It has been said in the time of old that the buyers at Laurel, Neb. are the most successful in the state. If this is true it should be ascertained certainly works an incentive to our merchants. Grain men here are not getting out as much as they used to. The fact that the buyers at Laurel with the week the HERALD will give the best market report and a good contract as possible.

## TEACHERS' MEETING!

The Annual Meeting of the N. E. N. T. A. at the M. E. Church, Friday and Saturday, Nov. 30 and Dec. 1.

### OVER 100 TEACHERS PRESENT.

During the Session a Principals' Club was Organized, the First Meeting to be Held at Norfolk in January.

The first session of the annual meeting of the Northeast Nebraska Teachers Association was held Friday evening, and this as well as the two sessions Saturday, proved both interesting and profitable to the one hundred teachers present. The president, B. W. Ashley, and vice-president, M. T. Pender, were both absent, and Miss C. M. White acted as chairman.

Excellent music was furnished by Prof. Davies' choir, Prof. Ezerman and Clara Phillee. A ladies quartette composed of Mrs. Welch, Mrs. Holz, Miss May Davies and Miss Lillie Beckenbauer also rendered a fine selection. The subject of "Child Study," by Superintendent H. E. Kratz, of Sioux City, occupied about an hour. This was an excellent paper and was a treat to all who heard it. Supt. Kratz is making this subject a special study and is doing much to arouse the teachers to a realization of its importance.

Mrs. Hornberger, of Norfolk, read an interesting paper on the same subject. As none of these papers were to take part in the discussion of this subject were present, the president called for volunteers. A number responded and after a good night song by Prof. Davies choir, the meeting adjourned until Saturday morning. Owing to the way the trains are running a number of prominent speakers who were expected to take part in the discussions Friday evening could not reach here until Saturday morning.

The devotional exercises Saturday morning were conducted by Rev. H. H. Millard. After listening to a violin solo by Otto Voget, the secretary's report was read and accepted.

The papers by U. S. Conn, of Wayne, and Ben H. Carter, of Ponca on the "Educational Value of Sciences," were very good. State Superintendent Charles Carlett gave a short talk which was appreciated very much. Mr. Corbett made many friends among the teachers while here.

The next subject on the programme was "Mathematics." Profs. Prouty, of Randolph and Hurley, of Osmond, who were to have papers on this subject, were absent and the time being short the subject was omitted of a few minutes—a very able paper on "Language" was read by Miss Ellen M. Austin, of Stanton.

The dinner hour having arrived the association adjourned until 1:15 p. m. One of the best papers of the meeting was read by Prof. T. E. Stevens, of Emerson, on "History and Literature." Mrs. Wolcott read a paper on the same subject, giving the teachers a very good diagram for teaching literature.

"Kindergarten Work" by Miss Nettie Nelson, of Norfolk, brought forth a lengthy discussion. Profs. Pile and Haupt and Mrs. Hornberger and Miss Austin taking part. Prin. H. E. Mason of Winslow, gave the teachers many valuable points on "Teaching Literature in the Schools."

The election of officers resulted as follows: President, Superintendent J. A. Hornberger, of Norfolk; vice-president, Mrs. H. C. Wolcott, of Wayne; secretary and treasurer, Miss Nettie Nelson, of Norfolk.

The next meeting of the association will be held in Wakefield Friday evening and Saturday following Thanksgiving, 1895.

During the meeting a Principals' club was organized with Supt. Hornberger as president, Prof. W. W. Borer as secretary and Prin. H. E. Mason, treasurer. The first meeting of the club will be held at Norfolk some time in January.

The St. Cecilia Guild of the Wayne Episcopal mission will hold a bazaar in the building formerly occupied by Har- rington & Robbins, commencing on the afternoon of Friday, December 14, and continuing Saturday. Refreshments served in connection with bazaar.

To Best Raisers.

All persons desiring to raise sugar beets the coming year, can make contract for seed, seeder, etc., by calling on H. T. Hanson. Contracts will be approved by the Sugar Beet Co. of Norfolk. 38-4w.

ATTENTION COMRADES!

At the meeting of the Casey Post held Dec. 2, 1894 it was decided to hold a camp fire in the court house hall on Thursday evening, Dec. 13th to interest all old soldiers and their families as special invited, while a general invitation is extended to the public. Supper will be served at 5:30. At 8 o'clock an old-fashioned camp fire will be held which short speeches will be delivered by the comrades and others. A full program of patriotic songs and recitations will also be given. Every minister in the city is requested to be present and assist in the exercises both at the supper and at the camp fire. Now, comrades, do your utmost to make this a success by coming out yourself with your families and urge others to come, and have a genuine camp fire for the benefit of the comrades of the old veterans will soon be a thing of the past.

Each family should bring such provisions as they can best provide, either bread, beans, pies, cake, chicken, pork, turkey, etc., but don't forget the beans. Coffee will be furnished by the Post. Pin plates and caps provided by the Post. A. J. Ferguson, Com.

Those boys who sell Corbit's at 21.25 are great value and have always sold at 22.00.

## SUGAR BEET CROP.

The following is a statement of the cost and profit to H. E. Hanson of his sugar beet crop raised this year on 4 1/2 acres. The report is furnished to us by Mr. Hanson and is correct:

Seed for 4 1/2 acres	\$ 10.00
Seeder rental	2.50
Cultivator rental	2.25
Weeding beets	10.00
Pulling and topping	36.00
Hauling to Wayne	20.00
Freight to factory	31.99
Total cost	\$122.74
Beet crop, 58 1/2 tons, value	\$238.37
Total expense of crop	122.74
Net balance	\$115.63

Thus it will be seen that Mr. Hanson cleared \$115.63 on 4 1/2 acres, an average of about \$44 per acre. If the HERALD's suggestions of a year ago had been carried out, the result could be easily imagined. Try five acres next year.

Winslow Tribune.—Our friend, Chas. S. Beebe, the former foreman of the Wayne HERALD, has purchased the interest of Mr. Goshorn, and the HERALD will now sail under the flag of McNeal & Beebe. Coming from home it will taste better, of course, than college fare.

Our foot ball team sorely disappointed the Wayne team yesterday by not fulfilling their engagement to play a matched game there. Every preparation had been made for their reception. The boys should learn never to break an engagement if they desire any confidence imposed in them.—West Point Republican.

Randolph Reporter.—But for the timely action of the fire company Wayne would have had another one of those disastrous fires Tuesday. Property to the amount of \$25,000 was saved. Were it not for its excellent fire company that city would long ere this have been a heap of ashes.—Randolph should profit by this example.

I had seen Chamberlain's Cough Remedy advertised and thought I would try it as a last hope and am happy to say that after two doses he slept until morning. I gave it to him next day and a cure was effected. I keep this remedy in the house now and as soon as any of my children show signs of croup I give it to them and that is the last of the trouble." For United States Senator,  
**JOHN M. THURSTON.**

The HERALD has not heard of a single republican in the county kicking because there would be no Governorship contest.

Give us five feet of snow in February and a rain or two in March and there won't be over "stoen" populists left in the county next fall. This is snow lie.

It's tough to take a licking and then pay for it in the bargain. But the Japanese know that China is cheap, therefore they have taken a great deal of it.

The second session of the fifty-third congress convened at noon Monday. Nothing of unusual interest occurred, and no applause followed the reading of the President's message.

Senator Cullom of Illinois will no doubt be re-elected by the legislature of that grand state, and Stephen B. Elkins will be the choice of the legislators of West Virginia without doubt.

Tony Langer, the genial editor of the West Point Republican, is at last being rewarded for his excellent work in behalf of West Point and Cuming county. Page and half page ads adorn his splendid paper.

If reports can be credited John M. Thurston will have very little opposition for the United States Senatorship, and will no doubt receive a majority on the first ballot in both houses of the incoming legislature. 'Tis well.

Some people cannot let the "contest proceedings" die. Drop it and turn your attention to the future of our state. Work that its prosperity may be renewed and that it may increase in riches and the homes of a happy and prosperous people.

G. W., "Gib" Hunt, a veteran newspaper man, who has been connected with a number of papers during his career, will attempt to resurrect the Bloomfield Independent. Barring his politics the HERALD wishes him success for all there is in him.

Col. Oats stood on the very spot where Jeff Davis stood when he took the oath of office as president of the confederacy of Montgomery. That clearly settles the matter. Capt. Kolb will have to stand out in the street and govern.—Sioux City Journal.

The Wayne Forum is still talking of what might have been had a fusion candidate been nominated for congress in this district. We would think the Forum and Wayne county populists would have quite enough of fusion in view of late results. Perhaps they are like the child that "liked too much."—Stanton Picket.

Mell C. Jay, the republican candidate for representative of the sixteenth district, has served notice on Nick Fritz, the democratic candidate-elect that he will contest the election of the said Nick Fritz. Judging from the recitation of the grounds presented, Mr. Fritz will not enjoy a seat in the next legislature, and perhaps 'tis better so.

The foot ball team of the Nebraska University defeated the eleven of the Iowa University in a sharply contested game at Omaha Thanksgiving. Over 8,000 people were present to witness the most interesting game ever played in the west. The score stood 36 to 0. This gives Nebraska the western foot ball pennant. Repeatedly and correctly has it been stated that this great commonwealth is made up of the right kind of stuff.

Immediately after the republican victory a few days ago business began to improve at a rapid rate, and now the democratic press claims that it is due to the Wilson bill. In the meantime the democratic press claims that the bungling of the tariff tinkers caused the landslide. The metes and bounds of the average democratic editor's gall cannot be measured by a modern civil engineer's apparatus.—Inter Ocean.

The president's message, while containing some useful information, consists chiefly in summarizing the reports of the several heads of departments. The report of the secretary of State is made through the president, however. The president concurs in their recommendations and offers a few of his own. The message is not a remarkable document, although of unusual length. He says little about the tariff and his financial scheme will not meet with the approval of a large number of the citizens of the United States.

**THE COST OF A POLICY.**

If it had been seriously proposed in 1892 for the country to embark on a venture which should cost more than the Civil War cost, all men would have cried out that it was madness and would have denounced the proposers of the scheme as crazy or worse. And they would have done this even if there would have been, from such expenditure, a vast amount of good bestowed upon the people. And yet it was upon such a policy as this that the country was embarked by the elevation of the Free-Trade party to power.

The loss to the country since the party of Free-trade took charge of the Government has been billions of dollars—far more than the cost of the Civil War. By the Civil war we advanced the cause of human liberty and saved the Union, but for these billions of dollars we have received nothing—nothing but distress and disaster. Can we afford such a policy?

The billions that have been the price of Democratic rule will not be paid gradually from the normal revenue of the Government as the debt incurred by the Civil war has been paid. These billions of dollars have been already paid by the people of the people of the country—by rich and poor alike. The farmers have paid a part of it by their losses through the lower prices received for their farm products. But that is not all they have paid. The live stock of the country has decreased in value over \$300,000,000 since the advent of the democratic party and their policy of Free-Trade.

Of the tremendous cost of Free-trade the capitalist has paid his share through the value of his stocks. The banker has done his part, over 500 banks having closed. The owners of railroad shares have paid their price for "seeing what the Democratic party would do." One-sixth of the railroad mileage of the country, with a value of over a billion and a half has gone into the hands of receivers. The business man has not been behind him in his contribution to the costs of Tariff Reform. There have been more failures during the last two years than in any other two years in the history of the country, and the volume of trade has decreased by billions of dollars.

Though all classes of all people have contributed to the immense sum lost through the incompetent and un-American policy of Free-Trade, none have paid nearly as much as the working men and women. Since 1893 wages have decreased 20 per cent, and hundreds of thousands of men have been thrown out of work. In 1892 we saw prosperous, busy workmen; in 1893 we saw Coxey's army. It is on the wage earners that the hardest blow falls. The farmer, to be sure, can never recover what he has lost by low prices. But the value of his live stock and of his land will return in the prosperous times to come, when the party of Free trade has been completely swept from power. The capitalist will see the value of his stocks advance again. But the sole capital of labor is in its strong right arm, and when that is idle the loss can never be made good, and the liberty to use it has been taken away by the party of Free-Trade.—American Economist.

**Flowers that Bloom in the Fall.**  
The Congressional election having been decided and the attention of the people being now turned to material interests, there will be a number of new enterprises inaugurated in rapid succession.—Birmingham, Ala., Age-Herald.

This is very interesting news to learn from a free-trade authority, and we congratulate the state of Alabama upon its industrial progress as a result of "the Congressional election having been decided" in favor of Protection, a policy that reckons its new advocates by tens of thousands. This is not surprising, but it is rather surprising to learn that "The Age-Herald anticipates much pleasure in chronicling these new industrial plants as they spring up, and which are more welcome than the flowers of spring." We had been under the impression that the Age-Herald anticipated more pleasure in chronicling the destruction of all industrial plants than anything else by its persistent adherence to a free-trade policy. We are glad, however, that we were in error, and the addition of this new Protection ally is "more welcome than the flowers of spring" especially in the free-trade fall season.—American Economist.

**Marvelous Results.**  
From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of a church at Rives Junction, she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Wilkins & Co Drugstore. Regular size 50c. and 81.00.
