum of money, which may be turned over to the depositors. He still has property of securing the Mosher residence home. He has found a large number of check stubs which go to prove that the bank's sum of money is being used in rebuilding and refurbishing the magnificent residence were really drawn from the depositors of the Capital National Bank, instead of being furnished by Mrs. Mosher, as has been claimed recently. He has also found some real estate belonging to the bank, which he is now endeavoring to recover. The gas stock held by Mosher and Outcalt, Mosher held 2,589 shares, the face value of which is \$25,000, while Outcalt held \$94,600 worth. The courts have ordered the Lincoln Gas Company to transfer its stock offered for sale except upon orders of the court. Before the litigation is ended it will be necessary for all holders of Lincoln Gas Company stock to prove to the satisfaction of the court that they are legally entitled to it.

Irrevocable Deed of Firemen.

A NAPHTHA tank was discovered on fire on the Union Pacific Track at Fremont, causing consternation to the whole neighborhood. It had leaked over the top and children playing near it set the drippings on fire. The fire department was called out, but no water was turned on. People in the neighborhood were warned that an explosion was momentarily expected. At this juncture two brave firemen, George Mayer and George Saeger, seized a blanket, and, climbing upon the car, smothered out the flames.

Rescue Chautauqua Programme.

The Beatrice Chautauqua Association makes the announcement through the printed papers of its programme for the year's assembly, the dates of which will run from June 1 to July 4 inclusive. The list of attractions include such celebrities as Joseph Cook, Frank Bland, James Clement Ambrose and many others. On July 4 a discussion on "Protection against Free Trade" will be held.

Massachusetts and Hon. Mr. White of Chicago.

Notorious Ranchman Committee Sailed. GEORGE GOVILL, a ranchman, residing at Kansas, and his two sons, a respectable wife and died at once. Govill is the man who shot and killed Dayton and Rivers, two neighbor ranchmen, two years ago. He is also thought to be the one who killed a man by the name of Shelly five or six years ago and threw the body into the Niobrara River, where it was found a few days afterward.

Court House Bonds Decried.

The voters at table for the purpose of bonding Antonio C. C. in the sum of \$45,000 for the erection of a Court House resulted in a defeat of the bonds. It is the verdict of the people that the town that wants the county seat must build the Court House.

Slot Machines Just Go.

At Lincoln, Chief of Police Cooper issued an order requiring the removal

of the nickel-in-the-slot machines

which have been set up in so many of the public places in the city. There has been a call for these machines in Lincoln lately. One man has placed twelve machines in as many saloons and cigar stores, and his profits are estimated at from \$4 to \$5 per day on each machine. The city officials are opposed to these machines making an emphatic protest against the use of the machines, denouncing them as gambling devices pure and simple. With the disappearance of these little machines the people of Lincoln will have a "Municipality for the twenty-first century" but the church contribution plates. The photographs, which a year or two since stood around in everybody's way, have been taken out some time since.

Wants More Time to Settle.

The long delayed action on the part of the County Commissioners at Hebron was instituted against ex-Treasurer A. D. Werner a day or two since, to make good to the county the sum of \$5,949.72, the shortage in his accounts to the county as reported by C. A. McCloud, its examiner. H. Scott, attorney for the ex-treasurer, appeared before the board and requested thirty days more time in which to make good his shortage, as he thought in that time his client could produce further expert testimony to establish that he is entitled to the sum of \$7,535.18, amount represented by jail work taken out of cash from his predecessor, and erroneously charged. The request for further time was denied.

Disatisfied With the Settlement.

The County Commissioners at St. Paul decided to grant the defaulting county treasurer, S. W. Gurner, six months additional time to make up his shortage. The remaining shortage is \$18,700. Gurner has assigned some notes he holds and transferred some real estate in trust for the county, the value of which, however, is very doubtful, and there is now considerable dissatisfaction with the action of the commissioners, as many believe that Gurner has had sufficient time to arrange matters, and having failed to make good the large shortage, action should now be commenced against him and his bondsmen for recovery of the shortage.

Nebraska Briefs.

ELM Creek citizens have organized a Board of Trade.

CRAIG wants telephone communication with Omaha.

The Custer County Teachers' Association will meet at Callaway April 28.

The Box Butte County Irrigation Association has been formed at Alliance.

The date of the Jefferson County Fair has been fixed for September 13 to 21.

S. A. HEWINGS & Co., grocers of Wayne, have been closed by their creditors.

The Military Band of Pawnee City has leased the Opera House for the next year.

A LODGE of the Brotherhood of Track Foremen has been organized at North Platte.

ATKINSON citizens are proud because the vote of their town doubles this year over last.

JOHN STAHLCKER, jr., of Basin City went out hunting on Sunday. The doctors think his arm can be saved.

TWO TOES are missing from the foot of Grant Cochran of Wallace because he stepped a shotgun over his proleg extremities.

CONSCIENCELESS sneak thieves at Fremont stole a calf from a widow named Hanou, whose only support was taking in washing.

HARTINGDON is enjoying a building boom this spring, and new structures are reported as springing up like mushrooms in the night.

A SLAB caught in a circular saw on Ed Bell's farm near Tecumseh, had just cut through the leg of John Marsh as to break his leg above the knee.

THERE is a probability that the Free Methodist Church will purchase the Nebraska Central College Building at Central City and establish a school in the building.

GREAT preparations are being made by the engineers of North Platte for their twelfth annual May party, and the indications point to its being a great success.

Mrs. DAVID BUCK of Gibson, who had been harassed from the Insane Asylum as cured, took a dose of concentrated lye and died after suffering tortures for a few hours.

The location of the next reunion of the north Nebraska district Grand Army will be decided at Plainview on May 7 when the Central Committee will meet and give its decision.

A FALL from a windmill lower cost Henry Jacobs, the son of a farmer near Bolldwood, a lot of pain and the fees of a doctor for repairing one broken arm and several fractured ribs.

THE NATION'S SOLONS

SENATE AND HOUSE OF REPRESENTATIVES.

Our National Law Makers and What They Are Doing for the Good of the Country—Various Measures Proposed, Discussed, and Acted Upon.

During the session of the Senate after some discussion on the 17th it decided to continue debate on the tariff bill until the 21st, when the bill will be taken up by paragraph. The bill has long been moving to take up the free list first. The Senate then went into brief executive session and decided to consider the Chinese treaty in operation. Mr. H. C. Sawyer, in open session, Mr. Laurin began a tariff speech. At the conclusion of the debate on the tariff Senator Lodge offered a proposed amendment to the tariff bill which would take effect on the 1st of July, providing that those duties should remain in force until Great Britain had treaty in operation. Mr. Sawyer, in a discussion with the United States for the coinage and use of silver.

The entire time in the House on the 18th was devoted to debate on the consular and customs bills. The House has a wide variety of subjects and at times was brim full of interesting personalities. The Hawaiian policy is the present administration's first order of business. The appointment of Van Alen as Minister to Italy provoked a very extended discussion in operation. Mr. H. C. Sawyer, in the appointment, countered on the Harrison administration by detailing the history of the \$400,000 campaign fund raised by ex-Senator Charles H. McNary. Mr. Sawyer, in the day Mr. Wise took up the authorship of gorum counting as a parliamentary filibustering expedient and quoted from the records of the Senate. The bill in this line was offered by J. Randolph Tucker of Virginia, Democrat, in 1850. When it was vigorously opposed by Mr. H. C. Sawyer, the speaker of the House, the ex-speaker's fame by striking out of the record showed Democratic opposition to the gorum counting rule in the first place. The speaker of the House, in opposition, Mr. Grover concluded the debate for the day with some remarks about the manner in which the Wilson bill was introduced. When Grover finished, the committee rose and the House adjourned.

The bill authorizing the erection of a stone bridge across the river between Minnesota and Wisconsin was passed by the Senate on the 18th. Senator Palmer gave notice that he would speak on the bill. The speaker of the House, Mr. Grover, then took the floor in opposition to the tariff bill and was listened to with close attention throughout. Senator Palmer then took the floor in support of the bill, but prohibiting the issue of money by state banks to any other corporation or person except national banks. Senator Grover followed in support of the tariff bill. Senator Cameron then took the floor in opposition to the bill. Next Senator Quay continued his speech commencing with the words "The tariff is the life of the nation." He followed with a speech which was agreed to, and afterwards the Senate adjourned.

In the Senate on the 19th the conference report on the urgency doctrine bill was presented. The House had agreed to all the Senate amendments except striking out the word "and" for an instruction of the Senate. The Senate committee reported the bill. The report was agreed to. Senator Gallagher's resolution calling on the Secretary of the Interior to report on the status of all changes in regulations in their departments since March 4, 1893, was passed. Senator Peffer stirred up a hornet's nest by offering a resolution to amend the committee to receive the petitions of Coxey's army. He made a speech in his support declaring that the time is critical and that the people of the United States are in a perilous position. He offered a resolution to amend the committee to receive the petitions of Coxey's army. He made a speech in his support declaring that the time is critical and that the people of the United States are in a perilous position.

After the transaction of routine business in the House on the 19th the House adjourned for the appointment of a reception committee for Coxey's army. Coxey's army, Senator Hawley said the speech of Senator Peffer was a masterpiece of oratory. He urged the House to go forth as representatives in any debate the views of the Senate. He criticized Allen for his reference to the commonwealth of Massachusetts in his speech. He also alluded to the fact that the House had adjourned for the purpose of receiving the petitions of Coxey's army. He said there were many other things in the speech of Allen which he would like to mention. He was about to reply, but the hour of 11 o'clock having arrived, the resolution was voted and the tariff bill was laid before the Senate. The Senate will take up the bill. He was followed by Senator McMillan in opposition. Senator Dolph followed in a speech against the bill. Before the adjournment of the Senate on the 19th, the House adjourned and afterwards adjourned.

SCIENCE NOTES.

A COMPARISON of the cost of gas and electric lighting in seven German cities shows that the latter is from 25 to 30 per cent. higher.

JAPAN has one of the best engineering schools in the world, and is beginning to manufacture creditable electrical machinery.

PETROLEUM, by a course of experiments made by the Prussian Government, is proved to be a very reliable scale for winter in steam boilers.

The Indian Government is building a laboratory at Calcutta to thoroughly investigate the properties of snake venom and test cures for snake bites.

ZOOLOGISTS claim that the strength of the lion in the fore limbs is only 60 per cent. of that of the tiger, and the strength of the tiger is only 45 per cent. of that of the lion.

A SERIES of experiments is to be made at Yale College to determine the relation of the nerves to the muscles of the human body and test a new theory that strength depends less upon the size of the muscle than upon the strength of the nerve.

It is maintained very stoutly, by expert electricians, that the only satisfactory battery is, after all, a success for commercial work; that the new processes for manufacturing them have cheapened their cost and that in train lighting they are greatly superior to any other economical. It is estimated that 85 per cent. horse-power is the annual cost of the accumulator.—Inventive Age.

GRAINS OF GOLD.

THE public is wiser than the wisest courtier. TYRANNY and anarchy are never far asunder.

MEETING AT OMAHA.

GEN. KELLY'S SYMPATHIZERS SEIZE A TRAIN.

The Commissioner Fears the Government and Trucks to Accept—Railroad Officials Order Strikers to Turn Up—Coxey Movement Becoming Serious.

For ten hours Friday 25,000 men of Omaha, Council Bluffs and South Omaha had ready to go to any end to help Kelly's army. Mass-moatings were held in all parts of the city.

From one to another appeals were made to the railway officials, to Gov. Jackson and to other sources, and finally a train was taken by a committee of railroad men to the camp at Weston.

At about 3 o'clock word was passed around that unless something was done before 4 o'clock a move would be made on the railroads.

When the Rock Island depot was reached there were nearly 1,000 women in the crowd. They were ordered to get out of the depot.

When the news reached Weston that a train was coming over the Rock Island tracks to rescue Kelly, Agent Chittenden sent for the section boss.

When the news reached Weston that a train was coming over the Rock Island tracks to rescue Kelly, Agent Chittenden sent for the section boss.

When the news reached Weston that a train was coming over the Rock Island tracks to rescue Kelly, Agent Chittenden sent for the section boss.

When the news reached Weston that a train was coming over the Rock Island tracks to rescue Kelly, Agent Chittenden sent for the section boss.

Replies were received from the messages to the railway presidents denying the request, and then the conference between the citizens' committee and the railroad officials ended.

WANTS AN INDUSTRIAL ARMY.

For the Equipment of 500,000 Men—Resolutions of the Capital.

Washington, D. C., Representative Davis (rep., Kan.), has introduced in the House a bill directing the Secretary of War to immediately enlist 500,000 men in an industrial volunteer army.

The bill provides for the equipment of 500,000 men in an industrial volunteer army.

The bill provides for the equipment of 500,000 men in an industrial volunteer army.

Oh! how bad the people want to vote.

Congress is now in a condition to transact business. Will they do it?

A large number of democratic papers throughout the country are urging congress to adjourn.

The populists will attempt to drag Judge Maxwell before the people to head the gubernatorial ticket this fall.

This is indeed an interesting age of "good old democratic times." May the Lord deliver us from the "wanted" a change.

Last Friday the first commonwealth army numbering 400 reached Washington from Philadelphia. The only thing denoted was the defeat of the Wilson bill.

One hundred thousand coal miners struck in Ohio, Illinois, Indiana and Pennsylvania Saturday and Monday, and yet this is a democratic administration.

It is now conceded that State Auditor, Eugene Moore, and Treasurer Jos. Bartley will be renominated by acclamation at the republican state convention.

J. T. Malahan, of Kearney, Hon. Fred H. Dorrington, of Dawes county, and Hon. M. P. Kinkaid, are candidates for the republican nomination for congress in the "Big Sixth."

That Governor Jackson, of Iowa, acted hastily in the matter of calling out the state militia, there is no question, but other than a slight expense to the state no harm resulted therefrom.

The present congress will be known in history as the "democratic industrial army with plenty of strikes and 'Clear' Reed's rules adopted by speaker Crisp, congress and instigator of these "good old democratic times."

With armies of laboring men out of employment marching on to Washington, and strikes everywhere, the democratic promises of two years ago have materialized with a vengeance on the wrong side of the ledger.

The "omnivorous" west has no kick to make on "brave, manly, large hearted Tom Reed." The west will take all it can and makes no secret of the fact, but the republican party of the west believes in Tom Reed. -York Times.

General Kelley's industrial army met with trials and tribulations at Council Bluffs but they never wavered. The army left there Sunday and many people witnessed their departure. Wagon loads of provisions and considerable money was presented by the citizens of Omaha and Council Bluffs.

It has been stated within the last few days that the democratic nomination for congress in the third district will go to Columbus this year. Judge Robinson, it is said, has a longing for the congressional chair, but as Senator Allen is from the same town it settles the matter, so far as Mr. Robinson is concerned, and he will again be a candidate for Judge. This will track Col. James Britton's aspirations into a cocked hat.

Edward Rosewater, editor of the Bee was sentenced to imprisonment for 30 days and to pay a fine of \$500 for contempt of court, by Judge Scott Tuesday. The alleged offense committed by Rosewater was in allowing to be printed in the Bee a local article in which it was stated that there was certain young parthality shown to certain criminals in the district court, as if two men caught robbing a railroad depot the poor man was sentenced to prison and the son of wealthy parents was given his liberty without the case coming to trial; Rosewater was confined behind the bars of the Douglas county jail six hours before the state supreme court granted a supersedeas, releasing him until the case can be retried by a higher court.

In the recent campaign in Rhode Island the democratic committee conceived to make the income tax the chief card in the election. They issued hundreds of circulars to "ignorant" everywhere in the state, claiming that this policy of sucking it to the rich man and forcing him to pay the most of the taxes was a democratic idea and that the poor man and the workingman ought therefore to rally to the standard of democracy and vote the straight ticket. The result was the virtual annihilation of the democratic party of Rhode Island.

The poor man of Rhode Island is a great deal more interested in measures that will enable him to make a decent income than he is in taxing people who happen to have a bigger income than himself. And the other end of the bill in which he finds the income tax is devoted wholly to the work of destroying the industries by which so many workmen of Rhode Island have been making a comfortable livelihood and educating their children, and letting in the products of the cheap labor of Europe to free competition with their product in the American market.

To offer them the blessed privilege of seeing people with an income of \$1,000 or upwards taxed two per cent on it did not seem to be a very stomach filling compensation for the reduction of their own incomes from 30 to 100 per cent, not for the benefit of the government but for the enrichment of foreign manufacturers. And he is all kinds of a fool who supposed that it would.

J. H. McColl, of Lexington, has at last acceded to the demands of his friends and consents to be a candidate for governor. This action on the part of popular "Jack" will be well received by republicans all over the state, and no one will have the temerity to say that his nomination does not mean an election by 20,000 plurality. There will however, be quite a contest in the convention for the nomination, as Tom Major's hustling backers will undoubtedly make a strong fight for him, a fact that McColl's friends fully appreciate and will be ready to meet. North Platte Tribune.

In all the years of republican rule in this country it never seemed necessary for hungry men to band themselves together for the purpose of a trip across the continent to plead with the president and congress for a chance to earn bread. The republican policy has always been to keep the avenues of profitable employment wide open. Democrats stupidly closed the gates and look at us now! -State Journal.

Kelly's army was split in two at Atlantic, Iowa, "Col." Speed of the Sacramento division having been court martialed and reduced to the ranks for having refused to obey Kelly's orders. About 300 men declared for Speed, and he was elected general and follows in the wake of General Kelly.

Ex-speaker Reed never dared expect that his quorum rule would be adopted in a democratic congress with a majority of ninety, but it was.

Does anyone in your home or one of your neighbors read German? Kindly tell them that the Freie Presse, the best German paper in the west, may be had at our office for 50 cents a year, regular price \$2.00. This offer is limited to subscriptions received before July 1st, 1894.

Those who never read the advertisements in their newspapers miss more than they presume. Jonathan Kenison, of Bolan, Worth Co., Iowa, who had been troubled with rheumatism in his back, arms and shoulders read an item in his paper about how a prominent German citizen of Ft. Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad he had to do the cooking. I told him of Chamberlain's Pain Balm and how it had cured me, he got a bottle and it cured them up in a week. 50 cent bottles for sale by Phil H. Kohl druggist.

If you wish to be insured in the best insurance company you will do well to call on Chas. A. Nye.

I will pasture cows and horses for \$2.00 per head beginning with the first of May, payable monthly in advance. S. B. SEAGER.

Stray Notice. Taken up at my farm eight miles south and four miles east of Wayne about April 1st, one bay horse pony, with white spot on forehead. Owner can have the horse by paying for this notice and feed bill. P. HAWLEY.

Notice. Notice is hereby given that on the 2d day of May, A. D. 1894, I will apply to the Governor of the State of Nebraska, for a pardon of James Harker, now confined in the penitentiary under sentence of the District Court of Wayne county in said State, and in the 9th Judicial District thereof, the said James Harker having been convicted of the crime of burglary and the date of said conviction being the 2nd day of October, 1893. Dated, Wayne, Neb., April 18, 1894. J. W. HARKER.

Inter-State Fair. Editor Wayne Herald: The reference you made in last week's paper to the Interstate Fair to be held at Sioux City, Iowa, the coming fall is worthy the earnest thought of every farmer, and business man in Wayne county. Twenty five years ago next month, my wife and I began a pioneer life in this county and raised our first garden by cultivating a small piece of washed land along the Logan creek. Our success demonstrated the fertility of the soil, and since then I have seen crops of various kinds raised in the county, and never has there been a total failure from any cause. With this evidence of the certainty of crops, is it not possible for the farmers to raise such a crop this season that an exhibit of their various products would establish the fact, when they place them in competition with others at the fair, that Wayne county has been, is and will be, the banner county in a radius of 100 miles of Sioux City? But talk alone will not do it. Hard, earnest work must be done and done systematically. The tiller of the soil must begin by preparing his ground specially well, and then see that only the choicest and most perfect seeds are planted, then with watchful care keep down foul weeds and be diligent in cultivation, in fact he should exercise the same care in dressing up his garden and farm, as he would himself to go to church for a good purpose on Sunday. I would suggest as a starter, that a meeting be called to meet in conjunction with the members of the Wayne county fair association, and the necessary committee be appointed to take up the work, systematically, of preparing an exhibit. I would further suggest that each precinct be fully represented by a sub-committee, who will look especially after products of their respective precincts, and thus if possible get up a competition as to the best and most enterprising precinct in the county. In many instances the same exhibits can be used at both the county and Interstate fairs, and double premiums secured. The mechanic and manufacturer, and representatives of other industries, must remember they have a "cut in" as well as the gardner and farmer, and must see to it that their departments are fully represented. Believing the enterprising people of Wayne county will look well to their laurels in the matter of the Interstate exhibit, and act promptly, I remain, Respectfully Yours, R. B. CRAVERD.

T. B. Heckert, Dentist. Garden seeds, garden seeds at J. J. Brady's.

Porter and ale on draught at the Tuff Exchange. Plymouth Rock and Hamburg, eggs for hatching, for sale by Bert Cook.

If you desire all the county printing consisting of commissioner's proceedings, road and bridge notices, treasurer's statement, tax list, etc. Subscribe for the Herald.

Wakefield Republican: Frank Northrop, of Wayne, and W. M. Lessman, of Logan township, have started a horse ranch on the old Henry Hinds place, now the property of Mr. Northrop. They have now on the farm thirty head of horses and colts, which number will be increased by the addition of good young stock from time to time. Mr. Lessman informs us that he has had no trouble in disposing of what animals he wanted to sell at a fair profit even during such times as the past year. He finds a demand existing for the better class of horses and aims to satisfactorily meet it. It pays now and will pay better in the near future to raise good horses - not "gambushanks."

Garden Seeds. Garden seeds by the wagon load in bulk or package and in endless variety at J. J. Brady's.

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the symptoms of the disease appears. 35 and 50-cent bottles for sale by Phil H. Kohl, Druggist.

RUDY'S PILE SUPPOSITORY is guaranteed to cure Piles and Constipation, or money refunded. 50 cents per box. Seal stamp for circular and free sample to MARTIN RUDY, Lancaster, Pa. For sale by B. J. Kass, druggist, Wayne Nebraska.

ONLY TWO MORE EXCURSIONS The Illinois Central Railroad will run two more Southern Home Seegers' Excursions to points in Kentucky, Tennessee, Mississippi and Louisiana, leaving Sioux Falls at 7:10 p. m.; Sioux City at 8: p. m.; Omaha, 3:15 p. m.; Lyle 3:00 p. m.; Cedar Rapids, 5:00 p. m.; Mondays, April 23 and 28, Dubuque, 7:30 a. m., Tuesdays, April 24 and May 29, at a rate of One Fare for the Round Trip, tickets limited to 20 days and good for stop overs south of Cairo in both directions. April and May are both good months to visit the south, particularly the month of May, when crops are growing and farmers can judge as to the productiveness of the soil and the variety of the products grown. For further particulars address the undersigned at Manchester, Iowa. J. F. MERRY, A. G. P. A.

THE COUNTY NEWS.

And Other Correspondence.

CARROLL NEWS.

John McConnell is here from North bend.
O. O. Wilhelm has put in a full stock of groceries.
J. M. Hartley was a Wayne passenger Wednesday.
Thos. Bell was in Belden on business last Wednesday.
Leondorf Gardner was a Wayne passenger Monday afternoon.
C. H. Wolf was on the Sioux City market with logs Wednesday.
J. R. Manning and John Morris were Wayne passengers last Thursday.
R. S. Eastman is here visiting his daughter, Mrs. Dr. K. R. Northrup.
J. R. Manning and attorney Berry were Wayne passengers last Saturday morning.
William James left for Wales, his old home, to be gone for a few months visiting.
The parents of J. D. Jones, near Carroll, are here from Red Oak, Iowa for a week's visit.
Miss Bell and Miss Emma Berry have commenced their spring terms of school near Carroll.
J. M. Keating and Mr. McMarney, from Wakefield, were doing business in Carroll last Saturday.
Mr. and Mrs. McFarren, parents of W. W. Black are here visiting Mr. Black and family. They live in S. E. Iowa.
Presiding Elder Hodgett, of Norfolk, held quarterly services at this place last Sunday presiding to a very crowded house in the evening.
The proceeds of the social held at Mr. Kauffmann's last Friday evening amounted to \$7. A most enjoyable time was had by every one present.
J. R. Manning and family, Chas. Mast and wife, Major White, Miss Bickford, J. A. Berry and R. D. Merrill went down to Wayne Tuesday evening to hear Miss Yawling.
Mr. Clayton Kaufman, of this place, has purchased and taken possession of the general merchandise store of E. E. Jones. Mr. Kaufman has been closely identified with Carroll in a business way for several years and needs no introduction to the citizens of Carroll and vicinity for they are all acquainted with his business qualifications. We hope Mr. Kaufman will win success in his new adventure. Mr. Jones will remain in the store for some time helping in the management of the same.

NORMAL COLLEGE NOTES.
Wm. Powers, of Norfolk is a College visitor Monday.
Rev. Kunkleman conducted chapel exercises Monday morning, after which he gave us a very interesting talk.
Miss Della A. Mikesell and Rev. H. J. Hoffman, of Dakota City, visited with the former's sister, Mary, Friday, staying for the opera in the evening, and returning home Saturday.
The college boys played a game of ball with the town nine Saturday, in which the townites carried off the honors.
The Normal Budget will make its appearance in a few days. It promises to be a very neat and newsy paper and its coming will be welcomed as this part of the state need an educational paper.
The opera given by the music students under the direction of E. M. C. Ezerman Friday night was, as predicted, well worth hearing, being appreciated by a large audience. All executed their parts admirably. Special praise should be given Miss Britton and Mr. Naugle, who had but a short time to practice upon the parts they took.
The parliamentary law class will discuss school matters at the Saturday morning session. This is a wise step as those expecting to teach should have a knowledge of our school laws. They hope to be able during the rest of the school year to discuss matters relating to assemblies and conventions.
The literary society will hold its usual semi-monthly meeting Friday evening. A strong program has been prepared. The members of the scientific class will deliver their orations Saturday evening at Chapel hall. The following is the program:
Piano Solo, Maude Britton.
Oration Taxes, Doris H. Carroll.
Piano Solo, Ethel Tucker.
Oration: Development of American Industries, Lester M. Powers.
Piano Solo, Laura Bartlett.
Oration: Labor and Capital, Edwin Bartlett.
Vocal Solo, Prof. Ezerman.
Exercises begin promptly at 8:00 p. m. Everybody invited.

Horse bills and notes printed on short notice at this office.
WANTED—500 head of cattle to pasture. Enquire at Dr. W. C. Nichol, Bloomfield, Neb.

WINSIDE NEWS.

The Commercial hotel is being remodeled.

A. A. Welch was in town Tuesday on legal business.

John Prince shipped a carload of cattle to Omaha Monday.

Floyd Peters is plastering the second story of his house.

A. Woodward returned Sunday morning from a trip south.

Mrs. Frank Ireland expects to go to Florida soon for her health.

A. H. Carter and Mrs. John Heeren were Norfolk visitors Monday.

Mrs. Pelfe, of Wayne, spent Sunday with her sister, Mrs. L. S. Needham.

J. W. McGuire has sold his interest in the planing mill to Dave Shaw.

W. V. Coons and Miss Myrtle Perrine attended the play at Wayne Friday night.

Mrs. R. R. Smith returned from Coleridge Monday, where she was called to see her father who was dangerously ill.

Doc Avritt has quit farming and gone back to run the depot hotel, which he is having remodeled, painted and papered.

Joe Mears and Miss Anna Deitrick were married Tuesday morning and have gone to house keeping in their new home on the east side.

COON CREEK.

Dull times on the Creek.

W. A. Hunter is quite low with lung fever.

School closes next Friday in district No. Eight.

Enoch Huner and wife of Wayne were on the Creek Sunday.

Miss Estella Vincent has been quite ill with the measles lately.

Fred Thompson's folks have been under the care of a doctor lately.

Phil Sullivan has let 150 acres of breaking, to be done for \$1.50 per acre.

M. S. Engler's little boy has been quite ill with lung fever but is slowly on the gain.

Neal Nye thinks he can make a kite large enough to carry him and his party out of the country before election.

W. H. Putman is building an addition to his house for the benefit of Mr. Miller who has lately returned from Texas.

We understand that a Plum Creek-er who keeps a fine jack and did a land office business last year has turned him into the feed yards with his fat steers this year.

WAKEFIELD NEWS.

We are having the measles in two languages.

Fishermen's luck is remarkably good of the Logan.

Charley Long has a telephone in operation between his store and house.

Mr. and Mrs. Philo Graves returned this week from a visit with friends at Neligh.

A very large amount of fruit and ornamental trees has been distributed from here this spring.

JERICHO, MO., April 17, 1891.

EDITOR HERALD:—I enclose the necessary wherewith to maintain my allegiance to the HERALD, and as there are a number of Waynites congregated at this point, many of whom depend upon your valuable paper for their home news, I thought to reciprocate by giving a little information through your columns in answer to the numerous inquiries as to how we are situated and how we like our new home in the "Sunny South." We have a very respectable delegation in point of numbers from Wayne. I say point of numbers, for modesty forbids mention of other qualifications.
Last Sunday we had the pleasure of listening to our former pastor, Rev. L. Melick, who occupied the pulpit of the Lutheran church both morning and evening, and who during the week renewed old acquaintances, calling upon Kievers, Mohr, Hett, Minor, Briggs, Jones and many others.
Jericho is a thriving village of some 700 population. Has four churches, the M. E., Baptist, Christian, and Lutheran, (General Synod); has good public schools and a college or high school for advanced pupils. It has some 20 business houses, mostly of brick and merchants doing a thriving business; has two flouring mills, two hotels, bank, lumber yard, etc. Here is located the celebrated spring of Lithia Water, an almost certain cure for rheumatism and kidney complaints. The health of the town and surrounding country cannot be surpassed, its elevation, 900 feet rendering the air free from any trace of malaria. The adjoining country is populated with thriving farmers, most of whom have come from Iowa, Nebraska and Kansas, with quite a number from Illinois, desirous of escaping the severity of the northern winters.

The winters here are short and mild. Grazing continues during nine months of the year. Our old friend, Al Miner, forgetting that he had left the land of snow and blizzards, and thinking the climate of the earth was patterned after that of southwest Missouri, took a sunny trip to Wayne, taking along his sun umbrella and linen duster, only to find that the winter was not the same throughout this broad land. He returned more than satisfied with his new home.
Fine farms are located in the prairies and valleys surrounding the town, well adapted for all kinds of grain and fruit. Water is everywhere abundant and of the best quality. Springs abound and wells of pure soft water may be had on every farm at a depth of 16 to 24 feet. While some portions of the country are rocky and broken, these may be avoided by judicious selections in the broad fertile valleys. Wood and coal can be obtained at low prices, the latter being delivered in Jerico at \$2.00 per ton or 6 cents per bushel at the banks; cordwood at \$1.50 delivered. Good improved land may yet be had near town from \$12 to \$20 an acre, wild lands at \$5 to \$10.
From the number of inquiries received and the influx of people from our old home we are led to believe that Nebraska will soon hold possession of this part of the state. If any of our friends would take a vacation, and let us know in time, we would meet them at Lookwood and give them a hearty welcome to see a fine country as they might wish to see.

Trusting that I have not too far wearied your patience, and with the best wishes for the HERALD and its readers, I remain, Yours truly,
A. H. MILLER.
WEST SIDE, IOWA, April 23, 1891.
EDITOR HERALD:—We arrived here about 12:00 o'clock Friday night after an adventurous journey over the C. St. P. M. & O., P. E. & M. N., and the Northwestern Railroads. Arriving in Blair at 11:30 a. m. we were obliged to remain till 4:40 p. m. Blair, as you are aware is a town of about 3,000 inhabitants. The larger portion of the town presents an old delapidated appearance relieved by an occasional fine private residence. The school buildings are good, the court house quite respectable, the provision for criminals very limited. This may be on account of the abundant provisions for religious instruction supplied by their several churches. The accommodations for railway travel are the most wretched I have any where seen, especially inclement weather. The trains stop quite a distance from the depot, obliging the passengers to carry their baggage a long distance which could be so easily done by the train. After spending five hours in Blair we are carried over the Missouri to Missouri Valley Junction, where we are called to repeat our Blair experience under circumstances but little less favorable. Leaving there at 9:00 p. m. we arrived at West Side after 11:00. This is a town of about 500 or 600, surrounded by a fine agricultural region. It is a large shipping point for stock.
Yours Respectfully,
A. E. LINN.

Don't Tobacco or Smoke your life away is the truthful, startling title of a little book that tells all about No-to-bac's wonderful, harmless guaranteed tobacco habit cure. The cost is trifling and the man who wants to quit and can't run no physical or financial risk in using "No-to-bac's" sold by J. H. Kohl.
Book at drug store or by mail free. Address The Smoking Remedy Co., Indians Mineral Springs, Ind.

OBITUARY.

Kass, E. J.—At his residence on Nebraska street Sunday morning, April 22, at 5:00 o'clock, aged 29 years. Cause of death, tuberculosis.

Deceased came to Wayne from Bellevue, Iowa, in 1886 and purchased the drug store of Dr. W. A. Love. Having had considerable experience in the drug business he became successful from the day of his purchase and rapidly built up a remunerative business. On Thanksgiving night 1891, the building he occupied was destroyed by fire and the stock damaged considerably. Upon the sight of the old building a fine two-story brick with stone front was erected, which he occupied about the first of June 1892, establishing one of the handsomest drug stores in the state.

On April 7, 1891, he was married to Miss Kate Schultz, of Bellevue, Iowa, and from this union one daughter was born.

Deceased had been ill for some time with bronchitis and was taken to his bed Christmas night, 1893, which he was never able to leave, although at times he seemed to grow better. He was a member of the Catholic church. His death seems unusually sad for one so young in years, and the sympathy of the entire community is extended to the stricken wife and child.
A short service was held at the residence Monday, at 1:30 o'clock under the supervision of Father Berry, during which time all the business houses were closed in respect to the dead. The remains were taken to Bellevue, Iowa, on the afternoon train for interment. Dr. T. W. Moran accompanied Mrs. Kass and niece, Miss Mary Hoffman, to Blair City.

S. J. Young, editor of the Hartington Herald, was married to Miss Maud Scott, of Kansas City, last week, Wednesday. The HERALD extends congratulations.
